IDEA Public Schools

Achieve Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: October 18, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: August 31, 2023

Demographics

Demographics Summary

We are proud to introduce ourselves as an open enrollment charter elementary school that caters to a vibrant community of students, ranging from 650 to 700 in number. Since our establishment in 2019, we have embarked on a remarkable journey of educational transformation. Back then, a staggering 80% of our students were found to be two years below grade level in reading. However, through our unwavering dedication, we have made remarkable progress in bridging that gap. This is evident from the TEA A Rated, as well as our Reading Level data.

The partnership and community we have established here in Haltom City have been instrumental in our success. We deeply appreciate the collaborative efforts that have brought us this far and eagerly anticipate even greater academic gains in the forthcoming school year and beyond.

In summary, our open enrollment charter elementary school is driven by a passion for fostering academic growth, nurturing social and emotional development, and embracing diversity. Through our comprehensive approach to education, strong community partnerships, and commitment to holistic student support, we are confident in our ability to continue uplifting our students and making a lasting impact on the educational landscape of Haltom City.

Demographics Strengths

At our school, we firmly believe that academic excellence is just one aspect of a holistic education. We strive to eliminate potential barriers and distractions that hinder our students' learning experience. To accomplish this, we provide our students with the added benefit of free breakfast, lunch, and supper, ensuring that their basic nutritional needs are met. Additionally, we offer comprehensive before and after school care from 6:30 AM to 7:30 PM, allowing parents and guardians to focus on their work with peace of mind. Moreover, our commitment to nurturing the social and emotional well-being of our students is evident through our incorporation of social emotional lessons across all grades. Our innovative approach extends to the establishment of a learning farm, providing our students with hands-on experiences and cultivating a deeper understanding of nature.

One of the unique aspects of our educational model is the implementation of the "House System." Within this system, each student, teacher, and staff member is assigned to a House. On a weekly basis, we gather as a House to explore positive character traits and engage in community-building activities, fostering a sense of belonging and unity. Furthermore, we organize monthly pep rallies, where all the "Houses" come together, celebrating achievements and reinforcing the bonds between our students and staff.

IDEA Achieve is the only IDEA school in Haltom City, we take our role as a community partner seriously and are committed to delivering substantial value to the area. We firmly believe that education extends beyond state exams, and we have received recognition for our efforts in cultivating a healthy campus environment. Moreover, we offer a wide range of additional learning opportunities, such as weekly social emotional learning classes, coding classes, inclusive recess periods, and a learning farm with culinary classes. Our commitment to diversity is reflected in our student body, with 61% of our students identifying as LatinX, 24% as Black/African American, 10% as White, and 3% as Asian. It is worth noting that 87% of our students come from economically disadvantaged backgrounds.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): While some teachers excel in establishing effective lines of communication with parents, others struggle to maintain consistent and meaningful engagement. As a result, we must address this discrepancy and ensure that all teachers are equipped with the necessary skills and support to foster strong connections with parents, ultimately enhancing student retention rates. **Root Cause:** New teachers in our A-rated school struggle with student retention due to the demands of lesson planning and strengthening content expertise, resulting in ineffective communication with parents. Addressing this issue requires providing support and resources to improve teaching skills and facilitate better parent engagement.

Problem Statement 2 (Prioritized): Not all backgrounds were equally celebrated. **Root Cause:** Poor planning and intentionality to consider the huge variety of the demographics in our school.

Student Learning

Student Learning Summary

Due to our focus in the following areas:
•Small Group instruction provided by Regional content coaches and leaders
•Productive Struggle: Concepts and Processes
•Growth Goal Student Conferences
•Deep Dive Data Analysis to inform instructional pull outs
•Accommodations and Modifications practiced and implemented
•Weekly Assessments
•Student ET Tracking/ ET MMA
•Master Excel Tracker
Waiting on State Assessment Data

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students struggle with comprehension due to an imbalanced reading program that prioritizes phonics instruction over written response and deep comprehension themes. This lack of emphasis hinders students' ability to make connections and understand texts effectively. **Root Cause:** The root cause lies in the reading program's heavy focus on phonics, which limits exposure to written response and comprehensive comprehension themes. Additionally, students lack the necessary experiences to make meaningful connections within texts. Addressing this issue requires rebalancing the reading program to incorporate more written response and comprehensive themes, as well as providing div

Problem Statement 2 (Prioritized): The lack of parental involvement in goal setting and data tracking inhibits effective communication and understanding of how student data translates to college readiness, hampering collaborative efforts between teachers and parents. **Root Cause:** Insufficient parental involvement in goal setting and data tracking initiatives creates a disconnect, limiting awareness and understanding of how student data informs college readiness. Teachers and school leaders did not communicate to parents instructional data and their child is performing.

School Processes & Programs

School Processes & Programs Summary

Summer PD Training: We have started our Summer PD Training early, focusing on culture, unpacking standards, and lesson planning. Our goal is to achieve strong GET ratings (Growth, Expectations, and Targets) for student performance.
Special Education Trainings: We have included specialized trainings for our Special Education teachers during our Back-to-School PD. Additionally, we are leveraging support from our Regional Special Education Specialist to enhance our practices.
Instructional Vision and Coaching: We are committed to providing a clear instructional vision for each content area, including detailed planning. Our goal is to ensure effective coaching conversations and continuous improvement in teaching practices.
Literacy Focus: We have communicated the expectation of literacy across all contents and explicit vocabulary instruction. We will focus on building background knowledge to support meaningful learning experiences.
Consistent Operating Mechanisms: We have established consistent operating mechanisms that align with instructional support practices such as Coaching Cycles and Data-Driven Instruction (DII).
Grade Level Leads and Family Partnership: We have assigned Grade Level Leads with clear expectations and frameworks to improve family partnership. These leads will play a crucial role in fostering strong relationships with our families.
Counselor Support and Family Engagement: Our counselor is committed to building relationships through consistent communication and organizing engaging family events. We have created a calendar of events for the year to ensure effective family engagement.
Operations Support: We are actively seeking operations support from our regional team to ensure smooth operations at our school.

School Processes & Programs Strengths

•Utilize peer coaches for rehearsals and analyzing grade level data

•Coaching peer coaches to coach grade level DI leads

•Analyzing weekly data with teachers and having communication with NIFDI

•Leader supporting and collaborating with teachers in making the right adjustments to benefit scholars.

•Pulling small groups to fill the gap

-Taking time to craft key points with teachers that will lead to student success.

-TEK’s calendars created based on data so teachers can focus on necessary TEKs to support student mastery.

-Leader pushing and creating anchor charts for 3-5.6E to create a visual for students

-Consistent annotation habits and prompting students for text evidence to support their answers

-Teachers providing in the moment feedback to support ECR responses.

-Utilizing SS to support with 5th grade writing

Intentional focus on spiraling/reteaching low TEKS during daily Do Now’s and increasing the rigor of the spiraled questions

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: The heavy emphasis on academic excellence in our school has resulted in a lack of diverse clubs and programs that cater to students' interests. **Root Cause:** The root cause of this issue is the prioritization of academic excellence, which overlooks the importance of extracurricular activities aligned with students' interests.

Problem Statement 2: Exclusion of parents from program planning and support further limits opportunities for student engagement and personal development. **Root Cause:** The lack of parental involvement in program planning hinders the development of a well-rounded and inclusive range of clubs and programs. Addressing this requires reevaluating priorities, involving parents in student programs. Connect curriculum night to activities parents and communities are interested in.

Perceptions

Perceptions Summary

At Idea Achieve Academy, our mission is to foster a nurturing, encouraging, and disciplined culture where high expectations are upheld, and academic excellence is achieved. We are dedicated to preparing 100% of our scholars for college and beyond by nurturing their growth and development. To accomplish this, it is crucial that our faculty, parents/guardians, and scholars alike are committed to upholding the cultural expectations we have set at Idea Achieve Academy. Restorative practice and social-emotional learning form the foundation of our approach to discipline. We firmly believe that the learning environment is sacred, and we are committed to implementing best practices to ensure that every child feels safe, both physically and emotionally, and has the right to learn without unnecessary interruptions. Our ultimate goal is to cultivate a school culture that is wholly focused on learning.

Perceptions Strengths

•Send weekly reminders via teams to teachers reminding them to send positive messages to parents. The weekly reminder will include a reason as to why positive messages are important as well as sentence starters and examples. 4/12/23

•Plan more events in the upcoming school year that require teachers to interact with parents. Ex) Report Card night for each report card.

•Social Emotional Learning (SEL) Friday's- Teachers and their scholars participate in a SEL activity which is provided by SW and SC. 3/24/2023

Problem Statements Identifying Perceptions Needs

Problem Statement 1: The community lacks awareness of our school's instructional soundness and the significant focus on content expertise and intentional planning for student success. **Root Cause:** This is primarily due to inadequate partnership and communication between our teachers and the community and parents.

Problem Statement 2: Ineffective communication between teachers and parents **Root Cause:** Teachers ill equipped in family communication because of lack of parent communication training. Particularly areas like attendance, student behavior and grades.

Priority Problem Statements

Problem Statement 1: Students struggle with comprehension due to an imbalanced reading program that prioritizes phonics instruction over written response and deep comprehension themes. This lack of emphasis hinders students' ability to make connections and understand texts effectively.

Root Cause 1: The root cause lies in the reading program's heavy focus on phonics, which limits exposure to written response and comprehensive comprehension themes. Additionally, students lack the necessary experiences to make meaningful connections within texts. Addressing this issue requires rebalancing the reading program to incorporate more written response and comprehensive themes, as well as providing div

Problem Statement 1 Areas: Student Learning

Problem Statement 2: The lack of parental involvement in goal setting and data tracking inhibits effective communication and understanding of how student data translates to college readiness, hampering collaborative efforts between teachers and parents.

Root Cause 2: Insufficient parental involvement in goal setting and data tracking initiatives creates a disconnect, limiting awareness and understanding of how student data informs college readiness. Teachers and school leaders did not communicate to parents instructional data and their child is performing.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: While some teachers excel in establishing effective lines of communication with parents, others struggle to maintain consistent and meaningful engagement. As a result, we must address this discrepancy and ensure that all teachers are equipped with the necessary skills and support to foster strong connections with parents, ultimately enhancing student retention rates.

Root Cause 3: New teachers in our A-rated school struggle with student retention due to the demands of lesson planning and strengthening content expertise, resulting in ineffective communication with parents. Addressing this issue requires providing support and resources to improve teaching skills and facilitate better parent engagement.

Problem Statement 3 Areas: Demographics

Problem Statement 4: Not all backgrounds were equally celebrated.

Root Cause 4: Poor planning and intentionality to consider the huge variety of the demographics in our school.

Problem Statement 4 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Campus/District improvement plans (current and prior years)

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations
- Federal Report Card and accountability data
- Alternative Education Accountability (AEA) data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- State-developed online interim assessments

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data

- STEM and/or STEAM data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Violence and/or violence prevention records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact
- Equity data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices
- Action research results

Goals

Revised/Approved: October 23, 2023

Goal 1: IDEA Achieve achieves an A Rating

Performance Objective 1: IA: Third-grade through fifth grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 41% to 43% in Spring 2024 (HB3) Achievement Score

Evaluation Data Sources: District and Regional Assessments

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Writing Workshops: Detail: Encourage students to draft, revise, and share their written work, fostering both writing skills and a supportive classroom community. **Strategy's Expected Result/Impact:** Detail: We'll implement a system that allows them to visually see their advancement towards the 80% mastery goal, encouraging ownership of their own learning journey. **Staff Responsible for Monitoring:** API Jamila Young **TEA Priorities:** Build a foundation of reading and math	25%	60%		

No Progress

	Oct	Jan	Mar	June
Strategy 1: First Teach * Inquiry * Real World Connections - Conceptual and Procedural Understanding * Independent Practice * Scholar Discourse Scholars engage in critical thinking daily through real world connection and through consistently communicating their thinking in writing and scholar discourse. Scholars will engage in independent practice and receive feedback from other scholars and teacher. **Strategy's Expected Result/Impact:** Scholars will reach 80% mastery in each TEKS and track their progress on their tracker weekly **Staff Responsible for Monitoring:** Giovanni Outram **ESF Levers:** Lever 5: Effective Instruction				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: IDEA Achieve achieves an A Rating

Performance Objective 3: IA & CP: 80% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

Evaluation Data Sources: TELPAS Practice

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Strategy: Vocabulary Direct Teaching Detail: Display new vocabulary words on all lessons in the classroom. Update it regularly to align with current lessons and review frequently to reinforce learning. Strategy: Frayer Models Detail: Utilize Frayer Models, a type of graphic organizer, to help students understand new vocabulary words in depth. Students will define the term, provide examples and non-examples, and use the term in a sentence. **Strategy's Expected Result/Impact:** Expected Result/Impact: Students will increase their exposure to and usage of new vocabulary, leading to an expected 15% increase in the vocabulary section of TELPAS scores by the end of the academic year. Expected Result/Impact: In-depth understanding of new vocabulary words will lead to an expected improvement of 15% in the vocabulary section of TELPAS scores by the end of the academic year. **Staff Responsible for Monitoring:** Jamila Young	100%	100%	100%	

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: IDEA Achieve achieves an A Rating

Performance Objective 4: IA & CP: 100% of identified scholars meet required minutes per House Bill 4545 (HB4545)

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Strategy: Schedule Management: Detail: Create and consistently update an organized, master schedule for identified students to ensure they receive their required instructional minutes. This may involve tailored instruction during regular class time, designated tutoring periods, or extended day schedules. **Strategy's Expected Result/Impact:** Expected Result/Impact: 100% of identified scholars will meet the required minutes per HB4545, as verified through meticulous record-keeping and time logs. **Staff Responsible for Monitoring:** Amber Sanders				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Strategy: Regular Monitoring & Reporting: Detail: Monitor the progress of each identified student regularly and provide updates to stakeholders (e.g., parents, teachers, school leaders). This will ensure transparency and consistent communication regarding the implementation of HB4545. **Strategy's Expected Result/Impact:** Expected Result/Impact: Ongoing checks will ensure all scholars are receiving their required instructional minutes, leading to 100% compliance with HB4545. **Staff Responsible for Monitoring:** Amber Sanders **TEA Priorities:** Build a foundation of reading and math				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: IDEA Achieve achieves an A Rating

Performance Objective 5: IA & CP: 20% increase of SPED Students attain approaches in STAAR by June 2024 (TEC 11.253(d)(2))

Strategy 2: Strategy: Test-Taking Skill Development: Detail: Explicitly teach and practice test-taking strategies, including time management, question analysis, and relaxation techniques. **Strategy's Expected Result/Impact:** Expected Result/Impact: By improving test-taking skills, we anticipate contributing to a 20% increase in SPED students attaining 'approaches grade level' on the STAAR by June 2024.				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: IDEA Achieve achieves an A Rating

Performance Objective 6: IA & CP: School achieves 90/60/30 in approaches/meets/masters as measured by the STAAR testing
Required Strategy: Track each students performance in domains 1-3 by using the Locus dashboard and respond to data appropriately (TEC 11.253(d)(3))

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Strategy: Weekly Scholar Work Analysis: Detail: Allocate a set time each week for teachers to review and analyze student work. This could be individual assignments, quizzes, or collaborative work. Teachers should look for trends in understanding, common errors, and areas where students excel. This analysis should then inform instructional planning for the following week, allowing teachers to address identified gaps and reinforce areas of strength. It's crucial to provide feedback to students so they understand their areas of improvement and how they can progress. **Strategy's Expected Result/Impact:** Expected Result/Impact: Regular analysis of student work leads to a deeper understanding of individual and class-wide learning needs, enabling tailored instruction. This practice should contribute to continuous improvement in student understanding and performance, resulting in stronger performance in monthly curriculum assessments. **Staff Responsible for Monitoring:** Giovanni Outram				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: Increase student persistence

Performance Objective 1: IA & CP: Campus receive a score of proficient or higher on the campus safety scorecard for the 2023- 24 school year (TEC 11.253(d)(8))

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative

IDEA Public Schools

Alamo Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 23, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 33

Comprehensive Needs Assessment

Demographics

Demographics Summary

Idea Academy Alamo was founded in 2010 and is located in Alamo, TX at 325 E FM 495, 78516. We are an open enrollment charter school and current enrollment for the 2023-2024 school year is 720 students. We serve students in kindergarten to 5th grade.

Alamo Academy demographics include; 97% of student population being economically disadvantaged, 96% Hispanic, 7% special education, and 71% emergent bilingual.

Demographics Strengths

B rated campus

95% student persistence

Strong school safety

Our teachers are highly qualified teachers of which, 2 are Master Teachers, # High Achieving Teachers, and 2 TIA Recognized Teachers. We had 87% teacher retention.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Less than 90% new student persistence **Root Cause:** Onboarding for new families has been very transactional because all of the upfront components are done, but there isn't a focus on our new students after that.

Problem Statement 2 (Prioritized): Student daily attendance below 97% target **Root Cause:** Lack of leader ownership for ADA processes and lack of consistency in mechanisms to follow through on ADA accountability.

Student Learning

Student Learning Summary

Successes

Pending STAAR scores

K-2nd grade data for DI was above 90% for ELA. K-2nd grade students met the goal of 60% achievement score for mathematics.

Student Learning Strengths

Campus Mechanisms for Improving Instruction:

We are a data driven campus with strong content and pedagogy skills. The leadership team has strong mechanisms in place that support our academic progress for all students. Those mechanisms include; Path to an A Plan, Lesson Planning Academies, Lesson Planning Review, Instructional Rounds, and lesson Rehearsals. All of this mechanisms for teachers and leaders allow us to move student data.

Data Tracking:

As a campus we track all student data on a daily, weekly, and bi-weekly schedule. Data is reviewed and used to make adjustments to teaching and ensure students are being taught in areas they have not mastered, which allows us to target individual student goals.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Intervention programs are not yielding growth in student goals. **Root Cause:** There is not enough man power to meet the needs of the number of students needing intervention, and programs are not TEKS aligned.

Problem Statement 2 (Prioritized): Special education services are not yielding results for 3rd-5th grade students. **Root Cause:** Lack of ownership from all stakeholders is causing a gap in how we track and respond to data for our SPED students to identify correct support systems, and in class support approach is not providing the individualized support needed.

School Processes & Programs

School Processes & Programs Summary

At Idea Academy Alamo, leaders and teachers both receive professional development as a whole group and individualized based on their specific tier or experience and learning. We have established a year long professional development that provides support in areas of lesson planning, data analysis, teaching pedagogy, and building student relationships. These areas are targeting by content specific trainings, one-on-one support, lesson rehearsals, and whole group. We use the coaching cycle to provide teachers the feedback they need to improve in all of the targeted areas. We have operating mechanisms for reviewing lesson plans to provide feedback to teacher teachers two weeks in advance that will ensure that first time instruction focuses on the correct things. Leaders also receive development through the coaching cycle and instructional rounds.

School Processes & Programs Strengths

- Instructional coaching cycle for both leaders and teachers.
- Campus Crisis Safety Team
- Process for threats and student safety
- Instructional Rounds
- Culture Rounds
- Lesson Plan Feedback Review

100% of students requiring HB 4545 met their required instructional minutes.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): General education teachers have a lack of understanding around accommodations and modifications for SPED students. **Root Cause:** There is a lack of up to date training and collaboration between SPED and general education teachers which creates a gap in ownership over student data and growth.

Problem Statement 2 (Prioritized): There has been an increase of student social and emotional needs. **Root Cause:** Teachers do not receive PD to better support our students' social and emotional needs in the classroom.

Problem Statement 3 (Prioritized): Teachers lack pedagogy knowledge in the classroom. **Root Cause:** Teachers receive a lot of PD around lesson planning and content but there is a lack of development in classroom pedagogy.

Perceptions

Perceptions Summary

Our teacher retention 82% and SPED Teacher 66%. All new staff receive focused onboarding and training aligned to meeting their needs as a new teacher.

Staff receive information regarding academic expectation during beginning of year PD via a one pager classroom and content expectations checklist. They also attend weekly check-ins with their manager, biweekly grade level meetings, and use phone app as their main source of campus communication amongst staff.

Staff absences has shown an increase in the last couple of years due to COVID, but only a couple have received

According to our Great Places to Work Survey, 80%+ of staff strongly agree that they work in a great place at IDEA Alamo Academy.

Parent participation rates are measured via sign-in sheets for every event hosted. During our meet the teacher this year, 70% of families attended. During out Welcome to IDEA event in May, 52% showed up in person while the remaining 48% received a virtual onboarding.

Perceptions Strengths

Teachers were celebrated for performance based on data and over all core value performance, and selected for Teacher of the Month or highlighted in staff meetings or teacher weekly.

We have a strong student persistence year after year and have met our campus goal for the last 13 years above 90%. We have also met teacher retention every year and currently are at 87% for the year.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Less than 50% of parent participation or feedback for in school events **Root Cause:** Parents are not connected via school communication systems and not all teachers use other communication apps since we no longer provide phones for teachers.

Problem Statement 2 (Prioritized): Parents do not have students participate in school events. **Root Cause:** School communication is not done with enough time and parents are not connected to school wide communication systems.

Priority Problem Statements

Problem Statement 1: Less than 90% new student persistence

Root Cause 1: Onboarding for new families has been very transactional because all of the upfront components are done, but there isn't a focus on our new students after that.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Student daily attendance below 97% target

Root Cause 2: Lack of leader ownership for ADA processes and lack of consistency in mechanisms to follow through on ADA accountability.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Intervention programs are not yielding growth in student goals.

Root Cause 3: There is not enough man power to meet the needs of the number of students needing intervention, and programs are not TEKS aligned.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Special education services are not yielding results for 3rd-5th grade students.

Root Cause 4: Lack of ownership from all stakeholders is causing a gap in how we track and respond to data for our SPED students to identify correct support systems, and in class support approach is not providing the individualized support needed.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: General education teachers have a lack of understanding around accommodations and modifications for SPED students.

Root Cause 5: There is a lack of up to date training and collaboration between SPED and general education teachers which creates a gap in ownership over student data and growth.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Less than 50% of parent participation or feedback for in school events

Root Cause 6: Parents are not connected via school communication systems and not all teachers use other communication apps since we no longer provide phones for teachers.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: Parents do not have students participate in school events.

Root Cause 7: School communication is not done with enough time and parents are not connected to school wide communication systems.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: There has been an increase of student social and emotional needs.

Root Cause 8: Teachers do not receive PD to better support our students' social and emotional needs in the classroom.
Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: Teachers lack pedagogy knowledge in the classroom.
Root Cause 9: Teachers receive a lot of PD around lesson planning and content but there is a lack of development in classroom pedagogy.
Problem Statement 9 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data

Student Data: Assessments

- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Local benchmark or common assessments data
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data

Employee Data

- Staff surveys and/or other feedback
- Campus leadership data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback

- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: ACT scores

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: RTTC teachers will present a SMART goal lesson during class that contains: The significance of ACT Reflecting on current progress Setting SMART goals Commitment to Opportunity **Strategy's Expected Result/Impact:** Improved vocabulary scores in practice ACT tests. **Staff Responsible for Monitoring:** College Counseling Team **Title I:** 2.4, 2.6 **- TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 2	25%	50%		

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 2: Special education services are not yielding results for 3rd-5th grade students. **Root Cause**: Lack of ownership from all stakeholders is causing a gap in how we track and respond to data for our SPED students to identify correct support systems, and in class support approach is not providing the individualized support needed.

Goal 1: All IDEA students matriculate to college

Performance Objective 2: 100% of graduates meet TSIA college readiness benchmark (HB3)

HB3 Goal

Evaluation Data Sources: TSI scores

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide small group instructional support to 100% of seniors before taking the TSI exam. **Strategy's Expected Result/Impact:** Weekly benchmarks met. **Staff Responsible for Monitoring:** Interventionist **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 1: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 48% to 50% in Spring 2024 (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: Bi-weekly assessments, IA, District Goals, and campus trackers

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide data driven instruction by our interventionist based on Ren Star data, DIBELS, and Imagine Learning . **Strategy's Expected Result/Impact:** 7/10 students identified as below grade level end the year with 1.5 years growth as measured by Ren Star. **Staff Responsible for Monitoring:** Interventionist **Title I:** 2.4, 2.5, 2.6, 4.2 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 2: Strategic Staffing, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 1, 2 - School Processes & Programs 3				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Provide resources during parent meetings to improve student achievement. **Strategy's Expected Result/Impact:** 100% of parents are provided with higher comprehension questions and have access to Ren Star reports. **Staff Responsible for Monitoring:** Principal **Title I:** 4.1, 4.2 - **TEA Priorities:** Build a foundation of reading and math - **ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 4: High-Quality Instructional Materials and Assessments **Problem Statements:** Perceptions 1 **Funding Sources:** Materials and Resources for Parents to do hands on with students during the events. - Title I, Part A (4120) - $1,583.70	N/A			

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: Intervention programs are not yielding growth in student goals. **Root Cause**: There is not enough man power to meet the needs of the number of students needing intervention, and programs are not TEKS aligned.
Problem Statement 2: Special education services are not yielding results for 3rd-5th grade students. **Root Cause**: Lack of ownership from all stakeholders is causing a gap in how we track and respond to data for our SPED students to identify correct support systems, and in class support approach is not providing the individualized support needed.
School Processes & Programs
Problem Statement 3: Teachers lack pedagogy knowledge in the classroom. **Root Cause**: Teachers receive a lot of PD around lesson planning and content but there is a lack of development in classroom pedagogy.
Perceptions
Problem Statement 1: Less than 50% of parent participation or feedback for in school events **Root Cause**: Parents are not connected via school communication systems and not all teachers use other communication apps since we no longer provide phones for teachers.

Goal 2: IDEA achieves an A Rating

Performance Objective 2: Third-grade students performing at or above grade level in math as measured by the Meets Grade Level Standard on STAAR will increase from 34% to 36% in Spring 2024. (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: Bi-weekly assessments, IA, District Goals, and campus trackers

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Use Ren Star data to guide instruction and small group intervention support. **Strategy's Expected Result/Impact:** 70% of students end the school year on or above grade level in math as measured by Ren Star, **Staff Responsible for Monitoring:** Assistant Principal of Instruction overseeing Math **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 1, 2 - School Processes & Programs 3				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Provide parental involvement programs to improve student achievement. **Strategy's Expected Result/Impact:** Parents can read and understand Ren Star reports and support their children during home activities increasing achievement. **Staff Responsible for Monitoring:** School Principal **Title I:** 4.1, 4.2 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Problem Statements:** Perceptions 1, 2 **Funding Sources:** - Title I, Part A (4120) - $1,500	N/A	N/A		

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 1: Intervention programs are not yielding growth in student goals. **Root Cause**: There is not enough man power to meet the needs of the number of students needing intervention, and programs are not TEKS aligned.
Problem Statement 2: Special education services are not yielding results for 3rd-5th grade students. **Root Cause**: Lack of ownership from all stakeholders is causing a gap in how we track and respond to data for our SPED students to identify correct support systems, and in class support approach is not providing the individualized support needed.
School Processes & Programs
Problem Statement 3: Teachers lack pedagogy knowledge in the classroom. **Root Cause**: Teachers receive a lot of PD around lesson planning and content but there is a lack of development in classroom pedagogy.
Perceptions
Problem Statement 1: Less than 50% of parent participation or feedback for in school events **Root Cause**: Parents are not connected via school communication systems and not all teachers use other communication apps since we no longer provide phones for teachers.
Problem Statement 2: Parents do not have students participate in school events. **Root Cause**: School communication is not done with enough time and parents are not connected to school wide communication systems.

Goal 2: IDEA achieves an A Rating

Performance Objective 3: 50% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

Evaluation Data Sources: TELPAS assessment

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Implement instructional rounds focusing on high-impact instructional strategies that are geared towards EB students, **Strategy's Expected Result/Impact:** All four language domains evident in weekly lesson plans and evaluated weekly, reported to API to analyze during each weekly PTG data analysis. **Staff Responsible for Monitoring:** Principal and APIs **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 1				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Create professional development sessions by quarter that target EB strategies for all staff who teach EB students. **Strategy's Expected Result/Impact:** Staff understand, utilize, and assess bilingual strategies and student growth through Imagine Learning and Flipgrid as evidenced by Teachboost ratings. **Staff Responsible for Monitoring:** EB Point Person **Title I:** 2.6 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments **Problem Statements:** Student Learning 2 - School Processes & Programs 3

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: Less than 90% new student persistence **Root Cause**: Onboarding for new families has been very transactional because all of the upfront components are done, but there isn't a focus on our new students after that.
Problem Statement 2: Student daily attendance below 97% target **Root Cause**: Lack of leader ownership for ADA processes and lack of consistency in mechanisms to follow through on ADA accountability.

Goal 4: Increase student daily attendance

Performance Objective 2: IDEA Alamo will achieve a 96% annual attendance rate for the 23-24 school year

High Priority

Evaluation Data Sources: Locus Dashboard and escalation matrix follow through

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Weekly parent communication via REMIND regarding campus trends around attendance escalation matrix, ADA incentives, punctuality, and early releases. **Strategy's Expected Result/Impact:** Increase awareness around attendance by a decrease of daily family calls. **Staff Responsible for Monitoring:** Campus principal **Title I:** 2.5, 4.1 **- TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Problem Statements:** Demographics 2 - Perceptions 2				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 2: Student daily attendance below 97% target **Root Cause**: Lack of leader ownership for ADA processes and lack of consistency in mechanisms to follow through on ADA accountability.

Perceptions
Problem Statement 2: Parents do not have students participate in school events. **Root Cause**: School communication is not done with enough time and parents are not connected to school wide communication systems.

Goal 5: Increase staff retention

Performance Objective 1: 100% of full-time staff members complete all tasks within IDEA's staff development cycle including: goal setting, 2x2 and annual performance reviews during the 2023-24 school year.

High Priority

HB3 Goal

Evaluation Data Sources: GPTW surveys at MOY and EOY, Quarterly campus based reports, Cornerstone dashboard

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Managers provide feedback and professional development/coaching for each staff member through each SDC cycle and coaching cycle. **Strategy's Expected Result/Impact:** 100% completion of SDC cycle 100% of staff get coaching through coaching cycle on a weekly through tri-weekly schedule. **Staff Responsible for Monitoring:** Principal will review expectations during check ins. **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 2: Strategic Staffing, Lever 3: Positive School Culture **Problem Statements:** School Processes & Programs 3	25%	50%		

Strategy 2 Details	Reviews			
	Formative			Summative

Strategy 2: Lead team will create opportunities to celebrate and recognize teachers and OPs through out the year. **Strategy's Expected Result/Impact:** Increase staff retention. **Staff Responsible for Monitoring:** Lead team **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 2: Strategic Staffing, Lever 3: Positive School Culture **Problem Statements:** Student Learning 2	25%	50%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 2: Special education services are not yielding results for 3rd-5th grade students. **Root Cause**: Lack of ownership from all stakeholders is causing a gap in how we track and respond to data for our SPED students to identify correct support systems, and in class support approach is not providing the individualized support needed.
School Processes & Programs
Problem Statement 3: Teachers lack pedagogy knowledge in the classroom. **Root Cause**: Teachers receive a lot of PD around lesson planning and content but there is a lack of development in classroom pedagogy.

Goal 5: Increase staff retention

Performance Objective 2: IA IDEA Alamo is 100% staffed for all teacher positions throughout the 2023-24 school year.

High Priority

Evaluation Data Sources: Jobvite

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Recruit and hire high quality candidates per role by using high quality resume criteria. **Strategy's Expected Result/Impact:** 85% teacher retention **Staff Responsible for Monitoring:** Principal **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 2: Strategic Staffing **Problem Statements:** School Processes & Programs 1, 2, 3	25%	50%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

School Processes & Programs
Problem Statement 1: General education teachers have a lack of understanding around accommodations and modifications for SPED students. **Root Cause**: There is a lack of up to date training and collaboration between SPED and general education teachers which creates a gap in ownership over student data and growth.
Problem Statement 2: There has been an increase of student social and emotional needs. **Root Cause**: Teachers do not receive PD to better support our students' social and emotional needs in the classroom.
Problem Statement 3: Teachers lack pedagogy knowledge in the classroom. **Root Cause**: Teachers receive a lot of PD around lesson planning and content but there is a lack of development in classroom pedagogy.

IDEA Public Schools

Alamo College Prep

2023-2024 Campus Improvement Plan

Public Presentation Date: August 23, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

IDEA Alamo Core Values

We have **Empathy**

We have **Determination**

We have **Wisdom**

We have **Courage**

Campus Funding Summary 29

Comprehensive Needs Assessment

Demographics

Demographics Summary

At IDEA College Prep Alamo, we serve a total of 730 students from the 6th-12th grade that range in age from 12 to 18 years old. We strive to offer our students high-quality education by having AP for All and two CTE pathways, Digital Communications and Programing and Software. Our high expectations for every student ensure we go the extra mile to inspire students to realize their potential while enhancing critical thinking skills and mastering core subjects. We ensure that 100% of our students go to and through college.

Demographics Strengths

1. IDEA offers a competitive salary for experience teachers.

2. IDEA is achivieving its mission of College for All in serving a majority of economically disadvantage students.

3. We have a 92% of EB students at our school that score comparable as our non EB population.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is an increase in new to IDEA student leavers and 8th to 9th over the past school year **Root Cause:** There is not a clear system in which leaders and teachers are building strong and positive relationships with new to IDEA students and families

Problem Statement 2 (Prioritized): IDEA Alamo College Prep is not meeting the 97.5% ADA for the 22-23 shool year. **Root Cause:** We have not invested nor promoted the importance of attendance to our Alamo families enough by not having clear and consitant communication with them.

Problem Statement 3 (Prioritized): 50% of our special education students are not meeting grade expectations by not approaching STAAR. **Root Cause:** General Education teachers and Special education teachers are not collaborating throughout the year to ensure that students' accommodations are being met with fidelity.

Student Learning

Student Learning Summary

Student Achivement STAAR:

6th ELA:

7th ELA:

8th ELA:

6th Math:

7th Math:

Alg1: 89/50/20 (53)

8th Science:

8th US History:

Biology: 99/76/24 (66)

Eng I: 85/68/13 (55)

Eng II: 89/65/2 (51)

EOC US History: 98/77/44 (73)

Academic Performance by group:

Student Achievement:

School Progress:

Closing the gap:

Student Learning Strengths

As a school at IDEA Alamo students are strong in Biology as 100% of freshmen passed the EOC exam, and 98% of juniors passed the EOC US History exam. Also 85% of our students are approaching the English I and English II exam. Also, our EB students score very similarly as our overall population of students, meaning that if you are an EB student at IDEA Alamo you do well in your end of year exams.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students lack foundational math skills across 6th-8th grade math and science subjects. **Root Cause:** Leaders are not pushing teachers to embed foundational math skills daily practice (fluency) in their every day lesson.

Problem Statement 2 (Prioritized): Students are not being introduced to AP level rigor base instruction starting in Middle School. **Root Cause:** Teachers are not unpacking the units and planning accordingly.

School Processes & Programs

School Processes & Programs Summary

Our vision for Teacher Leadership is to create opportunities that provide both a first step on the instructional leadership pipeline and serve as a retention strategy for teachers who desire a career as a classroom teacher. The best way to prepare teacher leaders so they are ready for a campus leader role is by creating PD sessions that focus on skills that are preparing them for this type of leadership.

1. Follow best practices for adult learning in development in instructional coaching, content knowledge and operations leadership, relying deeply on in-field application.

2. Use School Leadership Levers in all trainings to build readiness for future leadership opportunities.

3. School leaders will attend webinars and receive training materials, so they can continue or begin to strategically and purposefully coach around School Leadership Levers.

School Processes & Programs Strengths

95% of students are accepted to T1/T2 Univiersities

IDEA retains 84% of students yearly

IDEA Alamo offers UIL, NHS and afterschool programs

Daily exit ticket huddles are held daily in STAAR grades to help identigy misconceptions and create a plan for re-teach.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Our new teachers are not proficient in instructional clarity. **Root Cause:** Leaders are not prioritizing the coaching cycle to and through with our new teachers to ensure growth.

Problem Statement 2 (Prioritized): There is a lack of follow through from leaders and teachers on school processes (tardy system and behavior ladder consequence) **Root Cause:** Not enough buy in from leaders and teachers because of unclear expectations.

Perceptions

Perceptions Summary

IDEA Alamo has 100% matriculation to a 4-year college/university. We have a 0% dropout rate. We are a school that is transparent and focuses on open communication for all (students, teachers, admin and parents).

Perceptions Strengths

At IDEA Alamo there a strong Tex-Mex culture this is eveident during our school wide events in which we see our students dancing corridos and tejano music. Also, we host quarterly parent meetings in which parents provide feedback as we let them know how our campus is doing.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There is an increase in student referrals in 6th and 7th grade. **Root Cause:** Lack of a strong behavior plan that is tiered to student behavior.

Problem Statement 2 (Prioritized): Low parent engagement in school activities. **Root Cause:** Lack of communication from school to community on the different communication platforms.

Priority Problem Statements

Problem Statement 1: There is an increase in new to IDEA student leavers and 8th to 9th over the past school year
Root Cause 1: There is not a clear system in which leaders and teachers are building strong and positive relationships with new to IDEA students and families
Problem Statement 1 Areas: Demographics

Problem Statement 2: IDEA Alamo College Prep is not meeting the 97.5% ADA for the 22-23 shool year.
Root Cause 2: We have not invested nor promoted the importance of attendance to our Alamo families enough by not having clear and consitant communication with them.
Problem Statement 2 Areas: Demographics

Problem Statement 3: Students lack foundational math skills across 6th-8th grade math and science subjects.
Root Cause 3: Leaders are not pushing teachers to embed foundational math skills daily practice (fluency) in their every day lesson.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Students are not being introduced to AP level rigor base instruction starting in Middle School.
Root Cause 4: Teachers are not unpacking the units and planning accordingly.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Our new teachers are not proficient in instructional clarity.
Root Cause 5: Leaders are not prioritizing the coaching cycle to and through with our new teachers to ensure growth.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: There is a lack of follow through from leaders and teachers on school processes (tardy system and behavior ladder consequence)
Root Cause 6: Not enough buy in from leaders and teachers because of unclear expectations.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: There is an increase in student referrals in 6th and 7th grade.
Root Cause 7: Lack of a strong behavior plan that is tiered to student behavior.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: Low parent engagement in school activities.
Root Cause 8: Lack of communication from school to community on the different communication platforms.

Problem Statement 8 Areas: Perceptions

Problem Statement 9: 50% of our special education students are not meeting grade expectations by not approaching STAAR.

Root Cause 9: General Education teachers and Special education teachers are not collaborating throughout the year to ensure that students' accommodations are being met with fidelity.

Problem Statement 9 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity, gender, etc.

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Attendance data
- Student surveys and/or other feedback

Employee Data

- Professional learning communities (PLC) data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

IDEA Public Schools

Ambrose & Freda Robinson Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 24, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

- Goal 5: Increase student enrollment (no required performance objectives/strategies) 27

Campus Funding Summary 28

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Robinson Academy is a public charter school located on the west side of San Antonio that currently provides high quality education for grades K-5 in the San Antonio Region. Our mission is to ensure that we are closing the achievement gap by getting scholars to achieve academic success by having scholars end the year on or above grade level year after year and to ensure mastery on all state assessments. Doing so, ensures we are fulling our mission of 100% of our scholars getting to and through college.

Demographics Strengths

We serve a diverse group of families and scholars that ensures we are providing scholars the opportunity to grow and learn about different cultures.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Lead teacher staff retention ended at 70%. **Root Cause:** Lack of training on work life balance and how to stay organized and on task to meet deadlines and expectations.

Problem Statement 2 (Prioritized): Robinson Academy did not meet enrollment for the 22-23 school year. We ended the school year with only 305 scholars out of the 360 needed to meet enrollment targets. **Root Cause:** Lack of consistent accountability with our tier 1 behavior system and effective teacher/parent communication which led to scholars leaving our campus due to culture reasons.

Student Learning

Student Learning Summary

For the 22-23 school year we served K-2 scholars. Our driving goal was to ensure that we had at least 90% of our K-2 scholars end the school year on or above grade level in Reading. Our campus ended with an on track status of 82%. Other instructional goals have been to hit at least 90/60/30 on our district EOY Final exams. Math achievement was at 95/79/65. ELA achievement was at 86/78/48. Science was at 82/67/45. Social Studies was at 93/84/39.

Student Learning Strengths

Our campus strengths are within our Direct Instruction and Math achievement as scholars made growth in their reading skills this year, and we exceeded 90/60/30 in Math.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Our campus goal is to have 90% of all K-2 scholars end the year on grade level in our Direct Instruction program. We only had 84% of scholars meet goal by the last day of school. **Root Cause:** We failed to incorporate daily interventions at the beginning of the school year.

Problem Statement 2 (Prioritized): Our scholars struggled to express complete thoughts on paper when writing was required. **Root Cause:** We did not train teachers on accountable talk and writing expectations until 2nd semester.

School Processes & Programs

School Processes & Programs Summary

All instructional staff are provided the necessary training to effectively deliver their content specific subjects before the school year begins. Instructional staff engage in year long professional envelopment led by campus Principals or Assistant Principals to enhance their skills to ensure academic results are met. Leaders engage in their own leadership development to ensure they are coaching and providing consistent feedback to staff. All stakeholders are required to consistently communicate with each other to support our scholars learning and behavioral needs and to adjust as needed.

School Processes & Programs Strengths

1. Our campus consistently follows and engages in district safety protocols that ensures the safety of our scholars, staff, and community.

2. We have strong operating mechanisms in place for lesson plan submission, parent communication expectations, and professional development opportunities based on campus needs.

3. We provide our staff the opportunity to consistently give upward feedback on concerns or recommended changes to support campus culture.

4. We provide our community with monthly engagement events to build strong partnerships.

5. We have consistent feedback operating mechanisms to support our teachers ongoing professional development.

6. We make data driven decisions by analyzing scholar data weekly and enact changes when needed to support our mission.

7. We have a strong operating mechanism to celebrate staff regularly to build relationships, investment and trust.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Teachers struggled with maintaining proficiency expectations for classroom culture management for GET ratings in guidepost 2. **Root Cause:** We failed to require staff to engage in practice sessions to build their proficiency skill level in Guideposts (2) as a professional learning requirement and to support accountability.

Problem Statement 2 (Prioritized): Our special population scholars on grade level status for Direct Instruction for K-2 landed at 58% on track for the 22-23 school year. **Root Cause:** We did not retain 100% of SPED staff which led to scholars not all necessary supports for the school year.

Perceptions

Perceptions Summary

For the 22-23 school year we had an employee satisfaction survey result of 81% and as per district this was meeting goal for ensuring we are creating a great place to work for employees. Robinson AC also had a parent satisfaction survey results of 4.4 out of a 5 point scale. Our campus staff retention for all staff stood at 90.32%. Robinson also engaged in recruitment business partnerships to secure new scholars year round. Our overall scholar persistence for the 22-23 school year ended at 86.4% on the last day of school.

Perceptions Strengths

1. Robinson Academy teachers consistently met our campus expectation for weekly parent communication.

2. Our school community was informed of engagement events at least 4 weeks in advance to promote team and family.

3. We held weekly campus tours for any current or new prospective family to engage with campus principal and other lead team members.

4. We used various communication platforms to engage with parents.

5. We celebrated scholars consistently with using a school wide token system to promote positive behaviors.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): We had 12 leavers for campus culture for the 22-23 school year due to communication. **Root Cause:** Staff did not respond to parent concerns within 24 hours consistently and we did not have an operating mechanism in place to track 24 hour communication response time to support accountability with staff.

Problem Statement 2 (Prioritized): We had 359 tier 2 or tier 3 level behavior infractions for this school year. **Root Cause:** Teachers did not consistently follow through with our Tier 1 behavior plan for all scholars.

Priority Problem Statements

Problem Statement 1: Lead teacher staff retention ended at 70%.

Root Cause 1: Lack of training on work life balance and how to stay organized and on task to meet deadlines and expectations.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Our campus goal is to have 90% of all K-2 scholars end the year on grade level in our Direct Instruction program. We only had 84% of scholars meet goal by the last day of school.

Root Cause 2: We failed to incorporate daily interventions at the beginning of the school year.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: We had 12 leavers for campus culture for the 22-23 school year due to communication.

Root Cause 3: Staff did not respond to parent concerns within 24 hours consistently and we did not have an operating mechanism in place to track 24 hour communication response time to support accountability with staff.

Problem Statement 3 Areas: Perceptions

Problem Statement 4: Teachers struggled with maintaining proficiency expectations for classroom culture management for GET ratings in guidepost 2.

Root Cause 4: We failed to require staff to engage in practice sessions to build their proficiency skill level in Guideposts (2) as a professional learning requirement and to support accountability.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Robinson Academy did not meet enrollment for the 22-23 school year. We ended the school year with only 305 scholars out of the 360 needed to meet enrollment targets.

Root Cause 5: Lack of consistent accountability with our tier 1 behavior system and effective teacher/parent communication which led to scholars leaving our campus due to culture reasons.

Problem Statement 5 Areas: Demographics

Problem Statement 6: Our scholars struggled to express complete thoughts on paper when writing was required.

Root Cause 6: We did not train teachers on accountable talk and writing expectations until 2nd semester.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: Our special population scholars on grade level status for Direct Instruction for K-2 landed at 58% on track for the 22-23 school year.

Root Cause 7: We did not retain 100% of SPED staff which led to scholars not all necessary supports for the school year.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: We had 359 tier 2 or tier 3 level behavior infractions for this school year.

Root Cause 8: Teachers did not consistently follow through with our Tier 1 behavior plan for all scholars.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Student Data: Assessments

- State and federally required assessment information
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Observation Survey results
- Texas approved PreK - 2nd grade assessment data
- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback

- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 60% to 62% in Spring 2024 (HB3)

High Priority

HB3 Goal

IDEA Public Schools

Bluff Springs Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 3, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA PuIDEA Bluff Springs Academy students are courageous and empathetic, self-driven learners who believe they have the power and responsibility to shape their community. Curiosity will drive students to flex their college readiness by generating solutions to complex challenges and envisioning the world as it might be. Our students will be equipped with the skills to develop claims, justify their positions, and communicate in ways that influence change and strengthen relationships. BSA staff is in the business of creating a positive space that will help them reach their true, limitless potential of becoming brave critical thinkers, passionate and elite lifelong learners, and overall good people.â€‹ blic Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: August 3, 2023

Demographics

Demographics Summary

Bluff Springs Academy launched in 2016 with kinder, 1st, and 2nd grade. Since then, we have become a full-scale campus serving 604 students from Kindergarten to 5th grade. We are an open-enrollment primary campus in the South Austin area. 84.38% of our students have been identified as economically disadvantaged.

Demographics Strengths

81.70% Hispanic

.47% American Indian - Alaskan Native

1.10% Asian

8.04% Black African-American

.17% Native Hawaiin - Pacific Islander

7.73% White

.79% Two or more

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): We did not meet the 97.5% attendance rate goal. We landed at 92.3% ADA.; **Root Cause:** 1) Family culture does not reflect the importance of attending school every day. With a 84.4% student population that identifies as being economically disadvantaged, Parents work schedules usually take priority.

Problem Statement 2: A stronger ELL program is needed. **Root Cause:** Our school has a positve reputation with the Hispanic community, and because of this many of our students are non-english speakers. Parents are worried about how the stduents will communicate. Parents also then have lack of communiation with some of the staff.

Student Learning

Student Learning Summary

EB students have made a significant improvement in the area of closing the achievement gap. Fourth and Fifth grade students continue to perform above the district and region in science and reading benchmark assessments. Students in K-2 have made growth throughout the year; students making significant gains on Dibels and placing in above grade level programs in kinder. Special education students performed well in Science and social studies in 3rd and 4th grade. First and second grade math average achievement score on final exams was an 83. Third through fifth grade showed growth over the year in math moving out of quartile 4 to quartile 2 or 3.

Student Learning Strengths

Our students have historically shown strength in ELA for the past 2 years. Math skills have developed but are not at the level of our ELA. EB students have made gains in the classroom because of implementation of EB strategies.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Meets indicators for 3rd-5th ELA were significantly below in all grade levels (overall average 28) **Root Cause:** Writing skills have not been fully developed, inconsistent reading teachers in 3rd grade, curriculum pacing assumes students are on grade level, not enough access and opportunities to practice with on grade level text, more celebrations needed to celebrate growth over time versus at major benchmarks; CSI time not held sacred to support struggling readers.

Problem Statement 2 (Prioritized): DI not meeting benchmark goals for students to be on grade level (program completion). **Root Cause:** inconsistent teachers in grades K and 1, access to support programs (iReady) was missing because of lack of computers in lower grades, time and opportunities missing to identify specific gaps to provide additional support, attendance.

Problem Statement 3: Meets indicators continue to be below goal for 3rd-5th grade math (overall average 42) **Root Cause:** Foundational math skills have not been fully addressed, pacing of curriculum does not allow for re-teach or opportunity to address gaps, additional support systems not in place (intervention teacher inconsistent, Hotspot/Dreambox not addressing student needs), more celebrations needed to celebrate growth over time versus at major benchmarks.

School Processes & Programs

School Processes & Programs Summary

At IDEA Bluff Springs, we use the Guideposts for Excellent Teaching Rubric to evaluate our teachers. This rubric is broken down into 5 instructional guideposts, each representing a component of excellent teaching. Each guideposts is composed of three to five rows that each represent different proficiencies within the guidepost.

Ratings on the GET rubric are on a scale of 1-5. A score of 1 is pre-novice, 2 represents a novice score, 3 is proficient, 4 is advanced, and 5 is exceptional. Below shows an average of teacher GET ratings on each guidepost.

GET Rating Summary:

Guidepost 1 - Goal Setting: 3.79

Guidepost 2- Classroom Climate and Culture: 3.82

Guidepost 3 - Planning: 4

Guidepost 4 - Lesson Delivery: 3.65

School Processes & Programs Strengths

Strengths:

Bluff Springs Academy teachers have strong classroom culture.
Bluff Springs Academy teachers plan rigorous lessons aligned to the assessment.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There is a need to increase student practice within lessons, specifically among teachers who are new to their content. **Root Cause:** 1) Lack of consistent time for lesson rehearsals and feedback for teachers. 2) Lack of skill-focused high-quality professional development opportunities in content teams.

Problem Statement 2: There is a need to increase the capacity of new teachers to better respond in gaps to student learning. **Root Cause:** 1) Lack of consistent time for lesson rehearsals and feedback for teachers. 2) Lack of skill-focused high-quality professional development opportunities in content teams.

Perceptions

Perceptions Summary

Persistence: 87%

ADA:92%

Staff Retention: 69%

Great Places to work: 68%

Perceptions Strengths

Teachers feel comfortable and happy in their grade teams.

Families are happy with the communication they are receiving and with their interactions with their teachers.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Staff often feel overworked or burnt out. **Root Cause:** We have not provided enough targeted PD for staff around issues that take a lot of time.

Problem Statement 2 (Prioritized): ADA problems spiraled throughout the year and chronic absences piled up. **Root Cause:** ADA initiatives were unsustainable and fell off as the year went on.

Priority Problem Statements

Problem Statement 1: We did not meet the 97.5% attendance rate goal. We landed at 92.3% ADA.;

Root Cause 1: 1) Family culture does not reflect the importance of attending school every day. With a 84.4% student population that identifies as being economically disadvantaged, Parents work schedules usually take priority.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to increase student practice within lessons, specifically among teachers who are new to their content.

Root Cause 2: 1) Lack of consistent time for lesson rehearsals and feedback for teachers. 2) Lack of skill-focused high-quality professional development opportunities in content teams.

Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: ADA problems spiraled throughout the year and chronic absences piled up.

Root Cause 3: ADA initiatives were unsustainable and fell off as the year went on.

Problem Statement 3 Areas: Perceptions

Problem Statement 4: Staff often feel overworked or burnt out.

Root Cause 4: We have not provided enough targeted PD for staff around issues that take a lot of time.

Problem Statement 4 Areas: Perceptions

Problem Statement 5: Meets indicators for 3rd-5th ELA were significantly below in all grade levels (overall average 28)

Root Cause 5: Writing skills have not been fully developed, inconsistent reading teachers in 3rd grade, curriculum pacing assumes students are on grade level, not enough access and opportunities to practice with on grade level text, more celebrations needed to celebrate growth over time versus at major benchmarks; CSI time not held sacred to support struggling readers.

Problem Statement 5 Areas: Student Learning

Problem Statement 6: DI not meeting benchmark goals for students to be on grade level (program completion).

Root Cause 6: inconsistent teachers in grades K and 1, access to support programs (iReady) was missing because of lack of computers in lower grades, time and opportunities missing to identify specific gaps to provide additional support, attendance.

Problem Statement 6 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

IDEA Public Schools

Brackenridge Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 24, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

As a kindergarten - 5th grade campus, we recognize the importance of building a solid academic & social foundation. As such, we embody a campus culture rooted in integrity, unity, and synergism.

Demographics Strengths

At IDEA Brackenridge, we charge all 730+ scholars, teachers, and community member to build authentic relationships, maintain growth mind-sets, and to remember to treat all people with the dignity and respect they want.

Problem Statements Identifying Demographics Needs

Problem Statement 1: Lack of targeted focus on health and wellness of scholars through daily implementation of SEL program **Root Cause:** 25% of teachers out daily, due to teacher shortages, prevented the campus from consistently implementing the SEL program.

Problem Statement 2: Limited family engagement events **Root Cause:** 25% of teachers out daily, due to teacher shortages, reduced the number of parent engagement events to two.

Student Learning

Student Learning Summary

Student outcomes resulted in ELA & Math distinctions; nevertheless, ELA academic achievement fell below target score of 66. Additionally, reading outcomes for kindergarten - 2nd decline from previous years. Less than 50% of kindergarten students and less than 60% of 1st grade students ended the year at grade-level.

Student Learning Strengths

See PDF Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Failed to provide TEK aligned instruction in reading intervention. **Root Cause:** Curriculum aligned to common core standards & limited instructional experience of teachers to effectively supplement curriculum

Problem Statement 2: Collaboration with content teacher and AR facilitator to align program needs to classroom instruction **Root Cause:** Accelerated Reading program implemented by classroom teachers to supplement in staffing for majority of school year

Problem Statement 3: School-wide academic events to promote cross curriculum instruction and engagement in content. **Root Cause:** Limiting whole group interact led to canceling of events

School Processes & Programs

School Processes & Programs Summary

At IDEA Brackenridge we promote learning for scholars and staff. Our teachers and staff participate in weekly professional development opportunities that provide our campus with the tools needed for scholar success and mastery. At IDEA Brackenridge we also implement a teacher mentor program that provides teachers with the guidance and support needed for professional growth and development. Similarly, to support staff in their learning, leaders are coached weekly and conduct daily observations for on-the-spot coaching. At IDEA Brackenridge we've built a culture of physical health and awareness through our teacher sponsored sports clubs.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 23 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research-based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students met that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average

- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Campus leaders were inconsistent in holding staff accountable to campus expectations. **Root Cause:** Teacher handbook did not provide clear and concise expectations and in some areas, implementation varied.

Problem Statement 2: Only 24% of teachers see our work place as "psychologically safe" environment. **Root Cause:** Demands on instructions, staff shortages, academic gaps, and vacancies places great demands on staff's time, requiring longer work hours with increased chance of harm to health.

Perceptions

Perceptions Summary

At IDEA Brackenridge, we value culture & climates built on inclusion and respect. As such, we reflect on areas of strengths and opportunities, taking into account what families communicate as their experiences, involvement requests, and overall perspective as to how we are serving their children.

Perceptions Strengths

We had a minimum of one family engagement event per month. Family newsletter sent out weekly. SC post to Remind at least 2 times per week to families.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Limited campus-wide events for families to increase interactions with teachers and staff **Root Cause:** Not being able to require teachers to attend events beyond the 2 required per year and PD days taken for recruitment instead of teacher conferences or more interactions.

Problem Statement 2: Staffing shortage lead to staff being stretched thin and not being able to dedicate as much time to families **Root Cause:** Staff quitting and people having to step into multiple roles. Also, not being able to hire more people.

Priority Problem Statements

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: 90% of Brackenridge Academy's scholars in Kinder - 2nd will end the year on or above grade-level in Reading Mastery Transformation

High Priority

IDEA Public Schools

Brownsville Academy

2023-2024 Campus Improvement Plan

Board Approval Date: September 16, 2023
Public Presentation Date: August 24, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Fostering a Community of Lifelong Learners

IDEA Brownsville Academy will foster opportunities for parents, students, and staff to become a community of lifelong learners. Bobcats will learn to articulate their emotions and academic needs as well as support each other through encouraging acts of kindness and open communication. IDEA Bobcats will participate in a school community built on three pillars:

Love of Learning

Continuous Improvement

School Connectedness

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**

- We bring **Joy**
- We **Sweat the Small Stuff**

We believe that:â€‹ Character & Cultural Competence Build Great Citizensâ€‹, Responding to Diverse Needs Promotes Equityâ€‹, Reflective Decisions Drive Continuous Improvement.

Campus Funding Summary 45

Comprehensive Needs Assessment

Revised/Approved: September 8, 2023

Demographics

Demographics Summary

IDEA Brownsville Academy is part of the IDEA Public Schools open charter school district. Our campus was founded in 2012 and serves students from kinder through 5th grade. Our approximate enrollment is 690 students: 47% males and 52% females. The demographics in our campus is comprised of the following: 59% at-risk, 68% special education, 76% economically disadvantaged, 51% emergent bilinguals, 95.4% Hispanic, 3.7% white, 1% African-American, and 3 other groups with less than 1% population. Our new students are selected through lottery in February after the registration period that runs from September to January.

The average daily attendance for IDEA Brownsville Academy for the 22-23 school year was 92%. Mobility rate is less than 5%. Our discipline records show a total of 57 incidents out of which 34 were out of school suspensions and 23 were in-school suspensions. Our total student attrition was 91 students, equal to 13%.

The average number of student to teacher ratio is 27. Our staff is comprised of 23 full-time teachers (8 males and 26 females) and 13 co-teachers along with 2 RISE units (lifeskills) serving students K-5. Close to 55% of the staff has been teaching between 6-10 years and 19% have taught less than 5 years. The majority of the staff identifies Hispanic (84%) and 14% white. Students in grades 1st-5th have a teacher per subject, while only kindergarten is self-contained. Our teacher retention is 86%. While not all teachers are certitifed, they all hold a four-year degree and 4% hold a masters. Ten out of thirteen co-teachers hold a bachelors degree while the other 3 hold an associates.

Among the different supplemental programs offered are a bilingual program for transitional late exit, ESL services, Special Education, and an After School Program including tutorial, sports, dance, cheer, music, art, chess, and coding classes. There are multiple student clubs specific to age groups.

Demographics Strengths

Staff retention rates have been steadily over 85% for the past 4 years.

All ELA/RLA teachers got SIOP trained by bilingual experts.

Equity in after school programs offered in K-5.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Teachers' are prioritizing scope and sequence over student needs. **Root Cause:** Teachers do not have the skills to differentiate beyond the scope provided by the district to meet individual needs.

Problem Statement 2 (Prioritized): Staff lack of implementation and rollout of EL strategies with consistency post PD sessions. **Root Cause:** Teachers require feedback during instructional observations and lesson planning to improve EB achievement.

Problem Statement 3 (Prioritized): Family investment in academics and parental involvement activities are limited throughout the school year. **Root Cause:** Opportunities to overcommunicate were not leveraged.

Student Learning

Student Learning Summary

Student progress at IDEA Brownsville Academy as evidenced by the latest state accountability ratings shows an increase from an __ to a __ score with 100% participation rate. Our student achievement score is currently pending for state exams. With a total of ____ tests we earned ___ points for school progress placing us at a __ out of 100. We also scored ___/100 in closings the gaps meeting the targets for every major group in our school demographics including __ % of our English Language Learners making at least one year progress in TELPAS.

For our non-state assessed curriculum, we performed as follows:

Grade	Wit & Wisdom FE	BAW FE	Eureka Math FE	Science FE	Social Studies FE
Kinder	86|83|49	[redacted]	97|90|54	97|87|48	100|93|62
1st	100|100|100	[redacted]	97|75|32	95|85|60	88|77|49
2nd	96|90|74	[redacted]	93|78|50	98|85|31	85|69|26
3rd	48|3|1 (ME)	93|65|34	81|47|15 (ME)	68|22|4	97|77|47
4th	71|41|19 (ME)	88|66|48	74|38|17 (ME)	98|91|64	99|92|84
5th	80|45|19 (ME)	[redacted]	82|48|20 (ME)	73|40|12 (ME)	98|93|85

Our RenSTAR data showed that the campus data showed growth from BOY to EOY in 1st and 4th grade for Reading and in 2nd, 3rd, and 4th grade for Math. Even though certain grade levels showed growth, growth was minimal and not aligned with district/state exams or other progress measure programs.

Exam (BOY to EOY)	1st	2nd	3rd	4th	5th
Reading (BOY|EOY)	33% | 57%	45% | 42%	41% | 28%	41% | 42%	48% | 34%
Math (BOY|EOY)	53% | 52%	48% | 55%	54% | 61%	55% | 68%	66% | 58%

Regarding our K-2 students, 91% of kinder, 90% 1st graders, and 88% of second graders ended the school year on or above grade level according to our district curriuclum guidelines and DIBELS testing. Math assessments demonstrate that at least 50% of our students ended the year on or above grade level and the rest need additional support in preparedness for the next grade level.

Our retention rate for the 21-22 school year was less than 1% and all students are currenlty placed in RtI.

As we embark in the 23-24 school year, we will continue to collect data through the use of:

-Ren Star

-Panorama Results

-STAAR/TELPAS

-Grades

-RtI progress monitoring

-HB 4545 tracker

Student Learning Strengths

- Students receiving RtI throughout the year qualified for special education referral or continued with interventions for the 2nd quarter.
- Students in 2nd-5th grade received math intervention to close gaps using I-ready Math beginning quarter 1 using RenSTAR data. As a result, we saw an improvement in the percent of students on track in 3 out of the 4 grade levels.
- *The use of Imagine Learning software has proven to help close gaps by at least a school year with regular use and monitoring. RenSTAR data was used to create individualized playlists on Imagine Learning at each progress monitoring point for CSI students. As a result, 68% of CSI students showed growth of 2 years or more.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students need additional supports embedded in the school day to help close gaps than what the school is already providing, specifically for sub-pops. **Root Cause:** Teachers were unaware of program accessibility, how to read data provided, and were not given content-specific PD to address the gaps.

Problem Statement 2 (Prioritized): Teachers are unclear about the RTI process (What to do when/how long) **Root Cause:** Teachers did not receive adequate trainings for RTI regarding when and how to refer a student, access to paperwork associated with each referral, and setting and tracking goals for Tier 2/3.

School Processes & Programs

School Processes & Programs Summary

Our campus has a "leader in training" (LIT) program that allows teachers to practice and implement leadership skills by joining administration during instructional rounds, work on organizing time and tasks, identify root causes for instructional gaps, and master their craft in teaching. For all existing leaders there is a scope and sequence that is followed throughout the year providing ample opportunities for unpacking, practice and feedback of skills needed to perform leadership and coaching tasks.

Professional development is created based on campus trends and categorized into three: awareness, understanding and application. Each category or pathway, provide teachers opportunities to become proficient in one area. For example, in the awareness pathways teachers gain actionable skills around building relations, behavior, social emotional well-being, & classroom management. Staff interested in developing foundational understanding of a focus instructional area such as building background, making connections, activating prior knowledge, enhancing vocabulary skills in any content participate in the understanding pathway. Staff interested in engaging in personalized coaching and explore concepts of building strategies for striving learners: special populations including, but not limited to, special education, English learners, 504, RtI and other participate in the application pathway. When data yields specific areas of concern, we push that strategy to one of the three pathways to ensure staff receives the training they need in a timely manner.

To support powerful teaching and learning, teachers are recognized publicly every year and are identified as master teachers for others to observe and visit. Teachers are tiered according to level of support needed to allow for creativity and autonomy in HOW they conduct business while we are clear about the WHAT needs to get done.

Included in the master schedule is Move This World, a social-emotional curriculum paired up with Respect, Obey, Act Responsibly, Ready to Learn: R.O.A.R adapted from PBIS to encourage students to make the right choices at all times. Our school has posters located in centralized areas promoting R.O.A.R. and IDEA 55. Mindful strategies are provide to learners so they can apply them during classes, recess, or intervention time. Tech is provided 1:1 in grades 3-5 and a computer-on-wheels for grades K-2.

Curriculum meetings are held every year to equip parents with tools necessary to support their children during the course of the year.

Restorative discipline approaches are utilized when possible allowing staff to collaborate and communicate common areas of concern using Kickboard, and ABC strategies. All students' discipline is monitored through a positive approach earning points for following R.O.A.R.

Every Monday there is a PowWow celebration in which all Bobcats receive school recognition for their attendance, choices, academic performance, and physical activity accomplishments.

Our campus offers extracurricular activities such as sports, dance, cheer, arts and crafts, ballroom dance, folkloric dance, hip hop dance, coding, gaming, guitar (music) Monday thru Friday free of charge.

Campus operating mechanisms include constant progress monitoring of all populations to ensure a love of learning and continuous improvement are in place. Bobcats are supervised at all times during recess and lunch breaks. Cameras are located in every hallway for additional supervision. All doors remain locked throughout the school day.

See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI).
- IDEA has begun a dyslexia training for leaders through cohorts.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA retains an average of 84% of students year over year
- IDEA parents rate IDEA as 3.7/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 3.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 3.8/5 on the statement "My teachers challenge me to do my best"

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Gaps in communication across all departments and stakeholders lead to family disengagement. **Root Cause:** Flowchart for incident reporting and roles & responsibilities amongst staff in unclear.

Problem Statement 2 (Prioritized): Staff underutilizing resources provided and communication tools. **Root Cause:** Manager accountability and feedback.

Problem Statement 3 (Prioritized): Teachers need to build capacity in de-escalation and defiant behaviors and classroom management techniques **Root Cause:** Insufficient training for teachers to help address emotional problems and improve student achievement

Perceptions

Perceptions Summary

Families that apply to IDEA Brownsville are in search of a structured learning environment that focuses ideally on Going To and Thru College. Our classrooms are structured in such a manner that all students receive the highest level of education possible that ensures a conducive environment for our scholars to grow and interact with one another. As part of our incentive system that will be implemented our Bob-ee store will continue to transpire as a part of our behavior/discipline management system using the Kickboard platform.

Onboarding one to one sessions are scheduled for all families who do not attend our school-wide Welcome to IDEA event in May. Our enrollment coordinator, Magdiel Martinez. During the onboarding, parents will receive a Parent Playbook, one-to-one session around expectations, how WE communicate with families, and logistical information to ensure a smooth first day of school and academic school year. Parents also meet with the grade level administrator in charge of their child's grade and with the school principal. All other departments such as transportation, health station, cafeteria, and after school programs make contact with the parent to offer services and answer questions.

Our staff retention was 88.24% (one). All new staff members are partnered up with a mentor and receive weekly coaching by their manager, expert in the content they teach, and a 30/60/90 plan for check ins as the year progresses. Staff mediation occurs with the campus principal if needed. Teachers have chosen to leave the organization due to class sizes, lack of home/work life balance, and salary equality in surrounding school districts.

Staff receive information regarding academic expectation during beginning of year PD via a one pager classroom and content expectations checklist. They also attend weekly check-ins with their manager, biweekly grade level meetings, and use TEAMS app as their main source of campus communication amongst staff. TEAMS has been divided into relevant channels to best organize the work teachers do. We adjusted their planning time so that they could have additional time to plan, contact families, and keep up with all of the demands of the district/campus. We have seasonal scavenger hunts and team builders off campus

SandraStaff absences have increased in the last couple of years, but only out of 37 staff members exhausted their 10 local/state days during the year.

According to our Great Places to Work Survey, 76.7% of staff strongly agree that they work in a great place at IDEA Brownsville.

Parent participation rates are measured via sign-in sheets for every event hosted. We also note viewing from our Facebook posts and responses and reaction to REMIND messages. During parent survey season, we notify teachers of percentage acquired per class of returned surveys. Our current situation does not allow for the amount of parent participation we would like, but on average we get over 70% of our families engage in every event. During our meet the teacher this year, 75% of families attended. During out Welcome to IDEA event in May, 80% showed up in person.

We headed up Grandparent's Day (K-5), Christmas events (Kinder & 3rd), Winter Festival (K-12), Sombrerito Fest (K-5), Sweet Celebration (K-5), Talking Museum (1st grade), K &5 Graduation Ceremonies, 1-4 EOY Completion ceremonies to involve family members.

Perceptions Strengths

*100% staff trained and responsive to safety measures (CCT monthly meetings)

*Facebook live and Parent Weekly to showcase our campus, cheer teams, and Bobcats of the Week

*Dress Up Days for attendance trends(based on previous years data)

*After school program activities/clubs

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Panorama family engagement survey results declined by over 1% per category as compared to last year. **Root Cause:** Response rates were not tracked- only 1% of families responded to survey. This was difficult to track because survey was virtual.

Problem Statement 2 (Prioritized): Staff require ongoing professional development on time-management techniques to improve teacher morale\perceptions. **Root Cause:** Teachers do not have skill set to manage competing duties outside of planning and grading.

Problem Statement 3: Limited extracurricular and enrichment activities offered throughout the school year. **Root Cause:** After School Programs were not proactively planned around funding and staffing.

Priority Problem Statements

Problem Statement 1: Staff lack of implementation and rollout of EL strategies with consistency post PD sessions.

Root Cause 1: Teachers require feedback during instructional observations and lesson planning to improve EB achievement.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Students need additional supports embedded in the school day to help close gaps than what the school is already providing, specifically for sub-pops.

Root Cause 2: Teachers were unaware of program accessibility, how to read data provided, and were not given content-specific PD to address the gaps.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Teachers are unclear about the RTI process (What to do when/how long)

Root Cause 3: Teachers did not receive adequate trainings for RTI regarding when and how to refer a student, access to paperwork associated with each referral, and setting and tracking goals for Tier 2/3.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Teachers' are prioritizing scope and sequence over student needs.

Root Cause 4: Teachers do not have the skills to differentiate beyond the scope provided by the district to meet individual needs.

Problem Statement 4 Areas: Demographics

Problem Statement 5: Panorama family engagement survey results declined by over 1% per category as compared to last year.

Root Cause 5: Response rates were not tracked- only 1% of families responded to survey. This was difficult to track because survey was virtual.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Staff require ongoing professional development on time-management techniques to improve teacher morale\perceptions.

Root Cause 6: Teachers do not have skill set to manage competing duties outside of planning and grading.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: Family investment in academics and parental involvement activities are limited throughout the school year.

Root Cause 7: Opportunities to overcommunicate were not leveraged.

Problem Statement 7 Areas: Demographics

Problem Statement 8: Gaps in communication across all departments and stakeholders lead to family disengagement.

Root Cause 8: Flowchart for incident reporting and roles & responsibilities amongst staff in unclear.
Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: Staff underutilizing resources provided and communication tools.
Root Cause 9: Manager accountability and feedback.
Problem Statement 9 Areas: School Processes & Programs

Problem Statement 10: Teachers need to build capacity in de-escalation and defiant behaviors and classroom management techniques
Root Cause 10: Insufficient training for teachers to help address emotional problems and improve student achievement
Problem Statement 10 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Covid-19 Factors and/or waivers for Assessment, Accountability, ESSA, Missed School Days, Educator Appraisals, etc.
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- SAT and/or ACT assessment data
- Student failure and/or retention rates
- Local benchmark or common assessments data
- Running Records results
- Texas approved PreK - 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

- Section 504 data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data

Employee Data

- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Revised/Approved: June 2, 2023

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

Burke Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 7, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 26

Comprehensive Needs Assessment

Revised/Approved: August 7, 2023

Demographics

Demographics Summary

IDEA Burke Academy opened in 2019 and is located at 10434 Marbach Road on the west side of San Antonio. We have 720 scholars and serve grades Kinder through 5th grade. We are lottery based and have open enrollment throughout the school year. Our focus is College for all and we work to have strategic intervention as well as supports built in so that our scholars end year after year on or above grade level. Interventions include small group pull out within the school day, after school tutoring, Saturday School, and Summer School. We offer Intramural Sports in grades 3-5 and have afterschool care for all grade levels.

Demographics Strengths

IDEA Burke Academy has had 95% or higher Teacher retention since we opened in 2019. We have a competitive salary for teachers and a Teacher Career Pathway where teachers can receive bonuses based on scholar performance and family/student surveys. All of our scholars are on track for college and are prepared year after year so that 100% are in Pre-AP and AP courses in College Prep (grades 6-12).

Problem Statements Identifying Demographics Needs

Problem Statement 1: IDEA Burke Academy has lost over 20 scholars this year due to academic and/or culture concerns in K-3rd grade. **Root Cause:** Transition meetings were not planned for rising priority grade levels to share changes within the academics and there was lack of clear communication with how our culture differs from other schools. We have also not asked for feedback consistently to learn about concerns families have before it is too late and their scholar leaves us.

Problem Statement 2 (Prioritized): Only 17% of our CSI scholars in rising 4th and 5th grade RLA hit the high cut score determined by the state. **Root Cause:** We did not prioritize skills that were taught in previous grade levels before focusing on on-grade level skills.

Student Learning

Student Learning Summary

85% of scholars ended the year reading on grade level in Kinder through 2nd grade pending Summer School data.

Based on the State of Texas high cut score for ELA, 3rd had 87% pass and using the low cut score, 99% passed. 4th grade ELA had 72% pass based on the high cut score with 98% passing using the low cut score.

3rd grade math had 52% pass using the high cut score with 94% passing using the low cut score and 4th grade had 51% using the high cut score with 94% using the low cut score in math.

Within our Special Education population, using the high cut score, 45% passed within ELA and 12% passed within math. Using the low cut score, we had 96% passed in ELA and 82% in math.

See PDF in Addendum for more information.

Student Learning Strengths

We created strong tracking mechanisms including dropping live data daily after every first teach and prioritizing observing and coaching teachers based on their feedback. We also increased in SpEd passing rate from this time last year.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The percent of scholars on or above grade level in K-2 reading decreased this year. **Root Cause:** There was not strategic intervention in place beginning in the Fall for already identified priority scholars.

Problem Statement 2 (Prioritized): Only 12% of scholars in SpEd hit the high cut score for math. **Root Cause:** Intervention was focused on more opportunities to practice targeted skills within a small group versus teaching targeted skills a different way (ex: breaking down the key points or using manipulatives).

School Processes & Programs

School Processes & Programs Summary

All instructional leaders observe classroom instruction weekly and provide daily feedback using TeachBoost along with a weekly what and how action step. Leaders are dedicated to supporting and coaching content for their contents. Staff meet weekly for professional development and all development is geared around what our school's data is telling us. We use a strategic reading program in grades Kinder through 2nd grade that ensures scholars are working on their individual reading level and data is tracked daily and reviewed weekly at a PTG. Technology is incorporated throughout all contents and assessments are now done online for grade 3rd-5th. Staff do not feel that they are included in decision making and do not feel that scholars have enough opportunity for joy and fun at school.

