IDEA Public Schools

San Benito College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 31, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

IDEA College Prep San Benito will cultivate a powerful culture of achievement where all scholars are engaged in collegiate, rigorous learning. We will equip our students with skills needed to excel, overcome and innovate! Through grit, resiliency and determination our scholars will forge their path to and through college and will transform their lives and communities. Our Mighty Dragons will set the world on FIRE!!

In order to make this vision a reality we will commit ourselves to the following pillars:

Foster a college identity within each scholar.

Ignite a strong culture of achievement.

Raise the roof and celebrate student success!

Enrich students' lives through profound learning experiences.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IDEA College Prep San Benito will cultivate a powerful culture of achievement where all scholars are engaged in collegiate, rigorous learning. We will equip our students with skills needed to excel, overcome and innovate! Through grit, resiliency and determination our scholars will forge their path to and through college and will transform their lives and communities. Our Mighty Dragons will set the world on FIRE!!

In order to make this vision a reality we will commit ourselves to the following pillars:

Foster a college identity within each scholar.

Ignite a strong culture of achievement.

Raise the roof and celebrate student success!

Enrich students' lives through profound learning experiences.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: August 31, 2023

Demographics

Demographics Summary

Our campus serves students in San Benito, Harlingen and surrounding areas. 100% of our students graduated from high school in 2022 and 84% earned CCMR points. Below is our Demographic breakdown:

% Average Daily Attendance	95.6%
% Overall Persistence	96.26
% New Student Persistence	
# of Admin Withdrawals/ Level 3 Offenses	0
% SPED	6%
% ELL	28.8%
% Eco Dis	78.90%
% Migrant	0.13%
% Race: American-Indian-Alaska-Native	0%
% Asian	0.91%
% White-Hispanic	95.15%
% Multi	0
% Black-African-American	0.26%

% Average Daily Attendance	95.6%
% Native-Hawaiian-Pacific-Islander	0
% White	3.65%
% Male	47.72%
% Female	52.28%

See PDF addendum for more information

Demographics Strengths

- We have met student persistence goal of 90% or higher for three years in a row
- Our ADA grew from 93% to 95.6% this school year
- We are fulfilling our mission by serving 80% economically disadvantaged students

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Students and parents don't feel safe at our campus **Root Cause:** Students and parents are unaware of our safety measures, systems and protocols

Problem Statement 2 (Prioritized): Students leave our campus to attend traditional campus **Root Cause:** Students state that lack of clubs and activities are reasons they wish to attend traditional campuses with more offerings

Problem Statement 3 (Prioritized): Our campus did not meet attendance target **Root Cause:** Lack of a consistent response to poor attendance

Student Learning

Student Learning Summary

Our campus has not received official state results yet. Last year, we earned a 92 (an A rating from TEA). Student Achievement was 92, School Progress was 94 and Closing the Gaps was 88. We received distinctions in ELA, Math and Post Secondary Readiness. We also met our targets for TELPAS, Special Education and Economically Disadvantaged students. In addition, we earned the status of AR Honor Roll School and iLearning Honor Roll School. Areas for improvement are in math subpopulations for Domain 3 and AP Scholars.

As we prepared for the new STAAR/EOC exams, we identified gaps in writing across all grade levels. In addition, only 84% of our seniors were able to earn CCMR points.

See PDF in Addendum for more information.

Student Learning Strengths

- 100% graduation rates
- 100% matriculation
- On Track to graduate rate for 6-12 is 98%
- Mock data prediction: 89
- Strong data tracking systems for students and teachers
- Two full CTE programs available to scholars (Biomedical and Computer Science)
- Growth of EL students in TELPAS
- AR honor roll school
- iLearning honor roll school
- Overall student academic growth in math 6-8

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students struggle on writing tasks **Root Cause:** Our campus does not have a common writing strategy to help students respond to writing tasks across disciplines

Problem Statement 2 (Prioritized): The percent of seniors earning CCMR points has decreased over the past year. **Root Cause:** Our campus relied solely on TSI to earn these points

Problem Statement 3 (Prioritized): Social Studies scores for students in 8th grade have not improved in the last three years. **Root Cause:** Our campus has not prioritized this course with appropriate curriculum, resources and coaching needed for growth and success.

School Processes & Programs

School Processes & Programs Summary

Our campus systems have become stronger and more efficient over the past three years. Our API's manage consistent coaching loads of 10 to 12 teachers. . Our professional development sessions have focused on TEKS instruction and intervention strategies for struggling learners. Culture was also an area of focus for our campus. Systems such as culture rounds, instructional rounds and team meetings have yielded positive results and have improved our systems and procedures. Two areas where we need to continue to grow is in ourCTE program and our EL support system.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years

- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): EL students did not meet the expected district growth target of 42% **Root Cause:** EL students need more practice with speaking skills

Problem Statement 2 (Prioritized): Our CTE program only produced 3 Industry based certifications **Root Cause:** Students need hands on training and practice for these examinations

Problem Statement 3 (Prioritized): Our students in Special Education are not making progress on their state and national assessments **Root Cause:** General education teachers need knowledge pf students' needs and training on accommodations

Perceptions

Perceptions Summary

Our high school graduation rate is 100%, and for the past 10 years, IDEA College Prep San benito has matriculated 100% of our graduates to college. We met our student persistence goal of 90%, but our new student persistence rate is 80%. Families have shared that they leave our campus because students want a more traditional school experience such as sports, clubs and different career pathways.

Student and staff survey trends:

- Top responses: My teacher respects the students in class(4.6) & My teacher makes sure all students in class are successful (4.6)
- Lowest responses: I am excited to go to school (3.5), I have fun at school (3.7), & My classmates behave the way my teacher expects them too -.3 (4.2)

Great Places to Work

- Top response: My work is meaningful
- Lowest response: IDEA is an emotionally safe place to work

Staff Retention:

For the first time in 3 years, our staff turnover rate has dropped. We lost 2 teachers the first week of school, and 2 more the 2nd semester. In addition, teachers absenteism has increased.

Perceptions Strengths

Great places to work strengths:

1. I have at least one close friend at work (90%)
2. My work is meaningful (89%)

Our staff members feel connected to one another, they operate as teams and they find their work meaningful.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): New student persistence was below 90% target: 80% **Root Cause:** Our campus did not have solid communication systems to engage with parents

Problem Statement 2 (Prioritized): Our campus did not meet Great Places to Work target of 80 average. **Root Cause:** Staff stated that they did not feel that our district is an emotionally safe place to work

Problem Statement 3 (Prioritized): New staff members do not stay at our campus **Root Cause:** New staff do not receive the onboarding and support needed to feel invested at IDEA

Priority Problem Statements

Problem Statement 1: Students and parents don't feel safe at our campus
Root Cause 1: Students and parents are unaware of our safety measures, systems and protocols
Problem Statement 1 Areas: Demographics

Problem Statement 2: Our campus did not meet attendance target
Root Cause 2: Lack of a consistent response to poor attendance
Problem Statement 2 Areas: Demographics

Problem Statement 3: The percent of seniors earning CCMR points has decreased over the past year.
Root Cause 3: Our campus relied solely on TSI to earn these points
Problem Statement 3 Areas: Student Learning

Problem Statement 4: EL students did not meet the expected district growth target of 42%
Root Cause 4: EL students need more practice with speaking skills
Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Our CTE program only produced 3 Industry based certifications
Root Cause 5: Students need hands on training and practice for these examinations
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: New student persistence was below 90% target: 80%
Root Cause 6: Our campus did not have solid communication systems to engage with parents
Problem Statement 6 Areas: Perceptions

Problem Statement 7: Our campus did not meet Great Places to Work target of 80 average.
Root Cause 7: Staff stated that they did not feel that our district is an emotionally safe place to work
Problem Statement 7 Areas: Perceptions

Problem Statement 8: Students leave our campus to attend traditional campus
Root Cause 8: Students state that lack of clubs and activities are reasons they wish to attend traditional campuses with more offerings
Problem Statement 8 Areas: Demographics

Problem Statement 9: Students struggle on writing tasks
Root Cause 9: Our campus does not have a common writing strategy to help students respond to writing tasks across disciplines
Problem Statement 9 Areas: Student Learning

Problem Statement 10: Social Studies scores for students in 8th grade have not improved in the last three years.
Root Cause 10: Our campus has not prioritized this course with appropriate curriculum, resources and coaching needed for growth and success.
Problem Statement 10 Areas: Student Learning

Problem Statement 11: Our students in Special Education are not making progress on their state and national assessments
Root Cause 11: General education teachers need knowledge pf students' needs and training on accommodations
Problem Statement 11 Areas: School Processes & Programs

Problem Statement 12: New staff members do not stay at our campus
Root Cause 12: New staff do not receive the onboarding and support needed to feel invested at IDEA
Problem Statement 12 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant information
- SAT and/or ACT assessment data
- Student failure and/or retention rates
- Observation Survey results
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity,

gender, etc.
- Section 504 data
- Homeless data
- Dyslexia data
- Response to Intervention (RtI) student achievement data
- Dual-credit and/or college prep course completion data
- STEM and/or STEAM data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Violence and/or violence prevention records
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Other additional data

Goals

Goal 1: Increase staff retention

Performance Objective 1: Retain 85% of our campus staff by the end of the 2023-24 school year

High Priority

Evaluation Data Sources: Evaluation sources: 2x2's, mid-year staff survey and GPTW survey

Perceptions
Problem Statement 2: Our campus did not meet Great Places to Work target of 80 average. **Root Cause**: Staff stated that they did not feel that our district is an emotionally safe place to work
Problem Statement 3: New staff members do not stay at our campus **Root Cause**: New staff do not receive the onboarding and support needed to feel invested at IDEA

Goal 2: All IDEA students matriculate to college

Performance Objective 1: Improve parent communication regarding college acceptance and financial aid.

High Priority

HB3 Goal

Evaluation Data Sources: Acceptance letters, awarded financial aid award letters, College orientation dates, college schedules

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Strengthen our financial aid support systems **Strategy's Expected Result/Impact:** Families will feel confident and comfortable becasue their children will have financial means to attend college. **Staff Responsible for Monitoring:** College counselors and principal **Title I:** 2.6, 4.1, 4.2 **- TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 1: Strong School Leadership and Planning **Problem Statements:** Perceptions 1 **Funding Sources:** College Counselor - Federal Grant	55%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Create a strong communication system for parents of seniors to keep them updated on college application and acceptance process. **Strategy's Expected Result/Impact:** Parents will be knowledgeable and supportive throughout college application process. **Staff Responsible for Monitoring:** College counselors and principal **Title I:** 2.5, 2.6, 4.1, 4.2 **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Problem Statements:** Perceptions 1	55%			

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Perceptions	
Problem Statement 1: New student persistence was below 90% target: 80%	**Root Cause**: Our campus did not have solid communication systems to engage with parents

Goal 2: All IDEA students matriculate to college

Performance Objective 2: Increase ACT and TSI scores for class of 2024 which will lead to more college acceptances and more scholarships.

High Priority

HB3 Goal

Evaluation Data Sources: Mock ACT scores and ACT scores

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Implement a stronger system to improve ACT scores in RTTC course using Mastery Prep. **Strategy's Expected Result/Impact:** Higher ACT scores will lead to students getting accepted to more T1/T2 colleges as well as more scholarships and aid. **Staff Responsible for Monitoring:** College counselors, ACT teacher and principal **Title I:** 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college, Improve low-performing schools **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 2				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Increase student practice time on ACT questions through rotations with content teachers during CCR (College Career Readiness) period. **Strategy's Expected Result/Impact:** Students will practice and improve content skills needed to improve their ACT				

scores **Staff Responsible for Monitoring:** Content teachers, RTTC teachers and College Counselors **Title I:** 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **- ESF Levers:** Lever 2: Strategic Staffing, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 2 **Funding Sources:** College Counselor - Federal Grant	N/A			

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 2: The percent of seniors earning CCMR points has decreased over the past year. **Root Cause**: Our campus relied solely on TSI to earn these points

Goal 3: IDEA achieves an A rating

Performance Objective 1: Increase our STAAR Social Studies scores

High Priority

HB3 Goal

Evaluation Data Sources: Interim assessments, Mock exams and STAAR/EOC scores

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Identify students who failed STAAR reading and place them in appropriate intervention and track their progress. **Strategy's Expected Result/Impact:** Struggling students will have a solid instructional support system to close their academic gaps **Staff Responsible for Monitoring:** Teachers and API's **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 1, 3	10%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Provide training and TEKS aligned instructional resources to teachers **Strategy's Expected Result/Impact:** Teachers will better prepare students for STAAR/EOC exams because students will have multiple opportunities to practice and demonstrate mastery of TEKS **Staff Responsible for Monitoring:** Teachers and API's **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 1, 3	30%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: Students struggle on writing tasks **Root Cause**: Our campus does not have a common writing strategy to help students respond to writing tasks across disciplines
Problem Statement 3: Social Studies scores for students in 8th grade have not improved in the last three years. **Root Cause**: Our campus has not prioritized this course with appropriate curriculum, resources and coaching needed for growth and success.

Goal 3: IDEA achieves an A rating

Performance Objective 2: Increase STAAR performance and growth for all special population students in Reading and Math

High Priority

HB3 Goal

Evaluation Data Sources: Interim assessment data, exit tickets, Mock exams and STAAR/EOC scores

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Track data for sub-populations and special education students to provide targeted interventions in domains 1-3 through the Locus dashboard. **Strategy's Expected Result/Impact:** All students including sub-populations and special education students will increase scores **Staff Responsible for Monitoring:** Teachers and API's **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** School Processes & Programs 1, 3				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Provide strategic tutoring for special education, EB students and HB4545 students to push from meets to masters in Reading and Math **Strategy's Expected Result/Impact:** Students will improve their Reading and Math skills and will achieve higher assessment scores **Staff Responsible for Monitoring:** Teachers and API's **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** School Processes & Programs 1, 3 **Funding Sources:** Workbooks and study material for home use - Title I, Part A (4120) - PAR - $3,057.07				

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Train parents on reading and math strategies that will help scholars practice skills at home **Strategy's Expected Result/Impact:** Parents will be invested in their children's academic growth and development **Staff Responsible for Monitoring:** API's and math and reading teachers **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math	N/A			

Strategy 4 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 4: Students requiring accelerated learning support will receive the proper time and aligned resources to master content. **Strategy's Expected Result/Impact:** Students will meet their hourly requirements by deadline. Student growth and mastery on STAAR/EOC exams. **Staff Responsible for Monitoring:** Teachers and API's and accelerated learning point person				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

School Processes & Programs
Problem Statement 1: EL students did not meet the expected district growth target of 42% **Root Cause**: EL students need more practice with speaking skills
Problem Statement 3: Our students in Special Education are not making progress on their state and national assessments **Root Cause**: General education teachers need knowledge pf students' needs and training on accommodations

Goal 3: IDEA achieves an A rating

Performance Objective 3: 50% of EL/EB students will make 1 level composite growth in TELPAS

High Priority

HB3 Goal

Evaluation Data Sources: TELPAS Mock scores and TELPAS exam

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: EL/EB students will practice speaking skills during RTTC lessons, making speeches and recording themselves prior to exam **Strategy's Expected Result/Impact:** EL/EB students will practice speaking and feel confident prior to TELPAS **Staff Responsible for Monitoring:** RTTC teachers, API's, and principal **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 2: Strategic Staffing, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** School Processes & Programs 1	25%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: EL/EB students will practice writing skills across curriculum and receive feedback to improve their writing **Strategy's Expected Result/Impact:** EL/EB students will write well-developed, strongly organized essays in all content areas **Staff Responsible for Monitoring:** Teachers and API's **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **- ESF Levers:** Lever 2: Strategic Staffing, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 1 - School Processes & Programs 1	25%			

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 3 Problem Statements:

Student Learning
Problem Statement 1: Students struggle on writing tasks **Root Cause**: Our campus does not have a common writing strategy to help students respond to writing tasks across disciplines
School Processes & Programs
Problem Statement 1: EL students did not meet the expected district growth target of 42% **Root Cause**: EL students need more practice with speaking skills

Goal 3: IDEA achieves an A rating

Performance Objective 4: Increase percentage of students meeting CCMR requirement

High Priority

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Increase number of AP courses offered so students pass at least 1 before graduation **Strategy's Expected Result/Impact:** Increased number of students pass at least 1 AP exam which will qualify as a CCMR point **Staff Responsible for Monitoring:** AP Coordinator and College Counselors **Title I:** 2.4, 2.5 **- TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 3: Positive School Culture, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 2	65%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Provide TSI preparation for students and track their progress **Strategy's Expected Result/Impact:** Students will pass TSI and earn a CCMR point **Staff Responsible for Monitoring:** College Counselors **Title I:** 2.4, 2.5, 2.6 **Problem Statements:** Student Learning 2	25%			

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Increase the number of students earning Industry Based Certifications (IBC's) through our CTE program **Strategy's Expected Result/Impact:** More students will earn IBC's which will help our CCMR points **Staff Responsible for Monitoring:** CTE teachers and college counselors				

TEA Priorities:
Connect high school to career and college

Problem Statements: Student Learning 2 - School Processes & Programs 2

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 4 Problem Statements:

Student Learning
Problem Statement 2: The percent of seniors earning CCMR points has decreased over the past year. **Root Cause**: Our campus relied solely on TSI to earn these points
School Processes & Programs
Problem Statement 2: Our CTE program only produced 3 Industry based certifications **Root Cause**: Students need hands on training and practice for these examinations

Goal 4: Increase student daily attendance

Performance Objective 1: Average daily attendance will increase from 93.7% to 97% for the 2022-23 school year

High Priority

Evaluation Data Sources: Daily attendance and escalation matrix

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Daily call center team will contact absent students and document and track absences **Strategy's Expected Result/Impact:** Fewer students will be absent because parents will feel school cares about their child **Staff Responsible for Monitoring:** APO, SIS and teachers **Title I:** 2.4, 2.6 **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1, 3	50%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Pro-active attendance incentives will encourage students to attend school daily **Strategy's Expected Result/Impact:** Improved attendance rates **Staff Responsible for Monitoring:** APO and Grade Level Leaders **ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 3	30%			

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: Students and parents don't feel safe at our campus **Root Cause**: Students and parents are unaware of our safety measures, systems and protocols
Problem Statement 3: Our campus did not meet attendance target **Root Cause**: Lack of a consistent response to poor attendance

Goal 5: Increase student persistence

Performance Objective 1: Students will be engaged and invested in our campus

High Priority

Evaluation Data Sources: Student withdrawals and exit ticket surveys

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Persistence Pow wow and mission list will be used to identify and intervene with persistence concerns. **Strategy's Expected Result/Impact:** Students of concern will be flagged so that we can contact families **Staff Responsible for Monitoring:** School counselor, APO and teachers **Title I:** 2.6, 4.1, 4.2 **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1, 2	35%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Increase opportunities for students to join clubs and activities **Strategy's Expected Result/Impact:** Students will feel a sense of belonging and will persist at school **Staff Responsible for Monitoring:** Club sponsors and principal **ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 2	20%			

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: Students and parents don't feel safe at our campus **Root Cause**: Students and parents are unaware of our safety measures, systems and protocols
Problem Statement 2: Students leave our campus to attend traditional campus **Root Cause**: Students state that lack of clubs and activities are reasons they wish to attend traditional campuses with more offerings

Goal 5: Increase student persistence

Performance Objective 2: Increase new student persistence from 80% to 90%

High Priority

Evaluation Data Sources: Student withdrawals and exit ticket surveys

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Each new IDEA family will receive a phone call from their homeroom teacher welcoming them and sharing communication tools with them **Strategy's Expected Result/Impact:** New families will feel connected and know who to call for assistance **Staff Responsible for Monitoring:** School counselor and teachers **Title I:** 4.1, 4.2 **- ESF Levers:** Lever 3: Positive School Culture	35%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Families will receive invitations and outreach to attend family engagement events from GLL's **Strategy's Expected Result/Impact:** Families will feel welcome and informed **Staff Responsible for Monitoring:** GLL's **Problem Statements:** Demographics 1	35%			

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: Students and parents don't feel safe at our campus **Root Cause**: Students and parents are unaware of our safety measures, systems and protocols

Goal 5: Increase student persistence

Performance Objective 3: Our school is a physically and emotionally safe place for students

High Priority

Evaluation Data Sources: Students rate the statement "I feel safe at school" a 4.5 out of 5 on safe school survey

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Students are engaged in daily Move this World activities. **Strategy's Expected Result/Impact:** Students learning coping mechanisms to regulate their emotions **Staff Responsible for Monitoring:** School Counselor **Title I:** 2.6 **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1	25%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Students engage in monthly safety and security program training as well as required monthly safety drill practice **Strategy's Expected Result/Impact:** Students feel safe at school and are prepared for incidents that may occur on campus **Staff Responsible for Monitoring:** all staff **ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Problem Statements:** Demographics 1	35%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 3 Problem Statements:

Demographics
Problem Statement 1: Students and parents don't feel safe at our campus **Root Cause**: Students and parents are unaware of our safety measures, systems and protocols

Goal 5: Increase student persistence

Performance Objective 4: Students will participate in our campus coordinated health program

High Priority

Evaluation Data Sources: Survey data, fitness gram exams and active minutes logged in PE classes

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Implement Healthy Kids Here nutrition guidelines **Strategy's Expected Result/Impact:** Students will develop healthy eating habits **Staff Responsible for Monitoring:** school nurse **ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1	35%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Students will participate in sports and exercise in our PE and athletic programs to help them develop healthy physical activity habits **Strategy's Expected Result/Impact:** Students will engage in physical activities and be active and healthy **Staff Responsible for Monitoring:** PE teachers, coaches and principal **ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1, 2	35%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 4 Problem Statements:

Demographics
Problem Statement 1: Students and parents don't feel safe at our campus **Root Cause**: Students and parents are unaware of our safety measures, systems and protocols
Problem Statement 2: Students leave our campus to attend traditional campus **Root Cause**: Students state that lack of clubs and activities are reasons they wish to attend traditional campuses with more offerings

1. EOY evening awards and sports awards were very well attended	1. Need monthly family engagement events during the evening tailored to grade levels
2. 8th grade HS preview night was well attended (92%)	2. Improve parent communication through REMIND, Facebook and parent newsletter
3. Weekly positive parent calls improved communication between teachers and parents	3. Calendar events and invite staff members for planning purposes; set attendance expectations

IDEA Public Schools

South Flores College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 17, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following **core values**:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

At South flores, we are committed to the development of students according to the **IB learner profiles**.

- Inquirers
- Knowledgeable
- Thinkers
- Communicators
- Principled
- Open-minded
- Caring
- Risk-takers
- Balanced

- Reflective

- Goal 5: Increase staff retention 21

Comprehensive Needs Assessment

Demographics

Demographics Summary

Located in the Heart of the South side of San Antonio Texas, SOFLO houses a diverse group of students, where we all work as one unit to overcome adversity and close the achievement gap.

Demographics Strengths

The strength of our Demographics at SOFLO is the diversity within our students and our special education programs at IDEA public schools. With our students coming from different backgrounds, cultures, and beliefs, at Idea South Flores, we all work as one tight community supporting one another as we strive towards success. Our special programs collaborate with district, campus staff, and parents to develop and implement programs and activities to meet the needs of all students. We ensure that all students receiving special services are fully included in SOFLO instructional and extracurricular programs in accordance with the least restrictive environment.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Our special education department at SOFLO lacked the adequate amount of certified special education teachers. **Root Cause:** At SOFLO our special populations numbers keep increasing causing huge caseload numbers that become overwhelming amounts of paperwork/service minutes for teachers to complete. We need to tier scholars scholar on a high, medium, low need and ensure we are providing related service minutes and honing on key points to close the achievement gap.

Problem Statement 2 (Prioritized): 504 students are not receiving enough support in the classrooms. **Root Cause:** The lack of special education teachers or resource classes hinders the growth of 504 students. Our class sizes continue to increase and the rigorous curriculum makes it hard to reach every child and their need. Teachers need to be properly trained and coached in how to provide accommodations for special pops students.

School Processes & Programs

School Processes & Programs Summary

Our campus leaders attend district professional development focused on prioritized School Leadership Levers. Additionally, each campus leader has a 1:1 weekly check-in with the Principal to outline their leadership trajectory, role, and responsibilities. We have also selected a grade team leader for each grade and a subject group leader for each subject. These two groups of leaders are led by our assistant principals based on their strengths in culture and instruction. Each morning, we meet with grade team leaders to discuss items of the day, daily culture focus, and weekly culture focus. For subject group leaders, they meet each Tuesday during their shared planning period to design a writing aligned professional development for teachers that occurs each Tuesday. Both groups work together to make decisions aligned to the campus priorities during their weekly meeting.

Lead Team Meeting: Monday
Grade Team Leader Meeting: Thursday
Subject Group Leader Meeting: Tuesday.

Daily huddles with lead team and grade team leaders.

School Processes & Programs Strengths

The school processes and programs strengths:

1. Regular meetings with campus leadership teams
2. Teachers are given feedback weekly through observational rounds.

3. Academic updates and announcements are given weekly.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): 47% persistence concerns were with campus culture and discipline. **Root Cause:** Campus does not have an effective school-wide tracking system for admin referrals. Teachers do not have a way of documenting classroom infractions. We cannot see trends in locations, by who (scholar/teacher), when, etc.

Problem Statement 2 (Prioritized): Each year SoFlo CP has barely met staff retention or has been under the goal of 85%. The same is true for persistence (90%). **Root Cause:** Many of our teachers joined our team in the pandemic. They did not receive a through SoFlo training around classroom procedures, systems, and celebrations. We saw this lead to teacher burnout and classroom disruptions.

Perceptions

Perceptions Summary

We analyzed data at the campus level and grade level for enrollment, average daily attendance (ADA), scholar persistence (including the subgroup of new-to-IDEA scholars), and staff retention.

Perceptions Strengths

We are currently meeting our staff retention goal. We also have high intent to return in grade 11.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Our persistence is lowest in grades 8, 9, and 10. **Root Cause:** We have not effectively invested scholars in families in what our school offers - AP, IB, and strong college counseling for all scholars - as a meaningful alternative to dual enrollment or early graduation. This is a shortcoming in both proactive programming (i.e. low attendance at High School Experience Night) as well as in targeted persistence meetings (not being held with all stakeholders).

Problem Statement 2 (Prioritized): Our ADA is lowest in grades 8, 9, and 10 (which correlate with our lowest persistence grades). **Root Cause:** We have a large proportion of scholars who are chronically absent (less than 90% ADA) that make up the majority of low ADA data. They are not being held accountable for missing the days (i.e. via ADA matrix or seat time).

Priority Problem Statements

Problem Statement 1: 47% persistence concerns were with campus culture and discipline.

Root Cause 1: Campus does not have an effective school-wide tracking system for admin referrals. Teachers do not have a way of documenting classroom infractions. We cannot see trends in locations, by who (scholar/teacher), when, etc.

Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: Each year SoFlo CP has barely met staff retention or has been under the goal of 85%. The same is true for persistence (90%).

Root Cause 2: Many of our teachers joined our team in the pandemic. They did not receive a through SoFlo training around classroom procedures, systems, and celebrations. We saw this lead to teacher burnout and classroom disruptions.

Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: Our persistence is lowest in grades 8, 9, and 10.

Root Cause 3: We have not effectively invested scholars in families in what our school offers - AP, IB, and strong college counseling for all scholars - as a meaningful alternative to dual enrollment or early graduation. This is a shortcoming in both proactive programming (i.e. low attendance at High School Experience Night) as well as in targeted persistence meetings (not being held with all stakeholders).

Problem Statement 3 Areas: Perceptions

Problem Statement 4: Our ADA is lowest in grades 8, 9, and 10 (which correlate with our lowest persistence grades).

Root Cause 4: We have a large proportion of scholars who are chronically absent (less than 90% ADA) that make up the majority of low ADA data. They are not being held accountable for missing the days (i.e. via ADA matrix or seat time).

Problem Statement 4 Areas: Perceptions

Problem Statement 5: Making STAAR data a goal in lower levels has created a gap in the academic performance of scholars in high school grade levels. The rigor of STAAR does not directly align or support the skills and knowledge scholars need in order to succeed in AP/IB courses.

Root Cause 5: The root cause of the lower scoring on the mock STAAR Exams is that we are teaching to the STAAR Exam rather than to the skills and content needed for scholars to be prepared for the upcoming grade level. Vertical alignment between content and grade levels is essential for scholar academic preparedness.

Problem Statement 5 Areas: Student Learning

Problem Statement 6: Making STAAR data a goal in lower levels has created a gap in the academic performance of scholars in high school grade levels. The rigor of STAAR does not directly align or support the skills and knowledge scholars need in order to succeed in AP/IB courses.

Root Cause 6: The root cause of the lower scoring on the mock STAAR Exams is that we are teaching to the STAAR Exam rather than to the skills and content needed for scholars to be prepared for the upcoming grade level. Vertical alignment between content and grade levels is essential for scholar academic preparedness.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: 504 students are not receiving enough support in the classrooms.

Root Cause 7: The lack of special education teachers or resource classes hinders the growth of 504 students. Our class sizes continue to increase and the rigorous curriculum makes it hard to reach every child and their need. Teachers need to be properly trained and coached in how to provide accommodations for special pops students.

Problem Statement 7 Areas: Demographics

Problem Statement 8: Our special education department at SOFLO lacked the adequate amount of certified special education teachers.

Root Cause 8: At SOFLO our special populations numbers keep increasing causing huge caseload numbers that become overwhelming amounts of paperwork/service minutes for teachers to complete. We need to tier scholars scholar on a high, medium, low need and ensure we are providing related service minutes and honing on key points to close the achievement gap.

Problem Statement 8 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Campus Funding Summary 23

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Southeast College Prep is one of 4 schools in the Tarrant County region of IDEA Public Schools that serves approx. 230 6th and 7th grade scholars. IDEA Southeast served 120 6th grade scholars in the 2021-2022 school year as 2022-2023 is the founding year for this campus. IDEA Southeast serves a diverse population of scholars including Emerging Bilinguals (EB), Special Education, and Socioeconomically Disadvantaged. The school serves approximately 70% Hispanic, 21% African American, and less than 1% White and Asian scholars. On average, 94% of scholars attended school regularly and 13.6% of CP scholars are chronically absent. Parental and community involvement is evident, but low as compared to other schools in the area

Demographics Strengths

IDEA Southeast CP has an equitable demographic representation of the population makeup of the community.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): IDEA CP ADA is at 93%, which is lower than the state standard of 97%. **Root Cause:** IDEA CP did not adequately communicate to stakeholders a deep understanding of the importance and impact of regular attendance because they were not trained and coached effectively.

Problem Statement 2 (Prioritized): Parent and family involvement, especially with diverse populations, and community partnerships are not as strong as they could be. **Root Cause:** There was limited communication with parents and community members in events they could be involved in as well as low confidence in participating because of language and cultural barriers or extensive and demanding work schedules.

Student Learning

Student Learning Summary

Student Learning Summary:

How are our students doing? Potential Content:

Student achievement and progress on state/local assessments, benchmarks, advanced course/dual enrollment. CCMR, grades, graduation plans, retention data, dropouts, special education data, English language assessments & other data.

Student Learning Strengths

6th Grade Math SPED based on mock proficiency.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The percentage of EL Students that earned an Increased Level of Proficiency is less than 42%. **Root Cause:** Opportunities for students to engage in reading, writing, listening, and speaking within class are not connected to ELP strategies. * Appropriate accommodations are not given to support EBs Summit K-12 platform was not utilized for students to practice in a timely manner.

Problem Statement 2 (Prioritized): The percentage of students that earned % Meets Grade Level or Above is less than 60% **Root Cause:** Math lessons lack differentiation and didn't close foundational gaps. * Intervention spaces lack content expertise and adequate oversight.

School Processes & Programs

School Processes & Programs Summary

At IDEA Southeast we have many programs and processes to ensure excellence within our building including CSI, EB, and special education services. We have systems to ensure we are using data to close the gaps and provide interventions to students, when necessary, integrate technology into the classroom in reflection of the state assessment standards, and have a flexible PD schedule to ensure we are meeting the needs of all of our staff members. Our team has worked this year to create lasting systems when it comes to curriculum to ensure that the systems, lesson plans, and student activities can last for years to come.

School Processes & Programs Strengths

Support Services:

- Collaboration between content teachers and SPED teachers
- SPED support providing daily inclusion and pull out support
- Regional support for special populations (EB and CSI)

Technology Integration:

- 1:1 technology for all students
- 2 technology based classes and 100% tech integration by February
- Noredink and publishing writing
- Use of edcite and TEA resources for testing

Paper to tech strategies were uniformed across campus

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): SPED teachers were being pulled for duty/coverage/teaching and unable to provide sufficient services to students. **Root Cause:** School did not have adequate internal plans for internal coverage and did not prioritize the protection of SPED priorities.

Problem Statement 2 (Prioritized): Students not getting ample practice time with technology before STAAR. **Root Cause:** School did not have an efficient plan to resolve student technology issues.

Perceptions

Perceptions Summary

IDEA Southeast College Prep is a place where scholars, staff, and families can call home. Through monthly family engagement events we were able to build connections with scholars and their families. We ensured open two-way communication that allowed for campus staff and families to communicate with one another in a timely manner through Remind, phone calls, and text messages. As a campus we value the feedback from our scholars, staff, and families. To ensure we continue to provide high-quality, rigorous learning experiences that meet the needs of our learners and prepare them for college and careers we provided Fall and Spring surveys to hear from our families.

At ICP, we operate with the following values in mind: love/joy of learning, high expectations for all, growth and resiliency, voice, and lead and build community. We know that a strong consistent school culture leads to strong student persistence and achievement.

Perceptions Strengths

Strengths:

Culture

- **Community Circle**
- **Extracurricular Activities: Sports/Clubs**
- **Advisory Lessons**
- **Weekly positive touchpoints**
- **Stinger Store**

Family and Community Engagement/Partnerships

- **Partnership with Higher Praise Church**
- **Monthly family engagement events**

Surveys/ Student Feedback (215 Surveys)

- **Executed Fall and Spring Survey**
- ***SEL Competencies***
- **Emotion Regulation: 3.4, Self-Management: 3.6, Social Awareness: 3.3**
- ***School Survey***
- **Safety: 4.5, School Belonging: 3.0, School Climate: 3.0, School Safety: 3.3, School-Teacher Student Relationships: 3.3, Student Survey Data About School: 3.4**

Staff Surveys/Feedback/Retention

- **Surveys during PD at the beginning of the semester**
- **Collaboration and safe place among teachers**

Communication

- **Utilized Remind, Deanslist, and Facebook to inform families of events and important information**
- **Lead Team communicated with families within 24-48 hours of reporting concern**

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Teachers are inconsistent in utilizing the ladder of consequences **Root Cause:** Behavior matrix needed for repetitive and egregious behaviors Lack of Tier 3 supports to provide consistent social emotional supports for scholars

Problem Statement 2 (Prioritized): Lack of consistent family engagement at school events **Root Cause:** Misalignment around communicating College Prep events Teachers not utilizing contacts with parents as a time to invite them to events

Priority Problem Statements

Problem Statement 1: Teachers are inconsistent in utilizing the ladder of consequences

Root Cause 1: Behavior matrix needed for repetitive and egregious behaviors Lack of Tier 3 supports to provide consistent social emotional supports for scholars

Problem Statement 1 Areas: Perceptions

Problem Statement 2: Lack of consistent family engagement at school events

Root Cause 2: Misalignment around communicating College Prep events Teachers not utilizing contacts with parents as a time to invite them to events

Problem Statement 2 Areas: Perceptions

Problem Statement 3: SPED teachers were being pulled for duty/coverage/teaching and unable to provide sufficient services to students.

Root Cause 3: School did not have adequate internal plans for internal coverage and did not prioritize the protection of SPED priorities.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Students not getting ample practice time with technology before STAAR.

Root Cause 4: School did not have an efficient plan to resolve student technology issues.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: The percentage of EL Students that earned an Increased Level of Proficiency is less than 42%.

Root Cause 5: Opportunities for students to engage in reading, writing, listening, and speaking within class are not connected to ELP strategies. * Appropriate accommodations are not given to support EBs Summit K-12 platform was not utilized for students to practice in a timely manner.

Problem Statement 5 Areas: Student Learning

Problem Statement 6: The percentage of students that earned % Meets Grade Level or Above is less than 60%

Root Cause 6: Math lessons lack differentiation and didn't close foundational gaps. * Intervention spaces lack content expertise and adequate oversight.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: IDEA CP ADA is at 93%, which is lower than the state standard of 97%.

Root Cause 7: IDEA CP did not adequately communicate to stakeholders a deep understanding of the importance and impact of regular attendance because they were not trained and coached effectively.

Problem Statement 7 Areas: Demographics

Problem Statement 8: Parent and family involvement, especially with diverse populations, and community partnerships are not as strong as they could be.

Root Cause 8: There was limited communication with parents and community members in events they could be involved in as well as low confidence in participating because of

language and cultural barriers or extensive and demanding work schedules.

Problem Statement 8 Areas: Demographics

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: CP: 50% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

High Priority

Evaluation Data Sources: TELPAS Assessment

IDEA Public Schools

Spears College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 14, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 23

Comprehensive Needs Assessment

Revised/Approved: August 31, 2023

Demographics

Demographics Summary

Idea Spears College Prep is a Title 1 campus that offers quality educational programs and extracurricular activities to students in grades 6th through 9th grade. IDEA Spears College Prep is a part of one of the fastest growing charter school networks in the Greater Houston region. Our increase in enrollment is attributed to recruitment efforts after the pandemic. The school's demographics include majority Title 1 identified students.

Demographics Strengths

IDEA offers a competitive salary for teachers with experience. Additionally, IDEA is achieving its mission of college for all in serving a majority of economically disadvantaged students. Spears College Prep specifically 86% Overall Student Persistence.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase student attendance, as we were at approximately 94% ADA this year, despite the goal being 97% **Root Cause:** Lack of consistent and clear communication around school culture and expectations for attendance and accountability. Parents did not have an understanding regarding OATP and attendance not counting for "showing up" for fraction so the day outside of that time.

Problem Statement 2 (Prioritized): Students were frequently absent due to consequences around behavior. **Root Cause:** Student behaviors frequently resulted in OSS, rather than restorative justice practices.

Student Learning

Student Learning Summary

Final formal student performance data has not yet been received.
See PDF in Addendum for more information.

Student Learning Strengths

Spears College Prep has practiced strong internal data tracking, progress monitoring and sub-population report.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): A large amount of compensatory minutes had to be provided in the summer. **Root Cause:** Gaps in SpEd leadership and clarity caused there to be significant delays in services to students. Additionally, transfer ARDs were not managed in a timely fashion, which caused a delay in needed servics. SpEd vacancies also caused a delay and gap in the ability to provide services and log intended minutes.

Problem Statement 2 (Prioritized): High employee turnover in STAAR tested subjects. **Root Cause:** Teacher culture suffered significantly throughout the year, which caused damage to student culture. The more student culture was less desirable, the worse teacher culture was. It remained in a repetitive cycle, causing high turnover this year.

School Processes & Programs

School Processes & Programs Summary

Middle school student begin rigorous Pre-AP instruction, mastering strategies that prepare them for the next phase of our college prep program, high school.

Classes and Activities: English & Language Arts, Mathematics, social studies, science, spanish, physical education, college field lessons, road to and through college, art and nursing.

Highlights: Pre-Advanced Placement coursework and robust extra-curricular activities.

Results: Gearing up for success in college preparatory, developing passions and interests.

School Processes & Programs Strengths

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There were inconsistencies in coaching and closing of the coaching cycle. **Root Cause:** Principal spent the first half of the year alone and spent a significant amount of the time fire fighting, which continued into the hiring of the API, who additionally spent a significant amount of time solving issues around school culture and behavior management, rather than academics.

Problem Statement 2 (Prioritized): Roll-outs were discussed and implemented in meetings and remained ineffective with minimal follow through. **Root Cause:** Leader did not spend time modeling expectations and then following through or taking next steps when expectations were not met. There was also a gap in the coaching cycle.

Perceptions

Perceptions Summary

We operate under seven founding core values: We Act with Integrity, We Achieve Academic Excellence, We Deliver Results, We Ensure Equity, We Build Team & Family, We Bring Joy and We Sweat the Small Stuff.

Perceptions Strengths

Spears College Prep has retained approximately 85% of their students through persistence this year.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There was a lack of parent investment/involvement. **Root Cause:** Parents frequently felt "out of the loop" and there were gaps in communication.

Problem Statement 2 (Prioritized): There were not many opportunities for stake holders to be on campus, engaging with students and staff. **Root Cause:** Staff was not creative in including stake holders in on-campus activities and there were gaps in communication.

Priority Problem Statements

Problem Statement 1: High employee turnover in STAAR tested subjects.

Root Cause 1: Teacher culture suffered significantly throughout the year, which caused damage to student culture. The more student culture was less desirable, the worse teacher culture was. It remained in a repetitive cycle, causing high turnover this year.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: A large amount of compensatory minutes had to be provided in the summer.

Root Cause 2: Gaps in SpEd leadership and clarity caused there to be significant delays in services to students. Additionally, transfer ARDs were not managed in a timely fashion, which caused a delay in needed servics. SpEd vacancies also caused a delay and gap in the ability to provide services and log intended minutes.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Students were frequently absent due to consequences around behavior.

Root Cause 3: Student behaviors frequently resulted in OSS, rather than restorative justice practices.

Problem Statement 3 Areas: Demographics

Problem Statement 4: There is a need to increase student attendance, as we were at approximately 94% ADA this year, despite the goal being 97%

Root Cause 4: Lack of consistent and clear communication around school culture and expectations for attendance and accountability. Parents did not have an understanding regarding OATP and attendance not counting for "showing up" for fraction so the day outside of that time.

Problem Statement 4 Areas: Demographics

Problem Statement 5: There were inconsistencies in coaching and closing of the coaching cycle.

Root Cause 5: Principal spent the first half of the year alone and spent a significant amount of the time fire fighting, which continued into the hiring of the API, who additionally spent a significant amount of time solving issues around school culture and behavior management, rather than academics.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Roll-outs were discussed and implemented in meetings and remained ineffective with minimal follow through.

Root Cause 6: Leader did not spend time modeling expectations and then following through or taking next steps when expectations were not met. There was also a gap in the coaching cycle.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: There was a lack of parent investment/involvement.

Root Cause 7: Parents frequently felt "out of the loop" and there were gaps in communication.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: There were not many opportunities for stake holders to be on campus, engaging with students and staff.

Root Cause 8: Staff was not creative in including stake holders in on-campus activities and there were gaps in communication.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records

Employee Data

- Staff surveys and/or other feedback
- Campus department and/or faculty meeting discussions and data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

- Community surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Study of best practices

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: By the end of the 23-24 school year, IDEA Spears College Prep will receive an A-rating in Domains 1 and 3 by scholars achieving the Approaches/Meets/Masters goals for our campus.

High Priority

Strategy 3: 100% student participation in physical education class for grades 6, 7 and 9 in support of the Healthy Kids Initiative. **Strategy's Expected Result/Impact:** 100% of students in grades 6, 7 and 9 will be compliant for the Healthy Kids Initiative through participation in physical education class. **Staff Responsible for Monitoring:** Principals APIs PE Teachers **Title I:** 2.4, 2.5, 2.6 **- ESF Levers:** Lever 3: Positive School Culture				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 2: High employee turnover in STAAR tested subjects. **Root Cause**: Teacher culture suffered significantly throughout the year, which caused damage to student culture. The more student culture was less desirable, the worse teacher culture was. It remained in a repetitive cycle, causing high turnover this year.

Perceptions
Problem Statement 1: There was a lack of parent investment/involvement. **Root Cause**: Parents frequently felt "out of the loop" and there were gaps in communication.
Problem Statement 2: There were not many opportunities for stake holders to be on campus, engaging with students and staff. **Root Cause**: Staff was not creative in including stake holders in on-campus activities and there were gaps in communication.

Goal 4: Increase student daily attendance

Performance Objective 1: By the end of the 22-23 school year, IDEA Spears College Prep will receive a minimum of 97% of average daily attendance.

High Priority

HB3 Goal

Evaluation Data Sources: Daily tracking of absences
Monthly ADA incentives
ADA escalation matric

Strategy 1: Who: APO, SIS Coordinator, Registrar, SC, Teachers, APIs and Principal When: Daily What: Operating mechanisms for daily attendance protocol fidelity **Strategy's Expected Result/Impact:** Maintain an average of 6 scholars absent per day **Staff Responsible for Monitoring:** Principal, APO, SC **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college, Improve low-performing schools **- ESF Levers:** Lever 3: Positive School Culture, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Demographics 1, 2	30%			

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: There is a need to increase student attendance, as we were at approximately 94% ADA this year, despite the goal being 97% **Root Cause**: Lack of consistent and clear communication around school culture and expectations for attendance and accountability. Parents did not have an understanding regarding OATP and attendance not counting for "showing up" for fraction so the day outside of that time.
Problem Statement 2: Students were frequently absent due to consequences around behavior. **Root Cause**: Student behaviors frequently resulted in OSS, rather than restorative justice practices.

Goal 5: Increase staff retention

Performance Objective 1: Spears College Prep: 100% of full-time staff members complete all tasks within IDEA's staff development cycle including: goal setting, 2x2 and annual performance reviews during the 2023-24 school year.
Required Strategy: Managers provide feedback and professional development/coaching for each staff member through each SDC cycle.

High Priority

HB3 Goal

Evaluation Data Sources: Staff retention dashboard.

Strategy 1: Who: Direct Managers When: Weekly What: Check-ins with direct reports, shout outs Who: Principals When: Weekly What: Report out data on staff retention in Data Brief **Strategy's Expected Result/Impact:** Maintain 85% staff retention **Staff Responsible for Monitoring:** Principal, API, APO, SC **Title I:** 2.5 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 2: Strategic Staffing **Problem Statements:** School Processes & Programs 1, 2				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

School Processes & Programs
Problem Statement 1: There were inconsistencies in coaching and closing of the coaching cycle. **Root Cause**: Principal spent the first half of the year alone and spent a significant amount of the time fire fighting, which continued into the hiring of the API, who additionally spent a significant amount of time solving issues around school culture and behavior management, rather than academics.
Problem Statement 2: Roll-outs were discussed and implemented in meetings and remained ineffective with minimal follow through. **Root Cause**: Leader did not spend time modeling expectations and then following through or taking next steps when expectations were not met. There was also a gap in the coaching cycle.

Goal 5: Increase staff retention

Performance Objective 2: IDEA Spears College Prep is 84% staffed for all teacher positions throughout the 2023-24 school year.
Required Strategy: recruit and hire high quality candidates per role by using high quality resume criteria

High Priority

HB3 Goal

Evaluation Data Sources: HR staffing tracker.

IDEA Public Schools

Sports Park College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 24, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IDEA Sports Park is a school focused on the scholar's development: body, mind, and character. IDEA Sports Park recognizes the commitment to serve our scholars by providing an opportunity to fully develop their academic and athletic potential in a joyful safe environment to ultimately matriculate and graduate from college. Our modelprovides opportunities of intellectual, creative, and personal development through rigorous coursework and athletic curriculum for all types of scholars,includingservice-learning projects to instill leadership qualities of living the standard of excellence every day.

To close gaps, we will focus on implementing various learning strategies for all learners and own our role in the mission of IDEA. We believe in no excuses but solutions in order to keep our promises to the families we serve.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**

- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

Sports Park College Prep is a four-year Title 1 comprehensive public high school serving the needs of an urban, multi-ethnic, multicultural student body through diverse programs and activities. The current enrollment at SPCP is approximately 268 students. The percentages listed below summarize the demographics of our school population.

Total	Hispanic	White
268	87%	1%

Eco Disc: 96%

SPED: 4%

EB: 59%

Teacher Retention: 94%

Sports Park College Prep part of the IDEA Public School System. We pride ourselves in offering a variety of sports to our students such as: volleyball, boy and girls soccer, track, cross country, and boys and girls basketball, Advanced classes are offered through College Board's AP program. SPCP also offers CPT classes to our students. All students attend Road to and Thru College classes to ensure that they are prepared for college and are knowledgeable about financial aide and scholarships available to them.

During the 2022-2023 school year Sports Park College Prep saw our first graduating class. We look forward to having 48 seniors matriculate to college. With this inaugural graduating class SPCP we will begin to be able to track CCMR for our campus.

Demographics Strengths

A factor that contributes to Sport Park College Prep's success is the growth mindset that both our faculty and staff hold. We believe in not just equality in our classrooms, but equity. Our teachers ensure that 100% of our students receive diverse instruction that meets their learning needs, but also challenges them to become mindful learners. Meeting students at not only their instructional levels but ensuring that lessons are culturally and academically responsive to all students' needs.

At the end of the 2022-2023 school year our end of the student/teacher Panorama survey stated that teacher/students' relationships were at a 4.4 out of 5. Demonstrating our teachers' work to build strong relationships with our students. SPCP showed growth with TELPAS benchmark of 43% of EB students showing 1-year composite growth.

Sport Park's commitment to ensuring opportunities for all students' success, to receive an equitable education that leads them to continue their education at a college of their choice is evident in the work that the faculty, staff, and student do daily.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Low ADA and high tardiness in 10th grade. **Root Cause:** Lack of accountability for students, parents, and teachers.

Problem Statement 2 (Prioritized): Teachers don't know how to implement successful SPED accommodations in the classroom. **Root Cause:** Lack of training in professional development and implementing SPED strategies and accommodations.

Student Learning

Student Learning Summary

Utilizing both formative and summative data is foundational when making decisions around student learning. A narrative is created from the data and sets the path to move forward. The journey for Sports Park College Prep has been like many other schools over the last few years due to the pandemic. An academic gap was created and access to previous 2019-2020 records was not accessible. IDEA Sports Park College Prep launched as a 9th and 10th grade campus servicing students outside the IDEA model. As other campuses we navigated through virtual instruction and utilized the resources and curriculum provided through the district. While we did receive accountability data for the 2020-21 school year, it only included the performance of students who chose to come to campus to participate in the STAAR EOC test administration. Overall, ISPKCP had over 99% participation for EOC exams and told us the story we needed to create in 2021-22.

Formative and Summative data was collected by each teacher through administering common assessments to assist us with our on track to graduate policy ensuring teachers were on track with grading each grading cycle. Assessments are developed using district curated curriculum resources and data collected is used to drive instruction. We used this data to help create interventions and provide supplemental instruction. In addition, for summative data we utilized Renaissance testing for reading to help us identify students of concern as well as used to document student growth.

As we move into the 2023-2024 school year, we continue to be challenged with a rise in our emergent bilingual demographic. However, we have demonstrated a high amount of growth at the end of both the 2021-22 and 2022-2023 school years: receiving an overall 88 from TEA and meeting the state TELPAS exam. Through utilizing previous years data and instructional reflection, we ensured assessments were aligned to instruction and provided supplemental instruction as needed. In the end, 100% of IPSKCP students are on track to graduate.

As ISPCP has grown, it has also expanded its instructional model to support the College Career Military Readiness standard set by the state of Texas. Going into the 2023-2024 school year we are offering 12 Advanced placement classes: starting in the 9th grade. From our 2022-2023 graduating class 41 our of our 48 students earned their CCMR credit from their AP classes. Additionally, we offer dual enrollment to our juniors during the summer leading up to their senior year; allowing them to gain an additional three college credits. The 2023-2024 school year will see the launch of ISPCP's CTE Program in Entrepreneurship and Floral Design. Both programs allow students to receive certifications upon completion of program courses. Lastly, we had our first senior enlist in the United States Army.

Student Learning Strengths

DEA Sports Park College prep continues to increase in all EOC subject areas with an overall achievement score of a "52" for 21-22 versus "37" for the 20-21 academic year. Students' performances displayed academic growth allowing our campus to receive 6 out of 7 distinctions after two years of being in existence. Our advance placement program had students outperform the state and global numbers for the 2021-22 administration for both Spanish Language and Spanish Literature. Student performances in Spanish Literature scored a 78% 3 or higher versus state at 54% and global at 64%. Moreover, students in Spanish Language scored an 89% 3 or higher versus state at 76% and global at 82%. For the 2022-2023 school year we are currently 98% for meeting CCMR standards.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Inability to provided instructional supports for our state exam retesters. **Root Cause:** Lack of consistent accountability and communication for retesters and teachers.

Problem Statement 2 (Prioritized): Each year our Emergent Bilingual numbers grow and our data continues to be consistently low. **Root Cause:** 81% of our teachers are in their 1st or 2nd year of teaching experience so they lack a strong instructional background.

School Processes & Programs

School Processes & Programs Summary

Student Supports for Students:

2 Assistant Principals of Instruction

1 Social Emotional Councilor

1 Director of College Counseling

1 College Counselor

1 Assistant Principal of Operations

EB Program:

Sports Park CP's EB program has an EB coordinator and an LPAC committee that meets at least 3 times a year. During the 22-23 school, all staff was trained on SIOP learning strategies as well as Kagan student engagement strategies to help increased student engagement for all students.

SPED Program:

Sports Park CP's SPED department has a dedicated SPED department point person, administrator, 2 teachers, and 1 co-teacher. This department currently has a life skills unit known as RISE. Ultimate goal is to ensure all students are served in the most general education setting developing the soft skills needed to be successful in and out of the classroom. This year for the 2023-34 school year we will be implementing a dyslexia lab supporting our students with reading comprehension.

Content Areas:

RLA and Humanities have 1 API assigned to their contents.

Math and Sciences have 1 API assigned to their contents.

Each content has a content leader to provide leadership, support in teacher development, and provide expertise in the content area.

Career Technology Education (CTE):

For the 2023-24 school year we have implemented 5 CTE courses to support students on the path to receive certification in the entrepreneurship industry field. Additionally we are offering Floral Art design where students can also receive another opportunity to receive CCMR credit.

Advanced Placement:

AP Coordinator

Assist with College board deliverable as well as navigate testing during May

IDEA Sports Park allows students to begin taking AP classes in the 9th grade and continue thru the 12th grade. By graduation our student have the opportunity to gain a 11 AP credits. With each year that we have been open as a school we continually add AP classes to ensure that we are providing our students with as many academic and college opportunities as possible. It is our goal to have all students graduate as AP scholars allowing them to be ideal candidates for college acceptance.

Student Support Programs:

ICU/OTG (On track to graduate): Student Intensive Care Unit allows for teachers to identify students that are falling behind in class to be pulled out of 7th period to make up work and improve their grade. ICU will be implemented after the first progress report.

After school Tutorials/HB4545: After school tutorials begin in October for our HB4545 students and January for EOC classes with March for AP classes. Tutorials are intended to target student with the biggest learning gap when reaching for EOC mastery. Tutorials are from Tuesday thru Thursday from 3:45 to 5:30. Student tutorial lists are initially made based off December Mock exam data, but are updated based off exit ticket data, unit exam data, or Mock exam data.

Saturday School: Saturday school begin in January for EOC classes and March for AP classes. Saturday school is intended to target the higher achieving students to ensure that they stay at a higher achievement score or grow from there.

Intervention: Intervention is held during 8th period and is a class offered to those students that previously failed an EOC exam. This class is intended to support learning and provide them with an opportunity to master their EOC content before they take the test again in December or May.

Practical Writing: Practical writing is a class that is offered to our first year 9th and 10th grade students. The goal of practical writing is to teach 9th/10th grade student the foundational writing skills that they need in order to be successful writers. The instruction is TEKS aligned and based off Springboard curriculum. Classes are differentiated based off student language fluency and lessons are differentiated to meet their language proficiency needs.

Writing Across all Contents: WAC is a new initiative at IDEA Sports Park for the 2022-2023 school year and will continue focusing on writing. WAC is intended to ensure that 100% of our student practice content writing every day in all of their classes. At SPCP we realize that writing instruction needs to happen both inside and outside the English classroom especially with the changes to the EOC exams. Students need to be able to explain, describe, and synthesize their thinking process and the best way for them to learn how to do that is through daily implementation in their classes.

College Bound Programing

Road to and through College - Program created to support a student's college going identity. Grades 9-12 are scaffold in building the knowledge and skills students need to be successful while applying for college and post-secondary skills. Through this program students are able to identify their own strengths, career interest, college choices as well as prep for the ACT college entrance exam. Additionally to support student success in college, students are expected to master the Texas Student Initiative (TSI) to prevent students enrolling into remedial courses.

Athletic and After School Programming

We offer an athletic program honoring the seasons for cross country, volleyball, basketball, soccer, and track. Students are given the opportunity to participate and develop social skills that creates a well rounded student. We recognize after school programming such as sports creates discipline and dedication to school culture.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target and we are on track to once again surpass student performance in TELPAS with over 54% on track to growth from benchmark.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.
- IDEA has implemented Career and Technology education to support students who wish to seek a certification in the industry field while in school.
- IDEA offers Dual Enrollment opportunities for rising juniors and seniors at the local university during the summer.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA retains an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There is a high volume of students assigned detention daily leading teachers to believe there is a lack of support to address behavior. **Root Cause:** Lack of discipline system in placed to support culture in and out of the classroom.

Problem Statement 2 (Prioritized): Stakeholders are unfamiliar with Sports park programming and processes **Root Cause:** Lack of clear communication to stakeholders. This may look like lack of consistent posts on FB, lack of use via REMIND, lack of communication to teachers and students on campus about events, ect...

Perceptions

Perceptions Summary

Students, parents, and staff are given the opportunity to express how they feel or share their views of the campus throughout the year. Some perception measured methods for students and families are Panorama Surveys, and for employees are Great Places to Work survey. In the panorama survey, parents and students view the school as boring and students are not looking forward to coming to school. Therefore, we have a 3.7 score out of a 5-rating scale. Teachers also shared their feelings of not looking forward to coming to work. The overall perception is the lack of joy in our campus due to lack of planning events, celebrations, and community involvement.

Perceptions Strengths

Parents and students expressed satisfaction in the safety school climate. We have a closed campus, gated campus, all locked doors, and people can only step out from the front office door when entering and exiting. Parents also expressed that the campus is always willing to work with students. Students and staff are aware and scored high on knowing what the expectations are. The lead team and supervisors are also helpful to staff to help them accomplish their goals. In the great places to work teachers felt satisfaction in making a difference in their role.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Community is not aware about our campus. **Root Cause:** Lack of community partnerships and participation in community events.

Problem Statement 2: Students and staff feel there is a lack of joy in school culture. **Root Cause:** Lack of consistent planning events, and student and staff celebrations.

Priority Problem Statements

Problem Statement 1: There is a high volume of students assigned detention daily leading teachers to believe there is a lack of support to address behavior.

Root Cause 1: Lack of discipline system in placed to support culture in and out of the classroom.

Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: Stakeholders are unfamiliar with Sports park programming and processes

Root Cause 2: Lack of clear communication to stakeholders. This may look like lack of consistent posts on FB, lack of use via REMIND, lack of communication to teachers and students on campus about events, ect...

Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: Inability to provided instructional supports for our state exam retesters.

Root Cause 3: Lack of consistent accountability and communication for retesters and teachers.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Each year our Emergent Bilingual numbers grow and our data continues to be consistently low.

Root Cause 4: 81% of our teachers are in their 1st or 2nd year of teaching experience so they lack a strong instructional background.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Low ADA and high tardiness in 10th grade.

Root Cause 5: Lack of accountability for students, parents, and teachers.

Problem Statement 5 Areas: Demographics

Problem Statement 6: Teachers don't know how to implement successful SPED accommodations in the classroom.

Root Cause 6: Lack of training in professional development and implementing SPED strategies and accommodations.

Problem Statement 6 Areas: Demographics

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

IDEA Public Schools

Walzem College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 22, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 23

Comprehensive Needs Assessment

Revised/Approved: August 29, 2023

Demographics

Demographics Summary

IDEA Walzem College Preparatory currently serves 709 students with 62 staff members including operations. Our scholars' ethnic backgrounds are primarily Black, Hispanic and White. Attendance is average compared to district trends with an overall average of a 94%. Mobility is our number one factor of scholars not persisting with IDEA Walzem CP. Our campus has 100% graduation rate with a 100% college matriculation rate for the past two years since 2021. Our special programs include special population students, emergent bilingual students, 504 students, and non-continuously enrolled students. Our SPED program includes caseloads of up to 12 scholars per teacher. Our RISE program includes 37 scholars with a staff of 2 lead teachers and 5 co-teachers. Our teacher retention is at 85%, overall experience average is 6 years and we host an average of 25:1 student to teacher ratio. We connect with the surrounding community through campus engagement events and maintaining community partnerships (ex: area restaurants and local businesses). In addition, we host town halls on a semester basis to address social and educational concerns. Majority of our graduates will be first-generation college graduates as neither parents possess a bachelors degree. Discipline rates include possession or distribution of illegal substances such as vapes containing THC leading to expulsions. For the 2022-2023 school year a total of 15 expulsions were completed reflecting a district and state concern. Trends indicate these outcomes are higher in our new to IDEA population. Attendance rates include a total of 44 scholars exceeding the 10 day absence mark. The highest tardies include morning, after lunch, dates around holidays and end of year (early summer vacation).

Demographics Strengths

1. Diversity
2. Teacher-Student communication
3. Teamwork and Family Culture
4. Parent town halls
5. Matriculation
6. Community involvement
7. Recruitment efforts

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): IDEA Walzem attendance is lower than expected for all grade levels so we did not hit our 97% ADA goal. **Root Cause:** Lack of accountability and follow through and lack of motivation for parents and students.

Problem Statement 2 (Prioritized): IDEA Walzem CP Special Population IEP components were met with 50% fidelity. **Root Cause:** Understaffed personnel support and retention and amount of paperwork and support for students is overwhelming.

Student Learning

Student Learning Summary

IDEA Walzem College Preparatory earned a "B" rating on semester and mock exams for the 2022-2023 school year. TSI/ACT/AP overall average scores are below district. 100% of graduation plans for incoming 9th graders have been uploaded. Overall, retention data indicates 2% of scholars in middle school (grades 6-8) and 1% in high school (9-12). 98% of seniors graduate in May with 2% being summer graduates. TELPAS outcomes and AP data are still pending as of May 2023.

Student Learning Strengths

1. ELA has increased outcomes since 2021-2022
2. Teaching and coaching framework (GBF & GET)
3. Cross curricular instruction
4. Teacher and student resources
5. Remediation programs and opportunities
6. During the day interventions

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): IDEA Walzem lacks a focus on rigor across all contents in middle and high school grades. **Root Cause:** IDEA Walzem teachers teach to the previous version of STAAR tests with a focus on close ended responses.

Problem Statement 2 (Prioritized): IDEA Walzem lacks a clear instructional plan for ACT and TSI exams for CCMR requirements. **Root Cause:** IDEA Walzem content leaders and instructional coaches do not prioritize drafting a clear vision with actionable and timely steps to execute with monitoring systems.

School Processes & Programs

School Processes & Programs Summary

IDEA Walzem implements Direct Instruction, Wit & Wisdom, Eureka Math, Springboard and AR Zone/Hotspot platforms to build on student knowledge and skills. Professional development is embedded during the year at campus and district levels on a bi-weekly basis. In leadership decision making the hiring process has been inconsistent and appears too lenient with hiring qualifications. The onboarding process is not effective and support for teachers from administration is a gap with resetting culture expectations for repurposed teachers. IDEA Walzem utilized TEAMs for an extra layer of communication and Remind for parent communication. We host an A/B schedule to allow access for double the coursework in grades 9-12.SACADA is a support service for our scholars expanded educational needs along with local health and police services. Extracurricular opportunities (soccer, volleyball, flag football, cross country, track, cheerleading/dance, basketball) are year round with an open gym during off season. In addition, our CTE pathways allow for scholars to develop computer skills with programs such as coding.

School Processes & Programs Strengths

1. Interview process includes a sample teach and teacher point person within the campus.
2. GTL and content leaders included during hiring process (record of results)
3. Platforms such as Pear deck and Albert IO paid for by district
4. Power Team meetings with GTLs to cascade campus-wide information

5. Teams platform is efficient for communication
6. Extracurricular sports are highly sought and participated in by MS and HS scholars

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): IDEA Walzem lacks a clear pathway for professional development that aligns with teacher needs and skill set levels. **Root Cause:** Inconsistency with tracking teacher years at IDEA to differentiate Team & Family focus.

Problem Statement 2 (Prioritized): IDEA Walzem lacks a consistent leadership team who are aligned on campus wide expectations. **Root Cause:** The leadership team has changed over the course of the past three years without a consistent follow up plan or accountability.

Perceptions

Perceptions Summary

IDEA Walzem exceeds expectations in parent engagement events such as Winter Fest, Top Scholar banquet, A A/B Honor Roll and Sports Banquets. Our parents bring their scholars to our school for the academics, proximity and college going mission. Based on our teacher survey results through Panorama our teachers average a 3 out of 5 or higher in parent satisfaction. Our extracurricular groups have a parent booster club that support their students by decorating the hallways and donating drinks during sports events. Student feedback collected was based on GET 2 with 3 questions asked:

1. Do you feel connected to your teacher?

2. Does your class understand you as a person?

3. Do you believe your teacher cares about you?

Overall, the sample teacher data collected was above 90% in favor of a sense of belonging for scholars. According to Remind and Class Dojo apps our parents receive communication on a weekly basis and/or during a campus crisis.

Perceptions Strengths

1. Parents feel our campus exceeds surrounding public school expectations.

2. Parent participation improves every year.

3. Scholars feel a sense of belonging at Walzem CP

4. Over 90% of our staff believe their work matters based on AEE surveys.

5. Parents are happy to receive consistent weekly communication.

6. Access to leadership team involves an improving process.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): IDEA Walzem CP is perceived as an unsafe school. **Root Cause:** Increased access and use of vaping products.

Problem Statement 2 (Prioritized): IDEA Walzem CP lacks teacher level communication. **Root Cause:** Increased teacher level work and demands allow for zero to minimal parent conversations.

Priority Problem Statements

Problem Statement 1: IDEA Walzem attendance is lower than expected for all grade levels so we did not hit our 97% ADA goal.
Root Cause 1: Lack of accountability and follow through and lack of motivation for parents and students.
Problem Statement 1 Areas: Demographics

Problem Statement 2: IDEA Walzem CP Special Population IEP components were met with 50% fidelity.
Root Cause 2: Understaffed personnel support and retention and amount of paperwork and support for students is overwhelming.
Problem Statement 2 Areas: Demographics

Problem Statement 3: IDEA Walzem lacks a focus on rigor across all contents in middle and high school grades.
Root Cause 3: IDEA Walzem teachers teach to the previous version of STAAR tests with a focus on close ended responses.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: IDEA Walzem lacks a clear instructional plan for ACT and TSI exams for CCMR requirements.
Root Cause 4: IDEA Walzem content leaders and instructional coaches do not prioritize drafting a clear vision with actionable and timely steps to execute with monitoring systems.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: IDEA Walzem lacks a clear pathway for professional development that aligns with teacher needs and skill set levels.
Root Cause 5: Inconsistency with tracking teacher years at IDEA to differentiate Team & Family focus.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: IDEA Walzem lacks a consistent leadership team who are aligned on campus wide expectations.
Root Cause 6: The leadership team has changed over the course of the past three years without a consistent follow up plan or accountability.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: IDEA Walzem CP is perceived as an unsafe school.
Root Cause 7: Increased access and use of vaping products.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: IDEA Walzem CP lacks teacher level communication.
Root Cause 8: Increased teacher level work and demands allow for zero to minimal parent conversations.
Problem Statement 8 Areas: Perceptions

Goals

Revised/Approved: August 24, 2023

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

IDEA Public Schools

Weslaco College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 22, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

IDEA Weslaco College Preparatory

The school community at IDEA Weslaco College Preparatory prioritizes our College for All mission by ensuring that *all* Team & Family members receive the requisite support to pursue the pinnacles of their successes. We value the uniqueness in talent and perspective that our parents, students, and staff bring to our school, be it through their socioeconomic status, citizenship, ethnicity, race, gender, gender identity and sexual orientation.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 33

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Weslaco College Preparatory offers instruction to 780 6th through 12th graders each year and serves a primarily minority low socioeconomic status population. 100% of our seniors will graduate then matriculate to college (with two potential military exemptions). We pride ourselves in the quality education our students receive through their preparation for college and the service we provide to our community. We have 100% of our graduates CCMR ready and have exceeded 85% teacher retention.

Demographics Strengths

Students of all populations are expected to achieve their best academic potential. We currently have over 98% of our high school students on track to graduate and 87 graduates who will matriculate to college by September 2023. We are on track to persist through this school year with 90% of our students returning to our school for 2023-2024.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Attendance repeat offending students continued to miss school and inconsistently improved their campus attendance. **Root Cause:** We had an inconsistent process for data tracking and implementation of the escalation matrix for teachers and leaders to intervent.

Problem Statement 2: Student persistence interventions and processes were not firm with appropriate talking points for families. **Root Cause:** We did not organize our SC to ensure that systems were set and communicated or trained on.

Problem Statement 3: Onboarding of new families did not include messaging on campus culture, discipline in the classroom, our mission of college for all, and high expectations for communication and collaboration. **Root Cause:** Welcome to IDEA was a transactional event and process for enrollment.

Student Learning

Student Learning Summary

IDEA Weslaco College Preparatory graduates scholars under our Distinguished Achievement Plan with minor exceptions and has each student complete 125 community service hours. In the 2022-2023 academic year, our goal of A campus has been at a prediction of an 87. Class of 2023 has 94% of students with CCMR criteria met. Our Advanced Placement results for AP Scholar determination is pending, but we are currently at 10% achieving this status. We currently have one drop out student from this academic year in the 10th grade.

Student Learning Strengths

Students who are AP scholars continue to show success in AP course benchmark exams. The 10th grade class is on track to meet their 21 ACT average goal for 2023-2024 (first time). High School Reading Language Arts STAAR teachers are continuing to increase student achievement through a focus on key point delivery and student practice.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Students in middle school were not exposed to Cambium practice in the Fall semester for fluency on STAAR testing procedures. **Root Cause:** Distribution of technology was delayed for students, and we did not have enough inventory for these grade levels. We gapped in prioritizing full campus needs and proper labeling of devices.

Problem Statement 2 (Prioritized): Teachers were not consistently rehearsing weekly and daily lessons and internalizing their content. **Root Cause:** Leaders used lesson plan clinics in the Fall at beginning of year and did not set time for rehearsals. Lesson planning mastery was determined then relied on.

Problem Statement 3 (Prioritized): As a campus, visual models were not a central focus for our special populations. Students who are Special Education and Language Learners were not having support needed. **Root Cause:** Instructional team did not inspect and check for this instructional strategy. Though anchor charts were shown during training day, there was limited follow up.

Problem Statement 4: Building literacy among students is limited as a campus through consistent tracking and promotion of development. **Root Cause:** Classroom instruction focuses on getting students to STAAR mastery and not fluency/comprehension/growth. We see this as a priority and do not consider the impact this can have.

Problem Statement 5: Technology was not readily available to students and teachers for in class and at home use. **Root Cause:** We had a lack of organizational system for distribution and proper messaging for culture lessons on use of technology and care.

Problem Statement 6 (Prioritized): Students in other grade levels use various forms of graphic organizers, annotations and writing prompt stuctures. **Root Cause:** There is a lack of vertical alignment for content tools and teacher delivery of HOW key points.

Problem Statement 7 (Prioritized): Reflection of student achievement was not consistent through the year through re-teach planning. Use of exit tickets was a training for staff, but follow through with SWAM sessions through the year was not consistent. **Root Cause:** We allowed culture gaps in select classes and teacher staffing changes to distract us from the GET 5 focus. Data driven instruction was not treated with urgency.

Problem Statement 8 (Prioritized): Culture was impacted by inconsistent cultural expectations of first year teachers. IDEA expectations were not actualized in 100% of classrooms. **Root Cause:** Instructional Lead Team had a lack of clarity on what school systems should look like once students are on campus and teachers have completed Culture Camp.

School Processes & Programs

School Processes & Programs Summary

At IDEA Weslaco College Preparatory, we lead our students through Pre-AP and Advanced Placement programming while embedding Road To and Through College and ACT exam preparation for high school students. We are coached by our regional and national teams to ensure that our curriculum is understood and implemented as intended. Staff engages in weekly Tuesday meeting interactions after school to engage in campus training through a rotation. This is our opportunity to train, celebrate and inform staff for aligned messaging. Teachers who are new to campus or needing more support are included in additional practice sessions for skill development.

School Processes & Programs Strengths

We organized a calendar this year that included all information across campus (exclusion testing). This was helpful to staff in knowing their afternoon schedule for meetings and all campus events including students or parents. Staff development was calendared in advance and communicated to content leaders.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Special education students are struggling with use of instructional tools and identification on campus. **Root Cause:** The priority this year was on systems for SPED staff and instructional lead team did not internalize each individual students' needs.

Problem Statement 2 (Prioritized): Culture rounds did not have the impact intended and were inconsistent in Spring. **Root Cause:** A year-long schedule was not created in calendar (only paper). Principal did not prioritize leadership of School Counselor in this capacity.

Problem Statement 3 (Prioritized): Teacher asks and schedule after school is varied based on grade team meeting schedule. Teachers feel overwhelmed or uninvolved based on their level of engagement. **Root Cause:** Leaders are not considering what teachers want in their schedules.

Problem Statement 4: Opportunities for students to engage after school are limited and reaching a smaller number of students. **Root Cause:** Our organized plan for 21st Century and campus clubs has not been shared and communicated with all stakeholders.

Problem Statement 5 (Prioritized): Teacher retention has been low this year with leavers in the first Quarter of the year. **Root Cause:** Managers did not spend time ensuring that new staff were feeling adequate and supported through their learning. This was an onboarding gap and also in Quarter 1.

Perceptions

Perceptions Summary

IDEA Weslaco College Preparatory has a 100% graduation rate with one student possibly affecting the 2024 data. We have retained 85% of our staff since 2018 and currently have two new teachers on our staff for this academic year. Staff absences are higher than prior to 2020 with increased number at an excessive number (over 10).

Perceptions Strengths

We have seen an increase in manager approval from our instructional staff in our GPTW surveys. Though low to the goal benchmark, we are meeting our employee retention goal for the campus. Managers are working to continue building relationships with staff and prioritizing communication.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Staff consistently feels that this is not an emotionally safe place to work. Results continue to decline on this question. **Root Cause:** As a lead team, we do not consider the impact excess teacher actions cause or respond to how people are feeling.

Problem Statement 2 (Prioritized): Parent events are limited to our Meet the Teacher Night and our Winter Spectacular. Visits to campus are either from highly involved parents due to academics or sports and not our most at-risk students. **Root Cause:** We are targeting events to the overall audience and not engaging all families.

Priority Problem Statements

Problem Statement 1: Culture was impacted by inconsistent cultural expectations of first year teachers. IDEA expectations were not actualized in 100% of classrooms.

Root Cause 1: Instructional Lead Team had a lack of clarity on what school systems should look like once students are on campus and teachers have completed Culture Camp.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Reflection of student achievement was not consistent through the year through re-teach planning. Use of exit tickets was a training for staff, but follow through with SWAM sessions through the year was not consistent.

Root Cause 2: We allowed culture gaps in select classes and teacher staffing changes to distract us from the GET 5 focus. Data driven instruction was not treated with urgency.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Teachers were not consistently rehearsing weekly and daily lessons and internalizing their content.

Root Cause 3: Leaders used lesson plan clinics in the Fall at beginning of year and did not set time for rehearsals. Lesson planning mastery was determined then relied on.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Students in other grade levels use various forms of graphic organizers, annotations and writing prompt stuctures.

Root Cause 4: There is a lack of vertical alignment for content tools and teacher delivery of HOW key points.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: As a campus, visual models were not a central focus for our special populations. Students who are Special Education and Language Learners were not having support needed.

Root Cause 5: Instructional team did not inspect and check for this instructional strategy. Though anchor charts were shown during training day, there was limited follow up.

Problem Statement 5 Areas: Student Learning

Problem Statement 6: Attendance repeat offending students continued to miss school and inconsistently improved their campus attendance.

Root Cause 6: We had an inconsistent process for data tracking and implementation of the escalation matrix for teachers and leaders to intervent.

Problem Statement 6 Areas: Demographics

Problem Statement 7: Teacher asks and schedule after school is varied based on grade team meeting schedule. Teachers feel overwhelmed or uninvolved based on their level of engagement.

Root Cause 7: Leaders are not considering what teachers want in their schedules.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Special education students are struggling with use of instructional tools and identification on campus.

Root Cause 8: The priority this year was on systems for SPED staff and instructional lead team did not internalize each individual students' needs.

Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: Culture rounds did not have the impact intended and were inconsistent in Spring.

Root Cause 9: A year-long schedule was not created in calendar (only paper). Principal did not prioritize leadership of School Counselor in this capacity.

Problem Statement 9 Areas: School Processes & Programs

Problem Statement 10: Teacher retention has been low this year with leavers in the first Quarter of the year.

Root Cause 10: Managers did not spend time ensuring that new staff were feeling adequate and supported through their learning. This was an onboarding gap and also in Quarter 1.

Problem Statement 10 Areas: School Processes & Programs

Problem Statement 11: Parent events are limited to our Meet the Teacher Night and our Winter Spectacular. Visits to campus are either from highly involved parents due to academics or sports and not our most at-risk students.

Root Cause 11: We are targeting events to the overall audience and not engaging all families.

Problem Statement 11 Areas: Perceptions

Problem Statement 12: Staff consistently feels that this is not an emotionally safe place to work. Results continue to decline on this question.

Root Cause 12: As a lead team, we do not consider the impact excess teacher actions cause or respond to how people are feeling.

Problem Statement 12 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Student failure and/or retention rates
- Local benchmark or common assessments data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Discipline records

Employee Data

- Staff surveys and/or other feedback
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback

- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

IDEA Public Schools

Weslaco Pike College Prep

2023-2024 Improvement Plan

Public Presentation Date: August 3, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Weslaco Pike College Prep

At Weslaco Pike College Prep , learning thrives because our school is positive, inclusive and joyful. Our students will persist through college and be confident that they will be able to navigate and accept the challenges of post-secondary education and upon return, WPCP alumni will transform the Weslaco Community by building citizenship and advocacy as it pertains culture and world-wide views.

