IDEA Public Schools

Achieve Academy

2022-2023 Campus Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Mathematics
Top 25 Percent: Comparative Academic Growth
Top 25 Percent: Comparative Closing the Gaps
Postsecondary Readiness

Board Approval Date: October 21, 2022
Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 12, 2022

Demographics

Demographics Summary

1. We are an open enrollment charter elemnetary school with 650-700 students.
2. When we opened our doors in 2019 over and 80% of our students were 2 years below grade level in reading. However due to the most recent state assessment Data am excited to announce Achieve academy is projected to be an A rated campus by TEA. Most specifically Our 4th graders performed the highest in our zip code.We are confident we can continue to build upon that success because not only do we focus on high academic performance. We connect wit. Our community we remove potential barriers and distractions by offering free breakfast lunch and supper. Before and after school care 630-730 as well as social emotional lessons across all grades including a learning farm.
3. We appreciate the partnership and community we have established here in Haltom city. And look forward to sharing more academic gains for the upcoming school year and years to come.
4. We are the only IDEA school in Haltom City and I wanted to inform everyone here we are committed to being a community partner and truly bringing value to Haltom City. I will have to start with our focus on academic excellence, the most recent TEA accountability ratings has us projected as an A rated campus. Our 4th graders were the highest performing in the zip code of 76011 and outperformed other charter networks like Uplift Education and FWISD. We know a true education goes beyond State exams so we have won awards for being a healthy campus, we have a weekly social emotional learning class, a coding class, Recess for all, and a learning farm with culinary classes for our students.

Demographics Strengths

See PDF in Addendum for more information

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a lack of consistent communication and predictable cadence of family communication from school events to school expectations. **Root Cause:** The root cause is leadership members of the elementary, middle school and operations, need to backwards plan and norm on communication. Achieve Academy needs to create a clear system for translation services.

Problem Statement 2 (Prioritized): There is a lack of scholar celebrations to increase school culture community and motivation. **Root Cause:** The root cause is leadership members of the elementary, middle school and operations, need to backwards plan and prioritize budgeting for scholar celebrations.

Student Learning

Student Learning Summary

Due to our focus in the following areas:
•Small Group instruction provided by Regional content coaches and leaders
•Productive Struggle: Concepts and Processes
•Growth Goal Student Conferences
•Deep Dive Data Analysis to inform instructional pull outs
•Accommodations and Modifications practiced and implemented
•Weekly Assessments
•Student ET Tracking/ ET MMA
•Master Excel Tracker
We Achieved the following on State Assessments:

- Masters relatively high across contents and grades
- •D2: 141/163 tests G.G. Met
- •D3 Academic Achievement: H, Eco, EL
- •D3 Academic Growth: All indicators met
- •D3 STAAR Component: All indicators met except white

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Achieve Academy struggled in STAAR sped performance in 3rd and 4th grade with an achievement average of 20. **Root Cause:** The root cause was because teachers were not equipped to provide just in time scaffolds due to content knowledge and lack of skill mastery tracking.

Problem Statement 2 (Prioritized): Achieve Academy needed a wider variety of learning experiences to increase engagement in challenging text. **Root Cause:** Lack of cross curricular alignment and attention on real world connections.

Problem Statement 3: Achieve Academy needed more reading with authentic texts and more opportunities for writing. **Root Cause:** Teachers went from curriculum fidelity focus to test prep because of the lack of backwards planning to incorporate curriculum with intentional scaffolding to align to all assessments.

School Processes & Programs

School Processes & Programs Summary

We are starting Summer PD Training(Culture, Unpacking, Planning) early to ensure strong GET Ratings of 2ABC, 3ABCD and 4A by 9.30.22. We are prioritizing strong SWAM to prepare for small group intervention.
We included Sped Trainings and A/M Focus during BOY PD and leveraging support from our Regional Sped Specialist. We are commiting to bi weekly business partnership meetings starting 8.8.22 and inviting our Sped Regional coach to instructional Rounds starting 8.9.
In order for our sped teachers to be briefed on content and strategies they will attend lesson rehearsals for the contents they support.
Clear Instructional Vision for each content with minute by minutes provided by 7.27.22. Our API Tudor will be Coaching Sped Team with weekly coaching conversations utilizing sped data ptg.
We are communicating the expectation of Literacy across contents + explicit vocabulary instruction during BOY to prepare for the new STAAR format.
Focus on building background knowledge to support learning experiences.Teachers will make accomodations to lessons to include essential knowledge to engage with the reading consistently by 9.30.22.
Starting 8.1 Operating Mechanisms will be consistent with Coaching Cycle and DII.
We assigned Grade Level Leads with a GRIPI and clear expectations to improve family partnership by 8.1.22
Counselor commits to building relationships through consistent communication and family engagement events. Calendar is buit out for the year, communication of events will go out 1 month before event.
Requesting Operations Support from regional team during principal tactical staring 8.2.22.
The leadership team is committed to hiring based off of content knowledge, experience, and data driven chessboards shifts for teachers and leaders.

See PDF in Addendum for more information

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school

year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.

- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Achieve Academy does not offer a wide variety of programs to meet community wants and needs. **Root Cause:** There is a lack of community partnership to get volunteers or community leaders involved in creating programs to meet community wants and needs.

Problem Statement 2 (Prioritized): At Achieve Academy there was a problem with Special Program students not receiving supports in a timely manner. **Root Cause:** The root cause of the problem was there was a lack of consistent staffing in the sped department and diagnosis supports and there was a lack of clear roles and responsibilities during interim transitions.

Perceptions

Perceptions Summary

Survey data increased significantly form staff. There was limited data on student and family surveys. See PDF in Addendum for more information.

Perceptions Strengths

There was Frequent communication with parents (Parent Weekly / Newsletters) and Multiple avenues of communication (Smore, ClassDojo, and Remind). See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): At Achieve Academy there was not enough mechanisms to support two way feedback between community and school. **Root Cause:** Family communication was a challenge because of language barrier causing the campus to de prioritize creating mechanisms for authentic community connections.

Problem Statement 2 (Prioritized): There was not surveys conducted throughout the year. **Root Cause:** Leaders did not create systems for collecting school community feedback.

Priority Problem Statements

Problem Statement 1: There is a lack of consistent communication and predictable cadence of family communication from school events to school expectations.

Root Cause 1: The root cause is leadership members of the elementary, middle school and operations, need to backwards plan and norm on communication. Achieve Academy needs to create a clear system for translation services.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a lack of scholar celebrations to increase school culture community and motivation.

Root Cause 2: The root cause is leadership members of the elementary, middle school and operations, need to backwards plan and prioritize budgeting for scholar celebrations.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Achieve Academy needed a wider variety of learning experiences to increase engagement in challenging text.

Root Cause 3: Lack of cross curricular alignment and attention on real world connections.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Achieve Academy does not offer a wide variety of programs to meet community wants and needs.

Root Cause 4: There is a lack of community partnership to get volunteers or community leaders involved in creating programs to meet community wants and needs.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: At Achieve Academy there was a problem with Special Program students not receiving supports in a timely manner.

Root Cause 5: The root cause of the problem was there was a lack of consistent staffing in the sped department and diagnosis supports and there was a lack of clear roles and responsibilities during interim transitions.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: At Achieve Academy there was not enough mechanisms to support two way feedback between community and school.

Root Cause 6: Family communication was a challenge because of language barrier causing the campus to de prioritize creating mechanisms for authentic community connections.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: There was not surveys conducted throughout the year.

Root Cause 7: Leaders did not create systems for collecting school community feedback.

Problem Statement 7 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data
- Student surveys and/or other feedback
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data

Parent/Community Data

- Parent engagement rate

Support Systems and Other Data

- Study of best practices

Goals

Goal 1: 85% of all full-time IDEA Achieve Campus staff members employed in 22-23 will be retained and return for 23-24

IDEA Public Schools

Achieve College Prep

2022-2023 Campus Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Mathematics
Academic Achievement in Science
Top 25 Percent: Comparative Academic Growth
Top 25 Percent: Comparative Closing the Gaps
Postsecondary Readiness

Board Approval Date: October 21, 2022
Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 16, 2022

Demographics

Demographics Summary

IDEA Achieve College Prep is a charter school in the heart of Haltom City, TX with Grades 6-9. We stand at 406 students. We 1/4 campuses of IDEA Tarrant County and the only school outside of the Fort Worth district, but very close in proximity. We are school that offers many special programs for all students. We offer a variety of athletics, Special Education, and advanced curriculum to include, but not limited to Pre-AP and AP courses.

See PDF in Addendum for more information.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need for consistent, school wide forecasting and communication. **Root Cause:** (1) Lack of communication in terms of progress towards goals. There has not been clear forecasting of the year's arc and how all stakeholder's impact school wide success.

Student Learning

Student Learning Summary

At December of 2021, Achieve College Prep was predicted to score a C Rating per TEA from Semester Exam results. By Mock exams, our student were vetted to be rated at B rating. At the end of the year our results from the previous year STAAR and EOC are as follows, that lead to an Overall A Rating of 91/100. We were able to pull a 12 point increase to reach the A rating. This year alone over 80% percent of our students met their individual growth goals in Mathmatics as well as the ELA subjects. In terms of Domain 1: Student Achievement, we landed an 84/B, Domain 2:School Progress, we landed a 92/A, and for Domain 3: Closing the Gaps, we landed a 90/A that led to the Overall rating of a 91/A. IDEA Achieve College Prep outperformed District in every category in terms of Approaches, Meets, and Masters.

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a need for streamlining all stakeholders on campus so that students are practicing the same/similar Humanities strategies across all classes. **Root Cause:** (1) Lack of collaboration across grades within the building in terms of text annotations, and ELA skill building strategies. (2) Lack of academic vision from leadership/region on which processes/systems will best support ELAR development.

Problem Statement 2 (Prioritized): There is a need to redesign the ways in which we support special education, ELL, and CSI scholars across contents. **Root Cause:** (1) Lack of clarity on the how SPED teachers give support in push in accommodations. (2) Lack of Resource accommodations and supports for all students who need or might benefit from pull-outs.

Problem Statement 3 (Prioritized): There is a need to upgrade the lesson design for IDEA Mathematics curricula. Instruction is lacking in the area of extended student practice. **Root Cause:** (1) Lack of at bats for students to get sufficient practice in the lesson, therefore they are getting fewer opportunities to actually grasp the content before moving on to something new. (2) Lack of effective supplemental curricula to give additional at bats to grapple with Math Problem Sets.

School Processes & Programs

School Processes & Programs Summary

Our campus has a tota of 3 Instructional Leaders, broken up into 3 groups: ELAR & Humanities, Mathematics & SPED, and Science and Ellectives. Each leader manages two groups of content. The leadership team develops our skills in Instructional Coaching Meetings, Lesson Feedback Meetings, and Weekly Check-Ins. Additionally, each week or bi-weekly, leaders are to observe and hold obervation feedback meeting to their entire caseload. Professional development is held every Tuesday afternoon, we determine our PD's from our weekly instructional coaching meetings where we spar on trends we see, as well as the use of instructional rounds to pick up on academic upgrades. We use obdervations, lesson rehearsals, student work anaylsis meetings, and data tracking to support powerful teaching.

“See PDF in Addendum for more information.”

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

"See PDF in Addendum for more information."

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: There is a need to increase the consistency of Communications in terms of academic success, cultural clarity, progress towards goals, and staff culture to students, staff, and families. **Root Cause:** (1) There was a lack of cadenced communications to all stakeholders due to loss of leadership early on and a new leader being added late in the year. Lack of systemic cadence on what and when to report.

Problem Statement 2 (Prioritized): Our lack of connection and involvement with families led to a hit on Persistence. The need to invest families has shown up in terms of our New Student Persistence. **Root Cause:** (1) Our Academy and College Prep Student Services Teams lacked collaboration to engage families campus wide.

Perceptions

Perceptions Summary

There are monthly family engagement events as well as two events at the start of the year that help to invest families in the culture of the school. Those events are called Welcome to Idea and Culture Camp/Meet The Teacher Night. Parent participation was around 45%.

Perceptions Strengths

See PDF Addendum.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Parental involvement and participation in school events are only taken up by less than half students families. There is a need to increase the amount family investment. **Root Cause:** Lack of strategic planning in terms of the what and when events are had at our school.

Problem Statement 2: There is a need for parental leadership on campus to help invest families into the IDEA culture and build Persistence with our families. **Root Cause:** There has been a lack of information given to leaders on how to build and rollout such systems.

Priority Problem Statements

Problem Statement 1: There is a need for consistent, school wide forecasting and communication.

Root Cause 1: (1) Lack of communication in terms of progress towards goals. There has not been clear forecasting of the year's arc and how all stakeholder's impact school wide success.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to redesign the ways in which we support special education, ELL, and CSI scholars across contents.

Root Cause 2: (1) Lack of clarity on the how SPED teachers give support in push in accommodations. (2) Lack of Resource accommodations and supports for all students who need or might benefit from pull-outs.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: There is a need to upgrade the lesson design for IDEA Mathematics curricula. Instruction is lacking in the area of extended student practice.

Root Cause 3: (1) Lack of at bats for students to get sufficient practice in the lesson, therefore they are getting fewer opportunities to actually grasp the content before moving on to something new. (2) Lack of effective supplemental curricula to give additional at bats to grapple with Math Problem Sets.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: There is a need for streamlining all stakeholders on campus so that students are practicing the same/similar Humanities strategies across all classes.

Root Cause 4: (1) Lack of collaboration across grades within the building in terms of text annotations, and ELA skill building strategies. (2) Lack of academic vision from leadership/region on which processes/systems will best support ELAR development.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Our lack of connection and involvement with families led to a hit on Persistence. The need to invest families has shown up in terms of our New Student Persistence.

Root Cause 5: (1) Our Academy and College Prep Student Services Teams lacked collaboration to engage families campus wide.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Parental involvement and participation in school events are only taken up by less than half students families. There is a need to increase the amount family investment.

Root Cause 6: Lack of strategic planning in terms of the what and when events are had at our school.

Problem Statement 6 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Goals

Goal 1: IDEA Achieve College Prep will have 85% Teacher Retention.

Performance Objective 1: 1.1 Teammate Social and Emotional Initiative: Attend to the social and emotional well-being of teammates and scholars.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Focus on student SEL across the region at recommended 60 minutes/week across all classrooms. **Strategy's Expected Result/Impact:** Increase student emotional regulation to decrease student misbehavior, in tern to increase staff satisfaction. **Staff Responsible for Monitoring:** SSA **Title I:** 2.6 - **TEA Priorities:** Recruit, support, retain teachers and principals				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: To address adult SEL, JCS will utilize Onward by Elena Aguilar to begin cultivating emotional resilience in educators. **Strategy's Expected Result/Impact:** Increase teacher retention, by way of understanding how our own trauma impacts our work. **Staff Responsible for Monitoring:** Principal **TEA Priorities:** Recruit, support, retain teachers and principals				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: IDEA Achieve College Prep will have 85% Teacher Retention.

Performance Objective 2: 1.2 Talent: Strengthen a community of educators who catalyze change in our schools.

	Oct	Jan	Mar	June
Strategy 2: Plan monthly and sporadic moments of joy in the everyday experience. **Strategy's Expected Result/Impact:** Increase staff retention **TEA Priorities:** Recruit, support, retain teachers and principals	25%			

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 2: All IDEA students matriculate to college.

Performance Objective 1: 2.1 Partnerships: Develop and maintain positive collaborative relationships with internal and external partners to strengthen support of IDEA Achieve College Prep in terms of On Track To Graduate, through College Counselor.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Monitor and track student grade weekly and develop On Track To Graduate reports for teachers in order to develop student intervention plans for failures. **Strategy's Expected Result/Impact:** 96% student body maintains C+ Average. **Staff Responsible for Monitoring:** College Counselor, Student Success Advisor **Title I:** 2.4, 2.6 **- TEA Priorities:** Connect high school to career and college				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA Achieve receives an A Rating.

Performance Objective 1: 3.1 Diagnose, address, and monitor learning: Adopt tools and processes that provide a detailed picture of what our students know and clear next steps for instruction and progress monitoring.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Implement and analyze a coherent suite of assessments (screener, diagnostic, progress monitoring). **Strategy's Expected Result/Impact:** Leads to 90/60/30, A in each Domain. **Staff Responsible for Monitoring:** Principal, API **Title I:** 2.4, 2.5, 2.6				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA Achieve receives an A Rating.

Performance Objective 2: 3.2 Revise the instructional program with a focus on literacy. Revise the instructional program to maximize learning across content areas and student subgroups using literacy as a foundation.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Implement an Intervention block plan for ELA focusing a comprehensive reading diagnostic, writing, and vocabulary, through Interventionist. **Strategy's Expected Result/Impact:** 90/60/30 School ELA Performance **Staff Responsible for Monitoring:** Humanities API **Title I:** 2.4, 2.6 - **TEA Priorities:** Build a foundation of reading and math				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA Achieve receives an A Rating.

Performance Objective 3: 3.3 Close the Digital Divide: Research, pilot, and recommend an approach to online learning that increases student access to the devices, platforms, and digital experiences that will most effectively improve learning outcomes.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Refine the digital instruction model to match students method of assessment. **Strategy's Expected Result/Impact:** Increase student accessibility to perform and lead to an A rating. **Staff Responsible for Monitoring:** Principal **Title I:** 2.6				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA Achieve receives an A Rating.

Performance Objective 4: 3.4 Implement a resource style exclusion opportunity to increase SPED performance data.

Goal 3: IDEA Achieve receives an A Rating.

Performance Objective 5: Increase student fitness activity and reach 100% Fitness Ambassadors.

Goal 4: IDEA Achieve College Prep will maintain 97% ADA.

Performance Objective 1: 4.1 Attendance: Adopt and implement clear and aligned attendance expectations, processes, and supports to ensure all students across our school is maximizing their learning opportunities by being present every school day.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Clearly identify counselor, SSA, API, SIS roles with attendance to ensure alignment across the school K-12. Train on systems, processes, etc. **Strategy's Expected Result/Impact:** 97% daily ADA. **Staff Responsible for Monitoring:** SSA, API, SIS, Teacher **Title I:** 2.5, 2.6	30%			

Strategy 2 Details	Reviews			
	Formative			Summative

IDEA Public Schools

Alamo Academy

2022-2023 Campus Improvement Plan

Accountability Rating: B

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Top 25 Percent: Comparative Closing the Gaps

Board Approval Date: October 21, 2022
Public Presentation Date: September 15, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

Idea Academy Alamo was founded in 2010 and is located in Alamo, TX at 325 E FM 495, 78516. We are an open enrollment charterschool and current enrollment for the 2022-2023 school year is 813. We serve students in pre-kindergarten to 5th grade.

See PDF in Addendum for more information

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Less than 90% new student persistence. **Root Cause:** Communication during recruitment process is not clear in regards to what our school offers and doesn't offer.

Problem Statement 2 (Prioritized): Our RTI process is not strong causing identification of special needs students not to happen in a timely manner. **Root Cause:** Leadership team lacks knowledge and skill to build and manage RTI process.

Problem Statement 3 (Prioritized): Our attendance has fallen below the 97.5% target. **Root Cause:** No clear plan for ADA and parent communication.

Student Learning

Student Learning Summary

Successes

When comparing 2021 to 2022 overall data, Domain 1 improved 17 points, Domain 2 32 points, Domain 3 - 4 points, and overall grew 23 points. Approaches levels increased nearly 19 points, Meets levels increased 20 points and Masters levels increased 11 points. During the 2022 STAAR admin, IDEA Alamo Academy was able to show higher SASs scores overall.

Areas of Improvement

Mathematics continues to be an area of improvement which currently shows approximately a 20 point gap in Approaches levels to reach the performance of reading. Diving deeper into historical trends showed that 3rd, 4th and 5th Math are areas of slowest growth and has not recovered as quickly when compared to other grades and subjects.

See PDF in Addendum for more information.

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Math data has seen the biggest instructional gaps in the last 2 years. **Root Cause:** Teachers did not spiral re-teach objectives from the beginning of the year due to lack of experience and leadership did not prioritize.

Problem Statement 2 (Prioritized): Reading data show biggest gaps overall in 3rd grade and in meets and masters in 4th and 5th **Root Cause:** Lack of tracking and re-teaching based on student needs after assessments.

Problem Statement 3: Overall academic achievement was low in domain 1. **Root Cause:** Lack of teacher data monitoring and teaching alignment.

School Processes & Programs

School Processes & Programs Summary

Our campus has a teacher leader program that allows teachers who want to grow in and out of the classroom. This program allows teachers to take on a coaching role while they stay in their teaching role, which allows them to experience the administrative role before completely transitioning over.

Professional development is created based on campus priorities set from the previous years and from trends found during instructional rounds. Teachers are invited to attend as a whole for priorities and as needed for trends found.

To support powerful teaching and learning, teachers are recognized publicly every year and are idenitifed as master teachers for others to observe and visit. Teachers are tiered accoridng to level of support needed for coaching and lesson planning support.

Our campus offers extracurricular activities such as sports, dance, cheer, arts and crafts Monday thru Friday free of charge, through 21st century programs.

See PDF in Addendum for more information.

School Processes & Programs Strengths

See PDF Addendum for more information

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Staff feels overwhelmed with the amount of time it takes to prepare for lesson plans. **Root Cause:** Leadership team has not provided enough professional development to build proficient/advanced skill that will allow teachers to plan more efficiently.

Problem Statement 2 (Prioritized): There is a gap in teacher pedagogy outside of instructional strategies. **Root Cause:** District focus is on instructional pedagogy and campus does the same and therefore teachers struggle with other issues such and SPED process and behavior strategies

Perceptions

Perceptions Summary

Our teacher retention 82% and SPED Teacher 66%. All new staff receive focused onboarding and training aligned to meeting their needs as a new teacher.

Staff receive information regarding academic expectation during beginning of year PD via a one pager classroom and content expectations checklist. They also attend weekly check-ins with their manager, biweekly grade level meetings, and use phone app as their main source of campus communication amongst staff.

Staff absences has shown an increase in the last couple of years due to COVID, but only a couple have received

According to our Great Places to Work Survey, 80%+ of staff strongly agree that they work in a great place at IDEA Alamo Academy.

Parent participation rates are measured via sign-in sheets for every event hosted. During our meet the teacher this year, 70% of families attended. During out Welcome to IDEA event in May, 52% showed up in person while the remaining 48% received a virtual onboarding.

See PDF in Addendum for more information.

Perceptions Strengths

See PDF in Addendum for more information

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Less than 50% parent participation or feedback for in school events **Root Cause:** Data tracking systems for family events do not focus on collecting attendance unless its a structured meeting.

Problem Statement 2 (Prioritized): Parent response to communication is not as strong as it needs to be. **Root Cause:** System for updating parent information lacks a system and follow through from operations team.

Priority Problem Statements

Problem Statement 1: Math data has seen the biggest instructional gaps in the last 2 years.
Root Cause 1: Teachers did not spiral re-teach objectives from the beginning of the year due to lack of experience and leadership did not prioritize.
Problem Statement 1 Areas: Student Learning

Problem Statement 2: Reading data show biggest gaps overall in 3rd grade and in meets and masters in 4th and 5th
Root Cause 2: Lack of tracking and re-teaching based on student needs after assessments.
Problem Statement 2 Areas: Student Learning

Problem Statement 3: Our RTI process is not strong causing identification of special needs students not to happen in a timely manner.
Root Cause 3: Leadership team lacks knowledge and skill to build and manage RTI process.
Problem Statement 3 Areas: Demographics

Problem Statement 4: Less than 90% new student persistence.
Root Cause 4: Communication during recruitment process is not clear in regards to what our school offers and doesn't offer.
Problem Statement 4 Areas: Demographics

Problem Statement 5: Staff feels overwhelmed with the amount of time it takes to prepare for lesson plans.
Root Cause 5: Leadership team has not provided enough professional development to build proficient/advanced skill that will allow teachers to plan more efficiently.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: There is a gap in teacher pedagogy outside of instructional strategies.
Root Cause 6: District focus is on instructional pedagogy and campus does the same and therefore teachers struggle with other issues such and SPED process and behavior strategies
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Less than 50% parent participation or feedback for in school events
Root Cause 7: Data tracking systems for family events do not focus on collecting attendance unless its a structured meeting.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: Parent response to communication is not as strong as it needs to be.
Root Cause 8: System for updating parent information lacks a system and follow through from operations team.
Problem Statement 8 Areas: Perceptions

Problem Statement 9: Our attendance has fallen below the 97.5% target.

Root Cause 9: No clear plan for ADA and parent communication.

Problem Statement 9 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact
- Equity data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Study of best practices
- Other additional data

Goals

Goal 1: IDEA achieves an A rating

Performance Objective 1: 3rd-5th Grade will earn 80% or more Academic Achievement Domain 3 interim targets for math and reading

High Priority

HB3 Goal

Evaluation Data Sources: Use campus based bi-weekly assessments data, mock, and semester assessments to monitor and adjust instruction. Final data will be STAAR Results from students.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 28

Addendums 29

Comprehensive Needs Assessment

Revised/Approved: September 13, 2022

Demographics

Demographics Summary

At IDEA College Prep Alamo we serve a total of 751 students from the 6th-12th grade that range in age from 12 to 18 years old. We strive to offer our students high-quality education such as T-Stem and AP for All. Our high expectations for every student ensure we go the extra mile to make sure every student realizes their own potential while personalizing learning, enhancing critical thinking skills, and mastery of core subjects is our recipe for success. We ensure that 100% of our students go to and through college.

Demographics Strengths

See PDF in Addendum for more information

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Decrease in overall student attendance on our campus **Root Cause:** 1)Lack of teachers building strong relationships with students and creating a sense of belonging. 2) Unclear ADA system and expectations to track daily ADA effectively. 3) The mindset of some families not prioritizing student attendance.

Problem Statement 2 (Prioritized): Increase in overall student leavers over the past two years **Root Cause:** 1) Lack of extracurricular activities for our high school students that support student interests 2) Lack of differentiation with high school certification that is not only CTE 3) Lack of investment in academic programs

Student Learning

Student Learning Summary

Student Achivement STAAR:

6th ELA: 74/46/25 avg 48

7th ELA: 79/46/27 avg 51

8th ELA: 92/60/42 avg 65

6th Math: 63/34/17 avg 38

7th Math: 74/36/10 avg 40

Alg1: 81/50/31 avg 54

8th Science: 88/53/26 avg 56

8th US History: 66/32/20 avg 39

Biology: 98/82/40 avg 73

EOC US History: 98/83/64 avg 76

IDEA Alamo received 4/7 distinctions (Math, Science, Social Studies, Post Secondary Readiness). The domain that IDEA Alamo did not receive (ELA/Reading, Academic Growth, Closing the Gaps).

IDEA Alamo grew 15 points in student achievement from 2021 to the 2022 school year.

IDEA Almo increased 8 points in school progress from the 2021 to the 2022 school year

Closing the Gap is IDEA Alamo's area of focus as we received a B with a 79 component and an 84 scale score.

Academic Performance by group:

Student Achievement: From 2021 to 2022 IDEA Alamo grew 15 points

School Progress: In school progresses IDEA Alamo gre 8 points

Closing the gap: IDEA Alamo Increased 33 points from the 2021 to the 2022 school year

Student Learning Strengths

See PDF in Addendum for more information

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Lack of focus in writing across contents (reading, math, science, social studies) **Root Cause:** 1. Not enough leader development on lesson plan feedback that focused on writing components. 2. Inconsistent implementation of writing conferences with students.

Problem Statement 2 (Prioritized): Lack of tracking by skills across Math contents in 6th-12th grade **Root Cause:** 1. Lack of focus and prioritizing trackers by skill throughout the school year across contents 2. Not enough student practice build into the class time 3. Inconsistent modeling of skills through teacher actions

Problem Statement 3: Lack of hands-on science labs/activities across science contents **Root Cause:** 1. Lack of purposeful planning for labs across science contents from 6th- 12th grade. 2. Lack of science vocabulary exposure across science contents.

Problem Statement 4: As a campus, we struggled with mastery scores across grade levels and content. **Root Cause:** 1. Teachers struggled to fully internalize the TEKS and build practice to the rigor of the standards required for student mastery. 2. Leaders and teachers were not consistent in planning higher-order thinking questions to ensure we were pushing the rigor that would lead to higher masters scores. 3. There was too much teacher talk and not enough student practice.

Problem Statement 5 (Prioritized): As a campus, we struggled with AP test mastery scores across grade levels and content. **Root Cause:** 1. Teachers struggled to fully internalize the AP exam and build practice to the rigor of the standards required for student mastery. 2. Leaders and teachers were not consistent in planning higher-order thinking questions to ensure we were pushing the rigor that would lead to higher masters scores. 3. There was inconsistent focus on holding students accountable to use academic vocabulary in class

Problem Statement 6: Minimal collaboration between general education teachers and special education teachers, resulting in fragmented learning. **Root Cause:** a) We minimally prioritized leadership walk throughs that focused on SPED observations. b) Leaders failed to follow through with side by side planning and feedback to ensure alignment between general education content and additional support from SPED department

School Processes & Programs

School Processes & Programs Summary

Our vision for Teacher Leadership is to create opportunities that provide both a first step on the instructional leadership pipeline and serve as a retention strategy for teachers who desire a career as a classroom teacher. The best way to prepare teacher leaders so they are ready for a campus leader role is by creating PD sessions that focus on skills that are preparing them for this type of leadership.

1. Follow best practices for adult learning in development in instructional coaching, content knowledge and operations leadership, relying deeply on in-field application.

2. Use School Leadership Levers in all trainings to build readiness for future leadership opportunities.

3. School leaders will attend webinars and receive training materials, so they can continue or begin to strategically and purposefully coach around School Leadership Levers.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with

students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful.

See PDF in Addendum for more information

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Faculty and Staff turnover at key times during the school year **Root Cause:** 1. The instructional support staff has been pulled in different ways that do not align with their responsibilities. 2. Lack of praise and support across grade levels from administrators

Problem Statement 2 (Prioritized): Instructional practices such as dress rehearsals, exit ticket huddles, and content development sessions were started late in the year and were inconsistent. This slowed teacher development **Root Cause:** 1. Daily campus operations and an inability to create a strong and consistent logistical plan hindered instructional processes. 2. Lack of consistency to abide by set meeting schedules also hindered teacher growth.

Perceptions

Perceptions Summary

IDEA Alamos has 100% matriculation to a 4-year college/university. We have a 0% dropout rate. We are a school that is transparent and focuses on open communication for all (students, teachers, admin and parents).

Perceptions Strengths

"See PDF in Addendum for more information"

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Low attendance of parental involvement, and their inability to attend school functions. **Root Cause:** 1. We failed to engage students from the initial event: Welcome to IDEA. 2. Certain events were canceled/modified due to COVID precautions. 3. We were not able to host a curriculum night due to lack of planning.

Problem Statement 2 (Prioritized): During the last few years, discipline has been a recurring issue both with the implementation of a plan and repeat offenses. **Root Cause:** 1. Discipline plan focused on punitive consequences, not restorative discipline. 2. Lack of consistency in implementation. As a result, parents were not as informed as they could have been about their child's progress.

Priority Problem Statements

Problem Statement 1: Lack of tracking by skills across Math contents in 6th-12th grade

Root Cause 1: 1. Lack of focus and prioritizing trackers by skill throughout the school year across contents 2. Not enough student practice build into the class time 3. Inconsistent modeling of skills through teacher actions

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Lack of focus in writing across contents (reading, math, science, social studies)

Root Cause 2: 1. Not enough leader development on lesson plan feedback that focused on writing components. 2. Inconsistent implementation of writing conferences with students.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Increase in overall student leavers over the past two years

Root Cause 3: 1) Lack of extracurricular activities for our high school students that support student interests 2) Lack of differentiation with high school certification that is not only CTE 3) Lack of investment in academic programs

Problem Statement 3 Areas: Demographics

Problem Statement 4: Instructional practices such as dress rehearsals, exit ticket huddles, and content development sessions were started late in the year and were inconsistent. This slowed teacher development

Root Cause 4: 1. Daily campus operations and an inability to create a strong and consistent logistical plan hindered instructional processes. 2. Lack of consistency to abide by set meeting schedules also hindered teacher growth.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Faculty and Staff turnover at key times during the school year

Root Cause 5: 1. The instructional support staff has been pulled in different ways that do not align with their responsibilities. 2. Lack of praise and support across grade levels from administrators

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Low attendance of parental involvement, and their inability to attend school functions.

Root Cause 6: 1. We failed to engage students from the initial event: Welcome to IDEA. 2. Certain events were canceled/modified due to COVID precautions. 3. We were not able to host a curriculum night due to lack of planning.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: During the last few years, discipline has been a recurring issue both with the implementation of a plan and repeat offenses.

Root Cause 7: 1. Discipline plan focused on punitive consequences, not restorative discipline. 2. Lack of consistency in implementation. As a result, parents were not as informed as they could have been about their child's progress.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Decrease in overall student attendance on our campus

Root Cause 8: 1)Lack of teachers building strong relationships with students and creating a sense of belonging. 2) Unclear ADA system and expectations to track daily ADA effectively. 3) The mindset of some families not prioritizing student attendance.

Problem Statement 8 Areas: Demographics

Problem Statement 9: As a campus, we struggled with AP test mastery scores across grade levels and content.

Root Cause 9: 1. Teachers struggled to fully internalize the AP exam and build practice to the rigor of the standards required for student mastery. 2. Leaders and teachers were not consistent in planning higher-order thinking questions to ensure we were pushing the rigor that would lead to higher masters scores. 3. There was inconsistent focus on holding students accountable to use academic vocabulary in class

Problem Statement 9 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Enrollment trends

Employee Data

- State certified and high quality staff data
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Communications data
- Budgets/entitlements and expenditures data

Goals

Goal 1: Increase staff retention

Performance Objective 1: IDEA Almo staff will have Work-life Balance by having clear to do's in conference and planning period

Evaluation Data Sources: Great Places to Work Survey

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 1. Use planning and conference periods wisely (Conference & Planning period) **Strategy's Expected Result/Impact:** Submission of 100% LP on time and updated call log **Staff Responsible for Monitoring:** Maria Charles **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction	80%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: 1. 100% of teachers receive weekly positive notes from leaders **Strategy's Expected Result/Impact:** Teachers will recommend IDEA Almo to other people **Staff Responsible for Monitoring:** Maria Charles **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction	75%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: All IDEA students matriculate to college

Performance Objective 1: IDEA Alamo staff will foster strong Relationships with students

Evaluation Data Sources: 100% of seniors will have two PWIs (Academy and CP)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 1. Relationships with students via the PWI program **Strategy's Expected Result/Impact:** 100% of seniors will have quality TLORs and Personal statements **Staff Responsible for Monitoring:** Marisol Flores **TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture	0%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: All IDEA students matriculate to college

Performance Objective 2: 1. Match and fit conversations - understanding parents' true needs and wants

Evaluation Data Sources: 100% of Seniors parents will have a 1:1 conversation with counselors

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 1. Counselors will meet with parents 1:1 to explain and answer most common concerns **Strategy's Expected Result/Impact:** 100% of students will matriculate to their college of their choice **Staff Responsible for Monitoring:** Marisol Flores **Title I:** 2.6 **- TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 3: Positive School Culture **Funding Sources:** Director of College Counselor - Federal Grant - $94,908.32	100%	0%	0%	

Strategy 2 Details	Reviews

% Advanced High	**38.70%**	**5.60%**	**37.00%**	**45.00%**	20%

Reflection	
Areas of Strength	**Areas of Need**
1. Teacher identification of EL occurred at BOY in order for teachers to modify instruction proactively.	1. Focusing on all instructional staff on different strategies that can be used in class with EL students
2. Instructional support with staff with lesson planning provided. Lesson plan had EL component for all staff.	2. Collaborating with staff on more PD sessions focused by grade level needs.
3. Provided PD during the school year to align with staff on student needs.	3. EL instructional rounds to identify specific support systems implemented by teachers. Incorporate aggressive monitoring tool follow up on implementation w/ tracking too in hand.

IDEA Public Schools

Amber Creek Academy

2022-2023 Campus Improvement Plan

Accountability Rating: Not Rated

Board Approval Date: October 21, 2022
Public Presentation Date: September 8, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Robinson Academy is a public charter school that currently provides high quality education for grades K-2 in the San Antonio Region. Our mission is to ensure that we are closing the acheivement by getting scholars to acheive academic success by having scholars end the year on or above grade level year after year. Doing so ensures we are fulling our missoin of 100% of our scholars getting to and through college.

Scholar Demographics

% SPED	4% (11/274)
% ELL	11% (32/274)
% Eco Dis	60.07%
% Migrant	0
% Race: American-Indian-Alaska-Native	0.003% (1/274)
% Asian	0.003 (1/274)
% White-Hispanic	0.74 (205/273)
% Multi	0
% Black-African-American	0.17 (49/274)
% Native-Hawaiian-Pacific-Islander	0.01 (3/273)
% White	0.05 (15/274)
% Male	0.56% (154/274)
% Female	0.43% (120/274)

Demographics Strengths

We serve a diverse group of families and scholars.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): For the 21-22 school year we only had 68.11% of our scholars persist with us for the 22-23 school year. **Root Cause:** We lacked clear operating

mechanisms to address parent concerns in a timely manner.

Problem Statement 2 (Prioritized): For the 21-22 school our average daily attendance ended at 90.63% meaning 10% of our scholars were absent an any given day. **Root Cause:** We lacked accountability and implementation with our ADA matrix.

Student Learning

Student Learning Summary

For the 21-22 school year our PK-1st grade scholars were able to hit all their academic goals in all contents.

Student Learning Strengths

See PDF in Addendum for more information".

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Lack of specific content led professional development sessions for teachers due to conflicting campus schedules. **Root Cause:** Campus wide teacher schedules were not created to have collaborate planning time due to different teaching models in each grade level.

Problem Statement 2 (Prioritized): Lack of scholar resources to deliver lessons due to not having an efficient operating mechanism for teachers. **Root Cause:** Teachers did not internalize future lessons with enough time to put in a request for all scholars to have the manipulatives /resources needed to engage in the lesson as written.

School Processes & Programs

School Processes & Programs Summary

Leaders are developed by engaging in their own professional devleopment lead by their campus principals and district leaders to ensure they are able to lead teachers to deliver classroom results. Teachers engage in professional development year long, through campus wide professional development and consistent feedback cycles from daily observations.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"

- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Leaders and staff lacked detailed, clear and consistent communication with team members. **Root Cause:** Lack of clear operating mechanisms for communication.

Problem Statement 2 (Prioritized): Our staff members were not able to consistently colloborate with eachother. **Root Cause:** Our schedule for the 21-22 school year was not set up to allow aligned planning times for contents or grade levels.

Perceptions

Perceptions Summary

For the 21-22 school year we were able to achieve 90% instructional staff retention to support scholars academic needs. We also strive to ensure we build strong community relationships by partnering with them on school related events to build team and family.

Perceptions Strengths

See the PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There is a need to increase the amount of family engagement events for our scholars and families due to family indications through surveys. **Root Cause:** Lack of proactive planning for family engagement events.

Problem Statement 2 (Prioritized): Families were not notified with enough advance notice to engage in family engagement events. **Root Cause:** Lack of clear operating mechanism for communication with families.

Priority Problem Statements

Problem Statement 1: For the 21-22 school year we only had 68.11% of our scholars persist with us for the 22-23 school year.
Root Cause 1: We lacked clear operating mechanisms to address parent concerns in a timely manner.
Problem Statement 1 Areas: Demographics

Problem Statement 2: Leaders and staff lacked detailed, clear and consistent communication with team members.
Root Cause 2: Lack of clear operating mechanisms for communication.
Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: There is a need to increase the amount of family engagement events for our scholars and families due to family indications through surveys.
Root Cause 3: Lack of proactive planning for family engagement events.
Problem Statement 3 Areas: Perceptions

Problem Statement 4: Families were not notified with enough advance notice to engage in family engagement events.
Root Cause 4: Lack of clear operating mechanism for communication with families.
Problem Statement 4 Areas: Perceptions

Problem Statement 5: Lack of specific content led professional development sessions for teachers due to conflicting campus schedules.
Root Cause 5: Campus wide teacher schedules were not created to have collaborate planning time due to different teaching models in each grade level.
Problem Statement 5 Areas: Student Learning

Problem Statement 6: For the 21-22 school our average daily attendance ended at 90.63% meaning 10% of our scholars were absent an any given day.
Root Cause 6: We lacked accountability and implementation with our ADA matrix.
Problem Statement 6 Areas: Demographics

Problem Statement 7: Our staff members were not able to consistently colloborate with eachother.
Root Cause 7: Our schedule for the 21-22 school year was not set up to allow aligned planning times for contents or grade levels.
Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Lack of scholar resources to deliver lessons due to not having an efficient operating mechanism for teachers.
Root Cause 8: Teachers did not internalize future lessons with enough time to put in a request for all scholars to have the manipulatives /resources needed to engage in the lesson as written.

Problem Statement 8 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Federal Report Card and accountability data

Student Data: Assessments

- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data

- Campus leadership data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Budgets/entitlements and expenditures data

Goals

Goal 1: Increase staff retention

Performance Objective 1: 85% of all IDEA Robinson staff will return for the 22-23 school year.

Reflections	
Areas of Strength	**Areas of Need**
1. Campus was consistent with data analysis of assessments	1. Develop a clear internalization process. (build it as a campus and include a one pager exemplar with expectations)
2. District curriculum is engaging for students. All Resources provided	2. Lack of planning to prepare for resources (manipulatives) needed for the lesson.
3 District curiculum is scafolded to build knowledge year to year.	3.Daily huddles for exit ticket sorts.

Reflections

Areas of Strength	Areas of Need
1. Campus had a strategic backwards plan mapped out for the week to hit benchmark goals. Plan was	1. The district training for the direct instruction for new teachers was lacking in a lot of what the program entailed. More
2. All teachers exhibitied flexibility with regouping and schedule changes when students were tested up or pushed back. Multiple grade level teachers offered support to give individualized interventions to small groups.	2. Set up a system and procedure to regualrly placement test students to see their on track levels.
3. Campus engaged in daily data huddles and Reading teachers engaged in lesson rehersals 3x a week to ensure a strong first teach.	3. Hosting a curriculum Night for parents to have a better understanding of our reading and ELA programs. Separate the information by Quarter so parents know how to suppor. If families can not show up create a curriculum flyer that has a synopsis of what was covered during the event.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 25

Addendums 26

Comprehensive Needs Assessment

Revised/Approved: September 6, 2022

Demographics

Demographics Summary

IDEA Robinson College Prep is located in the far West side of San Antonio, Texas. For the 2022-2023 school year, we offer 6th and 7th grade.

Enrollment

- Grade 6 - 51
- Grade 7 - 67

Student Demographics

- 86% Hispanic
- 12% African American
- 12% White
- 2% Asian/Pacific Islander
- 1% American Indian

Staff Demographics

- 50% Hispanic
- 38% White
- 13% African American

Income Status:

- 76% Low Income
- 24% Non-Low Income

Demographics Strengths

We have diversity of both scholars and staff members on campus.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Only 78% of scholars returned for the 2022-2023 school year. **Root Cause:** Lack of effective communication around school culture and expectations to parents and students.

Problem Statement 2 (Prioritized): Our Average Daily Attendance was 92.07% **Root Cause:** Lack of effective implementation of the ADA matrix.

Student Learning

Student Learning Summary

IDEA Robinson College Prep is an A-rated campus. We earned 5 out of 5 eligible academic distinctions.

For Domain 1 and 2, we earned a 90 and 92.

For Domain 3 (Closing the Achievement Gaps) we earned a perfect score of 100.

See PDF in addendums

Student Learning Strengths

Vast majority of our scholars met their reading and math growth goals.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students struggled with engaging with texts with multiple re-reads. **Root Cause:** We did not have a clear process for scholars to follow with close reading.

Problem Statement 2 (Prioritized): We were not effective with aggressive mastery laps with clear feedback at the point-of-error. **Root Cause:** We did not have a clear vision for both teacher and student actions during independent practice time.

Problem Statement 3 (Prioritized): Students struggled with authentic writing tasks to produce a polished piece of writing. **Root Cause:** We did not have a clear, consistent writing method across all contents.

School Processes & Programs

School Processes & Programs Summary

We offer advanced coursework in reading, math, science, and social studies. There is one-to-one scholar/computer ratio allowing scholars to use Chromebooks during class and at home. We also offer 5 sports after-school to engage scholars. This school year, we include computer science into scholars schedules.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"

- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

See PDF in Addendum formore information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): We did not effectively engage all families in campus culture or family engagement events. **Root Cause:** We did not effectively communicate and advertise our engagement opportunities for families.

Problem Statement 2 (Prioritized): There is a lack of extra instructional programs to invest scholars authentically. **Root Cause:** We did not find a creative solution for offering more than just the minimum programming.

Perceptions

Perceptions Summary

We offer parental engagement events monthly for parents and guardians.

We partner with 20 different business to help us communicate the great things happening at IDEA Robinson College Prep.

Perceptions Strengths

100% of staff said that IDEA Robinson College Prep was a "Great place to work" on the GPTW survey and only 2 staff did not return for the 2022-2023 school year.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There was an increase in scholars claiming they do not feel connected to the school or to peers.. **Root Cause:** We did not prioritize Social-Emotional Learning as a routine in every classroom.

Problem Statement 2 (Prioritized): There was an increase over the course of the year that students said they felt anxiety about meeting growth goals. **Root Cause:** There was not a consistent system to celebrate successes.

Priority Problem Statements

Problem Statement 1: Only 78% of scholars returned for the 2022-2023 school year.
Root Cause 1: Lack of effective communication around school culture and expectations to parents and students.
Problem Statement 1 Areas: Demographics

Problem Statement 2: Our Average Daily Attendance was 92.07%
Root Cause 2: Lack of effective implementation of the ADA matrix.
Problem Statement 2 Areas: Demographics

Problem Statement 3: Students struggled with engaging with texts with multiple re-reads.
Root Cause 3: We did not have a clear process for scholars to follow with close reading.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: We were not effective with aggressive mastery laps with clear feedback at the point-of-error.
Root Cause 4: We did not have a clear vision for both teacher and student actions during independent practice time.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: There was an increase in scholars claiming they do not feel connected to the school or to peers..
Root Cause 5: We did not prioritize Social-Emotional Learning as a routine in every classroom.
Problem Statement 5 Areas: Perceptions

Problem Statement 6: There was an increase over the course of the year that students said they felt anxiety about meeting growth goals.
Root Cause 6: There was not a consistent system to celebrate successes.
Problem Statement 6 Areas: Perceptions

Problem Statement 7: There is a lack of extra instructional programs to invest scholars authentically.
Root Cause 7: We did not find a creative solution for offering more than just the minimum programming.
Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: We did not effectively engage all families in campus culture or family engagement events.
Root Cause 8: We did not effectively communicate and advertise our engagement opportunities for families.
Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: Students struggled with authentic writing tasks to produce a polished piece of writing.

Root Cause 9: We did not have a clear, consistent writing method across all contents.

Problem Statement 9 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data

Student Data: Behavior and Other Indicators

- Attendance data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback

Parent/Community Data

- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data

Goals

Revised/Approved: September 6, 2022

Goal 1: Increase staff retention

Performance Objective 1: IDEA Robinson College Prep will have a staff retention of at least 85%

High Priority

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA PuIDEA Bluff Springs Academy students are courageous and empathetic, self-driven learners who believe they have the power and responsibility to shape their community. Curiosity will drive students to flex their college readiness by generating solutions to complex challenges and envisioning the world as it might be. Our students will be equipped with the skills to develop claims, justify their positions, and communicate in ways that influence change and strengthen relationships. BSA staff is in the business of creating a positive space that will help them reach their true, limitless potential of becoming brave critical thinkers, passionate and elite lifelong learners, and overall good people.â€‹ blic Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: August 30, 2022

Needs Assessment Overview

Needs Assessment Overview Summary

Our public meeting will be held on August 30, 2022.

Demographics

Demographics Summary

Bluff Springs Academy launched in 2016 with kinder, 1st, and 2nd grade. Since then, we have become a full scale campus serving 674 students from kindergarden to 5th grade. We are an open enrollment primary campus in the South Austin area. BSA was awarded an A rating by the TEA for its academic achievment in 21-22. 84.1% of our students have been identified as economically disadvantaged. Our student population is composed of 80.6% hispanic, 8.6% white, and 8.6% black. 52.4% of our staff is hispanic whic aligns with the demographics of our students. Our classrooms hold an average of 24.5 students per adult. 57.1% of our teachers have been in their role for more than 1 year.

Demographics Strengths

Our student population is composed of 80.6% hispanic, 8.6% white, and 8.6% black. 52.4% of our staff is hispanic whic aligns with the demographics of our students. Our classrooms hold an average of 24.5 students per adult. 57.1% of our teachers have been in their role for more than 1 year.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Many students left so we have low student persistence. **Root Cause:** We need to have clear communication systems for families so they feel confident bringing their scholar to our campus.

Problem Statement 2 (Prioritized): Our organizational heath survey dropped by 10% from last year. **Root Cause:** Inconsistent communication from the district causing campus to cascade messages with very little time.

Student Learning

Student Learning Summary

Students have made a significant improvement in the area of closing the achievment gap. 96% of Bluff Springs Academy students met and exceeded their growth goal for the yearon STAAR. 34% of our EL students exceeded their goal in ELA. Students in all demographics (hispanic, EL, economically disadvantaged, ect) met both growth and meets indicaters in ELA. 83% of our 2nd grade students ended the schoool year at grade level and are ready for 3rd grade STAAR. Bluff Springs Academy performed higher than other IDEA campuses in the Austin region in ELA and 2nd in the Austin region in math. Our benchmarks showed this progress throughout the year

Student Learning Strengths

Our students ahve historically shown strength in ELA for the past 2 years. Math skills have developed but are not at the level of our ELA.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Meets indicators were significantly below goal (46%) for all grade levels (23%, 7%, and 21% for 3GM, 4GM and 5GM, respectively). **Root Cause:** Foundational math skills have not been fully addressed, staff shortages, and inconsistent math teachers throughout the year in 4th and 5th grade math.

Problem Statement 2 (Prioritized): Masters indicators were significantly low in math (15%) for all grade levels. **Root Cause:** Foundational math skills, have not been fully addressed, staff shortages, and inconsistent math teachers.

School Processes & Programs

School Processes & Programs Summary

The instructional leaders at our campus are developed through coaching academy, principal leader observations, lead team rounds, in field observations, and through in the moment feedback. During observations leaders are coached by gathering low inference data to identify the most pressing problem. Leader professional development is identified according to need. Leader PD is typically carried out weekly on campus and through the district.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"

- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Low teacher retention this school year has caused many new teachers to be onboarded. **Root Cause:** Staff leaves due to IDEA's rigorous curriculum and high level of accountability.

Problem Statement 2 (Prioritized): Student safety education at the student level. **Root Cause:** Student culture lessons don't include safety sessions on drugs (vaping), student handbook, keeping our spaces clean, and being proactive about bullying.

Perceptions

Perceptions Summary

This past year we prioritized family engagement events, skill building opportunities and data transparency with families. We invited families through Remind and FaceBook but still lacked the invilvment that we hoped for. We typically had about 30% of families participate in our academic events and about 60% in nonacademic events. Our families typically give feedback around communication. We have added paper communication to also capture those families who do not use social media and Remind. We have also created competition opportunities to champion families to get the Remind app.

Perceptions Strengths

Our family engagement events have significantly improved in planning and participation. Families leave events happy and have positive interactions with teachers. Our students are excited to come to school because of the many engegment, celebrationn, and competitive opportunities that are offered.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): ADA had dropped significantly. **Root Cause:** Communication systems need to be improved post-pandemic.

Problem Statement 2 (Prioritized): Families are not using campus communication methods. **Root Cause:** Families are unaware of how to use the Remind app.