See PDF in addendum for more information

School Processes & Programs Strengths

82% of Burke staff feel that Burke is a great place to work compared to the US average of 57%. 100% or Co-Teachers that meet the qualifications for Lead Teacher have been promoted for this coming school year and 2 teachers are shifting to Assistant Principals of Instruction due to the coaching and developing they have received. Scholars lessons are embedded online and scholars have adapted to showing their work for online assessments on scratch paper within grades 3rd and 4th.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Based on our internal staff survey, 67% of staff feel that they are involved in the decisions that impact their role or work. **Root Cause:** Teachers have not been included in planning committees

Problem Statement 2 (Prioritized): Based on the internal staff survey, 60% of staff feel that Burke Academy is a fun place to work. **Root Cause:** There are not calendared/ scheduled days and times within the schedule to allow for scholars and staff to celebrate holidays and have team and family time on a monthly basis.

Perceptions

Perceptions Summary

92% of our teachers returned this year and 88% of our support staff were retained. 82% of our teachers say that Burke Academy is a great place to work, well over the US average of 57% Families have the opportunity to attend monthly family engagement events and attendance is tracked and has been 60-80% consistently throughout the year. Some families have a hard time attending due to their working hours and on our end of year family surveys, families were most concerned with using multiple platforms for communication.

See PDF in addendum for more information

Perceptions Strengths

Have maintained higher than 85% staff retention since we opened in 2019. This has allowed our teachers to be able to become content experts and our school culture has stayed consistent.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Parents voices were not heard throughout the year and they did not give input/feedback often enough. **Root Cause:** We did not schedule and plan quarterly parent surveys for families to provide feedback more consistently throughout the school year.

Problem Statement 2 (Prioritized): There were too many places that communication was shared with families and it was not streamlined. **Root Cause:** There was not a streamline of sharing communication on set platforms across the campus.

Priority Problem Statements

Problem Statement 1: Only 17% of our CSI scholars in rising 4th and 5th grade RLA hit the high cut score determined by the state.

Root Cause 1: We did not prioritize skills that were taught in previous grade levels before focusing on on-grade level skills.

Problem Statement 1 Areas: Demographics

Problem Statement 2: The percent of scholars on or above grade level in K-2 reading decreased this year.

Root Cause 2: There was not strategic intervention in place beginning in the Fall for already identified priority scholars.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Only 12% of scholars in SpEd hit the high cut score for math.

Root Cause 3: Intervention was focused on more opportunities to practice targeted skills within a small group versus teaching targeted skills a different way (ex: breaking down the key points or using manipulatives).

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Based on the internal staff survey, 60% of staff feel that Burke Academy is a fun place to work.

Root Cause 4: There are not calendared/scheduled days and times within the schedule to allow for scholars and staff to celebrate holidays and have team and family time on a monthly basis.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Based on our internal staff survey, 67% of staff feel that they are involved in the decisions that impact their role or work.

Root Cause 5: Teachers have not been included in planning committees

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Parents voices were not heard throughout the year and they did not give input/feedback often enough.

Root Cause 6: We did not schedule and plan quarterly parent surveys for families to provide feedback more consistently throughout the school year.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: There were too many places that communication was shared with families and it was not streamlined.

Root Cause 7: There was not a streamline of sharing communication on set platforms across the campus.

Problem Statement 7 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Observation Survey results
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback

- Class size averages by grade and subject
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Study of best practices
- Action research results
- Other additional data

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 60% to 62% in Spring 2024 (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: Exit ticket data and district assessments

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Immediate reteach of daily Exit Ticket within Extensions **Strategy's Expected Result/Impact:** increase in daily mastery of skills **Staff Responsible for Monitoring:** All ELA teachers and SpEd Teachers **Title I:** 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Demographics 2	40%	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Track all IEP goals and have individual growth goals for all SpEd, HB4545 scholars, and EBs **Strategy's Expected Result/Impact:** Scholars will celebrate the small wins within their growth and be motivated **Staff Responsible for Monitoring:** All teachers including SpEd and Interventionists **Title I:** 2.6 **- TEA Priorities:** Build a foundation of reading and math **Problem Statements:** Demographics 2	15%	50%		

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Campus will employ a teacher to provide tutoring during the school day using Accelerated Reader program **Strategy's Expected Result/Impact:** Increase overall scholar achievement with a 5% increase from last years data point **Staff Responsible for Monitoring:** Principal and API **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Demographics 2 **Funding Sources:** Staff Member - Title I, Part A (4120) - $33,000				

Strategy 4 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 4: Staff Member employed to support and pull for scholars below grade level in Reading as an Intervention class during the school day. **Strategy's Expected Result/Impact:** 60% of scholars that did not pass reading STAAR will hit approaches or higher **Staff Responsible for Monitoring:** Principal and API **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Demographics 2 **Funding Sources:** Full Time Teacher - Title I, Part A (4120) - $59,000				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 2: Only 17% of our CSI scholars in rising 4th and 5th grade RLA hit the high cut score determined by the state. **Root Cause**: We did not prioritize skills that were taught in previous grade levels before focusing on on-grade level skills.

Goal 1: IDEA achieves an A Rating

Performance Objective 2: Third-grade students performing at or above grade level in math as measured by the Meets Grade Level Standard on STAAR will increase from 42% to 44% in Spring 2024 (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Campus will employ a staff member to pull for intervention and reteach within the ilearning class **Strategy's Expected Result/Impact:** Overall scholar passing will increase 5% from last years data. **Staff Responsible for Monitoring:** Principal and API **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Demographics 2 **Funding Sources:** Accelerated Reading Co-Teacher - Title I, Part A (4120) - $33,000	20%	50%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 2: Only 17% of our CSI scholars in rising 4th and 5th grade RLA hit the high cut score determined by the state. **Root Cause**: We did not prioritize skills that were taught in previous grade levels before focusing on on-grade level skills.

IDEA Public Schools

Carver Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 23, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: May 23, 2023

Demographics

Demographics Summary

Carver Academy focuses on recruitment, enrollment and retention of minority children in low socioeconomic households. Boasting 100% college for all with 100% of our scholars going to and through college; we pride ourselves in providing academic growth for all scholars and closing the achievement gap between minority demographics and "White" and "Asian" students across the nation. For the 2021-2022 school year, Carver Academy enrolled 89% economically disadvantaged students, 7% special education, 83% Hispanic, 9% African American, and 6% White. We obtain this data through surveys completed by parents or guardians at the time of enrollment. IDEA Carver serves 9% of its scholars in an emergent early exit bilingual program and has received an "A" rating from the Texas Education Agency for the 2021-2022 School year.

Demographics Strengths

IDEA Carver's demographic strengths include less than 10% of students are identified as needing special education services, at 7%. Carver works dilegently to recruit, hire and retain teachers and staff that mirror the needs of the student demographics at Carver Academy. 21% of our teachers are African American and 75% are Hispanic.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): The average daily attendance percentage was 93.41% for the 2022 and 2023. **Root Cause:** Absences were not well documented for the 22-23 school year. From the data we collected from phone calls and absent notes, 41% of absences were due to illness 11% were due to family emergencies and 4% were due to transportation issues. The campus did not hold meetings for scholars until their 10th day of absences and failed to collect data to intervene in time to maintain a 97.5% attendance rate

Problem Statement 2 (Prioritized): Carver academy strives to maintain enrollment and our goal is to retain 90% of our scholars each year. For the 2022-2023 school year we had an overall persistence of 85% and new to IDEA scholars we only had 78% persistence. **Root Cause:** Transportation is our largest concern, with most scholars moving out of driving distance or traffic concerns due to our location downtown. Other leavers are due to wanting extracurricular activities for their children, such as football, cheerleading, band and other clubs.

Student Learning

Student Learning Summary

For the 2022-23 School year, Carver Academy had an overall 82% of students reading on grade level in kindergarten through 2nd grade, according to Direct Instruction assessments. District unit assessments in STAAR tested grade levels and contents; Reading, Math and Science in 3rd, 4th and 5th grades showed, on average, 90% of students have a score that reflects they are approaching grade level content. On district mock STAAR testing the scores were as follows: 3rd Math 80/35/10, 4th Math 68/27/15, 5th Math 85/43/12, 3rd ELA 69/13/4, 4th ELA 70/24/6, 5th ELA 81/40/18 and 5th Science 75/41/16. The goal is to have 90% approaches, 60% meets and 30% masters. Overall STAAR scores and passing standards will not be released until Aug. 2023.

Student Learning Strengths

District unit assessments in STAAR tested grade levels and contents; Reading, Math and Science in 3rd, 4th and 5th grades showed, on average, 90% of students have a score that reflects they are approaching grade level content. Kindergarten Direct Instruction scores report 70% of students on grade level at the end of the school year, 82% in first grade and 87% in second grade.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): According to data collected from our Direct Instruction reading program, only 83% of scholars, in first grade, are reading on grade level. The goal is 90% of scholars are reading on grade level by the end of 1st grade, at Carver Academy. **Root Cause:** Due to a program change from Kinder to 1st grade, scholars came into 1st grade missing decoding skills for the first grade program. Teachers did not provide intervention at BOY and waited until 2nd semester.

Problem Statement 2 (Prioritized): Our goal is 90/60/30 (approaches, meets and masters) in each content and grade level for the STAAR assessments. 5th grade science was short of the goal at 82/51/25 and 5th grade math also fell short of the goal at 86/41/13. **Root Cause:** 5th grade math and science needs additional opportunities for holding labs as well as targeting higher level thinking and problem solving during daily instruction. Teachers need coaching on "productive" struggle and teaching to mastery.

School Processes & Programs

School Processes & Programs Summary

Carver Academy has many school processes and curriculum support programs for students to support our mission of college for all. We offer programs such as Accelerated Reader, Math Hotspot, PE, and art. Our scholars are taught curriculum at an accelerated rate and participate in a classroom environment with weekly live coaching, feedback sessions and daily data reviews with their manager.

At Carver, professional development is provided to 100% of teachers and staff through live coaching, PD sessions each week and coaching feedback meetings.

We had 100% of teachers from the end of the 2022-2023 school year either receive a promotion within the district or return to Carver for the 2023-2024 school year.

Carver Academy had less than acceptable attendance for the 2022-2023 school year at 93.4%. We rewards scholars with good attendance with monthly incentives such as parties, free dress days and special activities.

Carver offers art club after school as well as tutoring and safety patrol to include a variety of scholars in extra-curricular activities.

School Processes & Programs Strengths

Curriculum & Instruction:

- IDEA Carver provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills

SEL/ Mental Health and Family Engagement

- IDEA Carver Academy employs a campus counselor to lead SEL for all students at Carver Academy
- Parent surveys reported an overall satisfaction of 90% with the academics and culture at Carver Academy

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Operations has only 77% staff retention for the 22-23 school year. **Root Cause:** Reasons cited for leaving were lack of work/life balance and too many demands for the position.

Problem Statement 2 (Prioritized): Only 51% of Carver lead classroom teachers are state certified with 0% of teachers ESL or bilingual certified. **Root Cause:** Teachers do not see the value in getting certified by the state due to being hired without the certification. Teachers are not recruited or asked to get certification upon hire.

Perceptions

Perceptions Summary

In the 2022-2023 school year parent surveys were sent out to 100% of families to receive feedback on their overall feelings on the school culture and staff. Less than 10% of families completed the survey, however they provided 90% satisfaction with Carver Academy, overall. Staff survey results report that over 90% of staff is satisfied with the work environment and plan to return for the 23-24 school year. Welcome to IDEA events have low attendance and many families wait until the first day of school or later to attend on-boarding with the principal. Welcome to IDEA was only attended by 30% of families. There are limited number of volunteer opportunities at Carver Academy and parent participation at school events has increased this year. Things that are needed for the 23-24 school year are more opportunities for parents volunteers as well as documentation at parent events to receive feedback.

Perceptions Strengths

90% of parents report an overall satisfaction with their students' teachers and the school environment.

Over 90% of staff members report an overall satisfaction with Carver academy and plan to return for the following school year.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): On average, only 20% of families attend after school, evening and during school events created for family engagement, compared to 86% of families that attended end of the school year award ceremonies. Only 33% of new families attend our Welcome to IDEA event. **Root Cause:** According to surveys and parent polling, parents report that they are more inclined to come when they are given more than two months notice as well as know and understand the event before choosing to attend.

Problem Statement 2 (Prioritized): During the 2022-2023 school year there were 41 office referrals for aggressive behavior towards other students and staff. **Root Cause:** Restorative practices and parent meetings were not held with fidelity. Social and emotional curriculum was not teaching the explicit rights and wrongs of acceptable behavior at school.

Priority Problem Statements

Problem Statement 1: The average daily attendance percentage was 93.41% for the 2022 and 2023.

Root Cause 1: Absences were not well documented for the 22-23 school year. From the data we collected from phone calls and absent notes, 41% of absences were due to illness 11% were due to family emergencies and 4% were due to transportation issues. The campus did not hold meetings for scholars until their 10th day of absences and failed to collect data to intervene in time to maintain a 97.5% attendance rate

Problem Statement 1 Areas: Demographics

Problem Statement 2: Carver academy strives to maintain enrollment and our goal is to retain 90% of our scholars each year. For the 2022-2023 school year we had an overall persistence of 85% and new to IDEA scholars we only had 78% persistence.

Root Cause 2: Transportation is our largest concern, with most scholars moving out of driving distance or traffic concerns due to our location downtown. Other leavers are due to wanting extracurricular activities for their children, such as football, cheerleading, band and other clubs.

Problem Statement 2 Areas: Demographics

Problem Statement 3: According to data collected from our Direct Instruction reading program, only 83% of scholars, in first grade, are reading on grade level. The goal is 90% of scholars are reading on grade level by the end of 1st grade, at Carver Academy.

Root Cause 3: Due to a program change from Kinder to 1st grade, scholars came into 1st grade missing decoding skills for the first grade program. Teachers did not provide intervention at BOY and waited until 2nd semester.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Our goal is 90/60/30 (approaches, meets and masters) in each content and grade level for the STAAR assessments. 5th grade science was short of the goal at 82/51/25 and 5th grade math also fell short of the goal at 86/41/13.

Root Cause 4: 5th grade math and science needs additional opportunities for holding labs as well as targeting higher level thinking and problem solving during daily instruction. Teachers need coaching on "productive" struggle and teaching to mastery.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Operations has only 77% staff retention for the 22-23 school year.

Root Cause 5: Reasons cited for leaving were lack of work/life balance and too many demands for the position.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Only 51% of Carver lead classroom teachers are state certified with 0% of teachers ESL or bilingual certified.

Root Cause 6: Teachers do not see the value in getting certified by the state due to being hired without the certification. Teachers are not recruited or asked to get certification upon hire.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: During the 2022-2023 school year there were 41 office referrals for aggressive behavior towards other students and staff.

Root Cause 7: Restorative practices and parent meetings were not held with fidelity. Social and emotional curriculum was not teaching the explicit rights and wrongs of acceptable behavior at school.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: On average, only 20% of families attend after school, evening and during school events created for family engagement, compared to 86% of families that attended end of the school year award ceremonies. Only 33% of new families attend our Welcome to IDEA event.

Root Cause 8: According to surveys and parent polling, parents report that they are more inclined to come when they are given more than two months notice as well as know and understand the event before choosing to attend.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Covid-19 Factors and/or waivers for Assessment, Accountability, ESSA, Missed School Days, Educator Appraisals, etc.
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data
- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Attendance data
- Enrollment trends

Employee Data

- Teacher/Student Ratio
- State certified and high quality staff data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Budgets/entitlements and expenditures data

Goals

Revised/Approved: June 16, 2023

Goal 1: IDEA Carver Academy will achieve an A Rating for the 2023-2024 school year

Performance Objective 1: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 60% to 62% in Spring 2024 (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: Unit Assessments, mock exams, benchmark assessments

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Carver Academy will provide after school tutoring to students that scored at the "did not meet" and "approaches grade level" standards on the 2023 3rd Grade Reading STAAR test. **Strategy's Expected Result/Impact:** Increase "did not meet" and "approaches grade level" scores from X% to X% for the 2024 STAAR test. **Staff Responsible for Monitoring:** Campus Principal **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 2: Strategic Staffing, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 2 **Funding Sources:** Teacher extra duty pay - ESSER - ESSER III (4128) - ESSER - $10,000	N/A	50%

School Processes & Programs
Problem Statement 1: Operations has only 77% staff retention for the 22-23 school year. **Root Cause**: Reasons cited for leaving were lack of work/life balance and too many demands for the position.
Problem Statement 2: Only 51% of Carver lead classroom teachers are state certified with 0% of teachers ESL or bilingual certified. **Root Cause**: Teachers do not see the value in getting certified by the state due to being hired without the certification. Teachers are not recruited or asked to get certification upon hire.

Goal 4: Carver Academy will increase staff retention from 90% to 95% for the 2023-2024 school year

Performance Objective 2: IDEA Carver Academy will maintain being 100% staffed for all teacher positions throughout the 2023-24 school year.

High Priority

Evaluation Data Sources: Staff listings

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: IDEA Carver Academy will recruit and hire high quality candidates per role by using high quality resume criteria **Strategy's Expected Result/Impact:** IDEA Carver Academy will maintain being 100% staffed for all teacher positions throughout the 2023-24 school year **Staff Responsible for Monitoring:** Campus Principal **Title I:** 2.4, 2.6 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 2: Strategic Staffing **Problem Statements:** Demographics 2 - Student Learning 1, 2 - School Processes & Programs 1, 2	55%	55%		

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 2: Carver academy strives to maintain enrollment and our goal is to retain 90% of our scholars each year. For the 2022-2023 school year we had an overall persistence of 85% and new to IDEA scholars we only had 78% persistence. **Root Cause**: Transportation is our largest concern, with most scholars moving out of driving distance or traffic concerns due to our location downtown. Other leavers are due to wanting extracurricular activities for their children, such as football, cheerleading, band and other clubs.
Student Learning
Problem Statement 1: According to data collected from our Direct Instruction reading program, only 83% of scholars, in first grade, are reading on grade level. The goal is 90% of scholars are reading on grade level by the end of 1st grade, at Carver Academy. **Root Cause**: Due to a program change from Kinder to 1st grade, scholars came into 1st grade missing decoding skills for the first grade program. Teachers did not provide intervention at BOY and waited until 2nd semester.

Student Learning

Problem Statement 2: Our goal is 90/60/30 (approaches, meets and masters) in each content and grade level for the STAAR assessments. 5th grade science was short of the goal at 82/51/25 and 5th grade math also fell short of the goal at 86/41/13. **Root Cause**: 5th grade math and science needs additional opportunities for holding labs as well as targeting higher level thinking and problem solving during daily instruction. Teachers need coaching on "productive" struggle and teaching to mastery.

School Processes & Programs

Problem Statement 1: Operations has only 77% staff retention for the 22-23 school year. **Root Cause**: Reasons cited for leaving were lack of work/life balance and too many demands for the position.

Problem Statement 2: Only 51% of Carver lead classroom teachers are state certified with 0% of teachers ESL or bilingual certified. **Root Cause**: Teachers do not see the value in getting certified by the state due to being hired without the certification. Teachers are not recruited or asked to get certification upon hire.

Goal 5: IDEA Carver Academy will increase student enrollment from 460 to at least 608 for the 2023-2024 school year

Performance Objective 1: Carver Academy will use hold two community outreach events with the Carver Center to promote the school and communicate the location and success.

High Priority

Evaluation Data Sources: Attendance of the event and registrations completed from the event

Strategy 1 Details	Reviews			
	Formative			Summative

IDEA Public Schools

Converse Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 16, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 26

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Converse Academy is a Title 1 campus that offers quality educational programs and extracurricular activities to students in grades Kinder - 5th grade. IDEA Converse Academy is part of one of the fastest growing charter school networks. Currently, IDEA Converse Academy has an enrollment of 660 scholars. This is an increase of about 165 students from the previous school year. This increase is attributed to the addition of 2 new grade levels, 4th and 5th, to our campus for the 23-24 school year.

The school's demographics include approximately 75% of the student population is economically disadvantaged, 60% Hispanic, 23% African American and 8% students in Special Education.

Demographics Strengths

1. We have a diverse staff on campus and staff name they feel our current staffing roster reflects diversity in hiring.
2. Regardless of socioeconomic status, we have high levels of engagement from our families.
3. We retained our top performing teachers for the 23-24 school year.
4. We increased average daily attendance by 3% from the 21-22 to the 22-23 school year.
5. We increased overall persistence by 3.52% from the end of year 21-22 to end of year 22-23.
6. For family engagement events, we have high levels of participation from both families and staff.
7. There was a decrease in behavioral incidents requiring an administrator response from 21-22 to 22-23.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Average daily attendance fell far short of our goal of 97% with many scholars displaying trends of chronic absenteeism. **Root Cause:** The ADA matrix was cumbersome and leaders did not have strong systems in place to follow it with fidelity for family accountability.

Problem Statement 2 (Prioritized): Behaviors exhibiting physical aggression accounted for 25% of office referrals for the 22-23 school year. **Root Cause:** There was a lack of fidelity to written consequence plans by staff. Additionally, there was a lack of proactive teaching around the harm of physical aggression and teaching replacement behaviors to help scholars problem solve.

Student Learning

Student Learning Summary

IDEA Converse Academy is on track to have 90% or more of scholars in Kindergarten through 2nd grades reading on or above grade level. Based on preliminary STAAR results, we ended in the top half of the region for performance on both reading and math STAAR. All scholars have demonstrated eligibility for promotion to the next grade level.

Student Learning Strengths

1. We are on-track to meet our goal of 90% of more of scholars reading on/above grade level in K-2.
2. In 3rd grade, our scholars performed in the top 6 of the district for Math Mock STAAR.
3. Students who are not on track to meet academic goals have opportunities for additional support through CSI intervention and/or tutoring.
4. Staff have a wide variety of educational experience and receive coaching throughout the year to continue to develop additional skills.
5. In 2nd grade, 95% of scholars are expected to end the year on grade level in reading.
6. In Kinder and 1st grade, scholars are on track to hit the 90/60/30 goal for ELA End of Year assessment.
7. We see alignment between formative and summative assessment results.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Response to Intervention (RTI) was inconsistently leveraged as a tool to support struggling scholars across the campus. **Root Cause:** There was a lack of clear operating mechanisms in place for RTI implementation and monitoring.

Problem Statement 2 (Prioritized): There is a performance gap of 5% or more across grade levels between EB and non-EB scholars with the largest gap being in 3rd grade. **Root Cause:** We failed to equip teachers with clear supports or accommodations they could provide to EB scholars to set them up for success in the General Education setting.

School Processes & Programs

School Processes & Programs Summary

There are a wide variety of processes and programs in place to support scholars and staff. We engage in weekly development with our staff through after-school professional development sessions as well as regular check-ins with managers. Teachers leverage systems for parent communication such as Class Dojo and Remind to inform parents of any updates while also responding to questions or concerns from parents.

Each week, leaders engage in a weekly tactical meeting to discuss school performance data, upcoming events and any pertinent topics requiring leadership input.

School Processes & Programs Strengths

1. We have clear safety protocols in place and maintain compliance with expected safety drills.
2. There is a rigorous hiring process which includes a minimum of 2 interviews and a reference check from the applicant's most recent supervisor.
3. Teachers are able to request professional development opportunities from outside of the organization.
4. Lesson planning within the campus is data-driven and there are clear operating mechanisms in place to capture data.
5. There are systems in place for consistent and ongoing feedback to teachers.
6. The Teacher Career Pathway serves as an incentive for staff for continued growth.
7. There are strong systems in place to support new teachers through New Teacher Institute, clear management training at the beginning of the year and weekly manager check-ins.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Grade level teams do not meet with consistency which leads to gaps in opportunities for collaboration. **Root Cause:** There is a lack of clear expectations for the frequency of team meetings as well as the content that is expected to be covered.

Problem Statement 2 (Prioritized): Socio-emotional curriculum is not implemented with fidelity nor is adjusted based on grade-level/campus/classroom trends. **Root Cause:** Data is not consistently published regarding SEL implementation weekly. Leaders have overlapping meetings on the calendar during Morning Meeting time which holds us back from observing to provide accountability, coaching and support for this important block.

Perceptions

Perceptions Summary

IDEA Converse Academy has maintained a fully enrolled status throughout the 22-23 school year. Overall, families report satisfaction with the academic supports in place for their scholars and that they have access to message teachers directly with questions or concerns. When scholars have concerns or need additional support, teachers and leaders work in partnership to address student needs in a timely manner and support them in restoring relationships.

Perceptions Strengths

1. Families receive timely communication regarding drills, campus events and incidents on campus due to consistent systems with Remind and Class Dojo.
2. Leaders and teachers collaborate to provide students the opportunity to mediate any conflict they have to restore relationships.
3. Families feel welcomed when coming to events and have a positive experience when invited on to campus.
4. Families name they feel satisfied with the academic supports their scholars receive at school.
5. Teachers and families know how to request additional socio-emotional support through our licensed school counselor.
6. We are fully enrolled for the 22-23 school year showing parents have interest in sending their students to school with us.
7. Overall, families are able to lift concerns and have them addressed with urgency.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Families feel they have limited opportunities to be on campus during the school day to engage with their scholar. **Root Cause:** There is a lack of clear processes/operating mechanisms for parents to come on to campus regularly. There is a lack of communication around how parents can schedule opportunities to shadow their scholar for the day.

Problem Statement 2 (Prioritized): Families who primarily speak Spanish name they do not receive consistent campus communication translated into their native language. **Root Cause:** There is a lack of partnership for weekly translation support with a Spanish speaker for our school counselor who is on the hook for the campus newsletters.

Priority Problem Statements

Problem Statement 1: Average daily attendance fell far short of our goal of 97% with many scholars displaying trends of chronic absenteeism.

Root Cause 1: The ADA matrix was cumbersome and leaders did not have strong systems in place to follow it with fidelity for family accountability.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Behaviors exhibiting physical aggression accounted for 25% of office referrals for the 22-23 school year.

Root Cause 2: There was a lack of fidelity to written consequence plans by staff. Additionally, there was a lack of proactive teaching around the harm of physical aggression and teaching replacement behaviors to help scholars problem solve.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Response to Intervention (RTI) was inconsistently leveraged as a tool to support struggling scholars across the campus.

Root Cause 3: There was a lack of clear operating mechanisms in place for RTI implementation and monitoring.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: There is a performance gap of 5% or more across grade levels between EB and non-EB scholars with the largest gap being in 3rd grade.

Root Cause 4: We failed to equip teachers with clear supports or accommodations they could provide to EB scholars to set them up for success in the General Education setting.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Grade level teams do not meet with consistency which leads to gaps in opportunities for collaboration.

Root Cause 5: There is a lack of clear expectations for the frequency of team meetings as well as the content that is expected to be covered.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Socio-emotional curriculum is not implemented with fidelity nor is adjusted based on grade-level/campus/classroom trends.

Root Cause 6: Data is not consistently published regarding SEL implementation weekly. Leaders have overlapping meetings on the calendar during Morning Meeting time which holds us back from observing to provide accountability, coaching and support for this important block.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Families who primarily speak Spanish name they do not receive consistent campus communication translated into their native language.

Root Cause 7: There is a lack of partnership for weekly translation support with a Spanish speaker for our school counselor who is on the hook for the campus newsletters.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Families feel they have limited opportunities to be on campus during the school day to engage with their scholar.

Root Cause 8: There is a lack of clear processes/operating mechanisms for parents to come on to campus regularly. There is a lack of communication around how parents can schedule opportunities to shadow their scholar for the day.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Closing the Gaps Domain

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- Local diagnostic reading assessment data
- Local benchmark or common assessments data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Other additional data

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 61% to 63% in Spring 2024 (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Invest scholars in independently tracking performance on assessments on individual trackers within 72 hours of assessment. **Strategy's Expected Result/Impact:** Increase scholar accountability and motivation for growth in results. **Staff Responsible for Monitoring:** All ELAR teachers, APIs, Principal				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: IDEA achieves an A Rating

Performance Objective 2: IA: Third-grade students performing at or above grade level in math as measured by the Meets Grade Level Standard on STAAR will increase from 43% to 45% in Spring 2024. (HB3)

IDEA Public Schools

Donna Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 24, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Academy Donna is a Title 1 campus that offers quality educational programs and extracurricular activities to students in grades Kindergarten through 5th grade. IDEA Academy Donna is a part of one of the fastest growing charter school networks in the Rio Grande Valley. Currently, IDEA Academy Donna has a large student enrollment in the IDEA Public School districts with a membership of 799 students. This enrollment count has been consistent even after recruitment efforts post pandemic. New students have enrolled from several different school districts in the Rio Grande Valley, as well as from Mexico.

The school's demographics include approximately 98% of the student population is economically disadvantaged, 96% Hispanic, 6% students with disabilities, and 50% English language learners.

Demographics Strengths

1. 90% Teacher retention

2. 90% of our students persist with us

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Our attendance has fallen below 97.5% **Root Cause:** Lack of clear communication at the beginning of the year with families who continue to have high absences.

Problem Statement 2 (Prioritized): Increase in referrals for social and emotional wellness support for students. **Root Cause:** Competing priorities led to not being consistent with preventative measures such as more whole classroom sessions.

Student Learning

Student Learning Summary

The 2022-2023 school year had many challenges due to the new way of testing. IDEA Academy Donna will use the 2022-2023 student achievement results as a point of reference for setting academic goals for this school year. We will focus on targeted academic needs reflected on online 2022-2023 Math, Science and ELA exams. Although we saw overall early high predictions, we know we will have certain academic gaps to focus on. IDEA Academy Donna stakeholders will make every effort to ensure that all students are provided with the best, strategic, and informed instructional practices and technology in order to minimize gaps and increase the learning curve for all students this 2023-2024 school year.

Student Learning Strengths

- Tutoring across contents and grade levels started earlier.
- CSI was in constant communication with general education teachers to better support students.
- Scaffolding was being done across grade levels and contents.
- Special pop students were targeted and plans were put in place early to help students. This includes EL, RTI, 504, and new to IDEA students.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Contents were not aligned throughout different grade levels. **Root Cause:** Insufficient strategy meetings throughout the year to help align different levels across contents.

Problem Statement 2: Teachers struggled using district online platform Edcite in order to create and administer online exit tickets, MM, EOM, TQ etc. **Root Cause:** Lack of knowledge and training opportunities for teachers and leaders on using the new program did not allow for a quick turnaround to provide professional development for teachers.

Problem Statement 3 (Prioritized): Students need more support when it comes to oral vocabulary, oral presentation and speaking opportunities. This is direct alignment to the literary component; Listening, speaking, reading, and writing. **Root Cause:** Lack of observations and coaching to support teachers with oral accommodations/supports.

School Processes & Programs

School Processes & Programs Summary

Professional development is planned by our district and at the campus level to ensure that we are informed of new trends in the educational field and to reinforce the best teaching practices for our students. Throughout the year, professional development is provided to all professional district employees. The district provides professional development to target the implementation of best practices in all content areas, special education, physical education, CPR, and CPI. During the summer, the academic services team plans and develops the scope and sequence and lesson plans for all core subject areas. The administrator at IDEA Academy Donna sets high expectations for each teacher to professionally grow and attend professional development classes throughout the summer. Professional development is also provided throughout the year to train teachers on the implementation of the core curriculum. IDEA Academy Donna supports professional growth by continued coaching and developing through classroom observations and feeback meetings to ensure teachers are delivering quality instruction. IDEA Academy Donna encourages and supports continuous growth for all professionals and co-teachers, so that teachers can have a positive impact on student learning and academic growth. Co-teachers are also included in all staff development days so that they can show continuous growth. Administrators are also required to attend coach's academy for professional growth and have weekly check-ins with the principal and other regional instructional coaches to ensure they are also developing their instructional coaching skills.

School Processes & Programs Strengths

- IDEA retains an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My School is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school holds my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Teachers support for students with special needs differences was not consistent **Root Cause:** Lack of Diversity/Inclusivity professional development for all staff.

Problem Statement 2 (Prioritized): Lack of Reading/Writing alignment between Lower grades and upper grades **Root Cause:** Inconsistent alignment meetings scheduled through out the year

Problem Statement 3 (Prioritized): Lack communication between RISE, content teachers and Special Programs teachers **Root Cause:** RISE teachers have not be included in the vertical alignment meetings hosted by general educatin teachers in 3rd-5th

Perceptions

Perceptions Summary

IDEA Academy Donna prides itself in promoting a positive climate and culture. High expectations are set for all students and given opportunities to succeed. All successes, whether great or small are celebrated. These celebrations are used to motivate students to improve academically, make efforts to attend school daily and create a positive attitude toward their learning. IDEA Academy Donna staff invites members of the community to visit and provide presentations and activities for students and parents. All students are encouraged to participate in various afterschool activities. IDEA Academy Donna staff understands that parental support is necessary. Our staff maintains a family and community friendly environment. Parents are welcome to volunteer and take parental classes offered on campus. Parents are kept informed of all activities with the use of a monthly calendar, Facebook, Parent newsletter, flyers, Remind, and phone calls.

Perceptions Strengths

- IDEA Academy creates a positive climate and culture by investing parents and families in family engagement events such as Back to School Bash, Coffee with the Principal, Grandparents Day, Sports with Dad, and Mother's Day etc.
- IDEA Academy invites community members to partner, visit and provide presentations and activities for students and parents including Fire Prevention Week, Autism Acceptance Walk, Self Esteem Bingo.
- IDEA Academy maintains communication with families, scholars and the community in order to create a positive, family friendly environment and invest families and scholars in academic improvement, consistent daily attendance and a positive attitude toward their learning and social/emotional growth. This is achieved through Parent Weekly newsletter, Facebook, Remind etc…

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): School and community partnerships are limited. **Root Cause:** Lack of consistent community engagement planning and outreach for school events.

Problem Statement 2 (Prioritized): Inconsistent communication with families & community, impacting investment and support **Root Cause:** There has not been enough engagement with parents to ensure they have a platform presence on Remind to be informed of upcoming events and/or general school communications.

Priority Problem Statements

Problem Statement 1: Our attendance has fallen below 97.5%

Root Cause 1: Lack of clear communication at the beginning of the year with families who continue to have high absences.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Increase in referrals for social and emotional wellness support for students.

Root Cause 2: Competing priorities led to not being consistent with preventative measures such as more whole classroom sessions.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Contents were not aligned throughout different grade levels.

Root Cause 3: Insufficient strategy meetings throughout the year to help align different levels across contents.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Students need more support when it comes to oral vocabulary, oral presentation and speaking opportunities. This is direct alignment to the literary component; Listening, speaking, reading, and writing.

Root Cause 4: Lack of observations and coaching to support teachers with oral accommodations/supports.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Teachers support for students with special needs differences was not consistent

Root Cause 5: Lack of Diversity/Inclusivity professional development for all staff.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Lack of Reading/Writing alignment between Lower grades and upper grades

Root Cause 6: Inconsistent alignment meetings scheduled through out the year

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Lack communication between RISE, content teachers and Special Programs teachers

Root Cause 7: RISE teachers have not be included in the vertical alignment meetings hosted by general educatin teachers in 3rd-5th

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: School and community partnerships are limited.

Root Cause 8: Lack of consistent community engagement planning and outreach for school events.

Problem Statement 8 Areas: Perceptions

Problem Statement 9: Inconsistent communication with families & community, impacting investment and support

Root Cause 9: There has not been enough engagement with parents to ensure they have a platform presence on Remind to be informed of upcoming events and/or general school communications.

Problem Statement 9 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- State and federally required assessment information
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results

Student Data: Student Groups

- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- School safety data

Employee Data

- Staff surveys and/or other feedback

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

Evaluation Data Sources: ACT Scores above 21 or better

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide feedback on lesson plans that focus on student practice and assessment that align to student practice **Strategy's Expected Result/Impact:** Teacher development, student achievement **Staff Responsible for Monitoring:** Assistant Principal, Principal	15%	40%	60%	

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Track student progress through internal assessments to target specific student needs **Strategy's Expected Result/Impact:** Effective and targeted reteach, increase student achievement **Staff Responsible for Monitoring:** Assistant Principal, Principal	10%	40%	60%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 1: All IDEA students matriculate to college

Performance Objective 2: 100% of graduates meet TSIA college readiness benchmark (HB3)

High Priority

HB3 Goal

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Data Analysis: Consistent data conversations to identify misconceptions and provide teachers with practice opportunities for targeted reteach **Strategy's Expected Result/Impact:** Effective and targeted reteach, student academic success **Staff Responsible for Monitoring:** Assistant Principals	10%	40%	60%	

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Collaborate with College Prep Lead team on identifying the top 10 seniors of concern to start problem solving **Strategy's Expected Result/Impact:** Reduce the number of students of concern, 100% of seniors will attend college **Staff Responsible for Monitoring:** Principal	15%	40%	60%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 49% to 51% in Spring 2024 (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: Internal exam dashboard, instructional dashboard, weekly Internal dats analysis

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide differentiated instruction in Meets and Masters groups through enrichment activities, small group intervention, after-school tutoring. **Strategy's Expected Result/Impact:** Meets and Masters will increase by 5% in each grade level **Staff Responsible for Monitoring:** Teachers, Instructional coach and Principal	10%	40%	60%	

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Use interventionist to improve reading performance **Strategy's Expected Result/Impact:** Closing reading gaps through small group to increase student performance **Staff Responsible for Monitoring:** CSI, Assistant Principals	10%	40%	60%	

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Provide opportunities for teacher development by implementing Reading alignment meetings 3 times per school year **Strategy's Expected Result/Impact:** Closing reading gaps through the vertical alignment of k-5th **Staff Responsible for Monitoring:** Assistant Principals and Content Leaders	15%	40%	60%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 2: IA: Third-grade students performing at or above grade level in math as measured by the Meets Grade Level Standard on STAAR will increase from 39% to 41% in Spring 2024. (HB3)

High Priority

HB3 Goal

IDEA Public Schools

Donna College Prep

2023-2024 Campus Improvement Plan

Public Presentation Date: August 15, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Our Mission Statement
IDEA College Preparatory Donna is rewriting the story of underprivileged communities by creating a positive learning environment that equips students with the academic, social and leadership skills and international mindedness that are required to succeed in college and our global society.

IB Mission Statement
The International Baccalaureate Organization aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect. To this end the IBO works with schools, governments and international organizations to develop challenging programs of international education and rigorous assessment. These programs encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: August 28, 2023

Demographics

Demographics Summary

At ICP Donna, we are an open-enrollment charter school dedicated to providing equitable access to a high caliber education to our community. Our current enrollment is 709 with 377 students enrolled in our 6th-8th grades and 332 enrolled in our 9th-12th grades. We have a fairly homogenous population in terms of ethnic background as 97% of our students identify as Hispanic/lLatino and 2% identify as White. In regard to gender distribution, 48% of our students identify as male and 51% identify as female.

Our academic programming is highly rigorous and includes state required courses to meet graduation requirements however, we also offer Advanced Placement (AP) courses, the International Baccalaureate Diploma Program (IB DP) and Career and Technical Education (CTE) courses to 100% of our students without any type of application or enrollment fees.

In 8th grade, we offer high school credit courses and 1 CTE course to allow students to begin building their GPA as early as possible. We offer:

- Algebra I
- Spanish I
- Biology
- TSDE/Professional Communications (CTE)

In 9th and 10th grade we offer the following courses:

- AP Economics
- AP Government
- AP Spanish Literature
- AP World History
- AP Art History
- AP Computer Science
- Principles of Arts, A/V Technology, and Communications (CTE)
- Principles of Business, Marketing, and Finance (CTE)

In 11th and 12th grade, we offer our IB Diploma Programme to 100% of our students. Our course offerings are the following:

- Group 1: Language A Higher Level (HL)
- Group 2: Language B Lang and Lit (LL)
- Group 2: Language B Higher Level (HL)
- Group 2: Language B Standard Level (SL)
- Group 2: Language B Ab Initio
- Group 3: History of the Americas Higher Level (HL)
- Group 4: Biology Higher Level (HL)

- Group 4: Biology Standard Level (SL)
- Group 5: Mathematics Standard Level (SL)
- Group 6: Visual Arts Higher Level (HL)
- Group 6: Visual Arts Standard Level (SL)
- Group 7: Theory of Knowledge

For our IB DP, we also offer the CAS experience and EE program to ensure students are competing the IB continuum.

In addition, we offer UIL athletics such as Basketball, Baseball, Softball, Volleyball and Track. Our teams are highly competitive and have been recognized at the state and regional level.

We are also proud that 80-85% of our students return year after year, 90%+ of staff is retained annually, and our accountability rating has consistently been an A with the exception of the 21-22 school year in which a data entry error at the local level resulted in a B.

Demographics Strengths

Our campus has multiple strengths however some of the most compelling are listed below:

- Staff retention rate is consistently 85%+ on an annual basis.
- Our college matriculation rate has been at 100% since 2008 and are on track to meet that goal for the Class of 2023.
- We saw steady and significant improvement in our student achievement data based on our preliminary STAAR results. For example, our US EOC grew from 70% approaches to 97% approaches.
- Our Class of 2023 are 100% on track to graduate high school.
- Our campus is on track to meet an A rating as per the state of Texas' accountability system.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to maintain and/or increase student persistence as we have not kept 90%+ of our students since the 2019-2020 academic year. **Root Cause:** While there has not been a distinct pattern identified, the most common reasons for students leaving our campus is 1. The rules and student behavioral expectations are perceived as too strict. 2. Students are seeking a more varied middle and high school experience similar to those found in surrounding public schools. 3. Students are not fully invested or engaged in the academic program we offer.

Problem Statement 2: We have not consistently met our enrollment goals over the past 3 academic years. **Root Cause:** This problem is one that is dual layered in that one reason why we have not met enrollment is because many of our students seek to not return and secondly, we have not done a effective job at communicating all of the services and programming we have to offer.

Problem Statement 3 (Prioritized): We have had less than 97% average daily attendance (ADA) for the last two academic years. **Root Cause:** While we have not identified an overarching pattern. We have identified the following as root causes: 1. Our students and parents are not invested in being at school every day. 2. Our students have not internalized the connection between attendance and achievement. 3. We have not effectively communicated the importance of ADA and how it directly impacts academic trajectory.

Student Learning

Student Learning Summary

Our campus is currently on track to meet student achievement goals for the 22-23 academic year however, we are still pending official STAAR, AP, and IB exam data.

Historically our data in Domain 1 and Domain 2 has been the highest out of the 3 state accountability domains which speaks to our student achievement and student growth. We have struggled in Domain 3 as we have inconsistently met our EB (formerly EL indicator). We have not received our exam scores yet however, we did place a renewed emphasis on our SPED and EB student population as that was an area of growth from the 21-22 school year. We successfully meet 100% in regard to CCMR data ensuring that every single student either passes their TSI, one AP or IB exam, and/or receives a 21+ on their ACT exam.

Below is a chart outlining our student achievement data for the last 3 years:

GOAL	2019-2020	2020-2021	2021-2022	2022-2023
Campus A Rating	Not Rated	Met 94	Did Not Meet* 89	On Track 86**
100% Matriculation	Met 100%	Met 100%	-	-
25% IB Diploma Recipients	Did Not Meet 12%	Did Not Meet 20%	Met 31%	Off Track 9% (Based on PGs)
85% Staff Retention	Met 90%	Met 95%	Met 90%	On Track 88%
90% Persistence	Met 91%	Did Not Meet 85%	-	On Track 96.4%
50% CSI	-	-	Met 50%	-
90% New Student Persistence	-	-	Did Not Meet 78%	-
30% of 9th and 10th grade students will pass 1 AP exam	-	-	-	On Track 34%

Below is our state assessment, STAAR specific data:

STAAR DATA				
GRADE	**ENGLISH**	**MATH**	**SCIENCE**	**SOCIAL STUDIES**
6TH	2019-2020: 51|17|2 (SE) 2020-2021: 63|25|8 2021-2022: 69|47|24 2022-2023: 33|9|2 (ME)	2019-2020: 43|11|0 (SE) 2020-2021: 53|22|3 2021-2022: 76|39|18 2022-2023: 80|27|3 (ME)	-	-

See PDF in Addendum for more information.

Student Learning Strengths

Our campus has multiple strengths as it relates to student learning. Below is a brief summary of some of our most successful data points to as of the 22-23 school year:

- Continued high level CCMR performance.
- Improvement amongst our Middle School STAAR English exams from 21-22 to the 22-23 school year.
- Our Biology and USH EOC scores continue to meet our district 90|60|30 benchmarks.
- We have successfully maintained strong internal tracking systems to track our STAAR, AP, IB and accountability data.
- Our critical students have met their 2+ years growth goal as per our EOY Ren Star data results.
- We have a very strong middle school PE program that has allowed our campus to be named one of the Healthiest Campuses.
- Our middle school program achieved the Accelerated Reader (AR) Honor Roll.
- RISE STARR Alt consistently meets their goals.
- 100% 4-year college acceptances
- 50%+ Tier I/II acceptances

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Our Domain 3 results have been detrimentally impacted due to missing our TELPAS metric. **Root Cause:** Our EB students are not properly invested or prepared to take their annual TELPAS exam

Problem Statement 2 (Prioritized): Our middle school math STAAR scores have not recovered from pre-pandemic conditions. **Root Cause:** Our students have not been able to appropriately recover the procedural or theoretical skills necessary to master the math concepts set before them.

Problem Statement 3 (Prioritized): We have not consistently met our district 25% IB diploma goal. **Root Cause:** Students are not meeting the minimum amount of points in their Math, Biology, and History courses.

Problem Statement 4: We have not seen an increase in our Masters numbers. **Root Cause:** We have not placed an emphasis on Masters at our campus

School Processes & Programs

School Processes & Programs Summary

At ICP Donna, our programs and processes are integral to our students' success. As previously stated, we offer rigorous curriculum such as AP, IB and CTE courses to prepare our students as much as possible for the transition to the university level.

Curriculum & Instruction

- From a student facing perspective, we select course sequencing that we firmly believe will help support our students with the minimum Texas curriculum requirements but also select courses that we know will extend beyond the fundamental requirements. We want our students to have access to curriculum that is often only made accessible to a select few. This is one of the flagship reasons for our continuation of our IB Programme. We also are thoughtful about selecting online platforms that serve as critical resources such as AlbertIO, JSTOR, TurnItIn, and others.
- We have slowly begun to build our AP identity by integrating AP classes in 9th and 10th grade. We are happy to boast that 14% of our Class of 2024 are already AP scholars and 35% are only ONE test away.
- In our IB DP Programme, while we are still pending our Class of 2023 results, we exceeded the 25% IB Diploma goal for the Class of 2022 at 31% of our eligible receiving their IB Diploma, 59% of students pass 3 or more IB examinations, and 98% pass at least ONE of their exams. In addition, our History scores increased from 20% to 50% passing, our Biology scores increased from 20% to 31%, our Math scores increased from 20% to 30%, our TOK scores increased from 31% to 58%, and our Visual Arts scores increased form 6% to 62%. This was one of our strongest years and we remain optimistic that our scores to be released this July will reflect similar growth.
- Our STAAR achievement results were shared in a previous section.

Staff Development

- Our staff development is a campus priority as we know that in order for our students to be successful, their teachers need to be as equipped as possible. We achieve this in a multitude of ways.
- 100% of our teachers receive differentiated development during our Beginning of Year (BOY) Professional Development (PD) week by being able to select options. In addition, some teachers are excused if they have already demonstrated mastery in that particular skill set.
- 100% of our teachers receive development throughout the schools year through our Professional Learning Community (PLC) Meetings that take place weekly. Our PLC Calendar is designed by alternating development and operational topics. In a span of 4 weeks, we plan for one pedagogical topic or priority, one functional topic such as testing practices, one vertical and collaborative topic, and one horizontal and collaborative topic. In addition, we ensure that one PLC every month is led by a teacher so that they can receive additional development by leading PD for their peers.
- 100% of our teachers are observed once a week and/or once every two weeks contingent on need.
- 100% of our teachers receive feedback once a week and/or once every two weeks on their classroom instruction.
- 100% of our teachers receive feedback on their lesson plans every week.
- 100% of our instructional coaches are trained and normed on observation and feedback practices to ensure that the feedback provided to teachers is tightly aligned to our campus goals and needs.

Operating Mechanisms

- We have a cohesive and concise coaching cycle as one of our set operating mechanisms. This cycle is designed and followed by our instructional team to ensure that our teachers are being developed and held accountable to their action steps.
- 100% of our teachers have check in documents that allow their teachers to provide upward feedback.
- Each week, our leadership team meets and discusses various data points such as ADA, Persistence, Matriculation Data, and Student Achievement data both as a means of accountability but also in an effort to collaborate with one another and problem solve as needed.

School Processes & Programs Strengths

Some of the data points that deeply reflect various bright spots and highlights as a result of our programming, development, and operating mechanisms are listed below:

- ICP Donna retains 90%+ of teachers on an annual basis.
- ICP Donna retains 80%+ of students on an annual basis.
- Based on our student Panorama results our students rated the following statements at a 3.5 or higher from a Likert scale of 1-5:
    - Safety
    - School Climate
    - School Teacher/Student Relationships
- 80% of our students agree that they know how to report any type of suspicious activity.
- 93% of our students agree that they know what to do if an emergency happens.
- 91% of our students agree that our teachers are frequently or sometimes excited to be teaching classes.
- 83% of our students agree that their teachers are respectful towards them.
- 95% of our students agree that their teachers challenge them to do their best.
- 86% of our students agree that the adults on the campus care about them.
- 75% of our families agree that their children are learning everyday and being prepared for college.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Based on our latest Panorama family and student surveys, 79% of our parents responded that their teacher rarely or never tells them how their child is doing in class. **Root Cause:** There is no formal structure or expectation set for teachers on how often to communicate with their parents.

Problem Statement 2 (Prioritized): Based on our latest Panorama family and student surveys, 59% stated that they are sometimes, rarely, or never excited to come to school. **Root Cause:** Our campus traditions, incentives, and initiatives are not informed by student voices.

Problem Statement 3: We have monthly family/community events however, our attendance fluctuated throughout the year. **Root Cause:** Our families are not invested and/or do not see the value in our community events.

Perceptions

Perceptions Summary

Overall, this is an area in which there are multiple pockets in which we excel; our staff retention has been maintained at a 90%+ over the last 7 years, our student achievement results continue to meet or exceed benchmarks/goals, our graduation rate continues to be 100%, our matriculation rate also continues to be 100%, our extra curricular activities such as as our athletic program has continued to evolve and include new sports, and our behavioral/infraction data has improved as well.

Our staff continues to be vocal and comfortably shares upwards feedback with leaders. This is indication of the strengths of the professional relationships that have been fostered and a demonstration of the culture of achievement amongst our staff. In addition, our teachers willingly participate in various focus groups or committees when needed.

Our student organizations such as NHS, Student Council, and JSA continue to be incredibly active and beneficial to our community partnerships. Our student leaders maintain annual practices such as toy drives, food drives, community service events, community performances that allow students to showcase their work and learning, and show support at sporting events which illustrates the bond and camaraderie amongst our student body.

Perceptions Strengths

In addition to all of the bright spots listed above, we also have specific data from our AEES survey from the 22-23 academic year that affirms many areas that we are excelling in.

The following statements had a positive rating by 80%+ of staff:

- At work, I have the opportunity to do what I do best every day.
- I have at least one close friendship with another team member at IDEA.
- IDEA treats employees fairly no matter how they idenitify (race/ethnicity, gender identity, sexual orientation, language, socioeconomic background, physical and cognitive ability).
- My fellow employees are committed to doing quality work.
- My leadership team hires people who are a good fit for our team.
- My work is meaningful.

An area of improvement was staff's perception regarding time off as 70% agree with the statement, "I am able to use my earned PTO (Paid Time Off) when I need." This is an area that has been lower in the past and often made staff feel that we were not promoting a work/life balance. Also, 70% of staff agree that "[they are] proud to say [they] work for IDEA Public Schools." This is another bright spot as we have seen lower numbers in that statement before. Lastly, 70% of staff agree that "My leadership team demonstrates gratitude for good work and geninue efforts." this data point speaks to the culture of appreciation the leadership team at ICP Donna has worked continuously towards and one of reasons why our staff retention continues to be high.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Based on our AEES survey, less than half of our staff (42%) agree that IDEA is a mentally and emotionally healthy place to work. **Root Cause:** We do not have formal or explicit structures clearly indicating to staff that we are working towards creating a mentally and emotionally healthy place to work nor do we offer on site and licensed emotional or mental support.

Problem Statement 2: Based on our AEES survey, less than half of our staff (44%) agree that IDEA encourages team members to find work life balance. **Root Cause:** Our district

and by extension our campus does not have practices nor structures in place that encourage work life balance such as encouraging taking a mental health day and/or consideration of the high stress environment.

Problem Statement 3 (Prioritized): Based on our AEES survey, just over half (52%) agree that IDEA is a fun place to work. **Root Cause:** We do not have consistent social calendar where staff can celebrate with one another. We do not have regularly celebrate staff for accomplishments throughout the year and wait until BOY to do so.

Priority Problem Statements

Problem Statement 1: There is a need to maintain and/or increase student persistence as we have not kept 90%+ of our students since the 2019-2020 academic year.

Root Cause 1: While there has not been a distinct pattern identified, the most common reasons for students leaving our campus is 1. The rules and student behavioral expectations are perceived as too strict. 2. Students are seeking a more varied middle and high school experience similar to those found in surrounding public schools. 3. Students are not fully invested or engaged in the academic program we offer.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Our Domain 3 results have been detrimentally impacted due to missing our TELPAS metric.

Root Cause 2: Our EB students are not properly invested or prepared to take their annual TELPAS exam

Problem Statement 2 Areas: Student Learning

Problem Statement 3: We have not consistently met our district 25% IB diploma goal.

Root Cause 3: Students are not meeting the minimum amount of points in their Math, Biology, and History courses.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: We have had less than 97% average daily attendance (ADA) for the last two academic years.

Root Cause 4: While we have not identified an overarching pattern. We have identified the following as root causes: 1. Our students and parents are not invested in being at school every day. 2. Our students have not internalized the connection between attendance and achievement. 3. We have not effectively communicated the importance of ADA and how it directly impacts academic trajectory.

Problem Statement 4 Areas: Demographics

Problem Statement 5: Based on our latest Panorama family and student surveys, 59% stated that they are sometimes, rarely, or never excited to come to school.

Root Cause 5: Our campus traditions, incentives, and initiatives are not informed by student voices.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Based on our latest Panorama family and student surveys, 79% of our parents responded that their teacher rarely or never tells them how their child is doing in class.

Root Cause 6: There is no formal structure or expectation set for teachers on how often to communicate with their parents.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Based on our AEES survey, less than half of our staff (42%) agree that IDEA is a mentally and emotionally healthy place to work.

Root Cause 7: We do not have formal or explicit structures clearly indicating to staff that we are working towards creating a mentally and emotionally healthy place to work nor do we offer on site and licensed emotional or mental support.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Based on our AEES survey, just over half (52%) agree that IDEA is a fun place to work.

Root Cause 8: We do not have consistent social calendar where staff can celebrate with one another. We do not have regularly celebrate staff for accomplishments throughout the year and wait until BOY to do so.

Problem Statement 8 Areas: Perceptions

Problem Statement 9: Our middle school math STAAR scores have not recovered from pre-pandemic conditions.

Root Cause 9: Our students have not been able to appropriately recover the procedural or theoretical skills necessary to master the math concepts set before them.

Problem Statement 9 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant information
- SAT and/or ACT assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity, gender, etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Attendance data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Study of best practices

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

HB3 Goal

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Continue ACT Now! initiative (week long ACT review sessions prior to each exam for a total of 3/year) **Strategy's Expected Result/Impact:** Increase in composite score by .5-1 point each time. **Staff Responsible for Monitoring:** College Counselor & 11th Grade Team **Title I:** 2.5 - **TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **Funding Sources:** 71,960 - Title I, Part A (4120)	60%	80%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Maintain ACT student achievement tracking and use data to showcase growth and goals met **Strategy's Expected Result/Impact:** Increase in composite score and foster student investment **Staff Responsible for Monitoring:** College Counselor & 11th Grade Team **Title I:** 2.5 - **TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **Funding Sources:** 72,680 - Title I, Part A (4120)	60%	85%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 1: All IDEA students matriculate to college

Performance Objective 2: 100% of graduates meet TSIA college readiness benchmark (HB3)

High Priority

HB3 Goal

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Identify list of students at BOY that may need additional TSIA support based on their IB and AP performance so far. **Strategy's Expected Result/Impact:** Ensure that all students meet CCMR criteria and avoid remedial courses by passing their TSI **Staff Responsible for Monitoring:** College Counselor **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **Funding Sources:** 72,680 - Title I, Part A (4120)	25%	70%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Utilize our campus interventionist in order to support the Math component of the TSI exam as this is an area that has been identified as a gap. **Strategy's Expected Result/Impact:** Ensure that all students meet CCMR criteria and avoid remedial courses by passing their TSI. Ensure that students have a firm grasp on foundational math concepts. **Staff Responsible for Monitoring:** College Counselor **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **Funding Sources:** 72,680 - Title I, Part A (4120)	80%	85%		

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 1: All IDEA students matriculate to college

Performance Objective 3: 100% of our graduates will have a meaningful relationship with their PWI during their senior year

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Create calendar of monthly events/touchpoints for PWI and assigned student cohort to ensure that relationships are following an effective and timely operating mechanism that will allow for student and leader relationships to flourish. **Strategy's Expected Result/Impact:** Increase student investment and overall, level of of joy on campus. **Staff Responsible for Monitoring:** Director of College Counseling **Title I:** 2.4, 2.6 **- TEA Priorities:** Connect high school to career and college **Problem Statements:** Demographics 1, 3 - School Processes & Programs 2 **Funding Sources:** 85,492 - Title I, Part A (4120)	35%	50%		

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 3 Problem Statements:

Demographics
Problem Statement 1: There is a need to maintain and/or increase student persistence as we have not kept 90%+ of our students since the 2019-2020 academic year. **Root Cause**: While there has not been a distinct pattern identified, the most common reasons for students leaving our campus is 1. The rules and student behavioral expectations are perceived as too strict. 2. Students are seeking a more varied middle and high school experience similar to those found in surrounding public schools. 3. Students are not fully invested or engaged in the academic program we offer.
Problem Statement 3: We have had less than 97% average daily attendance (ADA) for the last two academic years. **Root Cause**: While we have not identified an overarching pattern. We have identified the following as root causes: 1. Our students and parents are not invested in being at school every day. 2. Our students have not internalized the connection between attendance and achievement. 3. We have not effectively communicated the importance of ADA and how it directly impacts academic trajectory.
School Processes & Programs
Problem Statement 2: Based on our latest Panorama family and student surveys, 59% stated that they are sometimes, rarely, or never excited to come to school. **Root Cause**: Our campus traditions, incentives, and initiatives are not informed by student voices.

Goal 1: All IDEA students matriculate to college

Performance Objective 4: 100% of our graduates will pass at least ONE IB or AP exam by the time they graduate in May 2024

High Priority

HB3 Goal

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Instructional coaches will have weekly and/or data conversations respectively aligned to our coaching cycle to ensure that students are on track to meet this goal. **Strategy's Expected Result/Impact:** Students will pass at least ONE IB or AP exam. **Staff Responsible for Monitoring:** APIs **Title I:** 2.4, 2.5 **- TEA Priorities:** Connect high school to career and college **Problem Statements:** Student Learning 3 - School Processes & Programs 2	40%	60%		

Strategy 2 Details	Reviews			
	Formative			Summative

Strategy 3: Create events with Academy counterpart when possible so families do not need to schedule multiple campus visits **Strategy's Expected Result/Impact:** Be in compliance with the Title 1 Family Engagement requirements through the following events: Meet the Teacher, Public Hearing, Spring Town Hall and Semester 1 Report Card Pick Up. (TEC 11.253(d)(9)) **Staff Responsible for Monitoring:** School Counselor & Principal **Title I:** 4.1, 4.2 **Problem Statements:** Demographics 1, 3 - School Processes & Programs 1, 2 **Funding Sources:** Pens, Calendar, File Organizer, Folders, Labels, Pens, Pencils, Cardstock, Clipboards - Title I, Part A (4120) - $806.58, Manipulatives and Resource Items - Title I, Part A (4120) - $1,883	50%	70%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 2 Problem Statements:

Demographics

Problem Statement 1: There is a need to maintain and/or increase student persistence as we have not kept 90%+ of our students since the 2019-2020 academic year. **Root Cause**: While there has not been a distinct pattern identified, the most common reasons for students leaving our campus is 1. The rules and student behavioral expectations are perceived as too strict. 2. Students are seeking a more varied middle and high school experience similar to those found in surrounding public schools. 3. Students are not fully invested or engaged in the academic program we offer.

Problem Statement 3: We have had less than 97% average daily attendance (ADA) for the last two academic years. **Root Cause**: While we have not identified an overarching pattern. We have identified the following as root causes: 1. Our students and parents are not invested in being at school every day. 2. Our students have not internalized the connection between attendance and achievement. 3. We have not effectively communicated the importance of ADA and how it directly impacts academic trajectory.

School Processes & Programs

Problem Statement 1: Based on our latest Panorama family and student surveys, 79% of our parents responded that their teacher rarely or never tells them how their child is doing in class. **Root Cause**: There is no formal structure or expectation set for teachers on how often to communicate with their parents.

Problem Statement 2: Based on our latest Panorama family and student surveys, 59% stated that they are sometimes, rarely, or never excited to come to school. **Root Cause**: Our campus traditions, incentives, and initiatives are not informed by student voices.

Goal 3: Increase student persistence

Performance Objective 3: IA & CP: 100% of schools will complete the Anti-Bullying and Safer, Smarter School curriculum by deadline indicated on the district calendar. (TEC 11.253(d)(8))

IDEA Public Schools

Eastside Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 24, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Goal 5: Increase staff retention 22
Title I Personnel 24

Priority Problem Statements

Problem Statement 1: Unsuccessful implementation of the RTI process.

Root Cause 1: Leaders in charge of RTI have not been adequately trained or seen a model of successful RTI implementation.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: We do not have a specific plan for additional opportunities to meet individual student needs or help students who are failing or retained.

Root Cause 2: Students who are retained or failing are typically pulled during the year for small-group support. This is not a specific plan to meet individual student needs.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Eastside Academy's academic support for subpopulations does not align with campus needs.

Root Cause 3: 1. Budget 2. Teachers generally have limited training in supporting students who are in special education or are emergent bilinguals. 3. Teacher training in special populations and programs is not prioritized by the campus or region.

Problem Statement 3 Areas: Demographics

Problem Statement 4: All stakeholders are not involved with the school improvement process.

Root Cause 4: The improvement plan has been a transactional plan owned by campus leaders instead of a lever for transformational school leadership.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Not all teachers want to teach at our school for a long time.

Root Cause 5: 1. Staff turnover is approximately 25% year over year.

Problem Statement 5 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Closing the Gaps Domain

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback

Employee Data

- Staff surveys and/or other feedback

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Communications data

- Study of best practices

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: IDEA Eastside Academy will contribute to the CP average ACT score of 21 or better by building a strong foundation in reading and math. How: improve the combined academic achievement average in grades 3-5 Math and Reading to 50 by the end of the 2023-24 school year. **Strategy's Expected Result/Impact:** Improve ACT scores in College Prep beginning with the 2023-24 student cohort. **Staff Responsible for Monitoring:** Dr. La'Keshia Cook **Title I:** 2.6 **- TEA Priorities:** Build a foundation of reading and math **Problem Statements:** Student Learning 1	5%	50%		

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: We do not have a specific plan for additional opportunities to meet individual student needs or help students who are failing or retained. **Root Cause**: Students who are retained or failing are typically pulled during the year for small-group support. This is not a specific plan to meet individual student needs.

Goal 1: All IDEA students matriculate to college

Performance Objective 2: 100% of graduates meet TSIA college readiness benchmark (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: IDEA Eastside Academy will partner with college prep academic counselors to offer academic support during the school day to students who are at-risk of not meeting the TSIA college readiness benchmark. **Strategy's Expected Result/Impact:** 100% of IDEA Eastside CP graduates will meet the TSI college readiness benchmark. **Staff Responsible for Monitoring:** Dr. La'Keshia Cook and Veronica Flores **Title I:** 2.6 - **TEA Priorities:** Connect high school to career and college **Problem Statements:** Student Learning 1	5%	50%		

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 1: We do not have a specific plan for additional opportunities to meet individual student needs or help students who are failing or retained. **Root Cause**: Students who are retained or failing are typically pulled during the year for small-group support. This is not a specific plan to meet individual student needs.

Goal 2: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 29% to 31% in Spring 2024 (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide Tier 1 RTI support in Reading to all 3rd grade scholars. 3rd-grade students will receive daily intervention using the iReady Individual Learning Pathway in reading. **Strategy's Expected Result/Impact:** Student academic performance on the iReady Benchmark assessment will improve 25% from BOY to EOY **Staff Responsible for Monitoring:** Dr. La'Keshia Cook Denise Davila **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **Problem Statements:** Student Learning 2	N/A	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase teacher instruction using the Accelerated Reader program **Strategy's Expected Result/Impact:** 8% improvement in meets grades levels on the Spring 2024 administration of STAAR **Staff Responsible for Monitoring:** LaKeshia Cook; Veronica Flores **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction	N/A	50%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 2: Unsuccessful implementation of the RTI process. **Root Cause**: Leaders in charge of RTI have not been adequately trained or seen a model of successful RTI implementation.

Goal 2: IDEA achieves an A Rating

Performance Objective 2: IA: Third-grade students performing at or above grade level in math as measured by the Meets Grade Level Standard on STAAR will increase from 27% to 29% in
Spring 2024. (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide Tier 1 RTI support in math to all 3rd-grade scholars. 3rd-grade students will receive daily intervention using the iReady Individual Learning Pathway in math. **Strategy's Expected Result/Impact:** Student academic performance on the iReady Math Benchmark assessment will improve 25% from BOY to EOY **Staff Responsible for Monitoring:** Dr. La'Keshia Cook and Denise Davila **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **Problem Statements:** Student Learning 2	N/A	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Students will improve 8% in the spring administration of the math STAAR assessment in 2024 through instruction using the iLearning Hotspot program. **Strategy's Expected Result/Impact:** 8% improvement in STAAR math assessment results in Spring 2024. **Staff Responsible for Monitoring:** Dr La'Keshia Cook; Veronica Flores **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction	N/A	55%

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 2: Unsuccessful implementation of the RTI process. **Root Cause**: Leaders in charge of RTI have not been adequately trained or seen a model of successful RTI implementation.

Goal 2: IDEA achieves an A Rating

Performance Objective 3: IA & CP: X% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 100% of EB scholars will work on Summit K12 for 80 mins per week (Fridays) to maintain or increase one proficiency level on the 2024 Spring TELPAS assessment.	N/A			

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 4: IA & CP: 100% of identified scholars meet required minutes per House Bill 4545 (HB4545)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Students will improve 5% in reading and math on the Spring administration of the STAAR assessment through tutoring support by the school interventionist. **Strategy's Expected Result/Impact:** Improve 5% in reading and math **Staff Responsible for Monitoring:** La'Keshia Cook; Veronica Flores **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction	N/A	50%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 5: Eastside Academy 30% of SPED Students attain approaches in STAAR by June 2024 (TEC 11.253(d)(2))

Evaluation Data Sources: STAAR reading and math; exit ticket data; internal exam data

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 30% of sped students will reach approaches on STAAR by ensuring sped scholars are receiving targeted interventions and support in alignment with their IEP goals. Student individual performance data will be tracked daily and weekly to close gaps. Students will be invited to extra after school and weekend tutorials for added supports. **Strategy's Expected Result/Impact:** The expectation is 30% of scholars will meet or exceed approaches and their growth targets. **Staff Responsible for Monitoring:** La'Keshia Cook; Shanita Stanley; Alan Rheel **TEA Priorities:** Build a foundation of reading and math	N/A	50%		

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 6: Eastside Academy will achieves 90/60/30 in approaches/meets/masters as measured by the STAAR testing
Required Strategy: Track each students performance in domains 1-3 by using the Locus dashboard and respond to data appropriately (TEC 11.253(d)(3))

Evaluation Data Sources: Internal assessments, exit tickets, STAAR exam

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Track each students performance in domains 1-3 by using the Locus dashboard and respond to data appropriately **Strategy's Expected Result/Impact:** Eastside Academy will achieves 90/60/30 in approaches/meets/masters as measured by the STAAR testing **Staff Responsible for Monitoring:** La'Keshia Cook Veronica Flores **TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 5: Effective Instruction	N/A	50%		

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: Increase student persistence

Performance Objective 1: IA & CP: Campus receive a score of proficient or higher on the campus safety scorecard for the 2023- 24 school year (TEC 11.253(d)(8))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: The CCT will meet monthly to review campus vulnerability and gaps with procedural drills. **Strategy's Expected Result/Impact:** The campus will receive a score of proficient or higher on the campus safety scorecard. **Staff Responsible for Monitoring:** Dr La'Keshia Cook	N/A			

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: Increase student persistence

Performance Objective 2: IA & CP: 100% of schools will be in compliance with the Title 1 Family Engagement requirements through the following events: Meet the Teacher, Public Hearing, Spring Town Hall and Semester 1 Report Card Pick Up. (TEC 11.253(d)(9))
Required Strategy: timely communication to families regarding school events to promote family engagement and attendance. (TEC 11.253(d)(9))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Timely communication to families regarding school events to promote family engagement and attendance **Strategy's Expected Result/Impact:** 100% of schools will be in compliance with the Title 1 Family Engagement requirements. **Staff Responsible for Monitoring:** Dr. La'Keshia Cook **Title I:** 4.2	N/A	50%		

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: Increase student persistence

Performance Objective 3: IA & CP: 100% of schools will complete the Anti-Bullying and Safer, Smarter School curriculum by deadline indicated on the district calendar. (TEC 11.253(d)(8))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: At the beginning of the year, the school counselor will schedule out the plan for completing the safer, smarter school and anti-bullying curriculum, including getting parent consent as applicable. **Strategy's Expected Result/Impact:** 100% of schools will complete the Anti-Bullying and Safer, Smarter School curriculum by deadline indicated on the district calendar. **Staff Responsible for Monitoring:** Jill First and Dr. La'Keshia Cook	100%	100%	100%	

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase student daily attendance

Performance Objective 1: IA: 100% of students from 2nd thru 5th Grade meet their MVPA minutes goal of X. (TEC 11.253(d)(10))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: The physical education teacher will backwards plan how many minutes each student needs each week to meet the goal and track student MVPA minutes weekly to ensure 100% of students are on track to meet the goal. **Strategy's Expected Result/Impact:** 100% of students from 2nd thru 5th Grade meet their MVPA minutes goal of 1200 minutes by EoY **Staff Responsible for Monitoring:** Veronica Flores	50%	80%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 4: Increase student daily attendance

Performance Objective 2: IA & CP: IDEA Eastside will achieve a 94.2% annual attendance rate for the 23-24 school year

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Engage families by hosting monthly opportunities for them to attend events on campus. **Strategy's Expected Result/Impact:** IDEA Eastside Academy will achieve a 92% annual attendance rate for the 23-24 school year. **Staff Responsible for Monitoring:** Jill First	30%	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Engage students in daily attendance by awarding tokens/roadrunner cash redeemable to shop in the school store. **Strategy's Expected Result/Impact:** IDEA Eastside Academy will achieve a 92% annual attendance rate for the 23-24 school year. **Staff Responsible for Monitoring:** Jill First	20%	55%		

Strategy 3 Details	Reviews

Edgecliff Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: September 28, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

- Goal 5: Increase student enrollment (no required performance objectives/strategies) 23
- Goal 6: 100% of staff will participate in a recruitment day 24

Campus Funding Summary 25

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Edgecliff Academy is a K-5th charter school in District 8 in Fort Worth. As of 22-23 school year, close to 90% of students were minorities, mostly Hispanic and African American, with less than 7% caucasian. Due to the area in which the school is located, over 90% of students had an economic disadvantage and the campus offered free breakfast and lunch as a whole.

IDEA believes in the mission of getting students to and through college, so Academy focuses on getting students reading at their grade level. Additionally, students are improving their writing skills in preparation of state testing and a rigorous middle school curriculum.

Demographics Strengths

Student persistence increased almost 4% compared to the previous school year, with new student persistence staying above 94%. And even though we did not reach the district attendance goal of 97.5%, we saw an increase compared to the previous year with over 0.60% increase from January to May.

Problem Statements Identifying Demographics Needs

Problem Statement 1: Daily attendance continues to average below the goal of 97.5% at only 94% for the year. **Root Cause:** A late implementation of an incentives program kept teachers and students from being fully invested in improving attendance. Additionally, the escalation matrix for attendance was not followed with fidelity, preventing chronically absent students from making progress.

Problem Statement 2: Student persistence affected by College Prep's number of leavers due to sibling status. **Root Cause:** Although persistence was higher year-over-year, some student withdrawls were caused by culture/disciplinary issues within CP.

Student Learning

Student Learning Summary

Overall at Edgecliff Academy our scholars progressed very well. 89% of our K-2 scholars ended the year at or above grade level in reading. Our Upper Academy prepared well for the STAAR redesign by implementing screen to scratch practices in 3rd and 4th grade. The campus also continued to improve in its ability to progress scholars for RTI.

Student Learning Strengths

K-2 DI is one of our strengths. 89% of scholars finished the year at or above reading level.

ELA continues to be a strength for the campus. Both STAAR tested grades performed better than the other academies in TaCO. Additionally our EL scholars continue to score above the campus average.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: In K-1, 25 scholars will not complete their grade level program. **Root Cause:** Scholars did not receive adquate RTI support early enough. Leaders did not consistently ensure that time stamps were followed to fidelity in 100% of K-1 spaces.

Problem Statement 2 (Prioritized): In STAAR tested math, students did not adequately engage in vocabulary acquisition. **Root Cause:** Teachers had major gaps in content and planning ability. Leaders did not adequately plan for vocabulary acquisition

Problem Statement 3 (Prioritized): 80% of 3rd graders were not prepared for rigorous writing based on the Mock Exam results. **Root Cause:** Leaders pushed the transition to screen to scratch too late. Scholars did not have adquate at-bats in 2nd grade at rigorous writing.

Problem Statement 4: 3rd and 4th grade teachers collaborated too late on norming with writing processes that matched the STAAR. **Root Cause:** Leaders stuck to the BAW curriculum to fidelity for too long. Leaders and teachers did not norm on a strategy for screen to scratch until late in the 1st semester.

School Processes & Programs

School Processes & Programs Summary

Edgecliff Acadmey just completed its 3rd year of existence. We were able to strengthen systems and processes to make the student experience stronger. We were able to increase student and parent participation this year for multiple events. Our athletics program continues to expand for all scholars. We continue to look for ways to smoothen our campus-wide processes to lessen the lift for dismissal.