Families, staff and students will be empathic and continue to be resilient by tapping into our strengths to overcome challenges and work through problems by modeling strong work ethic and be determined to get things done by focusing on our goals. The steadfast belief that we WILL forge a path forward using these attributes, ensures that our students have the power to create their reality and their futures.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 35

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Weslaco Pike College Prep is a Title one school that is a A rated campus with an over enrollment number of 754 students. The over enrollment of 3 kids is attributed to the families wanting to bring students to our campus due to school safety, A rating, joy our teachers bring and being a UIL 3A sports campus and have earned acclimations and honors with our student athletes. We offer quality classroom instruction with the mission of College for All.

Pike College Prep demographics include 83.18% of student population being economically disadvantaged, 97.6% Hispanic, 12% disabilities and 37.52% Emergent Bilingual.

Demographics Strengths

A rated campus.
96% student persistence
School Safety

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Did not meet goal of 97% average daily attendance. **Root Cause:** Lack of system to invest all stakeholders in importance of student attendance (need staff attendance committee, students, parents).

Problem Statement 2 (Prioritized): Student and family needs are not being met and families are not being retained. **Root Cause:** Lack of systems to identify student needs (surveys, campus liaisons).

Problem Statement 3: School programs are not aligned to student needs and interests. **Root Cause:** Lack of system that identifies what students needs and interests are (surveys).

Student Learning

Student Learning Summary

pending STAAR/AP scores

Student Learning Strengths

Some areas of strength are content collaboration, unpacking data, closing gaps based on data. Students can support their understanding to the text using text evidence in various contents. Implementation of AP Supplemental Aligned Materials. Academic Monitoring across grade levels based on student data and focused on target students.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Intervention program is not yielding growth in student goals. **Root Cause:** There is not an effective system to track data and identify where intervention is needed and what type.

Problem Statement 2 (Prioritized): Special education services in high school are not yielding student growth. **Root Cause:** Lack of tracking of HS student assessments to identify correct support systems.

School Processes & Programs

School Processes & Programs Summary

At Weslaco Pike, leaders and teachers both receive professional development as a whole group and individualized. We have established collaborative structures that support professional learning communities in reviewing data, processes, and policies in order to improve teaching and learning by analyzing school schedules and converting them into PLC schedules. These are either grade team meetings or content team meetings and all staff too. We provide evidence-based feedback to teachers to improve instruction by observing and preparing feedback (See it, Name it, Do It). We have set systems and procedures in place to identify time to collaborate throughout the day (All staff PD, Content team meetings (PLCs), Coaching Clinics),review funding and align our budget to your campus instructional needs. Review % allotted for PD, % allotted for extra duty pay for tutorials and Saturday School (ESSER Funds), observe teachers, lead data meetings or leading walkthroughs to collect the data on whether the PD is being implemented or working, Operating mechanism for reviewing lesson plans to provide feedback on first instruction incorporating action step, operating mechanism for accountability within the campus leaders. We also ensure to provide teacher & leaders with resources.

School Processes & Programs Strengths

Instructional Coaching cycle for both leaders and teachers.

Campus Crisis Safety Team

Process for threats and student safety

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): General Ed teachers have a lack of understanding around accommodations and modifications for SPED students. **Root Cause:** There is a lack of up to date training and collaboration between SPED and General Ed teachers.

Problem Statement 2: There has been an increase of student social and emotional needs. **Root Cause:** There is a lack of systems to bring joy and provide social and emotional support.

Problem Statement 3 (Prioritized): There has been an increase of student infractions connected to student safety. **Root Cause:** There is lack of parent and student communication regarding school systems, student code of conduct, and school safety procedures.

Problem Statement 4 (Prioritized): Staff satisfaction surveys have yielded low results for coaching and development. **Root Cause:** There has not been fidelity to the coaching cycle and process for providing feedback.

Perceptions

Perceptions Summary

This past year we held family engagement events that were at 40% participation overall.

Events:

Meet The Teacher

Family Picnic

Campus Improvement Plan

Arts and Crafts

Senior Parent Meetings

Report Card Nights (3 Quarters)

Coffee with the Principal

Fall Festival

Senior Love Meeting

8th/9th/11th Transition Meeting

Art Show

Spring Festival

Poetry Cafee

AP Scholars Breakfast

EOY Awards/Ceremonies

Graduation

We held 4 surveys this year-- Beginning of Year--safety and operations, fall (student/parent) social emotional and student and teacher feedback, spring (parent/student/campus and SEL), and end of year.

100% participation in student surveys and 69% in family surveys.

Student data results --

Campus Data: high point was safety at 4.7 out of 5 and low point was School Belonging.

Teacher data: Overall 3.95 out of 5

Family data results --

Campus Data: high point was safety at 4.4 out of 5 and low point was healthy kids initiative at 4.2 out of 5

Teacher data: 4.6 out of 5

We do not have any community partnerships nor volunteers, but for the 23-24 school year we will be founding a Senior Booster Club.

Perceptions Strengths

For the year of 22-23 there were more events held and not cancelled. Teachers were spotlighted and some information was shared about the school regarding our programs such as college field lessons. We also held family informative sessions online due to attendance be higher on a virtual setting.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Low percentage of attendance to family events/meeting. **Root Cause:** Families not interested in data, but in student spotlights.

Problem Statement 2 (Prioritized): There is a disconnect between families and staff. **Root Cause:** There is not an effective system for parent communication with all staff.

Problem Statement 3: High percentage of incidents impacting student mental and physical well being. **Root Cause:** No clear system for roles and responsibilities and tracking system for social and emotional support.

Priority Problem Statements

Problem Statement 1: Did not meet goal of 97% average daily attendance.
Root Cause 1: Lack of system to invest all stakeholders in importance of student attendance (need staff attendance committee, students, parents).
Problem Statement 1 Areas: Demographics

Problem Statement 2: Student and family needs are not being met and families are not being retained.
Root Cause 2: Lack of systems to identify student needs (surveys, campus liaisons).
Problem Statement 2 Areas: Demographics

Problem Statement 3: Intervention program is not yielding growth in student goals.
Root Cause 3: There is not an effective system to track data and identify where intervention is needed and what type.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Special education services in high school are not yielding student growth.
Root Cause 4: Lack of tracking of HS student assessments to identify correct support systems.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: General Ed teachers have a lack of understanding around accommodations and modifications for SPED students.
Root Cause 5: There is a lack of up to date training and collaboration between SPED and General Ed teachers.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: There has been an increase of student infractions connected to student safety.
Root Cause 6: There is lack of parent and student communication regarding school systems, student code of conduct, and school safety procedures.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Low percentage of attendance to family events/meeting.
Root Cause 7: Families not interested in data, but in student spotlights.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: There is a disconnect between families and staff.
Root Cause 8: There is not an effective system for parent communication with all staff.
Problem Statement 8 Areas: Perceptions

Problem Statement 9: Staff satisfaction surveys have yielded low results for coaching and development.

Root Cause 9: There has not been fidelity to the coaching cycle and process for providing feedback.

Problem Statement 9 Areas: School Processes & Programs

Campus Funding Summary 24

Comprehensive Needs Assessment

Demographics

Demographics Summary

During the 22-23 school year, IDEA Yukon College Prep only serviced 6th and 7th grade but will scale to include 8th grade during the 23-24 school year.

Scholar attendance for 22-23 was 95.35 as of 5/22/23. 19% of scholars receive special education services. 13.7% of scholars receive EB services and accommodations.

85% of teachers across IDEA Yukon will be returning for the 23-24 school year.

Demographics Strengths

Yukon CP teachers have an 85% retention rate, which is the goal for staff retention.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Attendance sits at just over 95%, below the benchmark of 97%. **Root Cause:** Attendance matrix was rolled out late into the school year and was not followed with fidelity.

Problem Statement 2: SpEd scholars are off-track to reach their target achievement levels on STAAR. **Root Cause:** New teachers struggled to differentiate lessons for all scholars.

Student Learning

Student Learning Summary

Internal Mock exams for RLA showed achievement at 61.25.5 for an SAS of 31 in 6th grade and 60.36.15 for a SAS of 37 in 7th grade. The most recent STAAR Interim showed a SAS of 47 for 6th and a SAS of 50 for 7th.

Internal Mock exams for Math showed achievement at 81.38.4 for an SAS of 41 in 6th grade and 63.39.17 for a SAS of 40 in 7th grade.

Student Learning Strengths

Renstar data shows 2.5 years of growth in Math.

IDEA Yukon was named the Imagine Nation School of Excellence, reaching above 90% Math Masters and 47% Math Geniuses.

80% Word Masters and 24% Royal Readers.

Semester Exams placed reading in the top 75% of the district for 7th grade and 90%tile for 6th grade.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: RLA scores for are well below the goal SAS of 60. **Root Cause:** Teacher planning does not incorporate enough TEKS aligned writing, editing and revising on a daily basis.

Problem Statement 2 (Prioritized): SPED scholars are not on track to reach their target on RLA STAAR Exam. **Root Cause:** Teacher planning does not include effective differentiation.

School Processes & Programs

School Processes & Programs Summary

Leaders train teachers through a coaching cycle that ensure teachers are developing individualized skills to drive their teaching. All teachers participate in a daily Deliberate Practice protocol, which allows teachers to learn skills together while also ensure that school systems and procedures are universal.

Lead team meets multiple times a week with a different lens, including instructional rounds, tactical, huddle, and schedule meetings. This ensures that all areas of the school are functioning effectively and roles are clear.

All teachers have access to projectors, document cameras, and computers. Pear deck has been integrated into lessons across all contents, allowing for students to receive real-time feedback. Chromebooks are 1-1 across all grade levels.

School Processes & Programs Strengths

IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.

IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures across all contents including electives courses. This curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.

86% of families chose "always" for the statement "My child's school is preparing my child for college".

86% of families chose "always" for the statement "This school hold my child to high academic standards".

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Lesson plans are inconsistently created and submitted across contents, grades, and teachers. **Root Cause:** The lesson planning components were taught, but not monitored for effective execution, leaving gaps in teacher skill sets and expectations adherence.

Problem Statement 2 (Prioritized): The coaching cycle is not adhered to with fidelity across all leaders and teachers. **Root Cause:** Leaders do not have a normed system to give and track feedback for teachers.

Perceptions

Perceptions Summary

Staff retention for the 23-24 school year is 82%. 94% of leaders, 85% of teachers, and 69% of our OPS team members are are remaining on campus.

Yukon has started a PTA to create more space for parents within our school. The PTA has sponsored things such as Teacher Appreciation week and the yearbook planning.

The goal of 60% engagement from families and community members during our monthly family engagement events was surpassed, reaching 89% across all events throughout the school year.

Currently, student retention for the 23/24 school year is 93.62%. This is below the benchmark for this time of year.

Perceptions Strengths

Families are wanting to be engaged, this is evident by the turn out to events. Events have been more balanced between College Prep and Academy planning.

85% of teachers and 94% of leaders are remaining with the campus, which is at or above our benchmark goal.

PTA had begun, which has the potential to increase our parent involvement.

Sports and activities are fully launched, which we will continue through to the next year. We have plans to increase our offerings to drive student engagement.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Scholars and families were not clear on IDEA's culture expectations prior to the registering. **Root Cause:** Transition in leadership mid-year caused limited interaction with the school prior to registration.

Problem Statement 2 (Prioritized): Staff members are not remaining with IDEA Yukon College Prep. **Root Cause:** Ops teams are not included in the same structures of support as our teachers and lead team members are.

Priority Problem Statements

Problem Statement 1: Attendance sits at just over 95%, below the benchmark of 97%.
Root Cause 1: Attendance matrix was rolled out late into the school year and was not followed with fidelity.
Problem Statement 1 Areas: Demographics

Problem Statement 2: The coaching cycle is not adhered to with fidelity across all leaders and teachers.
Root Cause 2: Leaders do not have a normed system to give and track feedback for teachers.
Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: SPED scholars are not on track to reach their target on RLA STAAR Exam.
Root Cause 3: Teacher planning does not include effective differentiation.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Staff members are not remaining with IDEA Yukon College Prep.
Root Cause 4: Ops teams are not included in the same structures of support as our teachers and lead team members are.
Problem Statement 4 Areas: Perceptions

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: SpEd scholars achieve 40% at the 'Meets' level in STAAR

Evaluation Data Sources: UEs, TQs, LAs will be used for benchmarking. STAAR will be final evaluation.

- Goal 2: Increase student persistence 17
- Goal 3: Increase student daily attendance 20
- Goal 4: Increase staff retention 22
- Goal 5: Increase student enrollment (no required performance objectives/strategies) 24

Campus Funding Summary 26

Comprehensive Needs Assessment

Revised/Approved: August 24, 2023

Demographics

Demographics Summary

We are a full scale Kinder through 5th grade campus located on the north west side of San Antonio. Our students are referred to as "scholars" and are between the ages of 5-12 years old. We service scholars in special programs such as Special Education, 504, and Emerging Bilingual Program. Our school is focused on academics with the mission and vision of sending all of our scholars to and through college upon completion of high school.

Demographics Strengths

1. Our campus has met enrollment each of the last 5 years and have over 700 scholars enrolled.

2. Our current persistence (those scholars planning to return in the coming academic year is 93% which is 5% higher than it was at this time last year.)

3. IDEA offers a competitive salary and bonuses for high-performing teachers.

3. IDEA has historically reached it mission and vision of 100% College for All.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): The population of scholars that is most likely to withdraw is "New to IDEA" scholars, or scholars in their first year with the district (86.96%) **Root Cause:** Scholars were enrolled from July to October with little to no onboarding or tours of the campus.

Problem Statement 2 (Prioritized): While persistence has increased over past years, enrollment is off-track in the Kinder grade level. **Root Cause:** Recruitment occurs monthly, but little is done to build relationships with accepted families until April or May.

Student Learning

Student Learning Summary

Last year, Ingram Hills was given an A-rating by the Texas Education Agency. This year our rating is unclear as STAAR assessments are different this year and will have updated passing standards. We have focused on implementing humanities courses with fidelity this year and adjusting to the changes in writing on the ELA STAAR tests and well as prioritizing online learning as the STAAR format has changed.

Student Learning Strengths

1. Scholars can perform well on formative assessments.

2. Math department in 3rd - 5th are performing well.

3. Scholars are performing and engaged in the Science and Social Studies curriculum.

4. IHA was ranked an "A" per TEA based off STAAR results for the 21-22 school year.

5. Classroom observations are held and provide real time coaching with an observation feedback meeting.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): We currently have a gap in writing instruction in K - 5th. **Root Cause:** This section of the STAAR was new this year, and curriculum and instructional tools were not yet adjusted for this change.

Problem Statement 2: There is a high need in building strong reading comprehension skills in K - 5th. **Root Cause:** Scholars struggle in comprehension as our K-2 curriculum promotes fluency and phonics and we have not yet provided the right interventions to support comprehension.

Problem Statement 3 (Prioritized): IHA is currently not performing where they should be for Special Pops. EB scholars are high priority as they are still facing a language barrier and SpEd scholars are in need for strong SpEd support push-in time and minutes vs. focus on behaviors. **Root Cause:** Teacher turnover in SpEd, lack of training in tracking systems and vision for in-class support.

School Processes & Programs

School Processes & Programs Summary

IDEA Ingram Hills Academy has created and implemented successful school systems and processes throughout the year. We have successfully implemented our parent communication systems which include many types of social media platforms, documentation of incidents, positive call tracking, and weekly parent and staff newsletters.

School Processes & Programs Strengths

1. Our school prides itself in hiring high quality educators for the best matched subject areas based on student needs.

2. Our teachers create individualized lesson plans that address areas of concern for all scholars. Our teachers have a growth mindset that is present throughout our school with staff and students.

3. The curriculum that our school uses is tailored to fit the needs of each scholar. Teachers have the ability to modify the lessons and curriculum as needed based on mastery and the needs of our scholars.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): This year our school has lacked in RTI tracking, collecting of data, and implementation of strategies to help our scholars. **Root Cause:** There was lack of training provided for staff to successfully implement and track RTI.

Problem Statement 2 (Prioritized): This year our school has lacked in a SPED Accommodation Tracking system for teachers. **Root Cause:** There was a lack of training for leaders to successfully implement best practices for SPED Accommodations due to staff turnover in SPED team.

Problem Statement 3 (Prioritized): As a campus we've seen an increase of incidents occurring with behavior in all grade levels. **Root Cause:** Campus does not have differentiated behavior consequences for Level II and Level III behaviors.

Perceptions

Perceptions Summary

IDEA Ingram Hills Academy has provided the necessary tools and trainings for our teachers to better support the social emotional needs of our students. We have improved our systems of ongoing positive communication with our parents by utilizing our social media platforms and parent communication logs. This school year we have prioritized monthly family engagement events to help build relationships with our families and community.

Perceptions Strengths

1. Parent Communication via positive calls and post-incident calls

2. Staff Development in Mentoring and Social Emotional Learning

3. Response to all Crisis Events and Providing Appropriate Supports

4. Family Engagement Events

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): We are not consistent with our conflict resolution as we are still seeing the same behaviors occur between the same students. **Root Cause:** Conflict resolution training was not adequately implemented at all levels. Only the school counselor knows the process and protocol.

Problem Statement 2 (Prioritized): There are few opportunities for parent input or parent volunteer **Root Cause:** This year we prioritized parent communication and events on campus but did not partner with parents for feedback and allow them to support in events.

Priority Problem Statements

Problem Statement 1: As a campus we've seen an increase of incidents occurring with behavior in all grade levels.
Root Cause 1: Campus does not have differentiated behavior consequences for Level II and Level III behaviors.
Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: This year our school has lacked in RTI tracking, collecting of data, and implementation of strategies to help our scholars.
Root Cause 2: There was lack of training provided for staff to successfully implement and track RTI.
Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: This year our school has lacked in a SPED Accommodation Tracking system for teachers.
Root Cause 3: There was a lack of training for leaders to successfully implement best practices for SPED Accommodations due to staff turnover in SPED team.
Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: We currently have a gap in writing instruction in K - 5th.
Root Cause 4: This section of the STAAR was new this year, and curriculum and instructional tools were not yet adjusted for this change.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: IHA is currently not performing where they should be for Special Pops. EB scholars are high priority as they are still facing a language barrier and SpEd scholars are in need for strong SpEd support push-in time and minutes vs. focus on behaviors.
Root Cause 5: Teacher turnover in SpEd, lack of training in tracking systems and vision for in-class support.
Problem Statement 5 Areas: Student Learning

Problem Statement 6: There are few opportunities for parent input or parent volunteer
Root Cause 6: This year we prioritized parent communication and events on campus but did not partner with parents for feedback and allow them to support in events.
Problem Statement 6 Areas: Perceptions

Problem Statement 7: We are not consistent with our conflict resolution as we are still seeing the same behaviors occur between the same students.
Root Cause 7: Conflict resolution training was not adequately implemented at all levels. Only the school counselor knows the process and protocol.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: The population of scholars that is most likely to withdraw is "New to IDEA" scholars, or scholars in their first year with the district (86.96%)

Root Cause 8: Scholars were enrolled from July to October with little to no onboarding or tours of the campus.
Problem Statement 8 Areas: Demographics

Problem Statement 9: While persistence has increased over past years, enrollment is off-track in the Kinder grade level.
Root Cause 9: Recruitment occurs monthly, but little is done to build relationships with accepted families until April or May.
Problem Statement 9 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 60% to 62% in Spring 2024 (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: Formative district assessments, STAAR

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: ELAR and Writing departments will collaborate on uniform expectations for annotations and pre-writing strategies **Strategy's Expected Result/Impact:** Scholars will be able to better comprehend passages and make meaning of prompts before answering questions or writing **Staff Responsible for Monitoring:** Teachers, APIs **Title I:** 2.4 **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 1

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: We currently have a gap in writing instruction in K - 5th. **Root Cause**: This section of the STAAR was new this year, and curriculum and instructional tools were not yet adjusted for this change.
Problem Statement 3: IHA is currently not performing where they should be for Special Pops. EB scholars are high priority as they are still facing a language barrier and SpEd scholars are in need for strong SpEd support push-in time and minutes vs. focus on behaviors. **Root Cause**: Teacher turnover in SpEd, lack of training in tracking systems and vision for in-class support.

Goal 1: IDEA achieves an A Rating

Performance Objective 2: Third-grade students performing at or above grade level in math as measured by the Meets Grade Level Standard on STAAR will increase from 37% to 39% in Spring 2024. (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: Formative district assessments, STAAR.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Math department will utilize problem-solving tools such as UPSE **Strategy's Expected Result/Impact:** Scholars will be able to break down multistep problems and better explain their rationale behind mathematical choices **Staff Responsible for Monitoring:** Teachers, APIs **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Leverage academic block to provide accelerated instruction for HB4545 daily during the academic day. **Strategy's Expected Result/Impact:** Increase in performance level on STAAR in Math and Reading **Staff Responsible for Monitoring:** Principal, APIs **Title I:** 2.5 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction	N/A			

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: IDEA achieves an A Rating

Performance Objective 3: 60% of SPED Students attain approaches in STAAR by June 2024 (TEC 11.253(d)(2))

High Priority

Evaluation Data Sources: Formative district assessments, STAAR.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Sped teachers will lesson plan strategically using scaffolds and differentiation based on IEP and accommodations **Strategy's Expected Result/Impact:** Sped scholars will increase daily exit tickets and assessment scores based on this targeted differentiation **Staff Responsible for Monitoring:** Special Education team, teachers, APIs **Title I:** 2.6 **- TEA Priorities:** Recruit, support, retain teachers and principals, Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** School Processes & Programs 2	N/A	35%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Use Locus dashboard to track academic achievement for each student in domains 1-3 and respond to data. **Strategy's Expected Result/Impact:** Urgent data-response and intervention **Staff Responsible for Monitoring:** Principal **Title I:** 2.5 **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction	20%	100%	100%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 3 Problem Statements:

School Processes & Programs

Problem Statement 2: This year our school has lacked in a SPED Accommodation Tracking system for teachers. **Root Cause**: There was a lack of training for leaders to successfully implement best practices for SPED Accommodations due to staff turnover in SPED team.

Goal 2: Increase student persistence

Performance Objective 1: 100% of schools will be in compliance with the Title 1 Family Engagement requirements through the following events: Meet the Teacher, Public Hearing, Spring Town Hall and Semester 1 Report Card Pick Up. (TEC 11.253(d)(9))
Required Strategy: timely communication to families regarding school events to promote family engagement and attendance. (TEC 11.253(d)(9))

Evaluation Data Sources: Attendance logs at engagement events, funding documents for family engagement

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Create school wide calendar and publish monthly to all families containing family events, report card nights, and celebrations. **Strategy's Expected Result/Impact:** Families will be informed of campus events and campus will be able to better plan and prepare for each **Staff Responsible for Monitoring:** Counselor, Principal **Title I:** 4.1, 4.2 - **ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Perceptions 2 **Funding Sources:** - Title I, Part A (4120) - $2,898.78	40%	100%	100%	

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Hold monthly town halls for parents to ask questions, observe classrooms, and sign up to volunteer for events **Strategy's Expected Result/Impact:** Build parent involvement and partnership through relationship building and awareness of instruction on campus **Staff Responsible for Monitoring:** Principal, counselor **Title I:** 4.1 **Problem Statements:** Perceptions 2	50%	60%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Perceptions

Problem Statement 2: There are few opportunities for parent input or parent volunteer **Root Cause**: This year we prioritized parent communication and events on campus but did not partner with parents for feedback and allow them to support in events.

Goal 2: Increase student persistence

Performance Objective 2: 100% of schools will complete the Anti-Bullying and Safer, Smarter School curriculum by deadline indicated on the district calendar. (TEC 11.253(d)(8))

High Priority

Evaluation Data Sources: Permission slip for SSS, tracker from district calendar

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Add trainings and anti-bullying to campus calendar, track implementation through weekly culture rounds **Strategy's Expected Result/Impact:** Decrease in bullying incidents in 23-24 school year **Staff Responsible for Monitoring:** Counselor, Principal **Problem Statements:** School Processes & Programs 3	40%	100%	100%	

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 2 Problem Statements:

School Processes & Programs
Problem Statement 3: As a campus we've seen an increase of incidents occurring with behavior in all grade levels. **Root Cause**: Campus does not have differentiated behavior consequences for Level II and Level III behaviors.

Goal 3: Increase student daily attendance

Performance Objective 1: 100% of students from 2nd thru 5th Grade meet their MVPA minutes goal of PE. (TEC 11.253(d)(10))

Evaluation Data Sources: IHT watch data

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: PE teachers turn in lesson plans that engage scholars bell to bell with aerobic exercise and team sports. **Strategy's Expected Result/Impact:** Ingram Hills will be on track for PE goal each month. Scholars will have structured outlet for physical activity. **Staff Responsible for Monitoring:** PE Teachers, Principal **ESF Levers:** Lever 3: Positive School Culture, Lever 4: High-Quality Instructional Materials and Assessments	35%	100%	100%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 3: Increase student daily attendance

Performance Objective 2: ADA escalation matrix will be utilized daily including calls and ADA family meetings to keep campus on track toward ADA goal.

High Priority

Evaluation Data Sources: Power School data.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Lead team will conduct rounds to observe all phases of the ADA escalation matrix and track daily during ADA huddle **Strategy's Expected Result/Impact:** ADA matrix will be followed with fidelity, resulting in reaching the 97% ADA goal. **Staff Responsible for Monitoring:** APO, Principal **Title I:** 2.5 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning				

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase staff retention

Performance Objective 1: 100% of full-time staff members complete all tasks within IDEA's staff development cycle including: goal setting, 2x2 and annual performance reviews during the 2023-24 school year.

High Priority

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Managers provide feedback and professional development/coaching for each staff member through each SDC cycle. **Strategy's Expected Result/Impact:** Teachers are aware of growth and development, feel supported and heard by their manager. **Staff Responsible for Monitoring:** Principal, APIs **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 2: Strategic Staffing				

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase staff retention

Performance Objective 2: IDEA Ingram Hills is 100% staffed for all teacher positions throughout the 2023-24 school year.

Evaluation Data Sources: Staff retention, Teacher Career Pathway Levels

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Recruit and hire high quality candidates per role by using high quality resume criteria **Strategy's Expected Result/Impact:** 85% or higher staff retention **Staff Responsible for Monitoring:** Principal **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 2: Strategic Staffing, Lever 3: Positive School Culture	20%	70%		

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 5: Increase student enrollment (no required performance objectives/strategies)

Performance Objective 1: Ingram Hills Academy will increase number of scholar applications via family and friend referrals in the 23-24 academic year

High Priority

Evaluation Data Sources: PTG for applications quarterly

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Hold monthly refer a friend campaigns and publicize referral method via newsletter and pickup line **Strategy's Expected Result/Impact:** Referring friends to Ingram Hills builds trust and community and will ultimately make enrollment sustainable **Staff Responsible for Monitoring:** APO, Principal **TEA Priorities:** Recruit, support, retain teachers and principals	N/A			

 No Progress Accomplished Continue/Modify Discontinue

Goal 5: Increase student enrollment (no required performance objectives/strategies)

Performance Objective 2: Ingram Hills Academy will conduct strategic recruitment events monthly and track staff attendance

Evaluation Data Sources: Application yield per month, staff attendance, application success per recruitment method

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Prioritize business partnerships and historical success for flyering **Strategy's Expected Result/Impact:** Consistent application submission throughout year **Staff Responsible for Monitoring:** Principal, APO **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning	25%	100%	100%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

IDEA Public Schools

Judson Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 24, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

100% of all students going to college is not just a statement at IDEA Judson, it is a promise. IDEA Judson aims to be the highest performing school in IDEA Public Schools and the best education option for the families in the Converse community. We will motivate and challenge our scholars daily to ensure they are supported academically, emotionally, and socially. At our campus we will foster a joy of learning that will create a sense of belonging to our campus. At IDEA Judson we WILL deliver on our promise of 100% of scholars going to and through a four-year university.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 23

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Judson Academy is a Title 1 campus that offers quality educational programs and extracurricular activities to students in grade K-5. IDEA Judson Academy is part of the fastest growing charter school networks in the state of Texas. Currently IDEA Judson Academy has 678 students enrolled and we were able to hit our goal of enrollment at the beginning of the school year.

The schools current demographics are the following:

Male: 53.28%

Female: 46.72%

Hispanic: 65.93%

African American: 18.20%

White: 11.21%

Special Education: 8.3%

EB: 16.89%

Eco. Dis: 76.86%

Demographics Strengths

1. Staff Retention: 95.83%

2. Student Persistence: 92.96%

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): New student persistence dropped below 90% **Root Cause:** Leadership failed to properly onboard new families and inform them of the true class sizes during our "Welcome to IDEA" event.

Problem Statement 2 (Prioritized): Students that are classified under HB4545 continuously performed less than 70% passing on district assessments. **Root Cause:** Training for tracking HB4545 was delayed to start the year and firm operating mechanisms for identify newly enrolled scholars were not established until December.

Student Learning

Student Learning Summary

IDEA Judson Academy has performed in the top 10 in the district in all content on district assessments. Our campus was third in the entire district in our overall academic achievement score on our last rounds of district mock assessments.

Kinder: 87% on Track

1st: 77% on Track

2nd: 88% on Track

Student Learning Strengths

1. Academic Achievement Score was 3rd in the district for mock exams in March/April.

2. Our K-2 scholars have met each quarter goal of scholars being on track in reading

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): CSI scholars did not meet end of year benchmark goal in reading **Root Cause:** Late pivot to align content taught in CSI to TEKS based

Problem Statement 2 (Prioritized): We failed to meet the Domain 3 indicator for academic achievement for our special education demographic and in RLA. **Root Cause:** We failed to create an effective collaboration for content support between the content and special education teacher.

School Processes & Programs

School Processes & Programs Summary

At IDEA Judson Academy, the administrative team held weekly instructional and culture rounds to align in best practices and teacher feedback/rating using our GET Rubric. In addition, we held bi-weekly staff development with all staff members to address and gaps that have been observed by the lead team. For academic support, our teachers participated in the following: lesson planning clinics, lesson rehearsals, script practices, unpacking TEKS, and on the spot coaching.

School Processes & Programs Strengths

1. All 3-5 teachers reached proficiency in lesson planning and TEKS alignment.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Teachers were unfamiliar with our districts new observations rating tool (GET Rubric). **Root Cause:** Leaders failed to adequality cover in depth the changes in the GET Rubric during our beginning of the year professional development.

Problem Statement 2 (Prioritized): Instructional rounds to norm on ratings we upheld only 80% of the time. **Root Cause:** Leader did not stick with fidelity to core calendar and allowed other agenda items to to cancel instructional rounds.

Perceptions

Perceptions Summary

At IDEA Judson Academy we use various operating mechanisms to collect feedback from all stakeholders. At the campus level, we use weekly check-in's with teachers, parent surveys, student surveys, and our Great Places to Work Survey for all staff members.

Perceptions Strengths

1. Participation at family engagement events was always over 100 participants.

2. Staff Retention is at 95.83%

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Campus canceled/changed multiple family engagement events over the course of the year. **Root Cause:** Leadership team failed to properly plan backwards to meet of the business offices new requirements.

Problem Statement 2 (Prioritized): ADA for the year was below the districts goal of 97.5%, kinder being the lowest. **Root Cause:** All leaders did not stick with fidelity to the campuses ADA matrix and there was a failure to stamp during onboarding of new students the impact of attendance on academics.

Priority Problem Statements

Problem Statement 1: We failed to meet the Domain 3 indicator for academic achievement for our special education demographic and in RLA.
Root Cause 1: We failed to create an effective collaboration for content support between the content and special education teacher.
Problem Statement 1 Areas: Student Learning

Problem Statement 2: CSI scholars did not meet end of year benchmark goal in reading
Root Cause 2: Late pivot to align content taught in CSI to TEKS based
Problem Statement 2 Areas: Student Learning

Problem Statement 3: Students that are classified under HB4545 continuously performed less than 70% passing on district assessments.
Root Cause 3: Training for tracking HB4545 was delayed to start the year and firm operating mechanisms for identify newly enrolled scholars were not established until December.
Problem Statement 3 Areas: Demographics

Problem Statement 4: New student persistence dropped below 90%
Root Cause 4: Leadership failed to properly onboard new families and inform them of the true class sizes during our "Welcome to IDEA" event.
Problem Statement 4 Areas: Demographics

Problem Statement 5: Instructional rounds to norm on ratings we upheld only 80% of the time.
Root Cause 5: Leader did not stick with fidelity to core calendar and allowed other agenda items to to cancel instructional rounds.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Teachers were unfamiliar with our districts new observations rating tool (GET Rubric).
Root Cause 6: Leaders failed to adequality cover in depth the changes in the GET Rubric during our beginning of the year professional development.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Campus canceled/changed multiple family engagement events over the course of the year.
Root Cause 7: Leadership team failed to properly plan backwards to meet of the business offices new requirements.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: ADA for the year was below the districts goal of 97.5%, kinder being the lowest.
Root Cause 8: All leaders did not stick with fidelity to the campuses ADA matrix and there was a failure to stamp during onboarding of new students the impact of attendance on

academics.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Violence and/or violence prevention records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Study of best practices

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

HB3 Goal

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Conduct weekly lesson plan clinics with a focus on academic talk and writing to help match the rigor that will appear at the college prep level. **Strategy's Expected Result/Impact:** Increase rigor in academic talk in grades K-5 with a focus on vocabulary, writing, and communications across various media sources. **Staff Responsible for Monitoring:** API's				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 59% to 61% in Spring 2024 (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: STAAR, district assessments and exit tickets

IDEA Public Schools

Kyle Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: September 12, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 25

Comprehensive Needs Assessment

Revised/Approved: August 3, 2023

Demographics

Demographics Summary

IDEA Kyle Academy is an open-enrollment tuition-free charter school. We offer kinder through 5th-grade instruction.
IDEA Kyle offers Special Education in all grade levels and Critical Student Intervention for scholars in 3-5th grade who are two or more years behind in reading.

Demographics Strengths

IDEA offers a competitive salary for teachers with experience

IDEA is achieving its mission of college for all in serving a majority of economically disadvantaged students

Problem Statements Identifying Demographics Needs

Problem Statement 1: Inconsistent ADA Matrix follows through. **Root Cause:** Inconsistent ADA Matrix follows through.

Problem Statement 2: Inconsistent communication between Teachers and Parents **Root Cause:** No accountability for teachers to communicate with parents.

Perceptions

Perceptions Summary

- Bi-weekly meeting with our PTO
- Monthly parent engagement events

Perceptions Strengths

A strong relationship between PTO and principal.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Our families did not feel connected to our school. **Root Cause:** Lack of positive communication from teachers and leaders

Problem Statement 2: The same parents showed up to our events, and we lacked connecting with the parents who didn't attend our event. **Root Cause:** We did not track attendance at events.

Priority Problem Statements

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 55% to 57% in Spring 2024 (HB3)

IDEA Public Schools

La Joya Academy

2023-2024 Campus Improvement Plan

Accountability Rating: Not Rated

Public Presentation Date: August 3, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Campus Pillars

I. Excellence: Be implacable with your work every day, always do your best and implement lessons learned from your setback and wins.

II. Empathy: Be committed to listening, be aware of your environment, respect everyone's beliefs and never judge.

III. Resiliency: Be committed to always push against adversity and don’t allow any situation or problem hold you back from impacting your life and community.

Vision

VISION

At IDEA La Joya, we are committed to academically prepare scholars for college, and develop them to become productive, responsible, and compassionate

citizens. Every student's future will be cultivated by having high expectations for all stakeholders, and forge a strong trust relationship between teachers, parents, students and leaders to guarantee a successful path to and through college.

Former President Barack Obama said the best antipoverty program around is a world class education. Statistics show that only 22% of students in the Rio Grande Valley graduate from college. Statistics also show that only 85% of students graduate from High School in the La Joya area with only 22% of them graduating with a college degree. For the past 15 years, IDEA Public Schools has kept its promise of sending 100% of students to college with a 4 year degree graduation rate of 50%. These rates are significantly above the Rio Grande Valley and the Nation. At IDEA we are united by our shared belief that a College degree is our nation's best antipoverty solution, indeed, we believe in and have become witness to the power of education to transform lives and communities.

As the campus principal I know to be true that if the adults in the system get it right, students win. I have experienced how building nurturing relationships with students leads to confidence in them and how that can transform into a world of possibilities for our students. I believe that background does not equal destiny and that STRONGER TOGETHER, we can be the change our student need.

SCHOOL MOTTO

"Las Jabalinas unidas hasta terminar la universidad. Javelinas united to and through college."

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**

Demographics Strengths

Our overall persistence is currently on track to meet 90% retention of students by the 10th day of the next school year. Also, our families rated our campus at a 4.8% for our Panorama Survey.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): ADA is relatively low at 92.4 % **Root Cause:** Interventions were not upheld at the beginning of year, leading to a backlog of attendance meetings and consequences which resulted in unfavorable parent actions.

Problem Statement 2 (Prioritized): Under enrolled for the 22-23 school year at an 81% capacity and are on track to being under enrolled for the 23-24 school year. **Root Cause:** 1. Convivence - Our school does not offer door to door bus services, making it unfeasible for potential families. 2. Lack of academic school vision and campus promotion campaign from our enrollment yearly plan.

Student Learning

Student Learning Summary

This school year we began with 78% of K-2*nd* students on level in Reading and ended the year at 93% of students on level. We were able to grow a total of +15% on students' reading levels. Students were able to reach above level status with the following percentages by grade level Kinder: 57%, 1*st*: 61%, 2nd: 80%. Indicating that students not only met their goals but surpassed them during the school year. In our spring mock assessments for our founding 3*rd* graders, we were able to average a 73/29/13 (LEP: 71/30/9 & SPED: 62/8/0) in ELA with an achievement score of 38. As for our math mock assessment our javelinas results ended in 67/23/2 (LEP: 71/30/9 & SPED: 38/0/0) overall with an average of a 31 achievement score. This placed IDEA La Joya Academy projected as an overall letter grade of a D. Our campus has yet to be scored on any accountability domain ratings by the state as we are pending STAAR results this May-July.

Student Learning Strengths

- Kinder: 57%, 1*st*: 61%, 2nd: 80% finished the year above level in the reading program
- K-2*nd* met direct instruction goal at 93% overall on level status.
- Math & reading mock data above the district average.
- Math & reading mock scores top 10 within all 25 campuses.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): 93% overall on level K-2nd only focused on fluency and decoding- leaving our Kinder: 57%, 1st: 61%, 2nd: 80% students above grade level not being challenged with ELA strategies to support their comprehension. **Root Cause:** 1. As a campus we only prioritized step up to 3rd grade leaving our 2nd graders only practicing four weeks of vertical alignment to prepare them for the rigorous instruction needed to prepare them for our state STAAR assessment.

Problem Statement 2 (Prioritized): Reading mock assessment data: 73/19/13 overall 38 achievement score. **Root Cause:** 1. As a campus we did not concentrate on explicative editing/revising & writing process instruction for K-3rd. We did not have a scope and sequence nor curriculum to expose students to practice on one of the most difficult subjects we have for upper grades.

School Processes & Programs

School Processes & Programs Summary

Every campus *instructional leader* is developed following individualized learning plans based on year of experience in the role and previous year proficiency ratings in our School Leadership Levers. Instructional leaders receive formal coaching on a weekly basis through operating mechanisms such as check-ins, instructional rounds, and tacticals. Roles and responsibilities for each leader are established at the beginning of the year through a campus long year roadmap.

At our campus we prioritize *teacher* professional development by first establishing a campus specific scope and sequence that is designed to address campus priorities based on previous years data points. Some examples include creating interactive charts, aggressively monitoring, and using campus wide data tracking systems.

A weekly coaching cycle mechanism is established with 100% of teachers to ensure teacher receive coaching in the areas of lesson planning, instructional delivery, monitoring student learning and dissecting student data. Coaching frequency is determined by student outcomes. Coaching cycle includes classroom observations, real time coaching in the classroom, and follow up observations to check for implementation.

The *programs* that are established at our campus to support learning, create a safe environment and a high expectations school culture are: Reading intervention programs, Accelerated Reader elective program, Hot Spot Math Elective labs, Physical Education, SUMMIT, Move this World Social Emotional program, and a campus wide culture rubric focused on student joy, culture of achievement and high expectations. We also have after school enrichment programs which consist of soccer, arts and crafts, football, basketball, culinary, folklorico, and cheer.

School Processes & Programs Strengths

School Processes Strengths

- 95% Teacher Retention at our Campus
- 100%= 35/35 instructional staff hold formal staff development through Goals Setting, 2x2s, and APRs.
- Onboarding staff members who are new to our campus is created and implemented.
- Culture Rounds & Instructional Rounds: ensures that 100% of teachers are receiving feedback on a weekly or bi-weekly basis.
- Lesson Rehearsals (Practice Sessions) Process has allowed 100% of teachers to practice their lessons

School Programs Strengths

- **CSI Data:** 83% of 3rd grade students meet 2 years or more in RenStar.
- **Electives Program Accelerated Reader:** 93% of 1st-3rd grade students met Word Masters, 25% of 2nd & 3rd Grade students met Royal Readers
- **Electives Program HotSpot Lab:** 68% of students met Math Masters and 48% of students met Math Geniuses
- **Electives Program PE**: 77% of students met their Fitness Ambassador Goal of meeting at least 1200 MVP minutes.
- **Move this World:** 94%School expectations met, 15/16 Teachers using platform and meeting expectation.
- **Persistence:** Kinder- 96%, 1st-90%, 2nd- 96%, 3rd- 97%,

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Staff teacher development is not individualized, and teachers do not have a clear understanding of their coaching plan **Root Cause:** 1. Leaders

lacked to align PD to teacher development based on specific teacher Tiers. 2. Teacher development trainings are not differentiated based on experience and mastered teacher practices are added to their workload. This unrealistic to do list does not allow our staff to fully enjoy their roles and plan to stay in their roles for a long time. The time invested at work is unsustainable.

Problem Statement 2 (Prioritized): Although there are programs that we have in place to meet the needs of our students, Special Programs students such as Sped, EL, RTI and non-identified intervention students are not consistently provided and taught the tools that they need. **Root Cause:** 1. Although there is a point person for each special pop program, there is no committee that meets together consistently to act on the necessary steps. 2. Little to no training on implementation of interventions that will support our special populations group.

Perceptions

Perceptions Summary

Our overall staff retention rate for the 2022-2023 school year is currently at 87%. Our teacher retention rate ended at 90%. We have increased in our overall staff retention a total of +6% points and we have decreased in our teacher retention a total of -4% points. Our staff member's average absences for the school year is 8 absences. Survey results have indicated that our top 3 campus statements are:

1. Leadership team aciton matches their words 97%
2. I would recommend my manger to other IDEA employee 97%
3. Leadership team provides clear expecations 94%

Survey results have indicated that our bottom 4 campus statements are:

1. IDEA is a mentally and emotionally healthy place to work 57%

2. IDEA encourages team members to find work life balance 65%

3. I can use earned PTO 62%

4. IDEA employees avoid favoritism, retaliation and politicking as a way to get things done 62%

Overall 87% of our staff members agree that IDEA La Joya Academy is a great place to work. Our campus did have a decrease of -3% points from last year's GPTW data.

Our family school survey indicated that our families are satisfied with our school by scoring a 4.7 out of 5.0. Our family survey about our teachers indicated that families are satisfied with a 4.8 out of 5.0. Data from parent comments indicated that they are happy with student academic outcomes. Constructive comments indicates that parents are not satisfied with understanding safety precautions and with timely communication on incidents. Some parents also shared dissatisfaction with food menu. 100% of teachers met their parent satisfaction results with a 4.5 or higher.

Our student survey indicated that they are very satisfied with teacher with an average of 4.7 out of 5.0. Lowest student statement is school safety with a 3.6.

Perceptions Strengths

A. Management perceptions from staff was scored at a 95% by staff.

B. Overall staff retention and teacher perception about IDEA La Joya AC being a great place to work. Our campus was top 5 in the RGV.

C. Parent satisfaction with the academic growth that their children show.

D. Parent satisfaction with teachers; 100% of teachers scores a 4.5 or above in family TCP teacher survey.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Close to half of our staff members (57%) agree that IDEA La Joya is not a mentally and emotionally healthy place to work. **Root Cause:** Our campus leadership team has not build capacity among staff members to find solutions when they hit a mental or emotional roadblock. This is true also for finding work life balance; our campus leadership team has not build capacity in our staff on backwards planning to ensure their conference time is used in the most efficient way possible.

Problem Statement 2 (Prioritized): 80% of constructive feedback from parents stated that campus lacks timely communication when incident occur on campus or when they reach out to a campus staff member for support. **Root Cause:** Campus wide staff members (operations) have not received training from campus leadership team on campus wide parent communication systems and how to properly respond to a parent concern.

Priority Problem Statements

Problem Statement 1: Close to half of our staff members (57%) agree that IDEA La Joya is not a mentally and emotionally healthy place to work.

Root Cause 1: Our campus leadership team has not build capacity among staff members to find solutions when they hit a mental or emotional roadblock. This is true also for finding work life balance; our campus leadership team has not build capacity in our staff on backwards planning to ensure their conference time is used in the most efficient way possible.

Problem Statement 1 Areas: Perceptions

Problem Statement 2: 80% of constructive feedback from parents stated that campus lacks timely communication when incident occur on campus or when they reach out to a campus staff member for support.

Root Cause 2: Campus wide staff members (operations) have not received training from campus leadership team on campus wide parent communication systems and how to properly respond to a parent concern.

Problem Statement 2 Areas: Perceptions

Problem Statement 3: Staff teacher development is not individualized, and teachers do not have a clear understanding of their coaching plan

Root Cause 3: 1. Leaders lacked to align PD to teacher development based on specific teacher Tiers. 2. Teacher development trainings are not differentiated based on experience and mastered teacher practices are added to their workload. This unrealistic to do list does not allow our staff to fully enjoy their roles and plan to stay in their roles for a long time. The time invested at work is unsustainable.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Although there are programs that we have in place to meet the needs of our students, Special Programs students such as Sped, EL, RTI and non-identified intervention students are not consistently provided and taught the tools that they need.

Root Cause 4: 1. Although there is a point person for each special pop program, there is no committee that meets together consistently to act on the necessary steps. 2. Little to no training on implementation of interventions that will support our special populations group.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Reading mock assessment data: 73/19/13 overall 38 achievement score.

Root Cause 5: 1. As a campus we did not concentrate on explicative editing/revising & writing process instruction for K-3rd. We did not have a scope and sequence nor curriculum to expose students to practice on one of the most difficult subjects we have for upper grades.

Problem Statement 5 Areas: Student Learning

Problem Statement 6: Under enrolled for the 22-23 school year at an 81% capacity and are on track to being under enrolled for the 23-24 school year.

Root Cause 6: 1. Convivence - Our school does not offer door to door bus services, making it unfeasible for potential families. 2. Lack of academic school vision and campus promotion campaign from our enrollment yearly plan.

Problem Statement 6 Areas: Demographics

Problem Statement 7: ADA is relatively low at 92.4 %

Root Cause 7: Interventions were not upheld at the beginning of year, leading to a backlog of attendance meetings and consequences which resulted in unfavorable parent actions.

Problem Statement 7 Areas: Demographics

Problem Statement 8: 93% overall on level K-2nd only focused on fluency and decoding- leaving our Kinder: 57%, 1st: 61%, 2nd: 80% students above grade level not being challenged with ELA strategies to support their comprehension.

Root Cause 8: 1. As a campus we only prioritized step up to 3rd grade leaving our 2nd graders only practicing four weeks of vertical alignment to prepare them for the rigorous instruction needed to prepare them for our state STAAR assessment.

Problem Statement 8 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Closing the Gaps Domain
- Federal Report Card and accountability data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local benchmark or common assessments data
- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback

- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Communications data

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 34% to 36% in Reading Spring 2024 and from 39% to 41% in Math Spring 2023 (HB3)

High Priority

HB3 Goal

Performance Objective 3 Problem Statements:

School Processes & Programs
Problem Statement 2: Although there are programs that we have in place to meet the needs of our students, Special Programs students such as Sped, EL, RTI and non-identified intervention students are not consistently provided and taught the tools that they need. **Root Cause**: 1. Although there is a point person for each special pop program, there is no committee that meets together consistently to act on the necessary steps. 2. Little to no training on implementation of interventions that will support our special populations group.

Goal 3: Increase student daily attendance

Performance Objective 1: IA: 100% of students from 2nd thru 5th Grade meet their MVPA minutes goal of X. (TEC 11.253(d)(10))

Evaluation Data Sources: Locus PE Dashboard

Strategy 1 Details	Reviews

	Oct	Jan	Mar	June
Strategy 1: Daily parent ADA contact by 3 groups of stakeholders from 7:30-8:45 am.: Teachers, Administrators and Support Staff. Followed by: Daily data review through ADA huddles on families of concern with 3 or more unexcused absences. Weekly homevisits by Counselor, Assistant Principal and Principal for any family with over 5 unexcused absences. **Strategy's Expected Result/Impact:** 97% ADA **Staff Responsible for Monitoring:** Diego Zavala, Vilma Gutierrez, Belinda Gonzales, Zoila Solis, Denney Trevino, Marisol Schultz, Sam Garza, Elizabeth Salinas. **Problem Statements:** Demographics 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: ADA is relatively low at 92.4 % **Root Cause**: Interventions were not upheld at the beginning of year, leading to a backlog of attendance meetings and consequences which resulted in unfavorable parent actions.

Goal 4: Increase staff retention

Performance Objective 1: IA & CP: 100% of full-time staff members complete all tasks within IDEA's staff development cycle including: goal setting, 2x2 and annual performance reviews during the 2023-24 school year.
Required Strategy: Managers provide feedback and professional development/coaching for each staff member through each SDC cycle.

Evaluation Data Sources: Cornerstore Dashboard

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teacher managers will track PTG towards completion of staff development cycle and will report during tactical. Managers provide feedback and professional development/coaching for each staff member through each SDC cycle. Teachers will be coached though coaching cycle; leaders will utilize coaching cycle live tracker and TeachBoost to document weekly/bi-weekly coaching. **Strategy's Expected Result/Impact:** 85% staff retention **Staff Responsible for Monitoring:** Belinda Gonzales **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** School Processes & Programs 1	50%	60%	70%	

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

School Processes & Programs
Problem Statement 1: Staff teacher development is not individualized, and teachers do not have a clear understanding of their coaching plan **Root Cause**: 1. Leaders lacked to align PD to teacher development based on specific teacher Tiers. 2. Teacher development trainings are not differentiated based on experience and mastered teacher practices are added to their workload. This unrealistic to do list does not allow our staff to fully enjoy their roles and plan to stay in their roles for a long time. The time invested at work is unsustainable.

Goal 4: Increase staff retention

Performance Objective 2: IA & CP: IDEA XX is XX% staffed for all teacher positions throughout the 2023-24 school year.
Required Strategy: recruit and hire high quality candidates per role by using high quality resume criteria

High Priority

Evaluation Data Sources: Staff Retention Dashboard

Teacher development trainings are not differentiated based on experience and mastered teacher practices are added to their workload. This unrealistic to do list does not allow our staff to fully enjoy their roles and plan to stay in their roles for a long time. The time invested at work is unsustainable.

Goal 4: Increase staff retention

Performance Objective 3: By February 2024, 85% of IDEA La Joya staff members will agree that IDEA La Joya Academy is a Great Place to Work as measured by Great Places to Work Survey.

High Priority

Evaluation Data Sources: GPTW Survey Data

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Staff Celebration, Appreciation & Listening Tours Scope and Sequence will be created and executed for the 23-24 school year. There will be a monthly, quarterly and yearly celebratory mechanism as identified in our campus scope and sequence plan to celebrate growth, staff achievements and to listen to feedback. Based on feedback received from staff, we will be executing changes to work specifically on improving the work- life balance of staff members. **Strategy's Expected Result/Impact:** 85% staff retention **Staff Responsible for Monitoring:** Belinda Gonzales **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** School Processes & Programs 1	75%	80%	90%	

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 3 Problem Statements:

School Processes & Programs
Problem Statement 1: Staff teacher development is not individualized, and teachers do not have a clear understanding of their coaching plan **Root Cause**: 1. Leaders lacked to align PD to teacher development based on specific teacher Tiers. 2. Teacher development trainings are not differentiated based on experience and mastered teacher practices are added to their workload. This unrealistic to do list does not allow our staff to fully enjoy their roles and plan to stay in their roles for a long time. The time invested at work is unsustainable.

Goal 5: Increase student enrollment (no required performance objectives/strategies)

Performance Objective 1: 100% student enrollment for the 23-24 school year as measured by the 10th day of school.

High Priority

Evaluation Data Sources: Enrollment Dashboard- Power BI

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Create and execute a backwards enrollment plan that will close enrollment gaps for current school year and for next school year. Backwards plan will include: a. 80% of the time in the field recruiting in every area that we serve b. Community event recruitment efforts c. Social Media Spotlights to attract new families. e. accountability measures for meeting monthly targets. **Strategy's Expected Result/Impact:** 100% enrollment **Staff Responsible for Monitoring:** Diego Zavala and Belinda Gonzales **Problem Statements:** Demographics 2	70%	75%	80%	

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 2: Under enrolled for the 22-23 school year at an 81% capacity and are on track to being under enrolled for the 23-24 school year. **Root Cause**: 1. Convivence - Our school does not offer door to door bus services, making it unfeasible for potential families. 2. Lack of academic school vision and campus promotion campaign from our enrollment yearly plan.

IDEA Public Schools

La Joya College Prep

2023-2024 Campus Improvement Plan

Public Presentation Date: August 24, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

District: To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

School:

At IDEA La Joya, we are committed to academically prepare scholars for college, and develop them to become productive, responsible, and compassionate citizens. Every student's future will be cultivated by having high expectations for all stakeholders, and forge a strong trust relationship between teachers, parents, students and leaders to guarantee a successful path to and through college.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

School Pillars:

Excellence *(Exelencia)*: Be implacable with your work every day, always do your best and implement lessons learned from your setback and wins.

Empathy *(Empatia):* **Be committed to listening, be aware of your environment, respect everyone's beliefs and never judge**.

Resiliency *(Fortaleza)***: Be committed to always push against adversity and don't allow any situation or problem hold you back from impacting your life and community.**

Comprehensive Needs Assessment

Demographics

Demographics Summary

My campus is a middle school serving 6th and 7th graders in the community of La Joya, TX, Palmview, TX and Sullivan City, TX. We had an enrollment of 158 students, which 100% of them were Hispanic.

Here is out data for student, staff and community:

IDEA La Joya	
Comprehensive Needs Assessment	
College Prep	
Data Source: School Culture and Climate	
	Campus %
% Average Daily Attendance	93.34%
% Overall Persistence	93.94%
% New Student Persistence	91.57%
# of Admin Withdrawals/ Level 3 Offenses	0%
% SPED	18.35%
% ELL	70.89%
% Eco Dis	93.04%
% Migrant	1.90%
% Race: American-Indian-Alaska-Native	0
% Asian	0

IDEA La Joya	
% White-Hispanic	100%
% Multi	0
% Black-African-American	0
% Native-Hawaiian-Pacific-Islander	0
% White	0
% Male	46.2%
% Female	53.8%

- Teacher Retention 100%
    1. 1st year teacher: 2
    2. 2-5 years: 4
    3. More than 5: 6
- CCMR: not needed
- Behavior:
    - 10 ISS
    - 15 OSS
- All paraprofessionals have a bachelors degree.

Demographics Strengths

1. Overall growth of a 2.3% in ADA

2. Teacher retention is at 100%

3. 100% TEA safety audits compliance

4. Over 90% Staff retention

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): ADA is relatively low at 93.34% **Root Cause:** Interventions were not upheld at beginning of year, leading to a backlog of attendance meetings and consequences which resulted in unfavorable parent actions.

Problem Statement 2 (Prioritized): Under enrolled for the 22-23 school year at 64.5% capacity and are on track to being under enrolled for the 23-24 school year. **Root Cause:** Leader didn't distribute and follow-up on enrollment roles and responsibilities with the entire operations teams.

Student Learning

Student Learning Summary

Below is the data for ELA STAAR results and RENSTAR exam (internal Lexile exam):

% Meeting CSI Goal	Reading CP CSI
% CSI (EOY Ren.)	49/80 = 61%
% of CSI Passing STAAR	
% of SPED Passing STAAR	

IDEA La Joya CP reached a 60% of students growing 2 years in reading level indicating that the CSI program is being implemented effectively.

RLA	6th SE	6th Mock	7th SE	7th Mock	6th Grade Scores	7th Grade Scores
% Approaches	43	58	66	68		
% Meets	8	14	20	28		
% Masters	0	2	4	11		
% Student Achievement Score	17	24	30	35		

Both grade levels at Idea La Joya CP were able to make growth between the semester exam to the mock exam. This was based on a strategy meeting for the content to create universal strategies, an objective calendar and tracker, as well as a plan for tutorials. There was a lack of student practice in the classroom, teachers monitoring objective tracking, and not enough open ended response taking place with enough time for teacher feedback. Our master's numbers were low especially in 6th grade ELA. The push next year is create more differentiation in the classroom with student groups, guided rotations, student helpers, and other ways to free up the teacher. The goal is to use the masters students to encourage and challenge the other students to own their learning.

Math	6th SE	6th Mock	7th SE	7th Mock	6th Grade Scores	7th Grade Scores
% Approaches	70	63	76	43		
% Meets	44	14	38	18		
% Master's	10	2	21	5		
% Student Achievement Score	41	26	46	22		

Consequently, math went down from their semester exam to their mock exam. This was somewhat in part due to the format of the exam (i.e. length). However, a strategy meeting was held to create an intervention plan for math with students getting double math intervention. There was lack of fluency practice, lack of use of technology, and there needed to be more aggressive monitoring. Considering that the data was not where we want it to be, our plan for math next year is to revamp the delivery of lessons, to timing, pacing, and use of STAAR based style practicum questions to give students more real-time practice.

EOY Final Exams	% Passing 6th	% Passing 7th
Humanities 6/7	92/87/75 (85)	77/53/41 (57)
Science 6/7	92/79/32 (68)	97/53/15 (55)

Both, Hybrid teachers incorporated rigorous literacy strategies in their classroom and tracking systems. They pushed their students to master objectives and focus on key points throughout lessons. They made sure to incorporate open ended responses and multiple choice to assist students with various test taking strategies. They also assisted by implemented Summit K in their classroom at points during the year. Both teachers are on track to meet their goals.

TELPAS Composite Rating (Listening, Speaking, Reading, Writing)					
	Listening	Speaking	Reading	Writing	% of ELL Students who grew one or more levels

TELPAS Composite Rating (Listening, Speaking, Reading, Writing)					
% Beginning					
% Intermediate					
% Advanced					
% Advanced High					

We currently do not have current TELPAS data yet. However based on our last data we had we were at:

6th grade with 11 students at Advanced High, 31 Advanced, and 10 Intermediate. (Total 52)

7th grade with 9 students at Advanced High, 37 Advanced, and 8 Intermediate (Total 54)

Overall preliminary accountability data for the different domains:

Domain 1 (53)	Reading	Math	SAS	Letter Grade
Score				
Domain 2				
Score				
Domain 2 RP (48%)				
Score				

	Academic Achievement: 30% (MEETS above)						10% TELPAS	10% Student Ach.						Academic Growth: 50% (Growth)

(79 students) ELA: 42% Math: 45%	59 students (24 students (40%))	ALL 47%	Hispanic 41%	SPED 23%	EL 37%	Non-Cont Enrolled 45%	Eco Dis 38%	ALL (81 students) ELA: 66% Math:71%	Hispanic (81 Students) ELA: 65% Math: 69%	Eco Dis (78 students) ELA: 64% Math: 68%	SPED (20 students) ELA: 59% Math: 61%	EL (59 student ELA: 64% Math: 68%
ELA																		
MATH																		

Student Learning Strengths

Content	Areas of Strength
Reading/ ELA	1. Using similar content strategies to vertically align and co-plan 2. Aggressively monitoring and tracking laps in the class aligned to key points on lesson plan 3. Planning and intervention grouping causing grow in the double digits in both grade levels from semester exam to mock exam.
Math	1. Created a mastery calendar with most tested TEKS and also a differentiated calendar for sub pops 2. Aggressively monitoring and tracking laps in the class aligned to key points on lesson plan. 3. All math teachers attended afternoon Exit Ticket huddle to share data, misconceptions, and solutions. Consequently, leader shared common trends and expectations for the next day.
Humanities	1. Embedded writing activities daily in class to promote literacy. 2. Student tracking and teacher aggressively monitoring that mastery laps are aligned to key points. 3. Delivering material in various ways to make content engaging for the students to build investment.
Science	1. Strong lesson delivery and classroom management with precise execution of procedures. 2. Embedded writing activities daily in class to promote literacy. 3. Student tracking and teacher aggressively monitoring that mastery laps are aligned to key points.
TELPAS	1. Summit K begging in January for Emergent Bilingual students in elective classes with a calendar rotation. 2. Rosetta Stone licenses for specific students who were classified as critical/needs based to be used at home and during school time during AR Hotspot. 3. Reteaching and remediation by teachers as needed in intervention and tutorials provided to students on a needs/skill basis.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): 6th and 7th-grade students didn't have enough opportunities for independent student practice. **Root Cause:** Leaders lacked organizational skills to keep up with consistency in lesson plan feedback that focused on independent student practice.

Problem Statement 2 (Prioritized): 6th and 7th grade students were not effectively monitored in the Summit K and Rosetta Stone Programs. **Root Cause:** Leaders and teachers lacked knowledge on tracking mechanisms for programs.

Problem Statement 3 (Prioritized): There was no implementation of literacy skills, such as think-write-discuss and accountable talk. **Root Cause:** Leaders didn't have a plan for teacher development on literacy skills.

Problem Statement 4 (Prioritized): Students didn't practice new STAAR questions in MATH, with open ended responses and technology-based testing. **Root Cause:** School did not have the resources to practice with the materials for the new STAAR style questions or open-ended responses in the math curriculum.

School Processes & Programs

School Processes & Programs Summary

The following are curriculums that are use for the different contents and programs.

Math:

The students use the district created curriculum, which are workbooks by unit. Student take unit exams per unit online on Edcite.

RLA:

The students use Wit and Wisdom curriculum for 6th -8th grade. The curriculum is a novel based curriculum that is mainly a compose of open ended activities, doesn't contain much multiple choice practice for students on the different genres and skills.

The district also support this year by buying IReady and Thinkup to include TEK aligned practice.

Consequently, for revising and editing the district provided warm-up for teachers to execute as Do Nows.

The students took unit exams, mid mod using the Edcite platform.

Special Education Support:

Special education students were split between two teachers, one had all the 6th grader load and all the 7th grader load. However, one teacher supporting meeting all the math minutes and the other met the RLA minutes. For math we used inclusion to support students and we used resource to support in RLA.

Reading Intervention:

This year we used direct instruction to support our students, serving 80 students. Programs that we offered were Decoding A, Decoding B1, Decoding B2, and Reading Success. Students received a daily 45min intervention.

Professional Development

Teachers received professional development in the following areas: culture, classroom climate and behavior, lesson planning, aggressive monitorying and data analysis. However, we change PD sometimes to address issues or testing training.

Mechanism (Tactical, Huddle, Instructional Rounds)

We have establish mechanisms for us to observe teachers and provide rating and feedback.

Culture Rounds: 1 a week to observe classroom climate and systems and procedures, and response to behavior

Instructional Rounds: 2 a week to observe teacher lesson delivery, data collection and re-teaching skills

Huddle: 5 a week for lead team to name priorities and measure our productivity.

Extracurricular Activities:

We offered the following sport in our afterschool programs: Volleyball, Flag football, soccer, track and basketball.

For our afterschool program we offered: Dance, Cheerleading, culinary arts, arts and craft and music band.

Technology:

We used TEAMS as our main source of communication and teacher classroom engagement. Consequently, we used various platforms, such as typing.com, Imagine math, and imagine learning to supplement instruction. Moreover, we offer the program of accelerated reader for our students to read and test on books to become word masters and royal readers.

We also used the following programs to support our Emergent Bilingual learners: Rosetta Stone, Summit K-12 and Duo Lingo.

Schedule:

6 & 7 grade

-Classes are 90 min

-Courses: Physical Education, Reading Language Arts, Math, world cultures (6), Texas History (7) and AR|HotSpot Elective

8 grade

-Classes are 60min

-Courses: Biology, US History, Algebra I, Spanish, Professional Communications, Reading Language Arts, Touch systems data entry.

Teacher Development:

1. We start by providing teachers New Teacher Instituted focus on culture and instruction.

2. We provide mandatory professional development that is focused on pedagogical skills, such as aggressive monitoring, setting clear expectation and re-teaching every Tuesday.

3. We also provide coaching of teachers on a weekly basis and if a teacher is struggling we provide development 2-3 times a week. If the teacher is struggling with planning we provide co-planning sessions.

4. The lead team also executes rounds to allow us to determine trends, focus on an area with teachers and determine which teachers need support.

Leader Development:

1. We develop leaders by using the school leadership levers (SLLs). We create a development plan at the beginning of the year to focus on some levers to reach mastery.

2. We coach leaders during check-ins on the field to support their development.

3. We also support leaders development during culture rounds and instructional rounds. Leaders choose an area of focus during the round and develop the area.

School Processes & Programs Strengths

1. Professional Development provided to teachers is delivered with fidelity and implementation is monitored during instructional rounds.

2. Sport program is running smooth, which allowed us to become district and regional champs.

3. Our intervention program is functional because we are surpassing the goal with a 60% of students increasing 2 reading grade levels.

4. The adaptation of our RLA curriculum is allowing our students to be prepared for state exam. The growth of the cohort of 6 graders is around a 30 percent points on performance.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): No functionality of school wide mechanisms to follow-up on action steps, such as culture rounds, instructional rounds and tactical. **Root Cause:** Leaders would lack the consistency to follow-up on implementation or leader next steps.

Problem Statement 2 (Prioritized): Teacher didn't adapt the math curriculum to provide scaffolding, fluency and re-teaching during the year. **Root Cause:** Teacher were not train on the ability to adapt the math curriculum because leaders didn't invest on coaching new testing format and new item types.

Problem Statement 3 (Prioritized): Weak afterschool program that didn't offer exceptional content delivery by afterschool personnel. **Root Cause:** Leaders and afterschool coordinator didn't establish a vision on each afterschool program and establish process to observe and provide feedback.

Perceptions

Perceptions Summary

Information from GPTW & parent/student surveys will be utilized to focus on strengths & weaknesses throughout the campus with both staff culture & family culture. Information obtained from both of these surveys will help to build better relationships amongst staff & families; thus creating a stronger unit on campus overall.

ADA:

Data indicates a 2% increase for daily ADA.

IDEA La Joya will not meet ADA goal for the 22-23 school year. Mechanisms in place need to be followed through with fidelity. ie.. truancy concerns Possible help from truancy court may be an area to consider. IDEA La Joya College Prep has 6 students that have a truancy problem- these families n consequences as needed.

Behavior:

IDEA La Joya services 100% white-Hispanic students.

- 10 ISS
- 15 OSS

Perceptions Strengths

Below are the strengths for each section of our student and adult climate & culture:

Areas of Strength:

1. Family engagement
2. Afterschool Programs
3. Culture of Joy is evident.

Strength for family & community Culture:

1. Monthly Events **ie... parent meetings, Grandparents Day, Breast Cancer Walk, EOQ report card night (quarters 1,2 & 3), Meet the Javelinas, Trunk or Treat, Fall Festival, Community Pep Rally, Loteria Night, Family Movie Night, Graduation Meeting, Mother's Day event (turn outs were good for our area)**
2. Promotion of events were sent out in various forms: remind, facebook, student flyer, google voice, whatsapp, teacher messages sent
3. Teacher involvement with setup and support of major events such as: fall festival, loteria night, trunk or treat. *This helped with building relationships & culture.

Strengths for staff culture:

1. Grade levels have strong bonds with GTL's and Managers. There is evidence of trust & fidelity.
2. Staff is provided with materials needed & resources: modeling is provided, planning time is afforded, time given back for teachers to plan vertically.
3. Manager has listening tour 1x per semester. Collects data & makes improvements as needed.

*Family participation rates are measured via sign ins at each event held by school. (see previous section- numbers recorded)

*Level of support from the surrounding community has shown some growth. IDEA La Joya has been invited to attend some of the events that the communities have hosted ie.. Teacher Appreciation W
IDEA continues to get push back from the surrounding community- City of La Joya and La Joya ISD

*Barriers that contribute to parent participation- transportation & lack of technology (internet)

*Based on Panorama end of year survey:

Students at IDEA La Joya had favorable responses to their school. Based on information from ratings, student responses fall within in the norm of IDEA campuses.

STUDENTS	rating
safety	4.6/5
school belonging	3.2/5
school climate	3.4/5
* How positive or negative is the energy of the school?	3.6/5
school teacher-student relationships	3.4/5
* How many of your teachers are respectful towards you?	3.9/5 - above average
*The adults at this school care about me.	4.2/5 - above average

Based on Panorama end of year survey:

Parents at IDEA La Joya had favorable responses to their school. Based on information from ratings, parent responses fall above the norm of IDEA campuses.

I am proud to be an IDEA parent.	4.8/5 - above average
The adults at my school care about the students.	4.8/5 - above average
I feel welcome at my child's school.	4.9/5- above average

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): IDEA La Joya needs to increase community participation for all events. ie.. parent events, family meetings (dances, movie night) **Root Cause:** Communication to parents was not sufficient; some parents mute or delete messages from remind & not all parents utilize Facebook. Lack of parent commitment and involvement.

Problem Statement 2 (Prioritized): 1st year teachers were unable to handle minor behavior issues in the classroom. Issues stem from lack of classroom management. (teachers unable to execute) **Root Cause:** Lead team didn't monitor sufficiently during culture rounds & provide feedback to help with de-escalation mechanisms in their lesson plans. Teachers lacked the ability to plan & therefore stop the misbehaviors.

Priority Problem Statements

Problem Statement 1: IDEA La Joya needs to increase community participation for all events. ie.. parent events, family meetings (dances, movie night)

Root Cause 1: Communication to parents was not sufficient; some parents mute or delete messages from remind & not all parents utilize Facebook. Lack of parent commitment and involvement.

Problem Statement 1 Areas: Perceptions

Problem Statement 2: 1st year teachers were unable to handle minor behavior issues in the classroom. Issues stem from lack of classroom management. (teachers unable to execute)

Root Cause 2: Lead team didn't monitor sufficiently during culture rounds & provide feedback to help with de-escalation mechanisms in their lesson plans. Teachers lacked the ability to plan & therefore stop the misbehaviors.

Problem Statement 2 Areas: Perceptions

Problem Statement 3: There was no implementation of literacy skills, such as think-write-discuss and accountable talk.

Root Cause 3: Leaders didn't have a plan for teacher development on literacy skills.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Students didn't practice new STAAR questions in MATH, with open ended responses and technology-based testing.

Root Cause 4: School did not have the resources to practice with the materials for the new STAAR style questions or open-ended responses in the math curriculum.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: ADA is relatively low at 93.34%

Root Cause 5: Interventions were not upheld at beginning of year, leading to a backlog of attendance meetings and consequences which resulted in unfavorable parent actions.

Problem Statement 5 Areas: Demographics

Problem Statement 6: Under enrolled for the 22-23 school year at 64.5% capacity and are on track to being under enrolled for the 23-24 school year.

Root Cause 6: Leader didn't distribute and follow-up on enrollment roles and responsibilities with the entire operations teams.

Problem Statement 6 Areas: Demographics

Problem Statement 7: Teacher didn't adapt the math curriculum to provide scaffolding, fluency and re-teaching during the year.

Root Cause 7: Teacher were not train on the ability to adapt the math curriculum because leaders didn't invest on coaching new testing format and new item types.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Weak afterschool program that didn't offer exceptional content delivery by afterschool personnel.

Root Cause 8: Leaders and afterschool coordinator didn't establish a vision on each afterschool program and establish process to observe and provide feedback.
Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: No functionality of school wide mechanisms to follow-up on action steps, such as culture rounds, instructional rounds and tactical.
Root Cause 9: Leaders would lack the consistency to follow-up on implementation or leader next steps.
Problem Statement 9 Areas: School Processes & Programs

Problem Statement 10: 6th and 7th grade students were not effectively monitored in the Summit K and Rosetta Stone Programs.
Root Cause 10: Leaders and teachers lacked knowledge on tracking mechanisms for programs.
Problem Statement 10 Areas: Student Learning

Problem Statement 11: 6th and 7th-grade students didn't have enough opportunities for independent student practice.
Root Cause 11: Leaders lacked organizational skills to keep up with consistency in lesson plan feedback that focused on independent student practice.
Problem Statement 11 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates

Student Data: Student Groups

- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Dyslexia data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records

Employee Data

- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus department and/or faculty meeting discussions and data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: 100 % of teachers will be proficient in 1A& 1B for lesson planning to align adequate time for independent practice.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers will submit LP one week in advance following suggested time stamps and implement feedback from managers. **Problem Statements:** Student Learning 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: 6th and 7th-grade students didn't have enough opportunities for independent student practice. **Root Cause**: Leaders lacked organizational skills to keep up with consistency in lesson plan feedback that focused on independent student practice.

Goal 1: IDEA achieves an A Rating

Performance Objective 2: 100% IDEA La Joya College Prep of identified scholars meet required minutes per House Bill 4545 (HB4545)

High Priority

Evaluation Data Sources: STAAR exam data.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide the minutes required for HB4545 students during academic block using TEK based resources, such as measuring up, SIRUS and Iready. **Strategy's Expected Result/Impact:** 100% of HB4545 student meet their growth goals on the STAAR. **Staff Responsible for Monitoring:** Principal, Assistant Principal, Testing Coordinator and Teachers **Title I:** 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction	25%	50%		

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: IDEA achieves an A Rating

Performance Objective 3: 60% of SPED Students attain approaches in STAAR by June 2024 (TEC 11.253(d)(2))

Evaluation Data Sources: STAAR Scores

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide special education students with afterschool tutoring focus on math and reading skills. **Strategy's Expected Result/Impact:** 60% of SPED students pass the STAAR exams. **Staff Responsible for Monitoring:** Principal, Assistant Principal, School Counselor and SPED teachers. **ESF Levers:** Lever 5: Effective Instruction	25%	50%		

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 1: IDEA achieves an A Rating

Performance Objective 4: School achieves 90/60/30 in approaches/meets/masters as measured by math STAAR.

High Priority

Evaluation Data Sources: Mock Exams and STAAR Exams

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide math teachers professional development series on curriculum adaptation during 1st semester, such as scaffolding, math fluency and open-ended IP and ET. **Strategy's Expected Result/Impact:** Increase the 90|60|30 of math STAAR scores. **Staff Responsible for Monitoring:** Principal, Assistant Principal, Math Teachers **Title I:** 2.4 - **TEA Priorities:** Build a foundation of reading and math **Problem Statements:** School Processes & Programs 2	25%	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Track each students performance in domains 1-3 by using the Locus dashboard and respond to data appropriately (TEC 11.253(d)(3)) **Strategy's Expected Result/Impact:** Meet our Domain 1-3 goals and meet goals **Staff Responsible for Monitoring:** Principal, assistant principal, school counselor, testing coordinator, and teachers **Title I:** 2.4	25%	50%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 4 Problem Statements:

School Processes & Programs
Problem Statement 2: Teacher didn't adapt the math curriculum to provide scaffolding, fluency and re-teaching during the year. **Root Cause**: Teacher were not train on the ability to adapt the math curriculum because leaders didn't invest on coaching new testing format and new item types.

Goal 1: IDEA achieves an A Rating

Performance Objective 5: 90% of next steps from school mechanism track, monitored and completed after each round /mechanism.

Evaluation Data Sources: Weekly reporting of mechanism/round next steps.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Leader will hold each other accountable on next step by tracking next steps for all mechanism by naming, tracking and monitoring. **Strategy's Expected Result/Impact:** Leader will be hold accountable to next steps from mechanisms and rounds. **Staff Responsible for Monitoring:** Principal, Assistant Principal, Counselor, Testing Coordinator and administrative Assistant **ESF Levers:** Lever 1: Strong School Leadership and Planning **Problem Statements:** School Processes & Programs 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 5 Problem Statements:

School Processes & Programs
Problem Statement 1: No functionality of school wide mechanisms to follow-up on action steps, such as culture rounds, instructional rounds and tactical. **Root Cause**: Leaders would lack the consistency to follow-up on implementation or leader next steps.

Goal 1: IDEA achieves an A Rating

Performance Objective 6: Implementation of 5 literacy professional developments by ELA Content Leader

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Content leader will push for reading, writing, listening, and speaking skills to incorporate literacy across contents by professional development and follow-up on implementation. **Strategy's Expected Result/Impact:** Meet our growth in RLA STAAR exams **Staff Responsible for Monitoring:** Content Leader, ELA Manager Lead Team - mechansim for accountability is PD training calendar. **Problem Statements:** Student Learning 2	25%	60%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 6 Problem Statements:

Student Learning
Problem Statement 2: 6th and 7th grade students were not effectively monitored in the Summit K and Rosetta Stone Programs. **Root Cause**: Leaders and teachers lacked knowledge on tracking mechanisms for programs.

Goal 1: IDEA achieves an A Rating

Performance Objective 7: 36% of EB students will grow one composite score or score Advanced High on TELPAS by end of year.

High Priority

Evaluation Data Sources: TELPAS Score by EOY

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Summit K and Rosetta Stone will be implemented, monitored, and tracked by interventionist thrroughout the year. **Strategy's Expected Result/Impact:** Increase TELPAS Scores. **Staff Responsible for Monitoring:** Interventionist - implementation, monitoring, and tracking Lead Team Manager- Villarreal to meet with students and follow up with interventionist TC- assist with TELPAS Mock and Telpas **ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments **Problem Statements:** Student Learning 2	N/A			

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 7 Problem Statements:

Student Learning
Problem Statement 2: 6th and 7th grade students were not effectively monitored in the Summit K and Rosetta Stone Programs. **Root Cause**: Leaders and teachers lacked knowledge on tracking mechanisms for programs.