Priority Problem Statements

Problem Statement 1: ADA had dropped significantly.
Root Cause 1: Communication systems need to be improved post-pandemic.
Problem Statement 1 Areas: Perceptions

Problem Statement 2: Families are not using campus communication methods.
Root Cause 2: Families are unaware of how to use the Remind app.
Problem Statement 2 Areas: Perceptions

Problem Statement 3: Our organizational heath survey dropped by 10% from last year.
Root Cause 3: Inconsistent communication from the district causing campus to cascade messages with very little time.
Problem Statement 3 Areas: Demographics

Problem Statement 4: Meets indicators were significantly below goal (46%) for all grade levels (23%, 7%, and 21% for 3GM, 4GM and 5GM, respectively).
Root Cause 4: Foundational math skills have not been fully addressed, staff shortages, and inconsistent math teachers throughout the year in 4th and 5th grade math.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Low teacher retention this school year has caused many new teachers to be onboarded.
Root Cause 5: Staff leaves due to IDEA's rigorous curriculum and high level of accountability.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Student safety education at the student level.
Root Cause 6: Student culture lessons don't include safety sessions on drugs (vaping), student handbook, keeping our spaces clean, and being proactive about bullying.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Many students left so we have low student persistence.
Root Cause 7: We need to have clear communication systems for families so they feel confident bringing their scholar to our campus.
Problem Statement 7 Areas: Demographics

Problem Statement 8: Masters indicators were significantly low in math (15%) for all grade levels.
Root Cause 8: Foundational math skills, have not been fully addressed, staff shortages, and inconsistent math teachers.
Problem Statement 8 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Observation Survey results
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Class size averages by grade and subject
- School safety data

- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices
- Action research results

Goals

Goal 1: Increase staff retention

Performance Objective 1: Bluff Springs will retain at least 85% of its instructional staff.

High Priority

Evaluation Data Sources: End of year data.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Create and carry out staff retention plan. **Strategy's Expected Result/Impact:** 85% or more of staff is retained. **Staff Responsible for Monitoring:** APO, SA, AA, Principal, and API **TEA Priorities:** Recruit, support, retain teachers and principals				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: All IDEA Bluff Springs students matriculate to college

Performance Objective 1: 100% of Bluff Springs students will matriculate to college.

High Priority

HB3 Goal

Evaluation Data Sources: End of year matriculation data.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Students will hold quarterly update meetings with college counselors. **Strategy's Expected Result/Impact:** 100% of seniors matriculate to college. **Staff Responsible for Monitoring:** College counselors	0%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 1: Bluff Springs receives an A state accountability rating for the 22-23 school year.

High Priority

HB3 Goal

Evaluation Data Sources: End of year STAAR and TELPAS data results

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Campus will prioritize data analysis meetings and target next steps using accountability metrics. **Strategy's Expected Result/Impact:** A state accountability rating. **Staff Responsible for Monitoring:** API and Principal	25%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 2: Increase 3rd Reading and 3rd Math Achievement Averages

HB3 Goal

Reflection	
Areas of Strength	**Areas of Need**
1) Increase in positive communication through grade level weekly newsletters + "Family Friday" tracker	1) Families want art, music, and extracurriculuar opportunities that have yet to be launched
2) Attendance at in-person events	2) ADA "hotlist" contact with fidelity -- narrow communication focus to scholars of concern
3) parent skill-building through data night workshops	3) ensure 100% of families are enrolled in Remind and audit throughout the year

IDEA Public Schools

Bluff Springs College Prep

2022-2023 Campus Improvement Plan

Accountability Rating: B

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Social Studies

Board Approval Date: October 21, 2022
Public Presentation Date: September 6, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

We are an open-enrollment charter school with grades 6-12 in South Austin (78744). We currently have an enrollment of over 700 scholars with over 80% who identify as Hispanic, 10% who identify as African American, and 10% or less who identify as other. About 50% of our scholars are English Language Learners and we have about 10% of our total population who identify as Special Education.

See PDF in addendum for more information.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): An area of need was providing solid class management to establish honest and pure relationships with scholars. The teachers expressed that relationships and consistent class management will support with behavior expectations . **Root Cause:** We had a large number of suspensions last year that likely could have been deescalated if teachers had proper training and better relationships with scholars (community circles).

Problem Statement 2 (Prioritized): An area of need for our teachers was building culture within themselves. Teachers expressed that having more time and space to reflect with one another can strengthen their relationships with one another. They expressed that having relationships within themselves make it hard to have friction in morale. **Root Cause:** Lack of time and opportunity to build community with one another which led to teachers not always being on the same page.

Student Learning

Student Learning Summary

We earned a rating of a B campus for the 21-22 school year. In particular, we earned distictions in our Social Studies as well as in English Language Arts and Reading . Our scholars are also meeting the requirement from the state of Texas for the percent of scholars making growth from year to year by hitting their growth goal indicators.

See PDF in addendum for more information.

Student Learning Strengths

See PDF in addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Creating and managing hotlists earlier in the year to target students. **Root Cause:** Not determining where we fell short in accountability early enough in the year to identify specific sub-pops we should hone in on during instruction.

Problem Statement 2 (Prioritized): Fidelity to aggressive monitoring and in-class tracking. **Root Cause:** Lack of holding 100% of teachers accountable to doing this on a daily basis as well as how to use the data from these systems real-time to course correct.

School Processes & Programs

School Processes & Programs Summary

We develop instructional leaders by daily on the spot real-time coaching, professional development tracks such as Coaching Academy, and by using our school leadership levers to self-rate and give feedback. In order to suppport powerful teaching and learning, we provide feedback through Teachboost, campus-led professional developments, and real-time coaching opprotunities for all staff.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"

- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Extra duties as assigned and filling gaps for teachers who are out is taking more time from teachers planning periods which has negatively impacted work-life balance. **Root Cause:** We have a lack of available subs/strong guest teachers in the network. We have an increased number of teachers who are out due to sickness.

Problem Statement 2 (Prioritized): We have a delayed PO Process; paying for things with their own money. **Root Cause:** We have a lot of new budget restrictions and policies that are continuously changing with short notice.

Perceptions

Perceptions Summary

We had a staff turnover rate of about 25% this past year whichis significantly better than what we have seen in years past;however, still shows a need for improvement to hit our 85% staff retention goal. We did land in Quartile 1 of the Austin regio for the number of staff who agreed Bluff Springs CP was a great place to work. We measure our parental involvement by tracking attendnace at events and sending out quarterly surveys to our families.

Perceptions Strengths

See PDf in addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): We have a low engagement of families who read and or receive our weekly communication. **Root Cause:** We don't have correct phone numbers listed, parents aren't aware of importance of reading the Parent Weekly, and our event times don't work with parents' schedules.

Problem Statement 2 (Prioritized): Academy/CP events need more coordination leading up ot event. **Root Cause:** Lack of time and operating mechanism to execute well-planned events/highly attended events outside of Trunk or Treat and/or Fall Festival.

Priority Problem Statements

Problem Statement 1: An area of need was providing solid class management to establish honest and pure relationships with scholars. The teachers expressed that relationships and consistent class management will support with behavior expectations .

Root Cause 1: We had a large number of suspensions last year that likely could have been deescalated if teachers had proper training and better relationships with scholars (community circles).

Problem Statement 1 Areas: Demographics

Problem Statement 2: An area of need for our teachers was building culture within themselves. Teachers expressed that having more time and space to reflect with one another can strengthen their relationships with one another. They expressed that having relationships within themselves make it hard to have friction in morale.

Root Cause 2: Lack of time and opportunity to build community with one another which led to teachers not always being on the same page.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Creating and managing hotlists earlier in the year to target students.

Root Cause 3: Not determining where we fell short in accountability early enough in the year to identify specific sub-pops we should hone in on during instruction.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Fidelity to aggressive monitoring and in-class tracking.

Root Cause 4: Lack of holding 100% of teachers accountable to doing this on a daily basis as well as how to use the data from these systems real-time to course correct.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: We have a delayed PO Process; paying for things with their own money.

Root Cause 5: We have a lot of new budget restrictions and policies that are continuously changing with short notice.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Extra duties as assigned and filling gaps for teachers who are out is taking more time from teachers planning periods which has negatively impacted work-life balance.

Root Cause 6: We have a lack of available subs/strong guest teachers in the network. We have an increased number of teachers who are out due to sickness.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: We have a low engagement of families who read and or receive our weekly communication.

Root Cause 7: We don't have correct phone numbers listed, parents aren't aware of importance of reading the Parent Weekly, and our event times don't work with parents' schedules.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Academy/CP events need more coordination leading up ot event.

Root Cause 8: Lack of time and operating mechanism to execute well-planned events/highly attended events outside of Trunk or Treat and/or Fall Festival.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- PSAT
- Student Success Initiative (SSI) data for Grades 5 and 8
- Student failure and/or retention rates

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity, gender, etc.
- Section 504 data
- Homeless data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Violence and/or violence prevention records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: Increase staff retention

Performance Objective 1: 85% of staff agree this is a GPTW on GPTW survey.

High Priority

Evaluation Data Sources: GPTW survey data

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Send out mini org health surveys bi-weekly. **Strategy's Expected Result/Impact:** Frequent pulse checks which will allow us to course correct. **Staff Responsible for Monitoring:** Leadership Tem **TEA Priorities:** Recruit, support, retain teachers and principals -	25%	50%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 2: All IDEA students matriculate to college

Performance Objective 1: Achieve an average composite score of 21 on ACT.

High Priority

Campus Funding Summary 18

Addendums 19

Comprehensive Needs Assessment

Revised/Approved: September 13, 2022

Demographics

Demographics Summary

As a kindergarten - 5th grade campus, we recoginize the importance of building a solid academic & social foundation. As such, we embody a campus culture rooted in integrity, unity, and synergism. We charge all 730+ scholars, teachers, and community member to build authentic relationships, maintain growth mind-sets, and to remember to treat all people with the dignity and respect they want.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Lack of targeted focus on health and wellness of scholars through daily implementation of SEL program **Root Cause:** 25% of teachers out daily, due to pandemic, prevented the campus from consistently implementing the SEL program.

Problem Statement 2 (Prioritized): Limited family engagement events **Root Cause:** 25% of teachers out daily, due to pandemic, reduced the number of parent engagement events to two.

Student Learning

Student Learning Summary

Student outcomes resulted in ELA & Math distrinctions; nevertheless, math academic achievement below target score of 54. Additionally, reading outcomes for kinder - 2nd decline from previous year's. Less than 50% of kindergarten and 1st grade students ended the year at grade-level

Student Learning Strengths

See PDF Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Failed to provide TEK aligned instruction in math intervention. **Root Cause:** Curriculum aligned to common core standards & limited instructional experience of teachers to effectively supplement curriculum

Problem Statement 2 (Prioritized): Collaboration with content teacher and AR facilitator to align program needs to classroom instruction **Root Cause:** Accelerated Reading program implemented by classroom teachers to supplement in staffing

Problem Statement 3 (Prioritized): School-wide science project fair to promote cross curriculum instruction and engagement in content. **Root Cause:** Limiting whole group interact led to canceling the science fair

School Processes & Programs

School Processes & Programs Summary

At IDEA Brackenridge we promote learning for scholars and staff. We host weekly professional developments sessions/wk, implement a teacher mentor program, and have created sports clubs to promote physical health & awareness. To support staff in their learning, leaders are coached weekly and conduct daily observations for on-the-spot-coaching.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"

- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Campus leaders were inconsistent in holding staff accountable to campus. **Root Cause:** Teacher handbook did not provide clear and concise expectations and in some areas, implementation varied.

Problem Statement 2 (Prioritized): Only 24% of teachers see our work place as "psychologically safe" environment. **Root Cause:** Demands on instruction, staff shortages, & closing 2+ years of academic gaps places great demands on staff's time, requiring longer work hours with increased chance of harm to health.

Perceptions

Perceptions Summary

At IDEA Brackenridge, we value culture & climates built on inclusion and respect. As such, we reflect on areas of strengths and opportunities, taking into account what families communicate as their experiences, involvement requests, and overall perspective as to how we are serving their children.

Perceptions Strengths

See PDF in Addendum for more information

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Limited campus-wide events for families to increase interactions with teachers and staff **Root Cause:** Group restrictions posed challenges in making personal connections with families in a manner that maintains the integrity of meeting "in-person"

Problem Statement 2 (Prioritized): Failure to ascertain effectiveness of parent involvement events **Root Cause:** No tracking system existed for effectiveness of parent/community events

Priority Problem Statements

Problem Statement 1: Lack of targeted focus on health and wellness of scholars through daily implementation of SEL program

Root Cause 1: 25% of teachers out daily, due to pandemic, prevented the campus from consistently implementing the SEL program.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Limited family engagement events

Root Cause 2: 25% of teachers out daily, due to pandemic, reduced the number of parent engagement events to two.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Limited campus-wide events for families to increase interactions with teachers and staff

Root Cause 3: Group restrictions posed challenges in making personal connections with families in a manner that maintains the integrity of meeting "in-person"

Problem Statement 3 Areas: Perceptions

Problem Statement 4: Failed to provide TEK aligned instruction in math intervention.

Root Cause 4: Curriculum aligned to common core standards & limited instructional experience of teachers to effectively supplement curriculum

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Collaboration with content teacher and AR facilitator to align program needs to classroom instruction

Root Cause 5: Accelerated Reading program implemented by classroom teachers to supplement in staffing

Problem Statement 5 Areas: Student Learning

Problem Statement 6: School-wide science project fair to promote cross curriculum instruction and engagement in content.

Root Cause 6: Limiting whole group interact led to canceling the science fair

Problem Statement 6 Areas: Student Learning

Problem Statement 7: Only 24% of teachers see our work place as "psychologically safe" environment.

Root Cause 7: Demands on instruction, staff shortages, & closing 2+ years of academic gaps places great demands on staff's time, requiring longer work hours with increased chance of harm to health.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Campus leaders were inconsistent in holding staff accountable to campus.

Root Cause 8: Teacher handbook did not provide clear and concise expectations and in some areas, implementation varied.

Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: Failure to ascertain effectiveness of parent involvement events
Root Cause 9: No tracking system existed for effectiveness of parent/community events
Problem Statement 9 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- Campus goals
- HB3 Reading and math goals for PreK-3
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local benchmark or common assessments data
- Texas approved PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio

- State certified and high quality staff data
- Campus leadership data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices
- Action research results

Goals

Goal 1: Increase staff retention

Performance Objective 1: By the end of 2022-2023 IDEA Brackenridge Academy will increase it's staff retention to 85%

High Priority

Evaluation Data Sources: Weekly review and report out of staff retention from district dashboard

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Lead team will review and discuss teacher mission list during weekly lead team tactical meeting **Strategy's Expected Result/Impact:** Early intervention will reduce the percentage of leavers by addressing any issues or concerns in a timely manner. **Staff Responsible for Monitoring:** Lead team **TEA Priorities:** Recruit, support, retain teachers and principals, Improve low-performing schools **Problem Statements:** School Processes & Programs 2				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

School Processes & Programs
Problem Statement 2: Only 24% of teachers see our work place as "psychologically safe" environment. **Root Cause**: Demands on instruction, staff shortages, & closing 2+ years of academic gaps places great demands on staff's time, requiring longer work hours with increased chance of harm to health.

Goal 2: All IDEA students matriculate to college

Performance Objective 1: Increase 2022-2023 STAAR Domain II outcome to 54 for STAAR Reading & Math.

High Priority

HB3 Goal

Evaluation Data Sources: 2022-2023 STAAR outcomes

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Host a minimum of one Saturday School targeting reading and math intervention for 3rd-5th grade students. **Strategy's Expected Result/Impact:** Increased learning opportunities with small homogenous groups will provide targeted interventions resulting in increased learning outcomes. **Staff Responsible for Monitoring:** Juan Gonzalez, Assistant Principal of Instruction (Math) Sheena Miller, Assistant Principal of Instruction (ELAR) **TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **Problem Statements:** Student Learning 1, 2 **Funding Sources:** Co-Teacher - Federal Grant, ILearning Hot Spot - Federal Grant				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: Failed to provide TEK aligned instruction in math intervention. **Root Cause**: Curriculum aligned to common core standards & limited instructional experience of teachers to effectively supplement curriculum
Problem Statement 2: Collaboration with content teacher and AR facilitator to align program needs to classroom instruction **Root Cause**: Accelerated Reading program implemented by classroom teachers to supplement in staffing

Goal 3: IDEA achieves an A rating

Performance Objective 1: Increase special education student performance on 2022-2023 STAAR to 19% meets ELA & to 23% for math.

High Priority

HB3 Goal

Evaluation Data Sources: 2022-2023 STAAR outcomes

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Daily reading and math intervention groups provided to 100% of scholars 2 years or more below grade-level. **Strategy's Expected Result/Impact:** Daily intervention targeted support in reading and math will improve scholars' content mastery **Staff Responsible for Monitoring:** Assistant Principals of instruction (Reading & Math) Special Education Teachers **TEA Priorities:** Recruit, support, retain teachers and principals, Build a foundation of reading and math, Improve low-performing schools **Problem Statements:** Student Learning 1 **Funding Sources:** Interventionist - Federal Grant, Co-teacher - Federal Grant				

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: Failed to provide TEK aligned instruction in math intervention. **Root Cause**: Curriculum aligned to common core standards & limited instructional experience of teachers to effectively supplement curriculum

Goal 4: Increase student daily attendance

Performance Objective 1: By the end of the 2022-2023 school year IDEA Brackenridge Academy will increase the number of scholars attaining 1200 active minutes in Physical Education class

High Priority

Evaluation Data Sources: Track monthly use of IHT monitors through report out

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Physical Education teachers conduct outdoor physical activity no less than ten times per week **Strategy's Expected Result/Impact:** Outdoor activities result in increased physical activity exercises. **Staff Responsible for Monitoring:** Physical Education Teachers Assistant Principal of Instruction (PE) **TEA Priorities:** Recruit, support, retain teachers and principals, Improve low-performing schools **Problem Statements:** Demographics 1				

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: Lack of targeted focus on health and wellness of scholars through daily implementation of SEL program **Root Cause**: 25% of teachers out daily, due to pandemic, prevented the campus from consistently implementing the SEL program.

Goal 5: Increase student persistence

Performance Objective 1: By the end of the 2022-2023 school year 100% of IDEA Brackenridge Academy students will participate in Move This World to support violence prevention & healthy social emotional development

High Priority

Evaluation Data Sources: Weekly tracking of Move This World's implementation at 3x/wk

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers schedule a minimum of 15 minutes 3x/wk for Move This World implementation and students' reflection on their learning. **Strategy's Expected Result/Impact:** As scholars develop health ways to interact with each other, it reduces unhealthy interactions. **Staff Responsible for Monitoring:** School Counselor **TEA Priorities:** Recruit, support, retain teachers and principals, Build a foundation of reading and math, Improve low-performing schools **Problem Statements:** Demographics 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: Lack of targeted focus on health and wellness of scholars through daily implementation of SEL program **Root Cause**: 25% of teachers out daily, due to pandemic, prevented the campus from consistently implementing the SEL program.

Annual Performance Objectives (APO)

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%

1B. % of graduates matriculate to a Tier I/II College or University: 15% | 25%

1C. % of Seniors accepted to a College or University: 100%

1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%

1E. Earned State Rating: A

1F. % Basic | % Mastery | % Advanced on LEAP: 82% | 44% | 11%

1G. % Approaches | % Meets | % Masters on STAAR/EOC: 90% | 60% | 30%

1H. % Level 3 | % Level 4 | % Level 5 on FSA/FSAA: 70% | 40% | 20%

1I. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading - Year 1 Campuses | Year 2 Campuses: 80% | 90%

1J. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%

1K. Average ACT score: 21

1L. % of students graduating college in 4 | 6 years: 25% | 55%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%

2B. 80% composit score on GPTW: 82%

2B. %Average Daily Attendance: 97.50%

2C. New Student Persistence: 90%

2D. Operating Income: $133M

2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%

3B. Enrollment in August 2020: 83,894

3C. Schools in operation in August 2020: 149

3D. Total Funds Raised (millions): $93M

IDEA Public Schools

Brackenridge College Prep

2022-2023 Campus Improvement Plan

Accountability Rating: B

Distinction Designations:
Academic Achievement in Science
Academic Achievement in Social Studies

Board Approval Date: October 21, 2022
Public Presentation Date: September 12, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Our campus is a 6-11 grade campus. We have in excess of 600 students. Our SES is in excess of 85%.

Our School is made up of

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): New to IDEA students withdrawal at a higher rate than returning scholars. **Root Cause:** Set POI's per grade level to increase new student touchpints.

Problem Statement 2 (Prioritized): VIP programs have not been held consistently. **Root Cause:** Due to staffing shortages, we have de-prioritized the VIP program.

Student Learning

Student Learning Summary

Our scholars perform at a rate greater than ALL campuses aroudn us in our zipcode. This is caused by our focus on clear expectations, our consistent use of grading rubics that scholars see daily, and recursive review.

See PDF in Addendum for more information

Student Learning Strengths

See PDF in Addendum for more information

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): When high interest texts are not utilized for lesson planning, scholars do not participate fully. **Root Cause:** Managers were not reviewing lesson plans to look specifically for high interest texts.

Problem Statement 2 (Prioritized): Inconsistent daily rigor aligned with the EOY exam causes gaps in student understanding. **Root Cause:** API's did not specifically check the rigor of INM/GP CFU's.

School Processes & Programs

School Processes & Programs Summary

We develop our instructional leaders by providing clear exemplars on coaching processes and data reviews. This in turn allows our isntructional lead teams to focus our teachers attention on the key areas for excellent teaching such as: Strong/clear lesson planning, tight loop coaching and weekly coaching conversations.

See PDF in Addendum for more information

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years

- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): With staff who are uncertified, the likelihood that they will feel overwhelmed and succumb to the demands of the role are higher. **Root Cause:** We source any staff who apply. We do not have a filter for certified staff.

Problem Statement 2 (Prioritized): Inconsistent praise throughout the year created gaps in celebrations. **Root Cause:** We did not mechanize how/where we provided praise. This caused praise to be inconsistent.

Perceptions

Perceptions Summary

Perception of our campus is improving steadily each year. We have improved in consistency as it relates to solving student to student conflict, clarity in our academic programming model, and our great places to work survey (district wide survey) has been consistently between 75-85%.

See PDF in Addendum for more information.

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): New Families feel confused when their expectations do not meet the IDEA program model norms. **Root Cause:** Not all new to idea families participated in Welcome to Idea events.

Problem Statement 2 (Prioritized): When parents do not understand our restorative practice system, they feel confused with how our campus responds to misbehaviors. **Root Cause:** We failed to share specifics on the restorative systems with parents.

Priority Problem Statements

Problem Statement 1: When high interest texts are not utilized for lesson planning, scholars do not participate fully.
Root Cause 1: Managers were not reviewing lesson plans to look specifically for high interest texts.
Problem Statement 1 Areas: Student Learning

Problem Statement 2: Inconsistent daily rigor aligned with the EOY exam causes gaps in student understanding.
Root Cause 2: API's did not specifically check the rigor of INM/GP CFU's.
Problem Statement 2 Areas: Student Learning

Problem Statement 3: Inconsistent praise throughout the year created gaps in celebrations.
Root Cause 3: We did not mechanize how/where we provided praise. This caused praise to be inconsistent.
Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: With staff who are uncertified, the likelihood that they will feel overwhelmed and succumb to the demands of the role are higher.
Root Cause 4: We source any staff who apply. We do not have a filter for certified staff.
Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: New Families feel confused when their expectations do not meet the IDEA program model norms.
Root Cause 5: Not all new to idea families participated in Welcome to Idea events.
Problem Statement 5 Areas: Perceptions

Problem Statement 6: When parents do not understand our restorative practice system, they feel confused with how our campus responds to misbehaviors.
Root Cause 6: We failed to share specifics on the restorative systems with parents.
Problem Statement 6 Areas: Perceptions

Problem Statement 7: VIP programs have not been held consistently.
Root Cause 7: Due to staffing shortages, we have de-prioritized the VIP program.
Problem Statement 7 Areas: Demographics

Problem Statement 8: New to IDEA students withdrawal at a higher rate than returning scholars.
Root Cause 8: Set POI's per grade level to increase new student touchpints.
Problem Statement 8 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant information
- Student Success Initiative (SSI) data for Grades 5 and 8
- SSI: Apex Learning accelerated reading assessment data for English I and II (TEA approved statewide license)
- Observation Survey results

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Homeless data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data

- Discipline records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- Class size averages by grade and subject

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus department and/or faculty meeting discussions and data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation

Goals

Goal 1: Increase staff retention

Performance Objective 1: By the end of the 22-23 SY, Brackenridge will increase staff retention to 85% or higher.

High Priority

Evaluation Data Sources: GPTW Survey

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Lead team will present and discuss teacher mission list during weekly lead team tactical meeting and during check-ins with assistant principal **Strategy's Expected Result/Impact:** Early detection and intervention for teacher mission list **Staff Responsible for Monitoring:** Lead Team (API's, Administrator, Counselor) **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** Demographics 2

Reflections	
Areas of Strength	**Areas of Need**
1) Teachers are able to confidently look at data and determine highest leverage reteach. This is our deep-dive document that is due within 24 hours of a scanned exam.	1) We need to increase our focus on quality cloning of questions to ensure they are focusing on the golden nuggets of the question. We are going to embeed additional assessments which we will call STAAR days DURING the unit rather than shifting focus at the end of the year.
2) Those teachers that are currently using the unit breakdown approach they are not proficient. This process allows them to break down a unit on their own and find additional days for review and mini-assessment.	2) Consistent Exam Unit Planning is necessary for teachers to visualize and create their own plans towards content exams.
3) Effective math instruction breaks challenging TEKS into clear steps that make the application of a skill much simplyer. Our staff create anchor charts that can be reviewed and brought up as often as necessary to support student mastery.	.3) Ensuring urgency to fill each moment of instruction thorughout the whole campus

IDEA Public Schools

Brownsville Academy

2022-2023 Campus Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Mathematics
Academic Achievement in Science

Top 25 Percent: Comparative Closing the Gaps
Postsecondary Readiness

Board Approval Date: October 21, 2022
Public Presentation Date: September 9, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Fostering a Community of Lifelong Learners

IDEA Brownsville Academy will foster opportunities for parents, students, and staff to become a community of lifelong learners. Bobcats will learn to articulate their emotions and academic needs as well as support each other through encouraging acts of kindness and open communication. IDEA Bobcats will participate in a school community built on three pillars:

Love of Learning

Continuous Improvement

School Connectedness

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**

- We bring **Joy**
- We **Sweat the Small Stuff**

We believe that:â€‹ Character & Cultural Competence Build Great Citizensâ€‹, Responding to Diverse Needs Promotes Equityâ€‹, Reflective Decisions Drive Continuous Improvement.

Comprehensive Needs Assessment

Revised/Approved: September 9, 2022

Demographics

Demographics Summary

IDEA Brownsville Academy is part of the IDEA Public Schools open charter school district. Our campus was founded in 2012 and serves students from kinder through 5th grade. Our approximate enrollment is 710 students; 54% males and 46% females. The demographics in our campus is comprised of the following: 59% at-risk, 6% special education, 74.9% economically disadvantaged, 51% emergent bilinguals, 95.8% Hispanic, 3.2% white, 3.4% Pacific Islander, 1.1% African-American, and 3 other groups with less than 1% population. Our new students are selected through lottery in February after the registration period that runs from September to January.

The average daily attendance for IDEA Brownsville Academy for the 21-22 school year was 92%. Mobility rate is less than 5%. Our discipline records show a total of 45 incidents out of which 24 were out of school suspensions and 21 were in-school suspensions. Our total student attirtion was 69 students, equal to 10%.

The average number of student to teacher ratio is 27. Our staff is comprised of 32 full-time teachers (6 males and 26 females) and 13 co-teachers along with 2 RISE units (lifeskills) serving students K-5. Close to 55% of the staff has been teaching between 6-10 years and 19% have taught less than 5 years. The majority of the staff identifies Hispanic (84%) and 14% white. Students in grades 1st-5th have a teacher per subject, while only kindergarten is self-contained. Our teacher retention is 86%. While not all teachers are certitifed, they all hold a four-year degree and 4% hold a masters. Ten out of thirteen co-teachers hold a bachelors degree while the other 3 hold an associates.

Among the different supplemental programs offered are a bilingual program for transitional late exit, ESL services, Special Education, and an After School Program including tutorial, sports, dance, cheer, music, art, chess, and coding classes. There are multiple student clubs specific to age groups.

See PDF in Addendum for more information.

Demographics Strengths

*Staff retention rates have been steadily over 85% for the past 4 years.

*Four staff members received an ESL certification last year to target the needs of our growing bilingual population.

*Balance of varying degrees of years of experience among staff- experienced and new.

*Assistance and support provided to striving learners in all grade levels throughout the entire school year.

*Equity in after school programs offered K-5.

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Our Average Daily Attendance is below 97% which affects instruction. There is a need to improve attendance. **Root Cause:** COVID quarantines reduced the ADA for all grade levels. Lack of communication around implications for excessive absences.

Problem Statement 2: There is a need to increase Parent Engagement. Parents were unable to engage frequently with teachers and students during events which created a gap in our family engagement goals. **Root Cause:** There were limited visitors allowed on campus for both safety and health reasons. There has been a rise in safety concerns across the state and opening up our doors to the public come with a series of improvements to ensure safety.

Problem Statement 3 (Prioritized): There is a need to continually review our strategies to support special education students who did not meet standards in every content in STAAR tests. **Root Cause:** Interventions and remediations are not addressing the multiple learning gaps.

Problem Statement 4: There is a need to remain culturally aware of our learner needs. Students who are not coded as economically disadvantaged are outperforming other student population. **Root Cause:** Not enough opportunities are provided for student to make connections to existing background knowledge.

Student Learning

Student Learning Summary

Student progress at IDEA Brownsville Academy as evidenced by the latest state accountability ratings shows an increase from an 88 to a 97 score with 100% participation rate. Our student achievement score was an 89 broken down as foolows: 85% approaches, 58% meets, and 33% masters in all subjects. With a total of 377 tests we earned 342 points for school progress placing us at a 95 out of 100. We also scored 100/100 in closings the gaps meeting the targets for every major group in our school demographics including 42% of our English Language Learners making at least one year progress in TELPAS.

This has been a significant improvement from prior years in which only the Reading taregts have been met and there has been limited student growth. This year every target was met for every group showing an increase in student academic growth in both reading and math. A distinction designation was earned for every category making this the first year since 2018 that the campus meets six out of six distinctions: math, ELA, science, growth, gaps, and post secondary readiness.

Regarding our K-2 students, over 90% of both kinder and second graders ended the school year on or above grade level according to our district curriuclum guidelines and DIBELS testing. Math assessments demonstrate that at least 50% of our students ended the year on or above grade level and the rest need additional support in preparedness for the next grade level.

Our retention rate for the 21-22 school year was less than 2% and all students are currenlty placed in RtI.

As we embark in the 22-23 school year, we will continue to collect data through the use of:

-Ren Star

-Panorama Results

-STAAR/TELPAS

-Grades

-RtI progress monitoring

-HB 4545 tracker

See PDF in Addendum for more information.

Student Learning Strengths

*The use of Imagine Learning software has proven to help close gaps by at least a school year with regular use and monitoring. We received recognition for highest usage 3 months last year and there was a direct correlation between student usage and academic growth.

*There has been a quick turnaround for students receiving RtI and qualifying for special education referral as well as those continuing with interventions.

*All targets for reading and math were met in STAAR testing and six out six distinction designations received in state accountability.

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a need to reduce number of students who missed questions in STAAR in both reading and math due to limited vocabulary. **Root Cause:** Teachers need training in bilingual strategies and setting challenging and rigorous learning targets due to the varying abilities, prior knowledge and limited vocabulary in EL students and other populations.

Problem Statement 2 (Prioritized): There is a need to improve our instructional strategies and teacher coaching & development to increase Science performance in STAAR. **Root Cause:** Inconsistent and late coaching to build teacher capacity to develop content mastery and engage students in meaningful activities that support all learners' needs was given.

Problem Statement 3 (Prioritized): There is a need to support our families with extraordinary family needs; 48% of our current second graders ended the year below grade level in reading. **Root Cause:** Our teachers lack skills in making strong connections of student/family needs and in providing possible community and instructional resources.

Problem Statement 4 (Prioritized): 90% of our Spanish STAAR testers did not meet passing standards in any content. **Root Cause:** Lack of Spanish supplemental materials during instruction to solidify foundational language.

School Processes & Programs

School Processes & Programs Summary

Our campus has a "leader in training" (LIT) program that allows teachers to practice and implement leadership skills by joining administration during instrcutional rounds, work on organizing time and tasks, idenitfy root cuases for instructional gaps, and master their craft in teaching. For all existing leaders there is a scope and sequewnce that is followed throughout the year providing ample opportunities for unpacking, practice and feedback of skills needed to perform leadership and coaching tasks.

Professional development is created based on campus trends and categorized into three: awareness, understanding and application. Each category or pathway, provide teachers ooportunities to become proficient in one area. For exmaple, in the awareness pathways teachers gain actionable skills around building relations, behavior, social emotional well-being, & classroom management. Staff interested in developing foundational understanding of a focus instructional area such as building background, making connections, activating prior knowledge, enhancing vocabulary skills in any content participate in the understanding pathway. Staff interested in engaging in personalized coaching and explore concepts of building strategies for striving learners: special populations including, but not limited to, special education, English learners, 504, RtI and other participate in the application pathway. When data yields specific areas of concern, we push that strategy to one of the three pathways to ensure staff receives the training they need in a timely manner.

To support powerful teaching and learning, teachers are recognized publicly every year and are idenitifed as master teachers for others to observe and visit. Teachers are tiered accoridng to level of support needed to allow for creativity and autonomy in HOW they conduct business while we are clear about the WHAT needs to get done.

Included in the master schedule is Move This World, a social-emotional curriculum paired up with Respect, Obey, Act Responsibly, Ready to Learn: R.O.A.R adapted from PBIS to encourage students to make the right choices at all times. Our school has posters located in centralized areas promoting R.O.A.R. and IDEA 55. Mindful strategies are provide to learners so they can apply them during classes, recess, or intervention time.

Curriculum meetings are held every year to equip parents with tools necessary to suport their children during the course of the year.

Restorative discipline approaches are utilized when possible allowing staff to collaborate and communicate common areas of concern using Kickboard, and ABC strategies. All students' discipline is monitored through a positive approach earning points for following R.O.A.R.

Every Monday there is a PowWow celebration in which all Bobcats receive school recognition for their attendance, choices, academic performance, and physical activity accomplishments.

Our campus offers extracurricular activities such as sports, dance, cheer, arts and crafts, ballroom dance, folklorico dance, hip hop dance, coding, gaming, guitar (music) Mondsay thru Friday free of charge.

Campus operating mechanisms include constant progress monitoring of all populations to ensure a love of learning and continuous improvement are in place. Bobcats are supervised at all times during recess and lunch breaks. Cameras are located in every hallway for additional supervision. All doors remain locked throughout the school day.

See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"

- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There is a need in creating a balance for Staff work and life with the amount of time it takes to prepare for lesson plans. **Root Cause:** We have over 50% of new staff or new to content and teachers are needing time to process the information prior to creating lesson plans which adds longer hours to the work day.

Problem Statement 2 (Prioritized): There is a continuous need to assess the safety practices, procedures, and protocols in our campus to ensure Student Culture is consistent among grade levels. **Root Cause:** Due to the size of our campus and staff rotation.

Perceptions

Perceptions Summary

We believe that our families apply to IDEA Brownsville in serach of a structured and safe learning environment. Our classroms are structured so all stduents receive the best education possible and lare conducive for learners to grow and interact with one another. Incentives are available through our Bob-ee store based on accumulated points in Kickboard.

Onboarding sessions are scheduled for all families who do not attend our school-wide Welcome to IDEA event in May. During onboarding, parenst receive a Parent Playbook, one-to-one session around expectations, how we communicate with families, and logistical information to ensure a smooth first day. Parents also meet with the grade level administrator in charge of their grade and with the school principal. All other departments such as transportation, health station, cafeteria, and after school programs make contact with the parent to offer services and answer questions.

We value our partnerships with our families and community members through the referral program for lottery.

Our staff retention was 86% (one retiree, one involuntary release, two voluntary exits due to promotion in another district). All new staff are partnered up with a mentor and receive weekly coaching by their manager, expert in the content they teach. Staff mediation occurs with the campus principal if needed. As of last year, no peer mediation was needed.

Staff receive information regarding academic expectation during beginning of year PD via a one pager classroom and content expectations checklist. They also attend weekly check-ins with their manager, biweekly grade level meetings, and use TEAMS app as their main source of campus communication amongst staff. TEAMS has been divided into relevant channels to best organize the work teachers do.

Staff absences has shown an increase in the last couple of years due to COVID, but only 3 out of 37 staff members exhausted their 10 local/state days during the year.

According to our Great Places to Work Survey, 80% of staff strongly agree that they work in a great place at IDEA Brownsville.

Parent participation rates are measured via sign-in sheets for every event hosted. We laso note viewing from our Facebook posts and responses and recation to REMIND messages. During parent survey season, we notify teachers of percentage acquired per class of returned surveys. Our current situation does not allow for the amount of parent participation we would like, but on average we get over 70% of our families engage in every event. During our meet the teacher this year, 75% of families attended. During out Welcome to IDEA event in May, 60% showed up in person while the remaining 40% received a virtual onboarding.

See PDF in Addendum for more information.

Perceptions Strengths

*High level of supervision and consistent implementation of front office protocols.

*100% staff trained and responsive to safety measures.

*Parent/Teacher participation in curriculum meetings twice a year.

*Facebook live and parent weekly to showcase our campus work.

*Staff attendance and retention

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There is a need to increase Family engagement as it decreased by 15% last year as compared to pre-COVID year. **Root Cause:** Lack of coordination between academy and college prep to properly schedule common events.

Problem Statement 2 (Prioritized): There is a need to focus on the social emotional wellness of all learners, especially our New Students. **Root Cause:** Greater focus on the academic aspect rather than focusing on the whole child.

Problem Statement 3 (Prioritized): Communication has been identified as an area of improvement in parent surveys. **Root Cause:** Every family wants different forms of communication and not all staff in consistent in following the schools' flowchart.

Priority Problem Statements

Problem Statement 1: There is a need to improve our instructional strategies and teacher coaching & development to increase Science performance in STAAR.

Root Cause 1: Inconsistent and late coaching to build teacher capacity to develop content mastery and engage students in meaningful activities that support all learners' needs was given.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: There is a need to reduce number of students who missed questions in STAAR in both reading and math due to limited vocabulary.

Root Cause 2: Teachers need training in bilingual strategies and setting challenging and rigorous learning targets due to the varying abilities, prior knowledge and limited vocabulary in EL students and other populations.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: There is a need to focus on the social emotional wellness of all learners, especially our New Students.

Root Cause 3: Greater focus on the academic aspect rather than focusing on the whole child.

Problem Statement 3 Areas: Perceptions

Problem Statement 4: Our Average Daily Attendance is below 97% which affects instruction. There is a need to improve attendance.

Root Cause 4: COVID quarantines reduced the ADA for all grade levels. Lack of communication around implications for excessive absences.

Problem Statement 4 Areas: Demographics

Problem Statement 5: There is a continuous need to assess the safety practices, procedures, and protocols in our campus to ensure Student Culture is consistent among grade levels.

Root Cause 5: Due to the size of our campus and staff rotation.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Communication has been identified as an area of improvement in parent surveys.

Root Cause 6: Every family wants different forms of communication and not all staff in consistent in following the schools' flowchart.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: There is a need to increase Family engagement as it decreased by 15% last year as compared to pre-COVID year.

Root Cause 7: Lack of coordination between academy and college prep to properly schedule common events.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: There is a need to support our families with extraordinary family needs; 48% of our current second graders ended the year below grade level in reading.

Root Cause 8: Our teachers lack skills in making strong connections of student/family needs and in providing possible community and instructional resources.

Problem Statement 8 Areas: Student Learning

Problem Statement 9: 90% of our Spanish STAAR testers did not meet passing standards in any content.

Root Cause 9: Lack of Spanish supplemental materials during instruction to solidify foundational language.

Problem Statement 9 Areas: Student Learning

Problem Statement 10: There is a need to continually review our strategies to support special education students who did not meet standards in every content in STAAR tests.

Root Cause 10: Interventions and remediations are not addressing the multiple learning gaps.

Problem Statement 10 Areas: Demographics

Problem Statement 11: There is a need in creating a balance for Staff work and life with the amount of time it takes to prepare for lesson plans.

Root Cause 11: We have over 50% of new staff or new to content and teachers are needing time to process the information prior to creating lesson plans which adds longer hours to the work day.

Problem Statement 11 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student Success Initiative (SSI) data for Grades 5 and 8
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Texas approved PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact
- Equity data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices
- Other additional data

Goals

Goal 1: All IDEA Brownsville students matriculate to college.

Performance Objective 1: All seniors will receive high quality counseling sessions with Director of College Counseling.

High Priority

HB3 Goal

Evaluation Data Sources: Meeting Notes, tracker of applications and admissions, financial aid applications

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: HB 3 implementation of career, college and military readiness goals. **Strategy's Expected Result/Impact:** Increase number of Tier 1 applications and acceptances to 25% **Staff Responsible for Monitoring:** CP Principal, DCC, Campus Educators **TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 1, 3	25%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: There is a need to reduce number of students who missed questions in STAAR in both reading and math due to limited vocabulary. **Root Cause**: Teachers need training in bilingual strategies and setting challenging and rigorous learning targets due to the varying abilities, prior knowledge and limited vocabulary in EL students and other populations.
Problem Statement 3: There is a need to support our families with extraordinary family needs; 48% of our current second graders ended the year below grade level in reading. **Root Cause**: Our teachers lack skills in making strong connections of student/family needs and in providing possible community and instructional resources.

Goal 2: IDEA Brownsville achieves an A rating.

Performance Objective 1: Multiple modalities of quantitative and qualitative data will be analyzed to respond to the needs of all learners, including special education.

High Priority

Evaluation Data Sources: Instructional rounds, Data meetings, co-planning sessions, Gradebook audit

Reflections	
Areas of Strength	**Areas of Need**
1. Bringing in Math Sumer camp students to help them close gaps prior to next school year.	1. Conflicting events (other tests/district assessments like DIBELS, Renstar, etc) that effect math testing or review days for Math.
2. Math interventionist for 4-5 with individualized plan for small group instruction that started in January.	2. Teachers are not fully aware of what students are assessed for RenSTAR diagnostic tests and how to analyze the data to further impact student growth.

3. Ongoing collaboration between 3-5.	3. No designated math interventionist for K-3 to pull out small groups.

Reflections	
Areas of Strength	**Areas of Need**
Fifth graders engaged in rich academic discussions and writing assessments while citing historical evidence. Integrating reading, writing, and history will ensure college readiness.	Writing assessments are challenging and require a lot of a scaffolding. The district or the curriculum developers can maybe provide a workbook with worksheets, graphic organizers, activities, etc. to align with the lessons. The district only provided Student Documents which consisted of question-and-answer notes.
The second grade Direct Instruction Curriculum allows students to learn georgraphy, historical dates, human cultures, and historical events. Students are given the opportunity to label maps of countries, people from different countries, events around the world that have taken place, explorers, and the histoy of the development of countries.	Wit and Wisdom does a wonderful job of discussing some of the instruction that is shared with Humanities. In Humanities, the timeline does not correlate with Wit and Wisdom. Students learn some of the content out of order, not according to a historical timeline. Students get confused with when events happened historically.
They experience of humanities allows for a high level of engagement from students. This allows for a high level of class discussion and analyzes.	Topics were interesting to students and required a higher level of comprehension in order to be able to engage. The instruction and curriculum is difficult for students who are still not on grade level. Many of the exit tickets and writing required was too difficult for students who are barely learning to write in the lower grade levels.

Reflection	
Areas of Strength	**Areas of Need**
1. (Staff Quality) Most of our teachers have a bachelor. Also, we have staff with multiple certifications.	1. (Staff Quality) Offer incentives to encourage teachers to pursue and test for other certifications.
2. (Staff Recruiment) Our latest additions to our staff have been young, recent graduates, no experience. This is great to our teacher because it allows our campus leaders to mold new teachers into our IDEA culture.	2. (Staff Recruitment) Considering hire a few teachers with experience from another IDEA campus to bring new ideas to our campus.
3. (Staff Retention) Teachers appreciated keeping our salary higher than other districts. Also, teachers are glad to continue our TCP. Lastly, thankful for our campus leaders for creating a safe enviroment since day 1.	3. (Staff Retention) Staff felt overwhelmed this year with workload. A chuck of that workload came from lesson planning. Considering a simpler method of turning in lesson plans for the week.

Mission Statement

IDEA College Prep Brownsville prepares students from underserved communities for success in college and beyond. We are committed to ensuring that all students reach their potential of becoming socially responsible, intellectually courageous citizens of the world by upholding our core values and offering a rigorous and engaging academic program.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

We achieve **Academic Excellence**
We deliver **Results**
We ensure **Equity**
We build **Team & Family**
We act with **Integrity**
We bring **Joy**
We **Sweat the Small Stuff**

Demographics

Demographics Summary

We are a College Prep Campus that was founded in August of 2012. We opened our doors to our community with Kinder, 1st, 2nd, and 6th grades. Since then, we have become a full scale campus serving scholars from Kinder thru 12th grade. Our current enrollment in grades 6th thru 12th is 761 students. Our community is mostly Hispanic, and our campus student population is around 58% Hispanic. We are a College Prep with 65 Faculty and Staff Members. Due the COVID-19 pandemic, our previous year's ADA left our campus with an area for growth. Our goal as a district is to have a 97% attendance rate, however, our campus came in at 91.43%. We are at 8% in Special Populations. We are 32.98% ELL. We are at 76% Economically Disadvantaged. We are 97.63% Hispanic. Our campus is at 57.69% male. Our campus is at 42.97% female. 100% of our students, except for those students in our RISE Units (Reaching Independence Through Support and Education – formerly known as Life Skills) take either our Advanced Placement (AP) courses or our International Baccalaureate (IB) courses in high school. Special program services are specifically designed to meet the unique needs of our students. All special program services are provided in the least restrictive environment, which may be special education settings, general education settings, or a combination of both. All students receiving special programs services are educated to the maximum extent appropriate with their peers as well as participating in all school activities. The programs are strategically designed to align with the needs of students, parents, and the community.The goal of the programs is to provide assistance to student and enable them to become academically successful in all of their classes and activities.

We are a campus that promotes 100% graduation rates and because our district goal is 100% college for all, or 100% college matriculation, our CCMR is addressed. We have had some students in our district that go into the military, for our campus, it has only been one this past year. This also plays into our CCMR accountability rating. Our teacher retention rate is 90%. When we opened in 2012, our campus was a scaling campus, meaning that since we opened with 6th grade, every after, we would be adding the next grade level, going 7th, then 8th, etc. until 2019, when we had our first graduating class of seniors. In 2019, we became a fully scaled campus with 6th thru 12th grade students. IDEA Public Schools – Headquarters, has a recruitment team that leads advertises in different platforms to help recruit new faculty and staff. There is an online application process that new faculty and staff must fill out, and that initiates the process of looking at qualifications, what vacancies we have available, and initial interviews which then lead to potential follow up interviews for those vacancies.

Our lead team is composed of one Principal, three Assistant Principals, one Director of College Counseling, two College Counselors, one Assistant Principal of Operations, one School Counselor, and one Social Worker. Our campus also has other leaders in various positions, such as grade level team leaders in every grade from 6th grade through 12th grade. They take care of most of the logistics and behavior in their respective grade levels. We also have academic content leaders, which take care of our academic side of the campus such as helping with curriculum, lesson planning, and professional development. Our content leaders consist of the following: math, ELA, science, humanities, and electives courses.

As far as collaboration with the planning process, the school community members are involved in various aspects of the yearlong planning process. For example, our lead team works with and plans the yearlong professional development along with our content leaders and our headquarters. IDEA Headquarters

will provide a scope and sequence for our beginning of the year professional development. Our grade level team leaders and content leaders also provide feedback on the scope and sequence as the year progresses. We will also have planning days for our grade level team leaders during the year so we can plan for our campus grade level field lessons. Ultimately, all these collaboration meetings, or opportunities roll up to our improvement plans, starting with, the first days of professional development at the beginning of the year. Our campus relies heavily on investing our all our stakeholders so we can attain the best possible outcomes for our scholars. See "2022-2023 ICP Brownsville CNA" PDF in Addendum for more information.

Demographics Strengths

See "2022-2023 ICP Brownsville CNA" PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Over the last 24 months, we have seen a decrease in overall student attendance on our campus. **Root Cause:** (1) The mindset of some families not prioritizing student attendance. (2) Infrequent and inconsistent communication with families about the importance of attendance. (3) Our channels of communication may not be reaching all of our families all of the time.

Problem Statement 2 (Prioritized): Our special programs department has not met the target metric of 60% mastery on STAAR. **Root Cause:** (1) Lack of staff development revolving around classroom strategies specifically for students in special programs. (2) Increase EB (Emergent Bilingual) collaboration between teachers and EB Coordinator

Problem Statement 3 (Prioritized): There has been an increase in overall student leavers over the past two years. **Root Cause:** (1) Lack of investment in academic programs. (2) Lack of extra-curricular activities (sports, clubs).

Student Learning

Student Learning Summary

IDEA College Prep Brownsville earned an "A" rating for the 2021-2022 academic year. We earned an overall score of 92. We earned the following in the rest of the ratings: In "Student Achievement = 93 / A" ; "School Progress = 94 / A" ; "Closing the Gaps 86 / B." We also earned 5 out of 7 Distinctions – we earned distinctions in: ELA/Reading, Science, Postsecondary Readiness, Mathematics, and Social Studies. We did not earn Distinctions in Academic Growth and Closing the Gaps. Regarding CCMR, because we do offer AP courses, IB courses and our Juniors and Seniors take the ACT, have a 100% graduation rate, and we either send 100% of our students to a 2-year, 4-year college or university, our CCMR is addressed. We also have a College Counseling team that is comprised of one Director of College Counseling and two College Counselors. This team works one on one with our juniors and seniors getting them ready for their post-secondary education. They work on helping our student be 100% Texas Success Initiative (TSI) Exempt, they work tutoring for the ACT with a target goal of our class average being a 21. They also help students with their financial aid, help students decide what colleges or universities are a best fit for whatever career they would like to pursue. The College Counseling Team also works on ensuring that all our students graduation plans are in order, by auditing all our students' credits on courses taken to ensure that they are on track to graduate on time.

Our goal is for 98% of all our scholars, from grades 6th through 12th to be "On Track to Graduate." However, we do have to retain students for various reasons over the course of all our grade levels, and contents. For our Middle School, our retention rate is 1%. For our High School, it is 1%. We use many strategies to prevent our students from failing, employing parent communication, afterschool tutorials, Saturday tutorials, and intervention blocks built into the school day. All our teachers also check in with their instructional coaches either once a week, or once every two weeks. During these check ins, they discuss best teaching practices, lesson planning and students of concern. In these check ins, we also have a chance to speak about and address any concerns with our special education students. Our special education teachers also have their check ins and get a chance to address our students in special education. Over the course of the last STAAR administration for 2021-2022, our SPED passing rate was 54%. In the English Language assessments, the same strategies apply for all our students as previously mentioned, and our overall.

In our English Language assessments, for our 6th grade final results, in regard to Approaches / Meets / Masters – 82/67/33. For our 7th grade final results we ended with 88/74/42. For our 8th grade, we ended with 94/79/48. For our 9th grade we ended with 80/67/22. For our 10th grade we ended with 83/76/15.

The performance of male students at IDEA Brownsville College Prep for the 2021-2022 school year in Reading/Writing are at 85|65|32 for Approaches|Meets|Masters according the STAAR and EOC exams, 77|47|26 for STAAR exams in Math and Algebra, 85|65|44 for 8th grade Social Studies and US History, and 91|66|26 in Biology. Female students by comparison performed at 86|71|35 for their Reading/Writing, 77|44|31 for STAAR exams in Math and Algebra, 91|58|35 for 8th grade Social Studies and US History, and 88|78|23 in Biology.

The performance of Economically Disadvantaged students at IDEA Brownsville College Prep for the 2021-2022 school year in Reading/Writing are at 84|66|32 for Approaches|Meets|Masters according the STAAR and EOC exams, 75|41|25 for STAAR exams in Math and Algebra, 85|58|32 for 8th grade Social Studies and US History, and 88|70|23 in Biology. Non-economically Disadvantaged students by comparison performed at 93|75|38 for their Reading/Writing, 86|64|39 for STAAR exams in Math and Algebra, 98|76|69 for 8th grade Social Studies and US History, and 96|79|32 in Biology.