School Processes & Programs Strengths

Increased student programming with adding a student council, a talent show, a spelling bee, and more sports for athletics.

Onboarded a new FM that has created more ugrency in upkeep in the building.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Dismissal is time consuming and adult labor consuming. **Root Cause:** Inadequate leader presence in every space on campus for dismissal. Inadequatre teacher input into the system development.

Problem Statement 2 (Prioritized): Culture of cleanliness is non-existent in 100% areas of the school. **Root Cause:** Lack of accountability from leaders towards this GET row. Inadequate upholding of cleanliness expectations in 100% of spaces.

Perceptions

Perceptions Summary

At Edgecliff Academy we had our best year yet for student persistence. On the last day of school we were still over 95% student persistence, which showed that we have built deep trust with parents. Additionally we had very little staff turnover this year. As of summer we are still over 85% staff retention.

Perceptions Strengths

Student persistence was over 95% on the LDOS.

Staff retention is currently over 85%

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): ADA was below 95% for the 2022-2023 school year. **Root Cause:** We did not have a pro-active system to reward attendance prior to December. Operations alone were not able to stay on top of habitual attendance issues.

Problem Statement 2 (Prioritized): Social Emotional Learning for all scholars was not provided on a consistent basis to 100% of scholars, daily **Root Cause:** Teachers did not have a buy-in with MTW. MTW did not prove to be an effective tier 1 SEL platform to meet the needs of all scholars.

Priority Problem Statements

Problem Statement 1: In STAAR tested math, students did not adequately engage in vocabulary acquisition.
Root Cause 1: Teachers had major gaps in content and planning ability. Leaders did not adequately plan for vocabulary acquisition
Problem Statement 1 Areas: Student Learning

Problem Statement 2: 80% of 3rd graders were not prepared for rigorous writing based on the Mock Exam results.
Root Cause 2: Leaders pushed the transition to screen to scratch too late. Scholars did not have adquate at-bats in 2nd grade at rigorous writing.
Problem Statement 2 Areas: Student Learning

Problem Statement 3: Culture of cleanliness is non-existent in 100% areas of the school.
Root Cause 3: Lack of accountability from leaders towards this GET row. Inadequate upholding of cleanliness expectations in 100% of spaces.
Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Dismissal is time consuming and adult labor consuming.
Root Cause 4: Inadequate leader presence in every space on campus for dismissal. Inadequatre teacher input into the system development.
Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: ADA was below 95% for the 2022-2023 school year.
Root Cause 5: We did not have a pro-active system to reward attendance prior to December. Operations alone were not able to stay on top of habitual attendance issues.
Problem Statement 5 Areas: Perceptions

Problem Statement 6: Social Emotional Learning for all scholars was not provided on a consistent basis to 100% of scholars, daily
Root Cause 6: Teachers did not have a buy-in with MTW. MTW did not prove to be an effective tier 1 SEL platform to meet the needs of all scholars.
Problem Statement 6 Areas: Perceptions

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 44% to 46% in Spring 2024 (HB3)

High Priority

HB3 Goal

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: Increase student persistence

Performance Objective 2: IA & CP: 100% of schools will be in compliance with the Title 1 Family Engagement requirements through the following events: Meet the Teacher, Public Hearing, Spring Town Hall and Semester 1 Report Card Pick Up. (TEC 11.253(d)(9))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Timely communication to families regarding school events to promote family engagement and attendance. (TEC 11.253(d)(9)) **Strategy's Expected Result/Impact:** Create events that engage families. **Staff Responsible for Monitoring:** Ops Counselors **Funding Sources:** - Title I, Part A (4120)	35%	60%		

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 2: Increase student persistence

Performance Objective 3: IA & CP: 100% of schools will complete the Anti-Bullying and Safer, Smarter School curriculum by deadline indicated on the district calendar. (TEC 11.253(d)(8))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Backwards plan for the effective delivery of of the curriculum with the social worker **Strategy's Expected Result/Impact:** Pro-active teaching of social skills for all scholars **Staff Responsible for Monitoring:** Principal	100%	100%	100%	

No Progress

Accomplished

Continue/Modify

Discontinue

Goal 3: Increase student daily attendance

Performance Objective 1: IA: 100% of students from 2nd thru 5th Grade meet their MVPA minutes goal of 1200 mins. (TEC 11.253(d)(10))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Ensure 100% of PE scholars utilize watches with fidelity **Strategy's Expected Result/Impact:** Scholars track their heart rates **Staff Responsible for Monitoring:** Lead Team PE coaches	10%	10%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 3: Increase student daily attendance

Performance Objective 2: IA & CP: IDEA Edgecliff will achieve a 95% annual attendance rate for the 23-24 school year

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Execute the ADA matrix with fidelity **Strategy's Expected Result/Impact:** Hold our chronic families accountable **Staff Responsible for Monitoring:** APO Principal	45%	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Create and implement a weekly, monthly, quarterly ADA incentive goal for scholars. **Strategy's Expected Result/Impact:** Increase and drive daily attendance **Staff Responsible for Monitoring:** Assistant Principal of Operations Principal	40%	55%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 4: Increase staff retention

Performance Objective 1: IA : 100% of full-time staff members complete all tasks within IDEA's staff development cycle including: goal setting, 2x2 and annual performance reviews during the 2023-24 school year.

Evaluation Data Sources: Cornerstone

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Managers provide feedback and professional development/coaching for each staff member through each SDC cycle. **Strategy's Expected Result/Impact:** Clear feedback to staff members **Staff Responsible for Monitoring:** Performance managers				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: 100% of teachers will receive a pulse check with the Principal **Strategy's Expected Result/Impact:** Open lines of communication **Staff Responsible for Monitoring:** Principal				

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase staff retention

Performance Objective 2: IA: IDEA Edgecliff is 100% staffed for all teacher positions throughout the 2023-24 school year.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Recruit and hire high quality candidates per role by using high quality resume criteria **Strategy's Expected Result/Impact:** A high quality teacher in front of every student **Staff Responsible for Monitoring:** Leaders				

 No Progress Accomplished Continue/Modify Discontinue

Goal 5: Increase student enrollment (no required performance objectives/strategies)

Performance Objective 1: IDEA Edgelcliff AC will be fully enrolled by the 11th day of school

Summative Evaluation: Met Objective

Goal 6: 100% of staff will participate in a recruitment day

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Edgemere is a full-scale campus for Academy this year. We are an open enrollment charter school, nonprofit, free tuition public school. This year we service over 900 scholars in Academy. We have all special programs, including general sped, RISE sped unit (self-contained), 504, Bilingual, RTI, and CSI.

Our goal is to ensure every scholar is at or above grade level in all Contents. We believe our School provides scholars with the fundamental building blocks to set a child on the path to college.

See PDF in Addendum for more information.

Demographics Strengths

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): More positive reinforcement/incentives for good behavior. Campus experienced Lots of behavior issues for the 22-23 school year. **Root Cause:** Training staff on different ways to implement positive reinforcement, and the Student Success Advisor struggling with time management to scheduling time to see every scholar. (Play with friend at recess, sit with friend in cafeteria, classroom, student of the week recognition) More Behavior Support for scholars and Teachers. More Awareness of the student code of conduct.

Problem Statement 2: More opportunities for IN PERSON family contact/communication (report card nights, parent/teacher conference nights, Curriculum Night) Better Campus Communicaiton, Townhalls-Key Topics, Campus Tours **Root Cause:** Better Time Management to implement feedback from parent surveys. More Alignment with AC/CP Campus Communication.

Problem Statement 3 (Prioritized): Increase student persistence specifically for new to IDEA Edgemere students because it has declined over the past two years. **Root Cause:** Lack of consistent and clear communication around school culture and expectations to parents and students during the entire onboarding process Welcome to IDEA)-Clear Detailed Communication (sharing vision for campus) CNP-Healthy snacks, ADA, activities, Tutoring, Saturday, Academics, Student Code of Conduct, Nurse, Streamline Communicaiton with all stakeholders. campus calendar.

Problem Statement 4 (Prioritized): There has been a trend of declining average daily attendance (ADA) over the past two of years. **Root Cause:** Lack of communication and family investment of the importance of attending school every day, importance of Teladoc and Calendar days, more ADA celebrations.

Problem Statement 5 (Prioritized): There is a need for more professional development opportunities for educators to aid and assist scholars who receive special education support and emergent bilingual learners. **Root Cause:** (1) Teachers do not have the tools to support scholars who are in the Domain III category, which leads to scholars not meeting their

growth goals or TELPAS growth. (2) Leaders do not have the expertise to provide teachers with action steps that aid in the growth and support of Domain III scholars. (3) SIOP Training (4) Aggressive Monitoring Training (5) In- the moment Co Intervention

Problem Statement 6 (Prioritized): Unclear vision to reduce the threat of bullying. High volume of family and student reported bullying concerns led to persistence concerns. **Root Cause:** The campus does not have a clear and consistent vision to educate all stakeholders on bullying. Campus does not have a clear protocol to address bullying when reported.

Problem Statement 7 (Prioritized): Fidelity to coaching cycle to include the exemplar and modeling. **Root Cause:** Focus on 1st Teach. More support within the moment Coaching, Front loading Exemplar assignments, Homework, and extra academic support.

Problem Statement 8 (Prioritized): Establish team building inside and outside of work.. **Root Cause:** More Campus Collaboration for Team building, Engagement., More focus on Joy.

Problem Statement 9 (Prioritized): Gap communicating goals and performance expectations to all stakeholders. **Root Cause:** More data conversations with students/staff/parents. Investing all stakeholders. Better tracking system for data and focus on special pops.

Priority Problem Statements

Problem Statement 1: More positive reinforcement/incentives for good behavior. Campus experienced Lots of behavior issues for the 22-23 school year.

Root Cause 1: Training staff on different ways to implement positive reinforcement, and the Student Success Advisor struggling with time management to scheduling time to see every scholar. (Play with friend at recess, sit with friend in cafeteria, classroom, student of the week recognition) More Behavior Support for scholars and Teachers. More Awareness of the student code of conduct.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Increase student persistence specifically for new to IDEA Edgemere students because it has declined over the past two years.

Root Cause 2:
Lack of consistent and clear communication around school culture and expectations to parents and students during the entire onboarding process Welcome to IDEA)-Clear Detailed Communication (sharing vision for campus) CNP-Healthy snacks, ADA, activities, Tutoring, Saturday, Academics, Student Code of Conduct, Nurse, Streamline Communicaiton with all stakeholders. campus calendar.

Problem Statement 2 Areas: Demographics

Problem Statement 3: There has been a trend of declining average daily attendance (ADA) over the past two of years.

Root Cause 3: Lack of communication and family investment of the importance of attending school every day, importance of Teladoc and Calendar days, more ADA celebrations.

Problem Statement 3 Areas: Demographics

Problem Statement 4: There is a need for more professional development opportunities for educators to aid and assist scholars who receive special education support and emergent bilingual learners.

Root Cause 4: (1) Teachers do not have the tools to support scholars who are in the Domain III category, which leads to scholars not meeting their growth goals or TELPAS growth. (2) Leaders do not have the expertise to provide teachers with action steps that aid in the growth and support of Domain III scholars. Problem Statement 4 Areas: Demographics

Problem Statement 5: Unclear vision to reduce the threat of bullying. High volume of family and student reported bullying concerns led to persistence concerns.

Root Cause 5: The campus does not have a clear and consistent vision to educate all stakeholders on bullying. Campus does not have a clear protocol to address bullying when reported.

Problem Statement 5 Areas: Demographics

Problem Statement 6: Fidelity to coaching cycle to include the exemplar and modeling.

Root Cause 6: Focus on 1st Teach. More support within the moment Coaching, Front loading Exemplar assignments, Homework, and extra academic support.

Problem Statement 6 Areas: Demographics

Problem Statement 7: Establish team building inside and outside of work..

Root Cause 7: More Campus Collaboration for Team building, Engagement., More focus on Joy.

Problem Statement 7 Areas: Demographics

Problem Statement 8: Gap communicating goals and performance expectations to all stakeholders.

Root Cause 8: More data conversations with students/staff/parents. Investing all stakeholders. Better tracking system for data and focus on special pops.

Problem Statement 8 Areas: Demographics

Problem Statement 9: Inconsistent and reactive disciplinary practices led to administrative and parent withdrawals. This could have been prevented with more consistent discipline management system.

Root Cause 9: Clear communication with student code of conduct

Problem Statement 9 Areas: Perceptions

Problem Statement 10: Unclear vision to reduce the threat of bullying. High volume of family and student reported bullying concerns led to persistence concerns.

Root Cause 10: The campus does not have a clear and consistent vision to educate all stakeholders on bullying. Campus does not have a clear protocol to address bullying when reported.

Problem Statement 10 Areas: Perceptions

Problem Statement 11: More opportunities for IN PERSON family contact/communication (report card nights, parent/teacher conference nights, Curriculum Night) Better Campus Communicaiton, Townhalls-Key Topics, Campus Tours

Root Cause 11: Better Time Management to implement feedback from parent surveys. More Alignment with AC/CP Campus Communication.

Problem Statement 11 Areas: Perceptions

Problem Statement 12: Fidelity to coaching cycle to include the exemplar and modeling.

Root Cause 12: Behavior interruptions took away from the coaching cycle of teachers, better alignment with Lesson Planning, Lesson Rehearsals, and Intervention Support.

Problem Statement 12 Areas: School Processes & Programs

Problem Statement 13: Additional coaching in parent relation building, classroom behavior management and organizational systems for prioritization for student results.

Root Cause 13: Consistent behavior system not used as a campus. Teacher not taught how to organize work or how to build relationships with parents.

Problem Statement 13 Areas: School Processes & Programs

Problem Statement 14: There is a need for more professional development opportunities for educators to aid and assist scholars who receive special education support and emergent bilingual learners.

Root Cause 14: More SIOP Training, Utilizing Strong Teachers to help facilitate Professional Development. (1) Teachers do not have the tools to support scholars who are in the Domain III category, which leads to scholars not meeting their growth goals or TELPAS growth. (2) Leaders do not have the expertise to provide teachers with action steps that aid in

the growth and support of Domain III scholars.

Problem Statement 14 Areas: School Processes & Programs

Problem Statement 15: Gap communicating goals and performance expectations to all stakeholders.

Root Cause 15: More Data Conversations with all Stakeholders.

Problem Statement 15 Areas: School Processes & Programs

Problem Statement 16: More fluency practice, start of book clubs and tracking of AR data in all ELA/Reading classrooms.

Root Cause 16: Implementing TEKs to focus on at the beginning of the year to target gaps within instruction. Better Alignment with Lesson Planning and Lesson Rehearsals, Key Steps, AR/HOtspot, IXL, Imagine Learning.

Problem Statement 16 Areas: Student Learning

Problem Statement 17: Scholars are properly placed and consistently monitored/flagged throughout the school year by teachers based on data of mastery tests and fluency checkouts.

Root Cause 17: Tracking gaps correctly and implementing a strong first teach.

Problem Statement 17 Areas: Student Learning

Problem Statement 18: Implementation of Tutoring and Saturday, Intervention support ealry.

Root Cause 18: Clear steps on unpacking data during STAAR reflection and throughout the school .

Problem Statement 18 Areas: Student Learning

Problem Statement 19: In person training during BOY PD Focusing around campus gaps and Expectations.

Root Cause 19: We did very well but I would like to focus the campus around trend that still need approvement.

Problem Statement 19 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Federal Report Card and accountability data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Local benchmark or common assessments data
- Observation Survey results
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices
- Action research results

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from current meets 63% in Reading to 65% in Spring 2024 (HB3)

High Priority

Evaluation Data Sources: Aggressive Monitoring:
Teachers will monitor students throughout the lesson (Do Now, Guided Practice, Independent Practice) and provide Systematic feedback and corrections mirroring the teacher exemplar.

Tutors will work with special pop scholars in small group interventions if scholars are not at mastery.

Intervention Support for HB4545 scholars.

Teachers will present new materials in small steps with student practice after each step by thinking aloud and modeling mastery.

Leaders will observe to see if accommodations are being implemented during Instructional Rounds using the Student Accommodation Snapshot document)

Leaders will structure rounds that focus on student Accommodations being implemented in the classroom.

Strategy 2: Purposeful 1st Instruction (Daily Lesson prioritizes student practice of content and skills, and emphasizes student reading, writing, speaking, and listening. All teachers provide feedback during student practice.) **Strategy's Expected Result/Impact:** Focus on lesson internalization to develop rigorous lesson plans that meet the daily objective by unpacking the standard, dissect previous STAAR assessment questions and Direct Assessments, Ensure Teachers know exactly what (SWBAT)to learn throughout each lesson, receive feedback weekly on lesson alignment, exemplars, and student practice that are aligned to the new GET Rubric. Lesson rehearsals and feedback to teachers starting with obj/exit ticket alignment, exemplar creation, etc. Lesson Internalization (Special Pops): Lesson Internalization alignment is focus includes student accommodations using the (23-24 Student Accommodation Snapshot) Provide professional development in use of the SIOP model to meet EL learning needs, understanding the IEP, and the use of differentiation of instruction to meet the individual student needs. Collaborate with SPED team to ensure appropriate accommodations and services are implemented with fidelity. Implement Telpas data to ensure scholars are receiving adequate Listening, Speaking and Writing. **Title I:** 2.4, 2.5, 2.6, 4.1, 4.2 **- TEA Priorities:** Recruit, support, retain teachers and principals, Build a foundation of reading and math, Connect high school to career and college, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 2: Strategic Staffing, Lever 3: Positive School Culture, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **- Targeted Support Strategy - Additional Targeted Support Strategy**	25%	40%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics

Problem Statement 1: More positive reinforcement/incentives for good behavior. Campus experienced Lots of behavior issues for the 22-23 school year. **Root Cause**: Training staff on different ways to implement positive reinforcement, and the Student Success Advisor struggling with time management to scheduling time to see every scholar. (Play with friend at recess, sit with friend in cafeteria, classroom, student of the week recognition) More Behavior Support for scholars and Teachers. More Awareness of the student code of conduct.

Problem Statement 3: Increase student persistence specifically for new to IDEA Edgemere students because it has declined over the past two years. **Root Cause**: Lack of consistent and clear communication around school culture and expectations to parents and students during the entire onboarding process Welcome to IDEA)-Clear Detailed Communication (sharing vision for campus) CNP-Healthy snacks, ADA, activities, Tutoring, Saturday, Academics, Student Code of Conduct, Nurse, Streamline Communicaiton with all stakeholders. campus calendar.

Problem Statement 4: There has been a trend of declining average daily attendance (ADA) over the past two of years. **Root Cause**: Lack of communication and family investment of the importance of attending school every day, importance of Teladoc and Calendar days, more ADA celebrations.

Problem Statement 5: There is a need for more professional development opportunities for educators to aid and assist scholars who receive special education support and emergent bilingual learners. **Root Cause**: (1) Teachers do not have the tools to support scholars who are in the Domain III category, which leads to scholars not meeting their growth goals or TELPAS growth. (2) Leaders do not have the expertise to provide teachers with action steps that aid in the growth and support of Domain III scholars. (3) SIOP Training (4) Aggressive Monitoring Training (5) In- the moment Co Intervention

Problem Statement 6: Unclear vision to reduce the threat of bullying. High volume of family and student reported bullying concerns led to persistence concerns. **Root Cause**: The campus does not have a clear and consistent vision to educate all stakeholders on bullying. Campus does not have a clear protocol to address bullying when reported.

Problem Statement 7: Fidelity to coaching cycle to include the exemplar and modeling. **Root Cause**: Focus on 1st Teach. More support within the moment Coaching, Front loading Exemplar assignments, Homework, and extra academic support.

Problem Statement 8: Establish team building inside and outside of work.. **Root Cause**: More Campus Collaboration for Team building, Engagement., More focus on Joy.

Problem Statement 9: Gap communicating goals and performance expectations to all stakeholders. **Root Cause**: More data conversations with students/staff/parents. Investing all stakeholders. Better tracking system for data and focus on special pops.

Student Learning

Problem Statement 1: In person training during BOY PD Focusing around campus gaps and Expectations. **Root Cause**: We did very well but I would like to focus the campus around trend that still need approvement.

Problem Statement 2: Implementation of Tutoring and Saturday, Intervention support ealry. **Root Cause**: Clear steps on unpacking data during STAAR reflection and throughout the school .

Problem Statement 3: Scholars are properly placed and consistently monitored/flagged throughout the school year by teachers based on data of mastery tests and fluency checkouts. **Root Cause**: Tracking gaps correctly and implementing a strong first teach.

Problem Statement 4: More fluency practice, start of book clubs and tracking of AR data in all ELA/Reading classrooms. **Root Cause**: Implementing TEKs to focus on at the beginning of the year to target gaps within instruction. Better Alignment with Lesson Planning and Lesson Rehearsals, Key Steps, AR/HOtspot, IXL, Imagine Learning.

School Processes & Programs

Problem Statement 1: Fidelity to coaching cycle to include the exemplar and modeling. **Root Cause**: Behavior interruptions took away from the coaching cycle of teachers, better alignment with Lesson Planning, Lesson Rehearsals, and Intervention Support.

Problem Statement 2: Additional coaching in parent relation building, classroom behavior management and organizational systems for prioritization for student results. **Root Cause**: Consistent behavior system not used as a campus. Teacher not taught how to organize work or how to build relationships with parents.

School Processes & Programs

Problem Statement 3: There is a need for more professional development opportunities for educators to aid and assist scholars who receive special education support and emergent bilingual learners. **Root Cause**: More SIOP Training, Utilizing Strong Teachers to help facilitate Professional Development. (1) Teachers do not have the tools to support scholars who are in the Domain III category, which leads to scholars not meeting their growth goals or TELPAS growth. (2) Leaders do not have the expertise to provide teachers with action steps that aid in the growth and support of Domain III scholars.

Problem Statement 4: Gap communicating goals and performance expectations to all stakeholders. **Root Cause**: More Data Conversations with all Stakeholders.

Perceptions

Problem Statement 1: Inconsistent and reactive disciplinary practices led to administrative and parent withdrawals. This could have been prevented with more consistent discipline management system. **Root Cause**: Clear communication with student code of conduct

Problem Statement 2: Unclear vision to reduce the threat of bullying. High volume of family and student reported bullying concerns led to persistence concerns. **Root Cause**: The campus does not have a clear and consistent vision to educate all stakeholders on bullying. Campus does not have a clear protocol to address bullying when reported.

Problem Statement 3: More opportunities for IN PERSON family contact/communication (report card nights, parent/teacher conference nights, Curriculum Night) Better Campus Communicaiton, Townhalls-Key Topics, Campus Tours **Root Cause**: Better Time Management to implement feedback from parent surveys. More Alignment with AC/CP Campus Communication.

Goal 1: IDEA achieves an A Rating

Performance Objective 2: IA: Third-grade students performing at or above grade level in math as measured by the Meets Grade Level Standard on STAAR will increase from 43% to 45% in Spring 2024. (HB3)

Goal 1: IDEA achieves an A Rating

Performance Objective 3: IA & CP: X% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June

Strategy 1: Data Driven Instruction

Strategy's Expected Result/Impact: Tactic #1 Goal Setting (Teachers and Students)

All teachers and students know individual performance bands for math.

Use MSR report to identify growth and achievement goals and hold Goal Setting Conversations

El Growth Ensure that teachers know the current TELPAS composite score for their scholars and are tracking progress and growth.

Use of SIOP, ELPS, and reinforce the daily use of listening, speaking, reading, and writing.

Tactic #2 Data Analysis focused on Domain III against STAAR and EOC Goals-Per Assessment

Teachers' data is tracked by student special populations assessment results data (exit tickets, mid-modules, and end of modules, benchmarks) based on STAAR goals. Based on student performance (Whole-Class Reteach: Below 90% in approaches Targeted Group Re-Teach: 90% or above in approaches.

TEKs are tracked Daily in each subject using an Exit Ticket and Assessment Student Tracker.

Tactic #3 Intervention Plans Bi-weekly STAAR aligned assessment.

During Intervention plans students are to be given Readiness TEKS and high tested reporting categories as per the content.

Tutors are implemented to help support small group interventions.

Teachers will assess scholars to then analyze, plan, and reteach based off data.

Tactic#4 Closing the Gap Reteach

Based on student work analysis, teacher's rehearse reteaching readiness TEKs.

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: More positive reinforcement/incentives for good behavior. Campus experienced Lots of behavior issues for the 22-23 school year. **Root Cause**: Training staff on different ways to implement positive reinforcement, and the Student Success Advisor struggling with time management to scheduling time to see every scholar. (Play with friend at recess, sit with friend in cafeteria, classroom, student of the week recognition) More Behavior Support for scholars and Teachers. More Awareness of the student code of conduct.

Demographics

Problem Statement 3: Increase student persistence specifically for new to IDEA Edgemere students because it has declined over the past two years. **Root Cause**: Lack of consistent and clear communication around school culture and expectations to parents and students during the entire onboarding process Welcome to IDEA)-Clear Detailed Communication (sharing vision for campus) CNP-Healthy snacks, ADA, activities, Tutoring, Saturday, Academics, Student Code of Conduct, Nurse, Streamline Communicaiton with all stakeholders. campus calendar.

Problem Statement 4: There has been a trend of declining average daily attendance (ADA) over the past two of years. **Root Cause**: Lack of communication and family investment of the importance of attending school every day, importance of Teladoc and Calendar days, more ADA celebrations.

Problem Statement 5: There is a need for more professional development opportunities for educators to aid and assist scholars who receive special education support and emergent bilingual learners. **Root Cause**: (1) Teachers do not have the tools to support scholars who are in the Domain III category, which leads to scholars not meeting their growth goals or TELPAS growth. (2) Leaders do not have the expertise to provide teachers with action steps that aid in the growth and support of Domain III scholars. (3) SIOP Training (4) Aggressive Monitoring Training (5) In- the moment Co Intervention

Problem Statement 6: Unclear vision to reduce the threat of bullying. High volume of family and student reported bullying concerns led to persistence concerns. **Root Cause**: The campus does not have a clear and consistent vision to educate all stakeholders on bullying. Campus does not have a clear protocol to address bullying when reported.

Problem Statement 7: Fidelity to coaching cycle to include the exemplar and modeling. **Root Cause**: Focus on 1st Teach. More support within the moment Coaching, Front loading Exemplar assignments, Homework, and extra academic support.

Problem Statement 8: Establish team building inside and outside of work.. **Root Cause**: More Campus Collaboration for Team building, Engagement., More focus on Joy.

Problem Statement 9: Gap communicating goals and performance expectations to all stakeholders. **Root Cause**: More data conversations with students/staff/parents. Investing all stakeholders. Better tracking system for data and focus on special pops.

Student Learning

Problem Statement 1: In person training during BOY PD Focusing around campus gaps and Expectations. **Root Cause**: We did very well but I would like to focus the campus around trend that still need approvement.

Problem Statement 2: Implementation of Tutoring and Saturday, Intervention support ealry. **Root Cause**: Clear steps on unpacking data during STAAR reflection and throughout the school .

Problem Statement 3: Scholars are properly placed and consistently monitored/flagged throughout the school year by teachers based on data of mastery tests and fluency checkouts. **Root Cause**: Tracking gaps correctly and implementing a strong first teach.

Problem Statement 4: More fluency practice, start of book clubs and tracking of AR data in all ELA/Reading classrooms. **Root Cause**: Implementing TEKs to focus on at the beginning of the year to target gaps within instruction. Better Alignment with Lesson Planning and Lesson Rehearsals, Key Steps, AR/HOtspot, IXL, Imagine Learning.

School Processes & Programs

Problem Statement 1: Fidelity to coaching cycle to include the exemplar and modeling. **Root Cause**: Behavior interruptions took away from the coaching cycle of teachers, better alignment with Lesson Planning, Lesson Rehearsals, and Intervention Support.

Problem Statement 2: Additional coaching in parent relation building, classroom behavior management and organizational systems for prioritization for student results. **Root Cause**: Consistent behavior system not used as a campus. Teacher not taught how to organize work or how to build relationships with parents.

Problem Statement 3: There is a need for more professional development opportunities for educators to aid and assist scholars who receive special education support and emergent bilingual learners. **Root Cause**: More SIOP Training, Utilizing Strong Teachers to help facilitate Professional Development. (1) Teachers do not have the tools to support scholars who are in the Domain III category, which leads to scholars not meeting their growth goals or TELPAS growth. (2) Leaders do not have the expertise to provide teachers with action steps that aid in the growth and support of Domain III scholars.

Problem Statement 4: Gap communicating goals and performance expectations to all stakeholders. **Root Cause**: More Data Conversations with all Stakeholders.

Perceptions

Problem Statement 1: Inconsistent and reactive disciplinary practices led to administrative and parent withdrawals. This could have been prevented with more consistent discipline management system. **Root Cause**: Clear communication with student code of conduct

Problem Statement 2: Unclear vision to reduce the threat of bullying. High volume of family and student reported bullying concerns led to persistence concerns. **Root Cause**: The campus does not have a clear and consistent vision to educate all stakeholders on bullying. Campus does not have a clear protocol to address bullying when reported.

Problem Statement 3: More opportunities for IN PERSON family contact/communication (report card nights, parent/teacher conference nights, Curriculum Night) Better Campus Communicaiton, Townhalls-Key Topics, Campus Tours **Root Cause**: Better Time Management to implement feedback from parent surveys. More Alignment with AC/CP Campus Communication.

IDEA Public Schools

Edinburg Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 30, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IDEA Edinburg Academy empowers our students to achieve college readiness by establishing a culture of high achievement in all that they do. Students will be equipped with the knowledge and skillset to meet school-wide culture expectations through culture camp. Scholars will also become personally invested in exceeding these expectations by establishing their roots into our school community by cultivating a positive learning environment.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 29

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Edinburg Academy was established in 2013 and is located North of Edinburg at 2753 Roegiers Rd, 78541. The enrollment for the 2022-2023 school year was 769. The school serves a Hispanic majority community, with our ethnic breakdown consisting of approximately 95% Hispanic, 3% White, 1% Asian, and 1% African American. Approximately 86% of our student population was considered economically disadvantaged; therefore, our students qualified for a free and reduced lunch, making us eligible for the Title I, Part A school grant. This data has remained for the last 4-5 years, with an increase in students categorized as economically disadvantaged.

2022-2023

Overall Enrollment

The instructional program at Edinburg Academy consists of the Great Minds Curriculum, which focuses on Eureka Math and Wit & Wisdom; both curricula allow students to gravitate towards a hands, holistic approach to learning. Along with the Great Minds curriculum, Edinburg Academy offers Reading Mastery Transformations, an integrated approach to spelling, letter names, letter sounds, and handwriting. Through our RISE curriculum, we service students through our Attainment program, which emphasizes Language, Reading, and Math.

Demographics Strengths

- There are 54.8 teachers and co-teachers at Edinburg Academy, 97% of staff identify as Hispanic, and 3% identify as Asian.
- Teacher Experience: 67% of teachers have 1-5 years of education, 27% have 6-10 years of experience, 6% have 11+ years of experience.
- There is a scope & sequence of professional developments that is tailored and progressive with student rigor and focus of mastery that is integrated with research based teaching strategies.
- There is intentional alignment between College Prep and Academy that is focused on increasing parent engagement by ensuring mailers are in home language.
- TELPAS Goal met with a 57%

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Parental involvement is low specifically in the area of how do parents support their students academically. Grades K-5 students need immediate interventions by focusing on language, behavior, fine/gross motor, cognition and other developmental areas to ensure students are receiving a free appropriate education and to maximize their learning potential. **Root Cause:** However, parental knowledge, outreach, engagement and an understanding of age-appropriate development of children contributes to lack of awareness.

Problem Statement 2: IDEA Academy Edinburg was not able to meet the 97.0% district goal for Average Daily Attendance (ADA) this school year. **Root Cause:** There was a lack of clear, outlined processes that explained pertinent roles of all stakeholders such as teachers and administrators. The current process was transactional and was not clear.

Student Learning

Student Learning Summary

STAAR Performance	Reading	Mathematics	Science	Totals	Percentage	
Total Tests	362	362	117	841		
Approaches GL or Above	279	250	84	613	73%	
Meets GL or Above	168	131	41	340	40%	
Masters GL	84	55	18	157	19%	

Student Learning Strengths

We have identified an area of need in literacy, reading overall, writing, and the lack of special education as a sub pop meeting grade-level expectations. Each teacher tracks their student's performance throughout the year using data teams aligned to the state and national standards and data discussions occur monthly to communicate progress and action plans with the administration. All teachers have individual data binders that they track student progress and set goals with action steps for improvement. Staff will continue to use the data gathered to monitor and guide instruction. Faculty and staff will use the district curriculum and resources along with differentiation and best practices to ensure success for students.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Grades K-5 curriculum alignment of contents and grade level with TEKS incorporation. **Root Cause:** Lack of purposeful vertical alignment meetings.

Problem Statement 2: Decrease in meets and masters from STAAR to Mock. **Root Cause:** The lack of focus on meets and masters as previous year instruction.

School Processes & Programs

School Processes & Programs Summary

IDEA Academy Edinburg offers rigorous core instruction in Grades PK-5 that is challenged through engaging and thorough education provided through a vertically aligned program focused on the Texas Essential Knowledge and Skills for all subject areas. The school uses data analysis, including norm-referenced and criterion-referenced assessments, to diagnose student knowledge, skills, and mastery. IDEA Academy Edinburg continuously monitors progress in acquiring grade-level content and skills throughout the year. This is essential to providing individualized learning for all students. Individualized learning ensures students are mastering content and skills within their zone of proximal development. For students in PreK-2, literacy instruction is delivered using a systematic phonics program that includes homogenous grouping based on student placement test results. In kindergarten through 5th grade, students engage in individualized instruction and practice through adaptive software in mathematics and literacy. All students at IDEA Public Schools are issued a personal technology device to access education from anywhere and anytime.

School Processes & Programs Strengths

Curriculum & Instruction:

- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive mathematics and literacy software and hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards and the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff to develop teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming adequately prepares students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 in the top 1% of schools nationwide by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2022-2023, with 57% of ELs meeting that target.
- IDEA provides targeted research-based instruction to students with a 2.0-year gap in Reading and/or Math to close that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 22-23 school year, 63% met Math goals through the RenSTAR platform.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): The school behavior process is not effectively addressing students' behavioral needs, leading to frequent disruptions, disciplinary issues, and hindering the overall learning environment. **Root Cause:** Ineffective behavior process due to the lack of consistent and comprehensive strategies and communication. Teachers and school staff did not receive sufficient training or support in behavior management techniques. They lack the necessary skills and knowledge to identify and address disruptive behavior's underlying causes effectively.

Perceptions

Perceptions Summary

Edinburg Academy teachers and staff believe that student success stems from collaboration. When everyone operates as a Professional Learning Community, best practices are aligned and everyone is accountable for results. Students and staff learn together and connect through restorative practices, intentional social-emotional learning, and experiences that support a collaborative culture. Edinburg Academy staff believe that all students can be academically successful when we focus on strong, campus-wide systems and initiatives. Once a month, Edinburg Academy holds student celebration through pep rallies, classroom celebrations, and come together as a team.

Perceptions Strengths

- Parent Survey's are collected twice a year: Middle of Year, End of Year. This survey is known as the "Panorama Survey" where they can provide direct feedback to the school.
- Teachers reach out to parents within 24 hours of initial contact.
- There are monthly student celebration and engagement events
- Monthly parent engagement activities

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Building relationships with various levels of teachers, staff, and students is a continual process. We all continue to implement treatment agreements and team norms. Using RtI referrals, various data, and vertical alignment documents, teachers identify needs and know what they need to do to get there. **Root Cause:** Academic gaps exist due to lack of building relationships for some students along with behavior challenges. Students at Edinburg Academy have behavior challenges due to trauma, language barriers, and cultural aspects. Poverty and instability in the home environment demands the need of appropriate behavior and learning strategies training for staff.

Problem Statement 2: Parent involvement and relationships, especially with diverse populations, and community partnerships are not as strong as we would like. **Root Cause:** There are limited opportunities with the school in activities that are partnered with parents/community members. They may do not feel confident in participating because of working multiple jobs to support family, language barriers, knowledge of curriculum, and time.

Priority Problem Statements

Problem Statement 1: Parental involvement is low specifically in the area of how do parents support their students academically. Grades K-5 students need immediate interventions by focusing on language, behavior, fine/gross motor, cognition and other developmental areas to ensure students are receiving a free appropriate education and to maximize their learning potential.

Root Cause 1: However, parental knowledge, outreach, engagement and an understanding of age-appropriate development of children contributes to lack of awareness.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Building relationships with various levels of teachers, staff, and students is a continual process. We all continue to implement treatment agreements and team norms. Using RtI referrals, various data, and vertical alignment documents, teachers identify needs and know what they need to do to get there.

Root Cause 2: Academic gaps exist due to lack of building relationships for some students along with behavior challenges. Students at Edinburg Academy have behavior challenges due to trauma, language barriers, and cultural aspects. Poverty and instability in the home environment demands the need of appropriate behavior and learning strategies training for staff.

Problem Statement 2 Areas: Perceptions

Problem Statement 3: Grades K-5 curriculum alignment of contents and grade level with TEKS incorporation.

Root Cause 3: Lack of purposeful vertical alignment meetings.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: The school behavior process is not effectively addressing students' behavioral needs, leading to frequent disruptions, disciplinary issues, and hindering the overall learning environment.

Root Cause 4: Ineffective behavior process due to the lack of consistent and comprehensive strategies and communication. Teachers and school staff did not receive sufficient training or support in behavior management techniques. They lack the necessary skills and knowledge to identify and address disruptive behavior's underlying causes effectively.

Problem Statement 4 Areas: School Processes & Programs

	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Ensure that administered infractions are handled and communicated to parents within 48 hours of incident including restorative justice techniques for students **Strategy's Expected Result/Impact:** Increase student belonging by 1pt on the student-teacher panorama survey provided during the spring semester of the 2023-2024 school year. **Staff Responsible for Monitoring:** Instructional Leadership, counselor, Assistant Principal of Operations **Title I:** 2.5, 2.6, 4.1 **- TEA Priorities:** Improve low-performing schools **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Perceptions 1	25%	50%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Perceptions
Problem Statement 1: Building relationships with various levels of teachers, staff, and students is a continual process. We all continue to implement treatment agreements and team norms. Using RtI referrals, various data, and vertical alignment documents, teachers identify needs and know what they need to do to get there. **Root Cause**: Academic gaps exist due to lack of building relationships for some students along with behavior challenges. Students at Edinburg Academy have behavior challenges due to trauma, language barriers, and cultural aspects. Poverty and instability in the home environment demands the need of appropriate behavior and learning strategies training for staff.

Goal 3: Increase student persistence

Performance Objective 2: IDEA Edinburg Academy will be in compliance with the Title 1 Family Engagement requirements through the following events: Meet the Teacher, Public Hearing, Spring Town Hall, Progress Towards Goals Meetings and Report Card Pick Up. (TEC 11.253(d)(9))

High Priority

Evaluation Data Sources: Parent Sign In Sheets, Social Media Flyers, Parent Communication via Remind

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: Parental involvement is low specifically in the area of how do parents support their students academically. Grades K-5 students need immediate interventions by focusing on language, behavior, fine/gross motor, cognition and other developmental areas to ensure students are receiving a free appropriate education and to maximize their learning potential. **Root Cause**: However, parental knowledge, outreach, engagement and an understanding of age-appropriate development of children contributes to lack of awareness.

Goal 3: Increase student persistence

Performance Objective 3: IDEA Edinburg Academy will complete the Anti-Bullying and Safer, Smarter School curriculum by deadline indicated on the district calendar. (TEC 11.253(d)(8))

HB3 Goal

Evaluation Data Sources: District provided research-based lessons via move this world, Counselor will track progress of presentations by using Move this World curriculum activity log via the dashboard online.

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Include an emphasis on bullying prevention by focusing on school climate and building healthy relationships between students and staff. **Strategy's Expected Result/Impact:** Decrease campus infraction forms as a result of bullying by 20% by the end of the 2023-2024 school year **Staff Responsible for Monitoring:** School Counselor **Title I:** 2.5, 2.6, 4.1 **- TEA Priorities:** Improve low-performing schools **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1	25%	50%		

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 3 Problem Statements:

Demographics
Problem Statement 1: Parental involvement is low specifically in the area of how do parents support their students academically. Grades K-5 students need immediate interventions by focusing on language, behavior, fine/gross motor, cognition and other developmental areas to ensure students are receiving a free appropriate education and to maximize their learning potential. **Root Cause**: However, parental knowledge, outreach, engagement and an understanding of age-appropriate development of children contributes to lack of awareness.

Goal 4: Increase student daily attendance

Performance Objective 1: IDEA Edinburg will achieve a 96% annual attendance rate for the 23-24 school year.

High Priority

Evaluation Data Sources: Daily Power School reporting based on Official Attendance Taking Period (OATP) will be used to measure ADA and obtain weekly reports on truant students.

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: IDEA Edinburg will implement a minute-by-minute strategy where ADA will be checked every morning and parent contact will be made in a daily basis by teachers and leadership team. **Strategy's Expected Result/Impact:** Daily communication with parents will be accomplished, and a partnership will be formed with parents of truant students to prevent loss of credit. **Staff Responsible for Monitoring:** Lead Team members will be monitoring daily teacher phone calls and will report results during a daily ADA huddle. **Title I:** 2.5, 2.6, 4.1, 4.2 **- TEA Priorities:** Improve low-performing schools **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: An Escalation Process will be used to address truant students which involves several stakeholders and be able to prevent students from accumulating excessive unexcused absences that lead to loss of credit or retention after 18 unexcused absences are captured during the OATP process. **Strategy's Expected Result/Impact:** We expect to achieve 96% ADA rate by end of the year, and 0 students reaching past 18 non excused absences. **Staff Responsible for Monitoring:** APO will be monitoring the escalation matrix and reporting progress during the weekly tactical meeting. **Title I:** 2.5, 2.6, 4.1, 4.2 **- TEA Priorities:** Improve low-performing schools **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1				

 No Progress Accomplished Continue/Modify Discontinue

IDEA Public Schools

Edinburg College Prep

2023-2024 Campus Improvement Plan

Public Presentation Date: August 30, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship. In our school we prioritize the development of our students through rigorous instruction, opportunities to grow as contributing individuals, and the knowledge of being successful in college. IDEA Edinburg staff is committed to modeling behaviors and attitudes that are focused on a growth mindset, kindness, and a willingness to accept others through similarities and differences. We want for our Eagles to grow up in their communities knowing that they are future college graduates and for them to work towards building habits that will make this vision a reality. Our students are productive members of our society today and after graduation because they are committed to a better community.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 40

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Edinburg College Preparatory builds a partnership with the community through various family engagement events. Our teachers and staff ensure that we also include the community when celebrating our scholars. In addition, all scholars from Grades 6-12 are enrolled in advanced courses and are guided by instructional leaders and college counselors to excel in their enrolled courses.

Teachers have persisted year after year, contributing to strong instructional delivery in the classrooms. However, teacher experiences have been discouraging this past school year due to student misbehavior. Furthermore, due to the misbehavior, many parents have shown concern and had chosen to withdraw their child from our campus.

Demographics Strengths

IDEA Edinburg College Preparatory met the district ACT goal of 21 or higher, as well as the CCMR goal at 100%. More than 30% of our graduating class are AP scholars and 100% of our High School seniors graduated & matriculated into college. Furthermore, our campus was successful in offering Dual Enrollment through UTRGV and a partnership with UT Austin through their OnRamps program.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Discipline methods differed from one grade level to the other and lacked consistency. This impacted different demographic groups on our campus, especially in Middle School. **Root Cause:** Our staff expressed frustration during the Employee Pulse Survey, and a factor we attribute this sentiment is low morale due to multiple discipline issues that were not properly addressed early in the school year. Our campus lacks a standardized discipline plan that all grade levels can follow.

Problem Statement 2 (Prioritized): IDEA Edinburg was not able to meet the 97.0% district goal for Average Daily Attendance (ADA) this school year. ADA influences many other school priorities such as persistence and academic levels. **Root Cause:** Despite implementing various strategies (daily phone calls, campus incentive raffles, etc.) during the school year, gains have not been able to effectively curve the overall ADA result for the campus to meet the goal. We need to strategize around other ways to better invest our scholars and families in order to improve our ADA and Persistence.

Student Learning

Student Learning Summary

Kendra: EOC Support

Strengths: Autonomy with what their teaching and how to run the class - Need Assistance? Admin - Chemistry group chat. Leveraging grade team to assist with EOC support

Areas of Opportunity: Modified schedule during testing days, period rotations or content block until modified schedule begins --- Don't incorporate new things at the end of the year - Example: Data Calls, CNA, EOY Duties

---Holding room for testing students - teacher lose conferences

Question: Are all other grade levels doing okay with doing modified schedule after testing time? Helps with conference periods. Without modified schedules, students return to 6th and 7th and do not want to do anything.

Nicole: STAAR Alt. 2 Support

Strengths: Santa followed up with teacher availability - no missing exams

Areas of Opportunity: Campus awareness about STAAR Alt 2 testing dates --- testing environment not compromised --- Designated Testing Room --- STAAR Alt. 2 testing the month of April

Question: Designated Testing Room? Without distractions.

Mark: Persistence Support

Strengths: Attract students - competitive athletic programs, clubs, drumline, folkloric, gardening club -- celebrating student successes, parades, homecoming, FAM meetings

Areas of Opportunity: Emphasize more acknowledgement of athletic achievements -- drives school spirit ---- more individual grade level celebrations -- tailor activities for their age group --- community stakeholders be more involved in school events to draw more people into our school

---Involving more teachers during campus expectations to increase our campus spirit - dress up days (not just accessories) --- videos for pep rallys --- timely ordering of accessories/ dress up ---- increasing certificates for the students for any growth --- Quarterly A/AB Honor Roll - Breakfast --- Merit Store --- Consistent with mechanisms in place --- FAM - Bigger Events --- MS/HS

Question: How to improve school spirit and campus climate? How do we keep our teachers here so we can keep your students here?

Suzy: EB Support

Strengths: Use a lot of visuals - anchor charts. A lot of bilingual teachers in the classroom - we are able to best support.

Areas of Opportunity: Bilingual dictionaries - incorporated in lessons - word walls with PHOTOS, vs just definition

Question: By when in the year do we have a finalized EB Roster?

Bryana: STAAR Support

Strengths: Testing Bin pick-up, smooth --- classroom preparation and ready to go

Areas of Opportunity: Extra time students - near the students that already finished - loud ---- bin turn in during lunch time and didn't have lunch

----Testing Plan --- Timely Communication regarding test support staff

----Room Changes: Timely Communication

----Template for new teachers ---- Training for New Teachers ---- Timely Communication regarding Huddles

Question:

Justin/Toribio: OTG Support

Strengths: Celebrate successes - incentive system -- individual trackers - individual conversations when not showing growth -- Motivating students to utilize PowerSchool to build their capacity --- During OTG, leveraging team to best support with any missing assignments.

Areas of Opportunity: Increase parent contact to best support, give consequences (holding students accountable) -- Structure OTG accordingly - enrichment activity for those on track to best utilize the time --- students with 18+ Absences - losing credit

Question: Will there be a re-structure on OTG?

Lopa: AP Support

Strengths: A lot of good feedback from administration and district --- test are administered in an organized manner -- hands on activities and labs

Areas of Opportunity: Modified Schedules --- too many --- district recommended resources not available - may not know the protocol.

----Proctoring equality (Fairness across the board)

----Not seeing students in over a month (Mid-April to Mid-May) -- pulling students out (specifically 12th grade)

Question: Will 10th and 11th graders still be given the opportunity to take an AP class in order to advance? Is there still room in their schedule?

Hilda: SpEd Support

Strengths: Building relationships with Special Education Students - they will work for you - visuals, color coding, Algebra tiles for introductory skills, real-world connections

Areas of Opportunity: 3-4 years ago, during BOY, previous year teachers to communicate best practices vs starting from scratch - starting with seating charts that the previous teacher had ----- Small Group: Sent for testing but coming back with 100s - often. True Reflection is absent.

Question: Special Education pulls out - mid year - they are **not consistent**. push in or pull out.

Clarissa/Alvin: CTE Support

Strengths: Teachers are excited for the courses and they are funds

Areas of Opportunity: No pathway. Timely communication for paperwork submission

Question: What is the end product once they complete the 5 coursework? 3 schools doing the sampler pack. (Jen question)

----Two pathways - Computer Science and Biomedical/Engineering - students get the certificate and can use the certificate for future jobs and use for internship. Partnering with STC to get licenses for students to gain experiences.

Alejandro: ACT Support

Strengths: Month-long ACT boot camp in Spring/Fall --- preparing for exam months ahead of time

Areas of Opportunity: Teacher flexible during Modified schedules for ACT and incorporating ACT Do Nows (not all teachers)

---ACT Knowledge for RTTC - across the campus

Question: How can we incorporate ACT content in all classes? More Resources

Student Learning Strengths

EOC: Autonomy with what their teaching and how to run the class - Need Assistance? Admin - Chemistry group chat. Leveraging grade team to assist with EOC support

STAAR Alt. 2: Santa (TC) followed up with teacher availability - no missing exams

Persistence: Attract students - competitive athletic programs, clubs, drumline, folkloric, gardening club -- celebrating student successes, parades, homecoming, FAM meetings

EB: Use a lot of visuals - anchor charts. A lot of bilingual teachers in the classroom - we are able to best support.

STAAR: Testing Bin pick-up, smooth --- classroom preparation and ready to go

OTG: Celebrate successes - incentive system -- individual trackers - individual conversations when not showing growth -- Motivating students to utilize PowerSchool to build their capacity --- During OTG, leveraging team to best support with any missing assignments.

AP Support: A lot of good feedback from administration and district --- test are administered in an organized manner -- hands on activities and labs

SpEd: Building relationships with Special Education Students - they will work for you - visuals, color coding, Algebra tiles for introductory skills, real-world connections

CTE: Teachers are excited for the courses and they are funds

ACT: Month-long ACT boot camp in Spring/Fall --- preparing for exam months ahead of time

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Timely Communication **Root Cause:** Lack of timely planning and communication campus mechanism

Problem Statement 2 (Prioritized): Protected time not embedded within Monthly Professional Development Agenda to bridge the gap between General Education Teacher and Special Education Teacher **Root Cause:** Lack of Communication mechanism between General Education Teacher and Special Education Teacher

Problem Statement 3 (Prioritized): Gap in lesson planning being aligned to TEKS/standards and rigor of end of year assessments (CFS posted and delivered effectively) **Root Cause:** Lack of lesson plan feedback mechanism with rigor focus

School Processes & Programs

School Processes & Programs Summary

Curriculum & Instruction: STAAR, STAAR EOCs, Pre-AP, AP, Dual Enrollment (UTRGV and On Ramps) ACT and TSI

Professional Development: District Led (trainings, road map, course collaboration), Curriculum Led (AP, On Ramps NMSI, Mastery Prep. (ACT)

Leadership & Decision Progressing- Campus Lead Team (Principal, Assistance Principals (APIs/ APO), DCC, CCs, Social Counselor

Communication: Remind, Facebook, Phone Calls, Emails

Support Services: Special Pops, Rise, EB, 504

Extracurricular Activities: Academic Programs: UIL, Student Council, National Honor Society Extracurriculars: Sports (Volleyball, Basketball, Baseball, Cross Country, Track, Powerlifting and Soccer

Technology Integration: Career Education Technology (CTE courses -5)

School Processes & Programs Strengths

- Academic offerings: AP Exams, Onramps, and Dual Enrollment are successful programs at ICPE
- Our schools programs, UIL, Clubs, Etc. bring light, and life to the school. Bring brightness to our campus after the COVID-19 pandemic. It brings comradery and school spirit to give our campus that well rounded balance of academic and rigor with extracurriculars.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Students wander around campus property, and leave campus grounds. **Root Cause:** Lack of clear duty responsibilities for duty holders, and insufficient quantities of duty holders in the during arrival and dismissal.

Problem Statement 2 (Prioritized): Duty roles and responsibilities are unclear. **Root Cause:** Lack of responsibility and expectations for stakeholders.

Problem Statement 3 (Prioritized): Unequal opportunities to serve ALL students through our extracurricular programs. **Root Cause:** Lack of clear communication around the programs/sports we offer and how to join.

Problem Statement 4 (Prioritized): There is a gap between the extracurricular programs we offer and student persistence. **Root Cause:** Lack of students and parent awareness on what we offer and seek other opportunities at different schools.

Perceptions

Perceptions Summary

Perceptions:

At IDEA Edinburg College Prep allows employees to collaborate on quality work, build on camaraderie, and invest all stakeholders. IDEA Edinburg strives to build a safe environment for students and staff. They strive for academic excellence overall and individually also maintaining accountability individually and as a whole. We provide various activities and events for community to be apart of with the student body.

Perceptions Strengths

The AEES (Annual Employee Experience Survey) revealed that (83.9%) of staff agreed or strongly agreed that their work is meaningful, Camaraderie, (83%) responded they built strong relationships and friendships with colleagues, (77%) stated that collaboration between team members was evident to get things done, (71%) noted that they had opportunities to do what they do best. Staff members also noted that people are happy to come to work and the leadership team provides supplies and support.

According to the recent data, 6th grade (96.10%) and 9th grade (96.0%) had the highest ADA in the campus. The data also reveals that persistence is higher in High School 11th grade (100%) and 12th Grade (100%). Furthermore, teacher retention showed improvement from 2022 (88.5%) to 2023 (94.3%).

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Consistently Sweating the Small Stuff (uniform, transitions, homework...) **Root Cause:** Miscommunication between administration and teachers which leads to unbalanced culture.

Problem Statement 2 (Prioritized): The lack of mental and emotional work life balance created unnecessary mental stress for staff. **Root Cause:** Lack of administration support which leads to teachers carrying more workload. For example, student behavior, consequences, and last minute directives.

Problem Statement 3: Students and staff don't feel physically safe on campus. **Root Cause:** Campus layout, lack of surveillance, no security presence, logistical infrastructure improvement

Priority Problem Statements

Problem Statement 1: The lack of mental and emotional work life balance created unnecessary mental stress for staff.

Root Cause 1: Lack of administration support which leads to teachers carrying more workload. For example, student behavior, consequences, and last minute directives.

Problem Statement 1 Areas: Perceptions

Problem Statement 2: Consistently Sweating the Small Stuff (uniform, transitions, homework...)

Root Cause 2: Miscommunication between administration and teachers which leads to unbalanced culture.

Problem Statement 2 Areas: Perceptions

Problem Statement 3: There is a gap between the extracurricular programs we offer and student persistence.

Root Cause 3: Lack of students and parent awareness on what we offer and seek other opportunities at different schools.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Unequal opportunities to serve ALL students through our extracurricular programs.

Root Cause 4: Lack of clear communication around the programs/sports we offer and how to join.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: IDEA Edinburg was not able to meet the 97.0% district goal for Average Daily Attendance (ADA) this school year. ADA influences many other school priorities such as persistence and academic levels.

Root Cause 5: Despite implementing various strategies (daily phone calls, campus incentive raffles, etc.) during the school year, gains have not been able to effectively curve the overall ADA result for the campus to meet the goal. We need to strategize around other ways to better invest our scholars and families in order to improve our ADA and Persistence.

Problem Statement 5 Areas: Demographics

Problem Statement 6: Protected time not embedded within Monthly Professional Development Agenda to bridge the gap between General Education Teacher and Special Education Teacher

Root Cause 6: Lack of Communication mechanism between General Education Teacher and Special Education Teacher

Problem Statement 6 Areas: Student Learning

Problem Statement 7: Gap in lesson planning being aligned to TEKS/standards and rigor of end of year assessments (CFS posted and delivered effectively)

Root Cause 7: Lack of lesson plan feedback mechanism with rigor focus

Problem Statement 7 Areas: Student Learning

Problem Statement 8: Discipline methods differed from one grade level to the other and lacked consistency. This impacted different demographic groups on our campus, especially in Middle School.

Root Cause 8: Our staff expressed frustration during the Employee Pulse Survey, and a factor we attribute this sentiment is low morale due to multiple discipline issues that were not properly addressed early in the school year. Our campus lacks a standardized discipline plan that all grade levels can follow.

Problem Statement 8 Areas: Demographics

Problem Statement 9: Students wander around campus property, and leave campus grounds.

Root Cause 9: Lack of clear duty responsibilities for duty holders, and insufficient quantities of duty holders in the during arrival and dismissal.

Problem Statement 9 Areas: School Processes & Programs

Problem Statement 10: Timely Communication

Root Cause 10: Lack of timely planning and communication campus mechanism

Problem Statement 10 Areas: Student Learning

Problem Statement 11: Duty roles and responsibilities are unclear.

Root Cause 11: Lack of responsibility and expectations for stakeholders.

Problem Statement 11 Areas: School Processes & Programs

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: Matriculation tracker, Naviance tracker, Director of College Counseling Check-in Tracker

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Hold 100% of match and fit conversations with seniors **Strategy's Expected Result/Impact:** 100% of students are matched to a college/university of their choosing **Staff Responsible for Monitoring:** College Counselors, Director of College Counseling, Principal **Title I:** 2.6 **- TEA Priorities:** Connect high school to career and college **Problem Statements:** School Processes & Programs 3, 4	25%	50%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

School Processes & Programs
Problem Statement 3: Unequal opportunities to serve ALL students through our extracurricular programs. **Root Cause**: Lack of clear communication around the programs/sports we offer and how to join.
Problem Statement 4: There is a gap between the extracurricular programs we offer and student persistence. **Root Cause**: Lack of students and parent awareness on what we offer and seek other opportunities at different schools.

Goal 1: All IDEA students matriculate to college

Performance Objective 2: 100% of graduates meet TSIA college readiness benchmark (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: TSI exam, TSI prep practice.

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: TSI prep based on student need **Strategy's Expected Result/Impact:** TSI Exemptions **Staff Responsible for Monitoring:** RTTC Teachers, Counselors **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **Problem Statements:** School Processes & Programs 4				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

School Processes & Programs
Problem Statement 4: There is a gap between the extracurricular programs we offer and student persistence. **Root Cause**: Lack of students and parent awareness on what we offer and seek other opportunities at different schools.

Goal 2: IDEA achieves an A Rating

Performance Objective 1: 6th-8th grade students perform at or above grade level in Math as measured by the Meets Grade Level standard on STAAR will increase from X% to X% in Spring 2024 (HB3)

HB3 Goal

Evaluation Data Sources: Renstaar assessments, Daily lesson progress, Formative assessments (Math semester exam, mock exam, and STAAR exam).

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Biweekly data conversations, instructional leader-to-teacher, and instructional leader to discuss lesson progress, Renstaar progress, and next steps for student/teacher. **Strategy's Expected Result/Impact:** Progress towards goals are continuously identified to adjust math instruction accordingly **Staff Responsible for Monitoring:** Teachers, Instructional leaders, Math coaches **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 3				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Individual and class student progress trackers. **Strategy's Expected Result/Impact:** Individual student trackers are used to allow students to know where they stand, how close they are from their goal, and are celebrated by their teacher. Class trackers allow teacher to celebrate and make informed decissions. **Staff Responsible for Monitoring:** Teacher, student, instructional leader. **Title I:** 2.5 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 3				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 3: Gap in lesson planning being aligned to TEKS/standards and rigor of end of year assessments (CFS posted and delivered effectively) **Root Cause**: Lack of lesson plan feedback mechanism with rigor focus

Goal 2: IDEA achieves an A Rating

Performance Objective 2: 6th-8th grade students perform at or above grade level in RLA as measured by the Meets Grade Level standard on STAAR will increase from X% to X% in Spring 2024 (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: Unit assessments, large scale assessments (mock/semester exams), STAAR/EOC test.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Daily data tracking and informed data decisions. Teachers and leaders will leverage daily exit ticket data system to close gaps with a quick turn around. **Strategy's Expected Result/Impact:** Data is tracked and used to make informed data decisions every day. **Staff Responsible for Monitoring:** teacher, instructional leaders. RLA coaches **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 3	25%	50%	75%	

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Student trackers for student/teacher/leader identify growth goal to be met. **Strategy's Expected Result/Impact:** All stakeholders have access to individual student growth goals. **Staff Responsible for Monitoring:** Student, teacher, instructional leaders. **Title I:** 2.4 **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 3	25%	50%	75%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 3: Gap in lesson planning being aligned to TEKS/standards and rigor of end of year assessments (CFS posted and delivered effectively) **Root Cause**: Lack of lesson plan feedback mechanism with rigor focus

Goal 2: IDEA achieves an A Rating

Performance Objective 3: 34% of students taking TELPAS assessments will increase a proficiency level.

High Priority

Evaluation Data Sources: TELPAS Summit K12 Benchmark and TELPAS assessment.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Redesign testing environment and offer TELPAS testing practices so that students are placed in the best learning environment. **Strategy's Expected Result/Impact:** Increased TELPAS assessment performance **Staff Responsible for Monitoring:** Interventionist, teachers **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 3				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 3 Problem Statements:

Student Learning
Problem Statement 3: Gap in lesson planning being aligned to TEKS/standards and rigor of end of year assessments (CFS posted and delivered effectively) **Root Cause**: Lack of lesson plan feedback mechanism with rigor focus

Goal 2: IDEA achieves an A Rating

Performance Objective 4: 100% of identified scholars meet required minutes per House Bill 4545 (HB4545)

High Priority

Evaluation Data Sources: HB4545 Tracker

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: HB4545 students will be identified and will attend intervention periods and after school tutorials. **Strategy's Expected Result/Impact:** HB4545 students will receive the sufficient amount of intervention needed to be successful. **Staff Responsible for Monitoring:** Instructional Leaders, Teachers **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math **Problem Statements:** Student Learning 3				

Strategy 2 Details	Reviews

	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Campus will execute timely communication to families regarding school events and will provide materials to promote family engagement and attendance. (TEC 11.253(d)(9)) **Strategy's Expected Result/Impact:** 100% of families will receive communication and will participate on family engagement and school events. **Staff Responsible for Monitoring:** Campus Leaders and Staff **Title I:** 4.2 **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** School Processes & Programs 3, 4 **Funding Sources:** Notepads, highlighters, binders, pens, pencils - Title I, Part A (4120) - $3,086.75	25%	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Campus Leaders will create a plan and calendar of events for the entire school year, using feedback from staff, parents and students. **Strategy's Expected Result/Impact:** By gathering feedback from all stakeholders, the campus leaders will be able to create a year-long plan of events for family engagement. **Staff Responsible for Monitoring:** Campus Leaders and Staff **Title I:** 4.1, 4.2 **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** School Processes & Programs 3, 4	25%	50%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

School Processes & Programs
Problem Statement 3: Unequal opportunities to serve ALL students through our extracurricular programs. **Root Cause**: Lack of clear communication around the programs/sports we offer and how to join.
Problem Statement 4: There is a gap between the extracurricular programs we offer and student persistence. **Root Cause**: Lack of students and parent awareness on what we offer and seek other opportunities at different schools.

Goal 3: Increase student persistence

Performance Objective 3: Campus will complete the Anti-Bullying and Safer, Smarter School curriculum by deadline indicated on the district calendar. (TEC 11.253(d)(8))

High Priority

HB3 Goal

Evaluation Data Sources: Lesson Completion Trackers, District Dashboard Tracker, Completion Surveys

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Campus will plan and execute Safer, Smarter Schools Curriculum lessons. **Strategy's Expected Result/Impact:** By tracking the lesson completion progress, teachers will meet district deadlines and 100% of students will receive and participate in the Safer, Smarter Schools Curriculum lessons. **Staff Responsible for Monitoring:** Campus Leaders, Teachers, Students **Title I:** 2.6 **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1 - Student Learning 1 - School Processes & Programs 1 - Perceptions 1	25%	100%	100%	

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Campus Leaders and Teachers will track the lesson completion of the Safer, Smarter Schools curriculum. **Strategy's Expected Result/Impact:** By tracking the lesson completion, the campus will meet district deadlines and 100% of students will receive the Safer, Smarter Schools Curriculum lessons. **Staff Responsible for Monitoring:** Campus Leaders and Teachers **Title I:** 2.6 **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1, 2 - Student Learning 1 - School Processes & Programs 1 - Perceptions 1	25%	100%	100%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 3 Problem Statements:

Demographics
Problem Statement 1: Discipline methods differed from one grade level to the other and lacked consistency. This impacted different demographic groups on our campus, especially in Middle School. **Root Cause**: Our staff expressed frustration during the Employee Pulse Survey, and a factor we attribute this sentiment is low morale due to multiple discipline issues that were not properly addressed early in the school year. Our campus lacks a standardized discipline plan that all grade levels can follow.
Problem Statement 2: IDEA Edinburg was not able to meet the 97.0% district goal for Average Daily Attendance (ADA) this school year. ADA influences many other school priorities such as persistence and academic levels. **Root Cause**: Despite implementing various strategies (daily phone calls, campus incentive raffles, etc.) during the school year, gains have not been able to effectively curve the overall ADA result for the campus to meet the goal. We need to strategize around other ways to better invest our scholars and families in order to improve our ADA and Persistence.
Student Learning
Problem Statement 1: Timely Communication **Root Cause**: Lack of timely planning and communication campus mechanism
School Processes & Programs
Problem Statement 1: Students wander around campus property, and leave campus grounds. **Root Cause**: Lack of clear duty responsibilities for duty holders, and insufficient quantities of duty holders in the during arrival and dismissal.
Perceptions
Problem Statement 1: Consistently Sweating the Small Stuff (uniform, transitions, homework...) **Root Cause**: Miscommunication between administration and teachers which leads to unbalanced culture.

Goal 4: Increase student daily attendance

Performance Objective 1: IA & CP: IDEA Edinburg will achieve a 96% annual attendance rate for the 23-24 school year

High Priority

Evaluation Data Sources: Escalation Matrix, ADA campus tracker

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Update ADA escalation matrix and share with grade level teams **Strategy's Expected Result/Impact:** Increase ADA and decrease absenteeism **Staff Responsible for Monitoring:** APO, Grade Team Leaders, Teachers **Title I:** 2.4, 2.6 **- TEA Priorities:** Connect high school to career and college, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Problem Statements:** Demographics 2	25%	50%	75%	

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Implement ADA Incentive Plan **Strategy's Expected Result/Impact:** Increase ADA and promote a positive learning environment **Staff Responsible for Monitoring:** APO, Teachers, Grade Team Leaders **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Connect high school to career and college, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Problem Statements:** Demographics 2 - Student Learning 1 - Perceptions 1	25%	50%	75%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics

Problem Statement 2: IDEA Edinburg was not able to meet the 97.0% district goal for Average Daily Attendance (ADA) this school year. ADA influences many other school priorities such as persistence and academic levels. **Root Cause**: Despite implementing various strategies (daily phone calls, campus incentive raffles, etc.) during the school year, gains have not been able to effectively curve the overall ADA result for the campus to meet the goal. We need to strategize around other ways to better invest our scholars and families in order to improve our ADA and Persistence.

IDEA Public Schools

Elsa Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 23, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Goals 15
- Goal 1: IDEA achieves an A Rating 15
- Goal 2: Increase student persistence 22
- Goal 3: Increase student daily attendance 26
- Goal 4: Increase staff retention 28
- Goal 5: Increase student enrollment (no required performance objectives/strategies) 30

Campus Funding Summary 31

Comprehensive Needs Assessment

Revised/Approved: August 23, 2023

Demographics

Demographics Summary

IDEA Elsa Academy currently houses over 800 student enrollment for grades Pk-5th. Our female population 47.08%, male population 52.92%. We also house 94.53% of Hispanic race population. An open enrollment charter school that services students from within city of Elsa and outside Donna, Weslaco, Monte Alto and La Villa. Elsa Academy currently services over 52.92% Emergent Bilingual students and have 65.34% At Risk identified students.

The instructional programs at IDEA Elsa Academy consists of the 21st century after school program, Bilingual and EB program, 504, RTI the special education program, which consists of speech classes and life skills.

According to the Texas Education Agency Accountability System, IDEA Elsa Academy received and A for the 2021-2022 school year and received distinctions for Academic Achievement in English Language Arts Reading and Post secondary readiness.

Demographics Strengths

With over 94% Economically Disadvantaged students, our school is able to provide free meals to the entire student population. IDEA Public Schools offers our teachers professional development opportunities periodically throughout the year to improve quality learning in the classroom. Our organization continues to market and survey to provide all teachers a competitive salary compared to other school districts. Teachers work diligently through after school tutoring, sat school to support in closing the learning gaps for students At Risk.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to address disciplinary processes for students who struggle to adapt to IDEA student culture. Student referral did not decrease rather increased. **Root Cause:** Re establish a behavioral plan that includes positive reinforcements, consequence ladder and roles/ responsibilities of all stakeholders involved.

Problem Statement 2 (Prioritized): There is a challenge with on boarding of new students and families that continuously supports the IDEA culture. Family on boarding occurs at the start of the school year through new student culture camp and Welcome to IDEA but does not have any further touch points throughout the school year. **Root Cause:** There is a need to ensure parent engagement is tracked for critical students so that parent acquire best practices and tools to best support students at home.

Problem Statement 3: There is a need to increase interventions to address the growing numbers of new to IDEA students who struggle/do not know how to read in 3rd-5th grade. **Root Cause:** One interventionist is made available for 3rd-5th and student schedules minimize flexibility to pull students for reading intervention.

Problem Statement 4: There is a need to increased focus on successful implementation of RTI, cohesive writing curriculum, and differentiated instruction and practices. **Root Cause:** Resources available, and different curriculums divide (Wit & Wisdom and BAW) limit an intentional implementation of writing instruction. Staff must increase awareness of RTI students and consistently practice implementing the supports RTI students need to be successful. Differentiating instructions begins with teachers setting a plan during lesson internalization and lesson planning.

Student Learning

Student Learning Summary

In Kindergarten through 2nd grade, our student learning outcomes were overall excellent . Kinder, 1st, and 2nd Grade Mathematics took End of Year Blind Exams in which we averaged about 92% of our students passing the exam at an Approaches Band. Mathematics Breakdown is as follows, Kindergarten 97%Approaches/69%Masters, 1st Grade Math 92% Approaches/61%Masters, 2nd grade Math 82%Approaches/22%Masters. In PK-2 students also showed high mastery. As per our Direct Instruction Reading Transformations Program, PK 100%, Kinder 97%, 1st 90%, 2nd 96% of students ended the year on or above grade level; this is the first year that 1st grade meets this benchmark; which attest to successful closing of gaps for our foundational grades.

In our CSI , Critical Student Intervention Program , in grades 3-5, our campus fell 8 students shy of meeting the district goal. In Reading , the goal is for 50% of students to grow two or more years as per the program Renaissance Star, our students ended the year at 44%. In Math, the goal is for 60% of students to grow two or more years as per the program Renaissance Star, our students ended the year at 48%. This outcome was due to not targeting foundational gaps in reading and math fluency and comprehension. The plan for the upcoming year is to create a scope and sequence of fluency and foundational gaps to target.

Spring 2023 was the first time 3rd- 5th grade students took the STAAR state assessment online. Pending Scores Aug 11th

STAAR ALT 10 out of 10 STAAR ALT exams in 3rd and 4th ELA and Math resulted in 100% Satisfactory -_____% Accomplished . This outcome was the intentional execution of backwards planning to the rigor of the assessment as well as the Attainment Curriculum.

HB4545 students growth goal is 85%. Results showed ___ growth.

EB students goal is a student achievement score of 37. EB students score an SAS of ____.

SPED student goal is a student achievement score of 23. Our students scored an SAS of _____.

TELPAS goal is a student achievement score of 42acc

LAST Year Sample Below

Our dedication to ensure our students receive the best education possible begins in Kindergarten. Systems for instructional delivery will continue to be practiced and consistently monitored to create intentional and effective daily lesson delivery across all grade levels, not just 3rd-5th.

Student Learning Strengths

- 3rd-5th ELAR we were above district average in mock exams.
- 3rd Math we scored a student achievement average higher than 2022 STAAR on mock exam.
- 5th Grade Science scored 1st place in Mid-Valley region.
- Sped students in 3rd-5th showed an increase above district average and were highlighted at the district level.
- Teachers showed a proficiency of advanced skill in unpacking assessments consistently before beginning each module and unit.
- Telpas accountability measure was obtained in Mock Telpas assessment given in October.
- Students successfully tracked daily TEKS performance on mastery machine systems after mock exams.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: There was no differentiated instruction in an effort to meet student needs to improve student performance among all low-performing groups. **Root Cause:** Teachers were trained in the skill of differentiating instruction for all student groups.

Problem Statement 2: The percent of 3rd-5th students passing quarterly reading and math assessments are minimal. **Root Cause:** Curriculum is often lacking the rigor and teachers often have to create lessons aligned to rigor of state assessment.

Problem Statement 3: Teachers lesson plans are not fully aligned to TEKS for reading and math. **Root Cause:** Teachers are still developing in how to create lessons that are fully aligned to the TEKS using the districts scope and sequence.

Problem Statement 4 (Prioritized): Sped and Emerging EB students' data on district wide assessments performed below Target Achievement Score on grades 3rd-5th STAAR tested subjects. **Root Cause:** Gen ed teachers, SPED teachers and leaders failed to execute best practices to close gaps for students to perform on grade level rigor.

Problem Statement 5 (Prioritized): Teachers did not deliver a first strong instruction lesson. **Root Cause:** Teachers submitted exemplars that did not reflect all the lesson plan components for a strong first teach.

Problem Statement 6 (Prioritized): There was a reactive approach to data -driven instruction such as Exit Ticket Data or Summative Assessment Data . **Root Cause:** Teachers lacked skill of using data to monitor student learning throughout the lesson cycle .

School Processes & Programs

School Processes & Programs Summary

Instructional leaders at IDEA Elsa Academy participate in classroom observations twice a week and develop skills in coaching, participate in coaching academies during their first year as leaders, and continue participating on ongoing professional development. Each leader is responsible for a specific content, which allows them to focus and develop necessary skills in that area. We plan for professional development for teachers based on trends in observations and gaps in student learning identified through data from state, district or exit tickets. Leaders support teachers in different content areas by providing modeling in classroom, weekly lesson rehearsals for 3rd-5th, and providing opportunity for teachers to have conference with same content teachers. This allows them to share ideas, develop skills and plan together in skills that align to their content.

We have programs including AR zone and Dreambox. Our AR Zone program supports students in developing comprehension by allowing students time to read and test on books. Dreambox allows students to participate in interactive engaging math lesson, which can be aligned to what students are learning in the classroom to strengthen their mathematics skills.

Programs:

- Special Education
- ESL
- 21st Century
- 504
- RTI

Processes:

- Faculty meetings- Bi-weekly
- RTI - to support students academically or with behavior - Every 6-9 weeks

See PDF in Addendum for more information.

School Processes & Programs Strengths

- 100% of students in the HB4545 program met required minutes.
- Students participated in after school programs

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Teachers did not effectively implement instructional best practices for working with EB's, and at-risk students. **Root Cause:** There's no targeted professional development to support teachers with strategies and tactics to target EB's and at-risk students need to be readily available.