Goal 1: IDEA achieves an A Rating

Performance Objective 8: 100% of 8th graders will execute college exploration and attend a college visit.

HB3 Goal

Evaluation Data Sources: Attendance for college visit and completion of college exploration project.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Counselor will lead and monitor the college exploration project for all 8th grade students during elective class. **Strategy's Expected Result/Impact:** All 8th grade students will increase college awareness. **Staff Responsible for Monitoring:** Assistant Principal, School counselor and 8th grade teachers **ESF Levers:** Lever 3: Positive School Culture	N/A			

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: Increase student persistence

Performance Objective 1: CP: Campus receive a score of proficient or higher on the campus safety scorecard for the 2023- 24 school year (TEC 11.253(d)(8))

Evaluation Data Sources: Score card score

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Execute all drills and routine safety protocols to maintain a safe campus. **Strategy's Expected Result/Impact:** Proficient scoring on safety scorecard **Staff Responsible for Monitoring:** Principal, Crisis Team, and All staff and Faculty	25%	50%		

No Progress

Accomplished

Continue/Modify

Discontinue

Goal 2: Increase student persistence

Performance Objective 2: IA & CP: 100% of schools will be in compliance with the Title 1 Family Engagement requirements through the following events: Meet the Teacher, Public Hearing, Spring Town Hall and Semester 1 Report Card Pick Up. (TEC 11.253(d)(9))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide necessary materials to parents (based on meeting) to help keep them motivated during meeting. **Strategy's Expected Result/Impact:** Families will be able to better understand information being presented at meeting. **Staff Responsible for Monitoring:** School Counselor Principal Assistant Principal **Title I:** 2.6, 4.1, 4.2 **- ESF Levers:** Lever 3: Positive School Culture **- Targeted Support Strategy - Additional Targeted Support Strategy - Results Driven Accountability** **Problem Statements:** Perceptions 1 **Funding Sources:** Family Resources - Title I, Part A (4120)	50%	70%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Timely communication to families regarding school events to promote family engagement and attendance. (TEC 11.253(d)(9)) **Strategy's Expected Result/Impact:** Increase our family engagement **Staff Responsible for Monitoring:** School Counselor Principal Assistant Principal **Title I:** 4.2 **- ESF Levers:** Lever 3: Positive School Culture	50%	60%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Perceptions
Problem Statement 1: IDEA La Joya needs to increase community participation for all events. ie.. parent events, family meetings (dances, movie night) **Root Cause**: Communication to parents was not sufficient; some parents mute or delete messages from remind & not all parents utilize Facebook. Lack of parent commitment and involvement.

Goal 2: Increase student persistence

Performance Objective 3: 100% of schools will complete the Anti-Bullying and Safer, Smarter School curriculum by deadline indicated on the district calendar. (TEC 11.253(d)(8))

Evaluation Data Sources: Delivery of lessons

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Schedule , train, deliver and monitor the completion of the anti-bullying and safer, smarter school curriculum. **Strategy's Expected Result/Impact:** Students will acquire knowledge to prevent bullying. **Staff Responsible for Monitoring:** School Counselor and Teachers **ESF Levers:** Lever 3: Positive School Culture	100%	100%	100%	

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: Increase student persistence

Performance Objective 4: 70% of families will attend at least 2 community events for the 2023-2034 academic school year.

High Priority

IDEA Public Schools

Lake Houston Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 24, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

- Goal 5: Increase student enrollment 30

Campus Funding Summary 32

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Lake Houston Academy was founded in 2021-22 and is a public charter school located in Houston, TX. The population of students that we served for the 2022-23 school year is below:

- Enrollment: 473
- 91% Economically Disadvantaged
- 65% ELL
- 28% African-American
- 70% Hispanic
- 2% White
- 6% Special Education
- 37% Male
- 53% Female

Demographics Strengths

- IDEA offers a competitive salary for teachers with experience.
- IDEA is achieving its mission of college for all in serving a majority of economically disadvantaged students.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase student persistence specifically for new to IDEA students because it has declined over the past year. **Root Cause:** Lack of consistent and clear communication around school culture and expectations to parents and students during the onboarding process (Welcome to IDEA).

Problem Statement 2 (Prioritized): There is a need to expand the mile radius for transportation to get scholars to and from campus daily. **Root Cause:** Currently, there is an eight-mile radius and our stops are at a public business location. We are also located on a feeder road which makes it unsafe for scholars to arrive on foot or by bicycle.

Student Learning

Student Learning Summary

We are pending the final results for the 2023 STAAR exam; preliminary results are below:

Key:

LDNP = Likely Did Not Pass

ZOU: Zone of Uncertainty

LP: Likely Passed

See PDF in Addendum for more information.

Student Learning Strengths

- Increase in all subjects all subjects compared to STAAR mock exam data versus semester exam data
- 100% of scholars tested for both subjects (ELA and Math)
- SpEd and EB scholars tracking growth in both subjects

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The percent of SpEd scholars was 0% for the mock STAAR exam. **Root Cause:** Instruction was lacking adequate time for independent practice with accommodations the majority of the time. We did not prioritize training our teachers on what that looks like, sounds like, and feels like.

Problem Statement 2 (Prioritized): To get an A on the STAAR exam, our scholars must meet our goal of 60% Meets on the STAAR exam. **Root Cause:** Although our scores are pending, we must ensure that our Domain 1 and Domain 3 scores are high to meet our goal of an A. Data had been tracked throughout the spring semester to ensure targeted support was being provided to scholars.

School Processes & Programs

School Processes & Programs Summary

IA Lake Houston develops instructional leaders through real-time coaching (RTC) during instructional walks, tactical and check-in meetings, huddles, and during coaching academies. Leaders are clear with what is expected of them because they receive feedback that is aligned with the School Leader Levers (SLLs).

Professional development is provided when patterns of behavior are trended due to a lack of knowledge or skill in specific areas that are aligned with the most pressing need at the time.

To support powerful teaching and learning our teachers and leaders are recognized for their leadership moves and best practices.

We ensure scholars have multiple opportunities to engage in extracurricular opportunities such as robotics, cheer/dance.

School Processes & Programs Strengths

- IDEA retains 90% of students year over year.
- IDEA parents rate IDEA as 4.3/5 on the statement "My school is preparing my child for college."

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Our family engagement survey has not been cohesive or comprehensive across schools. **Root Cause:** Our district has not worked cross-functionally to define the family experience from recruitment to graduation, which has produced a disjointed approach to family engagement work, and a lack of prioritized time for training with principals.

Problem Statement 2 (Prioritized): Our staff retention is an area of improvement for the region and campus. **Root Cause:** Staff onboarding has been inconsistent and clear expectations have not been set for all staff members.

Perceptions

Perceptions Summary

Staff Retention as of 5/26/23:

- SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA retains an average of 84% of students year over year

Perceptions Strengths

Results are still pending from IDEA's pulse check given to staff although our employees find great purpose in their work serving students and communities.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): 16/54 leavers cited a lack of communication from the school. **Root Cause:** Lack of communication from teachers and leaders regarding student progress, discipline, and engagement activities.

Problem Statement 2 (Prioritized): Low engagement for family surveys that were sent to families for feedback. **Root Cause:** Lack of knowledge of the platform used by the national team to administer the survey in the absence of a School Counselor.

Priority Problem Statements

Problem Statement 1: There is a need to increase student persistence specifically for new to IDEA students because it has declined over the past year.

Root Cause 1: Lack of consistent and clear communication around school culture and expectations to parents and students during the onboarding process (Welcome to IDEA).

Problem Statement 1 Areas: Demographics

Problem Statement 2: Our family engagement survey has not been cohesive or comprehensive across schools.

Root Cause 2: Our district has not worked cross-functionally to define the family experience from recruitment to graduation, which has produced a disjointed approach to family engagement work, and a lack of prioritized time for training with principals.

Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: 16/54 leavers cited a lack of communication from the school.

Root Cause 3: Lack of communication from teachers and leaders regarding student progress, discipline, and engagement activities.

Problem Statement 3 Areas: Perceptions

Problem Statement 4: To get an A on the STAAR exam, our scholars must meet our goal of 60% Meets on the STAAR exam.

Root Cause 4: Although our scores are pending, we must ensure that our Domain 1 and Domain 3 scores are high to meet our goal of an A. Data had been tracked throughout the spring semester to ensure targeted support was being provided to scholars.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: There is a need to expand the mile radius for transportation to get scholars to and from campus daily.

Root Cause 5: Currently, there is an eight-mile radius and our stops are at a public business location. We are also located on a feeder road which makes it unsafe for scholars to arrive on foot or by bicycle.

Problem Statement 5 Areas: Demographics

Problem Statement 6: The percent of SpEd scholars was 0% for the mock STAAR exam.

Root Cause 6: Instruction was lacking adequate time for independent practice with accommodations the majority of the time. We did not prioritize training our teachers on what that looks like, sounds like, and feels like.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: Our staff retention is an area of improvement for the region and campus.

Root Cause 7: Staff onboarding has been inconsistent and clear expectations have not been set for all staff members.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Low engagement for family surveys that were sent to families for feedback.

Root Cause 8: Lack of knowledge of the platform used by the national team to administer the survey in the absence of a School Counselor.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Covid-19 Factors and/or waivers for Assessment, Accountability, ESSA, Missed School Days, Educator Appraisals, etc.
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Think Through Math assessment data for Grades 3-8 and Algebra I (TEA approved statewide license)
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Observation Survey results
- Istation Indicators of Progress (ISIP) reading assessment data for Grades PK-2
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data
- STEM and/or STEAM data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Violence and/or violence prevention records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact
- Equity data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices
- Action research results
- Other additional data

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 39% to 41% in Spring 2024 (HB3)

IDEA Public Schools

Los Encinos Academy

2023-2024 Campus Improvement Plan

Board Approval Date: August 29, 2023
Public Presentation Date: August 29, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Goals 13
- Goal 1: IDEA Los Encinos AC will have 100% enrollment complete for 23-24 school year after first 10 days of school. 13
- Goal 2: IDEA Los Encinos AC achieves an A Rating for 23-24 school year. 15
- Goal 3: IDEA Los Encinos AC maintains student persistence at a 90% or higher for the 23-24 school year. 21
- Goal 4: IDEA Los Encinos AC will increase student daily attendance for the 23-24 school year to a YTD 97%. 24
- Goal 5: IDEA Los Encinos AC will maintain or increase 85% or higher staff retention for the 23-24 school year. 26

Campus Funding Summary 28

Comprehensive Needs Assessment

Revised/Approved: August 22, 2023

Demographics

Demographics Summary

Our campus will serve a total of 775 students in Kinder-5th grade and opened in August 2019. We have over 67 staff members (6 instructional support, 30 teachers, 15 teacher support, and 4 campus support members. Currently, we have 87.93% staff persistence for the 23-24 school year.

Demographics Strengths

The area our school is located in is developed and has a strong community of support. Students love technology and continue to try to improve their skills. We have several number of first year in US school students and families. These families are hard working and love coming to our school. Our families and students do their best to come to school everyday regardless of the circumstances and are committed to their learning.

We have 1 dyslexia student, 44 SPED students and 612 emergent bilingual students. This diversity of students allows us to have strong lesson delivery focused on differentiation needed for all of our special population students. As we continue to grow our campus, we have also grown our SPED department to help support our students appropriately. We now have 3 RISE SPED Teachers, 2 SPED teachers, and 4 SPED RISE co-teachers to help support our students. We have a total of 51% boys and 49% girls population which allows for a balance number of boy/girl ratio in our classrooms.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase student daily attendance as we did not meet our goal by -2.9% with a final ADA of 94.19%. **Root Cause:** Our campus did not follow ADA matrix with fidelity for priority/truancy at-risk families that did not meet attendance goals.

Problem Statement 2 (Prioritized): There has been an increase in our Special Education population the past year for a total of 0.27% of students K-5th grade for a total of 47 students. More than 50% of our current SPED students have struggled with being proficient in their mastery of academic achievement and/or behavior in the classroom. **Root Cause:** We had 3/5 of our SPED teachers that were new to their role this year and required more PD on systems for our instructional best practices for students as well as more coaching/collaboration with our Gen Ed teacher for student supports/resources.

Student Learning

Student Learning Summary

At IDEA Los Encinos we work to ensure all students are learning. In grades K-2 we have a DI program that is designed to work with the student at their own level. We know that students need to be at their level so we incorporate other curriculums to ensure we push for comprehension, Writing skills, Math, Science, and Social Studies. We are proactive on regrouping based on data. Setting higher expectations. In Kinder we have extensions to lessons with centers. Having team support with different approaches, getting differentiated instruction from teachers.

Intervention for students in 3-5th that are two years below grade level. Pushing parent involvement and having parents invested in their students' learning. One-on-one interaction with students, allows students to master lesson.

Computers will be used for content teaching in each class and teachers have mastered how to use this form of teaching.

Student Learning Strengths

- Students are doing well at replicating teachers modeling by following key points.
- Students are very strong at math. They are engaged and perform high.
- Students show a love of science and social studies.
- Students are confident and are risk-takers. Do not fear approaching
- Parental involvement has shown to benefit students' work.
- Building independence in the classroom.
- Students are strong at navigating technology.
- Lower grades, students have shown to be responsible.
- Done a great job at learning the routine and are good with consistency.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a language barrier amongst students in all grade levels, occurring in all contents, where students are struggling to comprehend instruction. **Root Cause:** Language Barrier - lack of appropriate delivery of bilingual classroom program due to more staff pd required, more parent investment for the English language needed, minimal motivation amongst students to learn and practice the language, not enough visuals in the classroom to help close language gaps through vocabulary/ background knowledge

Problem Statement 2 (Prioritized): Behavioral issues (ex. high energy, disruptive) during instruction time affect students trying to follow instruction and cause teachers to lose instructional time while trying to assist with students disruptions. **Root Cause:** Lack of consistent behavior management structure implementation throughout the campus that identifies tier 1, 2, and 3 behaviors and supports/systems that follow.

School Processes & Programs

School Processes & Programs Summary

At IDEA Los Encinos Academy we recruit students to ensure that we are fully enrolled by the deadline. We coach and develop instructional leaders with high quality coaching using our See-it, name-it, Do it protocol weekly and sometimes daily. We have content leaders that support by norming across content to ensure that each grade level increases the rigor however will have similar teaching styles. The district will have bi-weekly, quarter, and yearly trainings that are lead by content experts and leaders. All staff get training on our feedback platform, Teachboost. Leaders conduct weekly classroom observations and provide on the spot feedback with side by side coaching. Following with a coaching conversation and practice on the spot to make sure mastery happens prior to going into the classroom.

School Processes & Programs Strengths

On boarding students and hiring staff

- New and returning teachers participate in professional development trainings weekly with manager, bi-weekly with regional content lead, quarterly with reginal content lead.
- Teacher Career Pathway to retain teachers and invest them in their data/goals for the classroom.
- GET rubric to support teachers on exemplars for classroom instruction.
- Welcome to IDEA for students and staff
- Monthly educational challenges for students with incentives

Instruction and Curriculum

Special Programs

- Emergent bilingual program for students
- Training teachers on classroom support for sub pops
- SPED teachers hold bi-weekly/monthly meetings with teachers for coaching on sped support.
- SPED observation and walk throughs to ensure students and teachers are following IEPs.

SEL/ Mental Health and Family Engagement

- Social worker on campus and supports students daily.
- District wide program Move this World- utilized daily and practiced with students.

Fitness - Healthy Kids Here

Differentiative programs base don student population

Breakfast and lunch served with high count of students participating in it.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Instructional staff training is not being differentiated for the different levels of teachers. WE have advanced performing teachers and new teachers. **Root Cause:** As an instructional team, we did not focus enough on building the capacity of our teachers by differentiating on their current level of proficiency and creating/communicating an individualized coaching plan for staff based on their specific needs.

Problem Statement 2 (Prioritized): Instructional staff would like more opportunities to observe high performing master teachers to build and increase their knowledge of best practices in the classroom. **Root Cause:** Campus was short staffed due to maternity leaves and not fully staffed 100% of the time. This limited the amount of coverage available to help consistently provide these opportunities.

Perceptions

Perceptions Summary

The campus participates in district surveys throughout the school year. The CNA focus group discussed campus culture and received feedback from several different staff members.

Perceptions Strengths

Strengths include several systems in place already as a campus. Some systems include, weekly staff newsletter, REMIND has been deemed as main line of communication, bi-monthly meetings with staff, bi-monthy meetings with grade team leaders, attendance matrix for attendance calls, nurse protocol in place.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Due to not meeting ADA goal this year by 3% (94% final ADA) our focus will be in engaging K-5th grade students and families to prioritize coming to school daily and on time to meet our 23-24 attendance campus goal. **Root Cause:** There was not enough attendance follow up meetings with priority families due to focusing on customer service for the family and maintain persistence.

Problem Statement 2 (Prioritized): Rating 4.6/5 in our parent survey for overall school safety /security (0.2 decrease from last year) , our focus will be to help families and students feel safe and secure during the 23-24 school year. We have 8% of families that disagree or are dissatisfied. **Root Cause:** Families have express that information is not shared in a timely manner to staff or parents which impacts their overall ability to support.

Priority Problem Statements

Problem Statement 1: There is a language barrier amongst students in all grade levels, occurring in all contents, where students are struggling to comprehend instruction.

Root Cause 1: Language Barrier - lack of appropriate delivery of bilingual classroom program due to more staff pd required, more parent investment for the English language needed, minimal motivation amongst students to learn and practice the language, not enough visuals in the classroom to help close language gaps through vocabulary/background knowledge

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Behavioral issues (ex. high energy, disruptive) during instruction time affect students trying to follow instruction and cause teachers to lose instructional time while trying to assist with students disruptions.

Root Cause 2: Lack of consistent behavior management structure implementation throughout the campus that identifies tier 1, 2, and 3 behaviors and supports/systems that follow.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Instructional staff training is not being differentiated for the different levels of teachers. WE have advanced performing teachers and new teachers.

Root Cause 3: As an instructional team, we did not focus enough on building the capacity of our teachers by differentiating on their current level of proficiency and creating/ communicating an individualized coaching plan for staff based on their specific needs.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Instructional staff would like more opportunities to observe high performing master teachers to build and increase their knowledge of best practices in the classroom.

Root Cause 4: Campus was short staffed due to maternity leaves and not fully staffed 100% of the time. This limited the amount of coverage available to help consistently provide these opportunities.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Rating 4.6/5 in our parent survey for overall school safety /security (0.2 decrease from last year) , our focus will be to help families and students feel safe and secure during the 23-24 school year. We have 8% of families that disagree or are dissatisfied.

Root Cause 5: Families have express that information is not shared in a timely manner to staff or parents which impacts their overall ability to support.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Due to not meeting ADA goal this year by 3% (94% final ADA) our focus will be in engaging K-5th grade students and families to prioritize coming to school daily and on time to meet our 23-24 attendance campus goal.

Root Cause 6: There was not enough attendance follow up meetings with priority families due to focusing on customer service for the family and maintain persistence.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: There is a need to increase student daily attendance as we did not meet our goal by -2.9% with a final ADA of 94.19%.

Root Cause 7: Our campus did not follow ADA matrix with fidelity for priority/truancy at-risk families that did not meet attendance goals.

Problem Statement 7 Areas: Demographics

Problem Statement 8: There has been an increase in our Special Education population the past year for a total of 0.27% of students K-5th grade for a total of 47 students. More than 50% of our current SPED students have struggled with being proficient in their mastery of academic achievement and/or behavior in the classroom.

Root Cause 8: We had 3/5 of our SPED teachers that were new to their role this year and required more PD on systems for our instructional best practices for students as well as more coaching/collaboration with our Gen Ed teacher for student supports/resources.

Problem Statement 8 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations
- Local Accountability Systems (LAS) data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Observation Survey results
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data

- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices
- Other additional data

Goals

Goal 1: IDEA Los Encinos AC will have 100% enrollment complete for 23-24 school year after first 10 days of school.

Performance Objective 1: All Grades Kinder-5th grade seats will be at 100% enrolled by 10th day after first day of school.

High Priority

IDEA Public Schools

Los Encinos College Prep

2023-2024 Campus Improvement Plan

Public Presentation Date: August 29, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

% Intermediate	26	47	21	26	
% Advanced	20	43	25	32	
% Advanced High	46	4	43	33	

Student Learning Strengths

Students follow reading comprehension strategies, using dictionaries and tools to help analyze sentences.

Intervention plans with multiple stakeholders seem effective with our students as they are kept accountable.

Students ask questions when they lack understanding.

Creativity, critical thinking, problem-solving, communication, teamwork, and perseverance.

The ability to follow one-step instructions after being told the first time.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students more than 2 levels below their peers are lagging in Math & Reading. **Root Cause:** Students are not getting individualized and timely support due to large class sizes.

Problem Statement 2 (Prioritized): Lack of reading and writing across all contents. **Root Cause:** We didn't have to focus on it till this year, with the new staar redesign. Teachers struggled to implement practice, and students struggled to get proficient in ti.

School Processes & Programs

School Processes & Programs Summary

At IDEA Los Encinos CP, we follow the instructional coaching model laid out by IDEA. First-year leaders are assigned a coach from the district to support in their development using School Leadership Levers. The principal does observations in the field and coaching conversations to ensure leaders are upholding the highest standards. ALL leaders have their roles and responsibilities laid out in the summer. All teachers get their performance managers at the beginning of year professional development.

Every week, the Instructional leaders go through weekly data conversations to find the missed skill and help teachers create a reteach plan. Using daily exit tickets, Quizzes, Unit exams, and mock exam data, teachers create tiered support for students for in-class small groups, and afterschool tutoring.

The Instructional leaders for the coaching cycle for teachers. Leaders give feedback on teacher lesson plans, observe live teaching, and use low inference data (qualitative and quantitative data) to generate the highest leverage action gap to address the teacher gap, leading to gains in student achievement. Leaders then conduct a coaching conversation using the see it, name it, do it model to ensure teachers have a chance to practice perfectly. Leaders then observe teachers based on the action step providing coaching to mastery.

Students participate in the accelerated reader, Dreambox, imagine learning/reading, and imagine math for further individualized support. Students who are behind more than two grade levels participate in critical student intervention programs using direct instruction to get them on grade level.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.

- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): A lack of teacher capacity is holding our students back. **Root Cause:** Not taking the time to onboard staff and going through the coaching cycle.

Problem Statement 2 (Prioritized): Lack of Behavior management systems. **Root Cause:** Inconsistent implementation of the current system and is it is not used equitably.

Perceptions

Perceptions Summary

Our campus is only 6th through 9th grade, yet. We have zero percent dropout rate. Our Social worker works with students for socio-emotional support, peer mediation, and parent involvement. All first-year teachers get a mentor assigned. Teachers with mentors surpassed the SAS needed to attain an A rating. Last year, we met teacher retention. 90% of staff members agree that IDEA Los Encinos CP is a great workplace.

Perceptions Strengths

Strengths I believe is a Team and Family mentality that does not allow any of us to fail by helping one another.

Parent satisfaction on social media pages and yearly surveys.

Meeting student persistence for 4 years in a row.

Staff satisfaction as a great place to work.

Multiple channels for parent communication and engagement.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Lack of parent engagement in student discipline. **Root Cause:** Lack of documentation and teacher capacity to handle level 1. Inconsistent follow-through from the administration for all discipline infractions as the discipline management is not set robustly.

Problem Statement 2 (Prioritized): Lack of parent volunteers and involvement **Root Cause:** Inconsistent protocols on getting started with the program

Priority Problem Statements

Problem Statement 1: Students who are EB are falling behind in writing.

Root Cause 1: Language acquisition and lack of consistent writing has held students back

Problem Statement 1 Areas: Demographics

Problem Statement 2: Students more than 2 levels below their peers are lagging in Math & Reading.

Root Cause 2: Students are not getting individualized and timely support due to large class sizes.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: A lack of teacher capacity is holding our students back.

Root Cause 3: Not taking the time to onboard staff and going through the coaching cycle.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Lack of parent engagement in student discipline.

Root Cause 4: Lack of documentation and teacher capacity to handle level 1. Inconsistent follow-through from the administration for all discipline infractions as the discipline management is not set robustly.

Problem Statement 4 Areas: Perceptions

Problem Statement 5: Students having low ADA.

Root Cause 5: Students are used to not coming to school and a lack of consistent follow-through for chronic absentees.

Problem Statement 5 Areas: Demographics

Problem Statement 6: Lack of reading and writing across all contents.

Root Cause 6: We didn't have to focus on it till this year, with the new staar redesign. Teachers struggled to implement practice, and students struggled to get proficient in ti.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: Lack of Behavior management systems.

Root Cause 7: Inconsistent implementation of the current system and is it is not used equitably.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Lack of parent volunteers and involvement

Root Cause 8: Inconsistent protocols on getting started with the program

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity, gender, etc.
- Section 504 data
- Dyslexia data

Student Data: Behavior and Other Indicators

- Annual dropout rate data
- Attendance data
- Discipline records
- School safety data

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Study of best practices

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: CP: 36 % of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

High Priority

IDEA Public Schools

Mays Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 30, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

- Goal 4: Increase student daily attendance 23
- Goal 5: Increase staff retention 25

Campus Funding Summary 27

Comprehensive Needs Assessment

Revised/Approved: May 25, 2023

Demographics

Demographics Summary

IDEA Mays Academy is an elementary school on the West Side of San Antonio serving 700+ students in grades K-5. IDEA Mays opened up in 2016 and has continuously grown since then. IDEA Mays is an open enrollment public charter school that prides itself in rigorous academics for underserved communities. IDEA Mays Academy also currently has 3 Special Education Classrooms for more severe scholars. IDEA Mays Academy was most recently ranked as an A Campus (96) by TEA; one of the highest in the IDEA Public School District.

Demographics Strengths

IDEA Mays offers intervention classes to scholars who are behind academically.

IDEA Mays offers a competitive salary for teachers with experience.

IDEA Mays is achieving it's mission of college for all in serving a majority of economically disadvantaged students.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase student persistence as it has declined over the past two years. **Root Cause:** 1. Lack of consistent and clear communication around school culture and expectations to parents and students during the onboarding process (Welcome to IDEA) 2. Lack of consistent community building events.

Problem Statement 2 (Prioritized): There is a need to ensure contents are taught with fidelity. **Root Cause:** 1. Prioritizing Math and Reading due to the gaps caused by the pandemic. 2. Teacher persistence caused a lack of staff available for Science and Social Studies.

Student Learning

Student Learning Summary

During the 21.22 school year, IDEA Mays Academy earned an overall rating of a 96 (A) by the TEA. They scored a 91 on Domain 1; 94 on Domain 2; and a 100 on Domain 3. This is the highest that IDEA Mays Academy has ever scored. They also grew significantly in both Special Education Data and English Learner Data. IDEA Mays Academy also earned all eligible distinctions from the TEA.

During the 22.23 school year IDEA Mays Academy continued the trajectory of high student learning outcomes on all MOCK assessments. IDEA Mays Academy`s projected scores rank it amongst the highest in IDEA Public Schools.

“See PDF in Addendum for more information.”

Student Learning Strengths

- Strong internal data tracking, progress monitoring and sub-population reporting
- Increase from pre-pandemic results and pandemic results
- Higher number of scholars hit growth goals

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students in CSI and SpEd in grade 3-5 did not meet 60% approaches goal on STAAR exam. **Root Cause:** Intervention groups not implemented with fidelity.

Problem Statement 2 (Prioritized): 1st grade students did not meet 90% on grade level in direct instruction at end of year. **Root Cause:** Intervention plan did not occur until mid way through the 3rd quarter.

School Processes & Programs

School Processes & Programs Summary

Teachers received weekly professional development based on trends identified by the Mays Campus Lead Team. Campus communicates via Remind (primary) and various social media outlets(secondary). Lead team and Grade Team leaders meet once a month to identify and problem solve around campus trends. Campus provides various extracurricular activities and enrichment.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year

- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Our family engagement strategy is not comprehensive and cohesive across all schools. **Root Cause:** No set family engagement events set at Beginning of Year.

Problem Statement 2 (Prioritized): Lack of extracurricular activities offered **Root Cause:** Low teacher investment to sponsor clubs in Academy

Perceptions

Perceptions Summary

Student conflict has been reduced significantly this year due to the commitment to peer mediation, Scholar2Scholar Peer Mentoring, etc. Teacher retention has declined this year in comparison to 21.22. We are currently around 85% staff retention, but that number will be dropping.

Perceptions Strengths

1 High performing teacher retention
2 100% Grade Team Leader retention
3 Promotion of internal co-teachers and teachers to higher level positions.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): During the past couple of years, our student mental health cases have increased. **Root Cause:** Lack of consistent implementation of Move This World curriculum.

Problem Statement 2 (Prioritized): Overall staff retention lower than previous school year. **Root Cause:** Staff investment in accountability measures inconsistent.

Priority Problem Statements

Problem Statement 1: There is a need to increase student persistence as it has declined over the past two years.

Root Cause 1: 1. Lack of consistent and clear communication around school culture and expectations to parents and students during the onboarding process (Welcome to IDEA) 2. Lack of consistent community building events.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to ensure contents are taught with fidelity.

Root Cause 2: 1. Prioritizing Math and Reading due to the gaps caused by the pandemic. 2. Teacher persistence caused a lack of staff available for Science and Social Studies.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Our family engagement strategy is not comprehensive and cohesive across all schools.

Root Cause 3: No set family engagement events set at Beginning of Year.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Lack of extracurricular activities offered

Root Cause 4: Low teacher investment to sponsor clubs in Academy

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: During the past couple of years, our student mental health cases have increased.

Root Cause 5: Lack of consistent implementation of Move This World curriculum.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Students in CSI and SpEd in grade 3-5 did not meet 60% approaches goal on STAAR exam.

Root Cause 6: Intervention groups not implemented with fidelity.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: 1st grade students did not meet 90% on grade level in direct instruction at end of year.

Root Cause 7: Intervention plan did not occur until mid way through the 3rd quarter.

Problem Statement 7 Areas: Student Learning

Problem Statement 8: Overall staff retention lower than previous school year.

Root Cause 8: Staff investment in accountability measures inconsistent.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Attendance data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: 90% of Mays Academy's scholars in Kinder - 2nd will be on grade level in Math and Reading by the end of the 23/24 SY.

High Priority

HB3 Goal

IDEA Public Schools

McAllen Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 16, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

School Pledge

Team and Family

Inspire Each Other

Grow and Learn

Ensure Equity

Regulate Your Emotions

Respect Otheres

Own Your Actions

Act with Integrity

Reach Out for Help

Comprehensive Needs Assessment

Revised/Approved: September 6, 2023

Demographics

Demographics Summary

IDEA Academy McAllen is a K-5 charter elementary school servicing 868 students. Our main population is low socio-economic as 84% of our student population is disadvantaged. 94% of our student population that we service is Hispanic/Latino. 4% of our population is Special education and the population is 89% is ESL or EB. To enroll to our campus, parents must complete an application and students are then selected via Lottery.
Students who withdraw, usually leave due to parents finding better employment opportunities out of state. Different support systems are put in to place to make sure persistence is sustained. Some of these systems are parent communication, one on one meetings with students with the counselor and social worker.
The average class size for kinder is 20:1
1^{st}-5^{th} grade ratio is 30:1
Attendance average is 93%-95%
Strategies in place to increase and keep attendance are incentives, parent phone calls from homeroom teachers, administrators, and office staff, attendance matrix (letter sent out to parents/guardians).
Males vs females: 446 VS 423
Our information for school race, ethnicity and demographics has been consistent for the past 3-5 years.

Demographics Strengths

IDEA Academy McAllen's teacher ethnicity (over 95% Hispanic) mirrors that of the students 94% Hispanic. The majority of the teachers 90% or more, grew up in the Rio Grande Valley area.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Average daily attendance at IDEA Academy McAllen was below target at 94.73% **Root Cause:** Inconsistent teacher and and administrator follow-up with parents. Lack accountability for repeat offenders.

Problem Statement 2 (Prioritized): Student persistence at IDEA Academy McAllen has been declining, as of 5.30.23 **Root Cause:** Students/parents looking to experience extra curricular activities not offered here, at other school districts.

Student Learning

Student Learning Summary

At IDEA Academy McAllen students have made significant gains in DI. Overall there was gains in DI all across Pk-2nd grades. Wit and Wisdom curriculum standards do not align to the TEKS which requires teachers to create/adjust questions that are aligned to STAAR. Teachers created Extended Constructed Responses and Short Constructive Responses prompts that were aligned to the core text of what students were learning in Reading. Moving forward for next year teachers will work on creating prompts that are aligned to what students are learning about in their Reading class.

Comparative data:

The gains come from having teachers work on a strong backwards plan from the beginning of the school year. Teachers unpacked Mastery Tests and created anchor charts to help students with visuals. 5th ELA was in the top quartile for academic achievement results, 3rd and 4th showed gains on preliminary STAAR data results compared to Semester Exam.

Student Learning Strengths

DI overall data , AR/Hotspot/PE Honor Roll Distinction, 1st grade math top 5 overall compared to other schools. The gains come from having teachers work on a strong backwards plan from the beginning of the school year. Teachers unpacked mastery tests and created anchor charts to help students with visuals. 5th ELA was in the top quartile for academic achievement results, 3rd and 4th showed gains on preliminary STAAR data results compared to Semester Exam.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): K-2nd- Overall lesson progress was low. Kinder:1.5-1.8 a week. 1st :4.8-5.6 a week. 2nd: 2.3-6.7 a week. **Root Cause:** Lack of fidelity to backwards plan.

Problem Statement 2 (Prioritized): Limited visuals for students during the Wit and Wisdom lessons **Root Cause:** Teachers felt that there was not enough time to incorporate visuals during the lesson.

Problem Statement 3 (Prioritized): 3-5th grade students struggled with elaborating and providing evidence when writing a short constructed response and extended constructed responses. **Root Cause:** Students spent a lot of time understanding prompts along with restating and answering questions instead of adding more at bats to elaborate and provide evidence.

School Processes & Programs

School Processes & Programs Summary

A committee has been created in place to ensure that staff members that best qualified teachers are qualified to be teachers, Staff members are selected based upon individual strengths such as certifications, experience in content knowledge, relationship building skills, exemplifies core values, open to feedback and giving, holding a strong record of results, a team player, flexibility and being open minded. In the year of 2022-2023, all teachers hold a bachelor's degree are placed in the classroom that best meets the needs to the students and teachers ability. Instructional process are aligned to the GET rubric and feedback implemented in teach boost. Protocols and practices are put in place to ensure all observations and feedback are quickly turned around. Campus staff meet weekly to align all responsibilities and expectations amongst campus and grade levels. We also use these weekly meetings to highlight glows for the week, weekly events, and norm communication and place them in our teacher weekly. and our teachers are expected to meet with content course leaders quarter to align districts instructional practices. We also have a testing coordinator on campus that provides support, trainings, refreshers and guidance for testing performance.

Instruction and classroom activities are formulated through alignment of the TEKS. Each classroom is responsive to individualized feedback to support teacher growth and student learning. Through Move tthis World, we support our students socially and emotionally. Various campus activities are promoted to support students extra curricular interests. Assistant Principals and DI coaches provide professional instructional coaching. Interventionist fill in instructional gaps that have been carried over from year to year. They also support student learning to improve no matter the level the students may be on. Our interventionists support ELLS through E to E program and Decoding programs (DI), and our educators support through decoding program create college houses based on the students reading levels to target daily lessons with the end goal of graduating to the next program. Educators across all grade levels and subjects are responsible for creating daily formative assessments to address the days learning to ensure if reteaching needs to occur.

School Processes & Programs Strengths

Instructional leaders/DI Coaches are experienced in backwards planning, supporting their team, and having students reach their end of year goal.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Staff feel a lack of training on supporting our SPED students and appropriate instructional strategies to meet their needs. **Root Cause:** There was a transition from SPED teacher in the middle of the year. We also started too late in meeting with teachers in addressing student needs. Further detailed action didn't occur will we had less than 50% (42.5%) students passing exams.

Problem Statement 2 (Prioritized): Staff feels that there is a gap between students being recommended for RTI and the evaluation process moving forward. **Root Cause:** Teachers are not invested in the process or the importance of paperwork. Point person isn't consistent on follow up, holding the teachers accountable, and passing the sense of urgency

Perceptions

Perceptions Summary

At IDEA McAllen Academy, our biggest area for opportunity this year was around staff retention. Our campus lost seven staff members throughout the year. This can be attributed to both managerial and staff gaps with the implementation of feedback around expectations and coaching. Additionally, staff resigned due to other opportunities at surrounding districts that included more compensation with less roles and responsibilities.

Furthermore, parent volunteers across the campus decreased significantly. We believe this was due in part to rising costs in living and inflation, and we did not have a systematic way of eliciting parent volunteers on an ongoing basis. In reflection, this process could've been more intentional and systematic.

Perceptions Strengths

In reflecting on the student and parent survey spring results, overall, we are above or at district averages in all areas. Our highest performing area was around safety, which is an area we want to be high as we want our students and community to feel safe while at school. School belonging is also an area we scored 4.0 (.2 above IDEA Public Schools). These are areas we will continue to be more intentional on as we know while they are high (compared to other schools), there is still room for improvement.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Only 38/45 staff members are returning this year (84%) This has been the lowest staff retention numbers our campus has had since its opening in 2012. **Root Cause:** Staff did not acclimate well to the coaching cycle and found it difficult to keep up with the implementation of ongoing feedback and accountability. Additionally, teachers sought opportunties at other districts that offered more compensation with less duties/roles and responsbilities.

Problem Statement 2 (Prioritized): Parent volunteer numbers did not reach pre-covid numbers despite campus efforts to increase participation. **Root Cause:** A significant amount of parents who were volunteers previously joined the workforce due to inflation and increasing living costs. Additionally, the process to engage parent volunteers was unclear and was not overcommunicated on an ongoing basis.

Priority Problem Statements

Problem Statement 1: Only 38/45 staff members are returning this year (84%) This has been the lowest staff retention numbers our campus has had since its opening in 2012.

Root Cause 1: Staff did not acclimate well to the coaching cycle and found it difficult to keep up with the implementation of ongoing feedback and accountability. Additionally, teachers sought opportunties at other districts that offered more compensation with less duties/roles and responsbilities.

Problem Statement 1 Areas: Perceptions

Problem Statement 2: Parent volunteer numbers did not reach pre-covid numbers despite campus efforts to increase participation.

Root Cause 2: A significant amount of parents who were volunteers previously joined the workforce due to inflation and increasing living costs. Additionally, the process to engage parent volunteers was unclear and was not overcommunicated on an ongoing basis.

Problem Statement 2 Areas: Perceptions

Problem Statement 3: Staff feel a lack of training on supporting our SPED students and appropriate instructional strategies to meet their needs.

Root Cause 3: There was a transition from SPED teacher in the middle of the year. We also started too late in meeting with teachers in addressing student needs. Further detailed action didn't occur will we had less than 50% (42.5%) students passing exams.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Average daily attendance at IDEA Academy McAllen was below target at 94.73%

Root Cause 4: Inconsistent teacher and and administrator follow-up with parents. Lack accountability for repeat offenders.

Problem Statement 4 Areas: Demographics

Problem Statement 5: Student persistence at IDEA Academy McAllen has been declining, as of 5.30.23

Root Cause 5: Students/parents looking to experience extra curricular activities not offered here, at other school districts.

Problem Statement 5 Areas: Demographics

Problem Statement 6: K-2nd- Overall lesson progress was low. Kinder:1.5-1.8 a week. 1st :4.8-5.6 a week. 2nd: 2.3-6.7 a week.

Root Cause 6: Lack of fidelity to backwards plan.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: 3-5th grade students struggled with elaborating and providing evidence when writing a short constructed response and extended constructed responses.

Root Cause 7: Students spent a lot of time understanding prompts along with restating and answering questions instead of adding more at bats to elaborate and provide evidence.

Problem Statement 7 Areas: Student Learning

Problem Statement 8: Limited visuals for students during the Wit and Wisdom lessons

Root Cause 8: Teachers felt that there was not enough time to incorporate visuals during the lesson.

Problem Statement 8 Areas: Student Learning

Problem Statement 9: Staff feels that there is a gap between students being recommended for RTI and the evaluation process moving forward.

Root Cause 9: Teachers are not invested in the process or the importance of paperwork. Point person isn't consistent on follow up, holding the teachers accountable, and passing the sense of urgency

Problem Statement 9 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local benchmark or common assessments data
- Other PreK - 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

IDEA Public Schools

McAllen College Prep

2023-2024 Campus Improvement Plan

Public Presentation Date: August 16, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Mission Statement

IDEA McAllen College Preparatory aims to change to the future of the students it serves by ensuring they enter college and obtain their degree. We will provide them a world class education that includes a focus on 3 components that we know makes a student successful post high school graduation. Not only are the students held to mastering these components, our teachers, leaders and parents will also be held accountable to supporting these 3 initiatives:

-High Rigor Coursework and Advancement

-Culture of Achievement for All

-World Citizen Perspective

In order to support our students through the challenge of our preparation program, we always keep in mind 2 guiding principles. These 2 ideas remind us to enjoy the process of learning and cherish the gift that it is to work with students.

- Culture of Joy for All
- "We do what is best for students"

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Vision

100% of students graduate 100% college ready and complete college in 4-5 years.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 33

Comprehensive Needs Assessment

Revised/Approved: September 6, 2023

Demographics

Demographics Summary

IDEA McAllen is a Middle School and High School college preparatory. We service over 700 students from grades 6th through 12th grade. We serve a diverse population of students. Our student population is composed of over 761 students, 95.21% are Hispanic. The community we serve is 78.40% Economically Disadvantaged households. The male to female ratio is mostly equal in both Middle School and College Prep. Seven percent of our students receive special educations services and accommodations. 100% of our students graduate IDEA McAllen with a high school diploma, commit to the college or university of their choice, and matriculate first day of school.

Demographics Strengths

Special Education department is #1 in the district and are on track to pass their STAAR exams and EOCs.

Are able to support immigrant and homeless population with resources

Highly enrolled campus in all grade levels.

Mostly hispanic population and able to support with real world connection

Despite demographics, all students graduate with a HS diploma and matriculate to the college/ university of their choice.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is not enough support to meet the language barrier of the student population that we service. **Root Cause:** 1. Increase in Spanish only speaking students due to families leaving IDEA McAllen for more opportunities and options in traditional public schools. 2. Student to teacher ratio makes it very challenging to meet the needs of ALL student learning styles

Problem Statement 2 (Prioritized): 504 and RTI student needs are not being met due to more focus on ELL students and lack of teacher support. **Root Cause:** 1. Teachers are not trained in how they can best support the needs of these students. 2. Focus is on ELL students and ensuring they are understanding what is going on in the classroom. 3. There is not a specific teacher to assist with 504/ RTI students.

Student Learning

Student Learning Summary

At IDEA McAllen College Prep, students have demonstrated remarkable progress across all STAAR and EOC courses and exams. While we await official scores for TELPAS, AP, and IB, our projections indicate overall growth. It is noteworthy that more students are achieving the status of AP Scholar, earning AP Credit, and attaining IB Diplomas. We are currently on track to meet the 100% college matriculation for the 5th year in a row.

Student Learning Strengths

English STAAR and EOC results are strong across the campus, students consistently matriculate to college.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Lack of support. We need to have a balance of good consistent culture and joy in the classroom. Not having a consistent place for ISS. **Root Cause:** Too many small tasks that don't need to be the priority, teachers are not able to provide quality work.

Problem Statement 2 (Prioritized): Feeling of unpreparedness **Root Cause:** Teachers do not have enough planning time and tend to have more absences due to conference periods being utilized for sub coverage. Also, some teachers do not use conference periods purposefully and leaders do not hold them accountable.

Problem Statement 3 (Prioritized): Insufficient support for struggling students such as EL, RTI, **Root Cause:** Changes in schedules for coverages due to teacher absences have caused inconsistencies in intervention support. Furthermore, no plan in place for new students to US.

Problem Statement 4: Testing, too much or too little. Students don't take it serious. Student learning through student accountability. **Root Cause:** Finding common ground within team and testing students on tested subjects.

Problem Statement 5: Students need better non-calculator skills **Root Cause:** Emphasis is on getting to the answer.

School Processes & Programs

School Processes & Programs Summary

Persistence 96.82

NS Persistence 93.42

ADA 95.51

Staff Retention 96.55

Teachers are very vocal about the needs when it comes to new programs. Administration does their best to support with precuring materials. New programs implemented tend to be sprung on teacher last minute. Deadlines - stuff that is mentioned is supposed to be fixed but then is not. Given resources that may not be useful to teacher but have not choice in choosing it.

Training is last minute, Edcite is a perfect example. On the spot learning leads to loss of work life balance. Teachers mention that we need to review our 10th grade master schedule because of the testing load placed on 10th graders (2 EOCs and 6 AP Exams).

A consistent thread of growth would be our systems and procedures accountability. From uniforms to consequences, we have a large are of growth to close this coming school year.

School Processes & Programs Strengths

- Communication - using Teams is streamlined, morning review of updates
- Record of results each year - high morale because we have been successful
- Adapt to change - Teachers are strong and problem solvers
- Teacher are fast learners - Go the extra mile

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Poor attendance that affects performance **Root Cause:** No consequences; Parent accountability; More tracking on attendance; No administration push for students to be here; Mention of OTT; pandemic culture

Problem Statement 2: Students know they can get away with anything **Root Cause:** Students feel like you need me; parents have power over teacher; lack of effective consequences; ISS is ineffective; Lack of consistency with use of DeansList; lack of incentives; no follow up for positive or negative points

Problem Statement 3 (Prioritized): All systems and procedures are not being enforced **Root Cause:** Lack of roles and responsibilities/teacher vs admin/when one gets away with it the others continue it/admin let students get away with everything

Problem Statement 4: Technology is not allowed but students are still using them daily **Root Cause:** Teachers don't want to be responsible for phones because admin doesn't support/admin hands it back to them next period/lack of united front/Lack of consistency from day 1

Problem Statement 5: Modified Schedules: Too many changes **Root Cause:** Instability; too many schedule changes; no conference time; burn out from change and no conference period; more planning time needed

Problem Statement 6: Lack of school wide incentives to motivate **Root Cause:** Incentives planned out ahead of time, calendar of incentives not created, Deanslist is not being used fully

Problem Statement 7: Lack of training for new programs **Root Cause:** Leaders aren't trained and have not played with the system

Problem Statement 8: Feedback to leaders is not creating change **Root Cause:** No tracking of upward feedback,

Perceptions

Perceptions Summary

Students and parents have a really strong affinity to teachers. Student and parent surveys reveal show that teacher relationships are strong but that administration is not holding people accountable. Feels like a regular high school Perception is that things are being done last minute: Report card nights/events/ etc. Logistics for meet the teacher night; parents being held outside; lack of organization and logistics. Need to separate the two nights to give more space and organization for the entire school. Year calendar for the meet the teacher nights.

Parents and students have perceived negative aspects in multiple levels throughout our campus such as requests being made to business office, culture, facilities, events, and instruction.

Perceptions Strengths

- Teacher student relationships
- Adaptability
- Teachers still push to hold students accountable
- Improvisation
- Welcoming environment
- Parents have a good relationship with teacher
- Communication improved using Deanslist

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Last minute planning leads to poor perception **Root Cause:** Planning that is done is subject to changes (accountablility)

Problem Statement 2 (Prioritized): Lack of accountability from administration side **Root Cause:** Admins. not closing the cycle

Problem Statement 3: Logistics for events **Root Cause:** Lack of adequate communication as a team to plan accordingly.

Problem Statement 4: Lack of consistency for uniforms and perceptions of the campus **Root Cause:** Lack of a consistency and campus as a whole to uphold expectations (Sweating the small stuff)

Problem Statement 5: Clear lines of responsibility for roles **Root Cause:** Lack of clarity on roles and expectations as well as respecting each others roles

Problem Statement 6: Separate out meetings between English and Spanish **Root Cause:** Length of time is too long; redundant information; separate out each grade level and make it more specific; plan out concurrent activity

Problem Statement 7: Lack of support for Spanish speaking students for all grade levels **Root Cause:** lack of support for Spanish speaking students; different story than they were sold at registration; student feels they have no support for learning the language; recruitment of students that need more support; lack of collaboration; uses other students to support the child; lack of time dedicated to supporting ELs

Problem Statement 8: Lack of time for planning **Root Cause:** teacher absences; only one conference; more responsibilities; lack of resources to make it happen

Priority Problem Statements

Problem Statement 1: Poor attendance that affects performance

Root Cause 1: No consequences; Parent accountability; More tracking on attendance; No administration push for students to be here; Mention of OTT; pandemic culture

Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: All systems and procedures are not being enforced

Root Cause 2: Lack of roles and responsibilities/teacher vs admin/when one gets away with it the others continue it/admin let students get away with everything

Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: Insufficient support for struggling students such as EL, RTI,

Root Cause 3: Changes in schedules for coverages due to teacher absences have caused inconsistencies in intervention support. Furthermore, no plan in place for new students to US.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Feeling of unpreparedness

Root Cause 4: Teachers do not have enough planning time and tend to have more absences due to conference periods being utilized for sub coverage. Also, some teachers do not use conference periods purposefully and leaders do not hold them accountable.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Last minute planning leads to poor perception

Root Cause 5: Planning that is done is subject to changes (accountablility)

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Lack of accountability from administration side

Root Cause 6: Admins. not closing the cycle

Problem Statement 6 Areas: Perceptions

Problem Statement 7: There is not enough support to meet the language barrier of the student population that we service.

Root Cause 7: 1. Increase in Spanish only speaking students due to families leaving IDEA McAllen for more opportunities and options in traditional public schools. 2. Student to teacher ratio makes it very challenging to meet the needs of ALL student learning styles

Problem Statement 7 Areas: Demographics

Problem Statement 8: 504 and RTI student needs are not being met due to more focus on ELL students and lack of teacher support.

Root Cause 8: 1. Teachers are not trained in how they can best support the needs of these students. 2. Focus is on ELL students and ensuring they are understanding what is going on in the classroom. 3. There is not a specific teacher to assist with 504/ RTI students.

Problem Statement 8 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant information
- SAT and/or ACT assessment data
- Local benchmark or common assessments data
- Observation Survey results
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity, gender, etc.
- Section 504 data
- Homeless data
- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data
- Dual-credit and/or college prep course completion data
- Pregnancy and related services data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: All RTC classes will embed ACT prep curriculum into lesson plans **Strategy's Expected Result/Impact:** Provide a strong foundation of ACT practice to increase ACT scores **Staff Responsible for Monitoring:** DCC and 10 grade API **Title I:** 2.6 - **TEA Priorities:** Connect high school to career and college **Funding Sources:** College Counselor - Title I, Part A (4120) - $69,092.41, RTTC 2 Teacher - Title I, Part A (4120) - $59,300

Teachers are not trained in how they can best support the needs of these students. 2. Focus is on ELL students and ensuring they are understanding what is going on in the classroom. 3. There is not a specific teacher to assist with 504/ RTI students.
Student Learning
Problem Statement 3: Insufficient support for struggling students such as EL, RTI, **Root Cause**: Changes in schedules for coverages due to teacher absences have caused inconsistencies in intervention support. Furthermore, no plan in place for new students to US.
Perceptions
Problem Statement 1: Last minute planning leads to poor perception **Root Cause**: Planning that is done is subject to changes (accountablility)

Goal 2: IDEA achieves an A Rating

Performance Objective 4: IA & CP: School achieves 90/60/30 in approaches/meets/masters as measured by the STAAR testing

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Second Conference and more planning time for high school teachers to utilize to close the gaps and address Domain 1/2/3 concerns **Strategy's Expected Result/Impact:** Increase of STAAR scores **Staff Responsible for Monitoring:** API **Title I:** 2.4, 2.6 **- TEA Priorities:** Recruit, support, retain teachers and principals, Build a foundation of reading and math, Connect high school to career and college **Problem Statements:** Demographics 2 - Student Learning 3 - Perceptions 1	20%	25%	75%

Strategy 3: Track each students performance in domains 1-3 by using the Locus dashboard and respond to data appropriately (TEC 11.253(d)	25%	25%	75%	

No Progress Accomplished Continue/Modify Discontinue

Performance Objective 4 Problem Statements:

Demographics
Problem Statement 2: 504 and RTI student needs are not being met due to more focus on ELL students and lack of teacher support. **Root Cause**: 1. Teachers are not trained in how they can best support the needs of these students. 2. Focus is on ELL students and ensuring they are understanding what is going on in the classroom. 3. There is not a specific teacher to assist with 504/ RTI students.
Student Learning
Problem Statement 2: Feeling of unpreparedness **Root Cause**: Teachers do not have enough planning time and tend to have more absences due to conference periods being utilized for sub coverage. Also, some teachers do not use conference periods purposefully and leaders do not hold them accountable.
Problem Statement 3: Insufficient support for struggling students such as EL, RTI, **Root Cause**: Changes in schedules for coverages due to teacher absences have caused inconsistencies in intervention support. Furthermore, no plan in place for new students to US.
Perceptions
Problem Statement 1: Last minute planning leads to poor perception **Root Cause**: Planning that is done is subject to changes (accountablility)
Problem Statement 2: Lack of accountability from administration side **Root Cause**: Admins. not closing the cycle

Goal 3: Increase student persistence

Performance Objective 1: IA & CP: Campus receive a score of proficient or higher on the campus safety scorecard for the 2023- 24 school year (TEC 11.253(d)(8))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Consistent operating systems in place to plan, communicate and practice drills (administration) **Strategy's Expected Result/Impact:** Consistent proficient rating on campus safety scorecard **Staff Responsible for Monitoring:** APO **Title I:** 2.5 **- TEA Priorities:** Recruit, support, retain teachers and principals, Improve low-performing schools **Problem Statements:** School Processes & Programs 1, 3 - Perceptions 1, 2				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

School Processes & Programs
Problem Statement 1: Poor attendance that affects performance **Root Cause**: No consequences; Parent accountability; More tracking on attendance; No administration push for students to be here; Mention of OTT; pandemic culture
Problem Statement 3: All systems and procedures are not being enforced **Root Cause**: Lack of roles and responsibilities/teacher vs admin/when one gets away with it the others continue it/admin let students get away with everything
Perceptions
Problem Statement 1: Last minute planning leads to poor perception **Root Cause**: Planning that is done is subject to changes (accountablility)
Problem Statement 2: Lack of accountability from administration side **Root Cause**: Admins. not closing the cycle

Goal 3: Increase student persistence

Performance Objective 2: IA & CP: 100% of schools will be in compliance with the Title 1 Family Engagement requirements through the following events: Meet the Teacher, Public Hearing, Spring Town Hall and Semester 1 Report Card Pick Up. (TEC 11.253(d)(9))
Required Strategy: timely communication to families regarding school events to promote family engagement and attendance. (TEC 11.253(d)(9))

IDEA Public Schools

Mesa Hills Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 24, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Needs Assessment Overview

Needs Assessment Overview Summary

Survey sent out on REMIND for 23-24 improvement

https://forms.office.com/r/kXsGPUGEcj

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: Third-Fifth grade students performing at or above grade level in reading will increase 54% and math will increase 31% as measured by the Meets Grade Level Standard on STAAR in Spring 2024 (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: 1. District exams, Mock exams, and STAAR
2. ET after every lesson, intervention session, and tutoring
3. Lesson rehearsals and purposeful LP feedback

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Ensure 1st teach is at mastery by the end of October. **Strategy's Expected Result/Impact:** By October 31st **Staff Responsible for Monitoring:** Principal and API's managing their grade level **TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 3: Positive School Culture, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction	30%	85%		

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: Increase student persistence

Performance Objective 1: IA: 100% of schools will be in compliance with the Title 1 Family Engagement requirements through the following events: Meet the Teacher, Public Hearing, Spring Town Hall and Semester 1 Report Card Pick Up. (TEC 11.253(d)(9))
Required Strategy: timely communication to families regarding school events to promote family engagement and attendance. (TEC 11.253(d)(9))

High Priority

Evaluation Data Sources: Coffee with Principal, Monthly Surveys to families, Remind

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Principal will continue connecting with our stakeholders/parents to ensure they are up to date with all that is going on at Mesa hills. **Strategy's Expected Result/Impact:** use of Social Media, Remind, Monthly TownHall's (Coffee w/the Principal sessions, Activities in the afternoon for parents learning. **Staff Responsible for Monitoring:** Principal, API's, Teachers, Counselor **ESF Levers:** Lever 3: Positive School Culture, Lever 5: Effective Instruction				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: Increase student persistence

Performance Objective 2: IA: 100% of schools will complete the Anti-Bullying and Safer, Smarter School curriculum by deadline indicated on the district calendar. (TEC 11.253(d)(8))

High Priority

Evaluation Data Sources: Move this world on a daily basis 7:45-8:00
Monthly classes by the counselor regarding the topic.
Constant communication with parents to address issue

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Move this World will be shown in HR classes on a daily basis 7:45-8 Counselor will have monthly check in with classes struggling with this topic. **Strategy's Expected Result/Impact:** 100% of our scholars will attend school every day, feeling safe and joyous. **Staff Responsible for Monitoring:** Counselor, Principal and API's **TEA Priorities:** Recruit, support, retain teachers and principals, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction	85%	85%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Counselor will have monthly check ins with grade levels struggling with this topic. **TEA Priorities:** Recruit, support, retain teachers and principals, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction	35%	85%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 3: Increase staff retention

Performance Objective 1: IA : 100% of full-time staff members complete all tasks within IDEA's staff development cycle including: goal setting, 2x2 and annual performance reviews during the 2023-24 school year.
Required Strategy: Managers provide feedback and professional development/coaching for each staff member through each SDC cycle.

High Priority

Evaluation Data Sources: Ensure all teachers understand how to complete their goals (during a mini PD), have consistent check in's with direct reports to go over PTG, this will set them with success

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 100% of IDEA Mesa Hills Staff will complete their staff development cycle ie: 2x2, APR's **Strategy's Expected Result/Impact:** 6/24 **Staff Responsible for Monitoring:** Principal, API's **TEA Priorities:** Recruit, support, retain teachers and principals, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 2: Strategic Staffing, Lever 3: Positive School Culture	90%	85%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 3: Increase staff retention

Performance Objective 2: IA IDEA is 100% staffed for all teacher positions throughout the 2023-24 school year.
Required Strategy: recruit and hire high quality candidates per role by using high quality resume criteria

High Priority

Evaluation Data Sources: In order to meet 85% goal for staff retention, I need to do the following:
1. Listening sessions (monthly)
2. Celebrate wins and acknowledgement on social media, newsletters and remind.

Summative Evaluation: Met Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Culture of Joy Campus by celebrating teachers growth and success. **Strategy's Expected Result/Impact:** Team & Family **Staff Responsible for Monitoring:** Principal , Counselor, and API's **TEA Priorities:** Recruit, support, retain teachers and principals, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 2: Strategic Staffing, Lever 3: Positive School Culture, Lever 5: Effective Instruction	95%	90%		

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase student enrollment (no required performance objectives/strategies)

Performance Objective 1: 100% enroll contracted seats by Oct. snapshot

High Priority

Evaluation Data Sources: Power BI Tracker, ADA huddles, GTL's and API's continue communication on daily basis, Principal communicates on REMIND and social media, and hosts monthly touchpoints w/parents IE Coffee w/Principals

Summative Evaluation: Met Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Recruitment **Strategy's Expected Result/Impact:** By having 100% contracted seats, Mesa Hills will not have to recruit as many scholars and are able to retain more scholars and teachers. **Staff Responsible for Monitoring:** APO- Jerry Valdez and Enrollment Counselor Nimsi **TEA Priorities:** Recruit, support, retain teachers and principals, Improve low-performing schools	100%	100%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 5: 97.5% ADA

Performance Objective 1: 97.5% of Academy Scholars will attend school everyday

High Priority

Evaluation Data Sources: ADA Huddles, first initial call HR Teachers. Tiger team continues calls and inputs results on ADA tracker daily, API's will follow up with scholars who haven't been contacted, lastly counselor will follow up with excessive absences and schedule a 1:1 appointment with parents and Principal.

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: ADA Huddles, Daily Communication **Strategy's Expected Result/Impact:** Scholars will attend everyday feeling safe and joyous. **Staff Responsible for Monitoring:** APO-Principal-API's **TEA Priorities:** Recruit, support, retain teachers and principals, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 2: Strategic Staffing, Lever 3: Positive School Culture, Lever 5: Effective Instruction	85%	85%		

 No Progress Accomplished Continue/Modify Discontinue

IDEA Public Schools

Mesquite Hills Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 31, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IDEA Mesquite Hills Campus Vision:

Our family puts scholars first by building relationships, creating a culture of achievement, instilling academic risk-taking, and developing a strong work ethic that prepares them for success in college and citizenship.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Goal 5: Increase student enrollment (no required performance objectives/strategies) 26

Comprehensive Needs Assessment

Demographics

Demographics Summary

Emergent Bilingual Learners- 22.39%
SPED- 8.74%
Section 504- 2.99%
At risk- 38.5%
Race summary
African American: 8.10%
American Indian: .43%
Asian: 1.07%
Hispanic: 82.73%
Pacific Islander: .43%
White: 7.16%

Demographics Strengths

We have CSI and Dise as intervention, 504, speech, and SPED services under special education services.
CSI concentrates on the fundamental of reading, and DISE its a program that helps non-english speakers.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Emergent Bilingual Learners are having sufficient practice in Listening, Speaking, Writing and Reading on a daily basis. **Root Cause:** Teacher have not been trained in EL Strategies or SIOP.

Problem Statement 2 (Prioritized): Emergent Bilingual Learners are not advancing in their new language acquisition. **Root Cause:** EL Strategies were implemented mid year, and not consistent in all grades and contents.

Student Learning

Student Learning Summary

Science- Kinder 95/85/55- 1st 92/78/38- 2nd 71/43/16- 3rd 58/34/7
Content is getting more difficult and there is more writing in the upper grade levels.
2nd and 3rd have gaps from the pandemic
3rd grade is taking assessments online

Social Studies- Overall campus 88/77/57 SPED 84/68/42 ELL 87/76/55
Curriculum is more interesting.
For K-2nd they were used to the assessment formats
For 3rd grade they did this content first and curriculum and testing was more difficult/advanced.

DI Reading PK- 89% K-30% 1st-46% 2nd-74%

Students are able to test up and jump lessons to get closer to goal
High behavior in all classes
Short staffed in Kinder for half the year
Students are already familiar with content from previous grades

Math Overall campus 84/69/42 SA 65 SPED 71/52/23 SA 48 EL 83/66/40 SA 63
Tutoring and interventions based on student needs
Use of manipulatives and accommodations.
Effects of pandemic can still be seen in upper grade levels.
Loss of lesson progress due to frequent redirecting in lower grade levels.

ELA Overall campus 58/42/21 SA 40 SPED 43/26/8 SA 26 EL 57/37/20 SA 35
Implementing screen to scratch mid-year
In lower grades scholar can spell phonetically
Comprehension is low across the campus
Mid-year changes to staffing in all grades

CSI 10/15 have shown 0.5 or more growth on RENSTAR.
SPED Speech only 22/22 completed IEP goals Pk-3rd
SPED+RISE is 28/29- 97% mastered IEP goals Pk-3rd

Student Learning Strengths

Scholars are able to use strategies that teachers have taught.

Scholars attended intersession and weekly tutoring.
Writing skills have increased due to wit and wisdom.
Scholars were able to use manipulatives.
Skills have grown based on previous content knowledge.
Accommodations were implemented for special pops.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Scholars are lacking in Reading and Comprehension g in all grade levels. **Root Cause:** Post pandemic affects of learning gaps.

Problem Statement 2: Staff shortages and mid-year changes in staff lead to teacher lesson delivery. **Root Cause:** Substitutes were not trained by the campus to deliver lesson succesfully.

Problem Statement 3 (Prioritized): Tutoring was not made available to students with intervention needs in reading and math in all grades. **Root Cause:** Due to budget cuts, tutoring was only offered to 3rd grade starting in January.

Priority Problem Statements

Problem Statement 1: Emergent Bilingual Learners are having sufficient practice in Listening, Speaking, Writing and Reading on a daily basis.
Root Cause 1: Teacher have not been trained in EL Strategies or SIOP.
Problem Statement 1 Areas: Demographics

Problem Statement 2: Emergent Bilingual Learners are not advancing in their new language acquisition.
Root Cause 2: EL Strategies were implemented mid year, and not consistent in all grades and contents.
Problem Statement 2 Areas: Demographics

Problem Statement 3: Scholars are lacking in Reading and Comprehension g in all grade levels.
Root Cause 3: Post pandemic affects of learning gaps.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Tutoring was not made available to students with intervention needs in reading and math in all grades.
Root Cause 4: Due to budget cuts, tutoring was only offered to 3rd grade starting in January.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Current disciplinary process, actions, consequences and communications is unclear in and out of campus.
Root Cause 5: Families and staff are not well versed in our behavior managemen system.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Extracurriculual activities and clubs are not part of the IDEA Mesquite Hills Academy's culture
Root Cause 6: There is not afterschool programming offered by the school.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Revamp Family Engagment events to include a deeper focus of our curriculum and academics.
Root Cause 7: Some families leave because academics is too hard.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: Improve communication with parents about the effects of chronic absenteeism.
Root Cause 8: Parents are not prioritizing daily attendance and the coorelation with closing academic gaps.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Campus/District improvement plans (current and prior years)

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- School safety data

Employee Data

- Staff surveys and/or other feedback
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from current meets 62% in Reading to 62% in Spring 2024 (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: TEK diagnosis on learning gaps in reading **Strategy's Expected Result/Impact:** Growth in TELPAS **Staff Responsible for Monitoring:** API **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 1	50%	70%	75%	

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: Scholars are lacking in Reading and Comprehension g in all grade levels. **Root Cause**: Post pandemic affects of learning gaps.

Goal 1: IDEA achieves an A Rating

Performance Objective 2: IA: Third-grade students performing at or above grade level in math as measured by the Meets Grade Level Standard on STAAR will increase from current meets 41% in Math to 43% in Spring 2024. (HB3)

IDEA Public Schools

Mission Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 30, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: June 15, 2023

Demographics

Demographics Summary

IDEA Academy Mission (IA Mission) is a Kindergarten to 5th Grade, Title I elementary school serving 826 students located in the Rio Grande Valley of Texas. IA Mission is located in the small, primarily Hispanic, low-income community of Mission, Texas, situated about three miles from the United States-Mexico border. More than 95% of students are Mexican-American or Mexican Nationals and 100% are eligible to participate in the National School Lunch Program.

IA Mission was founded in 2008 on the belief that, when the adults in the system get it right, each and every child, regardless of circumstance, should receive a high-quality education that prepares them for success in college and citizenship. To that end, IA Mission campus leaders hold each of its 50+ staff members accountable for meeting ambitious goals that drive student learning outcomes and boost academic achievement. With a relentless focus on college, the carefully curated elementary program moves students from teacher-led instruction to a student-driven program while enhancing the individualization of instruction with technology-assisted learning, character education, and extra- and co-curricular activities. The ultimate goal is to design and implement a model that gets students on-grade level in order to lead them to college preparedness.

Demographics Strengths

Although all students receive a free lunch and most are low-income, IDEA has admitted 100 percent of its students into college and all have matriculated. In fact, this past school year, IDEA Mission was one of three schools to get more than 50% of its student population to matriculate to a Tier 1/Tier 2 University. 15% matriculated into a Tier 1 University. Our focus on college continues to shine bright year after year.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Attendance (especially chronic absenteeism) was an area of concern. **Root Cause:** Parents did not fully understand the impact of their children's absences and admin did not have a tracking system to meet with families early on.

Problem Statement 2: Persistence was an area of concern--especially PK and our 5th graders going to 6th grade. **Root Cause:** We were unable to get our parents invested in keeping their students in PK and in 5th grade. This was rooted in both logistics and students wanting G/T classes and more extracurricular activities (such as band and tackle football). For PK, while many surrounding districts offer full day, PK, we offered half day.

Priority Problem Statements

Problem Statement 1: Attendance (especially chronic absenteeism) was an area of concern.

Root Cause 1: Parents did not fully understand the impact of their children's absences and admin did not have a tracking system to meet with families early on.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Mastery scores on assessments (that were aligned to the STAAR test) were projected to be low all year long.

Root Cause 2: Teachers were mostly focused on prioritizing the lower-performing students at the expense of the higher-performing students. Teachers were not asked to differentiate instruction for the higher-performing kids until the latter part of the year.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: A significant number of students struggled with grade-level writing.

Root Cause 3: Teachers did not provide sufficient individualized feedback to students on their writing. Administrators were not norming with teachers to ensure they were following rubrics to grade student writing.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: As a school, we struggled with social-emotional intelligence and learning, as students struggled to express their emotions or deal with conflict in a healthy way.

Root Cause 4: Teachers were overwhelmed with various homeroom goals, so they neglected to follow the "Move this World" social-emotional intelligence curriculum. Additionally, the administration did not prioritize inspecting this block at the school.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Very few parents participated in the quarterly report card meetings

Root Cause 5: Parents who showed up to the quarterly awards assemblies were provided a report card and this inadvertently disincentivized parents to show up to the report card meeting.

Problem Statement 5 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Section 504 data

- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: ACT Prep beginning in high school -9th grade, during RTTC class. **Strategy's Expected Result/Impact:** At benchmark, 9th graders should average an 18, 10th graders a 19, 11th graders a 20, and 12th graders a 21. **Staff Responsible for Monitoring:** API's, College Counselors, DCC, and RTTC teachers **TEA Priorities:** Connect high school to career and college				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: All IDEA students matriculate to college

Performance Objective 2: 100% of graduates meet TSIA college readiness benchmark (HB3)

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Intensive tracking begins in high school of TSIA status followed by a cycle of remediation on areas of need. **Strategy's Expected Result/Impact:** 25% are TSIA exempt at the end of freshman year, 50% at the end of sophomore year, 75% at the end of junior year, and 100% by the end of senior year. **Staff Responsible for Monitoring:** API's, College Counselors, DCC, and RTTC teachers **TEA Priorities:** Connect high school to career and college				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 57% to 59% in Spring 2024 (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Weekly lesson plan feedback, dress rehearsals, data conversations/data calls, and tracking systems **Strategy's Expected Result/Impact:** Student data will show an increase from each exam. Students will grow at least 5% from 22-23 STAAR to 23-24 STAAR RLA. **Staff Responsible for Monitoring:** Principal, APIs, classroom teachers **TEA Priorities:** Build a foundation of reading and math **Problem Statements:** Student Learning 1, 2				
No Progress Accomplished Continue/Modify Discontinue

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Mission College Preparatory (Mission CP) is a 6th -12th Grade, Title I school serving 735 students located in the Rio Grande Valley of Texas. Mission CP is located in the small, primarily Hispanic, low-income community of Mission, Texas, situated about three miles from the United States-Mexico border. More than 98% of students are Mexican-American or Mexican Nationals and 100% are eligible to participate in the National School Lunch Program.

Mission CP was founded in 2008 on the belief that, when the adults in the system get it right, each and every child, regardless of circumstance, should receive a high-quality education that prepares them for success in college and citizenship. To that end, Mission CP campus leaders hold each of its 55+ staff members accountable for meeting ambitious goals that drive student learning outcomes and boost academic achievement. With a relentless focus on college, the carefully curated high school program moves students from teacher-led instruction to a student-driven program while enhancing the individualization of instruction with technology-assisted learning, character education, and extra- and co-curricular activities. The ultimate goal is to design and implement a model that gets students on-grade level in order to lead them to college preparedness.

Problem Statements Identifying Demographics Needs

Problem Statement 1: The average daily attendance was at an all-time low this school year. This caused gaps in student learning because of all of the instruction missed. **Root Cause:** Teachers de-prioritize calling parents to inform them of the learning ramifications or to hold students accountable. Administrators, too, are not holding teachers accountable nor are doing consistent home visits for our more extreme cases. In summary, the attendance matrix is not being followed with fidelity.

Problem Statement 2: Throughout the school year, our special education results were lower than those of the general education population. **Root Cause:** Too many staff members believe that it is too late to catch students up and administrators have not addressed it to the extent needed. Additionally, our special education teachers are not planning with the general education teachers to the degree needed to maximize student plans and learning for our special education students.

Priority Problem Statements

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Senior Class Average ACT score of 21 or better by high school graduation (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: ACT Prep beginning in high school -9th grade, during RTTC class. **Strategy's Expected Result/Impact:** At benchmark, 9th graders should average a 18, 10th graders 19, 11th graders a 20, and 12th graders a 21. **Staff Responsible for Monitoring:** API's, College Counselors, DCC, and RTTC teachers **TEA Priorities:** Connect high school to career and college	10%	100%	100%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

IDEA Public Schools

Monterrey Park Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 30, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

IDEA Monterrey Park Academy will create an environment that is safe, nurturing, and accountable to ensure 100% of our students are equipped with the foundational knowledge and skills needed to be successful in College Prep, Tier I and Tier II Universities, and beyond.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IDEA Monterrey Park Academy will support all students in reaching their potential by ensuring 100% of scholars are prepared to matriculate and become college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

At IDEA Monterrey Park Academy, we stirve to be Mighty B.E.A.R.S.:

1.Bravery – We persevere and exemplify courageous character.
2.Eagerness – We forge ahead with enthusiasm to reach ambitious goals.
3.Aspiration – We demonstrate a strong desire and motivation to achieve both academic and personal goals.
4.Resilience – We recover quickly from difficulties by adapting to stressful situations.

5.Selfless – We give and think of others before ourselves without looking for personal gain.

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Monterrey Park Academy was established in 2014 and is located in west San Antonio at 222 SW 39th Street, 78237. The enrollment for the 2022-2023 school year is 713. Special populations such as English language learners make up 14% of the population and 7% of scholars receive special education services. The student body demographics reveals a lack of diversity with 89% of the student population being Hispanic and 11% made up of other races such as White, Black, Asian, and Pacific Islander. The percent of female and male students are diverse with both populations nearly even in percentage. Our school qualifies for free and reduced lunch based on the 97.9% economically disadvantaged population enrolled.

Demographics Strengths

Positive student connections from leaders and staff throughout the year

ADA communication plan to ensure parents are aware of absences and to provide support

Families are kept up-to-date with events and updated through our Family Newsletter

High family participation and engagement in school events

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): IDEA Monterrey Park Academy needs to retain New to IDEA students as 79.14% are expected to persist into the 2023-2024 school year. **Root Cause:** 1. Lack of clear communication on reporting and follow up procedures for bullying reports. 2. Lack of clear communication on school culture expectations and academic demands from students and families as they are onboarding with us during Welcome to IDEA

Problem Statement 2 (Prioritized): IDEA Monterrey Park Academy needs to ensure students attend class daily as an average of 93.40% of students attended with 47 students being chronically absent. **Root Cause:** 1. ADA Matrix was not tightly followed by all parties throughout the year 2. Parent accountability meeting or home visits were not consistently done for students who missed 10 or more days.

Student Learning

Student Learning Summary

The STAAR data for the 22-23 school year is currently pending. Early release of preliminary scores show High cut points and Low cut points for student performance.

IDEA Monterrey Park Academy			
Grade	# of Students Tested	High Cut (Current Approaches)	Low Cut (Potential for Lowest Possible Approaches)
3rd Reading	106	45%	84%
4th Reading	111	51%	89%
5th Reading	124	68%	94%
3rd Math	106	31%	92%
4th Math	110	42%	84%
5th Math	123	38%	90%
5th Science	122	46%	88%

In the 21-22 school year, IDEA Monterrey Park Academy earned an 87 out of a 100 rating making the school 'B' rated. The 'B' rating is displaying recognized performance within the state of Texas as campuses with this designation serve many students well, encouraging high academic achievement and/or appropriate academic growth for most students. The campus grew 6 points from the last rating given in the 2018-19 school year of an 81. Performance by Domain: Domain 1- 75 (student achievement) Domain 2- 91 (school progress) Domain 3- 78 (Closing the Gaps) Distinction Designation: Academic Achievement in English Language Arts Reading Academic Achievement in Science

Student Learning Strengths

STAAR reading improvement higher than pre-COIDS (2018-19)

4th and 5th grade STAAR cohorts grew from the COVID years

5th ELL cohort showed growth in every content

3rd Reading SPED scholars closed their gap by 19% points

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Only 11% of Critical Intervention Students passed their respective STAAR exam **Root Cause:** 1. Lack of leaders coaching teachers to urgently respond to daily exit ticket outcomes for CSI students. 2. Lack of general population and intervention teacher co-planning to create support systems in class for CSI students

Problem Statement 2 (Prioritized): All student populations struggled in meeting or mastering Mathematics **Root Cause:** 1. Failure to increase math interventions in quarter 1 of school. 2. Failure to start tutoring before Semester 2 for students 2-3 grade levels behind in math. 3. Failure to make adjustments to curriculum in a timely manner when responding to noted gaps in exit ticket data.

School Processes & Programs

School Processes & Programs Summary

IDEA Monterrey Park Academy develops instructional leaders by having clear roles and responsibilities and opportunities to choose where they want to make an impact an impact. Our campus has a teacher leader program that allows teachers who want to grow in and out of the classroom. This program allows teachers to take on a coaching role while they stay in their teaching role, which allows them to experience the administrative role before completely transitioning over. We have team leaders that lead their grade levels, content leaders in Math, Science, Social Studies, and Reading, course leaders, mentors, hybrid leaders, and teacher advisory council members. We have a weekly professional development meeting focusing on lesson rehearsal, script practices, and new content training. Professional development is created based on campus priorities set from the previous years and from trends found during instructional rounds. Teachers are invited to attend as a whole for priorities and as needed for trends found. Our teachers are also biweekly engaged in district content webinars that assist them in becoming instructional leaders of their classrooms. To support powerful teaching and learning, teachers are recognized publicly every year and are identified as master teachers for others to observe and visit. Teachers are tiered according to level of support needed for coaching and lesson planning support.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): IDEA Monterrey Park Academy needs to improve of factors that caused 60% of staff who consider the campus to be a great place to work. **Root Cause:** 1. Only one Listening Tour held during the year 2. Lack of calendared time for joy actions on leader or school master calendar 3. Lack of frequent touch points with staff

Problem Statement 2 (Prioritized): Failure to retain new and returning staff in the 2022-2023 school year by falling below the 85% retention goal. **Root Cause:** 1. Lack of clarity in BOY for work load expected of returning staff. 2. PD sessions were not aligned to the needs and interests of the returning staff. 3. Lack of support for balancing expectations of role and responsibilities with personal life.