The performance of students in the Title I program at IDEA Brownsville College Prep for the 2021-2022 school year in Reading/Writing are at 87|69|34 for Approaches|Meets|Masters according the STAAR and EOC exams, 83|51|352or STAAR exams in Math and Algebra, 89|63|40 for 8th grade Social Studies and

US History, and 90|75|25 in Biology. Students not designated as Title I students by comparison performed at 63|50|28 for their Reading/Writing, 80|48|24 for STAAR exams in Math and Algebra, 73|36|27 for 8th grade Social Studies and US History, and 88|50|19 in Biology.

The performance of Emergent Bilingual (EB) students at IDEA Brownsville College Prep for the 2021-2022 school year in Reading/Writing are at 74|47|18 for Approaches|Meets|Masters according the STAAR and EOC exams, 69|32|18 for STAAR exams in Math and Algebra, 79|46|23 for 8th grade Social Studies and US History, and 74|49|11 in Biology. Our Monitored Year 3 and Year 4 students by comparison performed at 89|89|28 and 85|85|50 for their Reading/Writing, 89|89|28 and 90|70|70 for STAAR exams in Math and Algebra, 91|91|64 and 100|63|25 for 8th grade Social Studies and US History, and 100|88|38 in Biology for Monitored Year 3 with no data to report for Monitored Year 4. Another group to consider are our Non-Emergent Bilinguals that performed at 93|79|43 for their Reading/Writing, 81|53|32 for STAAR exams in Math and Algebra, 92|69|50 for 8th grade Social Studies and US History, and 98|84|32 in Biology.

The performance of Special Education students at IDEA Brownsville College Prep for the 2021-2022 school year in Reading/Writing are at 48|28|13 for Approaches|Meets|Masters according the STAAR and EOC exams, 50|18|14 for STAAR exams in Math and Algebra, 65|29|12 for 8th grade Social Studies and US History, and 55|18|0 in Biology. General Education students by comparison performed at 88|71|35 for their Reading/Writing, 79|48|29 for STAAR exams in Math and Algebra, 90|65|42 for 8th grade Social Studies and US History, and 93|77|27 in Biology.

The performance of At-Risk students at IDEA Brownsville College Prep for the 2021-2022 school year in Reading/Writing are at 77|54|20 for Approaches|Meets|Masters according the STAAR and EOC exams, 68|31|16 for STAAR exams in Math and Algebra, 82|52|30 for 8th grade Social Studies and US History, and 82|54|9 in Biology. Students not identified as At-Risk by comparison performed at 100|90|57 for their Reading/Writing, 95|76|57 for STAAR exams in Math and Algebra, 97|77|56 for 8th grade Social Studies and US History, and 100|95|44 in Biology.

We earned 5 out of 7 distinctions from TEA with a 93 score overall. The five areas where we earned our distinctions from are ELA/Reading, Science, Postsecondary Readiness, Mathematics, and Social Studies. We did not earn distinctions for Comparative Closing the Gaps and Comparative Academic Growth. We have compared our results to other IDEA campuses in our Region and in our TEA Campus Comparison Group, which includes IDEA Weslaco College Preparatory, IDEA San Benito College Preparatory, IDEA Frontier College Preparatory, IDEA Quest College Preparatory, and IDEA Weslaco Pike College Preparatory. As a campus we are ranked 3rd with IDEA Frontier College Preparatory and IDEA Quest College Preparatory earning scores of 97 ahead of our campus.

As an organization, our goal is to send 100% of our students to and through college, enroll in a post-secondary SPED program, enlist in the Armed Forces, or receive a faith-based exemption. This past year we graduated 71 students for the class of 2022. In the class of 2022, we had 97% (66 students) of students matriculate to a post-secondary school. In specific, we had 23% (16 students) of students matriculate to our local two-year community college, Texas Southmost College and 70% (50 students) of students matriculate to a four-year university. Some of those universities include Harvard University (Tier I), University of Notre Dame (Tier I), Kalamazoo College(Tier I), Texas A&M University- McAllen Center (Tier II), The University of Texas at Austin (Tier II), The University of Texas at Dallas (Tier II), The University of Dallas (Tier II), The University of Texas at San Antonio (Tier III), The University of Texas at Rio Grande Valley (Tier IV), and Texas A&M University- Kingsville (Tier IV). We also had 3% (2 students) of students enlisted or will enlist in the Armed Forces and 4% (3 students) of students enrolled in a post-secondary Special Education Program.

IDEA Brownsville currently has a 100% graduation rate. In the 21-22 school year we graduated a total of 71 students from the following ethnicities 93% Hispanic, 4% White, and 3% Asian. In the 22-23 school year we are forecasting graduating a total of 81 scholars. Of this year's cohort, we will have 96% identifying as Hispanic, 4% identifying as White, and 1% identifying as Asian or Pacific Islander.

For the class of 2023, we are currently on track to graduate 100%. The longitudinal rate is prolonged to continue at 100%. We have not had a student drop

out.For our organization to support and assist in meeting these goals we offer the following services.

College Counseling:

IDEA College Counselors educate students and parents about the benefits of post-secondary education. They are responsible for administering all aspects of the college search and admissions process and ensuring all students are on track for graduation. College counselors also teach college readiness classes and are added to a College Prep school site when grade 9 is added to a campus. Accountabilities: • Matriculation and College Acceptance • 100% of graduates matriculate to a College/University • 25% of students matriculate to Tier I/Tier II College/University • 50% of students accepted to Tier I/II College/University 2. Student Achievement • 96% students passing all classes (On track to graduate) • 21 average ACT score • Student Engagement • 95% of students attend field lessons • 75% of high school juniors attend Summer Away Experience • 100% students complete community service hours • 90% student persistence • 93% high school persistence Responsibilities: • Ensure all students are on-track to graduate from high school • Guide students and parents through the college search, admissions, and financial aid processes • Support teachers in planning college field lessons and scheduling college visits to IDEA • Teach Road To and Through College (RTTC) classes to 9-12th graders • Create the school's master class schedule and schedule all students • Establish and maintain a cooperative working relationship with students and families based on trust, understanding and respect for the communities in which they identify. • Participate in weekly manager check-ins, grade-level meetings, parent meetings, parent information sessions, before and after-school duties, and school wide meetings and functions • Engage in summer and year-long district, school and personal learning and development

School Counselor:

The role of School Counselor leads the campus family engagement vision, social-emotional learning program, and coordination of mental health and counseling supports for all scholars on the campus. Our key tenets of family engagement, social-emotional learning, and student social-emotional support is implemented through the role of the School Counselor to ensure all staff are building authentic relationships with students and families. Data maintenance and analysis is an integral component of effective school-based intervention implementation. SSAs own the validity and accuracy of their goals to drive campus strategies and tactics. Family engagement and student success is the job of all campus team members. The School Counselor will direct and hold all campus team members accountable to fulfill their role. See "2022-2023 ICP Brownsville CNA" PDF in Addendum for more information.

Student Learning Strengths

See "2022-2023 ICP Brownsville CNA" and "CNA Subgroup Data Analysis" in addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): We have a certain percentage of our student population that are not on grade level for writing. **Root Cause:** (1) Implementation of research base practices for authentic writing and assessment in all contents (2) Lack of cross-curricular writing alignment between subjects in 6th-12th grade.

Problem Statement 2 (Prioritized): We have a certain percentage of our student population that are not on grade level for reading. **Root Cause:** (1) Improving content specific reading practice and assessment by creating a culture of readers on campus. (2) Not having a specific reading time allotted in each class, such as DEAR time. (3)The minutes in each class period are accounted for to the degree that other items outside the scope and sequence are difficult to implement.

Problem Statement 3 (Prioritized): Students problem-solving skills are not often at grade level within the content they are working on such as: Math and Science. **Root Cause:** (1) Lack of curricular alignment across subjects in 6th-12th grade. (2) Students have not developed the critical thinking skills need to problem solve at grade level.

School Processes & Programs

School Processes & Programs Summary

At IDEA CP Brownsville development for instructional leaders, Grade Team, and Content, takes place during two recurring mechanisms in our work calendars. The first is during Grade Team Leader and Content Leader meetings that occur two times monthly in which instructional leaders receive professional development specific to their role and in accordance with the GET Rubric and School Leadership Levers as well as collaboration between all College Prep leaders on campus. The second recurring mechanism takes place during check-ins with each leader's instructional coach where we designate time to discuss either grade/content level progress towards goals, deliverables and deadlines, and areas of strength and growth. New and returning instructional leaders meet with their performance managers at the start of the school year to review the job description containing responsibilities, goals, and both stipend and incentive pay. This allows for clarification regarding the roles and responsibilities that each leader takes on for the academic school year.

Professional development during the first quarter is based on multiple data points that represent the previous academic year in terms of staff retention, student persistence, STAAR/AP/IB data reports, as well as feedback from the faculty and staff. This allows us to identify what is working well on our campus but more importantly, to identify the root causes of low performance that need to be improved upon during the critical first weeks of school via targeted professional development taking place during our Faculty Friday sessions as well as Saturday professional development. During quarters two, three, and four we modify our professional development in accordance with the next steps that are established during our quarterly Progress Towards Goals meetings. These meetings serve as a campus wide status report in which the instructional leadership team collects hard data from assessments, identifies trends within the faculty, and drafts concrete next steps with timelines that are utilized to improve low performance across the campus. After quarter four, the instructional leadership team meets to collect and organize our academic school year's data so that we can begin to compare it with previous academic years in search of more comprehensive root causes that can inform professional development sessions at the start of the upcoming year**.**

Each instructional lead team member, consisting of the principal and the three assistant principals of instruction, create recurring weekly blocks of time that are dedicated specifically to lesson planning feedback. observation rounds, and culture observations so that we can monitor the level of teaching and learning taking place in our classrooms. This gives us the opportunity to identify trends among our teachers and students while also norming on expectations and action steps. Additionally, instructional leaders hold one-to-one meetings with each of our teachers on a weekly basis where we discuss instructional strategies, student data, and lesson planning with the end goal of improving student outcomes. Beyond our campus level mechanisms, our instructional lead team also works directly with headquarters personnel in which business partnership meetings take place for academic subgroups such as STAAR, AP, IB, and Special Programs so that we can further improve teaching practices. See "2022-2023 ICP Brownsville CNA" PDF in Addendum for more information.

School Processes & Programs Strengths

See PDF in Addendum for more information.

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy

and access to hundreds of thousands of books in the district's digital library.

- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Campus-wide behavior management interventions are not being implemented to their full capacity. **Root Cause:** (1) Our implemented discipline plan across 6th-12th grade is not standardized across grade levels. (2) Additional teacher professional development is needed on discipline procedures. (3) Resources/ Classrooms (4) Personnel (5) Communication between all stakeholders

Problem Statement 2 (Prioritized): Improve the new-hire onboarding system for all of our new faculty and staff on our campus **Root Cause:** (1) Standardized campus on-boarding practice (2) Clear timeline for campus onboarding (3) Having the resources/materials for planning based on content (4) Scarcity of qualified candidates for the open positions.

Perceptions

Perceptions Summary

Parent/guardian community participation rates are measured via completion of the Parent Family Online Surveys, which are available on the Panorama Education website. We survey our IDEA families to gain insight into their perception of our schools and district effectiveness. The importance of the family voice is highly valued at IDEA. To ensure that we continue to provide high quality, rigorous learning experiences that meet the needs of our learners and prepare them for college and career, we need their feedback. School Counselors and Social Workers are provided with a Toolkit that includes best practices for communicating with families regarding the survey. All communication regarding the survey is shared with parents/guardians/the community via the Parent Weekly Newsletter, on Remind, and on the IDEA College Prep Brownsville Facebook page. The Parent Family Online Survey is administered each school year during the spring semester. Parents/guardians are provided with a step-by-step guide to assist them in completing this survey via the Panorama Education website.

Our campus hosts a variety of family engagement events throughout the school year, including Welcome to IDEA and Meet the Teacher. When parents/ guardians attend these events, they sign-in and this information is compiled for measurement of participation rates. Live broadcasts via Facebook are broadcasted with parents/guardians and the community weekly. A total number of viewers in these live broadcasts is compiled and used to measure participation rates. When notifications are sent to parents/guardians via the Remind application, data reports are available with information such as how many notifications were opened and how many were read by parents/guardians.

A barrier that prevents completion of the Parent Family Online Survey includes parents/guardians not having access to Wi-Fi and/or lack of access to a computer. When laptops are made available to parents/guardians to use on campus, those who lack transportation are not able to receive assistance. Limited literacy is a barrier in the community that we serve. There are parents/guardians who cannot read or write and are not able to complete the Parent Family Online Survey. Other barriers include parents/guardians not being aware that they are expected to complete the Parent Family Online Survey. Parents/guardians who do not use Remind or social media platforms do not view the notifications sent out by administrators and teachers regarding the survey.

The barriers that prevent participation in family engagement events such as Welcome to IDEA and Meet the Teacher include a lack of transportation for parents/guardians. Other barriers include not being able to receive notifications regarding family engagement events due to having limited phone service and Wi-Fi access in rural areas. As a result, parents/guardians have reported not being aware about school events. Another barrier includes parents/guardians not being able to take time off from work to attend family engagement events.

IDEA teachers and co-teachers are responsible for the increasing student achievement and mastery of grade level content. Teachers and co-Teachers at IDEA provide the foundational content and grade level understanding that students will need continually. Teachers and co-teachers are tasked with delivering quality instruction and supports that facilitate student learning and comprehension, playing a critical role in students' path to and through college. IDEA College Preparatory Brownsville is committed to provide high quality professional development that will give each teacher the opportunity to achieve exemplar teaching and learning. All (returning and new) teachers are required to attend in-service trainings provided at the district and campus level. During a teacher's first year, a selected mentor is provided to all new hires, this is usually the grade team leader.Employee retention at IDEA Public Schools is an organizational goal that is tracked the at the district and campus level. Employee retention at IDEA College Preparatory Brownsville is an essential part of the successes of the campus. During the 2021-2022 school year. The following are the reasons why the teachers left the organization: relocation to another city, family, and pursue of other career opportunities. The 2021-2022 retention for IDEA College Preparatory was 91.84%. See "2022-2023 ICP Brownsville CNA" PDF in Addendum for more information.

Perceptions Strengths

See "2022-2023 ICP Brownsville CNA" in ammendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): The social emotional learning curriculum is not being implemented effectively at the campus level. **Root Cause:** (1) Limited window of time for program implementation. (2) Scheduling restrictions

Problem Statement 2: Faculty and Staff turnover at key times and positions during the school year. **Root Cause:** (1) High expectations (2) Work-life balance (3) Health related (4) Promotions from our campus to the district during critical time such as beginning of the year.

Problem Statement 3 (Prioritized): Students need a better understanding on how to resolve conflict when it arises. **Root Cause:** (1) Students may not have the adequate SEL skills to resolve conflict. (2) Additional SEL training for faculty, staff, and students.

Priority Problem Statements

Problem Statement 1: Over the last 24 months, we have seen a decrease in overall student attendance on our campus.

Root Cause 1: (1) The mindset of some families not prioritizing student attendance. (2) Infrequent and inconsistent communication with families about the importance of attendance. (3) Our channels of communication may not be reaching all of our families all of the time.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Our special programs department has not met the target metric of 60% mastery on STAAR.

Root Cause 2: (1) Lack of staff development revolving around classroom strategies specifically for students in special programs. (2) Increase EB (Emergent Bilingual) collaboration between teachers and EB Coordinator

Problem Statement 2 Areas: Demographics

Problem Statement 3: There has been an increase in overall student leavers over the past two years.

Root Cause 3: (1) Lack of investment in academic programs. (2) Lack of extra-curricular activities (sports, clubs).

Problem Statement 3 Areas: Demographics

Problem Statement 4: We have a certain percentage of our student population that are not on grade level for reading.

Root Cause 4: (1) Improving content specific reading practice and assessment by creating a culture of readers on campus. (2) Not having a specific reading time allotted in each class, such as DEAR time. (3)The minutes in each class period are accounted for to the degree that other items outside the scope and sequence are difficult to implement.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Campus-wide behavior management interventions are not being implemented to their full capacity.

Root Cause 5: (1) Our implemented discipline plan across 6th-12th grade is not standardized across grade levels. (2) Additional teacher professional development is needed on discipline procedures. (3) Resources/Classrooms (4) Personnel (5) Communication between all stakeholders

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: The social emotional learning curriculum is not being implemented effectively at the campus level.

Root Cause 6: (1) Limited window of time for program implementation. (2) Scheduling restrictions

Problem Statement 6 Areas: Perceptions

Problem Statement 7: We have a certain percentage of our student population that are not on grade level for writing.

Root Cause 7: (1) Implementation of research base practices for authentic writing and assessment in all contents (2) Lack of cross-curricular writing alignment between subjects in 6th-12th grade.

Problem Statement 7 Areas: Student Learning

Problem Statement 8: Students problem-solving skills are not often at grade level within the content they are working on such as: Math and Science.

Root Cause 8: (1) Lack of curricular alignment across subjects in 6th-12th grade. (2) Students have not developed the critical thinking skills need to problem solve at grade level.

Problem Statement 8 Areas: Student Learning

Problem Statement 9: Improve the new-hire onboarding system for all of our new faculty and staff on our campus

Root Cause 9: (1) Standardized campus on-boarding practice (2) Clear timeline for campus onboarding (3) Having the resources/materials for planning based on content (4) Scarcity of qualified candidates for the open positions.

Problem Statement 9 Areas: School Processes & Programs

Problem Statement 10: Students need a better understanding on how to resolve conflict when it arises.

Root Cause 10: (1) Students may not have the adequate SEL skills to resolve conflict. (2) Additional SEL training for faculty, staff, and students.

Problem Statement 10 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations
- Federal Report Card and accountability data
- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- PSAT
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Observation Survey results
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Violence and/or violence prevention records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Revised/Approved: September 16, 2022

Goal 1: IDEA achieves an A rating

Performance Objective 1: "A" Campus Rating

HB3 Goal

Evaluation Data Sources: TEA School Report Card

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Set a recurring date and time to meet on a weekly basis for instructional rounds feedback and data conversations **Strategy's Expected Result/Impact:** Obtain a campus rating of an "A" **Staff Responsible for Monitoring:** Principal Assistant Principals **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning **Problem Statements:** Student Learning 1, 2, 3	75%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Review lesson plans on a weekly basis **Strategy's Expected Result/Impact:** Obtain a campus rating of an "A" **Staff Responsible for Monitoring:** Principal Assistant Principals **TEA Priorities:** Recruit, support, retain teachers and principals, Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction	70%			

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Observe all Content Core Area teachers at least once every week **Strategy's Expected Result/Impact:** Obtain a campus rating of an "A" **Staff Responsible for Monitoring:** Instructional Coaches Principal Assistant Principals **TEA Priorities:** Recruit, support, retain teachers and principals, Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction				

Strategy 4 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 4: Monitor implementation of district curriculum **Strategy's Expected Result/Impact:** Obtain a campus rating of an "A" **Staff Responsible for Monitoring:** Principal Assistant Principals Instructional Coaches **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction				

Strategy 5 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 5: Provide timely feedback (within 48 hours) **Strategy's Expected Result/Impact:** Obtain a campus rating of an "A" **Staff Responsible for Monitoring:** Principal Assistant Principals Instructional Coaches **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning

Problem Statement 1: We have a certain percentage of our student population that are not on grade level for writing. **Root Cause**: (1) Implementation of research base practices for authentic writing and assessment in all contents (2) Lack of cross-curricular writing alignment between subjects in 6th-12th grade.

Problem Statement 2: We have a certain percentage of our student population that are not on grade level for reading. **Root Cause**: (1) Improving content specific reading practice and assessment by creating a culture of readers on campus. Strategy 2: Have individual check with students of concerns. **Strategy's Expected Result/Impact:** Meet the 90% IDEA College Preparatory Brownsville Persistence **Staff Responsible for Monitoring:** School Counselor Social Worker **Title I:** 2.6 **- ESF Levers:** Lever 3: Positive School Culture	65%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics

Problem Statement 1: Over the last 24 months, we have seen a decrease in overall student attendance on our campus. **Root Cause**: (1) The mindset of some families not prioritizing student attendance. (2) Infrequent and inconsistent communication with families about the importance of attendance. (3) Our channels of communication may not be reaching all of our families all of the time.

Problem Statement 3: There has been an increase in overall student leavers over the past two years. **Root Cause**: (1) Lack of investment in academic programs. (2) Lack of extra-curricular activities (sports, clubs).

Perceptions

Problem Statement 3: Students need a better understanding on how to resolve conflict when it arises. **Root Cause**: (1) Students may not have the adequate SEL skills to resolve conflict. (2) Additional SEL training for faculty, staff, and students.

Goal 3: Increase student persistence

Performance Objective 2: 100% of Staff complete BOY Crisis Management / Emergency Response Training

Evaluation Data Sources: Annual compliance report

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: We have a certain percentage of our student population that are not on grade level for writing. **Root Cause**: (1) Implementation of research base practices for authentic writing and assessment in all contents (2) Lack of cross-curricular writing alignment between subjects in 6th-12th grade.
Problem Statement 2: We have a certain percentage of our student population that are not on grade level for reading. **Root Cause**: (1) Improving content specific reading practice and assessment by creating a culture of readers on campus. (2) Not having a specific reading time allotted in each class, such as DEAR time. (3)The minutes in each class period are accounted for to the degree that other items outside the scope and sequence are difficult to implement.
Problem Statement 3: Students problem-solving skills are not often at grade level within the content they are working on such as: Math and Science. **Root Cause**: (1) Lack of curricular alignment across subjects in 6th-12th grade. (2) Students have not developed the critical thinking skills need to problem solve at grade level.

Goal 4: All IDEA students matriculate to college

Performance Objective 2: ACT overall campus score will increase to 21 or higher

Addendums

Annual Performance Objective

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%
1B. % of graduates matriculate to a Tier I/II College or University: 25%
1C. % of Seniors accepted to a College or University: 100%
1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%
1E. Earned State Rating: A
1F. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading | Language | (Year 1 Campuses): 80% | 80% | 80%
1G. % of 2nd Students End The Year On/Above Grade Level in Reading (Year 2+ Campuses): 90%
1H. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%
1I. Average ACT score (Class of 2020, September 2019): 21
1J. % of students graduating college in 4 | 6 years: 25% | 55%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%
2B. 80% composit score on GPTW
2B. %Average Daily Attendance | # Average Daily Attendance: 97.50% | 48,817
2C. Student Persistence: 90%
2D. Operating Income: $101M
2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%
3B. Enrollment in August 2020: 64,455
3C. Schools in operation in August 2020: 125
3D. Total Funds Raised (millions): $70M

Reflections

Areas of Strength	Areas of Need
1 Vertical alignment has built in writing and critical thinking skills from 6 through 12 through the use of student work analysis meetings and the formulation of criteria for success and exemplars.	1 Emphasis on writing skills within 6 - 12 courses. Teachers should utilize AST resources: IDEA Social studies skills doc, and SS writing expectation doc
2 Emphasis on task or command verbs to build student writing within 6 - 12. The use of Bloom's revised taxonomy planning worksheet to build rigor in in-class activities.	2 Improve the number of 6's and 7's in IB History- Training for IB History teachers concerning IA- Historical Investigation since this is the lowest component data from the course.
3 A focus on unpacking prompts skill-building from 6 through 12th grade. Writing in each course from 6 -12, use of Teachermade resource, Peardeck, and Nearpod to provide interactive and engaging lessons.	3 Increase resources for 8th grade SS- specifically focusing on content application through multiple at-bats. Streamlining the content by focusing on concepts and skills versus emphasis on teaching all the content.

Reflection	
Areas of Strength	**Areas of Need**
1. Teachers understand the needs and how to utilize the EL TELPAS accommodations.	1. EL Coordinator needs to have a weekly progress check with TELPAS verifier.
2. Teachers have a strong understanding of who the studetns are.	2. Teachers need to set at least 30-45 mins per week to work on TELPAS writing samples.
3. Teachers have a strong understanding of each student's need.	3

Reflections logistics	
Areas of Strength	**Areas of Need**
1 Collaboration with other campuses and HQ to create a TI/TII application pipeline.	1 Attending the NACAC (Houston, TX Sept 22-25) and TACAC conferences (San Antonio, TX April 3-5)
2 Princeton review training for the ACT teachers 2021.	2
3 Strong relationships with students leading to high acceptance and matriculation rates.	3 Budget for TI/TII college visits for accepted students.

Reflections	
Areas of Strength	**Areas of Need**
1. Collaboration with all stake holders.	T1/T2 Investment from parents and students - Meetings, information session, college visit etc.
2. Strong relationships with students and parents	College Knowledge: College Literacy Awareness. (Parent meetings, college of the week, parent news letter)

Reflections	
Areas of Strength	**Areas of Need**
1. Faculty and staff are provided with the appropriate professional development needed in their specific content area.	1. High IB teacher turnaround due to the demands of the International Baccaulauarete curriculum.
2. Faculty and staff are able to foster the team and family core value. Building relationships is a key component with teacher retention. Manager encourages a healthy work/life balance.	2. Faculty and staff may have other opportunities outside of the RGV/teaching area and relocate.
3. Faculty and staff is invested in the school's mission. They are committed in leading learning in the community and ensuring students are successful with their post seconday education.

Reflections	
Areas of Strength	**Areas of Need**
1. Faculty and staff utlized various platforms (i.e. Remind and FaceBook) to engage families in events on campus.	1. Increase the number of events hosted on campus during the year.
2. Utlized feedback on Panorma surveys to guide engagement event.	2. Increase staff buy-in on family engagement events (on and off-campus).
3. Campus was flexible with making adjustments to events in order to comply with current COVID precautions without compromising event.

Texas Education Agency
2021-22 Preliminary School Report Card
IDEA BROWNSVILLE COLLEGE PREPARATORY (108807012)

Accountability Rating

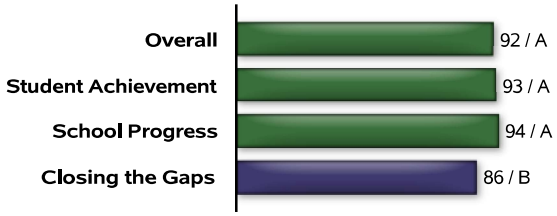
IDEA BROWNSVILLE COLLEGE PREPARATORY earned an A (90-100) for exemplary performance by serving most students well, encouraging high academic achievement and/or appropriate academic growth for almost all students, and preparing most students for eventual success in college, a career, or the military.

School Information

District Name:	**IDEA PUBLIC SCHOOLS**
Campus Type:	**Elementary/Secondary**
Total Students:	**738**
Grade Span:	**06 - 12**

For more information about this campus, see: https://TXSchools.gov

State accountability ratings are based on three domains: Student Achievement, School Progress, and Closing the Gaps. The graph below provides summary results for IDEA BROWNSVILLE COLLEGE PREPARATORY. Scores are scaled from 0 to 100 to align with letter grades.



Distinction Designations

Campuses that earn a rating of A-C are eligible for as many as seven distinction designations, or awards for outstanding performance.

- ✓ ELA/Reading
- ✓ Mathematics
- ✓ Science
- ✓ Social Studies
- ✓ Postsecondary Readiness
- ✗ Comparative Academic Growth
- ✗ Comparative Closing the Gaps

IDEA BROWNSVILLE ACADEMY & COLLEGE PREP

State of the School Public Meeting
September 16, 2022

IDEA Public Schools

COLLEGE for all children

No Excuses!

Luz Zuniga, Academy Principal K-5

Marco C. Lopez, College Prep Principal – Grades 6-12

Objectives

Community members be able to:

- ✓ Understand campus vision and academic progress.
- ✓ Evaluate our academic standing and proposed improvement plan.
- ✓ Contribute to our needs assessment and improvement plan proposal.

Questions?

- Please note any outstanding questions throughout the session.
- Please share with the facilitator after the session.

IDEA Public Schools

Campus Vision, Priorities & Strategic Plan

Academy K-5

Vision & Pillars

At IDEA Brownsville Academy we prepare our students for a journey of **lifelong learning**, **solution-oriented** mindset, and strive for **continuous improvement**. Those are our three pillars.

Campus Priorities

Our campus culture will improve **if all stakeholders** share the same vision. This occurs only if coherency of systems takes place. To do this, we must improve in problem-solving skills, tackle academic gaps, and increase capacity in both students and staff

Priorities	What do you want to be true about your school a year from now, as it relates to each priority?
Build a culture of high performing teams across all grades and contents.	Systemic improvement through consistency and coherency across campus academically and emotionally. Parent Surveys from x to y, 100% of RtI identified, serviced, and monitored starting week 4.
Empower our students and staff in solution-oriented skills through social-emotional learning pathways.	Stability in behavior, attendance, and persistence/staff retention. 95% persistence, 95% staff retention, Discipline records of less than 4% of total enrollment by EOY.
Build opportunities for all learners in language acquisition strategies and vocabulary development.	Increase percent of exits from Bilingual program from 10% to 25%, improved vocabulary and comprehension of literacy in Ren Star from 52% to 75%.

Academy Needs Assessment

- There is a need to increase **daily attendance**.
- There is a need to increase **family engagement**.
- There is a need to focus on the **social emotional wellness** of all learners, especially our New Students
- There is a continuous need to assess the **safety** practices, procedures, and protocols in our campus to ensure **Student Culture** is consistent among grade levels.
- There is a need to continually review our instructional strategies to **support** special education students and **striving learners** who did not meet standards in every content in STAAR.

Academy Improvement Plan

Strategy 1: Provide training and support to staff for the implementation of tools and resources that provide additional data for student learning outcomes.

Strategy's Expected Result/Impact: increase student achievement, increase monitoring in all areas and for all learners.

Strategy 2: Implement specific tutoring plans aligned to House Bill 4545 that focus on learners who have not met standards on state assessments and are in need of additional support.

Strategy's Expected Result/Impact: increased student achievement, increased awareness of documentation for learning plans

Strategy 3: Continue implementation, review, and alignment of restorative practices within the Move This World program to improve interpersonal relationships.

Strategy's Expected Result/Impact: Move This World participation, Persistence results, attendance results

Strategy 4: Leverage events to promote school connectedness and communicate the importance of daily attendance.

Strategy's Expected Result/Impact: Increase attendance to 98%, decrease number of parent concerns, improve interpersonal relationships between school and families.

Brownsville Campus Goals

1) 100% matriculation
2) 90% Student Persistence
3) "A Rating"
4) 85% Staff Retention
5) 97% ADA

Campus Priorities

Priorities	What do you want to be true about your school a year from now, as it relates to each priority?
Attendance / ADA	Our district goal is 97% student attendance. We did not meet that goal last year and we are currently off track this year. For us to continue to deliver high quality education to all our students everyday, parents must ensure that our scholars report to school every day so we can reach, at a minimum our 97% goal.
Persistence / Specific Grade Level	There has been an increase in overall student leavers over the past two years. Our goal is to keep our students invested in our programs and overall mission of going to a 4-year college or university. We want to make sure that 90% of our scholars stay and persist from one year to the next.
Special Programs	Every single student in our special programs is showing academic growth in their respective contents.

College Prep - Needs Assessment

- Over the last 24 months, we have seen a decrease in overall student attendance on our campus. Root Cause: (1) The mindset of some families not prioritizing student attendance. (2) Infrequent and inconsistent communication with families about the importance of attendance. (3) Our channels of communication may not be reaching all of our families all of the time

College Prep - Needs Assessment

- There has been an increase in overall student leavers over the past two years. Root Cause: (1) Lack of investment in academic programs. (2) Lack of extra-curricular activities (sports, clubs).

College Prep - Needs Assessment

- Our special programs department has not met the target metric of 60% mastery on STAAR. Root Cause: (1) Lack of staff development revolving around classroom strategies specifically for students in special programs. (2) Increase EB (Emergent Bilingual) collaboration between teachers and EB Coordinator

College Prep - Improvement Plan

Priorities	Strategies
Attendance / ADA	• Increase Parent Communication • Increase parent investment through one-to-one meetings, group meetings • Elaborating on the adverse affects of missing school to students • Student celebrations / recognition
Persistence / Specific Grade Level	• Expansion of afterschool activities • Addition to IB / offering more AP courses • Expansion of our campus / addition of our own gymnasium • Looking at the future, i.e., STEM, CTE
Special Programs	• Content specific training for all faculty and staff with specific strategies • Expand the collaboration between SPED teachers and General Education Teachers • Increase parental involvement in the day-to-day activities of our students • Increase student investment and motivation by clearly articulating goals • Creating a physical environment that promotes student learning • Promoting positive relationships across the campus with all stakeholders

Brownsville Campus Goals

1) 100% matriculation
2) 90% Student Persistence
3) "A Rating"
4) 85% Staff Retention
5) 97% ADA

IDEA College Prep Brownsville

Thursday, Oct. 20, 2022

Goals

- Identify bright spots in our data to celebrate, learn from, and leverage
- Discuss data to understand current progress towards meeting big goals
- Identify a few high-leverage actionable solutions with clear timelines and owners that will result in improved student outcomes in key areas of concern
- Identify campus-level trends that can be addressed at a larger scale

Interpersonal Norms

Be fully present and engaged (no tech distractions)

Be an improver, not a prover

Push each other's thinking and welcome hard feedback

Stick to the time on the protocol

Own it: Leader actions lead to teacher actions, which lead to student outcomes

Roles

FACILITATOR- PROVIDE BIG-PICTURE OVERVIEW OF CURRENT DATA; FACILITATE THE PROTOCOL

PARTICIPANTS- IF APPLICABLE, PRESENT OCS REFLECTION FOR STUDENT OUTCOME(S) OF CONCERN; ENGAGE IN PROTOCOL TO PUSH THINKING AROUND ROOT CAUSES AND ALIGNED SOLUTIONS

BRIGHT SPOTS SCRIBE- CAPTURE OUTCOMES WE WANT TO CELEBRATE AND LEARN FROM

CAMPUS TRENDS SCRIBE - CAPTURE OUTCOMES OF CONCERN AS PRESENTED

TIMER- KEEP TIME DURING THE MINI CONSULTANCY PROTOCOL

Agenda

Welcome, Outcomes, and Norms (5 min)

Scorecard Update (5 min)

Digging Deeper with mini-consultancy protocol priority outcomes of concern are discussed (60 min)

- Marco C. Lopez
- Rachel Brown
- Norma Jimenez
- Jorge Mejia

Reflection around priorities for Q3 (15 minutes)

Closing (5 min)

Process for Consultancy Protocol

Digging Deeper Mini-Consultancy

Leader presents deep dive into OCS reflection for student outcome(s) of concern (3 min)	Team discusses with their thoughts with one another and pushes the leaders thinking. (7 min)	Leader shares his/her take-aways, next steps, timeline, and shares support needed (1 min)

Audience

HQ	Instructional Coaches	Lead Team
Erica Matamoros – VP of Schools	Marco C. Lopez – Principal	Norma Schmucker – Scribe / Timer
Jill Dominguez – Regional Superintendent	Norma Jimenez – IB Coordinator / Instructional Coach	Laura De La Rosa – Persistence
	Rachel Brown – Instructional Coach	
	Jorge Mejia- Instructional Coach	
	Claudia Zuniga – Assts. Principal of Instruction	

Campus Bright Spots!

IDEA Public Schools

Celebrations!

- Shark Tank- IB Team

Campus Scorecard

Outcomes	Causes	Solutions
30% of graduates AP Scholars / 25% IB Diploma (Current 14% AP / No Data IB)	- Minimal number of AP classes (only 9th and 10th grade) - Primary goal and focus is IB	- Increase the number of AP opportunities for our 11th and 12th grade class - Targeted collaboration and focus with AP moving forward
Campus "A" Rating	- Based on 90/60/30 – see below	- See below
90% Approaches / 60% Meets / 30% Masters on STAAR/EOC (69/49/17)	- Focus in on data and prioritize students and teachers - Primary instruction - Reteaching and remediation	- Data conversations - Review student records for HB4545 and other reteaching and remediation - Primary Instruction
97.5% ADA (Average Daily Attendance) – 95.4%	- See next slide	- See next slide

Last Year YTD	91.65%	89.10%	92.59%	91.52%	91.71%	94.73%	92.87%

Successes	Causes	Solutions
• #4 in the lower valley for CP • Teachers having celebrations for perfect attendance • +6th grade had 2 consecutive weeks with an increase in basis points	Mindset • Medical • Parent/Staff Mindset (post-covid) • Follow-up/accountability - effective tracking system	• Staff Disinfecting high touch surfaces at least once a day – supplies and email sent on October 14th. • Engaging lessons (projects in 6-12) • ADA Plan Fidelity
	• ADA plan was not being followed with fidelity - Leader out • Guidance- Staff Phones were merged out • Home Visits were not being conducted	• Operating Mechanism during tactical on Mondays with lead team • MBM ADA Plan accountability during tactical agenda item • Backwards plan – Parent meetings with Registrar and Counselor • Implement a High Risk ADA Plan

New student persistence = 98.57%

IDEA Public Schools

Persistence

Successes	Causes	Solutions
• New programs on campus that the students have been asking for (gaming club, dance team, UIL, fishing club) • Started to build pride of school spirit (more spirit days) • Working with Academy to have as many K-12 events to foster a sense of community (Trunk or Treat, Veteran's Day, Trail of Lights, Coffee with Principal, etc.) • Persistence call centers • Increase in the last week on Facebook (reached 6,611 interactions) • 3 recaptures	• Lack of Contact sports • The want of dual enrollment /magnet Programs	• We have begun to have meetings with families on the possibilities that they have with our organization • Have more "transition meetings" starting second semester • Increase communication between teachers and Lead Team to alert of potential leavers
	• "Traditional High School Experience"	• Increase extra curricular activities • More "Joy" factor moments/events • Solicit feedback from all stakeholders (I.e. teachers, parents, students) • Award ceremonies/celebrations to recognize student (parent nights during sports, EOY awards, etc.)

English I STAAR EOC

YTD (%)	Approaches	Meets	Masters
Overall (2nd)	73	40	16
SPED (6th)	64	27	0
EL (6th)	70	32	10

LA 1 (%)	Approaches	Meets	Masters
Overall (10th)	56	23	4
SPED	33	17	0
EL	50	13	3

Successes

- Classroom culture is very strong. Students are engaged throughout class period.
- YTD scores put us in 2nd place when looking at EA and LA assessments—AP and STAAR aligned respectively.

Causes

Teacher Gaps (K/S/M):

1. Knowledge of how to create questions within class that are aligned to the new STAAR question types.
2. Skill of grading constructed and extended responses quickly to provide feedback.

Leader Gaps (K/S/M):

1. Knowledge of the new test types specifically SCR and ECR at the BOY.

Solutions

Teacher Solutions:

1. Review of the rubrics that were published by TEA in the last two weeks.
2. Spiral in new question types within daily lessons and track those questions specifically for student trends.

Leader Solutions:

1. Conduct SWAM after each exam to review the grading process for SCR and ECR.
2. Content team meetings to review student writing and best practices at least once per month. Next one schedule for next week.

English II STAAR EOC

YTD (%)	Approaches	Meets	Masters
Overall (14/23)	61	21	4
SPED (15/22)	30	0	0
EL (13/23)	59	12	2

LA 1 (%)	Approaches	Meets	Masters
Overall (11/22)	62	21	4
SPED (12/22)	33	0	0
EL (12/22)	60	12	2

Successes

- Ms. Carpio is eager to learn her new grade level content quickly and is already striving to make adjustments to the materials in the same way that she did with her W&W classes.
- Collaboration between Ms. Carpio and other ELA teachers.

Causes

Teacher Gaps (K/S/M):

1. Knowledge on how to use data to drive the instructional decisions in a new grade level.
2. Knowledge of SpringBoard and the curriculum design in 10th grade.
3. Skill of getting students to write effective arguments.

Leader Gaps (K/S/M):

1. Knowledge of the new test types specifically SCR and ECR at the BOY.

Solutions

Teacher Solutions:

1. Collaborate with teachers who have a strong background in Springboard: Blanco, Hernandez, and Altamirano on making adjustments to lessons.
2. Analysis of students writing for gaps and areas of strength starting 10/28.
3. Additional "at bats" for ECR added to curriculum starting 10/28.

Leader Solutions:

1. Conduct SWAM after each exam to review the grading process for SCR and ECR.
2. Complete the release exam for English II in order to support the creation of aligned questions and guide instructional decisions by 10/27.

DI & CSI –
Oct 47% Met Goal (0.5 years growth)
Goal: 50% at 2+ years growth

Successes	Causes	Solutions
• We have one group that recently finished Dec C and was able to move into Reading Success. • We were able to test all students during the Oct testing window and 47% met their growth goal with 5 students being at 0.1 away from their goal! • Students are more engaged and invested than years past. I think that this is partly due to the course being scheduled in PowerSchool. • Teachers have been submitting LP specific to their DI courses.	**Teacher Gaps (K/S/M)** Skill: Motivation with some of the most critical students has been an issue: SG and CG. Skill: Fidelity to correction procedures.	**Teacher Solutions:** Teacher will tag script and submit lessons the week prior to lesson delivery with delayed tests and multlile at-bats built in by 10/26. Teacher will use unique strategies (unique tracking tools) to help boost student confidence and compliance with tracking starting 10/19.
	Leader Gaps (K/S/M) Skill: Communicating high expectations for reporting and urgency to move data with all teachers who are involved in DI.	**Leader Solutions:** Leader will schedule script sessions with our NIFDI partner or district support in order to improve the process starting 11/1/2022. Leader will bring a copy of the lesson that is being delivered along with correction procedures in order to provide the best feedback for each lesson starting 10/27.

HB 4545

Outcome:

- We have higher turnout for tutorials for MS students.
- 9 subjects are currently reporting 0 minutes of tutoring. This needs verification as some teachers have not submitted sign-in sheets.

Causes:

- Students do not understand the importance of staying for tutoring. They are choosing athletics or ASP over tutorials.
- Coaches and program directors do not have the list of tutoring students to verify where they should be.

Solution:

- Share rosters will all coaches and program directors to make sure students who need to be in tutoring are in tutoring.
- Follow a communication method similar to ADA matrix to address gaps in tutorial attendance.
- Verify that all teachers are submitting tutorial rosters in a timely manner.

UE2	Approaches	Meets	Masters
Overall (134)	78%	63%	14%
SPED (9)	11%	44%	33%
ELL (61)	15%	53%	8%

Exam	SAS	DA	Difference
UE1	53	47	6
UE2	52	43	9
Consistent SAS and scoring above DA			

Successes

- Ms. Castillo has made improvements in both Approaches and Meets percentages from UE1 to UE2. 73/60/25 -> 78/63/14
- **SPED** students have scored above DA for both unit exams.

EXAM	SAS	DA
UE1	53	34
UE2	67	29

- **ELL** student have improved from UE1 to UE2

EXAM	SAS	DA
UE1	46	49
UE2	48	43

Causes

Teacher Gaps (K/S/M):

1. Skill: Lesson plans did not contain student checkpoints connected to HOW key points.
2. Skill: Teacher was not performing strategic class resets during INM using scripted checkpoints.

Leader Gaps (K/S/M):

1. Following up with Masters data as it has decreased from the first to the second unit exam.
2. Not creating time within core calendar to address critical lesson delivery components.

Solutions

Teacher Solutions:

1. Scripting of lesson checkpoints in connection to HOW key points.
2. Including a tally per period to track checkpoint mastery with the use of a clipboard using scripted checkpoints.

Leader Solutions:

1. Implementing additional writing tasks in line with STAAR 2.0 rigor.
2. Inviting Ms. Castillo to additional one-to-one lesson delivery rehearsals.

8th Biology 8 STAAR

UE3	Approaches	Meets	Masters	EXAM	Approaches	Meets	Masters
Overall (135)	33%	12%	2%	UE1	33	12	2
SPED (5)	60%	0	0	UE2	57	28	5
EL (56)	21%	18%	0	UE3	43	20	5

Successes

- SPED SAS has been above DA for the last two exams

EXAM	SAS	DA
UE2	24	21
UE3	20	16

- There has been growth in the SAS, but not above DA.

Exam	SAS	DA
UE1	16	17
UE2	30	42
UE3	22	30

Causes

Teacher Gaps (K/S/M):

1. Skill: Ms. Rodriguez has not submitted consistent and complete lesson plans.
2. Skill: Lesson delivery has not had consistent WHAT and HOW key points.

Leader Gaps (K/S/M):

1. Skill: Not including additional lesson plan worktime in the week to work on a one-to-one basis with critical teachers.
2. Knowledge: Not leveraging curriculum content leaders, course leaders, and veteran Biology teachers from within the district to support with quality lessons.

Solutions

Teacher Solutions:

1. Prioritizing lesson plans with an emphasis on WHAT and HOW key points with student checkpoints.

2. Attending LP workshops with instructional coach in collaboration with science content leader on campus.

Leader Solutions:

1. Modification of core calendar to include one-to-one work time with teachers struggling with LPs.

2. Reaching out to Jason Walker and the Biology course leaders for continued support with resources, quality lessons, and lab structures.

Next Steps

Mr. Mejia

Mr. Mejia presents slides/data

Next Steps:

- Shift calendar to address 1st year teacher needs
- Ms. Matamoros will reach out to Mr. Mejia once she finds out which AST member can support with the changes on Bio. (Teacher from Weslaco Pike)
- Will reach out to Jason Walker for quality instructional material; delivery rehearsal

Reflection on Academic Priorities Moving to Q2

Campus determines Top 3 Campus Priorities aligned to the RGV Path to an A

- Each member reads through the RGV Path to an A and identifies gaps.
- Each member identifies the top 3 gaps and shares those in the chat box.
- Principal synthesizes the data and leads a discussion to get the team to name the top 1-2 priorities.

As a team you will determine what are the most appropriate next steps, who will be responsible for these next steps and which lead team members will support and how.

Closing and Next Steps

Campus wide Next steps
Highlights:

STAAR Sample

	Approaches	Meets	Masters
Overall	72	30	6
SPED	0	0	0
EL	54	17	3

Successes	Causes	Solutions
• 7% above the district average and overall ranking of 8/38. • Teacher is very receptive to feedback and implements it right away and she reaches out with questions. • Student participation in class averages 90% or higher each day.	Teacher Gaps (K/S/M): 1. Knowledge: Teacher struggles to effectively spiral in STAAR aligned practice into W&W lessons daily. 2. Skill: Pacing, teacher struggles to complete lesson cycle and rarely gets to student practice.	Teacher Solutions: 1. Implement weekly side by side lesson planning to provide support in building the skills for aligning to the TEKS beginning 1/25. 2. Teacher will insert time stamps into LP beginning on 1/18
	Leader Gaps (K/S/M): 1. Skill: I haven't taken time to learn how to unpack the STAAR blueprint and support the teacher with spiraling in TEKS. 2. Knowledge: I haven't done many bell-to-bell observations, so I just recently realized pacing was an issue.	Leader Solutions: 1. Block out time before each module to unpack the unit and compare to the STAAR blueprint before giving LP feedback beginning on 1/18. 2. Calendar in bell-to-bell observation and use real time coaching to ensure teacher sticks to time stamps in LP on 1/20.

IDEA Public Schools

Burke Academy

2022-2023 Campus Improvement Plan

Accountability Rating: A

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 8, 2022

Demographics

Demographics Summary

IDEA Burke Academy services grades Kindergarten through 4th grade. We are located at 10434 Marbach Road on the far West side of San Antonio. We are a free Public Charter School and a school of choice which means that our families have applied and were choosen in a lottery. We service all scholars including Special Education, 504, Emergent Bilingual and General Education.

See PDF in addendum for more information

Demographics Strengths

See PDF in addendum for more information

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Kinder and 1st had severe behavior challenges that interrupted the learning environment. **Root Cause:** New staff were not trained on severe behavior challenges

Problem Statement 2 (Prioritized): Over 25% of our scholars left us this past year. **Root Cause:** Lack of explaining curriculum and how it does not always align to traditional school districts when onboarding families.

Student Learning

Student Learning Summary

94% of scholars ended the year reading on grade level in Kinder through 2nd grade. Our campus earned an A rating with TEA and had an overall acheivement of 92% passing, 65% meeting the grade level criteria and 30% mastered the grade level content in 3rd grade.

See PDF in addendum for more information

Student Learning Strengths

See PDF in addendum for more information

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Teachers had trouble aligning TEKS with their daily objectives and exit tickets **Root Cause:** New teachers in upper grades were not coached in creating lesson plans but rather internalizing lessons in the earlier grades.

Problem Statement 2 (Prioritized): Sub-population scholars were not tracked consistently **Root Cause:** Teachers and Leaders were not trained or equipped with how to track efficiently and consistently

School Processes & Programs

School Processes & Programs Summary

All instructional leaders observe classroom instruction daily and meet as a team to identify how to best support teachers as they are coaching them. Leaders are dedicated to supporting and coaching content for their grade levels. Staff meet weekly for professional development and all development is geared around what our school's data is telling us. We use a strategic reading program in grades Kinder through 2nd grade that ensures scholars are working on their invidividual reading level and data is tracked daily. Technology is incorporated throughout all contents.

See PDF in addendum for more information

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years

- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

See PDF in addendum for more information

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Special Education Teachers want to shift to General Education **Root Cause:** SpEd teachers were not given the training and support needed to feel successful in their role

Problem Statement 2 (Prioritized): Co-Teachers want to move to Lead Teacher roles after they have met the qualifications **Root Cause:** Co-Teacher responsibilities were aligned to Teacher expectations

Perceptions

Perceptions Summary

100% of our teachers returned this year and 92% of our support staff were retained. We have family surveys that are sent out quarterly to ensure that we are adjusting to feedback being shared by our families. Families have the opportunity to attend monthly family engagement events and attendance is tracked. Some families have a hard time attending due to their working hours.

See PDF in addendum for more information

Perceptions Strengths

See PDF in addendum for more information

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): We had fewer events in person for family engagement **Root Cause:** Campus events were not prioritized

Problem Statement 2 (Prioritized): Fewer families came to our curriculum events vs. our more entertaining events **Root Cause:** We did not advertise and promote events other than on social media

Priority Problem Statements

Problem Statement 1: Kinder and 1st had severe behavior challenges that interrupted the learning environment.
Root Cause 1: New staff were not trained on severe behavior challenges
Problem Statement 1 Areas: Demographics

Problem Statement 2: Over 25% of our scholars left us this past year.
Root Cause 2: Lack of explaining curriculum and how it does not always align to traditional school districts when onboarding families.
Problem Statement 2 Areas: Demographics

Problem Statement 3: Teachers had trouble aligning TEKS with their daily objectives and exit tickets
Root Cause 3: New teachers in upper grades were not coached in creating lesson plans but rather internalizing lessons in the earlier grades.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Sub-population scholars were not tracked consistently
Root Cause 4: Teachers and Leaders were not trained or equipped with how to track efficiently and consistently
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Special Education Teachers want to shift to General Education
Root Cause 5: SpEd teachers were not given the training and support needed to feel successful in their role
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Co-Teachers want to move to Lead Teacher roles after they have met the qualifications
Root Cause 6: Co-Teacher responsibilities were aligned to Teacher expectations
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: We had fewer events in person for family engagement
Root Cause 7: Campus events were not prioritized
Problem Statement 7 Areas: Perceptions

Problem Statement 8: Fewer families came to our curriculum events vs. our more entertaining events
Root Cause 8: We did not advertise and promote events other than on social media
Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain

Student Data: Assessments

- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local benchmark or common assessments data
- Running Records results
- Texas approved PreK - 2nd grade assessment data
- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Section 504 data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus department and/or faculty meeting discussions and data

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: Increase staff retention

Performance Objective 1: 85% or more of my teachers will remain with IDEA for the following school year as measured by the Great Places to Work survey data.