Problem Statement 2 (Prioritized): There is not a consistent system for disciplinary consequences for students. **Root Cause:** There is a lack of consistent accountability in school

culture expectations and documentation processes are not followed with fidelity.

Problem Statement 3: There is lack of diverse activities provided in after school programs. **Root Cause:** There is no teacher participation and budget limits the types of activities that can be offered.

Perceptions

Perceptions Summary

IDEA Elsa Academy provides staff, parents and students an opportunity to share their concerns by completing a school survey every year. We analyze student, staff and parent feedback to get a better understanding of areas we are excelling in and areas that might need more attention. Our mission is to provide a safe, joyful environment for all students and staff. It is essential for IDEA Elsa Academy to collaborate with parents and staff to ensure our students and staff members are successful emotionally, academically and professionally. We have a variety of avenues to communicate with parents, including Class Dojo, Remind, and Facebook. These communication mechanisms allows us to share events and student celebrations through out the year.

IDEA Public Schools has established 7 core values, which we follow diligently. These core values provide the foundation for building a strong atmosphere and are initiatives that push our teachers and students to achieve their best.

We Achieve Academic Excellence

We Deliver Results

We Act with Integrity

We Ensure Equity

We Sweat the Small Stuff

We build team and family

We bring joy

These core values are represented throughout our school and celebrated when teachers or students are found representing any of the 7 listed above. They also help align our mission standards and desired outcomes with our parents.

Perceptions Strengths

- We are currently over enrolled for 2023-2024 school year
- Teacher retention is currently at 93%
- Student persistence is currently at 95%

Problem Statements Identifying Perceptions Needs

Problem Statement 1: There is minimal mentoring supports for teachers in kinder-2nd. **Root Cause:** Instructional rounds and classrooms observations are based off of campus needs and priorities.

Problem Statement 2 (Prioritized): There was a decrease in student and staff attendance. **Root Cause:** Lack of knowledge and follow through of student/staff handbook policy and expectations for staff and students.

Problem Statement 3 (Prioritized): There is a minimal response to parental and community surveys. **Root Cause:** There was a lack of investment with teachers prioritizing and communicating with parents the importance of survey responses/feedback, along with lack providing parents the opportunities for parents to complete surveys on campus.

Problem Statement 4: As per parent responses on survey parents communicated there was little to no communication regarding safety drills. **Root Cause:** Leaders did not prioritize making safety drills public communication.

Priority Problem Statements

Problem Statement 1: There is a need to address disciplinary processes for students who struggle to adapt to IDEA student culture. Student referral did not decrease rather increased.

Root Cause 1: Re establish a behavioral plan that includes positive reinforcements, consequence ladder and roles/ responsibilities of all stakeholders involved.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Teachers did not effectively implement instructional best practices for working with EB's, and at-risk students.

Root Cause 2: There's no targeted professional development to support teachers with strategies and tactics to target EB's and at-risk students need to be readily available.

Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: There was a decrease in student and staff attendance.

Root Cause 3: Lack of knowledge and follow through of student/staff handbook policy and expectations for staff and students.

Problem Statement 3 Areas: Perceptions

Problem Statement 4: There is a minimal response to parental and community surveys.

Root Cause 4: There was a lack of investment with teachers prioritizing and communicating with parents the importance of survey responses/feedback, along with lack providing parents the opportunities for parents to complete surveys on campus.

Problem Statement 4 Areas: Perceptions

Problem Statement 5: There is a challenge with on boarding of new students and families that continuously supports the IDEA culture. Family on boarding occurs at the start of the school year through new student culture camp and Welcome to IDEA but does not have any further touch points throughout the school year.

Root Cause 5: There is a need to ensure parent engagement is tracked for critical students so that parent acquire best practices and tools to best support students at home.

Problem Statement 5 Areas: Demographics

Problem Statement 6: Teachers did not deliver a first strong instruction lesson.

Root Cause 6: Teachers submitted exemplars that did not reflect all the lesson plan components for a strong first teach.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: Sped and Emerging EB students' data on district wide assessments performed below Target Achievement Score on grades 3rd-5th STAAR tested subjects.

Root Cause 7: Gen ed teachers, SPED teachers and leaders failed to execute best practices to close gaps for students to perform on grade level rigor.

Problem Statement 7 Areas: Student Learning

Problem Statement 8: There was a reactive approach to data -driven instruction such as Exit Ticket Data or Summative Assessment Data .

Root Cause 8: Teachers lacked skill of using data to monitor student learning throughout the lesson cycle .
Problem Statement 8 Areas: Student Learning

Problem Statement 9: There is not a consistent system for disciplinary consequences for students.
Root Cause 9: There is a lack of consistent accountability in school culture expectations and documentation processes are not followed with fidelity.
Problem Statement 9 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas approved PreK - 2nd grade assessment data
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 38% to 40% in Spring 2024 (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: weekly assessments, district assessments, STAAR scores, campus data trackers

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers and leaders will track student performance and will create acceleration plans for students performing under the meets performance band after each unit assessment. **Strategy's Expected Result/Impact:** increase student mastery by 5% **Staff Responsible for Monitoring:** Instructional leaders, Reading Teachers, Assistant Principals of Instruction, Principal **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 5, 6	25%	50%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 2: There is a challenge with on boarding of new students and families that continuously supports the IDEA culture. Family on boarding occurs at the start of the school year through new student culture camp and Welcome to IDEA but does not have any further touch points throughout the school year. **Root Cause**: There is a need to ensure parent engagement is tracked for critical students so that parent acquire best practices and tools to best support students at home.
Perceptions
Problem Statement 3: There is a minimal response to parental and community surveys. **Root Cause**: There was a lack of investment with teachers prioritizing and communicating with parents the importance of survey responses/feedback, along with lack providing parents the opportunities for parents to complete surveys on campus.

Goal 2: Increase student persistence

Performance Objective 3: 100% of schools will complete the Anti-Bullying and Safer, Smarter School curriculum by deadline indicated on the district calendar. (TEC 11.253(d)(8))

Evaluation Data Sources: Safer Smarter Schools Excel tracker

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Campus will implement and deliver required curriculums within the first week of school to abide by the compliances required by the state. **Strategy's Expected Result/Impact:** Decrease the amount of bullying incidents by 5% **Staff Responsible for Monitoring:** Social worker, counselor, principal, assistant principal **Title I:** 4.2 **- TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1 - School Processes & Programs 2	25%	50%		

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 3 Problem Statements:

Demographics
Problem Statement 1: There is a need to address disciplinary processes for students who struggle to adapt to IDEA student culture. Student referral did not decrease rather increased. **Root Cause**: Re establish a behavioral plan that includes positive reinforcements, consequence ladder and roles/ responsibilities of all stakeholders involved.
School Processes & Programs
Problem Statement 2: There is not a consistent system for disciplinary consequences for students. **Root Cause**: There is a lack of consistent accountability in school culture expectations and documentation processes are not followed with fidelity.

Goal 3: Increase student daily attendance

Performance Objective 1: 100% of students from 2nd thru 5th Grade meet their MVPA minutes goal of X. (TEC 11.253(d)(10))

Evaluation Data Sources: Excel Student tracker, watches.

Strategy 1 Details	Reviews			
	Formative			Summative

IDEA Public Schools

Elsa College Prep

2023-2024 Campus Improvement Plan

Board Approval Date: August 22, 2023
Public Presentation Date: August 22, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of College Graduates.

Our vision at IDEA Elsa College Prep is that graduating seniors will be fully poised to matriculate into a four-year college or university of their choice. All our students will be prepared academically, socially, emotionally and with a good sense of self in order to compete at the national and international levels. To achieve these goals IDEA ELSA College Prep students and staff will be driven by the following three pillars:

Academic Focus on College Readiness

Data Driven Instruction

Sense of Community

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 33

Comprehensive Needs Assessment

Demographics

Demographics Summary

We have a total of 532 students. 512 of 532 are Hispanics, which is a percentage of approximately 96.24%. 1 of 532 is black, a percentage of (0.19%). 19 of 532 are white, a percentage of 3.57%. Current programs we offer that help our students are CSI (critical student intervention), Special Education, Spanish, AP courses, PAP courses, RTTC, after school programs, such as Badger Creations, culinary, media club etc. CSI helps our students build literacy skills and improves their reading abilities, which is also helpful in improving student academic performance in other subjects as well. Special Education offers accommodations that attains to the needs of each student and small group. AP courses offer students a chance to obtain college credit. AP courses/ PAP courses and after-school programs help students build knowledge but also build college transcripts for when applying to college. RTTC helps students prepare and understand the road to college by offering tutoring, community hours, etc.

We ended the year with a 92.36% for Average Daily Attendance(ADA) a far cry from our 97% ADA. For the past couple of years we have struggled with enrollment. This year we fell short of our enrollment goal, only getting hitting 89% of our expected enrollment 532/600. Teacher retention was at 94% (only loosing 2 teachers).

Demographics Strengths

- 100% of our 9th& 10th grade scholars are enrolled in at least one Advance Placement course.
- Our student to teacher ratio averages 1:24.
- Our CSI program, and use of subject-level instructional interventionists are expanding to better meet the needs of a greater numbers of struggling learners.
- Student academic performance remains stable, if not slightly improved, in most academic areas in spite of increasing rigor on state assessments.
- Serving Diverse Student Groups by Differentiating Instruction to meet student needs.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Our Average Daily Attendance ended at 92.36% which means that we had many student absences which affected student learning. **Root Cause:** Families were not onboarded properly and thus did not understand the importance of having their child in class daily.

Problem Statement 2 (Prioritized): Enrollment has not been to the expected levels because of ineffective marketing and lack of staff investment. **Root Cause:** Facebook and Remind post are targeting current students and parents and not potential/new families. Teachers feel defeated when they recruit and are unsuccessful at bringing in applications.

Student Learning

Student Learning Summary

Student achievement and progress on state/local assessments (STAAR/EOC) -

6th RLA - SE 41/11/2 (18) ME 54/22/4 (27)

MATH - SE 82/50/30 (54) ME 65/31/9 (35)

7th RLA - SE 59/10/4 (24) ME 66/27/8 (34)

MATH - SE 77/51/32 (53) ME 58/27/10 (32)

8th RLA - SE 53/14/1 (23) ME 73/41/9 (41)

ALG I - SE 64/20/7 (30) ME 82/28/4 (38)

BIO - SE 61/17/2 (27) ME 65/16/2 (28)

SS - 53/19/5 (26) ME 56/17/7 (27)

9th ENG I - SE 51/35/7 (31) ME 67/52/14 (44)

10th ENG II - SE 60/49/15 (41) ME 70/54/17 (47)

Advance Placement -

10 tenth grade students have earned a 3 or greater in one AP Exam

4 tenth grade students have earned a 3 or greater in two AP Exams

AP HUM GEO - SE 7% at 3 or greater ME 2% at 3 or greater

AP CSCI - SE 0% at 3 or greater ME 14% at 3 or greater

AP Env. Sci. SE 23% at a 3 or greater ME 22% at 3 or greater

AP World HIst. SE 10% at a 3 or greater ME 2% at a 3 or greater

AP Span. Lang. SE 82% at a 3 or greater ME 34% at a 3 or greater

Dual enrollment - Not applicable

CCMR - Not applicable

Grades

Semester 1: MS -95.20% passing HS - 99% passing

Semester 2: MS - 94.01% passing HS - 91.4% passing

Year 1: MS - 94.6% passing HS - 100% passing

Graduation plans - 100% signed in all grade levels (rising 9th, 10th and 11th). 100% of students are on track and have earned credit thus far.

Retention data - HS - 0% students retained. MS - 1.49% of middle school students retained; 5 students retained in 7th grade.

Dropouts - 2 one in 7th and one in 9th (they siblings). Parent withdrew the students but did not enroll them in another school.

special education data -

6th RLA ME 8/0/0 (3)

MATH ME 31/8/0 (12)

7th RLA ME 0/0/0 (0)

MATH ME 0/0/0 (0)

8th RLA ME 18/9/0 (9)

MATH ME 63/18/0 (27)

9th Eng I ME 0/0/0 (0)

10th Eng II ME 33/0/0 (11)

Student Learning Strengths

Graduations plans were signed and students are on track to graduate by earning full credit. Ms. Rivera made parent phone calls and teachers supported by following up with calls to ensure that students and parents attended the 8th transition meeting.

Growth from semester exams to mock exams reading and AP Computer Science Principles. Some teachers were provided with in class tutors and supporting staff. Backwards planning - starting with TEKS that had highest gap to re-teach and spiral back. Thereby creating effective reteach plans. Implementing SpEd accommodation trainings. Teacher started the school year focusing on the content to be taught, by the mid to end of year, teachers implemented test taking strategies, writing, and comprehension. Student interventions: afterschool tutorials, Saturday school, super learning camps, STAAR parent meeting. Students received more at bats with content for internalization purposes.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students have foundational literacy gaps across contents. **Root Cause:** Not providing adequate support, for students, to close the foundational literacy gaps per content because time was not embedded to the daily agenda of the classroom.

Problem Statement 2: Less than 50% of each grade level is performing at or above grade level **Root Cause:** Students did not receive instructional support at the level and pace they needed to increase exponentially due to their foundational gaps.

Problem Statement 3 (Prioritized): SpEd students did not receive the proper instructional supports that lead to high student achievement. **Root Cause:** SpEd accommodation trainings happened late in the school year...the majority of the teachers did not know how to implement the accommodations.

School Processes & Programs

School Processes & Programs Summary

IDEA Elsa CP makes use of the TEKS, district scope and sequence, campus and district assessments, as well as the District Created, Springboard, AP, Direct Instruction, De Alba, and Wit and Wisdom curriculums. Each week, teachers collaborate to plan instruction for our students during a common planning period. Review summative assessments and identify accomplishment on evaluations, as well as gaps to use to modify and prepare instruction.

Through internalization and professional learning communities, teachers work together to analyze data and student work, discuss potential student misconceptions, and develop re-teach plans.

Computer-based intervention programs like AR, ST Math, and IXL, in addition to station rotations, are used to meet the reading needs of students. Based on the specific skills that students require to succeed, teachers create more individualized small group instruction.

We heavily rely on student data in our processes. The story of our students' strengths and weaknesses can be told by data. Information gathered from exit tickets, aggressive monitoring, and bell ringers are used to identify whole group and individual areas of need.

IDEA Elsa's PLC partakes in weekly and monthly professional development regarding data, AT BATs, and planning. Teachers are in tune with the stringency of student expectations and understand how to create high-quality assessments through backwards planning, unit internalization, and feedback gathered during the coaching cycle. We will need to pay more attention to the upper grades (9-11) and help all teachers prepare and deliver high-quality TIER 1 instruction as we continue to improve our processes.

IDEA Elsa CP places a high priority on hiring employees with the ability to adapt to changes in the education process and become experts in their areas. Administrators, specialists, and coaches provide assistance to teachers. Educators have the chance to fill in their practices and authority, whilst also having the opportunity for leadership and providing trainings and feedback for their peers. New instructors are expected to go to routine trainings (NTI) to prepare for rigorous instruction. Choices and practices are student centered. Instructors internalize the district GET Rubric, curriculum, and use it to prepare for year long instruction for all student populations, including special populations (504, EB, SPED, etc.)

Each summer, as EOY data becomes available, teacher assignments are reviewed, and plans are created to support instructors. Some examples of this are inviting district content coaches, modifying coaching objectives, and modifying faculty meetings to target high priority data. The leadership team creates professional development opportunities based specifically on our campus's requirements using data. Before teachers begin their new contracts, these professional development sessions are offered at the beginning of July (AP trainings, NTI, AP Share Fair, CL trainings, etc.)

School Processes & Programs Strengths

- Leaders conduct weekly observations using the Get Better Faster Model for feedback and follow the coaching cycle.
- Outlined and clear expectations to the Lesson Plan process allows for teachers to ensure maximum internalization of daily lessons, as well as permits backwards planning from district and state assessments.

- Students and teachers have access to a variety of technologies and online applications to support content mastery in and outside of the classroom.
- Students have access to several programs afterschool to cultivate social-emotional learning such as culinary, art, technology, guitar class, basketball, and more.
- Students partake in programs such as the CNP farming program that promotes both liberal arts and STEM. Students are exposed to agricultural sciences, but also gain the understanding of using farming as a service to their campus and peers.
- After school programs supports student investment in the campus, and helps to create better relationships between students and campus staff who are participants in these programs as well.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Teachers are not following the aggressive monitoring plan with fidelity which is causing them not to provide students with on the spot feedback. **Root Cause:** Teachers are not prioritizing it as needed.

Problem Statement 2 (Prioritized): Although student data has shown growth, special populations such as EBs, 504s and SPED still see limited growth in RLA and Math. **Root Cause:** Gaps in communication between members of the campus' PLC. Teachers and Special Education educators require increased communication; teachers in the gen ed classroom require more training on how to implement accommodations and supports. While there was a focus by administration on monitoring, there were few opportunities for PLC development and training early on in the year.

Problem Statement 3: Although there has been increased investment with teachers and tutors to improve students' academic success, critical stakeholders were not heavily invested in the learning process. **Root Cause:** Despite access to several different communication channels (text, e-mail, Remind, Class Dojo, etc..) teachers, tutors and administrators did not follow a routine / consistent method of communicating and engaging with students' stakeholders. Due to the lack of communication regarding the students academic progress, stakeholders were disempowered from becoming active supporters.

Perceptions

Perceptions Summary

This year, IDEA asked all staff members to complete the "AEES" Annual Employee Experience Survey. Here are some of the findings from that survey.

Our staff felt that we had strong team and family, that we are proud of the learning environment that we have created and that IDEA provides great benefits for its employees. In addition, our staff like that IDEA brings great professional development and that it is structured by providing systems and procedures that promote school safety. However, in our findings we also noticed that staff struggles in finding work life balance. We learned that as a lead team we have not done a good job of educating our teachers on the purchasing process. We also found that staff feels that IDEA is not a mentally and emotionally healthy place to work at because of the demands placed on them. They believe that this had lead some to show favoritism, retaliation as ways to get things done. This in turn is affecting the services that we are offering our students and parents.

.

Perceptions Strengths

This year, IDEA asked all staff members to complete the "AEES" Annual Employee Experience Survey. Below are the key highlights of the data from the 2022-2023 AEES survey.

- Our campus has strong team and family amongst our staff members.
- Staff is proud of the learning environment this is established at IDEA Elsa CP.
- Our staff enjoys the benefits that they receive by working at IDEA.
- Staff enjoys that IDEA brings staff development and trainings to them to prepare them.
- Students, parents and staff enjoy that IDEA provides systems and procedures that promote safe schools.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: My leadership team does not provide the necessary materials and supplies needed by teachers to do their job. **Root Cause:** Staff members do not understand the requisition process and follow up procedures due to there was a lack of explanation of resource request and processes for the year when requesting supplies.

Problem Statement 2 (Prioritized): 34% of IDEA students and parents would not rate our services as "excellent." **Root Cause:** There are inconsistencies in systems and procedures across grade levels/departments. We are lacking systems that are no red across the grade levels/content to provided/inform parents of required information and updates.

Problem Statement 3 (Prioritized): 66% of campus staff believes that IDEA is not a mentally and emotionally healthy place to work **Root Cause:** Staff struggles with establishing a work life balance, due to lacking skill on how to use their conference time efficiently due to organizational skills.

Priority Problem Statements

Problem Statement 1: 66% of campus staff believes that IDEA is not a mentally and emotionally healthy place to work

Root Cause 1: Staff struggles with establishing a work life balance, due to lacking skill on how to use their conference time efficiently due to organizational skills.

Problem Statement 1 Areas: Perceptions

Problem Statement 2: 34% of IDEA students and parents would not rate our services as "excellent."

Root Cause 2: There are inconsistencies in systems and procedures across grade levels/departments. We are lacking systems that are no red across the grade levels/content to provided/inform parents of required information and updates.

Problem Statement 2 Areas: Perceptions

Problem Statement 3: Students have foundational literacy gaps across contents.

Root Cause 3: Not providing adequate support, for students, to close the foundational literacy gaps per content because time was not embedded to the daily agenda of the classroom.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: SpEd students did not receive the proper instructional supports that lead to high student achievement.

Root Cause 4: SpEd accommodation trainings happened late in the school year...the majority of the teachers did not know how to implement the accommodations.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Although student data has shown growth, special populations such as EBs, 504s and SPED still see limited growth in RLA and Math.

Root Cause 5: Gaps in communication between members of the campus' PLC. Teachers and Special Education educators require increased communication; teachers in the gen ed classroom require more training on how to implement accommodations and supports. While there was a focus by administration on monitoring, there were few opportunities for PLC development and training early on in the year.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Teachers are not following the aggressive monitoring plan with fidelity which is causing them not to provide students with on the spot feedback.

Root Cause 6: Teachers are not prioritizing it as needed.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Enrollment has not been to the expected levels because of ineffective marketing and lack of staff investment.

Root Cause 7: Facebook and Remind post are targeting current students and parents and not potential/new families. Teachers feel defeated when they recruit and are unsuccessful at bringing in applications.

Problem Statement 7 Areas: Demographics

Problem Statement 8: Our Average Daily Attendance ended at 92.36% which means that we had many student absences which affected student learning.

Root Cause 8: Families were not onboarded properly and thus did not understand the importance of having their child in class daily.

Problem Statement 8 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant information
- Student failure and/or retention rates
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Budgets/entitlements and expenditures data

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: X% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

Evaluation Data Sources: Mock TELPAS benchmark results, TELPAS score

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers will incorporate listening, speaking, reading and writing activities in their daily lessons. **Strategy's Expected Result/Impact:** Students will practice using appropriate grade level academic vocabulary. **Staff Responsible for Monitoring:** Lead Team **Title I:** 2.6 **- TEA Priorities:** Build a foundation of reading and math	25%	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Provide professional development to our staff at least 4 times throughout the school year of 2023-2024. **Strategy's Expected Result/Impact:** Teachers will be more knowledgeable of the TELPAS assessment and of the strategies needed to help students master the TELPAS. **Staff Responsible for Monitoring:** Lead Team	25%	50%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 1: IDEA achieves an A Rating

Performance Objective 2: 100% of identified scholars meet required minutes per House Bill 4545 (HB4545)

Evaluation Data Sources: PowerSchool tracker, STAAR scores

Campus Funding Summary 21

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Ewing Halsell Academy has a full enrollment roster of 693 students. The school's demographics include approximately 80.64% of the population is economically disadvantaged, 91.74% Hispanic, 7.37% students with disabilities, and 15% English Language Learners. We are currently above the 90% goal of student persistence.

Demographics Strengths

- 100% Lead team (Administrator) retention
- Above 90% overall student persistence

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): New student peristence is below our campus goal of 90% and is currently at 82.5%. **Root Cause:** New to IDEA scholars and families lack a sense of belonging.

Problem Statement 2 (Prioritized): Staff retention is below our campus goal of 85% and is currently at 76%. **Root Cause:** Teachers lack training and accountability for managing Tier 1 behaviors.

Student Learning

Student Learning Summary

IDEA Ewing Halsell Academy is a Title 1 school that offers academic programs tailored to scholar individual needs in grades Kindergarten through 5th. As one of the premier public charter school networks in Texas, IDEA focuses on growing and empowering well rounded individuals to succeed at the highest levels of (education). Strong foundations in literacy and other core contents are vital in this pursuit. Currently over 80% of second graders are reading on or above grade level. K-5 science data is over 80% mastery.

Student Learning Strengths

- K-5 science data is over 80% mastery
- 85% of second graders are reading on or above grade level

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): 4th and 5th grade student achievement decreased in percentage mastery from Semester Exams (December) to Mock Exams (March) by 13%. **Root Cause:** Teachers did not identify student learning gaps and misconceptions with urgency during daily instruction.

Problem Statement 2 (Prioritized): 1st grade reading is off track at 69% for meeting their end of year goal of being 80% on or above grade level. **Root Cause:** High frequency of teacher absences and vacancies led to a lack of academic consistency in K-2.

School Processes & Programs

School Processes & Programs Summary

IDEA Ewing Halsell Academy develops instructional leaders by providing weekly professional development focused on each content. We plan for professional development based on weekly data or gaps that are responsive to needs and include teacher feedback in order to close achievement gaps. Teachers receive regular feedback through the use of the Guidepost to Excellent Teaching (GET) rubric. Leaders use Teachboost to provide feedback based on the rubric regularly throughout the year. Our teachers are rated on the following Guideposts: Culture, Content, Ownership, Data, and Beyond the Lesson.

School Processes & Programs Strengths

Using the GET Rubric:

- 88.2% of teachers are proficient or above in Guidepost 1: Content
- 83.3% of teachers are proficient or above in Guidepost 5: Beyond the Lesson (investing stakeholders)

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Teachers were not strongly proficiency in Guidepost 3: Ownership, resulting in students not doing the heavy lifting needed for student mastery on end of year exams. **Root Cause:** Lack of implementing strategic opportunities within lesson planning for students to engage in peer's thinking and discussion.

Problem Statement 2 (Prioritized): Student learning gaps and misconceptions were not consistently tracked during daily instruction. **Root Cause:** Lack of accountability or alignment in data tracking expectations during daily instruction.

Perceptions

Perceptions Summary

IDEA Ewing Halsell Academy has a full enrollment roster of 693 students. We are currently above the 90% goal of student persistence and have had families enrolled with us since our founding year. Our average daily attendance on this campus is above 94%. Our staff retention goal is 85% or higher. We are currently not meeting the staff retention goal.

Perceptions Strengths

- 100% Lead team (Administrator) retention
- Above 90% overall student persistence

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Staff retention is below our campus goal of 85% and is currently at 76%. **Root Cause:** Lack of community and unity among staff.

Problem Statement 2 (Prioritized): New student peristence is below our campus goal of 90% and is currently at 82.5%. **Root Cause:** Lack of intentional and consistent communication from teachers to families to build strong relationships.

Priority Problem Statements

Problem Statement 1: New student peristence is below our campus goal of 90% and is currently at 82.5%.
Root Cause 1: New to IDEA scholars and families lack a sense of belonging.
Problem Statement 1 Areas: Demographics

Problem Statement 2: Staff retention is below our campus goal of 85% and is currently at 76%.
Root Cause 2: Teachers lack training and accountability for managing Tier 1 behaviors.
Problem Statement 2 Areas: Demographics

Problem Statement 3: 4th and 5th grade student achievement decreased in percentage mastery from Semester Exams (December) to Mock Exams (March) by 13%.
Root Cause 3: Teachers did not identify student learning gaps and misconceptions with urgency during daily instruction.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: 1st grade reading is off track at 69% for meeting their end of year goal of being 80% on or above grade level.
Root Cause 4: High frequency of teacher absences and vacancies led to a lack of academic consistency in K-2.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Student learning gaps and misconceptions were not consistently tracked during daily instruction.
Root Cause 5: Lack of accountability or alignment in data tracking expectations during daily instruction.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Teachers were not strongly proficiency in Guidepost 3: Ownership, resulting in students not doing the heavy lifting needed for student mastery on end of year exams.
Root Cause 6: Lack of implementing strategic opportunities within lesson planning for students to engage in peer's thinking and discussion.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: New student peristence is below our campus goal of 90% and is currently at 82.5%.
Root Cause 7: Lack of intentional and consistent communication from teachers to families to build strong relationships.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: Staff retention is below our campus goal of 85% and is currently at 76%.

Root Cause 8: Lack of community and unity among staff.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

Title I Personnel 32

Campus Funding Summary 33

Comprehensive Needs Assessment

Revised/Approved: August 4, 2023

Demographics

Demographics Summary

IDEA Frontier Academy is an independently managed Title 1 Part A charter school within the IDEA Public Schools systems in the Rio Grande Valley. It is located in Brownsville, TX and was founded in 2006. The total size of our student enrollment on campus is 818 students. It currently has students enrolled from PK – 5th grade. At the moment, there are 96 Pre-kindergarten (11.74%) students enrolled, 116 Kindergarten (14.18%) students enrolled, 125 1st grade (15.28%) students enrolled, 111 2nd grade (13.57%) students enrolled, 122 3rd grade (14.91%) students enrolled, 124 4th grade (15.16%), 124 5th grade (15.16%) students enrolled. IDEA Frontier uses the latest technology and commits to ensuring high expectations and high standards of performance so that students can be college ready. We have various special programs for our students where we communicate with IDEA Frontier parents. This includes having a Dyslexia Program, Section 504 Program, Special Education Program, an Emergent Bilingual (EB), Bilingual, and Alternative Bilingual Language Program for our students. IDEA Frontier Academy focuses on underserving communities in the Rio Grande Valley to achieve academic excellence because it is our recipe for success.

Demographics Strengths

- IDEA Frontier Academy is committed to achieving its mission of “College for All Students” no matter what subpopulation.
- IDEA Frontier Academy offers various student programs, such as SPED, Section 504, CSI, and 21st Century for our students after school.
- IDEA Frontier Academy also serves economically disadvantaged students, and we aim to close the gaps for those students.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): 79% of students not meeting EOY DI goal in K-2nd are EB students. **Root Cause:** The DI program has a heavy focus on reading and doesn't focus on language development. There aren't many opportunities in script to elaborate and accommodate for language learners.

Problem Statement 2 (Prioritized): The number of students with social and emotional needs is unknown. **Root Cause:** We do not have a counselor to treat or track social and emotional data.

Problem Statement 3: 9% of 5th grade students are EL Students. **Root Cause:** IDEA does not provide an EL Program during the school year.

Student Learning

Student Learning Summary

Student achievement has increased throughout contents. They did so by implementing STAAR contents strategies that contributed to an increase in data. ELA used strategies such as text evidence, text features, and story elements. Math vertically implemented both aligned STAAR and Eureka strategies. Writing and reading skills were developed with the implementation of writing in the Social Studies curriculum. These strategies helped us by increasing the data by at least 10 SAS points per subject throughout the year.

Student Learning Strengths

ELA

- The students are able to locate Text Evidence from the passage.
- The students are able to identify Text Features within a text.
- The students are able to organize Story Elements in a fiction passage.

Math -

- K-2 - The use of manipulatives and implementation of different strategies, do nows, and student practice help build on Eureka strategies contributed to an increase in first-grade Math Assessment data.
- 3rd-4th Implementing vertically aligned STAAR strategies while building on Eureka's strategies contributed to an increase in STAAR scores.

Science & SS:

- Sentence stems are utilized for lower and upper grades during the beginning of modules.
- Use of graphic organizers to support Special Pops and ELL students.
- Students are able to use the beginning, middle, and end. Upper grades use RACE to write an open-ended response.

DI –

- 1. Students can track lesson progress utilizing student trackers.
- 2. Students are consistently focused and developing their writing and listening skills.
- 3. Students learn at mastery within their learning reading level.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The new question types on the STAAR included an extended constructed response which forced teachers to target writing. This caused students to struggle with creating an introduction for an essay. **Root Cause:** Instead of a focus on the prompt, they focus on what happened in the story. This also challenges the theme, summary, and central idea.

Problem Statement 2 (Prioritized): Math - Impact on student understanding of math vocabulary, language, and problem-solving paired with new question types that forced teachers to rely heavily on technology with limited resources. **Root Cause:** Low reading comprehension paired with inconsistency in RDW in the classrooms with implementation of online administered STAAR exams.

Problem Statement 3 (Prioritized): DI- Students unable to progress in their lesson progress and that is due to the lack of student attendance which resulted in regrouping students **Root Cause:** DI- Low student attendance paired with no strategic plans for absent students to not fall behind.

School Processes & Programs

School Processes & Programs Summary

Overall, the school process for communication to parents has improved in cascading school wide expectations and policies. Over 90% of parents receive school communication. In school process for student safety and bullying there are areas of improvement to have a streamlined process to report and follow up with concerns.

School Processes & Programs Strengths

- 90% of parents receive information in a language they understand.
- 95% of parents and adults understand school policies, rules and expectations.
- 98% of parents believe school prepares their children for college.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: 50% percent of the students are not involved in at least one activity, such as a club, music, sports or volunteering. **Root Cause:** There are limited options in the survey. Lower grades pk-2nd are not able to participate in the majority of after school activities. Safety concerns due to grade level and not enough staff to overlook every student. This question should target upper grades or have more options for lower grades. The school lacks a system to collaborate with 21st Century to include more age inclusive clubs.

Problem Statement 2 (Prioritized): 12% of parents believe their child will not report unsafe or dangerous behavior. **Root Cause:** Students are not aware of how to report a problem or unsafe behavior. Parents are also not aware on the proper system students should use to report dangerous or unsafe behavior. Also, there is no set system in place at school that communicates to parents/students, about the proper system for reporting.

Problem Statement 3 (Prioritized): 16% of the parents are not familiar with IDEA's Healthy Kids Here Initiative. **Root Cause:** Parents are not aware of what IDEA's Healthy Kids Here initiative is. Information is normally shared online through a link. Parents must click on the link to see it and read it. On the link it is not advertised as Healthy Kids Here it is advertised as Harvest of the Month. There is no regular system to promote the initiative with parents, staff, and students.

Perceptions

Perceptions Summary

Frontier Academy had 88.2% staff satisfaction in the Great Places to Work survey. It highlights the pride our staff feels in our accomplishments and how they are treated fairly while doing meaningful work. However, it also brought to light that staff do not feel fairly compensated and that the workload makes it difficult to find work life balance thus causing them to feel that they are not in an emotionally and mentally safe place. We believe that this also impacted on our low staff retention results. Our enrollment goal was met and overall, Frontier has successfully persisted 95% of our students this year but at a low attendance. We came in 7th out of 143 schools in the district at 95.9%.

Perceptions Strengths

- There is a sense of pride in our culture and the work we accomplish as a team.
- We are receptive to parent feedback and strive for continuous improvement.
- Our school communication systems with stakeholders keep all informed of special events, expectations, and instruction.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Student ADA goal not met across the school and 6 out of 7 grade levels. **Root Cause:** Parents lack the commitment to bring their students to school every day and staff are not consistent in bringing joy to students learning.

Problem Statement 2 (Prioritized): Frontier lost 11 staff members. **Root Cause:** Four staff members struggled with work-life balance and three of them were not a good fit for our culture. We believe that the gap originates in our interview process.

Problem Statement 3: Staff survey statement: IDEA is a mentally and emotionally healthy place to work came in at 62.5% **Root Cause:** Staff has a misunderstanding of the meaning of the question.

Priority Problem Statements

Problem Statement 1: The number of students with social and emotional needs is unknown.

Root Cause 1: We do not have a counselor to treat or track social and emotional data.

Problem Statement 1 Areas: Demographics

Problem Statement 2: 79% of students not meeting EOY DI goal in K-2nd are EB students.

Root Cause 2: The DI program has a heavy focus on reading and doesn't focus on language development. There aren't many opportunities in script to elaborate and accommodate for language learners.

Problem Statement 2 Areas: Demographics

Problem Statement 3: The new question types on the STAAR included an extended constructed response which forced teachers to target writing. This caused students to struggle with creating an introduction for an essay.

Root Cause 3: Instead of a focus on the prompt, they focus on what happened in the story. This also challenges the theme, summary, and central idea.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Math - Impact on student understanding of math vocabulary, language, and problem-solving paired with new question types that forced teachers to rely heavily on technology with limited resources.

Root Cause 4: Low reading comprehension paired with inconsistency in RDW in the classrooms with implementation of online administered STAAR exams.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: DI- Students unable to progress in their lesson progress and that is due to the lack of student attendance which resulted in regrouping students

Root Cause 5: DI- Low student attendance paired with no strategic plans for absent students to not fall behind.

Problem Statement 5 Areas: Student Learning

Problem Statement 6: 12% of parents believe their child will not report unsafe or dangerous behavior.

Root Cause 6: Students are not aware of how to report a problem or unsafe behavior. Parents are also not aware on the proper system students should use to report dangerous or unsafe behavior. Also, there is no set system in place at school that communicates to parents/students, about the proper system for reporting.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Student ADA goal not met across the school and 6 out of 7 grade levels.

Root Cause 7: Parents lack the commitment to bring their students to school every day and staff are not consistent in bringing joy to students learning.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Frontier lost 11 staff members.

Root Cause 8: Four staff members struggled with work-life balance and three of them were not a good fit for our culture. We believe that the gap originates in our interview process.

Problem Statement 8 Areas: Perceptions

Problem Statement 9: 16% of the parents are not familiar with IDEA's Healthy Kids Here Initiative.

Root Cause 9: Parents are not aware of what IDEA's Healthy Kids Here initiative is. Information is normally shared online through a link. Parents must click on the link to see it and read it. On the link it is not advertised as Healthy Kids Here it is advertised as Harvest of the Month. There is no regular system to promote the initiative with parents, staff, and students.

Problem Statement 9 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Other PreK - 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data

- Discipline records
- Student surveys and/or other feedback
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Other additional data

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: 1st - 5th grade students will have a combined 20% increase of "students on grade level" assessed by both Reading and Math RenSTAR by May 2024.

High Priority

Evaluation Data Sources: RenSTAR

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers will be trained in RenSTAR by August 2023. **Strategy's Expected Result/Impact:** Teachers will understand RenSTAR metrics Teachers will be able to analyze and track data to identify interventions **Staff Responsible for Monitoring:** S. Pando A. Borrego L. Hernandez D. Gutierrez **TEA Priorities:** Recruit, support, retain teachers and principals, Build a foundation of reading and math **Problem Statements:** Demographics 1 - Student Learning 1, 2	15%	50%		

Strategy 2 Details	Reviews

IDEA Public Schools

Hardy Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 29, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 21

Comprehensive Needs Assessment

Demographics

Demographics Summary

We are located at 1930 Little York in Houston, Texas on the northside of the city. Our current student enrollment is 697 students which is comprised of various demographics. Our student body consists of the following:

384 male students

313 female students

556 Hispanic students

127 Black students

13 White students

Currently, we have 41 faculty and staff members for the 23-24 school year with 4 teachers being first year educators.

Our staff retention was below the district's goal of 85% with 64% of our staff returning for the 23-24 school year.

Last year 13 students received out of school suspensions.

Our end of year average daily attendance (ADA) was 92.1%.

Demographics Strengths

Our staff can identify with our students as many of the staffthe situations and challenges of our students,

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Our students are not attending school conistently. We ended the school year with 92% ADA which is lower than the district goal 0f 97%. **Root Cause:** We have not communicated consistently with parents the progress of their student and how much instruction has been loss as a direct result of attendance nor held parents accountable for chronic student absenteeism.

Problem Statement 2 (Prioritized): Our Emergent Bilingual (EB) students did not receive the accommodations and designated supports to grow in the English language. **Root Cause:** Teachers did not receive support or training to meet the needs of EB students.

Priority Problem Statements

Problem Statement 1: Our students are not attending school conistently. We ended the school year with 92% ADA which is lower than the district goal 0f 97%.

Root Cause 1: We have not communicated consistently with parents the progress of their student and how much instruction has been loss as a direct result of attendance nor held parents accountable for chronic student absenteeism.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Students are scoring less than 90% approaches on formative assessments (i.e. unit exams, quizes, semester exams) in reading and math.

Root Cause 2: First instruction is often lacking in rigor due to teachers not planning effectively to ensure students are meeting the learning targets for core content subjects.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Our special education students are not performing at 60% approaches or higher on (i.e. unit exams, quizzes, semester exams) in reading and math.

Root Cause 3: The special education teachers are not consistently providing in class support and minutes required per students Individualized Education Plan (IEP).

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Our Emergent Bilingual (EB) students did not receive the accommodations and designated supports to grow in the English language.

Root Cause 4: Teachers did not receive support or training to meet the needs of EB students.

Problem Statement 4 Areas: Demographics

Problem Statement 5: Less than 85% of teachers and leaders are returning each year resulting in inconsistencies to educational program to build and maintain a high performing school.

Root Cause 5: Lack of transparency during interview stage, in addition to ineffective on-boarding of staff expectations surrounding the goals and mission of IDEA Public Schools'.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: The social emotional needs of students are not being met adequately.

Root Cause 6: Leaders have not leveraged the counselor or provided effective professional develop to build staff capacity to address the social emotional needs of students.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: 13 students were issued out of school suspension resulting in a loss of instruction totaling 54 days.

Root Cause 7: The campus did not have a tiered system to effectively manage student discipline.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: The campus only had 3 family engagement events for the year.

Root Cause 8: Leaders did not prioritize family engagement events to connect and cultivate the family and school partnership.

Problem Statement 8 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Planning and decision making committee(s) meeting data

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Local benchmark or common assessments data
- Observation Survey results
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Other additional data

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 24% to 26% in Spring 2024 (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: Weekly Assessments, Unit Assessments, Benchmark Assessments, and STAAR.

Strategy 1 Details	Reviews

IDEA Public Schools

Harlingen Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 22, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: August 30, 2023

Demographics

Demographics Summary

IDEA Harlingen Academy was founded in Aug 2020 when it began serving the Harlingen community with Kinder, 1st, 2nd, and 5th-grade scholars. Our population of students this past year was 607 students of which 85% are eco-disadvantaged. 75% of our students identify themselves as Hispanic and 25% are classified as English Language Learners. 100% of our K-3rd grade teachers completed the TEA Reading Academy program. At IDEA Harlingen Academy we provide several special programs for students who qualify like 504, life skills, emergent bilingual and dyslexia programs.

Demographics Strengths

- At IDEA Harlingen Academy we have an equal representation of males and female students.
- At IDEA Harlingen Academy we have 85% of our students who identify themselves as eco-disadvantage and achieve ambitious academic results
- At IDEA Harlingen Academy we offer enrollment for Kinder-5th Grade scholars.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): 80% of Kinder-1st Grade scholars return for another school year at IDEA Harlingen Academy. **Root Cause:** 1. Lack of proactive and appropriate communication with parents 2. Lack of investment in culture process at IDEA

Problem Statement 2 (Prioritized): 93% overall of students at IDEA Harlingen Academy attend school daily **Root Cause:** 1. Lack of consistent celebrations to motivate and invest students and families 2. Lack of system and procedures for students who are consistently absent

Student Learning

Student Learning Summary

This year IDEA Harlingen Academy received a letter grade of an A with an overall 93 score as a campus. Our reading and literature instructional curriculum in Kinder-2nd grade really allows students to learn how to read by learning sounds so they are able to decode words and build fluency. We are able to provide instruction at the student's level with our Direct Instruction curriculum and keep groups smaller than 12. We consistently look at student mastery every 10 lessons to monitor their progress and adjust accordingly. Our Eureka Math curriculum in K-2 allows our students to be vertically aligned and engage in multiple ways of solving problems. Our teachers in 3rd-5th grade also align the lessons to engage students by exposing students to STAAR-level questions. Our students are provided tutoring weekly to ensure we are able to teach skills that are low mastery.

Student Learning Strengths

- At IDEA Harlingen Academy over 90% of Kinder and 2nd grade students are reading at or above grade level.
- At IDEA Harlingen Academy K-2nd grade scored over a student achievement of a 60 in their Math Final Exam.
- At IDEA Harlingen Academy we had over 90% of students become word masters in each grade level by reading and testing through our Accelerated Reader program.
- At IDEA Harlingen Academy we had 90% of students in 1st-5th grade become Math Masters and 30% became Math Genius by engaging in Dreambox lessons that are TEK based aligned.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): High percent of students in each grade level are reading below grade level. **Root Cause:** Lack of systems and mechanism to identify Critical/ SPED students at the beginning of the year. Parent investment meetings are happening too late in the year.

Problem Statement 2 (Prioritized): Teachers & Students lack visibility and consistency in using data tracking systems **Root Cause:** 1. Lack of campus wide expectations in data tracking daily 2. Lack of consistent celebrations to celebrate student achievements

School Processes & Programs

School Processes & Programs Summary

At IDEA Harlingen Academy we support the development of teachers by observing them weekly, providing feedback and assigning an action step using the Guidepost for Excellent Teaching (GET) rubric and recording our information in TeachBoost. We track student achievement data weekly to allow our leaders and teachers to make data-driven decisions. After mock assessment our leaders and teachers partake in data conversations to reflect on data and strategize to ensure we can close achievement gap. At our campus we develop leaders by coaching them through our School Leadership Levers. By following the school leadership lever 6A: Leading other Leaders we are able to follow up and prioritize our progress towards goals, provide 2-way feedback and accountability. We have operating mechanisms in place to ensure we follow up daily by having huddles, tacticals, strategy meetings, and stepbacks.

School Processes & Programs Strengths

- At IDEA Harlingen Academy we assign team leaders in each grade to support with communication, organization and investment of school goals
- At IDEA Harlingen Academy we adopt our district staff cycle that includes setting goals at the beginning of the year with strong strategies and tactics, follow up with goals in our 2x2 development cycle where teachers are also able to provide feedback to their manager and managers can provide feedback to teachers to continue to finish the year strong. The 3rd and final step of our development cycle is our Annual Performance Review that allows our teachers to receive ratings for all their GET ratings.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Faculty meetings are not purposeful or aligned with school-wide priorities. **Root Cause:** 1. Lack of differentiated professional development for teachers. 2. Lack of intentional PD that will tackle school-wide priorities.

Problem Statement 2 (Prioritized): Gaps in communication amongst leaders, staff, and operations. **Root Cause:** 1. Teachers and leaders are not enforcing the chain of command to re-direct teachers to the correct person 2. Grade Team Leaders cascading info inconsistently or differently.

Perceptions

Perceptions Summary

Over 90% of our current teachers at IDEA Harlingen Academy believe that this school is a Great Place To Work based on our 22-23 survey results. Our managers have done a great job of building strong relationships and providing feedback to our teachers. We can continue to improve in providing a psychologically safe environment where teachers feel safe and can balance work and life. We have struggled to retain our students and currently are at below 90% of our students returning for the 23-24 school year. Our top main reasons for students leaving our school are campus culture, moving out of the area, or transportation issues.

Perceptions Strengths

- At IDEA Harlingen Academy over 90% of teachers believe this is a great place to work
- At IDEA Harlingen Academy we retained over 85% of teachers to return for the 23-24 school year

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Lack of opportunity for students to engage in social-emotional learning **Root Cause:** 1. Inconsistent use of MTW 2. Structured lunch time does not provide enough opportunity to socialize 3. Lacking clear system of when to implement brain breaks

Problem Statement 2 (Prioritized): Inconsistent use of behavior system and communication flowchart **Root Cause:** 1. Lacking clear expectation on communication 2. Lacking clear system for teacher followup on parent concerns

Priority Problem Statements

Problem Statement 1: 93% overall of students at IDEA Harlingen Academy attend school daily
Root Cause 1: 1. Lack of consistent celebrations to motivate and invest students and families 2. Lack of system and procedures for students who are consistently absent
Problem Statement 1 Areas: Demographics

Problem Statement 2: 80% of Kinder-1st Grade scholars return for another school year at IDEA Harlingen Academy.
Root Cause 2: 1. Lack of proactive and appropriate communication with parents 2. Lack of investment in culture process at IDEA
Problem Statement 2 Areas: Demographics

Problem Statement 3: High percent of students in each grade level are reading below grade level.
Root Cause 3: Lack of systems and mechanism to identify Critical/SPED students at the beginning of the year. Parent investment meetings are happening too late in the year.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Teachers & Students lack visibility and consistency in using data tracking systems
Root Cause 4: 1. Lack of campus wide expectations in data tracking daily 2. Lack of consistent celebrations to celebrate student achievements
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Lack of opportunity for students to engage in social-emotional learning
Root Cause 5: 1. Inconsistent use of MTW 2. Structured lunch time does not provide enough opportunity to socialize 3. Lacking clear system of when to implement brain breaks
Problem Statement 5 Areas: Perceptions

Problem Statement 6: Inconsistent use of behavior system and communication flowchart
Root Cause 6: 1. Lacking clear expectation on communication 2. Lacking clear system for teacher followup on parent concerns
Problem Statement 6 Areas: Perceptions

Problem Statement 7: Faculty meetings are not purposeful or aligned with school-wide priorities.
Root Cause 7: 1. Lack of differentiated professional development for teachers. 2. Lack of intentional PD that will tackle school-wide priorities.
Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Gaps in communication amongst leaders, staff, and operations.
Root Cause 8: 1. Teachers and leaders are not enforcing the chain of command to re-direct teachers to the correct person 2. Grade Team Leaders cascading info inconsistently or

differently.

Problem Statement 8 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Texas approved PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Class size averages by grade and subject

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Communications data

Goals

Goal 1: Increase student enrollment

Performance Objective 1: Retain 90% of students at IDEA Harlingen to decrease number of open seats yearly

High Priority

Evaluation Data Sources: Persistence

Summative Evaluation: Met Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Create a vision for Persistence **Strategy's Expected Result/Impact:** Name clear actions that we expect to see our staff do and say **Staff Responsible for Monitoring:** School Counselor, Asst Prinicpal of Operations, Asst. Principals of Instruction, Principal	80%	55%		

Strategy 2 Details	Reviews

IDEA Public Schools

Health Professions Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: September 19, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

We IGNITE. We EMPOWER. We LEAD.

We IGNITE: Centaurs will be excited to learn about the community around them and be motivated to learn that they can achieve any goal with hard work, discipline and joy of learning.

We EMPOWER: Centaurs will embrace and lift up all cultures in our campus community and the healthcare community.

We LEAD: Our Centaurs are our future leaders, Health Care providers, athletes, and decision makers. Health Professions staff and teachers will instill leadership skills with love, joy and a multicultural education.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**

Comprehensive Needs Assessment

Revised/Approved: August 4, 2023

Demographics

Demographics Summary

Health Professions Academy services an East Community that comes from very diverse backgrounds. Their backgrounds have molded them to be a certain type of student and it is our job to teach those lagging skills to the student who need them the most. Our students tend to come to us below grade level and we are able to provide the small group instruction that is not provided with all education systems. IDEA Health Professions focuses on reminding students that no matter the disadvantage, no matter the obstacle, they can live out their dreams to be a Doctor, a Writer, and Artist or even a Basketball Player. We continue to inspire our student to aim high and grow academically each year. With some of our students, they need more supports with Social and Emotional learning or receive Special Education supports. That is something that we specialize in! Each child is unique and has their own best qualities. It is our job to facilitate a space where they can grow and thrive.

Demographics Strengths

Some of our strengths include but are not limited to:

Counselor and Social Emotional Learning Components: Our students have to deal with some pretty heavy things in their home lives and we help them process those emotions and build skills to cope.

Team and Family: Teachers are very close and have built relationships as if we are all family. We do the same with our students! We build strong relationships with teachers, students and our families. We believe in a family dynamic and support our campus in that way.

Family Engagement: We have several events throughout the year that we invite families are our neighborhood! These are awesome events and parents and students really love it!

Problem Statements Identifying Demographics Needs

Problem Statement 1: The inability to provide free After School Care for our families **Root Cause:** Many of our families are on fixed incomes or from single parent homes that cannot afford afterschool rates. With our Future All Stars Program, we have some option for financial assistance. We have plans to provide full and partial scholarships for students in need.

Problem Statement 2 (Prioritized): Gentrification affects our campus enrollments and persistence **Root Cause:** Our recruitment strategies have made a shift to find students further South or further East.

Student Learning

Student Learning Summary

We have some low data in Math and Reading due to the large gaps in learning. We have learned that we have a large number of students that are 2-3 grade levels behind and making sure we have Response to Intervention strategies with those students and make sure they are placer in our Critical Reading Intervention program. This program ensure that our students will be served for their academic needs. We also support our SPED students and our Emergent Bilingual students to make sure their needs are met, since they occupy a large population on our campus.

Student Learning Strengths

We were successful with our HB4545 minutes and incorporating that time into our afterschool tutoring and during our elective times. We also utilized our Summit Program duirng the school day which lead to some success for our Emergent Bilingual students and our Special Education students.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Low performance in Reading and Math in 3th-5th grade. **Root Cause:** Our K-5 students come to us well below grade level in Reading and Math and we typically need to close some significant gaps.

Problem Statement 2: Turnover in 3rd-5th grade teachers due to STAAR standards and high expectations of STAAR tested grade levels. **Root Cause:** With 3rd-5th grade teachers not being able to meet the expectations of high level teaching, the teachers become burnt out and end up leaving education or they move to a different grade level.

School Processes & Programs

School Processes & Programs Summary

Our campus has weekly professional development meetings and we go over testing protocols, team building, content supports and rehearsals, celebrations and expectations. We also have implemented many instructional documents that support data related to our 3rd-5th grade contents. Our Family Engagement initiatives include things like Meet the Teacher Nights, Campus Tours, movie and game nights, Black History Jamboree and Hispanic Heritage Month events and Coffee with the Principals. We also have murals throughout our campus and we plan to add 2 more murals reflecting our diverse communities.

School Processes & Programs Strengths

We are very well connected to families and we have strong relationships with students and families! We are also really strong in our communication ladder which tells the families how to get their needs met. They do not ask to speak to the principal directly, they make sure to contact teachers and APIs first. We also do a great job in our community and campus events. We always get really great turnouts for our events and have created community partnerships like Sendero Health and Austin Police Department.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Late Pick Up for our students **Root Cause:** Students are often picked up late due to transportation for parents. A lot of families depend on Cap Metro and Ubers to pick up students. We have a hard time forcing staff to stay until 5:30 pm due to the budget.

Problem Statement 2: Lack of Grant Funding **Root Cause:** We started out campus in 2019 with multiple grants and ended up losing 2 big grants. These grants provided jobs and Before and After School supports, as well as more educational programs, like Project Lead the Way. We had to get rid of these program due to the loss of Grant Funds.

Perceptions

Perceptions Summary

Our campus consists of students and families that struggle financially and are subject to non-ideal home lives. Our student come to Health Professions with a lot of academic gaps, Special Education needs and high behavioral needs. Our students need a lot of support daily on Social and Emotional skills and specific academic Interventions to close those educational gaps.

Perceptions Strengths

Some of our strengths lie in our supports our Special Education students. We currently serve 39 Special Populations and 11 504 students and their supports are specialized by content and need. They make up almost 19% of our campus and we are to meet their needs and close those educational gaps.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Our families think that we do not incorporate enough fun during the school day. **Root Cause:** Our families are requesting more recess and more extracurriculars during the school day and less instruction. However, due to our low performance we have incorporated more instructional minutes

Problem Statement 2: Losing our Health Professions Class per grade level due to funding and student performance in Math and ELA. **Root Cause:** We have lost our Project Lead the Way classes, per grade level, due to funding. Parents who enrolled their students were expecting this class and we are no longer offering it.

Priority Problem Statements

Problem Statement 1: Gentrification affects our campus enrollments and persistence

Root Cause 1: Our recruitment strategies have made a shift to find students further South or further East.

Problem Statement 1 Areas: Demographics

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 35% to 37% in Spring 2024 (HB3)

IDEA Public Schools

Hidden Meadow Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: October 6, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 25

Comprehensive Needs Assessment

Revised/Approved: October 6, 2023

Demographics

Demographics Summary

IDEA Hidden Meadow Academy is a Title 1 campus that offers quality educational programs to students in grades Kinder through 5th grade. IDEA Hidden Meadow Academy is part of one of the fastest growing charter school networks in San Antonio. Currently, IDEA Hidden Meadow Academy has a rolling enrollment in the district with 444 students.

The school's demographic includes 72% Hispanic, 13% White, 11% African American, 70% economically disadvantaged, 8% with disabilities, and 12% English Language Learners.

Demographics Strengths

Strengths of our demographics include:

- 81% Teacher Retention
- 92.11% Overall Persistence
- 87% of K-2 scholars reading on grade level

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): K-3rd grade attendance is at 93.50%, which is 3.5% below the target benchmark of 97%. **Root Cause:** The lead team was not following up with high offenders throughout the school year.

Problem Statement 2 (Prioritized): 36 students did not persist with the school to the following school year. **Root Cause:** The lead team did not plan for a higher benchmark goal for EOY placement test.

Student Learning

Student Learning Summary

Reading K-2: 87% on grade level

Math K-2: To be determined

3rd Grade Reading: To be determined

3rd Grade Math: To be determined

Student Learning Strengths

- Teachers were able to create rigorous lesson plans for K-2 math and 3rd grade reading and math.
- Teachers followed the K-2 reading program to fidelity.
- Teachers in K-2 implemented the reading comprehension program.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): 87% of scholars reached grade level, but our scholars are lacking comprehension and writing skills. **Root Cause:** The teachers focus more on decoding than encoding and unpacking text.

Problem Statement 2 (Prioritized): School lacks vertical alignment across contents. **Root Cause:** The school did not have operating mechanisms for the APIs and teachers to plan content together and align the material strategically.

School Processes & Programs

School Processes & Programs Summary

- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.

School Processes & Programs Strengths

- Leaders spend 80% of their day in classroom, providing feedback to teachers and scholars.
- Teachers receive daily communication through grade level huddle, grade team leaders, school newsletters, and school calendars.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): The school does not have a consistent system to track ADA infractions that is available to all. **Root Cause:** The school did not have an assistant principal of operations until March that was overseeing this system.

Problem Statement 2 (Prioritized): Scholars with extreme behavior were not addressed consistently and created disruptions in the learning environment. **Root Cause:** We did not have a normed escalating matrix to respond to extreme behavior concerns.

Perceptions

Perceptions Summary

Scholar persistence: 93.50%

Teacher persistence: 81%

Perceptions Strengths

- There was improvements for our Welcome to IDEA events, to explain our systems.
- We held 5 major events that were in-person for families and 11 family monthly projects.
- Principal was able to interact with more families and reach out within 24 hours for parent concerns.
- Our receptionist created a tracker to ensure all family communication was completed.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Families did not hear from teachers with regular communication. **Root Cause:** Teachers replaced regular parent phone calls with notes in the planner.

Problem Statement 2 (Prioritized): Scholars did not receive regular guidance lessons from school counselor. **Root Cause:** The school counselor was shared with college prep and that made the calendar tighter to incorporate regular guidance lessons within the class.

Priority Problem Statements

Problem Statement 1: K-3rd grade attendance is at 93.50%, which is 3.5% below the target benchmark of 97%.
Root Cause 1: The lead team was not following up with high offenders throughout the school year.
Problem Statement 1 Areas: Demographics

Problem Statement 2: 36 students did not persist with the school to the following school year.
Root Cause 2: The lead team did not plan for a higher benchmark goal for EOY placement test.
Problem Statement 2 Areas: Demographics

Problem Statement 3: 87% of scholars reached grade level, but our scholars are lacking comprehension and writing skills.
Root Cause 3: The teachers focus more on decoding than encoding and unpacking text.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: School lacks vertical alignment across contents.
Root Cause 4: The school did not have operating mechanisms for the APIs and teachers to plan content together and align the material strategically.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: The school does not have a consistent system to track ADA infractions that is available to all.
Root Cause 5: The school did not have an assistant principal of operations until March that was overseeing this system.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Scholars with extreme behavior were not addressed consistently and created disruptions in the learning environment.
Root Cause 6: We did not have a normed escalating matrix to respond to extreme behavior concerns.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Families did not hear from teachers with regular communication.
Root Cause 7: Teachers replaced regular parent phone calls with notes in the planner.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: Scholars did not receive regular guidance lessons from school counselor.
Root Cause 8: The school counselor was shared with college prep and that made the calendar tighter to incorporate regular guidance lessons within the class.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Local benchmark or common assessments data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Attendance data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: HMA achieves 90/60/30 in approaches/meets/masters as measured by the STAAR testing.

High Priority

HB3 Goal

Evaluation Data Sources: benchmark assessments and mock exams

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Track each students performance in domains 1-3 by using the Locus dashboard and respond to data appropriately. **Strategy's Expected Result/Impact:** Each child will make growth in their exams. **Staff Responsible for Monitoring:** Principal, API, and content teacher **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **Problem Statements:** Student Learning 1	N/A	N/A		

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: 87% of scholars reached grade level, but our scholars are lacking comprehension and writing skills. **Root Cause**: The teachers focus more on decoding than encoding and unpacking text.

Goal 1: IDEA achieves an A Rating

Performance Objective 2: HMA will have 100% of identified scholars meet required minutes per House Bill 4545 (HB4545)

High Priority

HB3 Goal

Evaluation Data Sources: HB4545 tracker by student

Strategy 1 Details	Reviews

IDEA Public Schools

Horizon Vista Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: September 21, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IDEA Horizon Vista Campus Vision:

Our family puts scholars first by building relationships, creating a culture of achievement, instilling academic risk-taking, and developing a srong work ethic that prepares them for success in college and citizenship.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Horizon Vista Academy is a Kinder -5th grade campus. Our goal is to ensure our scholars at the end of each year are on or above grade level in reading and math. This will ensure our scholars are well-prepared for grades 6th - 12th grade and to and through college. We offer individualized learning, critical thinking opportunities, special education services, emergent bilingual services, and a rigorous curriculum starting in Kindergarten. Our enrollment is 720+ scholars in grades Kinder thru 5th grade. Our EB population is 312 scholars in grades Kinder thru 4th grade. Our special education population is 69 scholars.

Problem Statements Identifying Demographics Needs

Problem Statement 1: New teachers with little or no knowledge of IDEA culture **Root Cause:** Opportunity for coaching, development, and nurturning ideals and classroom practices.

Student Learning

Student Learning Summary

IDEA Horizon Vista Academy is currently rated a _____ campus for 22 - 23 school year. We received ___ of __ distinctions.

School	% Approaches at low cut point	% Approaches at high cut point
3rd ELA	94%	63%
4th ELA	90%	56%
3rd Math	98%	42%
4th Math	94%	57%

Accountability Rating Summary Overall

Domain II

Domain III

Eco. Disc. 86.32%

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Opportunities for improvement in special pop. programming **Root Cause:** Prioritize special populations, monitor effective stratgies, and set specific goals to ensure their success

School Processes & Programs

School Processes & Programs Summary

Horizon Vista Academy offers teachers leadership preparation through Grade Team Leader, Content Lead, and Course Leader opportunities for those teachers who are interested in developing professionally. DI teachers are given the opportunity to be Level A, B, C coaches to help coach and develop other teachers. Campus continuously plans for professional development throughout the school year one a week on campus and District trainings. Professional development is adjusted as needed to meet the needs of the campus and to develop both teachers and campus lead team. Instructional rounds help support teachers in their development. Daily lesson rehearsals help support teachers in delivering a strong First Teach. Weekly check-ins are held with teachers and co-teachers to identify most high leverage actions steps to address most pressing problem in the classroom that will positively impact student success. Instructional programs: Direct Instructional (learn to read), Wit and Wisdom (engage in different literature and genres), Eureka Math (develop math skills and critical thinking skills), Amplify Science, and Insights Social Studies.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA retains an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Decrese in student persistence **Root Cause:** Invest and promote a college -going culture by providing more nurturing and support.

IDEA Public Schools

Achieve College Prep

2023-2024 Improvement Plan

Public Presentation Date: September 7, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 26

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Achieve College Prep is a charter school in the heart of Haltom City, TX with Grades 6-9. We stand at 406 students. We are 1 of 4 campuses of IDEA Tarrant County and the only school outside of the Fort Worth district, but very close in proximity. We are school that offers many special programs for all students. We offer a variety of athletics, Special Education, and advanced curriculum to include, but not limited, to Pre-AP and AP courses.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to recruit and retain students on our campus, approximately 14% choose to leave. **Root Cause:** 1. Lack of competitive programming in comparison to surrounding schools. 2. Scholars live more than 8 miles from the school, creating transportation issues.

Problem Statement 2 (Prioritized): The SPED and 504 Students score significantly less than others on mastery exams. **Root Cause:** 1. Lack of collaboration between TOR and SPED teacher on lesson planning. 2. Lack of teacher training on creating SPED accommodations for daily lessons for students.

Student Learning

Student Learning Summary

At December of 2022, Achieve College Prep was predicted to score a D Rating from Semester Exam results. By Mock exams, our students showed a 10-20 point increase in overall performance. At the end of the year our results from the previous year EOC are as follows, that lead to an overall rating that has not been determined yet. We hope the results of 6-8 ELA and 6-7 Math increase the achievement averages to reach the A rating by August 11th. The significant area of improvement post STAAR redesign lies in the masters achievement category.

March Mock Data

Math

Grade	Passing Score	Achievement Average
6 MATH	82/43/16	47
7 MATH	46/37/7	30
Algebra	67/12/1	27

7 ELA	45/20/3	23
8 ELA	65/43/8	39
9 English 1	68/40/0	36

STAAR EOC Data

Biology EOC 96/75/24

Algebra EOC 81/38/11

English 1 EOC 83/69/12

Problem Statements Identifying Student Learning Needs

Problem Statement 1: There is a need for streamlining instructional practices on campus so that students are practicing at the same level of rigor with access to differentiation. **Root Cause:** 1) Lack of academic vision and agreement from leadership/region on which processes/systems will best support development 2) Lack of streamlining for the vision of differentiation in the classroom such as small group pull-outs, push-ins, and use of tools or strategies.

Problem Statement 2 (Prioritized): There is a need to redesign the ways in which we support special education and EB scholars across contents **Root Cause:** 1) Lack of clarity on how SPED and EB teachers give support in push-in accommodations 2) Lack of training, support, and resources for teachers in supporting accommodations

Problem Statement 3: There is a need to streamline data-driven instruction through monitoring and accountability to invest stakeholders in big goals **Root Cause:** 1) Lack of consistent systems to track and monitor daily data, interim data, and benchmarks by leaders and teachers 2) Lack of consistency for student accountability in monitoring progress and tracking progress toward meeting growth goals

School Processes & Programs

School Processes & Programs Summary

Our campus has a total of 3 Instructional Leaders, broken up into 3 groups: ELAR, Humanities, Math, CSI, SPED, and Science and Electives (PE, Art, Spanish). Each instructional leader manages two groups of content. The leadership team develops skills through weekly Instructional Coaching Meetings, Lesson Feedback Meetings, and Weekly Check-Ins. Additionally, each week or bi-weekly, leaders are to follow the entire coaching cycle with their entire caseload. Professional development is held every Tuesday afternoon. The leadership team will determine our PD's from our weekly instructional coaching meetings, where we spar on trends we see, as well as the use of instructional rounds to norm on what we need to do as a team to move our campus forward. We use observations, lesson rehearsals, student work anaylsis meetings, and data tracking to support powerful teaching.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 16 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 4 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average

- IDEA retains an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There is a need for a clear schoolwide vision of addressing culture in the school, classrooms, and responding to behaviors. **Root Cause:** 1. Lack of consistently executing routines and procedures to maximize the learning time. 2. Lack of consistent and least invasive positive reinforcements.

Problem Statement 2 (Prioritized): There is a need for more parent engagement and parent communication. **Root Cause:** 1. Lack of families receiving information about academic progress. 2. Lack of families receiving information about behavior expectations in line with campus expectations.

Perceptions

Perceptions Summary

All family engagement events are planned out during the summer. Our team plans a minimum of two events per month. Our operations team hosts several Welcome to IDEA events to ensure new families are onboarded properly. Communication for these events goes out to families via STREAM, Remind, Parent Weekly, and flyers during carline in a timely manner. Two surveys are conducted throughout the year to allow families and scholars to provide feedback regarding our school's performance. Parent participation still remains below 50%.

Perceptions Strengths

Communication is one of our strengths as a campus. Based on our Panorama survey we scored a 4.3 out of 5 on school communication.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Students are withdrawing at high rates and due to campus culture concerns. **Root Cause:** 1. There is inconsistent follow through on a discipline matrix system from Day 1 until final day of the school year, so teachers and students are unclear on consequences for behaviors. 2. Students feel they can choose which adults to respect and which not to due to lack of consistency from classroom to classroom.

Problem Statement 2 (Prioritized): Teacher retention has declined from the previous year **Root Cause:** 1. There was a lack of staff communication with enough time to make plans and adjustments. 2. There was inequitable and inconsistent coaching and support from teacher to teacher leaving some feeling unsupported.

Priority Problem Statements

Problem Statement 1: The SPED and 504 Students score significantly less than others on mastery exams.

Root Cause 1: 1. Lack of collaboration between TOR and SPED teacher on lesson planning. 2. Lack of teacher training on creating SPED accommodations for daily lessons for students.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to redesign the ways in which we support special education and EB scholars across contents

Root Cause 2: 1) Lack of clarity on how SPED and EB teachers give support in push-in accommodations 2) Lack of training, support, and resources for teachers in supporting accommodations

Problem Statement 2 Areas: Student Learning

Problem Statement 3: There is a need for a clear schoolwide vision of addressing culture in the school, classrooms, and responding to behaviors.

Root Cause 3: 1. Lack of consistently executing routines and procedures to maximize the learning time. 2. Lack of consistent and least invasive positive reinforcements.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: There is a need for more parent engagement and parent communication.

Root Cause 4: 1. Lack of families receiving information about academic progress. 2. Lack of families receiving information about behavior expectations in line with campus expectations.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Students are withdrawing at high rates and due to campus culture concerns.

Root Cause 5: 1. There is inconsistent follow through on a discipline matrix system from Day 1 until final day of the school year, so teachers and students are unclear on consequences for behaviors. 2. Students feel they can choose which adults to respect and which not to due to lack of consistency from classroom to classroom.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Teacher retention has declined from the previous year

Root Cause 6: 1. There was a lack of staff communication with enough time to make plans and adjustments. 2. There was inequitable and inconsistent coaching and support from teacher to teacher leaving some feeling unsupported.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: There is a need to recruit and retain students on our campus, approximately 14% choose to leave.

Root Cause 7: 1. Lack of competitive programming in comparison to surrounding schools. 2. Scholars live more than 8 miles from the school, creating transportation issues.

Problem Statement 7 Areas: Demographics

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average PSAT score of 1150 or better by end of Sophomore year.

IDEA Public Schools

Ambrose & Freda Robinson College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 24, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: May 2, 2023

Demographics

Demographics Summary

IDEA Robinson College Prep is located in the far West side of San Antonio, Texas.

Enrollment

- Grade 6 - 54
- Grade 7 - 65

Student Demographics

- 86% Hispanic
- 12% African American
- 12% White
- 2% Asian/Pacific Islander
- 1% American Indian

Staff Demographics

- 60% Hispanic
- 40% White

Income Status:

- 82% Low Income
- 18% Non-Low Income

Demographics Strengths

We have a diverse student population.

We increased the diversity of staff (admin, teachers, counselor)

Our average, teacher experience is 4 years.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): ELL students are significantly behind peers in reading and math **Root Cause:** We did not find the right interventions for ELL students

Problem Statement 2 (Prioritized): Teacher retention is at 72% **Root Cause:** Admin did not hire the right fit candidates.

Student Learning

Student Learning Summary

From the beginning of 2022-2023 school year, our scholars have drastically increased their skill at writing. In fact, scholars in 7th grade scored 1 point higher in writing than in reading (on average). Also, we had a significant amount of scholars hit the "high" bar for potential passing on the preliminary STAAR (#1 in the region for 7th ELA and Math)

6 Grade scholars came to IDEA Robinson with only 45% passing the reading and math STAAR, with 6 analytical writing the lowest skill campus wide with only 22% mastery on essays during the October benchmark.

Student Learning Strengths

- ELA students are ahead of peers in the region and district
- Math students are ahead of peers in the region and district

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): We relied on a curriculum and did not prioritize the reading and writing connection. **Root Cause:** Not enough time was spent modifying current curriculum.

Problem Statement 2 (Prioritized): Students make simple mistakes in math which throws off their thinking later on. **Root Cause:** We did not teach scholars to slow down, annotate word problems, and align numbers

School Processes & Programs

School Processes & Programs Summary

We have done a good job implementing both paper and computer instruction this school year. We have also improved upon the communication with families by implementing deliberate communication calendar.

ELA did not have the quality of homework practice that math did until later in the year. The principal and counselor were the owners and drivers of restorative practices - not all staff were aligned on what and how.

School Processes & Programs Strengths

1-to-1 technology is working very well.

Online homework for math is working well.

Athletics teams are doing well this school year.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Online homework for ELA did not catch up to the level that math is at. **Root Cause:** We did not prioritize ELA homework at the same rate as math.

Problem Statement 2 (Prioritized): Not all staff are proficient with restorative practices. **Root Cause:** Admin did not train staff sufficiently in restorative practices.

Perceptions

Perceptions Summary

We have improved our parent engagement this year by offering more specific events for College Prep families. For teachers, the GPTW survey shows team work is one of the campus strengths. Also, because of our safety processes, students report feeling safe on campus and are comfortable in each drill.

This year with increase teaching and planning load, only 40% of teachers reported that IDEA was a great place to work, down from 100% last year. Student retention is at 82% and staff retention is at 62% for College Prep.

Perceptions Strengths

Parent engagement in community events is at an all-time high.

Students report that they feel physically safe here at school.

GPTW survey results with “best friend at work” is 80%

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Student retention is at 82% **Root Cause:** I did not ensure all scholars were connected to teachers or to each other

Problem Statement 2 (Prioritized): Staff report only 40% think IDEA is a great place to work on GPTW survey. **Root Cause:** I did not find the right balance of planning/ celebrations for staff who teach multiple grades and contents.

Priority Problem Statements

Problem Statement 1: ELL students are significantly behind peers in reading and math
Root Cause 1: We did not find the right interventions for ELL students
Problem Statement 1 Areas: Demographics

Problem Statement 2: Teacher retention is at 72%
Root Cause 2: Admin did not hire the right fit candidates.
Problem Statement 2 Areas: Demographics

Problem Statement 3: We relied on a curriculum and did not prioritize the reading and writing connection.
Root Cause 3: Not enough time was spent modifying current curriculum.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Students make simple mistakes in math which throws off their thinking later on.
Root Cause 4: We did not teach scholars to slow down, annotate word problems, and align numbers
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Online homework for ELA did not catch up to the level that math is at.
Root Cause 5: We did not prioritize ELA homework at the same rate as math.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Not all staff are proficient with restorative practices.
Root Cause 6: Admin did not train staff sufficiently in restorative practices.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Student retention is at 82%
Root Cause 7: I did not ensure all scholars were connected to teachers or to each other
Problem Statement 7 Areas: Perceptions

Problem Statement 8: Staff report only 40% think IDEA is a great place to work on GPTW survey.
Root Cause 8: I did not find the right balance of planning/celebrations for staff who teach multiple grades and contents.
Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- School safety data

- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation

Goals

Revised/Approved: June 12, 2023

Goal 1: IDEA Robinson College Prep achieves an A Rating

Performance Objective 1: 60% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

Evaluation Data Sources: Mock TELPAS, TELPAS

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Strong TELPAS tracking system in place **Strategy's Expected Result/Impact:** We will identify struggling students early and often. **Staff Responsible for Monitoring:** Interventionist **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Demographics 1	75%	75%	75%	

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Differentiate intervention based on individual need **Strategy's Expected Result/Impact:** Each ELL scholar will receive the "just right" intervention. **Staff Responsible for Monitoring:** Interventionist **Title I:** 2.4, 2.5, 2.6 **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments **- Targeted Support Strategy** **Problem Statements:** Demographics 1	20%	20%	20%	

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: ELL students are significantly behind peers in reading and math **Root Cause**: We did not find the right interventions for ELL students

Goal 1: IDEA Robinson College Prep achieves an A Rating

Performance Objective 2: 100% of identified scholars meet required minutes per House Bill 4545 (HB4545)

Evaluation Data Sources: HB4545 tracker

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Build HB4545 intervention into student's schedules using interventionist. **Strategy's Expected Result/Impact:** There will be sufficient hours to close achievement gaps. **Staff Responsible for Monitoring:** Principal **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Funding Sources:** Interventionist - Title I, Part A (4120)	75%	100%	100%	

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 1: IDEA Robinson College Prep achieves an A Rating

Performance Objective 3: 60% of SPED Students attain approaches in STAAR by June 2024 (TEC 11.253(d)(2))

Evaluation Data Sources: Mock Exams, STAAR

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Strong data monitoring system in place **Strategy's Expected Result/Impact:** We will identify struggling students early and often. **Staff Responsible for Monitoring:** Principal **Title I:** 2.4, 2.6 **- ESF Levers:** Lever 5: Effective Instruction **- Targeted Support Strategy** **Problem Statements:** Student Learning 1, 2 **Funding Sources:** Interventionist - Title I, Part A (4120)	70%			

Strategy 2 Details	Reviews

IDEA Public Schools

Bluff Springs College Prep

2023-2024 Improvement Plan

Public Presentation Date: September 1, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: August 2, 2023

Demographics

Demographics Summary

Bluff Springs College Prep launched in 2016 with 6th grade. Since then, we have become a full-scale campus serving 657 students, 6th to 12th grade. We are an open-enrollment primary campus in the South Austin area. 84.96% of our students have been identified as economically disadvantaged. Our student population comprises 84.53% Hispanic, 6.45% White, and 6.73% Black.