Perceptions

Perceptions Summary

At IDEA Monterrey Park Academy, we value the social and emotional, health, and wellbeing of staff, students, and families. We uphold a culture and climate built on diversity, equity, and inclusion. Our school has goals centered around well being and retention.

We uphold our vision of excellence through our campus pillars:

1. Academic Quality: We prepare high quality, rigorous lessons through content unpacking, backwards planning, and rehearsing lessons before delivering to all student populations.
2. Accountable Culture: We have a collective responsibility as a campus system to act with integrity and drive accountability within self and all stakeholders in order to develop and sustain a culture of joy for students, staff, and families.
3. Everybody Learns: We provide equity to diverse and unique populations through lesson accommodations, intervention, and strong first teach.
4. Community Wellbeing: We promote a space where each person feels safe emotionally, physically, socially, and mentally to allow them to successfully grow.

Perceptions Strengths

90% retention of level 3 and 4 teachers

3 internal promotions of co teacher to lead teacher

4 of 5 or 80% successful transfer teacher retentions

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Lack of tracking and progressing students through the RtI Tier 1 and Tier 2 Behavior Plan. **Root Cause:** 1. Lack of campus training and scheduled time to visit the RtI process and behavior plans. 2. Staff did not adequately document student progress causing students to remain in Tier 1.

Problem Statement 2 (Prioritized): 60% of House Bill 4545 students in math did not increase to passing during the school year **Root Cause:** 1. Tutoring did not start till semester 2 2. Academic block not used successfully

Priority Problem Statements

Problem Statement 1: IDEA Monterrey Park Academy needs to retain New to IDEA students as 79.14% are expected to persist into the 2023-2024 school year.

Root Cause 1: 1. Lack of clear communication on reporting and follow up procedures for bullying reports. 2. Lack of clear communication on school culture expectations and academic demands from students and families as they are onboarding with us during Welcome to IDEA

Problem Statement 1 Areas: Demographics

Problem Statement 2: IDEA Monterrey Park Academy needs to ensure students attend class daily as an average of 93.40% of students attended with 47 students being chronically absent.

Root Cause 2: 1. ADA Matrix was not tightly followed by all parties throughout the year 2. Parent accountability meeting or home visits were not consistently done for students who missed 10 or more days.

Problem Statement 2 Areas: Demographics

Problem Statement 3: All student populations struggled in meeting or mastering Mathematics

Root Cause 3: 1. Failure to increase math interventions in quarter 1 of school. 2. Failure to start tutoring before Semester 2 for students 2-3 grade levels behind in math. 3. Failure to make adjustments to curriculum in a timely manner when responding to noted gaps in exit ticket data.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Only 11% of Critical Intervention Students passed their respective STAAR exam

Root Cause 4: 1. Lack of leaders coaching teachers to urgently respond to daily exit ticket outcomes for CSI students. 2. Lack of general population and intervention teacher co-planning to create support systems in class for CSI students

Problem Statement 4 Areas: Student Learning

Problem Statement 5: 60% of House Bill 4545 students in math did not increase to passing during the school year

Root Cause 5: 1. Tutoring did not start till semester 2 2. Academic block not used successfully

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Lack of tracking and progressing students through the RtI Tier 1 and Tier 2 Behavior Plan.

Root Cause 6: 1. Lack of campus training and scheduled time to visit the RtI process and behavior plans. 2. Staff did not adequately document student progress causing students to remain in Tier 1.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: Failure to retain new and returning staff in the 2022-2023 school year by falling below the 85% retention goal.

Root Cause 7: 1. Lack of clarity in BOY for work load expected of returning staff. 2. PD sessions were not aligned to the needs and interests of the returning staff. 3. Lack of support

for balancing expectations of role and responsibilities with personal life.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: IDEA Monterrey Park Academy needs to improve of factors that caused 60% of staff who consider the campus to be a great place to work.

Root Cause 8: 1. Only one Listening Tour held during the year 2. Lack of calendared time for joy actions on leader or school master calendar 3. Lack of frequent touch points with staff

Problem Statement 8 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Observation Survey results
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data

- Discipline records
- Student surveys and/or other feedback
- School safety data

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Study of best practices
- Action research results

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: Ensure 3-5 students receive necessary interventions to close gaps in elementary in order to meet future TSI goal.

High Priority

Evaluation Data Sources: 60% or more CSI students approach or meet growth goals in STAAR

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1: Recruit and hire high quality candidates per role by using high quality resume criteria **Strategy's Expected Result/Impact:** We will increase staff retention through out the year and keep **Staff Responsible for Monitoring:** Principal, APO, API, School Counselor **Title I:** 2.4 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 2: Strategic Staffing **Problem Statements:** School Processes & Programs 2	15%	25%		

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

School Processes & Programs
Problem Statement 2: Failure to retain new and returning staff in the 2022-2023 school year by falling below the 85% retention goal. **Root Cause**: 1. Lack of clarity in BOY for work load expected of returning staff. 2. PD sessions were not aligned to the needs and interests of the returning staff. 3. Lack of support for balancing expectations of role and responsibilities with personal life.

State Compensatory

Budget for Monterrey Park Academy

Total SCE Funds: $2,963.08
Total FTEs Funded by SCE: 0
Brief Description of SCE Services and/or Programs

Parent information sessions, family engagement events, family learning nights.

IDEA Public Schools

Montopolis Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 31, 2023

Mission Statement

IDEA Montopolis Academy will be the #1 choice elementary school in the city of Austin.

Vision

Montopolis Academy K-5 will be a model for elementary education reform in the city of Austin. We WILL be the Austin Icon for choice schools. As we grow, other IDEA Austin schools will come learn from our traditions and not have to travel to the valley. We will be the first choice school to send 100% of scholars to college.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: August 3, 2023

Demographics

Demographics Summary

Demographics Data for our K-5 Academy are as follows:

- 656 Total Meetings
- 325 Males, 331 Females
- Not Economically Disadvantaged: 46 students
- Eligible for free meals: 417
- Reduced priced meals: 28
- Other Economic Disadvantage: 163
- Students with 504 Plan: 20
- Emergent Bilingual: 415/656
- Intellectual Disability: 9
- Learning Disability: 20
- Speech Impairment: 16
- Autism: 5
- Homeless: 3
- Immigrants: 29
- Year to Date Attendance: 93.52%, Goal: 97.5% ADA.
- Persistence: 91.36%, Goal: 90%.
- Teacher Retention: 96% of teacher finished the year, 72% of teachers plan to return for the 23-24 school year.
- Kinder classrooms: 27 students-to 2 lead teachers, 1st-5th lead teachers, 30 students to 1 lead teacher.
- Y22-23, 3 teachers were distinguished as "level 5".
- 0 Paraprofessionals.

Demographics Strengths

Teachers are aware of students who have specific plans and accommodations. Grade levels work together to help new teachers understand what will best help students succeed. At the beginning of the school year, teachers meet to discuss students who are in special pops and each of their accommodations. The school

provides free meals, Christmas gifts to help children with economical disadvantages. We also provide free Spanish to English learning materials to this English as a second language learners. We provide academic RTI that can benefit children with learning disabilities and do a decent role of providing students with intervention supports in specific contents ranging from small groups to CSI. We celebrate diverse cultures and perspectives on a monthly basis. Whenever we find out about a student who is homeless we do our best to help the family out with extra meals, gift cards, supplies etc. to help them get back on their feet. We met our persistence and teacher retention goal this year.

Problem Statements Identifying Demographics Needs

Problem Statement 1: Only 7% of our scholars in Critical Student Intervention grew 2 or more years this school year. Our district goal is 50% of our scholars in Critical Student Intervention grow 2 or more years. We were significantly behind our benchmark this year. **Root Cause:** Renstar is not aligned to our decoding program. Students were not given comprehension instruction, solely decoding while with CSI teachers. The renstar assessment is a vocabulary and comprehension assessment.

Student Learning

Student Learning Summary

Student Learning Data for Montopolis Academy are listed below:

- 3rd ELA: Semester Exam: 10, Mock: 27
- 4th ELA: Semester Exam: 33, Mock: 46
- 5th ELA: Semester Exam: 31, Mock: 40
- 3rd Math: Semester Exam 33, Mock: 30
- 4th Math: Semester Exam: 40, Mock: 39
- 5th Math: Semester Exam: 47, Mock: 46
- 5th Science Mock: 40
- Direct Instruction Reading on level K: 44%
- Direct Instruction Reading on level 1st: 39%
- Direct Instruction Reading on level 2nd: 68%
- Critical Student Intervention Renstar End of Year Scores: 7% of students grew 2 or more years.
- 3% grew a level on TELPAS in 1st.
- 6.5% grew a level on TELPAS in 2nd.
- 15.7% grew a level on TELPAS in 3rd.
- 13.6% grew a level on TELPAS in 4th.
- 9.5% grew a level on TELPAS in 5th.

Student Learning Strengths

As a school we do a really good job of recognizing students and their differences. We not only recognize the differences but we celebrate their differences especially when it comes to ethnic backgrounds. We are also doing well with knowing our 504, SPED and EL students. We for the most part know their accommodations and how to incorporate them in lessons and through independent practice. Significant growth was made from Semester to Mock data in almost all subjects and grades. TELPAS results show most 5th graders in the A and AH level according to the composite scores.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: The goal for direct instruction in Kinder-2nd grade is 90% on level. Right now were are behind in every grade level. K-44%, 1st-39%, and 2nd 68%. This has an major impact on state testing in all subjects for 3-5. **Root Cause:** Double dosing was pushed in early October and not implemented with fidelity across k-2. We only had 1 co

teacher for 1st grade and were unable to double dose priority groups. There is a gap in the fluency portion of the programs. Scholars were required to almost double their WPM in order to pass into the next program We began the year with 47% of 2nd graders 2+ years behind.

School Processes & Programs

School Processes & Programs Summary

Montopolis Academy School Processes and Programs Summary:

- Teachboost - platform for manager to leave low inference data/ratings for teachers.
- Teacher Career Pathway (levels 1,2,3,4,5), based on student achievement results and ratings teachers are placed on a level from novice to high performing.
- Yearly Coaching conversations with direct manager: Goal Setting, Two by two, Annual Performance Review.
- Content Teams Weekly Meetings during prep. All 1-5 content teams off at the same time for instructional professional development and exit ticket huddles (student work analysis meetings).
- Whole School Huddles: Every Friday at 7:15am, school shout outs and awards given.
- Teacher retention plan created at BOY.

School Processes & Programs Strengths

Teachers believe that the platform teachboost is a user friendly platform and an efficient way to rate staff when used consistently. The coaches that DO use teachboost regularly and stick to the coaching cycle of (goal setting, 2x2, and APRs), have higher teacher retention numbers. Teachers enjoy our weekly incentives of time back, food or icebreakers.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Only 50% of staff and 0% of APIs are being rated on teachboost. **Root Cause:** Core calendar is not being followed with fidelity, therefore ratings and observations are inconsistent.

Perceptions

Perceptions Summary

School Perceptions Data:

- Persistence Data: K - 89%, 1- 87%, 2- 94%, 3-94%, 4- 92%, 5- 90%. Overall persistence 91.36%.
- Student Survey Data: Emotional Regulation - 3.5/5, Self Management - 3.9/5, Social Awareness 3.9/5.
- Communication Data: 92% of parents connected to class dojo.
- Teacher retention: 72%
- There's no parent teacher association. Parent weekly sent out every Friday.

Perceptions Strengths

- Met our persistence goal for the year with a 91.36%.
- Met our teacher retention goal for the 22-23 year with 95% of staff finishing the year. 72% are planning to return for the 23-24 SY.
- Parent feedback: Social emotional learning class was impactful and parents saw benefits at home and parent weekly is super helpful and consistent.
- 92% of families connected to class dojo.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: 50% of parents interviewed feel there is not enough communication between teachers and parents in regards to grades and school events. **Root Cause:** We do not have an official PTO. A myriad of parents have asked for this and we have yet to create it.

Priority Problem Statements

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 100% of K-5 scholars will read at or above grade level. If 100% of our 5th grade scholars are advanced readers, they will matriculate to college more easily and achieve a 21 or better on their ACT. **Strategy's Expected Result/Impact:** 90% approaches on STAAR exam in 3-5. **Staff Responsible for Monitoring:** All K-5 Academy teachers and co-teachers.				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: 85% teacher retention: Our veteran teacher produces the best results. Enduring 100% of teacher have check is with teachboost feedback around "what" key points, lesson planning and aggressive monitoring. **Strategy's Expected Result/Impact:** 90/60/30 on staar tests in 3-5 & 85% teacher retention. **Staff Responsible for Monitoring:** IA lead team.				

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: 100% of teachers will submit lesson plans on time. **Strategy's Expected Result/Impact:** 90/60/30 on staar assessments in 3-5. **Staff Responsible for Monitoring:** IA lead team.				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: All IDEA students matriculate to college

Performance Objective 2: 100% of graduates meet TSIA college readiness benchmark (HB3)

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Hit 90% persistence each year in K-5 grade levels. This will ensure our scholars are ready for 6-12 readiness and college benchmark exams. **Strategy's Expected Result/Impact:** Scholars that stay in our k-5 setting, are better prepared for the rigor of our college preparatory and beyond. When transfer students come in, we have to catch them up. If our scholars persist with us, they will always be on grade level. **Staff Responsible for Monitoring:** All K-5 Academy teachers and co-teachers.	25%	45%	N/A	

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: 100% of persistence plan for IA is implemented with fidelity. **Strategy's Expected Result/Impact:** 90% student persistence. **Staff Responsible for Monitoring:** IA lead team.	25%	50%		

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: 85% teacher retention: veteran teachers produce the best results. 100% percent of teachers will have weekly check ins with feedback in teachboost. **Strategy's Expected Result/Impact:** 90/60/30 on staar assessments in 3-5. **Staff Responsible for Monitoring:** IA lead team.	25%	50%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 55% to 57% in Spring 2024 (HB3)

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Our current high cut scores for 3-5 ELA are as follows: 94%, 96%, and 98%. Official scores will be released August 11th. In order to maintain these scores, we will continue to retain our veteran ELA teachers and help them achieve a Level 5 on our Teacher Career Pathway. Prioritizing our K-2 grade level reading proficiency has had a positive impact on our state scores. **Strategy's Expected Result/Impact:** 100% of CP scholars will achieve a 21 or higher on their ACT. **Staff Responsible for Monitoring:** 100% k-5 academy teacher and co teachers.				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: 100% of teachers will receive teachboost ratings on Aggressive monitoring and key points weekly. **Strategy's Expected Result/Impact:** 90% approaches on STAAR. **Staff Responsible for Monitoring:** Academy lead team.				

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Track each students performance in domains 1-3 by using the Locus dashboard and respond to data appropriately (TEC 11.253(d)(3)) **Strategy's Expected Result/Impact:** Responsiveness to data: 90% approaches on STAAR. **Staff Responsible for Monitoring:** Academy lead team.				

Strategy 4 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 4: Train families at parent events on how they can use manipulatives/curriculum and purchased software like myon and IXL at home to practice math and reading. **Strategy's Expected Result/Impact:** Ensure families know our supplemental curriculum. **Staff Responsible for Monitoring:** Lead teachers and admin **Title I:** 2.4 **Funding Sources:** Event materials, supplemental online curriculums - Title I, Part A (4120) - $3,205.47				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 2: IA: Third-grade students performing at or above grade level in math as measured by the Meets Grade Level Standard on STAAR will increase from 37% to 39% in Spring 2024. (HB3)

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Our current high cut scores for 3-5 Math are as follows: 96%, 90%, and 98%. Official scores will be released August 11th. In order to maintain these scores, we will continue to retain our veteran Math teachers and help them achieve a Level 5 on our Teacher Career Pathway. Prioritizing our K-2 grade 90/60/30 on each blind exam and aligning k-5 math has had a positive impact on our state scores. **Strategy's Expected Result/Impact:** 100% of CP scholars will achieve a 21 or higher on their ACT. **Staff Responsible for Monitoring:** All K-5 Academy teachers and co teachers.	25%	N/A

IDEA Public Schools

Najim Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 24, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

IDEA Najim Academy prepares students from underserved communities for success in college and citizenship. We aim to empower our students to become leaders so that they may work to improve their communities.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IDEA Public Schools is on track to becoming the largest producer of low-income college graduates in the Texas. At IDEA Najim, we will build a culture where scholars and families are invested in their scholars academic success and social/emotional development, while also bringing the joy,

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Najim Academy focuses on recruitment, enrollment and retention of minority children in low socioeconomic households. Boasting 100% college for all with 100% of our scholars going to and through college; we pride ourselves in providing academic growth for all scholars and closing the achievement gap between minority demographics and "White" and "Asian" students across the nation. For the 2022-2023 school year, Najim Academy enrolled 94% economically disadvantaged students, 10% special education, 62% Hispanic, 34% African American students . We obtain this data through surveys completed by parents or guardians at the time of enrollment. IDEA Najim serves 13% of its scholars in an emergent early exit bilingual program and received an "A" rating from the Texas Education Agency for the 2021-2022 School year. Ratings for the 22-23 school year are pending at this time. IDEA Najim academy retained 79% of its staff for the 2022-2023 school year. The student to teacher ratio at Najim academy is 28 to 1.

Demographics Strengths

IDEA Najim Demographic Strengths

1. IDEA Najim Academy is achieving it's mission of college for all in serving a majority of economically disadvantaged students. 94% of IDEA Najim students are economically disadvantaged.

2. IDEA Najim Academy retained 86% of its teachers for the 22-23 school year. This allows continuity and consistency for our students and allows teachers to become experts in their content.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): We had 76% of new family persistence and 84% overall student persistence. **Root Cause:** 1. Teachers failed to build relationships with families. 2. Leaders and Teachers did not consistently implement behavior policies which led to parents withdrawing students.

Problem Statement 2 (Prioritized): Our Average daily attendance was at 93.24% for the school year. **Root Cause:** 1. There is a lack of consistency in following up with families of chronic absent students. 2. Attendance Matrix protocols have not been followed and enforced consistently.

Problem Statement 3: We had 79% staff retention for the 2022-2023 school year. **Root Cause:** 1. Staff struggled to adapt to new school culture expectations that were put into place by new campus leaders.

Student Learning

Student Learning Summary

Najim Academy has improved from a C rated campus in 2019 to an A rated campus for the 21-22 school year. For the 21-22 school year, Najim Academy reached 73% of scholars reach approaches/43% reach meets/22% reach masters in all subjects. This led to a score of 74 in Domain 1. Najim Academy received a 94 in domain 2 for academic growth and a 79 in domain 3. Najim Academy received distinctions for Academic achievement in Reading/Language arts and top 25% Comparative growth. Preliminary results for 22-23 STAAR revealed that IDEA Najim Academy had 13% of 3rd-5th grade students score over a 70% on STAAR Math, 20% of 3rd-5th grade students scored over a 70% in STAAR reading, and 12% of 5th grade students scored over a 70% on STAAR Science. Final performance bands have not been released. Scholars in grades Pre K-2nd grade ended with 73% of the scholars reading on or above grade level according to our reading curriculum.

Student Learning Strengths

Student Learning Strengths

1. IDEA Najim Academy implemented operating mechanisms consistently in 2nd semester (lesson rehearsals, lesson plan feedback, coaching conversations to ensure alignment, 1st teach observations) that led to gains in student achievement.

2. IDEA Najim Intervention team prioritized HP scholars during intervention. 100% of HB4545 eligible scholars met their required 30 hours of intervention in both reading and math

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): 87% of 3rd-5th grade students scored below 70% on 22-23 STAAR Math. **Root Cause:** 1. There was inconsistent lesson plan feedback, which led to misalignment for a good part of the school year. 2. Tight coaching to mastery and aligning instruction started too late in the school year. 3. 3. Leaders inconsistently coached first teach instruction, which led to gaps in student learning.

Problem Statement 2 (Prioritized): 80% of 3rd-5th grade students scored below 70% on 22-23 STAAR Reading. **Root Cause:** 1. There was inconsistent lesson plan feedback, which led to misalignment for a good part of the school year. 2. Tight coaching to mastery and aligning instruction started too late in the school year. 3. Leaders inconsistently coached first teach instruction, which led to gaps in student learning.

Problem Statement 3 (Prioritized): 73% of Kinder- 2nd Grade Scholars are reading at or above grade level. **Root Cause:** 1. Leaders failed to create a strategic backwards plan to support scholars who came in 2nd semester and were reading 1 or more years below grade level.

School Processes & Programs

School Processes & Programs Summary

At Najim Academy, scholars engage in a variety of classes. Starting in Kinder, students rotate classes and engage with teachers who specialize in their content. Our curriculum varies by grade level as well. In Kinder- 2nd grade, scholars engage with Reading Transformations as their primary reading curriculum, Wit and Wisdom for Writing, Eureka Math for mathematics, Amplify for Science, and Insights for Social Studies. The teachers that teach each subject specialize in that one content area and they deliver that content to all of the students in their grade level. Scholars in 3rd- 5th grade at Najim Academy engage in TEKS based lessons for math and reading that are aligned to the Texas state standards. Scholars also engage in Accelerated Reader, Dreambox (Math Computer based curriculum), and PE as part of their elective classes. Throughout the day, scholars that are identified as high priority scholars also receive intervention. At Najim Academy, leaders are developed through on the spot coaching, observation feedback meetings, and instructional rounds which allow the leaders and teachers to receive timely feedback to help improve daily practices. During instructional rounds, leaders are assigned different tasks during observations so that observations are targeted and intentional. After instructional rounds leaders come up with immediate next steps for classes and receive feedback from other leaders. At Najim academy professional developments are planned and delivered based on the campus needs/gaps. We use a daily exit ticket tracker and assessment tracker that allows us to track student achievement data on a daily basis. Once we analyze data, we plan our professional developments to help respond to gaps. Leaders then provide appropriate follow up coaching for teachers. Leaders conduct observations daily and diagnose high leverage action steps for teachers that support student achievement. During these observations, leaders take low-inference data from student answers, participation, or student work and provide action step based on the data. Along with rigorous instruction and coaching, we have recently increased the amount of time dedicated to social-emotional learning at the school. Students engage in daily SEL lessons through our "Move this World" curriculum, which helps students understand their emotions and to respond to situations in a healthy way.

School Processes & Programs Strengths

School Processes and Program Strengths

- IDEA Najim teachers have strong content knowledge as the majority of them have taught their curriculum for >3 years.
- IDEA Najim retained 86% of Teachers during the 2022-2023 school year.
- IDEA Najim parents rate IDEA Najim as 5/5 on the statement " My child's school is preparing my child for college".
- 100% of eligible HB4545 scholars completed their required 30 hours of additional intervention in reading and math.
- IDEA Najim parents rate IDEA Najim as 5/5 on the statement " This school holds my child to high academic standards".
- IDEA Najim increased its Average Daily Attendance from 92% in the 21-22 school year to 93.27% in the 22-23 school year.
- IDEA Najim increased its Student Persistence from 83% in the 21-22 school year to 84% in the 22-23 school year.
- IDEA Najim parents rate IDEA Najim as 5/5 on the statement " My child's school communicates well with me".
- IDEA Najim parents rate IDEA Najim as 5/5 on the statement " My child feels safe at school".

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): We had 60% leader retention and 76% staff retention. **Root Cause:** 1. School has failed to successfully onboard new leaders and staff. 2. Lack of consistency in implementing daily operating mechanisms 3. School leadership has failed to consistently follow through with coaching to mastery. 4. Staff struggled to adapt to new culture expectations set by new leaders.

Problem Statement 2 (Prioritized): Our student persistence strategies have not produced the intended results, so have lost about 100 students each year for the past 2 years. **Root**

Cause: 1. Teachers have failed to create and foster relationships with families. Leaders failed to follow behavior policies consistently which led to families withdrawing.

Perceptions

Perceptions Summary

After meeting their staff retention goal for the previous two years, IDEA Najim Academy failed to reach their staff retention ending at 78.9% for the 22-23 school year. Based on Survey data from teachers only 35% of staff felt that they were encouraged to find work/life balance. 45% of staff felt that they were compensated fairly for the work that they do and 40% feel that IDEA Najim is an emotionally healthy place to work. One of the bright spots was that 85% of teachers felt that they had at least one close friendship with another staff member. IDEA Najim had >80% of it's families attend EOY awards ceremonies(20% increase from previous year), >50% of families attended fall festival, spring fling event and valentine's day events (on average about 10 percent more than previous year). Parent engagement was much better than the previous year as a result of better communication, clear expectations, and successfully building relationships with families throughout the year.

Perceptions Strengths

Perceptions Strengths

1. Family Communication- Communication with families increased and over 90% of teachers consistently met their communication goal of 10 calls per week. IDEA Najim parents rate IDEA Najim as 5/5 on the statement " My child's school communicates well with me" on Family Survey.

2. Family Engagement- Family Engagement at Najim Academy grew tremendously from the 21-22 school year to the 22-23 school year. IDEA Najim had >80% of it's families attend EOY awards ceremonies(20% increase from previous year), >50% of families attended fall festival, spring fling event and valentine's day events (on average about 10 percent more than previous year).

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): According to EOY staff satisfaction survey, data showed that staff satisfaction is low. **Root Cause:** 1. Lack of adult investment in campus culture shifts. 2. Leader turnover has created a gap in trust between staff and leaders.

Problem Statement 2 (Prioritized): Only 40% of teachers stated that this is an emotionally and psychologically healthy place to work. **Root Cause:** 1. Lack of adult investment in campus culture shifts. 2. Leader turnover has created a gap in trust between staff and leaders.

Priority Problem Statements

Problem Statement 1: We had 60% leader retention and 76% staff retention.

Root Cause 1: 1. School has failed to successfully onboard new leaders and staff. 2. Lack of consistency in implementing daily operating mechanisms 3. School leadership has failed to consistently follow through with coaching to mastery. 4. Staff struggled to adapt to new culture expectations set by new leaders.

Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: Our student persistence strategies have not produced the intended results, so have lost about 100 students each year for the past 2 years.

Root Cause 2: 1. Teachers have failed to create and foster relationships with families. Leaders failed to follow behavior policies consistently which led to families withdrawing.

Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: We had 76% of new family persistence and 84% overall student persistence.

Root Cause 3: 1. Teachers failed to build relationships with families. 2. Leaders and Teachers did not consistently implement behavior policies which led to parents withdrawing students.

Problem Statement 3 Areas: Demographics

Problem Statement 4: 73% of Kinder- 2nd Grade Scholars are reading at or above grade level.

Root Cause 4: 1. Leaders failed to create a strategic backwards plan to support scholars who came in 2nd semester and were reading 1 or more years below grade level.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: According to EOY staff satisfaction survey, data showed that staff satisfaction is low.

Root Cause 5: 1. Lack of adult investment in campus culture shifts. 2. Leader turnover has created a gap in trust between staff and leaders.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Only 40% of teachers stated that this is an emotionally and psychologically healthy place to work.

Root Cause 6: 1. Lack of adult investment in campus culture shifts. 2. Leader turnover has created a gap in trust between staff and leaders.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: Our Average daily attendance was at 93.24% for the school year.

Root Cause 7: 1. There is a lack of consistency in following up with families of chronic absent students. 2. Attendance Matrix protocols have not been followed and enforced consistently.

Problem Statement 7 Areas: Demographics

Problem Statement 8: 80% of 3rd-5th grade students scored below 70% on 22-23 STAAR Reading.

Root Cause 8: 1. There was inconsistent lesson plan feedback, which led to misalignment for a good part of the school year. 2. Tight coaching to mastery and aligning instruction started too late in the school year. 3. Leaders inconsistently coached first teach instruction, which led to gaps in student learning.

Problem Statement 8 Areas: Student Learning

Problem Statement 9: 87% of 3rd-5th grade students scored below 70% on 22-23 STAAR Math.

Root Cause 9: 1. There was inconsistent lesson plan feedback, which led to misalignment for a good part of the school year. 2. Tight coaching to mastery and aligning instruction started too late in the school year. 3. 3. Leaders inconsistently coached first teach instruction, which led to gaps in student learning.

Problem Statement 9 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Section 504 data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 3 Problem Statements:

School Processes & Programs
Problem Statement 1: We had 60% leader retention and 76% staff retention. **Root Cause**: 1. School has failed to successfully onboard new leaders and staff. 2. Lack of consistency in implementing daily operating mechanisms 3. School leadership has failed to consistently follow through with coaching to mastery. 4. Staff struggled to adapt to new culture expectations set by new leaders.

Perceptions
Problem Statement 1: According to EOY staff satisfaction survey, data showed that staff satisfaction is low. **Root Cause**: 1. Lack of adult investment in campus culture shifts. 2. Leader turnover has created a gap in trust between staff and leaders.
Problem Statement 2: Only 40% of teachers stated that this is an emotionally and psychologically healthy place to work. **Root Cause**: 1. Lack of adult investment in campus culture shifts. 2. Leader turnover has created a gap in trust between staff and leaders.

IDEA Public Schools

North Mission Academy

2023-2024 Campus Improvement Plan

Accountability Rating: A

Board Approval Date: July 14, 2023
Public Presentation Date: August 23, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 37

Comprehensive Needs Assessment

Demographics

Demographics Summary

Open enrollment charter school

Bilingual/ESL, Special Education, Fine Arts, PE\

All student groups by race/ethnicity

Demographics Strengths

See PDF in Addendum for more information

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Opportunities for EB students to speak and discuss to build the English language. **Root Cause:** 1) Lack of speaking domain planning in their lesson plans 2)TELPAS/SIOP trainings for teachers on how to embed and teach students how to improve their speaking skills.

Problem Statement 2: Diversity in ethnicities in staff and students. **Root Cause:** 1) Increase community-based events that focus on other cultures. 2)Promote the teaching of other cultures through morning announcements, bulletin boards, parades and student/parent events. 3) Recruit in other areas to bring students from other ethnicities.

Problem Statement 3 (Prioritized): Celebrations for students not absent, tardy, or leaving early. **Root Cause:** No weekly celebrations for better attendance and punctuality. Promote the ADA trophy since BOY.

Student Learning

Student Learning Summary

1) There has been a lot of progress by students in IA exams to achieving an A rating at the end of the year. Student Achievement was an 83, School Progress a 96, and Closing the Gaps at 89. Our overall scaled score was a 94.

2) Student scores have gone up from an 86 STAAR ratings to this last year at a 94.

3) Prek-3rd grade students ended the year on track in reading and math assessments. 100% of Prek and K on track in reading; 1st grade at 92%, and 2nd grade at 96%. 81% of student in Critical student intervention met the 2-0 years growth in Reading and 81% in Math.

4) We outperformed group of schools of similar type, size. We performed better than the 5 elementary schools on the same street as us in Mission iSd. We receibed 5/6 achievement distinctions.

5) 100 of graduating seniors enrolled in college.

Student Learning Strengths

Student showed growth in reading and writing with new STAAR format.

Students ranked on the top with likely passed in all areas. Not as many students in the zone of uncertainity.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The percent of meets and masters for STAAR math & ELA needs to be higher. **Root Cause:** Instruction is often lacking staar alignment.

Problem Statement 2 (Prioritized): We did not earn a distinction in Science and did not meet the 90/60/30 in 5th grade. **Root Cause:** 1)There is a lack of vertical alignment and collaboration meetings with all Prek-5th grade Science teachers to see how the test looks in 5th grade to see what we can add to our curriculum. 2)Not enough staar aligned student practice resources. 3)We do not have interactive Science Journals across all grade levels.

Problem Statement 3 (Prioritized): Improve academic vocabulary across the campus all contents. **Root Cause:** Teachers are not teaching the academic vocabulary in the lower grades. Teachers do not know what academic vocabulary or how to do since there is a heavy focus on Reading fluence only.

Problem Statement 4: Focus heavily on spelling rules, grammar, and writing instruction all throughout the school. **Root Cause:** 1. We do not have a set curriculum across the school. 2. Teachers do not know how to teach TEKS in the lower grades. 3. Teachers are not making connections between all components of RLA.

School Processes & Programs

School Processes & Programs Summary

1. Instructional leaders are developed in their roles. I have provided API time with them weekly where we work on current campus trends based on instructional rounds. Instructional rounds are all around campus priorities. Every systems and operating mechanism has a gripi with clear roles, expectations, and responsibilities.

2. We have yearly PD calendar for all staff meetings on Thursdays and during their conference once a week to address any teacher misconceptions based on observations.

3. During instructional rounds and check in, I coach leaders to coach teachers on the spot based on most pressing problem in their Teachboost. We used this program to document all action steps given to teachers. Leaders are trained every year on SIOP refreshers and Leap4ward for content they lead.

4. We have RMT and DI in the lower grades, Amplify for Science, Witt and Wisdom for reading, Being a Writer for writing, and Eureka math. All these programs are aligned to the national standards and used to help student get higher scores on AP exams. The programs are rigorous and we do have to supplement the programs with more staar aligned practice. They are aligned to our mission and vision to prepare all students for college. We do not just focus on passing a STAAR but on success in college and life beyond high school graduation.

See PDF in Addendum for more information

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268

students met the goal for Math.

- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): SPED and 504 folders and accommodations need to be organized more efficiently to promote quick access. **Root Cause:** 1. IEP folders and accommodations given at BOY but never again addressed throughout the year on changes. 2. NO clear communication after ARDs for all parties to hear besides those present at ARD.

Problem Statement 2 (Prioritized): More clear RTI training on interventions on Tier 1.. **Root Cause:** 1. No flow chart with steps of RTI process. 2. No training or follow up on RTI to assist teacher on the how to intervene.

Problem Statement 3 (Prioritized): TELPAS training since the beginning with clear strategies on how to support students. **Root Cause:** 1. TELPAS refresher training for teachers started at second semester. 2. Folders have not been created for teachers to use to support EB students.

Perceptions

Perceptions Summary

1. This was our first year with seniors and 100% of the students graduated from 12th grade.

2. We have not had conflict escalate to high level. If there is an issue, we make sure address right away and bring in staff to talk. We assign new teachers a teacher mentor and our assistant principal have differentianted side by side planning for anyone that is new.

3. We do not have a big staff turnaround. We average 2-3 teachers a year and late between 94-97% teacher retention in the last 3 years. An average of teacher absences is from 3-5 absences. This does not include maternity leaves. We average 8-10 teahers on maternity leaves in a year.

4. We measure parent and community participation by having sign in sheets at parent meetings, teacher/parent conferences, and school events.

5. Barriers that could be preventing them from joining is transportation to the school and we have families that work late hours.

Perceptions Strengths

We went up 6 points from parent surveys from last year. It was beneficial to host all parent meeting online with teachers to help fill out the surveys so that questions would be answered.

The school received the highest staff survey results at the district level.

Persistence benchmark data was met throughout the whole year.

Student attendance remained top 3 all year at the academy level.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Parent involvement on school holidays all across grade levels. **Root Cause:** 1. PreK and K have more parents events because they are self-contained. 2. Events need to be planned out early in the year so holidays do not creep up with no planning.

Problem Statement 2 (Prioritized): Student weekly incentives being promoted and consistently implemented all year. **Root Cause:** 1. Student store did not open often or did it have variety in prizes. 2. In-person celebrations for students. Student assemblies in person. 3. Culture rubric has not been revamped.

Priority Problem Statements

Problem Statement 1: Opportunities for EB students to speak and discuss to build the English language.

Root Cause 1: 1) Lack of speaking domain planning in their lesson plans 2)TELPAS/SIOP trainings for teachers on how to embed and teach students how to improve their speaking skills.

Problem Statement 1 Areas: Demographics

Problem Statement 2: The percent of meets and masters for STAAR math & ELA needs to be higher.

Root Cause 2: Instruction is often lacking staar alignment.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: We did not earn a distinction in Science and did not meet the 90/60/30 in 5th grade.

Root Cause 3: 1)There is a lack of vertical alignment and collaboration meetings with all Prek-5th grade Science teachers to see how the test looks in 5th grade to see what we can add to our curriculum. 2)Not enough staar aligned student practice resources. 3)We do not have interactive Science Journals across all grade levels.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: SPED and 504 folders and accommodations need to be organized more efficiently to promote quick access.

Root Cause 4: 1. IEP folders and accommodations given at BOY but never again addressed throughout the year on changes. 2. NO clear communication after ARDs for all parties to hear besides those present at ARD.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Parent involvement on school holidays all across grade levels.

Root Cause 5: 1. PreK and K have more parents events because they are self-contained. 2. Events need to be planned out early in the year so holidays do not creep up with no planning.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Student weekly incentives being promoted and consistently implemented all year.

Root Cause 6: 1. Student store did not open often or did it have variety in prizes. 2. In-person celebrations for students. Student assemblies in person. 3. Culture rubric has not been revamped.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: Improve academic vocabulary across the campus all contents.

Root Cause 7: Teachers are not teaching the academic vocabulary in the lower grades. Teachers do not know what academic vocabulary or how to do since there is a heavy focus on Reading fluence only.

Problem Statement 7 Areas: Student Learning

Problem Statement 8: Celebrations for students not absent, tardy, or leaving early.
Root Cause 8: No weekly celebrations for better attendance and punctuality. Promote the ADA trophy since BOY.
Problem Statement 8 Areas: Demographics

Problem Statement 9: More clear RTI training on interventions on Tier 1..
Root Cause 9: 1. No flow chart with steps of RTI process. 2. No training or follow up on RTI to assist teacher on the how to intervene.
Problem Statement 9 Areas: School Processes & Programs

Problem Statement 10: TELPAS training since the beginning with clear strategies on how to support students.
Root Cause 10: 1. TELPAS refresher training for teachers started at second semester. 2. Folders have not been created for teachers to use to support EB students.
Problem Statement 10 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- Campus goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Local Accountability Systems (LAS) data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Running Records results
- Texas approved Prekindergarten and Kindergarten assessment data
- State-developed online interim assessments

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Discipline records
- Class size averages by grade and subject
- School safety data

- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Campus leadership data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Communications data
- Budgets/entitlements and expenditures data

Goals

Goal 1: Increase staff retention

Performance Objective 1: 85% of North Mission staff will persist by July 2024

HB3 Goal

Evaluation Data Sources: Staff retentions reports
Great place to work surveys at MOY and EOY

Summative Evaluation: Exceeded Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: North Mission lead team will create a yearly plan to build appreciation for teachers and OPS starting on Aug 2023 until the end of school year. **Strategy's Expected Result/Impact:** Increase staff retentions numbers in OPS and co-teachers **Staff Responsible for Monitoring:** Strategy will be monitored by API. **Title I:** 2.4, 2.6 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 2: Strategic Staffing, Lever 3: Positive School Culture				

Strategy 2 Details	Reviews

Budget for North Mission Academy

Total SCE Funds: $3,952.43
Total FTEs Funded by SCE: 0
Brief Description of SCE Services and/or Programs

Our goal is to use money for small group instruction after school and Saturday to work with strugglers.

Title I

1.1: Comprehensive Needs Assessment

Supplies for Parent Workshops- entire money will be used for bi-monthly parent workshops.

$3,952.43

2.1: Campus Improvement Plan developed with appropriate stakeholders

Please see Title1Crate for the following documentation.

2.2: Regular monitoring and revision

Please see Title1Crate for the following documentation.

2.3: Available to parents and community in an understandable format and language

Please see Title1Crate for the following documentation.

2.4: Opportunities for all children to meet State standards

Please see Title1Crate for the following documentation.

2.5: Increased learning time and well-rounded education

Please see Title1Crate for the following documentation.

2.6: Address needs of all students, particularly at-risk

Please see Title1Crate for the following documentation.

3.1: Annually evaluate the schoolwide plan

Please see Title1Crate for the following documentation.

4.1: Develop and distribute Parent and Family Engagement Policy

Please see Title1Crate for the following documentation.

4.2: Offer flexible number of parent involvement meetings

Please see Title1Crate for the following documentation.

IDEA Public Schools

North Mission College Prep

2023-2024 Campus Improvement Plan

Board Approval Date: August 31, 2023
Public Presentation Date: August 23, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Specifically, at North Mission College Prep we work to create Ideal Team Players (adopted from The IDEAL Team Player by Patrick Lencioni), who embody the following 3 values/virtues, as it will help prepare students for college and beyond. It's not about each virtue itself, but how all 3 are the most powerful when combined with each other.

Humble Staff & Students: Ideal team players are humble. They lack excessive ego or concerns about status. Humble people are quick to point out the contributions of others and slow to seek attention for their own. They share credit, emphasize team over self and define success collectively rather than individually

Hungry Staff & Students: Ideal team players are hungry. They are always looking for more. More things to do. More to learn. More responsibility to take on. Hungry people almost never have to be pushed by a manager to work harder because they are self-motivated and diligent. They are constantly thinking about the next step and the next opportunit

(People) Smart Staff & Students: Ideal team players are smart. They have common sense about people. Smart people tend to know what is happening in a

group situation and how to deal with others in the most effective way. They have good judgment and intuition around the subtleties of group dynamics and the impact of their words and actions

Campus Funding Summary 43

Comprehensive Needs Assessment

Revised/Approved: August 23, 2023

Demographics

Demographics Summary

Gender

Female - 357

Male - 385

Ethnicity - 725 (97.71%) hispanic latino

EB - 435 (58.65%)

ESL - 53 (7.14%)

504 - 29 (3.91%)

Dyslexia - 14 (1.89%)

SPED - 66 (8.89%)

At Risk - 531 (71.56%)

Economic disadvantage - 698 (98.07%)

Demographics Strengths

Increases in enrollment due to rolling enrollment have a direct impact on our drop out rate and graduation/completion rate.

Students are identified before school begins and individual plans are put into place.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Percent increase on state assessments for 504, SPED, EB have been minimal throughout the past several years. **Root Cause:** Staff members

are not referring to the 504 plan throughout the year for each individual student.

Problem Statement 2: We have a high number of at risk and economically disadvantaged students that join our campus in 8th - 11th grade. **Root Cause:** Student come with significant academic gaps in middle school and high school, therefore, we have to reteach at a lower level than most the students that have moved up from our K-7th grade classrooms.

Problem Statement 3 (Prioritized): Attendance has been below the district goal of 97% throughout the 2022-23 school year. **Root Cause:** Accountability follow up with parents was not consistent throughout the year.

Problem Statement 4 (Prioritized): Enrollment is not constant throughout the year. **Root Cause:** There are not enough students on the waiting list for every grade level.

Student Learning

Student Learning Summary

This school year we faced a few setbacks as we prepared both students and staff for the May 23 STAAR exams. The transition from 100% from paper to online along with the new testing items came with a bit of a learning curve for both students and staff. Below you will see our mock data along with our preliminary STAAR data for all STAAR tested grades and subjects.

Grade	Subject	Semester Exams - Dec. 2021	Semester Exams - Dec. 2022 A/M/Ma (SAS)	Mock Exams - March 2023	Mock Exams EL/EB	Mock Exams SPED	Mock 22	Proj
Reading	6th	57/30/8 (32)	53/51/4 (24)	46/7/0 (18)	41/5/0 (16)	0/0/0 (0)	60/35/17(37)	
	7th	58/28/14 (33)	54/24/9 (29)	50/18/8 (25)	46/19/8 (24)	50/0/0 (17)	63/33/13 (36)

7th Math	78/89 = 88%	32/89 = 36%
6th Math	94/109 = 86%	48/109 = 44%

Student Learning Strengths

There was consistent tracking after district exams throughout the year.

There was an increase in Mathematics scores from the prior year.

There was also an increase in ACT scores for our current junior class

Problem Statements Identifying Student Learning Needs

Problem Statement 1: ELA mock scores were significantly lower than previous years. **Root Cause:** We are limited on resources that follow the new testing format. Such as Sirius for ELA.

Problem Statement 2 (Prioritized): Writing as a whole is suffering across contents. **Root Cause:** There is not enough effective collaboration around writing expectations, both vertically (content) and horizontally (grade level), on campus.

Problem Statement 3 (Prioritized): Overall passing from 8th ELA to Eng. 1 drops. **Root Cause:** Large persistence gap from 8th to 9th grade.

Problem Statement 4: ACT average for junior and senior class is at least 2 cumulative points below the district goal. **Root Cause:** There is not enough ACT preparation happening in grades prior to junior year.

Problem Statement 5 (Prioritized): 90/60/30 is not being met as a campus. **Root Cause:** There is a lack of strong planning from all teachers or support mechanisms for all students in the classroom.

School Processes & Programs

School Processes & Programs Summary

At North Mission College Prep, staff has professional development weekly on Tuesdays. There are also weekly opportunities for managers to provide feedback on lesson plans to staff members, along with observing teachers on a weekly basis to provide ratings on Teachboost for supporting an increase in teacher pedagogy. On the table below, the campus ratings can be seen for the GET, Guidepost for Excellent Teaching.

Obs	1A.i	1A.ii	1A.iii	1A.iv	IA.v	1B.i	1B.ii	1B.iii	1B.iv	1C.i	1C.ii	1C.iii	2A.i	2A.ii	2A.iii	2A.iv	2B.i	2B.ii	2B.iii	2B.iv	2C.i	2C.ii	2C.iii	2C.iv	2D.i	2D.ii	2D.ii
IDEA North Mission College Prep	3.85	3.94	3.93	3.98	3.93	3.91	3.7	3.72	3.61	3.57	3.53	3.21	3.77	3.7	3.87	3.98	4.18	4.04	3.86	3.94	3.72	3.74	3.79	4.02	3.53	3.54	3.44

School Processes & Programs Strengths

Campus is scoring at a Proficient to Advanced rating in GET 2, which is the Classroom Environment.

IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"

IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"

IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best”

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There were no official ratings for GET 4E, 5A, 5B & 5C. **Root Cause:** Operating mechanisms are in place for ratings throughout 1st semester and 2nd semester leaders are supporting with teaching, exit ticket huddles & supporting with tutoring. There are not enough operating mechanisms for 2nd semester.

Problem Statement 2 (Prioritized): 2 of the 4 lowest points of data for the campus are in GET 3, which is the planning Guidepost for Excellent Teaching. **Root Cause:** Staff do not have exemplars for strong key points, exemplar responses, or criteria for mastery within their content at times, so the consistency is not always present or staff are not planning with the end in mind (i.e. STAAR, AP, etc.) to support aligned key points, exemplar responses, etc.

Perceptions

Perceptions Summary

The staff's perspective of the school was one of being able to forge close bonds with their management throughout the course of the academic year. According to data from the Great Places to Work Survey, over 80% of instructors could answer "I will recommend my manager to other IDEA employees."

We were able to "Bring Joy" to our scholars throughout the year. Through the after-school programs, North Mission was able to add clubs for our scholars to build strong relationships and develop social skills. Through our UIL competitive program, students had the opportunity to participate in/play competitive sports.

Here is our student persistence and staff retention data.

- New Student Persistence: 85%

100 New Students

15 New Student Leavers.

- Overall Student Persistence: 92.9%

758 Students

56 Leavers

- Teacher Retention

92.75

Perceptions Strengths

All direct managers had an 80% increase in the statement “I will recommend my manager to other IDEA employees.

100% of new students who were fully on-boarded properly were able to stay with us throughout the year.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): 15 new students were not able to complete the full year with us due to not adjusting to the culture at our campus. **Root Cause:** The 15 new students that left were not fully onboarded.

Problem Statement 2 (Prioritized): There is a gap in relationship building between Middle School teachers and High School teachers. **Root Cause:** Teachers are usually sitting with their grade team during meetings, events, or team-building activities.

Problem Statement 3: There is a gap in students attending school and the percentage of students involved in an after-school program. **Root Cause:** There is not enough sports and clubs on campus after school to encourage more participation.

Problem Statement 4 (Prioritized): Persistence is on track to be below 90% for the school year. **Root Cause:** There is a lack of active relationship building in some areas and there is not consistent parent communication at all grade levels.

Priority Problem Statements

Problem Statement 1: Persistence is on track to be below 90% for the school year.
Root Cause 1: There is a lack of active relationship building in some areas and there is not consistent parent communication at all grade levels.
Problem Statement 1 Areas: Perceptions

Problem Statement 2: Percent increase on state assessments for 504, SPED, EB have been minimal throughout the past several years.
Root Cause 2: Staff members are not referring to the 504 plan throughout the year for each individual student.
Problem Statement 2 Areas: Demographics

Problem Statement 3: 15 new students were not able to complete the full year with us due to not adjusting to the culture at our campus.
Root Cause 3: The 15 new students that left were not fully onboarded.
Problem Statement 3 Areas: Perceptions

Problem Statement 4: Writing as a whole is suffering across contents.
Root Cause 4: There is not enough effective collaboration around writing expectations, both vertically (content) and horizontally (grade level), on campus.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Attendance has been below the district goal of 97% throughout the 2022-23 school year.
Root Cause 5: Accountability follow up with parents was not consistent throughout the year.
Problem Statement 5 Areas: Demographics

Problem Statement 6: 90/60/30 is not being met as a campus.
Root Cause 6: There is a lack of strong planning from all teachers or support mechanisms for all students in the classroom.
Problem Statement 6 Areas: Student Learning

Problem Statement 7: Overall passing from 8th ELA to Eng. 1 drops.
Root Cause 7: Large persistence gap from 8th to 9th grade.
Problem Statement 7 Areas: Student Learning

Problem Statement 8: 2 of the 4 lowest points of data for the campus are in GET 3, which is the planning Guidepost for Excellent Teaching.
Root Cause 8: Staff do not have exemplars for strong key points, exemplar responses, or criteria for mastery within their content at times, so the consistency is not always present or

staff are not planning with the end in mind (i.e. STAAR, AP, etc.) to support aligned key points, exemplar responses, etc.

Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: There were no official ratings for GET 4E, 5A, 5B & 5C.

Root Cause 9: Operating mechanisms are in place for ratings throughout 1st semester and 2nd semester leaders are supporting with teaching, exit ticket huddles & supporting with tutoring. There are not enough operating mechanisms for 2nd semester.

Problem Statement 9 Areas: School Processes & Programs

Problem Statement 10: There is a gap in relationship building between Middle School teachers and High School teachers.

Root Cause 10: Teachers are usually sitting with their grade team during meetings, events, or team-building activities.

Problem Statement 10 Areas: Perceptions

Problem Statement 11: Enrollment is not constant throughout the year.

Root Cause 11: There are not enough students on the waiting list for every grade level.

Problem Statement 11 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: ACT Exams

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Core Content areas for 11th and 12th grade students will execute ACT lessons throughout Q1 (seniors) and all year (juniors). **Strategy's Expected Result/Impact:** ACT scores will improve 1/2 - 1 cumulative score each exam benchmark. **Staff Responsible for Monitoring:** Arianna Diaz **TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction	75%	45%	70%	

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: There will be a strategy to embed ACT prep in 9th and 10th grade to prepare future juniors/seniors with the ACT exam. **Strategy's Expected Result/Impact:** ACT scores will improve each cohort year in the coming years. **Staff Responsible for Monitoring:** Arianna Diaz **TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments	50%	50%	50%	

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: To prepare for National ACT test dates for our students we will conduct an ACT plan/curriculum 5 weeks before every test date. **Strategy's Expected Result/Impact:** Students will increase their ACT scores. **Staff Responsible for Monitoring:** Arianna Diaz & Lorraine Lara **Title I:** 2.4 **- TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 2	100%	100%	100%

	Oct	Jan	Mar	June
Strategy 1: Track each students performance in domains 1-3 by using the Locus dashboard and respond to data appropriately (TEC 11.253(d)(3)) **Strategy's Expected Result/Impact:** SAS scores increase throughout District Assessments and results in higher SAS on STAAR at the end of the year. **Staff Responsible for Monitoring:** David Wagner **Title I:** 2.4, 2.6 **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 3, 5	100%	100%	100%	

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Exit Ticket Tracking and Huddles for subpopulation students (including SPED & EL) for all students who were in approaches or did not pass STAAR from 2023 assessment. **Strategy's Expected Result/Impact:** Improve subpopulation data on State Exams. **Staff Responsible for Monitoring:** Javier Lopez **Title I:** 2.4, 2.6 **Problem Statements:** Demographics 1 - Student Learning 3, 5	25%	30%	50%	

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Host Saturday School tutorials for all students who did not meet their growth goals on the Semester and Mock Exams. **Strategy's Expected Result/Impact:** Increase in School Progress **Staff Responsible for Monitoring:** Rita Caltabiano-Carrillo **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments	N/A			

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 4 Problem Statements:

Demographics
Problem Statement 1: Percent increase on state assessments for 504, SPED, EB have been minimal throughout the past several years. **Root Cause**: Staff members are not referring to the 504 plan throughout the year for each individual student.
Student Learning
Problem Statement 3: Overall passing from 8th ELA to Eng. 1 drops. **Root Cause**: Large persistence gap from 8th to 9th grade.
Problem Statement 5: 90/60/30 is not being met as a campus. **Root Cause**: There is a lack of strong planning from all teachers or support mechanisms for all students in the classroom.

Goal 3: Increase student persistence

Performance Objective 1: North Mission CP receives a score of proficient or higher on the campus safety scorecard for the 2023- 24 school year (TEC 11.253(d)(8))

Evaluation Data Sources: Campus Safety Scorecard

Strategy 1 Details	Reviews

IDEA Public Schools

Owassa Academy

2023-2024 Campus Improvement Plan

Board Approval Date: August 29, 2023
Public Presentation Date: August 29, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

At IDEA Owassa we provide a dynamic learning experience that encourages critical thinking, inspires confidence, and nurtures the intellectual and social and emotional development necessary for success in college, career, and life.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

We believe… in the potential of ALL students to be their best selves. We believe that a Bronc embodies the values of bravery, strength, perseverance, and honesty.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 31

Comprehensive Needs Assessment

Revised/Approved: September 12, 2023

Demographics

Demographics Summary

Owassa Academy serves about 800+ students in grades K-5th in Pharr Texas. We are a public charter school that works by having open enrollment throughout the year. We have a great curriculum in our lower grades Pre-K-2nd that is tailored to each student's need and we also have a great Special Education program with qualified teachers that lets us provide instruction to all students. We are currently at 100% teacher retention so we are proud to say that every year that we retain our teachers, our students are getting the best education possible because our teachers know the curriculum and use best practices to teach our students the skills that they need to know to get one step closer to college. Our school demographics consist of:

African American:0.01%

Hispanic:1.35%

White:71.40%

Asian:0.16%

Economically Disadvantaged:92.40%

EL:49.49%

SPed:5.32%

Female:47.72%

Male:52.27%

Demographics Strengths

Owassa Academy has a strong culture and climate where students, staff, and parents feel a good sense of belonging. Owassa culture is built with a foundation of communication, this helps parents understand the importance of students' presence to ensure a college-ready education.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a lack of accountability for students absent affecting ADA, **Root Cause:** Lack of consistent communication between teachers, students, and APO. Parents of students that were chronically absent were not being met consistently for ADA Matrix meetings by instructional staff or APO and APO was not tracking ADA Matrix to share with the lead team the repeated offenders.

Problem Statement 2 (Prioritized): There is a lack of student incentive bi weekly, monthly, and quarterly celebrations. **Root Cause:** Lack of consistent celebrations to motivate students and parents to come daily.

Student Learning

Student Learning Summary

Our *Pre-K through 2nd* Grade students ended the year in Reading at 90% on level for DI. Teachers and leaders worked collaboratively to develop intervention plans from the beginning of year utilizing backwards plans. PK-2nd grade students met 90/60/30 for semester exams in Math, Science and Social Studies due to strong lesson delivery. 3*rd*- 5*th* grade teachers worked tirelessly to provide our students with quality instruction that challenged their thinking daily. Our approaches increased from Semester Mock to March Mock. 3*rd* grade ELA team increased from a 40% to a 45%, 4*th* grade increased from 54% to a 67%, and 5*th* grade increased from 54% to a 62%.

Student Learning Strengths

DI Data tracking was an area of strength this school year and progress towards goals was revisited on a weekly basis to drive individualized instruction. Intervention was strategically planned, and time was strictly protected to move data. 1st grade reading had a % on track increase of ten points. Students across all grade levels consistently had anchor charts visible being used as access points and CFS. They use dictionaries daily and were highly encouraged to use them anytime they did not understand a word. This year our students were given the task to collaborate with their peers to give and receive feedback on their oral and written work.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a need of EL/EB curriculum support across all grade levels. **Root Cause:** There is a lack of teacher training and certification to support our EB students.

Problem Statement 2 (Prioritized): There is a need to focus on student reading comprehension across K-5th grade. **Root Cause:** There is a lack of coaching teachers on comprehension strategies for students to use across contents.

School Processes & Programs

School Processes & Programs Summary

Programs:

- DI Curriculum
- Wit & Wisdom
- Special Education
- Traditional
- Bilingual
- ESL

Processes

- Bi-weekly staff meetings
- Bi-weekly grade level meetings
- Weekly observations as instructional leaders
- Weekly targeted practice sessions
- Weekly Culture and Instructional Rounds
- Weekly Content meetings

School Processes & Programs Strengths

School Processes & Programs Strengths

- **Established processes are followed with fidelity and involve the input of all stakeholders**
- **Processes have served to assist campus in the early identification of students needing special services such as speech, 504, etc.**
- **Teacher Development process continue throughout the year to strengthen teachers still related to instructional delivery**

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There is a lack of content or bilingual certified teachers at Owassa Academy currently having 0%. **Root Cause:** At time of hiring teachers were not required to be certified. There is a need for teachers to be certified.

Problem Statement 2 (Prioritized): There is a lack of knowledge and strategies to help our Special populations. **Root Cause:** Teachers have not been trained with strategies.

Problem Statement 3 (Prioritized): There is a lack of trust from some teachers in the lead team **Root Cause:** Some teachers do not feel supported, coached, and validated

Perceptions

Perceptions Summary

Following core values to guide our actions and choices while utilizing data to focus on areas of improvement. Our campus lead team and teachers are quick to follow up on calls and concerns with parents as well as participation in social media and events to involve families.

Perceptions Strengths

An area of strength is that we offer frequent opportunities for parent engagement with small events, we are currently active in social media and quick and frequent with remind announcements and messages, as well as being quick with responses to parents as needed.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There is a need for being consistent with following through with consequences with parents in regards to attendance and behavioral issues at all grade levels. **Root Cause:** The root cause is parents not seeing the consequences from the very beginning and feeling as though there will not be consequences no matter how far the problem goes.

Problem Statement 2 (Prioritized): The problem is there is gap in communication to from teacher to teacher and then teacher to parent. **Root Cause:** The root cause is teachers not being in sync when it comes to handling student of concern and following up with parents when initial contact is not made

Priority Problem Statements

Problem Statement 1: There is a need to focus on student reading comprehension across K-5th grade.

Root Cause 1: There is a lack of coaching teachers on comprehension strategies for students to use across contents.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: There is a need of EL/EB curriculum support across all grade levels.

Root Cause 2: There is a lack of teacher training and certification to support our EB students.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: There is a lack of accountability for students absent affecting ADA,

Root Cause 3: Lack of consistent communication between teachers, students, and APO. Parents of students that were chronically absent were not being met consistently for ADA Matrix meetings by instructional staff or APO and APO was not tracking ADA Matrix to share with the lead team the repeated offenders.

Problem Statement 3 Areas: Demographics

Problem Statement 4: There is a lack of student incentive bi weekly, monthly, and quarterly celebrations.

Root Cause 4: Lack of consistent celebrations to motivate students and parents to come daily.

Problem Statement 4 Areas: Demographics

Problem Statement 5: There is a lack of content or bilingual certified teachers at Owassa Academy currently having 0%.

Root Cause 5: At time of hiring teachers were not required to be certified. There is a need for teachers to be certified.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: There is a lack of knowledge and strategies to help our Special populations.

Root Cause 6: Teachers have not been trained with strategies.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: There is a need for being consistent with following through with consequences with parents in regards to attendance and behavioral issues at all grade levels.

Root Cause 7: The root cause is parents not seeing the consequences from the very beginning and feeling as though there will not be consequences no matter how far the problem goes.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: The problem is there is gap in communication to from teacher to teacher and then teacher to parent.

Root Cause 8: The root cause is teachers not being in sync when it comes to handling student of concern and following up with parents when initial contact is not made
Problem Statement 8 Areas: Perceptions

Problem Statement 9: There is a lack of trust from some teachers in the lead team
Root Cause 9: Some teachers do not feel supported, coached, and validated
Problem Statement 9 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Observation Survey results
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Section 504 data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback

- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Professional development needs assessment data

Support Systems and Other Data

- Communications data
- Study of best practices

Goals

Goal 1: Meet or exceed enrollment targets

Performance Objective 1: 100% of enrollment target will be met or exceed as set by the Texas Board of Directors, by the homeroom period on the 11th day of school of the 2023-2024 school year.

High Priority

Evaluation Data Sources: Enrollment Dashboard

Strategy 1 Details	Reviews

Performance Objective 1 Problem Statements:

Demographics

Problem Statement 1: There is a lack of accountability for students absent affecting ADA, **Root Cause**: Lack of consistent communication between teachers, students, and APO. Parents of students that were chronically absent were not being met consistently for ADA Matrix meetings by instructional staff or APO and APO was not tracking ADA Matrix to share with the lead team the repeated offenders.

Problem Statement 2: There is a lack of student incentive bi weekly, monthly, and quarterly celebrations. **Root Cause**: Lack of consistent celebrations to motivate students and parents to come daily.

Perceptions

Problem Statement 2: The problem is there is gap in communication to from teacher to teacher and then teacher to parent. **Root Cause**: The root cause is teachers not being in sync when it comes to handling student of concern and following up with parents when initial contact is not made

Goal 2: IDEA achieves an A Rating

Performance Objective 1: IA: 3rd-5th students perform 90/60/30 as measured by TEA on STAAR in Spring 2025 (HB3). Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 52% to 54% in Spring 2024 (HB3). Third-grade students performing at or above grade level in math as measured by the Meets Grade Level Standard on STAAR will increase from 45% to 47% in Spring 2024 (HB3).

IDEA Public Schools

Owassa College Prep

2023-2024 Campus Improvement Plan

Board Approval Date: August 30, 2023
Public Presentation Date: August 30, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Our school core values are servant leadership, honor, unity, and perserverance. These are the founding core pillars of our school.

Comprehensive Needs Assessment

Revised/Approved: September 6, 2023

Demographics

Demographics Summary

IDEA Owassa College Prep, situated in Pharr, Texas, is a charter school that was established in 2018. Currently serving grades 6-10, we welcome students through an open enrollment process. Our educational approach centers around Data Driven Instruction, wherein we set specific numerical objectives and diligently monitor our progress on a daily, weekly, and monthly basis. By analyzing patterns in student misconceptions, we adapt our teaching in real time to effectively cater to the needs of our students. We provide intervention classes and tutoring services to support those who require additional assistance.

Our student body comprises a significant number of first-generation college students, as well as students who commute from Mexico. To aid their educational journey, we offer daily support and tutoring. We take pride in celebrating achievements by acknowledging incremental and individual growth.

At IDEA Owassa, we hold a deep affection for our students. Our school fosters a joyful culture by investing in programs and classes tailored to their unique interests and passions. We offer a variety of CTE courses, after-school electives, and clubs, including the National Honor Society and Student Council. Striving for a culture of accomplishment, we set high expectations for all individuals involved. Recognized as an A campus and considered the best scaling campus among our peers, we currently enroll students in grades 6-10, and we are proud to have 2 AP scholars. We provide Advanced Placement Courses to all students, aiming to surpass lofty academic standards. We impart these skills through our core values, regular culture checks, continuous professional development for our teachers, and a visible administrative presence. Upholding rigorous standards, we tailor our strategies to assist each child in reaching their fullest potential.

Demographics Strengths

46% of students in middle school who received reading intervention grew 2.0 years or higher grade level growth on the Renaissance reading exam.

IDEA Owassa College Prep achieving its mission of college for all in serving a campus of 98% economically disadvantaged students.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): 100% of the 56 students who withdrew during the 2022-2023 academic year were of the low socioeconomic population. 10 students of the 56 were withdrawn from our school due to disciplinary reasons. **Root Cause:** A large percentage of our population withdrawing from school have financial instability and face economic hardships to meet basic needs which causes this population to move often. Some students lack parental involvement economic challenges may lead to parents working multiple jobs or long hours, resulting in reduced time for parental involvement in their children's education and limited support.

Problem Statement 2 (Prioritized): Growth for SPED And 504 population has not grown significantly. **Root Cause:** The root cause of the issue is a lack of clear communication and intentional collaboration between general education teachers and intervention teachers, resulting in a limited understanding of each other's roles and responsibilities.

Student Learning

Student Learning Summary

On the mock exam in April data showed that Domain 1 data was at a 67, Domain 2 was at a 77, and Domain 3 was at a 61. Overall data was at a 72, putting us at a C rating. The scores this year were significantly lower than last year's data where Owassa College Prep was rated an A with a 95. In the RISE unit students were able to meet their goal on their reading and math mock exams with 100% passing at level 2 and 33% passing at level 3. In CSI, by the last week of school, the target had not been met and fell short of 3 students. These students are being targeted during summer school until they are able to test again. There was growth in history compared to the 2022 STAAR results. Students had already grown about 10% in their overall SAS.

Student Learning Strengths

- CSI growth throughout the year from the beginning, middle, and end of the year RenStar exam.
- The campus met AR Honor Roll for the 5th time.
- AP World History mock exam data showed 30% of students at a 3 or higher.
- All grade levels showed growth throughout the school year in ELA.
- Students in RISE met their STAAR goal on the mock exams for reading and math in level 2 and 3 percentages.
- In all subjects, there was a growth in writing for short constructed responses.
- Math scores improved specifically in 7th grade, moving from being at the bottom of the district to being at the top of the mid-valley on the last mock exam and in preliminary STAAR results.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Writing was not at the forefront of instruction in all subjects. **Root Cause:** Integrate IXL to ensure that students are beginning aligned revising and editing practice early on. Norming basic rules in writing, revising, and editing in all grades across all contents. Ensuring that teachers are pushing students to speak using complete sentences and/or applying strategies such as Format Matters.

Problem Statement 2 (Prioritized): Students are not held accountable for completing their classwork in the allotted time. **Root Cause:** - Holding students to high expectations when completing class work during the first teach. - Teaching students about time management so that they are preparing for high school when they take AP exams. - Teachers giving students specific time stamps that help them stay on task and allow the teachers to complete a full lesson cycle during each class period.

School Processes & Programs

School Processes & Programs Summary

We foster the development of instructional leaders through the implementation of the School Leadership Levers, a comprehensive rubric designed to guide and coach essential leadership skills. Each leader formulates a personalized leadership plan at the beginning of the year, identifying specific levers to focus on. Throughout the year, these levers are observed and assessed, and constructive feedback is provided to support leaders in their growth areas. Clear roles and responsibilities are established from the outset using a Responsibility Assignment Matrix (RASI). Each leader is provided with a well-defined scope of work, along with corresponding goals and measurable metrics to gauge their progress.

To ensure effective professional development (PD) for our staff, we employ a data-driven approach. We gather data during instructional rounds and draw insights from metrics such as Average Daily Attendance (ADA), Persistence, and state assessments. This information serves as the basis for designing a well-structured scope and sequence of PD sessions for our teachers. Regular analysis of low assessment data allows us to prioritize coaching for teachers who may require additional support. Additionally, we utilize the GET rubric to determine the specific topics covered in our PD sessions, ensuring alignment with teachers' needs.

Our strategies for supporting teachers include providing targeted coaching and presenting models of effective instructional practices. We offer tangible examples and establish clear criteria for success, fostering a shared understanding of instructional expectations. Through rehearsals and practice sessions, we work closely with teachers to ensure mastery of the identified key skills. Furthermore, we provide comprehensive feedback on lesson plans, enabling teachers to create engaging and impactful learning experiences for their students.

In order to enhance academic outcomes, we have implemented various academic programs, including IXL/Math, DI/DISE, and Accelerated Reader. These programs serve as valuable supplements to our core curriculum, supporting students' learning experiences. We closely monitor the progress of these programs, ensuring that they contribute to student achievement. Importantly, these initiatives also promote equity by offering struggling students equitable access to additional resources and support.

School Processes & Programs Strengths

Curriculum & Instruction:

A significant achievement within IDEA is that over one-third of our students graduate with the distinguished "AP Scholar" designation, which requires earning qualifying score of a 3 on at least three Advanced Placement (AP) exams. This accomplishment highlights their successful completion of college-level coursework prior to graduation.

IDEA is committed to providing students with access to accelerated instruction through our 1:1 technology device initiative. This program equips students with personalized learning experiences, including adaptive software for mathematics and literacy. Additionally, students have access to an extensive digital library boasting hundreds of thousands of books, enhancing their educational resources through the AR programs and IXL

software.

The curricular resources utilized at IDEA are of the highest quality, consistently earning top ratings on national evaluation measures. We diligently evaluate our curriculum using a rigorous assessment tools online and per semester, to ensure alignment with the Texas Essential Knowledge and Skills (TEKS), AP course standards, as well as the State of Texas Assessments of Academic Readiness (STAAR) and End-of-Course (EOC) exams.

IDEA is dedicated to supporting our teachers and leadership staff through various professional development opportunities. These training programs focus on enhancing pedagogical content knowledge among teachers and coaching skills among leaders. By investing in our educators, we strive to continuously improve instructional practices and promote student success.

For 20 consecutive years, IDEA has achieved a remarkable milestone: 100% of our students have gained acceptance into college. This accomplishment serves as a testament to the effectiveness of our academic programming in adequately preparing students for post-secondary education

IDEA Special Programs:

In 2022, IDEA Owassa CSI Team achieved exceptional results by surpassing the expected growth target for English Learners (ELs) in the Texas English Language Proficiency Assessment System (TELPAS). A remarkable 48% of ELs met or exceeded the target, demonstrating their significant progress in language acquisition.

Overall

IDEA places great emphasis on the individualized coaching and development of its employees, recognizing it as a significant contributing factor in enabling new hires to achieve proficiency swiftly and establishing a robust internal pool for promotion opportunities. By providing targeted support and guidance, IDEA ensures that employees can enhance their skills and competencies, ultimately contributing to their professional growth within the organization.

An essential aspect of IDEA's approach is the provision of ongoing feedback, which serves as a valuable tool for employee development. This feedback is accompanied by effective accountability mechanisms that foster a culture of transparency and high performance. By clearly outlining expectations and holding employees accountable for their performance, IDEA cultivates a supportive environment where individuals understand what is required of them and are motivated to excel.

By investing in the growth and development of its employees, IDEA cultivates a culture of continuous improvement and positions itself as an employer of choice within the education sector.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): 86% of teachers persisted to 23-24 **Root Cause:** Root Causes - Changes in Roles - Budget Cuts - Work Life Balance

Problem Statement 2 (Prioritized): The family participation in school events vary tremendously between Academy and College Prep **Root Cause:** Root Cause - Lack of combined events - We are not leveraging the relationships and ties that family already have with our campus though these events.

Problem Statement 3 (Prioritized): Lack of Consistent Discipline Ladder for Students **Root Cause:** Root Cause - no single document that gives this guidance for teachers - GTL's were not trained on what is theirs and what is API

Perceptions

Perceptions Summary

We currently do not have graduation or drop out rates since we are a scaling campus.

When conflict arises on campus, we use de-escalation techniques, peer mediation, and establish a supportive environment with students. We offer counseling services to teach students healthy conflict resolution skills and utilize restorative practices that focus on repairing the harm caused by conflicts rather than assigning blame. The main counseling technique used for students is Solution Focused Brief Counseling that emphasizes a collaborative approach to help students define desired outcomes and develop SMART goals.

Our current staff retention is at 80% down from the previous year of 85%. Staff members have high academic expectations for students and build relationships that carry over year after year. Staff members have also adopted an open door policy with families and build strong rapport. Some staff members have expressed feeling overwhelmed with daily duties.

Parent/guardian/community participation is measured by having surveys after parent engagement events and sign in sheets. Some barriers that prevent participation may be transportation for some parents or working schedules. Questions concerning safety and social emotional support have seen an increase since last year.

Perceptions Strengths

Persistence has steadily remained above the 95% benchmark for the entire school year.

Staff has built strong relationships with families who have shared their appreciation for the strong rapport and constant communication.

Staff continues to establish high standards for students academically.

Since the implementation of law enforcement on campus families feel this a physically safe place to send their children.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): 75% of employees say it is a great place to work, which is lower than previous years and the average of 80%. **Root Cause:** Work life balance Changes in role Budget constraints

Problem Statement 2 (Prioritized): 5 employee departures this school year, higher than average. **Root Cause:** Work life balance Changes in role Budget constraints High stress Fast-paced curriculum

Priority Problem Statements

Problem Statement 1: Growth for SPED And 504 population has not grown significantly.

Root Cause 1: The root cause of the issue is a lack of clear communication and intentional collaboration between general education teachers and intervention teachers, resulting in a limited understanding of each other's roles and responsibilities.

Problem Statement 1 Areas: Demographics

Problem Statement 2: 100% of the 56 students who withdrew during the 2022-2023 academic year were of the low socioeconomic population. 10 students of the 56 were withdrawn from our school due to disciplinary reasons.

Root Cause 2: A large percentage of our population withdrawing from school have financial instability and face economic hardships to meet basic needs which causes this population to move often. Some students lack parental involvement economic challenges may lead to parents working multiple jobs or long hours, resulting in reduced time for parental involvement in their children's education and limited support.

Problem Statement 2 Areas: Demographics

Problem Statement 3: 75% of employees say it is a great place to work, which is lower than previous years and the average of 80%.

Root Cause 3: Work life balance Changes in role Budget constraints

Problem Statement 3 Areas: Perceptions

Problem Statement 4: 5 employee departures this school year, higher than average.

Root Cause 4: Work life balance Changes in role Budget constraints High stress Fast-paced curriculum

Problem Statement 4 Areas: Perceptions

Problem Statement 5: Students are not held accountable for completing their classwork in the allotted time.

Root Cause 5: - Holding students to high expectations when completing class work during the first teach. - Teaching students about time management so that they are preparing for high school when they take AP exams. - Teachers giving students specific time stamps that help them stay on task and allow the teachers to complete a full lesson cycle during each class period.

Problem Statement 5 Areas: Student Learning

Problem Statement 6: Writing was not at the forefront of instruction in all subjects.

Root Cause 6: Integrate IXL to ensure that students are beginning aligned revising and editing practice early on. Norming basic rules in writing, revising, and editing in all grades across all contents. Ensuring that teachers are pushing students to speak using complete sentences and/or applying strategies such as Format Matters.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: The family participation in school events vary tremendously between Academy and College Prep

Root Cause 7: Root Cause - Lack of combined events - We are not leveraging the relationships and ties that family already have with our campus though these events.
Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: 86% of teachers persisted to 23-24
Root Cause 8: Root Causes - Changes in Roles - Budget Cuts - Work Life Balance
Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: Lack of Consistent Discipline Ladder for Students
Root Cause 9: Root Cause - no single document that gives this guidance for teachers - GTL's were not trained on what is theirs and what is API
Problem Statement 9 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data

Student Data: Student Groups

- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group

Student Data: Behavior and Other Indicators

- Attendance data
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA & CP: 36% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

IDEA Public Schools

Palmview Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 28, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communitiesÂ for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates. At IDEA Academy Palmview, we prepare all students for success in college and citizenship. Our scholars understand and embrace the journey to and through college. Our staff, families and the Palmview community are invested in our scholars success and embrace the college going identity as they support our scholars in their journey. We are true to our Team and Family core value because we care about our scholars, staff, families, and community. At IDEA Academy Palmview, scholars receive the highest quality academic education and enrich their learning through hands on activities and real-world learning through an agricultural focus. We understand that the experiences and relationships they build at IDEA Academy Palmview will impact their contributions to their community and beyond. We are aggies because we Know the way, Go the way, and Show the way. To be true to our vision, we will operate each year with three pillars of commitment: Experiences Relationships Excellence.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: August 28, 2023

Demographics

Demographics Summary

IDEA Palmview Academy is a Title 1 campus that offers quality educational programs and extracurricular activities to students in grades Kinder through 5th grade. It is a public charter school available to all students and focuses on the whole scholar making it the school of choice. IDEA Palmview is located in the Rio Grande Valley serving the community of Mission, Palmview, Penitas, La Joya and McAllen, Tx. For the 22-23 school year it served 628 students in Kinder to 5th grade. The student body is made up of 50.48% Female and 49.52% male. 96.82% of the student population is identified of having a Hispanic-Latino ethnicity.

Palmview Academy serves students with specific supports in place for Emergent Bilinguals (60%), Special Education (11%), At-Risk (75%), and Economically Disadvantaged (96%). Average daily attendance rate for students is 98%.

Palmview Academy employed 32 educators and 15 educational aides in the 2022-23 school year. The number of teachers increased by 4 from the prior year while the number of aides increased by 3. Overall, our educators had a varying level of professional experience: 16% were new to teaching with 0-1 years of experience, 76% had 2-5 years, 8% had 6-10 years. The average years of professional experience was 3-4 years.

Please review our campus Academy Demographics upload in Addendums.

Demographics Strengths

- Staff Retention Rate from 2022-2023 was 92%.
- IDEA Palmview's student body is compromised of the most underserved and at risk students in the community. The neediest of students are in a charter school district whose mission is send 100% of their students to college.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): English learners, special populations, and 504 students have not achieved their full potential academically. **Root Cause:** Barriers exist due to significant learning gaps or impairments in learners identified by program qualification guidelines. A diverse population requires deep understanding of the needs of various learners while implementing a common set of values and expectations as a school.