High Priority

Evaluation Data Sources: Great Places to Work National Survey, meeting staff retention monthly persistence benchmarks

Summative Evaluation: Exceeded Objective

	Oct	Jan	Mar	June
Strategy 1: Teachers will submit weekly accommodations tracker with their lesson plans **Strategy's Expected Result/Impact:** IEPs align to scholars needs and are updated based on data **Staff Responsible for Monitoring:** All Teaching Staff, SpEd Teachers, Principal **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 2 - School Processes & Programs 1				

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 6 Problem Statements:

Student Learning
Problem Statement 2: Sub-population scholars were not tracked consistently **Root Cause**: Teachers and Leaders were not trained or equipped with how to track efficiently and consistently
School Processes & Programs
Problem Statement 1: Special Education Teachers want to shift to General Education **Root Cause**: SpEd teachers were not given the training and support needed to feel successful in their role

Goal 3: IDEA achieves an A rating

Performance Objective 7: 100% of teachers and co-teachers will be proficient or higher on lesson planning as measured by our district Guidepost to Excellent Teaching.

High Priority

HB3 Goal

Evaluation Data Sources: Daily coaching tracker, Teachboost ratings and staff proficiency levels

Summative Evaluation: Met Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Feedback will be provided weekly review of lesson plans for aligned: objective, TEKS and ET along with Key points that include the what, how and why. **Strategy's Expected Result/Impact:** lessons are aligned and on grade level rigor prior to the first teach **Staff Responsible for Monitoring:** Assistant Principals of Instruction, Principal **ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 7 Problem Statements:

Student Learning
Problem Statement 1: Teachers had trouble aligning TEKS with their daily objectives and exit tickets **Root Cause**: New teachers in upper grades were not coached in creating lesson plans but rather internalizing lessons in the earlier grades.

Goal 4: Increase student daily attendance

Performance Objective 1: Scholars average daily attendance will increase by holding meetings with families of scholars that have 5 or more absences and we will measure success by our daily attendance.

High Priority

Evaluation Data Sources: Daily, weekly and monthly ADA

Summative Evaluation: No progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Follow our campus and district ADA matrix ensuring we are communicating importance of ADA and the academic impact it has on their scholar **Strategy's Expected Result/Impact:** scholars will come to school and our average daily attendance will be 97% or higher and families will understand the importance of attendance **Staff Responsible for Monitoring:** All staff, Registrar **ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Problem Statements:** Perceptions 2				

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Perceptions
Problem Statement 2: Fewer families came to our curriculum events vs. our more entertaining events **Root Cause**: We did not advertise and promote events other than on social media

Goal 5: Increase student persistence

Performance Objective 1: Our persistence will increase for all new to IDEA families by educating scholars on violence prevention paired with SEL daily lessons by the end of the school year as measured on our student surveys.

High Priority

Evaluation Data Sources: quarterly student surveys, completion of SEL lessons, persistence benchmarks, Code of Conduct tracking

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: School Counselors and Social Workers complete all violence prevention/anti-bullying training to all staff **Strategy's Expected Result/Impact:** fewer reports of bullying and Code of Conducts, meet monthly persistence benchmark **Staff Responsible for Monitoring:** Principal, Counselors, Social Workers **ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: Kinder and 1st had severe behavior challenges that interrupted the learning environment. **Root Cause**: New staff were not trained on severe behavior challenges

Goal 5: Increase student persistence

Performance Objective 2: 90% or more of our scholars will return for the 23-24 school year by having monthly curriculum awareness and family fun events as measured by scholar surveys and monthly campus persistence.

High Priority

Evaluation Data Sources: quarterly surveys, campus persistence

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Planned family events will allow our families and community to build relationships so that they feel connected to the school and their scholars make authentic friendships **Strategy's Expected Result/Impact:** relationships will be built among families, scholars and the community **Staff Responsible for Monitoring:** School Counselor, Assistant Principal of Operations, Principal **Problem Statements:** Demographics 2 - Perceptions 1, 2				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Weekly grade level assemblies celebrating scholars through academic, character, and growth awards. **Strategy's Expected Result/Impact:** Scholars want to come to school every day and feel a part of our school community **Staff Responsible for Monitoring:** All Instructional Staff				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 2: Over 25% of our scholars left us this past year. **Root Cause**: Lack of explaining curriculum and how it does not always align to traditional school districts when onboarding families.

Perceptions
Problem Statement 1: We had fewer events in person for family engagement **Root Cause**: Campus events were not prioritized
Problem Statement 2: Fewer families came to our curriculum events vs. our more entertaining events **Root Cause**: We did not advertise and promote events other than on social media

Goal 5: Increase student persistence

Performance Objective 3: 90% of scholars will hit 900 minutes of MVPA as measured by the IHT watches.

High Priority

Evaluation Data Sources: IHT data, teacher tracking system

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Strong systems and procedures for use of IHT watches. **Strategy's Expected Result/Impact:** Scholars have the watches on and get the most out of their PE minutes **Staff Responsible for Monitoring:** PE Teacher and Co-Teacher				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: 50% or higher of rigorous activity to increase heart rate **Strategy's Expected Result/Impact:** More minutes in the upper heart zone for scholars **Staff Responsible for Monitoring:** PE Teacher and Co-Teacher

Annual Performance Objectives (APO)

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%

1B. % of graduates matriculate to a Tier I/II College or University: 15% | 25%

1C. % of Seniors accepted to a College or University: 100%

1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%

1E. Earned State Rating: A

1F. % Basic | % Mastery | % Advanced on LEAP: 82% | 44% | 11%

1G. % Approaches | % Meets | % Masters on STAAR/EOC: 90% | 60% | 30%

1H. % Level 3 | % Level 4 | % Level 5 on FSA/FSAA: 70% | 40% | 20%

1I. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading - Year 1 Campuses | Year 2 Campuses: 80% | 90%

1J. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%

1K. Average ACT score: 21

1L. % of students graduating college in 4 | 6 years: 25% | 55%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%

2B. 80% composit score on GPTW: 82%

2B. %Average Daily Attendance: 97.50%

2C. New Student Persistence: 90%

2D. Operating Income: $133M

2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%

3B. Enrollment in August 2020: 83,894

3C. Schools in operation in August 2020: 149

3D. Total Funds Raised (millions): $93M

Reflections	
Areas of Strength	**Areas of Need**
1 Consistent Data Tracking by teacher and scholars	1 Tracking Sub Pops
2 Differentiated tutoring sessions (fall-high push, spring-approaches push)	2 Writing scope and sequence that aligns to the TEKS
3 Individual scholar goals/growth goals with celebration of successes	3 Book clubs/read alouds in lower grades for higher word counts and royal readers in 1st-2nd
4 Time and staff support for ELA	4 Backwards plan for MT's
5 Responding to data with urgency	
6. All 2nd grade schoalrs transitioned to 3rd grade less than 2.0 years behind resulting in no CSI scholars in 3rd grade.	5 Analyze STS forms and identify key skills for reteach
7. 14% to <80% within 1st grade	
8. PreK DI – pushed back due to low mastery but hit goal of 100%	
9. 2nd grade – hit RMSE 3 early on allowing us to add in new ELA TEKS for writing	

IDEA Burke

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 8, 2022

Needs Assessment Overview

Needs Assessment Overview Summary

September 8, 2022.

Demographics

Demographics Summary

We are a 6-9th grade scaling campus that is three years old. We are located at 10434 Marbach Rd. We are a public tuition free charter school.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase family engagement events throughout the school year. **Root Cause:** There could have been more virtual gatherings to offset the covid restrictions.

Problem Statement 2 (Prioritized): There is a need to increase teacher and staff retention. **Root Cause:** There needs to be an increase in teacher development and coaching to build teacher investment.

Problem Statement 3 (Prioritized): There is a need for a coordinated health program **Root Cause:** There needs to be a close collaboration between coaches and regional PE leaders to close the gap in health curriculum.

Student Learning

Student Learning Summary

Scholars averaged a 91 in Domain II- reflecting scholar growth from one year to the next.

Student Learning Strengths

See PDF in Addendum for more information

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Vertically align the curriculum from 6th math and reading to high school AP rigor. **Root Cause:** Teachers were using internalizing methods to district wide curriculum at times the focus was in the curriculum and not on AP standards.

Problem Statement 2 (Prioritized): Setting individual goals in Q1 with previous years STAAR results to better focus individual growth. **Root Cause:** In quarter 1-2 instructional staff were focused on adjusting behaviors for scholars as they re-entered the school setting.

Problem Statement 3 (Prioritized): Scholars more than 2 years behind did not grow as expected according to staar and eoc's **Root Cause:** There needs to be more emphasis on student fluency and decoding in early middle school years 6-7th grade.

School Processes & Programs

School Processes & Programs Summary

Our campus develops instructional leaders through region-wide training to ensure alignment across the network. Professional development is grounded on scholar needs and trends. We use STAAR Aligned curriculum across grade levels to ensure we prearing our scholars for state assessment and high school matriculation.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"

- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

See PDF in addendum for more information

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Ensuring consistent and transparent weekly, and monthly teacher achievement awards and recognition. **Root Cause:** There was not a system that took teacher and staff attendance in consideration resulting in inconsistent recognition.

Problem Statement 2 (Prioritized): Ensuring quarterly district wide trainings are attended and supported at the teacher and leader level **Root Cause:** There was not a clear systems for teachers to watch recordings of training after returning from leave.

Perceptions

Perceptions Summary

At IDEA Burke we use the RULER Method to regulate high and low emotions throughout the day with students and staff. We ensure scholars experience clear and concise behavior expectations and if needed consistent consequences. Over the last two years we have experienced a drop in parent participation due to the pandemic; nonetheless, we provide parents an opportunity to join virtual or in person to different school functions.

Perceptions Strengths

See PDF in Addendum for more information

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Focus on consistent weekly coaching and developing using the see it name it do it framework. **Root Cause:** Staff transitions in q1-q3 caused inconsistent coaching conversations and staff development meetings.

Problem Statement 2 (Prioritized): Ensure scholars receive social emotional support from trained and licensed professionals, we have seen a higher need for SEL support in the last two years **Root Cause:** Last year we were unable to secure a social worker and there was high need given scholars lost family members due to Covid and also the re-entry into a large social setting.

Priority Problem Statements

Problem Statement 1: There is a need to increase teacher and staff retention.
Root Cause 1: There needs to be an increase in teacher development and coaching to build teacher investment.
Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to increase family engagement events throughout the school year.
Root Cause 2: There could have been more virtual gatherings to offset the covid restrictions.
Problem Statement 2 Areas: Demographics

Problem Statement 3: Ensuring consistent and transparent weekly, and monthly teacher achievement awards and recognition.
Root Cause 3: There was not a system that took teacher and staff attendance in consideration resulting in inconsistent recognition.
Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Ensuring quarterly district wide trainings are attended and supported at the teacher and leader level
Root Cause 4: There was not a clear systems for teachers to watch recordings of training after returning from leave.
Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Focus on consistent weekly coaching and developing using the see it name it do it framework.
Root Cause 5: Staff transitions in q1-q3 caused inconsistent coaching conversations and staff development meetings.
Problem Statement 5 Areas: Perceptions

Problem Statement 6: Ensure scholars receive social emotional support from trained and licensed professionals, we have seen a higher need for SEL support in the last two years
Root Cause 6: Last year we were unable to secure a social worker and there was high need given scholars lost family members due to Covid and also the re-entry into a large social setting.
Problem Statement 6 Areas: Perceptions

Problem Statement 7: Vertically align the curriculum from 6th math and reading to high school AP rigor.
Root Cause 7: Teachers were using internalizing methods to district wide curriculum at times the focus was in the curriculum and not on AP standards.
Problem Statement 7 Areas: Student Learning

Problem Statement 8: Setting individual goals in Q1 with previous years STAAR results to better focus individual growth.
Root Cause 8: In quarter 1-2 instructional staff were focused on adjusting behaviors for scholars as they re-entered the school setting.

Problem Statement 8 Areas: Student Learning

Problem Statement 9: Scholars more than 2 years behind did not grow as expected according to staar and eoc's
Root Cause 9: There needs to be more emphasis on student fluency and decoding in early middle school years 6-7th grade.
Problem Statement 9 Areas: Student Learning

Problem Statement 10: There is a need for a coordinated health program
Root Cause 10: There needs to be a close collaboration between coaches and regional PE leaders to close the gap in health curriculum.
Problem Statement 10 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local benchmark or common assessments data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Class size averages by grade and subject
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- State certified and high quality staff data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Budgets/entitlements and expenditures data

Goals

Goal 1: Increase staff retention

Performance Objective 1: Ensure teachers participate in bi-weekly coaching and developing conversation using the see it-name it- do it framework to ensure proficiency in the GET Rubric.

High Priority

Evaluation Data Sources: GET Rubric Evaluations- Teachboost

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Hold weekly check-ins with teachers and leaders **Strategy's Expected Result/Impact:** Teacher and Leader development via Teachboost **Staff Responsible for Monitoring:** API's and Principal **Title I:** 2.4, 2.6 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction **Problem Statements:** Perceptions 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Perceptions
Problem Statement 1: Focus on consistent weekly coaching and developing using the see it name it do it framework. **Root Cause**: Staff transitions in q1-q3 caused inconsistent coaching conversations and staff development meetings.

Goal 2: IDEA achieves an A rating

Performance Objective 1: By end of year 80% of special education scholars will have met their individualized growth goals prescribed by tea.

High Priority

Evaluation Data Sources: STAAR Assessment reports

Summative Evaluation: No progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Beginning in Q1 scholars are issued their growth goal and celebrated weekly for their academic achievement. **Strategy's Expected Result/Impact:** 80% of student achieve their individual growth goal **Staff Responsible for Monitoring:** All teachers and Leaders **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 2				

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 2: Setting individual goals in Q1 with previous years STAAR results to better focus individual growth. **Root Cause**: In quarter 1-2 instructional staff were focused on adjusting behaviors for scholars as they re-entered the school setting.

Goal 3: Increase student daily attendance

Performance Objective 1: Create a learning environment where scholars are provided with opportunities to master the daily lesson and provide feedback in their course work as well as opportunities to be celebrated weekly.

High Priority

Evaluation Data Sources: Weekly grades

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers will report out daily exit ticket mastery as well as a reflection on changes they making from one class to the next. Teachers will be equipped to provided real time feedback and adjustments. **Strategy's Expected Result/Impact:** Increase of daily mastery by period. A Rating by end of year. **Staff Responsible for Monitoring:** Teachers and Instructional Administrators **Title I:** 2.4, 2.6, 4.2 **- TEA Priorities:** Recruit, support, retain teachers and principals, Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 3: Positive School Culture, Lever 5: Effective Instruction **Problem Statements:** Student Learning 3 - Perceptions 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 3: Scholars more than 2 years behind did not grow as expected according to staar and eoc's **Root Cause**: There needs to be more emphasis on student fluency and decoding in early middle school years 6-7th grade.
Perceptions
Problem Statement 1: Focus on consistent weekly coaching and developing using the see it name it do it framework. **Root Cause**: Staff transitions in q1-q3 caused inconsistent coaching conversations and staff development meetings.

Goal 4: Increase student persistence

Performance Objective 1: Our persistence will increase for all New to IDEA families by educating scholars on violence prevention paired with social emotional learning lessons (move this world) by end of the school year.

High Priority

Evaluation Data Sources: Quarterly completion of SEL Lessons, Persistence benchmarks. and quarterly code of conduct tracking.

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: School Counselors and Social workers complete violence prevention training. Teachers will teach anti-bullying trainging. The training will result in less code of conduct violations. Staff responsible for monitoring will be social worker and principal. **Strategy's Expected Result/Impact:** Fewer reports of bullying and code of conduct violations **Staff Responsible for Monitoring:** School Counselor/Social Worker and Principal **ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Perceptions 2 **Funding Sources:** Rasheda Goodwine-Social Worker - Federal Grant - $67,000				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: By end of year 50% of 9th grade scholars will have passed their reading TSI **Strategy's Expected Result/Impact:** College Counselor will have an effective TSI Plan to include testing dates and tutoring schedule for 9th grade scholars. **Staff Responsible for Monitoring:** College Counselor **Title I:** 2.4 **Problem Statements:** Student Learning 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: Vertically align the curriculum from 6th math and reading to high school AP rigor. **Root Cause**: Teachers were using internalizing methods to district wide curriculum at times the focus was in the curriculum and not on AP standards.
Perceptions
Problem Statement 2: Ensure scholars receive social emotional support from trained and licensed professionals, we have seen a higher need for SEL support in the last two years **Root Cause**: Last year we were unable to secure a social worker and there was high need given scholars lost family members due to Covid and also the re-entry into a large social setting.

Goal 4: Increase student persistence

Performance Objective 2: Our overall well-being of our scholars will benefit from physical education and health classes.

Evaluation Data Sources: Fitness assessment

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Physical education teachers will ensure scholars receive health classes as well as physical movement consistent with the fitness assessment goals. **Strategy's Expected Result/Impact:** Scholars will meet weekly calorie burn goal **Title I:** 2.4, 2.5, 4.2 **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 3 - Perceptions 2				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 3: There is a need for a coordinated health program **Root Cause**: There needs to be a close collaboration between coaches and regional PE leaders to close the gap in health curriculum.
Perceptions
Problem Statement 2: Ensure scholars receive social emotional support from trained and licensed professionals, we have seen a higher need for SEL support in the last two years **Root Cause**: Last year we were unable to secure a social worker and there was high need given scholars lost family members due to Covid and also the re-entry into a large social setting.

Goal 5: Meet Yearly Enrollment

Performance Objective 1: Ensure 50% of our ninth grade class are reading TSI exempt by end of year.

High Priority

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide TSI Prep through RTTC in Semester II of school year with aligned materials. **Strategy's Expected Result/Impact:** Average of 21 in the TSI Exam **Staff Responsible for Monitoring:** College Counselor **Title I:** 2.4 **Problem Statements:** Student Learning 1				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Expose scholars to a healthy nutrition program by ensuring our scholar is recognized as one of Americas Healthies Schools by end of year. **Strategy's Expected Result/Impact:** Scholars meet their fitness assessment goals in pe through their IHT Heart Monitors **Staff Responsible for Monitoring:** PE Coaches, Health Aide, and CNP Manager **Title I:** 2.5 **Problem Statements:** School Processes & Programs 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: Vertically align the curriculum from 6th math and reading to high school AP rigor. **Root Cause**: Teachers were using internalizing methods to district wide curriculum at times the focus was in the curriculum and not on AP standards.
School Processes & Programs
Problem Statement 1: Ensuring consistent and transparent weekly, and monthly teacher achievement awards and recognition. **Root Cause**: There was not a system that took teacher and staff attendance in consideration resulting in inconsistent recognition.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

Carver Academy focuses on recruitment, enrollment and retention of minority children in low socioeconomic households. Boasting 100% college for all with 100% of our scholars going to and through college; we pride ourselves in providing academic growth for all scholars and closing the achievement gap between minority demographics and "White" and "Asian" students across the nation. For the 2021-2022 school year, Carver Academy enrolled 89% economically disadvantaged students, 7% special education, 83% Hispanic, 9% African American, and 6% White. We obtain this data through surveys completed by parents or guardians at the time of enrollment. IDEA Carver serves 9% of its scholars in an emergent early exit bilingual program and has received an "A" rating from the Texas Education Agency for the 2021-2022 School year.

Demographics Strengths

IDEA Carver's demographic strengths include less than 10% of students are identified as needing special education services, at 7%. Carver works dilegently to recruit, hire and retain teachers and staff that mirror the needs of the student demographics at Carver Academy. 21% of our teachers are African American and 75% are Hispanic.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): The average daily attendance percentage was 94.02% for the 2021 and 2022. **Root Cause:** Absences were not well documented for the 21-22 school year. From the data we collected from phone calls and absent notes, 41% of absences were due to illness 11% were due to family emergencies and 4% were due to transportation issues. The campus did not hold meetings for scholars until their 10th day of absences and failed to collect data to intervene in time to maintain a 97.5% attendance rate

Problem Statement 2 (Prioritized): Carver academy strives to maintain enrollment and out goal is to retain 90% of our scholars each year. For the 2021-2022 school year we had an overall persistence of 85% and new to IDEA scholars we only had 78% persistence. **Root Cause:** Transportation is our largest concern, with most scholars moving out of driving distance or traffic concerns due to our location downtown. Other leavers are due to wanting extracurricular activities for their children, such as football, cheerleading, band and other clubs.

Student Learning

Student Learning Summary

For the 2021-2022 School year, Carver Academy received an overall TEA rating of an "A". Overall, of testing subjects (Reading, Math and Science in 3rd, 4th and 5th grades) 90% of students have a score that reflects they are approaching grade level content. 63% of students are meeting grade level standards and 37% of students are mastering grade level standars. The goal is to have 90% approaches, 60% meets and 30% masters. Carver academy has met the overall acheivement goal and plans to continue increasing student achievement. Overall Math acheivement scores, with the same goal, was 91%/57%/28% and Reading 93%/73%/50%. We also boast having over 90% of our students reading and performing in Math on grade level in Kindergarten, 1st and second grade.

Student Learning Strengths

With a rigorous and detailed accountability system in Texas, Carver Academy is proud of the distinguished "A" rating from TEA along with 5 out of 6 distinctions earned. As a school in an organization that focuses on recruitment, enrollment and persistence of scholars from low socioeconomic backgrounds and minority racial and ethnic groups, we are proud of our efforts in closing the achievement gap across subpopulations. For state accountability, we earned 100 out of 100 points on the closing the gaps domain.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): According to data collected from our Direct Instruction reading program, only 83% of scholars, in first grade, are reading on grade level. The goal is 90% of scholars are reading on grade level by the end of 1st grade, at Carver Academy. **Root Cause:** Due to a program change from Kinder to 1st grade, scholars came into 1st grade missing decoding skills for the first grade program. Teachers did not provide intervention at BOY and waited until 2nd semester.

Problem Statement 2 (Prioritized): Our goal is 90/60/30 (approaches, meets and masters) in each content and grade level for the STAAR assessments. 5th grade science was short of the goal at 82/51/25 and 5th grade math also fell short of the goal at 86/41/13. **Root Cause:** 5th grade math and Science needs additional opprotunities for holding labs as well as targeting higher level thinking and problem solving during daily instruction. Teachers need coaching on "productive" struggle and teaching to mastery.

School Processes & Programs

School Processes & Programs Summary

Carver Academy has many school processes and curriculum support programs for students to support our mission of college for all. We offer programs such as Accelerated Reader, Math Hotspot, PE, and art. Our scholars are taught curriculum at an accelerated rate and participate in a classroom environment with weekly live coaching, feedback sessions and daily data reviews with their manager.

At Carver, professional development is provided to 100% of teachers and staff through live coaching, PD sessions each week and coaching feedback meetings.

We had 100% of teachers from the end of the 2021-2022 school year either receive a promotion within the district or return to Carver for the 2022-2023 school year.

Carver Academy had less than acceptable attendance for the 2021-2022 school year. We rewards scholars with good attendance with monthly incentives such as parties, free dress days and special activities.

Carver offers art club after school as well as tutoring and safety patrol to include a variety of scholars in extra-curricular activities.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): For the 2021-2022 school year, Carver Academy, teacher retention was 93%: 2 classroom teachers resigning before the EOY. **Root Cause:** Teachers resigned due to lack of work life balance and stresses of work causing mental health issues.

Problem Statement 2 (Prioritized): Only 51% of Carver lead classroom teachers are state certified with 0% of teachers ESL or bilingual certified. **Root Cause:** Teachers do not see the value in getting certified by the state due to being hired without the certification. Teachers are not recruited or asked to get certification upon hire.

Priority Problem Statements

Problem Statement 1: The average daily attendance percentage was 94.02% for the 2021 and 2022.

Root Cause 1: Absences were not well documented for the 21-22 school year. From the data we collected from phone calls and absent notes, 41% of absences were due to illness 11% were due to family emergencies and 4% were due to transportation issues. The campus did not hold meetings for scholars until their 10th day of absences and failed to collect data to intervene in time to maintain a 97.5% attendance rate

Problem Statement 1 Areas: Demographics

Problem Statement 2: Carver academy strives to maintain enrollment and out goal is to retain 90% of our scholars each year. For the 2021-2022 school year we had an overall persistence of 85% and new to IDEA scholars we only had 78% persistence.

Root Cause 2: Transportation is our largest concern, with most scholars moving out of driving distance or traffic concerns due to our location downtown. Other leavers are due to wanting extracurricular activities for their children, such as football, cheerleading, band and other clubs.

Problem Statement 2 Areas: Demographics

Problem Statement 3: According to data collected from our Direct Instruction reading program, only 83% of scholars, in first grade, are reading on grade level. The goal is 90% of scholars are reading on grade level by the end of 1st grade, at Carver Academy.

Root Cause 3: Due to a program change from Kinder to 1st grade, scholars came into 1st grade missing decoding skills for the first grade program. Teachers did not provide intervention at BOY and waited until 2nd semester.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Our goal is 90/60/30 (approaches, meets and masters) in each content and grade level for the STAAR assessments. 5th grade science was short of the goal at 82/51/25 and 5th grade math also fell short of the goal at 86/41/13.

Root Cause 4: 5th grade math and Science needs additional opprotunities for holding labs as well as targeting higher level thinking and problem solving during daily instruction. Teachers need coaching on "productive" struggle and teaching to mastery.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: For the 2021-2022 school year, Carver Academy, teacher retention was 93%: 2 classroom teachers resigning before the EOY.

Root Cause 5: Teachers resigned due to lack of work life balance and stresses of work causing mental health issues.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Only 51% of Carver lead classroom teachers are state certified with 0% of teachers ESL or bilingual certified.

Root Cause 6: Teachers do not see the value in getting certified by the state due to being hired without the certification. Teachers are not recruited or asked to get certification upon hire.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: During the 2021-2022 school year, IDEA Carver Academy held one expulsion hearing resulting in an administrative withdraw due to continuous aggressive and dangerous behaviors.

Root Cause 7: Restorative practices and parent meetings were not held with fidelity. Social and emotional curriculum was not teaching the explicit rights and wrongs of acceptable behavior at school.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: On average, only 20% of families attend after school, evening and during school events created for family engagement, compared to 86% of families that attended end of the school year award ceremonies. Only 33% of new families attend our Welcome to IDEA event.

Root Cause 8: According to surveys and parent polling, parents report that they are more inclined to come when they are given more than two months notice as well as know and understand the event before choosing to attend.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

Goal 3: IDEA Carver Academy achieves an A rating

Performance Objective 2: Carver Academy will earn 100% of achievable growth target ratings in the closing the gaps domain for all STAAR assessments for the 2022-2023 school year.

High Priority

HB3 Goal

Evaluation Data Sources: TEA accountability report

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers at Carver academy will track daily exit ticket data and participate in exit ticket huddles at least 4 out of 5 days per instructional week to review student achievement data and make instructional adjustments based on leader feedback. **Strategy's Expected Result/Impact:** Increased student achievement and 100% of minority scholars identified in sub. populations will have academic growth from their 3rd grade STAAR to their 4th and from their 4th grade STAAR to their 5th. **Staff Responsible for Monitoring:** Campus Principal **Title I:** 2.4, 2.6 **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction **- Results Driven Accountability** **Problem Statements:** Student Learning 2	75%	75%		

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 2: Our goal is 90/60/30 (approaches, meets and masters) in each content and grade level for the STAAR assessments. 5th grade science was short of the goal at 82/51/25 and 5th grade math also fell short of the goal at 86/41/13. **Root Cause**: 5th grade math and Science needs additional opprotunities for holding labs as well as targeting higher level thinking and problem solving during daily instruction. Teachers need coaching on "productive" struggle and teaching to mastery.

Goal 3: IDEA Carver Academy achieves an A rating

Performance Objective 3: Carver Academy will employ a math interventionist, reading interventionist, Math Hot Spot facilitator and Accelerated Reader facilitator, for the 2022-2023 school year with experience and credentials to support learning from below grade level scholars.

High Priority

Evaluation Data Sources: Daily Exit ticket data, unit assessments, state assessments, renstar

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Campus reading and math interventionists will provide feedback, coaching and small group intervention for scholars with a data driven daily schedule that includes dedicated time to dissagregate data to design their next week's schedule. **Strategy's Expected Result/Impact:** Increased grade level performance on daily assignments, unit assessments and STAAR tests for students identified in special population groups. **Staff Responsible for Monitoring:** Campus Principal **Title I:** 2.4, 2.6 **- TEA Priorities:** Recruit, support, retain teachers and principals, Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning **- Results Driven Accountability** **Funding Sources:** Math Interventionist - Federal Grant - Title 1 - $6,500	55%	65%		

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 3: IDEA Carver Academy achieves an A rating

Performance Objective 4: Carver Academy will increase 3rd grade student achievement scores on state STAAR reading achievement from 85% approaches mastery, 49% meets grade level expectations and 30% meets grade level expectations to 90%, 60%, 30%, respectively.

High Priority

Performance Objective 7 Problem Statements:

Student Learning
Problem Statement 2: Our goal is 90/60/30 (approaches, meets and masters) in each content and grade level for the STAAR assessments. 5th grade science was short of the goal at 82/51/25 and 5th grade math also fell short of the goal at 86/41/13. **Root Cause**: 5th grade math and Science needs additional opprotunities for holding labs as well as targeting higher level thinking and problem solving during daily instruction. Teachers need coaching on "productive" struggle and teaching to mastery.

Goal 4: Achieve 97.5 over all average student daily attendance at IDEA Carver Academy

Performance Objective 1: Carver Academy will acheive an overall average daily attendance of 97.5% or higher for the 2022-2023 school year.

High Priority

Evaluation Data Sources: Powerschool data reports, TEA accountability reports

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Students at Carver Academy will be rewarded at least monthly for no more that 1 absence and 1 tardy through high interest activities. **Strategy's Expected Result/Impact:** Reduce frequent absences and increase average daily attendance for students that choose to stay home from school. **Staff Responsible for Monitoring:** Campus Assistant principal of operation **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **- Results Driven Accountability** **Problem Statements:** Demographics 1	0%	0%		

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: The average daily attendance percentage was 94.02% for the 2021 and 2022. **Root Cause**: Absences were not well documented for the 21-22 school year. From the data we collected from phone calls and absent notes, 41% of absences were due to illness 11% were due to family emergencies and 4% were due to transportation issues. The campus did not hold meetings for scholars until their 10th day of absences and failed to collect data to intervene in time to maintain a 97.5% attendance rate

Goal 4: Achieve 97.5 over all average student daily attendance at IDEA Carver Academy

Performance Objective 2: Carver Academy will provide an engaging physical education program to include healthy habits of excercise and fitness to include monitoring minutes of elevated heart rate during physical fitness.

Evaluation Data Sources: Heart rate monitors, data tracking and reporting through dashboards on the IDEA Hub website

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Scholars will wear heart rate monitoring devices during their Physical Education course and track and monitor their own heart rates and minutes to meet the goal provided by their coach. **Strategy's Expected Result/Impact:** Increased awareness of physical activity and how it affects overall health through increasing students' capacity to keep their heart rate elevated for longer periods of time. **Staff Responsible for Monitoring:** Carver Physical Education Coach **Title I:** 2.5 **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1, 2	25%	45%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: The average daily attendance percentage was 94.02% for the 2021 and 2022. **Root Cause**: Absences were not well documented for the 21-22 school year. From the data we collected from phone calls and absent notes, 41% of absences were due to illness 11% were due to family emergencies and 4% were due to transportation issues. The campus did not hold meetings for scholars until their 10th day of absences and failed to collect data to intervene in time to maintain a 97.5% attendance rate
Problem Statement 2: Carver academy strives to maintain enrollment and out goal is to retain 90% of our scholars each year. For the 2021-2022 school year we had an overall persistence of 85% and new to IDEA scholars we only had 78% persistence. **Root Cause**: Transportation is our largest concern, with most scholars moving out of driving distance or traffic concerns due to our location downtown. Other leavers are due to wanting extracurricular activities for their children, such as football, cheerleading, band and other clubs.

Goal 5: IDEA Carver Academy will achieve an overall student persistence of 90% or greater.

Performance Objective 1: Carver Academy will retain at least 90% of scholars from the 2022-2023 school year to the 2023-2024 school year.

High Priority

Evaluation Data Sources: Data tracking through the campus counselor, withdraw forms, powerschool reports for withdrawn scholars

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Carver Academy will promote persistence by offering at least monthly parent involvement activities that bring joy to both families and scholars. **Strategy's Expected Result/Impact:** Increased persistence and an increased sense of belonging for scholars and families. **Staff Responsible for Monitoring:** Campus Counselor **Title I:** 2.5, 4.1, 4.2 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 2 - Perceptions 1	50%	50%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 2: Carver academy strives to maintain enrollment and out goal is to retain 90% of our scholars each year. For the 2021-2022 school year we had an overall persistence of 85% and new to IDEA scholars we only had 78% persistence. **Root Cause**: Transportation is our largest concern, with most scholars moving out of driving distance or traffic concerns due to our location downtown. Other leavers are due to wanting extracurricular activities for their children, such as football, cheerleading, band and other clubs.
Perceptions
Problem Statement 1: On average, only 20% of families attend after school, evening and during school events created for family engagement, compared to 86% of families that attended end of the school year award ceremonies. Only 33% of new families attend our Welcome to IDEA event. **Root Cause**: According to surveys and parent polling, parents report that they are more inclined to come when they are given more than two months notice as well as know and understand the event before choosing to attend.

Goal 5: IDEA Carver Academy will achieve an overall student persistence of 90% or greater.

Performance Objective 2: Carver Academy will achieve at least 85% ratings on student and parent surveys indicating that parents feel that their students are safe at school and students feel that they are safe, overall, at school, each day, by May 2023.

Evaluation Data Sources: Parent and stuent surveys

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

Please see PDF in addendum

Demographics Strengths

See PDF in Addendum for mmore information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Overall student persistence is at 83.7% **Root Cause:** 1.We did not have a strong onboarding system. We needed more than one touchpoint with new scholars which is what led to withdrawals due to an unclear understanding of how IDEA Carver operates. 2. MS students not being taught about Carver HS opportunities beyond annual transition meetings; Inconsistency with communicating next steps with teachers for discipline.

Problem Statement 2 (Prioritized): Our ADA is at 91.56% **Root Cause:** 1. Inconsistent follow up of high priority ADA students by both APO and grade team. 2.Lack of ADA incentive by APO; lack of adherence to push this goal 3.Failure to create a schoolwide system to track daily calls to ensure that ADA calls are made .

School Processes & Programs

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Carver College Prep had 81% teacher retention. **Root Cause:** We need more than one touchpoint for onboarding teachers to ensure teachers are feeling supported. Stronger relationship/trust building between managers and direct reports through building relationships through check-ins consistently over time.

Problem Statement 2 (Prioritized): There was a lack of clear procedures for disciplinary action. **Root Cause:** 1 Failure to share the level of infractions with teachers and grade team leaders with clarity . 2. Failure to clarify roles and responsibilities with staff members. 3. Admin failed to follow up with teachers about disciplinary action.

Priority Problem Statements

Problem Statement 1: IDEA Carver did not hit goal of 90% approaches in 8th grade Social Studies.

Root Cause 1: 1.We failed to create and manage priority students earlier in the year to target students based on their performance. 2. Failure to identify specific sub-pops we should focus in on during instruction.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Overall student persistence is at 83.7%

Root Cause 2: 1.We did not have a strong onboarding system. We needed more than one touchpoint with new scholars which is what led to withdrawals due to an unclear understanding of how IDEA Carver operates. 2. MS students not being taught about Carver HS opportunities beyond annual transition meetings; Inconsistency with communicating next steps with teachers for discipline.

Problem Statement 2 Areas: Demographics

Problem Statement 3: IDEA Carver did not hit goal of 90% approaches in 7th grade math.

Root Cause 3: APIs did not hold all teachers accountable for aggressively monitoring and tracking data on a daily basis. Students did not receive consistent feedback on daily exit ticket and independent practice mastery

Problem Statement 3 Areas: Student Learning

Problem Statement 4: We did not meet our Reading Growth Goal of 50 % of CSI scholars meeting the Reading Renstar Growth Goal.

Root Cause 4: Leaders did not prioritize and calendar out CSI observation on consistent manner Leaders did not communicate a plan of action at BOY that could remain consistent for CSI.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Carver College Prep had 81% teacher retention.

Root Cause 5: We need more than one touchpoint for onboarding teachers to ensure teachers are feeling supported. Stronger relationship/trust building between managers and direct reports through building relationships through check-ins consistently over time.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: On average 20 - 30 % of our parents attended our after school events.

Root Cause 6: Significant amount of families admitted that they did not feel welcome on the campus. Lack of communications with families about upcoming events.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: 69% of new student persisted with us from fall 2021 to fall 2022.

Root Cause 7: 1.We did not properly promote the welcome to Idea events. 2.We did not have a strong onboarding system we needed more than one touchpoint with new scholars

Problem Statement 7 Areas: Perceptions

Problem Statement 8: There was a lack of clear procedures for disciplinary action.

Root Cause 8: 1 Failure to share the level of infractions with teachers and grade team leaders with clarity . 2. Failure to clarify roles and responsibilities with staff members. 3. Admin failed to follow up with teachers about disciplinary action.

Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: Our ADA is at 91.56%

Root Cause 9: 1. Inconsistent follow up of high priority ADA students by both APO and grade team. 2.Lack of ADA incentive by APO; lack of adherence to push this goal 3.Failure to create a schoolwide system to track daily calls to ensure that ADA calls are made .

Problem Statement 9 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

Accountability Data

- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- School safety data

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Community surveys and/or other feedback

Support Systems and Other Data

- Study of best practices

Goals

Goal 1: Increase staff retention

Performance Objective 1: 85% of staff will return for the 2023-2024 school year for IDEA Carver College Prep.

High Priority

Evaluation Data Sources: Great Places to Work Survey results, weekly surveys

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 100% of staff members will receive praise weekly, daily temperature checks, and weekly incentives **Strategy's Expected Result/Impact:** All staff will feel validated for their work **Staff Responsible for Monitoring:** Principal, APIs ,DCC, SSA	0%			

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 2: All IDEA students matriculate to college

Performance Objective 1: 100% of scholars are on track to graduate.

High Priority

Evaluation Data Sources: Progress Reports, Report Cards, Daily Exit Ticket Sort Tracker

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Tracking Early Action /Early Decision applications and FAFSA applications by CC Team. **Strategy's Expected Result/Impact:** Making sure that all college applications are completed and submitted by the dead line. **Staff Responsible for Monitoring:** Nina Avila, Lara Miller, Ciara Powell **TEA Priorities:** Improve low-performing schools **Funding Sources:** RTTC Teacher - Federal Grant - $57,250	0%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: All IDEA students matriculate to college

Performance Objective 2: Ensuring that we complete 100% of FAFSA applications by November 1, 2022.

Evaluation Data Sources: Tracking during weekly CC Team Tactical

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Organize FAFSA nights in order to for all scholars to complete their FAFSA Application **Strategy's Expected Result/Impact:** All students complete and submit their FAFSA with zero errors. **Staff Responsible for Monitoring:** DCC, CC	0%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 1: Grades 6 through 9 will hit 90% approaches, 60% meets, and 30% masters on Reading and Math STAAR, Biology EOC, Algebra 1 EOC, and Spanish I EOC.

High Priority

HB3 Goal

Evaluation Data Sources: Exit Ticket Data , Quiz Data, Test Data, Semester Exam , Mock Exam

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Focusing on ensuring high quality instruction through weekly instructional rounds providing real time coaching. Weekly Instructional lead team meetings focus on weekly data and action steps. Leverage teacher leaders CTL and GTL to complete instructional rounds to push the rigor in the classroom. **Strategy's Expected Result/Impact:** Raise the quality of instruction in the classroom . **Staff Responsible for Monitoring:** Alvoyd Jackson, Javier Tovar, Luis Vasquez **TEA Priorities:** Improve low-performing schools **- ESF Levers:** Lever 5: Effective Instruction **Funding Sources:** Interventionist - Federal Grant - $57,500	0%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 2: 60% of SPED scholars scoring in the approaches range measured by Math STAAR and/or Reading STAAR

HB3 Goal

Evaluation Data Sources: Exit Ticket Data , Quiz Data, Test Data, Semester Exam , Mock Exam

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Weekly tracking meeting for SPED population. **Strategy's Expected Result/Impact:** Teachers are able increase your own effectiveness by seeing trends in student data. **Staff Responsible for Monitoring:** API , SPED Lead, Gen Ed Teacher **ESF Levers:** Lever 5: Effective Instruction	0%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase student daily attendance

Performance Objective 1: Ensure that we have 97% Average Daily Attendance

High Priority

Evaluation Data Sources: Daily ADA (Average Daily Attendance), List of Chronic Absent Students)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 100% of students not on campus will receive an ADA phone call by 8:00am daily. **Strategy's Expected Result/Impact:** ADA will hit 97% or above for each grade level on a daily basis **Staff Responsible for Monitoring:** Claudine Herrera, Monica Cantu **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture	0%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: 100% of students who are chronically absent follow the ADA matrix with consequences and next steps. **Strategy's Expected Result/Impact:** Increase average daily attendance. **Staff Responsible for Monitoring:** Clauding Herrera , Monica Cantu	100%	100%	100%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 5: Increase student persistence

Performance Objective 1: 90% of scholars persist during the 2023-2024 school year.

High Priority

Evaluation Data Sources: Student Persistence, New Student Persistence, # Positive Calls Weekly, % of NTI parent conferences, # of scholars on mission list

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Review mission list daily and respond to all request for communication within 24 hours **Strategy's Expected Result/Impact:** Give parents the opportunity to be heard. **Staff Responsible for Monitoring:** Principal , Student SUccess Advisor	0%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 5: Increase student persistence

Performance Objective 2: 100% of Carver CP students will participate in Move This World program to support classroom behavior and prevent violence by the end of the 2022-2023 school year.

High Priority

Evaluation Data Sources: None

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers will implement Move This World a minimum of 3 timers per week. **Strategy's Expected Result/Impact:** Students participating in Move This World show an improvement in classroom behavior, an increased ability to manage stress and depression. **Staff Responsible for Monitoring:** Student Success Advisor , API's **ESF Levers:** Lever 3: Positive School Culture	0%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 5: Increase student persistence

Performance Objective 3: Our overall well-being of our scholars will benefit from physical education and health classes .

Evaluation Data Sources: Fitness Assessment

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Physical Education teachers will ensure that scholars receive Physical education classes an health classes that are consistent with the fitness goals **Strategy's Expected Result/Impact:** Scholars are meeting their weekly fitness goals. **ESF Levers:** Lever 3: Positive School Culture	0%			
0% No Progress 100% Accomplished → Continue/Modify ✕ Discontinue

Reflections

Areas of Strength	Areas of Need
1 Use of data (assessment and daily exit ticket) to track individual students progress towards goals, And identify student gaps in learning and possible missconceptions early on.	1 Using Springboard curriculum in highschool courses and higher level texts.
2 Vertical alignement across grade levels, and provide multiple "at bats" planned for during lesson plans	2 More frequent STAAR focused goal setting meetings with students to ensure progress to goals
3 Observing and providing real time feedback, to priority teachers to faciliate quick grow with teachers.	3 Implmentation of additional writing practice in courses 6th through 10th, to increase rigor geared

Reflections

Areas of Strength	Areas of Need
1 Teachers convey a deep knowledge of content in thier subject. This led to strong lesson plants with rigor aligned to STAAR/AP exams.	1 Consisten content meetings lead by content leaders, for more specialized techniques and methods for success.
2 Purposeful backwards planning from the districts scope and sequence and allocated for ample insturctional time to prepare/review for STAAR/AP exams	2 Alloting for mote outside of the classroom support mechanisms: afterschool and saturday tutoring
3 Giving students ownership of their progress towards their goals to push towards success.	3 Tracking and monitoring growth of high needs populations.

Reflections

Areas of Strength	Areas of Need
Early added student support mechanisms such as afterschool tutorials and Saturday Schools that were used to provide more instructional time to priority students.	Additional observation and real time feedback for all teachers from their manager
Use of daily and weekly assessments to track student progress towards goals, identify student misconceptions and plan effective reteaches	Heavier student support mechanisms in middle school that are aligned to rigor of the scope and sequence of the course
Consistent and aligned "at bats" within teacher lesson plans that were delivered clearly and concisely	More consistent SWAM meetings to identify most common student error and misconception to plan stronger reteaches

Reflections	
Areas of Strength	**Areas of Need**
1. Quarterly Principal Temp Checks of all staff members to receive feedback and respond to changes that are needed.	1. Stronger relationship/trust building between managers and direct reports. Need to implement more opportunities for relationships to grow organically and for check-ins to be consistent so that trust is built slowly over time.
2. Retention of SEL and College Counseling team- 100% two years in a row.	2. High teacher turnover in same role (ex. 7th Math, 9th ELA); Adjusted manager distribution across new API's in order to leverage individual coaching strengths in priority subjects.
3. Mechanisms in place for all teachers to utilize when needing support (grade teams, content teams, managers, etc)	3. Tighter coaching of APO to support her retain her team through consistent coaching and follow through.

Areas of Strength	**Areas of Need**
1 Collaborating with Spanish Honor Society to host cultural events throughout the year	1 Ensuring parking/directions are posted on flyer due to the uniquness of our campus lay out
2 Messaging out events to families and students	2 Increase student celebrations that include families
3 Award Ceremony and MTT night highest turnout, celebrating students will get families to come	3 Additional particpation in events from teachers and staff

IDEA Public Schools

Converse Academy

2022-2023 Campus Improvement Plan

Accountability Rating: Not Rated

Board Approval Date: October 21, 2022
Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

See PDF in Addendrum for more information.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Average daily attendance fell far short of our goal of 97.5%. **Root Cause:** We did not have a clear health matrix in place in order to help guide families on whether to attend school or stay home if feeling unwell.

Problem Statement 2 (Prioritized): Our overall student persistence fell far short of our goal of 90%. **Root Cause:** A lack of strong onboarding and tracking that 100% of families were onboarded led to withdrawals due to an unclear understanding of how our school operates.

School Processes & Programs

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): We need to increase overall teacher retention to above 90%. **Root Cause:** Ensure that all teachers have access to equitable developmental opportunities within the regular coaching cycle.

Problem Statement 2 (Prioritized): Families had minimal opportunity to engage with school staff on site throughout the year. **Root Cause:** We only held 2-3 family engagement events per semester, limiting the ability for families to engage with staff on campus.

Priority Problem Statements

Problem Statement 1: Average daily attendance fell far short of our goal of 97.5%.
Root Cause 1: We did not have a clear health matrix in place in order to help guide families on whether to attend school or stay home if feeling unwell.
Problem Statement 1 Areas: Demographics

Problem Statement 2: Our overall student persistence fell far short of our goal of 90%.
Root Cause 2: A lack of strong onboarding and tracking that 100% of families were onboarded led to withdrawals due to an unclear understanding of how our school operates.
Problem Statement 2 Areas: Demographics

Problem Statement 3: Thirteen percent of our rising 3rd graders will need intervention daily to close their gaps in reading and demonstrate an ability to read on grade level.
Root Cause 3: Teachers and leaders failed to identify skill gaps and plan interventions outside of the DI curriculum to close those skill gaps.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Teachers struggle to address foundational skill gaps while also presenting grade level content.
Root Cause 4: Leaders need to provide feedback within the lesson planning cycle to ensure lessons include ways to accelerate instruction to close foundational skill gaps.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: We need to increase overall teacher retention to above 90%.
Root Cause 5: Ensure that all teachers have access to equitable developmental opportunities within the regular coaching cycle.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Families had minimal opportunity to engage with school staff on site throughout the year.
Root Cause 6: We only held 2-3 family engagement events per semester, limiting the ability for families to engage with staff on campus.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Traffic and lack of parking causes frustration for families when hosting campus-wide events.
Root Cause 7: Parking was limited with only Phase 1 parking open. Additionally, we failed to identify and assign parking support for each family engagement event.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: Participation in family engagement events was less than 80%.
Root Cause 8: Events were sometimes planned and executed within 2 weeks of the event which didn't allow families to receive advanced notice.
Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Student Data: Assessments

- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records

Employee Data

- Teacher/Student Ratio

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data

Goals

Goal 1: Increase staff retention

Performance Objective 1: 85% of lead teachers return to IDEA Public Schools for the 2023-2024 school year

High Priority

Evaluation Data Sources: Great Place to Work Survey results, Monthly Staff Retention

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Lift upwards feedback from grade level team leaders through monthly Lead Team & Grade Team Leader tactical meetings **Strategy's Expected Result/Impact:** Empower grade team leaders to bring upwards feedback to the leadership team so that we can urgently problem solve and address staff concerns. **Staff Responsible for Monitoring:** Principal, Assistant Principals and Grade Team Leaders **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** Demographics 2 - School Processes & Programs 1		0%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Reflections

Areas of Strength	Areas of Need
1. In Kindergarten and 1st grade, at least 98% or more of students approached grade level standard on their end of year blind assessment.	1. We need to provide more opportunities for intervention within the classroom setting for scholars missing foundational skills.
2. In 2nd grade, 87% of scholars approached grade level standard on their end of year blind assessment.	2. We need to identify ways within the lesson plans to accelerate instruction and close foundational skill gaps while still working to master grade level content.
3. Scholars worked frequently with manipulatives to help them understand concepts.	3. There will be 3 new math teachers within K - 3 next year who will need training and program support to start the year strongly.

Reflections	
Areas of Strength	**Areas of Need**
1. We met our goal of having 90% of scholars reading on or above grade level in Pre-K and Kindergarten.	1. Thirteen percent of our rising 3rd graders will need intervention daily to close their gaps in reading and demonstrate an ability to read on grade level.
2. There was a 72% increase in scholars reading on grade level in 1st grade from the beginning of the year to the end of the year.	2. Teachers will leverage skills based interventions to support student mastery earlier in the school year.
3. There was a 20% increase in scholars reading on grade level in 2nd grade from the beginning of the year to the end of the year.	3. We will identify frequently absent students sooner to intervene and get them in school so they don't fall out of their reading instructional groups.

Reflections	
Areas of Strength	**Areas of Need**
1. Our second grade students performed very strongly on their end of content assessment for Science.	1. We need to increase the number of scholars in Kindergarten and 1st grade mastering Science content by providing more hands on opportunities to work with the content.
2. Students had the opportunity to engage in 90 minutes of instruction for Science daily during the Fall semester.	2. We need to do a stronger job of making cross-curricular connections to the humanities content.
3. Students and teachers enjoyed the Science curriculum.	3. We will conduct weekly grade level lesson planning meetings so that teachers can identify where they can make cross-curricular connections within their lessons.

% Advanced High	38%	21%	21%	13%	

Reflections	
Areas of Strength	**Areas of Need**
1. Overall, 45% of our ELL scholars grew one ore more composite levels.	1. Our ELL scholars need more opportunities to write in every class to develop their skills.
2. 95% of our ELL scholars are Intermediate or higher in the Listening domain.	2. Our ELL scholars need more opportunities to speak in every class to practice their English skills.
3. The majority of our ELL scholars are Advanced High in listenting skills.	3. We need to develop our teachers by providing more tools on how to support ELL scholars within the general education classrooms.

Number of teacher applicants per 2020-21 school year	35

Reflection	
Areas of Strength	**Areas of Need**
1. We added a licensed school counselor to our leadership team for the 2021-2022 school year.	1. We need to increase overall teacher retention to above 90%.
2. We had a competitive pool of applicants for less than 5 available positions for the beginning of the year 2021-2022.	2. We need to increase the frequency of staff appreciation opportunities.
3. We have retained our top performing staff.	3. We need to involve our families throughout the school year in ways to engage with our staff and support in celebrating them.

Data Source: School Culture and Climate	
Reflections	
Areas of Strength	**Areas of Need**
1. Overall student persistence is higher for 21-22 than it was for the 20-21 school year.	1. Average daily attendance fell far short of our goal of 97.5% average daily attendance.
2. Average daily attendance had consistent weekly increases through the last quarter of the school year.	2. Overall student persistence is below 90%.

3. Our female to male student ratio is fairly balanced.	3. We need to improve the experience for new to IDEA families by being clear about expectations in the onboarding process.

% Families who attended Spring Festival	N/A

Reflection	
Areas of Strength	**Areas of Need**
1. There is strong participation for celebratory events hosted on campus.	1. Traffic and lack of parking causes frustration for families when hosting campus-wide events.
2. We had strong participation from parent volunteers for Field Day with more than 50 parent volunteers.	2. For academic engagement events, we need to increase the frequency of opportunities for families to come.
3. Feedback received from parents was positive overall from events hosted in person.	3. We need to give more advanced notice for family engagement events to increase participation.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

We are a 6-12 campus. Currently we have 6-8 grades for the 2022-2023 school year with a current enrollment of 309 students.