Hispanic - Latino 84.53%

American Indian - Alaskan Native .29%

Black - African American 6.73%

White 6.45%

Two-or-More .43%

Native Hawaiian - Pacific Islander - 0

Demographics Strengths

We are able to serve our bilingual students. Our Hispanic population performs best compared to all our other populations. Our teachers support our hispanic students by using the CSI program. Our teachers also support our EB students with a vast of bilingual strategies such as visuals to improve their understanding.

In addition, despite demographics, all students were able to graduate with a High School diploma. We also had 100% college acceptances.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): SpEd students are not closing the achievement gap in state assessments. **Root Cause:** 1. Teachers are not trained in how they can best support the needs of the SpEd students and they don't follow a consistent schedule of services.

Problem Statement 2: Daily student attendance is lower than our goal of 97% **Root Cause:** Lack of ADA mechanisms and follow up from leadership.

Student Learning

Student Learning Summary

We earned a rating of a B campus for the 2021-2022 school year. Our scholars are also meeting the requirement from the state of Texas for the percent of scholars making growth from year to year by hitting their growth goal indicators.

STAAR Performance

The 2021-2022 STAAR administration gave us an opportunity to measure the gains and looses that occurred in the 2021-2022 school year. Using 2018-2019 as a baseline comparative year, we were able to identify strengths and areas of improvement. The 2021-2022 STAAR Administration and preliminary results from this school year then showed the effectiveness of the strategies and efforts that took place.

Successes:

The 2021 to 2022 overall data landed at the Approaches 73%, Meets levels 45% and Masters levels 21%. These results are nearing the previous 2019 levels and closed many gaps. During the 2022 STAAR administration, IDEA Bluff Springs CP was able to show higher maintain the Master's level for 6th though 8th grade exam, which were the only grade levels we have in 2019; the scores differed but seven points in Approaches and five points in Meets. With 2022 STAAR Administration, there was an increase of 2% in Approaches and 5% in Masters for 6th grade Reading and a increase of 9% in Approaches and 12% in Masters for 7th grade Reading.

Areas for Improvement:

Math continues to be an area of improvement which currently show approximately a 13% gap in Approaches levels in 6th grade math, 13% gap in 7th grade Math, and 9% in Algebra I to reach levels of performance for 2018-2019.

Diving deeper into historical data trends showed that 6th and 7th grade Math are areas of slowest growth and has not recovered quickly when compared to other grade levels and subjects. 8th grade Science and Social Studies also have not recovered since before the pandemic compared to the 2019 and 2022 STAAR exams with an Approaches gap of 16% in Social Studies and 13% in Science.

College, Career, and Graduation:

Scholars have multiple opportunities to complete their TSI testing starting in 9th grade. All 2023 seniors completed their TSI testing in May 2023.

CCRM rates:

The 2022-2023 school year is Bluff Springs CP's first graduating class. 100% of scholars have met the IDEA graduation requirements and are headed to college in Fall 2023.

Student Learning Strengths

Student Learning Strengths:

- Large percentage of scholars met their growth goals in Reading and Math
- Increase in middle school ELA scores on the 2021-2022 STAAR compared to the pre-pandemic levels on the STAAR- 2019
- Continued high level College and Career Readiness performance
- 100% of scholars matriculate to college for the first graduating class- 2023
- Over seven million dollars in scholarships

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Not determining where we fell short in accountability early enough in the year to identify specific sub-pops we should hone in on during instruction. **Root Cause:** Lack of training teachers on creating and managing hotlists earlier in the year to target students.

Problem Statement 2: Lack of holding 100% of teachers accountable to aggressive monitoring on a daily basis as well as how to use the data from these systems real-time to course correct. **Root Cause:** Teachers were trained late by leaders on aggressive monitoring and leaders did not follow up to coach to mastery.

Problem Statement 3: More than 15% of each grade level did not pass the state assessments for reading and/or math **Root Cause:** Inconsistent lesson plan mechanisms for creation submission and revision.

School Processes & Programs

School Processes & Programs Summary

At IDEA Bluff Springs CP we develop instructional leaders through daily on-the-spot real-time coaching, professional development tracks such as Coaching Academy, and by using our school leadership levers to self-rate and give feedback. In order to support powerful teaching and learning, we provide feedback through Teachboost, campus-led professional developments, and real-time coaching opportunities for all staff. We provide professional development every Monday to improve professional growth. Communication is provided by utilizing team, email, and huddles. Organizational tools such as Outlook calendar are used to improve the completion of tasks and to ensure 100% productivity. Support services such as extracurricular activities are provided such as UIL, tutorials, and sports. Technology integration is used daily.

School Processes & Programs Strengths

Between staff members both teachers and administrators focus on providing training on how to provide respectful but direct feedback and how to resolve conflicts internally whether it's one on one or mediated by another staff member.

Mediated conversations and repaired relationships to foster team and family.

Acting with integrity and ensuring all conversations happening on campus are respectful even if the person isn't present in the room.

Emphasize that fostering effective work relationships ensures that equity in feedback is upheld.

Empower three teacher leader positions to support formally new or struggling staff members.

CTL

· Monthly content meetings (minimum).

· 1-1 Meetings or Huddles when needed for content support.

· Stronger emphasis on team and family support in coaching.

o CTL Observations (if they have time)

o Lesson Planning Feedback (Unlikely to be weekly but should be provided by CTLs as well).

GTL

· More formal email communications on hot-ticket items.

· Consistent grade team meetings.

· Culture Driven Huddles

- Provide space and time for Teachers to feel heard and feedback provided to both GTL and Administrator.

Mentor

· Veteran teacher to provide insight on IDEA policies and procedures.

· Also responsible for 1-1s and huddles before or after school.

· Should be separate from CTL/GTL and in the same content if possible.

Ensure that weekly or bi-weekly check-ins do occur and that GET ratings are documented and discussed by APIs or CTLs.

Emphasize that fostering effective work relationships ensures that equity in feedback is upheld.

Create opportunities for the Team & Family to organically organize outside of work to build relationships and find emotional support.

o Foster Joy in the work environment by providing more on-campus joy.

o Revamp upstairs the Teacher Breakroom and stock it with even just a little bit of utensils/plates/K-cups similar to how the break room is downstairs.

o Shoutouts on Fridays continue but will be more consistently led.

o Birthday acknowledgment and encouraged staff positive feedback.

Problem Statement 1 (Prioritized): Lack of leadership capacity to coach, train and follow up with teachers. **Root Cause:** Lack of knowledge of APIs and coaching from Principal. Principal did not invest time on leader developmemt.

Problem Statement 2: Lack of joy and celebrations across the campus **Root Cause:** Inconsistency of culture of joy due different believes and approaches by the different leaders.

Perceptions

Perceptions Summary

In assessing how well we conduct business at IDEA Bluff Springs, we have emplyed various methods such as survey's and interviews to gather valuable feedback. These survey's were conducted professionally and in a timely manner, ensuring that we captured relevant insights. However, there is a sentiments among stakeholders that providing feedback to the organization feels challenging, as it seems more focused on business interests rather than prioritizing the students' best interests. On a positive notes, there is active parent engagement at the school campus, indicating a level of involvement and support from families. Nevertheless, it is crucial to acknowledge that the culture at IDEA Bluff Springs may be perceived as problematic, with concerns raised about a lack of accountability among students. However, it is worth noting that the belief within the organization remains steadfast that 100% of studnets should have the opportunity to pursue higher education. It is important to address these concerns and align our practices without mission to ensure the success of all our students.

Perceptions Strengths

IDEA Bluff Springs demonstrates several strengths in response to the perceptions mentioned. Firstly, the school excels in maintaining constant communication with parents regarding campus events, ensuring that families are well-informed and engaged in their children's education. Additionally, the schools is adept at perceiving the needs of both students and staff members, actively meeting with them to provide necessary support and fostering a growth-oriented environment. The strong parent engagement observed at campus events reflects the schools' success in fostering a collaborative partnership with families, which is crucial for student success. Moreover, IDEA Bluff Springs prioritizes preparing students for college, aligning with the belief that every student should have the opportunity to pursue higher education. This commitment to academic advancement is commendable and sets a solid foundation for the students' future. Finally, the school holds staff meetings focused on improving the school culture, indicating a proactive approach to fostering a positive and inclusive environment for all stakeholders. These strengths demonstrate IDEA Bluff Springs' dedication to providing a well-rounded education and nurturing the overall development of its students.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Inconsistency with a culture of high expectations for students at IDEA Bluff Springs. **Root Cause:** Lack of a strong culture camp and culture rounds that will follow up and determine culture pression problems to be solved..

Problem Statement 2: Inconsistency with a culture of high expectations for teachers at IDEA Bluff Springs. **Root Cause:** Lack of a strong culture and management due to lack of training from leaders at BOY.

Priority Problem Statements

Problem Statement 1: SpEd students are not closing the achievement gap in state assessments.
Root Cause 1: 1. Teachers are not trained in how they can best support the needs of the SpEd students and they don't follow a consistent schedule of services.
Problem Statement 1 Areas: Demographics

Problem Statement 2: Not determining where we fell short in accountability early enough in the year to identify specific sub-pops we should hone in on during instruction.
Root Cause 2: Lack of training teachers on creating and managing hotlists earlier in the year to target students.
Problem Statement 2 Areas: Student Learning

Problem Statement 3: Lack of leadership capacity to coach, train and follow up with teachers.
Root Cause 3: Lack of knowledge of APIs and coaching from Principal. Principal did not invest time on leader developmemt.
Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Inconsistency with a culture of high expectations for students at IDEA Bluff Springs.
Root Cause 4: Lack of a strong culture camp and culture rounds that will follow up and determine culture pression problems to be solved..
Problem Statement 4 Areas: Perceptions

IDEA Bluff Springs Public Meeting
Review Campus Needs and Improvement Plan

Campus: IDEA Bluff Springs

Date: September 1, 2023

Time: 5:00 pm

Location: Cafeteria

Invited: Families, community, and staff of <<insert school name>>

Purpose: Share our campus successes and areas for improvement from last year and get your feedback on our plan for improving this year.

Agenda

Time	Topic	Notes
5:00	Welcome!	Principals and administrators introduce themselves and welcome parents
5:05	Purpose of a Needs Assessment and Campus Improvement Plan	Our Campus must consult with a broad range of stakeholders, including parents, school staff, and others in the community, to understand students' most pressing needs and their root causes.
5:10	Review our successes and opportunities from last year. (Overview of Needs Assessment) Including: 1. STAAR a. Domain I b. Domain II c. Domain II	Success: Met TELPAS Goal Student Achievement Overall Score TBT-Campus School Bio/ 7th ELA/ US History Data

	d. Special Populations 2. AP/IP	100% of our students matriculated thus far to the college of their choice. Opportunities TSI and ACT scores Increase ADA Increase Math Scores/ELA EOC
5:20	Share areas for improvement and priority needs	Increase Average Daily Attendance because it has declined over the past two years ♣ Incrementar la asistencia diaria del alumno ya que ha disminuido en los años anteriores
5:40	Share our goals, objectives, and strategies for this year	100% of Students will matriculate to the College of their choice. ♣ 100% de los estdudiantes matriculará en la Universidad de su preferencia ♣ Be rated as an "A" Campus by TEA ♣ TEA nos calificará con una una "A" ♣ 90% of our students will return to Bluff Springs next school year ♣ 90% De los estudiantes regresarán el próximo año escolar ♣ 97% Average Daily Attendance ♣ El estudiante asistirá por lo menos el 97% del tiempo
5:50	Hear feedback, questions, and comments	Feedback given- Tutorial recommendations for students

		who didn't pass STAAR or EOC ADA recommendations such as incentives for students who have good attendance.

IDEA Public Schools

Brackenridge College Prep

2023-2024 Improvement Plan

Accountability Rating: B

Public Presentation Date: August 24, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Table of Contents

Priority Problem Statements 4
Goals 5
Goal 1: All IDEA students matriculate to college 6
Goal 2: IDEA achieves an A Rating 7
Goal 3: Increase student persistence 11
Goal 4: Increase student daily attendance 14
Goal 5: Increase staff retention 16

Priority Problem Statements

Problem Statement 1: Excessive general absences and habitually absent students impacted our ADA.
Root Cause 1: ADA fell below 94% for overall YTD ADA.
Problem Statement 1 Areas: Demographics

Problem Statement 2: Inconsistent attendance for tutorials, study circles and enrichment. Parents pulling scholars out early on tutoring days.
Root Cause 2: Staff gap in sharing rationale and purpose for tutorials have created a gap in parent investment in the extra help necessary for student success.
Problem Statement 2 Areas: Student Learning

Problem Statement 3: Staff feedback for systems, mechanisms and procedures not consistent which results in gaps in planning and roll out.
Root Cause 3: We do not have an established feedback procedure for new mechanisms, procedures or systems.
Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Perceived quality of student culture named from difference between schools, grades and classrooms.
Root Cause 4: Admin expectations for culture components not held consistently across classroom, grade level and campuses.
Problem Statement 4 Areas: Perceptions

Problem Statement 5: Parent participation has declined at events, surveys and newsletters.
Root Cause 5: Lack of communication with parents, students and staff regarding campus processes, procedures and events.
Problem Statement 5 Areas: Demographics

Problem Statement 6: Scholar mechanisms for screen to scratch inconsistent.
Root Cause 6: Gaps in student annotations with computer based assessments not identified early enough to create solid plans for roll out and practice.
Problem Statement 6 Areas: Student Learning

Problem Statement 7: Admin is consistently slow to roll out student related communication and event communication with staff.
Root Cause 7: Our newsletter does not include specific logistics info on upcoming events. This results in lead team not rolling out details until a few days before an event.
Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: We are not a school system that supports EB students effectively.
Root Cause 8: Instructional team is not aware of the vision, rationale and components we utilize to support language acquisition through the immersion method.

Problem Statement 8 Areas: Perceptions

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

Evaluation Data Sources: ACT exam

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Friday adjusted groupings to ensure strategic ACT tutoring. **Strategy's Expected Result/Impact:** Avg ACT score of 21 or higher. **Staff Responsible for Monitoring:** DCC, CC, Testing Coordinator **TEA Priorities:** Connect high school to career and college, Improve low-performing schools		N/A	N/A	

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: All IDEA students matriculate to college

Performance Objective 2: 100% of graduates meet TSIA college readiness benchmark (HB3)

High Priority

Evaluation Data Sources: TSI exam

	Oct	Jan	Mar	June
Strategy 1: Morning TELPAS tutoring through TELPAS exam. **Strategy's Expected Result/Impact:** 36% of TELPAS students meet their growth goal. **Staff Responsible for Monitoring:** API, Testing Coordinator **TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools		N/A	N/A	

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Morning Rosetta Stone and Language tutoring (reading, writing and speaking) **Strategy's Expected Result/Impact:** 36% or more increase in TELPAS data **Staff Responsible for Monitoring:** Testing Coordinator and Assistant Principal **TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools		N/A		

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 2: IA & CP: 100% of identified scholars meet required minutes per House Bill 4545 (HB4545)

Evaluation Data Sources: Power School Minutes logged

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: H4545 attendance tracker review during API check in and weekly lead team tactical. **Strategy's Expected Result/Impact:** Will ensure 100% of scholars fulfill their required minutes. **Staff Responsible for Monitoring:** API **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools		N/A	N/A	

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 3: IA & CP: 50% of SPED Students attain approaches in STAAR by June 2024 (TEC 11.253(d)(2))

Evaluation Data Sources: Formative assessments

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Weekly SpEd data tracking and tutoring pullouts to decrease tutoring group sizes. **Strategy's Expected Result/Impact:** Increased SpEd performance **TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools		N/A	N/A	

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 4: IA & CP: School achieves 90/60/30 in approaches/meets/masters as measured by the STAAR testing
Required Strategy: Track each students performance in domains 1-3 by using the Locus dashboard and respond to data appropriately (TEC 11.253(d)(3))

High Priority

Evaluation Data Sources: Daily ET data; Formative assessments

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 100% of teachers will track daily ET's, Weekly Assessments, Unit tests, Mock and Semester Exams to ensure PTG is met. **Strategy's Expected Result/Impact:** Planning re-teaches, tutorials and recursive review. **Staff Responsible for Monitoring:** API **Title I:** 2.4 - **TEA Priorities:** Improve low-performing schools	50%	N/A	N/A	

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 3: Increase student persistence

Performance Objective 1: IA & CP: Campus receive a score of proficient or higher on the campus safety scorecard for the 2023- 24 school year (TEC 11.253 (d)(8))

High Priority

Evaluation Data Sources: Weekly door checks; monthly safety audit

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Co-door sweeps using security officer weekly with FM. (team work) **Strategy's Expected Result/Impact:** Consistency checking doors. **Staff Responsible for Monitoring:** FM, Security officer, APO	50%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: Increase student persistence

Performance Objective 2: IA & CP: 100% of schools will be in compliance with the Title 1 Family Engagement requirements through the following events: Meet the Teacher, Public Hearing, Spring Town Hall and Semester 1 Report Card Pick Up. (TEC 11.253(d)(9))
Required Strategy: timely communication to families regarding school events to promote family engagement and attendance. (TEC 11.253(d)(9))

Evaluation Data Sources: Event Sign-in documentation

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Weekly SC check-in to ensure all engagement events not only take place but are marketed effectively. **Strategy's Expected Result/Impact:** Parents have a variety of events to participate and engage with the campus. **Staff Responsible for Monitoring:** Principal **Title I:** 4.1 - **TEA Priorities:** Improve low-performing schools	45%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: New to IDEA student cohort swag; Supplies for monthly parent engagement event New to IDEA cohort swag to be distributed by October 5th at New to IDEA family meet and greet. Supplies needed for October 16th - Report Card Night. **Title I:** 4.2 - **TEA Priorities:** Improve low-performing schools	40%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 3: Increase student persistence

Performance Objective 3: IA & CP: 100% of schools will complete the Anti-Bullying and Safer, Smarter School curriculum by deadline indicated on the district calendar. (TEC 11.253(d)(8))

Evaluation Data Sources: Tracker submission for sessions completion

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Whole campus SSS presentation time. **Strategy's Expected Result/Impact:** 100% of campus will complete SSS presentation at the same time. **Staff Responsible for Monitoring:** Campus Counselor **TEA Priorities:** Connect high school to career and college, Improve low-performing schools				

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase student daily attendance

Performance Objective 1: IA & CP: IDEA Brackenridge College Prep will achieve a 97% annual attendance rate for the 23-24 school year.

High Priority

Evaluation Data Sources: ADA Matrix

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Weekly ADA grade level celebrations tied to perfect attendance. **Strategy's Expected Result/Impact:** Allows staff and students to see, discuss and improve weekly and daily ADA data. **Staff Responsible for Monitoring:** Teachers, grade team leaders, registrar, APO and Principal **Title I:** 2.5 **- TEA Priorities:** Improve low-performing schools			N/A	

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase student daily attendance

Performance Objective 2: CP: 100% of students from 6th-12th grade meet their MVPA minutes goal of 900 per year. (TEC 11.253(d)(10))

Evaluation Data Sources: IHT Tracker

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: PE teacher will report out minutes to manager each week with OCS framework. **Strategy's Expected Result/Impact:** Ensure solutions are found weekly so that all students meet goal. **Staff Responsible for Monitoring:** Josiah Farley **TEA Priorities:** Improve low-performing schools	45%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 5: Increase staff retention

Performance Objective 1: CP: 100% of full-time staff members complete all tasks within IDEA's staff development cycle including: goal setting, 2x2 and annual performance reviews during the 2023-24 school year.
Required Strategy: Managers provide feedback and professional development/coaching for each staff member through each SDC cycle.

High Priority

Evaluation Data Sources: Cornerstone Reports

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Mid and End of BOY training road map review to ensure API's have the opportunity to remind and hold staff accountable to complete all trainings. **Strategy's Expected Result/Impact:** Ensure 100% of staff have completed all required trainings. **Staff Responsible for Monitoring:** API's **Title I:** 2.6 **- TEA Priorities:** Recruit, support, retain teachers and principals, Improve low-performing schools	40%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 5: Increase staff retention

Performance Objective 2: CP: IDEA Brackenridge is 65% staffed for all teacher positions throughout the 2023-24 school year.
Required Strategy: recruit and hire high quality candidates per role by using high quality resume criteria

Comprehensive Needs Assessment

Demographics

Demographics Summary

We are a College Prep Campus that was founded in August of 2012. We opened our doors to our community with Kinder, 1st, 2nd, and 6th grades. Since then, we have become a full-scale campus serving scholars from Kinder thru 12th grade. Our current enrollment in grades 6th thru 12th is 753 students. Our community is mostly Hispanic, and our campus student population is around 97% Hispanic. We are a College Prep with 65 Faculty and Staff Members. Due to the COVID-19 pandemic, our previous year's ADA left our campus with an area for growth. Our goal as a district is to have a 97% attendance rate; however, our campus came in at 94.91%. We are at 8% in Special Populations. We are 38% ELL. We are 80.31% Economically Disadvantaged. We are 97% Hispanic. Our campus is 57.9% male. Our campus is 42.1% female. 100% of our students, except for those students in our RISE Units (Reaching Independence Through Support and Education – formerly known as Life Skills) take either our Advanced Placement (AP) courses or our International Baccalaureate (IB) courses in high school. Special program services are specifically designed to meet the unique needs of our students. All special program services are provided in the least restrictive environment, which may be special education settings, general education settings, or a combination of both. All students receiving special programs services are educated to the maximum extent appropriate with their peers as well as participating in all school activities. The programs are strategically designed to align with the needs of students, parents, and the community. The program's goal is to assist students and enable them to become academically successful in all of their classes and activities. Our school promotes 100% graduation rates, and our district goal is 100% college for all or 100% college matriculation, so our CCMR is addressed. We have had some students in our district that go into the military, for our campus, it has only been two this past year. This also plays into our CCMR accountability rating. Our teacher retention rate is 90%. When we opened in 2012, our campus was a scaling campus, meaning that since we opened with 6th grade, every after, we would be adding the next grade level, going 7th, then 8th, etc., until 2019, when we had our first graduating class of seniors. In 2019, we became a fully scaled campus with 6th through 12th-grade students. IDEA Public Schools – Headquarters has a recruitment team that leads advertisements on different platforms to help recruit new faculty and staff. There is an online application process that new faculty and staff must fill out, which initiates the process of looking at qualifications, what vacancies we have available and initial interviews, which then lead to potential follow-up interviews for those vacancies. Our leadership team is composed of one Principal, three Assistant Principals, one Director of College Counseling, two College Counselors, one Assistant Principal of Operations, and one School Counselor. Our campus also has other leaders in various positions, such as grade-level team leaders in every grade from 6th grade through 12th grade. They take care of most of the logistics and behavior in their respective grade levels. We also have academic content leaders who take care of our academic side of the campus, such as helping with curriculum, lesson planning, and professional development. Our content leaders consist of the following: math, ELA, science, humanities, and electives courses. Regarding collaboration with the planning process, the school community members are involved in various aspects of the yearlong planning process. For example, our leadership team works with and plans the yearlong professional development along with our content leaders and our headquarters. IDEA Headquarters will provide a scope and sequence for our beginning-of-the-year professional development. Our grade-level team leaders and content leaders also provide feedback on the scope and sequence as

the year progresses. We will also have planning days for our grade-level team leaders during the year to plan for our campus grade-level field lessons. Ultimately, all these collaboration meetings or opportunities roll up to our improvement plans, starting with the first days of professional development at the beginning of the year. Our campus relies heavily on investing in all our stakeholders to attain the best possible outcomes for our scholars.

Demographics Strengths

1. Faculty and staff are provided with the appropriate professional development needed in their specific content area.

2. Faculty and staff are able to foster the team and family core value. Building relationships is a key component with teacher retention. Manager encourages a healthy work/life balance.

3. Faculty and staff is invested in the school's mission. They are committed in leading learning in the community and ensuring students are successful with their post secondary education.

4. Faculty and staff utilized various platforms (i.e. Remind and Facebook) to engage families in events on campus.

5. Utilized feedback on Panorama surveys to guide engagement event.

6. Stakeholders are able to build strong relationships that promote a healthy academic setting.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Over the last 24 months, we have seen a decrease in overall student attendance on our campus. **Root Cause:** (1) The mindset of some families not prioritizing student attendance. (2) Infrequent and inconsistent communication with families about the importance of attendance. (3) Our channels of communication may not be reaching all of our families all of the time.

Problem Statement 2 (Prioritized): There has been an increase in overall student leavers over the past three years. **Root Cause:** (1) Lack of investment in academic programs. (2) Lack of extra-curricular activities (sports, clubs). Brownsville

Problem Statement 3: Our special programs department has not met the target metric of 60% mastery on STAAR. **Root Cause:** (1) Lack of staff development revolving around classroom strategies specifically for students in special programs. (2) Increase EB (Emergent Bilingual) collaboration between teachers and EB Coordinator

Student Learning

Student Learning Summary

IDEA College Prep Brownsville is on track to earn an “A” rating for the 2022-2023 academic year. Regarding CCMR, because we do offer AP courses, IB courses and our Juniors and Seniors take the ACT, have a 100% graduation rate, and we either send 100% of our students to a 2-year, 4-year college or university, our CCMR is addressed. We also have a College Counseling team that is comprised of one Director of College Counseling and two College Counselors. This team works one on one with our juniors and seniors getting them ready for their post-secondary education. They work on helping our students be 100% Texas Success Initiative (TSI) Exempt, they work tutoring for the ACT with a target goal of our class average being a 21. They also help students with their financial aid, help students decide what colleges or universities are a best fit for whatever career they would like to pursue. The College Counseling Team also works on ensuring that all our students’ graduation plans are in order, by auditing all our students’ credits on courses taken to ensure that they are on track to graduate on time.

Our goal is for 98% of all our scholars, from grades 6th through 12th to be “On Track to Graduate.” However, we do have to retain students for various reasons over the course of all our grade levels, and contents. For our Middle School, our retention rate is 1%. For our High School, it is 1%. We use many strategies to prevent our students from failing, employing parent communication, afterschool tutorials, Saturday tutorials, and intervention blocks built into the school day. All our teachers also check in with their instructional coaches either once a week, or once every two weeks. During these check ins, they discuss best teaching practices, lesson planning and students of concern. In these check ins, we also have a chance to speak about and address any concerns with our special education students. Our special education teachers also have their check ins and get a chance to address our students in special education. Over the course of the last STAAR administration for 2022-2023, our SPED passing rate was Pending Data. In the English Language assessments, the same strategies apply for all our students as previously mentioned, and our overall. In our English Language assessments, for our 6th grade final results, in regard to Approaches / Meets / Masters – Pending Data. For our 7th grade final results we ended with Pending Data. For our 8th grade, we ended with Pending Data. For our 9th grade we ended with 91/81/19. For our 10th grade we ended with 87/77/10.

The performance of male students at IDEA Brownsville College Prep for the 2023-2024 school year in Reading/Writing are at Pending Data for Approaches|Meets|Masters according the STAAR and EOC exams, Pending Data for STAAR exams in Math and Algebra, Pending Data for 8th grade Social Studies and US History, and Pending Data in Biology. Female students by comparison performed at Pending Data for their Reading/Writing, Pending Data for STAAR exams in Math and Algebra, Pending Data for 8th grade Social Studies and US History, and Pending Data in Biology.

The performance of Economically Disadvantaged students at IDEA Brownsville College Prep for the 2023-2024 school year in Reading/Writing are at Pending Data for Approaches|Meets|Masters according the STAAR and EOC exams, Pending Data for STAAR exams in Math and Algebra, Pending Data for 8th grade Social Studies, and 94|63|21 in Biology. Non-economically Disadvantaged students by comparison performed at Pending Data for their Reading/Writing, Pending Data for STAAR exams in Math and Algebra, Pending Data for 8th grade Social Studies and US History, and Pending Data in Biology.

The performance of students in the Title I program at IDEA Brownsville College Prep for the 2023-2024 school year in Reading/Writing are at Pending Data for Approaches|Meets|Masters according the STAAR and EOC exams, Pending Data or STAAR exams in Math and Algebra, Pending Data for 8th grade Social Studies, and 94|63|21 in Biology. Students not designated as Title I students by comparison performed at Pending Data for their Reading/Writing, Pending Data for STAAR exams in Math and Algebra, Pending Data for 8th grade Social Studies and US History, and Pending Data in Biology.

The performance of Emergent Bilingual (EB) students at IDEA Brownsville College Prep for the 2023-2024 school year in Reading/Writing are at Pending Data for Approaches|Meets|Masters according the STAAR and EOC exams, Pending Data for STAAR exams in Math and Algebra, Pending Data for 8th grade Social Studies and US History, and Pending Data in Biology. Our Monitored Year 3 and Year 4 students by comparison performed at Pending Data and Pending Data for their Reading/Writing, Pending Data and Pending Data for STAAR exams in Math and Algebra, Pending Data and Pending Data for 8th grade Social Studies and US History, and Pending Data in Biology for Monitored Year 3 with no data to report for Monitored Year 4. Another group to consider are our Non-Emergent Bilinguals that performed at Pending Data for their Reading/Writing, Pending Data for STAAR exams in Math and Algebra, Pending Data for 8th grade Social Studies, and Pending Data in Biology.

The performance of Special Education students at IDEA Brownsville College Prep for the 2023-2024 school year in Reading/Writing are at Pending Data for Approaches|Meets|Masters according the STAAR and EOC exams, Pending Data for STAAR exams in Math and Algebra, Pending Data for 8th grade Social Studies and US History, and Pending Data in Biology. General Education students by comparison performed at Pending Data for their Reading/Writing, Pending Data for STAAR exams in Math and Algebra, Pending Data for 8th grade Social Studies and US History, and Pending Data in Biology.

The performance of At-Risk students at IDEA Brownsville College Prep for the 2023-2024 school year in Reading/Writing are at Pending Data for Approaches|Meets|Masters according the STAAR and EOC exams, Pending Data for STAAR exams in Math and Algebra, Pending Data for 8th grade Social Studies, and Pending Data in Biology. Students not identified as At-Risk by comparison performed at Pending Data for their Reading/Writing, Pending Data for STAAR exams in Math and Algebra, Pending Data for 8th grade Social Studies and US History, and Pending Data in Biology.

As an organization, our goal is to send 100% of our students to and through college, enroll in a post-secondary SPED program, enlist in the Armed Forces, or receive a faith-based exemption. IDEA Brownsville currently has a 100% graduation rate. In the 22-23 school year we graduated a total of 80 students from the following ethnicities 93% Hispanic, 4% White, and 3% Asian. In the 23-24 school year we are forecasting graduating a total of 60 scholars. Of this year's cohort, we will have 96% identifying as Hispanic, 4% identifying as White, and 1% identifying as Asian or Pacific Islander.

For the class of 2024, we are currently on track to graduate 100%. The longitudinal rate is prolonged to continue at 100%.

Student Learning Strengths

1. Frequent visitation of classrooms, involving modeling, coaching, and providing instructional support ensured constant monitoring of classroom instruction based on the diverse needs of the campus.

2. Collaboration of campus staff in analyzing of assessment data was critical to student outcome

3.Co-curricular and extra-curricular activities to engage students and support them with applying these experiences beyond the classroom, campus and district.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): We have a certain percentage of our student population that are not on grade level for writing **Root Cause:** (1) Implementation of research base practices for authentic writing and assessment in all contents (2) Lack of cross-curricular writing alignment between subjects in 6th-12th grade.

Problem Statement 2 (Prioritized): Students problem-solving skills are not often at grade level within the content they are working on such as: Math and Science. **Root Cause:** (1) Lack of curricular alignment across subjects in 6th-12th grade. (2) Students have not developed the critical thinking skills need to problem solve at grade level.

Problem Statement 3: We have a certain percentage of our student population that are not on grade level for reading. **Root Cause:** (1) Improving content specific reading practice and assessment by creating a culture of readers on campus. (2) Not having a specific reading time allotted in each class, such as DEAR time. (3)The minutes in each class period are accounted for to the degree that other items outside the scope and sequence are difficult to implement.

School Processes & Programs

School Processes & Programs Summary

At IDEA CP Brownsville, development for instructional leaders, Grade Teams, and Content takes place during two recurring mechanisms in our work calendars. The first is during Grade Team Leader and Content Leader meetings that occur two times monthly in which instructional leaders receive professional development specific to their role and in accordance with the GET Rubric and School Leadership Levers, as well as collaboration between all College Prep leaders on campus. The second recurring mechanism takes place during check-ins with each leader's instructional coach, where we designate time to discuss either grade/content level progress towards goals, deliverables, and deadlines, and areas of strength and growth. New and returning instructional leaders meet with their performance managers at the start of the school year to review the job description containing responsibilities, goals, and both stipend and incentive pay. This allows for clarification regarding the roles and responsibilities that each leader takes on for the academic school year.

Professional development during the first quarter is based on multiple data points that represent the previous academic year regarding staff retention, student persistence, STAAR/AP/IB data reports, and feedback from the faculty and staff. This allows us to identify what is working well on our campus but, more importantly, to identify the root causes of low performance that need to be improved upon during the critical first weeks of school via targeted professional development taking place during our Faculty Friday sessions as well as Saturday professional development. During quarters two, three, and four, we modify our professional development per the next steps established during our quarterly Progress Towards Goals meetings. These meetings serve as a campus-wide status report in which the instructional leadership team collects hard data from assessments, identifies trends within the faculty, and drafts concrete next steps with timelines that are utilized to improve low performance across the campus. After quarter four, the instructional leadership team meets to collect and organize our academic school year's data so that we can begin to compare it with previous academic years in search of more comprehensive root causes that can inform professional development sessions at the start of the upcoming year**.**

Each instructional lead team member, consisting of the principal and the three assistant principals of instruction, creates recurring weekly blocks dedicated specifically to lesson planning feedback, instructional rounds, and culture observations so that we can monitor the teaching and learning levels in our classrooms. This gives us the opportunity to identify trends among our teachers and students while also norming on expectations and action steps. Additionally, instructional leaders hold one-to-one meetings with each of our teachers on a weekly basis, where we discuss instructional strategies, student data, and lesson planning with the end goal of improving student outcomes. Beyond our campus-level mechanisms, our instructional lead team also works directly with headquarters personnel in which business partnership meetings take place for academic subgroups such as STAAR, AP, IB, and Special Programs so that we can further improve teaching practices.

School Processes & Programs Strengths

Curriculum & Instruction:

At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation. IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library. IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures. IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams. IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills. For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education. In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target. IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math. IDEA is in Year 3 of our TEA

awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant. IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years. IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average. IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college". IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards". IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best". IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions. Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance. IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Professional Development

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Campus-wide behavior management interventions are not being implemented to their full capacity **Root Cause:** (1) Our implemented discipline plan across 6th-12th grade is not standardized across grade levels. (2) Additional teacher professional development is needed on discipline procedures. (3) Resources/ Classrooms (4) Personnel (5) Communication between all stakeholders

Problem Statement 2 (Prioritized): Improve the new-hire onboarding system for all of our new faculty and staff on our campus **Root Cause:** (1) Standardized campus on-boarding practice (2) Clear timeline for campus onboarding (3) Having the resources/materials for planning based on content (4) Scarcity of qualified candidates for the open positions.

Perceptions

Perceptions Summary

Parent/guardian community participation rates are measured via completion of the Parent Family Online Surveys, which are available on the Panorama Education website. We survey our IDEA families to gain insight into their perception of our schools and district effectiveness. The importance of the family voice is highly valued at IDEA. To ensure that we continue to provide high quality, rigorous learning experiences that meet the needs of our learners and prepare them for college and career, we need their feedback. School Counselors and Social Workers are provided with a Toolkit that includes best practices for communicating with families regarding the survey. All communication regarding the survey is shared with parents/guardians/the community via the Parent Weekly Newsletter, on Remind, and on the IDEA College Prep Brownsville Facebook page. The Parent Family Online Survey is administered each school year during the spring semester. Parents/guardians are provided with a step-by-step guide to assist them in completing this survey via the Panorama Education website.

Our campus hosts a variety of family engagement events throughout the school year, including Welcome to IDEA and Meet the Teacher. When parents guardians attend these events, they sign-in and this information is compiled for measurement of participation rates. Live broadcasts via Facebook are broadcasted with parents/guardians and the community weekly. A total number of viewers in these live broadcasts is compiled and used to measure participation rates. When notifications are sent to parents/guardians via the Remind application, data reports are available with information such as how many notifications were opened and how many were read by parents/guardians.

A barrier that prevents completion of the Parent Family Online Survey includes parents/guardians not having access to Wi-Fi and/or lack of access to a computer. When laptops are made available to parents/guardians to use on campus, those who lack transportation are not able to receive assistance. Limited literacy is a barrier in the community that we serve. There are parents/guardians who cannot read or write and are not able to complete the Parent Family Online Survey. Other barriers include parents/guardians not being aware that they are expected to complete the Parent Family Online Survey. Parents/guardians who do not use Remind or social media platforms do not view the notifications sent out by administrators and teachers regarding the survey.

The barriers that prevent participation in family engagement events such as Welcome to IDEA and Meet the Teacher include a lack of transportation for parents/guardians. Other barriers include not being able to receive notifications regarding family engagement events due to having limited phone service and Wi-Fi access in rural areas. As a result, parents/guardians have reported not being aware about school events. Another barrier includes parents/guardians not being able to take time off from work to attend family engagement events.

IDEA teachers and co-teachers are responsible for the increasing student achievement and mastery of grade level content. Teachers and co-Teachers at IDEA provide the foundational content and grade level understanding that students will need continually. Teachers and co-teachers are tasked with delivering quality instruction and supports that facilitate student learning and comprehension, playing a critical role in students' path to and through college. IDEA College Preparatory Brownsville is committed to provide high quality professional development that will give each teacher the opportunity to achieve exemplar teaching and learning. All (returning and new) teachers are required to attend in-service trainings provided at the district and campus level. During a teacher's first year, a selected mentor is provided to all new hires, this is usually the grade team leader. Employee retention at IDEA Public Schools is an organizational goal that is tracked the at the district and campus level. Employee retention at IDEA College Preparatory Brownsville is an essential part of the successes of the campus.

Perceptions Strengths

1. Stakeholders are able to build strong relationships that promote a healthy academic setting.

2. Utilized feedback on Panorama surveys to guide engagement event.

3.Faculty and staff is invested in the school's mission. They are committed in leading learning in the community and ensuring students are successful with their post secondary education.

4. Faculty and staff are able to foster the team and family core value. Building relationships is a key component with teacher retention. Manager encourages a healthy work/life balance.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): The social emotional learning curriculum is not being implemented effectively at the campus level. **Root Cause:** 1) Limited window of time for program implementation (2) Scheduling restrictions

Problem Statement 2 (Prioritized): Faculty and Staff turnover at key times and positions during the school year. **Root Cause:** (1) High expectations (2) Work-life balance (3) Health related (4) Promotions from our campus to the district during critical time such as beginning of the year.

Problem Statement 3: Students need a better understanding on how to resolve conflict when it arises. **Root Cause:** (1) Students may not have the adequate SEL skills to resolve conflict. (2) Additional SEL training for faculty, staff, and students.

Priority Problem Statements

Problem Statement 1: Over the last 24 months, we have seen a decrease in overall student attendance on our campus.

Root Cause 1: (1) The mindset of some families not prioritizing student attendance. (2) Infrequent and inconsistent communication with families about the importance of attendance. (3) Our channels of communication may not be reaching all of our families all of the time.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There has been an increase in overall student leavers over the past three years.

Root Cause 2: (1) Lack of investment in academic programs. (2) Lack of extra-curricular activities (sports, clubs). Brownsville

Problem Statement 2 Areas: Demographics

Problem Statement 3: Campus-wide behavior management interventions are not being implemented to their full capacity

Root Cause 3: (1) Our implemented discipline plan across 6th-12th grade is not standardized across grade levels. (2) Additional teacher professional development is needed on discipline procedures. (3) Resources/Classrooms (4) Personnel (5) Communication between all stakeholders

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Improve the new-hire onboarding system for all of our new faculty and staff on our campus

Root Cause 4: (1) Standardized campus on-boarding practice (2) Clear timeline for campus onboarding (3) Having the resources/materials for planning based on content (4) Scarcity of qualified candidates for the open positions.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Faculty and Staff turnover at key times and positions during the school year.

Root Cause 5: (1) High expectations (2) Work-life balance (3) Health related (4) Promotions from our campus to the district during critical time such as beginning of the year.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: The social emotional learning curriculum is not being implemented effectively at the campus level.

Root Cause 6: 1) Limited window of time for program implementation (2) Scheduling restrictions

Problem Statement 6 Areas: Perceptions

Problem Statement 7: We have a certain percentage of our student population that are not on grade level for writing

Root Cause 7: (1) Implementation of research base practices for authentic writing and assessment in all contents (2) Lack of cross-curricular writing alignment between subjects in 6th-12th grade.

Problem Statement 7 Areas: Student Learning

Problem Statement 8: Students problem-solving skills are not often at grade level within the content they are working on such as: Math and Science.

Root Cause 8: (1) Lack of curricular alignment across subjects in 6th-12th grade. (2) Students have not developed the critical thinking skills need to problem solve at grade level.

Problem Statement 8 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations
- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- PSAT
- Student failure and/or retention rates
- Local benchmark or common assessments data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data

- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

HB3 Goal

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 3 Problem Statements:

Student Learning
Problem Statement 1: We have a certain percentage of our student population that are not on grade level for writing **Root Cause**: (1) Implementation of research base practices for authentic writing and assessment in all contents (2) Lack of cross-curricular writing alignment between subjects in 6th-12th grade.

Student Learning

Problem Statement 2: Students problem-solving skills are not often at grade level within the content they are working on such as: Math and Science. **Root Cause**: (1) Lack of curricular alignment across subjects in 6th-12th grade. (2) Students have not developed the critical thinking skills need to problem solve at grade level.

Goal 3: Increase student persistence

Performance Objective 1: Campus receive a score of proficient or higher on the campus safety scorecard for the 2023- 24 school year (TEC 11.253(d)(8))

High Priority

Person Recording Minutes:	C. Zuniga
Method of Marketed:	REMIND & Social Media

Agenda:

. Welcome / Bienvenidos
[. Campus Scorecard
[I. Campus Goals
V. Action Plan
'. Adjourn / Posponer

Minutes: _Welcome message to review agenda. _5:35pm: Campus Need assessment: 3 required components to focus on to create a plan. Comprehensive Needs Assessment a school consults a broad range of stakeholders.

5:37pm: Review and explain the five Campus Goals and end of year data for 22-23 school year: Staff Retention, College Matriculation, A Rating, Daily Attendance, and Student Persistence.

Staff Retention: 84.5%

Matriculation data on track for our graduating class.

TEA ratings will be released on September 22nd, current data indicates a projected "A" for both campuses.

ADA: Currently seeing the spike in cases and viruses, operations working closely to deep clean and disinfect. Explained in detail around the impact of absences in both AC & CP. High absences can affect their on track to graduate, preparedness for AP exams, and/or loss of credit for the course.

Student Persistence: 81.88% - Discussed curriculum, phasing out IB but promoting the advantages in AP courses Tentatively working on integrating Dual Enrollment in the next years to come.

5:52PM: Academy 22-23 STAAR Data: Explain goals, data, and end results. The new implications: (1) Merging reading with writing (2) Computer based for the first time. As a campus scored higher than District and state averages in all 3 subjects.

5:58PM: College Prep 22-23 STAAR Data: As a campus scored higher than District and state averages in Reading, Social Studies, Math, and Biology.

6:03pm: 3rd - 5th grade Highlights & 6th - 12th grade highlights and gaps (areas of improvement; decrease in approaches, tier 1 and 2 under the 25% goal, reading and writing connections, analyzing data to provide individualized targeted instruction, teacher retention, attendance was low with inconsistent escalation matrix.

6:10PM: Goals, objectives, and strategies: ACT scores to be at 21 by HS graduation; (ACT class embedded in course schedule to offset the gap), IDEA achieves an A rating (provide resources during parent meetings to support improve student achievement in collaboration and consistent progress reports every 3 weeks), Increase student persistence (communication with all stakeholders), increase daily attendance (follow the escalation matrix with fidelity as a school and work closely with the stakeholders to work with student attendance), increase staff retention (listening tours with each staff member will go in effect this school year to capture the areas of growth and increase the strategies to support).

6:21PM Parent Suggestions/Responses Q&A: 1. In 8th grade does attendance affect students? 2. What are the AP classes offered in High School in each grade level? 3. Will phasing out IB impact the rigor of academics for our scholars? 4. Will the processes in academy affect the curriculum and processes in college prep? 5. Dual Enrollment? Currently offered in the summer for a small percentage of students. 6. Was writing and reading merged this year and will it continue? Will we be able to meet with principals to discuss further fundraising opportunities?

7:00PM Meeting Adjourned.

Campus Needs Assessment and Improvement Plan

2023-2024

What is a Campus Needs Assessment

- There are three required components of a Campus Improvement Plan that are essential to effective implementation: conducting a **Comprehensive Needs Assessment**, preparing a **Campus Improvement Plan**, and annually **reviewing and revising** at every quarter.

- Through the **Comprehensive Needs Assessment**, a school must consult with a broad range of stakeholders, including parents, school staff, and others in the community, to understand students' most pressing needs and their root causes.

IDEA Public Schools

Highlights in 3-5

- 45% of 5th grade Reading above grade level
- 3rd-5th grade above district and state average in both reading and math

Highlights in 6-12

- Reading – Above District Average and State Average in all but 2 components
- Math – Above District and State Average in all components
- Social Studies – Above District and State Average in all Components

IDEA Public Schools

Gaps

- Decrease in approaches data in 3rd & 4th grade math
- Matriculation – Goal is 100%, we are on track, however, our Tier 1 and 2 goal – 25% is still an area of growth
- Making connections between reading and writing in STAAR
- Analyzing the data and ensuring targeted instruction is being given based on areas of need
- Teacher retention began to decline since start of School Year
- Attendance was below the goal and lack of follow through on the escalation matrix

IDEA Public Schools

2023-24
Goals, Objectives & Strategies

1. **Goal #1** All IDEA students matriculate to college

   College Prep Average ACT score of 21 or better by high school graduation (HB3)

   Strategy: ACT Class imbedded in the course schedule in HS to help offset this gap

2. **Goal#2** IDEA achieves an A Rating

   IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 53% to 63% in Spring 2024 (HB3)

   Strategy: Provide resources during parent meetings to improve student achievement.

3. **Goal #3** Increase student persistence

   IA & CP: 100% of schools will be in compliance with the Title 1 Family Engagement requirements through the following events: Meet the Teacher, Public Hearing, Spring Town Hall and Semester 1 Report Card Pick Up. (TEC 11.253(d)(9)

   Strategy: Timely communication to families regarding school events to promote family engagement and Attendance.

4. **Goal #4** Increase student daily attendance

   IA & CP: IDEA Brownsville will achieve a 97% annual attendance rate for the 23-24 school year

   Strategies: Weekly parent communication via REMIND regarding campus trends around attendance, punctuality, and early releases. Escalation matrix follow-through with families

5. **Goal #5** Increase staff retention

   IA & CP: IDEA Brownsville is 100% staffed for all teacher positions throughout the 2023-24 school year.

   Strategy: Recruit and hire high quality candidates per role by using high quality resume criteria.

IDEA Public Schools

Feedback & Questions

IDEA Public Schools

Burke College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 7, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 25

Comprehensive Needs Assessment

Revised/Approved: August 8, 2023

Demographics

Demographics Summary

IDEA Burke College Prep is a Tittle1 campus that offers quality educational programs and extracurricular activities to students in grades 6th through 10th. Burke will be welcoming a total of 570 students during the 2023-24 school year. The schools demographics show that approximately 84% of the student population identify as economically disadvantaged.

Demographics Strengths

1.) IDEA Burke is achieving it's mission of college for all in serving a majority of economically disadvantaged students with 84% economically disadvantage.

2.) IDEA Burke offers a competitive salary for teachers with experience

3.) IDEA Burkes athletics program has helped assimilate our culturally diverse student body to our core value of team and family.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Scholars provided feedback that their teachers changing caused them to feel uncertain of who to approach for help. **Root Cause:** Our Staff retention hovered bellow 70%. Shifts in staffing required internal converge which led to scholars having multiple staff members as touch points.

Problem Statement 2 (Prioritized): 6th grade student enrollment continues to be below the 120 scholar mark. **Root Cause:** No feeder from 5th to 6th. Additionally, there was no effective marketing targeting 6th grade specifically at local elementary schools.

Problem Statement 3 (Prioritized): 8th to 9th grade persistence is expected to be below 90% **Root Cause:** Lack of consistent staffing for the 8th grade team. No effective investment plan to ensure 8th grade scholars committed to High School at Burke.

Student Learning

Student Learning Summary

Currently pending final TEA Results. (Update : Aug 1st)

1. 36% ELAR TSI Exempt in 9th grade
2. 100% AP Enrollment

Student Learning Strengths

7th Grade ELA closed ranked amongst the top 5 within the District.

9th Grade ELA Closed as the top performer in the Region.

100% scholar enrollment in AP.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Scholars more than 2 years behind did not grow as expected according to staar and eoc's **Root Cause:** Lack of on- grade level Teks aligned intervention.

Problem Statement 2 (Prioritized): Lack of student led data analysis. Scholars were not aware of what goals they were driving towards. **Root Cause:** In quarter 1-2 instructional staff were focused on adjusting behaviors for scholars rather then ensuring the focus was instructional rigor and scholar ownership

Problem Statement 3 (Prioritized): Math performance was below district average. **Root Cause:** Failure to adjust to to gaps by effectively spiraling in non mastered content

School Processes & Programs

School Processes & Programs Summary

At Burke we prioritize in the moment coaching. This means that every leader, teacher, and faculty member is coached at the point of error. Instructional leadership is required to have weekly check-in with all individuals they manage in order to continuously develop and promote individual growth.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high eacademic standards"

- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Our Family engagement strategies were not comprehensive across all grade levels. **Root Cause:** Failure to properly define the family experience from recruitment to graduation, which has produced a disjointed approach to family engagement work, and lack of prioritized time.

Problem Statement 2 (Prioritized): Last minute hires resulted in additional turn over **Root Cause:** Onboarding was not responsive to teacher need as a late hire. As a result of this, they did not feel supported within their new role.

Perceptions

Perceptions Summary

At IDEA Burke we use the RULER Method to regulate high and low emotions throughout the day with students and staff. We ensure scholars experience clear and concise behavior expectations and if needed consistent consequences. WE provide parents an opportunity to join most school functions as it relates to their scholars. Current Focus for Burke will to increase staff retention since it has dropped below the 80% mark.

Perceptions Strengths

1. Placing staff in the right positions to succeed
2. Responsiveness to scholar feedback

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): W must ensure scholars receive social emotional support from trained and licensed professionals, we have seen a higher need for SEL support in the last few years **Root Cause:** Transitions in staff this year made it so that consoler case loads were inconsistent.

Problem Statement 2 (Prioritized): Lack of consistent staff coaching on behavior management strategies. **Root Cause:** Administration was required to troubleshoot staff turnover which resulted in a lack of forward planning for culture.

Priority Problem Statements

Problem Statement 1: Scholars provided feedback that their teachers changing caused them to feel uncertain of who to approach for help.
Root Cause 1: Our Staff retention hovered bellow 70%. Shifts in staffing required internal converge which led to scholars having multiple staff members as touch points.
Problem Statement 1 Areas: Demographics

Problem Statement 2: 6th grade student enrollment continues to be below the 120 scholar mark.
Root Cause 2: No feeder from 5th to 6th. Additionally, there was no effective marketing targeting 6th grade specifically at local elementary schools.
Problem Statement 2 Areas: Demographics

Problem Statement 3: 8th to 9th grade persistence is expected to be below 90%
Root Cause 3: Lack of consistent staffing for the 8th grade team. No effective investment plan to ensure 8th grade scholars committed to High School at Burke.
Problem Statement 3 Areas: Demographics

Problem Statement 4: Scholars more than 2 years behind did not grow as expected according to staar and eoc's
Root Cause 4: Lack of on- grade level Teks aligned intervention.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Lack of student led data analysis. Scholars were not aware of what goals they were driving towards.
Root Cause 5: In quarter 1-2 instructional staff were focused on adjusting behaviors for scholars rather then ensuring the focus was instructional rigor and scholar ownership
Problem Statement 5 Areas: Student Learning

Problem Statement 6: Math performance was below district average.
Root Cause 6: Failure to adjust to to gaps by effectively spiraling in non mastered content
Problem Statement 6 Areas: Student Learning

Problem Statement 7: Our Family engagement strategies were not comprehensive across all grade levels.
Root Cause 7: Failure to properly define the family experience from recruitment to graduation, which has produced a disjointed approach to family engagement work, and lack of prioritized time.
Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Last minute hires resulted in additional turn over
Root Cause 8: Onboarding was not responsive to teacher need as a late hire. As a result of this, they did not feel supported within their new role.

Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: Lack of consistent staff coaching on behavior management strategies.

Root Cause 9: Administration was required to troubleshoot staff turnover which resulted in a lack of forward planning for culture.

Problem Statement 9 Areas: Perceptions

Problem Statement 10: W must ensure scholars receive social emotional support from trained and licensed professionals, we have seen a higher need for SEL support in the last few years

Root Cause 10: Transitions in staff this year made it so that consoler case loads were inconsistent.

Problem Statement 10 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA & CP: 50% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

IDEA Public Schools

Carver College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 30, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Demographics

Demographics Summary

IDEA Carver College Prep is located on the inner eastside of San Antonio, in a low-income neighborhood, we are a school of choice. Our campus services 671 student total, grade levels range from 6*th* grade to 12*th* grade. Of the total students who attend IDEA Carver College prep, 92% qualify as economically disadvantaged and more than half of our students qualify for free meals in the Child Nutrition Program. The predominate ethnicity on our campus is Hispanic-Latino, comprising nearly 84% of our population, nearly and a quarter of our students fall under student programs (5O4, English language learners, or Special education).

Total School Population- 671

6^{th} – 128

7^{th} – 115

8^{th} -117

Demographics Strengths

Carver has a diverse staff on campus and staff name that they feel our current staffing roster reflects diversity.

Our campus has retained 96% of our top performing teachers for the 23-24 school year which is an 11 point increase from 21-22.

Our Average daily attendance increased to 92.67% from the previous year.

We were rated one of the top schools in San Antonio.

Overall persistence increased by 5% from year to year.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Overall Student Persistence is at 90.15% **Root Cause:** 1. Our middle schoolers do not experience a strong College Going Identity which leads them to not be as invested in our matriculation goals and our high school programming 2. Our New to IDEA scholars struggled with meeting culture expectations and do not come to Carver with conflict resolution/de-escalation skills

Problem Statement 2 (Prioritized): Our ADA is at 92.77% **Root Cause:** 1. Unclear ADA matrix 2. Lack of incentives for scholars with good ADA

Student Learning Strengths

- Strengths in coaching by incorporating Mechanisms for assistant principals to grow data immediately.
- Mechanisms included but were not limited to daily first teach observations and tight loop coaching

- College counseling team set accountability factors with students and team by incorporating individualized support and weekly tacticals. Team worked collaboratively in course sequencing in order to accomplish college matriculation goal.
- CSI/ Sped Team fostered a strong sense of urgency by creating a rigorous schedule meant to maximize time in classrooms as push-in/pull-out support. Teacher also incorporated and explored new curriculum methods in order to increase the rigor and sense of urgency with their caseload

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): 6-8 Reading STAAR Approaches scores have fallen below 90% **Root Cause:** 1. Expectations regarding lesson plan quality and exit ticket expectations were not set/monitored during the Fall Semester 2. Teachers were not prioritized based on weekly student achievement data

Problem Statement 2 (Prioritized): 6-7 Math STAAR Master scores have fallen below 30% **Root Cause:** 1. APIs did not hold all teachers accountable for aggressively monitoring and tracking data on a daily basis. 2. Students did not receive consistent feedback on daily exit ticket and independent practice mastery

School Processes & Programs

School Processes & Programs Summary

IDEA Carver CP employed 47 teachers during the school year. We have 15 Master Teachers, 18 Advanced-High Teachers, 10 High performing teachers and 4 developing teachers on campus. Our Administration team is composed of our Principal, two Assistant Principals of Instruction, a School Success Advisor, a campus based Social Worker, three College Counselors, Carver also boosts a 'Grade Team Leader' per grade level and 'Content Leaders' for each specific content. Campus administration holds weekly professional development lead through campus/district leadership. To better align and support our campuses Social Emotional Support mindset, our Student Success Advisor provides tier 1 support and School Social Worker provides tier 2 and 3 support for our students. Carver has moved to a one-to-one technology model, in which all our scholars are issued a school laptop or Chromebook, free of charge.

Our Middle school English department utilizes 'Wit and Wisdom' as a base curriculum, while our English 1 and 2 teachers use Springboard to better prepare our scholars for the rigor of AP English Language/Literature. Our math department uses a district-based curriculum for our 6th grade math to Algebra 2. Our campus also has a variety of afterschool clubs (chess, anime, film, board game, art, No Place for Hate, National Honor Society and UIL) and sports in both Middle school and High school areas (male/female Basketball, male/female Soccer, male/female Volleyball, football and golf). We also have band integrated in our schedule.

School Processes & Programs Strengths

IDEA Carver retains 84% of students year over year

Data Strengths outlined from Carver's Panorama survey:

-IDEA Carver students and Parents rate us at a 4.9/5 on the statement 'Based on your overall experience this year at IDEA, do you plan on returning the new year?'.

-IDEA Carver students and Parents rate us at a 4.9/5 on the statement 'My child's schools is preparing my child for college'.

-IDEA Carver students and Parents rate us at a 4.9/5 on the statement 'The adults at my child's school care about the students'.

-IDEA Carver students and Parents rate us at a 4.8/5 on the statement 'My child feels safe at school (in classroom/lunchroom/hallways/or at recess and heshe feels they belong)

-IDEA Carver students and Parents rate us at a 4.7/5 on the statement 'I am aware that there is an anonymous tip line or hotline for reporting dangerous or unsafe behavior at this school'.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Carver College Prep has a 96% teacher retention. **Root Cause:** 1. Late hires do not receive the same high-quality onboarding that is typical of new hires 2. New teachers have not received consistent professional development around classroom management techniques.

Problem Statement 2 (Prioritized): Inconsistent Tier 1 Supports by teachers and admin **Root Cause:** 1 New teachers struggle to determine if Tier 1 or Tier 2 supports best serve the scholar/situation 2. Admin did not give real-time feedback to teachers who were not implementing Tier 1 supports

Perceptions

Perceptions Summary

Staff/Scholar Retention & Engagement

Staff Retention 97.18%

Teacher Career Pathway Family Survey 4.4/5

Perceptions Strengths

Each year all IDEA Carver College Prep. Parents and students participate in the Panorama Education Survey. Below are strengths in the data:

Student SEL Competencies

Emotional Regulation 3.4/5 -Top 60th-79 percentile

Family Survey

Healthy Kids Here Initiative 4.8/5- +0.6 2021-2022 School Year

Family Survey Data about School 4.9/5- +0.5 2021-2022 School Year

Staff Retention

Staff Retention on Track 97.18%- Goal 85%

Increased staff joy, more celebrations and feedback implementation mechanisms.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): NTI Persistence is below 85% **Root Cause:** 1.NTI scholars did not have consistent touch points with admin 2.We did not prioritize Tier 1 supports for NTI

Problem Statement 2 (Prioritized): 30 - 40 % of our parents attended our after school events. **Root Cause:** 1. Opportunities for family events varied by grade level 2. Opportunities for events varied by clubs

Priority Problem Statements

Problem Statement 1: 6-8 Reading STAAR Approaches scores have fallen below 90%

Root Cause 1: 1. Expectations regarding lesson plan quality and exit ticket expectations were not set/monitored during the Fall Semester 2. Teachers were not prioritized based on weekly student achievement data

Problem Statement 1 Areas: Student Learning

Problem Statement 2: 6-7 Math STAAR Master scores have fallen below 30%

Root Cause 2: 1. APIs did not hold all teachers accountable for aggressively monitoring and tracking data on a daily basis. 2. Students did not receive consistent feedback on daily exit ticket and independent practice mastery

Problem Statement 2 Areas: Student Learning

Problem Statement 3: NTI Persistence is below 85%

Root Cause 3: 1.NTI scholars did not have consistent touch points with admin 2.We did not prioritize Tier 1 supports for NTI

Problem Statement 3 Areas: Perceptions

Problem Statement 4: Inconsistent Tier 1 Supports by teachers and admin

Root Cause 4: 1 New teachers struggle to determine if Tier 1 or Tier 2 supports best serve the scholar/situation 2. Admin did not give real-time feedback to teachers who were not implementing Tier 1 supports

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Our ADA is at 92.77%

Root Cause 5: 1. Unclear ADA matrix 2. Lack of incentives for scholars with good ADA

Problem Statement 5 Areas: Demographics

Problem Statement 6: Overall Student Persistence is at 90.15%

Root Cause 6: 1. Our middle schoolers do not experience a strong College Going Identity which leads them to not be as invested in our matriculation goals and our high school programming 2. Our New to IDEA scholars struggled with meeting culture expectations and do not come to Carver with conflict resolution/de-escalation skills

Problem Statement 6 Areas: Demographics

Problem Statement 7: 30 - 40 % of our parents attended our after school events.

Root Cause 7: 1. Opportunities for family events varied by grade level 2. Opportunities for events varied by clubs

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Carver College Prep has a 96% teacher retention.

Root Cause 8: 1. Late hires do not receive the same high-quality onboarding that is typical of new hires 2. New teachers have not received consistent professional development around classroom management techniques.

Problem Statement 8 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

Accountability Data

- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- School safety data

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Community surveys and/or other feedback

Support Systems and Other Data

- Study of best practices

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Leverage our RTTC teachers to use instructional time to prep for ACT **Strategy's Expected Result/Impact:** Increase in ACT Scores **Staff Responsible for Monitoring:** CC's and RTTC Teachers **ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction	100%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 1: All IDEA students matriculate to college

Performance Objective 2: 100% of graduates meet TSIA college readiness benchmark (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Monitor OTG in each grade level (9-12) **Strategy's Expected Result/Impact:** More students will earn more credits and be on track to move on to the next grade level **Staff Responsible for Monitoring:** DCC and CC Team	50%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 1: Grades 6 through 9 will hit 90% approaches, 60% meets, and 30% masters on Reading and Math STAAR, Biology EOC, Algebra 1 EOC,

High Priority

HB3 Goal

Evaluation Data Sources: Exit Ticket Data , Quiz Data, Test Data, Semester Exam , Mock Exam

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Focusing on ensuring high quality instruction through weekly instructional rounds providing real time coaching. Weekly Instructional lead team meetings focus on weekly data and action steps. Leverage teacher leaders CTL and GTL to complete instructional rounds to push the rigor in the classroom. **Strategy's Expected Result/Impact:** Raise the quality of instruction in the classroom . **Staff Responsible for Monitoring:** Javier Tovar, Luis Vasquez **TEA Priorities:** Improve low-performing schools **- ESF Levers:** Lever 5: Effective Instruction	70%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Track each students performance in domains 1-3 by using Locus dashboard and Campus executive tracker and respond to data in a timely and effective manner. **Strategy's Expected Result/Impact:** Bring awareness to Campus and teacher leaders by tracking and assessing academic achievement. **Staff Responsible for Monitoring:** API's **ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction	50%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 2: 60% of SPED scholars scoring in the approaches range measured by Math STAAR and/or Reading STAAR

HB3 Goal

Evaluation Data Sources: Exit Ticket Data , Quiz Data, Test Data, Semester Exam , Mock Exam

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Weekly tracking meeting for SPED population. **Strategy's Expected Result/Impact:** Teachers are able increase your own effectiveness by seeing trends in student data. **Staff Responsible for Monitoring:** API , SPED Lead, Gen Ed Teacher **ESF Levers:** Lever 5: Effective Instruction	55%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Leverage intervention class and teachers to provide HB4545 minutes to scholars during instructional day. **Strategy's Expected Result/Impact:** Students will be able to receive extra instruction which will help close any achievement gaps for their particular content. **Staff Responsible for Monitoring:** API, Gen Ed Teacher **ESF Levers:** Lever 5: Effective Instruction	65%			

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 3: Increase student persistence

Performance Objective 1: 90% of scholars persist during the 2023-2024 school year.

High Priority

Evaluation Data Sources: Student Persistence, New Student Persistence, # Positive Calls Weekly, % of NTI parent conferences, # of scholars on mission list

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Review mission list daily and respond to all request for communication within 24 hours **Strategy's Expected Result/Impact:** Give parents the opportunity to be heard. **Staff Responsible for Monitoring:** Principal , Student Success Advisor				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Communicate school events with families in a timely and effective manner. Event includes but are not limited to ADA incentive days, open house, and report card nights. **Strategy's Expected Result/Impact:** Family Engagement/ Increased Student Persistence **Staff Responsible for Monitoring:** API's, SSA, Principal **ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: Increase student persistence

Performance Objective 2: 100% of Carver CP students will participate in Move This World program to support classroom behavior and prevent violence by the end of the 2023-2024 school year

High Priority

Evaluation Data Sources: MTW data, observational data

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers will implement Move This World a minimum of 3 timers per week. **Strategy's Expected Result/Impact:** Students participating in Move This World show an improvement in classroom behavior, an increased ability to manage stress and depression. **Staff Responsible for Monitoring:** Student Success Advisor , API's **ESF Levers:** Lever 3: Positive School Culture	65%			

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 3: Increase student persistence

Performance Objective 3: 100% of students meet their MVPA minutes goal by incorporating methods for students to participate in moderate to vigorous physical activity by the end of the 2023-2024 school year.

Evaluation Data Sources: MVPA Student Tracking Guide. Measuring Time

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Calendar protected observation and check-in time with our Athletic director and physical education teachers, in order hold all parties accountable for tracking MVPA minutes goal. **Strategy's Expected Result/Impact:** 100% of student meet the MVPA Goal **Staff Responsible for Monitoring:** API's, athletic director, P.E Teachers **ESF Levers:** Lever 3: Positive School Culture, Lever 5: Effective Instruction				

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase student daily attendance

Performance Objective 1: IDEA Carver will have 97% Average Daily Attendance for the 23-24 school year.

High Priority

Evaluation Data Sources: Daily ADA (Average Daily Attendance), List of Chronic Absent Students)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 100% of students not on campus will receive an ADA phone call by 8:00am daily. **Strategy's Expected Result/Impact:** ADA will hit 97% or above for each grade level on a daily basis **Staff Responsible for Monitoring:** APO, Registrar, Admin Team **ESF Levers:** Lever 3: Positive School Culture	65%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: 100% of students who are chronically absent follow the ADA matrix with consequences and next steps. **Strategy's Expected Result/Impact:** Increase average daily attendance. **Staff Responsible for Monitoring:** APO	50%			

No Progress

Accomplished

Continue/Modify

Discontinue

Goal 5: Increase staff retention

Performance Objective 1: 85% of staff will return for the 2023-2024 school year for IDEA Carver College Prep.

High Priority

Evaluation Data Sources: Great Places to Work Survey results, weekly surveys

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 100% of staff members will receive praise weekly, daily temperature checks, and weekly incentives **Strategy's Expected Result/Impact:** All staff will feel validated for their work **Staff Responsible for Monitoring:** Principal, APIs ,DCC, SSA				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: 100% of instructional staff will be observed and have weekly check ins with direct manager. **Strategy's Expected Result/Impact:** 85% or more of instructional staff and leaders will return for 2023-24 school year; School will receive A-Rating **Staff Responsible for Monitoring:** Principal, API, Managers				

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Recruit and hire high quality candidates by collaborating with campus and teacher leaders, as well as reviewing and discussing level of experience and coachability. **Strategy's Expected Result/Impact:** High Quality instruction and high staff retention. **Staff Responsible for Monitoring:** Lead Team (Delisa Morales, Luis Vasquez, and Javier Tovar **ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 2: Strategic Staffing				

 No Progress Accomplished Continue/Modify Discontinue

Reflections

Areas of Strength	Areas of Need
1 Use of data (assessment and daily exit ticket) to track individual students progress towards goals, And identify student gaps in learning and possible missconceptions early on.	1 Using Springboard curriculum in highschool courses and higher level texts.
2 Vertical alignement across grade levels, and provide multiple "at bats" planned for during lesson plans	2 More frequent STAAR focused goal setting meetings with students to ensure progress to goals
3 Observing and providing real time feedback, to priority teachers to faciliate quick grow with teachers.	3 Implmentation of additional writing practice in courses 6th through 10th, to increase rigor geared

Reflections	
Areas of Strength	**Areas of Need**
1 Deep content knowledge and understnding of lesson materials and concepts	1 Differentiated and more consistent content meetings for STAAR/AP teachers to collaborate, share best
2 Strong scope an sequence of teks alignment for staar	2 Additional targeted tutoring schedules to close the gaps created by COVID 19 pandemic
3 Well designed lesson plans with providing scholars with plenty of "at bats."	3 Targeted intervention and early tracking of skills/ concept gaps

Reflections

Areas of Strength	Areas of Need
1 Teachers convey a deep knowledge of content in thier subject. This led to strong lesson plants with rigor aligned to STAAR/AP exams.	1 Consisten content meetings lead by content leaders, for more specialized techniques and methods for success.
2 Purposeful backwards planning from the districts scope and sequence and allocated for ample insturctional time to prepare/review for STAAR/AP exams	2 Alloting for mote outside of the classroom support mechanisms: afterschool and saturday tutoring
3 Giving students ownership of their progress towards their goals to push towards success.	3 Tracking and monitoring growth of high needs populations.

Reflections

Areas of Strength	Areas of Need
Early added student support mechanisms such as afterschool tutorials and Saturday Schools that were used to provide more instructional time to priority students.	Additional observation and real time feedback for all teachers from their manager
Use of daily and weekly assessments to track student progress towards goals, identify student misconceptions and plan effective reteaches	Heavier student support mechanisms in middle school that are aligned to rigor of the scope and sequence of the course
Consistent and aligned "at bats" within teacher lesson plans that were delivered clearly and concisely	More consistent SWAM meetings to identify most common student error and misconception to plan stronger reteaches

Reflections	
Areas of Strength	**Areas of Need**
1. Quarterly Principal Temp Checks of all staff members to receive feedback and respond to changes that are needed.	1. Stronger relationship/trust building between managers and direct reports. Need to implement more opportunities for relationships to grow organically and for check-ins to be consistent so that trust is built slowly over time.
2. Retention of SEL and College Counseling team- 100% two years in a row.	2. High teacher turnover in same role (ex. 7th Math, 9th ELA); Adjusted manager distribution across new API's in order to leverage individual coaching strengths in priority subjects.
3. Mechanisms in place for all teachers to utilize when needing support (grade teams, content teams, managers, etc)	3. Tighter coaching of APO to support her retain her team through consistent coaching and follow through.

IDEA Public Schools

Converse College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 17, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 20

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Converse College Prep was established in 2021.Our mission is to become the largest producer of college graduates who use their education to make positive changes in their communities.

The current student enrollment is 292 students in grades sixth through eighth grade with an average daily attendance of 93.77%

Student Demographics of IDEA Converse College Prep is the following: 25% African Americans students, 57% Hispanic, 13% white, 1% Pacific Islander, 1% two or more races, 2% Asian. Eighty-six percent of students are economically disadvantaged, and seventeen percent is emergent bilingual/English Language Learners.

Converse College Prep has a full time school counselor, a full time health aide on staff, and a full time registered nurse. IDEA Converse College Prep has a 44% teacher retention rate.

Demographics Strengths

We have a diverse staff on campus that reflects our student population.

We have high levels of engagement from our families and our staff.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase our new to IDEA persistence as new families are choosing not to be committed year after year. **Root Cause:** 1.Lack of clear communication around IDEA's rigorous Academic model and school culture expectations during onboarding. 2. Lack of reflection on interest surveys on what keeps students at IDEA and what programs we need to consider offering.(Extra Curricular activities and clubs.

Problem Statement 2 (Prioritized): Our overall persistence was at 81.97%. Currently we are not meeting our 90% persistence goal. **Root Cause:** 1.The behavior management system lacked clear consequences and restorative practices. 2.There was a lack of accountability following the behavior management system.

Student Learning

Student Learning Summary

IDEA Converse is currently an A Rated campus for the 21-22 school year We are still pending the TEA final results for the 23-24 school year. Based on our Mock Exam we were able to identify some bright spots and some areas of concern. Our 8th grade ELA scholars scored 3rd in the region . Our Biology increased by 12 points with consistent coaching. We are focused on increasing our scores in 6-8th grade math.

- 6th grade math scores AA-38 65/50/0
- 7th grade math scores AA-34 62/31/10
- 8th grade Algebra 1 scores AA-28 54/21/9

Student Learning Strengths

8th grade scored third in the region and fifteenth in the district on the Mock Exam.

AP Biology was able to increase their achievement average by 12 points.

We have strong internal data tracking.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): CFS for screen to scratch annotations and implementation is different across grade levels. **Root Cause:** (1) Lack of collaboration across grades within the building in terms of text annotations, and ELA skill building strategies.2. No clear criteria for success for annotations across campus.

Problem Statement 2 (Prioritized): 9% of 8th grade Sped scholars met the approaches range. **Root Cause:** 1.Lack of clarity on the how SPED teachers give support in push in accommodations. 2.Lack of Resource accommodations and supports for all students who need or might benefit

School Processes & Programs

School Processes & Programs Summary

At Converse, we have many school processes and curriculum support programs for students to support college for all. We offer programs such as Accelerated Reader, Math Hotspot, PE, Spanish, and RTTC(Road To And to College).