Problem Statement 2 (Prioritized): There is a lack of strong and positive relationships between students and teachers. **Root Cause:** Adults biases exist in which relationships need to be established and sustained with all learners due to continual new enrollments, learner needs, social-emotional wellness and behavioral challenges.

Student Learning

Student Learning Summary

Palmview Academy STAAR Results for the 21-22 school year were:

Reading 60/37/12
Math 58/27/11
Overall D

This resulted in the campus placed in a Targeted Improvement Plan.

In our 3rd-4th grades, growth was not evident in Domain 1 - Achievement from the 2022 STAAR assessment and internal benchmarks. Students showed no growth in Approaches, Meets, and Masters in each subject that was tested.

Reading and literacy pose a major concern within our school. Students are not at a proficient reading level that allows them to comprehend and analyze text. This skill is need for their academic success in all subjects.

Student Learning Strengths

1. Our strengths surface in our early primary grades. Our students in Kindergarten through 2nd grade continue to excel in the areas of literacy and math. Our Kindergartners also continue to blossom in the area of reading and have the highest number of students on track of meeting end of year reading goals. The strengths in these grade-levels provides promise that our students in are receiving a solid foundation.
2. Campus assessments are aligned with grade-level TEKS standards, and 90% of the classrooms have evidence of formative assessments aligned to the daily task and at the same level of rigor as top-line assessments.
3. 50% of students needing additional intervention in learning to read (decode) showed 2+ years growth at end of year.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There was no high quality instructional materials or resources intentionally designed to meet the needs of students with disabilities and/or English learners. **Root Cause:** Instructional staff did not receive professional development nor have access to resources targeting these students groups.

Problem Statement 2 (Prioritized): Only 23% of student body is on grade level with reading fluency, comprehension, and vocabulary skills. **Root Cause:** Teachers did not receive the support nor training to effectively use research based teaching practices that promote critical thinking skills and differentiated and scaffold supports for students with disabilities and/or English learners.

School Processes & Programs

School Processes & Programs Summary

Staff assignments are reviewed each spring. We seek input from our staff using questioners that allow them to express their thoughts on systems and procedures from the current school year and what aspirations they have for the next. Using teacher and student data, teachers are coached and placed appropriately in each grade level. The leadership team is comprised of the principal, assistant principals, student success advisor, social worker, and testing coordinator. The team was afforded the opportunity to lead a grade level in behavior and attendance.

Staff retention is at 94% of the staff for the 2022-2023 school year. In addition, core content teachers are attending summer professional learning opportunities in the areas of Literacy and Math. Moving forward, in the 2022-23 school year, emphasis will be placed on ensuring that the teachers apply their professional learning in the classroom consistently. There is also a need to strengthen Tier 1 instruction across the grade levels, which begins with improving teacher attendance, effective instructional practices, the implementation of Gradual Release with fidelity, the continued implementation of Direct Instruction, Wit and Wisdom, and Eureka curriculum, and an intentional coaching model that will provide timely feedback. To improve the effectiveness of instruction, systems, and routines, the implementation of the coaching cycle will continue to be non-negotiable and monitored daily. Due to the fact that teachers need to use more of their planning time for instructional purposes professional learning communities {PLCs} will focus on four components; 1) Learning 2) Planning 3) Practice and 4) Data-Driven Analysis. Sessions will be conducted a minimum of one time a week with teachers planning based on these questions, “What do we want the children to learn? How will they learn it? How will we know when they have learned it? What actions do we take when they do not learn it?". Palmview Academy will incorporate a greater emphasis on ELA and Math in all grade levels. Both administration and campus-based coaches will attend PLCs having previously reviewed the curriculum and shared the agenda with teachers. Technology is heavily used for academic achievement. The Instructional Technology Lead will continue to enhance technology and ensure teachers are equipped with the most recent research-based practices. Administrators and Instructional Coaches will aid teacher development throughout the year providing on-the-spot coaching and timely feedback.

School Processes & Programs Strengths

Strengths in the school process can be seen in our students enrolled in our After-School program. These students participated in a variety of academic and non-academic programs where they transferred their experiences to the classroom.

Another strength is that of the teachers attending PLC sessions on time and regularly for the last quarter of the year. Evidence could be seen of teachers transferring what they discussed and learned during PLC in their day-to-day academic routine. In addition, regional coaches played a key role in re-designing the execution of lesson delivery through tight loop coaching. Teachers effectively created groups based on data and purposefully developed academic rotation stations which included a teacher station for small groups, a digital learning station, and an independent skills practice station.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There was no regularly scheduled training for teachers, leaders, including adult learning, modeling, and fidelity to observation feedback cycles. **Root Cause:** Campus Instructional Leadership team lacked the skill set and accountability for executing and following through on coaching cycle.

Problem Statement 2 (Prioritized): There is a large amount of students in need of additional academic assistance beyond the instructional day. **Root Cause:** Classroom teachers need support in delivering rigorous Tier 1 instruction including activities that encourage application of learning.

Problem Statement 3: On school survey students felt 3.0/5.0 that the behavior of other students hurt or prevented them from learning. **Root Cause:** Ineffective classroom management strategies or lack of clear expectations and boundaries.

Perceptions

Perceptions Summary

An ESF diagnostic was conducted by Panorama Education in the Fall semester of 2022. The report indicates the percentage of favorable responses of each of the (6) Essential Actions by topics using the following descriptors: 1) develop quality leaders 2) Recruit and retain high quality staff 3) Aligned vision and mission 4) use of high quality instruction 5) effective classroom routines along with data driven instruction. The results are as follows by each stakeholder.

Essential Actions	Teachers	Students	Parents
High Quality Leaders	69%	41%	68%
Highly Qualified Educators	52%	67%	60%
Aligned vision/mission	55%	55%	59%
High Quality Instruction	64%	58%	63%
Effective Classroom Routines	56%	60%	64%
Data-Driven Instruction	41%	53%	62%

Perceptions Strengths

The strengths from surveys and a parent focus group were as follows: 1) parents do believe that their children's school is made up of high quality leaders 2) students believe that they are being taught by high quality educators 3) All staff members believe that students are supported on the campus and effective school leadership drives the school towards excellence.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): 45.2% of staff feel that the campus is a psychologically and emotionally healthy place to work. **Root Cause:** Staff does not feel supported or equipped with skills to target academic and behavioral concerns.

Problem Statement 2 (Prioritized): Parent involvement, especially with diverse populations, and community partnerships are not strong. School wide activities render less than 30% parent/family attendance. **Root Cause:** There is limited opportunities in activities parents/community members feel confident in participating and because of parents working multiple jobs to support family, language barriers and time.

Priority Problem Statements

Problem Statement 1: There was no high quality instructional materials or resources intentionally designed to meet the needs of students with disabilities and/or English learners.

Root Cause 1: Instructional staff did not receive professional development nor have access to resources targeting these students groups.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Only 23% of student body is on grade level with reading fluency, comprehension, and vocabulary skills.

Root Cause 2: Teachers did not receive the support nor training to effectively use research based teaching practices that promote critical thinking skills and differentiated and scaffold supports for students with disabilities and/or English learners.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: There was no regularly scheduled training for teachers, leaders, including adult learning, modeling, and fidelity to observation feedback cycles.

Root Cause 3: Campus Instructional Leadership team lacked the skill set and accountability for executing and following through on coaching cycle.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: There is a large amount of students in need of additional academic assistance beyond the instructional day.

Root Cause 4: Classroom teachers need support in delivering rigorous Tier 1 instruction including activities that encourage application of learning.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: English learners, special populations, and 504 students have not achieved their full potential academically.

Root Cause 5: Barriers exist due to significant learning gaps or impairments in learners identified by program qualification guidelines. A diverse population requires deep understanding of the needs of various learners while implementing a common set of values and expectations as a school.

Problem Statement 5 Areas: Demographics

Problem Statement 6: There is a lack of strong and positive relationships between students and teachers.

Root Cause 6: Adults biases exist in which relationships need to be established and sustained with all learners due to continual new enrollments, learner needs, social-emotional wellness and behavioral challenges.

Problem Statement 6 Areas: Demographics

Problem Statement 7: 45.2% of staff feel that the campus is a psychologically and emotionally healthy place to work.

Root Cause 7: Staff does not feel supported or equipped with skills to target academic and behavioral concerns.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Parent involvement, especially with diverse populations, and community partnerships are not strong. School wide activities render less than 30% parent/family attendance.

Root Cause 8: There is limited opportunities in activities parents/community members feel confident in participating and because of parents working multiple jobs to support family, language barriers and time.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Closing the Gaps Domain
- Effective Schools Framework data

Student Data: Assessments

- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results

Student Data: Student Groups

- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Student surveys and/or other feedback

Employee Data

- Staff surveys and/or other feedback

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade through Fifth-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 29% to 31% in Spring 2024 (HB3)

High Priority

HB3 Goal

Performance Objective 2 Problem Statements:

Demographics

Problem Statement 1: English learners, special populations, and 504 students have not achieved their full potential academically. **Root Cause**: Barriers exist due to significant learning gaps or impairments in learners identified by program qualification guidelines. A diverse population requires deep understanding of the needs of various learners while implementing a common set of values and expectations as a school.

Problem Statement 2: There is a lack of strong and positive relationships between students and teachers. **Root Cause**: Adults biases exist in which relationships need to be established and sustained with all learners due to continual new enrollments, learner needs, social-emotional wellness and behavioral challenges.

Student Learning

Problem Statement 2: Only 23% of student body is on grade level with reading fluency, comprehension, and vocabulary skills. **Root Cause**: Teachers did not receive the support nor training to effectively use research based teaching practices that promote critical thinking skills and differentiated and scaffold supports for students with disabilities and/or English learners.

Perceptions

Problem Statement 2: Parent involvement, especially with diverse populations, and community partnerships are not strong. School wide activities render less than 30% parent/family attendance. **Root Cause**: There is limited opportunities in activities parents/community members feel confident in participating and because of parents working multiple jobs to support family, language barriers and time.

Goal 3: Increase student daily attendance

Performance Objective 3: CP: 100% of students from 6th-12th grade meet their MVPA minutes goal of 900. (TEC 11.253(d)(10))

Evaluation Data Sources: Locus

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1: Weekly tracking of Locus data dashboard to align/plan aggressive monitoring tool. **Strategy's Expected Result/Impact:** Activity is monitored and students are held accountable to meeting goals. This will improve student health and daily attendance will increase. **Staff Responsible for Monitoring:** Principal, Assistant Principals of Instruction, Coaches **Title I:** 2.5 - **TEA Priorities:** Improve low-performing schools - **ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1, 2	80%	90%		

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 3 Problem Statements:

Demographics
Problem Statement 1: English learners, special populations, and 504 students have not achieved their full potential academically. **Root Cause**: Barriers exist due to significant learning gaps or impairments in learners identified by program qualification guidelines. A diverse population requires deep understanding of the needs of various learners while implementing a common set of values and expectations as a school.
Problem Statement 2: There is a lack of strong and positive relationships between students and teachers. **Root Cause**: Adults biases exist in which relationships need to be established and sustained with all learners due to continual new enrollments, learner needs, social-emotional wellness and behavioral challenges.

Goal 3: Increase student daily attendance

Performance Objective 4: Reduce the overall chronic student absenteeism rate by 50%.

Evaluation Data Sources: Locus, PowerSchool

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Raise awareness and promote the importance of attendance 1. Launch a school wide campaign and committee to raise awareness about the importance of regular attendance starting with Meet the Teacher Night 2. Use various communication channels to educate students, parents, and staff about he impact of chronic absenteeism on academic achievement such as parent weekly, teacher weekly, and culture rounds 3. Set clear monthly targets with APO, share goals with entire school community, and share weekly progress via teacher weekly and parent weekly **Strategy's Expected Result/Impact:** Implementing these strategies collectively and consistently, while monitoring progress and making necessary adjustments can contribute to a significant reduction in the overall chronic student absenteeism rate. **Staff Responsible for Monitoring:** Principal, Assistant Principals, Admin Assistant, Student Success Advisor, Testing Coordinator, Grade Team Leaders, Teachers **Title I:** 2.5 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Perceptions 2

IDEA Public Schools

Palmview College Prep

2023-2024 Campus Improvement Plan

Board Approval Date: August 3, 2023
Public Presentation Date: August 3, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IDEA Palmview College Prep

"Of the thousands, be the one." -Drew Brees; NFL quarterback.

Vision: IDEA Palmview College Prep strives to ensure 100% of students reach their full potential of being "the one" prepared for success in college and citizenship. We are guided by three pillars that we instill in our scholars everyday: we have a **choice** in the pathway of our lives, engage and partner with our **community,** and become the **change** we want to see.

Pillar 1: Choice

"It is our choices that show what we truly are, far more than our abilities." – J.K. Rowling

According to the USDA, "between 2010 and 2015 there were more jobs available in agriculture and food systems, renewable energy, and environment than qualified graduates to fill them." IDEA Palmview will answer this need by producing scholars prepared for college in many majors of focus including agriculture.

The IDEA Palmview is composed of three integral components:

- Classroom Instruction aligned to Pre-AP and AP Pathways to college
- Supervised agricultural experience (SAE)
- Student organization (4H and/or FFA)

Pathways:

Our Aggie families come together to make an informed choice toward their future college major in the College of Sciences pathways. We will align curriculum, identify strengths, and provide AP coursework to introduce and engage students in their choice major to encourage self-agency.

A study conducted by Texas A&M, found that many students balance college and jobs. Seidman, author of the new book Crossing the Finish Line: How to Retain and Graduate Your Students. Students "don't understand the cost-benefit of going to college" — the typically higher wages earned by degree-holders — "and we do a bad job of explaining that." I have also seen this firsthand while working in Laredo ISD, IDEA San Juan and Mission. Many of our students, both struggling and high achieving, are enticed by the quick money or easy wages of the pipeline, welding, and trucking industries. They see family members working or are recruited by companies because of their age and resiliency. IPCP will combat this short-term mentality of a "quick win" and focus on long-term effects by creating foundational awareness (family graduation plan meetings, classroom instruction, and labs), learning to balance academics and work (internships, SAEs), along with college experiences (FFA, CSAP) and field lessons (you cannot dream about what you don't know exists).

Supervised agricultural experience (SAE):

Students learn by doing with the SAEs. Agricultural Education teachers assist students in developing an SAE project based on their interests and available opportunities in our community. Most SAE programs are performed outside of regular class time, either after school, at home, or in a place of business. There are four types of SAE programs: exploratory, entrepreneurship, placement, and research/experimentation. This experience allows students to explore possible careers in agriculture and become a competitive college candidate ready to become leaders in their chosen field/college major.

Student organization:

FFA is an intracurricular student organization for those interested in agriculture and leadership. A study conducted by the American Association for Agricultural Education found that the majority of FFA members' three basic human needs are met due to their involvement in career development events, leadership positions, and other FFA activities including "love and belonging, self-esteem, and self-actualization." Of all research questions, the highest concentration of members claimed to have a more enjoyable high school experience as a result of their membership in FFA allowing them to build life-long friendships.

FFA members embrace concepts taught in agricultural science classrooms, build valuable skills through hands-on experiential learning, and each year demonstrate their proficiency in competitions based on real-world agricultural and leadership skills used to prepare them for 235 unique college majors/careers in agriculture and leadership. Competitions also render scholarship opportunities and networking with leaders in the agricultural sciences and business. To date, more than $44 million in FFA collegiate scholarships have been awarded to students pursuing higher education.

Pillar 2: Community

"Alone we can do so little; together we can do so much." - Helen Keller

Family:

When we share connections, values, and work together as a family (parent/school team), we become committed to each other. We cannot achieve our goals alone. We are all partners each giving 100% every day.

Commitment: Upon entering the commitment of joining IDEA Palmview for the duration of our Aggies' middle/high school career, our families start with the end in mind. During WTI, our families experience testimonials from students who have graduated from IDEA, parents of those students, and watch a video of College Signing Day or even visit the event. Many families know there are possibilities but seeing an exemplar that met the goals of being accepted into college(s), moving away/staying local, returning, graduating from college, and starting a career is proving the possible. Families hear testimonies of the parents who sacrificed to know that their sacrifice will also pay off. We won't stop at WTI; every assembly of families will begin with a story of the possible to keep the feeling fresh until our school begins to produce exemplars of our own.

Open, consistent, two-way communication: As a parent, all I really want is for my children to be safe, learn, and be celebrated for their successes. I want to be notified of the struggles in behavior, academics, when they grow, and overcome their obstacles. I want to know what is going on each week/month/year on campus whether it is an event, something is due, informed of a need in advanced with frequent reminders, and know that I am a partner not an obstacle.

As a team it is important to hold each other accountable and welcome feedback. In addition, we will call our families. If a student is absent, we will call because we know they are

missing instruction. We will call if the child is out of uniform because professionalism and safety is essential. We want families to call us when they have questions or share a home situation to make our Aggies feel comfortable and safe. Teachers will call/text/send home notes (called Aggie mail) with updates on progress and positive accolades at least twice a month, if not more, to every single student.

Our families are part of the campus: Our Aggie families know they are part of our everyday by receiving information in several ways including: the parent weekly we call "The Paw Print," a text system called REMIND, our IDEA website, and our Facebook page. Aggie families know what our children are experiencing so they can see the joy through photos and extend support at home. We get to know our families and build quality relationships with them. Our Aggie families are partners and are encouraged to call, send notes, leave comments on our pages, and visit our campus. Our families are welcome to share concerns, accolades, perspectives and ideas.

We know it is crucial to not only be a team but to get to know each member on the team. IPCP will host family events because we want our school to feel like a home away from home for the whole family. Our families participate whether in Donuts with Dad, chaperoning field trips and field lessons, being a guest speaker, attending college counseling sessions, attending Report Card/Open House nights, or simply observing in school tours. Our families participate and are present.

Community:

Our Palmview community is made up of a fellowship with others, as a result of sharing common experiences, attitudes, interests, and goals. We share the goal of having our children meet their full potential, do better than we did, and have a life full of purpose and wellbeing. IDEA Palmview will support this by serving our community and sharing our why we chose to "be the one."

Community Service: At IDEA Palmview we build empathetic students who aren't only prepared to get into college but enter with a purpose, skill sets, and use those skills to get through college in order to return and improve their community. A 126-hour graduation requirement for our students, community service will build joy, belonging, and application of the skills in social engagement, self-agency like problem-solving, advocating, etc. resulting in self-efficacy (independence) and a college-going identity.

Studies conducted by Georgetown, DePaul University (2015), and Birkenholz (1993), have shown that participating in campus organizations increase the likelihood of students not only graduate from college but within the 4-5year mark rather than the 6+ year mark. Students tend to be more successful with higher GPAs if they are involved in student-life organizations on campus because participating creates support-systems, leadership skills, communication skills, time management, and social awareness.

We practice this to learn how to handle all AP coursework and the demands of advanced curriculum by teaching them to get involved with community organizations such as Habitat for Humanity, Mujeres Unidas, participating in pantries, crop sharing with local farmers, becoming historians of the elder community, correct stereotypes with organizations like LUPE who help advocate for the rights of immigrants to be a big brother/sister mentor to our younger students at the academy level.

Service to others helps push our students in the direction of true college readiness by practicing what they learn in the classroom, taking it to the real world, and partnering with people the content is written about and applies. Aggies will engage in community service by grade level to help their community build, act, and thrive. This ranges from being able to 5 times per year (for at least 4 hours each day= 140 hours of service) students will go out to engage in community service projects developed by the school appropriate for the grade level, FFA, and/or mini-capstone/AP Capstone requirements aligned to WE Service.

College and Sharing our Why:

In my leadership story, I mentioned one of the reasons I became the person I am today was due to the realization that it was not my fault that I had obstacles in my life, but it was my responsibility to figure out how to deal with them and build success. I also shared how I feel that it is my responsibility and those of all our Aggie family members to lead by example, show students that anything is possible, and there is no excuse that can stop us. Rather, these are opportunities to answer the call of leadership. We do that by sharing our stories of how we were "the one" in our family and community.

When you walk into classrooms, you'll hear how teachers answered the vocation of education, their underdog stories that took resilience, and turning point moments in their lives. When you set foot in our assemblies, you will hear professionals from our community share their breakthrough moments of "being the one" in their family as a 1st generation college student. When you listen to the student leaders on our campus, you will hear how they have chosen to "be the one," overcome hurdles, and take responsibility. You can also see this in our monthly showcase highlighting a nonstudent Aggie family member who sacrificed and lead their family.

CSAP internships, partnerships with Colleges of Agriculture, and internships with career experts further help our students follow a pathway into college through firsthand experience, inspiring stories, and mentorships. Guest speakers showcase their why, what it takes to be admitted into college as undergraduates and graduate students, follow career paths, and inspire innovation. Everyone on campus will be encouraged to share their story whether it is an administrator, teacher, operations member, student, or even parents because we are proud of where we come from because it helps shape who we are and who we can be in the future!

Pillar 3: Change Agency

"There is no power for change greater than a community discovering what it cares about." – Margaret J. Wheatley

Mini-Capstones:

Academy and middle school students will prep for rigorous independent AP Capstone classes in high school by engaging in mini-capstone projects with a gradual release from whole class projects to small group projects. Students as young as Kindergarten host plant and animal project-based learning experiences in order to be exposed to cause/effect and problem/solutions in agriculture and life sciences to enact change in their community.

AP Capstone:

By their senior year in high school, students can earn the AP Capstone Diploma or the AP Seminar and Research Certificate. Students who earn scores of 3 or higher in AP Seminar and AP Research and on four additional AP Exams of their choosing receive the AP Capstone Diploma. Students who earn scores of 3 or higher in AP Seminar and AP Research but not on four additional AP Exams receive the AP Seminar and Research Certificate. This endorsement is highly valued on college transcripts and furthers our students' competitive appeal. Benefits include standing out to colleges in the application process, develop key academic skills students use in college and beyond, become self-confident, independent thinkers and problem solvers, and earn college credit that many colleges offer for qualifying scores.

WE Service (AP Partnership):

Through WE Service AP partnership Aggies become agents of change. For instance, students in ourAP Environmental Science students can propose a solution to reduce biodiversity loss; AP Human Geography students can develop an action plan that addresses hunger in our community; AP Studio Art: 2-D Design students can paint a mural to demonstrate their individual perspectives on man-made and natural environments. Service learning incorporated in our AP courses further our students' college-going identity.

Students who earn AP credit with WE Service Recognition may be eligible to apply for AP with WE Service-Learning Scholarship, made possible by the Allstate Foundation. This award recognizes exceptional students who have made a positive impact through their service-learning project (can be combined with their Capstone). $50,000 scholarships are awarded to either an individual student or a team annually. With the WE Service AP endorsement IDEA Agriculture & Science students are that much more sought after, recognized, and competitive in the college admission market. Rather than asking our Aggies what they want to be when they grow up, we ask what problems they want to solve and how can they "be the one."

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**

- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 42

Comprehensive Needs Assessment

Revised/Approved: August 3, 2023

Demographics

Demographics Summary

ADA: 92.97%

Persistence: 90.59%

Eco Disc: 96%

EB: 61%

SPED: 21%

FWOS Enrollment: 256 students

Teacher retention: 75%

Teacher-student ratio: 1/25

Certified teachers: 66%

TCP/GET Rubric data:
L1 teachers= 8
L2 teachers= 0
L3 teachers= 6
L4 teachers= 5
L5 teachers= 2

Demographics Strengths

- We know our population of students.
- T-S ratio is 25/1
- All teachers are either highly qualified or certified.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Student identification of "at risk" or "special pops" happens throughout the year versus at the beginning. **Root Cause:** Student receive intervention after identified. Identifying our students who may fall borderline 'At Risk' with active child find tool does not happen proactively to support student needs. Our campus currently has 254 students enrolled in CP and out of our current total 180 are classified 'At Risk'.

Problem Statement 2 (Prioritized): Family engagement at events is, on average, 30%. **Root Cause:** Lack of educating our parents and low attendance during information nights. Our demographics demonstrates we trend Hispanic with over 95% student population. We have come to a conclusion the education of our families of the special education services, offered support sand collaboration identifying students fell short.

Student Learning

Student Learning Strengths

- Student report card grades are higher than assessment scores noting that teachers did a lot of small group and intervention for students to pass classes and make up work missed.

- Students perform better in smaller scale assessments.
- Students perform better in small groups.
- Growth in Exit Ticket data due to small groups and mastery machine increased student practice after second reteach.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Problem Statement 1: The percent of students that have not mastered foundational skills has increased. **Root Cause:** Root Cause 1: Smaller group instruction did not begin at the beginning of the year because we prioritized small group instruction and student practice until after mock results.

Problem Statement 2 (Prioritized): Problem Statement 2: The percent of students writing at level has decreased. **Root Cause:** Root Cause 2: Expressive Writing did not begin until after the mock in March which builds foundational writing skills.

School Processes & Programs

School Processes & Programs Summary

TCP/GET Rubric data:
L1 teachers= 8
L2 teachers= 0
L3 teachers= 6
L4 teachers= 5
L5 teachers= 2

Programs and processes include:

- AP for all
- CTE for all
- 4-H and FFA membership for all (student organizations- CTSO)
- Committee meetings with staff held 2 times per month for feedback on upcoming events, initiatives and plans.
- Professional Development held 2 times per month for culture and new district initiatives
- Couse collabs and webinars hosted quarterly-bi-weekly throughout the year by district with content-same teachers
- Leader development and coaching throughout the year through ELC and Compliance training
- CCT team meeting 1X per month to learn and assess our operating safety protocols
- After school programs offered from 3:45-5:30PM every day
- 1:1 technology
- Observations and coaching for leaders and teachers through weekly instructional rounds

School Processes & Programs Strengths

- CTE Agriculture program and awards.
- NTI Persistence is higher than district average 93.1% due to strong onboarding. NTI onboarding and follow up from Ops; siblings and onboarding events; 1st year contacts; parents comparing with other schools (specifically with SPED).
- According to our GPTW survey staff feel:
    1. 90%+ work is meaningful because IDEA isn't easy and most that stay at IDEA care for students and strive for doing better (open to feedback and have that mindset). Collaboration of teachers together. Comradery 86% and contributes to this data. Parent meetings are attended by all the teachers and act as a team. Parents state that hasn't been seen anywhere else. CSD and graduations is a visual for students, staff and families to be reminded of the future for their scholar. Data convo and following up with it consistently and constantly- we see the growth of our work in that data. Observations and coaching convos rooted in data driven instruction.
    2. 90%+ proud of what they have accomplished because we do the work and we celebrate the growth and improvement. Team work contributing to each teacher's data- ELA teacher isn't the only one responsible for the ELA data.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Staff retention is projected at 75%. **Root Cause:** Not meeting enrollment causes staffing and budget cuts stretching each person thin.

Problem Statement 2 (Prioritized): Inconsistent weekly coaching cycle implementation. **Root Cause:** Lack of accountability system and leader capacity development.

Perceptions

Perceptions Summary

GPTW and AEES survey distributed to staff- 75%

TCP/GET Rubric data:
L1 teachers= 8
L2 teachers= 0
L3 teachers= 6
L4 teachers= 5
L5 teachers= 2

Parent and student surveys are at the district average for safe school.

Staff retention: 87% overall

Family engagement is at 30% attendance average for events.

Perceptions Strengths

Looking at the data for Palmview CP: **Idea treats all employees fairly. We are committed to our work and think our job is meaningful**
We a are proud of what we accomplished.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Our parent involvement has decreased. **Root Cause:** Inconsistency in multiple methods of communication with parents and reminding them ahead of time and keep reminding as the event gets closer. Point person did not take time to plan at least a month in advance for communication and setting up partnerships.

Problem Statement 2 (Prioritized): Students' negative behaviors have increased. **Root Cause:** Positive redirection culture and Consequence ladder not tracked or kept consistent with our Behavior Management System.

Priority Problem Statements

Problem Statement 1: Student identification of "at risk" or "special pops" happens throughout the year versus at the beginning.

Root Cause 1: Student receive intervention after identified. Identifying our students who may fall borderline 'At Risk' with active child find tool does not happen proactively to support student needs. Our campus currently has 254 students enrolled in CP and out of our current total 180 are classified 'At Risk'.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Family engagement at events is, on average, 30%.

Root Cause 2: Lack of educating our parents and low attendance during information nights. Our demographics demonstrates we trend Hispanic with over 95% student population. We have come to a conclusion the education of our families of the special education services, offered support sand collaboration identifying students fell short.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Problem Statement 1: The percent of students that have not mastered foundational skills has increased.

Root Cause 3: Root Cause 1: Smaller group instruction did not begin at the beginning of the year because we prioritized small group instruction and student practice until after mock results.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Problem Statement 2: The percent of students writing at level has decreased.

Root Cause 4: Root Cause 2: Expressive Writing did not begin until after the mock in March which builds foundational writing skills.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Staff retention is projected at 75%.

Root Cause 5: Not meeting enrollment causes staffing and budget cuts stretching each person thin.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Our parent involvement has decreased.

Root Cause 6: Inconsistency in multiple methods of communication with parents and reminding them ahead of time and keep reminding as the event gets closer. Point person did not take time to plan at least a month in advance for communication and setting up partnerships.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: Students' negative behaviors have increased.

Root Cause 7: Positive redirection culture and Consequence ladder not tracked or kept consistent with our Behavior Management System.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Inconsistent weekly coaching cycle implementation.

Root Cause 8: Lack of accountability system and leader capacity development.

Problem Statement 8 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- Local benchmark or common assessments data
- Observation Survey results
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data

Employee Data

- Staff surveys and/or other feedback
- State certified and high quality staff data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Budgets/entitlements and expenditures data

Goals

Revised/Approved: July 10, 2023

Goal 1: IDEA achieves an A Rating

Performance Objective 1: CP: 36% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

High Priority

Evaluation Data Sources: RenStar Assessment

IDEA Public Schools

Parmer Park Academy

2023-2024 Campus Improvement Plan

Accountability Rating: Not Rated

Public Presentation Date: September 12, 2023

Mission Statement

IDEA Public Schools will prepare students from underserved communities for success in college and citizenship.

Parmer Park Academy Vision 2022-2023â€‹

At IDEA Parmer Park academy, our staff will work synergistically by instilling our panther values of pride, academic excellence, accountability and community. As a result, every single one of our students will leave our building as proud panthers, readily equipped with crucial skills to be agents of change and transformative leaders within their communities .

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**

Campus Funding Summary 29

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Parmer Park sets high expectations for every student and goes the extra mile to make sure every student realizes their own potential. Personalized learning, critical thinking skills, mastery of core subjects is our recipe for success. School was founded in 2019 , we serve grade levels k-5, we currently have 714 students , 30% of our students are bilingual/ ESL, 33.7% of our students are categorized at risk, our students are predominantly african american and hispanic, teachers have an average experience on 1.6 years. The majority of our staff are also African American and Hispanic. See PDF in adendum for more information.

Demographics Strengths

Teachers appreciated implementation of behavior matrix along with following due process of code of conduct

Teachers appreciated dojo communication, dojo platform and using dojo for incentives

Teachers appreciated comradery from their peers and consistent training on academics pedagogy and support from the lead team.

Parents appreciated immediate response and consistent communication from teachers

Parents appreciated additional tutoring opportunities offered for students

Parents appreciated the increased opportunities for community involvement

School moved consistently along the district in STAAR Assessments for 3rd Math, 3rd ELA, 5th ELA and 5th science

See PDF in addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Accountability for expectations was inconsistent for students, staff, and parents **Root Cause:** Mid year hires, onboarding gaps and staff vacancies lead to gaps in communication and investment from all stake holders, meet the teacher night did not provide clear opportunity for families to be reset on expectations

Problem Statement 2 (Prioritized): Lack of buy in for school incentive system **Root Cause:** Part of incentives were started later on in the year, lack of tangibility delayed student buy in

Student Learning

Student Learning Summary

STAAR Performance 22 23Students grew especially in our focus 3rd grade. Stagnation occurred in 4th in general this year.

Student Learning Strengths

Students showed growth and completed all intervention requirements through the year. At risk/critical students generally grew the most but not enough to be on grade level

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Excessive STAAR Prep Prevented student buy in and love for literacy **Root Cause:** Students engaged in consistent STAAR practice but not actual engagement with critical thinking skills with math curriculum and ELA curriculum. Teachers lacked skill in making curriculum transfer over to tangible test-prep support

Problem Statement 2: Budget cuts and delay in material access created a barrier for conducive learning environment **Root Cause:** Mid year move to teaching staff how to teach curriculum online and on paper with limited technology and paper supply created stress

Problem Statement 3 (Prioritized): 4th grade student achievement data was the lowest comparatively **Root Cause:** Inconsistent staff, staffing gaps, novice teachers developing skills as mid year hires

School Processes & Programs

School Processes & Programs Summary

CNA Low Inference DataTeachers received coaching and development, teacher content mastery was inconsistent through the year.

Teachers wanted more opportunities to collaborate with one another to learn from one another.

Teachers wanted strong communication operating systems and joy factors on campus.

Families requested more events on campus and field trips.

School Processes & Programs Strengths

We enabled alot of systems last year and will use feedback to tighten systems for next year.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Internal Staff communication felt overwhelming **Root Cause:** Too many systems caused staff to miss important messaging, communication not concise enough made staff miss important messages

Problem Statement 2: Not all families were connected on dojo **Root Cause:** Lack of investment on dojo with some families caused tension between families and staff when they felt communication fell through

Perceptions

Perceptions Summary

Instability and changes through the year created stress for staff.

Perceptions Strengths

Lead team support and listening to feedback, involving staff in the decision making process

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Average of all Great Place to Work Survey statements was below 50% for IDEA Parmer Park employees for 22-23 school year **Root Cause:** Teachers expressed accountability with colleagues was inconsistent dependent on manager causing sentiments around inequity and contributing to low morale

Problem Statement 2 (Prioritized): Staff retention was below 85% for IDEA Parmer Park Employees for 22-23 school year **Root Cause:** Including staff in the decision making process did not occur until Semester 2

Priority Problem Statements

Problem Statement 1: Accountability for expectations was inconsistent for students, staff, and parents

Root Cause 1: Mid year hires, onboarding gaps and staff vacancies lead to gaps in communication and investment from all stake holders, meet the teacher night did not provide clear opportunity for families to be reset on expectations

Problem Statement 1 Areas: Demographics

Problem Statement 2: Lack of buy in for school incentive system

Root Cause 2: Part of incentives were started later on in the year, lack of tangibility delayed student buy in

Problem Statement 2 Areas: Demographics

Problem Statement 3: 4th grade student achievement data was the lowest comparatively

Root Cause 3: Inconsistent staff, staffing gaps, novice teachers developing skills as mid year hires

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Internal Staff communication felt overwhelming

Root Cause 4: Too many systems caused staff to miss important messaging, communication not concise enough made staff miss important messages

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Average of all Great Place to Work Survey statements was below 50% for IDEA Parmer Park employees for 22-23 school year

Root Cause 5: Teachers expressed accountability with colleagues was inconsistent dependent on manager causing sentiments around inequity and contributing to low morale

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Staff retention was below 85% for IDEA Parmer Park Employees for 22-23 school year

Root Cause 6: Including staff in the decision making process did not occur until Semester 2

Problem Statement 6 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Covid-19 Factors and/or waivers for Assessment, Accountability, ESSA, Missed School Days, Educator Appraisals, etc.
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations
- Federal Report Card and accountability data
- Alternative Education Accountability (AEA) data
- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- ASPIRE
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Observation Survey results
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Violence and/or violence prevention records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact
- Equity data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices
- Action research results
- Other additional data

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 49% to 51% in Spring 2024 (HB3)

Native-Hawaiian-Pacific-Islander: 0.59%

White: 12.72%

Male: 52.21%

Female: 47.78%

Demographics Strengths

Highlights:

- YTD ADA increased from 91% (21-22 School Year) to 93.36% (22-23 School Year).
- Overall Student Persistence (76%) and New Family Persistence (64%) increased to 90% of Overall Student Persistence and 84.46% New Family Persistence.
- A-Rated Campus

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Academy ADA was 93.36% YTD (as of 5/30/23). The regional goal is 97.5% YTD. **Root Cause:** (1) Lack of operating mechanisms to track ADA data (2) Lack of follow through on Chronic Absenteeism ADA meetings

Problem Statement 2 (Prioritized): Less than 90% of scholars persisted to the 23-24 School Year. **Root Cause:** (1) Lack of operating mechanisms around school-to-home communication (2) Forms of communication utilized by school are not accessible by all families (i.e., technology illiterate).

Priority Problem Statements

Problem Statement 1: Academy ADA was 93.36% YTD (as of 5/30/23). The regional goal is 97.5% YTD.

Root Cause 1: (1) Lack of operating mechanisms to track ADA data (2) Lack of follow through on Chronic Absenteeism ADA meetings

Problem Statement 1 Areas: Demographics

Problem Statement 2: Less than 90% of scholars persisted to the 23-24 School Year.

Root Cause 2: (1) Lack of operating mechanisms around school-to-home communication (2) Forms of communication utilized by school are not accessible by all families (i.e., technology illiterate).

Problem Statement 2 Areas: Demographics

Problem Statement 3: Classroom instruction for emerging bilingual education lacked utilization of strategies, data tracking, and teacher investment.

Root Cause 3: (1) Lack of appropriate resources and training for educators in teaching emerging bilingual scholars. (2) Lack of operating mechanisms to track emerging bilingual scholar performance.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Weak intervention program.

Root Cause 4: (1) Lack of operating mechanisms to track data and student progress. (2) Lack of intervention curriculum. (3) Lack of operating mechanisms to hold teachers accountable.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Less than 85% of staff in AC was retained for the 23-24 School Year.

Root Cause 5: (1) Lack of work/life balance. (2) High-stress environment.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Increase in Level 2 and Level 3 Student Code of Conduct infractions.

Root Cause 6: (1) SEL curriculum lacked in-depth instruction on bullying, harassment, and racial misconduct. (2) Lack of resources (i.e., Parenting Classes) for families.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Families desire greater opportunities for feedback and engagement.

Root Cause 7: (1) Family engagement is limited to bi-monthly events, PTO meetings, conferences, and 1:1 communication.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Implementation of behavior hierarchy did not yield a decrease in Level 2 or Level 3 Behaviors.

Root Cause 8: (1) Lack of data-tracking surrounding student behavior. (2) Lack of accountability for teachers with poor classroom culture.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Observation Survey results
- Texas approved PreK - 2nd grade assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Discipline records
- Student surveys and/or other feedback
- School safety data

Employee Data

- Staff surveys and/or other feedback

- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Study of best practices

Goals

Revised/Approved: September 5, 2023

Goal 1: IDEA achieves an A Rating

Performance Objective 1: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 44% to 46% in Spring 2024 (HB3)

High Priority

HB3 Goal

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 3-5 classes will provide 25 minutes of daily, small-group intervention to scholars who have not mastered the daily objective. **Staff Responsible for Monitoring:** APIs **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 2	N/A	20%		

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

IDEA Public Schools

Pharr Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: September 20, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 20, 2023

Demographics

Demographics Summary

IDEA Pharr Academy is a Kinder-5th grade school in the Rio Grande Valley that serves a high number of English Language learners and Economic disadvantage students. Our schools serves over 800 students from ages 5-11 years of age where they receive various student support programs such as Bilingual, Special Education, and CSI to tailor our education to meet student needs.

Demographics Strengths

At IDEA Pharr we strive to build a strong belief in team and family with all our stakeholders including students, parents, and staff. We work to ensure that every students receives a high quality education by developing high performing teachers to build a foundation in literacy, mathematics, and communication skills to ensure our students succeed through college.

Strengths:

Student data in EOY assesments is higher in the subpopulations of EB, special education and CSI.

IDEA offers competitive pay to our teachers

IDEA Pharr achieves a matriculation rate of 100%

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Low student ADA for the school year. **Root Cause:** 1. Student absences due to covid guidelines. 2. Teachers lacked a consistent system to call parents when students were absent.

Problem Statement 2 (Prioritized): Students in SPED did not reach proficiency in STAAR exams. **Root Cause:** 1. Inconsistent quality support for students in SPED 2. Inconsistent differentiation support for SPED students

Student Learning

Student Learning Summary

IDEA Pharr Academy performed above the median in area in Pre-K-2nd ELA, Math, Science, and DI data for the school year 2022-2023. Over 50% of students in CSI met and exceed a 2 year growth in Renstar reading assessments from BOY.

Pending STAAR release scores for 22-23

Student Learning Strengths

Increase in student achievement scores from previous STAAR year of 2021-2022.

Strong internal data tracking systems by sub population, grade level, and teacher.

Expected growth met in TELPAS components and composite scores.

Increase and maintained meeting goals in Critical Student Intervention.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Teachers lacked capacity to increase rigor in the classroom aligned to the rigor of state exams. **Root Cause:** 1. Inconsistent TEKS alignment during lesson planning. 2. Lack of differentiation supports visible in lesson plans 3. Leaders not holding teacher accountable

Problem Statement 2: Teachers lack of quality lesson internalizations aligned to standards. **Root Cause:** 1. Lack of fidelity of lesson internalization process 2. Leaders lacked foundation of a clear system for lesson internalization and submission

School Processes & Programs

School Processes & Programs Summary

At IDEA PHARR we have the following:

Curriculum

- K-5th Wit and Wisdom/Eureka/Amplify Science as our core curriculum
- CSI Decoding (3-5th)
- K-2nd Direct Instruction

Professional Development:

At IDEA Pharr we use campus operating mechanisms such as culture and instructional rounds to gather data points, and differentiate our PD sessions. We have STAFF PD on Mondays, and content based PLC's. (Math/science Tuesdays, DI Wednesday, RLA/SS Thursday)

Technology/Extra Curricular?Support Services

As part of our campus model we use several computer based applications for different goals to ensure students are being tracked, provided support, and opportunities for individualized learning in areas such as Hotspot, AR, and PE.

School Processes & Programs Strengths

- IDEA Pharr Retains on average over 90% of our students year over year
- IDEA Pharr parents rate campus at or above 4.7/5 on the statement "my school hold my child to high academic standards"
- IDEA Pharr teachers are rated 3.33 in GET3B lesson planning (22-23)
-

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Increase performance of EB scholars in EOY exams. **Root Cause:** 1. Low pool of candidates with required certifications to fill key campus positions to support EB learners. 2. Low number of bilingual/teacher certified teachers.

Problem Statement 2: Increase 1st year teacher proficiency and performance **Root Cause:** 1. Leaders did not provide differentiation supports to teachers 2. Some teachers required targeted coaching 3. Majority of teachers lacked content knowledge

Perceptions

Perceptions Summary

Our school uses real time data to ensure that we target potential root causes, address them, and ultimately close any gaps in our school's systems. Our yearly parent survey, 1st week of school survey, and parent investment meetings such as "coffee with principal, listening school tours, etc" are examples of how we use parent input to drive our campus level decisions. This has allowed for us to meet our 90% persistence goal year after year. Additionally, our campus leadership teams drives to ensure our Professional Development is aligned to our campus priority of providing quality customer service to all staff and stakeholders.

Perceptions Strengths

IA Pharr Strengths:

ADA: Our ADA in our campus is one of the highest in our district's region due to the fact that we ensure we have a solid system for parent communication. We ensure we invest parents and students in our daily activities and celebrations to ensure scholars are in school every day. This year our campus attendance officer ensures that both academy and college prep leaders report out on their attendance rates by grade level and ensure that each leader has blocked off time in their core calendars for attendance calls.

2-Way Feedback: At our campus we have strived to ensure that parents receive a call back between 24 hours that they reach out to the office, here our school team validates parent concerns and ensures we improve on feedback to make our school better for our students.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Lack of parent investment in parent events. **Root Cause:** 1. After covid regulations shifted there was an inconsistent push towards inviting parents to events. 2. Lack of uniformed communication towards parents.

Problem Statement 2: Lack of operating mechanisms to track and ensure ADA goal is met. **Root Cause:** 1. Inconsistency of following through operating mechanisms for ADA 2. Leader/staff accountability in calling families for ADA

Priority Problem Statements

Problem Statement 1: Low student ADA for the school year.

Root Cause 1: 1. Student absences due to covid guidelines. 2. Teachers lacked a consistent system to call parents when students were absent.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Students in SPED did not reach proficiency in STAAR exams.

Root Cause 2: 1. Inconsistent quality support for students in SPED 2. Inconsistent differentiation support for SPED students

Problem Statement 2 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Accountability Distinction Designations
- Local Accountability Systems (LAS) data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data

- Class size averages by grade and subject
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Budgets/entitlements and expenditures data

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: IA Pharr will be focusing on making sure our rising 5th grade students have a solid literacy foundation to ensure they are able to quickly adapt to College Prep grade levels to ensure there success in ACT examinations. **Strategy's Expected Result/Impact:** 100% of students in Pharr CP will score a 21 or higher in the ACT exams. **Staff Responsible for Monitoring:** Principal **TEA Priorities:** Connect high school to career and college	100%	80%	70%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 1: All IDEA students matriculate to college

Performance Objective 2: 100% of Pharr senior graduates meet TSIA college readiness benchmark (HB3) by EOY

High Priority

Strategy 1 Details	Reviews

IDEA Public Schools

Pharr College Prep

2023-2024 Campus Improvement Plan

Board Approval Date: August 31, 2023
Public Presentation Date: August 31, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 20, 2023

Demographics

Demographics Summary

IDEA College Preparatory Pharr is a 6th through 12th grade school that services students from the Pharr, San Juan, and Alamo area in the Rio Grande Valley. The school was opened in 2011 and is located in Pharr, Texas. ICP Pharr is an open-enrollment charter school. There are 15 AP classes offered from grades 8 through 12, with 100% of students participating in the AP program. The athletics program has many state titles in volleyball, track, and soccer. The arts program includes mariachi, folklorico, and numerous other activities for students to participate in, with state finalists in UIL Physics and Drama, amongst others. ICP Pharr has over 550 students identified as English Language Learners.

Demographics Strengths

A factor of strength at ICP Pharr is our sense of community and belonging. With all students participating in AP for all, all students coming from our neighboring area, and our families having been at our school since its inception, our families have a strong sense of ownership over our school and therefore work hard to see its continued success.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Attendance has continued to be low across the board for all grades. **Root Cause:** Families were not engaged in discussions about the importance of attendance from the beginning of the school year.

Problem Statement 2 (Prioritized): There is a need to increase persistence amongst students citing "high school experience" as the reason they are leaving. **Root Cause:** Our rigorous instruction does not leave much room for the normal experiences at another school, such as weekly pep rallies and spirit weeks.

Student Learning

Student Learning Summary

ICP Pharr received an A Rating from TEA last year, and also received 7 out of 7 distinctions. We are performing as well or better than schools with similar demographics, and are able to ensure that our students are meeting their growth goals. Our AP results are consistently higher than previous years, and at all of our mock exams we were showing growth. Initial STAAR results are showing growth from previous years in most subjects.

Our areas of need are mostly around where we can improve our meets and masters for our subjects, as our initial data was showing that students weren't mastering the rigorous content needed.

Student Learning Strengths

We have increased in all areas year over year, ensuring that all students are being taught by a teacher who can provide excellent instruction. Many tests have maintained excellence even with change in test structure, and EL students are continuing to excel.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Instruction doesn't take into account both rigor and accessibility for all EB students, with students needing more scaffolding. **Root Cause:** Teachers want to ensure that all students are receiving rigorous instruction and do not have the training to provide scaffolds for EBs specifically.

Problem Statement 2 (Prioritized): Students receiving a 3 or higher in AP exams that are Math or Science are not as high as in other areas. **Root Cause:** Foundational skills are missing in both math and science for all students.

School Processes & Programs

School Processes & Programs Summary

Our campus uses core leader levers to ensure instructional leaders are able to accomplish their duties well, and with clear expectations for their duties and roles. Our professional development follows a scope and a sequence that assists teachers in the ways that they will need throughout the year, with addtional topics being added as needed. We observe our teachers frequently, and provide feedback on our observations in various ways to ensure that teachers are able to improve often.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year

- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Staff is not developing their teaching at expected growth levels for all teachers. **Root Cause:** Our staff professional development isn't differentiated based on teacher needs or experience.

Problem Statement 2 (Prioritized): Family engagement is not consistent across all months and grades. **Root Cause:** Our lower grades have more student engagement because parents request it more, but we need to include it for all grades.

Perceptions

Perceptions Summary

ICP Pharr has a 100% graduation rate, with 100% of our students making it to a college of their choice. Our students are able to are 99% Hispanic, with over 97% of them coming from low-income backgrounds. We had quite a few teachers be out throughout the year due to various illnesses, and lost 2 teachers this year.

Perceptions Strengths

Improved in school survey by 18%, with more people feeling that they have a strong team and less people seeing favoritism.

Over 85% of our staff say that our school is a great place to work.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): More staff turnover this year than in previous years. **Root Cause:** Staff who are not successful do not see a pathway to growth.

Problem Statement 2 (Prioritized): Mental health cases have increased in middle school since last year. **Root Cause:** Students did not have an outlet or a place to share their struggles, and the programming for mental health was inconsistently delivered.

Priority Problem Statements

Problem Statement 1: Attendance has continued to be low across the board for all grades.
Root Cause 1: Families were not engaged in discussions about the importance of attendance from the beginning of the school year.
Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to increase persistence amongst students citing "high school experience" as the reason they are leaving.
Root Cause 2: Our rigorous instruction does not leave much room for the normal experiences at another school, such as weekly pep rallies and spirit weeks.
Problem Statement 2 Areas: Demographics

Problem Statement 3: Instruction doesn't take into account both rigor and accessibility for all EB students, with students needing more scaffolding.
Root Cause 3: Teachers want to ensure that all students are receiving rigorous instruction and do not have the training to provide scaffolds for EBs specifically.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Students receiving a 3 or higher in AP exams that are Math or Science are not as high as in other areas.
Root Cause 4: Foundational skills are missing in both math and science for all students.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Staff is not developing their teaching at expected growth levels for all teachers.
Root Cause 5: Our staff professional development isn't differentiated based on teacher needs or experience.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: More staff turnover this year than in previous years.
Root Cause 6: Staff who are not successful do not see a pathway to growth.
Problem Statement 6 Areas: Perceptions

Problem Statement 7: Family engagement is not consistent across all months and grades.
Root Cause 7: Our lower grades have more student engagement because parents request it more, but we need to include it for all grades.
Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Mental health cases have increased in middle school since last year.
Root Cause 8: Students did not have an outlet or a place to share their struggles, and the programming for mental health was inconsistently delivered.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant information
- SAT and/or ACT assessment data
- Observation Survey results

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity, gender, etc.
- Section 504 data
- Response to Intervention (RtI) student achievement data

- STEM and/or STEAM data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Mobility rate, including longitudinal data
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Budgets/entitlements and expenditures data
- Action research results

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers integrate rigorous vocabulary lessons into their daily plans. **Strategy's Expected Result/Impact:** Students increase their scores on ACT by improving their knowledge of the subjects. **Staff Responsible for Monitoring:** RTTC teachers, College Counselors **Title I:** 2.6 **- TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments **Problem Statements:** Student Learning 1 **Funding Sources:** College Counselor - Title I, Part A (4120)	30%	55%	85%

IDEA Public Schools

Quest Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 25, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 30

Comprehensive Needs Assessment

Revised/Approved: May 25, 2023

Demographics

Demographics Summary

IDEA Quest Academy is a public charter school located on the outskirts of McAllen Texas. Current grades are Pre-Kinder through 5th grade. We currently have open enrollment.

Quest has after school clubs which are directed by 21st Century Grant. The programs vary from academic to extracurricular activities to promote academic success and opportunity for fitness "Healthy Kids Here".

Special programs available on campus are Bilingual/ESL, 504 and Special Education.

Number of Students per Grade Level:

PK: 51

Kinder: 109

1st: 117

2nd: 109

3rd: 126

4th: 114

5th: 123

Ethnic Distribution:

American Indian or Native Alaskan: 2

Asian or Pacific Islander: 12

Black, not of Hispanic origin: 3

Hispanic: 711

White, not of Hispanic Origin: 34

Unclassified: 0

Sex:

Male: 394

Female: 368

Socio economic Status:

Eligible for free meals: 439

Eligible for reduced price meals: 17

Other economic disadvantage: 223

504: 14

EB Students: 335

Dyslexia: 3

Foster Care: 0

Homeless: 1

Immigrants: 9

Migrant: 0

Title 1: 0

Military Connected: 1

Demographics Strengths

IDEA Quest provides an opportunity to economically disadvantaged students. IDEA Quest focuses in ensuring each child is provided with a quality education and know that a college pathway is possible for them.

Ensuring the safety of students, Quest has an armed police officer on campus during the school year due to campus having multiple entry points.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Student persistence at IDEA Quest has been a concern for the past few years. It is not only affecting new students but also our returning students. **Root Cause:** (1) Lack of extra-curricular activities that interest our students are not offered at Quest Academy. (2) Lack of building relationship between staff and student.

Problem Statement 2 (Prioritized): Even though IDEA Quest does offer certain UIL sports parents decide to go with public schools to experience the missing activities that are not offered. **Root Cause:** (1) Lack of extra-curricular activities not offered at IDEA Public Schools. (2) Lack of funds to include after school electives

Student Learning

Student Learning Summary

Using our 22-23 mock data, our score for domain 1 is a 75. For domain 2 we scored 84. For domain 3, we scored a 67. When entered into the TEA calculator, our overall estimated score is a 67 projecting our campus to be at a D. We had a 7-point growth in our overall SAS score from semester to mock. Compared to our peers across the district, we outperformed them in math and reading contents. When comparing our special ed population to other campuses in the district, our sped population outperformed the rest of the schools in the math content area. In reading, our students were just above the district average. As of May 5, in Direct Instruction, 98% of our students across PK-2 are on track to meet end of year goal. With this percentage of students on track, this places us 1st amongst the other campuses in our district.

See PDF in Addendum for more information.

Student Learning Strengths

RLA:

In all grade levels, instruction has become horizontally aligned between RLA and writing content, as teachers have a heightened sense of cross-curricular awareness due to consistent collaboration and fidelity of data tracking. They can now accurately identify student misconceptions to address each other's academic gaps.
Vertical alignment has become more succinct with the introduction of specific acronyms such as "RACE" to aid in students producing exemplary writing samples.

Science:

Attention to detail in answering strategic questions using claim and evidence on paper and online vertically aligned in 3rd-5th

Using analytical skills during independent work, breaking down the question, using logic and reasoning to find the answer

Students work across grades in small lab groups using hands-on materials to help formulate hypothesis and make observations

Data analysis skills

Math:

Multiplication mastery using standard algorithm

Daily reference of key points for objective mastery

Math strategies have been vertically aligned across all grade levels

Seamlessly integrated online testing platform from the very start of the year, increasing student exposure to STAAR 2.0 question formats

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students across the RLA content are not earning full credit for written responses. **Root Cause:** Writing instruction is not prioritized in grades K-2. Focus in the lower grades is targeting decoding and fluency skills and is not focused on the foundational skills needed for writing. This causes gaps to be present for our 3rd - 5th grade scholars in writing. Due to having a "quantity over quality" mindset, students go off topic or provide details that are irrelevant to the prompt.

Problem Statement 2: District adopted curriculum does not align to TEKS or question formats that are included on all formal and state exams. **Root Cause:** Math Teachers have not received the required training to incorporate supplemental materials and embed them into their lessons. Quality professional development would help minimize the gaps that exist between the curriculum and the state standards.

Problem Statement 3 (Prioritized): K-4th grade academic vocabulary, and question types within the IDEA science curriculum are not properly scaffolded. **Root Cause:** Due to the curriculum being relatively new to teachers, vertical alignment is virtually nonexistent across grade levels K - 5. This leads to students not being properly prepared for the rigor of the 5th grade science STAAR exam.

School Processes & Programs

School Processes & Programs Summary

Quest Academy coaches and develops leaders through an established rubric by the district (School Leadership Levers). New leaders are provided with an additional coach that assists in the onboarding and development. In addition, a training path is created with a scope and sequence that sets them up for success throughout the year and years to come. Weekly/Bi-Weekly check-ins with each direct report to ensure that development is taking place along with opportunities to provide 2-way feedback. Professional development is provided to staff based on trends identified throughout the school through campus professional development and district provided content specific training. Teachers are developed through classroom observations and coaching using a district wide normed rubric (Guideposts for Excellent Teaching). Our teacher's retention system is through a Teacher Career Pathway and through this the teachers follow a rubric to be placed at different levels of recognition. Our staff follows a Team & Family model where we are all one and are all here for each other. Teacher celebrations at the campus level selected by their peers for Teacher of the Month and Co-Teacher of the month along with Core Value recognitions. In addition, administration promotes a culture of appreciation via monthly token of appreciation and staff gathering, birthday celebrations and attendance recognitions. Our campus follows the district outlined curriculums for all contents in grades Kinder-5th.

See PDF in Addendum for additional information.

School Processes & Programs Strengths

- IDEA Quest Academy Parents rate our campus as 4.9 out of 5.0 on the 2023 family survey statement: "My School is preparing my child for college"
- IDEA Quest Academy parents rate our campus as 4.9 out of 5.0 on the 2023 family survey statement "My school holds my child to high academic standards."
- Staff Retention is above 85%
- 5 Teachers awarded Teacher Incentive Allotment 2023 (3 Master Level & 2 Exemplary level)
- Quest Academy has 14 Master level Teachers through Teacher Career Pathway
- 11 level 4 Advanced IDEA teachers though Teacher Career Pathway

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Our students in grades K-5 struggle with spelling (including basic sight words). **Root Cause:** Our teachers do not focus on in-depth spelling rules for students to target and master since it is not a component within our RLA blocks, lack of resources for teachers to implement to build spelling.

Problem Statement 2 (Prioritized): Our campus professional development is not differentiated for each staff member. **Root Cause:** Our campus identifies a trend, and all are trained in it regardless of need, it is easier to plan for one track versus multiple, different tutoring/daily schedules that interfere with differentiated trainings.

Perceptions

Perceptions Summary

Our campus uses trackers for each grade level to keep track of the amount of students and parents who show up to our events. We have also started using Stream to document these participation rates.

One of the main barriers that prevent participation would be the time of the events. Some of our events start at 4:30 and end by 5:30/6 pm. Some parents don't get out of work until 5 so it makes it harder for them to show up to our events. Also, some of our flyers don't make it home, or parents don't log into Class Dojo or Remind to see our messages.

Perceptions Strengths

Our campus has a low turn over rate for teachers. Teachers at this campus enjoy the people they work with and the environment they work in.

Also, we have been Campus of the Year for many years and it gives our campus a push to be the best every year.

Our staff has been here for a long time so we know the families and each other. We have an opportunity to create bonds, not only with each other, but also with our returning families year after year.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Our ADA has been low this past year and this has affected our average for the whole year. **Root Cause:** Students don't have many fun activities to look forward to throughout the year. Many of the things they get are quick and don't take much time.

Problem Statement 2 (Prioritized): Our Campus persistence is low. We have not been meeting our monthly benchmarks throughout the year. **Root Cause:** High homework expectations and too much homework, new family culture shock with uniforms and level of rigor and high expectations, safety.

Priority Problem Statements

Problem Statement 1: Students across the RLA content are not earning full credit for written responses.

Root Cause 1: Writing instruction is not prioritized in grades K-2. Focus in the lower grades is targeting decoding and fluency skills and is not focused on the foundational skills needed for writing. This causes gaps to be present for our 3rd - 5th grade scholars in writing. Due to having a "quantity over quality" mindset, students go off topic or provide details that are irrelevant to the prompt.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Our Campus persistence is low. We have not been meeting our monthly benchmarks throughout the year.

Root Cause 2: High homework expectations and too much homework, new family culture shock with uniforms and level of rigor and high expectations, safety.

Problem Statement 2 Areas: Perceptions

Problem Statement 3: Our ADA has been low this past year and this has affected our average for the whole year.

Root Cause 3: Students don't have many fun activities to look forward to throughout the year. Many of the things they get are quick and don't take much time.

Problem Statement 3 Areas: Perceptions

Problem Statement 4: Our campus professional development is not differentiated for each staff member.

Root Cause 4: Our campus identifies a trend, and all are trained in it regardless of need, it is easier to plan for one track versus multiple, different tutoring/daily schedules that interfere with differentiated trainings.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Our students in grades K-5 struggle with spelling (including basic sight words).

Root Cause 5: Our teachers do not focus on in-depth spelling rules for students to target and master since it is not a component within our RLA blocks, lack of resources for teachers to implement to build spelling.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: K-4th grade academic vocabulary, and question types within the IDEA science curriculum are not properly scaffolded.

Root Cause 6: Due to the curriculum being relatively new to teachers, vertical alignment is virtually nonexistent across grade levels K - 5. This leads to students not being properly prepared for the rigor of the 5th grade science STAAR exam.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: Even though IDEA Quest does offer certain UIL sports parents decide to go with public schools to experience the missing activities that are not offered.

Root Cause 7: (1) Lack of extra-curricular activities not offered at IDEA Public Schools. (2) Lack of funds to include after school electives

Problem Statement 7 Areas: Demographics

Problem Statement 8: Student persistence at IDEA Quest has been a concern for the past few years. It is not only affecting new students but also our returning students.
Root Cause 8: (1) Lack of extra-curricular activities that interest our students are not offered at Quest Academy. (2) Lack of building relationship between staff and student.
Problem Statement 8 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Special education/non-special education population including discipline, progress and participation data
- Section 504 data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback

Employee Data

- Staff surveys and/or other feedback

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: ACT Scores

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Assist CP staff in providing a positive testing enviroment for students prior to them taking ACTs **Strategy's Expected Result/Impact:** Increase ACT scores **Staff Responsible for Monitoring:** CP Testing Coordinator, CP Principal, and any other CP personnel procotring Exams **Title I:** 2.4 **- TEA Priorities:** Connect high school to career and college	25%	50%	75%	

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Ensuring students end the year on grade level and pass assessment to prepare them for college readiness. **Strategy's Expected Result/Impact:** Build college readiness and build foundational skills to meet ACT requirements **Staff Responsible for Monitoring:** APIs **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math	25%	50%	75%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 1: All IDEA students matriculate to college

Performance Objective 2: 100% of graduates meet TSIA college readiness benchmark (HB3)

HB3 Goal

IDEA Public Schools

Quest College Prep

2023-2024 Campus Improvement Plan

Public Presentation Date: August 25, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: August 31, 2023

Demographics

Demographics Summary

IDEA Quest College Preparatory is a public charter school located on the outskirts of McAllen Texas. Current grades are 6th - 12th grade. We currently have open enrollment.

Quest has after school clubs which are directed by 21st Century Grant. The programs vary from academic to extracurricular activities to promote academic success and opportunity for fitness "Healthy Kids Here".

Special programs available on campus are Bilingual/ESL, 504 and Special Education.

Number of Students per Grade Level:

6th: 115

7th: 123

8th: 122

9th: 90

10th: 86

11th: 82

12th: 91

Ethnic Distribution:

American Indian or Native Alaskan: 0

Asian or Pacific Islander: 21

Black, not of Hispanic origin: 8

Hispanic: 663

White, not of Hispanic Origin: 17

Unclassified: 0

Sex:

Male: 340

Female: 369

Socio economic Status:

Eligible for free meals: 312

Eligible for reduced price meals: 27

Other economic disadvantage: 257

504: 47

EB Students: 274

Dyslexia: 8

Foster Care: 0

Homeless: 0

Immigrants: 8

Migrant: 1

Title 1: 709

Military Connected: 0

Demographics Strengths

The strengths that were highlighted by the committee were that there is one-to-one communication with parents via Remind, social media posts, and personalized Facebook Class of 2023. This keeps our parents updated with campus, class, and events that are happening. Classrooms sizes are smaller which gives the teachers to student ratio a small percentage. Families are able to make those personal connections with their teachers and staff from year to year. Celebrations are happening throughout the year to let our students know that we appreciate their hard work and efforts. We also noted and highlighted our outstanding athletics program and the many records broken this year. Lastly, we highlighted that we have an armed security guard on campus.

Problem Statements Identifying Demographics Needs

Problem Statement 1: 8th grade students struggle to persist and trasition into 9th grade **Root Cause:** Students seek real public HS experience with other variety of courses such as dual, mechanics

Problem Statement 2 (Prioritized): There are little to no activities in MS. There were fewer pep rally's; MS always eat in classroom; more MS discipline issues. **Root Cause:** The lack of electives and or club because we lack funding, lack of facilities-and lack of teacher investment in extracurricular activities per grade.

Problem Statement 3 (Prioritized): Our special education parents were unhappy about the lack of support and service in the middle school this year. **Root Cause:** The special education department was short staffed and the majority of our students that need the support are in the middle school grade levels.

Student Learning

Student Learning Summary

- 22% Composite score on ACT
- EOC Score STAAR 22-23
- Pending CSI and AP

Student Learning Strengths

- 6-12 Grade students grew 2+ in writing skills
- 6-11th Grade students utilized 1:1 technology for STAAR preparation through out the year.
- 9-10th ELA 97% passed EOC exams
- 100% pass 9th BIO EOC and 11th grade US History
- 6-8th grade students grew 40%+ in math/reading growth goals during mocks
- 30% of AP Mocks on track
- 22% composite score for class on 2023

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): SPED students are struggling with reading and math skills and 90% of sped students are not meeting their growth goal **Root Cause:** 3 sped teachers to serve over 30 students. one sped teacher that services 6 and 7th grade reading and math with no reading skills. Other 2 sped teachers support HS courses and EOC. MS needs to be prioritized for content mastery

Problem Statement 2 (Prioritized): 40% of 6-8th grade EB students are not at grade level for math and reading according to benchmarks/mocks **Root Cause:** Students are not getting enough at bats and immediate feedback during lesson cycle.

Problem Statement 3 (Prioritized): 10% of seniors graduate with out being TSI cleared and collage readiness clear (CCMR gap) goal of 100% was not met. **Root Cause:** Teachers are inconsistent with extra planning and create purposeful instruction based on student specific gaps.

School Processes & Programs

School Processes & Programs Summary

Quest College Prep receives bi-weekly coaching from its principal. Instructional leaders are observed and feedback is given to teachers through teachboost and coaching follows. When overall trends are identified by instructional leaders. Based on trends, Professional Development sessions are rolled out by Content and Whole Staff. Roles and responsibilities are clear and shared during beginning of the year and aligned to campus priorities and goals. Beginning of the year, professional development is created based on campus needs assessment. Actions taken to support powerful teaching are done through data analysis and by hosting after-school lesson rehearsals. Teachers utilize student-teacher exemplars and analyze exit tickets each period in order to adjust their instruction.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 16 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA Quest CP's teachers are composed of primarily experienced teachers who have a record of results. Most teachers (>50%) of teachers across the campus are Master Teachers.

Professional Development is provided based off of Campus Needs. Trainings are differentiated to keep focus on development of teachers who are in need of continued support and development.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Teachers would like opportunities to led Differentiated Prof. Development for whole campus and not just through content **Root Cause:** Level 4 and 5 teachers have not lead Professional Development this year. It has been all Lead Team lead. We need to offer opportunities for these teachers to differentiate PD that meets the needs of our teachers . A survey could serve as way to get input of PD needed.

Problem Statement 2 (Prioritized): Instructional managers did not email teachers the GET focus and lacked communication in checking for unpacking GET power row **Root Cause:** This year, instructional leaders saw the need to prioritize methods of academic student monitoring in alignment with GET Focus calendar. Teachers are inconsistent in unpacking the GET power row.

Problem Statement 3 (Prioritized): Veteran teachers are set in their ways and in their mindsets. New teachers are in need of development and mentorships to acquaint themselves to school culture and teaching methods/best practices. There is no consistency with meetings to ensure that new teacher needs are being identified and met. **Root Cause:** Campus staff is compromised of two main groups: New teachers who are in need of support, and veteran teachers who are very knowledgeable; however, their mindsets may be contributing factors to our new teachers not receiving the support necessary. Lack of team and family with in teams due to conflicts.

Perceptions

Perceptions Summary

A strong communication is key to academic success. Here at Quest College Preparatory, parents receive crucial information through: Remind, Trailblazer Weekly, Facebook, and other social media platforms. It is important for communication to be a two-way road. Therefore, we have a twenty-four-hour window to reply to parents. What helps Quest CP stay current on campus needs are the two parent surveys: the Fall and Spring Student Family Survey. Having this communication will help us stay current with the needs of our students, which is our top priority, and help us evolve into a stronger academic and athletic program. Our staff is fully committed to creating a learning environment that is both safe and welcoming to our scholars.

Quest College Preparatory faculty and staff retention is above 85% and several of our teachers have been here over 8 years. Our teachers are supported by their managers and other members of lead team. All staff members come together and work as one because we all believe in producing well-rounded world-class citizens that will change the world for the better.

This current year, there was an attempt in creating a parent-teacher organization, but it did not get off the ground. Now that the requirements and expectations are known, we are hoping to have one next year. Having this organization will help solidify our relationship with our parents and community.

Moreover, volunteer opportunities are offered to our students with from various clubs. Also, once students are in high schools, their RTTC teachers help them keep track and organize their volunteer hours.

Perceptions Strengths

Quest College Preparatory develops teachers to be high-performing teachers in their content. Several of our teachers are distinguished master teachers and have high records of results in student achievement. Most of our teachers are level 4 or higher.

Direct managers and campus coaches have been with Quest for multiple years and have a strong sense of Blazer pride. A team of 3 college counselors follow up with our scholars and ensure every student is on track to graduate and matriculate to the university of their choice. Our college counselors also organize the 8^{th} to 9^{th} transition meeting, Excellence Banquet and Senior Graduation.

The social and emotional counselor provides lessons on bullying, making friends, and respect. Moreover, our lead team helps and supports teachers and students with skills needed that are conducive to a safe learning environment. Also, our team meets with new families for any support needed as they transition to a new campus and works with the operations team on persistence.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Communication between staff and lead team could be more efficient. **Root Cause:** In the beginning of the school year, GroupMe was eliminated and reverted to Teams and email due to staff interrupting instruction. for others. Therefore during a crisis teachers feel as if they are not informed. Creating consistency on the messaging

from lead as it cascades to teachers. A remind was created Q3.

Problem Statement 2 (Prioritized): Teachers felt lack of support from administration when it came to discipline and were not resetting classroom expecations nor using positive narration. **Root Cause:** The consequences need to be normed and the steps on the escalation matrix need to be shorten. the lack of consistency in consequences across grade levels became a problem when teachers did not norm as a team.

Problem Statement 3 (Prioritized): Persistence was not met with 90% of students. 20% of students will not be returning for next school year. **Root Cause:** There are not a plethora of clubs and organizations for students to involved in. Also, there could be more appealing incentivizes for ADA and other accolades. Finally, discipline needs to be norm because several students have left due to bullying.

Priority Problem Statements

Problem Statement 1: There are little to no activities in MS. There were fewer pep rally's; MS always eat in classroom; more MS discipline issues.

Root Cause 1: The lack of electives and or club because we lack funding, lack of facilities-and lack of teacher investment in extracurricular activities per grade.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Our special education parents were unhappy about the lack of support and service in the middle school this year.

Root Cause 2: The special education department was short staffed and the majority of our students that need the support are in the middle school grade levels.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Instructional managers did not email teachers the GET focus and lacked communication in checking for unpacking GET power row

Root Cause 3: This year, instructional leaders saw the need to prioritize methods of academic student monitoring in alignment with GET Focus calendar. Teachers are inconsistent in unpacking the GET power row.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Teachers would like opportunities to led Differentiated Prof. Development for whole campus and not just through content

Root Cause 4: Level 4 and 5 teachers have not lead Professional Development this year. It has been all Lead Team lead. We need to offer opportunities for these teachers to differentiate PD that meets the needs of our teachers . A survey could serve as way to get input of PD needed.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Persistence was not met with 90% of students. 20% of students will not be returning for next school year.

Root Cause 5: There are not a plethora of clubs and organizations for students to involved in. Also, there could be more appealing incentivizes for ADA and other accolades. Finally, discipline needs to be norm because several students have left due to bullying.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Teachers felt lack of support from administration when it came to discipline and were not resetting classroom expecations nor using positive narration.

Root Cause 6: The consequences need to be normed and the steps on the escalation matrix need to be shorten. the lack of consistency in consequences across grade levels became a problem when teachers did not norm as a team.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: SPED students are struggling with reading and math skills and 90% of sped students are not meeting their growth goal

Root Cause 7: 3 sped teachers to serve over 30 students. one sped teacher that services 6 and 7th grade reading and math with no reading skills. Other 2 sped teachers support HS courses and EOC. MS needs to be prioritized for content mastery

Problem Statement 7 Areas: Student Learning

Problem Statement 8: 40% of 6-8th grade EB students are not at grade level for math and reading according to benchmarks/mocks

Root Cause 8: Students are not getting enough at bats and immediate feedback during lesson cycle.

Problem Statement 8 Areas: Student Learning

Problem Statement 9: Veteran teachers are set in their ways and in their mindsets. New teachers are in need of development and mentorships to acquaint themselves to school culture and teaching methods/best practices. There is no consistency with meetings to ensure that new teacher needs are being identified and met.

Root Cause 9: Campus staff is compromised of two main groups: New teachers who are in need of support, and veteran teachers who are very knowledgeable; however, their mindsets may be contributing factors to our new teachers not receiving the support necessary. Lack of team and family with in teams due to conflicts.

Problem Statement 9 Areas: School Processes & Programs

Problem Statement 10: 10% of seniors graduate with out being TSI cleared and collage readiness clear (CCMR gap) goal of 100% was not met.

Root Cause 10: Teachers are inconsistent with extra planning and create purposeful instruction based on student specific gaps.

Problem Statement 10 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Dyslexia data
- Dual-credit and/or college prep course completion data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Attendance data

- Discipline records
- Class size averages by grade and subject
- School safety data

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: IDEA Quest College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: ACT internal Benchmarks and ACT

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 3 tutors used to support students in reading, writing and math to increase student composite for 9-12 graders **Strategy's Expected Result/Impact:** Students get more targeted instruction on ACT **Staff Responsible for Monitoring:** DCC,CC, Hs interventionists and RTTC teachers **TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college

Performance Objective 2 Problem Statements:

Perceptions

Problem Statement 3: Persistence was not met with 90% of students. 20% of students will not be returning for next school year. **Root Cause**: There are not a plethora of clubs and organizations for students to involved in. Also, there could be more appealing incentivizes for ADA and other accolades. Finally, discipline needs to be norm because several students have left due to bullying.

Goal 3: Increase student persistence

Performance Objective 3: 100% of schools will complete the Anti-Bullying and Safer, Smarter School curriculum by deadline indicated on the district calendar. (TEC 11.253(d)(8))

High Priority

Evaluation Data Sources: Staff, students and family surveys

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: monthly educational videos, de-escalation meetings and very clear anti bully flowchart that will lead next steps for all involved. Also provide guidance for staff and leaders **Strategy's Expected Result/Impact:** 100% of students will feel safe and not be bullied by students nor staff **Staff Responsible for Monitoring:** all teachers, SSA, principal, and API **Title I:** 2.6 **- TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** Perceptions 2	25%	50%	90%	

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 3 Problem Statements:

Perceptions
Problem Statement 2: Teachers felt lack of support from administration when it came to discipline and were not resetting classroom expecations nor using positive narration. **Root Cause**: The consequences need to be normed and the steps on the escalation matrix need to be shorten. the lack of consistency in consequences across grade levels became a problem when teachers did not norm as a team.

Goal 4: Increase student daily attendance

Performance Objective 1: IDEA Quest CP will achieve a 95% annual attendance rate for the 23-24 school year

High Priority

Evaluation Data Sources: Powerschool, locus

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Incentivize and celebrate bi-weekly students who are in class everyday and implement ADA escalation matrix. **Strategy's Expected Result/Impact:** 100% of attendance in each class **Staff Responsible for Monitoring:** all staff **Title I:** 2.6 - **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** Demographics 2	25%	50%	90%	

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 2: There are little to no activities in MS. There were fewer pep rally's; MS always eat in classroom; more MS discipline issues. **Root Cause**: The lack of electives and or club because we lack funding, lack of facilities-and lack of teacher investment in extracurricular activities per grade.

Goal 4: Increase student daily attendance

Performance Objective 2: 100% of students from 6th-12th grade meet their MVPA minutes goal of X. (TEC 11.253(d)(10))

Evaluation Data Sources: IHIT watches- program, AC tracker

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Attain healthy school and Honor roll by ensuring 100% of students meet each benchmark of their minutes **Strategy's Expected Result/Impact:** Provide students withy well being so they can be present every day and feel good- healthy **Staff Responsible for Monitoring:** PE coaches and manager **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** Demographics 2	25%	50%	85%	

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 2: There are little to no activities in MS. There were fewer pep rally's; MS always eat in classroom; more MS discipline issues. **Root Cause**: The lack of electives and or club because we lack funding, lack of facilities-and lack of teacher investment in extracurricular activities per grade.

Goal 5: Increase staff retention

Performance Objective 1: 100% of full-time staff members complete all tasks within IDEA's staff development cycle including: goal setting, 2x2 and annual performance reviews during the 2023-24 school year.

High Priority

Evaluation Data Sources: Cornerstone and coaching cycle

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Managers will be consistent in weekly observations and provide adequate coaching from instruction to culture framework **Strategy's Expected Result/Impact:** Culture and instruction is strong where instructional time is utilized to its fullest and students feel safe and in a loving learning environment **Staff Responsible for Monitoring:** API, principal, SSA **Title I:** 2.5 - **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** School Processes & Programs 1, 3	25%	50%	85%	

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Managers provide feedback and professional development/coaching for each staff member through each SDC cycle. **Strategy's Expected Result/Impact:** Teachers mastering skills that will increase daily student achievement and attaining Proficient or higher in GET ratings **Staff Responsible for Monitoring:** Instructional Managers and Principal **Title I:** 2.5 - **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** School Processes & Programs 1, 2	25%	50%	90%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

School Processes & Programs
Problem Statement 1: Teachers would like opportunities to led Differentiated Prof. Development for whole campus and not just through content **Root Cause**: Level 4 and 5 teachers have not lead Professional Development this year. It has been all Lead Team lead. We need to offer opportunities for these teachers to differentiate PD that meets the needs of our teachers . A survey could serve as way to get input of PD needed.
Problem Statement 2: Instructional managers did not email teachers the GET focus and lacked communication in checking for unpacking GET power row **Root Cause**: This year, instructional leaders saw the need to prioritize methods of academic student monitoring in alignment with GET Focus calendar. Teachers are inconsistent in unpacking the GET power row.
Problem Statement 3: Veteran teachers are set in their ways and in their mindsets. New teachers are in need of development and mentorships to acquaint themselves to school culture and teaching methods/best practices. There is no consistency with meetings to ensure that new teacher needs are being identified and met. **Root Cause**: Campus staff is compromised of two main groups: New teachers who are in need of support, and veteran teachers who are very knowledgeable; however, their mindsets may be contributing factors to our new teachers not receiving the support necessary. Lack of team and family with in teams due to conflicts.