Demographics Strengths

1. Strong onboarding plan to inform parents about campuses expectations.

2. Created a sense of belonging through after school clubs and sports (i.e. journalism, cross country, basketball, football, soccer, volleyball

3. Received community and student voice from our surveys

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Our overall persistence was at 88.71%, so we need to drastically improve this metric in order to reach our 90% goal **Root Cause:** There was a weak behavior management system which lacked restorative practices. There was a lack of accountability to follow the behavior management system.

Problem Statement 2 (Prioritized): We fell short on our persistence goals for 90% for our new scholars returning each year because we landed at 88.73% **Root Cause:** A lack of strong onboarding, frequent touchpoints with new scholars led to withdrawals due to an unclear understanding of how our school operates.

Student Learning

Student Learning Summary

% Student Achievement Average	57	52	n/a	

Our scholars perform at a rate greater than ALL campuses aroudn us in our zipcode.

See PDF in Addendum for more information.

Student Learning Strengths

1. Lesson planning and internalization was aligned to TEKS

2. Joint instructional rounds conducted with all lead team members in an effort to provide more support to teachers

3. Data tracking with teachers and scholars

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Percent of Sped scholars that mastered/met in 7th grade ELA and 7th grade Math was 0 **Root Cause:** Sped population had not been prioritized from the beginning of the year and individualized plans had not ben created to meet each student where they are.

Problem Statement 2 (Prioritized): 55% of ELL students in 6th Math mastered/met on STAAR **Root Cause:** Teachers did not set expectations soon enough for growth goals and incorporate it in their lesson planning.

School Processes & Programs

School Processes & Programs Summary

We develop our instructional leaders by providing clear exemplars on coaching processes and data reviews. This in turn allows our isntructional lead teams to focus teachers' attention on the key areas for excellent teaching such as: Strong/clear lesson planning, tight loop coaching and weekly coaching conversations. We have data-driven professional development targeting instructional gaps in order to address low performance observed in classrooms.

See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average

- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful.

See PDF in Addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Inconsistent use of praise and exemplar sharing. Those that are high performing did not feel seen for their effort. **Root Cause:** We did not mechanize how/where we provided praise. This caused praise to be inconsistent.

Problem Statement 2 (Prioritized): Teachers did not engage in vertical planning. **Root Cause:** Did not have content level planning to allow for contents to plan across grade levels

Perceptions

Perceptions Summary

Perception of our campus is improving steadily each year. We have improved in consistency as it relates to solving student to student conflict, clarity in our academic programming model, and our great places to work survey revealed that we were #1 in the district with a score of 98%. We Only campus in Region w/100% Retention in both instructional and operations staff.

See PDF in Addendum for more information.

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Only 35 % of families attended Curriculum Night. **Root Cause:** We did not provide more advanced notice for family engagements events to increase participation

Problem Statement 2 (Prioritized): There was no fall, winter, or spring family festivals planned in 21-22. **Root Cause:** Leadership did not create a year-long scope and sequence of calendar events

Priority Problem Statements

Problem Statement 1: Our overall persistence was at 88.71%, so we need to drastically improve this metric in order to reach our 90% goal
Root Cause 1: There was a weak behavior management system which lacked restorative practices. There was a lack of accountability to follow the behavior management system.
Problem Statement 1 Areas: Demographics

Problem Statement 2: We fell short on our persistence goals for 90% for our new scholars returning each year because we landed at 88.73%
Root Cause 2: A lack of strong onboarding, frequent touchpoints with new scholars led to withdrawals due to an unclear understanding of how our school operates.
Problem Statement 2 Areas: Demographics

Problem Statement 3: Percent of Sped scholars that mastered/met in 7th grade ELA and 7th grade Math was 0
Root Cause 3: Sped population had not been prioritized from the beginning of the year and individualized plans had not ben created to meet each student where they are.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: 55% of ELL students in 6th Math mastered/met on STAAR
Root Cause 4: Teachers did not set expectations soon enough for growth goals and incorporate it in their lesson planning.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Inconsistent use of praise and exemplar sharing. Those that are high performing did not feel seen for their effort.
Root Cause 5: We did not mechanize how/where we provided praise. This caused praise to be inconsistent.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Teachers did not engage in vertical planning.
Root Cause 6: Did not have content level planning to allow for contents to plan across grade levels
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Only 35 % of families attended Curriculum Night.
Root Cause 7: We did not provide more advanced notice for family engagements events to increase participation
Problem Statement 7 Areas: Perceptions

Problem Statement 8: There was no fall, winter, or spring family festivals planned in 21-22.
Root Cause 8: Leadership did not create a year-long scope and sequence of calendar events
Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

Strategy 3: 100% of teachers and instructional leaders will conduct data deep dive after every unit exam to determine misconception and create a reteach plan **Strategy's Expected Result/Impact:** Students will show an increase in approaches, meets, and masters on reteaches **Staff Responsible for Monitoring:** Principal, API		60%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: Percent of Sped scholars that mastered/met in 7th grade ELA and 7th grade Math was 0 **Root Cause**: Sped population had not been prioritized from the beginning of the year and individualized plans had not ben created to meet each student where they are.
Problem Statement 2: 55% of ELL students in 6th Math mastered/met on STAAR **Root Cause**: Teachers did not set expectations soon enough for growth goals and incorporate it in their lesson planning.

Goal 4: Increase student daily attendance

Performance Objective 1: 97% of students attend school daily as measured through OATT (Official Attendance Taking Time)

High Priority

Evaluation Data Sources: Daily ADA (Average Daily Attendance), List of Chronic Absent Students)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 100% of students not on campus will receive an ADA phone call by 8:00am daily. **Strategy's Expected Result/Impact:** ADA will hit 97% or above for each grade level on a daily basis **Staff Responsible for Monitoring:** Principal, APO, Registrar				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: 100% of students who are chronically absent follow the ADA matrix with consequences and next steps. **Strategy's Expected Result/Impact:** Percentage of students with chronic absences will be less than 3% **Staff Responsible for Monitoring:** Principal, APO, Registrar				

Strategy 3 Details	Reviews

Reflection	
Areas of Strength	**Areas of Need**
1. There is strong participation for celebratory events hosted on campus.	1. Traffic and lack of parking causes frustration for families when hosting campus-wide events.
2. We had strong participation from parent volunteers for Field Day with more than 50 parent volunteers.	2. For academic engagement events, we need to increase the frequency of opportunities for families to come.
3. Feedback received from parents was positive overall from events hosted in person.	3. We need to give more advanced notice for family engagement events to increase participation.

IDEA Public Schools

Donna Academy

2022-2023 Campus Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in Science
Top 25 Percent: Comparative Academic Growth

Board Approval Date: October 21, 2022
Public Presentation Date: September 14, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 14, 2022

Demographics

Demographics Summary

IDEA Acaemy Donna is a Title 1 campus that offers quality educational programs and extracurricular activities to students in grades Prekindergarten through 5th grade. IDEA Acamy Donna is a part of one of the fastest growing charter school networks in the Rio Grande Valley. Currently, IDEA Academy Donna has a large student enrollment in the IDEA Public School districts with a membership of 823 students. This is an increase of about 61 students from the previous school year. This increase is attributed to recruitment efforts after the pandemic. New students have enrolled from several different school districts in the Rio Grande Valley, as well as from Mexico.

The school's demographics include approximately 98% of the student population is economically disadvantaged, 96% Hispanic, 6% students with disabilities, and 50% English language learners.

See PDF in Addendum for more information.

Demographics Strengths

1. 94% Teacher retention

2. 90% of our students persist with us

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Our attendance has fallen below the 97.5% target. **Root Cause:** Lack of clear communication on campus safety measures

Problem Statement 2: The EL, Hispanic and all student subgroups showed a math deficiency in the state assessments in the area of closing the gaps. **Root Cause:** Tracking student progress in specific sub groups started late in the year.

Problem Statement 3 (Prioritized): New student population did not meet academic achievement in math or reading. **Root Cause:** Not meeting our persistence goal led to new students enrolling and not enough time to close the gap.

Problem Statement 4 (Prioritized): Increase in referrals for social and emotional wellness support for students. **Root Cause:** Greater focus on meeting academic needs of students and not the social and emotional aspect.

Student Learning

Student Learning Summary

The 2021-2022 school year continued to be greatly impacted by COVID. IDEA Academy Donna will use the 2021-2022 student achievement results as a point of reference for setting academic goals for this school year. We will focus on targeted academic needs reflected in any 2021-2022 online Reading tests, as well as, district benchmarks and assessment data. Although we saw overall student growth, it is the belief that due to the pandemic, there are many academic gaps in all grade levels with many students. IDEA Academy Donna stakeholders will make every effort to ensure that all students are provided with the best, strategic, and informed instructional practices and technology in order to minimize gaps and increase the learning curve for all students this 2022-2023 school year.

State Accountability for 2021-2022

Domain 1 - Student Achievement - 74 =C

Domain 2 Part A - Academic Growth - 95= A, Domain 2 Part B - Relative Performance -84 =B

Domain 3 - Closing the Gaps - 79=C

Grade Level	Approaches %	Meets %	Masters %	Domain 1 %

5th Grade Math	80	42	14	45
5th Grade Science	72	42	21	45

see PDF in addendum for more information

Student Learning Strengths

- Science and Comparative Academic Growth Distinction earned.
- Overall Scaled Score Rating Letter “A”.
- 5th Grade Reading had 35% of the students at a masters level

see pdf in addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Low percentage of students from our subpopulations meeting academic achievement in Math. **Root Cause:** Not enough opportunities for targeted small group instruction during the instructional day.

Problem Statement 2 (Prioritized): Overall academic achievement was low in domain 1. **Root Cause:** Lack of teacher training on foundational skills.

Problem Statement 3: High percentage of students identified as needing intervention based on BOY assessments. **Root Cause:** Lack of stenciling intervention within school schedule.

Problem Statement 4 (Prioritized): Low percentage of students in 1st and 2nd grade level in reading comprehension skills. **Root Cause:** Lack of observations and coaching to support teachers on reading comprehension curriculum.

School Processes & Programs

School Processes & Programs Summary

Professional development is planned by our district and at the campus level to ensure that we are informed of new trends in the educational field and to reinforce the best teaching practices for our students. Throughout the year, professional development is provided to all professional district employees. The district provides professional development to target the implementation of best practices in all content areas, special education, physical education, CPR, and CPI. During the summer, the academic services team plans and develops the scope and sequence and lesson plans for all core subject areas. The administrator at IDEA Academy Donna sets high expectations for each teacher to professionally grow and attend professional development classes throughout the summer. Professional development is also provided throughout the year to train teachers on the implementation of the core curriculum. IDEA Academy Donna supports professional growth by continued coaching and developing through classroom observations and feeback meetings to ensure teachers are delivering quality instruction. IDEA Academy Donna encourages and supports continuous growth for all professionals and co-teachers, so that teachers can have a positive impact on student learning and academic growth. Co-teachers are also included in all staff development days so that they can show continuous growth. Administrators are also required to attend coach's academy for professional growth and have weekly check-ins with the principal and other regional instructional coaches to ensure they are also developing their instructional coaching skills.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA retains an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school holds my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Lack co-teacher investment to increase co-teacher retention. **Root Cause:** Lack of differentiation of responsibilities of coteachers vs pay.

Problem Statement 2: Lack of professional development opportunities for teachers outside of district. **Root Cause:** Lack of professional development vision.

Problem Statement 3 (Prioritized): Lack of teacher skills in providing intervention and strong 1st teach **Root Cause:** Inconsistent side by side planning and rehearsal opportunities with teachers.

Perceptions

Perceptions Summary

IDEA Academy Donna prouds itself in promoting a positive climate and culture. High expectations are set for all students and given opportunities to succeed. All successes, whether great or small are celebrated. These celebrations are used to motivate students to improve academically, make efforts to attend school daily and create a positive attitude toward their learning. IDEA Academy Donna staff invites members of the community to visit and provide presentations and activities for students and parents. All students are encouraged to participate in various afterschool activities. IDEA Academy Donna staff understands that parental support is necessary. Our staff maintains a family and community friendly environment. Parents are welcome to volunteer and take parental classes offered on campus. Parents are kept informed of all activities with the use of a monthly calendar, Facebook, Parent newsletter, flyers, Remind, and phone calls.

Perceptions Strengths

IDEA Academy Donna believes in creating and inviting parents and families to events such as Sports with Dad, Mother's Day, Veterans Day, Grandparents Day and other functions at our school.

IDEA Academy Donna hosts parent classes to help support the academic learning of all students.

IDEA Academy Donna provides school supplies and clothing for those who are in need

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Lack of parental involvement **Root Cause:** Inconsistency in investing stakeholders throughout grade levels.

Problem Statement 2 (Prioritized): Lack school and local community partnerships. **Root Cause:** Lack of investment in a communication plan to build partnerships.

Priority Problem Statements

Problem Statement 1: Our attendance has fallen below the 97.5% target.
Root Cause 1: Lack of clear communication on campus safety measures
Problem Statement 1 Areas: Demographics

Problem Statement 2: New student population did not meet academic achievement in math or reading.
Root Cause 2: Not meeting our persistence goal led to new students enrolling and not enough time to close the gap.
Problem Statement 2 Areas: Demographics

Problem Statement 3: Lack of parental involvement
Root Cause 3: Inconsistency in investing stakeholders throughout grade levels.
Problem Statement 3 Areas: Perceptions

Problem Statement 4: Low percentage of students from our subpopulations meeting academic achievement in Math.
Root Cause 4: Not enough opportunities for targeted small group instruction during the instructional day.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Overall academic achievement was low in domain 1.
Root Cause 5: Lack of teacher training on foundational skills.
Problem Statement 5 Areas: Student Learning

Problem Statement 6: Lack co-teacher investment to increase co-teacher retention.
Root Cause 6: Lack of differentiation of responsibilities of coteachers vs pay.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Lack school and local community partnerships.
Root Cause 7: Lack of investment in a communication plan to build partnerships.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: Lack of teacher skills in providing intervention and strong 1st teach
Root Cause 8: Inconsistent side by side planning and rehearsal opportunities with teachers.
Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: Low percentage of students in 1st and 2nd grade level in reading comprehension skills.
Root Cause 9: Lack of observations and coaching to support teachers on reading comprehension curriculum.
Problem Statement 9 Areas: Student Learning

Problem Statement 10: Increase in referrals for social and emotional wellness support for students.
Root Cause 10: Greater focus on meeting academic needs of students and not the social and emotional aspect.
Problem Statement 10 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Closing the Gaps Domain

Student Data: Assessments

- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Attendance data

Employee Data

- Staff surveys and/or other feedback
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Capacity and resources data

Goals

Goal 1: Increase staff retention

Performance Objective 1: IDEA Academy Donna will ensure that 100% of its teachers meet proficient requirements in the Guidepost to Excellent Teaching by the end of the year.

High Priority

Evaluation Data Sources: Teachboost, Annual Performance Review

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Build a strong partnership with our talent partners and collaborate on opportunities for campus to host meet and greets/tours for candidates and other activities that will attract qualified candidates to our school. **Strategy's Expected Result/Impact:** opportunity to network, build relationships with candidates and promote our campus.	10%	0%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Support and retain qualified teachers and staff by implementing procedures and processes to ensure teachers/ staff are provided with quality onboarding practices. **Strategy's Expected Result/Impact:** Ensure teachers attend professional development pertinent to campus needs. Individual Student Growth **Staff Responsible for Monitoring:** Principal, Assistant Principals of Instruction	25%			

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Provide opportunities for development through weekly observations and feedback meetings. 1. Observe staff 2. Implement coaching practices using the coaching cycle throughout the year. **Strategy's Expected Result/Impact:** Teachers/staff have consistent meetings with instructional coaches and know their progress. Student academic achievement growth **Staff Responsible for Monitoring:** Assistant Principals, Principal	25%	0%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 1: Increase staff retention

Performance Objective 2: 85% of staff will agree that IDEA Academy Donna is a Great Place to Work.

Evaluation Data Sources: Great Place to Work Survey

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Invest teachers in the decision making through feedback surveys or during staff meetings. **Strategy's Expected Result/Impact:** increase staff satisfaction and investment in their role. **Staff Responsible for Monitoring:** Principal, assistant principals	25%	10%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Build strong relationships with staff members 1. Weekly check-ins with instructional coaches 2. Principal chats with all staff members to discuss glows/grows, career outlook. **Strategy's Expected Result/Impact:** staff satisfaction and retention Staff performance increases, individual student academic growth **Staff Responsible for Monitoring:** Principal, Assistant Principals	25%	20%		

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Provide opportunities for recognition and opportunities for growth. 1. Weekly recognition through teacher newsletter 2. Monthly celebrations during staff meeting 3. Opportunity for teachers to have leadership roles (Team/Content Leaders at campus and regional level) **Strategy's Expected Result/Impact:** Recognition/appreciation directly impacts student achievement and staff morale **Staff Responsible for Monitoring:** Principal, Assistant Principals	25%	10%		

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: All IDEA students matriculate to college

Performance Objective 1: 100% of IDEA Donna CP seniors will attend college.

High Priority

Evaluation Data Sources: college application submission, Acceptance dashboard

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Collaborate with college prep team on identifying the top 10 seniors of concern and begin problem solving. **Strategy's Expected Result/Impact:** reduce the number of student concerns, students will go to college. **Staff Responsible for Monitoring:** Principals, DCC Assistant Principals	15%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Provide support in the Person with Influence Program **Strategy's Expected Result/Impact:** Multiple people to support students with matriculation concerns, students will submit college applications in a timely manner **Staff Responsible for Monitoring:** Principal, DCC, Assistant Principals	15%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 2: All IDEA students matriculate to college

Performance Objective 2: 100% of seniors will receive quality IB Programme instruction

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide feedback on lesson plans that focus on student practice and assessments that align to student practice. **Strategy's Expected Result/Impact:** Teacher development, student achievement **Staff Responsible for Monitoring:** Principal, Assistant Principal	15%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Data Analysis: Consistent data conversations to identify misconceptions and provide teachers with practice opportunities for a targeted reteach. **Strategy's Expected Result/Impact:** Effective and targeted reteach, student academic achievement **Staff Responsible for Monitoring:** Principal, Assistant Principal	10%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 1: Third grade performing at or above grade level in reading as measured by the meets grade level standard on STAAR will increase by 7% or more in spring of 2024.

HB3 Goal

Evaluation Data Sources: Internal exam dashboard, instructional dashboard, weekly internal data analysis.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: All K-3 teachers and the principal will attend the guided reading academies trainings provided by the state. **Strategy's Expected Result/Impact:** Teachers and principal will increase knowledge and implementation of evidence- based guided reading practices to positively impact student literacy achievement with a focus on English learners. **Staff Responsible for Monitoring:** Principal, Instructional coach **Title I:** 2.4 - **TEA Priorities:** Build a foundation of reading and math	100%	100%	100%	

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Provide differentiated instruction for students in Meets & Masters groups through enrichment activities, small group intervention, after-school tutoring. **Strategy's Expected Result/Impact:** Increase the number of Meets and Masters by 5% points in each grade and each subject area. **Staff Responsible for Monitoring:** teachers, instructional coach, principal	0%			

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: All 3-5 ELA teachers will attend the lead4ward training for development on new reading assessment item types. **Strategy's Expected Result/Impact:** building teacher knowledge/student achievement increase **Staff Responsible for Monitoring:** Principal. assistant principal	100%	100%	100%	

Strategy 4 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 4: Use interventionist to improve reading performance. **Strategy's Expected Result/Impact:** critical students seen in small group/increase student achievement **Staff Responsible for Monitoring:** CSI, Assistant Principal **Funding Sources:** Interventionist - Federal Grant - $59,300				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 2: Third-5th grade math will meet 6 out 7 (or 85%) math academic achievement targets in Domain 3-closing gaps.

High Priority

HB3 Goal

Evaluation Data Sources: STAAR accountability reports, internal exam dashboard, weekly internal analysis.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Monitor all students in our subpopulation progress by continuously tracking students using exit ticket trackers, and accountability boards such as Locus dashboard. **Strategy's Expected Result/Impact:** Teachers and leaders will know which students still need support and will be able to create plans help them reach academic success. **Staff Responsible for Monitoring:** Teachers, Assistant Principal, Principal				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Invest students by celebrating their growth. **Strategy's Expected Result/Impact:** Students will feel successful when their gains are celebrate and will continue to be invested in their learning.				

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Implement tutoring plans aligned to HB4545 Accelerated Instruction in Reading and Math. **Strategy's Expected Result/Impact:** Close foundational gaps for students who did not pass STAAR or did not end the year on grade level. **Title I:** 2.6				

Strategy 4 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 4: Use interventionist to improve 3rd-5th grade math performance **Strategy's Expected Result/Impact:** close foundational gaps/student achievement increases **Staff Responsible for Monitoring:** Interventionist, Assistant Principal				

Funding Sources: Interventionist - Federal Grant - $59,300	25%	5%		

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 3: 90% Students in PK-2nd grade will be on grade level in Reading by June 2024.

Evaluation Data Sources: DI online through Locus dashboard.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Track student progress: Review percentage of students at mastery and remediate students who score below bench mark within 24 hours. **Strategy's Expected Result/Impact:** Closing gaps in a timely manner/student growth **Staff Responsible for Monitoring:** Teacher, Assistant Principal	15%	5%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Coach and develop teachers: Weekly check ins with teachers * Use data to guide observations and coaching. Observations with teacher twice a week with on the spot feedback. **Strategy's Expected Result/Impact:** Teacher development in content area, student achievement **Staff Responsible for Monitoring:** Assistant Principal, Principal	15%	10%		

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Use AR facilitator to support students become word masters and royal readers. **Strategy's Expected Result/Impact:** increase reading fluency and comprehension/students reading on grade level **Staff Responsible for Monitoring:** AR zone teacher/teachers **Funding Sources:** AR Zone Facilitator - Federal Grant - $39,108.96	10%			

Strategy 4 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 4: Use PK teachers and co-teacher to build a strong reading foundation and improve reading performance **Strategy's Expected Result/Impact:** students on grade level for reading/student achievement **Funding Sources:** PreK Teacher - Federal Grant - $111,000, Co-Teacher - Federal Grant - $34,547.04	10%

% CSI (EOY Ren.)	74%					
% of CSI Passing STAAR	42%					
% of SPED Passing STAAR	59%					

Reflections	
Areas of Strength	**Areas of Need**

1. Alignment- From K to 5th, the focus was to make sure we are covering and working on material that will help students at the next level. For example, Kinder and 1st were already working on strip diagrams and 2nd was incorporating STAAR material in the work. Teachers were able to get familiar with certain strategies and vocabulary due to trainings.	**1. Subpopulations** (EL, All, Continously and Non cont. enrolled) had gaps in their foundational skills. Students struggled keeping up with new skills being introcued as they did not have foundational skills mastered.
2. Modifications- Teachers had more flexability this year when it came to lessons being taught. Teachers were able to take an extra day or two depending on student response. Teachers were not rushing and went back to the basics since it was crucial to cover since we were coming back from the pandemic.	2. Content meetings- Teachers want more opportunites to come together (1st-5th) to go over certain areas in math. They want to know what is working/not working and how they can better support. They also would like to meet together to see the material/content at the next level. They want to become more familiar with the content acorss grade levels and not just their own.
3. Starting off strong- This year we started tutoring, re teaching and regrouping earlier. Teachers were familiar with who they needed to target and knew what to target.	**3. Overall achievement in STAAR was low for math. Students did low in approaches, meet and masters.**
	4. Testing Skills- Students need more practice time when it comes to stamina and testing on the computer. Maybe once a month (after 2-3 modules) or so, students could have a day where they practice with a larger exam and have access to a program to support on the computer.
	3. Managing- For lower grades, they have different managers and wonder if it would be possible to have the same for the content. 1 manager for all of math.

Reflections	
Areas of Strength	**Areas of Need**
1. ELA PDs: lower grade pd (alignment) and alignment meetings for 3rd-5th. PD started earlier in the year.	1. Alignment: (upper and lower grades): meetings, content, coaching, lesson planning, practice teaching, ELA content leader, peer observations, education galaxy
2. Materials and resources: writing supplies, STAAR resources, Novels, books all materials on hand.	2. Centered-Based instruction year round: centers earlier in the year. Bringing the joy, interactive journals, teacher small group instruction based on specific skills.
3. Leader support on Identification of ELA gaps and PDs for the root cause. Ex. Genre instruction, CFS alignment, Informational text exposure.	**Students in 1st and 2nd grade are not finishng the year on track in reading and they lack comprehension skills.**

	The number of students who need critical student intervention (CSI) continues to increase making it difficult to maintain small group sizes.
	3. Writing: Pds, alignment meetings, grammer resources, composition traing, leader observations and feedback to continue to improve instruction.

Reflections	
Areas of Strength	**Areas of Need**

1.Teachers feel appreciated and recognized for hardwork through monthly teacher celebrations, Teacher of the Month, shout outs on Teacher Weekly and including team building activities to encourage a strong school culture.	1. Student Behavior: Students should have severe consequences aligned to the student Code of Conduct for behavior that is harmful to other students. Behavior tracker works for students who forget to do homework, talking in class and minor infractions. However, students who harm other students or are disruptive in class don't have severe consequences.
2. Student activities such as Christmas Festival, Spring Dance and behavior celebrations create a strong school culture (bring back LITERACY NIGHT)	2. Parent Investment/Event logistics: It would be beneficial to resume curriculum nights at the BOY to review grade level expectations; logistics for events such as the Christmas Festival need improvement so that parents don't complain to teachers; resume family events and plan behavior celebrations ahead of time to allow teachers to prepare and request supplies as needed.
3. Implementing the teacher weekly has been helpful to provide information about upcoming events, important announcements and shout outs. Morning announcements have been beneficial in setting the tone for the day and building culture with students by including celebrations announcements and	3. **Accountability/Campus Processes:** Host a meeting with parents of students who are "repeat offenders" for ADA and behavior to reset expectations. Teachers can document and contact parents but many times parents and students are not responsive until ADMIN makes contact with parent.
4. PD session provides planning time to prepare for upcoming lessons	4. During PD, it would be helpful to include sufficient planning time to prepare for the upcoming lessons and implement what was discussed during PD (LOWER GRADES). Teachers requesting support for all programs being taught such as Wit and Wisdom (Kinder)
	The number of student who need social emotional support is increasing.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Our Mission Statement
IDEA College Preparatory Donna is rewriting the story of underprivileged communities by creating a positive learning environment that equips students with the academic, social and leadership skills and international mindedness that are required to succeed in college and our global society.

IB Mission Statement
The International Baccalaureate Organization aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect. To this end the IBO works with schools, governments and international organizations to develop challenging programs of international education and rigorous assessment. These programs encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Demographics

Demographics Summary

IDEA College Preparatory (ICP Donna) is a tuition-free public charter school within IDEA Public Schools. ICP Donna is a comprehensive 6-12 campus enrolling 730 students. The school opened in the fall of 2000 and graduated its first senior class in the spring of 2007. ICP Donna is accredited by the Texas Educational Agency and holds membership in the College Board, the National Association for College Admission Counseling, the Texas Association for College Admission Counseling, and authorized to offer the International Baccalaureate Diploma Program (IB).

ICP Donna provides a robust UIL athletic program for all grades 6th-12th and offers volleyball, soccer, cross country, softball, baseball, and basketball. In addition, our campus, through 21st Century and our IB Programme, provides multiple opportunities to our students to engage in visual and performing arts. Our campus also utilizes LLI to help support our critical student population with a hyper focus on literacy for students that need additional intervention.

We have had 100% graduation and matriculation rate since 2007 and have met at least 90% of our CCMR components each year since the new accountability system was launched.

Our staff is made up of 63 instructional staff members, 10 instructional co-teachers (paraprofessionals), 6 tutors that help support a myriad of tasks. In addition, there are 10 administrators 5 assistant principals and 5 counselors. We have a testing coordinator to help support testing, our 504 program, and our EB program.

Our campus retains 85%-90% of staff members on an annual basis and has sustained a 85%+ GPTW survey score since 2017.

In terms of student demographics, over 80%+ of our students identify as Hispanic, 96% are considered Economically Disadvantaged, 5% are part of our SPED program, 47% are particpants in our EB (Emerging Bilingual) Program, 47% identify as male and 52% identify as Female.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): We still have students citing "academics are too hard" as reasons for leaving. **Root Cause:** It has been challenging to narrow in a root cause, however, one suspected cause for this problem is that we don't offer multiple tracks. For example, neighboring public schools offer a regular, Pre-AP, AP or other track providing options to students. Our students are on one track which is the most rigorous we can offer.

Problem Statement 2: Several students have cited the drive for certification and trade programs as reasons for leaving our campus. **Root Cause:** Students are seeking more efficient ways of being introduced to the work field and certification and trade programs offer this.

Problem Statement 3: During the 21-22 school year, several staff members left due to change in location. **Root Cause:** The city of Donna is not an area that provides the same variety that other larger cities in the region and/or state can offer. Several of our staff members are in life stages that push them into different and more metropolitan areas.

Problem Statement 4 (Prioritized): Teacher leadership is often limited to formal teacher leader roles such as GTL or CTL. **Root Cause:** The staffing model at our district, the over saturation of schools, and leadership recruitment does not allow for expansive leadership opportunities. Thus, campuses are left to determine and develop more creative ways to offer leadership roles.

Student Learning

Student Learning Summary

For the 21-22 academic school year, our students achieved the following in state accountability

- Domain 1, Student Achievement: 91
- Domain 2, School Progress: 93
- Domain 3, Closing the Gaps 81
- Met 6/7 eligible distinctions

Below is a table of our STAAR results by grade and content respectively. The percentages listed refelct how many students were at approaches|meets|masters in each content and grade level.

Grade	English	Math	Biology EOC	Social Studies
6th	69|47|24	76|39|18		
7th	87|67|44	80|38|14		
8th	88|58|40	79|38|23	92|63|22	65|28|13
9th	71|51|10			
10th	79|58|7			
11th				98|83|55
		Overall: 80|51|24		

Over overall percentage of students at approaches for the 21-22 school year increased by 19%, the number of students at meets increased by 11%, and the number of students at masters increased by 5% from the 20-21 school year.

As previously stated we earned 6 out of 7 eligible distinctions which hasn't happened since 2018 so we were excited about the growth. We had 100% of our senior class graduate and as of August 31st, 2022, 98% have matriculated with one pending to matriculate on September 6th.

In regard to our IB program which directly supports our CCMR, we had 98% of our graduating seniors passed at least one IB or AP exam and 100% of our graduating seniors were TSI exempt.

Please see PDF in addendum for additional information.

Student Learning Strengths

Please see PDF in addendum for additional information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The number of students that were at "meets" in math was lower than in the other content areas. **Root Cause:** We saw a huge gap with procedural calculations amongst our students.

Problem Statement 2: Our 8th grade USH scores were significantly lower than other content areas. **Root Cause:** Teacher lacked the expertise to adjust and modify lessons quickly to supplement district curriculum.

Problem Statement 3 (Prioritized): The number of our SPED population passing their exams is lower than previous years. **Root Cause:** Our SPED students require more intervention than in previous years due to the COVID/Distance Learning year and we were not fully prepared nor staffed to address this gap.

School Processes & Programs

School Processes & Programs Summary

At ICP Donna, all of the instructional leaders are carefully and strategically developed. Each month, they are rated using an internal rating system at IPS known as the School Leadership Levers (SLLs). They are provided with formal and informal feedback on daily basis and have a weekly check in with the principal to review their driver goals and discuss problems of practice, priority teachers and/or students of concern.

Each leader works with contents that are aligned to their area of expertise to help ensure that the management structure is one that is logical and effective. Instructional leaders also support student culture which serves as professional development as they are put in situations where they have to problem solve frequently, leverage leadership skills such as communication, and navigate a myriad of situations that require a high level of EQ. Their tasks are intentionally delegated to help them grow in their role and ensure they are always being developed.

Each leader works closely with our teachers to ensure that they are receiving feedback on a weekly basis whether it is through lesson plans and/or classroom observations. Leaders often lead campus wide initiatives to help address instructional or campus culture gaps. In addition, the principal ensures that every month a faculty meeting is replaced with a "Teacher Feature" which is a time in which a teacher is able to be publicly recognized for their pedagogical skill in training staff on a skill they excel in. So this allows for the teacher to be recognized and for teachers to receive professional development that is tightly aligned to their needs.

See PDF in addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who

met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA retains an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): We do not have enough students earning the IB diploma. **Root Cause:** We have a high number of students usually one point away from passing a course which then prevents them from receiving the diploma.

Problem Statement 2 (Prioritized): We have a low number of parent participation and attendance at campus events. **Root Cause:** Our communication is limited to Remind or Facebook and we need to leverage more platforms and methods to remind and invest our parents in our events.

Perceptions

Perceptions Summary

ICP Donna has a 100% graduation rate with over 98% meeting CCMR requirements annually. Confict amongst our students is normally addressed through mediation with the support of a teacher or administrator. We do not offer any peer mediation at the moment but do have many opportunities for students to lead through student organizations such as NHS, Student Council, Yearbook, and JSA.

Our staff retention has historically been 90%+ annually however, the 21-22 school year we saw a 15% turnover with several staff members electing to stop teaching. There was no pattern to the our turnover for the 21-22 school year; staff left to shift careers, go back to school, due to relocation, and/or due to stresses of the pandemic. Our GPTW survey results yield fairly positive results with over 85% of staff agreeing that our campus is a great place to work however, we do usually see that one of our lower rated statements is, "this is a mentally and emotionally safe place to work". This is sadly a statement that has previously come out as low and that is likely due to the high demands and expectations placed on our campuses. The 21-22 school year was additionally challenging as many staff members were out sick with COVID so this added their inability to feel safe and is a reason for a high number of staff absences. There are multiple traditions that I host year after year to help with morale and 1+1s I conduct in the fall and spring to help provide some face time with teachers and help them feel heard. I recognize that there is a lot out of my control but there is also a lot within my control so I do my best to focus on that.

Our family participation rates are measured by attendance to events we host. Last year our most signfiicant barrier was COVID restrictions.

See PDF in Addendum for more information.

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): We did not host as many events as usual due to COVID restrictions and concerns. **Root Cause:** COVID restrictions limited our ability to safely host events.

Problem Statement 2 (Prioritized): We do not have a consistent and engaged PTA. **Root Cause:** We have often attempted to cast a wide net as opposed to a more narrow one.

Priority Problem Statements

Problem Statement 1: We still have students citing "academics are too hard" as reasons for leaving.

Root Cause 1: It has been challenging to narrow in a root cause, however, one suspected cause for this problem is that we don't offer multiple tracks. For example, neighboring public schools offer a regular, Pre-AP, AP or other track providing options to students. Our students are on one track which is the most rigorous we can offer.

Problem Statement 1 Areas: Demographics

Problem Statement 2: The number of our SPED population passing their exams is lower than previous years.

Root Cause 2: Our SPED students require more intervention than in previous years due to the COVID/Distance Learning year and we were not fully prepared nor staffed to address this gap.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: We have a low number of parent participation and attendance at campus events.

Root Cause 3: Our communication is limited to Remind or Facebook and we need to leverage more platforms and methods to remind and invest our parents in our events.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: We did not host as many events as usual due to COVID restrictions and concerns.

Root Cause 4: COVID restrictions limited our ability to safely host events.

Problem Statement 4 Areas: Perceptions

Problem Statement 5: We do not have enough students earning the IB diploma.

Root Cause 5: We have a high number of students usually one point away from passing a course which then prevents them from receiving the diploma.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Teacher leadership is often limited to formal teacher leader roles such as GTL or CTL.

Root Cause 6: The staffing model at our district, the over saturation of schools, and leadership recruitment does not allow for expansive leadership opportunities. Thus, campuses are left to determine and develop more creative ways to offer leadership roles.

Problem Statement 6 Areas: Demographics

Problem Statement 7: The number of students that were at "meets" in math was lower than in the other content areas.

Root Cause 7: We saw a huge gap with procedural calculations amongst our students.

Problem Statement 7 Areas: Student Learning

Problem Statement 8: We do not have a consistent and engaged PTA.

Root Cause 8: We have often attempted to cast a wide net as opposed to a more narrow one.

Performance Objective 3 Problem Statements:

Demographics
Problem Statement 4: Teacher leadership is often limited to formal teacher leader roles such as GTL or CTL. **Root Cause**: The staffing model at our district, the over saturation of schools, and leadership recruitment does not allow for expansive leadership opportunities. Thus, campuses are left to determine and develop more creative ways to offer leadership roles.
Perceptions
Problem Statement 1: We did not host as many events as usual due to COVID restrictions and concerns. **Root Cause**: COVID restrictions limited our ability to safely host events.

Goal 2: All IDEA students matriculate to college

Performance Objective 1: By December 2022, 100% of the Class of 2023 will have submitted 100% of their college applications along with quality resumes, essays, and letters of recommendation.

Evaluation Data Sources: The data source will be our application progress via Naviance.

Strategy 2: Leverage PWI program to ensure that quality feedback on essays, personal statements and resumes is being given. **Strategy's Expected Result/Impact:** Class of 2023 will remain on track with their matriculation trajectory. **Staff Responsible for Monitoring:** Leadership team **TEA Priorities:** Connect high school to career and college **Problem Statements:** Demographics 1 - School Processes & Programs 1 **Funding Sources:** Senior College Counselor - Federal Grant - $71,960.68, College Counselor - Federal Grant - $78,493.15, Director of College Counseling - Federal Grant - $82,482.37	0%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: We still have students citing "academics are too hard" as reasons for leaving. **Root Cause**: It has been challenging to narrow in a root cause, however, one suspected cause for this problem is that we don't offer multiple tracks. For example, neighboring public schools offer a regular, Pre-AP, AP or other track providing options to students. Our students are on one track which is the most rigorous we can offer.

School Processes & Programs

Problem Statement 1: We do not have enough students earning the IB diploma. **Root Cause**: We have a high number of students usually one point away from passing a course which then prevents them from receiving the diploma.

Goal 2: All IDEA students matriculate to college

Performance Objective 2: By October 2022, 100% of the Class of 2023 will have submitted their FAFSA applications to ensure that they receive adequate financial aid as this is many times a reason that students struggle with matriculating.

Evaluation Data Sources: The data source will be our FAFSA completion progress via Naviance.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Host FAFSA parent night in October to help complete all applications **Strategy's Expected Result/Impact:** Completed FAFSA applications by deadline. **Staff Responsible for Monitoring:** DCC & CC Team **TEA Priorities:** Connect high school to career and college **Problem Statements:** Demographics 1 - School Processes & Programs 2 **Funding Sources:** Senior College Counselor - Federal Grant - $71,960.68, College Counselor - Federal Grant - $78,493.15, Director of College Counseling - Federal Grant - $82,482.37	0%			

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: We still have students citing "academics are too hard" as reasons for leaving. **Root Cause**: It has been challenging to narrow in a root cause, however, one suspected cause for this problem is that we don't offer multiple tracks. For example, neighboring public schools offer a regular, Pre-AP, AP or other track providing options to students. Our students are on one track which is the most rigorous we can offer.
School Processes & Programs
Problem Statement 2: We have a low number of parent participation and attendance at campus events. **Root Cause**: Our communication is limited to Remind or Facebook and we need to leverage more platforms and methods to remind and invest our parents in our events.

Goal 2: All IDEA students matriculate to college

Performance Objective 3: By the end of every month for the 22-23 school year, 100% of identified seniors of concern will have attended their monthly 1+1s with the principal and DCC to review their current status.

High Priority

Evaluation Data Sources: Principal & DCC 1+1 Meeting Minutes will be our data source.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Host 1+1, 15-minute meetings with seniors of concern **Strategy's Expected Result/Impact:** Students of concern will not be matriculation concerns post graduation. **Staff Responsible for Monitoring:** Principal & DCC **TEA Priorities:** Connect high school to career and college **Problem Statements:** Demographics 1 - Student Learning 3 - School Processes & Programs 1 **Funding Sources:** Director of College Counseling - Federal Grant - $82,482.37	0%

Reflections

Areas of Strength	Areas of Need
1 STAAR now weeks and STAAR success weeks started earlier to align practice for students. 6-10 collaborated to share pedagogical techniques to increase content/strategy acquisition.	1 Alignment of STAAR strategies and transferring them into W&W. 9&10 need to increase literacy and scope&sequence alignment.
2 AR gave weekly classes to cover novels monthly and test weekly on a smaller book.	2 Incentivize progress each quarter
3 Works studied invested students and engaged them to critically think through IB expectations on assessment	3 Creating SMART objectives that can be assessed each lesson and aggressive monitoring of student practice.

Reflections	
Areas of Strength	**Areas of Need**
1 Teachers getting better with content and data analysis, next year we have a new teacher though.	1 Teachers still need to be more effective when detecting and closing the gaps their students have from previous years.
2 Teachers are very resourceful to get the teaching resources and materials that they need when district does not provide it. They also communicate among them to share best practices that have worked on the past with the students they have now and to help with vertical alignment in practice (asking specific gaps about the students to the previous teacher).	2 Our students could benefit of a greater Math CSI program to help the many students we have with "3 to 4 year math gaps" (i.e. kids in 7th grade doing math in 3rd grade, according to RenSTAR). The support we have cannot provide help to all the students in need.
3. SPED teachers collaborated frequenlty with gen ed teachers and leveraged LPs in campus wide folder to help support their individual lessons.	3 I need to track and support teachers to reach the 60% app for SPEDs AND whaterver meets % our campus needs for Dom3.
Student practice aligned to IB examination and feedback provided through IB markscheme, awarding process and accuracy.	Aggressive monitoring and on the spot remediation once trend is identified as a student gap. Analyzing student data daily to adjust isntruction as necessary.

Areas of Strength	**Areas of Need**
1 Tanya knows the content and do a very good analysis to create STAAR preps that increase approaches and meets scores.	1 Have a mandatory catalyst class for Bio (and Alg1) for all the kids that failed the STAAR test but passed the course. Get Tanya train Leo, who I see teaching Bio during Catalyst every day during the whole year.
2 Priscilla got amazing results in the final exam this year (96|88|74) thanks to her interaction with the CTL (Tanya) and instructional coach (Tamez) and her organization to plan, teach and reteach. She has been getting good results lately (FE 2021 results 94|80|44).	2 Focus on Advance Physics and do not test AP until the year after the teacher-student interaction produces good results in the AP mock. (This year Adv Phys SE results were 43|9|0, and AP Physics results were SE 20|1|0, and ME 0|0|0. 20 students challenged the AP exam).

3 JC Rodriguez has improved his results (84|53|25) compared to last year's (69|35|15) thanks to the unpacking and planning work needed for his new role as course leader.	3 Support Tanya so she is consistent with tracking mets and master students in particular. That way her manager can push her to get the 30 wanted next time.
IB Content knowledge and increase student practice via multiple platforms that are aligned to Paper 1 and Paper 3.	Writing process for internal assessments and providing learning opportunities throughout the year to write an entire IA and receive formal feedback prior to official.

Reflections	
Areas of Strength	**Areas of Need**
1 6th & 8th grade focused heavy on backwards planning and delivering keypoints clearly in the lesson.	1 6th - varying pedagogical practices to increase student engagement and content internalization. 8th- using aggressive monitoring consistently with fidelity to the exemplar and cfu scaffold.
2 Increase in think time for high rigor CFUs and at bat opportunities. Critical thinking evident in classroom discussions of IB content.	2 Aligned student practice and aggressive monitoring the quality of written student responses. Creating criteria for success for student responses.

3 Mastery quizzes given after each unit with remediation quickly following for EL/SPED and students not meeting Meets cutoff	3 Concurrently teachinig IB/STAAR curriculums creates pacing issue.
4. Increased at bats by key point using student- led activities.	4. Backwards planning with highest leverage units and skills as priority to maximize time. Tutorials need to begin semester 1 with targeted 30% of students on these skills

TELPAS Composite Rating (Listening, Speaking, Reading, Writing)					
	Listening	**Speaking**	**Reading**	**Writing**	**% of ELL Students who grew one or more levels**
% Beginning	1%	14%	4%	2%	1%
% Intermediate	21%	36%	29%	25%	5%
% Advanced	37%	40%	33%	37%	6%
% Advanced High	41%	10%	34%	36%	7%

Reflection	
Areas of Strength	**Areas of Need**
Students did very well in the Listening domain. 41% of students scored Advancecd High in this area, which was our highest domain overall. This tells me that our bilingual students can understand what's being communicated to them in English verbally.	Students scored poorly in the Speaking domain. Only 10% of students scored Advanced High. During TELPAS administration, I observed that students were very quiet during this portion of the exam. I noticed a lot of very faint whispering, and this seems to be due to shame of speaking out loud in front of their peers.
Some student's composite scores grew more than one level. I calculated that 1% of students composite score grew more than 1 level. While this is a small percentage, it's still something to be celebrated.	Student investment in the TELPAS test is low. Students don't seem to take the test very seriously. I observed a handful of students in each grade level complete their test in less than 15 minutes, and given the amount of questions on the exam, the possibility of students finishing that quickly is unlikely. This tells me that students guessed on the exam just to finish quickly. Students don't consider the test to be important.
We have a large amount of students who are on track to exit. This number is not complete yet because we don't have final TELPAS scores for all domains and students yet, but based on the preliminary data that we have, approximately 22% of our EB students are on track to exit the program, which is excellent.	I beleive that our EB students need more tools and supports to help them grow throughout the year. This year, I was unable to get certain language acquisition aids for our scholars due to delays from the business office. (Rosetta Stone for our new to the US students)

Reflections	
Areas of Strength	**Areas of Need**
1 Strategically created student target list for IB diploma candidates to focus on various subjects of need. (These students should be the same as those applying and attending Tier 1 and 2 schools.)	1 Create a database of where IB credits are accepted (UTRGV no longer provides IB credits to our passing students) so that students are encouraged to apply to Tier 1 and 2 schools that appreciate the programme.
2 Reinvestment of team on ACT needs and planning effective ACT lessons.	2 Incorporate ACT practice throughout the school year and not just during ACT NOW week.
3 Strong College Going Culture. Students were invested in attending and graduating from college since junior year.	3 Match-Fit Conversation need to include universities that are fianancial aid friendly in order to increase matriculation into top tier universities.
4 Strong TSI Math tutoring achieved 100% exempt before end of the year	Creating an earlier TSI ELA tutorial plan/resources for students in earlier years.

Reflections	
Areas of Strength	**Areas of Need**
1. Principal conducted quarterly 1+1 meetings with 100% of staff throughout the school year to get a gauge of staff satisfaction.	1. During the 21-22 school year, several staff members left due to change in location so leaders are focused on finding ways to anchor teachers more effectively
2. Campus conducts monthly staff appreciation events for all staff to feel supported and a sense of joy in coming to work.	2. Teacher leadership is often limited to formal teacher leader roles such as GTL or CTL and campus is seeking to find additional ways to offer leadership roles in more informal but significant ways.
3. Principal ensures that every month a faculty meeting is replaced with a "Teacher Feature" which is a time in which a teacher is able to be publicly recognized for their pedagogical skill in training staff on a skill they excel in. So this allows for the teacher to be recognized and for teachers to receive professional development that is tightly aligned to their needs.	3

Reflections	
Areas of Strength	Areas of Need

1. We are currently on track to meet our new student persistence which we have struggled to meet in the past so this indicates that we are doing a better job at welcoming and keeping new families.	1. We still have students citing "academics are too hard" as reasons for leaving so we are working to find additional ways to make our academic program more inviting to our students.
2. Our junior and senior cohort had a higher number of persistence than in years prior so this showcases our improvement in demonstrating the importance of our HS programming.	2. Several students have cited the drive for certification and trade programs as reasons for leaving our campus so we are hoping to find ways to make our current programs equally appealing and demonstrate their long term benefit.
3. Our student organization participation has increased steadily and has in turn allowed our students to feel more involved	3

Reflections	
Areas of Strength	**Areas of Need**
1. Our MS grade levels developed a small but powerful PTA. This is something we will be continuing and adding to our HS grade levels for the 22-23 school year.	1. We did not host as many events as usual due to COVID restrictions and concerns however, with restrictions lifting and cases decreasing, we have a monthly parent event calendar for the upcoming school year.
2. We were so happy to have such high attendance for our WTI event--we have never had 100% attendance and attribute this to our communication and frequent reminders.	2. We need to start small to go big so we will be working on developing a small PTA chapter per grade level for a minimum of 10 parents to help build our parent partnerships.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 27

Addendums 28

Comprehensive Needs Assessment

Revised/Approved: September 15, 2022

Demographics

Demographics Summary

In 2015 the IDEA organization saw the need for a campus on the Eastside of San Antonio. Our journey through the last 7 years was very trying. We serve a community of low socioeconomic families who come with emotional strains daily. Until the school year 2021-2022, we were a failing campus. We are proud to say that we are currently a B campus and we will continue to rise.

See PDF in Addendum for more information.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Overall and New Student Persistence **Root Cause:** Lack of consistent and clear communication to all stake holders regarding student culture and disciplines. The lead team failed to review parent survey responses of what keeps students and families invested/happy at our campus.

Problem Statement 2 (Prioritized): Level 3 Offenses **Root Cause:** We failed to coach our teachers on how to de escalate student behaviors and failed to host persistence events for our families to get to know our staff.

Problem Statement 3 (Prioritized): Community Demographics **Root Cause:** 1. Single parent homes where parents struggle to get student(s) to and from school without transportation. 2. High poverty causing families not financially able to purchase uniforms required by campuses.

Student Learning

Student Learning Summary

We achieved B rating! The first time in history at our campus. Our campus had been a low performing campus but that changed this past year. We met our TELPAS goal as well as 5/6 distinctions.

We had amazing increase of results in several areas this year. Our DI year to year comparison reflect the amount of growth our campus has made since 2017 (see data below). We ended the year at 89% and the goal was 90% of K-2 on track.

In our electives, we met Hot Spot honor roll and earned highest performing ilearning hotspot honor roll campus in the region. In AR, we met the word master goal and ended at 7% (goal was 10%) of royal readers. This is the highest AR data since the campus opened. Our critical student intervention students surpassed their goal of meeting their growth goal on either staar reading or staar math. Staar reading overall growth goal met was 90% staar math overall growth goal met was 83%.

See PDF in Addendum for more information.

DI Year to Year Comparison

EOY		May 2017	May 2018	May 2019	May 2020	June 2021	June 2022
Kinder	Reading	82%	90%	94%	74%	90%	94%
First Grade	Reading	35%	54%	65%	49%	50%	73%
Second Grade	Reading	45%	57%	59%	46%	64%	97%

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): % of meets and masters students **Root Cause:** Teachers did not have a strong first teach at the beginning of the year. They showed growth in this area towards the end of the year which did not allow enough time for instructional coaches to focus on coaching teachers how to increase the rigor.

Problem Statement 2 (Prioritized): Daily Attendance and persistence **Root Cause:** Instructional leader failed to coach new teachers to mastery on how to handle disciplinary actions in the classroom and how to effectively follow up with families after an incident. This led to parent frustration, low student ada, and eventually WD from our campus or a transfer.

Problem Statement 3 (Prioritized): Lack of EL Program **Root Cause:** No designated program/content for ELL students who come into our organization not able to speak English and cannot perform and meet the academic expectations.

Problem Statement 4 (Prioritized): Rigor gaps from 2nd to 3rd Grade **Root Cause:** Curriculum gaps from 2nd grade to 3rd grade for reading and math (students are asked to perform at a level in 3rd grade which is not bridged strong enough in 2nd with our curriculum)

School Processes & Programs

School Processes & Programs Summary

At our campus we have a variety of instrucitonal coahes that develop the isnturctional leaders. We have our principal, assigned director of leader development as well as a direct instruction coach, CSI coach, SpEd services coach, and ilearning/ar coach. Our coaches check in with us weekly, conduct joint observational rounds, rate us on School leadership levers, and quarterly progress towards goals meetings.

See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful.

See PDF in Addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Portfolio Assignments **Root Cause:** Leaders are assigned a portfolio that consists of different contents. It takes time for leaders to learn the content to be able to coach effectively and with urgency. This year, we split portfolios based on strengths.