At Converse, we provide professional development to 100% of our teachers and staff through live coaching and weekly PD sessions.

We develop our instructional leaders by providing clear exemplars on coaching processes and data reviews. This in turn allows our instructional lead teams to focus teachers' attention on the key areas for excellent teaching such as: strong/clear lesson planning, tight loop coaching, and weekly coaching conversations. We have data-driven professional development targeting instructional gaps in order to address low performance observed in classroom.

We offer afterschool athletics including basketball, football, cross country, volleyball, and track. We also offer anime club after school.

School Processes & Programs Strengths

Parents rate IDEA Converse College Prep a 4.5 out of 5 on the statement "This school holds my child to high academic standards."

Parents rate IDEA Converse College Prep a 4.5 out of 5 on the statement "I receive information in a way that I can understand."

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Converse College Prep has 42% staff retention. **Root Cause:** Failure to foster a positive and supportive school culture where teachers feel valued, respected, and supported. Failure to create systems for collaboration, open communication, and teamwork among teachers, administrators, and staff members.

Problem Statement 2 (Prioritized): Grade level teams do not meet with consistency which leads to gaps in opportunities for collaboration. **Root Cause:** There is a lack of clear expectations for the frequency of team meetings as well as the content that is expected to be covered.

Perceptions

Perceptions Summary

Perception of IDEA Converse College Prep is improving steadily each year. We have improved in consistency as it relates to solving student-to-student conflict and clarity in our academic model. IDEA Converse's attendance is currently at 93% for the 2022-2023 school year. We use our ADA Matrix to increase attendance. Conflict on our campus is addressed through restorative practices centered around our social emotional based program Move This World. Move This World helps students and teachers learn and implement essential social emotional skills that can be used in the classroom and beyond by focusing on: Self awareness- Identifying Emotions; Self Management- Managing Emotions; Social Awareness-Being Empathetic; Relationship Skills and Responsible Decision Making.

Perceptions Strengths

66% of teachers believe that we are on a physically safe campus.

69% of teachers believe that they believe that they have a friend at work.

67% of students and parents would rate our services as excellent.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Families feel they have limited opportunities to be on campus during the school day to engage with their scholar. **Root Cause:** 1. Failure to provide opportunities to be on campus during the school day to engage with their scholar. 2.There is no communication around how parents can schedule opportunities to shadow their scholar for the day.

Problem Statement 2 (Prioritized): Failure to establish open lines of communication to actively involve parents in their child's education, and demonstrate care and responsiveness so that families feel valued and supported. **Root Cause:** 1. We failed to provide regular updates on their child's progress, school events, and opportunities for involvement. 2 Failure to keep families informed issues that are happening on campus.(Lockdown, Lock Outs, Fire drills, Emergencies on campus).

Priority Problem Statements

Problem Statement 1: Our overall persistence was at 81.97%. Currently we are not meeting our 90% persistence goal.

Root Cause 1: 1.The behavior management system lacked clear consequences and restorative practices. 2.There was a lack of accountability following the behavior management system.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to increase our new to IDEA persistence as new families are choosing not to be committed year after year.

Root Cause 2: 1.Lack of clear communication around IDEA's rigorous Academic model and school culture expectations during onboarding. 2. Lack of reflection on interest surveys on what keeps students at IDEA and what programs we need to consider offering.(Extra Curricular activities and clubs.

Problem Statement 2 Areas: Demographics

Problem Statement 3: CFS for screen to scratch annotations and implementation is different across grade levels.

Root Cause 3: (1) Lack of collaboration across grades within the building in terms of text annotations, and ELA skill building strategies.2. No clear criteria for success for annotations across campus.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: 9% of 8th grade Sped scholars met the approaches range.

Root Cause 4: 1.Lack of clarity on the how SPED teachers give support in push in accommodations. 2.Lack of Resource accommodations and supports for all students who need or might benefit

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Converse College Prep has 42% staff retention.

Root Cause 5: Failure to foster a positive and supportive school culture where teachers feel valued, respected, and supported. Failure to create systems for collaboration, open communication, and teamwork among teachers, administrators, and staff members.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Grade level teams do not meet with consistency which leads to gaps in opportunities for collaboration.

Root Cause 6: There is a lack of clear expectations for the frequency of team meetings as well as the content that is expected to be covered.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Failure to establish open lines of communication to actively involve parents in their child's education, and demonstrate care and responsiveness so that families feel valued and supported.

Root Cause 7: 1. We failed to provide regular updates on their child's progress, school events, and opportunities for involvement. 2 Failure to keep families informed issues that are happening on campus.(Lockdown, Lock Outs, Fire drills, Emergencies on campus).

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Families feel they have limited opportunities to be on campus during the school day to engage with their scholar.

Root Cause 8: 1. Failure to provide opportunities to be on campus during the school day to engage with their scholar. 2.There is no communication around how parents can schedule opportunities to shadow their scholar for the day.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- Local benchmark or common assessments data
- Observation Survey results

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Communications data
- Study of best practices

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: Grades 6 through 9 will hit 90% approaches , 60% meets and 30% masters on the reading and Math STAAR, Biology EOC, Algebra 1 EOC

High Priority

HB3 Goal

Evaluation Data Sources: Exit Ticket data, Quiz Data , Test Data , Semester Exam Data, Mock Exam

IDEA Public Schools

Eastside College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 31, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

The mission statement for IDEA Eastside College Prep is that with a unique curriculum, effective instruction, rigorous academics, and a thriving college-going culture, scholars from underserved communities can achieve success in college and citizenship

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 26

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Eastside CP is a Title 1 middle and high school serving the needs of an urban, multi-ethnic, multicultural student body through diverse programs and activities.

Our campus is a full scale campus serving all grades from K-12. We pride ourselves on serving the underserved community and cater our services to provide a secure, safe environment for our schoalrs to be successful. We offer AP for all scholars affording each student the opportunity to achieve success at the hightest of all levels.

Our demographics is as follows:

Idea Eastside MS

Grade Level	Total In Grade	American Indian / Alaskan	Asian	Black or African American	Native Hawaiian/ other Pac Islander	White	Hispanic Latino
6th	110	0	1	17	0	1	91
7th	107	0	0	14	0	1	92
8th	120	1	1	22	0	1	96

Idea Eastside HS

Grade Level	Total In Grade	American Indian / Alaskan	Asian	Black or African American	Native Hawaiian/ other Pac Islander	White	Hispanic Latino
9th	94	0	0	14	1	7	71
10th	64	0	0	9	0	3	53
11th	57	0	0	9	0	1	48
12th	63	0	0	42	1	1	50

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): The stakeholders are not working as a team to ensure the success of the students and mission of the campus. Communication is not cascading

down and all stakeholders are not bought into the mission/success of IDEA Eastside. **Root Cause:** The lack of communication and buy-in from stakeholders plays a role in lack of attendance and truancy. There is no sense of urgency or care when it comes to education and its importance.

Problem Statement 2: There is a difference in work responsibility when it comes to our certified and non - certified teachers. **Root Cause:** Certified teachers are more cognizant of planning/implementing instruction, following the guidelines set by TEA and ensuring that they are operating within the realm of their contracts. Certified teachers are aware that infractions can be reported to TEA and therefore they run the risk of losing their certifications.

Student Learning

Student Learning Summary

Compared to other MS / HS campuses who serve our demographic in our area we are the highest rated. This year we currently hold a grade of a B awarded by TEA. 100% of our scholars are on track to graduate.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Campus is lacking bell to bell instruction **Root Cause:** (2.a) Teachers failing to plan effectively and implement the structured curriculum provided (2.b.) Lack of accountability on leaders to coach teachers and provide lesson plan feedback

Problem Statement 2: Grade level expectations are not aligned for student success amongst the campus. **Root Cause:** (1.a) Lack of cohesion and accountability amongst GTM's and GTL's (1.b) Too much flexibility among grade levels to create their own expectations

School Processes & Programs

School Processes & Programs Summary

We develop our instructional leaders by providing clear exemplars on coaching processes and data reviews. This in turn allows our instructional lead teams to focus our teachers attention on the key areas for excellent teaching such as: Strong/clear lesson planning, tight loop coaching and weekly coaching conversations.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: The lack of teacher commitment to the campus will lead to excessive days off, additional work for other teachers, attendance issues for students, lower to no learning, lower test scores and a souring of the campus culture that will lead to committed teachers to look for opportunities elsewhere. **Root Cause:** A better interview process, bringing in the GTL and/or teachers from that grade level, regarding applicants could help to add additional incentive toward a more concrete hiring decision.

Problem Statement 2 (Prioritized): No consistent mentor program for new teachers leads them to feel overwhelmed, out of touch and could possibly result in no commitment towards the campus. **Root Cause:** A consistent mentor program that can utilize experienced teachers to better prepare and mentor new teachers daily, weekly, and monthly. This will lead to better overall performance, more of a commitment and an opportunity to build relationships for better work performance from the bottom up.

Perceptions

Perceptions Summary

At Idea Eastside we use the RULER Method to regulate high and low emotions throughout the day with students and staff. We ensure scholars experience clear and concise behavior expectations and if needed consistent consequences. Over the last two years we have experienced a drop in parent participation due to the pandemic; nonetheless, we provide parents an opportunity to join virtual or in person to different school functions.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Students, parents and community are disconnected from the school culture **Root Cause:** Lack of visibility of teachers and administration to community and families

Problem Statement 2: Student bullying and behaviors (absences, acting out, drugs, fighting) not addressed or addressed to late. **Root Cause:** Expectations for students and teachers in regards to behavior, discipline and consequences are unclear and inconsistent.

Priority Problem Statements

Problem Statement 1: The stakeholders are not working as a team to ensure the success of the students and mission of the campus. Communication is not cascading down and all stakeholders are not bought into the mission/success of IDEA Eastside.

Root Cause 1: The lack of communication and buy-in from stakeholders plays a role in lack of attendance and truancy. There is no sense of urgency or care when it comes to education and its importance.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Campus is lacking bell to bell instruction

Root Cause 2: (2.a) Teachers failing to plan effectively and implement the structured curriculum provided (2.b.) Lack of accountability on leaders to coach teachers and provide lesson plan feedback

Problem Statement 2 Areas: Student Learning

Problem Statement 3: No consistent mentor program for new teachers leads them to feel overwhelmed, out of touch and could possibly result in no commitment towards the campus.

Root Cause 3: A consistent mentor program that can utilize experienced teachers to better prepare and mentor new teachers daily, weekly, and monthly. This will lead to better overall performance, more of a commitment and an opportunity to build relationships for better work performance from the bottom up.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Students, parents and community are disconnected from the school culture

Root Cause 4: Lack of visibility of teachers and administration to community and families

Problem Statement 4 Areas: Perceptions

IDEA Public Schools

Edgecliff College Prep

2023-2024 Improvement Plan

Public Presentation Date: September 28, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 26

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Edgecliff serves 6*th*, 7*th*, 8*th*, and 9*th* grade students who are 90.19% economically disadvantaged. We reside in District 8*th* in Fort Worth, TX. In our district community, less than 10% of schools of schools are given an accountability rating of an A or B. We are a public charter school, who believes in students going to and through college. We currently are full scale middle school in hopes of driving multiple AP courses and an Early College program as we expand and grow through 12*th* grade.

Demographics Strengths

- A rated campus after our first official rating from TEA.
- Edgecliff is providing a quality education for economically disadvantaged students in our area.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There was an increase in student level II/Level III student code of conduct violations from last year to this year **Root Cause:** Culture and expectations must be consistent from classroom to classroom to ensure students are following the rules. We lacked providing knowledge, motivation, and sufficient deterrence to scholars around school safety.

Problem Statement 2 (Prioritized): we did not meet our ADA goal of 97%. **Root Cause:** Delayed implementation of a strong incentive program with low data visibility to leverage student, staff, and parent support.

Student Learning

Student Learning Summary

This school year our school was rated a 90A. We had huge success in relative performance achieving a 92A in Domain 2. 86|B in Domain 1 and 85 in Closing the gaps. When comparing our data to other schools in our community that are similar to our make, we are 1 of 2 of the top performing middle schools in the district. We shined bright in our ELA content, as 7th grade achieved 50% masters and 92% of all scholars reached their growth goals in reading. Math is an area of growth that held up back from receiving our progress and closing the gap distinction. But with such high numbers in meets and masters across the board we were awarded the post secondary distinction. Edgecliff College Prep averaged 55% meets and 32% mastered, with a 55 achievement score.

Student Learning Strengths

- Our ELL scholars out perform the overall achievement for every content except for 8th grade ELA
- 8th grade scholars are out performing all grade levels
- CSI consistently meeting their yearly goals

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Historically writing was not an area of focus, therefore writing impacted all STAAR content areas. **Root Cause:** No clear vision on the implementation and execution of strong writing instruction.

Problem Statement 2 (Prioritized): Scholars consistently having academic struggles due to a lack of accommodations. **Root Cause:** Scholars have been identified as needing accommodations, however there is no clear RTI process to get scholars the assistance they need. Teachers have little to no time to meet all at once to discuss data points for scholars and if needs are consistent across contents.

School Processes & Programs

School Processes & Programs Summary

Our campus develops instructional leaders through intential internal and external professional development that equips leaders in driving outcomes. Many practices are adapted from RELAY graduate fellowship programs, where 100% of all instructional staff have attended. First year instructional leaders are required to attend district development and receive close support from regional content coaching. On campus, the principal drives individual coaching through side by side, real time, and modeling. The principal usings the district's School Leadership Levers as a rubric to assess competency.

Teachers development is centered around what we call the coaching cycle. Instructional leaders have mechanisms in place to practice, observe, celebrate, and grow teachers. In addition there is a campus professional development scope and sequence to introduction best practices and to close gaps in problems of practice. Instructional leaders use the district's Guide to Excellent Teaching rubric to development and evaluate performance.

Although we had strong Professional Development at the beginning of the school year and throughout the year, there were gaps in culture campus-wide. According to our Dean's List report.

56 – bullying

9 - sexual harassment

64 – fighting

665 - repeated level 1s

6 - drugs (taking, possessing, distributing)

School Processes & Programs Strengths

-Solid Summer PD plan for teachers and leaders.

- Teach Boost data shows teachers are not novice

- Culture Camp had 90% of students participating before school start for new scholars.

- 99% of leaders attended outside conferences that help strengthen school process and programs.

-Special programs (CSI) goal 50% meeting their goal and we hit at 51%

-Strong first day of school culture for students to follow

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There are a high number (665) of incident referrals aligned to level 1 offenses. **Root Cause:** Our behavior management system and PBIS are not preventing level 1 offenses therefore professional development is needed around classroom management.

Problem Statement 2 (Prioritized): Critical Student Intervention and Response to Intervention were not prioritized to the level needed to impact student outcomes **Root Cause:**

Lack of collaboration across grade level cohorts resulted in incomplete analysis and processes of students' needs

Perceptions

Perceptions Summary

Conflict on campus is reduced through peer mediation, public speakers to address social emotional needs, mentoring programs, parent conferences, individualized restorative conversations and practices (inside and outside the classroom), and consistent communication and partnership with families.

Parent/Guardian/Community participation rates are measured through survey reports, family engagement attendance trackers, and documented parent communication. Transportation, work schedules, lack or over communication, and language/cultural barriers may prevent participation.

Perceptions Strengths

- Each year IDEA does talent review
    - 52% of teachers are A players
    - 48% are B players
- Each year, IDEA does student and parent surveys.
    - IDEA students rate IDEA as 93% "My teachers have talked to me about school safety"
    - IDEA parents rate IDEA 100% "My school holds my child to high academic standards"
    - IDEA parents rate IDEA 86% "My child's school is preparing my child for college"
    - IDEA parents rate IDEA 86% "I feel welcome at my child's school"

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Lack of extracurricular activities and electives reduced interest in 8th re-registration **Root Cause:** We did not offer creative solutions to teachers to inspire them to take on clubs outside of athletics.

Problem Statement 2 (Prioritized): Many staff members felt they did not have work life balance **Root Cause:** The promotion to staff around measures being taken to improve work life balance was not widespread

Priority Problem Statements

Problem Statement 1: There was an increase in student level II/Level III student code of conduct violations from last year to this year

Root Cause 1: Culture and expectations must be consistent from classroom to classroom to ensure students are following the rules. We lacked providing knowledge, motivation, and sufficient deterrence to scholars around school safety.

Problem Statement 1 Areas: Demographics

Problem Statement 2: we did not meet our ADA goal of 97%.

Root Cause 2: Delayed implementation of a strong incentive program with low data visibility to leverage student, staff, and parent support.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Historically writing was not an area of focus, therefore writing impacted all STAAR content areas.

Root Cause 3: No clear vision on the implementation and execution of strong writing instruction.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Scholars consistently having academic struggles due to a lack of accommodations.

Root Cause 4: Scholars have been identified as needing accommodations, however there is no clear RTI process to get scholars the assistance they need. Teachers have little to no time to meet all at once to discuss data points for scholars and if needs are consistent across contents.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: There are a high number (665) of incident referrals aligned to level 1 offenses.

Root Cause 5: Our behavior management system and PBIS are not preventing level 1 offenses therefore professional development is needed around classroom management.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Critical Student Intervention and Response to Intervention were not prioritized to the level needed to impact student outcomes

Root Cause 6: Lack of collaboration across grade level cohorts resulted in incomplete analysis and processes of students' needs

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Lack of extracurricular activities and electives reduced interest in 8th re-registration

Root Cause 7: We did not offer creative solutions to teachers to inspire them to take on clubs outside of athletics.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Many staff members felt they did not have work life balance

Root Cause 8: The promotion to staff around measures being taken to improve work life balance was not widespread

Problem Statement 8 Areas: Perceptions

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: CP: 70% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

High Priority

	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: After each weekly, and unit assessment managers will facilitate a data meeting/SWAM to analyze student data. Data will be reported in data dashboard. **Strategy's Expected Result/Impact:** we use data driven instruction to guide our instructional needs to be able to close gaps in student learning quickly. **Staff Responsible for Monitoring:** APIs and Content Leaders **Title I:** 2.4				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Include SPED and Content Leaders on all instructional operating mechanisms (lesson rehearsals, content PLCs, SWAMs, side by side planning ETC) **Strategy's Expected Result/Impact:** Increase students support and identify scholars needing additional support (RTI) **Staff Responsible for Monitoring:** APIs **Title I:** 2.4, 2.6 **Problem Statements:** Student Learning 2				

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Offer a writing and intervention course for 100% of 6/7 scholars starting instruction the second week of school **Strategy's Expected Result/Impact:** Increase in student meets and mastery **Staff Responsible for Monitoring:** 6/7 API **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **Problem Statements:** Student Learning 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 3 Problem Statements:

Student Learning
Problem Statement 1: Historically writing was not an area of focus, therefore writing impacted all STAAR content areas. **Root Cause**: No clear vision on the implementation and execution of strong writing instruction.
Problem Statement 2: Scholars consistently having academic struggles due to a lack of accommodations. **Root Cause**: Scholars have been identified as needing accommodations, however there is no clear RTI process to get scholars the assistance they need. Teachers have little to no time to meet all at once to discuss data points for scholars and if needs are consistent across contents.

Goal 2: Increase student persistence

Performance Objective 1: CP: Campus retains 85% of 8th grade students transitioning to 9th grade.

High Priority

Evaluation Data Sources: Locus dashboard

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Implement a strong extracurricular activity system starting by September 16th. **Strategy's Expected Result/Impact:** 8th grade scholars will persist to high school. **Staff Responsible for Monitoring:** School Counselor and College Counselor **Title I:** 2.5 - **TEA Priorities:** Connect high school to career and college **Problem Statements:** Perceptions 1				

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Perceptions
Problem Statement 1: Lack of extracurricular activities and electives reduced interest in 8th re-registration **Root Cause**: We did not offer creative solutions to teachers to inspire them to take on clubs outside of athletics.

Goal 2: Increase student persistence

Performance Objective 2: CP: 100% of schools will be in compliance with the Title 1 Family Engagement requirements through the following events: Meet the Teacher, Public Hearing, Spring Town Hall and Semester 1 Report Card Pick Up. (TEC 11.253(d)(9))
Required Strategy: timely communication to families regarding school events to promote family engagement and attendance. (TEC 11.253(d)(9))

High Priority

Evaluation Data Sources: participation logs

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Create a year long calendar and plan all events 3-6 weeks ahead. **Strategy's Expected Result/Impact:** Increase student and parent engagement. **Staff Responsible for Monitoring:** School counselor/College Counselor/ School social worker **Title I:** 4.1				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Edgecliff CP will increase the attendance of students and families at school wide events in order to promote a stronger partnership between families and the school. To increase attendance, we will offer more engaging activities which also includes academic games and relevant trainings for families. **Strategy's Expected Result/Impact:** This will increase family participation by 10% from last school year. **Staff Responsible for Monitoring:** Principal, APIs, Social Worker, and School Counselor. Teachers and staff will support. **Funding Sources:** Pens, pencils, papers, posters, translation devices, etc. - Title I, Part A (4120) - $1,637.36				

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 3: Increase student daily attendance

Performance Objective 1: CP: IDEA Edgecliff will achieve a 97% annual attendance rate for the 23-24 school year

High Priority

Evaluation Data Sources: Locus Dashboard

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Create and roll out ADA incentive program starting after the 11th day of school. **Strategy's Expected Result/Impact:** Students are motivated to come to school. **Staff Responsible for Monitoring:** APO				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Begin planning for college field lessons beginning at the end of July. Trip 50% funded 3 months before departure and 100% 1 month before departure. **Strategy's Expected Result/Impact:** 80% of students participate in field lesson **Staff Responsible for Monitoring:** Grade Level Leaders, APIs, School Counselor **Title I:** 2.5 **- TEA Priorities:** Connect high school to career and college				

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase staff retention

Performance Objective 1: CP: 100% of full-time staff members complete all tasks within IDEA's staff development cycle including: goal setting, 2x2 and annual performance reviews during the 2023-24 school year.
Required Strategy: Managers provide feedback and professional development/coaching for each staff member through each SDC cycle.

High Priority

Evaluation Data Sources: Cornerstone completion tracker

Comprehensive Needs Assessment

Demographics

Demographics Summary

From the latest data available, IDEA Edgemere College Prep is home to 538 scholars in grades 6-10. For the 23-24 school year, our membership is projected to increase to 680 scholars in grades 6-11. Our student population includes scholars who identify in the following ways: Male (52.23%), Female (47.77%), Hispanic-Latinx (81.41%), Black-African American (4.83%), White (9.48%), Asian (2.04%), Receiving services through Special Education (12.45%), Receiving supports through Section 504 (3.72%), and Emergent Bilingual (32.53%). Scholars have also been identified against state criteria in the following ways: At-Risk (45.72%), Immigrant (1.30%), Intervention Required (11.90%), Economically Disadvantaged (73.98%), Free Meals Program Participant (42.57%), Reduced-Price Meals Program Participant (3.35%), and Other Economic Disadvantage (28.07%).

Demographics Strengths

- Enrollment has grown to expand service
- Continued provision of LRE through college preparatory curriculum

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Scholar enrollment has continued to grow, as we continue along this process, understanding the context of our changing demographics will have implications for how we provide services to scholars. **Root Cause:** When educators and staff are more knowledgeable of the demographics they serve and the ways in which they are changing, our community will be better equipped to support scholars and families toward ambitious goals.

Student Learning

Student Learning Summary

Scholars are on track to meet approaches at the median of guidance ranges at the following rates per raw score date released by TEA:

6th Grade ELAR	7th Grade ELAR	8th Grade ELAR	English 1 (EOC)	English 2 (EOC)
91%	91%	94%	75%	84%
6th Grade Math	7th Grade Math	8th Social Studies	Biology 1 (EOC)	Algebra 1 (EOC)
80%	69%	64%	89%	76%

Student Learning Strengths

- ELAR in grades 6-8 continues to be an area of strength, where English 1 has decreased from the previous year for the cohort and English 2 has remained consistent with the previous year's score.
- Math in grade 6 has remained consistent from the previous year, where as 7th grade math has decreased and Algebra 1 has increased form the previous year.
- Biology has remained consistent from 21-22

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): This academic year (22-23) marks the second school year in which scholars have performed lower in math than in ELAR, with a significant EB population, it is essential that we integrate strategies from ELAR into our methods for teaching mathematics for scholar success. **Root Cause:** Linguistic supports cross content boundaries and we must be able to replicate our success from ELAR in mathematics.

School Processes & Programs

School Processes & Programs Summary

From the latest data available the campus employed individuals in the following categories and job titles:

Administrative Support	**6**	**Principal, Assistant Principal of Instruction (2), School Counselor, College Counselor, Administrative Assistant to the Principal**
Teacher	36	English, Math, Science, Social Studies, CTE, PE (6th through 10th Grade)
Educational Aide	7	RISE Co-Teacher (2), PE Co-Teacher (2), AR/HS Facilitator (2), Dedicated Aide (1)

Our staff leverage high quality instructional materials (HQIM) created by the district in contents offered.

Instructional coaching support is provided by the Principal and Assistant Principals of Instruction.

Edgemere College Prep is a 1:1 campus for all scholars.

School Processes & Programs Strengths

- Our teachers were able to teach a single prep during the day, which enhanced focus upon their preparation.
- Assistant Principals of Instruction supporting with instructional coaching allowed the principal to focus upon additional reporting requirements, as well as strategy creation, for the campus and also support teachers with their instructional preparation and reflection.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): The core of our work each day with scholars is providing consistently effective instruction, which will prepare 100% of scholars to be prepared for a road to and through college, which is why it is essential that we expand support opportunities in mathematics, while maintaining effective support for ELAR teachers. **Root Cause:** Throughout the past school year, we did not provide the necessary supports for math teachers and scholars, and although some areas experienced limited growth or minimal decline, we did not progress in the ways in which we should have to provide a to and through college experience.

Perceptions

Perceptions Summary

Throughout the school year, we ask for feedback from families to inform our work as a campus, but the most important information that stakeholders can provide is their continued partnership with the campus - scholar persistence and teacher retention.

For the 22-23 school year staff retention is at 96% (5.22.23) and scholar persistence is at 90.27% (5.22.23).

Perceptions Strengths

- Staff retention has remained a bright spot for the campus throughout the 22-23 school year, while we prepare for the 23-24 school year.
- Scholar persistence for the last 3 weeks of school is higher than it was a year ago, which displays progress for the campus.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Our campus benefits from the retention of highly effective staff and from the persistence of scholars from one school year to the next, we must ensure that we perform the necessary climate surveys and progress checks to retain staff and scholars/families from one school year to the next to ensure continued progress in our school community. **Root Cause:** When scholars and effective staff remain from one year to the next, our community grows stronger and more aligned.

Priority Problem Statements

Problem Statement 1: Scholar enrollment has continued to grow, as we continue along this process, understanding the context of our changing demographics will have implications for how we provide services to scholars.

Root Cause 1: When educators and staff are more knowledgeable of the demographics they serve and the ways in which they are changing, our community will be better equipped to support scholars and families toward ambitious goals.

Problem Statement 1 Areas: Demographics

Problem Statement 2: This academic year (22-23) marks the second school year in which scholars have performed lower in math than in ELAR, with a significant EB population, it is essential that we integrate strategies from ELAR into our methods for teaching mathematics for scholar success.

Root Cause 2: Linguistic supports cross content boundaries and we must be able to replicate our success from ELAR in mathematics.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: The core of our work each day with scholars is providing consistently effective instruction, which will prepare 100% of scholars to be prepared for a road to and through college, which is why it is essential that we expand support opportunities in mathematics, while maintaining effective support for ELAR teachers.

Root Cause 3: Throughout the past school year, we did not provide the necessary supports for math teachers and scholars, and although some areas experienced limited growth or minimal decline, we did not progress in the ways in which we should have to provide a to and through college experience.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Our campus benefits from the retention of highly effective staff and from the persistence of scholars from one school year to the next, we must ensure that we perform the necessary climate surveys and progress checks to retain staff and scholars/families from one school year to the next to ensure continued progress in our school community.

Root Cause 4: When scholars and effective staff remain from one year to the next, our community grows stronger and more aligned.

Problem Statement 4 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)

Accountability Data

- Student Achievement Domain
- Student Progress Domain

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- SAT and/or ACT assessment data
- PSAT

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Support Systems and Other Data

- Other additional data

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: ACT Prep assessment, PACT (10th), ACT (11th)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: at-bats during courses at least 1 time per week, practice sections 1 time per quarter in 9-11. **Strategy's Expected Result/Impact:** Scholars achieve meets and above on grade-level STAAR Math or average of 21 on ACT math. This will also include after school tutoring and boot camp opportunities during intercession for scholars to advance their skills for content performance. **Staff Responsible for Monitoring:** Teachers, Grade-level Administrators, Principal **Title I:** 2.5 **- ESF Levers:** Lever 2: Strategic Staffing, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Demographics 1 - Student Learning 1 - School Processes & Programs 1 - Perceptions 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: Scholar enrollment has continued to grow, as we continue along this process, understanding the context of our changing demographics will have implications for how we provide services to scholars. **Root Cause**: When educators and staff are more knowledgeable of the demographics they serve and the ways in which they are changing, our community will be better equipped to support scholars and families toward ambitious goals.

Student Learning
Problem Statement 1: This academic year (22-23) marks the second school year in which scholars have performed lower in math than in ELAR, with a significant EB population, it is essential that we integrate strategies from ELAR into our methods for teaching mathematics for scholar success. **Root Cause**: Linguistic supports cross content boundaries and we must be able to replicate our success from ELAR in mathematics.

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: Scholar enrollment has continued to grow, as we continue along this process, understanding the context of our changing demographics will have implications for how we provide services to scholars. **Root Cause**: When educators and staff are more knowledgeable of the demographics they serve and the ways in which they are changing, our community will be better equipped to support scholars and families toward ambitious goals.

Goal 5: Increase staff retention

Performance Objective 1: CP: 100% of full-time staff members complete all tasks within IDEA's staff development cycle including: goal setting, 2x2 and annual performance reviews during the 2023-24 school year.

High Priority

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: In partnership with APO and EC, support events throughout the year that support in the recruitment of scholars and families. **Strategy's Expected Result/Impact:** 100% enrollment for the 23-24 school year, by the 11th day of school **Staff Responsible for Monitoring:** APO, EC, Teachers, Counselors, Administrators, Principal **ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Problem Statements:** Demographics 1 - School Processes & Programs 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: Scholar enrollment has continued to grow, as we continue along this process, understanding the context of our changing demographics will have implications for how we provide services to scholars. **Root Cause**: When educators and staff are more knowledgeable of the demographics they serve and the ways in which they are changing, our community will be better equipped to support scholars and families toward ambitious goals.

School Processes & Programs
Problem Statement 1: The core of our work each day with scholars is providing consistently effective instruction, which will prepare 100% of scholars to be prepared for a road to and through college, which is why it is essential that we expand support opportunities in mathematics, while maintaining effective support for ELAR teachers. **Root Cause**: Throughout the past school year, we did not provide the necessary supports for math teachers and scholars, and although some areas experienced limited growth or minimal decline, we did not progress in the ways in which we should have to provide a to and through college experience.

IDEA Public Schools

Ewing Halsell College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 24, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Our purpose is to prepare all scholars for a four-year university or college. We are focused on hitting academic goals while cultivating scholars to be organized, kind, reflective, socially/emotionally aware, brave, passionate, and creative; empowering scholars to be successful not only in our campus but in college and the work force. In addition to these character traits, our scholars will give their skills and time back to the communities that they reside in, helping those in need.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IDEA Ewing Halsell College Prep will become the leader in IDEA San Antonio for graduating and matriculating scholars into the top four-year universities or colleges (Tier 1 & 2), where they will be prepared for the job of their choice. Scholars will graduate from college and use their time and skills to give back to the communities they reside in.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 24

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Ewing Halsell is a college prep school offering 6th-12th grades for the 23-24 school year. We have 93.59% Hispanic scholars, 1.78% African American scholars, 4.09% White scholars, 0.18% Hawaiian Pacific Islander scholars, and 0.36% Asian scholars. There are 45.91% male scholars and 54.09% female scholars. The average daily attendance percent was 93.47%. There were 10 scholars that had level 3 offenses that were expelled from the campus. There are 12.46% SPED and 25.62% EB. There is 80.78% economically disadvantaged. Teacher retention is 76% and leader retention is 66%.

Demographics Strengths

1. 23-24 school year we will be a full campus
2.Low drop-out rate
3. AP for all students
4.Low Homeless/Foster care rates
5 Attendance Incentives
6. Connections with college/universities and potential employers.
7 In the high school level we have smaller class sizes which allows for better relationship building for teachers.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Increase of withdrawals due to level 3 offenses. **Root Cause:** Lack of classroom management, parent involvement, and social media usage.

Problem Statement 2: Lost 3 SPED teachers from the previous school year. **Root Cause:** SPED work load, lack of development, and feeling included in the team.

Problem Statement 3 (Prioritized): Teacher retention is below the 85% goal. **Root Cause:** Campus culture, lack of work/life balance, teacher expectations, and onboarding process.

Student Learning

Student Learning Summary

After analyzing data,we realized that one of the major issues was that the IEPs (Individualized Education Plans) for these students were not being implemented properly. Each student's unique needs were not being fully addressed, which made it difficult for them to succeed in the classroom. In addition, data demonstrates that there must be an emphasis on rigor and alignment to objectives and exit tickets.

Student Learning Strengths

1 All goals met in AR and HotSpot
2 In comparison to 21-22 - there was significant growth across all grade levels in Math
3 Increase in Gen. Pop scores from SE to ME for 6-10th ELA
4 Increase in SPED population in English 2 (40+)
5 Continued focus on getting 100% tested (22-23 99.9% tested)
6 8th and 11th Histroy showed growth SE to ME in both Gen. Pop and SPED Pop.
7 STAAR alt on track to meet goal based on mock exam (meets)

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): SPED scholars not achieving targets throughout the school year in all contents (specifically math and reading). **Root Cause:** Teachers have not internalized IEPs and SPED teacher support is inconsistent.

Problem Statement 2: 8th Grade US History student passing on STAAR is lowest on campus. **Root Cause:** Scholars without a teacher for multiple months and teacher is teaching content with facts.

Problem Statement 3 (Prioritized): Reading and writing not happening consistently in all classrooms, only in ELA. **Root Cause:** Other teachers not held accountable to planning writing components in lessons and lesson resources.

Problem Statement 4: Text complexity too easy and activities not at or above the level of the STAAR. **Root Cause:** Teachers unclear about text complexity and what that consists of and alignment not being checked before teaching.

Problem Statement 5: STAAR math scores dropped considerably from mock exam to STAAR. **Root Cause:** Mock exam was too easy for scholars and didn't provide enough aligned practice.

School Processes & Programs

School Processes & Programs Summary

Scholars are not tracking their own work and lack of time management and visuals. Finding time to have scholars track their own progress on trackers.

School Processes & Programs Strengths

1 Culture VII- 3.3- students indicate a sense of belonging in the classroom
2 Ownership I- 3.3- students complete work aligned to the rigor of the objective and/or IEP goals during the lesson, such as reading, writing, discussion, analyisis, computation, playing, competing, or problem solving, given the focus of the lesson
3 Beyond the Lesson V- 3.5- the teacher attends and participates in, and implements learning from required professional development and family, campus and community meetings or events most of the time
4 Beyond the Lesson VI- 3.4- the teacher maintains high standards of honest and ethical behaviors, including as explained in the employee handbook most of the time
5 Culture VI- 3.3- students are engaged in the work of the lesson from start to finish and display a sense of urgency about how time is used
6 Beyond the Lesson IV- 3.3- students respond to and build on their peers' thinking, ideas, or answers
7 Content IA IV- 3.2- instructional materials students will use (e.g., texts, questions, problems, exercises, and assessments) come from IDEA curriculum (where applicable) and/or rigorous and aligned to standards

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Guide post IV- Scholars do not track their own assignments, exams, and growth goals in every grade level/class. **Root Cause:** Lack of classroom management and time management.

Problem Statement 2 (Prioritized): Guide post 1b V-Teachers are not submitting complete exemplars. **Root Cause:** Lack of time for exemplars to be turned in. Lack of follow up from some managers.

Problem Statement 3: Guid post 3 I & II: Teachers are not having scholars providing spoken and written evidence for IEP goals. **Root Cause:** Teachers are not well versed in IEP goals and how to hold SPED scholars accountable to producing work.

Perceptions

Perceptions Summary

IDEA Ewing Halsell College Prep is a growing campus that currently has students from 6th to 11th grade. IDEA will be a full campus for the 2023-2024 school year with the connected IDEA Ewing Halsell Academy campus feeding into the 6th grade class. Two problems indicated by data on this campus are students not being excited to attend school and the retention of staff and scholars. The root causes from scholars is reported unfairness and a disconnect between academics and the real world. Staff indicated root causes to be a lack of consistency across the campus in procedures, a lack of support with a growing list of tasks and inconsistent communication between administration and staff.

Perceptions Strengths

1 Academic work is challenging, explained and motivated to ultimately go to college
2 Students feel respected by teachers
3 Students feel safe at school
4 Expectations are clear for students
5 Scholars want to return
6 Scholars build relationships with peers
7 Families feel that teachers are responsive

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Our scholars are not excited to come to school **Root Cause:** Students see unfairness in student interactions and lack of connection from curriculum to real world application.

Problem Statement 2 (Prioritized): Retention of staff and scholars is lower than our goal **Root Cause:** Inconsistency of procedures, lack of staff support, and admin/staff communication.

Problem Statement 3: Parent engagement is low. **Root Cause:** Lack of communication of events and incentives to attend.

Priority Problem Statements

Problem Statement 1: Teacher retention is below the 85% goal.
Root Cause 1: Campus culture, lack of work/life balance, teacher expectations, and onboarding process.
Problem Statement 1 Areas: Demographics

Problem Statement 2: Increase of withdrawals due to level 3 offenses.
Root Cause 2: Lack of classroom management, parent involvement, and social media usage.
Problem Statement 2 Areas: Demographics

Problem Statement 3: SPED scholars not achieving targets throughout the school year in all contents (specifically math and reading).
Root Cause 3: Teachers have not internalized IEPs and SPED teacher support is inconsistent.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Reading and writing not happening consistently in all classrooms, only in ELA.
Root Cause 4: Other teachers not held accountable to planning writing components in lessons and lesson resources.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Guide post 1b V-Teachers are not submitting complete exemplars.
Root Cause 5: Lack of time for exemplars to be turned in. Lack of follow up from some managers.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Guide post IV- Scholars do not track their own assignments, exams, and growth goals in every grade level/class.
Root Cause 6: Lack of classroom management and time management.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Our scholars are not excited to come to school
Root Cause 7: Students see unfairness in student interactions and lack of connection from curriculum to real world application.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: Retention of staff and scholars is lower than our goal
Root Cause 8: Inconsistency of procedures, lack of staff support, and admin/staff communication.
Problem Statement 8 Areas: Perceptions

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Ensure all juniors are signed up to take multiple ACTs throughout the school year. Ensure sophomores in the top 25% pre-act average take the ACT. **Strategy's Expected Result/Impact:** Ensure all juniors have access to the ACT and top 25% of sophomores have access to the ACT (in their current year). **Staff Responsible for Monitoring:** DCC & CC **TEA Priorities:** Connect high school to career and college				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Ensure all sophomores and juniors are doing the ACT program two to three times a week. **Strategy's Expected Result/Impact:** Scholars ACT scores increase. **Staff Responsible for Monitoring:** DCC & CC				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: All IDEA students matriculate to college

Performance Objective 2: 100% of graduates meet TSIA college readiness benchmark (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: All students will be exposed to 1 section of TSIA in 9th grade (math or reading). **Strategy's Expected Result/Impact:** 30% exempt in both sections by end of 9th grade **Staff Responsible for Monitoring:** DCC & CC **TEA Priorities:** Connect high school to career and college				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Students will receive small group interventions in reading and math TSI if they do not pass on the first try. **Strategy's Expected Result/Impact:** Meet the 30% exempt freshman year, 60% exempt sophomore year, and 90% exempt junior year. **Staff Responsible for Monitoring:** DCC & CC **TEA Priorities:** Connect high school to career and college	N/A			

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Juniors that do not pass by the last day of school will attend Summer school to receive small group intervention. **Strategy's Expected Result/Impact:** 90% of juniors exempt **Staff Responsible for Monitoring:** DCC & CC **TEA Priorities:** Connect high school to career and college	N/A			

Strategy 4 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 4: Students in 9th and 10th grade will receive daily intervention during academic block during semester 2. **Strategy's Expected Result/Impact:** 30% exempt for freshman and 60% exempt for sophomores **Staff Responsible for Monitoring:** DCC & CC				

TEA Priorities: Connect high school to career and college	N/A

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 1: IA & CP: X% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: All teachers incorporate turn and talks, think-ink-pair-shares, and RACE strategy when writing. **Strategy's Expected Result/Impact:** All EL scholars speaking, writing, and listening during class. **Staff Responsible for Monitoring:** APIs **Title I:** 2.5 **- ESF Levers:** Lever 5: Effective Instruction				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: All teachers providing reading in class and annotation strategies. **Strategy's Expected Result/Impact:** All EL scholars reading and annotating during class. **Staff Responsible for Monitoring:** APIs **Title I:** 2.5 **- ESF Levers:** Lever 5: Effective Instruction				

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Tutorials each quarter for EL scholars. **Strategy's Expected Result/Impact:** Scholars meet TELPAS goal during mock. **Staff Responsible for Monitoring:** EL coordinator				

Strategy 4 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 4: Parent engagement event each quarter to provide EL parents information on TELPAS and the importance of this exam. **Strategy's Expected Result/Impact:** Scholars meet TELPAS goal during mock.				

Staff Responsible for Monitoring: EL coordinator	N/A			

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 2: IA & CP: 100% of identified scholars meet required minutes per House Bill 4545 (HB4545)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Utilize powerschool to track all HB4545 minutes. **Strategy's Expected Result/Impact:** Clear tracking system for minutes. **Staff Responsible for Monitoring:** APIs **TEA Priorities:** Build a foundation of reading and math	N/A			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Ensure the right scholars are in the right classes during academic block. **Strategy's Expected Result/Impact:** Scholars meet minutes half way through the school year. **Staff Responsible for Monitoring:** APIs **Title I:** 2.6	25%			

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

IDEA Public Schools

Frontier College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 4, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Demographics

Demographics Summary

IDEA Frontier College Preparatory is the second established college preparatory school in the IDEA Public Schools district. Establishing a foundation of 100% graduation rate since 2011, we have also matriculated 100% of our graduating class to the college of their choice. IDEA Frontier College Preparatory is located in the southernmost tip of Texas, where we pride ourselves in our rich Hispanic, mostly Mexican, culture that focuses on our old traditions borrowed from our friends just a few miles south. At IDEA Frontier College Prep, 97% of our students are considered Hispanic, with 98% of our students categorized as minorities. That said, our campus graduates 100% of our students, with approximately 85-90% our of graduating classes being the first of their family to matriculating into college. Similarly, 97% of our staff is considered of Hispanic origin, and we pride ourselves in our proficiency in being multilingual. Most of our students and staff Self-study questionnaire: Diploma Programme 10 speak both English and Spanish proficiently, with some of our staff speaking a third language.

Our Alpha IB class graduated in 2018, and we have successfully continued our mission of “College For All.” Every student that steps foot in our campus is offered a free education, regardless of their academic, socio-economic background, and this extends directly to our Diploma Programme. At IDEA Frontier College Preparatory, we offer our Diploma Programme free of charge to all of our grade 11 and grade 12 students because we know that when students are served a highly rigorous education under a world-class curriculum, our scholars are able to excel and achieve the ambitious goals they and their families set for themselves. We are also the only Diploma Programme in our school district to offer DP Film. This is why IDEA Frontier College Preparatory has gained recognition from the US News and World Report as one of the best high schools in the nation. IDEA Frontier College Preparatory is a public charter school that ensures equal access for all student applicants. Any student, regardless of location, academic standing, income, or learning ability has an equal opportunity to be accepted into IDEA Frontier College Preparatory, given an application. All of our students in grade 11 and grade 12 take at least two DP subject courses. Aside from our college preparatory course, Road To and Through College (RTTC); Research and Technical Writing (a course that focuses on EE/CAS success); and Academic Block (study hall), all students are considered at least Course Scholars. This is why we promote our campus as an IB-for-ALL campus.

Our staff embody the traits of international-mindedness. Our current staff have taught and experienced the diverse cultural backgrounds of the Americas, Europe, and Asia and consistently share their experiences with our scholars. At IDEA Frontier College Preparatory, we know that the number one factor to over come poverty in our city is through education. We want to ensure that our commitment to higher education is showcased so that all students and families can benefit from this vision.

Demographics Strengths

IDEA Frontier College Preparatory is the second established college preparatory school in the IDEA Public Schools district. Establishing a foundation of 100% graduation rate since 2011, we have also matriculated 100% of our graduating class to the college of their choice. Our Alpha IB class graduated in 2023, and we have successfully continued our mission of “College For All.”

Every student that steps foot in our campus is offered a free education, regardless of their academic, socio-economic background, and this extends directly to our Diploma Programme. At IDEA Frontier College Preparatory, we offer our Diploma Programme free of charge to all of our grade 11 and grade 12 students because we know that when students are served a highly rigorous education under a world-class curriculum, our scholars are able to excel and achieve the ambitious goals they and their families set for themselves.

Starting the 2023-24 school year, we will be the only Diploma Programme in Brownsville and the Lower Rio Grande Valley. IDEA Frontier College Preparatory has gained recognition from the US News and World Report as one of the best high schools in the nation. We are ranked as the #1 school in IDEA Public Schools High Schools, #1 in the Brownsville, Texas Metro Area High Schools, #8 in Texas High Schools, #14 in Charter High Schools, and #68 in the National Rankings.

Our Diploma Programme staff embody the traits of international mindedness. Our current staff have taught and experienced the diverse cultural backgrounds of the Americas, Europe, and Asia and consistently share their experiences with our scholars.
At IDEA Frontier College Preparatory, we know that the number one factor to overcome poverty in our city is through education. We want to ensure that our commitment to higher education is showcased so that all students and families can benefit from this vision. This is the reason why IDEA Public Schools continues to grow, year after year. Recently, IDEA Public Schools in Brownsville, Texas have received a grant to upgrade the style and functionality of our science labs. We are fortunate enough to upgrade both of our biology labs to match the style of teaching we promote.

Problem Statements Identifying Demographics Needs

Problem Statement 1: There is minimal Meets or Masters achievement on State Assessments. **Root Cause:** Teachers lack instructional strategies for differentiated instruction to meet minimal meets and masters student needs.

Problem Statement 2: There is a lack of growth for students in sub groups. **Root Cause:** Lack of training and resources to prioritize sub groups.

Problem Statement 3: Lack of family engagement has a significant impact on student's academic achievement such as academic struggle, have lower test scores, and be retained in grade. **Root Cause:** Based on our community, parents' work schedules and language barriers may be a factor that prevents them from attending family engagement events.

Problem Statement 4: Chronic absenteeism has risen, reflecting a substantial loss of learning and creating learning gaps due to students not regularly receiving instruction, worsening long-term risks to social and academic achievement. **Root Cause:** Parents in our community lack the knowledge of the importance of being present in school and the effects it has on their child's academics.

Problem Statement 5: Throughout middle school & high school years, there is an Emergent Bilingual population that is not exiting the bilingual program. Without proper intervention, these Emergent Bilingual students are struggling to pass state assessments, advance placement exams and IB courses. **Root Cause:** Teachers lack proper training on EB strategies that can be used across content areas. School did not provide resources to students for language acquisition.

Problem Statement 6: There is a lack of parental involvement in the students' academic achievement and progress during the year. **Root Cause:** Increase the number of parent-student workshops, conferences, training opportunities, and community events for families.

Student Learning

Student Learning Summary

The progress report from 2022-2023 shows significant progress made by our students. The data from the mock exams from spring 2023, show the following predictions in the different domains:

Domain 1 --- Score B(84)--- STAAR achievement/ CCMR ----Possibility for improvement for the end of the year.

Domain 2---- Score A (92)----Academic Growth/Relative Performance by tracking student progress measure goals.

Domain 3---Score C (73)—Growth Performance (Closing the Gaps) Possible improvement by using effective mastery trackers to have a good standing point of students' progress in all classes

Overall Score B(86)

Domain 1: Student Achievement on Spring Mock

- ALL Math STAAR Benchmark data 66/26/9
- ALL Science STAAR Benchmark data 62/24/4
- ALL ELA STAAR Benchmark data 73/48/12
- ALL Social Studies STAAR Benchmark data 73/29/10

-Given that STAAR assessment has changed from paper to online, our most successful STAAR contents are reading and social studies.

-All our STAAR contents at IDEA Frontier were above the district comparison.

AP Assessments

- All AP course had a mean score of a 1.5 or higher on spring mock data

-AP data has increased over the years due to district AP Share fair trainings that trained our AP teachers on instructional best practices, AP resources and how to unpack AP yearly reports from previous years

IB Assessments

- All IB courses had an average of 3.6 on spring mock data
-

College Career Military Readiness

- Currently at 99% of students meeting CCMR

Grades (On Track to Graduate OTG)

- 95%

Graduation Plans 2022

- 97.5%

Student Retention Data

- Ended school year at 96.3%

Staff Retention Data

- .Ended school year at 100%

Special Education Spring Data

- Pending

English Language Assessment Data (TELPAS Data)

- 27% Fall Mock Data

Student Learning Strengths

IDEA Frontier College Prep has a strong record of student learning. In the past year, 30% of our graduating class passed at least 3 or more AP exams, allowing them to receive college credit. This earned us the designation of an AP Scholar campus. Additionally, 25% of our students were named IB Diploma candidates, which is above our goal of 20%. This success is due in part to our TSI redesign curriculum, which has helped us to increase our data on AP Scholar Campuses, IB Diploma Campuses. Compared to 50 IDEA schools, we are above district average on all Spring STAAR Mock assessments.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: There is minimal Meets or Masters achievement on State Assessments. **Root Cause:** Teachers lack instructional strategies for differentiated instruction to meet minimal meets and masters student needs.

Problem Statement 2: There is a lack of growth for students in sub groups. **Root Cause:** Lack of training and resources to prioritize sub groups.

Problem Statement 3: There is a need to strengthen campus culture and increase student persistence. Too much academic rigor can have a negative impact on a student's academic achievement, social-emotional development, and overall well-being. **Root Cause:** Several factors like the amount of homework being assigned in each class, the difficulty of the course, and the pace of instruction can contribute to students feeling that this is not the best school for them due to the academic rigor. Students who are stressed and anxious are more likely to be disengaged in their studies, have lower self-esteem, and be more likely to withdraw from our school.

Problem Statement 4: Chronic absenteeism has risen, reflecting a substantial loss of learning and creating learning gaps due to students not regularly receiving instruction, worsening long-term risks to social and academic achievement. **Root Cause:** Parents in our community lack the knowledge of the importance of being present in school and the effects it has on their child's academics.

Problem Statement 5: Throughout middle school & high school years, there is an Emergent Bilingual population that is not exiting the bilingual program. Without proper intervention, these Emergent Bilingual students are struggling to pass state assessments, advance placement exams and IB courses. **Root Cause:** Teachers lack proper training on EB strategies that can be used across content areas. School did not provide resources to students for language acquisition.

Problem Statement 6: There is a lack of parental involvement in the students' academic achievement and progress during the year. **Root Cause:** Increase the number of parent-student workshops, conferences, training opportunities, and community events for families.

School Processes & Programs

School Processes & Programs Summary

ACT Preparation

AP/ IB Course & Exam Preparation

Student Social Awareness

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- ACT and IB goal of 25% met in 2021-2022.
- IB Data for 2023 was not met (21/25%). However, 2023 went back to pre-pandemic evaluation logistics and students did exceptionally well.
- IDEA Frontier provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams. IB Teachers have access to IB Questionbank, Kognity, and other IB software to supplement the IB curriculum.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 11 graduating classes IDEA Frontier has ensured 100% of seniors have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- US News has ranked IDEA Frontier College Preparatory #106 in the nation and 12th within Texas. Students have the opportunity to take Advanced Placement and IB coursework and exams. The AP and IB participation rate at IDEA Frontier College Preparatory is 100%.

Special Programs

- IDEA Frontier met growth target for EL student performance on TELPAS in 2022 with 36% of ELs meeting that target.
- IDEA Frontier provided targeted research based instruction to students who have a 2.0 year gap in Reading with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI).

ACT Preparation:

- High school students are provided with ACT prep courses beginning in 9th grade and are exposed to the ACT rigor and exam beginning their freshman year.
- Frontier College Prep students are exposed to ACT Prep Courses which include ACT Prep software and student skills practice.
- Frontier College Prep students are provided with multiple opportunities to ACT test beginning their junior year in high school.

Student Social Awareness

Frontier College Prep encouraged students to show concern for the feelings of others and demonstrate empathy and compassion. During the first week of every school year and semester, students participate in Culture Camp, which consists of presentations throughout college prep at all grade levels that outlines the IDEA mission, vision and core values. Culture Camp includes presentations on different topics, to include, but not limited to, the following:

School Culture Expectations

- Core Values
- Goal Setting
- Academic Expectations
- Safety Protocols
- Uniforms
- Transitions
- Technology Expectations
- Student Code of Conduct
- Rules and Consequences

IDEA Frontier College Prep has a school counselor who is available to provide students with counseling sessions and emotional support services. In addition, our school counselor leads the Move this World campus-wide initiative, which empowers our students with social emotional learning activities, and lessons.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: The percent of ACT percentages have not increased post-pandemic. **Root Cause:** Effects of pandemic still being seen in student gaps ACT Rigor is not implemented Coaching cycle has not been consistent

Problem Statement 2: Students lack social awareness and the skills necessary for solution-oriented personal interactions. **Root Cause:** Lack of parental involvement External Pressures has impacted the poor judgement of students

Problem Statement 3: Not all students are passing at least 1 AP or IB exam **Root Cause:** Lack of supplemental support for students who struggle academically Lack of differentiation for students based on their gaps Lack of teacher tracking for AP and IB

Perceptions

Perceptions Summary

At IDEA Frontier College Prep we value feedback and use the data to improve student outcomes. Based on our Panorama survey, students are satisfied with their school experience. They feel safe and supported, and they know their teachers want the best for them. They would like more opportunities for fun and joy in the classrooms. Parents like the school, they know their children are safe and are being well-educated; they would like to know what they can do at home to support their child's learning.

Perceptions Strengths

IDEA Frontier College Preparatory is a top-ranked high school in Brownsville, TX. According to USANEWS, it is ranked 12th within Texas, 106 in National Rankings, and number 1 in Brownsville. All students have the opportunity to take Advanced Placement and International Baccalaureate coursework and exams. With the support of College Counselors and Road To and Through College, 100% of students enroll in a college or university by the time they graduate.

The school's small campus enrollment allows for more individualized academic support from teachers. Students can get the help they need to succeed in their studies and reach their full potential.

Here are some of the things that make IDEA Frontier College Preparatory a great school:

- High academic standards
- College-preparatory curriculum
- Experienced and dedicated teachers
- Strong support for students from College Counselors and Road To and Through College
- Small campus enrollment for individualized academic support

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Chronic absenteeism has risen, reflecting a substantial loss of learning and creating learning gaps due to students not regularly receiving instruction, worsening long-term risks to social and academic achievement. **Root Cause:** Parents in our community lack the knowledge of the importance of being present in school and the effects it has on their child's academics.

Problem Statement 2: There has been a growing concern about the mental health and emotional well-being of students. Student well-being has a significant impact on academic achievement, social-emotional development, and overall health. **Root Cause:** Our community lacks knowledge of mental health awareness and skills that can be used to help in the well-being of the student.

Problem Statement 3: Lack of family engagement has a significant impact on student's academic achievement such as academic struggle, have lower test scores, and be retained in grade. **Root Cause:** Based on our community, parents' work schedules and language barriers may be a factor that prevents them from attending family engagement events.

Problem Statement 4: There is a need to strengthen campus culture and increase student persistence. Too much academic rigor can have a negative impact on a student's academic achievement, social-emotional development, and overall well-being. **Root Cause:** Several factors like the amount of homework being assigned in each class, the difficulty of the course, and the pace of instruction can contribute to students feeling that this is not the best school for them due to the academic rigor. Students who are stressed and anxious are more likely to be disengaged in their studies, have lower self-esteem, and be more likely to withdraw from our school.

Problem Statement 5: There is a lack of parental involvement in the students' academic achievement and progress during the year. **Root Cause:** Increase the number of parent-student workshops, conferences, training opportunities, and community events for families.

Priority Problem Statements

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Violence and/or violence prevention records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Action research results

Goals

Goal 1: All IDEA students matriculate to college

IDEA Public Schools

Hardy College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 29, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 6, 2023

Demographics

Demographics Summary

IDEA Hardy College Prep serves a scholar population of approximately 500 scholars. The campus reflects a diverse community, with a balanced distribution of male (50%) and female (50%) students. The student body at Hardy College Prep includes a range of ethnic and racial backgrounds, including African American (15%), Hispanic/Latino (84%), and White (1%). The campus also caters to students from different socioeconomic backgrounds, with 80% of the scholars considered as economically disadvantaged. The most recent scholar retention at IDEA Hardy College Prep is 84%.

Addressing the needs of Emergent Bilingual scholars is a priority at Hardy College Prep. A significant portion of the scholar population consists of non-native English speakers who require additional language support to excel academically (51%).

IDEA Hardy College Prep is committed to meeting the needs of scholars with diverse learning requirements (10%). It offers special education services, including Individualized Education Programs (IEPs) and specialized instructional support, to scholars with disabilities through the RISE program. The goal is to ensure that every scholar receives the necessary accommodations and resources to succeed in their academic journey.

The 25 staff members of Hardy College Prep consist of 100% degreed teachers with 20% of them being Hispanic/Latino and the remaining African American. 100% of the teachers at the campus have between 1-5 years of experience. The most recent staff retention at IDEA Hardy College is 71%.

Hardy College Prep recognizes the importance of community involvement and actively engages with parents, guardians, and community organizations. It values the partnership between the school and the local community, encouraging parental participation in school activities and maintaining open lines of communication. This collaborative approach contributes to a supportive and enriching learning environment. In addition, the campus offers extracurricular programs to support the needs and interests of the whole child. Programs include sports, after-school clubs, and enrichment opportunities.

Diversity and inclusion initiatives are integral to IDEA Hardy College Prep. The campus promotes cultural celebrations, equity training for staff, and the creation of a safe and inclusive learning environment for all scholars. It strives to ensure that every scholar feels valued, respected, and supported in their educational journey. Hardy College Prep also prioritizes anti-bullying programs, social-emotional learning, and mental health resources. By focusing on these areas, the school aims to foster a nurturing and encouraging atmosphere where scholars can thrive academically, socially, and emotionally.

Demographics Strengths

IDEA Hardy College Prep's demographic strength includes serving over 80% economically disadvantaged scholars and providing them with a rigorous curriculum to close the opportunity gap and ensure ALL scholars have the opportunity for college and beyond.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There was a noticeable decline in scholar persistence, specifically 84% (6% below the annual goal). **Root Cause:** 1) Lack of clear and consistent communication with parents and scholars about the campus culture and expectations. 2) Lack of teacher development in best practices regarding classroom and campus culture.

Problem Statement 2 (Prioritized): There was a lack of consistent instruction due to teacher retention (71%; 14% below the annual goal). **Root Cause:** 1) Lack of clear and consistent communication around expectations for teachers. 2) Lack of teacher development.

Student Learning

Student Learning Summary

	Likelihood of Passing				Most Recent Performance Level			
	LDP	ZOU	LP	Likely Passed	Approaches	Meets	Masters	90/60/30

8th Grade SS	39	58	22	18%	31	5	2	26/4/2
8th Grade Biology	3	30	85	72%	**112**	**68**	**20**	**95/58/17**
				51%				58/20/7

**The Student Learning Summary above includes data based on the Likely to Pass standards provided by TEA and based on the previous year's performance bands. this section will be updated upon released information from TEA regarding performance bands in August 2023.*

Student Learning Strengths

The IDEA Hardy College Prep 8th-grade scholars engage in rigorous high school-level instruction. On the 2023 EOC, 85% of 8th-grade scholars scored approaches or higher for Algebra I or Biology, which ensures they are one step closer to being college ready.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a lack of college-ready performance (meets/masters) in core classes. **Root Cause:** 1) Lack of rigor, differentiation, and scaffolding to ensure mastery of all standards. 2) Lack of teacher development in planning and data analysis.

Problem Statement 2 (Prioritized): There is a decline in mathematics performance across all grade levels. **Root Cause:** 1) Lack of scaffolding and/or intervention to close mathematics gaps post-pandemic. 2) Lack of exposure to multiple methods of mathematical problem-solving.

Problem Statement 3 (Prioritized): There is a decline in student attendance (93%; 4% below annual goal). **Root Cause:** 1) Lack of engaging, rigorous instruction in every classroom 2) Lack of clear expectations to families regarding attendance expectations and pitfalls.

School Processes & Programs

School Processes & Programs Summary

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework before graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy, and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- The IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment with the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff to develop teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provides targeted research-based instruction to students who have a 2.0-year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA-awarded Autism Grant. Through this grant, we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, the district is committed to getting back to that average
- IDEA retains an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school holds my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow-through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

School Processes & Programs Strengths

**Strengths included in the School Processes & Programs Summary*

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Only 50% of staff members feel that there is collaboration to get things done. **Root Cause:** 1) Lack of opportunities for teachers to collaborate on learning and best practices.

Problem Statement 2 (Prioritized): 55% of staff members feel that there is a lack of vision. **Root Cause:** 1) Lack of communicating a clear vision and expectations to teachers and staff at the beginning of the school year.

Perceptions

Perceptions Summary

Student Survey Results:

- Safety - 4.4/5
- School Safety - 3.3/5
- School Belonging - 2.9/5
- School Climate - 2.9/5
- Teacher-Student Relationship - 2/9/5
- 88% of teachers rated at a 3.0 or higher by students

Family Survey Results:

- School Safety & Security - 4.0/5
- Safety - 3.7/5
- Expectation Awareness - 3.4/5
- Healthy Kids Initiative - 3.4/5
- Mental Health/SEL - 3.2/5

Perceptions Strengths

80% of parents have an understanding and level of comfort with IDEA Hardy CP's safety routines and procedures.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Students feel a lack of belonging at IDEA Hardy College Prep. **Root Cause:** 1) Lack of intentional culture/team building during BOY culture camp. 2) Lack of teacher development in building an effective classroom culture.

Problem Statement 2 (Prioritized): Parents feel a lack of communication between teachers and the campus. **Root Cause:** 1) Lack of clear and consistent communication practices in place. 2) Lack of expectations set around teacher communication with parents.

Priority Problem Statements

Problem Statement 1: There was a noticeable decline in scholar persistence, specifically 84% (6% below the annual goal).

Root Cause 1: 1) Lack of clear and consistent communication with parents and scholars about the campus culture and expectations. 2) Lack of teacher development in best practices regarding classroom and campus culture.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There was a lack of consistent instruction due to teacher retention (71%; 14% below the annual goal).

Root Cause 2: 1) Lack of clear and consistent communication around expectations for teachers. 2) Lack of teacher development.

Problem Statement 2 Areas: Demographics

Problem Statement 3: There is a lack of college-ready performance (meets/masters) in core classes.

Root Cause 3: 1) Lack of rigor, differentiation, and scaffolding to ensure mastery of all standards. 2) Lack of teacher development in planning and data analysis.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: There is a decline in mathematics performance across all grade levels.

Root Cause 4: 1) Lack of scaffolding and/or intervention to close mathematics gaps post-pandemic. 2) Lack of exposure to multiple methods of mathematical problem-solving.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: 55% of staff members feel that there is a lack of vision.

Root Cause 5: 1) Lack of communicating a clear vision and expectations to teachers and staff at the beginning of the school year.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Only 50% of staff members feel that there is collaboration to get things done.

Root Cause 6: 1) Lack of opportunities for teachers to collaborate on learning and best practices.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Parents feel a lack of communication between teachers and the campus.

Root Cause 7: 1) Lack of clear and consistent communication practices in place. 2) Lack of expectations set around teacher communication with parents.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Students feel a lack of belonging at IDEA Hardy College Prep.

Root Cause 8: 1) Lack of intentional culture/team building during BOY culture camp. 2) Lack of teacher development in building an effective classroom culture.

Problem Statement 8 Areas: Perceptions

Problem Statement 9: There is a decline in student attendance (93%; 4% below annual goal).

Root Cause 9: 1) Lack of engaging, rigorous instruction in every classroom 2) Lack of clear expectations to families regarding attendance expectations and pitfalls.

Problem Statement 9 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Observation Survey results
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Dyslexia data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Attendance data
- Discipline records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: CP: 50% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

Strategy 3: Monthly attendance celebration for students who achieve perfect attendance. **Strategy's Expected Result/Impact:** The expected result/impact of this strategy is to increase attendance by celebrating those who consistently meet the attendance expectation. **Staff Responsible for Monitoring:** Principal, API, APO, Counselor, College Counselor **Title I:** 2.4, 2.5, 2.6, 4.1, 4.2 **- TEA Priorities:** Connect high school to career and college, Improve low-performing schools **- ESF Levers:** Lever 3: Positive School Culture, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Demographics 1 - Student Learning 3 - Perceptions 2 **Funding Sources:** Attendance Incentives - Title I, Part A (4120) - $1,820.39	100%	100%	100%	

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: There was a noticeable decline in scholar persistence, specifically 84% (6% below the annual goal). **Root Cause**: 1) Lack of clear and consistent communication with parents and scholars about the campus culture and expectations. 2) Lack of teacher development in best practices regarding classroom and campus culture.
Student Learning
Problem Statement 3: There is a decline in student attendance (93%; 4% below annual goal). **Root Cause**: 1) Lack of engaging, rigorous instruction in every classroom 2) Lack of clear expectations to families regarding attendance expectations and pitfalls.
Perceptions
Problem Statement 1: Students feel a lack of belonging at IDEA Hardy College Prep. **Root Cause**: 1) Lack of intentional culture/team building during BOY culture camp. 2) Lack of teacher development in building an effective classroom culture.
Problem Statement 2: Parents feel a lack of communication between teachers and the campus. **Root Cause**: 1) Lack of clear and consistent communication practices in place. 2) Lack of expectations set around teacher communication with parents.

Goal 4: Increase staff retention

Performance Objective 1: CP: 100% of full-time staff members complete all tasks within IDEA's staff development cycle including goal setting, 2x2, and annual performance reviews during the 2023-24 school year.

High Priority

IDEA Public Schools

Harlingen College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 30, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Demographics

Demographics Summary

IDEA Harlingen College Prep is a Title one school that is a A rated campus with an over enrollment number of 285 students. Families want to bring students to our campus due to school safety, A rating, joy our teachers bring. We offer quality classroom instruction with the mission of College for All.

2022-2023 Average Daily Attendance:

6th - 94.29% 7th - 93.89% 8th - 92.89% Total: 93.65%

Demographics Strengths

Harlingen College Prep demographics include 85.77% of student population being economically disadvantaged, 91.6% Hispanic, 18.25% disabilities and 29.56% Emergent Bilingual.

A rated campus.

School Safety

Problem Statements Identifying Demographics Needs

Problem Statement 1: Campus level incentives are great; however grade level incentives are more competitive amongst each other. **Root Cause:** Lack of implementation and follow up to ensure grade levels are owning ADA incentives.

Problem Statement 2: Parents keep students home more when they are sick. It seems easier for students to talk their parents into keeping them home claiming they are sick. This was a trend that could have been caused because of the fear of covid. **Root Cause:** Gap in campus implementation of escalated attendance measures.

Problem Statement 3: The educational gap caused by covid virtual learning appears to have caused more SPED students that might not have been SPED if they received in person instruction during covid. **Root Cause:** Campus should be able to close this gap with additional SPED staff to support students.

Problem Statement 4: Mid-year students struggle with culture for quite a while after onboarding. It is hard for students to catch up academically if they are not acclimated to the culture at the campus. **Root Cause:** Gap in mid-year onboarding plan to acclimate students to culture of our campus.

Problem Statement 5: Middle School lacks traditional fine arts subjects. **Root Cause:** Campus should replace AR and Hotspot with traditional fine arts subjects.

Student Learning

Student Learning Summary

For the 21-22 school year, we were an A rated campus, earning 4/5 distinctions. We are currently pending STAAR data for the 22 -23 data for grades 6th - 8th. Our EOC data for Algebra 1 was 84/47/24 with a SAS of 52 putting us 3 points above our district average. In addition for Biology our data was 98/74/37 with a SAS of 70 putting us 11 points above our district average.

See PDF in addendum for more information.

Student Learning Strengths

Our STAAR performance rates at masters in 6th and 7th grade were above the state in both ELA and Math. In addition, we saw the most growth in our Academic Growth Score individually in ELA and Math as well as combined overall.

See PDF in addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Students struggled with the new expectation of writing on all ELA staar exams. **Root Cause:** ELA classroom instruction did not backwards plan to incorporate more writing practice throughout the year.

Problem Statement 2: Students in all grade levels struggled implementing test taking strategies for the STAAR that was on the computer. **Root Cause:** Classroom instructional strategies did not prioritize giving students multiple opportunities to practice with a new style of testing.

Problem Statement 3: The new STAAR exam in all contents incorporated new types of questions that students had not practiced with. **Root Cause:** Our district curriculum did not include areas throughout the units to expose student to these types of questions.

Problem Statement 4: CSI students did not meet their benchmarks in 2/5 exams. **Root Cause:** Classroom instructional strategies do not prioritize our language learners.

Problem Statement 5: Our campus did not earn the ELA distinction for academic achievement. **Root Cause:** ELA curriculum lacks specific and sufficient at bats that align to STAAR questions.

School Processes & Programs

School Processes & Programs Summary

Curriculum and Instruction: District provided math curriculum with teacher and student workbooks, District purchase curriculum (Wit and Wisdom) for 6th-8th ELA, district provides resources for science/humanities, but these resources are not as extensive (often missing days, The Hub is disorganized, and lessons are formatted in different ways).

Professional Development: this year's PD sessions were every other week (avg of 2 per month) to avoide meetings on Mondays, BOY PD was roughly the same for new and veteran teachers regardless of record of results, this year there was no PD for Onward/teacher satisfaction or personal development

Communication and Decision Making: important information is collected and put into Teacher Weekly, GTL meetings added in an attempt to increase upwards feedback and teacher voice, GTL/admin meetings held inconsistently at EOY, scheduling- same master schedule was used for this year- optional schedule meeting for next year had 2 attendants, Dean's list purchased to streamline behavior management communication/documentation

Extra-curriculurs- after school clubs- earth club, chess club, study hall, drumline, cheer, dance sports- volleyball, flag football, basketball, soccer, X country

Survey results:

Bottom 5:

People at IDEA are fairly compensated for the work they do.	**55.6**	**50**	**-5.6**
IDEA is a mentally and emotionally healthy place to work.	47.3	50	2.7
I am compensated fairly for my role and responsibilities.	66.6	61.5	-5.1
IDEA team members collaborate to get things done.	69.7	61.5	-8.2
IDEA senior leadership has a clear vision of the direction IDEA is headed and how we will get there.	62	61.5	-0.5

Top 5:

I would recommend my manager to other IDEA employees.	**80.5**	**96.2**	**15.7**
My fellow employees are committed to doing quality work.	80	96.2	16.2
My leadership team cascades information about important updates or changes.	73.4	96.2	22.8
My leadership team makes their expectations clear.	74.8	96.2	21.4
My work is meaningful.	87.8	100	12.2

School Processes & Programs Strengths

1. Overall positive feelings towards campus employees (shown on survey)

2. Communication has improved over last year- Teacher Weekly has more information (according to commitee member's perceptions)

3. Parent communication has improved- more details given to parents (according to committee member's perceptions)

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: No opportunities for content team development and collaboration/vertical alignment. **Root Cause:** No content-teams or scope and sequence developed at BOY.

Problem Statement 2 (Prioritized): No differentiated PD for teachers (new vs. returning). **Root Cause:** No year-long scope for PD that was differentiated.

Problem Statement 3 (Prioritized): Feeling of collaboration on campus is rated low on survey. **Root Cause:** No content teams to support eachother's development and problem-solving, minimal team-building throughout the year.

Problem Statement 4 (Prioritized): Student behavior and other action items took longer to address this year because tacticals were spread out. **Root Cause:** Tacticals were every other week and any social tacticals meant that that team couldn't meet for 3-4 weeks.

Problem Statement 5: Inconsistent decision making around consequences. **Root Cause:** Consistent training and communication API to GTL not present.

Perceptions

Perceptions Summary

On our campus students meet with a counselor who helps them fill out a “Blueprint” that helps guide the students on a restorative path after an incident that causes In School or Out of School Suspension. Meta-moments, which is a tool utilized to get students thinking about their “best selves” and how their “best self” would act, are also used for student self-reflection in an effort reduce conflict. School administrators and Grade team leaders will also lead conflict resolution meetings with students in an effort to reduce conflict between two students. IDEA Harlingen CP also utilizes behavior plans and stay away agreements, contracts between two or more students where they agree to avoid all interactions with each other including homeroom changes. In the previous 2021-2022 school year two teachers did not return and this year we are at 100% of teacher retention. We do not currently have a mentoring program in place. Teachers generally have a perception that IDEA Harlingen CP has high academic expectations. IDEA Harlingen CP tends to have a high average number of staff absences.

Perceptions Strengths

Each year, IDEA asks all staff members to complete the Great Places To Work survey. Below are key highlights of the data from the Fall 2022 Org Wide Pulse Check from Great Places to Work Survey

IDEA Harlingen CP scored a 100 “Management shows appreciation for good work and extra work.”
IDEA Harlingen CP scored a 100 “You can count on people to cooperate.”
IDEA Harlingen CP scored a 94 “This is fun place to work.”
IDEA Harlingen CP scored a 94 “People look forward to coming to work here.”

Problem Statements Identifying Perceptions Needs

Problem Statement 1: IDEA Harlingen CP is currently not on track to meet ADA goal **Root Cause:** Based on data from our persistence tracker the highest concentration of leavers reason is "moving."

Problem Statement 2: Discipling matrix does not include consequences in terms of restorative discipline. **Root Cause:** Administration and IDEA HQ has not taken the time to consider ways to create restorative consequences.

Problem Statement 3: IDEA Harlingen CP Persistence transition from Middle School to College Prep. **Root Cause:** Administration and Faculty need to include/plan more non-academic events for the students to Bring Joy and make school a fun place for the students. (Include parents for more involvement)

Problem Statement 4: IDEA Harlingen CP persistence due to not enough elective classes to choose from. **Root Cause:** Not enough club options are available to students. Students have suggested choir, art, drama, architecture, agriculture, medicine, coding, etc..