Goal 5: Increase staff retention

Performance Objective 2: IDEA Quest is 100% staffed for all teacher positions throughout the 2023-24 school year.

Evaluation Data Sources: Talen recruiter board

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Build a culture of joy and celebrate teachers **Strategy's Expected Result/Impact:** retain all staff **Staff Responsible for Monitoring:** all managers, principal and all lead team members **Title I:** 2.5 - **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** School Processes & Programs 3	25%	50%	90%	

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Recruit and hire high quality candidates per role by using high quality resume criteria **Strategy's Expected Result/Impact:** First year teachers to achieve strong sense of belonging and foster a positive culture all year long. **Staff Responsible for Monitoring:** All managers, Grade level admin **Title I:** 2.5 - **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** Demographics 3	25%	50%	85%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 3: Our special education parents were unhappy about the lack of support and service in the middle school this year. **Root Cause**: The special education department was short staffed and the majority of our students that need the support are in the middle school grade levels.

School Processes & Programs

Problem Statement 3: Veteran teachers are set in their ways and in their mindsets. New teachers are in need of development and mentorships to acquaint themselves to school culture and teaching methods/best practices. There is no consistency with meetings to ensure that new teacher needs are being identified and met. **Root Cause**: Campus staff is compromised of two main groups: New teachers who are in need of support, and veteran teachers who are very knowledgeable; however, their mindsets may be contributing factors to our new teachers not receiving the support necessary. Lack of team and family with in teams due to conflicts.

IDEA Public Schools

Rio Grande City Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 29, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: August 24, 2023

Demographics

Demographics Summary

IDEA Rio Grande City Academy is a Kinder- 5th grade campus established in 2017 in Rio Grande City, Texas. Serving 700 students from a low economic population in Rio Grande City, Roma and La Grulla, Texas. Our staff currently consists of 56 staff members ranging in expierence from 1-10 years in the classroom. We offer a varitey of programs at our campus that focus on student learning and student development, such as Special education, RISE, Critical student intervention and electives to name a few. Our enrollment consists of the following:

Kinder: 89

1st: 114

2nd: 110

3rd: 118

4th: 118

5th: 118

Demographics Strengths

We have a lot of students still enrolled with us that are founding students.

100% of our community can connect to each other.

We offer several programs and electives during the day and after school.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Our persistence hits a low every summer when parents decide to either move away from rio grande city or choose to expierence the local school district. We loose between 15-20 families based on this. **Root Cause:** Lack of committment from parents. Onboarding process needs to be revisited and revamped.

Problem Statement 2 (Prioritized): Our ADA was not met again this year. We ended the year at a 95.84% and our goal was a 97%. **Root Cause:** Lack of fidelity to the escalation matrix at our campus and inconsistent parental support/meetings.

Student Learning

Student Learning Summary

Our students have been growing every day, however, the gaps are still large. We knew that our focus was going to be heavily on student growth. We prioritized knowing the data, knowing our students and we made strategic moves and observations based on our data. Data tracking was at the forefront of our focus and that became the way that we started seeing changes and growth. Data shows this year that our students struggled with Reading/Writing with the new assessment. Our Pre-K-2nd grades ended the year on/above level in Reading and Math and performed well on subjects such as Math, Science and Social Studies. Our focus this school year remains on student performance, student growth, meets and masters and most importantly, pushing the rigor in all classrooms. We also need to do a better job of ensuring that there are cross-curriculum opportunities for our teachers to grow and learn.

Student Learning Strengths

Most 3rd-5th grade teachers are veterans and have shown improvement.

Most Kinder-2nd grade teachers are veterans and have shown growth.

Our teachers track data and can make data driven descions based on data.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Low percentage of meets and masters students. **Root Cause:** Low level rigor on the teacher level. Teachers are doing the heavy lifting and need to release to students.

Problem Statement 2 (Prioritized): Critical student intervention is not meeting the needs of our most critical students. **Root Cause:** Not enough time and emphasis on proper intervention techniques and/or instruction.

School Processes & Programs

School Processes & Programs Summary

Programs for coaching teachers:

GET

Teachboost

Goal setting, 2x2, APR's

Coaching conversations

Programs for enrichment:

Professional Development on Campus

Lead team tacticals

Instructional rounds

Instructional tactical

At our campus we have campus based instructional rounds that allow us to determine strengths and trends that we need to coach our teachers on. We use tools such as the GET to determine what the teachers need to work on. This allows my leaders to coach their teachers effectively and consistently.

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): SPED and 504 accomodations need to be tracked with fidelity. **Root Cause:** Lack of training and resources provided to our teachers.

Problem Statement 2 (Prioritized): RTI practices were weak and need revisiting and refocusing. **Root Cause:** Teachers and lead team do not have enough training for RTI.

Problem Statement 3 (Prioritized): In class strategies for EB students need to be tracked and focused on. **Root Cause:** Minimal amount of TELPAS training and EB strategies being used in the classroom during instruction.

Perceptions

Perceptions Summary

Leadership Team is highly visible to parents, teachers, and community members. Parents and community members often seek out opportunities to volunteer on the campus and support teachers. Our overall retention of teachers is not a priroity, however, our focus remains on retaining all staff members, whether teacher or co-teacher. Our overall teacher retention was at a 97% but our overall staff retention was at a 93% so our focus is going to be on ensuring that we retain our co-teachers. A big way to do that is leverging their strenghts and utilzing them accordingly for future promotions.

We utilize staff feedback surveys to ensure that we are consistently meeting the needs of teachers and staff. These are often issued out two times a year. Once during the Fall and one in the spring. We also utilize our GPTW surveys to receive feedback from our staff.

Perceptions Strengths

Teacher Communication: Our teachers are aware of our important dates and communication is given through campus smore "Principal Weekly" every Monday. This allows teachers to know what to expect with upcoming events.

Parent communication: We use remind, parent weekly, facebook and phone calls as our main sources of communication. This allows us to clearly communicate with our stakeholders.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Parental involvement for persistence events have slowly decreased. **Root Cause:** Not enough buy in from parents.

Problem Statement 2 (Prioritized): Our social and emotional needs for students have increased. **Root Cause:** Lack of consistent school counseling due to lack of counselor.

Priority Problem Statements

Problem Statement 1: Our persistence hits a low every summer when parents decide to either move away from rio grande city or choose to expierence the local school district. We loose between 15-20 families based on this.

Root Cause 1: Lack of committment from parents. Onboarding process needs to be revisited and revamped.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Our ADA was not met again this year. We ended the year at a 95.84% and our goal was a 97%.

Root Cause 2: Lack of fidelity to the escalation matrix at our campus and inconsistent parental support/meetings.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Low percentage of meets and masters students.

Root Cause 3: Low level rigor on the teacher level. Teachers are doing the heavy lifting and need to release to students.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Critical student intervention is not meeting the needs of our most critical students.

Root Cause 4: Not enough time and emphasis on proper intervention techniques and/or instruction.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: SPED and 504 accomodations need to be tracked with fidelity.

Root Cause 5: Lack of training and resources provided to our teachers.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: RTI practices were weak and need revisiting and refocusing.

Root Cause 6: Teachers and lead team do not have enough training for RTI.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: In class strategies for EB students need to be tracked and focused on.

Root Cause 7: Minimal amount of TELPAS training and EB strategies being used in the classroom during instruction.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Parental involvement for persistence events have slowly decreased.

Root Cause 8: Not enough buy in from parents.
Problem Statement 8 Areas: Perceptions

Problem Statement 9: Our social and emotional needs for students have increased.
Root Cause 9: Lack of consistent school counseling due to lack of counselor.
Problem Statement 9 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas approved PreK - 2nd grade assessment data
- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Class size averages by grade and subject
- School safety data

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data

- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 45 to 47% in Spring 2024 (HB3)

High Priority

Strategy 1 Details	Reviews			
	Formative			Summative

IDEA Public Schools

Rio Grande City College Prep

2023-2024 Campus Improvement Plan

Public Presentation Date: August 16, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

- Goal 4: Increase student daily attendance 23
- Goal 5: Increase staff retention 25

Campus Funding Summary 27

Comprehensive Needs Assessment

Demographics

Demographics Summary

Our school opened in 2017 to serve only 6th grade students that year. For the 23-24 school year we will be a full scale campus. We are located in Rio Grande City but serve all of Starr County. We are an open enrollment charter school.

Enrollment:

6th grade - 144

7th grade - 94

8th grade - 105

9th grade - 90

10th grade - 72

11th grade - 80

Student Groups:

Gender: Female - 52.12% Male - 47.88%

The following special programs exist at our school: Emergent Bilingual, Special Education, Athletics, CTE, RISE. Since our priority goal for all of our students is for them to attend college, it is important to prioritize setting up systems to support all students in any special program.

Demographics Strengths

Student leaver data is higher for general education students, rather than those in subpopulations such as those in the Special Education program or in the Critical Student Intervention program.

The majority of our students are economically disadvantaged.

We have had no drop outs.

The specific academic requirements at IDEA prepare students to be successful at the college level.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There needs to be an increase in student persistence from 8th grade to 9th grade. **Root Cause:** There is a lack of experiences offered to students at our campus such as multiple electives and tackle football.

Problem Statement 2 (Prioritized): There is a need to improve social interactions for students. **Root Cause:** Academic rigor provides limited opportunities for socialization outside of the school environement.

Student Learning

Student Learning Summary

A Rating - Off track

Critical Student Intervention - On track

AP Scholar Goal - On track

On Track to Graduate - On track

See PDF in Addendum for more information.

Student Learning Strengths

Teachers are internalizing data and tracking progress throughout the year in order to close gaps.

Our special education data has been gradually increasing due to proper accommodations being provided.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Data for Emergent Bilingual and SPED students is significantly lower than those who are not. **Root Cause:** Teachers lack the resources and training needed to be able to better serve our EB and SPED population.

Problem Statement 2 (Prioritized): The percent of students passing AP exams is low. **Root Cause:** Curriculum is lacking alignment with middle school. Students in middle school are not being prepared for the rigor of AP courses.

School Processes & Programs

School Processes & Programs Summary

Instructional leaders all attend coaching academy at the regional level. They all have clear roles and responsibilities and are encouraged to reach out for support. We have weekly professional development held on campus led by instructional leaders. Professional development topics are aligned to the most pressing problems that have been identified at the campus level.

School Processes & Programs Strengths

Curriculum & Instruction:

- IDEA RGC CP provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy.
- IDEA RGC CP curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA RGC CP curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA RGC CP implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.

Special Programs:

- IDEA RGC CP provides targeted instruction for students who are 2 years or more below in their reading level through our Critical Student Intervention program.
- IDEA RGC CP utilizes Summit K-12 to provide support to our Emergent Bilingual students.
- IDEA RGC CP ensures that teachers who provide in class support to students in our Special Education program are highly qualified.

SEL/ Mental Health and Family Engagement:

- IDEA RGC CP now has a licensed School Counselor who has been able to implement various mental health programs for our students.
- IDEA RGC CP uses Move this World SEL Curriculum with fidelity.

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful.

IDEA provides biweekly webinars and office hours to support new and struggling teachers to support their new role.

At IDEA, at risk students are given opportunities to meet the challenging state standards with support from Interventionists, Sped Ed teachers, and core content tutorials.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Our student discipline system is not consistent across middle school and high school. **Root Cause:** There is a lack of consistency among leaders when dealing with student discipline.

Problem Statement 2 (Prioritized): New teachers struggle with classroom management and curriculum internalization. **Root Cause:** Managers struggle with coaching both content and management simultaneously for new teachers.

Perceptions

Perceptions Summary

Parents, students and staff receive feedback surveys at least 2 times per year. This feedback is looked at by campus leaders and changes are made based on feedback given. The majority of our parents are open to providing us with feedback. Currently, we have a 0% drop out rate and have not had our first graduating class. Our school counselor focuses on conflict/solution practices with students.

Perceptions Strengths

Each year, IDEA asks all staff members to complete the Great Places To Work survey. Below are key highlights of the data from the 2021-22 Great Places to Work Survey:

Improved in 3 statements

- +1, people here are given a lot of responsibility (88 to 89)
- +2, this is a physically safe place to work (83 to 85)
- +2, I have a best friend at work (65 to 67)

78% say it's a great workplace, well above the US average of 57%

Employees continue to find great purpose in their work serving students and communities

Nearly nine out of 10 say their work has meaning, they make a difference, and they feel pride in their accomplishments.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Student mental health crisis have increased this year. **Root Cause:** The campus was not equipped with the necessary people and resources to support mental health.

Problem Statement 2 (Prioritized): Student and staff safety has improved but is still lacking. **Root Cause:** There is not enough funding to implement the necessary safety measures that are needed.

Priority Problem Statements

Problem Statement 1: There needs to be an increase in student persistence from 8th grade to 9th grade.
Root Cause 1: There is a lack of experiences offered to students at our campus such as multiple electives and tackle football.
Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to improve social interactions for students.
Root Cause 2: Academic rigor provides limited opportunities for socialization outside of the school environement.
Problem Statement 2 Areas: Demographics

Problem Statement 3: Data for Emergent Bilingual and SPED students is significantly lower than those who are not.
Root Cause 3: Teachers lack the resources and training needed to be able to better serve our EB and SPED population.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: The percent of students passing AP exams is low.
Root Cause 4: Curriculum is lacking alignment with middle school. Students in middle school are not being prepared for the rigor of AP courses.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Our student discipline system is not consistent across middle school and high school.
Root Cause 5: There is a lack of consistency among leaders when dealing with student discipline.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: New teachers struggle with classroom management and curriculum internalization.
Root Cause 6: Managers struggle with coaching both content and management simultaneously for new teachers.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Student mental health crisis have increased this year.
Root Cause 7: The campus was not equipped with the necessary people and resources to support mental health.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: Student and staff safety has improved but is still lacking.
Root Cause 8: There is not enough funding to implement the necessary safety measures that are needed.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant information
- SAT and/or ACT assessment data
- Local diagnostic reading assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity, gender, etc.
- Dual-credit and/or college prep course completion data

Student Data: Behavior and Other Indicators

- Annual dropout rate data
- Attendance data
- Student surveys and/or other feedback
- School safety data

Employee Data

- Staff surveys and/or other feedback
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Rio Vista Academy is a Title I Campus that provides rigorous curriculum and extracurricular activates. IDEA Rio Vista Academy serves students from Kinder to Fifth Grade and has been a growing campus in its academics. IDEA Rio Vista Academy has a student enrollment of ___ . Our students have enrolled from the near-by schools within the Socorro community and Juarez, Mexico. The school's demographics are listed below, as well as per grade level:

Scholars Per Grade Level:

Pre-Kindergarten - 87

Kindergarten - 105

First Grade - 126

Second Grade - 136

Third Grade- 122

Fourth Grade- 107

Fifth Grade - 118

Ethnic Distribution:

1. 1.25% African American
2. 0.12% American Indian
3. 0.12% Asian
4. 94% Hispanic
5. 4.3% White

Sex:

1. M/405
2. F/397

Socioeconomic statues - N/A

504 - 8

EB Students - 504

Dyslexia - 2

Foster Care - N/A

Homeless - 0

Immigrants - 6

Migrant - 0

Title I - Yes

Military Connected - N/A

Demographics Strengths

- At IDEA Rio Vista Academy we know the state holders we serve; subgroup, ethnicity, economically disadvantaged, at risk,
- At IDEA Rio Vista Academy we have developed a sense of belonging with stake holders such as parents, students, and our community.
- IDEA Rio Vista is at a staff retention of 90% against the goal of 85% student persistence 94% against 90%.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Attendance/tardies (There is a lack of alignment with the attendance policy.) **Root Cause:** We have not emphasized the importance of our attendance policy. We have not provided the resources for parent engagement in using technology in daily updates, accessibility, support, and training. There is no process for inputting accurate data for unexcused and excused absences for attendance policy.

Problem Statement 2: Discipline referrals (There is a need for data tracking for student behavior trends, suspension, and expulsion.) **Root Cause:** Stake holders and staff are not trained in how to code on PowerSchool. We do not have a solid vision on the different tiers of behavior.

Problem Statement 3: Lack of identifying behavior trends. There is a need for a coding system for scholars and those who have behavior emotional/needs. **Root Cause:** There is a need for a coding system for scholars and those who have behavior emotional/needs.

Student Learning

Student Learning Summary

Student Learning is what drives our school. Last year IDEA Rio Vista was at a B Rating based on TEA Score Card Report. We got Reading, Science, and Academic Growth distinction awards. There was a lot of intervention support and small group. This year we have added Science, Social Studies, Wit and Wisdom Curriculum that has helped implement reading and writing in the kinder and first grade classrooms. We saw a lot of progress in writing, but it is not enough to move data. Through math instruction we saw a lot of growth with out SpEd scholars but we are falling short for our EB's. This year the mock data shows that we are at an F rating so we have a few priorities and root causes that will help us move the data up.

Data Attached:

Student Learning Strengths

- Growth in TELPAS from 31% to 36% compared to the 21-22 school year.
- Increase from December Mock to March Mock ELA and Mock
- Consistency in teachers and vertical alignment in subject areas
- Introduction to new subjects: Science, Socials Studies, Reading Curriculum
- ELA hit ecodisc, EB, SpEd goals in the previous STAAR test (21-22)

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Percentage from the 22-23 Mock ELA Data dropped dramatically from the previous years STAAR test. **Root Cause:** Writing Instruction was not seen in previous years and teachers had to fill in academic writing gaps. Teachers were not given enough training to address problems.

Problem Statement 2: The percentage of EB scholars did not hit the target goal for meeting the Math STAAR. **Root Cause:** Lack of teacher lesson planning and instructional tools for EB scholars who are in different proficiency levels.

School Processes & Programs

School Processes & Programs Summary

Idea Rio Vista Academy has curriculum such as Wit and Wisdom to support Reading, Eureka Math, CSI, Direct Instruction, Individualized learning. Our staff development is aligned to the Guide Point for Excellent teachers, organizational goals and core values. Our operating mechanisms include morning huddles, tactical meetings, culture rounds, instructional rounds, stargate meetings, safety drills.

School Processes & Programs Strengths

Safety:

Idea Rio Vista has strong protocols in place for all stakeholders to follow.

Maximize instructional time

Idea Rio vista has a bell-to-bell schedule where all staff in campus can maximize instruction by using the long term plan the first five that is provided by the region.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Idea Rio Vista lacks a strong system to support new or struggling teachers (PD, Onboarding) **Root Cause:** Root causes for NEW teachers -Hiring new teachers' midyear, they miss NTI, Lack of campus-based training for new teachers, No mentor to supporting teachers' year-r, No campus-based vision scope and sequence for PD Root causes Struggling Teachers No alignment with course leaders' campus based for guidance and support, lack of mentor for teachers that need support to help guide with concerns.

Problem Statement 2: Idea Rio Vista has NOT given additional intervention opportunities to all students specifically those at risk (EB, SPED, Behavioral). **Root Cause:** Behavioral: -Unclear expectations for students and parents -Teacher, students, and parents should be provided clear expectations and next steps ROOTCAUSE: Academics: -Additional support for EB students other than CSI -Technology software provided in and out of school for scholars -Attendance -Designated space for scholars (SPED) teachers/ students

Perceptions

Perceptions Summary

IDEA Rio Vista in the past two school years achieved the goal of staff retention of being 85% and above. Staff and parents are given periodic surveys to measure what is going well and what areas of opportunity we have as a campus. We provide a direct line of communication for all stakeholders, ensuring feedback is received and implemented. In the Socorro Community there are different barriers such as; technology, language, engagement, and overall resources for our families.

Perceptions Strengths

1. Our parents feel that their children are safe at school, and on the way to and from school.

2. Our school ensures access to information for our non-English speaking families.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: There is a lack of mentorship for new teachers and struggling teachers. **Root Cause:** 1. There is no formal program in place that assigns a new/struggling teacher with a strong teacher/mentor. 2. There is a lack of in-person professional development that specifically addresses classroom management, expectations, routines and procedures, aside from content development.

Problem Statement 2: There are minimal strategies in place to address student behaviors and bullying. **Root Cause:** 1. There is a lack of process and procedures when it comes to the behavior systems that we have in place. 2. There is no vision for the implementation of building student relationships for their behavioral/emotional needs.

Priority Problem Statements

Problem Statement 1: Attendance/tardies (There is a lack of alignment with the attendance policy.)

Root Cause 1: We have not emphasized the importance of our attendance policy. We have not provided the resources for parent engagement in using technology in daily updates, accessibility, support, and training. There is no process for inputting accurate data for unexcused and excused absences for attendance policy.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Percentage from the 22-23 Mock ELA Data dropped dramatically from the previous years STAAR test.

Root Cause 2: Writing Instruction was not seen in previous years and teachers had to fill in academic writing gaps. Teachers were not given enough training to address problems.

Problem Statement 2 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- Campus goals
- HB3 Reading and math goals for PreK-3
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- STAAR current and longitudinal results, including all versions

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Study of best practices

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading and math as measured by the Meets Grade Level Standard on STAAR will increase from current meets to 55% (Reading) and 45% (Math) in Spring 2024 (HB3)

High Priority

HB3 Goal

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Hold after school tutoring/ intervention for scholars who failed the STAAR assessment in reading. **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: IDEA achieves an A Rating

Performance Objective 2: IA: 42% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

IDEA Public Schools

Rise Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: May 25, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Rise Academy is a K-5 public charter school located in Fort Worth, Tx. We have open enrollment year around which includes a lottery for enrollment. We are a campus that supports ESL/Bilingual, Special Education, and clubs including fine arts, athletics and academics.

See PDF in Addendum for more information.

Demographics Strengths

Strong collaboration across grade levels K-5 and community partnership.

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): More efficient communication across campus with AC and CP- consistency of the message. Mixed messages and clarity needed between school and families. **Root Cause:** Breakdown in communication chain from region to school to parent.

Problem Statement 2 (Prioritized): High trauma in the neighborhood spills over into campus, causing safety concerns and increased negative behaviors on campus. **Root Cause:** Teacher/staff discipline referral input-not identifying social and emotional student needs or clarity on SEL support for struggling scholars.

Priority Problem Statements

Problem Statement 1: More efficient communication across campus with AC and CP- consistency of the message. Mixed messages and clarity needed between school and families.

Root Cause 1: Breakdown in communication chain from region to school to parent.

Problem Statement 1 Areas: Demographics

Problem Statement 2: High trauma in the neighborhood spills over into campus, causing safety concerns and increased negative behaviors on campus.

Root Cause 2: Teacher/staff discipline referral input-not identifying social and emotional student needs or clarity on SEL support for struggling scholars.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Low student mastery in Kindergarten Direct Instruction has led to slower group progress, and over 80% of scholars are off track for goals.

Root Cause 3: Teachers taught at an increased rate prioritizing progress over mastery and causing scholar failure and pushback. Multiple teachers were new to IDEA and new to instructional DI space.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: ECR strategies, writing, and ELA were not directly aligned in grades 3-5th.

Root Cause 4: Lack of resources for campus and district to supplement and prepare scholars.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: SPED team experienced significant gaps in executing instructional mins for the campus, which put the campus at a deficit.

Root Cause 5: The team did not have a third SPED team member to meet mins.

Problem Statement 5 Areas: Student Learning

Problem Statement 6: Low mastery for math categories in 3-5th math due to significant instructional gaps in grades.

Root Cause 6: New teachers in all 3-5th math spaces, new AP also in this space.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: Teachers received multiple changes and adjustments in instruction, processes, lesson planning, and development throughout the year.

Root Cause 7: Lack of alignment from national, district, and campus levels on criteria for success with rollouts.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Grade-level cascading of information caused uncertainty throughout the year.

Root Cause 8: Several teachers are on FMLA throughout the year, inconsistent long-term subs, and grade team leaders are also out for extended periods.
Problem Statement 8 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records

- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Action research results

Goals

Revised/Approved: June 30, 2023

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: 3rd-5th grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 46% to 48% in Spring 2024 (HB3)

IDEA Public Schools

Riverview Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 24, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 40

Comprehensive Needs Assessment

Revised/Approved: September 1, 2023

Demographics

Demographics Summary

We are an Elementary Kinder-5th grades school. Our enrollment is of 823 students with 99% of them being Hispanic. 96% of our students are economically disadvantaged. 78% of them are English Learners and 4% of our total population receive special education services.

Demographics Strengths

We are proud to report that our staff retention rates continue to be consistently over 85% for the past 4 years.

We are also proud to report that our attendance continues to improve after very difficult years of pandemic. Although our campus did not meet the district attendance goal of 97%, we continue to average above the district and state average.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Our Average Daily Attendance is below the district goal of 97%, which impacts instruction. There is a need to improve student attendance. **Root Cause:** There is a lack of parental investment in student learning and progress.

Problem Statement 2: There is a need to increase parent investment. **Root Cause:** During COVID, there were limited visitors allowed on campus for both safety and health reasons. School did not transition back to pre-covid systems for campus visitors and events.

Student Learning

Student Learning Summary

IDEA Riverview Academy state accountability rating showed an increase from ___ to ___ with 99% student participation. Our current student achievement score is 56, which remained the same amount of points from las year.

The information below is pending State's release of information.

___ % of our students met growth goal for ELAR and ___% met growth goal for Math in Domain 2A giving us ____ total points. IDEA Riverview Academy students made significant gains in performance levels giving us a total of ___ points for Domain 2B. In Domain 3, we met ___ out of ___ categories in ELAR and ___ out of ___ categories in Math. ___% of Our English Language Learners made at least one year progress in TELPAS.

With the overall results, we saw an increase of 8 SAS points on Math results, and a decrease of 3 SAS points in ELAR, and 5 SAS points in Science.

For our non-state curriculum, we performed as follows:

	DI (Summer results)	ELA	MATH	WRITING	SOCIAL STUDIES	SCIENCE
PK	100%	100%	100%			
K	88%	96/93/86 (SAS: 92)	95/86/63 (SAS 81)		93/85/63 (SAS 80)	92/73/33 (SAS 66)
1	70%	97/86/58 (SAS: 80)	96/88/39 (SAS 74)		100/85/40 (SAS 75)	100/94/58 (SAS 84)
2	87%	100/97/65 (SAS:87)	82/66/39 (SAS 62)		94/87/64 (SAS 82)	94/76/40 (SAS 70)
3				86/60/33 (SAS 60)	94/71/45 (SAS 70)	85/60/25 (SAS 57)
4				89/60/39 (SAS 63)	80/75/58 (SAS 71)	94/59/35 (SAS 63)
5					91/68/50 (SAS 70)	
Overall		**98/93/70 (SAS 87)**	**91/80/47 (SAS 73)**	**88/60/72 (SAS 73)**	**92/79/53 (SAS 75)**	**93/72/38 (SAS 68)**

Our campus RenStar data showed an increase of 13% in Reading, and 28% in Math from BOY to EOY in 1st-5th Grades. Although some grade levels show growth, growth was minimal and not aligned with district/state exams or other progress measure programs.

Regarding our K-2nd students

Our overall DI Reading data showed 88% of students finished on or above grade level.

Math assessments demonstrate that 91% of our students ended the year on/above grade level and the rest need additional support in readiness for the next grade level.

Reading assessments demonstrate that 98% of our students ended the year on/above grade level and the rest need additional support in readiness for the next grade level.

Writing assessments demonstrate that 88% of our students ended the year on/above grade level and the rest need additional support in readiness for the next grade level.

Science assessments demonstrate that 93% of our students ended the year on/above grade level and the rest need additional support in readiness for the next grade level.

Social Studies assessments demonstrate that 92% of our students ended the year on/above grade level and the rest need additional support in readiness for the next grade level.

Student Learning Strengths

There has been a quick turnaround for students receiving RTI and teachers implementing interventions. We service students during academic block, electives, and intervention in order to close identified gaps. Instruction is appropriate and rigorous across grade levels.

Students show investment in Social Studies and Science projects implemented throughout the year.

Reading and Math gaps are identified and targeted during small group intervention to close gaps on high leverage TEKS that have not been mastered.

Students are able to make connections, articulate, and provide evidence through class discussions during Reading instruction.

The Math intervention plan we rolled out this year showed gains in State assessments.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a need to improve our instructional strategies and teacher coaching & development to increase ELAR and Math performance in STAAR. **Root Cause:** Inconsistent coaching to build teacher capacity to develop content mastery and engage students in meaningful activities that support all learners' needs was given.

Problem Statement 2 (Prioritized): There is a need to build student writing development in K-2nd. **Root Cause:** Inconsistent coaching and expectations for utilization of given curriculum/resources.

Problem Statement 3 (Prioritized): Leaders are looking at single data points to identify student learning gaps and how to address them. **Root Cause:** Leaders are prioritizing district deadlines and trainings which limits analyzing overall data points.

School Processes & Programs

School Processes & Programs Summary

In K-2nd grade, our students receive instruction on their reading level, based on the curriculum provided by our district, Direct Instruction. Our district also provides the curriculums for core content: ELAR (Wit and WIsdom), Mathematics (Eureka), Social Studies (Insight), and Science (Amplify). The curriculum needs to be aligned with TEKs to ensure students are prepared for the State exam.

Technology is implemented in every class on a daily basis. All campus, district, and state exams are proctored online. Teachers use technology to enhance daily lessons and be able to observe students' thinking processes as they are working, they provide immediate feedback as they monitor.

Ongoing Professional Development (2 Mondays every month) is provided for our teachers and leaders, based on campus trends and individual needs of development. Our campus offers op[portunities for teachers who aspire to be leaders to be trained and practice leadership skills by joining administrators during weekly observations, identifying the most pressing problem (MPP), diagnosing, and coaching other teachers.

Leaders follow a core calendar where they reflect their daily/weekly/monthly priorities. We have operating mechanisms that allow leaders to communicate on instructional and operational decisions, cascading, and follow up in communication.

Weekly observations are scheduled to provide a full coaching cycle for teachers/leaders, this includes on the spot coaching and coaching/data conversations. TeachBoost is the platform used to archive all teacher observations.

Teachers and leaders engage in daily ADA calls to parents.

"See PDF Addendum for more information."

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of learning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI).
- IDEA has begun a dyslexia training for leaders through cohorts.
- IDEA submitted an was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development
- to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA retains an average of 84% of students year over year
- IDEA parents rate IDEA as 3.7/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 3.8/5 on the statement "My school hold my child to high academic standards"
- IDEA parents rate IDEA as 3.8/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine it's employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: There are inconsistencies in operating mechanisms for school-wide systems. **Root Cause:** There is a need to create clear roles and responsibilities for our campus systems.

Problem Statement 2 (Prioritized): Minimal opportunities are provided for parent involvement to improve student achievement. **Root Cause:** During COVID, there were limited visitors allowed on campus for both safety and health reasons. Our campus did not transition back to pre-covid systems for campus visitors and events.

Problem Statement 3 (Prioritized): Teacher Development is affected by the lack of timely and effective feedback **Root Cause:** Inconsistencies in amount of observations

Perceptions

Perceptions Summary

Our campus has continuously met staff retention each year with more than 85% of our staff retutning to IDEA Riverview Academy. Our parents have an opportunity to communicate with teachers and administration through established communication systems (Remind, Class Dojo, TEAMs). There has been a decrease in parental involvement in the past two years due to COVID. There has also big a decrease in family survey feedback now that the survey is 100% digital and many parents prefer paper option for survey completion.

Perceptions Strengths

1.)100% staff trained and responsive to safety measures.

2.) SEL curriculum Move This World implemented across K-12 throughout the district.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There is a need to focus on the social emotional wellness of all learners because there is an increase in students needing social emotional support. **Root Cause:** Besides the resources that are provided by the district, we need supplemental resources to meet the social emotional needs of our students.

Problem Statement 2 (Prioritized): Low parent participation in school wide surveys leading to insufficient feedback that impacts investment in stakeholders. **Root Cause:** Parent communication is not consistent due to parents not updating contact information which is directly connected to the leading source of communication "Remind."

Problem Statement 3: Create pathways to engage and support the community. **Root Cause:** COVID 19 caused social interactions to decline, lack of staff motivation to participate in after hour events, recent HQ restrictions to funding and participation.

Priority Problem Statements

Problem Statement 1: Our Average Daily Attendance is below the district goal of 97%, which impacts instruction. There is a need to improve student attendance.

Root Cause 1: There is a lack of parental investment in student learning and progress.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to improve our instructional strategies and teacher coaching & development to increase ELAR and Math performance in STAAR.

Root Cause 2: Inconsistent coaching to build teacher capacity to develop content mastery and engage students in meaningful activities that support all learners' needs was given.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: There is a need to build student writing development in K-2nd.

Root Cause 3: Inconsistent coaching and expectations for utilization of given curriculum/resources.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Minimal opportunities are provided for parent involvement to improve student achievement.

Root Cause 4: During COVID, there were limited visitors allowed on campus for both safety and health reasons. Our campus did not transition back to pre-covid systems for campus visitors and events.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Teacher Development is affected by the lack of timely and effective feedback

Root Cause 5: Inconsistencies in amount of observations

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: There is a need to focus on the social emotional wellness of all learners because there is an increase in students needing social emotional support.

Root Cause 6: Besides the resources that are provided by the district, we need supplemental resources to meet the social emotional needs of our students.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: Low parent participation in school wide surveys leading to insufficient feedback that impacts investment in stakeholders.

Root Cause 7: Parent communication is not consistent due to parents not updating contact information which is directly connected to the leading source of communication "Remind."

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Leaders are looking at single data points to identify student learning gaps and how to address them.

Root Cause 8: Leaders are prioritizing district deadlines and trainings which limits analyzing overall data points.

Problem Statement 8 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Covid-19 Factors and/or waivers for Assessment, Accountability, ESSA, Missed School Days, Educator Appraisals, etc.
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- SAT and/or ACT assessment data
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Texas approved PreK - 2nd grade assessment data
- Other PreK - 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data

- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data

Employee Data

- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: All IDEA students matriculate to college

Strategy 2: Track student data aligned to State Accountability System (Domain I, II, III) **Strategy's Expected Result/Impact:** Students meet individual performance goal in Domain 3 **Staff Responsible for Monitoring:** Math teachers, Assistant Principals of Instruction, and Principal **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction **Problem Statements:** Student Learning 1, 3	10%	50%		

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: STAAR progress towards goals parent meetings to discuss student progress and STAAR 2.0 strategies that include models and hands-on practice **Strategy's Expected Result/Impact:** Increase parental awareness on students' progress and ability to to support their child. **Staff Responsible for Monitoring:** Assistant Principal of Instruction, Principal **Title I:** 2.4, 4.2 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 3: Positive School Culture, Lever 4: High-Quality Instructional Materials and Assessments **Problem Statements:** Student Learning 1, 3 - School Processes & Programs 2 - Perceptions 2 **Funding Sources:** Materials for parents for math curriculum night - Title I, Part A (4120) - PAR - $1,000	10%	50%		

Strategy 4 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 4: Early identification of students (end of Q1) in need of extra support provided during the day. **Strategy's Expected Result/Impact:** Students will be able to close gaps in foundational skills **Staff Responsible for Monitoring:** Assistant Principal, teacher, and Principal **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 1, 2, 3	25%	50%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 1: There is a need to improve our instructional strategies and teacher coaching & development to increase ELAR and Math performance in STAAR. **Root Cause**: Inconsistent coaching to build teacher capacity to develop content mastery and engage students in meaningful activities that support all learners' needs was given.
Problem Statement 2: There is a need to build student writing development in K-2nd. **Root Cause**: Inconsistent coaching and expectations for utilization of given curriculum/ resources.

Student Learning
Problem Statement 3: Leaders are looking at single data points to identify student learning gaps and how to address them. **Root Cause**: Leaders are prioritizing district deadlines and trainings which limits analyzing overall data points.
School Processes & Programs
Problem Statement 2: Minimal opportunities are provided for parent involvement to improve student achievement. **Root Cause**: During COVID, there were limited visitors allowed on campus for both safety and health reasons. Our campus did not transition back to pre-covid systems for campus visitors and events.
Perceptions
Problem Statement 2: Low parent participation in school wide surveys leading to insufficient feedback that impacts investment in stakeholders. **Root Cause**: Parent communication is not consistent due to parents not updating contact information which is directly connected to the leading source of communication "Remind."

Goal 2: IDEA achieves an A Rating

Performance Objective 3: IA & CP: 36% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

High Priority

Evaluation Data Sources: Summit K-12 usage reports, Imagine Learning playlists' progress

Strategy 1 Details	Reviews

IDEA Public Schools

Robindale Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 14, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 30

Comprehensive Needs Assessment

Revised/Approved: September 20, 2023

Demographics

Demographics Summary

IDEA Robindale Academy was founded in 2019 with grades K-2nd. We are an open enrollment K-5th charter school now in 2023. We are located at 3802 Ruben M Torres Blvd, Brownsville, TX 78521. Our current enrollment is 730 students as of August 2022. We strive to serve low socioeconmic areas to support our mission of going to and through college. Our demographics are the following: we have 9.61% SPED scholars, 49.58% EB scholars, 91.78% scholars that are eco dis, 98.6% hispanic, .42% asian, .14% african american and .83% white. 46.66% of our scholars are male and 53.34% are female.

Demographics Strengths

IDEA is achieving its mission of college for all in serving a majority of economically disadvantaged students.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): overall attendance declined under the 97% goal **Root Cause:** 1) Lack of accountability to those who were absent with meetings through escalation matrix. 2) did not celebrate scholars quarterly through public recognition

Problem Statement 2 (Prioritized): Overall student persistence declined under the 90% **Root Cause:** 1) lack of resetting and follow up with staff on behavior PD 2)lack of opportunities to connect and interact with families on campus

Student Learning

Student Learning Summary

For Kinder-2nd 87% end the year reading on grade level.

We received 4/5 distinctions which were academic achievement in ELA/ reading and math, top 25% comparative academci growth and top 25% comparative closing the gaps. For 4th grade reading 82% of scholars met their growth goal and for 4th grade math 86% of scholars met their growth goal. For 3rd and 4th STAAR but ELA and Math had 50% of SPED scholars pass their STAAR test.

See PDF in Addendum for more information

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Teachers minimally got to meet with teachers of same content on campus. **Root Cause:** Teachers were not able to stay beyond work hours to collaborate due to set PD schedule and planning time scheduled in the day did not allow for cross grade collabs.

Problem Statement 2 (Prioritized): Campus lacked implementation of differentiation on teacher's lesson plans. **Root Cause:** Campus did not provide training to teachers on how to differentiate due to prioritizing basic lesson planning skills like internalization first.

Problem Statement 3 (Prioritized): Campus did not identify scholars who needed support through RTI in quarter 1. **Root Cause:** Campus did not provide training or follow up on RTI identification.

School Processes & Programs

School Processes & Programs Summary

We have a year long scope and sequence for our PD calendar that we adjust based on trends if needed. We prioritize culture and team building at beginning of year and move into content and rigor. For PD, two days of the month are PD sessions and two are content meetings. The important piece of PD is ensuring there is practice time with feedback and ultimately ensuring managers observe, follow up and coach the skill in class. Actions leaders take on a daily basis are observing teachers are an assigned skill, meet with them to model and coach the skill then follow up to mastery. As a campus we provide teachers with weekly lesson plan feedback, lesson rehearsals and coplanning as many as needed depending on the level of the teacher.

School Processes & Programs Strengths

Curriculum & Instruction:

- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Campus did not have a system that consistently and publicly celebrates staff members **Root Cause:**) There was not criteria for success or a system 2)Celebrations that occurred were not public in front of peers or parents

Problem Statement 2: Campus did not hold team building events during the year. **Root Cause:** There was no criteria or plan set for when they would happen and where.

Problem Statement 3 (Prioritized): Increase intervention for at risk scholars **Root Cause:** Early identification was not done to schedule scholars

Perceptions

Perceptions Summary

Parent engagement events have been very successful. As a campus we had 76% of families attend our festivals. Feedback we got was positive and families look forward to our summer events also. Teacher turnover was at 85.2% last year. Our goal was 85% so we did meet it. As a campus we have many forms of communication for parents. We use facebook, remind and classdojo. We also have parent weekly that goes out where parents can see celebrations and important information about what is happening on campus. We send out quarterly feedback to teachers.

Perceptions Strengths

Every year, IDEA asks all staff members to complete and annual employee experience survey. Below are a few highilghts.

73% say IDEA is a is a great work place.

Nearly 9 out of 10 say their work has meaning.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Campus did not show parents what learning looked like on a day to day in classrooms **Root Cause:** 1)As a campus, we did not share pictures of what was happening in the classroom. 2) We did not celebrate students consistently

Problem Statement 2 (Prioritized): Campus did not consistently build relationships with parents **Root Cause:** 1)Campus did not host any in person events

Priority Problem Statements

Problem Statement 1: overall attendance declined under the 97% goal
Root Cause 1: 1) Lack of accountability to those who were absent with meetings through escalation matrix. 2) did not celebrate scholars quarterly through public recognition
Problem Statement 1 Areas: Demographics

Problem Statement 2: Overall student persistence declined under the 90%
Root Cause 2: 1) lack of resetting and follow up with staff on behavior PD 2)lack of opportunities to connect and interact with families on campus
Problem Statement 2 Areas: Demographics

Problem Statement 3: Campus did not consistently build relationships with parents
Root Cause 3: 1)Campus did not host any in person events
Problem Statement 3 Areas: Perceptions

Problem Statement 4: Campus did not show parents what learning looked like on a day to day in classrooms
Root Cause 4: 1)As a campus, we did not share pictures of what was happening in the classroom. 2) We did not celebrate students consistently
Problem Statement 4 Areas: Perceptions

Problem Statement 5: Increase intervention for at risk scholars
Root Cause 5: Early identification was not done to schedule scholars
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Campus did not have a system that consistently and publicly celebrates staff members
Root Cause 6:) There was not criteria for success or a system 2)Celebrations that occurred were not public in front of peers or parents
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Campus lacked implementation of differentiation on teacher's lesson plans.
Root Cause 7: Campus did not provide training to teachers on how to differentiate due to prioritizing basic lesson planning skills like internalization first.
Problem Statement 7 Areas: Student Learning

Problem Statement 8: Campus did not identify scholars who needed support through RTI in quarter 1.
Root Cause 8: Campus did not provide training or follow up on RTI identification.

Problem Statement 8 Areas: Student Learning

Problem Statement 9: Teachers minimally got to meet with teachers of same content on campus.

Root Cause 9: Teachers were not able to stay beyond work hours to collaborate due to set PD schedule and planning time scheduled in the day did not allow for cross grade collabs.

Problem Statement 9 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Student Data: Assessments

- Local benchmark or common assessments data
- Observation Survey results
- Texas approved PreK - 2nd grade assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Section 504 data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Campus leadership data

Parent/Community Data

- Parent engagement rate

Support Systems and Other Data

- Communications data

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 48% to 50% in Spring 2024 (HB3)

High Priority

HB3 Goal

IDEA Public Schools

Round Rock Tech Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 31, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 26

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Round Rock Tech Academy is a K-5 open-enrollment charter school that serves over 550 students ranging in age from 5-11 in the Round Rock, Texas area. The school opened as a branch of IDEA Public Schools in 2020. The student population is demographically diverse as 44% of students are Hispanic, 26% are African American, 17% are White, and 11% are Asian. The school offers Comprehensive Support and Improvement (CSI), 504 plans, Response to Intervention (RTI), Special Education, Computer Science, Speech/ Language Therapy, and Social Work programs to meet all students' diverse educational and social-emotional needs.

Demographics Strengths

IDEA Round Rock Tech Academy has a diverse student and teacher population, with 44% of students being Hispanic, 26% African American, 17% White, 11% Asian, and 59% of teachers being Hispanic, 19% African American, and 15% White. IDEA RRT Academy is also economically diverse, with 45% of students being financially disadvantaged. IDEA RRT Academy is an A-rated campus, higher than most public schools in the area. All students also receive complimentary breakfast and lunch while they are at school.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There has been a decrease in new student persistence over the past two school years. **Root Cause:** Lack of communication regarding curriculum, culture, transportation, and expectations for new families.

Problem Statement 2 (Prioritized): There is a need for more language support for EB students. IDEA RRT Academy has a large number of English Learners. **Root Cause:** Not enough language acquisition support from teachers to support English Language learners in their academics.

Student Learning

Student Learning Summary

'- Our campus has improved in on-grade reading progress for K-2nd collectively and each grade level individually. We have consistently ranked #1 in the region for the 21-22 and 22-23 school years. Our kinder class of 21-22 ended the year with 89% on grade level; we maintained student-on-grade level progress into this school year, with 1st grade ending the school year with 90%. Our priority grade for the 22-23 was 2nd grade. This is due to our 1st-grade scholars ending the 21-22 school year with only 50% on grade level. With targeted intervention, including afterschool tutoring, additional reading intervention blocks within the school day, and parent/student/teacher buy, we increased our on-track percentage to 87% by EOY.
- For ELA, we have seen consistent growth throughout the year due to the teacher being very supportive of students that needed extra support. The teacher provided small groups, intervention, and differentiated assignments based on student needs. Our 4th-grade students come better prepared due to having previous exposure to tests. Our school has maintained a top 3 ranking for the school year for all assessments in the district. Teachers would analyze data after extensive reviews and reteach based on gaps and trends students would demonstrate.
- 4th Grade Students ranked #2 in the Austin region on their Math Mock STAAR Exam. This reflects a teacher having solid knowledge internalization of math content and being able to translate that into her lessons for the students. In addition, the teacher provided differentiated opportunities for students during after-school tutoring sessions, in-class small group interventions, scaffolded independent practice, and opportunities to practice on the online platform.

Student Learning Strengths

Compared to state and district percentages, our campus has a lower rate of economically disadvantaged students; this provides our students with additional opportunities for educational support. Our campus has a diverse student population, exposing our students to more cultural learning opportunities.

Implemented Exit Ticket Tracker, including subpopulations and hotlist column to track and react to data patterns
Implemented Growth Goals tracker for 4th grade
Implemented Edcite Exit Tickets to allow opportunities for students online test familiarity and navigation
Increase overall SPED A/M/M - SPED Teacher collaboration and internalization of Math Lesson Plans.
The teacher has solid knowledge internalization of eureka content and can translate that into her lessons for the students.
Targeted Growth Goal Students

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students did not have the necessary testing strategies to showcase their learned skills independently on standardized assessment. **Root Cause:** Lack of consistent instruction due to teacher retention impacted instructional rigor and campus ability to provide aligned supplemental instruction targeting learning gaps.

Problem Statement 2 (Prioritized): Students did not meet 90/60/30 criteria - the gap is reflected in 3rd-grade math assessment data of 56/25/12 on Mock Exam. **Root Cause:** Students did not have ample opportunities to practice testing strategies through out the school year with STAAR allowed accommodations.

School Processes & Programs

School Processes & Programs Summary

Within the campus, the instructional leaders have unique responsibilities and roles that correspond to their respective content areas. The staff members receive coaching and development based on their abilities and have frequent discussions with their managers. This approach expedites the proficiency of new employees and establishes an internal talent pool for promotions. Additionally, the campus ensures ongoing feedback through reliable accountability measures and consistent fo personalized follow-through, cultivating a supportive environment with clear performance expectations for its employees.

School Processes & Programs Strengths

IDEA' curriculum &instruction provides students access to accelerated instruction through the 1:1 technology device, including adaptive mathematics and literacy software and hundreds of thousands of books in the district's digital library. The IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment with the Texas Essential Knowledge and Skills and AP course standards and the STAAR/EOC and AP exams. Additionally, our critical student intervention program provides targeted research-based instruction to students with a 2.0-year gap in Reading and Math to close that gap by 2.0 years during the school year. During the 21-22 school year, 85% of our students increased their reading goal by 2.0 years or more. IDEA Round Rock Tech Academy has retained an average of 90% of students for the 22-23 school year. IDEA Round Rock Tech parents rated IDEA as 4.6/5 on the statement, "My school is preparing my child for college." IDEA Round Rock Tech parents rated IDEA as 4.5/5 on the statement, "My school holds my child to high academic standards." IDEA Round Rock Tech students rated IDEA as 4.6/5 on the statement, "My teachers challenge me to do my best."

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): 25% of teachers showed minimal growth and advancement in their TCP. **Root Cause:** Campus leaders did not prioritize developing teachers K-2 teachers.

Problem Statement 2 (Prioritized): 2/3 of teachers who resigned stated that mental health was why they left. **Root Cause:** There has been a lack of investment and prioritization of leader resources to build social emotional skills and support with staff mental health."

Perceptions

Perceptions Summary

IDEA Round Rock Tech Academy is perceived as a campus where the leadership team is in-tune with the staff, supporting them in their daily efforts and providing consistent, reliable leadership wherein their actions match their words. The 22-23 staff retention is at 92.16% compared to 66.4%from the 21-22 school year. There was a complete Lead Team change (Except APO) which created a drastically different culture in which staff felt more supported and were not forced out due to personality differences or minor work issues. Based on data on parental engagement events, participation has ranged from 70%-80% significantly with the formation of the PSA and numerous on-campus events hosted wholly or partly by parents. The most significant barrier to participation continues to be parents' work schedules which do not allow them to be present during the day.

Perceptions Strengths

All staff stated that employees are treated fairly and that leadership actions match their words. This data point reflects the firm trust that the team has in their leaders, which directly contributes to staff retention. This starkly contrasts our organizational average of 84% (fair) and 71% (words=actions). For the 22/23 SY, we launched our Parent Success Association. The PSA is our version of a PTA/PTO. We have had consistent and growing parent participation throughout the school year and strong interest from new families going into the 23/24 SY. They hosted multiple events for staff and students and raised significant funds to help support the campus in diverse areas.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): 30% of our staff believe they are compensated fairly for their work. **Root Cause:** There has been a lack of investment and prioritization of staff resources, training, curriculum, and programming.

Problem Statement 2 (Prioritized): 46% believe IDEA is a mentally and emotionally healthy place to work. **Root Cause:** Lack of investment and prioritization of staff's emotional/mental state during weekly check-ins.

Priority Problem Statements

Problem Statement 1: There has been a decrease in new student persistence over the past two school years.
Root Cause 1: Lack of communication regarding curriculum, culture, transportation, and expectations for new families.
Problem Statement 1 Areas: Demographics

Problem Statement 2: 30% of our staff believe they are compensated fairly for their work.
Root Cause 2: There has been a lack of investment and prioritization of staff resources, training, curriculum, and programming.
Problem Statement 2 Areas: Perceptions

Problem Statement 3: 46% believe IDEA is a mentally and emotionally healthy place to work.
Root Cause 3: Lack of investment and prioritization of staff's emotional/mental state during weekly check-ins.
Problem Statement 3 Areas: Perceptions

Problem Statement 4: 2/3 of teachers who resigned stated that mental health was why they left.
Root Cause 4: There has been a lack of investment and prioritization of leader resources to build social emotional skills and support with staff mental health."
Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: 25% of teachers showed minimal growth and advancement in their TCP.
Root Cause 5: Campus leaders did not prioritize developing teachers K-2 teachers.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Students did not have the necessary testing strategies to showcase their learned skills independently on standardized assessment.
Root Cause 6: Lack of consistent instruction due to teacher retention impacted instructional rigor and campus ability to provide aligned supplemental instruction targeting learning gaps.
Problem Statement 6 Areas: Student Learning

Problem Statement 7: Students did not meet 90/60/30 criteria - the gap is reflected in 3rd-grade math assessment data of 56/25/12 on Mock Exam.
Root Cause 7: Students did not have ample opportunities to practice testing strategies through out the school year with STAAR allowed accommodations.
Problem Statement 7 Areas: Student Learning

Problem Statement 8: There is a need for more language support for EB students. IDEA RRT Academy has a large number of English Learners.

Root Cause 8: Not enough language acquisition support from teachers to support English Language learners in their academics.
Problem Statement 8 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Texas approved PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data

- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Communications data
- Study of best practices

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 52% to 54% in Spring 2024 (HB3)

High Priority

IDEA Public Schools

Rundberg Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 2, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

Here at IDEA Rundberg, we are providing high quality education to ensure that we lay the foundation for our scholars to be successful in life. Our school was established in 2015 and is located in Austin, Texas. We are an open Charter School that focuses on college matriculation. We currently serve a cumulative of 697 scholars in grades K-5.

IDEA Rundberg is an open enrollment charter school founded in 2015. Currently, we proudly serve over 1,400 students in grades K-12. IDEA Rundberg sets high expectations for every student and goes the extra mile to make sure every student realizes their own potential. This school serves 90.69% Economically Disadvantaged students and our ethnic breakdown consists of 91.09% White-Hispanic, 3.85% White, 2.34% Black African, and 0.16% Asian. Our population is made of 47.81% Male and 52.19% Female.

IDEA Rundberg implements RULER, a systemic approach to SEL developed at the Center for Emotional Intelligence. RULER aims to infuse the principles of emotional intelligence into the immune system of schools (preK-12), informing how leaders lead, teachers teach, and students learn. Students in Kinder through 2nd grade are at a crucial developmental milestone to begin social emotional skill development for early elementary students with Move This World. With their big imaginations, young students take naturally to our unique interactive videos. By inviting them to play, Move This World seamlessly introduces SEL Concepts into their daily routine. Students in 3rd-5th are hitting their social stride and how they develop those skills can influence their academic success. They are still naturally inclined to play, but they're also beginning to think about how other people perceive them. As students develop more meaningful relationships, they are curious to know what others think. Our social emotional skill development for late elementary school program helps students explore their place in the world with interactive videos made just for them. IDEA Rundberg is on-track to uphold our legacy of sending 100% of its graduates to college.

Demographics Strengths

At IDEA Rundberg Academy, we have teachers who implement strong culture best practices which leads to significantly low percentage of discipline issues. Our campus TEA report card is a B rating. Staff members were given high quality professional development on best practices to build good rapport with all students around high expectations with culture which has lead to strong academic results. School Safety protocols are in place and partnership exists between local authorities and campus staff.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a lack of follow through with implementation of the ADA escalation matrix. **Root Cause:** 1. There was poor accountability and lack of prioritization of repeated attendance offender meetings. 2. There was a lack of managing the communication on attendance gaps with families from teachers and leaders due to high the volume of absences,

Problem Statement 2 (Prioritized): There is a lack of opportunities to involve parents throughout the school year on campus. **Root Cause:** 1. Lack of clarity and communication with parents on our school culture and student expectations during the new family onboarding process. 2. There is a lack of opportunities to analyze and implement parent feedback on what areas to improve on.

Student Learning

Student Learning Summary

Based on current data, IDEA Rundberg Academy is projected be a B. What is helping the campus in these major areas that contributed to this score were our ELA results, 5th Grade Science results, and our TELPAS results. Our cumulative ELA results afforded us the opportunity to meet 5/6 target areas in Domain 3 in addition to achieving a score of a 94(A) for academic growth. Additionally, our TELPAS results were above the state by 25% points. We had 61% of our Emergent Bilingual population grow at least 1 composite level.

Student Learning Strengths

At IDEA Rundberg Academy, our scholars are out performing the district in mathematics. Our achievement averages for math have consistently been in the top quartile.

The following strengths contribute to academic and culture success at our campus. Staff members are able to deliver results due to the level of unpacking and lesson internalization that is completed. They also deliver strong first instruction due to the lesson rehearsals that are completed on a daily/weekly basis and we are able close the achievement gap due to data driven decisions and instruction made on a daily basis. Our students are celebrated weekly for upholding our core values, being good role models for their peers and academic achievements.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Lack of reading and writing intervention opportunities to improve decoding, fluency and comprehension reading skills. **Root Cause:** Poor implementation and effective use of intervention programs such as Summit K-12 to support our Emergent Bilingual students reading skills.

Problem Statement 2 (Prioritized): Lack of alignment with between our writing instruction and writing expectations on STAAR. **Root Cause:** Lack of opportunities and training on how to unpack the unit plans and determine the areas to align and add supplemental STAAR materials.

Problem Statement 3: Lack of campus-wide EB strategies used to address the literacy gaps in grades K-5. **Root Cause:** Teachers lack training in best practices in lesson planning and delivery that allow for multiple opportunities for students to express learning through speaking and writing across all content areas.

Problem Statement 4: Teachers lack the skill to increase rigor in the classroom aligned to the rigor of state exam **Root Cause:** Lack of coaching by leaders on differentiation supports visible in lesson plans and in lesson delivery.

Problem Statement 5: There is a lack of planning for differentiated questions throughout each lesson. **Root Cause:** Teachers lack the knowledge and skills on how to scaffold rigorous questions throughout the lesson.

School Processes & Programs

School Processes & Programs Summary

Lastly, with the STAAR test being online, Rundberg Academy will introduce online based learning sooner in order to ensure our students' success on the STAAR.

Student Programs: Bilingual Program, Special Education General Education – Wit and Wisdom, Eureka, Amplify, Insight, Direct Instruction Electives- AR, HS, PE After school tutorial Hb4545 Intervention Move this World- Social Emotional Curriculum Typing.com IReady

Teacher Programs: Reading Academies TCP Staff Development Cycle Coaching Cycle- GET Rubric Teacher Advisory Council Campus Crisis Team Content Leaders, Course Leaders, Grade Team Leaders DI Coaches ,Course Collaborations Processes

Response to Intervention is provided to students based on academic and behavioral performance. 3rd-5th grade students are identified for Critical Student Intervention based on Renstar performance. Weekly staff meetings are held for professional development sessions. Monthly Grade Team Leader Meetings are held for input on campus decisions, campus updates, and strategic collaboration for areas of need. Course Collaborations quarterly by content led by district course leader Lesson rehearsals to enhance quality of first instruction Content webinars with resources, unpacking of units, legal updates and best practices Roadmap assigned sessions to be in compliance and up to date with instructional best practices DI coaches support staff members with LPC Feedback, observations, rehearsals, feedback Afterschool tutorial is offered to students based on academic needs

School Processes & Programs Strengths

At IDEA Rundberg, teacher and leader development is at the center of our values. For teachers, they go through intensive amounts of professional development before they even step foot into a classroom. Additionally, once the school year has started, teachers are developed through an intense coaching cycle that is comprised of real time feedback, observation feedback meetings, and data conversations. Lastly, all 3rd grade - 5th grade teachers engage in daily lesson rehearsals where they deliver pieces of their lesson to receive feedback before their first lesson.

Leaders are also developed very similarly to teachers. They go through the coaching cycle as well to ensure that they have the skills to develop teachers.

Here at IDEA Rundberg Academy, 100% of our teachers engage in lesson rehearsals to ensure that our scholars get the best learning possible the first time. Additionally, leaders here spend over 80% of their work day coaching and developing teachers in the classroom. Lastly, leaders did a great job of training staff on all of the GET Power Rows and ensured their proficiency.

Student Programs: Bilingual Program, Special Education General Education – Wit and Wisdom, Eureka, Amplify, Direct Instruction, Electives- AR, HS, PE, Intervention. Move this World- Social Emotional Curriculum Typing.com, Accelerated instruction meet required instructional minutes, Critical student intervention (CSI) Decoding (3-5th). K-2 Direct Instruction.

Teacher Programs: Reading Academies, Teacher Career Pathway, Staff Development Cycle, Coaching Cycle- GET Rubric, Teacher Advisory Council, Campus Crisis Team, Content Leaders, Course Leaders, Grade Team Leaders, Campus Crisis Safety Team Process for threats and student safety, Instructional Rounds, Culture Rounds, Lesson Plan Feedback,

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Lack of strong teacher onboarding and opportunities for managers to create an environment of trust and work recognition. **Root Cause:** Lack of onboarding plan for staff and mechanisms to analyze teacher feedback and implement strategies to increase teacher investment and joyful opportunities.

Problem Statement 2 (Prioritized): Scholars did not get adequate amount of screen to scratch practice through out the year. **Root Cause:** Leaders failed to properly integrate technology use in class and monitor weekly practice starting in quarter 1.

Problem Statement 3: Lack of timely communication to provide staff with opportunities for feedback or questions related to events, deadlines, and safety **Root Cause:** Leaders operated under the assumption that teachers internalized campus information and did not provide ample opportunities for questions or feedback.

Perceptions

Perceptions Summary

At IDEA Rundberg, we have had a high turnover rate in leadership and instructional staff. As a result, the school does not have consistency in operational systems and extensive experience in current roles. Additionally, based on staff surveys some staff feel undervalued and overworked. Teachers have a strong commitment to our mission and continue to find great purpose in serving our students. With our large population of Emergent Bilingual scholars, teachers find it difficult to connect with families if they do not speak Spanish themselves. This creates a gap in communication between the school and our community.

Perceptions Strengths

Increase in community events have yielded strong connections between our staff and families and stronger partnerships. Staff also have developed strong skills in pedagogical practices and addressing student behaviors effectively by implementing strong culture systems that are aligned in K-5.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Lack of communication systems and processes between the teachers and families. **Root Cause:** Teachers are not communicating with parents when they are having behavior or academic issues with their scholars consistently and promptly throughout the year.

Problem Statement 2: There is a need to increase trust and investment between leaders and staff on our Employee Survey. **Root Cause:** Lack of opportunities for staff to provide feedback on judgment calls and operating mechanisms.

Problem Statement 3 (Prioritized): There is a need to increase staff retention due to lack of feeling valued. **Root Cause:** Inconsistent celebrations and recognition through out the year.

Problem Statement 4: Low performance from Emergent Bilingual scholars in EOY exams due to poor scaffolding by staff and lack of understanding Spanish. **Root Cause:** Less than 30% of staff speak nor understand Spanish and lack strategies to support the language barriers.

Priority Problem Statements

Problem Statement 1: Lack of alignment with between our writing instruction and writing expectations on STAAR.

Root Cause 1: Lack of opportunities and training on how to unpack the unit plans and determine the areas to align and add supplemental STAAR materials.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Lack of reading and writing intervention opportunities to improve decoding, fluency and comprehension reading skills.

Root Cause 2: Poor implementation and effective use of intervention programs such as Summit K-12 to support our Emergent Bilingual students reading skills.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Lack of strong teacher onboarding and opportunities for managers to create an environment of trust and work recognition.

Root Cause 3: Lack of onboarding plan for staff and mechanisms to analyze teacher feedback and implement strategies to increase teacher investment and joyful opportunities.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Scholars did not get adequate amount of screen to scratch practice through out the year.

Root Cause 4: Leaders failed to properly integrate technology use in class and monitor weekly practice starting in quarter 1.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Lack of communication systems and processes between the teachers and families.

Root Cause 5: Teachers are not communicating with parents when they are having behavior or academic issues with their scholars consistently and promptly throughout the year.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: There is a lack of follow through with implementation of the ADA escalation matrix.

Root Cause 6: 1. There was poor accountability and lack of prioritization of repeated attendance offender meetings. 2. There was a lack of managing the communication on attendance gaps with families from teachers and leaders due to high the volume of absences,

Problem Statement 6 Areas: Demographics

Problem Statement 7: There is a lack of opportunities to involve parents throughout the school year on campus.

Root Cause 7: 1. Lack of clarity and communication with parents on our school culture and student expectations during the new family onboarding process. 2. There is a lack of opportunities to analyze and implement parent feedback on what areas to improve on.

Problem Statement 7 Areas: Demographics

Problem Statement 8: There is a need to increase staff retention due to lack of feeling valued.

Root Cause 8: Inconsistent celebrations and recognition through out the year.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Covid-19 Factors and/or waivers for Assessment, Accountability, ESSA, Missed School Days, Educator Appraisals, etc.
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations
- Federal Report Card and accountability data
- Alternative Education Accountability (AEA) data
- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- ASPIRE
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Observation Survey results
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Violence and/or violence prevention records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact
- Equity data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices
- Action research results
- Other additional data

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

Evaluation Data Sources: EOY STAAR and District assessments

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Conduct weekly lesson plan clinics with a focus on habits of discussions and writing to help increase the rigor that aligns to what they see on a college prep level. **Strategy's Expected Result/Impact:** Increase overall meets and masters on the EOY STAAR exam as well as increase the rigor in academic discussion in academy. **Staff Responsible for Monitoring:** Principal and API's	25%	50%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 1: All IDEA students matriculate to college

Performance Objective 2: 100% of graduates meet TSIA college readiness benchmark (HB3)

Evaluation Data Sources: Quarterly Benchmarks

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Set yearly academic goals, track and monitor, that prepare our students for end of year assessments and college readiness. **Strategy's Expected Result/Impact:** Students build foundation needed in Reading and Math **Staff Responsible for Monitoring:** Assistant Principals of Instruction **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 1	25%	50%		

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 1: Lack of reading and writing intervention opportunities to improve decoding, fluency and comprehension reading skills. **Root Cause**: Poor implementation and effective use of intervention programs such as Summit K-12 to support our Emergent Bilingual students reading skills.

Goal 2: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 38% to 40% in Spring 2024 (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: EOY STAAR and District Assessments

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Conduct weekly lesson plan clinics with a focus on habits of discussions and writing to help increase the rigor of the EOY STAAR exam. **Strategy's Expected Result/Impact:** Increase overall meets and masters on the EOY STAAR exam as well as increase the rigor in academic discussion in academy. **Staff Responsible for Monitoring:** Principal and API's **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction	20%	20%		

Strategy 2 Details	Reviews

	Oct	Jan	Mar	June
Strategy 2: Focus on first instruction through weekly lesson rehearsals for teacher **Strategy's Expected Result/Impact:** Weekly exit ticket data to meet SAS target of 55 **Staff Responsible for Monitoring:** ELA Teachers, Assistant Principal of Instruction **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 2	20%	50%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 2: Lack of alignment with between our writing instruction and writing expectations on STAAR. **Root Cause**: Lack of opportunities and training on how to unpack the unit plans and determine the areas to align and add supplemental STAAR materials.

Goal 2: IDEA achieves an A Rating

Performance Objective 2: IA: Third-grade students performing at or above grade level in math as measured by the Meets Grade Level Standard on STAAR will increase from 36% to 38% in Spring 2024. (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: EOY STAAR and District Assessments

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Conduct weekly lesson plan clinics with a focus on habits of discussions, writing, and evidence of work/ justifications to help increase the rigor of the EOY STAAR exam. **Strategy's Expected Result/Impact:** Increase overall meets and masters on the EOY STAAR exam as well as increase the rigor in academic discussion in academy. **Staff Responsible for Monitoring:** Principal and API's **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction	20%	50%		

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 3: IA & CP: 55% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

Evaluation Data Sources: TELPAS mock and large scale assessments

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers will plan EB differentiation in lesson plans and execute during classroom instruction **Strategy's Expected Result/Impact:** Meet EB targets in Domain III for state accountability **Staff Responsible for Monitoring:** Teacher, Assistant Principal, EL Point Person, Principal **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 1, 2	20%	30%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Provide professional development to all teachers on EL instructional best practices. **Strategy's Expected Result/Impact:** Students increase in TELPAS proficiency **Staff Responsible for Monitoring:** Teacher, Assistant Principal of Instruction, Principal **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Recruit, support, retain teachers and principals, Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 1	10%	35%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 3 Problem Statements:

Student Learning

Problem Statement 1: Lack of reading and writing intervention opportunities to improve decoding, fluency and comprehension reading skills. **Root Cause**: Poor implementation and effective use of intervention programs such as Summit K-12 to support our Emergent Bilingual students reading skills.

Problem Statement 2: Lack of alignment with between our writing instruction and writing expectations on STAAR. **Root Cause**: Lack of opportunities and training on how to unpack the unit plans and determine the areas to align and add supplemental STAAR materials.

Goal 2: IDEA achieves an A Rating

Performance Objective 4: IA & CP: 100% of identified scholars meet required minutes per House Bill 4545 (HB4545)

Evaluation Data Sources: weekly report audits

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide strategic intervention to 100% of HB4545 students during afterschool and Saturday tutorials **Strategy's Expected Result/Impact:** 100% of students meet HB4545 minutes **Staff Responsible for Monitoring:** Teachers, Assistant Principals of Instruction, Principal **Title I:** 2.4, 2.6 **- TEA Priorities:** Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction **Problem Statements:** School Processes & Programs 2	20%	55%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Track HB4545 minutes on a weekly basis through current operating mechanisms to adjust support as needed. **Strategy's Expected Result/Impact:** 100% of HB4545 students meet their minutes **Staff Responsible for Monitoring:** Teachers, Assistant Principals of Instruction, Principal **Title I:** 2.4, 2.6 **- TEA Priorities:** Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction **Problem Statements:** Student Learning 1, 2 - School Processes & Programs 2	10%	50%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 4 Problem Statements:

Student Learning

Problem Statement 1: Lack of reading and writing intervention opportunities to improve decoding, fluency and comprehension reading skills. **Root Cause**: Poor implementation and effective use of intervention programs such as Summit K-12 to support our Emergent Bilingual students reading skills.

Problem Statement 2: Lack of alignment with between our writing instruction and writing expectations on STAAR. **Root Cause**: Lack of opportunities and training on how to unpack the unit plans and determine the areas to align and add supplemental STAAR materials.

School Processes & Programs

Problem Statement 2: Scholars did not get adequate amount of screen to scratch practice through out the year. **Root Cause**: Leaders failed to properly integrate technology use in class and monitor weekly practice starting in quarter 1.

Goal 2: IDEA achieves an A Rating

Performance Objective 5: IA & CP: 50% of SPED Students attain approaches in STAAR by June 2024 (TEC 11.253(d)(2))

Evaluation Data Sources: district assessments

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Plan SPED differentiation in lesson plans for Reading and Math **Strategy's Expected Result/Impact:** Students receive high quality first instruction that leads to mastery and approaches in district and state exams. **Staff Responsible for Monitoring:** SPED Teacher, Teacher, Assistant Principal of Instruction, Principal **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 2 - School Processes & Programs 2	20%	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Track and monitor student SPED data on weekly assessments. **Strategy's Expected Result/Impact:** SPED students meet Approaches in EOY STAAR assessment **Staff Responsible for Monitoring:** SPED teacher, Teacher, Assistant Principals of Instruction, Principal **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction **Problem Statements:** Student Learning 2 - School Processes & Programs 2	10%	30%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 5 Problem Statements:

Student Learning
Problem Statement 2: Lack of alignment with between our writing instruction and writing expectations on STAAR. **Root Cause**: Lack of opportunities and training on how to unpack the unit plans and determine the areas to align and add supplemental STAAR materials.
School Processes & Programs
Problem Statement 2: Scholars did not get adequate amount of screen to scratch practice through out the year. **Root Cause**: Leaders failed to properly integrate technology use in class and monitor weekly practice starting in quarter 1.

Goal 2: IDEA achieves an A Rating

Performance Objective 6: IA & CP: School achieves 90/60/30 in approaches/meets/masters as measured by the STAAR testing
Required Strategy: Track each students performance in domains 1-3 by using the Locus dashboard and respond to data appropriately (TEC 11.253(d)(3))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Track each students performance in domains 1-3 by using the Locus dashboard and respond to data appropriately. **Strategy's Expected Result/Impact:** Students meet 90/60/30 goal in State end of year assessments **Staff Responsible for Monitoring:** Teacher, Assistant Principal of Instruction, Principal **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 2 - School Processes & Programs 2	20%	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Hold Parent Meetings to inform on STAAR goals and progress throughout the school year **Strategy's Expected Result/Impact:** 90% of students meet their individual STAAR goals **Staff Responsible for Monitoring:** Teachers, Grade Team Leaders, Assistant Principals of Instruction, Principal **Title I:** 2.4, 2.6, 4.2 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Problem Statements:** Demographics 1, 2 - Perceptions 1	15%	40%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 6 Problem Statements:

Demographics

Problem Statement 1: There is a lack of follow through with implementation of the ADA escalation matrix. **Root Cause**: 1. There was poor accountability and lack of prioritization of repeated attendance offender meetings. 2. There was a lack of managing the communication on attendance gaps with families from teachers and leaders due to high the volume of absences,

Problem Statement 2: There is a lack of opportunities to involve parents throughout the school year on campus. **Root Cause**: 1. Lack of clarity and communication with parents on our school culture and student expectations during the new family onboarding process. 2. There is a lack of opportunities to analyze and implement parent feedback on what areas to improve on.

Student Learning

Problem Statement 2: Lack of alignment with between our writing instruction and writing expectations on STAAR. **Root Cause**: Lack of opportunities and training on how to unpack the unit plans and determine the areas to align and add supplemental STAAR materials.

School Processes & Programs

Problem Statement 2: Scholars did not get adequate amount of screen to scratch practice through out the year. **Root Cause**: Leaders failed to properly integrate technology use in class and monitor weekly practice starting in quarter 1.

Perceptions

Problem Statement 1: Lack of communication systems and processes between the teachers and families. **Root Cause**: Teachers are not communicating with parents when they are having behavior or academic issues with their scholars consistently and promptly throughout the year.

Goal 3: Increase student persistence

Performance Objective 1: IA & CP: Campus receive a score of proficient or higher on the campus safety scorecard for the 2023- 24 school year (TEC 11.253(d)(8))

High Priority

Evaluation Data Sources: Safety Audits

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Ensure all safety drills are done by the deadlines as well as ensure all members of the campus crisis team is certified in all life saving measures. **Strategy's Expected Result/Impact:** Campus will be in compliance with all District and Federal guidelines for safety. **Staff Responsible for Monitoring:** Principal and APO	25%	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Review safety scorecard feedback in APO tactical on a weekly basis **Strategy's Expected Result/Impact:** Campus receives a score of proficient or higher **Staff Responsible for Monitoring:** Assistant Principal of Operations, Campus Principals **Title I:** 2.5 **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 2	10%	30%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 2: There is a lack of opportunities to involve parents throughout the school year on campus. **Root Cause**: 1. Lack of clarity and communication with parents on our school culture and student expectations during the new family onboarding process. 2. There is a lack of opportunities to analyze and implement parent feedback on what areas to improve on.

Goal 3: Increase student persistence

Performance Objective 2: IA & CP: 100% of schools will be in compliance with the Title 1 Family Engagement requirements through the following events: Meet the Teacher, Public Hearing, Spring Town Hall and Semester 1 Report Card Pick Up. (TEC 11.253(d)(9))
Required Strategy: timely communication to families regarding school events to promote family engagement and attendance. (TEC 11.253(d)(9))

High Priority

Evaluation Data Sources: Family Surveys and Attendance Sheets.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Create a school-wide calendar with a family engagement event each month and review each event at weekly lead team tacticals. **Strategy's Expected Result/Impact:** Families choose to keep their students are IDEA Rundberg thus increasing persistence. **Staff Responsible for Monitoring:** SC, APO, Principal **Funding Sources:** Manipulatives, Learning games, Crafts - Title I, Part A (4120) - $3,254.94	20%	50%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 3: Increase student persistence

Performance Objective 3: IA & CP: 100% of schools will complete the Anti-Bullying and Safer, Smarter School curriculum by deadline indicated on the district calendar. (TEC 11.253(d)(8))

Evaluation Data Sources: Culture Week Lesson Plan Audit for lessons

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Create plan to schedule, track, and monitor completion of curriculum by integrating in operating mechanism tactical lead team meeting **Strategy's Expected Result/Impact:** 100% completion of Anti-Bullying and Safer, Smarter School curriculum week 1 **Staff Responsible for Monitoring:** Principal and Student Success Advisor **Title I:** 2.5 **- TEA Priorities:** Recruit, support, retain teachers and principals, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction **Problem Statements:** Demographics 1 - Perceptions 1	10%	40%		

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 3 Problem Statements:

Demographics
Problem Statement 1: There is a lack of follow through with implementation of the ADA escalation matrix. **Root Cause**: 1. There was poor accountability and lack of prioritization of repeated attendance offender meetings. 2. There was a lack of managing the communication on attendance gaps with families from teachers and leaders due to high the volume of absences,

Perceptions
Problem Statement 1: Lack of communication systems and processes between the teachers and families. **Root Cause**: Teachers are not communicating with parents when they are having behavior or academic issues with their scholars consistently and promptly throughout the year.

Goal 4: Increase student daily attendance

Performance Objective 1: IA: 100% of students from 2nd thru 5th Grade meet their MVPA minutes goal of X. (TEC 11.253(d)(10))

High Priority

HB3 Goal

Evaluation Data Sources: Weekly MVPA benchmarks

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Conduct weekly checkins with the PE coaches to ensure that they are backwards planning to meet the goal on a weekly basis. **Strategy's Expected Result/Impact:** 100% of PE scholars hit the MVPA goal. **Staff Responsible for Monitoring:** PE coaches and API **ESF Levers:** Lever 3: Positive School Culture	10%	20%		

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 4: Increase student daily attendance

Performance Objective 2: IA & CP: IDEA Rundberg will achieve a 96% annual attendance rate for the 23-24 school year

High Priority

Evaluation Data Sources: Weekly ADA benchmarks

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: IDEA Rundberg will adhere to the ADA escalation matrix with 100% fidelity **Strategy's Expected Result/Impact:** Hit the ADA goal of 97% **Staff Responsible for Monitoring:** APO, SC, and Principal				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Create yearly ADA celebration plan for student motivation **Strategy's Expected Result/Impact:** Meet yearly ADA goal **Staff Responsible for Monitoring:** SIS registrar, Assistant Principals, Principal **Title I:** 2.5 **- TEA Priorities:** Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Problem Statements:** Demographics 1, 2				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: There is a lack of follow through with implementation of the ADA escalation matrix. **Root Cause**: 1. There was poor accountability and lack of prioritization of repeated attendance offender meetings. 2. There was a lack of managing the communication on attendance gaps with families from teachers and leaders due to high the volume of absences,

Demographics
Problem Statement 2: There is a lack of opportunities to involve parents throughout the school year on campus. **Root Cause**: 1. Lack of clarity and communication with parents on our school culture and student expectations during the new family onboarding process. 2. There is a lack of opportunities to analyze and implement parent feedback on what areas to improve on.