Problem Statement 2 (Prioritized): Building Relationships with our Parents **Root Cause:** As a campus, we have failed to build strong relationships with all of our families in K-12. 2. In order to invest families early on and not have persistence gaps, there should be a scholarship program in that will be awarded in STAAR level grades that would be awarded to students upon graduation.

Problem Statement 3 (Prioritized): Closing Gaps **Root Cause:** Students are placed in grade level from previous school where students cannot perform. There is no procedure to ensure students get the education with frustrating families.

Perceptions

Perceptions Summary

We held trunk or treat, Christmas special, lunch with grandparents day, end of the year bash, quarterly awards ceremonies and had a good turn out. However, we did not count the number of families who attended the events. We will do so for this year.

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Campuses are not all equitable. **Root Cause:** Schools should receive flat base funding amount for operational purposes and a separate amount for performance/accolades.

Problem Statement 2 (Prioritized): We failed to connect with 100% of our families via remind **Root Cause:** As a campus, we did not prioritize making 1 on 1 contact with each one of our families

Priority Problem Statements

Problem Statement 1: Overall and New Student Persistence

Root Cause 1: Lack of consistent and clear communication to all stake holders regarding student culture and disciplines. The lead team failed to review parent survey responses of what keeps students and families invested/happy at our campus.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Level 3 Offenses

Root Cause 2: We failed to coach our teachers on how to de escalate student behaviors and failed to host persistence events for our families to get to know our staff.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Daily Attendance and persistence

Root Cause 3: Instructional leader failed to coach new teachers to mastery on how to handle disciplinary actions in the classroom and how to effectively follow up with families after an incident. This led to parent frustration, low student ada, and eventually WD from our campus or a transfer.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: % of meets and masters students

Root Cause 4: Teachers did not have a strong first teach at the beginning of the year. They showed growth in this area towards the end of the year which did not allow enough time for instructional coaches to focus on coaching teachers how to increase the rigor.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Portfolio Assignments

Root Cause 5: Leaders are assigned a portfolio that consists of different contents. It takes time for leaders to learn the content to be able to coach effectively and with urgency. This year, we split portfolios based on strengths.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Building Relationships with our Parents

Root Cause 6: As a campus, we have failed to build strong relationships with all of our families in K-12. 2. In order to invest families early on and not have persistence gaps, there should be a scholarship program in that will be awarded in STAAR level grades that would be awarded to students upon graduation.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: We failed to connect with 100% of our families via remind

Root Cause 7: As a campus, we did not prioritize making 1 on 1 contact with each one of our families

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Campuses are not all equitable.

Root Cause 8: Schools should receive flat base funding amount for operational purposes and a separate amount for performance/accolades.

Problem Statement 8 Areas: Perceptions

Problem Statement 9: Closing Gaps

Root Cause 9: Students are placed in grade level from previous school where students cannot perform. There is no procedure to ensure students get the education with frustrating families.

Problem Statement 9 Areas: School Processes & Programs

Problem Statement 10: Lack of EL Program

Root Cause 10: No designated program/content for ELL students who come into our organization not able to speak English and cannot perform and meet the academic expectations.

Problem Statement 10 Areas: Student Learning

Problem Statement 11: Rigor gaps from 2nd to 3rd Grade

Root Cause 11: Curriculum gaps from 2nd grade to 3rd grade for reading and math (students are asked to perform at a level in 3rd grade which is not bridged strong enough in 2nd with our curriculum)

Problem Statement 11 Areas: Student Learning

Problem Statement 12: Community Demographics

Root Cause 12: 1. Single parent homes where parents struggle to get student(s) to and from school without transportation. 2. High poverty causing families not financially able to purchase uniforms required by campuses.

Problem Statement 12 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

IDEA Public Schools

Eastside College Prep

2022-2023 Campus Improvement Plan

Accountability Rating: B

Distinction Designations:
Academic Achievement in Mathematics

Board Approval Date: October 21, 2022
Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

The mission statement for IDEA Eastside College Prep is that with a unique curriculum, effective instruction, rigorous academics, and a thriving college-going culture, scholars from underserved communities can achieve success in college and citizenship

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Eastside CP is a Title 1 middle and high school serving the needs of an urban, multi-ethnic, multicultural student body through diverse programs and activities.

Our campus is a full scale campus serving all grades from K-12. We pride ourselves on serving the underserved community and cater our services to provide a secure, safe environment for our schoalrs to be successful. We offer AP for all scholars affording each student the opportunity to achieve success at the hightest of all levels.

Our demographics is as follows:

Idea Eastside MS

Grade Level	Total In Grade	American Indian / Alaskan	Asian	Black or African American	Native Hawaiian/ other Pac Islander	White	Hispanic Latino
6th	110	0	1	17	0	1	91
7th	107	0	0	14	0	1	92
8th	120	1	1	22	0	1	96

Idea Eastside HS

Grade Level	Total In Grade	American Indian / Alaskan	Asian	Black or African American	Native Hawaiian/ other Pac Islander	White	Hispanic Latino
9th	94	0	0	14	1	7	71
10th	64	0	0	9	0	3	53
11th	57	0	0	9	0	1	48
12th	63	0	0	42	1	1	50

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase student persistence overall specifically to our High School Population **Root Cause:** 1) Lack of consistent and clear communication around school culture and expectations to parents and students. 2) There has not been enough of a college going idenitiy established in lower grader levels.

Problem Statement 2 (Prioritized): Lack of consistency and accountability involving discipline. **Root Cause:** 1) Teachers are not consistent in holding expectations for scholars across the board. The effort to build relationships has impacted the cultural negatively.

Problem Statement 3: Low prioritization of New to Idea scholars **Root Cause:** Our new to idea scholars do not have enough opportunity to interact with teachers in a small group, 1on1 method. Due to staffing, the first experiences that get removed are those related to out of class joy factor.

Student Learning

Student Learning Summary

Compared to other MS / HS campuses who serve our demographic in our area we are the highest rated. This year we currently hold a grade of a B awarded by TEA. 100% of our scholars are on track to graduate.

See PDF in addendum

Student Learning Strengths

see PDF in addendum for more information

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): TELPAS: Our EL scholars were not able to show growth on the 4 domains. **Root Cause:** 1) Lack of attention to our special pops. As a campus our scholars are on the forefront however, we have not invested or strategized our time on our EL scholars. 2) early on calibration.

Problem Statement 2 (Prioritized): Math STAAR results: consistently across MS we have not been successful in closing the achievement gap with our special pop scholars. - Data as follows SPED 10/0/0 for our 6th math STAAR and 7th math SPED 18/8/8. **Root Cause:** 1) teacher retention has been a gap. Teachers are not invested in our school culture enough to own the first teach. Teachers are also creating gaps in their lessons as they fail to plan adequately

Problem Statement 3 (Prioritized): Only 3% of our senior class were able to achieve a passing score on 3 or more of their AP exams. Our scholars are not adequately prepared for such a rigorous exam. **Root Cause:** 1) Lack of rigorous instruction from our AP teachers. 2) Lack of investment from our scholars on the importance of AP exams and what they mean.

School Processes & Programs

School Processes & Programs Summary

We develop our instructional leaders by providing clear exemplars on coaching processes and data reviews. This in turn allows our isntructional lead teams to focus our teachers attention on the key areas for excellent teaching such as: Strong/clear lesson planning, tight loop coaching and weekly coaching conversations.

See PDF in Addendum for more information

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years

- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Our family engagement is not comprehensive and cohesive across grade levels. **Root Cause:** 1) our campus expectation is that GTL's and teachers get together with 100% of our scholars. however admin has failed to get to know 100% of our families. 2) As a campus we have failed to promote a positive relationship between our Lead Team and our parents.

Problem Statement 2 (Prioritized): Lack of teachers returning year after year creates a gap in teacher growth and weakens the classroom instruction. **Root Cause:** We source any staff who apply. We do not have a filter for certified staff.

Perceptions

Perceptions Summary

At Idea Eastside we use the RULER Method to regulate high and low emotions throughout the day with students and staff. We ensure scholars experience clear and concise behavior expectations and if needed consistent consequences. Over the last two years we have experienced a drop in parent participation due to the pandemic; nonetheless, we provide parents an opportunity to join virtual or in person to different school functions.

Perceptions Strengths

See Addendum for more information

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Student mental health cases have increased recently. **Root Cause:** 1) COVID has taken a huge toll on our scholars and their social skills. 2) Lack of investments and prioritization of staff SEL training for scholars and teachers.

Problem Statement 2 (Prioritized): Families are quitting IDEA and many of schools are under enrolled. We lost 4 teacher positions this year due to enrollment. **Root Cause:** When we do not share out our program and strategies we cause there to be gaps in student and family understandings. Our parents are not clear on the processes we use as a Restorative Campus. This causes families to feel insure about how we support their social emotional learning.

Priority Problem Statements

Problem Statement 1: There is a need to increase student persistence overall specifically to our High School Population

Root Cause 1: 1) Lack of consistent and clear communication around school culture and expectations to parents and students. 2) There has not been enough of a college going idenitiy established in lower grader levels.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Lack of consistency and accountability involving discipline.

Root Cause 2: 1) Teachers are not consistent in holding expectations for scholars across the board. The effort to build relationships has impacted the cultural negatively.

Problem Statement 2 Areas: Demographics

Problem Statement 3: TELPAS: Our EL scholars were not able to show growth on the 4 domains.

Root Cause 3: 1) Lack of attention to our special pops. As a campus our scholars are on the forefront however, we have not invested or strategized our time on our EL scholars. 2) early on calibration.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Math STAAR results: consistently across MS we have not been successful in closing the achievement gap with our special pop scholars. - Data as follows SPED 10/0/0 for our 6th math STAAR and 7th math SPED 18/8/8.

Root Cause 4: 1) teacher retention has been a gap. Teachers are not invested in our school culture enough to own the first teach. Teachers are also creating gaps in their lessons as they fail to plan adequately

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Only 3% of our senior class were able to achieve a passing score on 3 or more of their AP exams. Our scholars are not adequately prepared for such a rigorous exam.

Root Cause 5: 1) Lack of rigorous instruction from our AP teachers. 2) Lack of investment from our scholars on the importance of AP exams and what they mean.

Problem Statement 5 Areas: Student Learning

Problem Statement 6: Our family engagement is not comprehensive and cohesive across grade levels.

Root Cause 6: 1) our campus expectation is that GTL's and teachers get together with 100% of our scholars. however admin has failed to get to know 100% of our families. 2) As a campus we have failed to promote a positive relationship between our Lead Team and our parents.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Lack of teachers returning year after year creates a gap in teacher growth and weakens the classroom instruction.

Root Cause 7: We source any staff who apply. We do not have a filter for certified staff.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Student mental health cases have increased recently.

Root Cause 8: 1) COVID has taken a huge toll on our scholars and their social skills. 2) Lack of investments and prioritization of staff SEL training for scholars and teachers.

Problem Statement 8 Areas: Perceptions

Problem Statement 9: Families are quitting IDEA and many of schools are under enrolled. We lost 4 teacher positions this year due to enrollment.

Root Cause 9: When we do not share out our program and strategies we cause there to be gaps in student and family understandings. Our parents are not clear on the processes we use as a Restorative Campus. This causes families to feel insure about how we support their social emotional learning.

Problem Statement 9 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Running Records results

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Violence and/or violence prevention records
- Tobacco, alcohol, and other drug-use data
- Class size averages by grade and subject

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Communications data

Goals

Goal 1: Increase staff retention

Performance Objective 1: Managers will ensure all instructional staff has a minimum of 2x check-ins per month and four 30 min observations per month.

High Priority

Evaluation Data Sources: Manager Calendars, teachboost feedback, zoomback roadrunner feedback.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Each manager will turn in a weekly worksheet every Monday morning including A/B teacher observational schedule. **Strategy's Expected Result/Impact:** Managers will be held accountable to follow their calendars to ensure instructional staff is being supported. **Staff Responsible for Monitoring:** Principal Chugani **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** Student Learning 3				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Teachboost feedback must be completed for every instructional staff member on a weekly basis. **Strategy's Expected Result/Impact:** All instructional staff will have ensured instructional support. **Staff Responsible for Monitoring:** Principal Chugani **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** School Processes & Programs 2				

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 3: Only 3% of our senior class were able to achieve a passing score on 3 or more of their AP exams. Our scholars are not adequately prepared for such a rigorous exam. **Root Cause**: 1) Lack of rigorous instruction from our AP teachers. 2) Lack of investment from our scholars on the importance of AP exams and what they mean.

School Processes & Programs

Problem Statement 2: Lack of teachers returning year after year creates a gap in teacher growth and weakens the classroom instruction. **Root Cause**: We source any staff who apply. We do not have a filter for certified staff.

Goal 1: Increase staff retention

Performance Objective 2: Lead team will have a joyful staff event once a quarter.

Evaluation Data Sources: post event surveys will be sent for feedback.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Lead team members will plan and strategize events on a monthly basis at campus strategy meetings. **Strategy's Expected Result/Impact:** Teachers will have an opportunity to relax and enjoy life with their leaders building long lasting relationships. **Staff Responsible for Monitoring:** Montoya **TEA Priorities:** Recruit, support, retain teachers and principals				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: Increase staff retention

Performance Objective 3: Lead Team will invest all stakeholders in our mission .

Evaluation Data Sources: weekly tactile/ GPTW survey

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teacher leader round table will hosted by lead team monthly. Teachers will voice any concerns or give any feedback to the admin team regularly. **Strategy's Expected Result/Impact:** Being a part of the decision will empower teachers to have buy-in **Staff Responsible for Monitoring:** Chugani **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** School Processes & Programs 2				
0% No Progress 100% Accomplished → Continue/Modify ✕ Discontinue				

Performance Objective 3 Problem Statements:

School Processes & Programs
Problem Statement 2: Lack of teachers returning year after year creates a gap in teacher growth and weakens the classroom instruction. **Root Cause**: We source any staff who apply. We do not have a filter for certified staff.

Goal 2: All IDEA students matriculate to college

Performance Objective 1: Establish a college going identity at college prep campus.

Evaluation Data Sources: Student surveys, Trackers

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Tracking EA/ED applications by CC Teams with 100% completion by November 1st **Strategy's Expected Result/Impact:** Seniors will be knowledgeable of their college list **Staff Responsible for Monitoring:** Navarro-Jusino, Gonzalez, Rodriguez **TEA Priorities:** Connect high school to career and college **Funding Sources:** College Counselor - Federal Grant				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: 100% of scholars will participate in field lessons. **Strategy's Expected Result/Impact:** All students will be exposed to colleges near and far based on student interest **Staff Responsible for Monitoring:** Simmons **TEA Priorities:** Connect high school to career and college				

No Progress

Accomplished

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: RTTC teachers will be utilizing TSI tutoring curriculum for struggling scholars in class. **Strategy's Expected Result/Impact:** Seniors will be 100% TSI exempt by October 3rd. **Staff Responsible for Monitoring:** Navarro - Jusino **TEA Priorities:** Build a foundation of reading and math				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 1: Ensure all STAAR Contents hit 90/60/30 on exams.

High Priority

HB3 Goal

Evaluation Data Sources: Scholars will be prepared for the upcoming school year.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Lesson alignment: teachers will align curriculum to our TEKS on a daily basis **Strategy's Expected Result/Impact:** Lessons will be created to reach all students in class daily. **Staff Responsible for Monitoring:** Managers **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math **Problem Statements:** Student Learning 2, 3				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: 37% of EL scholars show 2 composite points of growth on their TELPAS exams **Strategy's Expected Result/Impact:** Scholars will continually show growth on their English proficiency **Staff Responsible for Monitoring:** Delgado **Title I:** 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **Problem Statements:** Student Learning 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: TELPAS: Our EL scholars were not able to show growth on the 4 domains. **Root Cause**: 1) Lack of attention to our special pops. As a campus our scholars are on the forefront however, we have not invested or strategized our time on our EL scholars. 2) early on calibration.

Student Learning

Problem Statement 2: Math STAAR results: consistently across MS we have not been successful in closing the achievement gap with our special pop scholars. - Data as follows SPED 10/0/0 for our 6th math STAAR and 7th math SPED 18/8/8. **Root Cause**: 1) teacher retention has been a gap. Teachers are not invested in our school culture enough to own the first teach. Teachers are also creating gaps in their lessons as they fail to plan adequately

Problem Statement 3: Only 3% of our senior class were able to achieve a passing score on 3 or more of their AP exams. Our scholars are not adequately prepared for such a rigorous exam. **Root Cause**: 1) Lack of rigorous instruction from our AP teachers. 2) Lack of investment from our scholars on the importance of AP exams and what they mean.

Goal 3: IDEA achieves an A rating

Performance Objective 2: 40% of Special Pop will achieve Meets on all STAAR assessments.

High Priority

Evaluation Data Sources: Weekly tracking of special pops meeting meets on all weekly quizzes.

Goal 4: Increase student daily attendance

Performance Objective 1: 97.5% of scholars will show up on campus every single day.

High Priority

Evaluation Data Sources: Tracker

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers will track Homeroom attendance and calls absent students from 7:40 - 8:00am - 8:00 - 8:30 Lead team will be making absent calls and attendance on a daily and tracking on the tracker. From 8:30 - 10:30 SIS/ Ops team will be finishing up those calls **Strategy's Expected Result/Impact:** Scholars will be in their seats learning everyday **Staff Responsible for Monitoring:** Melissa Martinez **Title I:** 2.6 **- TEA Priorities:** Improve low-performing schools				

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 4: Increase student daily attendance

Performance Objective 2: Scholars enrolled in Physical Education will achieve 900 min of recorded active min before May 2023.

Evaluation Data Sources: Heart rate monitors, and tracking systems.

Goal 5: Increase student persistence

Performance Objective 1: 90% of scholars will persist at IDEA Eastside CP year after year.

Evaluation Data Sources: At risk tracker, Leaver list, mission list.

Goal 5: Increase student persistence

Performance Objective 2: Daily implementation of Move this World.

Evaluation Data Sources: daily homeroom observations by lead team.

Goal 5: Increase student persistence

Performance Objective 3: 100% of scholars will participate in the healthy kids initiative.

Evaluation Data Sources: Coordinated with health aide, and CNP.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

We are a K-5 elementary on the south side of Fort Worth. We are a minority majority campus with 90% of our scholars qualifying for free or reduced lunch. Most of our teachers currently have less than 5 years of experience. Our aim is to ensure that 100% of our scholars enter 3rd grade reading on grade level and 100% of our 5th grade scholars leave us ready for the rigors of middle school.

Demographics Strengths

See addendum

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Our new student persistence was below 80%. **Root Cause:** We did not properly onboard new families that received offers in July and August.

Problem Statement 2 (Prioritized): Our attendance was 6% lower than in 2020-2021. **Root Cause:** We were not able to execute a strong matrix for ADA escalation for habitual ADA offenders.

Student Learning

Student Learning Summary

Overall, scholars progress well at IDEA Edgecliff Academy. 86% of K-2 scholars finished the year reading at or above reading level. Our RTI system identified numerous scholars for additional testing and SPED support. All of our scholars that took STAAR Alt passed.

In 5th grade, over 90% of our scholars met or exceeded their growth goals. We were an overall A rated campus with A's in both Domains 2 and 3.

Student Learning Strengths

See addendum.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): We did not meet the goal of 60% Meets and Masters in math **Root Cause:** We were not able to adequately push the rigor in math, especially in 5th grade math to support higer mastery.

Problem Statement 2 (Prioritized): We had 21 scholars that failed multiple exams. **Root Cause:** We did not intentionally track our Domain 3 scholars until gaps became too big to close.

School Processes & Programs

School Processes & Programs Summary

As a 2nd year school we built on our processes from the year before. We were able to strengthen instructional systems, especially in the area of RTI. Opportunities exist for more uniform coaching and support across all spaces. Systems need to be tightened up around coaching and developing leaders to monitor and own systems.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"

- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): ADA dropped 6% from 2020-2021 to this year. **Root Cause:** We were not able to execute on a strong ADA escalation matrix.

Problem Statement 2 (Prioritized): Family communication was not uniform across all grade levels. **Root Cause:** We did not coach our GTLs up to create systems for uniform communication systems.

Problem Statement 3: Car line routinely ran over 30 mins for dismissal each day **Root Cause:** We did not effectively train staff to work the pikmykid app and did not identify enough back up people to support in the event of absence.

Perceptions

Perceptions Summary

We pride ourselves in our adult and student culture at IDEA Edgecliff. We have led the Tarrant County region in student persistence in both years we have existed. We have built out robust systems around family engagement and have a strong turnout for every event. Opportunities exist in building out a strong system for ADA accountability with families to ensure that we are limiting habitual absences.

Perceptions Strengths

See adendum.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Only 80% of our staff was retained for the school year, which was 5% below the goal. **Root Cause:** Coaching and support was inconsistent across spaces, especially in our math classes. The Assistant Principal struggled to build relationships and consistently adhere to the coaching cycle.

Problem Statement 2: There was not alignment across both CP and AC for parent engagement events. **Root Cause:** We did not have mechanisms for facilitating parent engagement events.

Priority Problem Statements

Problem Statement 1: Our new student persistence was below 80%.
Root Cause 1: We did not properly onboard new families that received offers in July and August.
Problem Statement 1 Areas: Demographics

Problem Statement 2: Our attendance was 6% lower than in 2020-2021.
Root Cause 2: We were not able to execute a strong matrix for ADA escalation for habitual ADA offenders.
Problem Statement 2 Areas: Demographics

Problem Statement 3: We did not meet the goal of 60% Meets and Masters in math
Root Cause 3: We were not able to adequately push the rigor in math, especially in 5th grade math to support higer mastery.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: We had 21 scholars that failed multiple exams.
Root Cause 4: We did not intentionally track our Domain 3 scholars until gaps became too big to close.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: ADA dropped 6% from 2020-2021 to this year.
Root Cause 5: We were not able to execute on a strong ADA escalation matrix.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Family communication was not uniform across all grade levels.
Root Cause 6: We did not coach our GTLs up to create systems for uniform communication systems.
Problem Statement 6 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Student surveys and/or other feedback

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data

Reflections	
Areas of Strength	**Areas of Need**
1) K-2 Math Assessments	1) Scaffolding the rigor increase from 2nd the 3rd grade and planning for future vertical alignment
2) Exponential improvement in 3rd grade math	2) Planning for rollout of the online only version of the STAAR test in 3rd and 4th grade.
3) Incorporation of Hot Spot	3) Increase rior of math for Kinder - not enough meets and master scholars.

Reflections	
Areas of Strength	**Areas of Need**
1) K-2 DI continues to be a strength for us. We should hit the 90% DI goal	1) Plan and prep for gaps of rising 2nd graders - they were without a consistent teacher for much of Semester 2
2) STAAR success unit was successful - 3/5 scholars were prepared to take the STAAR	2) Implement a more systematic process for showing thinking through writing.
3) The alignment and collaboration between all English teachers was strong.	3) Intervene with critical scholars for fluency acquisition sooner with K-2 scholars - our RTI program is in its infancy.

IDEA Public Schools

Edgecliff College Prep

2022-2023 Campus Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Mathematics
Postsecondary Readiness

Board Approval Date: October 21, 2022

Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Edgecliff serves 6th, 7th, and 8th grade students who are 85% economically disadvantaged. We reside in District 8 in Fort Worth. In our district community less than 10% of schools are rated an A or B. We are a public charter school who believe in students going to and through college. We currently are a full scale middle school in hopes of driving multiple AP courses and a potential Early College program as we expand and grow through twelth grade.

Demographics Strengths

See PDF in Addendum for more information

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase student daily attendance. **Root Cause:** There was a 6% decrease in ADA due to the ongoing effects of the pandemic. All staff must be invested in the ADA escalation (internal non-legal truancy process) to hold families accountable to attend school.

Problem Statement 2 (Prioritized): There were many instances where culture formed by default in spaces where scholars and staff learned, communicated, and/or took up space. There is a need to create and effectively execute a student incentive plan and tracking system. **Root Cause:** There has not been an accountable system that allows for all good behaviors and misbehaviors to be tracked in one place. Staff must upgrade school wide behavior system to drive scholar accountability and motivate them intrinsically and extrinsically

Student Learning

Student Learning Summary

This school year our school was rated a 90A. We had huge success in relative performance achieving a 92A in Domain 2. 86|B in Domain 1 and 85 in Closing the gaps. When comparing our data to other schools in our communtity that are similar to our make, we are 1 of 2 of the top performing middle schools in the district. We shined bright in our ELA content, as 7th grade achieved 50% masters and 92% of all scholars reached their growth goals in reading. Math is an area of growth that held up back from recieving our progress and closing the gap distinction. But with such high numbers in meets and masters across the board we were awarded the post secondary distinction. Edgecliff College Prep averaged 55% meets and 32% mastered, with a 55 achievement score.

Student Learning Strengths

See PDF in Addendum for more information

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There was little Tier II interventions and strategies during in-class instruction to target Domain 3 growth. **Root Cause:** Instructional staff lacked strategy behind using MSR report and other district data to identify priority scholars earlier in the year. This led to inefficient data tracking and monitoring as well as targeted intervention supports.

Problem Statement 2 (Prioritized): In order to offer Collegiate Academy Program, Edgecliff CP will need an additional 5 certified teachers with Master credentials. **Root Cause:** Teachers were hired based on best fit and certification was not a priority.

School Processes & Programs

School Processes & Programs Summary

Our campus develops instructional leaders through intential internal and external professional development that equips leaders in driving outcomes. Many practices are adapted from RELAY graduate fellowship programs, where 100% of all instructional staff have attended. First year instructional leaders are required to attend district development and receive close support from regional content coaching. On campus, the principal drives individual coaching through side by side, real time, and modeling. The principal usings the district's School Leadership Levers as a rubric to assess competency.

Teachers development is centered around what we call the coaching cycle. Instructional leaders have mechanisms in place to practice, observe, celebrate, and grow teachers. In addition there is a campus professional development scope and sequence to introduction best practices and to close gaps in problems of practice. Instructional leaders use the district's Guide to Excellent Teaching rubric to development and evaluate performance.

See PDF in addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Due to the small percentage of teachers being state certified, Edgecliff CP will not be able to earn Early College Designation status or dual credit. **Root Cause:** We are not offering any internal alternative certification programs to assist teachers to become certified particularly in the Sciences, Math, and ELA fields.

Problem Statement 2 (Prioritized): Edgecliff CP missed the goal of 85% of teacher retention by 15% for the 21/22 SY. **Root Cause:** There is a need to increase staff/teacher engagement to ensure that teachers feel a sense of belonging and are supported.

Priority Problem Statements

Problem Statement 1: There were many instances where culture formed by default in spaces where scholars and staff learned, communicated, and/or took up space. There is a need to create and effectively execute a student incentive plan and tracking system.

Root Cause 1: There has not been an accountable system that allows for all good behaviors and misbehaviors to be tracked in one place. Staff must upgrade school wide behavior system to drive scholar accountability and motivate them intrinsically and extrinsically

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to increase student daily attendance.

Root Cause 2: There was a 6% decrease in ADA due to the ongoing effects of the pandemic. All staff must be invested in the ADA escalation (internal non-legal truancy process) to hold families accountable to attend school.

Problem Statement 2 Areas: Demographics

Problem Statement 3: There was little Tier II interventions and strategies during in-class instruction to target Domain 3 growth.

Root Cause 3: Instructional staff lacked strategy behind using MSR report and other district data to identify priority scholars earlier in the year. This led to inefficient data tracking and monitoring as well as targeted intervention supports.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: In order to offer Collegiate Academy Program, Edgecliff CP will need an additional 5 certified teachers with Master credentials.

Root Cause 4: Teachers were hired based on best fit and certification was not a priority.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Due to the small percentage of teachers being state certified, Edgecliff CP will not be able to earn Early College Designation status or dual credit.

Root Cause 5: We are not offering any internal alternative certification programs to assist teachers to become certified particularly in the Sciences, Math, and ELA fields.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Edgecliff CP missed the goal of 85% of teacher retention by 15% for the 21/22 SY.

Root Cause 6: There is a need to increase staff/teacher engagement to ensure that teachers feel a sense of belonging and are supported.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: There is a concern among teachers around personal and professional time balance.

Root Cause 7: The demand around lesson planning and classroom preparation is more intense as compared to a traditional independent school district.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: There is a perception that Edgecliff CP is too structured and rigid as evidenced by student and parent surveys.

Root Cause 8: There are gaps in family onboarding that explain to families the vision for culture and high expectations and why that vision is effective.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Observation Survey results
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback

Employee Data

- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus department and/or faculty meeting discussions and data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data

Goals

Goal 1: Increase staff retention

Performance Objective 1: By the end of the school year, IDEA Edgecliff College Prep will retain 85% of staff.

High Priority

Reflections	
Areas of Strength	**Areas of Need**
1. Strong lesson planning to supplement provided district curriculum	1. District curriculum lacks rigor and alignment to student needs
2. Increased opportunity for students to practice reading fluency and comprehension	2. Begin intervention plans earlier in the school year using the MSR report
3. Targeted support provided to ELL and Sped population to ensure execution of accommodations	contents specifically to strengthen comprehension and writing

Areas of Strength	**Areas of Need**
11. Multiple avenues of communication (Smore, Remind)	1 Increase percentage of parents connected to communication platforms / internally design schoolwide
2 Frequent communication with parents (Parent Weekly / Newsletters)	2 Ensure access to translation tools (headphones) for pare
3 Share communication in languages reflective of student population	3 increase amount of community partnerships

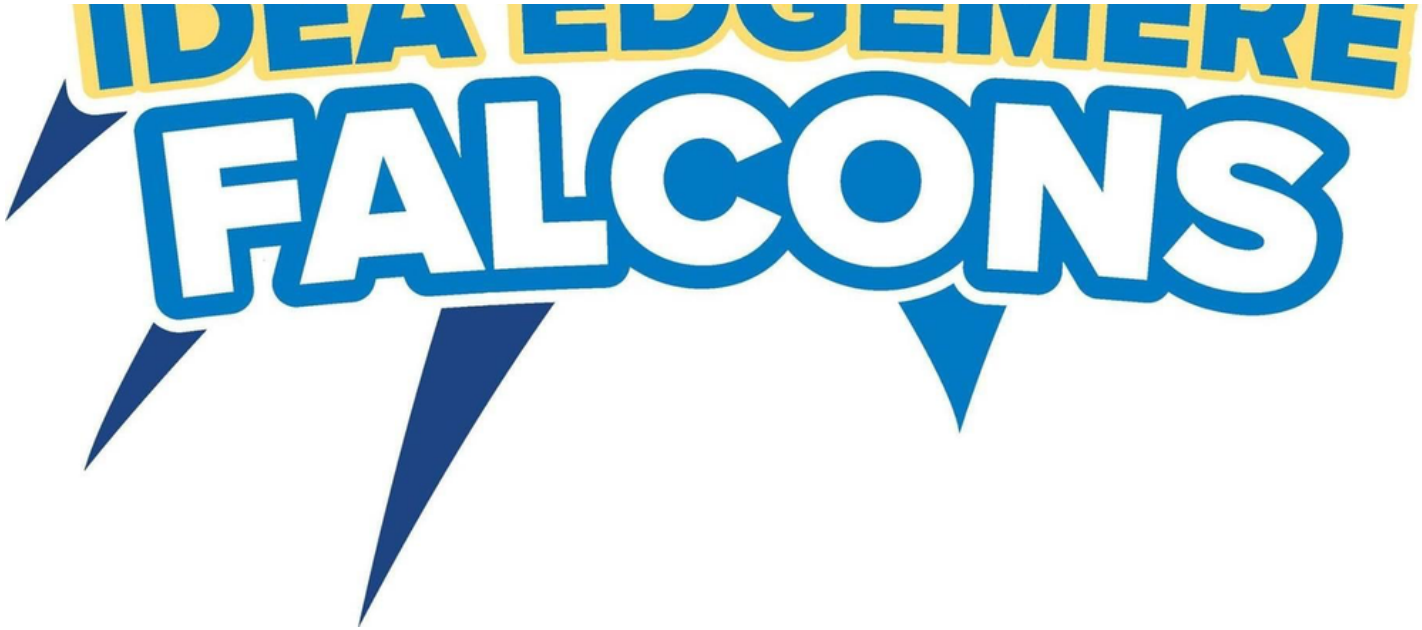
IDEA Public Schools

Edgemere Academy

2022-2023 Campus Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Mathematics



Board Approval Date: October 21, 2022
Public Presentation Date: September 15, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Demographics

Demographics Summary

IDEA Edgemere is a full-scale campus for Academy this year; we added 5th grade this year. We are an open enrollment charter school, non profit, free tuition public school. This year we service 998 scholars in Academy. We have all special programs, including general sped, RISE sped unit (self contained), 504, Bilingual, and RTI.

Our goal is to ensure every scholar is at or above grade level in reading and in math. We believe our academy provides scholars the fundamental building blocks to set a child on the path to college.

See PDF in Addendum for more information

Grade Level	Total in Grade	American Indian or Native Alaskan	Asian or Pacific Islander	Black, not of Hispanic orig
-1	110 ~(m) / ~(f)	0 ~(m) / ~(f)	0 ~(m) / ~(f)	0 ~(m) / ~(f)
0	147 ~(m) / ~(f)	0 ~(m) / ~(f)	0 ~(m) / ~(f)	0 ~(m) / ~(f)
1	164 ~(m) / ~(f)	0 ~(m) / ~(f)	0 ~(m) / ~(f)	0 ~(m) / ~(f)

Demographics Strengths

See PDF in Addendum for more information

Problem Statements Identifying Demographics Needs

Problem Statement 1: More extracurricular activities- staff volunteer (after school programs ex: art, Spanish, music (singing) **Root Cause:** Funds were prioritized for afterschool care and BOY and closing the achievement gap via tutoring, intersession classes, and Saturday School.

Problem Statement 2 (Prioritized): More positive reinforcement/incentives for good behavior (play with friend at recess, sit with friend in cafeteria, classroom, student of the week recognition) **Root Cause:** Training staff on different ways to implement positive reinforcement, and the Student Success Advisor struggling with time management to scheduling time to see every scholars.

Problem Statement 3 (Prioritized): More opportunities for IN PERSON family contact/communication (report card nights, parent/teacher conference nights) **Root Cause:** Limited opportunities for parents to come to our campus were offered.

Problem Statement 4 (Prioritized): There is a need to increase student persistence specifically for new to IDEA Edgemere students because it has declined over the past two years. **Root Cause:** (1) Lack of consistent and clear communication around school culture and expectations to parents and students during the entire onboarding process (Welcome to IDEA), and (2)lack consistent annual reflection and interest surveys on what keep students/families at IDEA and what programmatic offerings we need to consider and incorporate (instruction, extra curricular activities, athletics, and clubs)

Problem Statement 5 (Prioritized): There has been a trend of declining average daily attendance (ADA) over the past two of years. **Root Cause:** (1) Lack of communication and family investment of the importance of attending school every day

Problem Statement 6 (Prioritized): There is a need for more professional development opportunities for educators to aid and assist scholars who receive special education support and emergent bilingual learners. **Root Cause:** (1) Teachers do not have the tools to support scholars who are in the Domain III category, which leads to scholars not meeting their growth goals or TELPAS growth. (2) Leaders do not have the expertise to provide teachers with action steps that aid in the growth and support of Domain III scholars.

Problem Statement 7 (Prioritized): Unclear vision to reduce the threat of bullying. High volume of family and student reported bullying concerns led to persistence concerns. **Root Cause:** The campus does not have a clear and consistent vision to educate all stakeholders on bullying. Campus does not have a clear protocol to address bullying when reported.

Problem Statement 8 (Prioritized): EB scholars enrollment rates have increased significantly. As such, campus must adapt and incorporate more urgent interventions for our beginner and intermediate EB scholars. **Root Cause:** A significant increased of EB scholars has enrolled this year. Many of them, are first year in America students who need more urgent support with language acquisition.

Problem Statement 9 (Prioritized): Scholars in Special education performed significantly lower than scholars in other accountable subgroups. **Root Cause:** Interventions were primarily fluency based and did not emphasize standard and skill based supports.

Problem Statement 10 (Prioritized): RTI is not being implemented effectively. No clear communication between SEL department and instructional team. **Root Cause:** Ownership at the campus levels was associated with the counseling department and Trainings.

Student Learning

Student Learning Summary

We are proud to be an A rated campus (91). Domain I- 82, Domian II-92, and Domain III-89, for student achievement, school progress, and closing the gaps respectively. We continue to work hard towards providing a high qaulity education for scholars.

See PDF in Addendum for more information

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: In person training during BOY and on going training/incorporate aggressive monitoring. Math Coach/Regional Coach visit campus on a regular basis. **Root Cause:** Most all trainings were virtual or via Roadmaps, with very little in person or hands on.

Problem Statement 2: Alternate tutoring days and intervention times between math and reading for low students **Root Cause:** Reading was prioritized as the initial intervention focus.

Problem Statement 3: Scholars are properly placed and consistently monitored/flagged throughout the school year by teachers based on data of mastery tests and fluency checkouts. **Root Cause:** Tracking gaps correctly and implementing a strong first teach.

Problem Statement 4 (Prioritized): Implementing more planning time earlier in the year to unpack upcoming lessons and prepare activities. **Root Cause:** Master schedule did not allow for more that 30 minutes of teacher planning. Edit Associated Areas

Problem Statement 5: More fluency practice, start of book clubs and tracking of AR data in all ELA/Reading classrooms. **Root Cause:** Implementing TEKs to focus on at the beginning of the year to target gaps within instruction.

School Processes & Programs

School Processes & Programs Summary

We start to develop instrucitonal leaders in the classroom and with grade and content team leaders. We have a Teacher Foundational Leadership program that teachers attend to understand instrucitonal leadership and management of teams. Each teacher leader has a job description with goals.

We start with a scope and sequence for professional development based on the GET (Guidance for Excellent Teaching) and its power strands and rows. We also use the Get Better Faster waterfall to ensure our teachers master certain things in classroom managment and rigor first.

As instructional leaders, we prioritize instructional rounds, following our coaching cycle and taking time to dive into data with data conversations and SWAMS (student work analysis meetings)

See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Fidelity to coaching cycle to include the exemplar and modeling. **Root Cause:** Behavior interruptions took away from the coaching cycle of teachers.

Problem Statement 2: Additional coaching in parent relation building, classroom behavior management and organizational systems for prioritization for student results. **Root Cause:** Consistent behavior system not used as a campus. Teacher not taught how to organize work or how to build relationships with parents.

Problem Statement 3 (Prioritized): Establish team building inside and outside of work **Root Cause:** Very little team building was implemented into Pd and due to covid, gathering outside of school was not planned.

Problem Statement 4: The lack of family engagement throughout the year has hindered our ability to build relationships and increase overall and new student persistence. **Root Cause:** (1) There are not enough family engagement events throughout the year. (2) Families do not have enough notice to attend family engagement events. (3) Deficit of family engagement events advertised on social media and remind.

Problem Statement 5: There is a need for more professional development opportunities for educators to aid and assist scholars who receive special education support and emergent bilingual learners. **Root Cause:** (1) Teachers do not have the tools to support scholars who are in the Domain III category, which leads to scholars not meeting their growth goals or TELPAS growth. (2) Leaders do not have the expertise to provide teachers with action steps that aid in the growth and support of Domain III scholars.

Problem Statement 6: While there is strong TEKS alignments, the campus has gaps implementing the ELPS. **Root Cause:** No clear vision for ELPS and EB support across campus.

Problem Statement 7 (Prioritized): Gap communicating goals and performance expectations to all stakeholders. **Root Cause:** Campus has no effectively invested parents in students individual performance and progress goals.

Priority Problem Statements

Problem Statement 1: More positive reinforcement/incentives for good behavior (play with friend at recess, sit with friend in cafeteria, classroom, student of the week recognition)

Root Cause 1: Training staff on different ways to implement positive reinforcement, and the Student Success Advisor struggling with time management to scheduling time to see every scholars.

Problem Statement 1 Areas: Demographics

Problem Statement 2: More opportunities for IN PERSON family contact/communication (report card nights, parent/teacher conference nights)

Root Cause 2: Limited opportunities for parents to come to our campus were offered.

Problem Statement 2 Areas: Demographics

Problem Statement 3: There is a need to increase student persistence specifically for new to IDEA Edgemere students because it has declined over the past two years.

Root Cause 3: (1) Lack of consistent and clear communication around school culture and expectations to parents and students during the entire onboarding process (Welcome to IDEA), and (2)lack consistent annual reflection and interest surveys on what keep students/families at IDEA and what programmatic offerings we need to consider and incorporate (instruction, extra curricular activities, athletics, and clubs)

Problem Statement 3 Areas: Demographics

Problem Statement 4: There has been a trend of declining average daily attendance (ADA) over the past two of years.

Root Cause 4: (1) Lack of communication and family investment of the importance of attending school every day

Problem Statement 4 Areas: Demographics

Problem Statement 5: There is a need for more professional development opportunities for educators to aid and assist scholars who receive special education support and emergent bilingual learners.

Root Cause 5: (1) Teachers do not have the tools to support scholars who are in the Domain III category, which leads to scholars not meeting their growth goals or TELPAS growth. (2) Leaders do not have the expertise to provide teachers with action steps that aid in the growth and support of Domain III scholars.

Problem Statement 5 Areas: Demographics

Problem Statement 6: Unclear vision to reduce the threat of bullying. High volume of family and student reported bullying concerns led to persistence concerns.

Root Cause 6: The campus does not have a clear and consistent vision to educate all stakeholders on bullying. Campus does not have a clear protocol to address bullying when reported.

Problem Statement 6 Areas: Demographics

Problem Statement 7: EB scholars enrollment rates have increased significantly. As such, campus must adapt and incorporate more urgent interventions for our beginner and intermediate EB scholars.

Root Cause 7: A significant increased of EB scholars has enrolled this year. Many of them, are first year in America students who need more urgent support with language

acquisition.
Problem Statement 7 Areas: Demographics

Problem Statement 8: Scholars in Special education performed significantly lower than scholars in other accountable subgroups.
Root Cause 8: Interventions were primarily fluency based and did not emphasize standard and skill based supports.
Problem Statement 8 Areas: Demographics

Problem Statement 9: RTI is not being implemented effectively. No clear communication between SEL department and instructional team.
Root Cause 9: Ownership at the campus levels was associated with the counseling department and Trainings.
Problem Statement 9 Areas: Demographics

Problem Statement 10: Implementing more planning time earlier in the year to unpack upcoming lessons and prepare activities.
Root Cause 10: Master schedule did not allow for more that 30 minutes of teacher planning. Edit Associated Areas
Problem Statement 10 Areas: Student Learning

Problem Statement 11: Fidelity to coaching cycle to include the exemplar and modeling.
Root Cause 11: Behavior interruptions took away from the coaching cycle of teachers.
Problem Statement 11 Areas: School Processes & Programs

Problem Statement 12: Establish team building inside and outside of work
Root Cause 12: Very little team building was implemented into Pd and due to covid, gathering outside of school was not planned.
Problem Statement 12 Areas: School Processes & Programs

Problem Statement 13: Gap communicating goals and performance expectations to all stakeholders.
Root Cause 13: Campus has no effectively invested parents in students individual performance and progress goals.
Problem Statement 13 Areas: School Processes & Programs

Problem Statement 14: There is a need to focus on creating a strong school and student culture as many students lack social skills due to Covid-19.
Root Cause 14: Best practices around school and student culture have not been consistently collected and shared within the El Paso region.
Problem Statement 14 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Federal Report Card and accountability data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Local benchmark or common assessments data
- Observation Survey results
- Prekindergarten Self-Assessment Tool
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices
- Action research results

Goals

Goal 1: Increase staff retention

Performance Objective 1: 80% or More on Great Places to Work Survey

High Priority

Evaluation Data Sources: Great Places to Work Survey

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: High Quality Boarding **Strategy's Expected Result/Impact:** Touch points and temperature checks with staff. Grade level team building to build a sense of team and family. Transparency of expectations in scheduling and deliverables. Ensure that all staff are prepared for success by providing all resources and materials necessary for instruction. **Staff Responsible for Monitoring:** Lead Team **TEA Priorities:** Recruit, support, retain teachers and principals - **Problem Statements:** Demographics 6 - Student Learning 4 - School Processes & Programs 1, 3	0%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 6: There is a need for more professional development opportunities for educators to aid and assist scholars who receive special education support and emergent bilingual learners. **Root Cause**: (1) Teachers do not have the tools to support scholars who are in the Domain III category, which leads to scholars not meeting their growth goals or TELPAS growth. (2) Leaders do not have the expertise to provide teachers with action steps that aid in the growth and support of Domain III scholars.
Student Learning
Problem Statement 4: Implementing more planning time earlier in the year to unpack upcoming lessons and prepare activities. **Root Cause**: Master schedule did not allow for more that 30 minutes of teacher planning. Edit Associated Areas

School Processes & Programs

Problem Statement 1: Fidelity to coaching cycle to include the exemplar and modeling. **Root Cause**: Behavior interruptions took away from the coaching cycle of teachers.

Problem Statement 3: Establish team building inside and outside of work **Root Cause**: Very little team building was implemented into Pd and due to covid, gathering outside of school was not planned.

Goal 2: IDEA achieves an A rating

Performance Objective 1: Strategy 1: Purposeful 1st Instruction

(Daily Lesson prioritizes student practice of content and skills, and emphasizes student reading, writing, speaking, and listening. All teachers provide feedback during student practice.)

High Priority

Evaluation Data Sources: Tactic #1: Lesson Internalization and Rehearsal:

Focus on lesson internalization to develop rigorous lesson plans that meet the daily objective by unpacking the standard, dissect previous STAAR assessment questions and Direct Assessments, Create K/D/A to receive feedback weekly on lesson alignment, exemplars, and student practice.

Lesson rehearsals and feedback to teachers starting with obj/exit ticket alignment, exemplar creation, etc.

Lesson Internalization (Special Pops):

Provide professional development in use of the SIOP model to meet EL learning needs, understanding the IEP, and the use of differentiation of instruction to meet the individual student needs.

Collaborate with SPED team to ensure appropriate accommodations and services are implemented with fidelity.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Tactic # 2: Aggressive Monitoring. Student Practice (Gen-Ed., SPED) **Strategy's Expected Result/Impact:** Teachers will monitor students throughout the lesson (Do Now, Guided Practice, Independent Practice) and provide Systematic feedback and corrections mirroring the teacher exemplar. Tutors will work with special pop scholars in small group interventions if scholars are not at mastery. Teachers will present new materials in small steps with student practice after each step by thinking aloud and modeling mastery. Leaders will observe to see if accommodations are being implemented during Instructional Rounds Leaders and Teachers will access through Assessment and Exit Ticket Data **Staff Responsible for Monitoring:** Lead Team, STAAR Teachers, Regional Coaches **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Demographics 6, 9, 10 - School Processes & Programs 7	100%

IDEA Public Schools

Edgemere College Prep

2022-2023 Campus Improvement Plan

Accountability Rating: B

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Mathematics
Academic Achievement in Social Studies
Top 25 Percent: Comparative Academic Growth
Postsecondary Readiness

Board Approval Date: October 21, 2022
Public Presentation Date: September 14, 2022

Mission Statement

IDEA Public Schools Mission

IDEA Public Schools prepares students from underserved communities for success in college and citizenship.

IDEA Edgemere College Prep Mission

IDEA Edgemere College Prep prepares ALL scholars to support one another, overcome obstacles, accept responsibility, and realize success (SOAR) along their journey to and through college.

Vision

IDEA Public Schools Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

IDEA Public Schools Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

At the start of the 2022-2023 school year, currently Idea Edgemere College Preparatory has 528 students ranging from grades 6-10. Campus entails an array of races. The table below demonstrates the number of scholars in each grade level as well as specific races:

Grade Level	Total in Grade	American Indian or Alaskan Native (0%)	Asian (0.5%)	Black or African American (4.4%)	Native Hawaiian/Other Pac Islander (0.5%	Whi (12.6
6	96	0	3	6	0	
7	128	0	2	5	0	
8	127	0	3	4	1	
9	79	0	1	2	0	
10	98	0	2	8	0	
Total	528	0	11	25	1	

Out of the total number of students, 13.2% of students receive special education services. Of the entire student population, 32.38% are labeled as Emergent Bilingual Learners (EBL). The percentage of scholars who are economically disadvantaged is 62.7%. The average daily attendance is 92.67%. The overall persistence is 81.24% and NEW student persistence is 84.62%. As of the 2021-2022 school year, 2 scholars were admin withdrawals/level 3 offenses.

Demographics Strengths

We have had low instances of Level 3 offenses/Administrative withdrawals. We support a growing population of scholars. Finally, our scholar population has placed us in TEA comparison groups with other IDEA schools.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase student persistence specifically for new to IDEA Edgemere students because it has declined over the past two years. **Root Cause:** (1) Lack of consistent and clear communication around school culture and expectations to parents and students during the entire onboarding process (Welcome to IDEA), and (2)lack consistent annual reflection and interest surveys on what keep students/families at IDEA and what programmatic offerings we need to consider and incorporate (instruction, extra curricular activities, athletics, and clubs).

Problem Statement 2 (Prioritized): There has been a trend of declining average daily attendance (ADA) over the past two of years. **Root Cause:** (1) Lack of communication and family investment of the importance of attending school every day

Student Learning

Student Learning Summary

Idea Edgemere College Preparatory (IECP) received an achievement score for Advanced Mathematics (6th) of 57.66, Pre-Algebra (7th) of 53, and Algebra I of 32.66. In English Language Arts IECP received an achievement score of 56%, 72.66%, 64.33%, 59% for 6th Grade ELA, 7th Grade ELA, 8th Grade ELA, and English I respectively. In Science, IECP received an achievement score of 61.3% for Pre-AP Biology. For the 8th Grade US History STAAR, IECP received an achievement score of 54%. The percentage of EBL scholars who grew two or more levels at IECP was 39% at "Advanced High" for the 2021-2022 academic school year. Thirty-six percent of EBL scholars met their target goal, while 42% did not meet their long term goal.

Student Learning Strengths

Scholars have shown expanded vocabulary and reading proficiency from the previous year. Teachers have grown in their lesson internalization to increase scholar learning within each lesson. Procedural mathematics - Mastering foundational procedures will ensure that scholars are able to more efficiently solve for more conceptualized problem sets. Student-led interaction/collaboration - Ensuring that scholars are executing most of the thinking jobs during a lesson will ensure that scholars are able to optimally engage with the content. Scholars have shown mastery in connecting scientific concepts to real-world applications. Scholars have shown strength in annotating questions in biology to more accurately identify appropriate responses to questions. Scholars have shown skill in their mastery of historical progression and the integration of facts into their schema, even if it conflicts with existing internalized information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a lack of retention of vocabulary identification, particularly in Algebra I which leads to the unclarity of what the question is asking and what procedures scholars need to engage with. **Root Cause:** Scholars need to increase automaticity with vocabulary identification and enact the appropriate procedures to produce accurate results. Scholars need instruction infused with not only the what and the how of problem-solving, but also the why of problem-solving to ensure their success in not only their current course but also successive math courses.

Problem Statement 2 (Prioritized): There was a lack of growth in students who identified as EBL **Root Cause:** Lack of support for students to have multiple at bats in reading and writing within the classroom, other than ELA. Literacy in the classroom was not spread across mutiple content areas.

School Processes & Programs

School Processes & Programs Summary

At Idea Edgemere College Preparatory, data-informed instruction has been a driving point as to why our scholars are growing at high levels. Data conversations among teachers and instructional coaches have led to specific re-teach opportunities and tutorial content. Targeted student support for academic, social-emotional, and health needs: We proactively identify student needs and provide related services, including English Language instruction, special education instruction, and related services support, Critical Student Intervention, Reaching Independence through Support & Education (RISE), and social-emotional counseling.