Problem Statement 5: Parents are generally unaware of how our school model helps prepare students for college **Root Cause:** As a campus we have not emphasized how our campus model differs from that of regular campuses and how our campus model better prepares students for college.

Priority Problem Statements

Problem Statement 1: Student behavior and other action items took longer to address this year because tacticals were spread out.
Root Cause 1: Tacticals were every other week and any social tacticals meant that that team couldn't meet for 3-4 weeks.
Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: Feeling of collaboration on campus is rated low on survey.
Root Cause 2: No content teams to support eachother's development and problem-solving, minimal team-building throughout the year.
Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: No differentiated PD for teachers (new vs. returning).
Root Cause 3: No year-long scope for PD that was differentiated.
Problem Statement 3 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Discipline records

Employee Data

- Staff surveys and/or other feedback

- Teacher/Student Ratio
- Campus leadership data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: 36% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: MOY and EOY TELPAS strategies **Strategy's Expected Result/Impact:** 42% of students grow one TELPAS indicator or maintain AH **Staff Responsible for Monitoring:** APIs **Title I:** 2.6 **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: IDEA achieves an A Rating

Performance Objective 2: 100% of identified scholars meet required minutes per House Bill 4545 (HB4545)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Content leaders drive HB 4545 minutes with weekly progress emails. **Strategy's Expected Result/Impact:** 100% meet minutes by end of Q3 **Staff Responsible for Monitoring:** Content Leaders **Title I:** 2.4, 2.6 **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: IDEA achieves an A Rating

Public Presentation Date: September 27, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

We **IGNITE** students to be here to growâ€‹

â€‹

We **EMPOWER** students in our ABC'sâ€‹

(Academic excellence & equity, Belonging, Commitment to dismantling racism & oppression)â€‹

â€‹

We **LEAD** students to be the best version of themselves so they can lead others. â€‹

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Health Professions College Prep is a Title 1 campus that has a STEAM focus specifically geared towards Biomedical study. IDEA Health Professions CP currently serves 6th to 10th grade with expansion plans to 12th grade within the next two year. We have an extremely diverse group of students, staff, and families. Here at IDEA Health Professions, we believe in creating an environment where students and staff feels seen, heard, and appreciated throughout their entire experience here which is why our persistence and retention is so important within our school planning.

Demographics Strengths

- Strong morning advisory plans geared toward SEL & student identity

- High teacher retention

- Diverse group of staff, teachers, and leaders within the building

Problem Statements Identifying Demographics Needs

Problem Statement 1: Building an even more diverse student body **Root Cause:** Becoming more embedded within the community around our school

Student Learning

Student Learning Summary

Students have shown tremendous growth around math, science, and ELA historically via our STAAR exam with a very strong growth around TELPAS and SPED data.

Student Learning Strengths

- English 1 STAAR data

- Math historical data growth in STAAR

- TELPAS growth to 61%

- CSI growth to 64%

Problem Statements Identifying Student Learning Needs

Problem Statement 1: ELA data growth **Root Cause:** Independent reading levels

School Processes & Programs

School Processes & Programs Summary

Currently we lead weekly professional development sessions with all teachers with hands-on real-time coaching each and every day while simultaneously creating an extracurricular program for students to find joy within school each week.

School Processes & Programs Strengths

- Teacher & student joy

- Quick growth

- Clear expectations

- Clear growth structure

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Teacher collaboration **Root Cause:** Giving more ownership to teachers for growth opportunities

Perceptions

Perceptions Summary

Throughout the year we college feedback from staff, students, and families through quarterly surveys and weekly staff surveys to make sure our staff, students, and families feel heard and seen.

Perceptions Strengths

- Parent Communication

- Feedback driven school

- Quick adjustments

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Additional communication with families that are more difficult to get in contact with **Root Cause:** Additional family events and strategic face to face communication.

Priority Problem Statements

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from X% to X% in Spring 2024 (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Leverage "LOVE" acronym across content to support students with breaking down, internalizing, and grappling with reading within all levels. **Strategy's Expected Result/Impact:** Increase student STAAR level **Staff Responsible for Monitoring:** APIs				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: IDEA achieves an A Rating

Performance Objective 2: IA: Third-grade students performing at or above grade level in math as measured by the Meets Grade Level Standard on STAAR will increase from X% to X% in Spring 2024. (HB3)

Comprehensive Needs Assessment

Revised/Approved: August 18, 2023

Demographics

Demographics Summary

IDEA Hidden Meadow College Prep was founded in 2020, putting us into our fourth year. We will expand to service grades 6-9 in the 23-24 school year, although we will eventually scale to serve 6-12 in subsequent years. We are an open enrollment public charter school primarily servicing families on the far west side of San Antonio, Tx. We utilize special programs for Special Education, Section 504, and English Learners and have supplemented this with additional programming for athletics and afterschool programming for fine arts.

Demographics Strengths

IDEA is achieving it's mission of college-for-all in serving a majority of economically disadvantaged students. IDEA offers a competitive salary for teachers with experience.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase student persistence for new to IDEA students because there was a significant decline this year. **Root Cause:** 1) A lack of consistent follow through of the behavior management system and holding consistent. 2) A lack of consistent communication to families.

Problem Statement 2 (Prioritized): There is a need to increase student achievement data for our scholars in special education. Our scholars in special education have not performed as high as other demographics and are below our district benchmark expectations. **Root Cause:** 1) Training for how to support the wide ranch accommodations needed to support scholars did not effectively prepare teachers and leaders. 2) Inconsistent teacher retention in STAAR tested areas.

Student Learning

Student Learning Summary

IDEA Hidden Meadow achieved an A-Rating for school accountability in the 21-22 school year, but are on-track to receive an F rating for 22-23 according to mock practice exams. Current preliminary data has 92% of tests passing at the low cut-score and 60% of tests passing at the high cut score.

Student Learning Strengths

Strong use of data on a daily basis, examining end-of-class-period exit tickets multiple times per day. Active monitoring of student work with quick, bite-sized feedback.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Performance of scholars in special education has continued to be below benchmarks. **Root Cause:** 1) Inconsistent teachers year over year in STAAR tested subjects 2) Training did not result in effective teaching practices for scholars in special education.

Problem Statement 2 (Prioritized): Performance of scholars in 6th grade math saw a large decline. **Root Cause:** 1) Discipline management techniques resulted in increased focus on behavior and less focus on academic support. 2) Tracking of data driven by leaders and not by teacher or students.

School Processes & Programs

School Processes & Programs Summary

IDEA Hidden Meadow College Prep develops instructional leaders through coaching and development. Instructional leaders attend a week-long summer training that is rooted in our district's professional development guide for school leaders, the School Leadership Leavers (SLLs). Through this training, instructional leaders take part in a See it, Name it, Do it format that ensures they are proficient in diagnosing classrooms, providing teachers with feedback and real-time coaching, and setup follow up meetings to coach teachers to mastery. Our Professional development is rooted in the SLLs and takes into account an instructional leaders proficiency level to determine which training they get and how they are coached during check-ins. The principal joins instructional leader coaching with teachers to provide feedback to instructional leaders, be a thought partner for both teachers and leaders, and provide coaching to the instructional leader as well.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There was a decrease in scholars happiness and scholars wanting to come to school. This was evidenced by our low persistence numbers and scholar greetings. **Root Cause:** 1) Joy events held less frequently. 2) Lingering behavior issues in classrooms created some classroom environments that were disruptive or overly strict. 3) Staff usage of positive narration and joy strategies dropped. 4) Extracurricular offerings decreased

Problem Statement 2 (Prioritized): Family engagement strategy did not invest families in either academic programs or behavioral supports. **Root Cause:** 1) Inconsistent family engagement events 2) Gap in timeliness of communication to families

Perceptions

Perceptions Summary

We survey families and scholars each year to gather feedback on our campus. When scholars are in need of it, IDEA Hidden Meadow utilizes peer mediation to reach agreements on how scholars are expected to interact with each other if a friendly resolution is not reached. Staff turnover increased after year three when compared to year one and two. The perception of staff's academic expectations is that we have high academic expectations for scholars and there are initial struggles during the year because many of our scholars join our school already significantly behind grade level.

Perceptions Strengths

According to the AEE Staff survey, strength areas includes leadership valuing and responds to feedback from staff, treating staff fairly regardless of how they identify, and that staff feel they are able to do what they do best each day.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): The number of families unhappy with campus communications has increased this year. **Root Cause:** 1. Messaging to families was vague and did not include key details families wanted to have. 2. Messaging to families was not timely in all cases.

Problem Statement 2: There was a decrease in staff that feel they have a positive work-life balance. **Root Cause:** Stressing the importance of scholar achievement created the effect of teachers feeling that they must work beyond school hours to ensure the desired next steps for improving academics were completed.

Priority Problem Statements

Problem Statement 1: Performance of scholars in 6th grade math saw a large decline.

Root Cause 1: 1) Discipline management techniques resulted in increased focus on behavior and less focus on academic support. 2) Tracking of data driven by leaders and not by teacher or students.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Performance of scholars in special education has continued to be below benchmarks.

Root Cause 2: 1) Inconsistent teachers year over year in STAAR tested subjects 2) Training did not result in effective teaching practices for scholars in special education.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: There is a need to increase student persistence for new to IDEA students because there was a significant decline this year.

Root Cause 3: 1) A lack of consistent follow through of the behavior management system and holding consistent. 2) A lack of consistent communication to families.

Problem Statement 3 Areas: Demographics

Problem Statement 4: There is a need to increase student achievement data for our scholars in special education. Our scholars in special education have not performed as high as other demographics and are below our district benchmark expectations.

Root Cause 4: 1) Training for how to support the wide ranch accommodations needed to support scholars did not effectively prepare teachers and leaders. 2) Inconsistent teacher retention in STAAR tested areas.

Problem Statement 4 Areas: Demographics

Problem Statement 5: There was a decrease in scholars happiness and scholars wanting to come to school. This was evidenced by our low persistence numbers and scholar greetings.

Root Cause 5: 1) Joy events held less frequently. 2) Lingering behavior issues in classrooms created some classroom environments that were disruptive or overly strict. 3) Staff usage of positive narration and joy strategies dropped. 4) Extracurricular offerings decreased

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Family engagement strategy did not invest families in either academic programs or behavioral supports.

Root Cause 6: 1) Inconsistent family engagement events 2) Gap in timeliness of communication to families

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: The number of families unhappy with campus communications has increased this year.

Root Cause 7: 1. Messaging to families was vague and did not include key details families wanted to have. 2. Messaging to families was not timely in all cases.

Problem Statement 7 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- School safety data

- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices
- Action research results
- Other additional data

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: 82% of scholars taking STAAR/EOC Exams will meet or exceed their Growth Goal scores for the 23-24 school year.

Performance Objective 5 Problem Statements:

Demographics
Problem Statement 1: There is a need to increase student persistence for new to IDEA students because there was a significant decline this year. **Root Cause**: 1) A lack of consistent follow through of the behavior management system and holding consistent. 2) A lack of consistent communication to families.
Problem Statement 2: There is a need to increase student achievement data for our scholars in special education. Our scholars in special education have not performed as high as other demographics and are below our district benchmark expectations. **Root Cause**: 1) Training for how to support the wide ranch accommodations needed to support scholars did not effectively prepare teachers and leaders. 2) Inconsistent teacher retention in STAAR tested areas.

Student Learning
Problem Statement 1: Performance of scholars in special education has continued to be below benchmarks. **Root Cause**: 1) Inconsistent teachers year over year in STAAR tested subjects 2) Training did not result in effective teaching practices for scholars in special education.
Problem Statement 2: Performance of scholars in 6th grade math saw a large decline. **Root Cause**: 1) Discipline management techniques resulted in increased focus on behavior and less focus on academic support. 2) Tracking of data driven by leaders and not by teacher or students.

School Processes & Programs
Problem Statement 1: There was a decrease in scholars happiness and scholars wanting to come to school. This was evidenced by our low persistence numbers and scholar greetings. **Root Cause**: 1) Joy events held less frequently. 2) Lingering behavior issues in classrooms created some classroom environments that were disruptive or overly strict. 3) Staff usage of positive narration and joy strategies dropped. 4) Extracurricular offerings decreased

School Processes & Programs
Problem Statement 2: Family engagement strategy did not invest families in either academic programs or behavioral supports. **Root Cause**: 1) Inconsistent family engagement events 2) Gap in timeliness of communication to families

Goal 1: IDEA achieves an A Rating

Performance Objective 6: School achieves 90/60/30 in approaches/meets/masters as measured by the STAAR testing

High Priority

IDEA Public Schools

Horizon Vista College Prep

2023-2024 Improvement Plan

Public Presentation Date: September 21, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: May 26, 2023

Demographics

Demographics Summary

Our school is a public charter dedicated to guiding and preparing scholars for a 4-year college or university. It was founded in 2020 in the small town of Horizon City, TX. Currently, we serve grades **6-9** and plan to expand one grade level every year until we graduate our first senior class in 2027. In the short time that we've been open, we have hit internal instructional goals, and for the **2022-2023** school year, were designated an A campus

Our **enrollment** has seen increases since our launch in 2020.
2020-2021 74 6th graders
2021-2022 XX 6th graders
XX 7th graders
2022-2023 XX 6th graders
XX 7th graders
XX 8th graders
2023- 2024 XX 6th graders

The community is primarily Hispanic and economically disadvantaged (see table below) and more than half are Emergent Bilingual, **63%.**

Last year, we hit an average of **93%** attendance, 88% overall persistence and **81%** new student persistence.

Average Daily Attendance:
Overall Persistence:
New Student Persistence:

XX 7th graders
XX 8th graders
XX 9th graders

we launched with 74 sixth graders and saw an increase the following year to 90 and this year to 94. Our 7th grade class grew significantly from 84 to 111 and we have 107 eighth graders, which is a significant increase from the 74 that launched in this cohort.

The community is primarily Hispanic and economically disadvantaged (see table below) and more than half are Emergent Bilingual, 63%.

Last year, we hit an average of 93% attendance, 88% overall persistence and 81% new student persistence.

Demographics Strengths

See PDF Addendum for more information

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Decrease in student persistence **Root Cause:** There is a great opportunity to invest in and promote a college-going culture by providing more nurturing and support. With such efforts, we can help students reach their full potential and achieve their goals.

Problem Statement 2: Increased level 3 offenses. **Root Cause:** There is great potential for improvement in classroom management processes and procedures with a focus on developing effective preventive programs and follow-through measures. By implementing these changes, we can create a more positive and productive learning environment for students. Lack of adequate preventive programs and follow-through in current classroom management processes and procedures.

Student Learning

Student Learning Summary

Currently, we are competing with other schools with similar demographics. We don't currently have exact cut scores but are scoring A's on high cut. We are currently struggling with our SpEd and EB populations which will be our focus for the 23-24 school year. We are going to focus on our CSI program by assuring that students are placed in the correct groups. We will be implementing Summitt for our EB population. We will also be pushing literacy across the curriculum and focus on writing.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Opportunities for Improvement in Special Pops Programming **Root Cause:** Moving forward, there is a great opportunity to prioritize special populations, monitor effective strategies, and set specific goals to ensure their success.

Problem Statement 2: Building college-ready literacy across contents **Root Cause:** There is room for growth in providing more opportunities for accountable talk and effective writing.

School Processes & Programs

School Processes & Programs Summary

Campus instructional leaders are developed through one to one coaching, rounds and coaching academy. There are also PD opportunities throughout the year to hone their skills and an opportunity to attend Relay.

During Instructional Rounds we identify trends in teaching that cause instructional gaps and use that data to build the professional development for the end of the week.

We use the GET document to norm on best practices and coach and develop teachers using it as a guide. We are data responsive and are constantly analyzing data to find gaps and misconceptions.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): New teachers with little or no knowledge of IDEA culture **Root Cause:** Opportunity for Coaching, development, and nurturing of ideals and classroom practices

Problem Statement 2: Classroom teacher and student incentives **Root Cause:** Planning for other sources of funding and clear guidelines

Perceptions

Perceptions Summary

At IDEA Horizon Vista we use Restorative Circles to reduce conflict between all stakeholders. In the past year more than half of the faculty resigned because of poor adult culture. Staff perception was that administration was not in tune with any of their personal needs and saw no movement toward making the situation better. However, community involvement is high and you can plainly see because of the attendance to family engagement events.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Improving the understanding of the perceptions of key stakeholders on various projects, events and initiatives. **Root Cause:** There is room for improvement when it comes to providing clear guidelines for data collection, such as perception surveys and attendance. With some clarifications and adjustments, we can ensure better accuracy and efficiency in our data gathering processes.

Problem Statement 2: Ongoing collaboration with students and parents to share campus vision and programs being offered. **Root Cause:** Unclear vision and goals

Priority Problem Statements

Problem Statement 1: Decrease in student persistence

Root Cause 1: There is a great opportunity to invest in and promote a college-going culture by providing more nurturing and support. With such efforts, we can help students reach their full potential and achieve their goals.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Opportunities for Improvement in Special Pops Programming

Root Cause 2: Moving forward, there is a great opportunity to prioritize special populations, monitor effective strategies, and set specific goals to ensure their success.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: New teachers with little or no knowledge of IDEA culture

Root Cause 3: Opportunity for Coaching, development, and nurturing of ideals and classroom practices

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Improving the understanding of the perceptions of key stakeholders on various projects, events and initiatives.

Root Cause 4: There is room for improvement when it comes to providing clear guidelines for data collection, such as perception surveys and attendance. With some clarifications and adjustments, we can ensure better accuracy and efficiency in our data gathering processes.

Problem Statement 4 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations
- Federal Report Card and accountability data
- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Observation Survey results
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data

- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Violence and/or violence prevention records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact
- Equity data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices
- Other additional data

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: ACT word of the day: All courses will use the word of the day in their lessons and include them on their word walls. Students will quiz on the words that they learned after each unit. **Strategy's Expected Result/Impact:** Expand scholars' vocabulary for ACT and other standardized tests. **Staff Responsible for Monitoring:** College Counselor & Principal **TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college, Improve low-performing schools **Problem Statements:** Student Learning 1				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: ACT curriculum will be reviewed during RTTC. **Strategy's Expected Result/Impact:** Familiarize 9th graders with the ACT. **Staff Responsible for Monitoring:** CC and RTTC teacher **TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: Opportunities for Improvement in Special Pops Programming **Root Cause**: Moving forward, there is a great opportunity to prioritize special populations, monitor effective strategies, and set specific goals to ensure their success.

Goal 1: All IDEA students matriculate to college

Performance Objective 2: 100% of graduates meet TSIA college readiness benchmark (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: TSI prep sessions for 9th graders **Strategy's Expected Result/Impact:** TSI Exemptions **Staff Responsible for Monitoring:** RTTC and CC **TEA Priorities:** Connect high school to career and college				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 1: IA & CP: 90% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Focused professional development and coaching on SIOP strategies and Language TEKS. **Strategy's Expected Result/Impact:** All teachers will seamlessly integrate strategies into their lesson plans. **Staff Responsible for Monitoring:** Curriculum Managers **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 1				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Schedule daily use of Summitt English Language Development for EB scholars. **Strategy's Expected Result/Impact:** Accelerate language acquisition **Staff Responsible for Monitoring:** Interventionists, AR Hotspot teachers and Art teachers **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: Opportunities for Improvement in Special Pops Programming **Root Cause**: Moving forward, there is a great opportunity to prioritize special populations, monitor effective strategies, and set specific goals to ensure their success.

Goal 2: IDEA achieves an A Rating

Performance Objective 2: IA & CP: 100% of identified scholars meet required minutes per House Bill 4545 (HB4545)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: One hour a week on the HB4545 Accelerated Learning (30-hr) Bundles from Summitt until March 1st. Weeks of the 18 and the 25 of March will be 2 hours. **Strategy's Expected Result/Impact:** We will be able to taylor learning through the Summitt Platform and scholars will have had the remediation needed before the state test. **Staff Responsible for Monitoring:** SpEd teachers and Interventionists **ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments **Problem Statements:** Student Learning 1				

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 1: Opportunities for Improvement in Special Pops Programming **Root Cause**: Moving forward, there is a great opportunity to prioritize special populations, monitor effective strategies, and set specific goals to ensure their success.

Goal 2: IDEA achieves an A Rating

Performance Objective 3: IA & CP: X% of SPED Students attain approaches in STAAR by June 2024 (TEC 11.253(d)(2))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Focused professional development and coaching on VAK (Visual Auditory Kinesthetic) lesson planning. **Strategy's Expected Result/Impact:** Teachers will have a higher rate of a successful first teach. **Staff Responsible for Monitoring:** Curriculum Managers **ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 1				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Deep Dive into IEPs to decipher which accommodations are the most widely used and focus training on them. **Strategy's Expected Result/Impact:** Teachers will be more aware and of IEP accommodations and how to incorporate them into their lesson plans. **Staff Responsible for Monitoring:** Curriculum Managers **ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 1

IDEA Public Schools

Ingram Hills College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 17, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 25

Comprehensive Needs Assessment

Revised/Approved: August 25, 2023

Demographics

Demographics Summary

IDEA Ingram Hills represents a campus that is diverse in culture, ethnicity and gender. We were able to have a low drop out rate, losing only 1 scholar which tells us once our scholars are here, they want to stay here. Part of what makes our campus unique is that we have a strong RISE/SPED team that provides support to our scholars. Our RISE scholars and are able to differentiate and give support based on individual student needs. Our areas of opportunity for areas in our campus were low ADA rates, teacher retention has room for improvement and students were not successful in AP courses due to not being prepared to take 4 advanced courses.

Demographics Strengths

1. Race and ethnicities diversity, students and staff
2. Low dropout rate. Only 1 scholar this year.
3. RISE team is supportive and caring

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): We did not hit our enrollment target. **Root Cause:** 70% persistence in the year before and weak summer recruiting plan.

Problem Statement 2: Student Attendance was around 92%. **Root Cause:** There was inconsistency in upholding the ADA Matrix.

Problem Statement 3 (Prioritized): 4 Teachers resigned in Semester 1 **Root Cause:** There was no clear behavior management system.

Student Learning

Student Learning Summary

At IDEA Ingram Hills we were able to provide teachers with a weekly OTG (on track to graduate) reports, and this data gave teachers a better perspective of student achievement. Teachers were able to pivot instruction testing when needed. We also saw a tremendous growth in our EL population due to our strong support in the classroom. Our next strength, was in providing our 8th grade scholars a graduation plan done by Mr. Escalante. Our areas of opportunity were enrollment due to lack of transportation to families. Other Ideas being in close proximity and inconsistency between Ideas campus particularly in student and family experience. Overall students experienced a lack of investment in achieving their goals due to a system that does not hold them accountable and positive reinforcement.

Student Learning Strengths

1. Weekly OTG report provided by Escalante
2. EL population in achievement in benchmarks
3. Graduation plans provided in 8th grade

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): SPED Scholars struggled to hit "approaches" and "meets" on the STAAR Exams. **Root Cause:** There was a weak partnership between the Gen Ed and SPED teachers.

Problem Statement 2 (Prioritized): Our scholars struggled achieving results in AP classes. **Root Cause:** AP teachers did not receive the coaching cycle consistently.

Problem Statement 3: There was a consistent apathy in our most struggling scholars. **Root Cause:** We struggled to find the right motivation, and partner with families to ensure scholars were successful.

School Processes & Programs

School Processes & Programs Summary

Our strenghts at IDEA Ingram Hills were that we had strong leadership from our APIs at the BOY. We felt supported by leadership and IT teams. We had strong systems in place for grade level communication. Areas of improvement were that lack of implementation of technology in consistently in every classroom. Leaders lacked traning on implementing technology for teachers to use in classrooms. School counselor and social worker should be able to support students due to completing other duties. And lack of exra-curriculur options/academics on campus.

School Processes & Programs Strengths

1. We had great leadership at the BOY/APIs
2. Felt supported by leadership and IT teams
3. Grade level communication

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There was a lack of technology being integrated into daily classroom learning across campus. **Root Cause:** No clear vision/system put in place by lead team.

Problem Statement 2 (Prioritized): Our extra curricular activities only target a small group of students, mainly athletes. **Root Cause:** We did not prioritize finding sponsorship for other academic clubs throughout the year.

Problem Statement 3: Teachers were unclear of who is responsible for which roles in lead team making it difficult for teachers to feel supported by lead team. **Root Cause:** Lack of planning out back up plans for different lead team members being off campus forcing others to be unavailable for their roles.

Perceptions

Perceptions Summary

Ingram Hills campus provided several opportunities for upward feedback through surveys throughout the year with zero risk of retaliation or consequence for transparency. Teacher relationships on campus are strong as they champion and support each other daily. Also, our lead team was quick to communicate data with staff allowing teachers to invest in are areas of opportunity. Gaps at Ingram Hills included student culture due to lack of BOY training on behavior hierarchy. Another area of growth was our community partnership that developed because of a lack of PTA and systems to create volunteer opportunities. Lastly, our biggest area of growth was professionalism as we did not have strong systems to track and hold teachers consistently accountable.

Perceptions Strengths

1. Surveys and feedback was provided, true/transparent- no retaliation
2. Teacher relationships and trust is strong among each other.
3. Strong communication on data

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): We had consistent behavior concerns throughout the year. **Root Cause:** Lack of clear behavior management system.

Problem Statement 2: Our families wanted to support, but there was no clear avenue for them to do so. **Root Cause:** There is no PTA or parent involvement group.

Problem Statement 3 (Prioritized): Teacher professionalism was weak, in regard to hitting deadlines and arriving to work and duty on time. **Root Cause:** There was no clear system to inspect that professionalism norms were being met.

Priority Problem Statements

Problem Statement 1: 4 Teachers resigned in Semester 1
Root Cause 1: There was no clear behavior management system.
Problem Statement 1 Areas: Demographics

Problem Statement 2: SPED Scholars struggled to hit "approaches" and "meets" on the STAAR Exams.
Root Cause 2: There was a weak partnership between the Gen Ed and SPED teachers.
Problem Statement 2 Areas: Student Learning

Problem Statement 3: There was a lack of technology being integrated into daily classroom learning across campus.
Root Cause 3: No clear vision/system put in place by lead team.
Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Our extra curricular activities only target a small group of students, mainly athletes.
Root Cause 4: We did not prioritize finding sponsorship for other academic clubs throughout the year.
Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Teacher professionalism was weak, in regard to hitting deadlines and arriving to work and duty on time.
Root Cause 5: There was no clear system to inspect that professionalism norms were being met.
Problem Statement 5 Areas: Perceptions

Problem Statement 6: We had consistent behavior concerns throughout the year.
Root Cause 6: Lack of clear behavior management system.
Problem Statement 6 Areas: Perceptions

Problem Statement 7: We did not hit our enrollment target.
Root Cause 7: 70% persistence in the year before and weak summer recruiting plan.
Problem Statement 7 Areas: Demographics

Problem Statement 8: Our scholars struggled achieving results in AP classes.
Root Cause 8: AP teachers did not receive the coaching cycle consistently.
Problem Statement 8 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Attendance data
- Discipline records

Employee Data

- Staff surveys and/or other feedback
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: 90% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

Evaluation Data Sources: Mock TELPAS, TELPAS exam

Campus Funding Summary 23

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Judson CP is a public charter school that includes a very diverse and inclusive community that comprises around 750 students.

Demographics Strengths

CSI student data in reading is really good and consistently in the top 5 in the district. High percentage of EL students every year.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Domain 3, SPED students are not performing consistently to meet their AA goals. **Root Cause:** No consistent additional support for SPED students outside of their service minutes.

Problem Statement 2 (Prioritized): EL students are not exiting the program in the three-year span. **Root Cause:** Staff is not adequately trained to meet EL needs and support them within the classroom.

Student Learning

Student Learning Summary

Student performance overall excels in comparison to the district or other schools/school systems. This is due, in part, to teacher engagement and commitment to helping students be successful. Subgroups are performing at or above their academic levels. There are indicators available to suggest individual student growth. The data available to us tells us the majority of the student body is succeeding in comprehension and mastery of subjects. This includes small intervention groups that have teamed up with grade levels to help all students be successful.

Student Learning Strengths

We have small group interventions for SPED, ELLs, and students struggling with mastery of comprehending the subject. The teachers of these groups also do in class

support when needed. Core teachers and small group teachers work together to create a plan of action that will ensure student success. We offer tutoring before and after

school, as well as during lunch. We also hold Saturday school for extra help and support.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Differentiation within the curriculum to provide opportunities for effective small group instruction. **Root Cause:** District curriculum is paced to only provide the instruction and it is jam packed.

Problem Statement 2 (Prioritized): Vertical alignment across grade levels to ensure consistency. **Root Cause:** Teachers create their own systems that are grade level specific that sometimes does not transfer across. (mnemonics, acronyms).

School Processes & Programs

School Processes & Programs Summary

Parents and students are given information packets containing details on procedural and academic differences between each campus. Parents and students are also invite to various seminars.

School Processes & Programs Strengths

All students are given the opportunities to succeed.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Parents and staff feel that they do not receive communication in a timely manner. **Root Cause:** Lack of year at a glance planning by administration to plan.

Problem Statement 2 (Prioritized): Student behaviors are not consistently addressed by teachers and communicated consistently throughout College Preparatory. **Root Cause:** Inconsistent administration, GTL, and teacher discipline matrix follow through that go along with the student code of conduct.

Perceptions

Perceptions Summary

There are avenues for teachers to get additional pointers and tips for becoming a better educator. Other teachers and administrators are willing to offer insight and best practices. There have also been PD meetings where we discussed ways to be better educators. Administration and grade team do an incredible job at making sure all teachers are equipped to succeed in the classroom. There are procedures in place for transitions, do nows, and logs for things that might keep the student from valuable instructional time. Teachers do an excellent job of making sure students are where they are supposed to be.

Perceptions Strengths

All struggling students are identified and given small group intensive instruction when necessary. All teachers use CFU's to make sure there is little confusion with content for at-risk students. IDEA is a closed campus. The gate to the campus is locked at the start of the school day, all guests must register with the front office, all employees must wear ID badges on their person. Every precautions that can be taken to maintain the safety of our students is taken.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Families feel that the school culture is not meeting their children's social emotional well-being. **Root Cause:** Inconsistent social emotional growth trainings for students and staff.

Problem Statement 2 (Prioritized): Students are not celebrated as often as students are reprimanded. **Root Cause:** Lack of consistent investment from students and staff.

Priority Problem Statements

Problem Statement 1: Students are not celebrated as often as students are reprimanded.
Root Cause 1: Lack of consistent investment from students and staff.
Problem Statement 1 Areas: Perceptions

Problem Statement 2: Parents and staff feel that they do not receive communication in a timely manner.
Root Cause 2: Lack of year at a glance planning by administration to plan.
Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: Differentiation within the curriculum to provide opportunities for effective small group instruction.
Root Cause 3: District curriculum is paced to only provide the instruction and it is jam packed.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Domain 3, SPED students are not performing consistently to meet their AA goals.
Root Cause 4: No consistent additional support for SPED students outside of their service minutes.
Problem Statement 4 Areas: Demographics

Problem Statement 5: EL students are not exiting the program in the three-year span.
Root Cause 5: Staff is not adequately trained to meet EL needs and support them within the classroom.
Problem Statement 5 Areas: Demographics

Problem Statement 6: Student behaviors are not consistently addressed by teachers and communicated consistently throughout College Preparatory.
Root Cause 6: Inconsistent administration, GTL, and teacher discipline matrix follow through that go along with the student code of conduct.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Families feel that the school culture is not meeting their children's social emotional well-being.
Root Cause 7: Inconsistent social emotional growth trainings for students and staff.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: Vertical alignment across grade levels to ensure consistency.
Root Cause 8: Teachers create their own systems that are grade level specific that sometimes does not transfer across. (mnemonics, acronyms).
Problem Statement 8 Areas: Student Learning

Campus Funding Summary 24

Comprehensive Needs Assessment

Revised/Approved: August 5, 2023

Demographics

Demographics Summary

IDEA Kyle College Prep is a diverse school of approximately 510 scholars of many ethnicities, nationalities, religions, and orientations. The greater Kyle community is an economically diverse area, with multi-million homes adjacent to homes a fraction of the value. IDEA Kyle College Prep families include approximately 5 different home languages. Our staff is representative of our student population, including Hispanic, Caucasion, Middle-Eastern, and Black staff members. The campus focuses heavily on core instruction in middle school with the goal of moving all scholars to grade level or above in reading and mathematics by 8th grade, when students begin career-tech ed courses and other student-centered electives. Campus life offers a variety of clubs and athletics to ensure all scholars find their passion and an adult champion on campus. (See PDF in addendum for more information.)

Demographics Strengths

- IDEA Kyle offers multiple diverse clubs (Black student alliance, student council, ambassador program)

- Weekly feedback form for parents and scholars

-Monthly principal townhalls for parents and scholars

- Scholars feel a sense of community

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Our median scholars are not feeling a sense of motivation to get to college. **Root Cause:** Differentiation for high and low scholars is often prioritized but we have not focused on median scholars

Problem Statement 2: ECODIS percentage still low **Root Cause:** Recruitment focusing on proximity

Student Learning

Student Learning Summary

IDEA Kyle CP earned an 84 on the State of Texas Accountability Report Card, which resulted in a "B" rating. This year, when I started my principalship in October, we were standing at an "F" rating. After Mock exams, we made it to a "D" rating. Currently, we are at the top in several contents amongst the district. SpEd scholars lagged behind their peers on the state assessments. Growth goals increased from semester exams to mock exams. OTG increased from 35% to 97%. ELA data doubled from semester to mock exams. (See PDF in Addendum for more information.)

Student Learning Strengths

- OTG increase from 53% to 97%

-Growth goal increase from 9% to 62%

- ELA data doubled from semester exam to mock exam

- Mastery increased from MOCK to STAAR

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): 85% of our teachers are novice/new to content teaching **Root Cause:** API's had not received the coaching to coach their teachers effectively.

Problem Statement 2: SPED data did not increase as much as the rest of our data **Root Cause:** New API leading the sped team/ so many gaps to close

School Processes & Programs

School Processes & Programs Summary

IDEA Kyle College Prep has strong coaching systems in place. With a predominantly new team of teachers for the 22-23 school year, our instructional leadership team is observing teachers, providing real-time coaching, and monitoring action steps daily. High leverage lesson plan feedback is provided every week, and teacher are held accountable for turning around feedback by Friday. Weekly check ins with new teachers include pedagogy, data analysis, lesson plans, and culture building. Expectations, due dates, deliverables, and time lines are clear. I have a structured system of accountability and I make sure that all staff is held to high expectations. I believe in tracking everything therefore, I hold my instructional team to high standards when it comes to filling out our daily trackers.

School Processes & Programs Strengths

- Fidelity with trackers

-Follow up fidelity

- Lesson rehearsal fidelity

- API's have been coached up to success to coach teachers

- Effective coaching has led to effective teaching

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Still pushing for teacher buy in with our systems. **Root Cause:** High expectations were not existent, which resulted in high teacher turnover when high expectations came along.

Problem Statement 2 (Prioritized): Inconsistent Instructional OCS meetings based on every system **Root Cause:** API's had to push into classrooms when teachers resigned, too many gaps and deprioritized this

Perceptions

Perceptions Summary

Staff retention was at 56% in the 21-22 school year. This year, we maintained a higher percentage but we still lost several teachers which resulted in other teachers filling in those gaps. Reason for losing teachers was because structure and accountability was not something that they were used to, therefore I had to hold teachers to high expectations which resulted in our newest teachers or novice teachers disagreeing with our IDEA expectations. Staff ADA was also low but after setting ADA expectations, we increased our attendance. Teacher ADA was low, requiring present staff members to cover classes. This caused a high burnout rate for teachers. Constant staff feedback surveys were offered. Most feedback involved "too many deadlines and different tasks". Teachers onboarded mid-year were required to be ready to teach immediately.

Perceptions Strengths

I was able to conduct my 15 min of fame with our staff when I began my principalship in October, which resulted in more buy in. Our strongest teachers have provided the feedback that they "appreciate the structure and transparency" from me in regards to my expectations. So far, teachers who had been having a difficult time with high expectations seem to be getting used to it due to the consistency that I have created.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): High teacher turnover **Root Cause:** No accountability system/ no high expectations

Problem Statement 2: Lack of culture of joy **Root Cause:** Leaders have not created engagement plans for implementation of culture of joy. Teachers have not been successfully coached on bringing joy in their lessons.

Priority Problem Statements

Problem Statement 1: Our median scholars are not feeling a sense of motivation to get to college.
Root Cause 1: Differentiation for high and low scholars is often prioritized but we have not focused on median scholars
Problem Statement 1 Areas: Demographics

Problem Statement 2: 85% of our teachers are novice/new to content teaching
Root Cause 2: API's had not received the coaching to coach their teachers effectively.
Problem Statement 2 Areas: Student Learning

Problem Statement 3: Inconsistent Instructional OCS meetings based on every system
Root Cause 3: API's had to push into classrooms when teachers resigned, too many gaps and deprioritized this
Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: High teacher turnover
Root Cause 4: No accountability system/ no high expectations
Problem Statement 4 Areas: Perceptions

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: ALL students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from X% to X% in Spring 2024 (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Data Analysis: Begin by analyzing the data from previous STAAR tests to identify specific areas of weakness and strengths. This will help you understand which skills and concepts need more focus. Early Identification and Intervention: Implement an early identification system to identify struggling readers as soon as possible. Provide targeted interventions and support to help them catch up with their peers. Professional Development: Ensure that teachers receive ongoing professional development in evidence-based reading instruction techniques. This includes training on phonics, vocabulary development, comprehension strategies, and fluency building.				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: 1. We will utilize our master data board tracker 2. We will collaborate with our CSI teacher and our ELA teachers to ensure that all scholars are receiving the extra support that they need. 3. PD days will be specified and determined strategically in order to create a successful learning environment				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: IDEA achieves an A Rating

IDEA Public Schools

Lake Houston College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 24, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communitiesÂ for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 28

Comprehensive Needs Assessment

Revised/Approved: September 14, 2023

Demographics

Demographics Summary

Lake Houston CP was founded in 2021-2022 and currently serves students in grades 6-8. For the 22-23 school year, we served 254 scholars in 6th and 7th grade, and 48% of our students are ELs. We are currently leading the region in ADA and district exams.

Demographics Strengths

- IDEA offers a competitive salary for teachers with experience.
- IDEA is achieving it's mission of college for all in serving a majority of economically disadvantaged students.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to ensure equitable interventions and disciplinary consequences for all students. **Root Cause:** There has not been a clear system to train/develop staff members on intervention techniques. Staff must increase cultural competency and awareness to lead equitable interventions and disciplinary consequences. Families have not been onboarded correctly.

Problem Statement 2 (Prioritized): There is a need to expand mile-radius for transportation to get scholars to and from campus daily. **Root Cause:** Our campus is off a feeder road, and it is unsafe for scholars to get to and from campus. The set radius is 2 to 8 miles and stops are at a public business location.

Student Learning

Student Learning Summary

We are currently pending STAAR results; however, preliminary results show the following:

Key: # of students that LDNP- likely did not pass, ZOU- zone of uncertainty, LP- likely passed

See PDF in Addendum for more information.

Student Learning Strengths

- Increase in all subjects compared to the 21-22 school year on all Mock and STAAR exams
- 100% of scholars took the ELA STAAR exam
- 99% of scholars took the Math STAAR exam
- EL and SpEd population tracking higher this year on Math exams 25%/56%

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The percent of likely passed (6th ELA & Math, 7th Math) is less than 60%. **Root Cause:** Inconsistency with coaching and side by side planning with Regional, Leader, and Teacher. Instruction is often lacking in rigor since feedback is inconsistent.

Problem Statement 2 (Prioritized): To get an A, we must have most of our scholars meet their growth goal and our HB4545 scholars meet approaches on the STAAR exam. **Root Cause:** Growth goals were given to scholars late and inconsistent tracking from scholars. HB4545 interventions had minimal coaching and follow up to ensure scholars were mastering the TEKS.

School Processes & Programs

School Processes & Programs Summary

We develop our leaders through daily real time coaching, classroom management and culture walks, SPED ACC audits, and coaching academy. We also ensure roles and responsibilities are clear by ensuring calendars are informed by data based priorities and check-ins. We ensure our scholars have multiple opportunities to engage in extracurricular activities.

- 1 to 1 technology
- Robotics Club
- Flag football
- Volleyball
- Basketball
- Cross Country
- Soccer
- Cheer

School Processes & Programs Strengths

- IDEA parents rate IDEA as 4.5|5 on the statement, "Based on your overall experience this year at IDEA, do you plan on returning in August of 2022."
- IDEA parents rate IDEA as 4.6|5 on the statement, "The school prepares my child to respond effectively during an emergency."
- IDEA Lake Houston has retained 96.55% of our scholars as of 5/26/23.
- 6^{th} grade EOY assembly: 81 parents in attendance

  7^{th} grade EOY assembly: 79 parents in attendance

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Our staff retention is an area for improvement across the region and at our campus. **Root Cause:** Staff onboarding has been inconsistent and clear expectations have not been set for all staff members. Leadership has been inconsistent with accountability.

Problem Statement 2 (Prioritized): Our family engagement strategy is not comprehensive and cohesive across all schools. **Root Cause:** Our district has not worked cross-functionally to define the family experience from recruitment to graduation, which has produced a disjointed approach to family engagement work, and lack of prioritized time for training with principals and leadership.

Perceptions

Perceptions Summary

We conduct quarterly surveys to staff, have regular check-ins to set a clear priority for the upcoming week and to build connection. Our regional values are Competence, Care, Connection, and Clarity.

In addition, we have SEL/ Mental Health services provided by our School Counselor and Family Engagement Events.

Perceptions Strengths

- Our GPTW survey in the first semester was at 89%, and our Employee Survey was at 79%.
- 100% of leader retention
- 2 CSTAG reports

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): During the past year, we have seen an increase on bullying and cyberbullying which impacts our student mental health cases. **Root Cause:** There has been a lack of investment and prioritization of staff resources, training, curriculum, and programming specifically to build social emotional skills and build student mental health.

Problem Statement 2 (Prioritized): The number of student infractions have increased during the past year due to verbal or physical altercations. **Root Cause:** There has been a lack of investment on trainings for interventions and curriculum for our scholars to learn how to interact with one another.

Priority Problem Statements

Problem Statement 1: There is a need to ensure equitable interventions and disciplinary consequences for all students.

Root Cause 1: There has not been a clear system to train/develop staff members on intervention techniques. Staff must increase cultural competency and awareness to lead equitable interventions and disciplinary consequences. Families have not been onboarded correctly.

Problem Statement 1 Areas: Demographics

Problem Statement 2: To get an A, we must have most of our scholars meet their growth goal and our HB4545 scholars meet approaches on the STAAR exam.

Root Cause 2: Growth goals were given to scholars late and inconsistent tracking from scholars. HB4545 interventions had minimal coaching and follow up to ensure scholars were mastering the TEKS.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Our staff retention is an area for improvement across the region and at our campus.

Root Cause 3: Staff onboarding has been inconsistent and clear expectations have not been set for all staff members. Leadership has been inconsistent with accountability.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: During the past year, we have seen an increase on bullying and cyberbullying which impacts our student mental health cases.

Root Cause 4: There has been a lack of investment and prioritization of staff resources, training, curriculum, and programming specifically to build social emotional skills and build student mental health.

Problem Statement 4 Areas: Perceptions

Problem Statement 5: There is a need to expand mile-radius for transportation to get scholars to and from campus daily.

Root Cause 5: Our campus is off a feeder road, and it is unsafe for scholars to get to and from campus. The set radius is 2 to 8 miles and stops are at a public business location.

Problem Statement 5 Areas: Demographics

Problem Statement 6: The percent of likely passed (6th ELA & Math, 7th Math) is less than 60%.

Root Cause 6: Inconsistency with coaching and side by side planning with Regional, Leader, and Teacher. Instruction is often lacking in rigor since feedback is inconsistent.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: Our family engagement strategy is not comprehensive and cohesive across all schools.

Root Cause 7: Our district has not worked cross-functionally to define the family experience from recruitment to graduation, which has produced a disjointed approach to family engagement work, and lack of prioritized time for training with principals and leadership.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: The number of student infractions have increased during the past year due to verbal or physical altercations.

Root Cause 8: There has been a lack of investment on trainings for interventions and curriculum for our scholars to learn how to interact with one another.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data

Parent/Community Data

- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Communications data
- Study of best practices

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1:
42% of EB students taking TELPAS assessments will maintain or increase a proficiency level by the end of the 23-24 school year. ((TEC 11.253(d)(2))

IDEA Public Schools

Mays College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 30, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 24

Comprehensive Needs Assessment

Revised/Approved: September 29, 2023

Demographics

Demographics Summary

IDEA Mays College Prep is a Tittle1 campus that offers quality educational programs and extracurricular activities to students in grades 6th through 12th. Mays College preparatory has consistently hit its individual enrollment target and looks forward to welcoming a total of 780 students during the 2023-24 school year. The schools demographics show that approximately 84% of the student population identify as economically disadvantaged.

Demographics Strengths

92% Teacher retention as of 5/26

91.45% Scholar retention.

100% 12th grade acceptances into 6+ universities.

Problem Statements Identifying Demographics Needs

Problem Statement 1: Mays was inconsistent with how it communicated with parents. This led families to feel as though the school was not responsive. **Root Cause:** Failure to ensure 100% of families have multiple modes of being able to connect with us and tracking that communication preference through : printed newletters weekly, social media, class dojo, remind

Problem Statement 2 (Prioritized): Scholars provided feedback that their teachers changing caused them to feel uncertain of who to approach for help. This resulted in scholars feeling a lack of guidance. **Root Cause:** Teacher retention was at 92%. Teacher attrition happened heavily in 9th and 10th grade.

Problem Statement 3: Afterschool clubs were not heavily advertised to scholars. This led some scholars to feel as though they were not provided with alternatives to academics and resulted in scholars leaving. **Root Cause:** Clubs sponsors were not taking advantage of school communication systems to ensure family and scholar engagement. Administration did not audit this in a timely manner.

Student Learning

Student Learning Summary

Currently pending final TEA Results. (Update : Aug 1st)

1. 100% TSI Exempt
2. 100% AP Enrollment
3. 100% of Scholars accepted in 6+ universities
4. Full CCMR Points

Student Learning Strengths

1. 100% TSI Exempt
2. 100% AP Enrollment
3. 100% of Scholars accepted in 6+ universities
4. Full CCMR Points

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Overall passing rate for Sped scholars for Mays college prep in the area of Mathematics and ELA **Root Cause:** Targeted intervention was responsive to the most pressing scholar needs but not reprehensive of EOY goals.

Problem Statement 2 (Prioritized): AP preparedness was not at the same level as STAAR. **Root Cause:** Inconsistency in AP Rounds.

Problem Statement 3 (Prioritized): Lack of consistent in the moment data tracking by teachers. **Root Cause:** Leaders did not inspect what they expected outside of STAAR Classrooms.

School Processes & Programs

School Processes & Programs Summary

At Mays we prioritize in the moment coaching. This means that every leader, teacher, and faculty member is coached at the point of error. Instructional leadership is required to have weekly check-in with all individuals they manage in order to continuously develop and promote individual growth.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year

- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high eacademic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Our Family engagement strategies were not comprehensive across all grade levels. **Root Cause:** Failure to properly define the family experience from recruitment to graduation, which has produced a disjointed approach to family engagement work, and lack of prioritized time.

Problem Statement 2 (Prioritized): Last minute hires resulted in additional turn over **Root Cause:** Onboarding was not responsive to teacher need as a late hire. As a result of this, they did not feel supported within their new role.

Perceptions

Perceptions Summary

Our focus has to be on increasing staff retention. Last year we closed the year at 80%. We're currently trending at 91% staff retention.

Perceptions Strengths

1. Placing staff in the right positions to succeed
2. Responsiveness to scholar feedback

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): PTO organizational structure allowed for inconsistency in vision. Parent volunteers were on a rotating basis which led to internal breakdown in planning. **Root Cause:** Inconsistency with which leaders facilitated PTO meetings and served as campus point of contact led to poorly executed planning.

Problem Statement 2 (Prioritized): Decrease in parent communication **Root Cause:** Too many platforms for family communication led to families feeling spammed/ not receiving the correct information. This resulted in numbers and platforms being blocked.

Priority Problem Statements

Problem Statement 1: Scholars provided feedback that their teachers changing caused them to feel uncertain of who to approach for help. This resulted in scholars feeling a lack of guidance.

Root Cause 1: Teacher retention was at 92%. Teacher attrition happened heavily in 9th and 10th grade.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Overall passing rate for Sped scholars for Mays college prep in the area of Mathematics and ELA

Root Cause 2: Targeted intervention was responsive to the most pressing scholar needs but not reprehensive of EOY goals.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: AP preparedness was not at the same level as STAAR.

Root Cause 3: Inconsistency in AP Rounds.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Lack of consistent in the moment data tracking by teachers.

Root Cause 4: Leaders did not inspect what they expected outside of STAAR Classrooms.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Our Family engagement strategies were not comprehensive across all grade levels.

Root Cause 5: Failure to properly define the family experience from recruitment to graduation, which has produced a disjointed approach to family engagement work, and lack of prioritized time.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Last minute hires resulted in additional turn over

Root Cause 6: Onboarding was not responsive to teacher need as a late hire. As a result of this, they did not feel supported within their new role.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: PTO organizational structure allowed for inconsistency in vision. Parent volunteers were on a rotating basis which led to internal breakdown in planning.

Root Cause 7: Inconsistency with which leaders facilitated PTO meetings and served as campus point of contact led to poorly executed planning.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Decrease in parent communication

Root Cause 8: Too many platforms for family communication led to families feeling spammed/ not receiving the correct information. This resulted in numbers and platforms being

blocked.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain

Student Data: Assessments

- State and federally required assessment information

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

HB3 Goal

IDEA Public Schools

Mesa Hills College Prep

2023-2024 Improvement Plan

Public Presentation Date: September 12, 2023

Mission Statement

IDEA Public Schools prepare students from under-served communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Table of Contents

Comprehensive Needs Assessment 4
- Demographics 4

- Perceptions 6

Priority Problem Statements 8

Comprehensive Needs Assessment Data Documentation 9

Goals 10
- Goal 1: All IDEA students matriculate to college 11
- Goal 2: IDEA achieves an A Rating 12
- Goal 3: Increase student persistence 16
- Goal 4: Increase student daily attendance 19
- Goal 5: Increase staff retention 21
- Goal 6: Increase student enrollment (no required performance objectives/strategies) 23

Comprehensive Needs Assessment

Demographics

Demographics Strengths

Strength 1: IDEA Mesa Hills has significantly lower discipline incidents than campus with similar demographics.

Strength 2: Critical Student Intervention in reading is provided for Emergent Bilingual students, to facilitate language acquisition.

Strength 3: Teachers are organized in cohorts and track and monitor scholar achievement, growth and attendance data for their designated groups.

Problem Statements Identifying Demographics Needs

Problem Statement 1: campus enrollment at 75% of open seats. **Root Cause:** campus is located a block away from another K-8 school.

Student Learning

Student Learning Strengths

Strength 1: All scholars are given access to rigorous, college-preparatory curricula, including students of all special populations to include SpEd, Emergent Bilinguals and Economically Disadvantaged.

Strength 2: All scholars are provided with the opportunity to take 3-4 high school courses as 8th graders.

Strength 3: End of year STAAR data projects the campus at a rating of 86 (B).

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Special Education student achievement is below the district goal. **Root Cause:** Teachers need more professional development and coaching, on special education best practices.

Problem Statement 2: Problem Statement: Emergent Bilingual student achievement is lower than the campus and district averages. **Root Cause:** Campus not effectively onboarding Emergent Bilinguals students, to give access to advanced curricula.

School Processes & Programs

School Processes & Programs Strengths

Strength 1: Scope and Sequence and Curriculum

IDEA provides teachers with in-house created curriculum that is rigorous and engaging. The curriculum continues to provide a framework for critical thinking and is in alignment with IDEA's core values.

Strength 2: ADA Process

IDEA Mesa Hills makes a focused effort to increase ADA through a daily ADA huddle. Systems are in place to identify absent students and call home as soon as possible.

Strength 3: Grade Team Huddles

Daily Grade team huddles provide a forum for teacher collaboration that is highly effective in helping teachers recognize and address student needs. Huddles provide a space for problem solving and professional collegiality.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Lack of student development in the five Social Emotional Learning SEL competencies (self-awareness, self-management, responsible decision making, social awareness, and relationship skills). **Root Cause:** Social Emotional Learning program in place does not include: scheduled time, accountability for implementation or buy-in structures for teachers and students.

Problem Statement 2: Teacher coaching supports need to be differentiated to support developing teachers. **Root Cause:** content-based professional development opportunities are virtual and scheduled during instructional day.

Perceptions

Perceptions Strengths

Strength 1: Safety

90% of parents feel that their child is safe at school.

100% of parents feel that the school is adequately prepared for emergencies.

IDEA Mesa Hills continues to be a safe environment for scholars, faculty, staff, and visitors alike. Leadership and facilities management actively monitor campus operations to ensure school grounds remain enclosed, emergency drills are consistently exercised, and clear lines of communication are fostered amongst parents, first responders, and civic leaders.

Strength 2: Employee Friendships

Over 80% of employees have at least one close friendship with another team member at IDEA.

IDEA culture promotes collegiality, horizontal interdisciplinary penetration, and the cross-pollination of pedagogical practices that allow friendships and professional bonds to flourish. Our school looks to inject team-building and professional development opportunities for teachers to strengthen relationships and culture.

Strength 3: School Communication

91% of parents posit that the school communicates thoroughly with them.

Fostering clear lines of communication is a priority for all staff and faculty. To keep parents informed, we actively utilize a multifaceted, redundant communication platforms strategy such as Remind, organizational email, Google Voice, weekly newsletters, and intermittent cell phone follow-ups to promote effective communication, leading to scholar success.

Strength 4: Path to College

100% of parents believe that school holds their children to high academic standards.

92% feel their child is being prepared for college.

IDEA courses are deliberately rigorous to effectively prepare scholars for higher education. The concept of “path to and through college” is clearly demonstrated in IDEA’s safeguarding of 11 AP classes to assist scholars in pre-matriculating-successfully shaping for post-secondary educational challenges.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Prioritizing school clubs that align with emergent organizational academic culture. **Root Cause:** Competing interests related to developing organizational growth.

Problem Statement 2: Perceptions of interpersonal emotional/physical safety concerns. **Root Cause:** Staff not fully onboarded, to facilitate relationship building across teams.

Priority Problem Statements

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 CCMR goals
- Campus/District improvement plans (current and prior years)
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data

Student Data: Assessments

- State and federally required assessment information
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data

Student Data: Behavior and Other Indicators

- Discipline records
- Student surveys and/or other feedback
- School safety data

Employee Data

- Staff surveys and/or other feedback
- State certified and high quality staff data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

Evaluation Data Sources: Power BI

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: ACT Prep course built into the master schedule. **Strategy's Expected Result/Impact:** Provide students with targeted time to complete ACT prep curriculum. **Staff Responsible for Monitoring:** Cynthia Conley - College Counselor **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: All IDEA students matriculate to college

Performance Objective 2: 100% of graduates meet TSIA college readiness benchmark (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: All scholars will take the TSIA by end of school year. We will conduct goal setting conversations for TSIA, schedule student testing and schedule regular tutoring for students behind PTG on TSIA. **Strategy's Expected Result/Impact:** Students will achieve the follow results, or higher: Reading - A score of 351 or higher in the multiple choice section. Mathematics - A score of 350 or higher in the multiple choice section. Writing - A score of 340 or higher in the multiple-choice section AND a score of 4 on the essay. OR, a score of 310-339 in the multiple-choice section, and a score of 4,5, or 6 on the ABE diagnostic section, and an essay score of 5. **Staff Responsible for Monitoring:** Cynthia Conley - College Counselor **TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 5: Effective Instruction	25%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 1: 38% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

Evaluation Data Sources: TEA

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Critical Student Intervention in Reading for grades 6-8. **Strategy's Expected Result/Impact:** Improve language acquisition through research based reading intervention. **Staff Responsible for Monitoring:** Joann Perales **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 2: 100% of identified scholars meet required minutes per House Bill 4545 (HB4545)

Evaluation Data Sources: Power BI Accelerated Learning

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Before/After School tutoring, Catalyst built into master schedule for targeted intervention of HB4545 Scholars. **Strategy's Expected Result/Impact:** Improve performance of HB4545 scholars to approaches, or higher on STAAR/EOC. **Staff Responsible for Monitoring:** Arnsworth, Candelaria **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction	25%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 3: 60% of SPED Students attain approaches in STAAR by June 2024 (TEC 11.253(d)(2))

Evaluation Data Sources: TEA

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Monthly professional development targeted at key best practices for improving teaching and learning for Special Education scholars. **Strategy's Expected Result/Impact:** Improve SpEd performance to 60% approaches or higher on STAAR/EOC. **Staff Responsible for Monitoring:** Arnsworth, Candelaria, Conley, Hernandez **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction	25%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 4: School achieves 90/60/30 in approaches/meets/masters as measured by the STAAR testing
Required Strategy: Track each students performance in domains 1-3 by using the Locus dashboard and respond to data appropriately (TEC 11.253(d)(3))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Data Driven Instruction **Strategy's Expected Result/Impact:** Track Domain I-III performance in Locus and Analyze data to inform coaching and teaching/reteaching practices. **Staff Responsible for Monitoring:** Arnsworth, Candelaria. **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: Increase student persistence

Performance Objective 1: Campus receive a score of proficient or higher on the campus safety scorecard for the 2023- 24 school year (TEC 11.253(d)(8))

Evaluation Data Sources: TEA

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Monthly Campus Crisis Team Tactical, safety drills, sweeps and audits. **Strategy's Expected Result/Impact:** Maintain a physically and emotionally safe campus.	25%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 3: Increase student persistence

Performance Objective 2: 100% of schools will be in compliance with the Title 1 Family Engagement requirements through the following events: Meet the Teacher, Public Hearing, Spring Town Hall and Semester 1 Report Card Pick Up. (TEC 11.253(d)(9))
Required Strategy: timely communication to families regarding school events to promote family engagement and attendance. (TEC 11.253(d)(9))

Evaluation Data Sources: Sign in sheets and survey data.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Plan and communicate all Title 1 engagement touchpoints through Remind, Facebook and Stream. **Strategy's Expected Result/Impact:** Increase stakeholder participation and improve family engagement. **Staff Responsible for Monitoring:** Jula, Arnsworth **ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: Increase student persistence

Performance Objective 3: IA & CP: 100% of schools will complete the Anti-Bullying and Safer, Smarter School curriculum by deadline indicated on the district calendar. (TEC 11.253(d)(8))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Counselors will teach Anti-Bullying and Safer, Smarter Schools lessons by the second week of school. We will also increase frequency of Move This World, Social-Emotional Learning curriculum. **Strategy's Expected Result/Impact:** Create a physically and emotionally safe campus. **ESF Levers:** Lever 3: Positive School Culture				

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase student daily attendance

Performance Objective 1: IDEA Mesa Hills College Prep will achieve a 97% annual attendance rate for the 23-24 school year

Evaluation Data Sources: Power BI

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Utilize escalation matrix, ADA incentives, proactive communication with families. **Strategy's Expected Result/Impact:** Improve student achievement and persistence. **Staff Responsible for Monitoring:** Valdez, Arnsworth, Jula **ESF Levers:** Lever 3: Positive School Culture				

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase student daily attendance

Performance Objective 2: CP: 100% of students from 6th-12th grade meet their MVPA minutes goal of X. (TEC 11.253(d)(10))

Evaluation Data Sources: CAMPUS IHT DASHBOARD

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Plan for daily PE daily in master schedule, incentivize physical fitness goal attainment. **Strategy's Expected Result/Impact:** Improve student health and wellness. **ESF Levers:** Lever 3: Positive School Culture	25%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 5: Increase staff retention

Performance Objective 1: 100% of full-time staff members complete all tasks within IDEA's staff development cycle including: goal setting, 2x2 and annual performance reviews during the 2023-24 school year.
Required Strategy:

Evaluation Data Sources: Power BI. Teachboost. Cornerstone.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Managers provide feedback and professional development/coaching for each staff member through each SDC cycle. **Strategy's Expected Result/Impact:** Recruit, support and retain high-quality teachers. **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction	25%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 5: Increase staff retention

Performance Objective 2: 100% staffed for all teacher positions throughout the 2023-24 school year.

Evaluation Data Sources: Power BI.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Recruit and hire high quality candidates per role by using high quality resume criteria **Strategy's Expected Result/Impact:** Improve the quality of teaching and learning. Maintain a positive adult culture. **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 2: Strategic Staffing, Lever 3: Positive School Culture	25%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 6: Increase student enrollment (no required performance objectives/strategies)

Performance Objective 1: 90% of campus contracted seats will be filled by Snapshot date in October.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Weekly recruiting events. Inviting leavers to touchpoints and campus events. **Strategy's Expected Result/Impact:** Maximize staffing funding.				

 No Progress Accomplished Continue/Modify Discontinue

IDEA Public Schools

Mesquite Hills College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 30, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Table of Contents

Comprehensive Needs Assessment 4
- Demographics 4
- Student Learning 4
- School Processes & Programs 5
- Perceptions 6

Priority Problem Statements 7

Comprehensive Needs Assessment Data Documentation 8

Goals 10
- Goal 1: IDEA achieves an A Rating 11
- Goal 2: Increase student persistence 13
- Goal 3: Increase student daily attendance 16
- Goal 4: Increase staff retention 18
- Goal 5: Increase student enrollment (no required performance objectives/strategies) 20

Comprehensive Needs Assessment

Demographics

Demographics Summary

The school community: students, staff, & community. All student groups by race/ethnicity, gender, attendance, & mobility. Graduation/completion rates & dropouts. Discipline. Enrollment in CCMR, advanced course enrollment, special education & all other special programs. Teacher retention/recruitment/experience & teacher-student ratios. Paraprofessional qualifications. Other.

Problem Statements Identifying Demographics Needs

Problem Statement 1: Professional Development for teachers to maximize instructional best practices to all demographics **Root Cause:** Rigor is becoming more challenging for students

Student Learning

Student Learning Summary

Mesquite Hills CP home of the Diamondbacks -Founded on 2021-2022. Launching grades were 6th-8th grade with a population of 295.

Our community is a 100% commute campus and we are located on 11881 Dyer.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Attendance Daily Average is below 97%, which hinders the implementation and follow-up on student learning. **Root Cause:** Attendance systems and procedures are inconsistent. The need of more instructional implementation and follow up.

School Processes & Programs

School Processes & Programs Summary

Mesquite Hills College Prep has established systems that support curriculum and instruction, Special Programs, SEL/ Mental Health, and Family Engagement.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Communication and Training on procedures, such as discipline, parental involvement, attendance, and staff roles. **Root Cause:** Training, implementation, and follow-up.

Perceptions

Perceptions Summary

Mesquite Hill College Prep has parent and staff surveys to provide feedback on our school culture.

Perceptions Strengths

Mesquite Hills College Prep provide multiple opportunities for community engagement to include:

1. Award Ceremonies and Recognitions

2. Town Hall -Coffee with the Principals

3. Cultural and Ethic Celebrations

4. Curriculum Nights

Mesquite Hills is committed to providing scholars with a learning environment conducive to a phyiscally and emotional safe school.

1. Implementing SEL lesson

2. Having monthly safety drills.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Enrollment is not communicated to all stake holders based on what the school offers, such as college for all, AP courses, and extracurricular activities. **Root Cause:** Proactiveness on communication through various sources of social media.

Priority Problem Statements

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Federal Report Card and accountability data
- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity, gender, etc.
- Section 504 data
- Homeless data
- Dyslexia data

- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Violence and/or violence prevention records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: CP: 25% of SPED Students attain approaches in STAAR by June 2024 (TEC 11.253(d)(2))

High Priority

Evaluation Data Sources: STAAR

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Tier 1 instruction: Lesson planning, Observation and Feedback, and Coaching, **Strategy's Expected Result/Impact:** At least 25% of sped scholars will be at meets in the STAAR. **Staff Responsible for Monitoring:** Principal, Assistant Principal, and Teachers. **Title I:** 2.4, 2.5				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Data Accountability: * Saturday Teacher Academies for Domain 1,2,3. * Reteach students who did not meet 75% of exit ticket criteria during current day's tutorial hours to focus on exit ticket instructional gap. 45-minute weekly check in's to review and analyze data. * Identify common misconceptions of students through daily, weekly exit tickets, assessments and find areas to reteach. * Reteach roll-out calendar to close the gap **Strategy's Expected Result/Impact:** A 55 Domain 2 result. **Staff Responsible for Monitoring:** Principal, Assistant Principal, and Teachers. **Title I:** 2.4, 2.5				

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: 29% of our Emergent Learners are at Meets in the STAAR and 42% of emergent bilingual learners are meeting the English Proficiency Levels. **Strategy's Expected Result/Impact:** Met standard **Staff Responsible for Monitoring:** Principal, Assistant Principal, and Teachers **Title I:** 2.5 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: IDEA achieves an A Rating

Performance Objective 2: CP: School achieves 90/60/30 in approaches/meets/masters as measured by the STAAR testing
Required Strategy: Track each students performance in domains 1-3 by using the Locus dashboard and respond to data appropriately (TEC 11.253(d)(3))

High Priority

- Goal 3: Increase student persistence 16
- Goal 4: Increase student daily attendance 19
- Goal 5: Increase staff retention 21

Campus Funding Summary 23

Comprehensive Needs Assessment

Demographics

Demographics Summary

We are a title 1 school that offers quality educational programs and extra curricular activities for students in grades 6-12. IDEA MoPa CP is a part of one of the fastest growing charter school networks in the San Antonio region. Currently, IDEA MoPa CP has a large student enrollment in the IDEA Public School District with a membership of approximately 800 students. We are one of the only A rated schools in our area and our district. We serve a community of low income, multi-ethnic students and ensure they have the skills needed to go to and through college. For example, last year our senior class was awarded approximately $14 million dollars in scholarships and financial aid amongst the group of 60 students.

Demographics Strengths

88% teacher retention

ELL accommodations are met with 100% fidelity

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Lack of Electives **Root Cause:** Lack of high scale sports/ other activities

Problem Statement 2 (Prioritized): We want to increase our ADA **Root Cause:** Transportation issues / lack of school councilor

Student Learning

Student Learning Summary

IDEA MoPa CP provides a wide range of academic selections with over 17 AP courses offered. We strive to see successes for our students and provide them with intervention/CSI opportunities for struggling students and a multi-exposure method for the contents with the most gaps from previous years data (typically ELA and math). We ensure we hit 100% matriculation yearly. Our Special Populations Department is one of the most efficient and high performing in the region. We frequently receive praise and requests for our SPED teachers to mentor or assist other campuses.

Student Learning Strengths

Multi-exposure for low performing contents

AP for ALL

Resources provided to teachers whenever needed

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students are not taking initiative to keep up with work **Root Cause:** Lack of accountability from Teachers/ too much work given at once/ rigor needs to be built up over time

Problem Statement 2 (Prioritized): Students with gaps do not get all of the supports we could offer **Root Cause:** Tutoring did not start until later in the year/ Teachers are not following at-risk procedure with fidelity

School Processes & Programs

School Processes & Programs Summary

We offer multiple opportunities for scholars to receive multi-tiered supports in core contents through intervention as well as connecting curriculum from other subjects to those which have the most struggles. We offer our teachers PD once a week where we cover instructional tips/ideas they can implement to better succeed. We also provide additional opportunities outside the classroom to advance themselves if requested (teacher shadowing, visiting another campus, webinars, conferences, etc.). We communicate via TEAMS, Remind, Social Media and phone with our scholar's family members. Our students follow 4x4 scheduling for their classes once they reach 9th grade to allow them to stand out to colleges during application season. Our students will be TSI exempt before graduation by utilizing our college readiness plans.

School Processes & Programs Strengths

- Effective operating mechanisms

- Effective scaffolding of curriculum throughout their academic years

- Multiple opportunities for communication/advancement

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Students want more choice in pathway of degree plan. **Root Cause:** Our Master schedule offers specific course options by grade (ex: in 9th you are taking Biology- students cannot choose to take Anatomy instead of Biology, etc.)

Problem Statement 2 (Prioritized): We are lacking in our communication procedures **Root Cause:** The front office phone often does not receive calls; Parents don't know who to reach out to for needs; Teachers and Lead Team are not following up per protocol

Perceptions

Perceptions Summary

We are consistently high performing based off of the teacher/parent/student surveys that we have distributed the past few years. Our parents continue to send their students to IDEA MoPa CP, not only based off our high records of results, but also because of the community of team and family we have worked to build. We are very stern when it comes to discipline because we must fight against pre-engrained notions and ideals that some scholars have from previous campuses. Our staff retention is decent, but most of our leavers are due to lack of positive mindset or lack of skills to be able to keep up with our high paced and high expectation culture.

Perceptions Strengths

- Top school in SA for IDEA (record of results, mock exams, Semester exams)

- Majority of graduating seniors (as well as most grade levels) have attended through most of their educational experience

- We strive to be the best and it is well known that we push hard to get high rewards

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): We do not hold family engagement events as often as needed **Root Cause:** Lack of school councilor

Problem Statement 2 (Prioritized): The rigor for students is very high **Root Cause:** We hold students to the code of conduct and give consequences accordingly.

Priority Problem Statements

Problem Statement 1: We want to increase our ADA
Root Cause 1: Transportation issues / lack of school councilor
Problem Statement 1 Areas: Demographics

Problem Statement 2: Students are not taking initiative to keep up with work
Root Cause 2: Lack of accountability from Teachers/ too much work given at once/ rigor needs to be built up over time
Problem Statement 2 Areas: Student Learning

Problem Statement 3: Students with gaps do not get all of the supports we could offer
Root Cause 3: Tutoring did not start until later in the year/ Teachers are not following at-risk procedure with fidelity
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Students want more choice in pathway of degree plan.
Root Cause 4: Our Master schedule offers specific course options by grade (ex: in 9th you are taking Biology- students cannot choose to take Anatomy instead of Biology, etc.)
Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: We are lacking in our communication procedures
Root Cause 5: The front office phone often does not receive calls; Parents don't know who to reach out to for needs; Teachers and Lead Team are not following up per protocol
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: We do not hold family engagement events as often as needed
Root Cause 6: Lack of school councilor
Problem Statement 6 Areas: Perceptions

Problem Statement 7: The rigor for students is very high
Root Cause 7: We hold students to the code of conduct and give consequences accordingly.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: Lack of Electives
Root Cause 8: Lack of high scale sports/ other activities
Problem Statement 8 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Goals

Revised/Approved: May 17, 2023

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: ACT prep courses, pulse checks, practice exams

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide content support/ACT prep in core classes **Strategy's Expected Result/Impact:** Higher scores in those content areas **Staff Responsible for Monitoring:** College Councilor- Diana Salinas **TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **- Targeted Support Strategy - Results Driven Accountability**				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: All IDEA students matriculate to college

Performance Objective 2: 100% of graduates meet TSIA college readiness benchmark (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: TSI prep, master prep course work, practice exams, multiple opportunities to complete

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: TSI Practice Exams **Strategy's Expected Result/Impact:** Increase in general TSI scores **Staff Responsible for Monitoring:** College Counselor- Jacob Ramirez **TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college, Improve low-performing schools **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **- Targeted Support Strategy - Results Driven Accountability**	45%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 1: IA & CP: 80% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

High Priority

Evaluation Data Sources: Mock TELPAS

IDEA Public Schools

Montopolis College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 31, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 24

Comprehensive Needs Assessment

Revised/Approved: August 3, 2023

Demographics

Demographics Summary

Open enrollment charter serving grades 6-12 families of SE Austin with a focus on college prep while providing exceptional support for students who are ELL and first-generation college students. Our campus offers the following special programs to support the needs and desires of our students, parents, and community: ELL, Special Education, Fine Arts, Athletics, AP, PSAT/ACT Prep.

Demographics Strengths

- IDEA Montopolis College Prep student leaver data is most attributed to scholars leaving out of the Austin Region or lack of transportation to our campus from surrounding rural areas.
- IDEA Montopolis College Prep offers a competitive salary for teachers with experience
- IDEA Montopolis College Prep is achieving its mission of college for all in serving a majority of economically disadvantaged students in South Austin by providing student-specific support.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Currently, only 76% of New to IDEA students persist. **Root Cause:** Campus did not properly execute the onboarding process for families and scholars with clear expectations and follow-through.

Problem Statement 2: Students and families do not believe the school is a positive and fair space for Black students. **Root Cause:** Black students make up approximately 2% of the student population. Black students were more likely to have a negative school experience. Also, Black students perceive that the school does not have fair rules for all students.

Student Learning

Student Learning Summary

1. How do we perform compared to a group of campuses of similar type, size, grade span, and student demographics? Are we earning Distinction Designation for achievement?
    - Compared to other campuses, we are second in domain 1, second in Domain 2, and leading the region in Domain 3. We are top in the region in overall student achievement. If we are compared to the region, we are on track to earn distinction designation.
2. Are our students on track to graduate? What is our longitudinal graduation and dropout rate?
    - Students are on track to graduate. Our graduation is 100%; the dropout rate is 0%.
3. What is the performance status of our students for CCMR (College, Career, and Military Readiness)?
    - For 23-24, our CCMR percentage is 100%. We are on track for an A.
4. How does student performance on state assessments compare with student performance on local benchmark assessments and the student's report cards?
    - In comparison to student report card performance, the performance on local benchmarks is comparatively lower than the efforts and performance on the actual state assessments. Student investment in "mock assessments" is not where it should be. Teachers feel that students are not meeting their personal performance goals due to a lack of student investment in academic performance and a lack of parent support. Students also lack personal performance goals to refer to in daily assignments and assessments. The lack of 0's in the grade books has increased an issue in student investment in classwork submitted.

Student Learning Strengths

Strong extracurricular sports program (State Champs) due to strong coaches invested not only in our students' athletic abilities but their academic strengths and campus staff investment in our student-athletes.
Campus with invested teachers willing to support students in student-led organizations because these organizations help with student leadership components of a resume which is our ultimate goal at IDEA.
Student investment is improving on campus. Plenty of students invested in bettering their academic environment with increased academic efforts.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Lack of student investment in academic progress and motivation. **Root Cause:** There is a lack of training and teacher buy-in leading to a deficiency in creating a supportive and engaging learning environment that fosters intrinsic motivation and personal relevance.

Problem Statement 2: Lack of consequences for student behaviors (uniforms + behavioral concerns) **Root Cause:** The absence of a consistent and fair disciplinary system within the school. Without clear guidelines and consequences for inappropriate behaviors, students may not feel accountable for their actions, leading to a breakdown in discipline and a negative impact on the overall school environment.

Problem Statement 3: Lack of student joy factor on campus. **Root Cause:** Lack of engaging and inclusive extracurricular activities that cater to diverse student interests.

Additionally, a potential factor could be a disconnect between the curriculum and real-world application, resulting in a lack of enthusiasm and motivation among students. Lastly, inadequate opportunities for student voice and participation in decision-making processes add to the issue.