Goal 4: Increase student daily attendance

Performance Objective 3: CP: 100% of students from 6th-12th grade meet their MVPA minutes goal of X. (TEC 11.253(d)(10))

Evaluation Data Sources: Weekly Reports on MVPA minutes

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Track and monitor MVPA data on a weekly basis to create weekly target list of students **Strategy's Expected Result/Impact:** 100% of students meet their MVPA minutes goal **Staff Responsible for Monitoring:** PE coach, Assistant Principal of Instruction, Principal **Title I:** 2.5 **- TEA Priorities:** Improve low-performing schools **- ESF Levers:** Lever 3: Positive School Culture, Lever 5: Effective Instruction **Problem Statements:** Demographics 1	10%	20%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 3 Problem Statements:

Demographics
Problem Statement 1: There is a lack of follow through with implementation of the ADA escalation matrix. **Root Cause**: 1. There was poor accountability and lack of prioritization of repeated attendance offender meetings. 2. There was a lack of managing the communication on attendance gaps with families from teachers and leaders due to high the volume of absences,

Goal 5: Increase staff retention

Performance Objective 1: IA & CP: 100% of full-time staff members complete all tasks within IDEA's staff development cycle including: goal setting, 2x2 and annual performance reviews during the 2023-24 school year.
Required Strategy: Managers provide feedback and professional development/coaching for each staff member through each SDC cycle.

Evaluation Data Sources: 100% completion reports

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Managers provide feedback and professional development/coaching for each staff member through each SDC cycle **Strategy's Expected Result/Impact:** 100% of staff development cycle meetings occur for all staff members **Staff Responsible for Monitoring:** campus leaders **Title I:** 2.5 **- TEA Priorities:** Recruit, support, retain teachers and principals, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 2: Strategic Staffing, Lever 3: Positive School Culture **Problem Statements:** Perceptions 3	20%	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Provide professional development for goal setting, 2x2, and APR components of staff development cycle **Strategy's Expected Result/Impact:** 100% of teachers and managers complete all components of staff development cycle (SDC) **Staff Responsible for Monitoring:** campus leaders **Title I:** 2.4 **- TEA Priorities:** Recruit, support, retain teachers and principals, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 2: Strategic Staffing **Problem Statements:** Perceptions 3	10%	10%		

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Perceptions
Problem Statement 3: There is a need to increase staff retention due to lack of feeling valued. **Root Cause**: Inconsistent celebrations and recognition through out the year.

Goal 5: Increase staff retention

Performance Objective 2: IA & CP: IDEA Rundberg is 100% staffed for all teacher positions throughout the 2023-24 school year.
Required Strategy: recruit and hire high quality candidates per role by using high quality resume criteria

High Priority

Evaluation Data Sources: Staff Retention Benchmarks

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Have monthly touch-points with talent partner to discuss current status of teacher vacancies and resources needed to support current teachers. **Strategy's Expected Result/Impact:** Ensure that students have the best and qualified teachers teaching them from the 1st day of school. **Staff Responsible for Monitoring:** Principal **TEA Priorities:** Recruit, support, retain teachers and principals	10%	30%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Campus Funding Summary

Title I, Part A (4120)

IDEA Public Schools

San Benito Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 24, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 27

Comprehensive Needs Assessment

Revised/Approved: August 24, 2023

Demographics

Demographics Summary

IDEA Academy San Benito is an independently managed TItle 1 Part A charter school within the IDEA Public Schools systems in the Rio Grande Valley. It is located in San Benito, TX and founded in 2008. The total size of our enrollment is 793 students. We currently have 82 Pre-K students, 104 Kinder students, 123 1st grade students, 117 2nd graders, 129 3rd grade students, 114 4th grade students, and 124 5th grade students. We have a current staff count of 55 instructional staff members on our campus.

Demographics Strengths

We currently have 94.92% teacher retention (3 leavers) to be able to provide our scholars with high quality instruction from returning staff. Our student persistence is currently at 96.12% with 32 leavers for various reasons.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase student persistence specifically for new to IDEA students from 82% to 86%. **Root Cause:** Lack of consistent culture on school transportation and school safety protocols.

Problem Statement 2 (Prioritized): There is a need to increase student average daily attendance from 93.94% to 95%. **Root Cause:** Lack of consistency with attendance matrix, student celebrations, parent meetings, and follow up with students, parents, and teachers.

Student Learning

Student Learning Summary

Student achievement across all content areas in K-5th has shown growth from the beginning of the year. Consistent observations and coaching with feedback allowed teachers to implement strategies that would impact student acheivement. Teachers also implemented academic monitoring to track the progress of scholars in order to provide the appropriate support for students in need.

Student Learning Strengths

As a campus, we implemented more vertical alignment among contents and grade levels to be able to share best practices and teach students the skills in the same way across grade levels. Teachers were able to utilize paper based and computer based lessons to provide our scholars the practice they needed on the computer to be familiar with testing during STAAR exams. Our ELA and Math contents in 4th-5th consistently ranked in the top quartile in the district on assessments.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a need to decrease the number of HB4545 students who are failing STAAR in reading and math from xx to xx. **Root Cause:** With the CSI intervention model currently used, it does not allow our scholars to get the individual support they need for reading on a daily basis.

Problem Statement 2: There is a need to increase the number of students meeting their two year growth in CSI Reading from 21% to 50%. **Root Cause:** Students not invested in CSI and some students have done the same program for multiple years with minimal progress.

Problem Statement 3: There is a need to increase the average score on extended constructed responses a minimum of 2 points on ELA STAAR exam. **Root Cause:** We have not prioritized the rigor of writing in all contents needed for scholars to be successful on STAAR. We started implementing the strategies they needed to know too late in the school year.

School Processes & Programs

School Processes & Programs Summary

Our scholars in PK-2nd grade use Reading Mastery (Direct Instruction) for Reading, along with Wit and Wisdom for ELA, and Eureka for Math. Scholars in 3rd-5th use Wit and Wisdom for ELA, Being a Writer for writing, and Eureka for Math. Communication with parents is done through Class Dojo, Facebook, and Remind on a daily and weekly basis to share important information about what is happening at our campus.

School Processes & Programs Strengths

We were able to provide our scholars with 21st century programming afterschool to allow them to participate in extra curricular activities like sports, Lego club, and homework help.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: There is a need to increase our student enrollment in all grade levels, specifically kinder, to meet the 120 student requirement in each grade level. **Root Cause:** Lack of consistent recruiting throughout the school year and not working toward gathering a wait list for each grade level. Students that are recruited do not complete the full registration.

Problem Statement 2 (Prioritized): There is a need to onboard 100% of our new to IDEA families before the first day of school. **Root Cause:** Lack of follow up with families that have enrolled and registered. Students are starting school without anyone showing them what our school is about and our vision for our school.

Perceptions

Perceptions Summary

IDEA Academy San Benito had an 87.9% overall staff satisfaction on our Great Places to work survey. Our staff feel that their work is meaningful and are proud of what we accomplish here at SBA. Only 75% feel that our organization is a mentally and emotionally safe place to work, which is an area that we need to work on this year. Our new student persistence is currently at 89.84% with 19 leavers. This is an area that we need to improve upon in order to give all students the opportunity for college.

Perceptions Strengths

98% of our staff would recommend their manager to other IDEA employees. Overall our teachers feel like they are being coached, supported, and developed as teachers to improve on their TCP.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: During the past year, our student mental health cases have more than tripled in K-5th. **Root Cause:** Move this World curriculum has made students self aware and want to be able to talk to someone. They are more knowledgeable about mental health than before. They don't just talk about themselves, but also concerned about their classmates.

Problem Statement 2 (Prioritized): There is a need to increase the number of community events that engage students and their families. **Root Cause:** We haven't problem solved or discussed this in detail with the lead team to prioritize these events for our community.

Priority Problem Statements

Problem Statement 1: There is a need to increase student persistence specifically for new to IDEA students from 82% to 86%.

Root Cause 1: Lack of consistent culture on school transportation and school safety protocols.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to increase student average daily attendance from 93.94% to 95%.

Root Cause 2: Lack of consistency with attendance matrix, student celebrations, parent meetings, and follow up with students, parents, and teachers.

Problem Statement 2 Areas: Demographics

Problem Statement 3: There is a need to decrease the number of HB4545 students who are failing STAAR in reading and math from xx to xx.

Root Cause 3: With the CSI intervention model currently used, it does not allow our scholars to get the individual support they need for reading on a daily basis.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: There is a need to onboard 100% of our new to IDEA families before the first day of school.

Root Cause 4: Lack of follow up with families that have enrolled and registered. Students are starting school without anyone showing them what our school is about and our vision for our school.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: There is a need to increase the number of community events that engage students and their families.

Root Cause 5: We haven't problem solved or discussed this in detail with the lead team to prioritize these events for our community.

Problem Statement 5 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Federal Report Card and accountability data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Tobacco, alcohol, and other drug-use data
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

High Priority

Demographics

Demographics Summary

IDEA San Juan Academy is a K - 5th grade public charter entity servicing the city of San Juan and all surrounding areas with open enrollment. We serve a population of 93.8% Emergent bilingual students, with 95% socio-economically disadvantaged. At San Juan Academy, we serve 5% special education students through a myriad of services included but not limited to a RISE unit. Our teacher to student ratio averages 30:1 and student enrollment is 789. 45% of our teachers have 6-10 years of experience. We offer a robust curriculum during the school day and an after school program that benefits our student K-5th and our families in need of support for language acquisition and other community needs.

Demographics Strengths

IDEA San Juan Academy we set high expectation for every student and goes the extra mile to make sure every student realizes their own potential. We provide personalized learning, critical thinking skills, mastery of core subjects for all of our students. IDEA public schools is a tuition free school where we provide daily warm meals and after school programs at a free of cost. At IDEA San Juan we achieve our mission of college for all in a economically disadvantage community.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): 5th, 3rd and PK grade level families had low participation for in their Survey. **Root Cause:** School is not clarifying main purpose of surveys

Problem Statement 2 (Prioritized): Special education students 3rd -5th score below benchmark in their reading exams **Root Cause:** Special education are not provided with the necessary support to meet their reading needs

Student Learning

Student Learning Summary

Hispanic students have had increases in student achievement over the course of 2018 - present from 42% to 47% in STAAR Reading. We have seen a decline with the same population in STAAR Math from 52% to 42% to 26% in 2022. Our students growth increased in both STAAR tested subjects with a growth measure in STAAR Reading from 77 to an 84 and Math 65 to 77 for our Hispanic population. Our economically disadvantaged and Emergent Bilingual student had decreases in math performance with drops near 20% points in 2022.

Student Learning Strengths

Hispanic students have had increases in student achievement over the course of 2018 - present from 42% to 47% in STAAR Reading. Our students growth increased in both STAAR tested subjects with a growth measure in STAAR Reading from 77 to an 84 and Math 65 to 77 for our Hispanic population in 2022.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The percent of meets or masters have increased minimally over the past several years. **Root Cause:** We do not prioritize training teachers on rigor

Problem Statement 2 (Prioritized): Achievement rates of 3-5 sped students are significantly lower as compared to non special education students **Root Cause:** We do not prioritize training teachers on how to scaffold foundational skills.

Problem Statement 3 (Prioritized): 5th, 3rd and PK grade level families had low participation for in their Survey. **Root Cause:** School is not clarifying main purpose of surveys

School Processes & Programs

School Processes & Programs Summary

Idea Academy San Juan develops instructional leaders through District led PD offerings (CC) and time to unpack and co=plan alongside our teachers using district aligned resources (CCorner) We integrate the best practices in the GET rubric with tight timelines to bring a teacher to proficient in all GET rows by January. Classrooms of priority are observed often and leaders co-plan and rehearse for a strong first teach.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA retains an average of 84% of students year over year

- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Teachers at IASJ do not have consistent access or support from a peer coach (as a model) to further develop instructional practices. **Root Cause:** Leaders have not created a system to identify teacher leaders with the capacity to coach and support development of their peers.

Problem Statement 2 (Prioritized): Lesson plans are not data driven to include formative assessments of student learning and interventions. **Root Cause:** Staff creates lessons plans using district assigned curriculum and it is not aligned directly to the standards tested and our scholars are shown the same standards in the STAAR tested format they are confused by wording/expectations.

Problem Statement 3 (Prioritized): 5th, 3rd and PK grade level families had low participation for in their Survey. **Root Cause:** School is not clarifying main purpose of surveys

Perceptions

Perceptions Summary

Idea Academy San Juan has a high rate of teacher retention. We have had above benchmark scores in our employee surveys in the last 2 years but fell short this year by 1%. Parents site that they would like more opportunity for extra curricular activities in Panorama, while all other questions have a high level of satisfaction / rate of response.

Perceptions Strengths

Perceptions strengths are that parents feel that their child is learning every day, is being challenged and that the school holds high academic standards for students. Parents also feel that the school provides them with news and information in a language they can understand.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Parents reported during the parent survey window that if their child reports unsafe or dangerous behavior, they are not sure if the problem will be taken care of as soon as possible. **Root Cause:** Teachers are not aware of behavior matrix to follow according to severity of behavior.

Problem Statement 2 (Prioritized): During the annual student survey, the lowest question states that students at IDEA Academy San Juan reported that they are not excited to come to school. **Root Cause:** Teacher lessons do not include engaging discourse for students to enjoy the content learned and teachers are unsure of when to incorporate fun activities within the school day.

Problem Statement 3 (Prioritized): 5th, 3rd and PK grade level families had low participation for in their Survey. **Root Cause:** School is not clarifying main purpose of surveys

Priority Problem Statements

Problem Statement 1: The percent of meets or masters have increased minimally over the past several years.

Root Cause 1: We do not prioritize training teachers on rigor

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Achievement rates of 3-5 sped students are significantly lower as compared to non special education students

Root Cause 2: We do not prioritize training teachers on how to scaffold foundational skills.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Special education students 3rd -5th score below benchmark in their reading exams

Root Cause 3: Special education are not provided with the necessary support to meet their reading needs

Problem Statement 3 Areas: Demographics

Problem Statement 4: Teachers at IASJ do not have consistent access or support from a peer coach (as a model) to further develop instructional practices.

Root Cause 4: Leaders have not created a system to identify teacher leaders with the capacity to coach and support development of their peers.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Parents reported during the parent survey window that if their child reports unsafe or dangerous behavior, they are not sure if the problem will be taken care of as soon as possible.

Root Cause 5: Teachers are not aware of behavior matrix to follow according to severity of behavior.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: During the annual student survey, the lowest question states that students at IDEA Academy San Juan reported that they are not excited to come to school.

Root Cause 6: Teacher lessons do not include engaging discourse for students to enjoy the content learned and teachers are unsure of when to incorporate fun activities within the school day.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: 5th, 3rd and PK grade level families had low participation for in their Survey.

Root Cause 7: School is not clarifying main purpose of surveys

Problem Statement 7 Areas: Demographics - Student Learning - School Processes & Programs - Perceptions

Problem Statement 8: Lesson plans are not data driven to include formative assessments of student learning and interventions.

Root Cause 8: Staff creates lessons plans using district assigned curriculum and it is not aligned directly to the standards tested and our scholars are shown the same standards in the STAAR tested format they are confused by wording/expectations.

Problem Statement 8 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Local benchmark or common assessments data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation

Goals

Revised/Approved: July 21, 2023

Goal 1: All IDEA students matriculate to college

Performance Objective 1: 100% of Academy students will set College ready goals (growth goals/meets goals) at BOY.

High Priority

HB3 Goal

Evaluation Data Sources: STAAR growth measure

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: FWOS all students will set goals on goal setting template and tracker and require parent signatures at each major assessment. **Strategy's Expected Result/Impact:** Students and parents will be able to articulate goals to any stakeholder and understand required steps for growth or maintaining progress. **Staff Responsible for Monitoring:** All leadership in instructional rounds. **TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Problem Statements:** Student Learning 1				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Teachers will be given access to a Master Student Report and engage in a collaborative discussion grounded in student historical data (profile sheets) and set growth goals holistically. **Strategy's Expected Result/Impact:** BOY to MOY increase in REN STAR and other summative assessments **Staff Responsible for Monitoring:** Teachers **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 1	75%	50%	75%	

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: The percent of meets or masters have increased minimally over the past several years. **Root Cause**: We do not prioritize training teachers on rigor

Goal 2: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 45% to 47% in Spring 2024 (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: STAAR

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Using pre-assessment data to determine the critical skills and concepts that students are missing and providing scaffolds that will bridge gaps while teaching the missing skills. **Strategy's Expected Result/Impact:** Increase in student progress **Staff Responsible for Monitoring:** CSI manager (REN) and teacher managers **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **- Targeted Support Strategy** **Problem Statements:** Student Learning 1	50%	50%	75%	

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Utilize RTI model as a support for teachers in identification and assistance for students with academic difficulties. Review every 9 weeks **Strategy's Expected Result/Impact:** Increase in foundational skills **Staff Responsible for Monitoring:** RTI committee **TEA Priorities:** Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction	25%	45%	75%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: The percent of meets or masters have increased minimally over the past several years. **Root Cause**: We do not prioritize training teachers on rigor

Goal 2: IDEA achieves an A Rating

Performance Objective 2: IA: Third-grade students performing at or above grade level in math as measured by the Meets Grade Level Standard on STAAR will increase from 33% to 35% in Spring 2024. (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: STAAR

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Emphasize alignment of the school's mathematics curriculum with state standards and conduct frequent benchmark assessments to determine student mastery of the standards. **Strategy's Expected Result/Impact:** Increase student progress **Staff Responsible for Monitoring:** Math department manager and interventionist **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** School Processes & Programs 2	75%	50%	75%

IDEA Public Schools

San Juan College Prep

2023-2024 Campus Improvement Plan

Board Approval Date: August 28, 2023
Public Presentation Date: August 28, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Demographics

Demographics Summary

1. IDEA College Preparatory San Juan is a Title 1 open- enrollment charter public school serving the needs of a rural, mostly Hispanic, low- income student body through a STEM education and various programs and activities. We are located at 600 E. Sioux Rd. in San Juan, Texas. Our student body is made up of 718 students in grades six through twelfth. Our stakeholders include a staff of over 100 people including administration, instructional and operations personnel, parents/ guardians, district support staff, private donors, and former alumni who all believe in the mission of being the largest producing district in sending young people to college. Through various opportunities throughout the year, stakeholders are able to provide feedback and suggestions for campus improvements.
2. IDEA College Preparatory San Juan provides a competitive STEM/ CTE program to all students in middle and high school as many schools in the San Juan area offer similar course offerings. However, the biggest need in our community is assisting our students through the college-going process, therefore, our college counseling department is a strength at our school.
3. We have economically disadvantaged families and students in special programs, so our programs in English Language acquisition and special education services are a big part of our campus. In addition to the programs and curriculum we have for students in our daily instruction, we have a parent program that provides English Language acquisition in order to impact the whole household and not just the student.

Demographics Strengths

Our campus proudly reflects diversity, with 89% of students facing economic disadvantages. However, our school's strength shines through as 100% of seniors progress to college, military pathways, or post-secondary options. Remarkably, 17% of the class of 2023 graduates gained admission to tier 1/Ivy institutions, supported by individualized counseling services. Our inclusive after-school programs and athletic opportunities cater to all students. Furthermore, our diverse teaching staff mirrors student backgrounds. Students receive comprehensive STEM education, covering everything from language basics to advanced skills like 3D modeling, rocket building, coding, and programming.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): The software programs needed to teach our highest level STEM courses are not supported by the current technology resources available. **Root Cause:** Monies have not been invested in providing devices that can support the software.

Problem Statement 2 (Prioritized): Student support programs are limited and time was not protected to carry out primary duties in a timely manner. **Root Cause:** Insufficient training for staff who lead these initiatives as well as dividing priorities as some were classroom teachers.

Student Learning

Student Learning Summary

We are thrilled to share that our school is experiencing remarkable success and progress. An impressive 98% of our students are well on their way to achieving their graduation goals, which is a testament to their hard work and dedication. Even more exciting is the fact that 100% of our students have paved their paths to college, ensuring a bright future ahead. It is important to note that our commitment to excellence remains steadfast. Additionally, all of our seniors have achieved an incredible milestone by passing the TSI exams, granting them valuable exemptions. Our school community is incredibly proud of these achievements, and we are eager to continue fostering a supportive environment for our students' continued growth and success.

Student Learning Strengths

Our school has several notable strengths that have contributed to our overall success. Despite the state's current zone of uncertainty in data predictions, based on last year's standards, we are on track to achieve an A rating, demonstrating consistent progress. In preparation for the online STAAR exam, students in English I were provided with ample opportunities for practice, including online resources. TELPAS students also benefited from dedicated practice and tutoring sessions facilitated by our EB coordinator. A significant milestone this year was achieving a 100% TSI exemption rate, ensuring that no student will require remedial courses in college. Furthermore, many students surpassed their goal of reaching a 21 score on the ACT before the end of their Junior year. Remarkably, our AP Data predicts that we will exceed our initial goal by ending the year with 42% AP Scholar Scholars. These achievements highlight our commitment to providing a robust and well-rounded education for our students.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There large gaps in student literacy as shown by end of year assessments **Root Cause:** Minimal access resources that support content literacy and language acquisition

Problem Statement 2 (Prioritized): Special population groups consistently score lower than general population **Root Cause:** Teachers need professional development and resources on how to best incorporate sheltered learning instruction.

Problem Statement 3: The percent of AP Scholar rates are trending lower in terms of meeting CCMR. **Root Cause:** Instruction is often lacking in vertical alignment and consistent student practice that meets the level of rigor required by College Board and university level work.

School Processes & Programs

School Processes & Programs Summary

IDEA CPSJ is currently transitioning from a TSTEM campus to a PTECH campus to align to the vision of the State of Texas. We will continue to provide a technology program designed to provide college-level projects to our students in different paths, as well as access to an Fine Arts path. This is possible as we are a school that provides each student with a 1:1 technology device. We also continue to offer a robust AP program, with over 30% of our students becoming AP Scholars by the end of their senior year.

All this is possible because our teachers are provided with the professional development through our district partners, but also through outside trainings teachers can request to attend.

School Processes & Programs Strengths

Year over year, IDEA retains an average of 84% of students, and IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college." On the statement "My school holds my child to high academic standards, IDEA parents rate IDEA as 4.8/5. On the statement, "My teachers challenge me to do my best," IDEA students rate IDEA as a 4.6/5.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Student behavior escalating across campus leading to teacher burnout for re-occurring issues. **Root Cause:** Campus fidelity of implementation of disciplinary action.

Problem Statement 2: Campuses do not have enrollment/recruitment zones, leading to under-enrollment. **Root Cause:** Campuses have enrollment numbers that they are required to meet to retain funds. Enrollment coordinators are competing to recruit students in neighboring areas/cities.

Problem Statement 3 (Prioritized): Campus has a one size fits all curriculum that does not have too much flexibility. Area schools focus on early college and dual credit programs that appeal to parents. **Root Cause:** Infrequent family engagement regarding curriculum and road to college next steps. Additional outreach to students and parents regarding the benefits of the AP and PTech (new) Programs.

Perceptions

Perceptions Summary

At IDEA CP San Juan, the drop out rate is 0% across all race/ ethnicity groups which is not common amongst other schools in our district and neighboring communities. Our campus efforts to retain and matriculate seniors is largely attributed to this result.

We understand mental well being and access to help/ assistance is necessary and of utmost importance, so we not only have an experienced Student Success Advisor who meets with students individually and in groups, we train and promote our peer mentor group so students have access to help from many people on campus. We believe in a restorative approach to misbehavior and practice this by following our student code of conduct and providing the consequence that most appropriately matches the action.

Every year, student and parent surveys to out to our families to measure and collect data on the satisfaction of our staff and practices at our campus. Most of our teachers have a satisfactory rating from both students and parents evident in our survey data as well as in our internal district teacher pathway as our campus has a high number of level 4 and 5 teachers.

Some barriers to our families participating in surveys and campus activities are long work hours or working multiple jobs, lack of availability during the work week, no access to internet, and no access to transportation.

Perceptions Strengths

With the data from this years Annual Staff Satisfaction Survey, we found IDEA College Preparatory San Juan to be above the district average on may of the focus statements. In particular, staff believes this is a great place to work and they believe the work they do here is valuable. Staff stated they feel supported by their grade level managers and managers in that they answer questions in a timely manner and provide feedback on instruction through the coaching cycle. Teachers feel valued when they feel comfortable asking for time off when needed.

We also have a strong middle school peer mentorship program and are moving towards adding a high school component.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): We have seen a rise in mental health issues within our students. **Root Cause:** Students were exposed (had access) to unsupervised web access without established parameters or guidelines or proper training/ preparation during COVID.

Problem Statement 2 (Prioritized): Parental involvement at our has declined as the year progresses. **Root Cause:** The campus leadership has not developed a clear plan of collaboration.

Priority Problem Statements

Problem Statement 1: The software programs needed to teach our highest level STEM courses are not supported by the current technology resources available.

Root Cause 1: Monies have not been invested in providing devices that can support the software.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Student support programs are limited and time was not protected to carry out primary duties in a timely manner.

Root Cause 2: Insufficient training for staff who lead these initiatives as well as dividing priorities as some were classroom teachers.

Problem Statement 2 Areas: Demographics

Problem Statement 3: There large gaps in student literacy as shown by end of year assessments

Root Cause 3: Minimal access resources that support content literacy and language acquisition

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Special population groups consistently score lower than general population

Root Cause 4: Teachers need professional development and resources on how to best incorporate sheltered learning instruction.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Campus has a one size fits all curriculum that does not have too much flexibility. Area schools focus on early college and dual credit programs that appeal to parents.

Root Cause 5: Infrequent family engagement regarding curriculum and road to college next steps. Additional outreach to students and parents regarding the benefits of the AP and PTech (new) Programs.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Student behavior escalating across campus leading to teacher burnout for re-occurring issues.

Root Cause 6: Campus fidelity of implementation of disciplinary action.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: We have seen a rise in mental health issues within our students.

Root Cause 7: Students were exposed (had access) to unsupervised web access without established parameters or guidelines or proper training/ preparation during COVID.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Parental involvement at our has declined as the year progresses.

Root Cause 8: The campus leadership has not developed a clear plan of collaboration.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant information
- SAT and/or ACT assessment data
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Discipline records
- Violence and/or violence prevention records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- School safety data

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: 100% of IDEA College Prep San Juan seniors are TSI exempt (HB3)

HB3 Goal

Evaluation Data Sources: TSI Assessment

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: TSI tutorials led by college tutors for seniors not meeting performance levels in math and reading **Strategy's Expected Result/Impact:** 100% of seniors will be TSI exempt **Staff Responsible for Monitoring:** Cassandra Rodriguez (CC) **TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **- ESF Levers:** Lever 4: High-Quality Instructional Materials and Assessments, Lever 5: Effective Instruction **Problem Statements:** Student Learning 1	25%	40%	80%	

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

IDEA Public Schools

South Flores Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 29, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA South Flores Academy is a elementary school serving over 700 scholars on the south side of San Antonio, Texas. We teach scholars from Kindergarten through 5th grade. Our campus was established in 2013 opening our doors to Kindergarten through 2nd grade. From there each year we opened another grade in 2016 we were a full scale elementary school. We serve 79% economically disadvantaged scholars, with 94% of our scholars being Hispanic. Our daily attendance is approximately 93%. Over 85% of our families continue to stay at our school year after year.

Demographics Strengths

1. Consistent communication
2 Family engagement events
3 Special programs align with needs of students
4 Behaviors do not impact student learning
5 Diverse staff
6 Collaboration between colleges and universities in our community

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to respond to unnecessary absences and how they effect academic performance for our scholars. **Root Cause:** Lack of stakeholders understanding the impact on scholars learning when they miss school.

Problem Statement 2 (Prioritized): There is a need to respond to high attendance concerns immediately to address families. **Root Cause:** Lack of grade level administration addressing and responding to high attendance concerns with families . Causes families to not value their scholar's attendance.

Student Learning

Student Learning Summary

ELA
3rd – 92%/68%
4th – 93%/58%
5th – 100%/82%
Math
3rd – 96%/37%
4th – 89%/40%
5th – 98%/60%
Science
5th – 96%/53%

Student Learning Strengths

1 Continuous weekly assessments to check academic progress
2 Implementation of writing starting in kindergarten
3 Alignment of instruction from kindergarten thru 5th grade
4 Staff members are trained in their content
5 Professional development throughout the year
6 Continuous observations from leaders

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a need to respond to teachers identifying differentiate instruction for scholars with learning gaps. **Root Cause:** Lack of prioritizing professional development offering differentiated strategies to address gaps in scholars learning.

Problem Statement 2: There is a need to respond to the intervention plan for scholars that are below grade level in reading and math. **Root Cause:** The lack of a clear and concise plan for intervention teacher for reteaching scholars and allowing more at bats to master skills.

School Processes & Programs

School Processes & Programs Summary

On our campus we use multiple ways to develop our leaders. The leadership team does weekly joint observations in which are led by the assistant principals. During these observations leaders identify their direct reports areas of growth and then develop action steps in which are reviewed by the principal. In their weekly check ins, they review their personal coaching cycle and receive ratings with observational feedback and next steps for their own leadership growth. Quarterly coaching assessments and placements are completed with weekly check ins with our teachers. This supports the teachers and leaders to align on the areas of strength and focus. We use a scope and sequence for our coaching cycle calendared out for the school year. (Culture vs Instructional -- August vs March)

School Processes & Programs Strengths

1. Staff roles and responsabilites are clear.
2. Content and culture training at beginning of the year
3. On going professional development
4. Support plan for new teachers
5. Vertical alignement between grade levels
6, Restorative justice procedures for behaviors
7. Safety is prioritized on campus

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There is a need to respond to different perceptions of expectations among staff members from direct managers. **Root Cause:** Lack of or miscommunication between leaders, causing differentiated expectations between staff members.

Problem Statement 2: The lack of use and follow up with the progressive discipline plan we have in place regarding employee expectations. **Root Cause:** Inconsistency in the utilization of the progressive discipline plan by administration with 100% of employees not following expectations.

Perceptions

Perceptions Summary

This past school year our staff retention increased from 78% to 97%. As an organization, we used a survey to gather data that revealed that the principal had great results referring to her direct reports. The data showed that the assistant principals results from our staff was a different story. The three areas in which we are focusing this year were: 1. Staff feeling that their voices are heard and taken into consideration. (See problem statement below) 2. Our campus is a fun place to work. 3. Staff are able to take time off.

Perceptions Strengths

1 Teachers have sense of belonging anf feel supported with discipline
2. Teachers are mentored throughout observations and feedback
3. Full time counsler
4. Family engagement events
5. Academically focused and rigorous
6. Systems and procedures in place for student code of conduct

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There is a need to respond to the perception that discipline consequences do not meet severity of action. **Root Cause:** Lack of stakeholders agreement with disciplinary actions taken.

Problem Statement 2: There is a need to respond to staff feeling that their voices are being heard and ideas/thoughts considered by their direct manager. **Root Cause:** Lack of direct manager's time to hear their thoughts, ideas and feelings about decisions/situations that impact their classes/content during weekly check-in.

Priority Problem Statements

Problem Statement 1: There is a need to respond to unnecessary absences and how they effect academic performance for our scholars.
Root Cause 1: Lack of stakeholders understanding the impact on scholars learning when they miss school.
Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to respond to different perceptions of expectations among staff members from direct managers.
Root Cause 2: Lack of or miscommunication between leaders, causing differentiated expectations between staff members.
Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: There is a need to respond to teachers identifying differentiate instruction for scholars with learning gaps.
Root Cause 3: Lack of prioritizing professional development offering differentiated strategies to address gaps in scholars learning.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: There is a need to respond to high attendance concerns immediately to address families.
Root Cause 4: Lack of grade level administration addressing and responding to high attendance concerns with families . Causes families to not value their scholar's attendance.
Problem Statement 4 Areas: Demographics

Problem Statement 5: There is a need to respond to the perception that discipline consequences do not meet severity of action.
Root Cause 5: Lack of stakeholders agreement with disciplinary actions taken.
Problem Statement 5 Areas: Perceptions

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1:
Maintain 100% of 2023-24 IDEA South Flores College Prep Campus high-school graduates matriculate to college, enroll in a post-secondary program for special education scholars, enlist in the armed forces, and/or are granted a faith-based or medical exemption.

High Priority

Strategy 1: 1. Develop partnerships between College Prep scholars and Academy Teachers based on scholars area of academic focus and teachers area of strength. 2. Implement and facilitate 1:1 tutoring opportunities for College Prep scholars based off of partnerships. **Strategy's Expected Result/Impact:** 1. Utilizing a meet and greet introduce partnerships between, Academy teachers with academic area of strength that have been matched with College Prep scholars in that area of focus needed. Adjusting partnerships to meet scholars academic needs throughout the school year. Facilitation of tutoring will be conducted by one of the following options: (A) Specific time allocated during conference period daily/weekly. (B) After school from 3:45-4:45pm (C) Saturday 9:00- 12:00pm later in the year. The impact would be the time for Academy teachers to work 1:1 to tutor scholars in ELAR (reading/writing) and Math, based on missing foundational skills taught in elementary grades. **Staff Responsible for Monitoring:** College Prep -- College Counselor, Academy -- Teachers, API **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **- ESF Levers:** Lever 3: Positive School Culture, Lever 5: Effective Instruction	N/A			

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 1: IA: South Flores Academy 3rd grade student performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 54 to 56 in Spring 2024 (HB3)

HB3 Goal

Evaluation Data Sources: Campus reading and math interventionists will provide feedback, coaching and small group intervention for scholars with a data driven daily schedule that includes dedicated time to disaggregate data to design their next week's schedule.

Summative Evaluation: Some progress made toward meeting Objective

IDEA Public Schools

Southeast Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: September 12, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Southeast is a place that all scholars can call home. We provide an inclusive learning environment where students of all backgrounds and ethnicities can excel academically, socially, and emotionally. The principals of IDEA Southeast believe that through love, perseverance, dedication, and hope, we will instill the spirit of "I can and I will" in each student, staff member, and family to ensure that our students go to and through college. We truly believe that when adults get it RIGHT, our Southeast Stingers will SOAR. IDEA Southeast Academy is located in Southeast Fort Worth, Texas. Our school opened its doors in August 2021 and currently serves 454 K-3 students. We serve 96% Economically disadvantaged, 42% Emergent Bilingual and/or English Language Learners, 13% Special education, and 0.03% migrants. Our population is further identified as 63% White-Hispanic, 35% Black, and 2% other (White, Asian, etc.). Males make up 55% of our population and 45% are females. Our overall attendance is 92% for the 22-23 school year. All grade levels averaged 91% with the exception of Kindergarten which averaged 89% weekly attendance. Southeast Academy has 74% staff retention for the 22-23 school year. Our staff is made up of 53% Black, 38% Hispanic, and 7% other. 15% of our staff are males and 85% are female. The current student-teacher ratio in Kinder is 1/13 with co-teachers, 1st grade 1/30, 2nd grade 1/38, and 3rd grade 1/27. Overall student persistence is 89% and new student persistence is 84%. K-84%, 1-92%, 2-90%, and 3-92%.

Demographics Strengths

Some Strengths are all grades with the exception of kinder persistence was 90% or better. Overall persistence fell short of the goal by 1% and showed growth of 15% overall from 21-22 to 22-23 school year and growth of 10% in new student persistence from 21-22 to 22-23 school year.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Student persistence new and overall is below the goal of 90%. **Root Cause:** Kindergarten families withdraw more than other grades. Parents lack trust in school based on poor communication and school culture specifically academics and learning with other students.

Problem Statement 2 (Prioritized): Staff retention is below the goal of 85%. **Root Cause:** Hiring instructional staff in isolation and not using non-negotiables consistently has caused bad hires that result in a decrease in staff retention.

Student Learning

Student Learning Summary

IDEA Southeast Academy is a K-3 campus. K-2 core curriculum is Reading, DI, Math, Science, and Social Studies. 3rd grade core curriculum is Reading, Writing, Math, Science, and Social Studies. 3rd grade also takes takes the STAAR assessment. K-2 take Diebels. The data for the year is as follows: Kinder DI 17% of scholars on or above grade level, no data for Math. 1st DI-23% on or above grade level, ELA 99/99/76, No data for math. 2nd grade DI 30% on or above grade level, ELA 64/46/25, No math data. 3rd grade ELA grew from 22/6/0 (Semester exam) to 28/6/0 (Mock STAAR), Math 38/19/6 (Semester exam) 65/28/8 (Mock STAAR). Hotspot, an online math intervention, ended the year with 64% of 2nd and 3rd on grade level for typing, 66.67% for typing, and 44.19% for Math Geniuses. Accelerated reading ended the year with 1st-58% word masters, 2nd-15% word masters, and 3rd- 21% word masters.

Success:

We are a hotspot honor roll campus meeting the students' math intervention and typing needs with the percentages listed below. We had 100% of our scholars in 3rd grade take the STAAR test. And we ended the year base on K-2 Diebels with 60% of our scholars on track in reading.

Areas of opportunity:

Reading is always an area of concern. In K-2 students are learning to read, which means DI needs to be strong. In 3-5 students are gathering information (comprehension) and reading for pleasure which allows them to gain knowledge from what they have read. Writing is another area of opportunity for our scholars. If implemented the impact will be students who have stronger comprehension of what they have read.

Student Learning Strengths

Students can read the grade-level text but struggle with decoding words as they are reading. Students have a good grasp of math and usually perform better in this content.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students struggle with comprehension of grade-level text. **Root Cause:** Students lack the automaticity of letter sounds and blends which causes decoding errors that impact comprehension. This is a result of lack of fluency practice in all grades.

Problem Statement 2 (Prioritized): Writing is a challenge for all students. **Root Cause:** Writing is not consistently taught and monitored in all grades which causes larger writing and comprehension gaps in 3-5 grades.

School Processes & Programs

School Processes & Programs Summary

IDEA Southeast provides students with rigorous core instruction that is aligned to Texas Essential Knowledge and Skills in math, ELA, science, and social studies. K-2 utilizes Direct Instruction curriculum that allows every student to receive reading instruction at their individual level. 1:1 technology devices are used to provide students access to digital libraries, typing practice, and math intervention.

All students are serviced in the least restrictive environment and provided with any necessary accommodations and/or modifications that allow them to achieve high academic levels.

The social and emotional curriculum of Move This World is utilized by 60% of staff daily, and community circles happen every Friday where students are recognized for their hard work for the week, individual, and group counseling and grade-level guidance lessons are provided to students to increase social and emotional health.

Clubs for sports, athletics, arts, and fitness are utilized to provide students with extracurricular activities are anticipated or the 23-24 school year.

Staff Development is conducted weekly on Tuesdays to provide professional development or side-by-side support to all instructional staff. Co-teachers who express interest in teaching are provided information on teaching programs and allowed to train with an experienced teacher on lesson planning and internalization has yielded two co-teacher being promoted to lead teacher for the 23-24 school year, lesson delivery, and reteaching and extending learning to mastery of aligned content. Teachers who express interest in leadership are given information on leadership development programs and provided opportunities to learn and engage in School Leadership Lever activities this has yielded two teachers who successfully completed the Aspiring Principals program and 2 who will enter the program 23-24 school year. All staff is provided weekly coaching with action steps that improve their educational practice.

School Processes & Programs Strengths

Grade-level leaders took an active role in leadership this year that resulted in grade-level persistence events and clear communication across the campus. Another strength in our processes and programs was development of co-teachers and teachers who desire leadership. 2 co-teacher were promoted to lead teacher roles for the 23-24 school year and 2 teacher completed the aspiring principals program and 2 additional teachers entered for the 23-24 school year. This has caused teachers to desire more opportunity to learn how to lead on the campus.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Southeast Academy did not meet our 90% student persistence goal. **Root Cause:** Southeast also lacks a clear tracking of parent concerns and resolutions.

Problem Statement 2 (Prioritized): New to IDEA teachers and staff struggled with the expectations of a highly data driven campus. **Root Cause:** Differentiated professional development tailored to the needs of new to IDEA teachers and staff was not offered.

Perceptions

Perceptions Summary

IDEA Southeast provided parents with a mid-year survey and an end-of-year survey. With 3rd grade being the first year of student surveys we had 100% of thrid graders to provide input on their perception of the campus. The results were as follows:

-GLOW: 4.4 out of 5 scholars understand school safety protocols and understand how to report safety concerns

-GROW: Ensure that scholars are educated and trained on anti-bullying efforts through numerous presentations and workshops throughout the year

-GROW: Improve family communication when teacher transitions occur or major staffing changes (host a coffee with the principals)

Perceptions Strengths

Parents and scholars rate IDEA Southeast high on perceptions of the campus. Students enjoy being in a school that is safe and conducive to learning.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There is not enough extra-curricular offerings to students. **Root Cause:** Extra-curricular activities and competitions were not prioritized.

Problem Statement 2 (Prioritized): Students begin to act out physically more in spring semester compared to the fall semester. **Root Cause:** Staff accountability to the discipline system is not consistent.

Priority Problem Statements

Problem Statement 1: Student persistence new and overall is below the goal of 90%.

Root Cause 1: Kindergarten families withdraw more than other grades. Parents lack trust in school based on poor communication and school culture specifically academics and learning with other students.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Staff retention is below the goal of 85%.

Root Cause 2: Hiring instructional staff in isolation and not using non-negotiables consistently has caused bad hires that result in a decrease in staff retention.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Students struggle with comprehension of grade-level text.

Root Cause 3: Students lack the automaticity of letter sounds and blends which causes decoding errors that impact comprehension. This is a result of lack of fluency practice in all grades.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Writing is a challenge for all students.

Root Cause 4: Writing is not consistently taught and monitored in all grades which causes larger writing and comprehension gaps in 3-5 grades.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: New to IDEA teachers and staff struggled with the expectations of a highly data driven campus.

Root Cause 5: Differentiated professional development tailored to the needs of new to IDEA teachers and staff was not offered.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Southeast Academy did not meet our 90% student persistence goal.

Root Cause 6: Southeast also lacks a clear tracking of parent concerns and resolutions.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: There is not enough extra-curricular offerings to students.

Root Cause 7: Extra-curricular activities and competitions were not prioritized.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Students begin to act out physically more in spring semester compared to the fall semester.

Root Cause 8: Staff accountability to the discipline system is not consistent.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

Accountability Data

- Student Achievement Domain

Student Data: Assessments

- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local benchmark or common assessments data
- Observation Survey results
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- School safety data

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio

- Campus leadership data
- Campus department and/or faculty meeting discussions and data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data

Goals

Goal 1: IDEA achieves an A Rating

IDEA Public Schools

Spears Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 14, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 29

Comprehensive Needs Assessment

Revised/Approved: August 31, 2023

Demographics

Demographics Summary

IDEA Spears Academy is a Title I campus that offers quality educational programs and extracurricular activities to students in the grades Kindergarten through 5th grade.

IDEA Spears Academy is a part of one of the fastest growing charter school networks in the Houston Region. Currently, IDEA Academy has a large student enrollment in the the IDEA Public School districts. Our increase in enrollment is attributed to recruitment efforts. New students have enrolled from several different school districts in the Houston Region.

The school's demographics include approximately 98% of the student population is economically disadvantaged, 85% Hispanic, 12% of students with disabilities, and 20% of English Language Learners.

Demographics Strengths

Spears Academy demographic strengths involves our ELs performing at a higher rate than general pop students.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): our 85% hispanic students and 12% of our students with disabiities did not meet goals for district assessments **Root Cause:** SIOP training was not provided until the end of the year

Problem Statement 2 (Prioritized): Low sped on STAAR **Root Cause:** SpEd compliance was not monitored with sped audits or trainings.

Student Learning

Student Learning Summary

We have not received the official data yet

Student Learning Strengths

see pdf

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Student approaches in Math in 4th grade math was low (50%) **Root Cause:** We did not have a consistent teacher in the classroom, interventionist were pulled in to help gaps in teacher attrition

Problem Statement 2 (Prioritized): Student Masters for Math and ELA did not hit the 30% mark (11%) **Root Cause:** Teachers and leaders were more focused on the students that were at the bubble for APR and Meets

School Processes & Programs

School Processes & Programs Summary

See PDF in Addendum for more information

Additionally we have added further training for teachers and new leaders. Principal is implementing and utilizing systems to ensure accountability teachers and leaders.

School Processes & Programs Strengths

Curriculum & Instruction:

- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms,

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Teachers not upholding school-wide classroom expectations **Root Cause:** Leaders were not consistent in instructional rounds to close the coaching cycle.

Problem Statement 2 (Prioritized): Feedback was not provided daily to teachers after classroom observations with consistency **Root Cause:** Leaders did not follow up with the feedback that was given to teachers.

Perceptions

Perceptions Summary

Campus surveys were provided to teachers and parents and results are linked.

Perceptions Strengths

Perceptions Strengths for Spears Academy

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Overall culture for spears increased significantly with faculty, parent culture decreased. **Root Cause:** Systems that were in place, were not consistent with follow through.

Problem Statement 2 (Prioritized): Student persistence fell well below the regional goal. **Root Cause:** Student expectations were not consistently upheld by teachers. The school did not have good collaboration with parents

Priority Problem Statements

Problem Statement 1: our 85% hispanic students and 12% of our students with disabiities did not meet goals for district assessments
Root Cause 1: SIOP training was not provided until the end of the year
Problem Statement 1 Areas: Demographics

Problem Statement 2: Student approaches in Math in 4th grade math was low (50%)
Root Cause 2: We did not have a consistent teacher in the classroom, interventionist were pulled in to help gaps in teacher attrition
Problem Statement 2 Areas: Student Learning

Problem Statement 3: Student Masters for Math and ELA did not hit the 30% mark (11%)
Root Cause 3: Teachers and leaders were more focused on the students that were at the bubble for APR and Meets
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Low sped on STAAR
Root Cause 4: SpEd compliance was not monitored with sped audits or trainings.
Problem Statement 4 Areas: Demographics

Problem Statement 5: Teachers not upholding school-wide classroom expectations
Root Cause 5: Leaders were not consistent in instructional rounds to close the coaching cycle.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Feedback was not provided daily to teachers after classroom observations with consistency
Root Cause 6: Leaders did not follow up with the feedback that was given to teachers.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Overall culture for spears increased significantly with faculty, parent culture decreased.
Root Cause 7: Systems that were in place, were not consistent with follow through.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: Student persistence fell well below the regional goal.
Root Cause 8: Student expectations were not consistently upheld by teachers. The school did not have good collaboration with parents

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Performance Objectives with summative review (prior year)

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Think Through Math assessment data for Grades 3-8 and Algebra I (TEA approved statewide license)
- Student failure and/or retention rates
- Local benchmark or common assessments data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- School safety data

Employee Data

- Staff surveys and/or other feedback
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation

Goals

Revised/Approved: August 8, 2023

Goal 1: IDEA Spears Academy achieves an A Rating by the end of the 23-24 school year

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 38% to 40% in Spring 2024 (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: Student Renstar and district assessment proficiency will be tracked consistently utilizing edcite and the classroom teacher tracker. Students will track their own data weekly. Teachers will utilize the weekly testing, exit ticket data, and MOY RENSTAR to track students' progress.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Students who need math and reading intervention will be identified for CSI. The AR and hotspot teacher will monitor students progress and goals in conjunction with math and ELA teachers. Reading and Math tutorials will also be inplemented early on for those priority students. **Strategy's Expected Result/Impact:** The expected impact is to meet the performance objective for students **Staff Responsible for Monitoring:** Math & ELA teachers, AR, CSI teachers **Targeted Support Strategy**	10%	20%	30%	

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: IDEA Spears Academy achieves an A Rating by the end of the 23-24 school year

Performance Objective 2: IA 90% of students taking TELPAS assessments will maintain or increase a proficiency level.

High Priority

	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Priority students are tracked and provided small group pullout and targeted tutorials.				

  No Progress Accomplished Continue/Modify Discontinue

Goal 1: IDEA Spears Academy achieves an A Rating by the end of the 23-24 school year

Performance Objective 5: Third-grade students performing at or above grade level in math as measured by the Meets Grade Level Standard on STAAR will increase from202% to 22% in Spring 2024 (HB3)

High Priority

HB3 Goal

Evaluation Data Sources: Student Renstar and district assessment proficiency will be tracked consistently utilizing edcite and the classroom teacher tracker. Students will track their own data weekly. Teachers will utilize the weekly testing, exit ticket data, and MOY RENSTAR to track students' progress.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: We will utilize Renstar tests to regroup and target students based on results and track them through testing during saturday school, additional daily tutorials				

  No Progress Accomplished Continue/Modify Discontinue

Goal 2: Increase student persistence

Performance Objective 1: IA: Campus receive a score of proficient or higher on the campus safety scorecard for the 2023- 24 school year

Evaluation Data Sources: Evidenced by persistence and daily ADA

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: ADA matrix will be consistently monitored. School leaders will work together to implement interventions early on. We will also utilize our counselor and APO collaboration for anti-bullying seminars, and calendared persistence events. We will conduct routine campus safety audits monthly **Strategy's Expected Result/Impact:** The expected impact is to increase student persistence and meet the performance objective. **Staff Responsible for Monitoring:** APO, counselor and principals **Targeted Support Strategy**	N/A			

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: Increase student persistence

Performance Objective 2: IA 100% of schools will be in compliance with the Title 1 Family Engagement requirements through the following events: Meet the Teacher, Spring Town Hall and Semester 1 Report Card Pick Up.
Required Strategy: timely communication to families regarding school events to promote family engagement and attendance.

High Priority

Evaluation Data Sources: quarterly parent surveys given out.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: timely communication to families regarding school events to promote family engagement and attendance. **Strategy's Expected Result/Impact:** expected result is for panorama survey data to increase parent satisfaction data **Staff Responsible for Monitoring:** all campus leaders **Targeted Support Strategy - Additional Targeted Support Strategy** **Funding Sources:** - Title I, Part A (4120) - 4.2 - $1,200	15%	25%	60%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 2: Increase student persistence

Performance Objective 3: IA & CP: 100% of schools will complete the Anti-Bullying and Safer, Smarter School curriculum by deadline indicated on the district calendar. (TEC 11.253(d)(8))

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Counselors will deliver anti-bullying presentations at least once a semester **Strategy's Expected Result/Impact:** bullying incidents and complaints reduce by 50%				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: Increase student persistence

Performance Objective 4: Spears AC will have a 100% of students meeting the pacer goal

Evaluation Data Sources: PE teacher will report out quarterly deadlines for this goal.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Principal will have check-ins with PE teachers to check goal completion weekly				

  No Progress Accomplished Continue/Modify Discontinue

Goal 3: Increase student daily attendance to 97% daily

Performance Objective 1: IA Spears Kinder will achieve a 97% annual attendance rate for the 23-24 school year

High Priority

Evaluation Data Sources: daily ADA is at least 95% daily in all grade levels

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: APO will assign specific duties and roles when it comes to the ADA escalation matrix. APO and Principals will tightly manage the matrix. Students who have attendance issues will have a meeting scheduled along with an attendance contract assigned **Strategy's Expected Result/Impact:** Expected result is to increase ADA, mitigate turancy issues **Staff Responsible for Monitoring:** All lead team **Targeted Support Strategy - Additional Targeted Support Strategy**	5%	25%	75%	

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase staff retention to 80% by may 2024

Performance Objective 1: IA & CP: 100% of full-time staff members complete all tasks within IDEA's staff development cycle including: goal setting, 2x2 and annual performance reviews during the 2023-24 school year.

IDEA Public Schools

Sports Park Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 24, 2023

Mission Statement

District: To ensure students reach their potential, IDEA Public Schools will become the region’s largest creator of college graduates.

Campus: IDEA Sports Park Academy believes that each and every child can go to college. Currently, IDEA Sports Park Academy serves 130 scholars and IDEA Public Schools serves nearly 53,000 college-bound students in 96 schools across Texas and Louisiana. IDEA Sports Park Academy and College Prep remain on-track to uphold our legacy of sending 100% of our graduates to college which will impact the Lower RGV as graduates are better prepared to serve their community as educated, well rounded citizens.

Vision

District: To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Campus: IDEA Sports Park Academy prepares our community’s next generation of aspiring adults that will strive to maintain good physical and mental health. In our school we focus on developing the whole scholar through challenging academics, purposeful Social-Emotional instruction, and daily athletic development. Staff at IDEA Sports Park Academy model how to be caring, respectful, and inclusive in order to prepare all of our scholars to be ready to contribute and give back to communities in which they were raised and across the globe as leaders and upright citizens that create positive, lasting change for others.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Demographics

Demographics Summary

IDEA Sports Park Academy is a public charter school that launched in Fall of 2020 with K-2 grades. Currently, IDEA Sports Park Academy has grades K-4 and has an enrollment of 464 students. We are located on the north side of Brownsville, TX near the town of Olmito. For next school year ISPKA will have grades K-5 and will target for an enrollment of 710 students.

The current student population at IDEA Sports Park Academy is approximately 464 students.

The students of IDEA Sports Park Academy are recipients of a well-balanced curriculum. Students are offered courses in Reading, ELA, Math, Science, Humanities and more.

Students are provided with daily social emotional programs and athletics as well. Students are offered opportunities to participate in after school programs like sports, homework help, art, and more. The instructional program includes subjects at various levels such as special education, accelerated reader, and more. Students are provided tutorial and remediation opportunities as well that are targeted towards their academic needs. All students are required to meet the passing standard of the State of Texas Assessment of Academic Readiness (STAAR).

The current staff at IDEA Sports Park Academy is comprised of 48 teachers/co-teachers and 8 administrative staff. For next school year we will have a staff of 53 teachers and co/ teachers with 8 admin staff.

IDEA Sports Park Academy has three initiative priorities for this school year:

1. Developing a love and culture for reading and writing

2. Ensuring that students are in their seats every day

3. Building systems of proactive instructional readiness

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase average daily attendance in all grade levels as none hit our internal goal of 97%. **Root Cause:** Parents are still scared of sending students to school when they are sick. They are still in a protective mindset from COVID where they prefer to keep the students at home for several days in a row. Lack of proper sanitization in the classroom to prevent spreading germs. Consistency with the school expectations and procedures regarding attendance.

Problem Statement 2 (Prioritized): There is a need to increase overall student persistence as the campus hit 91.85% in 22-23. **Root Cause:** 17 Students withdrew due to campus culture including lack of communication and incidents with other students. (We need to make sure we are in ratio with the personal monitoring of the students) 6 Students withdrew because our campus didn't offer the grade levels for the siblings. 13 Movers. 6 Door to door transportation.

Problem Statement 3: There is a need to increase parent communication relating to minor incidents that occur throughout the school day. **Root Cause:** When incidents happen, parents feel they don't receive the appropriate communication or follow ups to address the students concerns.

Problem Statement 4: Our afterschool program needs to shift to becoming more structured and serve as a privilege that enhances student learning. **Root Cause:** There is not a system in place to identify trigger points at which students should be excluded from ASP,

Student Learning

Student Learning Summary

In 22-23, our campus only had third and fourth grade. (ALL ABOUT STAAR DATA)

Kinder-2nd DI- Kinder 33%, 1st- 52%, 2nd- 77%= 57% on track to meet goal
Kinder-4th Science- 93/79/50= 74
Kinder-4th Humanities- 92/80/64= 79

Student Learning Strengths

Student Learning Summary

Teachers and administrators analyze data after assessments to backwards plan, reteach, and remediate skills to fill foundational gaps. We motivate students to achieve ambitious goals and celebrate when goals are met. Differentiated instruction is provided to meet student needs during and after school. Joyful environment for students to feel comfortable in.

RenSTAR data

Kinder-2nd Math 93/84/53 SAS 77

Students showed strategies and work when problem solving and reading comprehension techniques.

Students learning through hands on activities and were provided with numeorus opportunities to write within all content areas.

DI- ____Students on Track BOY and ____on track for EOY

4th Math:

Student Needs:

At-Risk, Special Education, English Language Learners, and CSI subpopulation of students continue to struggle in the areas of Reading and Mathematics. In order to raise scores across all tested subjects, our teachers will need to be provided with professional development that addresses rigor and relevance. We are also in need of research based instructional material in online practice of STAAR material. The campus will perform vertical alignment for all core subjects so that skills are scaffolded from one grade level to the next.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a need to support EL students in listening, speaking, reading, and writing. **Root Cause:** Teachers have not been properly trained in SIOP strategies.

Problem Statement 2 (Prioritized): There is a need to align district based curriculum to rigor and expectation of TEKS. **Root Cause:** Our programs have some TEKS alignment but are more aligned with common core. We need to supplement that instruction earlier with TEKS based lessons.

Problem Statement 3 (Prioritized): There is a need to continue developing teacher skills for supporting SpED students through adequate accommodations in the classroom. **Root Cause:** We have approximately 41 students that qualify for special education on campus and more in RTI. With such a big cohort, teachers will need to carefully plan around how best to support these students and provide necessary accommodations.

Problem Statement 4: There is a need to develop more writing opportunities with teacher feedback through conferencing with students. **Root Cause:** In the lower elementary students do not have specific writing blocks, and therefore instruction is embedded within lessons. There needs to be an agenda created for teachers to follow designated times for reading and writing.

Problem Statement 5: There is a need to develop instructional teaching techniques that give students opportunities to practice digitally. **Root Cause:** Teachers in lower grades have not designated time for students to practice through online platforms to practice different question types.

Problem Statement 6: There is a need to provide proper typing opportunities for students to acquire typing skills to support with short contructed and extended constructive response. **Root Cause:** Students were not provided enough typing practice through content areas.

Problem Statement 7: There is a need to support beginner EL population in acquiring English language. **Root Cause:** We have a high population of beginner EL students who can benefit an English learning program.

Problem Statement 8: There is a need to foster the love of reading and exposure to reading genres through read alouds and DEAR in the lower and upper grades. **Root Cause:** There was no designated time in schedules to read novels to students.

Problem Statement 9: There is a need to provide after school tutoring to Kinder-2nd grade. **Root Cause:** There wasn't an opportunity for teachers in the lower grades to provide tutoring for their students.

School Processes & Programs

School Processes & Programs Summary

Instructional leaders participate in numerous developmental opportunities. Leaders have weekly instructional rounds focused on their development of in field observations which are aligned and centered around a target GET rubric. Leaders are also observed in the field bi-weekly during check ins, observations, and content meetings. Leaders have bi-weekly check ins to dive into and problem solve around data. Leaders invite teachers to instructional rounds to produce an in-depth understanding of process and procedures to produce collaborative thinking and solution seeking.

During joint rounds and culture rounds we identify campus wide or specific trends. Leaders backwards plan their focus based on trends and high priority areas. Leaders share priorities and weekly focus with all of stakeholders. Leaders follow up multiples times to assist and ensure to close the gaps. On Tuesday during PD, during weekly content meetings, and PLC days, teams receive training and support from coaches, managers, and content leaders. We also discuss potential professional development during instructional tactical meetings. Teachers are encouraged to network and are included in biweekly campus webinars to collaborate with their grade level content peers. Multiple district professional development sessions are offered on various PD days throughout the year.

Technology is heavily implemented in every class on a daily basis. All campus, district, and state exams are created and proctored online. Teachers utilize and integrate technology in their daily lessons and have specific processes for students to follow to show their thinking while working online. For the lower grades, technology is being used during elective and in class for for reading and math support.

We have created a campus wide cross curricular system with specific lesson plan components that is centered on joy, rigor, inclusion, and data tracking. We provide feedback on lessons one week in advance and give the opportunity to work side by side to ensure quality instruction. We meet weekly with content teams to practice lessons and grow the craft of their teaching. We also provide content meetings where team members discuss data and vertically align. We are building an expert class of teachers that can be observed by other staff members as well.

Our instructional programs are curated through our Headquarters offices and are implemented on campus. We supplement each of those programs in 3-4 grades with STAAR based materials as well. Our SEL program is Caring School Community and is recognized as one of the top programs available. We have athletics and after school programs available to enrich the learning of our students. This also includes supplemental tutorials for students at risk of not hitting growth goals.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 16 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews

Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- 94.21
- IDEA rating an average of 84% of students year over year
- Persistence as a campus 91.85%
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There is a need to support below grade level readers in Direct Instruction programs in K-2. **Root Cause:** Instructional programs were changed prior to last year and required teachers to learn new strategies for implementation that they struggled with at times. Students are coming into the new grade level with larger gaps at a high rate, students are not able to fully read and comprehend tasks independently.

Problem Statement 2 (Prioritized): There is a need to implement aligned STAAR resources and lessons earlier in the school year along with a pre-solidified online testing strategies plan for each content. **Root Cause:** We adhered tightly to the district curriculums and began spiraled TEKS instruction in late November. As we were making the shift to online testing, we were asking for too many strategies and it caused students to take longer on STAAR assignments and exams.

Problem Statement 3 (Prioritized): There is a need to support below grade level readers in 3rd through 5th grades that do not receive critical student intervention. **Root Cause:** The district does not currently have a program for this area of students.

Problem Statement 4 (Prioritized): There is a need to increase opportunities that teachers have to receive feedback during their lesson delivery and communicate observation focus. **Root Cause:** Lesson rehearsals were implemented in short 5 minute rotations which did not allow full lesson delivery. While teachers were observed throughout the year, communication for the observation was not always clear and teachers did not know if it was an instructional, culture, or student observation. communication and feedback was not always immediately given on the spot which produced confusion.

Problem Statement 5: District testing platforms do not align with state testing platforms. **Root Cause:** Our district was not prepared to align to STAAR testing. As a campus, we did not take advantage of all 3 cambium opportunities this year. The district did not implement TFAR access or training for teachers or leader to take advantage of cambium or Edcite.

Problem Statement 6: There is a need to increase expectations that students need to meet for technology usage at school and at home. **Root Cause:** Teachers did not consistently active monitor the usage of computers or reset expectations for computer usage at home.

Problem Statement 7: There is a need to provide teachers with increased levels of support and training for the Caring School Community Program. **Root Cause:** Teachers received brief training at the beginning of the year and then were supposed to figure it out.

Perceptions

Perceptions Summary

IDEA Sports Park Academy is driven by staff and family feedback. We have multiple mechanisms in place to be able to collect that feedback. We encourage and look forward to continuous parent involvement in both the academic and school wide settings. We host numerous parent engagement events throughout the year to be able to engage with our families and students. Staff are provided opportunities to get to know each other through team building opportunities, school wide committees, and out of school social opportunities. Over the last three years, staff have agreed at a higher than 90% rate that we are a great place to work. Parent survey ratings are above district average as well.

Parents, staff, and students live by our three campus pillars of growth, team, and excellence.

Perceptions Strengths

We send out communication of events or assessments in advance to make parents aware.

We listen to parent concerns and return calls/messages within 24 hours.

We use social media to share a lot of the good moments, in the classroom and the joy, especially for parents who can't come in to certain events.

Family fun day during the summer to reconnect and meet current/new families.

We have culture camp for new students, so they can experience our traditions and meet the teachers.

Positive calls have helped build strong relationships with parents and they know to reach out with any concerns.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There is a need to improve lunchroom systems and procedures. **Root Cause:** A clear vision for lunchroom expectations has not been developed and staff are not provided feedback to meet these needs.

Problem Statement 2 (Prioritized): There is a need to adjust our parent communication system. **Root Cause:** Deans List is not user friendly and does not push out communication to our families in Mexico.

Problem Statement 3 (Prioritized): There is a need to develop skills of teacher and GTL to recognize infrequent minor infractions and level one infractons and thus be able to address those infractions with teacher level consequences. **Root Cause:** Teachers need more training and application practice with the behavior management plan. GTLs need support with identifying their roles in the behavior management plan.

Problem Statement 4 (Prioritized): There is a need to increase the percentage of students that submit homework timely. **Root Cause:** Teachers do not have a consistent system for

capturing this information and following up with parents.

Problem Statement 5: There is a need to increase percentage of time students are wearing correct uniform. **Root Cause:** Teachers and grade teams do not have consistent mechanisms for following up with parents. Grade team leaders don't have a system to capture these students and support in the follow up.

Problem Statement 6: There is a need to further increase communication between teachers and lead team, when it comes to events throughout the year. **Root Cause:** Teachers used funds from grade level/personal for events on short notice.

Problem Statement 7: There is a need to reset expectations about students being picked up early or about change in transportation. **Root Cause:** The front office accepts transportation changes and does not let parents know about early pick ups.

Problem Statement 8: There is a need to increase to different opportunities that parents have to be involved in the campus. **Root Cause:** We limited parent involvement to events and a few volunteers.

Problem Statement 9: There is a need to provide more opportunities for staff to build working relationships outside of their grade levels. **Root Cause:** We focus planning and PD time primarily on instructional focuses versus bonding and relationship building time.

Priority Problem Statements

Problem Statement 1: There is a need to increase overall student persistence as the campus hit 91.85% in 22-23.

Root Cause 1: 17 Students withdrew due to campus culture including lack of communication and incidents with other students. (We need to make sure we are in ratio with the personal monitoring of the students) 6 Students withdrew because our campus didn't offer the grade levels for the siblings. 13 Movers. 6 Door to door transportation.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to increase average daily attendance in all grade levels as none hit our internal goal of 97%.

Root Cause 2: Parents are still scared of sending students to school when they are sick. They are still in a protective mindset from COVID where they prefer to keep the students at home for several days in a row. Lack of proper sanitization in the classroom to prevent spreading germs. Consistency with the school expectations and procedures regarding attendance.

Problem Statement 2 Areas: Demographics

Problem Statement 3: There is a need to support below grade level readers in Direct Instruction programs in K-2.

Root Cause 3: Instructional programs were changed prior to last year and required teachers to learn new strategies for implementation that they struggled with at times. Students are coming into the new grade level with larger gaps at a high rate, students are not able to fully read and comprehend tasks independently.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: There is a need to increase opportunities that teachers have to receive feedback during their lesson delivery and communicate observation focus.

Root Cause 4: Lesson rehearsals were implemented in short 5 minute rotations which did not allow full lesson delivery. While teachers were observed throughout the year, communication for the observation was not always clear and teachers did not know if it was an instructional, culture, or student observation. communication and feedback was not always immediately given on the spot which produced confusion.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: There is a need to implement aligned STAAR resources and lessons earlier in the school year along with a pre-solidified online testing strategies plan for each content.

Root Cause 5: We adhered tightly to the district curriculums and began spiraled TEKS instruction in late November. As we were making the shift to online testing, we were asking for too many strategies and it caused students to take longer on STAAR assignments and exams.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: There is a need to support EL students in listening, speaking, reading, and writing.

Root Cause 6: Teachers have not been properly trained in SIOP strategies.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: There is a need to align district based curriculum to rigor and expectation of TEKS.

Root Cause 7: Our programs have some TEKS alignment but are more aligned with common core. We need to supplement that instruction earlier with TEKS based lessons.

Problem Statement 7 Areas: Student Learning

Problem Statement 8: There is a need to continue developing teacher skills for supporting SpED students through adequate accommodations in the classroom.

Root Cause 8: We have approximately 41 students that qualify for special education on campus and more in RTI. With such a big cohort, teachers will need to carefully plan around how best to support these students and provide necessary accommodations.

Problem Statement 8 Areas: Student Learning

Problem Statement 9: There is a need to improve lunchroom systems and procedures.

Root Cause 9: A clear vision for lunchroom expectations has not been developed and staff are not provided feedback to meet these needs.

Problem Statement 9 Areas: Perceptions

Problem Statement 10: There is a need to increase the percentage of students that submit homework timely.

Root Cause 10: Teachers do not have a consistent system for capturing this information and following up with parents.

Problem Statement 10 Areas: Perceptions

Problem Statement 11: There is a need to adjust our parent communication system.

Root Cause 11: Deans List is not user friendly and does not push out communication to our families in Mexico.

Problem Statement 11 Areas: Perceptions

Problem Statement 12: There is a need to develop skills of teacher and GTL to recognize infrequent minor infractions and level one infractons and thus be able to address those infractions with teacher level consequences.

Root Cause 12: Teachers need more training and application practice with the behavior management plan. GTLs need support with identifying their roles in the behavior management plan.

Problem Statement 12 Areas: Perceptions

Problem Statement 13: There is a need to support below grade level readers in 3rd through 5th grades that do not receive critical student intervention.

Root Cause 13: The district does not currently have a program for this area of students.

Problem Statement 13 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local benchmark or common assessments data
- Observation Survey results
- Other PreK - 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Gifted and talented data

- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices
- Other additional data

Goals

Goal 1: All IDEA students matriculate to college

	Oct	Jan	Mar	June
Strategy 1: Provide monthly training to teaching staff and observational feedback on implementation of IEP plans. **Strategy's Expected Result/Impact:** Enhancing the skills of our teachers to work with SpED students and following up with implementation of IEPs will ensure we meet SpED student needs **Staff Responsible for Monitoring:** All Gen Ed teachers, SpED teachers, SpED manager **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** Student Learning 3 - School Processes & Programs 4	25%	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Provide targeted feedback in the lesson planning process focusing on pre-planning of student accommodations and supports for SpED students. **Strategy's Expected Result/Impact:** Pre-planning for SpED students will increase the likelihood of concept attainment during the first instruction period. **Staff Responsible for Monitoring:** All Gen Ed teachers, SpED teachers, SpED manager **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** Student Learning 3 - School Processes & Programs 4	40%	65%		

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 5 Problem Statements:

Student Learning

Problem Statement 3: There is a need to continue developing teacher skills for supporting SpED students through adequate accommodations in the classroom. **Root Cause**: We have approximately 41 students that qualify for special education on campus and more in RTI. With such a big cohort, teachers will need to carefully plan around how best to support these students and provide necessary accommodations.

School Processes & Programs

Problem Statement 4: There is a need to increase opportunities that teachers have to receive feedback during their lesson delivery and communicate observation focus. **Root Cause**: Lesson rehearsals were implemented in short 5 minute rotations which did not allow full lesson delivery. While teachers were observed throughout the year, communication for the observation was not always clear and teachers did not know if it was an instructional, culture, or student observation. communication and feedback was not always immediately given on the spot which produced confusion.

Goal 2: IDEA achieves an A Rating

Performance Objective 6: IA & CP: School achieves 90/60/30 in approaches/meets/masters as measured by the STAAR testing

High Priority

HB3 Goal

Evaluation Data Sources: Interim Assessments, Bi-Weekly Assessments, Exit Tickets, STAAR

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Track each students performance in domains 1-3 by using the Locus dashboard and respond to data appropriately. **Strategy's Expected Result/Impact:** Tracking data will allow for identification of on or off track status to determine interventions. **Staff Responsible for Monitoring:** All teaching staff and administration in 3-5. **TEA Priorities:** Build a foundation of reading and math **Problem Statements:** Student Learning 1, 2, 3 - School Processes & Programs 2, 3, 4	20%	60%		

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 6 Problem Statements:

Student Learning
Problem Statement 1: There is a need to support EL students in listening, speaking, reading, and writing. **Root Cause**: Teachers have not been properly trained in SIOP strategies.
Problem Statement 2: There is a need to align district based curriculum to rigor and expectation of TEKS. **Root Cause**: Our programs have some TEKS alignment but are more aligned with common core. We need to supplement that instruction earlier with TEKS based lessons.
Problem Statement 3: There is a need to continue developing teacher skills for supporting SpED students through adequate accommodations in the classroom. **Root Cause**: We have approximately 41 students that qualify for special education on campus and more in RTI. With such a big cohort, teachers will need to carefully plan around how best to support these students and provide necessary accommodations.

School Processes & Programs

Problem Statement 2: There is a need to implement aligned STAAR resources and lessons earlier in the school year along with a pre-solidified online testing strategies plan for each content. **Root Cause**: We adhered tightly to the district curriculums and began spiraled TEKS instruction in late November. As we were making the shift to online testing, we were asking for too many strategies and it caused students to take longer on STAAR assignments and exams.

Problem Statement 3: There is a need to support below grade level readers in 3rd through 5th grades that do not receive critical student intervention. **Root Cause**: The district does not currently have a program for this area of students.

Problem Statement 4: There is a need to increase opportunities that teachers have to receive feedback during their lesson delivery and communicate observation focus. **Root Cause**: Lesson rehearsals were implemented in short 5 minute rotations which did not allow full lesson delivery. While teachers were observed throughout the year, communication for the observation was not always clear and teachers did not know if it was an instructional, culture, or student observation. communication and feedback was not always immediately given on the spot which produced confusion.

Goal 3: Increase student persistence

Performance Objective 1: IA & CP: Campus receive a score of proficient or higher on the campus safety scorecard for the 2023- 24 school year (TEC 11.253(d)(8))

High Priority

Evaluation Data Sources: Campus Safety Scorecard

Strategy 3: Provide supplies and training materials to prepare parents to better support students in math, reading, and science. **Strategy's Expected Result/Impact:** Parents will be able to support students at home with curricular expectations. **Staff Responsible for Monitoring:** SSA **Title I:** 2.4 **Funding Sources:** Curricular materials and manipulatives - Title I, Part A (4120) - $1,122.14	25%	75%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: There is a need to increase average daily attendance in all grade levels as none hit our internal goal of 97%. **Root Cause**: Parents are still scared of sending students to school when they are sick. They are still in a protective mindset from COVID where they prefer to keep the students at home for several days in a row. Lack of proper sanitization in the classroom to prevent spreading germs. Consistency with the school expectations and procedures regarding attendance.
Problem Statement 2: There is a need to increase overall student persistence as the campus hit 91.85% in 22-23. **Root Cause**: 17 Students withdrew due to campus culture including lack of communication and incidents with other students. (We need to make sure we are in ratio with the personal monitoring of the students) 6 Students withdrew because our campus didn't offer the grade levels for the siblings. 13 Movers. 6 Door to door transportation.
Perceptions
Problem Statement 2: There is a need to adjust our parent communication system. **Root Cause**: Deans List is not user friendly and does not push out communication to our families in Mexico.

Goal 3: Increase student persistence

Performance Objective 3: IA & CP: 100% of schools will complete the Anti-Bullying and Safer, Smarter School curriculum by deadline indicated on the district calendar. (TEC 11.253(d)(8))

Evaluation Data Sources: Safer, Smarter School Curriculum Implementation Tracker

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Communicate lesson delivery needs and track to 100% completion in order to meet benchmarks. **Strategy's Expected Result/Impact:** 100% completion of the Safer, Smarter Schools curriculum. **Staff Responsible for Monitoring:** Student Success Advisor, Principal **Problem Statements:** Demographics 1, 2	25%	65%

IDEA Public Schools

Toros College Prep

2023-2024 Campus Improvement Plan

Public Presentation Date: August 30, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

- Goal 5: Increase staff retention 28

Campus Funding Summary 30

Comprehensive Needs Assessment

Demographics

Demographics Summary

A. 96% Economically Disadvantaged students is almost the whole school. Scholars from EcoDisc families are more likely to work. We have students who do not get enough sleep and are tired in class due to working shifts after school or on weekends. It can also be a deterrent to college as they may see the results of maintaining a job and earning money. They can look at the short term benefits rather than the long term benefits of a degree. More likely to come from a household that does not have a college going culture, which again can be a deterrent or lead to less motivation in the classroom.

B. The reality that 77% of our scholars speak English as a second language. Teachers knew it was a high percentage, but didn't realize it was ¾ of school. This causes the challenge of speaking Spanish in class to aid in understanding. At what point does not speaking English have a negative influence on their development. Also, for teachers who are not as fluent in Spanish, the struggle of technical terms in relation to their class, for example, science. The translations are not always common knowledge and can make it challenging to translate. Also, AP testing does not allow for aids, such as translation software or dictionaries, while STAAR does, so the balance of how much to allow the use of these resources.

How do you think the above relates to goals such as ADA, Persistence, Retention, Matriculation, and Enrollment?

1. Scholars from EcoDisc families are more likely to work and can miss school due to being over worked. The long days of working and going to school can cause ADA and persistence concerns. Also, the attraction of earning money now can lead them not wanting to matriculate to college.
2. Scholars who already have the challenge of being English language learners must also rise to the rigor that IDEA Campuses offer. If students are struggling, they may just push back and not want to go to school, which brings up ADA and persistence concerns. Also, Teachers may struggle
3. With the challenge of teaching high rigor to classes that face additional challenges such as language and it can effect retention.
4.

What are some solutions to these challenges which we know we will continue to face?

1. Aligning expectations campus wide concerning use of Spanish in classrooms and amount of scaffolding provided. Awareness of all students and who benefits from what kind of help.
2. Targeted intervention for students of all levels of challenges, not just those with the most challenges.
3. Identify and have continued dialogue with working students to see how we can support. Ask for schedules and advocate with their managers. Often they do not know that they can request hours based around school.

	HS	MS	Total	Percentage
Enrollment	203	34	237	NA
Male	125	22	147	62%
Female	78	12	90	48%
504	4	2	6	2.50%
SPED	7	3	10	4.20%

	HS	MS	Total	Percentage
MH Services	10	4	14	5.90%
At Risk	139	24	163	68.70%
LEP	157	25	182	77%
Eco Dis	196	33	229	96%

Demographics Strengths

1. Students with challenging backgrounds who are able to be successful develop grit and problem solving that other students may not.
2. Ultimately, being bi-lingual is an advantage in a growing global society.
3. Students with real world challenges in real world situations have opportunities to develop that others do not. Weather its through work place experiences, long journeys to and from school, or having to care for siblings due to parents working long hours, all offer opportunities for growth that may not truly be appreciated until they can look back and see the values they helped instill.