In addition to providing an aligned, rigorous curriculum that the district provides, IECP works collaboratively to provide curriculum and content professional development to teachers, campus-based instructional leaders, and regional-based instructional leaders at the district level. The campus' professional development includes

-resources for planning instructional delivery and internalizing course content and material.
-teacher webinars every other Wednesday throughout the school year (approximately 15 per year) to support the implementation of curriculum, build teachers' pedagogical content knowledge and analyze district assessment data.
-teacher professional development (Course Collaboration) is offered four times per year to support the implementation of the upcoming quarter of instruction, build teachers' content knowledge, and provide collaborative opportunities for teachers to share best practices in content area delivery.
-regional and campus leadership professional development that focuses on coaching the curriculum implementation, including the use of coaching tools aligned to district curriculum.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268

students met the goal for Math.

- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): The lack of family engagement throughout the year has hindered our ability to build relationships and increase overall and new student persistence. **Root Cause:** (1) There are not enough family engagement events throughout the year. (2) Families do not have enough notice to attend family engagement events. (3) Deficit of family engagement events advertised on social media and remind.

Problem Statement 2 (Prioritized): There is a need for more professional development opportunities for educators to aid and assist scholars who receive special education support and emergent bilingual learners. **Root Cause:** (1) Teachers do not have the tools to support scholars who are in the Domain III category, which leads to scholars not meeting their growth goals or TELPAS growth. (2) Leaders do not have the expertise to provide teachers with action steps that aid in the growth and support of Domain III scholars.

Perceptions

Perceptions Summary

The average results for the *Great Place to Work Survey* for Idea Edgemere College Preparatory (IECP) is a rating of 67 and the rating for the GPTW model is 66. During the 2021-2022 academic school year, the percentage of parents who attended WTI was 85%, and families who attended end-of-year ceremonies 90%. In the Spring of 2022, the athletics department hosted a golf tournament to raise money for sports. During the event, we were able to connect with current families, recruit new families, and talk to potential employees. There has been an increase in parent volunteers that are extremely involved in sports and special events. The results of the Panorama survey go as followed: student survey results for the campus, 3.7, parent survey for IECP, 4.2.

Perceptions Strengths

Scholars and families were very happy with the safety of our school and the communication between the teachers and administration. Families are happy with and ready to celebrate during the awards assembly at the end of the year. Along with positive celebrations for scholars at the end of the school year, the school community is happy with the structure we provide our scholars.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There is a need to focus on creating a strong school and student culture as many students lack social skills due to Covid-19. **Root Cause:** Best practices around school and student culture have not been consistently collected and shared within the El Paso region.

Problem Statement 2: Families do not participate in family surveys at an appropriate rate and attendance for SIP and information events is low. **Root Cause:** In 22-23 we seek to change family perceptions of feeling disengaged in our school community. Aligned to our organizational priority, we want to all Edgemere College Prep Families to feel welcome and able to engage in our school community.

Priority Problem Statements

Problem Statement 1: There is a need to increase student persistence specifically for new to IDEA Edgemere students because it has declined over the past two years.

Root Cause 1: (1) Lack of consistent and clear communication around school culture and expectations to parents and students during the entire onboarding process (Welcome to IDEA), and (2)lack consistent annual reflection and interest surveys on what keep students/families at IDEA and what programmatic offerings we need to consider and incorporate (instruction, extra curricular activities, athletics, and clubs).

Problem Statement 1 Areas: Demographics

Problem Statement 2: There has been a trend of declining average daily attendance (ADA) over the past two of years.

Root Cause 2: (1) Lack of communication and family investment of the importance of attending school every day

Problem Statement 2 Areas: Demographics

Problem Statement 3: There is a need for more professional development opportunities for educators to aid and assist scholars who receive special education support and emergent bilingual learners.

Root Cause 3: (1) Teachers do not have the tools to support scholars who are in the Domain III category, which leads to scholars not meeting their growth goals or TELPAS growth. (2) Leaders do not have the expertise to provide teachers with action steps that aid in the growth and support of Domain III scholars.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: There is a lack of retention of vocabulary identification, particularly in Algebra I which leads to the unclarity of what the question is asking and what procedures scholars need to engage with.

Root Cause 4: Scholars need to increase automaticity with vocabulary identification and enact the appropriate procedures to produce accurate results. Scholars need instruction infused with not only the what and the how of problem-solving, but also the why of problem-solving to ensure their success in not only their current course but also successive math courses.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: There was a lack of growth in students who identified as EBL

Root Cause 5: Lack of support for students to have multiple at bats in reading and writing within the classroom, other than ELA. Literacy in the classroom was not spread across mutiple content areas.

Problem Statement 5 Areas: Student Learning

Problem Statement 6: The lack of family engagement throughout the year has hindered our ability to build relationships and increase overall and new student persistence.

Root Cause 6: (1) There are not enough family engagement events throughout the year. (2) Families do not have enough notice to attend family engagement events. (3) Deficit of family engagement events advertised on social media and remind.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: There is a need to focus on creating a strong school and student culture as many students lack social skills due to Covid-19.

Root Cause 7: Best practices around school and student culture have not been consistently collected and shared within the El Paso region.

Problem Statement 7 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Campus/District improvement plans (current and prior years)

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Local benchmark or common assessments data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data

- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices
- Action research results

Goals

Goal 1: Increase staff retention

Performance Objective 1: Increasing staff retention to 85% will allow our scholars to have more consistent learning experiences and continuity of support.

High Priority

Evaluation Data Sources: End of year staff retention results.

Reflections

Areas of Strength	Areas of Need
1. Scholars have shown expanded vocabulary and reading proficiency from the previous year.	1. With growth in reading proficiency, scholars need more at-bats with complex texts to increase the ability to annotate and analyze complex texts.

2. Scholars have shown growth in their text comprehension from the previous year.	2. Scholars need increased frequency of practice in sharpening their writing technique through practice across forms of writing and purposes of communication to find their voice through different structures.
3. Teachers have grown in their lesson internalization to increase scholar learing within each lesson.	3. Scholars need additional at-bats at identifying and internalizing the meaning of key words in questions stems, espeicially the command words that signal the type of response required - explain, describe, analyze, compare, etc.

% Score 3+	N/A	N/A	N/A	**% Score 6-7**	N/A

Reflections	
Areas of Strength	**Areas of Need**
1. Procedural mathematics - Mastering foundational procedures will ensure that scholars are able to more efficiently solve for more conceptualized problem sets.	1. Vocabulary identification - Scholars need to increase automaticity with vocabulary identification and enact the appropriate procedures to produce accurate results.
2. Student led interaction/collaboration - Ensuring that scholars are executing most of the thinking jobs during a lesson will ensure that scholars are able to optimally engage with the content.	2. Conceptual Understanding - Scholars need instruction infused with not only the what and the how of problem solving, but also the why of problem solving to ensure their success in not only their current course, but also successive math courses.
3. Implementation of Strategies - Teachers need to be trained and to implement math engagement strategies within lessons to ensure scholar success with practice and additional at-bats with the content.	3. Retention of Knowledge - Scholars need additional at-bats to ensure that they are deepening knowledge, but above all scholars require instruction that sticks beyond a standardized test.

% Score 3+	N/A	N/A	N/A	N/A	**% Score 6-7**	N/A

Reflections	
Areas of Strength	**Areas of Need**
1. Scholars have shown a strength in annotating questions in biology to more accurately identify appropriate responses to questions.	1. Reading Comprehension - While scholars have shown skills in the use of context clues, successive versions of Biology STAAR and the AP science exams will require enhanced ability to accuratly recall and explain concepts reviewed in and gleaned from texts.
2. Scholars have shown proficiency in leveraging context clues to accurately identify scientific concepts.	2. Writing - With changing formats of STAAR exams and with scholars advancing toward AP science exams, the ability to communicate scientific understanding through accurate technical prose is becoming all the more crucial for a scholar's journey to and through college.
3. Scholars have shown mastery in connecting scientific concepts to real-world applications.	3. Contextual Vocabulary - Scholars have shown the ability to leverage context clues, yet the ability to adequately describe contextual vocabulary appropriate to specific scientific contexts is an area of growth for the coming year.

Reflections	
Areas of Strength	**Areas of Need**
1. Scholars have shown skill in key vocabulary mastery.	1. Scholars need additional at-bats with internalizing and operationalizing geographical representations and data analysis tools - charts, graphs, population models.
2. Scholars have shown skill in their mastery of historical progression and the integration of facts into their schema, even if it conflicts with existing internalized information.	2. While scholars have shown skill in operationalizing vocabulary terms, the integration of new and uncommun terms into existing usage will require additional at-bats to make it stick.
3. Scholars have shown proficiency in operating efficiently within a multi-media learning environment to enhance their growth.	3. Teachers will need to integrate facilitation techniques that ensure scholar engagement with material through conversational, as well as written methods to increase scholar fluency with material.

Reflections	
Areas of Strength	**Areas of Need**
1. Leader Retention - 100% of leaders were retained within the school year over year.	1. Retaining Teachers with 1 year of tenture with IDEA - Teacher were most likely to leave the campus within their first year at IDEA or within their first year in teaching.
2. SPED Certified Teacher Retention - 100% of special education teachers were retained year over year.	2. Retaining Black Staff members (75%) - Collaborating with both operations and instructional teams, we need to ensure that ALL staff members feel wanted, needed, and important to the campus.
3. Campus Support Retention - 67% of campus support personnel were retained year over year.	3. Retaining Instructional Support Staff Members - Across the year, we need to collaborate with both regional and national teams to ensure that appropriate training is tailored toward support staff development, as well as full-time teaching staff development to ensure that all staff feel as though they are on a path of growth.

Reflections	
Areas of Strength	**Areas of Need**
1. We have had low instances of Level 3 offenses/Administrative withdrawals.	1. ADA - Collaborate with AC Principal and APO to increase ADA across the entire campus by collaborating wtih families.
2. We support a growing population of scholars.	2. Student Persistence (overall) - Understand why returning scholars are choosing to leave?
3. Our scholar population has placed us in TEA comparison groups with other IDEA schools.	3. Student Persistence (New) - Understand why new scholars are not returning after their first year?

IDEA Public Schools

Edinburg Academy

2022-2023 Campus Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Science
Top 25 Percent: Comparative Academic Growth
Postsecondary Readiness

Board Approval Date: October 21, 2022
Public Presentation Date: September 13, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IDEA Edinburg Academy empowers our students to achieve college readiness by establishing a culture of high achievement in all that they do. Students will be equipped with the knowledge and skillset to meet school-wide culture expectations through culture camp. Scholars will also become personally invested in exceeding these expectations by establishing their roots into our school community by cultivating a positive learning environment.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Demographics

Demographics Summary

IDEA Edinburg Academy was established in 2013 and is located North of Edinburg at 2753 Roegiers Rd, 78541. The enrollemnt for the 2021-2022 school year was 778. The school serves a Hispanic majority community with our ethnic breakdown consisting of approximately 95% Hispanic, 3% White, 1% Asian, and 1% African American. Approximately 84.2% of our student population were considered economically disadvantaged, therefore our students qualified for a free and reduced lunch which allowed us to be eligible for the Title I, Part A school grant. This data has remained for the last 3-4 years with an increase of students who are categorized as economically disadvantaged.

2021-2022 Overall Enrollment

Grade	Total in Grade	American Indian or Alaskan Native	Asian	Black or African American	Native Hawaiian / Other Pac Islander	White	Hispanic/Latino

Total	778	1	6	6	2	20	742

The instructional program at Edinburg Academy consists of the Great Minds Curriculum which focuses on Eureka Math and Wit & Wisdom, they are both curriculum's that allow for students to gravitate towards hands, holistic approach to learning. Along with Great Minds curriculum, Edinburg Academy also offers Reading Mastery Transformations which is an integrated approach of spelling, letter names, letter sounds, and handwriting. Through our RISE curriculum, we service students through our Attainment program which places emphasis on Language, Reading, and Math.

See PDF in Addendum for more information.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Lack of consistency with implementing sheltered instruction that would enhance differentiated strategies targeting emergent bilingual students. **Root Cause:** Teachers were not well versed in curriculum and methods of SIOP that focuses on research based interventions and offer sheltered instruction approaches. Including the minimal opportunities for side by side planning with teachers that were developed later on in the year.

Problem Statement 2 (Prioritized): There was a deficit when achieving mastery during independent work because students needed manipulatives as supports, and required visuals to assist with instruction in all subjects. **Root Cause:** We did not provide training opportunities to develop our teachers that would develop their capacity with implementing instructional strategies for targeted students in special education and emergent bilingual students.

Student Learning

Student Learning Summary

STAAR Performance	Reading	Mathematics	Science	Social Studies	Totals	Percentages
Total Tests	346	346	112	-	804	
Approaches GL or Above	279	256	87	-	622	77%
Meets GL or Above	192	153	56	-	401	50%
Masters GL	104	63	28	-	195	24%

See PDF in Addendum for more information.

Student Learning Strengths

See pdf addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a deficit of students who did not achieve "Meets" & "Masters" in Math for Grades 3-5. **Root Cause:** Students TEKS tracking systems were not used consistently to identify gaps or strengths to create interventions or enrichment.

Problem Statement 2 (Prioritized): Lack of monitoring learning from teachers in regards to students considered Emergent Bilingual. **Root Cause:** Teachers were not well versed in the importance of TELPAS or linguistic accommodations and it caused a disconnect in the lesson planning.

School Processes & Programs

School Processes & Programs Summary

IDEA Edinburg offers rigorous core instruction in Grades PK-5 that are challenged through engaging and rigorous instruction provided through a vertically aligned program focused on the Texas Essential Knowledge and Skills for all subject areas. We use data analysis to guide us and utlizes both norm-referenced and criterion-referenced assessments to diagnose student knowledge and skills and continously monitor progress on the acquisition of grade-level content and skills. This is essential to providing individualized Learning for all students: Individualized learning ensures students are mastering content and skills within their own zone of proximal development. For students in grades PreK-2, literacy instruction is delivered using a systematic phonics program that includes homogenous grouping based on student placement test results. In kindergarten through 5th grade, students engage in individualized instruction and practice through adaptive software in mathematics and literacy. All students at IDEA Public Schools are issued a personal technology device so they have access to instruction from anywhere and at any time.

See PDF in Addundum for information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Campus family engagement strategy is not comprehensive and cohesive across grade levels, therefore there was no consistency across the grades. **Root Cause:** Strategy meetings were not conducted and therefore campus plans were not created intentionally to be implemented by all stakeholders.

Problem Statement 2 (Prioritized): Campus did not meet school ADA in grades PK-5 **Root Cause:** Inconsistency is systems that lacked focused on matrix implementation because it was not developed soon enough to anticipate possible investment.

Perceptions

Perceptions Summary

At IDEA Edinburg Academy we empower our community to become the best version of themselves. We believe our students learn best when they are given equitable educational opportunities and are engaged in their learning. Our students, staff, and our families will cultivate what it means to become agents of change. At IDEA Edinburg Academy, our students are the next generation of leaders who will build the dreams of our community.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Collaboration and building relationships between grade levels was minimal and contributed to lack of consistency between teaching strategies. **Root Cause:** Due to teachers being out on FMLA, we had to facilitate grades with other teachers who were not familiar with the curriculum. The absences of teachers impacted consistency and sustainability.

Problem Statement 2 (Prioritized): Projected "F" rating from December 2021 Semester Exam results due to loss of quality instruction because of Teacher ADA **Root Cause:** Lack of teachers and leaders responding to student data and not backwards planning effectively based on absences. We did not have a plan of action that would address the gaps that absences would cause.

Priority Problem Statements

Problem Statement 1: There was a deficit when achieving mastery during independent work because students needed manipulatives as supports, and required visuals to assist with instruction in all subjects.

Root Cause 1: We did not provide training opportunities to develop our teachers that would develop their capacity with implementing instructional strategies for targeted students in special education and emergent bilingual students.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a deficit of students who did not achieve "Meets" & "Masters" in Math for Grades 3-5.

Root Cause 2: Students TEKS tracking systems were not used consistently to identify gaps or strengths to create interventions or enrichment.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Lack of monitoring learning from teachers in regards to students considered Emergent Bilingual.

Root Cause 3: Teachers were not well versed in the importance of TELPAS or linguistic accommodations and it caused a disconnect in the lesson planning.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Campus family engagement strategy is not comprehensive and cohesive across grade levels, therefore there was no consistency across the grades.

Root Cause 4: Strategy meetings were not conducted and therefore campus plans were not created intentionally to be implemented by all stakeholders.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Campus did not meet school ADA in grades PK-5

Root Cause 5: Inconsistency is systems that lacked focused on matrix implementation because it was not developed soon enough to anticipate possible investment.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Collaboration and building relationships between grade levels was minimal and contributed to lack of consistency between teaching strategies.

Root Cause 6: Due to teachers being out on FMLA, we had to facilitate grades with other teachers who were not familiar with the curriculum. The absences of teachers impacted consistency and sustainability.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: Projected "F" rating from December 2021 Semester Exam results due to loss of quality instruction because of Teacher ADA

Root Cause 7: Lack of teachers and leaders responding to student data and not backwards planning effectively based on absences. We did not have a plan of action that would address the gaps that absences would cause.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Lack of consistency with implementing sheltered instruction that would enhance differentiated strategies targeting emergent bilingual students.

Root Cause 8: Teachers were not well versed in curriculum and methods of SIOP that focuses on research based interventions and offer sheltered instruction approaches. Including the minimal opportunities for side by side planning with teachers that were developed later on in the year.

Problem Statement 8 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data

Goals

Goal 1: Increase staff retention

Performance Objective 1: By December 2022, 75% of our teachers will answer on the Great Places to Work Survey question "I am able to take time off from work when I think it's necessary."

High Priority

Annual Performance Objectives (APO)

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%

1B. % of graduates matriculate to a Tier I/II College or University: 15% | 25%

1C. % of Seniors accepted to a College or University: 100%

1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%

1E. Earned State Rating: A

1F. % Basic | % Mastery | % Advanced on LEAP: 82% | 44% | 11%

1G. % Approaches | % Meets | % Masters on STAAR/EOC: 90% | 60% | 30%

1H. % Level 3 | % Level 4 | % Level 5 on FSA/FSAA: 70% | 40% | 20%

1I. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading - Year 1 Campuses | Year 2 Campuses: 80% | 90%

1J. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%

1K. Average ACT score: 21

1L. % of students graduating college in 4 | 6 years: 25% | 55%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%

2B. 80% composit score on GPTW: 82%

2B. %Average Daily Attendance: 97.50%

2C. New Student Persistence: 90%

2D. Operating Income: $133M

2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%

3B. Enrollment in August 2020: 83,894

3C. Schools in operation in August 2020: 149

3D. Total Funds Raised (millions): $93M

Reflection	
Areas of Strength	**Areas of Need**
1 We built teacher capacity and content knowledge based on need.	1 We had 12+ staff members out on FMLA and a shortage of substitutes. Instructional leaders were tasked to move in and teach priority classrooms.
2 Faculty Meetings have been repurposed and have been planned and executed by grade level and are incorporating rehearsal practice.	2 December results projected us to be an F-rated campus. We had to do a reset of a high culture of achievement where level 5 teachers were asked to move in to these STAAR classrooms and assist with small group instruction to target our Domain 3 scholars.
3 Professional development and rehearsals were facilitated by APIs based on data trends from daily observations in teacher classrooms. Leaders were able to coach through move the data sheets and move 20 points in 30 days.	3 We struggled with ADA all year long. Continuously we tried to enforce parent accountability and commitment but fell short.

Reflection	
Areas of Strength	**Areas of Need**
1 Parent communication was consistent throughout the school year via social media and Remind.	1 Due to COVID, we were a closed campus and had limited parent events in-person.
2 Staff members kept an open communication with parents throughout the school year.	2 We struggled with ADA all year long. Continuously we tried to enforce parent accountability and commitment but fell short.
3 Parents received campus information through a variety of platforms such as print out, social media, Remind, and the	3 Due to COVID, many families opted for virtual learning/virtual academy.

IDEA Public Schools

Edinburg College Prep

2022-2023 Campus Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Mathematics
Academic Achievement in Science
Academic Achievement in Social Studies
Postsecondary Readiness

Board Approval Date: October 21, 2022
Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship. In our school we prioritize the development of our students through rigorous instruction, opportunities to grow as contributing individuals, and the knowledge of being successful in college. IDEA Edinburg staff is committed to modeling behaviors and attitudes that are focused on a growth mindset, kindness, and a willingness to accept others through similarities and differences. We want for our Eagles to grow up in their communities knowing that they are future college graduates and for them to work towards building habits that will make this vision a reality. Our students are productive members of our society today and after graduation because they are committed to a better community.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 30

Addendums 31

Comprehensive Needs Assessment

Demographics

Demographics Summary

Our school was founded 2011 and serves grades 6-12. We are an open enrollment charter school.

See PDF in Addendum for more information.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Decreasing of student persistence in the past years. **Root Cause:** 1. Lack of strategies and professional development around building student relationships. 2. Lack of strong and streamlined parent communication. 3. Lack in investing students and families in our high school program

Problem Statement 2 (Prioritized): Increase in student suspensions over the past few years. **Root Cause:** 1. Lack of consistent and clear communication around school culture expectations with staff members. 2. There has not been quarterly step backs to address misbehaviors and create solutions. 3. Lack of teacher training in restorative approaches

Student Learning

Student Learning Summary

Our school achieved an A TEA rating and met 5 out of 7 distinctions. In comparison to 3 local high schools we received the A distinction.

"See PDF in Addendum for more information"

Student Learning Strengths

"See PDF in Addendum for more information."

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Lack of student meeting percentages of meets/masters in STAAR/EOC **Root Cause:** 1. Gap in lesson planning being aligned to TEKS/ standards and rigor of end of year assessments. 2. Lack of instructional support focus on lesson delivery and guided practice.

Problem Statement 2 (Prioritized): Lack of student growth in TELPAS assessment **Root Cause:** 1. Lack of a strong testing environment 2. Lack of focus on strategies around growing writing and speaking in emergent bilinguals.

Problem Statement 3 (Prioritized): Did no meet CCMR readiness early in the school year **Root Cause:** 1. Lack of fidelity to ACT mastery prep 2. Lack of TSI support for Reading/Math

School Processes & Programs

School Processes & Programs Summary

Our campus develops instructional leaders through School Leadership Levers rubric guidance. We observe classrooms and teacher instruction to create professional development to address root causes.

Our culture rounds and professional development is aligned to our school vision statement.

"See PDF in Addendum for more information."

School Processes & Programs Strengths

"See PDF in Addendum for more information"

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Staff is not being recognized on a consistent basis **Root Cause:** 1. Lack of system in place to consistently recognize staff on data and personal growth.

Problem Statement 2 (Prioritized): Staff is not consistently coached and developed. **Root Cause:** 1. Instructional lead team did not create system to prioritize teacher gaps 2. Scope and sequence not defined

Perceptions

Perceptions Summary

Our teacher retention was at over 90% and it decreased from the previous year. Our barrier last year for parent/guardian communication was COVID.

Perceptions Strengths

"See PDF in Addendum for more information"

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): A decrease in teacher/family touchpoints. **Root Cause:** 1. Lack of alternative touchpoints such as phone calls, mail, or virtual meetings 2. Lack of mechanism for teacher/family touchpoints

Problem Statement 2 (Prioritized): Decrease in family engagement opportunities. **Root Cause:** 1. Lack in alternative engagement opportunities such as virtual meetings 2. Lack of mechanism in place to plan for family engagement opportunities

Priority Problem Statements

Problem Statement 1: Decreasing of student persistence in the past years.

Root Cause 1: 1. Lack of strategies and professional development around building student relationships. 2. Lack of strong and streamlined parent communication. 3. Lack in investing students and families in our high school program

Problem Statement 1 Areas: Demographics

Problem Statement 2: Increase in student suspensions over the past few years.

Root Cause 2: 1. Lack of consistent and clear communication around school culture expectations with staff members. 2. There has not been quarterly step backs to address misbehaviors and create solutions. 3. Lack of teacher training in restorative approaches

Problem Statement 2 Areas: Demographics

Problem Statement 3: Lack of student meeting percentages of meets/masters in STAAR/EOC

Root Cause 3: 1. Gap in lesson planning being aligned to TEKS/standards and rigor of end of year assessments. 2. Lack of instructional support focus on lesson delivery and guided practice.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Lack of student growth in TELPAS assessment

Root Cause 4: 1. Lack of a strong testing environment 2. Lack of focus on strategies around growing writing and speaking in emergent bilinguals.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Staff is not being recognized on a consistent basis

Root Cause 5: 1. Lack of system in place to consistently recognize staff on data and personal growth.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Staff is not consistently coached and developed.

Root Cause 6: 1. Instructional lead team did not create system to prioritize teacher gaps 2. Scope and sequence not defined

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: A decrease in teacher/family touchpoints.

Root Cause 7: 1. Lack of alternative touchpoints such as phone calls, mail, or virtual meetings 2. Lack of mechanism for teacher/family touchpoints

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Decrease in family engagement opportunities.

Root Cause 8: 1. Lack in alternative engagement opportunities such as virtual meetings 2. Lack of mechanism in place to plan for family engagement opportunities
Problem Statement 8 Areas: Perceptions

Problem Statement 9: Did no meet CCMR readiness early in the school year
Root Cause 9: 1. Lack of fidelity to ACT mastery prep 2. Lack of TSI support for Reading/Math
Problem Statement 9 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- Student Success Initiative (SSI) data for Grades 5 and 8
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data

- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Communications data
- Budgets/entitlements and expenditures data

Reflections

Areas of Strength	Areas of Need
Teachers are committed to vertical alignment. Teachers identify long-lasting gaps and identify grade levels to insert new material. Teachers are always enthusiastic to try new ideas/content	A lot of practice needs to be done with FRQ writing. Students need to retain information and make connections to write and comprehend correctly.
Science practice skills are good. Since we do a lot of ACT boot camps students can read, analyze and interpret graphs.	Upcoming school year incorporate note taking skills where students can write, draw and annotate.
Students are able to identify the experimental design and plot them correctly in graph. A lot of them can read and comprehend and correctly do the MCQ	Early in school year during tutoring students will build a year long review by organizing their mini binder and build good study skills along.

6th grade- Incorporate literacy in the classroom and work on graphing
7th grade- Continue to build on the literacy
8th- Work on reading comprehension and work on graphing skills.
9th- Reading/Writing comprehension
10th- Have students analyze graphs and interpret the data
11th- Strengthen graphical analysis/relationships; push CER; unit conversions

12th - Students need to construct reports in an organized matter with thoughful summaries (evidence of building ideas) an

ıd proper citations. Plotting/reading (excel) data and unit conversions practices

Reflections	
Areas of Strength	**Areas of Need**
1. Continue to achieve 100% Tier I/II- utilzing the support from RTTC in grades 9-12	1. How do we change the mindset of our community to push tier I/II.
2. Building college going identity-through expectations and goals aligned to college	2. Culture around OTG and why it matters and translates in college-- across grade levels
3. ACT prep & Plan is strong and we've tied it to all campus and teacher goals.. RTTC teachers support students with individualized goals.	3. ACT incorporating Mastery Prep with the textbook to provide options for students to continue doing with group work.

IDEA Public Schools

Elsa Academy

2022-2023 Campus Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Postsecondary Readiness

Board Approval Date: October 21, 2022
Public Presentation Date: September 15, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 15, 2022

Demographics

Demographics Summary

IDEA Elsa Academy was established in 2018 and is located in 420 S. Fannin ST, Elsa Texas. The current enrollment for the 2022-2023 school year is 826 students. The school serves a diverse ethnic community, majority consisting of 94.6% Hispanic ethnicity. Approximately 95.24% are economically disadvantaged and qualify for free and reduced lunches.

The instructional programs at IDEA Elsa Academy consists of the 21st century after school program, Bilingual and EB program, 504, RTI the special education program, which consists of speech classes and life skills.

According to the Texas Education Agency Accountability System, IDEA Elsa Academy received and A for the 2021-2022 school year and received distinctions for Academic Achievement in English Language Arts Reading and Post secondary readiness.

See PDF in addendum for more information.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Lack of celebrations for ADA on a weekly/monthly basis. **Root Cause:** No systems were set to promote and increase attendance.

Problem Statement 2: Minimal parent engagement for campus events or volunteer opportunities. **Root Cause:** Communication is not provided with sufficient time for working parents to participate in school events. Volunteer opportunities are not offered.

Problem Statement 3 (Prioritized): Good behavior incentives are not provided consistently to create a sense of joy within the campus. **Root Cause:** Lack of teacher development in building relationships with critical student's parents.

Student Learning

Student Learning Summary

2022 was the first time 3rd- 5th grade students took the STAAR state assessment and although covid did create challenges for the 2021-2022 school year, IDEA Elsa Academy received an "A" for accountability rating. We excelled in Academic Achievement in English Language Arts and Post Secondary Readiness and received distinctions for both indicators. We are currently performing higher than our neigboring schools in the Delta community and were the only campus to earn an "A" for accountability in the area.

Science was one of the areas where we performed the lowest on the STAAR, because science was not incorporated systematically from PreK-5th grade until recently in 2021-2022. Students struggled in math potentially because of the instructional limitations due to Covid 19. 73% of english language learners from 3rd-5th passed the reading STAAR assessment, 69% of 3rd-5th passed the math STAAR assessment and 69% of 5th graders the science STAAR test. Our data shows that we are still not fully meeting the needs of our special education, they were the lowest performing sub population.

Our dedication to ensure our students receive the best education possible begins in Pre-K. We had 100% of Pre-k, 97% of Kinder, 81% of 1st grade and 94% of 2nd grade end on reading level by the end of the year, which allows our students to be successful in the upper grade levels. Systems for instructional delivery will continue to be practiced and consistently monitored to create intentional and effective daily lesson delivery accross all grade levels, not just 3rd-5th.

IDEA Elsa Academy 2021-2022 STAAR Achievement Scores by Pef. Level

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Teachers lack district rigorous math/elar alignment and format to state assessment. **Root Cause:** Trainings for unpacking standards is minimal.

Problem Statement 2: Delay in the start of tutorial programs. **Root Cause:** Data from semester exams is used in 2nd semester.

Problem Statement 3: Lack of teacher development through weekly lesson rehearsals. **Root Cause:** Scope and sequence was not implemented and followed with fidelity.

Problem Statement 4 (Prioritized): Lack of teaching skills to reach sped population during instruction. **Root Cause:** Gaps span over years of instructional levels.

School Processes & Programs

School Processes & Programs Summary

Instructioanal leaders in IDEA Elsa Academy participate in classroom observations twice a week and develop skills in coaching by participating in coaching academies during their first year as leaders and continue participating on ongoing professional development. Each leader is responsible for a specific content, which allows them to focus, develop necessary skills and prioritize in one area. We plan for professional development for teachers based on trends in observations, gaps in student learning, identified through data from state, district or exit tickets. Leaders support teachers in different content areas, by providing modeling in classroom, weekly lesson rehearsals for 3rd-5th and providing opportunity for teachers to have conference with same content teachers, which allows them to share ideas, develop skills and plan together in skills that align to their content.

We have programs such as AR zone, this program supports students in developing comprehension by allowing students time to read and test on books. Dreambox is another program we offer in our school, which allows students to participate in interactive engaging math lessons. Math lessons in dreambox can be aligned to what students are learning in the classroom to strengthen their mathematics skills in specific areas.

Programs:

- Special Education
- ESL
- 21st Century
- 504
- RTI

Processes:

- Faculty meetings- Bi-weekly
- RTI - to support students academically or with behavior - Every 6-9 weeks

See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-

secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Lack of teacher content knowledge impeded 1st time instructional clarity. **Root Cause:** PD's did not offer proficient time for teachers to unpack standards for alignment.

Problem Statement 2: Lack of communication and norming prior to making instructional changes. **Root Cause:** Vision on rationale between teachers and leaders in closing student gaps is not aligned.

Problem Statement 3 (Prioritized): New Teachers struggle to adapt to IDEA's roles and responsibilities. **Root Cause:** Insufficient time during BOY PD/NTI to internalize culture,

content and submit lesson plans.

Perceptions

Perceptions Summary

IDEA Elsa Academy provides staff, parents and students an opportunity to share their concerns by sending out a school survey every year. We analyze student, staff and parent feedback to get a better understanding of areas we are excelling in and areas that might need more attention. Our mission is to provide a safe, joyful environment for all students and staff. It is essential for IDEA Elsa Academy to collaborate with parents and staff to ensure our students and staff members are successful emotionally, academically and professionally. We have a variety of avenues to communicate with parents, such as Class Dojo, Remind, and Facebook page these communication mechanisms allows us to share events, or student celebrations through out the year.

IDEA Public Schools have established 7 core values, which we follow diligently. These core values provide the foundation for building a strong atmosphere, and are initiatives that push our teachers and students to achieve their best.

We Achieve Acadamic Excellence

We Deliver Results

We Act with Integrity

We Ensure Equity

We Sweat the Small Stuff

We build team and family

We bring joy

These core values are communicated through our school and celebrated when teachers or students are found representing any of the 7 core values. These core values help us communicate with parents our mission, standards and desired outcomes.

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Few in person parent events were incorporated to build community involvement and family investment. **Root Cause:** Few ideas or mechanisms were used to provide parents an opportunity to interact with students and staff.

Problem Statement 2 (Prioritized): Less than 50% parent participation or feedback for in school events. **Root Cause:** Portal of communication needs to be adjusted to meet the needs of our community.

Problem Statement 3 (Prioritized): Student mental health and behavior cases have increased. **Root Cause:** Lack of parent involvement and resources to educate parents about social/mental health for students.

Priority Problem Statements

Problem Statement 1: Lack of celebrations for ADA on a weekly/monthly basis.
Root Cause 1: No systems were set to promote and increase attendance.
Problem Statement 1 Areas: Demographics

Problem Statement 2: Good behavior incentives are not provided consistently to create a sense of joy within the campus.
Root Cause 2: Lack of teacher development in building relationships with critical student's parents.
Problem Statement 2 Areas: Demographics

Problem Statement 3: Teachers lack district rigorous math/elar alignment and format to state assessment.
Root Cause 3: Trainings for unpacking standards is minimal.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Less than 50% parent participation or feedback for in school events.
Root Cause 4: Portal of communication needs to be adjusted to meet the needs of our community.
Problem Statement 4 Areas: Perceptions

Problem Statement 5: Student mental health and behavior cases have increased.
Root Cause 5: Lack of parent involvement and resources to educate parents about social/mental health for students.
Problem Statement 5 Areas: Perceptions

Problem Statement 6: New Teachers struggle to adapt to IDEA's roles and responsibilities.
Root Cause 6: Insufficient time during BOY PD/NTI to internalize culture, content and submit lesson plans.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Lack of teacher content knowledge impeded 1st time instructional clarity.
Root Cause 7: PD's did not offer proficient time for teachers to unpack standards for alignment.
Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Lack of teaching skills to reach sped population during instruction.
Root Cause 8: Gaps span over years of instructional levels.
Problem Statement 8 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Student surveys and/or other feedback
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Community surveys and/or other feedback

Support Systems and Other Data

- Communications data
- Study of best practices

Goals

Goal 1: Increase staff retention

Performance Objective 1: Increase the percentage of positive employee feedback by 10% by end of year.

Evaluation Data Sources: Great places to work Surveys

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Act and listen to employee feedback by implementing changes and make adjustments. **Strategy's Expected Result/Impact:** Build a culture of trust, so employees can feel valued and eager to perform their best. **Staff Responsible for Monitoring:** Mirna Dimas **TEA Priorities:** Recruit, support, retain teachers and principals				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: Increase staff retention

Performance Objective 2: 85% of teachers will rate proficient or higher in power rows by end of May 2023.

High Priority

Evaluation Data Sources: Classroom observations and monthly rating evaluations in teach boost.

Reflections	
Areas of Strength	**Areas of Need**
School wide parent communication was consistent and immediate. The campus used different media portals such as Remind, Class Dojo, Facebook and phone calls to communicate with school families.	Due to COVID, parent events were minimized. Bringing back the monthly events, would enhance the community engagement.

The campus celebrations brought joy to both students and staff. Teachers enjoyed being celebrated each month by being recognized as TOM. Students were widely celebrated by being named students of the week.	Uniforms need to be enforced daily throughout the whole campus.
Culture focus using the IDEA 55, was set daily through morning announcements and meetings.	ADA incentives need to be set to invest students and parents.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of College Graduates.

Our vision at IDEA Elsa College Prep is that graduating seniors will be fully poised to matriculate into a four-year college or university of their choice. All our students will be prepared academically, socially, emotionally and with a good sense of self in order to compete at the national and international levels. To achieve these goals IDEA ELSA College Prep students and staff will be driven by the following three pillars:

Academic Focus on College Readiness

Data Driven Instruction

Sense of Community

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 14, 2022

Demographics

Demographics Summary

IDEA Elsa College Prep is an open enrollment public school that is located in the Middle of the Rio Grande Valley. We are a scaling campus with grade levels 6th through 10th serving 546 students. Our student population consists of 97% hispanic students, 94% economically disadvantaged students and 11% special education students. At our campus our students participate in programs such as CTE courses (Principals of Law, Nursing Science and Touch Systems Data Entry) , CSI (Critical Student Intervention) classes, Advanced Placement courses (Human Geography, World History, Enviromental Science, Spanish Language and Computer Science Principals), Special Education and RISE (**R**eaching **I** ndependence through **S**upport and **E**ducation) classes, ART classes and our students participate in a variety of sports. Please see addendum for more information.

Demographics Strengths

See PDF in addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): The area that we have struggled with is meeting student enrollment as a campus. Our goal is to have 120 students per grade level and out of the 5 present grade level, we have only met one grade level goal. **Root Cause:** We are not marketing our selves in a competitive manner. We have not highlighted the programs we offer, the courses that prepare students for college and how we help students be college ready.

Problem Statement 2 (Prioritized): An area in which we struggle is that students are not used to IDEA culture, rigor and system structure. This lead to students leaving our campus. **Root Cause:** There is a gap in the onboarding process of families and students which leads to families leaving.

Student Learning

Student Learning Summary

In our own internal mock state assessment, our campus was predicted to be an "F" rated campus. However, thanks to the determination of our staff and students our students earned and "A" rating. Our Domain 1 score was at a 79. On Domain 2 we earned a 92 for Academic Growth and a 90 for Relative performance. In Domain 3 we earned an 86. The final rating being a 90. We also earned 4 out of 6 eligible Distinction Designations in Mathematics, Comparative academic growth, post secondary readiness and comparative closing the gaps.

See PDF in addendum for more information.

Student Learning Strengths

See PDF in addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students had foundational gaps in mathematics. In the 2022 STAAR assessment for 7th grade math we had 64% of our students achieve an approaches or higher. We had 52% of our Emergent Learners passed and 49% of special needs students earned an approaches or higher. **Root Cause:** Teachers did not have trainings on best practices of how to differentiate instruction for the various student groups that they serve in order to close learning gaps.

Problem Statement 2: On the 2022 STAAR assessment we needed 36% of our English learners to grow one proficiency level or earn an advanced high proficiency level. Only 26% or our scholars were able to show the growth. **Root Cause:** As a campus we did not train our teachers on how to incorporate SIOP strategies to increase our English Learners' proficiency level.

Problem Statement 3: Our Meets percentages on all STAAR tested areas (except one) were all below 49%. **Root Cause:** Teachers were not trained on how to raise the rigor in their STAAR tested areas. There was also a lack of knowledge from both the leaders and teachers (new to teaching and the content) in the content. Finally, as a campus we failed to close student learning gaps in both math and reading. Leadership failed to implement interventions such as IXL, Imagine Learning, Summit K-12 to help close gaps

Problem Statement 4 (Prioritized): Our scholars had learning gaps in 8th grade US History. On the 2022 STAAR assessment for 8th grade social studies we had our students achieve a 53% received an approaches or higher. We had 42% of our Emergent Learners passed and 33% of special needs students earned an approaches or higher. **Root Cause:** Teacher and leaders lacked content knowledge and how to teach it in a way to impact student understanding.

School Processes & Programs

School Processes & Programs Summary

At IDEA Elsa College Prep we value our leaders and we invest time and resources to develop them. Leaders are clear on their responsibilities and receive guidance from the campus principal and other district coaches. Leaders are developed in lesson plan feedback, lessson rehearsals, instructional look fors, and various other aspects of being a leader. As they do this, they are also coaching and managing teachers. All leaders are coached by either the campus principal and a district Instructional Coach.

At IDEA Elsa College Prep we plan our professional development in a few ways. First is by classroom observation. That is, we observe a classroom teacher and find areas for improvement. Then we prepare our next steps and ways to train our staff. We also plan our professional development by evaluating how our teachers are preparing their lesson plans. Once we diagnose areas of improvement we plan our lesson plan clinics to help our teachers develop strong first instruction. Finally, we also track student achievement data and identify trends in the data. We use these findings and provide trainings to close learning gaps in student achievement.

As leaders on the campus we do the initial classroom observation where we diagnose the most pressing problem. We then identify the teachers next steps to address the most pressing problem. We then meet with the teacher for a coaching session in which they are given their next steps. That is, their "what" and their "how". Once this is done, we conduct a follow up classroom observations to ensure that next steps are being followed. Leaders often provide on the spot coaching.

See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school

year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.

- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

See PDF in Addendum for more information.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Lack of understanding of TELPAS and how to support our Emergent Bilingual students. **Root Cause:** Leaders and teachers did not have the knowledge of how to work with and best serve our Emergent Bilingual students. Lack of professional development on best practices (such as SIOP) to serve our English Language Learners.

Problem Statement 2 (Prioritized): Campus did not meet the goal of achieving 30% of our 9th grade students passing one AP Course. **Root Cause:** As a campus we did not have a solid plan for providing several opportunities for our scholars to challenge and pass several AP courses. We also failed to provide our teachers with sufficient AP prep to ensure teachers were well equipped for teaching at the AP course level.

Perceptions

Perceptions Summary

At IDEA Elsa College Prep we had a 23% turn over rate in 2021-2022. In previous years we have been at 90% or higher retention rate. We did not have an official teacher mentoring program. Last year we did have a high number of staff absences due to covid. However, most teachers reached levels 4 or 5 in teacher and parent surveys.

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Lack of onboarding plan that includes long term HS path. **Root Cause:** We did not onboard our families effectively. As a campus we did not hold meetings that informed our parents of the long term HS plan that we have to offer her at IDEA.

Problem Statement 2 (Prioritized): There was a lack of family engagement and contribution in organizing campus and community events. **Root Cause:** There was lack of planning and vision from the leaders for families engagement events. It was not a huge priority and thus was not well planned out. As a campus we also failed to educate our parents and students on the safety protocols that we were following.

Priority Problem Statements

Problem Statement 1: Lack of understanding of TELPAS and how to support our Emergent Bilingual students.

Root Cause 1: Leaders and teachers did not have the knowledge of how to work with and best serve our Emergent Bilingual students. Lack of professional development on best practices (such as SIOP) to serve our English Language Learners.

Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: Campus did not meet the goal of achieving 30% of our 9th grade students passing one AP Course.

Root Cause 2: As a campus we did not have a solid plan for providing several opportunities for our scholars to challenge and pass several AP courses. We also failed to provide our teachers with sufficient AP prep to ensure teachers were well equipped for teaching at the AP course level.

Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: Our scholars had learning gaps in 8th grade US History. On the 2022 STAAR assessment for 8th grade social studies we had our students achieve a 53% received an approaches or higher. We had 42% of our Emergent Learners passed and 33% of special needs students earned an approaches or higher.

Root Cause 3: Teacher and leaders lacked content knowledge and how to teach it in a way to impact student understanding.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Students had foundational gaps in mathematics. In the 2022 STAAR assessment for 7th grade math we had 64% of our students achieve an approaches or higher. We had 52% of our Emergent Learners passed and 49% of special needs students earned an approaches or higher.

Root Cause 4: Teachers did not have trainings on best practices of how to differentiate instruction for the various student groups that they serve in order to close learning gaps.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: The area that we have struggled with is meeting student enrollment as a campus. Our goal is to have 120 students per grade level and out of the 5 present grade level, we have only met one grade level goal.

Root Cause 5: We are not marketing our selves in a competitive manner. We have not highlighted the programs we offer, the courses that prepare students for college and how we help students be college ready.

Problem Statement 5 Areas: Demographics

Problem Statement 6: An area in which we struggle is that students are not used to IDEA culture, rigor and system structure. This lead to students leaving our campus.

Root Cause 6: There is a gap in the onboarding process of families and students which leads to families leaving.

Problem Statement 6 Areas: Demographics

Problem Statement 7: Lack of onboarding plan that includes long term HS path.

Root Cause 7: We did not onboard our families effectively. As a campus we did not hold meetings that informed our parents of the long term HS plan that we have to offer her at IDEA.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: There was a lack of family engagement and contribution in organizing campus and community events.

Root Cause 8: There was lack of planning and vision from the leaders for families engagement events. It was not a huge priority and thus was not well planned out. As a campus we also failed to educate our parents and students on the safety protocols that we were following.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Student Success Initiative (SSI) data for Grades 5 and 8
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Violence and/or violence prevention records

- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback

Employee Data

- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: Increase Staff Retention

Performance Objective 1: In the 2022-2023 school year 100% of IDEA Elsa College Prep teachers will be required to attend their grade level content trainings each month or when they are provided by the district.

High Priority

Evaluation Data Sources: * The Great places to work survey results
* Attendance at district level PLCs
* Attendance to external content specific professional develop trainings.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Include content specific meeting in the yearlong PD calendar **Strategy's Expected Result/Impact:** Teachers will love what our campus stands for and will take ownership of committees that support the campus mission and that also help support and recognize our staff. **Staff Responsible for Monitoring:** Administrators, AR Facilitator, Interventionist **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** School Processes & Programs 1, 2 **Funding Sources:** AR Facilitator - Federal Grant - $37,477.44, Interventionist - Federal Grant - $54,250	25%	5%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Have lead team assigned to different content trainings to ensure that teachers are attending their content meetings. **Strategy's Expected Result/Impact:** 100% of teachers attend their monthly content meetings. **Staff Responsible for Monitoring:** Administrators **Problem Statements:** Student Learning 1, 4 - School Processes & Programs 1, 2	20%	5%		

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Have all staff members keep a log of all trainings attended through out the school year and have them submit at end of year to manager. **Strategy's Expected Result/Impact:** To have our staff attend all required trainings. **Staff Responsible for Monitoring:** Administrators. **Problem Statements:** Perceptions 1	5%	5%

Annual Performance Objective

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%

1B. % of graduates matriculate to a Tier I/II College or University: 25%

1C. % of Seniors accepted to a College or University: 100%

1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%

1E. Earned State Rating: A

1F. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading | Language | (Year 1 Campuses): 80% | 80% | 80%

1G. % of 2nd Students End The Year On/Above Grade Level in Reading (Year 2+ Campuses): 90%

1H. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%

1I. Average ACT score (Class of 2020, September 2019): 21

1J. % of students graduating college in 4 | 6 years: 25% | 55%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%

2B. 80% composit score on GPTW

2B. %Average Daily Attendance | # Average Daily Attendance: 97.50% | 48,817

2C. Student Persistence: 90%

2D. Operating Income: $101M

2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%

3B. Enrollment in August 2020: 64,455

3C. Schools in operation in August 2020: 125

3D. Total Funds Raised (millions): $70M

Reflections

Areas of Strength	Areas of Need
An area of strength found in this difficult and challenging year was that managers and other people such as Ms. Urena and Ms. Falcon provdied walkthroughs.	An area of need in this area is that walkthroughs need to be conducted since the beginning of the year and feedback needs to be provided. Teachers
This year sufficient resources were provided for teachers. . Resources such as Sirius, education galaxy, study island, wit and wisdom online were provided and used by the teachers.	An area of growth would be professional development geared towards ELA teachers. Teachers need to see how this looks in action. More professional development needs to be provided for teachers.

Writing: Teachers demonstrate team and family and helped the writing teacher and showed her how to look for TEKS and resources needed.	No curriculum was in place and no support was provided. Writing needs to be embedded across content and resources need to be provided for teachers. Teachers need guidance as to how to implement what is being asked.
ELA content meetings were beneficial because teachers were able to collaborate with each other and questions were answered.	An area of growth is rehearsing lessons and consistencay with lesson plans. Teachers need to know what is expected of them since the beginning of the year.

Recommendatons for Areas of Need	What to replicate
Managers need to provide feedback for teachers and clear expectations. Managers should meet with teachers and explain what is expected from them at the beginning of year. Managers should celebrate teachers once a month.	Managers should continue to conduct walkthroughs consistantly througout the year.
Continue to provide resources for teachers.	Plan 2-3 professional development for ELA teachers.

next year Reading and Writing will become one and Wit and Wisdom provides resources for writing. Mangers should support and provide additional resources if needed.	Send ELA teachers to writing trainings would be beneficial. Teachers should plan accordingly so 6th grade ELA teacher can being implementing writing strategies that students will see the following year.
Mangers should conduct rehearsals with teachers and provide feedback	ELA content lead will continue having biweekly meetings and meeting with mangaers to see what is expected of teachers.

% Score 3+	NA	NA	NA	**% Score 6-7**	NA

Reflections	
Areas of Strength	**Areas of Need**
1. Teachers adapted well to virtual learning. Modify the content to meet the needs of our virtual learners.	1. Lack of support with SPED students. Students had foundational gaps. Virtual learners not engaged in classes (ADA)
2. Three strong math teachers (experienced & knowledable in content)	2. Investing parents and support with student academic progress. Incorportating STAAR/EOC from the very beginning. Resources provided late in the game - plan as a team to potentially align.
3. IDEA curriculum helpful. Easy to give students packets to be on the same page at home and on campus.	3. Did not meet as a math team as much throughout the year (sparring to become better together)

Solutions
ID foundational gaps - Adminster a diagnostic exam to ID Foundational Skills. Collaborate with lead team + grade level to support with priority student who were not engaged throughtout the school year.
Spiral STAAR/EOC problems. Provide resouces to SPED teachers as well so that they can used them during their small group sessions. Norming strategies used accross grade levels ex: using same strategy for proportions in 6-9 grade.
Collaborate with the grade teams i.e.: hotspot and AR to support math class/instruction Educate parents about the importance of student academics: train teachers in holding these conversations. Administrators join in in these types of calls to invest parents. Give parents resources to help the student (similar to literacy nights).

Reflections	
Areas of Strength	**Areas of Need**
1. Curriculum was aligned to the district curriculum. Faithful to the curriculum that was offered by district.	1. Need more feedback from manager on pedagogy and best practices.
2. Resourses such as course leaders and peer Science teacher collaboration, course leader collaborations.	2. Student engagement and participation in classes.
3. Professional developments to help develop lessons for units as a district course. Also PD sessions at the campus level.	3. Access to multiple instructional sources such as study island, Measuring up, Sirius STAAR Prep., Brian Pop.

Recommendation for Areas of Need	What to replicate
1. Making managers accountable for weekly coaching cycle. Managers creating a calendar to reflect coaching cycle.	1. Continue to collaborate with peers and course leaders, managers. , etc...
2. House competitions, Badger Store, implementing n	2. PD for lesson planning at the beginning of year.
3. Provide a list of all resources and log in credentials and provide PD for each of the programs. Providing an actual text book for students.	3. Having someone to provide oversight / guidance to ensure that we are on the right track on our curriculum.

Reflections	
Areas of Strength	**Areas of Need**
1. Integrated literacy throughout Humanities lessons and exams. This will help our scholars transitioning to AP courses.	1. Content meetings happening more frequently throughout the second semester. (Looking at data to analyze gaps)
2. Data throughout IA's, BWA's, and UE's was consistent throughout the year and demonstrated successes despite distance learning.	2. Special population support is needed more frequently throughout Humanities courses. Our special population took a big dip this year and ELA/Humanities tie closely together which would mean more support was also needed in that department.
3. Classrooms utilized technology in order to gauge student mastery and understanding. We also utilized technological databases to analyze gaps in success amongst scholars and to identify trends that also allwoed for us to close gaps.	3. Managerial support is needed more frequently in Humanities courses (coaching cycle).

Solutions
Set a schedule at the beginning of the year with the dates and times for content meetings. Send schedule via calendar invite. Create a shared document where we can discuss agenda items and track.
Admin - Teachers - Special Pop Support Teachers norm on best support system and on a schedule for teachers. Providing a special pop support meeting for teachers to identify what are some support systems we can implement in the classroom.
Admin coordinates and schedules coaching cycle and discusses how frequently they would be doing so at the beginning of year with their teachers.