School Processes & Programs

School Processes & Programs Summary

Specific School Information –

6th-8th Middle School

9th-12th College Preparatory

44 Teachers 3 Co-Teachers

Teacher Retention: 91.49%

63 Staff Members

87.30 Staff Retention

School Program:

IDEA Montopolis is an AP for all campus. Students have the opportunity to take at least 11 AP courses and follows a 4x4 academic model. Students identified as Emergent Bilingual, Special Populations, Rise, and socioemotional, and Critical Student Intervention are provided targeted support to meet their individual needs.

IDEA Montopolis utilizes District curriculum which is comprised of a yearlong scope and sequence, common district assessments, high quality-instructional materials, and adaptive software in mathematics and literacy.

Our RISE classroom utilize a Rise Curriculum that are district supported such as Attainment, Do the Math and 18+ program.

All scholars have access to District Socio-emotional curriculum allowing them to develop skills and regulate emotions. This curriculum is provided every day during homeroom and builds a sense of belonging, and fosters relationships between staff and students.

Professional Development:

- Teachers attend Bi-weekly webinars to support with the implementation of curriculum, build teacher content and pedagogical knowledge and provide collaborative opportunities to share best practices.
- Staff is provided quarterly course collaboration and weekly faculty meeting to share best practices and collaborate on areas of need both academically and culturally.

- All staff participate in IDEA Staff Development Cycle beginning with Goal Setting, 2x2 and ending with Annual Performance Review. The Staff Development Cycle provides opportunities for the manager and direct report to engage in two-way communication on strategies and tactics to reach goals and improve professionally.

Campus Leadership Roles:

Principal, 3 Assistant Principals, 1 Director of College Counseling, 2 College Counselors, 1 School Counselor.

School Processes & Programs Strengths

- IDEA Montopolis prepares students to go to college

- IDEA has had 5 graduating classes with 100% of students accepted into a college/university of your choice
- IDEA curriculum is vertically aligned to prepare scholars for AP
- ACT prep is provided to all high school scholars
- SummitK12 is provided to all emerging bilingual scholars
- AP teachers collaborate with College Board
- All scholars 2 or more years behind in middle school are provided critical student intervention

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Our campus does not have a clear retention strategy to retain teachers and make Montopolis a great place to work. **Root Cause:** Teacher managers were not consistent and there was not a clear protocol for retention

Problem Statement 2: Teacher struggle to delivery highly effective lessons to reach academic mastery. **Root Cause:** Instructional leaders did not evaluate the effectiveness of a lesson plan and provide feedback on teachers' planning across district curriculum.

Perceptions

Perceptions Summary

1. What is the dropout rate or graduation rate? 100% Differentiate it by 7 race/ethnicity groups and 7 student groups. (Middle & High Schools)

   Dropout rate and graduation rate are both relatively low. Students who reach junior and senior year with IDEA typically know what is expected of them and have invested in the process of getting their high school diploma, applying to, and enrolling in a college program. To improve the rate of students who continue with us to this point, we can emphasize commitment at the end of eighth grade or beginning of ninth grade, by meeting with students and parents or hosting presentations to make IDEA expectations and requirements clear.

2. How is conflict reduced? Discuss results of any mentoring, peer mediation, etc.

   1 on 1 conversations, being in contact with stakeholders like parents, referred to counselors, goal setting and positive feedback

3. What is the staff turnover rate and how does it compare with previous years?

   Discuss staff mentoring results, staff perceptions of academic expectations, and average number of staff absences. Summarize any climate and culture survey reports. The staff turnover rate could be better. The staff perception in academics is everyone must be nothing below 60%. The staff absences can improve by having incentives for staff. We have to work on getting the students involved in school activities which allows them to enjoy school.

4. How are parent/guardian/community participation rates measured?

   The tracker is how they are measured. Reflecting on the tracker helps teachers and admin see the communication with the parents and guardians

5. Are there any barriers that prevent participation by parents/guardians/community?

   Communication with stakeholders needs to be fluid and consistent. There happens to be a fault with communicating concerns with parents about positive news and behavior. An issue is that we only communicate via tech (email, text, app massagers, and phone call) but no direct communication (in-person, mail). There needs to be a platform that teachers can communicate with parents such as Teams. We have Reminds but students don’t know how to use it so they can’t teach their parents to use it. Teachers do use it but parents are not aware of the app. Another issue with communication is the language barrier.

Perceptions Strengths

1. Students are encouraged to persist through graduation. Students struggling to meet academic requirements are identified and supported through parent conferences, goal setting, and credit recovery.

2. Staff is committed to ensuring all students feel safe and have equal opportunity.

3. Staff retention is key to having success in school. Holding students accountable with their grades as well. Why is Staff retention important it makes the students want to come back knowing the same teachers are here.

4. Parents are invested in college for all and actively communicate with teachers and leaders about their students' needs

5. Whenever major issues arise, we communicate with parents. Also, most teachers can communicate in a fluid way in both languages: English and Spanish.

Additional Strengths:

Staff Commitment – creates a more supportive environment when staff are consistent, knowledgeable members of the school community

Parent Involvement – essential to hold scholars accountable and maintain motivation

Scholar Investment – necessary for learning to take place

High Expectations – prepare scholars for success throughout high school and in college relationships drive data

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Parents and students know the mission of IDEA is "to and through college," but do not always realize the steps required on their part in order to get there. **Root Cause:** No clear onboarding process exists to build investment in students and their families.

Problem Statement 2: New staff often feel overwhelmed and have difficulty transitioning into IDEA, which impacts staff retention. **Root Cause:** Although all new staff go through NTI, additional supports are needed (i.e. assigned mentors with clear expectations for mentorship) to ensure their success and effectiveness in their respective roles.

Priority Problem Statements

Problem Statement 1: Currently, only 76% of New to IDEA students persist.

Root Cause 1: Campus did not properly execute the onboarding process for families and scholars with clear expectations and follow-through.

Problem Statement 1 Areas: Demographics

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

Strategy 1 Details	Reviews

IDEA Public Schools

Najim College Prep

2023-2024 Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in Mathematics
Academic Achievement in Science

Public Presentation Date: August 31, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Najim College Prep is a open enrollment charter school offering qualitative yet rigorous academics. Additionally, we offer robust sports and athletics for both middle and high school students. We are apart of a charter network that stands on a mission of college for all serving all demographics of students in the San Antonio community. Currently, we serve 366 students 6th-11th grades. Our campus was founded in 2017. It will be full scale with our first graduating class in 2024.

The school's demographics include 93% Eco Dis| 65% African American | 23% Hispanic | 13% SPED.

Demographics Strengths

Some highlights of our campus that attribute to our strengths are:

1. 83% of our returning students persisted with us. This was 4.3% pts higher than the 21-22 SY.

2. Parental engagement was tracked at 85% or more monthly for all events,

3. We are inclusive of a diverse staff that meet the needs of all diverse learners in our school community; inclusive of bi-lingual.

4. We offer Advanced Placement for all HS students regardless of GPA.

5. We are top in the SA region with students being On Track to Graduate; maintaining 100% quarterly for the year.

6. We increased community partnerships by four; bringing restorative programming and resources to our families to improve SEL, food security, counseling and community service opportunities.

7. We garnered state championships in several sports resulting in increased athletic participation, college away programs and training for athletes.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Average daily attendance showed a decrease from the targeted benchmark of 97%. Trends of chronic absenteeism amongst students in all grade levels were prevalent. **Root Cause:** The ADA matrix was not enforced resulting in low accountability from leaders. There was a gap in the timeline and no clear owner to follow it with fidelity for measurable outcomes.

Problem Statement 2 (Prioritized): Behaviors exhibiting possession of THC/vape pens/marijuana use accounted for 20% of increased administrative referrals resulting in expulsion hearings for the 22-23 SY. **Root Cause:** There was a lack of planning for this Tier 3 behavior. Also, no immediate campus or district wide restorative programming/resources for students and families to combat this behavior.

Student Learning

Student Learning Summary

IDEA Najim is currently an A-rated campus. This was based on accountability data for the 21-22 SY. Final results are in pending status for the 22-23SY. Below are some highlights that attributed to campus growth and areas of improvement for progression:

Highlights:

- Top 3% in region in Biology
- Increased 23% pts from Semester exam to Mock exams in middle school ELA
- implementation of intervention supports; met 100% HB4545 for high priority scholars
- Consistent normed instructional rounds; providing on the spot coaching and feedback
- Routine data conversations with tracking mechanisms for staff to grow data & close gaps with urgency
- Attained AR-Hotspot honor roll/PE honor roll
- CSI met 60% growth
- STAAR Alt 80% pass rate

Areas of Growth

- Structured mechanisms and fidelity to exit ticket sorts in all tested contents; inclusive of strong data sorts after 1st teach
- Consistency with observations after 1st teach observations
- Timely lesson plan feedback from APIs to target daily instructional practices {namely misconceptions)
- 8th grade ELA supports and intervention to close learning gaps
- targeted intervention strategies to strengthen meets and masters % growth

Student Learning Strengths

IDEA Najim CP maintained sustained mechanisms for scholar success.

- Daily lesson rehearsals with feedback for staff
- Individual student TEKS trackers for accountability measures.
- Criteria for success identifiers in all classroom spaces for consistent trends
- Uniformed campus annotations
- Aligned formative and summative assessment data
- scratch to screen implementation for daily practice aligned to STAAR
- Daily intervention and tutorials embedded in the educational program to provide additional support to students (not limited to Saturday boot camps)

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): 6th-8th grade reading has decreased percentages in our meets and masters categories; below the benchmark. **Root Cause:** Class observations often focused on beginning of class, framing and release; often reduced attention to the independent practice and student actions=learner outcomes.

Problem Statement 2 (Prioritized): 8th grade data spiraled into a decline below the 50% threshold for 1-3 quarter. **Root Cause:** 1. Inconsistent teacher in ELA/Humanities due to lack of staff retention. 2. Gaps of learning grew and was consistent with no accountability measures in place. 3. Substitutes used for a prolonged period of time and often not prioritized.

School Processes & Programs

School Processes & Programs Summary

Najim CP has a solid administrative team, which consists of: Principal, 2-assistant principals of instruction, director of college counseling, student success advisor. In addition, our campus offers robust programming with stellar processes for a well-rounded school culture and climate. See areas of success broken into 3 domains:

Training/development

- Weekly PD sessions with best practices and GET focus
- Biweekly PLCs led by CTLs
- Weekly check ins with direct manager to provide two way feedback
- Monthly principal touchpoints (lunch n learns, pulse checks, SBDM, etc)
- Data convos after all formative assessments
- Exit ticket huddles
- Grade level GTLs/meetings every Wednesday
- Weekly CTL meetings/instructional tactical to go over trends, highlights

Communication

- parent communication tracker (weekly log)
- Remind/Facebook
- Principal newsletter weekly
- counselor corner weekly
- STAR tribune student newsletter (monthly)
- Weekly lead tactical
- 90|60|30 meetings-academic progress
- district PD/Course collab

Curriculum

- MTW to enhance SEL on campus
- IXL/iReady-intervention support for HB4545 scholars
- ACT mastery prep for targeted test prep/TSIA
- Royal readers/Math masters
- 1:1 technology
- District content curriculum 6th-12th grade
- CTE-new offering 23-24SY Computer science

Extra-curricular

- clubs (Art, Glee, Student council, Drama, Chess, Yearbook, Creative writing/poetry)
- MS/HS sports (basketball, track, cross country, volleyball, soccer, flag football) Texas Charter League affiliation
- male/female sports

School Processes & Programs Strengths

Panorama results confirm the following strengths; which promote sustainability:

Safety

I know what to do in case of an emergency. I am familiar with our schools emergency protocols; Lockdown, Hold, Secure, Shelter and Evacuate. 4.9

My teachers have talked to me about safety 4.7

My teachers challenge me to do my best. 4.2

I have a best friend at school 4.4

How many of your teachers are respectful to you. 4.1

Teacher career pathway survey results:

I believe my teacher really cares about me. 4.5

My teachers makes sure that all students in this class are successful. 4/7

In my teachers class we learn a lot. 4.6

When my teacher notices that I don't understand something, they help me until I do understand it. 4.8

In this class, we stay busy and don't waste time. 4.6

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): We currently trend 77% staff retention. **Root Cause:** 1. Leaders failed to successfully onboard new hires. 2. There was no defined hiring non-negotiables. 3. Core value strand-best fit best match (not adhered) to. 4. New staff struggled to align with culture expectations set by leaders 5. Late hires do not receive the same quality onboarding as new hires at BOY

Problem Statement 2 (Prioritized): Enrollment/ persistence is below benchmark and has been consistently over the past 5 years. +met enrollment 22-23 SY (1st time) **Root Cause:** 1. Leaders did not market Najim showcasing campus highlights or following a true model for success. 2. Lack of partnerships in the community to invite to campus engagement events and open houses. 3. Poor turnout at school engagement events, NTI family socials to promote school pride and connectivity

Perceptions

Perceptions Summary

IDEA Najim College Prep has maintained a strong presence in the Eastside community with continuous open enrollment throughout the year, Overall, families report satisfaction with our culture (structured environment), top tier support with special programs (sped/504); Parents shared appreciation for the "drop everything and respond" method when concerns arise and that leaders are very responsive. Additionally, students have access to the student success advisor and have shown progress in healthy friendship building, social emotional needs and dealing with feelings.

Perceptions Strengths

1. Parent concerns are addressed in a timely manner and handled with discretion.

2. Leaders and teachers collaborate on best practices and strategies to support special pop scholars.

3. Teachers and students are abreast of how to request SEL support from campus SSA.

4. Parents feel welcomed and excited with our engagement events and enjoy time on campus.

5. Parents are committed to our college going mission. Support CCMR activities, meetings and field lessons.

6. We have a diverse staff to accommodate our demographic needs (bi-lingual/Afr-Amer/other) of parents and students.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Parents want more course offerings and certificate programs for scholars to broaden their reach toward college/career goals. **Root Cause:** There is a lack of elective offerings and diploma tracks. Currently, we have no programming that yield certification of interest for 20% of HS scholars. (Computer programs, CPR, para-professional, financial literacy, etc.)

Problem Statement 2 (Prioritized): Families have expressed that we do not consistently send campus communication translated into their native language. **Root Cause:** There is no clear owner/partnership to support with translation for all campus communication. (remind, newsletters, etc.)

Priority Problem Statements

Problem Statement 1: Average daily attendance showed a decrease from the targeted benchmark of 97%. Trends of chronic absenteeism amongst students in all grade levels were prevalent.

Root Cause 1: The ADA matrix was not enforced resulting in low accountability from leaders. There was a gap in the timeline and no clear owner to follow it with fidelity for measurable outcomes.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Behaviors exhibiting possession of THC/vape pens/marijuana use accounted for 20% of increased administrative referrals resulting in expulsion hearings for the 22-23 SY.

Root Cause 2: There was a lack of planning for this Tier 3 behavior. Also, no immediate campus or district wide restorative programming/resources for students and families to combat this behavior.

Problem Statement 2 Areas: Demographics

Problem Statement 3: We currently trend 77% staff retention.

Root Cause 3: 1. Leaders failed to successfully onboard new hires. 2. There was no defined hiring non-negotiables. 3. Core value strand-best fit best match (not adhered) to. 4. New staff struggled to align with culture expectations set by leaders 5. Late hires do not receive the same quality onboarding as new hires at BOY

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Enrollment/ persistence is below benchmark and has been consistently over the past 5 years. +met enrollment 22-23 SY (1st time)

Root Cause 4: 1. Leaders did not market Najim showcasing campus highlights or following a true model for success. 2. Lack of partnerships in the community to invite to campus engagement events and open houses. 3. Poor turnout at school engagement events, NTI family socials to promote school pride and connectivity

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Parents want more course offerings and certificate programs for scholars to broaden their reach toward college/career goals.

Root Cause 5: There is a lack of elective offerings and diploma tracks. Currently, we have no programming that yield certification of interest for 20% of HS scholars. (Computer programs, CPR, para-professional, financial literacy, etc.)

Problem Statement 5 Areas: Perceptions

Problem Statement 6: 6th-8th grade reading has decreased percentages in our meets and masters categories; below the benchmark.

Root Cause 6: Class observations often focused on beginning of class, framing and release; often reduced attention to the independent practice and student actions=learner outcomes.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: 8th grade data spiraled into a decline below the 50% threshold for 1-3 quarter.

Root Cause 7: 1. Inconsistent teacher in ELA/Humanities due to lack of staff retention. 2. Gaps of learning grew and was consistent with no accountability measures in place. 3.

Substitutes used for a prolonged period of time and often not prioritized.

Problem Statement 7 Areas: Student Learning

Problem Statement 8: Families have expressed that we do not consistently send campus communication translated into their native language.

Root Cause 8: There is no clear owner/partnership to support with translation for all campus communication. (remind, newsletters, etc.)

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Effective Schools Framework data
- Accountability Distinction Designations
- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR End-of-Course current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback

- Campus department and/or faculty meeting discussions and data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices

Required Strategy: recruit and hire high quality candidates per role by using high quality resume criteria

IDEA Public Schools

Parmer Park College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 3, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 22

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Parmer Park College Prep is a diverse 4 grade middle and high school serving North Austin and the surrounding areas. IDEA Parmer Park College Prep ended the 22-23 school year with 1 Advanced Placement and will have up to 11 in the next three years as the school grows to serve all grades 6-12. The school has averaged roughly 70% teacher retention with a 20-1 student to teacher ratio. The school educates over over 50% Emergent Bilingual students, and over 80% of the students come from economically disadvantaged households.

Demographics Strengths

1)Attendance systems are strong across grade level.

2) The school met Beginning of Year Enrollment this year signaling community acceptance of the school and for the programs presented by IDEA Parmer Park College Prep.

3)The staff demographics represent those of the student community

Problem Statements Identifying Demographics Needs

Problem Statement 1: The student Code of Conduct needs to be clearly enforced for all students. **Root Cause:** 1)School leaders need a clear behavior consequence system for all students 2)Grade level leadership lacked consistent vision

Student Learning

Student Learning Summary

IDEA Parmer Park College Prep has consistently outperformed similarly situated middle schools in North Austin. It has however, underperformed in comparison to other IDEA schools. IDEA Parmer Park College earned a C state rating. This was mostly attributable to a student achievement score in the 40's. IDEA Parmer Park College Prep serves over 50% Emergent Bilingual students. The 22-23 school year was the first year that IDEA Parmer Park College Prep met the TELPAS growth goal for the state of Texas and within IDEA Public Schools.

Student Learning Strengths

1) Students who didn't pass Algebra last year had an "intervention" class to support them in passing it this year.

2) Behavior consequences in 7th grade were effective in stopping others from the same behavior.

3) Trackers were effective at tracking student discipline, student movement in the building and putting goals front and center for students throughout the day

4) ELA performance is at or above the district average across the grades.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Students are not reading on grade level in upper grades, **Root Cause:** 1) High teacher turnover has meant a lack of qualified teachers to close gaps. 2)Limited interventionist and SPED teachers means a large percentage of students in classes are not getting specialized support.

School Processes & Programs

School Processes & Programs Summary

IDEA Parmer Park College Prep consistently holds professional development weekly with structures in place such as Content Team Leaders and assistant principals who are experts in a particular content. Technology is integrated in multiple ways on campus from I Learning Hotspot and middle school intervention classes. The Road to and Through College and Career and Technical Education classes consistently reinforce technology use to prepare students for high school and college. IDEA Parmer Park College Prep utilizes the IDEA curriculum.

School Processes & Programs Strengths

1. Consistent Professional development. - Teachers can always count on weekly PD's.

2. Consistent Leadership - IDEA Parmer Park College Prep has kept the same principal for the entire school year and beyond.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: School processes and programs will be effective if the school is able to support ELL students and keep great **Root Cause:** 1)Teacher shortages led to more teacher turnover 2) Leaders filled teacher gaps which led to a lack of coaching and development for the teachers left in their roles.

Perceptions

Perceptions Summary

At IDEA Parmer Park College Prep, our staff has a high emotional intelligence greatly values culture and climate. We attempt to talk to students and fix situations to ask in a way that students appreciate. The school utilizes peer mediation circles, some student and teacher circles. IDEA Parmer Park College Prep attempts to deescalate conflict by preemptively planning for it.

The IDEA Parmer Park College Prep staff is engaged, but is keenly aware of the demands of the work. IDEA Parmer Park College Prep uses a variety of family engagement methods and metrics to ensure that the families are valued stakeholders. Student-staff and family-staff surveys are used to provide honest feedback on the practices. Finally, the school leadership tracks family attendance at events

Perceptions Strengths

1. Staff attendance - staff attendance has greatly outperformed other IDEA schools this year.

2. Student/Teacher relationships - student surveys have demonstrated a strong, positive connection between students and teachers.

3. Staff exit surveys demonstrate that a large percentage are not leaving due to staff dissatisfaction.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: The priorities for the year were not fully lived out this year. **Root Cause:** 1)Too many priorities led to mission creep throughout the year. 2)Priorities were not revisited and women throughout the year in a way that kept them relevant

Priority Problem Statements

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Performance Objectives with summative review (prior year)
- Covid-19 Factors and/or waivers for Assessment, Accountability, ESSA, Missed School Days, Educator Appraisals, etc.

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations

Goals

Goal 1: IDEA Parmer Park College Prep achieves an A Rating

Performance Objective 1: 75% of Parmer Park College Prep students will meet their campus growth goal for reading and math on the final spring mock.

Campus Funding Summary 26

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Pflugerville College Prep currently serves grades 6-11 and will serve grades 6-12 starting in 2024. Our founding class of students who started with us as a sixth graders will graduate in May of 2025. IDEA Public Schools follows an "AP For All" program, and our students take their first AP Course in 9th grade. This will be our second year offering CTE Programming; we will offer two pathways: Multimedia and Nursing Science. We also offer Art and have an Athletics program. At the end of 2023, our school had 527 students enrolled, with 65% being emerging bilingual and 79% economically disadvantaged. If we combine middle school and high school, 17% of the population receives special education services, 4% receive 504 services, 77% identify as Hispanic, 9% Black/African American, 8% White, 5% Asian and 1% identifying as 2 or more races or American Indian.

Demographics Strengths

Our committee identified several strengths: 1) our student population is becoming more ethnically diverse as evidenced from high school to middle school and 2) our campus data demonstrates that we have a strong tie to the Latino community in this area and 3) our Average Daily Attendance was higher than the district average. 4) our persistence is higher than it was this year at the same time.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Our student persistence is below 90%, which is our district goal. **Root Cause:** Position vacancy in receptionist role and lack of operating mechanisms around school to home communication that is consistent throughout the whole campus.

Problem Statement 2 (Prioritized): Our Average Daily Attendance fell short of our district goal of 97%; we ended the year at 93.32%. **Root Cause:** Lack of consistent tracking from the beginning of the year and lack of implementation of meetings early in the year around attendance policies and impact on academic development.

Student Learning

Student Learning Summary

Our school was rated a B (88) for our Academic Achievement during the 2021-2022 school year. We earned an 80 in Academic Achievement, a 90 on School Progress, and an 83 in Closing the Gaps.

The last year we received a rating was pre-pandemic in our founding year, 2018, when we earned an 87 (B). During this past school year, we also earned our Distinctions for Academic Achievement in Reading, Math, and Social Studies. We also earned our Postsecondary Readiness Distinctions. Our distinctions indicate that we are performing well above schools with a similar student body.

11% of our rising 11th graders are TSI Exempt in ELA. 3% of our rising 10th graders are TSI Exempt in math and 17% of our rising 11th graders are TSI Exempt in Math.

Student Learning Strengths

Our students' Reading performance improved drastically in grades 8-10 from Semester Exams to Spring Exams to our STAAR test.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Student achievement in Math and Science is significantly lower than in our English classes. **Root Cause:** Lack of beginning of year assessment and identification of specific gaps and associated instruction to remediate gaps before continuing into conceptual and multi-step equations.

Problem Statement 2 (Prioritized): Our level of students performing above grade level is under the district goal of 30%. **Root Cause:** Much of our teacher development is focused on moving students to passing or to grade level.

School Processes & Programs

School Processes & Programs Summary

Our campus develops instructional leaders through collaboration with our Regional Team and a robust coaching and collaboration cycle. We observe classrooms daily and go on Lead Team rounds for instruction and culture several times a week. Our professional development prioritizes teacher growth in instructional skills and data analysis. All teachers have weekly check-in's, unless they are on the path to master teacher, which focus on specific and targeted skills for their practice. In 2023, we will implement content team meetings and focus more on in-the-moment-coaching of teachers. Our schedule next year allows for vertical alignment across individual grade levels.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA retains an average of 84% of students year over year

- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

See PDF in Addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): As we continue to grow, safely and efficiently dismissing scholars becomes more challenging. **Root Cause:** Lack of accountability for families and difficulties planning for walkers, after school care, and siblings' dismissal.

Problem Statement 2 (Prioritized): Our grade levels lack cohesive academic routines and consistent scholar joy--including how class starts, how students track their own progress, and grades. **Root Cause:** Lack of calendaring/vision setting for joy and lack of vision setting/training/observation for academic routines.

Perceptions

Perceptions Summary

IDEA provides bi-annual surveys for families and students to share their experiences, opinions, and feelings about our school the Panorama Platform. Teachers provide feedback on the Great Places to Work Survey, and we offer a place for teachers to offer suggestions throughout the school year to improve our campus. We have monthly events for families and advertise through social media and our Weekly Newsletter. We are gradually cultivating partnerships with our community through inviting them to our events, such as Trunk or Treat. We have a strong partnership with Backpack Friends, which ensures that our students do not experience food insecurity over weekends. Our most popular events are Beginning of Year Orientation, Step Up's/Graduations, and Trunk or Treat.

Perceptions Strengths

Our staff members have a strong relationship amongst one another, and strong staff-to-student relationships to promote a sense of belonging.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Staff feels that the school did not follow the discipline system outlined at the beginning of the year. **Root Cause:** Insufficient communication between administrators and instructional staff; teachers did not implement our tracking system for misbehavior consistently and diligently; administrators needed to communicate more consistently and clearly about consequences, family meeting, family support, etc.

Problem Statement 2 (Prioritized): Families desire greater opportunities for feedback and engagement. **Root Cause:** Family engagement is limited to bi-monthly events, PTO meetings, conferences, and 1:1 communication.

Priority Problem Statements

Problem Statement 1: Our Average Daily Attendance fell short of our district goal of 97%; we ended the year at 93.32%.

Root Cause 1: Lack of consistent tracking from the beginning of the year and lack of implementation of meetings early in the year around attendance policies and impact on academic development.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Our student persistence is below 90%, which is our district goal.

Root Cause 2: Position vacancy in receptionist role and lack of operating mechanisms around school to home communication that is consistent throughout the whole campus.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Student achievement in Math and Science is significantly lower than in our English classes.

Root Cause 3: Lack of beginning of year assessment and identification of specific gaps and associated instruction to remediate gaps before continuing into conceptual and multi-step equations.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Our level of students performing above grade level is under the district goal of 30%.

Root Cause 4: Much of our teacher development is focused on moving students to passing or to grade level.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: As we continue to grow, safely and efficiently dismissing scholars becomes more challenging.

Root Cause 5: Lack of accountability for families and difficulties planning for walkers, after school care, and siblings' dismissal.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Our grade levels lack cohesive academic routines and consistent scholar joy--including how class starts, how students track their own progress, and grades.

Root Cause 6: Lack of calendaring/vision setting for joy and lack of vision setting/training/observation for academic routines.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Staff feels that the school did not follow the discipline system outlined at the beginning of the year.

Root Cause 7: Insufficient communication between administrators and instructional staff; teachers did not implement our tracking system for misbehavior consistently and diligently; administrators needed to communicate more consistently and clearly about consequences, family meeting, family support, etc.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Families desire greater opportunities for feedback and engagement.

Root Cause 8: Family engagement is limited to bi-monthly events, PTO meetings, conferences, and 1:1 communication.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Local benchmark or common assessments data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- STEM and/or STEAM data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records

- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Campus leadership data
- Campus department and/or faculty meeting discussions and data

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: 6-10th Grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 49.8% to 55% in Spring 2024 (HB3)

Performance Objective 5 Problem Statements:

Student Learning

Problem Statement 1: Student achievement in Math and Science is significantly lower than in our English classes. **Root Cause**: Lack of beginning of year assessment and identification of specific gaps and associated instruction to remediate gaps before continuing into conceptual and multi-step equations.

Problem Statement 2: Our level of students performing above grade level is under the district goal of 30%. **Root Cause**: Much of our teacher development is focused on moving students to passing or to grade level.

Goal 2: Increase student persistence

Performance Objective 1: Campus receives a score of proficient or higher on the campus safety scorecard for the 2023- 24 school year (TEC 11.253(d)(8))

IDEA Public Schools

Rio Vista College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 17, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Rio Vista College Prep is an open-enrollment public charter serving grades 6th - 10th. We proudly serve a diverse array of scholars representing the surrounding community. The campus's major student population is Hispanic, equating to 92% of the general population. In addition, 87% of the general population is considered economically disadvantaged. The campus's special programs include CTE Computer Science, Emerging Bilingual, Special Education, and Athletics.

Demographics Strengths

1. Campus staff is comprised of similar percentages to student populations. Staff 85% Hispanic. Student 93% Hispanic.

2. 99% of staff considers themselves belonging to a minority.

3. 100% of teachers hold a bachelor's degree or higher.

4. 89% of teachers have 3 years or less experience

Problem Statements Identifying Demographics Needs

Problem Statement 1: IDEA Rio Vista scholars are not persisting from 8th grade to and through High School. **Root Cause:** Scholars at IDEA Rio Vista are leaving the campus seeking optional non-AP courses in a traditional HS experience as evidence by demographic survey 5/23/23.

Problem Statement 2: IDEA Rio Vista CP students are leaving the campus for other choices in the area. **Root Cause:** Scholars at IDEA Rio Vista are leaving the campus due to the restrictive CTE pathway choices available as evidence by demographic survey 5/23/23.

Student Learning

Student Learning Summary

We are proud to be an A rated campus (94), having earned domain ratings of 86, 92, and 99, for student achievement, school progress, and closing the gaps respectively during the 21-22 school year. This academic year, students are utilizing the following for student learning:

Lecture and notes (sometimes unable to keep up with)
Lack of Remediation time frame/ reteach
New teacher skill set
Lack of collaborative time sped inclusion
Creation of intervention time during electives
Priority placed on teacher retention and headspace rather than maximization on instructional time

Student Learning Strengths

Strengths:

Targeted tutoring
Reframe of perception of Sat. School (Saturday Workshop)
Intentional focus on editing and revision
Student awareness of data
Mastery machine and impact of visual accountability
Incentive based growth

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Special Education population not meeting target academic goals **Root Cause:** 1) Limited bandwidth regarding inclusion and gen ed teachers 2) Internalization time 3) High frequency behavior infractions impeding on instructional time 4) Quantity of students requiring specialized support within homerooms

Problem Statement 2: High absentee rate from both teachers and students, has led to an impact on academic growth **Root Cause:** 1) Non-existent attendance plan for truant scholars 2) Inability to hold to blackout dates due to increased request of personal/mental health time or medical appointment needs 3) Inadequate follow-up plan for missed instruction/make-up work time frame

School Processes & Programs

School Processes & Programs Summary

IDEA Public Schools is a network of tuition-free, public charter schools operating in the United States. Our mission is to prepare students for success in college and beyond. We focus on providing a rigorous and high-quality curriculum that includes core subjects of English, math, Science, and Social Studies and we also offer Advanced Placement courses to all high school scholars. Our population of families requires additional supports to overcome academic barriers, which is why we provide a range of support services. These services include special educational programs, English language learner (EB) support, as well as counseling services for our students.

IDEA as a whole offers on-going professional learning and development opportunities throughout the year to support continuous learning and improvement. Whereas these opportunities are offered, we here at RIO Vista CP can do a better job of supporting district initiatives/availabilities by aligning our building-wide learning with district offerings.

IDEA also utilizes data-driven instruction to help students reach their academic goals. Teachers and leadership staff analyze and discuss student performance data in an effort to inform their instructional practices. Here at Rio Vista we meet weekly as a leadership team to discuss student performance, ADA, and opportunities for improvement around scholar retention and academic outcomes.

School Processes & Programs Strengths

- Strength in the presence and effectiveness of Extracurricular activities on campus: (flag football, soccer, baseball, student council, Art club, National Honor Society, Anime Club).
- Intervention and Homerooms was based on data, but there was appropriate teacher input when needed.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Losing instructional time in the classroom is an issue affecting student achievement. Factors that can impede instruction are student & staff disruptions, poor time management, inadequate planning & ineffective instructional strategies. These factors collectively result in valuable instructional time being lost & underutilized, preventing scholar from receiving their full academic experience. **Root Cause:** Lack of proper planning for classroom coverage during teacher absences, last-minute changes to the instructional day due to unforeseen circumstances, and student activities to support persistence that take place during instructional blocks of time.

Problem Statement 2 (Prioritized): Students in our subgroup populations (English language learners and expectational education) are not performing at the same level as their peers on state assessments at proficient or advanced levels of performance. **Root Cause:** Content teachers & ex. ed. teachers missing opportunities to collaboratively plan for differentiated instruction for students. Lack of training around best instructional and high yield strategies that results for underperforming students and the inconsistent use of strategies to help students acquire language skills.

Problem Statement 3: The lack of professional development and learning opportunities negatively impacts teachers' abilities to unlock student learning barriers. Without timely and relevant professional development, teachers become stagnant in their teaching practices and cycle in outdated instructional techniques. **Root Cause:** When teachers/staff join IDEA, they typically undergo comprehensive initial training to familiarize themselves with the school's mission, vision, values, & instructional approach. This training includes workshops & seminars. At the building level, there has not been a focus on continued learning or self-development, therefore the culture of continued learning is not evident or expressed.

Perceptions

Perceptions Summary

IDEA Rio Vista College Preparatory embraces a culture in which personal and academic achievement is available for all students. Our campus community takes pride in being one that is inclusive and recognizes that our mission to matriculate 100% of seniors to and through college and to realize their strengths to fuel their passion for life-long learning is accomplished through collaboration among staff, parents, students, and community members.

Our campus offers various opportunities throughout the year for our parents and other community members to engage with our staff. Additionally, we have a strong staff retention rate at 94% which is the foundation for fostering relationships with families. These relationships can be improved and could result in stronger student persistence numbers; as a College Prep campus our year to date student Persistence is currently at 92.63%.

Perceptions Strengths

- Many inclusive/Persistence events: (Night @ the Rio, Pep-Rallies, Powderpuff Game, Formal Dance, Homecoming Parade, Athletic Events, Field Day, Open Houses, Coffee with the Principal).
- Support for new students (assigning student ambassadors to guide new students).
- Implementation of various extracurricular clubs: (American Sign Language, Pokémon Club, Anime Club, Chess Club, Art Club, Dance Club)
- Growing business partnerships (Opening Sponsorships and job opportunities: Speaking Rock and Bravo Cadillac).
- Strong staff retention rates throughout the school year

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Inconsistent and reactive disciplinary practices, coupled with a lack of effective behavior management systems, contribute to disruptive behaviors, reduced learning outcomes, and an unfavorable school environment led to student withdrawal and staff frustrations. **Root Cause:** The campus experienced a turnover in administration, resulting in significant culture changes that were initially issued but later retracted. Furthermore, there has been a lack of clear implementation of behavior management strategies across the campus, leading to inconsistencies in handling disciplinary issues inside and outside the classroom.

Problem Statement 2: Persistence data is in jeopardy of not being attained which is the campus goal of 90% by the end of the year. This is evident from the current year-to-date (YTD) statistics, which indicate 33 withdrawals throughout the 2022-2023 school year. 17 being new students and 15 attributed to academic challenges or dissatisfaction with the campus culture. **Root Cause:**
17 of the leavers being new students and 15 attributed to academic challenges or dissatisfaction with the campus culture. Due to the Absence of a well-defined long-term campus vision, coupled with inconsistent communication of campus achievements, goals, academic curriculum, and student expectations. Leading to student and parent dissatisfaction with our campus and staff throughout a school year.

Priority Problem Statements

Problem Statement 1: Losing instructional time in the classroom is an issue affecting student achievement. Factors that can impede instruction are student & staff disruptions, poor time management, inadequate planning & ineffective instructional strategies. These factors collectively result in valuable instructional time being lost & underutilized, preventing scholar from receiving their full academic experience.

Root Cause 1: Lack of proper planning for classroom coverage during teacher absences, last-minute changes to the instructional day due to unforeseen circumstances, and student activities to support persistence that take place during instructional blocks of time.

Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: Students in our subgroup populations (English language learners and expectational education) are not performing at the same level as their peers on state assessments at proficient or advanced levels of performance.

Root Cause 2: Content teachers & ex. ed. teachers missing opportunities to collaboratively plan for differentiated instruction for students. Lack of training around best instructional and high yield strategies that results for underperforming students and the inconsistent use of strategies to help students acquire language skills.

Problem Statement 2 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals

Accountability Data

- Student Achievement Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- Student failure and/or retention rates

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Section 504 data
- Homeless data
- Gifted and talented data
- Dyslexia data

Student Data: Behavior and Other Indicators

- Attendance data
- Student surveys and/or other feedback
- Class size averages by grade and subject
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Other additional data

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
Strategy 1: 100% of 11th Graders will participate in ACT Boot Camp **Strategy's Expected Result/Impact:** 100% of 11th Graders **Staff Responsible for Monitoring:** Portillo	Oct	Jan	Mar	June

Campus Funding Summary 26

Comprehensive Needs Assessment

Demographics

Demographics Summary

Idea Rise College Prep is a title 1 Campus that offers quality educational programs and extracurricular activities to students in grades 6-9. Idea Rise College Prep currently serves 319 students in grades 6-8 and 88 in grade 9. As a scaling school we are adding grade

The school's demographics include approximately 93.3% economically disadvantaged, 11.3% students with disabilities and 36.8% English Language Learners.

Demographics Strengths

English Language Learners outscored non ELL's consistently on district exams

100% of students with disabilities in the RISE room were successful on STAAR ALT 2 mock exams and the 9*th* grader scored Masters on all three of the EOCs

Problem Statements Identifying Demographics Needs

Problem Statement 1: We did not meet the ADA goal of 97.5%. **Root Cause:** We have not done a strong enough job of explaining to families attendance requirements since the end of the pandemic and there are no consequences for families who are not meeting attendance requirements.

Problem Statement 2 (Prioritized): We did not meet the persistence goal of 90%. **Root Cause:** Parents who enrolled in our school after June did not get a quality WTI and onboarding. As a result, they did not have a clear picture of the school.

Student Learning

Student Learning Summary

IDEA Rise College Prep is an A rated campus where students engage in Pre-AP 6-8th grades and two AP courses starting in grade 9. Incoming 6th grade, often students are starting at our campus around 1-2 years behind grade level across all contents. At IDEA Rise CP, students receive mock exams to gauge where they are at after being taught all material in our courses. During these mock exams, as a campus we were able to meet goals on students passing their respective exam and switched to pushing students in the Meets and Masters category. As the year closes out, students passed all core content EOC exams at a 90+% rate and about 40% of students are showing mastery in Math and Science on their EOC exams.

IDEA Rise College Prep is also home to many of our special populations students which accounts for 11.5% of the campus population compared to the 7% state average. Of our self contained students in the special populations group, 100% passed the STAAR Alt 2 exam. Also, on our campus our ELL, which make up 36.8% of the campus, regularly out perform non ELL students across core content exams. Not only does this group out perform but demonstrate a level of mastery at a higher rate compared to their peers. 25% of students at IDEA Rise CP, also test into Spanish 2 in the 8th grade which pushes that group of students to show mastery of a second language prior to entering high school.

Student Learning Strengths

1. Students at IDEA Rise College Prep regularly out perform the district average on ALL core contents across all 3 different performance bands.

2. In a majority of our Math courses students have been able to score in the top 5% on all district and state exams in our district.

3. Our ELL students not only meet their goals at a faster rate but also show a level of mastery at a higher rate than that of their peers.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The percentage of students at masters level in RLA 6th-9th grade is below 30%. **Root Cause:** Currently, we do not have a curriculum or best practices to teach writing in grades 6-10.

Problem Statement 2: We have less than 30% of students receiving 3+ on AP exams. **Root Cause:** The current AP curriculum for Human Geography and World History does not meet the rigor of the exam.

School Processes & Programs

School Processes & Programs Summary

IDEA Rise College Prep (CP) offers a rigorous pre-AP and AP curriculum to prepare students for success to and through college. Our teachers are observed weekly and rated consistently across four GET rows, which correspond to our professional development scope and sequence. Below are the cumulative GET scores for Rise CP instructional staff. Please note that Rise CP has a diverse staff of new and veteran teachers.

- Culture (Row 2): Rise CP staff are **proficient** in carrying out the district's culture/climate standards.
  - Planning (Row 3)/Curriculum: Rise CP staff are **proficient** in planning with the district's curriculum.
  - Instruction (Row 4): Rise CP staff are **proficient** in providing clear instruction to students.

- The IDEA Rise CP Lead Team hosts whole-staff professional development sessions weekly. We utilize a clear, predictable annual scope/sequence of development for teachers, from culture (Q1), planning (Q2), instruction (Q3) and response to student data (Q4). However, despite a robust teacher training program, our campus retained only 75.5% of

staff for the 2022-2023 school year. This is an area of growth that will improve with the new GET rubric being utilized.

School Processes & Programs Strengths

- Communication is a strength for Rise College Prep. Our principal, SSA, and teachers communicate weekly with relevant staff and families to ensure that information is cascaded. Some of the mechanisms for communication are listed below as examples.
    - Staff: Staff Weekly, weekly check ins with manager, twice annual pulse checks with principal
    - Families: DeansList, Family newsletter, parent/teacher conferences
    - Students: Access to family newsletter, use of Teams, DeansList weekly report

The AEES surveys provide evidence to support the claim that staff/leadership communication is strong. The following metrics are relevant:

My fellow employees are committed to doing quality work.	**83.7**
My leadership team actions match their words.	76
My leadership team cascades information about important updates or changes.	79.8
My leadership team demonstrates gratitude for good work and geninue efforts.	79.8
My leadership team hires people who are a good fit for our team.	77.5
My leadership team involves team members in decisions that impact their role or work.	64.3
My leadership team makes their expectations clear.	77.5
My leadership team provides the necessary materials and supplies needed to do my job.	71.3
My leadership team values and responds to my feedback and ideas.	81.4

The Panorama family data is lacking, as only 17 parents completed the sruvey. This is a growth opportunity as well, but the parents who did respond believe that communication is strong. The following metrics are relevant, even if our overall participation was low.

- Q.3: The adults at my child’s school care about the students. Always 76% 13 Usually 24% 4 **Mean 4.8**
- Q.4: My school principal is responsive when I have questions. Always 94% 16 I don't know 6% 1**Mean 5.0**
- Q.6: My child’s school communicates well with me. Always 88% 15 Usually 0% 0 Sometimes 6% 1 Rarely 6% 1 **Mean 4.7**

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): We only offer 4 clubs and 1 sport for boys and girls each season. **Root Cause:** We have prioritized academics over our extra curricular activities in the past.

Problem Statement 2: Our campus retained only 75.5% of staff for the 2022-2023 school year (vs. the goal of 85%). **Root Cause:** We hired staff very late in the year during 21-22 and there was limited development opportunities due to being understaffed throughout the year.

Perceptions

Perceptions Summary

IDEA Rise CP provides the opportunity for parent feedback and engagement to help build positive relationships with our families as well as help with identifying problem areas of the school. Families are given the opportunity quarterly to express their personal glows and grows of our campus, teachers, and administration. Over 90% of Rise CP scholars completed the survey to express their feedback from a scholars point of view in regards to the campus, their teachers, and their Social Emotional School Support System.

LVT Rise is the community partner with Rise CP for the 4th year in a row as we use them as our primary source to extending resources our families in need. Rise CP has also partnered with Unite Us in the effort to finding quality non-profit organizations that will help provide our families who need various types of assistance.

The school culture at Rise CP is calm, academically focused, and a safe environment where scholars can be themselves without excessive scrutiny from their peers. The values of our school is that ALL scholars have the capability to learn and it is our duty to ensure we are providing a safe haven for scholars to focus on their academics while battling outside stressors and adversity in their lives.

School communication is a focal point in our mission at Rise CP where our parent receive communication throughout the school week for reminders and a weekly newsletter highlighting important announcements for the school as well as a placeholder for all foundational information that is essential for parent engagement and school expectations. The behavior management program, DeansList, has made communicating with parents easier on staff members as well as documenting every message in various organized reports.

Staff retention was a 75% for Rise CP which is under the district average of 85%.

Perceptions Strengths

95% of scholars completed the School/Teacher Survey.

5 of 74 Leavers within the schools locus of control.

Average of 550 views on the newsletter each week.

3% of referrals were Out of School Suspension.

Referrals reduced each Quarter & semester.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Families that register after school ends are not be receiving a quality Welcome To IDEA session to ensure families are clear on Rise CP scholar

and parent expectations. **Root Cause:** Holding random WTI session during the Summer where families may not be interacting with one of the Rise CP admin.

Problem Statement 2: Although we continue to strengthen our Community Partnerships, the lack of resources we are able to find for our families in need have led to withdrawals. **Root Cause:** Lack of listed resources that are valid in our area, HQ has provided list of places not operating in helping families.

Priority Problem Statements

Problem Statement 1: We only offer 4 clubs and 1 sport for boys and girls each season.

Root Cause 1: We have prioritized academics over our extra curricular activities in the past.

Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: The percentage of students at masters level in RLA 6th-9th grade is below 30%.

Root Cause 2: Currently, we do not have a curriculum or best practices to teach writing in grades 6-10.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Families that register after school ends are not be receiving a quality Welcome To IDEA session to ensure families are clear on Rise CP scholar and parent expectations.

Root Cause 3: Holding random WTI session during the Summer where families may not be interacting with one of the Rise CP admin.

Problem Statement 3 Areas: Perceptions

Problem Statement 4: We did not meet the persistence goal of 90%.

Root Cause 4: Parents who enrolled in our school after June did not get a quality WTI and onboarding. As a result, they did not have a clear picture of the school.

Problem Statement 4 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Comprehensive Needs Assessment

Revised/Approved: September 13, 2023

Needs Assessment Overview

Needs Assessment Overview Summary

See CNA attached in Plan Addendum.

Demographics

Demographics Summary

IDEA Riverview College Preparatory is an open enrollment public charter school that serves students in grades 6th through 12th. IDEA Riverview College Preparatory serves a total of 744 students, ranging in ages 11 to 19. Special programs offered at IDEA Riverview College Preparatory include: CTE, Special Education, and Athletics. IDEA Riverview College Preparatory is a designated T-STEM Academy, serving 100% of students in grades 9 through 12 as follows:

- 98.7% of students are Hispanic
- 1.3% of students are White
- 95.6% of students are Economically Disadvantaged
- 6.3% of students are served in the Special Education program
- 52.7% of students are Emergant Bilingual/English Learners

Demographics Strengths

See CNA attachment in addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase Average Daily Attendance because it has declined over the past two years. **Root Cause:** There has been in an increase in illness, which has caused issues with attendance.

Problem Statement 2: A large percentage of our Emergent Bilingual (EB) students are not passing their English I and English II EOC's. **Root Cause:** Instruction does not include cross-content opportunities for writing due to lack of training and knowledge amongst instructional staff.

Student Learning

Student Learning Summary

- IDEA Riverview College Preparatory earned an A Rating from TEA, specifically a 97 out of 100, and the following outcomes in each domain:
  - Domain I: Student Achievement - 90 out of 100
  - Domain II: School Progress - 96 out of 100
  - Domain III: Closing the Gaps - 100 out of 100

  Data from Domain III indicates that 100% of our demographic groups met academic achievement and academic growth targets.

  Riverview College Preparatory performed in the top quartile in their comparative group, having earned the following distinctions:
  - Academic Achievement in English/Language Arts/Reading
  - Academic Achievement in Mathematics
  - Academic Achievement in Science
  - Academic Achievement in Social Studies
  - Top 25%: Comparative Academic Growth
  - Postsecondary Readiness
  - Top 25%: Comparative Closing the Gaps

  In the past, IDEA Riverview College Preparatory did not receive accountability ratings in 2019 - 2020 and 2020 - 2021, due to the COVID-19 pandemic. An A Rating was earned in 2018 - 2019.

  In terms of CCMR, we had 93% of our Class of 2022 meeting a CCMR indicator, for either being TSI Exempt, passing an AP Exam, obtaining an Industry Based Certification, or completing an OnRamps Dual Enrollment Course.

  See PDF in Addendum for more information.

Student Learning Strengths

See CNA attached in Plan Addendum.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a need to increase writing proficiency amongst all of our students. **Root Cause:** Our instructional staff has not received training on how to best implement writing best practices in their respective content areas.

Problem Statement 2: There has been little to no growth in the areas of English I and English II EOC results. **Root Cause:** Inconsistent collaboration amongst ELA content

teachers and special population support teachers has led to lower outcomes for our Special Education students and EB's in these areas.

School Processes & Programs

School Processes & Programs Summary

Actions that we take to support powerful teaching and learning on our campus include teacher development. We complete the OCS (outcomes, causes, and solutions) to help our teachers grow and develop. We follow the coaching cycle. At our campus, we observe our teachers diagnose the most pressing problems. After the observation, we plan a check-in meeting to give the action steps that will assist with understanding the feedback and improve their teaching skills. The last part of the cycle is the follow-up. In the follow-up, leaders observe the teachers see if they mastered the skills. If teachers did not master the skills, the leaders provided lesson rehearsals to assist with practice and feedback. Leaders plan for professional development to address the root cause of low performance when there is a downward performance trend in teacher practices. For example, if there is a trend of lack of classroom management, leaders plan classroom management professional development to focus on this gap.

School Processes & Programs Strengths

See CNA attachment in Plan Addendum.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: There is a need to increase social emotional support for our students. **Root Cause:** Our campus behavior policies are reactive, and not proactive. We need to build systems to support and affirm students' emotional well-being.

Problem Statement 2: There is a need to increase access to site visits and experiential learning for students. **Root Cause:** Our campus has not prioritized these areas as we have prioritized academic supports in light of Covid-19.

Perceptions

Perceptions Summary

-How are parent/guardian/community participation rates measured?

*Parent/guardian/community participation is measured through sign-in sheets at the entrance of every event

-Are there any barriers that prevent participation by parents/guardians/community?

*Afterschool hours: parents get out of work late and cannot make it to the meeting

*Not enough reminders to support with parents/guardians/community participation

Perceptions Strengths

See CNA attached in Plan addendum.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: There is a need to increase sense of belonging on campus. **Root Cause:** Campus lack of mechanisms that help students feel celebrated, accepted and safe.

Problem Statement 2 (Prioritized): There is a low participation of parents and guardians on our school activities. **Root Cause:** We must improve in the communication systems and invest parents.

Priority Problem Statements

Problem Statement 1: There is a need to increase Average Daily Attendance because it has declined over the past two years.
Root Cause 1: There has been in an increase in illness, which has caused issues with attendance.
Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to increase writing proficiency amongst all of our students.
Root Cause 2: Our instructional staff has not received training on how to best implement writing best practices in their respective content areas.
Problem Statement 2 Areas: Student Learning

Problem Statement 3: There is a low participation of parents and guardians on our school activities.
Root Cause 3: We must improve in the communication systems and invest parents.
Problem Statement 3 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant information
- SAT and/or ACT assessment data
- PSAT
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Observation Survey results
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data

- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity, gender, etc.
- Section 504 data
- Homeless data
- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data
- Dual-credit and/or college prep course completion data
- Pregnancy and related services data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: 100% of IDEA Riverview College Prep students matriculate to college.

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation

Evaluation Data Sources: Practice and Real ACT Results Report.

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Host ACT Bootcamp sessions for students. **Strategy's Expected Result/Impact:** Students will practice how to test under time limit and students will receive more opportunities to bring up their score. **Staff Responsible for Monitoring:** Carla Rios and ACT teacher Kenia Arias **Title I:** 2.5 **- TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments **Problem Statements:** Student Learning 1	25%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Host ACT Saturday **Strategy's Expected Result/Impact:** Students will receive opportunity to ace their ACT in the comfort of their home campus positively impacting their scores.				

Staff Responsible for Monitoring: Carla Rios and ACT teacher Kenia Arias **Title I:** 2.5 - **TEA Priorities:** Connect high school to career and college - **ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments **Problem Statements:** Student Learning 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: There is a need to increase writing proficiency amongst all of our students. **Root Cause**: Our instructional staff has not received training on how to best implement writing best practices in their respective content areas.

Goal 1: 100% of IDEA Riverview College Prep students matriculate to college.

Performance Objective 2: 100% of graduates meet TSIA college readiness benchmark (HB3)

HB3 Goal

Evaluation Data Sources: TSIA Results Report

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Additional TSI Tutorial support class **Strategy's Expected Result/Impact:** Students will receive additional TSI support with the intention to close their achievement gap. **Staff Responsible for Monitoring:** Carla Rios and TSI teachers **Title I:** 2.5 **- TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments **Problem Statements:** Demographics 1 - Student Learning 1	25%			

Strategy 2 Details	Reviews

IDEA Public Schools

Robindale College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 14, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 35

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Robindale currently has grades 6th through 10th. Our total enrollment is 617 students, for middle school, 377 (6th-8th) and High School, 240 (9^{th} & 10th grade). Students' ages range from 11-17 years old. We are in Brownsville, Texas, and we are a border city located in the Rio Grande Valley. We have open enrollment and students enter a lottery to get selected to join our campus. There is no lottery based on demographics since we accept all subpopulations of students providing equal opportunities. Robindale is a scaling campus, and we offer many programs geared to college readiness since our mission is College for All.
We offer many programs to close achievement gaps and ensure we remain true to our mission. Some programs we offer include:

CSI: Critical student intervention targets students 2 years below grade level and provides small group instruction with a program to better support them and bring them up to grade level.

Accelerated Reader and Imagine Math. These 2 programs provide support to students on individual needs bases. They are identified by a pre assessment in reading and math. Students work on individual pathways to build foundational skills.

CTE: Career and Technical education: We offer two pathways on fields that are competitive in the work field. We offer computer programming and biomedical science.

AP for all: All students are enrolled in advanced or AP classes to set them up for success at the collegian level. At IDEA we believe in AP for all, and students who begin and complete high school with us can earn up to 14 college course credits.

Athletics: Our scholars get opportunities to join after-school sports such as: volleyball, flag football, soccer, baseball, softball, and track.

Afterschool programs: Students also have opportunities to join various clubs such as art, student council, National Honor Society, National Junior Honor Society, cheerleading, dance, and yearbook.

Special programs support: Our scholars receive support in special education through inclusion services. In addition, scholars in our 504 and EB programs receive support with services such as small group testing and oral administration.

Demographics Strengths

Robindale's strengths fall into one big category. We have a system set in place to support our Special Education students. All teachers receive a BOY PD on SpEd IEP's, how to implement accommodations and modifications, and how to submit weekly SpEd samples. In addition, we have a great CSI program that helps support our EB students who fall 2 grade levels below placement. Our CSI program has great tracking systems set in place to ensure that our students are constantly progressing throughout the year. With one of the biggest programs in the district, we are very proud to know we've met our goals for the past years as we continue to close gaps with all of our students.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Lack of small group reteach opportunities to show mastery for our special populations students. **Root Cause:** Inconsistency with scheduling and in class support to our students and teachers.

Problem Statement 2 (Prioritized): Lack of systems and procedures in place for our Special Populations students that include 504, EB, RTI. **Root Cause:** There is a gap in sharing visions and processes for these subpops.

Student Learning

Student Learning Summary

Last year, the overall campus rating was an A rating with 95. On students' achievement, we scored 85/100. School progress 93/100 and closing gaps 100/100. For STAAR performance 87% of students or approached grade level or above in all subjects. In meeting grade level or above we have a 53% in all subjects. In students mastering grade level or above, we scored a 23% in all subjects. 100% of students took STAAR in 21-22. In school progress, we were at 93 academic growth and 92 relative performance. For closing the gaps in academic achievement, we received 30%, and growth status 50%. ELP 10% and student success 10%. We also met 5/6 distinctions: 1. Academic achievement in English Language Arts 2. Academic achievement in mathematics 3. Top 25% comparative academic growth 4. Postsecondary readiness 5. Top 25% comparative closing the gaps

This year, we had 1072/1093 (98.08%) students challenge a STAAR/EOC exam. As our data is coming in,our overall EOC data was higher than our previous year surpassing our internal student achievement goals for each. Our Algebra 1 data reflected 92% of students received approaches, 66% met Meets and 28% met Masters. This year we will be exiting 21/30 from 4545 tutorials in math and 72% of students met their progress measure goal. We also had 75% of SPED students pass their EOC. For English I, we had 86% met Approaches, 66% met Meets, 12 % that met Masters. This year, we will be exiting one student from HB4545 and 27 students met their progress measure goals. We also had 58% SPED students pass their EOC. For Biology we had 91% student get Approaches, 56% get Meets and 18% get Masters. In regards to our critical student intervention program, we had 52% of students meet their goals which means that we surpassed our goal of 50% students in CSI will achieve 2.0 years of growth in reading. 100% of our HB 4545 students were also able to complete their minutes of accelerated learning.

With this data , we believe we are on track to once again achieve an A rating and meet Domain 2 Progress Measure Goals and Domain 3 Target Indicators goals as well.

Student Learning Strengths

+ Increase in Algebra 1 data in the district 92/66/28 SAS- 62

+ 72% of scholars hit their PMG

+ 21/30 scholars will exit the 4545 remediation sessions

+ Content-strong teachers

+ EOC scores were very strong Bio (91/56/18 -SAS 55) English (86/66/12- SAS 55) Algebra 1 (92/66/28 SAS- 62)

+ AR Honor Roll

+ HS Honor Roll

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Lack of student owned and teacher owned tracking systems in place. **Root Cause:** Main campus tracker was owned by one person, but not implemented across the different stakeholders

Problem Statement 2 (Prioritized): Lack of timely communication and follow when providing staff with feedback or training opportunities. **Root Cause:** Leaders assumed

teachers had internalized feedback at first attempt but would lack consistent follow up or coach all to mastery.

Problem Statement 3 (Prioritized): Lack of Special programs collaboration within all contents and services. **Root Cause:** There are no consistent operating mechanisms that address these gaps consistently (daily. weekly or biweekly meetings)

School Processes & Programs

School Processes & Programs Summary

Our campus develops instructional leaders by building their capacities in each of the coaching cycle components. To enhance their skills, we practice by maintaining norming practices in classroom observations, data gathering tools, using OCS to diagnose possible problems of practice, and utilizing data to guide the next steps for leaders, teachers, and students. Roles and responsibilities are clearly defined during onboarding and maintained through annual step-backs. Our campus has a live Excel sheet to plan out professional development needed based on collected data that drive instructional decisions. Data collected based on observations and student assessments guide modification decisions. To support powerful teaching and learning, instructional coaches utilize the coaching cycle daily to gather data to enhance teacher skills to enhance student outcomes. Based on observations, instructional leaders can identify trends that can be addressed either immediately, on the spot during observations, during check-ins, during Monday's Teacher Development, and/or added as a next step. Instructional leaders conduct follow-up observations to support teachers attain mastery of any skills that need to be polished. We offer numerous programs aligned with our vision, mission, goals, and values. These programs highlight high academic expectations. These include but are not limited to AP courses, CTE courses, Critical Student Intervention, Accelerated Reader, and Imagine Learning.

School Processes & Programs Strengths

- IDEA Robindale retains an average of 85% of students year over year.
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college" ·
- IDEA parents rate IDEA as 4.7/5 on the statement "Based on your overall experience this year at IDEA, do you plan on returning in August of 2022."
- IDEA students rate IDEA as 4.5/5 on the statement "I have a best friend at school."

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Lack of proper staff onboarding to ensure they knew roles and responsibilities. **Root Cause:** The communication was fast-paced and did not have concrete next steps and follow-through with onboarding plans.

Problem Statement 2 (Prioritized): Lack of training opportunities at our campus. Trainings not content specific to the needs of our teachers. **Root Cause:** Professional development was focused on school gaps rather than specific gaps for content and or new teachers struggling with classroom management.

Perceptions

Perceptions Summary

1. Parent/community participation rates are tracked with sign-in sheets at each event. Sign-in sheets are given back to our School Counselor, who files data and identifies trends. This year we had 38.5% of our families complete the Spring Family Survey which showed a 32.4% increase in parent feedback from last year. We only had an average of 50 families attend Report Card Nights.

2. The main form of communication with parents/families is electronically through Remind, social media, and the parent weekly newsletter. At times, paper flyers are printed and distributed to students in their homeroom classes by their teachers.

3. At the beginning of the year, the campus started with 495 students with 166 students being new to IDEA Robindale CP. By the end of the year, we ended with about 406 students. 54 Students withdrawing from our School and about 35 students transferring to another IDEA charter school.

Perceptions Strengths

In the year 2022-2023, 100% of students had the opportunity to experience field lessons. We offered side-by-side help to families for re-registration various times throughout the year. Homeroom teachers were accountable to ensure that families completed re-registration and allowed them to express their concerns. According to last year's data, the completion percentage of Spring Family Survey tripled because homeroom teachers and elective teachers being held accountable for ensuring all stud For activities and events, we offered user friendly QR Codes to make it easier for students and families to sign up. At times, important flyers were distributed during dismissal pick up line, which increased participation in events.

Athletics: Our scholars get opportunities to join after school sports such as: volleyball, flag football, soccer, baseball, softball, and track.

Afterschool programs: Students also have opportunities to join dance and choir.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Lack of follow through using ADA escalation matrix. **Root Cause:** Management and fidelity to the matrix and accountability is impacted by high volume of absences.

Problem Statement 2 (Prioritized): Lack of consequence system and communication platform to keep all informed of incidents that occur. **Root Cause:** No consequence hierarchy, grade level consequence ladders nor behavior contracts specific to grade levels have been created.

Problem Statement 3 (Prioritized): Lack of involvement in school engagement activities. **Root Cause:** Timing of events and communication was not provided in a timely manner due to inconsistent implementation of Year At A Glance Event Calendar and cancellations of events due to lack of sponsorship.

Problem Statement 4 (Prioritized): Lack of communication channels /means to families. **Root Cause:** Focused on social media instead of individual communication opportunities.

Priority Problem Statements

Problem Statement 1: Lack of follow through using ADA escalation matrix.
Root Cause 1: Management and fidelity to the matrix and accountability is impacted by high volume of absences.
Problem Statement 1 Areas: Perceptions

Problem Statement 2: Lack of systems and procedures in place for our Special Populations students that include 504, EB, RTI.
Root Cause 2: There is a gap in sharing visions and processes for these subpops.
Problem Statement 2 Areas: Demographics

Problem Statement 3: Lack of Special programs collaboration within all contents and services.
Root Cause 3: There are no consistent operating mechanisms that address these gaps consistently (daily. weekly or biweekly meetings)
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Lack of student owned and teacher owned tracking systems in place.
Root Cause 4: Main campus tracker was owned by one person, but not implemented across the different stakeholders
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Lack of small group reteach opportunities to show mastery for our special populations students.
Root Cause 5: Inconsistency with scheduling and in class support to our students and teachers.
Problem Statement 5 Areas: Demographics

Problem Statement 6: Lack of communication channels /means to families.
Root Cause 6: Focused on social media instead of individual communication opportunities.
Problem Statement 6 Areas: Perceptions

Problem Statement 7: Lack of proper staff onboarding to ensure they knew roles and responsibilities.
Root Cause 7: The communication was fast-paced and did not have concrete next steps and follow-through with onboarding plans.
Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Lack of training opportunities at our campus. Trainings not content specific to the needs of our teachers.
Root Cause 8: Professional development was focused on school gaps rather than specific gaps for content and or new teachers struggling with classroom management.
Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: Lack of timely communication and follow when providing staff with feedback or training opportunities.

Root Cause 9: Leaders assumed teachers had internalized feedback at first attempt but would lack consistent follow up or coach all to mastery.

Problem Statement 9 Areas: Student Learning

Problem Statement 10: Lack of involvement in school engagement activities.

Root Cause 10: Timing of events and communication was not provided in a timely manner due to inconsistent implementation of Year At A Glance Event Calendar and cancellations of events due to lack of sponsorship.

Problem Statement 10 Areas: Perceptions

Problem Statement 11: Lack of consequence system and communication platform to keep all informed of incidents that occur.

Root Cause 11: No consequence hierarchy, grade level consequence ladders nor behavior contracts specific to grade levels have been created.

Problem Statement 11 Areas: Perceptions

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: By May 2024, 50 % of the Class of 2026 receives a CCMR point

IDEA Public Schools

Round Rock Tech College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 4, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

IDEA Public Schools

Rundberg College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 2, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IRCP Specific Vision:

IDEA Rundberg College Prep exists to be the best school for preparing and matriculating all students to college. Rattlers will be engaged in authentic, rigorous learning experiences, held to high expectations, and cared for through intentional and joyful partnerships between students, staff, and families. This allows IDEA Rundberg College Prep to cultivate gritty, resilient, and self-driven learners who believe they have the power and responsibility to create change in their communities and society at large. IDEA Rundberg College prep will ensure each scholar reaches their true, boundless potential of becoming bold critical thinkers, passionate lifelong learners, and overall good people.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Rundberg sets high expectations for every student and goes the extra mile to ensure they realize their potential. Personalized learning, critical thinking skills, and mastery of core subjects is our recipe for success.

- **Total enrollment**: 711
- **Grades:** 6-12
- **Admission:** Open Enrollment Charter School
- **Location:** 9504 N Interstate 35 Frontage Rd, Austin, TX 78753
- **Special Programs**
- **CTE:** Computer Science and Photography emphasis
- **Athletics:** Flag Football, Soccer, Basketball, Cross Country, Volleyball, Track
- **AP for All:** Students take 9+ AP Courses before graduation

Demographics Strengths

• Our high expectations and student accountability lead to results such as 100% college matriculation.

• By ensuring equity, students have access to free standardized exams such as the ACT and AP exams.

• We value the development of the whole child, as we strive to balance mental health, physical health, and academia.

Problem Statements Identifying Demographics Needs

Problem Statement 1: There is a need for 100% of students and parents to be invested in our college-going mission. **Root Cause:** 1. Lack of family education around the different college pathways and the benefits of each option before senior year.

Problem Statement 2: There is a need for new teacher development that contributes to varying classroom experiences in terms of behavior and academic expectations. **Root Cause:** 1. Lack of consistent Lead Team culture checks to ensure all classrooms are operating in a similar fashion.

Student Learning

Student Learning Summary

2021 – 2022 State Accountability

Domain 1 - Student Achievement: A-Rated

	% of students approaching grade level	% of students meeting grade level	% of students mastering grade level
English Language Arts	88%	66%	28%
Math	88%	54%	29%
Science	93%	69%	30%
Social Studies	81%	60%	40%

Domain 2 - School Progress: A -Rated

Domain 3 - Closing the Gaps: A-Rated

We earned 100% of distinctions which means we are performing in the top 25% of the state for similar schools our size and demographic.

All sub pops met their Domain 3 indicators. During the 2021 - 2022 school year we improved from the previous year by hitting our TELPAS goal (51% of students increased their TELPAS rating) and increasing our meets and masters in math.

100% of the Class of 2023 is on track to graduate. 100% of the Class of 2023 was accepted into a 4 year university. 97% of the Class of 2023 is on track to matriculate to college in the fall. The other 3% have enlisted in the military. 33% of the Class of 2023 is on track to matriculate to a Tier 1 or Tier 2 university on the fall. 17% of the Class of 2023 is on track to matriculate to a 2 year college in the fall.

100% of high school students are enrolled in 1 or more AP courses each year. 19% of the Class of 2023 are AP Scholars (Earned a 3 or higher on 3 or more AP Exams)

Percent of Students Who Have Passed 1+ AP Exams

- **Class of 2023:** 70%
  - Students have taken six – seven AP Exams
- **Class of 2024:** 18%
  - Students have only taken two - three AP Exams
- **Class of 2025:** 5%
  - Students have only taken one AP Exam

Student Learning Strengths

1. IDEA Rundberg College Prep has a strong culture that allows our SPED population to grow at least one performance band.

2. IDEA Rundberg College Prep special education program supports students intensively and exceeds the minimum required minutes in an individualized education plan.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: There is a need to increase AP scores in 9th and 10th grade. **Root Cause:** 1. Lack of prioritizing history content in elementary and middle school. 2. Lack of exposure to reading non-fiction and writing across contents other than English.

Problem Statement 2: There is a need to increase student support for emergent bilingual students specially in high school. **Root Cause:** 1. Low attendance amone emergent bilingual students due to lack of confidence and low academic success 2. Student recieve reading and writing intervention aligned to TEKs but they do not recieve foundational language interventionist.

School Processes & Programs

School Processes & Programs Summary

Teacher Programs and Opportunities:

At IRCP, we are proud of the hard-working and talented team we work with. We know our teachers are some of the best because we have eight Level 5 teachers, ten Level 4 teachers and nine Level 3 teachers. Additionally, we have 5 TIA Designated teachers.

The best way we recruit high performing teachers is by referrals. By creating a school culture where high performing teachers are valued, it makes those teachers want to bring in others to work with them. We take teacher feedback throughout the year to improve our systems and procedures in order to make the work more sustainable. Teacher placement in contents and grade levels is determined by high quality teacher strengths, teacher coachability and student needs.

Our campus develops instructional leaders by weekly meetings to co-observe teachers to best find instructional & cultural strengths and areas of growth and collaboratively give lesson plan feedback. Each instructional leader manages content groups and each manages 2 grade levels at our school to maintain consistent rewards and consequences for those students in their grade level. During our instructional and culture rounds, instructional leaders collect data and determine professional development for teachers based on our observations. We usually differentiate PD so that teachers at different levels get support tailored to their strengths and needs. Our students also give teachers feedback in the form of Teacher Career Pathway surveys that help evaluate our staff members from their perspective.

Student Programs & Opportunities:

All 8^{th} and 9^{th} grade students completed CTE classes this year on Touch Systems and Data Entry and Professional Communications. In the next years, the classes will become Audio Visual Communications classes in order to prepare students for careers in the digital world.

Here is our persistence per each grade level. Our overall persistence is 92.94%.

Here are some questions that students answer in order to give our teachers and our school feedback:

Procedures:

Each student at IRCP has a Chromebook or laptop for them to use in class and at home to complete their homework. Teachers are encouraged to give students work on their laptops in class during the day in order to teach them skills they will need to be successful in college and beyond as well as get them prepared to take assessments online. All students and staff also have Microsoft TEAMS accounts in order to have a platform to organize class assignments and open communication between all members of our organization.

Our middle school classes are 90 minute class rotations that include 4 core classes and 2 electives daily. Our high school classes are 60 minute class rotations that also include core classes and electives based on student graduation plans. All high school students are enrolled in at least 1 AP class starting their freshman year and all our students will take at least 10 AP classes by the time they graduate. Middle school teachers get one planning period and high school teachers get 2 each day. Each content team has a common planning period so that they can collaborate in PLCs. Our school day starts at 7:30 and ends at 3:45. Fridays we host an afterschool homework tutoring for students that didn't complete homework during the week until 5:00. Summer school is an option for students that need credit recovery or to gain seat time for students with excessive absences.

On our campus, we have grades kindergarten through 12^{th} grade which allows us to help with transitions from key milestones. Our 5^{th} graders get to come over to our middle school one day to experience our school before joining on the first day, our 8^{th} graders and their families attend a transition night to prep them for high school and our 11^{th} graders do the same but in preparation for their senior year.

Our classroom management hierarchy is the same from 6^{th} grade to 12^{th} grade which allows for students and staff to have more consistency and know what to expect from room to room in our building. In order to keep students in the classrooms, teachers call for Admin Swaps that allow an administrator to come to the room to help intervene with the necessary next steps, usually resulting in the student returning to class reset and ready to learn.

School Processes & Programs Strengths

At IDEA Rundberg, our teachers feel supported in the way that they have the ability to work one on one with their coaches through 2x2 conversations, differentiated personal development, and shadowing high performing teachers. To begin a successful career at IDEA, our first-year teachers are invited to participate in a New To IDEA training course to make sure they become accustomed to the culture of our school.

At IDEA Rundberg, our students are given the opportunity to take electives that prepare them for the real world such as the CTE courses that teach them to use office skills and learn more about the digital world and how it can lead to a career. The use of computers throughout their course work also allows them to become accustomed with skills that will carry them through college.

At IDEA Rundberg, we strive to have strong culture to ensure our scholars are thriving academically. We do this by having consistency in behavior, discipline, and support. We also ensure that families are prepared for the next step in their students' academic career by having Transition Nights where we restamp the expectations.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: There is a need to increase teacher retention because it has consistently decreased throughout the years. **Root Cause:** What is expected of teachers changes several times throughout the year due to responding to our school's areas of growth, which is especially difficult for new teachers to manage with all the other responsibilities they are learning about handling.

Problem Statement 2: There is a need to get more resources that give students access to the curriculum. **Root Cause:** ESL students are not getting the support needed because there is a lack of training for teachers because that knowledge is not easily transferable, which then creates a gap.

Problem Statement 3: There is a need to invest teachers, students and families in our behavior consequences because currently they are not always effective. **Root Cause:** The whole team does not carry out consequences consistently or effectively because they are properly not trained to hold students accountable or are not bought into the systems we currently have.

Perceptions

Perceptions Summary

2022-2023
IDEA Rundberg College Prep has 100% seniors meeting graduation requirements and college matriculation
IDEA Rundberg College Prep has a contracted Social Worker through Austin Public Health.
Currently IDEA Rundberg College Prep's has a 84% teacher retention which has increased from last year's 76.39% retention rate.
92% of families attended the Fall Festival 96% of 8th grade families attended the 8th grade transition night IDEA Rundberg College Prep uses programs such as Cardstock and Language Line to close language barrier gaps. Some gaps barrieres taht prevent participation from parents/ guardians/ community are parents intensive work schedules, transportation barriers, and technology access / knowing how to use it.

Perceptions Strengths

- IDEA Rundberg College Prep has consistent high engagement in our "Meet the Teacher Night"

- IDEA Rundberg College Prep has a consistent ladder in place for bullying reports

- IDEA Rundberg College Prep has a high quantity of parent outreach

- IDEA Rundberg College Prep hosts 8th to 9th and 11th to 12th Transition nights where we show parents what their student should expect next year

Problem Statements Identifying Perceptions Needs

Problem Statement 1: There is a need for increased security at dismissal and after school. **Root Cause:** 1. Lack of communication between Academy and College Prep. 2. Lack of accountability for staff members being in the correct dismissal duty spots.

Problem Statement 2: There is a need for student and parent investment around consequences seriously. For example, lunch reflection and west wing. **Root Cause:** 1. Students and families are not bought into the why behind these systems 2. Low teacher retention causes inconsisten use of the systems

Priority Problem Statements

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)