Problem Statements Identifying Demographics Needs

Problem Statement 1: Language development is deprioritized within classrooms. **Root Cause:** Teachers focus on lowering affective filter and do not transition to challenging language development

Problem Statement 2 (Prioritized): The largest exit of students takes place within the first 6 weeks of school by our newest students. **Root Cause:** Students are not plugged in to campus culture quickly, and therefore leave our campus.

Problem Statement 3 (Prioritized): Multiple students lost credit for HS classes **Root Cause:** Poor culture of presence on campus leads students to miss early classes, late classes, and sometimes the full day of classes.

Student Learning

Student Learning Summary

At mock benchmark IDEA Toros ended at an overall 73/38/12(41), projects at a 92 and meeting all ELA sub population targets.

Throughout the year data had progressed and adjustments were made with groupings and interventions to better serve students. Homogenous groupings, increased math at bat's and implementation of claim, evidence and reasoning, and student discourse in ELA allowed for gains to occur within the sub populations data. Teachers knowing their populations and being able to track overall data and each student data also attributed to this. Data tracking created transparency which allowed for gaps to be seen quicker in order to adjust instruction.

The investment of teachers has played a big role in student success reflected in retention and grades. Overall, for retention the main contributor is attendance, with 9 students fitting this profile. Four students are failing course(s) for the year due to grades. Students were identified in the second semester and teachers and grade teams met with parents to communicate status and next steps. Likewise, those not meeting credit due to attendance for course(s) were also identified, communicated with and tracked to provide timelines and options available to parents and students.

In STAAR there has been areas of focus that have been refined such as transparency of data tracking. This tracking has not only been visible in the classrooms, but we have also instilled a soft copy for teachers to track, see trends, identify and receive real time sub populations data, group students in bands for all STAAR teachers to see and strategize together. ELA has continued their homogenous groupings throughout the year to be able to better serve each population of students. Additionally, the use of claim, evidence and reasoning (CER) and student discourse in ELA has provided students with practice in the 4 domains during the entire class period.

For STAAR Algebra I all math teachers came together with an all hands on approach to provide students additional aligned at bat's during the day. Groupings were strategic to target students and move the data faster.

The English Language assessments for our Emergent Bilinguals at benchmark was just shy of target by 1% (2 students) Within the realm of TELPAS and Domain 3 the practices in ELA STAAR , student discourse, writing CER, and the use of sentence stems has provided students to develop and apply their language skills daily.

In AP there has been an improvement in overall data tracking for those that have passed, higher results in languages and the majority of AP teachers have a strong content knowledge.

See attached data

Student Learning Strengths

Strengths table

AP
1) Improved data tracking
2) Majority of teachers have strong content knowledge
3) Higher results in languages
STAAR

AP
1) ELA homogenous groupings
2) Math all hands on deck in April
3) CER in ELA
4) Student discourse consistent in ELA
TELPAS
1) Student discourse in ELA class
2) Majority of STAAR teacher knew their population
3) Use of sentence stems in ELA consistently
Drop out
1) Student have strong relationships built with CC team

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Lack of consistency in student data tracking across contents **Root Cause:** School wide operating mechanism established was not follow up on per teacher per content immediately and frequently for completion.

Problem Statement 2: Student thinking and writing feedback is not provided quickly. **Root Cause:** Feedback on student work and during independent practice is not provided fast enough to have change in outcomes from students due to not using academic monitoring during IP.

Problem Statement 3: Communication with stakeholders regarding exam information needs is inconsistent **Root Cause:** Calendar and timeline for when and what the meetings/ communication would be sent due to no operating mechanism in place.

Problem Statement 4: Application of STAAR 2.0 answer types began late in the year **Root Cause:** Clarity of training and usage was not provided in the resource available

Problem Statement 5 (Prioritized): More language practice needs to occur outside of ELA to support Emergent Bilinguals with language acquisition and refinement **Root Cause:** Campus wide initiative and follow up was not completed consistently

School Processes & Programs

School Processes & Programs Summary

At our campus, we develop instructional leaders through the use of the School Leadership Levers. Roles & responsibilities are outlined at the beginning of the year and the document is shared with staff. During weekly check-ins, we discuss outcomes, causes, solutions, as well as identify a School Leadership Lever to focus on. We conduct weekly instructional rounds that allow for norming across instructional coaches, as well as to provide feedback for improvement on coaching practices.

This year, there were several previously teacher-led systems that were mainstreamed into a school-wide system. One example of this was tracking. Each teacher had the same class wall trackers, exit ticket trackers, and folders for individual goal tracking.

School Processes & Programs Strengths

Over 80% of our staff was returning staff in the 2022-2023, which led to a more developed strength in content knowledge. This allowed teachers to reach students at their point of need.

This is the first year under the current leadership that no instructional staff was lost throughout the year. This led to improved quality of instruction provided in the classroom because teachers were teaching the same content as prior years. We were also able to allow two planning periods throughout the day, which allowed teachers to be prepared for all three preps they were responsible for.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: School-wide systems are not upheld by all, leading to inconsistency in culture and quality of academics. **Root Cause:** Lack of investment from all adults on campus.

Problem Statement 2 (Prioritized): Instructional coaching experience varies by manager, providing confusion among staff. **Root Cause:** Lack of systems to share best practices and ensure uniformity of experience.

Problem Statement 3 (Prioritized): Teachers do not invest students in tracking their own progress. **Root Cause:** Individual tracking system is cumbersome and differentiated across every classroom, making collective efficacy weak.

Perceptions

Perceptions Summary

100% of our seniors graduate high school. An exception can be counted for those students who are continuers according to their IEP.

For our students in general education, they are assigned a mentor that checks in with them every 2 weeks. Check-ins focus on building connections, as well as focusing on student goals.

Family participation in school events average at about 29%. The most significant barriers have been the distance for parents to travel to events since students come to us from across a 90-minute radius, not all parents are able to attend.

Perceptions Strengths

1. Students have a good impression of their teachers and feel they care for them.
Parents feel connection because of staff communication in both languages.
Students and parents feel like their students are safe in school.

2. Providing and tracking of academic events and opportunities for families to participate and build community.

3. Students rate the school highly on Self-Management: feeling like they can manage their emotions, thoughts, behaviors in different situations. Mirroring our Self-Directed Learning Cycle from Summit Learning Platform.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Lack of student ownership of positive culture, including new student integration into Toros culture. **Root Cause:** Culture of celebration and traditions is driven by adults on campus, rather than students

Problem Statement 2 (Prioritized): Lack of parent involvement in campus events. **Root Cause:** Lack of early and consistent communication to parents: social media and paper reminders.

Problem Statement 3: Lack of support for EB students. **Root Cause:** Lack of TELPAS implementation and accountability checks.

Priority Problem Statements

Problem Statement 1: Teachers do not invest students in tracking their own progress.
Root Cause 1: Individual tracking system is cumbersome and differentiated across every classroom, making collective efficacy weak.
Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: Lack of consistency in student data tracking across contents
Root Cause 2: School wide operating mechanism established was not follow up on per teacher per content immediately and frequently for completion.
Problem Statement 2 Areas: Student Learning

Problem Statement 3: Lack of parent involvement in campus events.
Root Cause 3: Lack of early and consistent communication to parents: social media and paper reminders.
Problem Statement 3 Areas: Perceptions

Problem Statement 4: More language practice needs to occur outside of ELA to support Emergent Bilinguals with language acquisition and refinement
Root Cause 4: Campus wide initiative and follow up was not completed consistently
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Instructional coaching experience varies by manager, providing confusion among staff.
Root Cause 5: Lack of systems to share best practices and ensure uniformity of experience.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Lack of student ownership of positive culture, including new student integration into Toros culture.
Root Cause 6: Culture of celebration and traditions is driven by adults on campus, rather than students
Problem Statement 6 Areas: Perceptions

Problem Statement 7: The largest exit of students takes place within the first 6 weeks of school by our newest students.
Root Cause 7: Students are not plugged in to campus culture quickly, and therefore leave our campus.
Problem Statement 7 Areas: Demographics

Problem Statement 8: Multiple students lost credit for HS classes
Root Cause 8: Poor culture of presence on campus leads students to miss early classes, late classes, and sometimes the full day of classes.

Problem Statement 8 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 CCMR goals

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data

Student Data: Student Groups

- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Attendance data
- Discipline records
- School safety data

Employee Data

- Staff surveys and/or other feedback

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Study of best practices

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

HB3 Goal

Evaluation Data Sources: ACT Scores

Summative Evaluation: Significant progress made toward meeting Objective

Next Year's Recommendation: Targe earlier grade levels, and NTI students to gather data sooner.

IDEA Public Schools

Tres Lagos Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 29, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Demographics

Demographics Summary

IDEA Tres Lagos was founded in 2017 and is located in North McAllen/Edinburg area in the Tres Lagos land development. When our doors opened in 2017, we served Pre-K to 1st grade students. Now heading into year 7 since inception, academy is serving scholars in grades kinder to 5th. Students enrolled range from 5 to 12 years of age and over 86% of our population is considered economically disadvantaged. We are a Title 1 school and offer all federal and state programs. We serve 7 different school districts including: McAllen, Edinburg, Mission, Sharyland, La Joya, PSJA, & Elsa. Our school focus' on the entire needs form academic to social emotional. Our academic principals support the academic growth and progress for all scholars, while our Social Worker and Counselor ensure Social Emotional Lessons are being viewed, implemented and that our students understand their role in the world and become contributing members of society. We offer physical education services in grades 1-5. Our 3 RISE classrooms which offer the best self-contained special education courses to our students with various cognitive and physical needs. Our entire TLA team works together to ensure we create lasting bonds with our scholars and their families while instilling them with our core values and strong foundational course work that will prepare them for years to come.

Demographics Strengths

- RISE classrooms showcased to other campuses
- Checklist in progress for onboarding
- Daily social emotional lessons
- Events that support different ethnic backgrounds
- TELPAS practice throughout the year for EB support

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): During the onboarding process, students are not coded in PowerSchool accurately. **Root Cause:** There is no processes or checklist in place when onboarding students year round with communication to all stakeholders.

Problem Statement 2 (Prioritized): Teachers are not properly trained to support at risk students. **Root Cause:** Processes (RTI) are needed in place to support special pops students both for academics and behavior.

Student Learning

Student Learning Summary

Tres Lagos Academy earned an A rating for the 2021-2022 school year. However, according to current district mock accountability, we are trending to receive an F rating with scale score of a 55. While final accountability ratings will be released in September, it is evident we have to address a number of gaps around student learning. Below is a breakdown by Domain with our most current STAAR Mock data for all tested subjects in 3rd-5th grade.

Domain 1 Student Achievement (40%): 57
Domain 2a School Progress-Relative Performance 59
Domain 2b School Progress-Academic Growth Scale Earned: 42
Domain 2-Overall 59
Domain 3 Closing the Gaps: 44
Overall Score 55-F

Data shows that we are still failing to fully meet the needs of our students in special populations (EB, SPED, 504, RTI). We currently service 54% of EB students across all grade levels, a significant number when it comes to accountability. According to TELPAS Mock data, 40% of 2nd-5th grade students showed growth on their composite score from 21-22 to this school year. As for the 21-21, we did not meet our TELPAS target of 36%, as our overall percentage of students who met TELPAS growth was 32%. According to the latest STAAR data released, we are at 62% of students who "likely passed" in all tested areas.

Kinder-2nd grade RMT goal was at 75% goal met. 1st and 2nd grade did not meet the goal of students on or above reading level. Intervention with use of decoding will be crucial this year to ensure students are reading on level in the 3rd and 2nd grade.

	DI Pre-K on Grade Level	**DI Kinder on Grade Level**	**DI First on Grade Level**	**DI Second on Grade Level**
% Students	95%	91%	45%	64%

STAAR Results by domain	**Component Score**	**Scaled Score**	**Rating**
Overall		91	A
Student Achievement		**79**	**C**
School Progress		**96**	**A**
Academic Growth	92	96	A
Relative Performance (Eco Dis:88%)	52	87	B
Closing the Gaps	**81**	**78**	**C**

STAAR Results by grade and subject as of 6.2	Likely Passed	Zone of Uncertainty	Likely Did Not Pass
All Subjects	62%	33%	4%
Reading	71%	25%	2%
Math	54%	41%	5%
Science	59%	36%	4%

Student Learning Strengths

5th Grade Reading & Math has historically shown strong student achievement data.

Path to an A Metrics:

- 100% of **Teachers** will have quality exemplars with CFS. (GET 3C-IV)
- 100% of **Leaders** will train and provide feedback on lesson plans. Every day each leader will do power walk to ensure that teachers have quality exemplars with feedback on TB for 3C & 3D. (SLL 3B)
- 100% of **teachers** will have backwards plan and reteach calendars updated and visible. (GET 3B-II/III)
- 100% of **teachers** will consistently track their data on daily exit ticket tracker by all students and sub pops: EB, SPED, HB. (3.20-Ongoing)
- 100% of **leaders** will attend after 1st rotation exit ticket huddle and have an EOD huddle. (SLL 1A/1B)
- 100% of **teachers** will have data conversations and SWAMS (1C) will include reporting out Domain 2 and Domain 3 (GET 5D-I-IV)
- 100% of **leaders** will train teachers on Domain 2 and Domain 3 and follow up on their weekly check ins. (SLL 1C/1D)
- 100% of **teachers** will rate proficient on academic monitoring. (GET 4C I/II)

100% of **leaders** will train on academic monitoring and provide on the spot feedback daily. (SLL 5E)

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Reading curricula is not aligned with each other and do not cover all reading components. **Root Cause:** Lack of leader and teacher knowledge on embedding foundational reading skills.

Problem Statement 2 (Prioritized): Students lack reading comprehension and explicit writing instruction in K-2. **Root Cause:** Lack of leaders prioritizing writing within the master schedule.

School Processes & Programs

School Processes & Programs Summary

IDEA Tres Lagos academy provides rigorous core instruction from Kinder through 5th grade. Our students are challenged daily in their coursework and we hold high expectations for staff, students and parents. All stakeholders are aware that all we do in these grades prepares our scholars for their college prep years and beyond. We ensure this by hiring staff that understand that student's have many needs and teaching them skills is part of their daily work along with mastery of content but reaching their hearts and meaningful relationships come first. We can have the greatest curriculum in the world but students need to know that someone cares about them first and then we can motivate and inspire them to learn. We keep parents informed of our testing and event calendars each week through our monthly newsletters. Parents are abreast of the latest happenings and have directl lines of communications to the leadership team and all teachers on campus through the use of Remind. We also provide extra-curricular events such as our afterschool programs that offer a variety of academic, social and sports clubs.

We will focus this year on strong, consistent data analysis that is student centered and focuses on student needs and to provide their academics and social services that they need daily. We will also monitor our data and our student's progress visibly in each classroom and publicly. We provide supports or students that are EL, SPED, 504 or in Critical Student Intervention (CSI), Reaching Independence through Support & Education (RISE) and in social emotional counseling. We also have individualized learning in K-2 grade with a focus in building literacy in all contents. Students are provided software coursework in typing, literacy and math to increase their skills with dedicated staff members that are checking their progress weekly and sharing the reports with the grade level teams to keep motivating students to reach their goals.

Another campus priority is the coaching and developing of our staff to build their capacity in all areas. Our main area of need is ensuring all staff are receiving real time coaching with consistent feedback with a follow up to mastery. We will use our new Guideposts for excellent Teaching (GET) rubrics to guide and coach our teachers into becoming consistent in Guideposts 1-5: Content, Culture, Ownership, Using Data, & Beyond the Lesson. GET #1-4 are structed to be observed during a unit review, lesson review or class observation. GET #5 are cumulative in nature and structured to consider evidence and artifacts collected or observed over time. The goal is to let each staff member know that they can improve and that all student actions lead to student learning. Thus, teacher preparation is key in order to have students master the content they are learning. Staff will also understand & know that their actions to demonstrate what their students are learning must be evident as well as if they learned the intended objective of the day. Each day's work will be measured through exit ticket data where teachers are able to tell after each class period how well students learned what they taught and they can make on the spot decisions to modify their instruction to meet students' needs before it becomes a gap in learning.

We have a PD scope and sequence that provides on-going professional development for all staff on literacy, best practices, classroom management, & content mastery support. Our goal is to use our PD to strengthen our coaching cycle supports as leaders to have the best teachers in front of students delivering engaging yet challenging coursework. Each student will have access to a device in each classroom so the integration of technology and adapting services to meet our students' needs in online testing formats for all local, state and national assessments.

School Processes & Programs Strengths

Our strengths are an experienced leadership team that is ready to coach and develop our new and veteran teachers to meet their individual growth needs in pedagogy and classroom management.

We have maintained the same teachers in our upper grades and their experience in the classroom benefits our students due to the consistency and mastery of content.

Students in K-2 grade do complete their programs reading at grade level or beyond.

3-5 grade students score above the district average and state average in Reading & Math.

We provide (as needed) mental health supports as well as weekly social emotional lessons.

We have consistent family engagement events each month.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: We did not have all teachers at the level of mastery in their pedagogy/content. **Root Cause:** Teachers did not receive consistent coaching from their manager with timely feedback.

Problem Statement 2: Staff felt that PD was not tailored to meet their needs in order to grow. **Root Cause:** PD time was dedicated to testing or upcoming events. We did not place a major focus on developing the team and providing instructional specific needs until after mock exams.

Problem Statement 3: Staff not understanding the process for RtI & SPED referrals and how to monitor for academic/behavior need. **Root Cause:** There was not consistent training/maintaining of our staff's needs in this area and the lack of consistency and follow up impacted students.

Perceptions

Perceptions Summary

The campus consistently scores between 4.3 and 4.6 on scale of 0 to 5. This indicates a high level of satisfaction among parents regarding their engagement with the campus. The regular communication with parents on a daily and weekly basis to address their concerns further showcases a commitment to effective parent school communication.

Student survey yield a slightly lower score of 4.0 out of 5, indicating a positive but slightly less favorable perception indicating a positive but slightly less favorable perception compared to parents. Student attendance stands at 94.55%, which falls short of the goal of 97%. Improving attendance rates could be an area of focus to enhance student engagement and academic outcomes.

The GPTW survey, measuring teachers' perception of the school climate and culture, resulted in a score of 66%. This score indicates room for improvement in creating a positive and supportive work environment for teachers.

Teacher retention stands at 89%, which suggests that although the campus experiences some turnover, a significant portion of the teaching staff remains in place. However, the provided context explains that the transition back to full-time in-person teaching after a year of hybrid and virtual learning (during the 2020-2021 academic year) posed challenges. These challenges likely contributed to the high absence rates among teachers. The increased absences, totaling 927 in 2023, impacted both student learning and the workload of the remaining staff.

Community events have had excellent turnout, indicating successful engagement with parents and the broader community. However, the campus acknowledges that academic event turnouts have not been as strong. Measuring attendance by parents signing in and checking in for each event helps monitor participation levels.

In summary, the campus demonstrates strengths in parent satisfaction, student persistence (as of 5.10.23), and community engagement. However, areas for improvement include student attendance, teacher retention, and addressing the impact of high teacher absences on student learning. It is essential to continue efforts to improve the work environment, strengthen academic event turnouts, and address the challenges faced during the transition to full-time, in-person teaching.

2022-2023 Corresponding Data:

- Parent Survey 4.6/5
- Student Survey: 4.0/5
- Student Persistence: 94.96%
- Student Attendance: 94.55%
- GPTW Survey: 66%
- Teacher Retention: 89% (as of 5.10.23)
- Instructional Staff Attendance 2023:927 absences 2022: 855 absences 2021:439 absences

Perceptions Strengths

Strengths as a campus include the following statements from the Great Places to Work Survey, which employees affirmed:

- IDEA operates physically safe campus and offices 93%
- I have at least one close friendship with another team member at IDEA 93%
- My work is meaningful 91%
- IDEA treats employees fairly no matter how they identify. 91%

- I am proud of what we accomplish here at IDEA. 78%
- I would recommend my manager to other IDEA employees 77%

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Tres Lagos staffs' attendance and persistence have decreased due to feelings of stress and being overwhelmed by deliverables and workload. **Root Cause:** The lack of leader professional development opportunities and the resulting stress among our teachers is negatively impacting their well-being, effectiveness, attendance, and persistence.

Problem Statement 2 (Prioritized): Tres Lagos Academy is facing poor student retention and attendance, which is primarily attributed to the lack of student engagement and enjoyment in school. **Root Cause:** Students have expressed dissatisfaction, stating that they do not find school enjoyable. Furthermore, there is a lack of incentives or celebrations within the school environment. Additionally, the problem is compounded by a high rate of teacher resignations, resulting in a lack of consistent teachers.

Priority Problem Statements

Problem Statement 1: Reading curricula is not aligned with each other and do not cover all reading components.

Root Cause 1: Lack of leader and teacher knowledge on embedding foundational reading skills.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Students lack reading comprehension and explicit writing instruction in K-2.

Root Cause 2: Lack of leaders prioritizing writing within the master schedule.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Tres Lagos staffs' attendance and persistence have decreased due to feelings of stress and being overwhelmed by deliverables and workload.

Root Cause 3: The lack of leader professional development opportunities and the resulting stress among our teachers is negatively impacting their well-being, effectiveness, attendance, and persistence.

Problem Statement 3 Areas: Perceptions

Problem Statement 4: Tres Lagos Academy is facing poor student retention and attendance, which is primarily attributed to the lack of student engagement and enjoyment in school.

Root Cause 4: Students have expressed dissatisfaction, stating that they do not find school enjoyable. Furthermore, there is a lack of incentives or celebrations within the school environment. Additionally, the problem is compounded by a high rate of teacher resignations, resulting in a lack of consistent teachers.

Problem Statement 4 Areas: Perceptions

Problem Statement 5: During the onboarding process, students are not coded in PowerSchool accurately.

Root Cause 5: There is no processes or checklist in place when onboarding students year round with communication to all stakeholders.

Problem Statement 5 Areas: Demographics

Problem Statement 6: Teachers are not properly trained to support at risk students.

Root Cause 6: Processes (RTI) are needed in place to support special pops students both for academics and behavior.

Problem Statement 6 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Local benchmark or common assessments data
- Observation Survey results
- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Dyslexia data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Violence and/or violence prevention records
- Student surveys and/or other feedback
- Class size averages by grade and subject

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Other additional data

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Incorporate a love of reading in all K-5 students through modeling, read alouds and book clubs. **Strategy's Expected Result/Impact:** Students that read 30 minutes a day and have high interest in reading score higher academically than students that do not read daily. **Staff Responsible for Monitoring:** All Stakeholders **TEA Priorities:** Build a foundation of reading and math	50%	50%		

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: All IDEA students matriculate to college

Performance Objective 2: Students are follow IDEA #22 Rule to read 30 minutes a day daily for students in 3-5 grade.

High Priority

Evaluation Data Sources: AR Data Report for Word Masters and Royal Readers for students in 3-5 grade

IDEA Public Schools

Tres Lagos College Prep

2023-2024 Campus Improvement Plan

Public Presentation Date: August 29, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IDEA Tres Lagos College Prep is committed to preparing our students to be future Leaders of tomorrow. We believe that every Lobo should receive meaningful and rigorous instruction, that will jumpstart their academic career and put them on a path to success in college. Our staff is devoted to providing students with the skills that will lead to self-awareness, self-management, social awareness and social skills that will help them bring innovative transformation to their community while maintaining a college identify.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Tres Lagos College Prep includes Grade Levels 6-12th for the 2023-2024 School Year. We currently have over 520 students and are over 90% Economically Disadvantage. We are located in McAllen, Texas. We are an AP for all campus, so all our students participate in AP courses with exception of our Special Education Rise students. We offer many different Electives and began offering two CTE programs that begin in 8th Grade. Those CTE Programs include Biomedical Science and Computer Science. We offer Athletics beginning in 6th Grade and participate in the Charter league. IDEA Tres Lagos also offers opportunities to participate/compete in UIL competitions at the state level.

Demographics Strengths

IDEA Tres Lagos College Prep demographic strengths are the the systemic procedures we are implementing for academic and attendance growth.

Problem Statements Identifying Demographics Needs

Problem Statement 1: Almost 11% of student population is SPED and the campus ratio should be 15:1. Currently 29:1. **Root Cause:** Teacher Retention, utilizing the SPED team for non-sped purposes

Problem Statement 2: Students are leaving due to lack of electives and afterschool curricular activities. **Root Cause:** We need more diverse electives and afterschool curricular activities for students in MS.

Problem Statement 3: Students are leaving due to lack of electives and afterschool curricular activities. **Root Cause:** We need more diverse electives and afterschool curricular activities for students in MS.

Student Learning

Student Learning Summary

Idea Tres Lagos College Prep students are at 62% passing in 9th and 10th grade in English.

Student Learning Strengths

Idea Tres Lagos College Prep can successfully write a synthesis and argumentative prompt when given a formula. Open ended responses are structured and provide relevant evidence that shows an in-depth analysis of their inferencing.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Students in 6th-11th are not reading on a daily basis. **Root Cause:** Students are lacking critical thinking skills from reading comprehension.

Problem Statement 2: Teachers are not engaging in unit unpacking to identify what students should be learning. **Root Cause:** Year 1 and 2 teachers are unable to identify and plan for misconceptions in the unit unpacking due to lack of training.

Problem Statement 3: Special Population groups are not showing growth. **Root Cause:** Teachers are not planning for appropriate support in the execution of the lesson including accommodations, EB strategies, and behavior support.

Priority Problem Statements

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

Goal 2: IDEA achieves an A Rating

Performance Objective 1: CP: 45% of students taking TELPAS assessments will maintain or increase a proficiency level. ((TEC 11.253(d)(2))

High Priority

Evaluation Data Sources: 23-24 Telpas data

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: EB students will use K-12 Summit program for practice and remediation **Strategy's Expected Result/Impact:** Students improve on Telpas assessment **Staff Responsible for Monitoring:** API- Andrea Perez **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction	N/A	50%		

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 2: CP: 100% of identified scholars meet required minutes per House Bill 4545 (HB4545)

Evaluation Data Sources: HB4545 Hour Tracker in Powerschool

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Monthly HB4545 Days for students to catch up on tutorial hours. **Strategy's Expected Result/Impact:** Students complete hours and increase proficiency in objectives not mastered. **Staff Responsible for Monitoring:** API- Andrea Perez **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction	N/A			

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A Rating

Performance Objective 3: CP: 60% of SPED Students attain approaches in STAAR by June 2024 (TEC 11.253(d)(2))

Evaluation Data Sources: STAAR/EOC results

Goal 2: IDEA achieves an A Rating

Performance Objective 4: CP: School achieves 90/60/30 in approaches/meets/masters as measured by the STAAR testing

Evaluation Data Sources: Campus data tracker and STAAR results for 23-24 School Year

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Track each students performance in domains 1-3 by using the Locus dashboard and respond to data appropriately (TEC 11.253(d)(3)) **Strategy's Expected Result/Impact:** Improve students performance by tracking progress and scheduling remediation for students **Staff Responsible for Monitoring:** API's and STAAR Teachers **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction	10%	30%		

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: Increase student persistence

Performance Objective 1: CP: Campus receive a score of proficient or higher on the campus safety scorecard for the 2023- 24 school year (TEC 11.253(d)(8))

High Priority

Evaluation Data Sources: Campus safety audits

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Professional development for Crisis Management Team	25%	50%		

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 3: Increase student persistence

Performance Objective 2: ICP: 100% of schools will be in compliance with the Title 1 Family Engagement requirements through the following events: Meet the Teacher, Public Hearing, Spring Town Hall and Semester 1 Report Card Pick Up. (TEC 11.253(d)(9))

High Priority

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Timely communication to families regarding school events to promote family engagement and attendance. (TEC 11.253(d)(9)) **Strategy's Expected Result/Impact:** Parents and students attend events on campus and student persists from year to year. **Staff Responsible for Monitoring:** School Counselor				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: Increase student persistence

Performance Objective 3: CP: 100% of schools will complete the Anti-Bullying and Safer, Smarter School curriculum by deadline indicated on the district calendar. (TEC 11.253(d)(8))

Evaluation Data Sources: Campus/District Tracker on Anti Bullying sessions.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Schedule Multiple Anti Bully sessions and culture resets throughout the school year. **Strategy's Expected Result/Impact:** Reduction in student bullying and increase in reporting by students **Staff Responsible for Monitoring:** School Counselor and API's	10%	40%		

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase student daily attendance

Performance Objective 1: CP: IDEA Tres Lagos CP will achieve a 96% annual attendance rate for the 23-24 school year

High Priority

Evaluation Data Sources: Power school ADA district tracking

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Monthly Teacher and Student incentives for students meeting ADA **Strategy's Expected Result/Impact:** Reduction of absences and students wanting to not miss school because of incentives. **Staff Responsible for Monitoring:** APO and Homeroom Teachers **ESF Levers:** Lever 3: Positive School Culture	25%	50%		

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase student daily attendance

Performance Objective 2: CP: 100% of students from 6th-7th grade meet their MVPA minutes goal of 120 Min per Week. (TEC 11.253(d)(10))

Evaluation Data Sources: Watch trackers

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Student incentives for students that meet PE goal Monthly **Strategy's Expected Result/Impact:** Students exercise and meet PE goal early in year so they can use some of this time later in the year for remediation in academics. **Staff Responsible for Monitoring:** PE teachers and PE Managers				

 No Progress Accomplished Continue/Modify Discontinue

Goal 5: Increase staff retention

Performance Objective 1: CP: 100% of full-time staff members complete all tasks within IDEA's staff development cycle including: goal setting, 2x2 and annual performance reviews during the 2023-24 school year.

High Priority

Evaluation Data Sources: Staff development cycle tracker

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Managers provide feedback and professional development/coaching for each staff member through each SDC cycle. **Strategy's Expected Result/Impact:** Teachers know their goals and are coached on their progress towards goals. **Staff Responsible for Monitoring:** Principal and API's **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 2: Strategic Staffing, Lever 5: Effective Instruction	25%	50%		

No Progress

Accomplished

Continue/Modify

Discontinue

Goal 5: Increase staff retention

Performance Objective 2: CP: IDEA Tres Lagos is 100% staffed for all teacher positions throughout the 2023-24 school year.

IDEA Public Schools

Walzem Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 22, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Table of Contents

Comprehensive Needs Assessment 4

- Perceptions 11

Priority Problem Statements 12

Comprehensive Needs Assessment Data Documentation 14

Goals 15
- Goal 1: All IDEA students matriculate to college 15
- Goal 2: IDEA achieves an A Rating 17
- Goal 3: Increase student persistence 23
- Goal 4: Increase student daily attendance 27
- Goal 5: Increase staff retention 29

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Walzem Academy was established in **2014.** Our mission is to create a safe, vigorous learning environment that prepares diverse students for successful navigation ***to and through college***. We believe in fostering self-disciplined, socially responsible, lifelong critical thinkers as we rapidly close achievement gaps through a rigorous college prep curriculum to become San Antonio's largest producer of college graduates.

The current school enrollment is **690** students in grades Kindergarten through Fifth, with an average daily attendance **(ADA)** rate of **94.03%**.

Student Demographics: Hispanic students comprise sixty-three percent (62.99%) of the student population, twenty-four percent (24%) is African-America/Black, six percent (6.39.%) is White, two percent (2.18%) is Asian and scholars who identify as Two or More Races (2.72%), one percent is Pacific Islander, and 5/10 of a percent (0.54%) is American Indian. Eighty-four (84.35%) percent of the students are economically disadvantaged; Eighteen (18%) percent are Emergent Bilingual (EB)/English Language Learners (ELL); seven percent (6.94%) make up the Special Education population. The campus mobility rate is sixteen (***15.6%***) percent.

IDEA Walzem Academy is committed to educating the whole child; therefore, we place the same value on building our scholar's social, emotional, and behavioral skills as we do on our scholars' academic skills. **School Environment Data:** Walzem Academy has a full-time, licensed social worker/school counselor on staff, a full-time health-aide on staff, and a full time Regional Registered Nurse (RN). **Staff Race Ethnicity Data:** Seventy-four (***74.1%***) percent Hispanic; Twenty-two (***21.8%***) percent African American; Four (***4%***) percent White. **Instructional Staff Data:** IDEA Walzem Academy has an eighty-five (**84.6**%) percent Teacher Retention rate, and a ninety-one (**88%**) percent Instructional support rate (includes co-teachers aka instructional aides). Teachers are invaluable to the field of education, and at IDEA Walzem Academy, we understand the importance of our staff returning year-after-year. Teacher sustainability builds a strong school culture and an even stronger community.

Demographics Strengths

IDEA Walzem Academy's student demographic data mirrors the staff race ethnicity data, with **student demographics** for **Hispanic student data** is at (62.99%) and **staff Hispanic data** is at (***74.1%***). The African American/Black **student data** is at (24%) and the **staff African American/Black data** is at (***21.8%***). Though this is the primary make-up of the campus, all ethnic groups are vital contributors to the diversity and uniqueness of IDEA Walzem Academy. The school community and staff are invested in the mission - ***college for all.***

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to retain students (New to IDEA and returning families) year after year as 81.82% of students are projected to persist to the 23/24 SY. (Goal is 90%) **Root Cause:** 1. Lack of clear communication about what is and what is not offered by IDEA San Antonio/IDEA Walzem Academy specifically regarding transportation (26% leavers), rigorous academics (10% leavers), and not enough school choice (1.2% leavers).

Problem Statement 2 (Prioritized): There is a need to train and provide ongoing coaching to teachers in social-emotional intelligence to minimize Level 1 Fractions (on average Level 1 offenses per day = 20- 30 / Level 2 OSS = 101 for the year) **Root Cause:** 1. Leaders failed to observe and coach teachers to mastery in the implementation of the campus culture rubric and SEL rubric. (I.e., Relationship rubric, MTW, CC rubrics and GET 2) 2. Inconsistent implementation of school wide social-emotional learning - Move this World)

and/or Community Circles (CC) - to develop healthy student-student and student-teacher interactions and relationships.

Student Learning

Student Learning Summary

IDEA Walzem Academy students in the 2022-2023 school year demonstrated strengths and areas of improvement in the following areas:

Grade/ Subject	2019 STAAR Results	2021 STAAR Results	2022 STAAR Results	2023 STAAR Results
3rd Reading	63/28/16 (36)	76/43/21 (47)	77/50/30 (52)	
4th Reading	64/31/12 (36)	62/25/12 (33)	89/66/33 (63)	
5th Reading	88/44/21 (51)	84/51/24 (53)	83/58/34 (58)	
3rd Math	61/24/8 (31)	46/13/6 (22)	70/36/13 (40)	
4th Math	71/30/18 (40)	54/28/18 (33)	78/37/13 (43)	
5th Math	91/48/22 (54)	84/45/14 (48)	81/48/16 (48)	
5th Science	87/66/36 (63)	76/33/6 (38)	69/31/13 (38)	
State Rating	**B (81)**	**No TEA Rating**	**A (94)**	

IMPORTANT: Each # is given in an Approaches/Meets/Masters outcomes for ALL students. The # in parenthesis is the Academic Achievement score, which is a sum of all three outcomes divided by three.

Approaches indicates your student has some knowledge of course content but may be missing critical elements - student needs additional support in the coming year; however, the student was able to meet the minimum benchmark required to pass their grade level, content specific exam. The passing score ranges between 48-71%.

Meets indicates your student has a strong knowledge of course content - student is prepared to progress to the next grade and was able to reach a benchmark score that ranges between 72-90%.

Masters indicates your student demonstrated mastery of the course knowledge and skills and was able to reach a benchmark score that ranges between 82 - 100%- student is on track for college and career readiness.

NOTE: ***2020 the state of Texas did not receive STAAR results; a national disaster was declared (COVID-19). In 2021students took the STAAR exam but no state rating was given.***

While COVID-19 impacted our average daily attendance (ended the 21/22 school year at 92.03% for ADA) and overall persistence (ended the 21/22 SY at 74.79%), IDEA Walzem Academy was able to see tremendous growth in **6/7** of the state academic assessments given compared to the 2018 school year and 2021 school year STAAR outcomes. We were able to surpass the state academic achievement outcomes in **2 out of the 7** exams given: **4th grade Reading by eleven points (+11) and 5th grade Reading by one point (+1).** We also took a deep dive into our data and identified outcomes that indicate **deficits in Math** and **Science** amongst the English Language Learners and Special Education sub-populations. Our science scores took a decline since 2018 when the academic achievement outcome was sixty-three (63), which is a twenty-five (25) point drop.

IDEA Walzem Academy is committed to closing gaps for our sub-populations who show academic concerns: Hispanic, EL, SPED, African American and Economically Disadvantaged, Special Education (SPED) and English Learners (ELs). We have adjusted our Response to Intervention (RTI) program and process to ensure students are getting appropriate supports at all tiers: Tier I, Tier II and Tier III interventions, which will ideally support students not only passing but also achieving Meets and Master status. The most

critical area is SPED Reading and Math, plus EL Math.

Grade / Subject	2022 SPED Outcomes	2022 EB Outcomes	2023 SPED Outcomes	2023 EB Outcomes
3rd Reading	50/30/20 (33)	70/42/19 (44)		
4th Reading	75/44/13 (42)	83/48/26 (52)		
5th Reading	52/27/12 (30)	90/50/40 (60)		
3rd Math	33/0/0 (11)	67/24/14 (35)		
4th Math	56/19/0 (24)	61/26/17 (35)		
5th Math	42/25/0 (22)	90/50/10 (50)		
5th Science	33/0/0 (13)	80/20/10 (37)		

The **overall Domain STAAR performance score for 2022 is 94.** This score has shifted the school from its 2018 rating of a 'B" to an "A." This increase by one letter grade reminds staff that we **MUST** ensure we facilitate rigorous, high-quality lesson every day, that students **MUST** know their individual goals and create small benchmarks to reach them, and that an intentional data-analysis continuum benefits all students' and pushes staff to address needs urgently. We have acknowledged that we have students who will return this school year with academic gaps in their learning, some are returning IDEA Walzem scholars, and some are New Team & Family members. To quickly identify gaps, in addition to using their 2022 STAAR outcomes, they will challenge the district's universal screener, RenStar (a comprehensive reading/math assessment that provides data to educator's that supports students reaching high levels of literacy and mathematical reasoning and problem solving.) If scholars so not place on or above grade level aka 'critical' then they will be placed in our Critical Student Intervention (CSI) program that provides at-their level reading and math support.

TELPAS data indicates students are moving up one composite score (for example from Beginner to Intermediate, from Intermediate to High, and from High to Advanced High); however, not enough students are scoring in the Advanced High range as quickly as they should. Most students should be in the Advanced High range by 4th and 5th grade but scores show many students are still in only the Advanced level by 4th and 5th grade. It's always been a school-wide expectation to include ELPS (English Language Proficiency Standards) in classrooms, but we will ensure lesson plans include opportunities for students to speak, listen, read and write daily. This will help students develop the language proficiencies necessary to acquire English.

In our primary elementary grades (K - 2), our scholars were able to achieve the following outcomes in our Reading Mastery program, a reading program that uses the Direct Instruction (DI) method to help students master essential decoding and comprehension skills. Kinder ended the year at eighty-five (85%) on track; 1st grade ended the year at eighty-five (85%) on track, and 2nd grade ended the year at eighty-three (83%) on track. Our K-2 content data indicates the urgency to increase Meets and Master outcomes in 1st and 2nd grade Math and Reading. Teachers are averaging between 30-40% of scholars achieving Master and 20-30% averaging Masters. This number needs to be 50-60% for Meets and 30-40% for Masters. This indicates that scholars transitioning to STAAR tested grade levels have a strong foundation of the core TEKs in that grade level and are ready to challenge the next grade.

Student Learning Strengths

50-66% of students are scoring at the Meets level on the 3-5 STAAR Reading with 30-34% scoring at the Masters level. The 5th grade Reading outcomes were the highest at IDEA Walzem Academy at 89/66/30 (AA 63), and 80% of these scholars persisted to 5th grade. The growth that IDEA Walzem Academy achieved is also a strength of the campus, which speaks to scholars meeting their individual goals. 92% were able to meet their growth goal in Reading and 90% were able to meet their growth goal in Math. These outcomes impact Domain 2: School Progress/Academic Growth.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): SPED scholars are failing to pass and/or hit their Meets/Masters targets on the STAAR Math exams: 3-5 Math Likely Passed outcomes for the 2023 STAAR = 11/29 = 37.9% **Root Cause:** 1. Interventions are not differentiated to ensure the individual needs of the scholar are being met in Math and Reading.

Problem Statement 2 (Prioritized): Only (31/62 = 50%) for Reading of the Emergent Bilingual (EB) scholars hit the high cut score for STAAR. **Root Cause:** 1. Did not target gaps identified in TELPAS and STAAR data to support student deficiencies.

School Processes & Programs

School Processes & Programs Summary

IDEA Walzem Academy is **a college prep precursor** before our students transition to the college prep, sixth thru twelfth grade and eventually graduate to fulfill IDEA's mission - ***all scholars going to and through college.*** Our campus is committed to immersing every scholar in rigorous, engaging curriculum from Kinder through Fifth grade. We offer an exceptional TEKs-based curriculum that is created with your scholar in mind. The goal is to build conceptual understanding through a student-centered, inquiry-based approach.

Developing teachers and leaders is a top priority at IDEA Walzem Academy; we do this through a research-based coaching approach.

For Leaders, we use School Leadership Levers supported with quarterly Coaching Academies led by the Region's Directors of Leader Development. Leaders are coached 100% by their Principal, but some leaders have additional coaches based off the work they lead and/or their years as a leader.

For Teachers, we use Get Better Faster (GBF) coaching model that builds leader capacity to **coach to mastery.** This means - we go through a clear, consistent coaching cycle with teachers: Observe Classroom Instruction, engage in a Coaching Conversation and follow-up and Coach to Mastery. This cycle is supported with the Guidepost to Excellent Teaching (GET) rubric. The rubric is a tool for evaluation, coaching, and personal development. It is used to describe and assess teacher performance across five Guideposts: **1. Content:** Are students engaged in content aligned to the appropriate standards for their subject and grade? **2. Culture:** Are students joyfully engaged in a positive learning environment? **3. Ownership:** Are students doing the thinking? **4. Using Data:** Are students demonstrating that they are learning? **5. Beyond the Lesson:** Do your overall actions support student learning?

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.

- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA retains an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Teacher retention declined from 87% in the 21/22 SY to 81% in the 22/23 SY. *(5/10 = 50%) of leavers for the 22/23 SY were New-to-IDEA staff. * **Root Cause:** 1. Failed to coach to mastery 'priority' guideposts for New-to-IDEA (NTI) staff who failed to meet a rating of Proficient or higher: GET 1 - Instruction @ 69% / GET 2 - Culture @ 71.9% / GET 3 - Ownership @ 61.1% / GET 4 - Using Data @ 55.6%

Problem Statement 2 (Prioritized): Annual Employee Experience Survey (AEES) survey indicated that 61% of staff deemed IDEA Walzem AC a "Great Place to Work." (Goal = 80%) **Root Cause:** 1. Failed to engage in quarterly "Listening Tours' and quickly implement feedback provided by staff. 2. Failed to implement 'empathy' conversations utilizing the tiered layers of leadership: GTL, Direct Manager/API, or Principal

Perceptions

Perceptions Summary

IDEA Walzem Academy's attendance data reflects a 2**% increase** from the 2021-2022 school year to the 2022-2023 school year. Though pandemic contributed continues to contribute to these outcomes, implementing our average daily attendance matrix with fidelity helped capture students who would have been missing/not accounted for if not for these two systems in place.

Conflict on campus is reduced through restorative practices centered around our social-emotional research-based program, ***Move this World***.

Move This World helps families, students, and teachers learn and implement essential social emotional skills that can be utilized in the classroom and beyond by focusing on: Self-Awareness - Identifying Emotions; Self-Management - Managing Emotions; Social Awareness - Being Empathetic; Relationship Skills and Responsible Decision Making. IDEA Walzem Academy also has a licensed Social Worker who provides group therapy and 1:1 student support; however, consent Must be given from the parent/guardian. The Social Worker also works closely with teachers to develop plans to help address root causes of behavior issues/concerns.

Perceptions Strengths

Due to the recent rising safety concerns in schools and on social media platforms, IDEA Walzem Academy increased campus awareness, resources and support for the social-emotional well-being of all students. This still remains a priority for the campus. We place the same on building our student's social, emotional, and behavioral skills as we do on our students' academic skills. We believe we must create a community and an environment that allows students to feel safe, valued, seen, and heard, as well as a climate that leaves our students excited to come see what new things are happening at school each day. When there is a break down in culture, it is our responsibility to help identify the gaps in skills in our students and to help support them in problem solving the challenging behavior.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): 60% scholars and 61.7% of staff feel Walzem AC is a safe place to learn/safe place to work. **Root Cause:** 1. Reported incidents from parents/ guardians of inappropriate conduct: verbal and physical, throughout the year from (31) students in grades K-5. 2.Did not host consistent PD sessions focused on de-escalation strategies for classroom teachers.

Problem Statement 2 (Prioritized): Limited parent-teacher touch points focused on their student's academic progress. **Root Cause:** 1. Failed to embed monthly/quarterly parent-teacher meetings into the campus year-long-plan.

Priority Problem Statements

Problem Statement 1: There is a need to train and provide ongoing coaching to teachers in social-emotional intelligence to minimize Level 1 Fractions (on average Level 1 offenses per day = 20- 30 / Level 2 OSS = 101 for the year)

Root Cause 1: 1. Leaders failed to observe and coach teachers to mastery in the implementation of the campus culture rubric and SEL rubric. (I.e., Relationship rubric, MTW, CC rubrics and GET 2) 2. Inconsistent implementation of school wide social-emotional learning - Move this World) and/or Community Circles (CC) - to develop healthy student-student and student-teacher interactions and relationships.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to retain students (New to IDEA and returning families) year after year as 81.82% of students are projected to persist to the 23/24 SY. (Goal is 90%)

Root Cause 2: 1. Lack of clear communication about what is and what is not offered by IDEA San Antonio/IDEA Walzem Academy specifically regarding transportation (26% leavers), rigorous academics (10% leavers), and not enough school choice (1.2% leavers).

Problem Statement 2 Areas: Demographics

Problem Statement 3: SPED scholars are failing to pass and/or hit their Meets/Masters targets on the STAAR Math exams: 3-5 Math Likely Passed outcomes for the 2023 STAAR = 11/29 = 37.9%

Root Cause 3: 1. Interventions are not differentiated to ensure the individual needs of the scholar are being met in Math and Reading.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Only (31/62 = 50%) for Reading of the Emergent Bilingual (EB) scholars hit the high cut score for STAAR.

Root Cause 4: 1. Did not target gaps identified in TELPAS and STAAR data to support student deficiencies.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Annual Employee Experience Survey (AEES) survey indicated that 61% of staff deemed IDEA Walzem AC a "Great Place to Work." (Goal = 80%)

Root Cause 5: 1. Failed to engage in quarterly "Listening Tours' and quickly implement feedback provided by staff. 2. Failed to implement 'empathy' conversations utilizing the tiered layers of leadership: GTL, Direct Manager/API, or Principal

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Teacher retention declined from 87% in the 21/22 SY to 81% in the 22/23 SY. *(5/10 = 50%) of leavers for the 22/23 SY were New-to-IDEA staff. *

Root Cause 6: 1. Failed to coach to mastery 'priority' guideposts for New-to-IDEA (NTI) staff who failed to meet a rating of Proficient or higher: GET 1 - Instruction @ 69% / GET 2 - Culture @ 71.9% / GET 3 - Ownership @ 61.1% / GET 4 - Using Data @ 55.6%

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: 60% scholars and 61.7% of staff feel Walzem AC is a safe place to learn/safe place to work.

Root Cause 7: 1. Reported incidents from parents/guardians of inappropriate conduct: verbal and physical, throughout the year from (31) students in grades K-5. 2.Did not host consistent PD sessions focused on de-escalation strategies for classroom teachers.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Limited parent-teacher touch points focused on their student's academic progress.

Root Cause 8: 1. Failed to embed monthly/quarterly parent-teacher meetings into the campus year-long-plan.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: 90% of Walzem Academy's scholars in Kinder - 2nd will be on grade level in Math and Reading by the end of the 23/24 SY.

High Priority

HB3 Goal

Evaluation Data Sources: DI Online Dashboard

IDEA Public Schools

Weslaco Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 22, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

IDEA Weslaco sets high expectations for every student and goes the extra mile to make sure every student realizes their own potential. Personalized learning, critical thinking skills, mastery of core subjects is our recipe for success.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Weslaco is an open enrollment charter school founded in 2011. Currently, we proudly serve over 1,400 students in grades K-12. IDEA Weslaco sets high expectations for every student and goes the extra mile to make sure every student realizes their own potential. **This school serves 90.69% Economically Disadvantaged students and our ethnic breakdown consists of 94.77% White-Hispanic, 3.85% White, .77% Black African, and 0.62% Asian. Our population is made of 51.38% Male and 48.62% Female.**

IDEA Weslaco implements RULER, a systemic approach to SEL developed at the Center for Emotional Intelligence. RULER aims to infuse the principles of emotional intelligence into the immune system of schools (preK-12), informing how leaders lead, teachers teach, and students learn. Students in Pre-K through 2nd grade are at a crucial developmental milestone to begin social emotional skill development for early elementary students with Move This World. With their big imaginations, young students take naturally to our unique interactive videos. By inviting them to play, Move This World seamlessly introduces SEL Concepts into their daily routine. Students in late elementary grades are hitting their social stride and how they develop those skills can influence their academic success. They are still naturally inclined to play, but they're also beginning to think about how other people perceive them. As students develop more meaningful relationships, they are curious to know what others think. Our social emotional skill development for late elementary school program helps students explore their place in the world with interactive videos made just for them.

IDEA Weslaco Academy has been recognized as a "Great Place to Work" and received national rankings on The Washington Post and U.S. News & World Report's Top Elementary, Middle, High Schools lists. We remain on-track to uphold our legacy of sending 100% of its graduates to college.

Demographics Strengths

Based on our CNA Committee the following strengths were identified:

- Staff members were given "Team Time" each quarter. During this time they were able to build relationships, enjoy some down time and connect with each other on a personal level.
- The yearly salary increase is one perk IDEA employees look forward too.
- We have an effective and ongoing parent communication system around attendance. ADA morning calls owned by teachers, lead team phone calls, ADA notes, and front office clerk calls.
- We have established successful tools and ongoing mechanisms to help with student persistence such as the parent communication tracker, new student tracker, and the mission list, these tools are consistently executed on campus.
- Successful parent participation and contribution on school events.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a lack of follow through using ADA escalation matrix **Root Cause:** Management of the fidelity to matrix and accountability due to the volume of absences.

Problem Statement 2 (Prioritized): There is a lack of opportunities to involve parents throughout the school year on campus. **Root Cause:** Lack of year long plan in place to host

parents on campus monthly throughout the year.

Student Learning

Student Learning Summary

IDEA Academy Weslaco earned an A for exemplary performance. We provided our students with a high quality education and set the bar high for academic achievement with an emphasis on academic growth in Math and Reading. We also earned distinction designations in Mathematics and Science for exceptional achievement. In our TELPAS assessment we exceeded the target by 17 points and showed amazing results in Academic Growth by meeting 100% of all indicators including our Economically Disadvantaged, Hispanic and EB student populations. With our Special Education population we surpassed the target by 3 points in Student Achievement Domain. See PDF in Addendum for more information.

Student Learning Strengths

IDEA Weslaco teachers were provided with additional planning time/ support students were given the opportunity to have year long hands on instructional time as well as student participation within the lessons for each content. Strategic seating charts were implemented to reflect student performance and/or behavior. This was beneficial to their learning as proximity was used to maximize instructional time. Students were also provided with tutoring opportunities early in the school year.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a lack of vertical alignment in K-5th for foundational skills that build throughout each grade level across all contents. **Root Cause:** Teachers do not have the structured time to collaborate together and vertically align with instructional strategies.

Problem Statement 2: Students in STAAR tested grade levels do not get enough opportunities to practice and master online tools, content and language support. **Root Cause:** The training for online resources and tools was provided late in the year without enough time to implement with at master teachers and students.

Problem Statement 3 (Prioritized): There is inconsistency with small group re-teach opportunities to show mastery in low performing objectives throughout the year. **Root Cause:** Teachers lack the skills to pace lessons appropriately and allow enough time for reteach at the end of the lesson.

Problem Statement 4: There is a lack of planning for differentiated questions throughout each lesson. **Root Cause:** Teachers lack the knowledge and skills on how to scaffold rigorous questions throughout the lesson.

School Processes & Programs

School Processes & Programs Summary

At IDEA Weslaco we have strong operating mechanisms to ensure we are developing our leaders and staff to deliver high quality first instruction and be responsive to student data. Leaders are our in the field first thing Monday morning following up on teacher's coaching action step. On Monday afternoons we are also in the field collecting data on our culture components and providing teachers with feedback. Professional Development Sessions are held every Monday. Tuesdays we dig into data during our Reading Mastery Data call for K-2, Lead Team Tactical meeting and then once more during our STAAR Domain 3 Data Meeting. Wednesday we have two hours for instructional rounds where leaders sharpen their skills in our coaching cycle, norming on our teacher evaluation GET rubric and/or a problem of practice with our special population groups. On Wednesdays all teachers submit lesson plans for the following week and leaders to provide feedback. Teachers re-submit lesson plans after implementing feedback by Friday. Thursdays we meet to discuss academic and lead team coaching topics/trends to target during our professional development or instructional rounds. Monday-Friday Assistant Principals lead lesson rehearsals to ensure teachers get feedback before delivering their lessons in front of students.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There is a lack of opportunities for teachers to collaborate in a Professional Learning Community. **Root Cause:** Backwards plan for Professional Learning Community does not exist.

Problem Statement 2 (Prioritized): Lack of timely communication to provide staff with opportunities for feedback or questions related to events, deadlines, and safety. **Root Cause:** Leaders operated under the assumption that teachers internalized campus information and did not provide ample opportunities for questions or feedback.

Perceptions

Perceptions Summary

Parent Surveys and feedback occur at the beginning of the school year, fall and spring. The Beginning of the year survey is based on parent experience the first week of school around communication, organization and overall experience. Through out the year teachers track their communication with parents on our campus log to ensure we are connecting with parents and answering questions related to academics, behavior or attendance. IDEA Weslaco hosts two campus wide events per semester. Students are celebrated weekly, monthly and quarterly for their academic achievement, behavior and meeting goals in Blended Learning spaces.

Students are taught how to resolve conflict and self reflect though our behavior plan which consists of think sheets, escalation matrix, restorative practices and SEL lessons.

Teacher retention is at 93% and we received a Gold status on our Great Places to Work Survey

Perceptions Strengths

Each year, IDEA asks all staff members to complete the Annual Employee Experience Survey. Below are the key highlights for the data for 2022 - 2023:

- I am compensated fairly for my role and responsibilities.
- I have at least one close friendship with another team member at IDEA.
- I would recommend my manager to other IDEA employees.
- IDEA treats employees fairly no matter how they identify.
- My leadership team cascades information about important updates and changes.
- My work is meaningful.
- I am proud of what we accomplish here at IDEA.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): We have had an increase in Level 2 and Level 3 behavior incidents with students **Root Cause:** There was a lack of PD opportunities for teachers to build proactive skills around deescalating unwanted behavior

Problem Statement 2 (Prioritized): There is a need to increase trust and investment between leaders and staff. **Root Cause:** Lack of opportunities for staff to provide feedback on judgment calls and operating mechanisms.

Priority Problem Statements

Problem Statement 1: There is a lack of follow through using ADA escalation matrix
Root Cause 1: Management of the fidelity to matrix and accountability due to the volume of absences.
Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a lack of opportunities to involve parents throughout the school year on campus.
Root Cause 2: Lack of year long plan in place to host parents on campus monthly throughout the year.
Problem Statement 2 Areas: Demographics

Problem Statement 3: There is a lack of opportunities for teachers to collaborate in a Professional Learning Community.
Root Cause 3: Backwards plan for Professional Learning Community does not exist.
Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Lack of timely communication to provide staff with opportunities for feedback or questions related to events, deadlines, and safety.
Root Cause 4: Leaders operated under the assumption that teachers internalized campus information and did not provide ample opportunities for questions or feedback.
Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: We have had an increase in Level 2 and Level 3 behavior incidents with students
Root Cause 5: There was a lack of PD opportunities for teachers to build proactive skills around deescalating unwanted behavior
Problem Statement 5 Areas: Perceptions

Problem Statement 6: There is a need to increase trust and investment between leaders and staff.
Root Cause 6: Lack of opportunities for staff to provide feedback on judgment calls and operating mechanisms.
Problem Statement 6 Areas: Perceptions

Problem Statement 7: There is a lack of vertical alignment in K-5th for foundational skills that build throughout each grade level across all contents.
Root Cause 7: Teachers do not have the structured time to collaborate together and vertically align with instructional strategies.
Problem Statement 7 Areas: Student Learning

Problem Statement 8: There is inconsistency with small group re-teach opportunities to show mastery in low performing objectives throughout the year.
Root Cause 8: Teachers lack the skills to pace lessons appropriately and allow enough time for reteach at the end of the lesson.

Problem Statement 8 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Special education/non-special education population including discipline, progress and participation data

Student Data: Behavior and Other Indicators

- Attendance data

Employee Data

- Staff surveys and/or other feedback

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

Evaluation Data Sources: NSLU

IDEA Public Schools

Weslaco Pike Academy

2023-2024 Campus Improvement Plan

Public Presentation Date: August 3, 2023

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 42

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Weslaco Pike Academy is a Title one school that is a A rated campus with an enrollment number of 842 students, servicing Kinder to 5th grade. T he over enrollment of 30 kids is attributed to the families wanting to bring students to our campus due to school safety, A rating and the joy our teachers bring. We offer quality classroom instruction with the mission of College for All. Our curriculum programs service general education and special education students.

Pike Academy demographics include 88% of student population being economically disadvantaged, 98% Hispanic, 5.97% disabilities and 43% Emergen t Bilingual.

Demographics Strengths

- **Weslaco Pike Academy is an A rated campus for the past 4 school years.**
- **92% Teacher Retention** for the 22-23 school year
- **97% student persistence**
- **School Safety** protocols are in place and partnership exists between local authorities and campus staff
- **Our teacher career pathway consists of 4 Master distinguished teachers**
- Four of our teachers are designated as Distinguished under Texas Incentive Allotment

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): 95.22% YTD ADA for the 22-23 school year **Root Cause:** ADA Matrix system to follow up on repeated attendance offenders was not followed with urgency and consistently.

Problem Statement 2: 14% of our CSI students performed on or above grade level at EOY Renstar assessment **Root Cause:** Teachers did not have sufficient instructional time due to groupings not being strategic with ratios

Problem Statement 3 (Prioritized): Incoming transfer students were placed incorrectly in DI programs upon entering our campus **Root Cause:** Data validity incoming placement tests were not administered consistently as a requirement before placing a student in a DI group

Student Learning

Student Learning Summary

Weslaco Pike Academy received a rating of A in 2022-2023 school year. Based on 2023 accountability, all Reading and Math targets were met. In reviewing student achievement score data, Reading and Science performed higher than Math.

Data shows that our Hispanic students are performing about the same as our overall population. Our SPED population performed the lowest at 76% approaching standard across all contents.

Weslaco Pike Academy 2023 STAAR Achievement Scores by Performance Level

STAAR Performance	Reading	Mathematics	Science	Social Studies	Totals	Percentages
Total Tests	341	341	109	-	791	
Approaches GL or Above	297	268	105	-	670	85%
Meets GL or Above	219	177	81	-	477	60%
Masters GL	140	101	46	-	287	36%
Total Percentage Points						

See attached adendum.

Student Learning Strengths

At IDEA Weslaco Pike Academy, the following strengths contribute to academic and culture success at our campus.
1. Educators at IDEA Weslaco Pike Academy are able to deliver results due to the level of unpacking and lesson internalization that is completed.
2. Educators are IDEA Weslaco Pike Academy deliver strong instruction due to the lesson rehearsals that are completed on a daily/weekly basis.
3. Educators at IDEA Weslaco Pike Academy we are able close the achievement gap due to data driven decisions and instruction.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: 100% of student engagement is inconsistent throughout 3rd-5th grade STAAR classrooms **Root Cause:** Lack of lesson planning professional development aligned to varying delivery methods to engage all learners

Problem Statement 2 (Prioritized): Students had limited opportunities to practice STAAR 2.0 new assessment types **Root Cause:** Limited instructional materials provided throughout the school year to support STAAR 2.0

Problem Statement 3 (Prioritized): Student independent practice is not consistently maximized in 3rd-5th grade classrooms **Root Cause:** Systems was not in place to monitor teacher's daily agenda and pacing

Course Collaborations

Processes:

Response to Intervention is provided to students based on academic and behavioral performance.

3rd-5th grade students are identified for Critical Student Intervention based on Renstar performance.

Weekly staff meetings are held for professional development sessions.

Monthly Grade Team Leader Meetings are held for input on campus decisions, campus updates, and strategic collaboration for areas of need.

Course Collaborations quarterly by content led by district course leader

Lesson rehearsals to enhance quality of first instruction

Content webinars with resources, unpacking of units, legal updates and best practices

Roadmap assigned sessions to be in compliance and up to date with instructional best practices

DI coaches support staff members with LPC Feedback, observations, rehearsals, feedback

Afterschool tutorial is offered to students based on academic needs and list is monitored fo

School Processes & Programs Strengths

- 21% Master Level TCP Teachers- Opportunities for teachers to collaborate and professional development
- 100% of afterschool programs meeting 45+day
- 100% of 3rd-5th grade STAAR contents above district average from semester exam to mock exam

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: 88% of PK-2nd on or above grade level in May **Root Cause:** Interventions were not set into motion with urgency due to staff availability

Problem Statement 2 (Prioritized): Over 50% increase amount of CSSR assessments in 22-23 school year **Root Cause:** Lack of professional development for social emotional learning or response to student situations for teachers

Problem Statement 3 (Prioritized): 14% CSI students on or above grade level in EOY Renstar **Root Cause:** Lack of opportunities for TEKS/Renstar alignment in intervention instruction

Perceptions

Perceptions Summary

Weslaco Pike Academy strongly believes in our foundational core values that include: We act with integrity, We build team and family, We deliver results, We achieve academic excellence, We bring joy, We ensure equity, and We sweat the small stuff. Some reasons why our families come and stay at our campus include 1) College Prep Academic Model which foucses on college preparation for all children. We are on track to send 100% of our seniors to college for the 14th straight year. 2) A Technology Device for Every Student- We provide 1:1 technology devices to all IDEA scholars. 3) We are open to all students- We are tuition free public school option. We accept applications and serve all students, regardless of where they live, their academic standing, their income, and their ability level. 4) Highly Trained & Experienced Teachers- We focus on coaching and developing our teachers to deliver high quality first instruction. Through partnering with all stakeholders and community members, we are able to make shared decisions that help our students get to and through college. There are various opportunities throughout the school year that engage our families and community members to be part of our student's education.

Perceptions Strengths

- Over-enrollment by 75 students in Weslaco Pike Academy
- 97.6% Student Persistence
- 88.6% Teacher Retention

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): 95.22% ADA percentage-student attendance on a daily basis for 22-23 school year **Root Cause:** Inconsistent parent communication on ADA matrix level offenses

Problem Statement 2: <50% of parents completing parent campus satisfaction **Root Cause:** Lack of comprehension on how to complete survey

Problem Statement 3 (Prioritized): 87.18% Overall Staff Retention **Root Cause:** Inconsistent celebrations and recognitions across all staff members

Priority Problem Statements

Problem Statement 1: Incoming transfer students were placed incorrectly in DI programs upon entering our campus
Root Cause 1: Data validity incoming placement tests were not administered consistently as a requirement before placing a student in a DI group
Problem Statement 1 Areas: Demographics

Problem Statement 2: 95.22% YTD ADA for the 22-23 school year
Root Cause 2: ADA Matrix system to follow up on repeated attendance offenders was not followed with urgency and consistently.
Problem Statement 2 Areas: Demographics

Problem Statement 3: Student independent practice is not consistently maximized in 3rd-5th grade classrooms
Root Cause 3: Systems was not in place to monitor teacher's daily agenda and pacing
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Students had limited opportunities to practice STAAR 2.0 new assessment types
Root Cause 4: Limited instructional materials provided throughout the school year to support STAAR 2.0
Problem Statement 4 Areas: Student Learning

Problem Statement 5: 14% CSI students on or above grade level in EOY Renstar
Root Cause 5: Lack of opportunities for TEKS/Renstar alignment in intervention instruction
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Over 50% increase amount of CSSR assessments in 22-23 school year
Root Cause 6: Lack of professional development for social emotional learning or response to student situations for teachers
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: 95.22% ADA percentage-student attendance on a daily basis for 22-23 school year
Root Cause 7: Inconsistent parent communication on ADA matrix level offenses
Problem Statement 7 Areas: Perceptions

Problem Statement 8: 87.18% Overall Staff Retention
Root Cause 8: Inconsistent celebrations and recognitions across all staff members

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Observation Survey results
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus department and/or faculty meeting discussions and data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Study of best practices

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: College Prep Average ACT score of 21 or better by high school graduation (HB3)

IDEA Public Schools

Yukon Academy

2023-2024 Campus Improvement Plan

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

Demographics:

- Number of students by grade level
    1. KG: 117
    2. 1st: 123
    3. 2nd: 115
    4. 3rd: 120
- Ethnic Distribution
    1. Hispanic – Latino: 328
    2. American Indian – Alaskan Native: 1
    3. Asian: 12
    4. Black – African American: 37
    5. Native Hawaiian – Pacific Islander: 2
    6. White: 94
    7. Two – or – More: 1
- Sex
    1. Female: 237
    2. Male: 238
- Socioeconomic Status
    1. Economic Disadvantage: 271
    2. Free Meals: 163
    3. Reduced – Price Meals 23
    4. Other Economic Disadvantage: 85
- 504: 1
- Foster Care: 0
- Homeless: 0
- Immigrants: 6
- Migrant: 0
- Title 1: 475
- Dyslexia: 4
- Military Connected: 0

Demographics Strengths

Our At-Risk student population currently is 40% which gives us the opportunity to support scholars that more likely would not graduate from HS.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Currently 57% of our population is economically disadvantaged, which is below the district average **Root Cause:** Geographically, economically disadvantaged families leave in the west side of town which is far from our campus. Families do not have transportation to bring scholars to this side of town.

Problem Statement 2: 2nd grade had the lowest enrollment out of all grade levels. **Root Cause:** The transition from team teaching to departmentalized can cause communication problems.

Student Learning

Student Learning Summary

Math Mock	March 2023		
	Overall	Sped	EB
90%	84%	70%	100%
60%	46%	40%	63%
30%	16%	10%	50%

ELAR Mock	Feb 2023		
	Overall	Sped	EB
90%	49%	33%	45%
60%	14%	11%	29%
30%	5%	0%	0%

DI Data as of May 18, 2023			
Kinder	First	Second	Overall
72%	64%	64%	67%

AR Data	Word Masters	Royal Readers
First	100%	
Second	100%	
Third	47%	10%
Overall	82%	10%

CSI

32 scholars in CSI in 3rd grade, at the last benchmark 14 met their goal on RenStar.

Student Learning Strengths

Increase in Math score from Semester Exam (December 2022) data to Mock STARR (March 2023) data.

Emergent Bilinguals are hitting the 90/60/30 in Math Mock STAAR (March 2023) data.

Strong internal data tracking and progress monitoring happening in 3rd grade.

100% of First and Second scholars were Word Masters.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Students struggle with reading, writing and thinking skills that enable them to perform at or above grade level in Reading. **Root Cause:** The campus needs to build a love of reading culture across campus to help build the skills to increase reading, writing and thinking,

Problem Statement 2 (Prioritized): Sped, CSI or struggling scholars are not meeting the benchmark 90/60/30 on any of the major assessments. **Root Cause:** Rolling out differentiated strategies to work with struggling scholar did not happen until March.

School Processes & Programs

School Processes & Programs Summary

IDEA Yukon Academy is focused on teachers receiving coaching frequently so that all scholars receive a highly rigorous education. All leaders have weekly check-in with teachers aligned with weekly coaching conversations. Currently, our teachers use the teacher career pathway to determine what level teacher they are which is linked to performance pay. 50% of teachers that work at IDEA Yukon Academy are a level 3 or 4 teacher which is considered high performing or advanced teacher. Teachers are rated frequently on our GET (guideposts for excellent teaching) rubric. Our school is averaging at least proficient, a rating of 3, on all guideposts.

School Processes & Programs Strengths

A majority of our second year teachers are high performing teachers. All teachers scored, on average, higher than 3 on the guideposts for excellent teacher (GET) rubric.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Teacher development lacks differentiation amongst staff. **Root Cause:** Limited leaders were available to present deliberate practice and there was not a set scope and sequence.

Problem Statement 2: Coaching to mastery was not implemented across the school. **Root Cause:** There was a lack of tracking of teacher skills to hold teachers accountable.

Perceptions

Perceptions Summary

Conflict is reduced by scheduling peer mediations with scholars who have displayed peer conflict with others. Peer mediation is an optional intervention facilitated by the counselor for scholars to practice interpersonal communication skills to discussing the issue. Counselor will teach and model effective listening and communication skills for scholars. School climate is scoring at a 3.2/5 on our spring panorama survey from a total of 99 survey takers. The item that scored the lowest was the question, "At your school, how much does the behavior of other students hurt or help your learning", with 21% indicating others' behavior hurts their learning a tremendous amount. Parent/guardian/community participation is measured by taking attendance at family events, looking at views on social media posts and newsletters, responses on Remind. Barriers include Remind being synced from Powerschool and being difficult at times to navigate through several classes.

Perceptions Strengths

I definitely feel pride in my work and that I am making a difference when I see scholar celebrations and joy. I also appreciate hearing scholars talking about their own goals and investing in their own tracking. My leadership team is one that I can count on for support in big and small tasks; our principal models support of big and small tasks and that trickles down to all of us. I feel connected to some staff which keeps me energetic about coming to work. Working at IDEA has caused me to develop new skills and leadership practice.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Scholar behavior impunes the classroom environment, which hurts our staff retention and scholar learning. **Root Cause:** There is a lack of investment in proactive measures to build and strengthen social-emotional skills in order to movtivate positive scholar behavior.

Problem Statement 2: Teachers are easily frustrated by behaviors in the classroom. **Root Cause:** Staff use available resources as a reactive measure, then become discouraged when it doesn't fix, rather than building the skills from the beginning.

Problem Statement 3: There is a lack of fidelity to our social emotional curriculum. **Root Cause:** Our social-emotional curriculum use often competes with morning duties such as breakfast, checking planners, arrival, etc. Teachers have gotten much better at showing content but do not actively engage with the program; perhaps from lack of investment and doubt that the curriculum is effective.

Priority Problem Statements

Problem Statement 1: Teacher development lacks differentiation amongst staff.

Root Cause 1: Limited leaders were available to present deliberate practice and there was not a set scope and sequence.

Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: Currently 57% of our population is economically disadvantaged, which is below the district average

Root Cause 2: Geographically, economically disadvantaged families leave in the west side of town which is far from our campus. Families do not have transportation to bring scholars to this side of town.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Sped, CSI or struggling scholars are not meeting the benchmark 90/60/30 on any of the major assessments.

Root Cause 3: Rolling out differentiated strategies to work with struggling scholar did not happen until March.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Scholar behavior impunes the classroom environment, which hurts our staff retention and scholar learning.

Root Cause 4: There is a lack of investment in proactive measures to build and strengthen social-emotional skills in order to movtivate positive scholar behavior.

Problem Statement 4 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Local Accountability Systems (LAS) data

Student Data: Assessments

- Texas approved PreK - 2nd grade assessment data
- State-developed online interim assessments

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records

Employee Data

- Staff surveys and/or other feedback
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation

Goals

Goal 1: All IDEA students matriculate to college

Performance Objective 1: By May 2023, all scholars K-4 will grow an average of 1.5 years in both reading and math using RenStar data results

High Priority

Evaluation Data Sources: RenStar

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Conduct a bi-monthly OCS for RenStar results and implement new strategies for the following two months **Strategy's Expected Result/Impact:** increase on or above grade level performance **Staff Responsible for Monitoring:** API **Problem Statements:** Student Learning 2	20%	35%	5%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 2: Sped, CSI or struggling scholars are not meeting the benchmark 90/60/30 on any of the major assessments. **Root Cause**: Rolling out differentiated strategies to work with struggling scholar did not happen until March.

Goal 2: IDEA achieves an A Rating

Performance Objective 1: IA: Third-grade students performing at or above grade level in reading as measured by the Meets Grade Level Standard on STAAR will increase from 46% to 48% in Spring 2024 (HB3)

IDEA Public Schools

Yukon College Prep

2023-2024 Campus Improvement Plan

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 25

Comprehensive Needs Assessment

Demographics

Demographics Summary

During the 22-23 school year, IDEA Yukon College Prep only serviced 6th and 7th grade but will scale to include 8th grade during the 23-24 school year.

Scholar attendance for 22-23 was 95.35 as of 5/22/23. 19% of scholars receive special education services. 13.7% of scholars receive EB services and accommodations.

85% of teachers across IDEA Yukon will be returning for the 23-24 school year.

Demographics Strengths

Yukon CP teachers have an 85% retention rate, which is the goal for staff retention.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Attendance sits at just over 95%, below the benchmark of 97%. **Root Cause:** Attendance matrix was rolled out late into the school year and was not followed with fidelity.

Problem Statement 2: SpEd scholars are off-track to reach their target achievement levels on STAAR. **Root Cause:** New teachers struggled to differentiate lessons for all scholars.

Student Learning

Student Learning Summary

Internal Mock exams for RLA showed achievement at 61.25.5 for an SAS of 31 in 6th grade and 60.36.15 for a SAS of 37 in 7th grade. The most recent STAAR Interim showed a SAS of 47 for 6th and a SAS of 50 for 7th.

Internal Mock exams for Math showed achievement at 81.38.4 for an SAS of 41 in 6th grade and 63.39.17 for a SAS of 40 in 7th grade.

Student Learning Strengths

Renstar data shows 2.5 years of growth in Math.

IDEA Yukon was named the Imagine Nation School of Excellence, reaching above 90% Math Masters and 47% Math Geniuses.

80% Word Masters and 24% Royal Readers.

Semester Exams placed reading in the top 75% of the district for 7th grade and 90%tile for 6th grade.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: RLA scores for are well below the goal SAS of 60. **Root Cause:** Teacher planning does not incorporate enough TEKS aligned writing, editing and revising on a daily basis.

Problem Statement 2 (Prioritized): SPED scholars are not on track to reach their target on RLA STAAR Exam. **Root Cause:** Teacher planning does not include effective differentiation.

School Processes & Programs

School Processes & Programs Summary

Leaders train teachers through a coaching cycle that ensure teachers are developing individualized skills to drive their teaching. All teachers participate in a daily Deliberate Practice protocol, which allows teachers to learn skills together while also ensure that school systems and procedures are universal.

Lead team meets multiple times a week with a different lens, including instructional rounds, tactical, huddle, and schedule meetings. This ensures that all areas of the school are functioning effectively and roles are clear.

All teachers have access to projectors, document cameras, and computers. Pear deck has been integrated into lessons across all contents, allowing for students to receive real-time feedback. Chromebooks are 1-1 across all grade levels.

School Processes & Programs Strengths

IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.

IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures across all contents including electives courses. This curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.

86% of families chose "always" for the statement "My child's school is preparing my child for college".

86% of families chose "always" for the statement "This school hold my child to high academic standards".

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Lesson plans are inconsistently created and submitted across contents, grades, and teachers. **Root Cause:** The lesson planning components were taught, but not monitored for effective execution, leaving gaps in teacher skill sets and expectations adherence.

Problem Statement 2 (Prioritized): The coaching cycle is not adhered to with fidelity across all leaders and teachers. **Root Cause:** Leaders do not have a normed system to give and track feedback for teachers.

Perceptions

Perceptions Summary

Staff retention for the 23-24 school year is 82%. 94% of leaders, 85% of teachers, and 69% of our OPS team members are are remaining on campus.

Yukon has started a PTA to create more space for parents within our school. The PTA has sponsored things such as Teacher Appreciation week and the yearbook planning.

The goal of 60% engagement from families and community members during our monthly family engagement events was surpassed, reaching 89% across all events throughout the school year.

Currently, student retention for the 23/24 school year is 93.62%. This is below the benchmark for this time of year.

Perceptions Strengths

Families are wanting to be engaged, this is evident by the turn out to events. Events have been more balanced between College Prep and Academy planning.

85% of teachers and 94% of leaders are remaining with the campus, which is at or above our benchmark goal.

PTA had begun, which has the potential to increase our parent involvement.

Sports and activities are fully launched, which we will continue through to the next year. We have plans to increase our offerings to drive student engagement.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Scholars and families were not clear on IDEA's culture expectations prior to the registering. **Root Cause:** Transition in leadership mid-year caused limited interaction with the school prior to registration.

Problem Statement 2 (Prioritized): Staff members are not remaining with IDEA Yukon College Prep. **Root Cause:** Ops teams are not included in the same structures of support as our teachers and lead team members are.

Priority Problem Statements

Problem Statement 1: Attendance sits at just over 95%, below the benchmark of 97%.
Root Cause 1: Attendance matrix was rolled out late into the school year and was not followed with fidelity.
Problem Statement 1 Areas: Demographics

Problem Statement 2: The coaching cycle is not adhered to with fidelity across all leaders and teachers.
Root Cause 2: Leaders do not have a normed system to give and track feedback for teachers.
Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: SPED scholars are not on track to reach their target on RLA STAAR Exam.
Root Cause 3: Teacher planning does not include effective differentiation.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Staff members are not remaining with IDEA Yukon College Prep.
Root Cause 4: Ops teams are not included in the same structures of support as our teachers and lead team members are.
Problem Statement 4 Areas: Perceptions

Goals

Goal 1: IDEA achieves an A Rating

Performance Objective 1: SpEd scholars achieve 40% at the 'Meets' level in STAAR

Evaluation Data Sources: UEs, TQs, LAs will be used for benchmarking. STAAR will be final evaluation.