TELPAS Composite Rating (Listening, Speaking, Reading, Writing)

	Listening	Speaking	Reading	Writing	% of ELL Students who grew one or more levels
% Beginning	2%	12%	12%	4%	11% Listening
% Intermediate	21%	48%	21%	25%	24% Speaking
% Advanced	32%	35%	31%	41%	19% Reading
% Advanced High	45%	5%	36%	30%	8% Writing

Ref

Areas of Strength	Areas of Need
1. 8th Grade students have shown growth each year 85% are rated Advanced and Avanced High	1. 30 students are on track to exit but keep missing criteria by one of the 4 components (Speaking). Therefore, students are not performing linguistically at their academic level.
2. EL strategies have been present for virtual learning, in Math teachers color code, ELA images are shown for voacabulary, History and Science show videos and images to explain process/examples of events	2.With virtual learning it was hard to see students implement strategies for EL's on assignments/ in class seminars
3. 90% of students took the TELPAS exam and teachers have been supportive of not "blanketing students" ensuring to only provide translation/accomodations as needed	3.Teachers need quartly training on how to best support EL learners in class, differenciated PD for different levels of EL's

Grade Level	EL's	Total # of Students	EL %
6	42	106	40%
7	39	110	35%
8	53	126	42%
TOTAL	**134**	**342**	**39%**

ection

Recommendatons for Areas of Need	What to replicate
1.Students would benefit from practice and teachers providing more time for students to speak with one another with feedback	1. Providing Teachers with grade level ratings so they understand each students proficiency level and can best asses their need.
2. Students will return in person in August, teachers should start the school year with strategy expectation for students. (Ex. RUBIES, Color strategies, Annotations)	2.Teachers in Math have done an amazing job with color coordinating and strategy expectations, have 6th grade Math teacher present what is working and how strategies look in her class.
3. When Faculty Tuesday Schedule is made for the year, monthly EL/TELPAS PD's should be included and differciated by level.	3.Staff only providing Accommodations as needed.

Number of teacher applicants per 2020-21 school year	26%

Reflections	
Areas of Strength	**Areas of Need**
1. Teachers, co-teachers and tutors are hired when campus is in need of support.	1. Implement high-quality coaching throughout the school year to ensure all skills are built despite lack of experience in teaching.
2. At least 30% - 40% of the teachers of certified in their specified content areas.	2. More teachers should be required to be certified or attend additional professional development trainings in their specific content areas.
3. Current staff are given opportunities to apply and move into different positions.	3. Provide all staff with the same opportunities to apply for any available positions in the campus.
4. District holds teacher recruitment events where each campus can participate in and out of the campus.	4.Campus should consider holding more internal recruitment events to pre-interview and identify high quality candidates.
5	5. Teachers inexperience in school and classroom culture cause them to burnout quicker and leave midyear. Provide extensive feedback and training in the areas of behavior management, setting classroom expectations and communication (between all stakeholders).
6	6. Hold more frequent Badger Nights or Teacher Celebration days that

Recommendations for Areas of Need
Leaders will revise what experience a teacher has and what they need (PD) to do well thoughout the year. Teachers will be sent to district PD that are relivent to their course and will look for outside PD to meet their needs
Sending a lead team to become a trainer of trainers on classroom culture and come back and teach the group. Then follow up with all stakeholders to follow what was presented.
Backwards plan days in which we can have Badger Socials with peers

Data Source: School Culture and Climate	
Reflections	
Areas of Strength	**Areas of Need**
1. ADA & Persistence was very good this year due to continual communication with families + siblings already attend this school so parent investment is established.	1. Norming schoolwide behavioral and cultural expectations accross grade levels. (all stakeholders address each and every exepectation with consistency, fidelity, and equality)

2. Good sense of school pride (students invested in the school). Teachers are also invested - many teacher led celebrations for student successes and empathy.	2. Lack of teacher moral due to not celebrating teachers (low sense of feeling valued). Consistency with teacher feedback and follow up (coaching cycle). Disconnect between teachers and admin due to low admin presence in classes and hallways.
3. Good sense of team and family (team work). Grade levels work well with each other.	3. Confusion: who to go to when addressing different types of concerns (chain of command). Gaps in lines of communication between Lead Team - GTLs - Teachers (low Leader alignment on messaging) Student privacy concerns posted in the group chat - not needed for all eyes to see

Solutions
GTL - Admin collaboration to set the expecations Effective onboarding for new to IDEA teachers. GTLs norm procedures that they will follow up to implement the expecations. Admin address all stakeholder that are not upholding the campuswide expecations.

Establish a calendar with set date for celebrating teachers i.e. teacher of the month, etc. Admin presence in the hallway to support & redirect. Set date and time to observe and follow up. Be transparent with proficient, advanced, and master teachers about observing or not (communicate effectively). Adapt to teacher's work style. Be consistent and adhere to the calendar to ensure that coaching is happening.
All leader communication shared with lead team and approved by Mr. Garza before sending. Admin needs to uphold the chain of command and/or communication with fidelity (redirect teachers stepping out of it). Set the expectation for communication with the front office staff. Send student personal concerns directly to GTL.

IDEA Elsa

Comprehensive Needs Assessment COLLEGE PREP

	Percentage
% Families Attended WTI	37%
% Families Attended Curriculum Night	40%
% Families Who Attended EOY Ceremonies	80%
% Families who attended Fall Festival	10%
% Families who attended Winter Festival	10%
% Families who attended Spring Festival	60%

Reflections	
Areas of Strength	**Areas of Need**
1. Campus maintains communication with all parents by utilizing different platforms such as Remind, Facebook, ClassDojo, Whats App.	Ensure that all event announcements are sent out/posted in a timely manner on all platforms of communication by admin and teachers. Parent announcemnts/event flyers made in both English and Spanish language consistently.
"Drive by" events such as "Thanksgiving Pies, Christmas and STAAR PepRally" during the school year to keep parents and student engaged and committed to campus.	Advertisement for events was provided to parents and students on a short notice or day of which affected the turn out of the event. Hold inclusive events for SpEd/RISE student in our campus and involve community.

3. Majority of parents and families attend campus events yearly.	3 . Increase family engagement and contribution in organizing campus and community events.
Idea Elsa distributed countless meals to the community during a time of need. (COVID-19)	More and better advertisment of the meal on wheels program in order to reach more members of the community.

Recommendations for Areas of Need	What to replicate
1. Bring back the in-person events such as the BOY Meet The Teacher night, Our TAMALADA, The Hispanic Celebration, participation in the Community Christmas Parade, Science Discovery Day, In-Person Teacher / Parent meetings.	1. Continued use of all the communication platforms to keep parents informed of upcoming events and/or campus information.
2. Event flyer provided to campus staff at least a month in advance to ensure that ample time is given to parents before the desired event time. Inclusive events for special pops students such as: Walk for Down Syndrom, Autism Awareness Month etc.	2. Continue engaging parents and students with events while maintaning safety guidelines during Covid.

3. Establish PTO committee to engage parents with campus/family events and fundraisers. Provide families an itenary with schedule of sports season. Schedule quarterly house events where parents can attend to engage in a family activity (loteria night, movie night, father/daughter dance, spa day etc.)	3. Keep holding campus events yearly to keep parents and student engaged and committed.
Keeping the meals on wheels available to members of the community on non pandemic time.	The CNP staff did a fenominol job all year making sure those meals went out daily.

IDEA Public Schools

Ewing Halsell Academy

2022-2023 Campus Improvement Plan

Accountability Rating: B

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Science
Postsecondary Readiness

Board Approval Date: October 21, 2022
Public Presentation Date: September 14, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 14, 2022

Demographics

Demographics Summary

Our campus is located in the heart of southside of San Antonio and serve 718 scholars in grades K-5th. We are an open enrollment charter school that serves scholars from around the area. Our Title I school serves a majority hispanic population. We work relentlessly to ensure our scholars are on a pathway to and through college and believe that every child can learn.

See PDF addendum.

Demographics Strengths

See pdf addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Campus failed to meet our goal of 90% overall student persistence. **Root Cause:** Top three factors for not meeting goal pertained to Campus Culture, Transportation, and Movers.

Problem Statement 2 (Prioritized): Campus failed to receive an A rating. **Root Cause:** Campus lost teachers in key tested subject areas, which led to lack of academic consistency for scholars.

Student Learning

Student Learning Summary

There was an increase of meets and master scholars for all populations in STAAR Reading. In the pervious year there was an increase in approaches numbers for math. W need to focus on the increase of meet and masters student in math grades third throught fifth. We ended our 21-22 year at 84.4% overall persistence with 74.4% New student persistence. The following was our end of year data for scholars on track in Direct Instruction, decoding reading programs: K: 86%; 1- 60% 2- 92% Overall- 83%. Our campus received distinctions from the state in Academic Achievement in ELAR, Science, and Post-Secondary Readiness.

Telpas Composite Ratings (Listening, Speaking, Reading, Writing)

% of ELL students who grew one or more levels

-Listening 31/71

-Speaking 14/71

-Writing 23/71

-Reading 29/71

See PDF in Addendum for more information.

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Campus special populations failed to meet standards on state assessment. **Root Cause:** Lack of comprehensive structure for general education and special populations staff to collaborate and lesson plan researched based strategies..

Problem Statement 2 (Prioritized): Campus failed to meet our goal on state assessments for our English Learners. **Root Cause:** Lack of consistent tutorials that target proficiency standards and training for teachers on researched based strategies for ELs.

School Processes & Programs

School Processes & Programs Summary

Our campus develops instructional leaders by providing weekly professional development focused on each content. We plan for professional development based on weekly data or gaps that are responsive to needs and include teacher feedback in order to close achievement gaps.

See PDF in Addendum for more information

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years

- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Lack of ongoing training and accountability for managing Tier 1 Behavior Plan . **Root Cause:** Inconsistent follow through with campus wide behavior plan, implementation of Pioneer Planners for every scholar, and lack of stakeholder investment.

Problem Statement 2 (Prioritized): Campus has failed to meet our 97% ADA goal. **Root Cause:** Lack of processes and follow through with ADA concerns using the ADA matrix starting at the beginning of the year.

Perceptions

Perceptions Summary

According to our annual Panorama survey results, parents rated our campus at or above average levels for the San Antonio Region and IDEA public schools as a whole. Four domains were rated in the areas of Data about School, the Healthy Kids Here Initiative, Mental health and social emotional learning, and School Safety and Security. Our campus scored between 4.2 and 4.6 on a scale of 1-5 in all domains. Parent participation is quantitatively measured for this annual survey and we had 62 participants accounting for approximately 10% of our parent population. Barriers to survey completion and participation are unclear, as many methods over consistent periods of time were utilized to gather this important information.

See PDF addendum for more information.

Perceptions Strengths

One area of strength identified in our Panorama parent survey included high rankings in the domain of School safety and security with a 4.6 score.

See pdf. addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Lack of extracurricular options during and after school. **Root Cause:** Lack of available, trained staff, and incentive or motivation to sponsor activities after a 9 hour work day.

Problem Statement 2 (Prioritized): Parents perceive bullying as a major issue with a lack of scholar support in the area of social emotional learning. **Root Cause:** Lack of school wide and family education over the differences between bullying and conflict.

Priority Problem Statements

Problem Statement 1: Lack of ongoing training and accountability for managing Tier 1 Behavior Plan .
Root Cause 1: Inconsistent follow through with campus wide behavior plan, implementation of Pioneer Planners for every scholar, and lack of stakeholder investment.
Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: Campus failed to meet our goal of 90% overall student persistence.
Root Cause 2: Top three factors for not meeting goal pertained to Campus Culture, Transportation, and Movers.
Problem Statement 2 Areas: Demographics

Problem Statement 3: Lack of extracurricular options during and after school.
Root Cause 3: Lack of available, trained staff, and incentive or motivation to sponsor activities after a 9 hour work day.
Problem Statement 3 Areas: Perceptions

Problem Statement 4: Parents perceive bullying as a major issue with a lack of scholar support in the area of social emotional learning.
Root Cause 4: Lack of school wide and family education over the differences between bullying and conflict.
Problem Statement 4 Areas: Perceptions

Problem Statement 5: Campus has failed to meet our 97% ADA goal.
Root Cause 5: Lack of processes and follow through with ADA concerns using the ADA matrix starting at the beginning of the year.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Campus failed to meet our goal on state assessments for our English Learners.
Root Cause 6: Lack of consistent tutorials that target proficiency standards and training for teachers on researched based strategies for ELs.
Problem Statement 6 Areas: Student Learning

Problem Statement 7: Campus special populations failed to meet standards on state assessment.
Root Cause 7: Lack of comprehensive structure for general education and special populations staff to collaborate and lesson plan researched based strategies..
Problem Statement 7 Areas: Student Learning

Problem Statement 8: Campus failed to receive an A rating.
Root Cause 8: Campus lost teachers in key tested subject areas, which led to lack of academic consistency for scholars.
Problem Statement 8 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Section 504 data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Student surveys and/or other feedback
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Communications data
- Study of best practices
- Action research results

Goals

Goal 1: Increase staff retention to meet 85% district goal.

Performance Objective 1: Encourage higher staff attendance with incentives every month to promote positive campus climate.

High Priority

Evaluation Data Sources: Great Places to Work survey, staff attendance records

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Incentives every month to promote positive campus climate. Weekly acknowledgements over announcements and staff newsletter. **Strategy's Expected Result/Impact:** Increased daily staff attendance, increased consistency for scholars to achieve the best results academically. **Staff Responsible for Monitoring:** Lead Team Members **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: Increase staff retention to meet 85% district goal.

Performance Objective 2: Coach and develop math and reading teachers to proficiency in GET 1A and 1B, planning.

High Priority

HB3 Goal

Evaluation Data Sources: Teach boost ratings, coaching plans and calendars, lesson plans.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Coach and develop math and reading teachers that includes recognition for achievement and development that builds strong vertical teams and ensures qualified teachers are in classrooms. Skills developed are in GET planning and ownership to fortify planning and executing engaging and rigorous instruction and intervention aligned to STAAR reading and math targets	0%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: Increase staff retention to meet 85% district goal.

Performance Objective 3: Communicate special education teacher promotion pathway for co teachers to invest in a career pathway to be highly qualified and certified special education teachers.

Evaluation Data Sources: Engagement in certification pathways and emails to connect co teachers to IDEA staff to support and inform about programs.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Include future career goals as part of check ins and identify ways to support certification in special education.	0%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 2: All IDEA students matriculate to college

Performance Objective 1: We can ensure all IDEA students matriculate to college by providing TEKS aligned, rigorous coursework and setting the expectation that all scholars are on grade level before they are promoted to the next grade level.

High Priority

HB3 Goal

Evaluation Data Sources: Daily exit tickets, weekly assessments aligned to TEKS, Unit assessments, benchmark assessments, RenStar, DIBELS

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide TEKS aligned, rigorous coursework and setting the expectation that all scholars are on grade level before they are promoted to the next grade level. Data sources are checked daily, weekly, quarterly, and annually to provide timely and tailored response to student learning. **Strategy's Expected Result/Impact:** Create a culture of high expectations and help students meet grade level expectations every year. **Staff Responsible for Monitoring:** Lead Team and Grade Team Leaders **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 3: Positive School Culture, Lever 5: Effective Instruction				
No Progress Accomplished Continue/Modify Discontinue				

Goal 3: IDEA achieves an A rating.

Performance Objective 1: We can achieve an A rating by utilizing previous year's data and current assessments to tailor interventions to respond to individual student needs.

High Priority

HB3 Goal

Evaluation Data Sources: Daily and weekly assessment data, diagnostic programs, STAAR assessments, benchmark data.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers will track student exit tickets weekly and create responsive lesson plans and interventions accordingly. Grade team leaders will meet bi-weekly to discuss current assessments and tracked data to assist in teacher accountability and response to intervention plans and differentiated instruction. **Strategy's Expected Result/Impact:** Increase in mastery of daily, weekly, and unit assessment scores. **Staff Responsible for Monitoring:** API's, classroom teachers, and grade team leaders **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction **Funding Sources:** Interventionist - Federal Grant, Interventionist - Federal Grant				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating.

Performance Objective 2: We can achieve an A Rating by planning aligned, 1st time instruction that prioritizes time for independent practice with feedback to increase math STAAR performance as measured by growth goals.

High Priority

HB3 Goal

Evaluation Data Sources: Daily exit tickets, weekly assessment data, IXL/Sirius online practice and progress.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Weekly lesson internalization for DI submission for feedback and weekly lesson plan feedback cycle for ELA, Math, and Science.	0%			

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 3: IDEA achieves an A rating.

Performance Objective 3: We can achieve an A Rating by managing and investing scholars to track their progress toward individual STAAR reading and math goals and growth.

High Priority

HB3 Goal

Evaluation Data Sources: Pioneer Planners, Assessment reflection documents.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Scholar reflections after district assessments and student trackers in Pioneer Planners.	0%			

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 3: IDEA achieves an A rating.

Performance Objective 4: We can achieve an A Rating by building capacity of general and special education staff by including strategically proactive and responsive PD topics monthly.

High Priority

Evaluation Data Sources: PD agendas/power points, assessment data for special education scholars, weekly lesson plans and Outcomes, Causes, Solutions assessment process after assessments.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Schedule monthly PD for special populations for all instructional staff responsive to campus data and teacher needs	0%			

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 4: Increase student daily attendance

Performance Objective 1: We will increase student daily attendance by working to increase stakeholder investment.

High Priority

Evaluation Data Sources: Attendance data, family attendance to events, views of Remind messages, views of Family newsletters.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide family engagement events monthly, maintain quality, consistent communication using Remind and newsletters, provide monthly classroom/grade level incentives, provide teachers resources and time to plan engaging lessons. **Strategy's Expected Result/Impact:** Increase in daily students attendance. **Staff Responsible for Monitoring:** Student Information Systems Clerk, Lead Team, Grade Team Leaders. **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction				

 No Progress Accomplished Continue/Modify Discontinue

Goal 5: Increase student persistence

Performance Objective 1: Violence prevention and intervention: School based bullying and cyberbullying prevention programs.

High Priority

Evaluation Data Sources: a. calendar schedule b. Microsoft form compliance to district c. PD agendas at BOY and principal meeting with feedback d. Panorama SEL surveys

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Anti-bullying guidance curriculum will be implemented throughout the year, along with proactive SEL curriculum (Move this World) to ensure both preventative and responses services are available to all scholars. **Strategy's Expected Result/Impact:** Decreased referrals for discipline, decreased reports on bullying, increased scores on bi-annual Panorama SEL surveys, and perception data regarding an increase in pro-social behaviors. **Staff Responsible for Monitoring:** School Counselor and School Social Worker **TEA Priorities:** Recruit, support, retain teachers and principals, Connect high school to career and college **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture				

 No Progress Accomplished Continue/Modify Discontinue

Goal 5: Increase student persistence

Performance Objective 2: Create a positive onboarding experience for new families.

High Priority

Evaluation Data Sources: Returning persistence data, family engagement and attendance to events.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Follow a consistent onboarding process which includes personal invitations to engagement events, periodic check ins from team members to family and scholar, and prompt response to family concerns. **Strategy's Expected Result/Impact:** Increase in retention of new families year to year. (Increased persistence). **Staff Responsible for Monitoring:** Lead team members, APO, SIS. **TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture				

 No Progress Accomplished Continue/Modify Discontinue

Reflections	
Areas of Strength	**Areas of Need**
More than enough books for students. Also, teacher edition books were available	4th grade math rising to 5th grade-- not enough independent practice to master skill.
2 Adjusting lessons based on gaps seen in 1st blocks.	2 A built in time for small group to work on closing gaps within the block of instruction..
3 Math team was helpful during conference and contributed to other teachers to help close gaps.	3. Visuals/Anchor charts need to be posted and aligned (same vertically) in all spaces.

Reflections	
Areas of Strength	**Areas of Need**
1It's repetative so the scholars get that constant practice.	1. Wit and Wisdom 1st grade- workbooks were not useful due to lack of page numbers and quality. Some books were missing in module 2. Co-teacher needed to assist with writing, 1:1 intervention, and behaviors. There was an improvement in lesson when two teachers were present. Students were able to get indivdual feedback on their writing.
2. SPED are able to teach at the pace needed. EM	2 DI-More intervention time

3 It's straight foward and the kids are able to comprehend and understand the stories.	3 Scholars need more intervention time.

Have more focus on things that are more difficult to scholars. (ex:
Making sure homework goes home regularly. EM

4. The	
Intervention teacher was able to focus on skill deficits using TEK based instruction. Teacher was also able to group students based on reading level and provide opportunity for scholars to read aloud working on word recognition, fluency, and comprehension. Teacher would provide feedback to improve reading development. LR	An area of need is providing more intervention time to CSI scholars. It would be helpful to work with the scholars who are two years below their reading level everyday versus two times a week. Providing more intervention time will help close the gaps. LR
Set curriculum with much practice, repetition, and knowledgable staff from previous years.	Allowing script practice to be more open-ended practice/disccussions to help close gaps across grade levels, rather than reading scripts 3 days a week. Other contents speak to each other to disucss gaps, next steps, helpful tips, etc.
DI API is knowledeable of grades K - 2, therefore questions/concerns are answered promptly	Providing more information on how to get into next level for growth opportunities

ample more talking/working on contractions.)

Areas of Strength	**Areas of Need**
1. Big events are successful and fun.	1. More opportunities throughout the year for families to be involved. Small events- maybe per homeroom/events instead of grade level or whole academy.
2 Parents have strong connections with other parents/families.	2. Higher staff attendance at curriculum events and include more student features.
3 End of Year and Middle of Year Events featuring children have attendance of >90%.	3 Opportunities for parents to volunteer while maintaining safety.

IDEA Public Schools

Ewing Halsell College Prep

2022-2023 Campus Improvement Plan

Accountability Rating: B

Distinction Designations:
Postsecondary Readiness

Board Approval Date: October 21, 2022
Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Our purpose is to prepare all scholars for a four-year university or college. We are focused on hitting academic goals while cultivating scholars to be organized, kind, reflective, socially/emotionally aware, brave, passionate, and creative; empowering scholars to be successful not only in our campus but in college and the work force. In addition to these character traits, our scholars will give their skills and time back to the communities that they reside in, helping those in need.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IDEA Ewing Halsell College Prep will become the leader in IDEA San Antonio for graduating and matriculating scholars into the top four-year universities or colleges (Tier 1 & 2), where they will be prepared for the job of their choice. Scholars will graduate from college and use their time and skills to give back to the communities they reside in.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 14, 2022

Demographics

Demographics Summary

IDEA Ewing Halsell was founded in 2017 on the southwest side of San Antonio. Our address is 2523 West Ansley Blvd. We are an open enrollment charter school. We are an advanced placement (AP) for all campus and a college for all campus. When are seniors graduate, they are expected to attend a four year college or university.

For the 2021-2022 school year, we were 94.36% hispanic-latino with Black-African American at 2.17%, White at 3.25%, and Two-or-More races at 0.22%. Our campus is at 78.31% economically disadvantaged with 52.28% qualifying for free meals. We had 26.03% coded as English Learners and 11.5% coded as Special Education. Our middle school averaged a student teacher ratio of 25 to 1 and high school averages a student teacher ratio of 20 to 1.

For the 2022-2023 school year our campus has 570 students enrolled and 50 total college prep staff. In sixth grade there are 123 scholars, in seventh grade there are 86 scholars, in eighth grade there are 117 scholars, in ninth grade there are 92 scholars, in tenth grade there are 86 scholars, and in eleventh grade there are 68 scholars (as of August 26, 2022). Our campus has special programs such as Special Education, Rise Unit, English Learners, 504 and Response to Intervention.

See pdf in addendum for more information.

Demographics Strengths

See pdf in addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase overall student persistence because we dropped around 5% from the 21-22 school year to the 22-23 school year. **Root Cause:** 1. Not enforcing smaller culture issues which led to bigger culture issues. 2. Lack of extracurricular activities like sports and clubs.

Problem Statement 2 (Prioritized): There is a need to ensure scholars in the special education program are achieving targets in comparison to other sub populations (EL, economically disadvantaged, etc.) **Root Cause:** 1. Systems for Special Education student mastery were not daily, causing gaps to widen. 2. Interventions not complex enough for special education scholars to hit targets.

Problem Statement 3: There is a need to increase performance for English Learners on the beginning composite score. **Root Cause:** 1. Systems in place not effective in closing reading/writing gap. 2. School wide EL instructional moves like turn and talks/think-ink-pair-shares not executed/enforced daily.

Student Learning

Student Learning Summary

For the 21-22 school year, domain 1 (student achievement) was a 77 out of 100, domain 2 (school progress) was an 87 out of 100 for academic growth and an 85 out of 100 for relative performance, and closing the gaps was an 82 out of 100. Overall we were an 86 (B). We earned the distinction for Postsecondary Readiness. One of the major gaps in data was our sub population of current and former special education performance.

For the 18-19 school year, domain 1 (student achievement) was an 81 out of 100, domain 2 (school progress) was an 90 out of 100 for relative performance, and closing the gaps was a 71 out of 100. Overall we were an 84 (B). We earned the distinction for ELA/Reading, Postsecondary Readiness, and Mathematics.

Student Learning Strengths

See PDF in addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The percent approaches, meets, and masters for US History was lower than our other subjects. **Root Cause:** 1. The material was taught through memorization. 2. Did not prioritize scholar skill acquisition.

Problem Statement 2: The masters for Biology was lower than our other subjects. **Root Cause:** 1. The material was taught through memorization. 2. Did not prioritize deeper understanding of content.

Problem Statement 3 (Prioritized): SPED masters, meets, and approaches are all low in comparison to other special programs. **Root Cause:** 1. The data reflection and action for SPED was not frequent enough. 2. The data systems for SPED were not refined frequently, causing them to deteriorate over time.

School Processes & Programs

School Processes & Programs Summary

Our campus utilizes assistant principals of instruction, grade team leaders (GTLs), and content team leaders (CTLs). We have frequent meetings for all leaders to develop their instructional abilities. To address academic performance, we utilize instructional rounds, real time coaching, weekly check ins, data analysis, lesson plan feedback, and culture rounds. With GTLs and CTLs, we meet after school to review expectations and coach leaders on leading both grade teams and content teams. All leaders have clear driving goals and calendars/systems/procedures aligned to those goals.

Our campus offers the core contents (math, science, social studies, and ela/reading) and different extensions of the learning. In sixth and seventh grade scholars also receive a math computer program, a library where word count is tracked, and physical education. In eighth grade our scholars also have Art, physical education, and Spanish. In high school, our scholars take multiple extensions of the learning: Computer Science, Art, Physical Education, Road to and through College, Spanish, Aand ACT. Our campus also has extracurricular opportunities like sports (flag football, volleyball, basketball, soccer, cross country, cheerleading, baseball, softball, volleyball) and clubs (honor society, theater, etc.).

We are one to one with technology. All students will get a computer. All scholars will have access to different instructional programs on the computer.

See PDF in addendum for more information.

School Processes & Programs Strengths

See PDF in addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Our family engagement is lower for all curriculum events. We typically get less than 25% family participation. **Root Cause:** 1. We do not advertise enough leading up to the event. 2. There are no incentives for families to attend other then learning more about the scholar's education.

Problem Statement 2 (Prioritized): We have very few teachers that are ready to be teacher leaders. **Root Cause:** 1. We don't have a clear process to develop our teachers into teacher leaders. 2. A majority of our teachers are just starting teaching, which is requiring more focus on their actual teaching craft.

Problem Statement 3 (Prioritized): Many new teachers are progressing slower than what is needed to hit an A campus. **Root Cause:** 1. Lack of accountability around teacher progression. 2. Missing clear benchmarks for teacher development.

Perceptions

Perceptions Summary

Our Great Places to Work Survey data was at 82% for the statement "taking everything into account, I would say this is a great place to work." Our teacher retention is 72.5% (29/40).

See PDF in addendum for more information.

We had 10 expulsions in the 21-22 school year, more than quadruple what we had the previous school years.

Perceptions Strengths

See PDF in addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Teacher retention is lower, causing the development cycle to start over. **Root Cause:** 1. Teachers are unclear about the work expectations aligned to the role. 2. Teachers are not experiencing success in their role, causing them to transition.

Problem Statement 2: Teachers are concerned about their work life balance. **Root Cause:** 1. Teachers are not defining what their ideal work life balance is. 2. Teachers are not utilizing their conference periods effectively, causing them to have to utilize after school time.

Problem Statement 3 (Prioritized): Parent participation rates for campus events are lower. **Root Cause:** 1. Communication of events is inconsistent. 2. Rationale for events is not clear to teachers, causing teachers to not invest scholars/parents in events.

Problem Statement 4 (Prioritized): Level 3 behaviors have increased. **Root Cause:** 1. Scholars are unaware of level 3 behaviors and consequences associated with those behaviors. 2. Scholars believe that certain level 3 behaviors (vape, etc.) are not behaviors that warrant level 3 consequences.

Priority Problem Statements

Problem Statement 1: There is a need to ensure scholars in the special education program are achieving targets in comparison to other sub populations (EL, economically disadvantaged, etc.)

Root Cause 1: 1. Systems for Special Education student mastery were not daily, causing gaps to widen. 2. Interventions not complex enough for special education scholars to hit targets.

Problem Statement 1 Areas: Demographics

Problem Statement 2: SPED masters, meets, and approaches are all low in comparison to other special programs.

Root Cause 2: 1. The data reflection and action for SPED was not frequent enough. 2. The data systems for SPED were not refined frequently, causing them to deteriorate over time.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: The percent approaches, meets, and masters for US History was lower than our other subjects.

Root Cause 3: 1. The material was taught through memorization. 2. Did not prioritize scholar skill acquisition.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Many new teachers are progressing slower than what is needed to hit an A campus.

Root Cause 4: 1. Lack of accountability around teacher progression. 2. Missing clear benchmarks for teacher development.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Parent participation rates for campus events are lower.

Root Cause 5: 1. Communication of events is inconsistent. 2. Rationale for events is not clear to teachers, causing teachers to not invest scholars/parents in events.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Level 3 behaviors have increased.

Root Cause 6: 1. Scholars are unaware of level 3 behaviors and consequences associated with those behaviors. 2. Scholars believe that certain level 3 behaviors (vape, etc.) are not behaviors that warrant level 3 consequences.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: There is a need to increase overall student persistence because we dropped around 5% from the 21-22 school year to the 22-23 school year.

Root Cause 7: 1. Not enforcing smaller culture issues which led to bigger culture issues. 2. Lack of extracurricular activities like sports and clubs.

Problem Statement 7 Areas: Demographics

Problem Statement 8: We have very few teachers that are ready to be teacher leaders.

Root Cause 8: 1. We don't have a clear process to develop our teachers into teacher leaders. 2. A majority of our teachers are just starting teaching, which is requiring more focus on their actual teaching craft.

Problem Statement 8 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- PSAT
- Student Success Initiative (SSI) data for Grades 5 and 8
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Observation Survey results
- Prekindergarten Self-Assessment Tool
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Class size averages by grade and subject

- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Budgets/entitlements and expenditures data

Goals

Revised/Approved: September 15, 2022

Goal 1: Increase staff retention

Performance Objective 1: For the 22-23 school year we will retain 85% of our staff for the start of the 23-24 school year.

High Priority

Evaluation Data Sources: Will utilize staff retention data.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Develop, celebrate and recognize high performers. **Strategy's Expected Result/Impact:** Keep teachers. **Staff Responsible for Monitoring:** Direct Managers **TEA Priorities:** Recruit, support, retain teachers and principals				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: Increase staff retention

Performance Objective 2: 85% of staff will agree that IDEA Ewing Halsell is a great place to work

High Priority

Evaluation Data Sources: GPTW survey results

Strategy 1 Details	Reviews			
	Formative			Summative

Strategy 2: Mission list reviewed by school counselor and grade level admin. **Strategy's Expected Result/Impact:** Leaders working to keep scholars. **Staff Responsible for Monitoring:** School Counselors/GLAs **ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1	50%	100%	100%	

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: There is a need to increase overall student persistence because we dropped around 5% from the 21-22 school year to the 22-23 school year. **Root Cause**: 1. Not enforcing smaller culture issues which led to bigger culture issues. 2. Lack of extracurricular activities like sports and clubs.

Goal 5: Increase student persistence

Performance Objective 2: Every other week our campus offers at least 8 clubs.

Evaluation Data Sources: Club Offerings

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: All teachers not coaching required to do a club. **Strategy's Expected Result/Impact:** More clubs available to all scholars. **Staff Responsible for Monitoring:** School Counselor/Staff **ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Clubs announced weekly **Strategy's Expected Result/Impact:** More scholars participate **Staff Responsible for Monitoring:** School Counselor **ESF Levers:** Lever 3: Positive School Culture				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: There is a need to increase overall student persistence because we dropped around 5% from the 21-22 school year to the 22-23 school year. **Root Cause**: 1. Not enforcing smaller culture issues which led to bigger culture issues. 2. Lack of extracurricular activities like sports and clubs.

Goal 5: Increase student persistence

Performance Objective 3: Campus participates in the following extra curricular activities: flag football, basketball, soccer, cheerleading, cross country, baseball, softball, and volleyball.

Evaluation Data Sources: Participation in Texas Charter League

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: All scholars have access to try outs. **Strategy's Expected Result/Impact:** Many scholars try out. **Staff Responsible for Monitoring:** Coaches/Pantoja **ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1	90%

Reflections

Areas of Strength	Areas of Need
1. There is strong collaboration over breakdown of TEKS and understanding the concept within those TEKS.	1. There is a need for preparing our scholars for upcoming AP classes. (This was an identified gap in all the course collaborations I attended. We are getting scholars STAAR ready but not as prepared for their AP courses.)

2 Team works hard to vertically align when possible on the way we teach TEKS.	2 We need more alignment and discussion on how we are preparing scholars for success in their literacy skills that will improve each year.
3 Team learns from one another on how to implement different TEKS into different types of lessons.	3 We need to get our scholars writing more across all grade levels so that they are set up for success in all forms off essay writing.

Reflections	
Areas of Strength	**Areas of Need**
1. Anchor charts were utilized throughout the school year.	1. Having scholars explain why the steps to solving different problems work.
2. Feedback and discussions on content weekly built stronger vertical alignment.	2. Vertically aligning definitions and how steps for similar math skills.
3. Utilizing scripted curriculum to teach math at a higher level.	3. Creating an overall "routine" for the math team in a sense of how to approach a problem, and/or words & phrases we use so scholars have an idea of what "new" material is being learned and can also relate prior knowledge.

Reflections

Areas of Strength	Areas of Need
1. Organize quantitative and qualitative data using scatter plots, line graphs, bar graphs, charts, data tables, digital tools, diagrams, scientific drawings, and student-prepared models.	1. Analyze, evaluate, and critique scientific explanations and solutions by using empirical evidence, logical reasoning, and experimental and observational testing, to encourage critical thinking by the student. (Develop and challenge the critical thinking to develop into a scientific explanations)
2. Science concepts - In chemistry, physics, biology, and general sciences. Students master and acquire key and scientific words easily.	2. Increase at least 40% lab time Scientific and engineering practices. The student, for at least 40% of instructional time, asks questions, identifies problems, and plans and safely conducts classroom, laboratory, and field investigations to answer questions, explain phenomena, or design solutions using appropriate tools and models

3. Scientific methods of investigation are descriptive, comparative, or experimental. (A) Scientific practices. Students should be able to ask questions, plan and conduct investigations to answer questions, and explain phenomena using appropriate tools and models. (B) Engineering practices. Students should be able to identify problems and design solutions using appropriate tools and models	3. Relate the impact of past and current research on scientific thought and society, including research methodology, cost-benefit analysis, and contributions of diverse scientists as related to the content

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Demographics

Demographics Summary

IDEA Frontier Academy is a tuition-free, open-enrollment charter school that serves 812 students from PK through 5th grade admitted by lottery. Frontier was founded in 2006 in Brownsville, Tx. Through our unique curriculum, we are closing the opportunity gap by preparing students from underserved communities for success in college and citizenship. We are proud that we are a TEA "A" Campus and earned 6 out of 6 distinctions.

We set high expectations for every student and go the extra mile to ensure they realize their potential. Our recipe for success is personalized learning, critical thinking skills, and mastery of core subjects. We strive to provide a safe and caring learning environment for all our students, and we expect them to behave respectfully by following our campus rules and policies. We live by our core values and treat each other as Team and Family.

We offer special programs that align with the needs and desires of our students, parents, and community, such as Special Education, Fine Arts, Athletics, Bilingual, social-emotional awareness programs, UIL, and 21st Century afterschool programming. We are a very spirited and proud Charger family with many traditions that set us apart from other schools. We celebrate our accomplishments and recognize hard work.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase Average Daily Attendance (ADA) in PK-5th grade because it has declined since 2019-2020. **Root Cause:** Attendance dropped below the 97.5% mark because of COVID quarantine cases, parent fears, and anxiety of sending students to school. In addition, there was a gap of consistent systems of communication to follow up with our campus escalation matrix.

Problem Statement 2 (Prioritized): There is a need to improve our student persistence for both new and returning students. **Root Cause:** Our onboarding proved to have gaps in communication, family engagement, and investment. Also, our returning students and families missed our community involvement during and after school due to lack of

overcommunication.

Student Learning

Student Learning Summary

IDEA Frontier Academy achieved TEA “A” Campus rating. The cumulative STAAR SAS for the campus was a 57 for the 2021-2022 school year. Due to this, Domain 1 Student Achievement was at an 86 for a B. Domain 2 was a success with Academic Growth at a 97% and Relative Performance with a combined SAS of 57 for a score of 91, both achieving the A. Domain 3 came in at a 98 for an A. Our academic performance for the different student groups grew significantly. In 2019, we met less than 50% of the indicators while this year, we met 100% of indicators for all student groups in Domain 3. Our SPED population had the most significant gains and achieved an SAS of 41. All 6 distinctions eligible to elementary schools were achieved. In lower elementary, over 90% of students approached the math and reading final exams. Reading in Direct Instruction met district goals with an 87% on grade level for Pre-K to 1st and 2nd grade with a 92% on grade level.

See PDF in Addendum for more information.

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Limited writing opportunities in reading for students to show their thinking and analysis of a text. **Root Cause:** Currently, 90% of the questions in our assessments are multiple choice. Teachers and administrators planned to assess student learning based in the multiple choice format not in multiple formats to allow the students the opportunity to write.

Problem Statement 2 (Prioritized): Limited focus on basic math fluency of addition and multiplication. **Root Cause:** Fluency journals are used to create multiplication and addition fact fluency and memory which was not consistent throughout all 1st - 5th grade students. There was no system for individual student tracking or progress benchmarks.

Problem Statement 3 (Prioritized): Our area of need in TELPAS is that less than 50% of EB's moved up a composite level in TELPAS. **Root Cause:** Teachers and administrators need to be trained in the pedagogy of the English language learners and the different proficiency levels to understand students' needs better and differentiate lesson delivery.

School Processes & Programs

School Processes & Programs Summary

Frontier Academy develops instructional leaders by having clear roles and responsibilities and opportunities to choose where they want to make an impact an impact. We have team leaders that lead their grade levels, content leaders in Math, Science, Social Studies, and Reading, course leaders, mentors, hybrid leaders, and teacher advisory counsil members.

We have a weekly professional development meeting focusing on lesson rehearsal, script practices, and new content training. Our teachers are also biweekly engaged in district content webinars that assist them in becoming instructional leaders of their classrooms. Due to our high teacher retention, we individualize professional development.

See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

See PDF in Addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Did not meet our 85% teacher retention goal. **Root Cause:** Teachers struggle to find work life balance.. Teachers have not been equipped with effective skills to be able to manage time and work load during a school day. Also, managers and instructional coaches do not prioritize respecting teacher planning time and bringing in the joy.

Problem Statement 2 (Prioritized): Instructional leaders are not clear about what their role is and how to execute duties. **Root Cause:** Administration does not have a clear vision, onboarding plan and PD scope and sequence to develop instructional leaders.

Perceptions

Perceptions Summary

At our school we teach the Move This World program in order to help our students become better citizens in and out of school. Through this program, we teach them how to avoid and reduce conflicts, how to talk things out with peers and simply learning different breathing techniques. This has helped our school have a stronger Team and Family among students.

Our Staff retention for 2021-2022 was 85% meeting goal. We have listening tours with our staff in order to hear thier concerns and assist with making our school a great place to work. Our teachers also take the "Great Places to Work" Survey and as a lead team we analyze the results and strategize on how to improve. Our participation rates are measured by the use of Stream as well as sign in sheets. Teachers follow up with parents by phone call who are pending to attend their meetings.

See PDF in Addendum for more information.

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There is no system of accountability measures for parents who do not attend mandatory events such as Welcome to IDEA. **Root Cause:** The chronological order of events for new families is out of sequence. Welcome to IDEA is the commitment piece that should happen after testing and registration.

Problem Statement 2 (Prioritized): Our area of need is that there is a lack of community involvement in events in campus. **Root Cause:** Due to COVID, there was a decrease of events that could include members of the community in person as a result we have lost of our culture of community involvement. Now that COVID restrictions have been lifted we have not brought back our pre-covid community schedule of events.

Priority Problem Statements

Problem Statement 1: There is a need to increase Average Daily Attendance (ADA) in PK-5th grade because it has declined since 2019-2020.

Root Cause 1: Attendance dropped below the 97.5% mark because of COVID quarantine cases, parent fears, and anxiety of sending students to school. In addition, there was a gap of consistent systems of communication to follow up with our campus escalation matrix.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to improve our student persistence for both new and returning students.

Root Cause 2: Our onboarding proved to have gaps in communication, family engagement, and investment. Also, our returning students and families missed our community involvement during and after school due to lack of overcommunication.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Limited writing opportunities in reading for students to show their thinking and analysis of a text.

Root Cause 3: Currently, 90% of the questions in our assessments are multiple choice. Teachers and administrators planned to assess student learning based in the multiple choice format not in multiple formats to allow the students the opportunity to write.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Limited focus on basic math fluency of addition and multiplication.

Root Cause 4: Fluency journals are used to create multiplication and addition fact fluency and memory which was not consistent throughout all 1st - 5th grade students. There was no system for individual student tracking or progress benchmarks.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Our area of need in TELPAS is that less than 50% of EB's moved up a composite level in TELPAS.

Root Cause 5: Teachers and administrators need to be trained in the pedagogy of the English language learners and the different proficiency levels to understand students' needs better and differentiate lesson delivery.

Problem Statement 5 Areas: Student Learning

Problem Statement 6: Instructional leaders are not clear about what their role is and how to execute duties.

Root Cause 6: Administration does not have a clear vision, onboarding plan and PD scope and sequence to develop instructional leaders.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Did not meet our 85% teacher retention goal.

Root Cause 7: Teachers struggle to find work life balance.. Teachers have not been equipped with effective skills to be able to manage time and work load during a school day. Also, managers and instructional coaches do not prioritize respecting teacher planning time and bringing in the joy.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: There is no system of accountability measures for parents who do not attend mandatory events such as Welcome to IDEA.

Root Cause 8: The chronological order of events for new families is out of sequence. Welcome to IDEA is the commitment piece that should happen after testing and registration.

Problem Statement 8 Areas: Perceptions

Problem Statement 9: Our area of need is that there is a lack of community involvement in events in campus.

Root Cause 9: Due to COVID, there was a decrease of events that could include members of the community in person as a result we have lost of our culture of community involvement. Now that COVID restrictions have been lifted we have not brought back our pre-covid community schedule of events.

Problem Statement 9 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject

- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Other additional data

Annual Performance Objectives (APO)

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%

1B. % of graduates matriculate to a Tier I/II College or University: 15% | 25%

1C. % of Seniors accepted to a College or University: 100%

1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%

1E. Earned State Rating: A

1F. % Basic | % Mastery | % Advanced on LEAP: 82% | 44% | 11%

1G. % Approaches | % Meets | % Masters on STAAR/EOC: 90% | 60% | 30%

1H. % Level 3 | % Level 4 | % Level 5 on FSA/FSAA: 70% | 40% | 20%

1I. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading - Year 1 Campuses | Year 2 Campuses: 80% | 90%

1J. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%

1K. Average ACT score: 21

1L. % of students graduating college in 4 | 6 years: 25% | 55%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%

2B. 80% composit score on GPTW: 82%

2B. %Average Daily Attendance: 97.50%

2C. New Student Persistence: 90%

2D. Operating Income: $133M

2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%

3B. Enrollment in August 2020: 83,894

3C. Schools in operation in August 2020: 149

3D. Total Funds Raised (millions): $93M

Reflections	
Areas of Strength	Areas of Need

1. Vertical alignment for big concepts in 3rd - 5th through the use of weekly content meeting to align processes such as two to three digit additon, subtraction, fractions, and multiplication, etc.	1. We need to train teachers to have a deeper understanding of math pedagogy so that they can be able to raise the rigor of questioning to help students align to upper grade levels assessments and TEKS instruction. Our curriculum strict structure does not provide opportunites for teachers with limited pedagogy to manipulate student practice and to align to TEKS. Strategy to correct: through the use of weekly content meeting and lead4ward trainings, we will ensure teachers gain pedagogy.
2. TEKS alignemnt through Eureka with a consistent use of lesson plannign and check lists from teachers and leaders for objective alignment to standards.	2. Writing opportunities through math. Writing was only used through the W (write) in RDW (Read, Draw, Write). In order to create well rounded students, math needs to include more writing opportunities during class.
3. Building prior knowledge to close foundational gaps and teach new concepts with the use of knowledge organizers and individual anchor charts to access processess and vocabulary.	3. Limited focus on basic math fluency of addition and multiplication. Fluency journals are used to create multiplication and addition fact fluency and memory which was not consistent throughout all 1st - 5th grade students. There was no system for individual student tracking or progress benchmarks.

Reflections	
Areas of Strength	**Areas of Need**
1. Exposure to a varitey of genres in classroom instruction. With a montly calendar to a use a variety of genres to teach TEKS skills in combination with Wit and Wisdom. Students used specific set genre thinking jobs or question to analyze a text.	1. Limited writing opportunities in reading for students to show their thinking and analysis of a text. Due to instructional practice and assessments being more than 90% of the time multiple choice, this was the only form that teachers and administrators planned to assess student learning.

2. Student expectations for annotations with teacher feedback. Every 2nd-5th Reading teacher aligned their annotation expectations to build rigor as students moved in grade. Annotations were used with every passage or assignment, teachers used an active monitoring tool to provide feedback to students.	2. Lack of background content knowledge impacted student comprehension of texts. Instructional team provided vertical alignemnt, but missed opportunities for cross-content connections to build content knowledge for teachers and to apply in instruction.
3. Use of real world connections with the consistent use of artifacts,home projects, and visuals. Teachers also used the annotations for students to find a personal connection with the text..	level. Due to distance learning and covid impacting, student access to fluency practice with accuracy. This led to students being more than a year behind in reading fluency, making the gap in reading more difficult to close as students moved up in grade levels.

Reflections	
Areas of Strength	**Areas of Need**
1.Through the use of the frayer model and anchor charts students learned a variety of academic vocabulary words in science.	1. Inconsistent use of writing to justify and explain student thinking in the content. There is a lack of knowledge in instructional team in how to use science journals to have students write through science to show their thinking.
2. In every grade level teachers implemented science labs every week to provide hands on opporutunities for students. This led to a higher understanding of how science is appied in real life.	2. Vertical alignment in scaffolding the content to build on mastery from year to year. Due to teachers needing training on how the content differs and connects as students move from grade level to grade level.

Reflections	
Areas of Strength	**Areas of Need**
1. Teachers created more opportunities for guided writing through interactive journals. Lower elementary students were able to copy sentences while upper elementary were able to write from phrase banks.	1. Students in 1st - 5th need more opportunities to independently write gramatically correct paragraphs with content relevant topics
2. Word walls and vocabulary lists were a big focus to provide students with prior knowledge to new concepts. There was a big focus in building academic vocabulary.	2. As humanities is a new subject, there is a need for vertical alignement of interactive journals use, word walls, writing expectations, and social studies concepts.
3. Our social studies curriculum is embedded through fiction and non fiction story books. Social studies leaning is built thorugh outloud reading as a whole class.	3. A lesson planning focus for teachers to provide students with opportunities for more discussions and content conversations.

ACADEMY

TELPAS Composite Rating (Listening, Speaking, Reading, Writing)

	Listening	Speaking	Reading	Writing	% of ELL Students who grew one or more levels
% Beginning	149	174	186	185	Composite: 43%
% Intermediate	73	141	138	157	
% Advanced	146	156	96	105	
% Advanced High	131	28	79	52	

Reflections	
Areas of Strength	**Areas of Need**
1. Active monitoring tool with TELPAS ratings.	1. Students need to speak and write using a variety of grammatical structures, sentence lengths, sentence types, and connecting words with increasing accuracy and ease as more English is acquired.
2. Student use of academic vocabulary when responding in complete sentences during instruction.	2. Wiriting across content areas and use of rubrics to teach students to self assess.
3. TELPAS testing plan and testing enviornment for both writing and online test.	Our area of need in TELPAS is that less than 50% of EL moved up a composite level in TELPAS. Teachers need to be trained in the pedagogy of the English language learners and the different proficiency levels to understand students' needs better and differentiate lesson delivery.

Reflection	
Areas of Strength	Areas of Need
1. Interview process streamlined with clear non-negotiables The candidate selection for interviews goes through a checklist of non-negotaiobles.	1. Our area of need is retaining the teacher leaders we cultivate in our campus. This is caused by our high teacher and Administration team retention, there is a lack of promotion/leadership opportunities for co-teachers and teachers;pushing them to seek opportunities
2. All new teachers are welcomed with a strong onboarding plan led by instructional coaches. Onboarding plans are differentiated based on content, need, and experience.	Teachers feel overwhelmed as they try to balance teaching responsibilities, coaching development, and it impacts work-life balance. IDEA instructional culture is designed with a weekly coaching cycle that is highly focused on feedback and next steps with a quick turn around, with staff shortage and absences teachers may carry multiple duties out of their realm of responsibilities.

Data Source: School Culture and Climate	
Reflections	
Areas of Strength	**Areas of Need**
1. Teacher led celebrations for students.	We have historically met our 97.5% ADA this past two years we failed to meet it. We ended the year at an ADA of 92% the lowest we have ever been. There is a need to increase Average Daily Attendance (ADA) in PK-5th grade because we saw a declined since 2019-2020 when we were faced with COVID.

2. Visual trackers for students to motivate students.	2. There is a need to improve our student persistence for both new and returning students because for the first time we came close to not meeting our 90% goal. Our new student onboarding proved to have gaps in communication, family engagement, and investment. Also, our returning students and families missed our community involvement during and after school.
3. Strong student-teacher relationships forstered by one-on-one conferencing and immediate student feedback.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Demographics

Demographics Summary

IDEA Frontier College Preparatory is the second established college preparatory school in the IDEA Public Schools district. Establishing a foundation of 100% graduation rate since 2011, we have also matriculated 100% of our graduating class to the college of their choice. IDEA Frontier College Preparatory is located in the southernmost tip of Texas, where we pride ourselves in our rich Hispanic, mostly Mexican, culture that focuses on our old traditions borrowed from our friends just a few miles south. At IDEA Frontier College Prep, 97% of our students are considered Hispanic, with 98% of our students categorized as minorities. That said, our campus graduates 100% of our students, with approximately 85-90% our of graduating classes being the first of their family to matriculating into college. Similarly, 97% of our staff is considered of Hispanic origin, and we pride ourselves in our proficiency in being multilingual. Most of our students and staff Self-study questionnaire: Diploma Programme 10 speak both English and Spanish proficiently, with some of our staff speaking a third language

Our Alpha IB class graduated in 2018, and we have successfully continued our mission of “College For All.” Every student that steps foot in our campus is offered a free education, regardless of their academic, socio-economic background, and this extends directly to our Diploma Programme. At IDEA Frontier College Preparatory, we offer our Diploma Programme free of charge to all of our grade 11 and grade 12 students because we know that when students are served a highly rigorous education under a world-class curriculum, our scholars are able to excel and achieve the ambitious goals they and their families set for themselves. We are also the only Diploma Programme in our school district to offer DP Film. This is why IDEA Frontier College Preparatory has gained recognition from the US News and World Report as one of the best high schools in the nation. IDEA Frontier College Preparatory is a public charter school that ensures equal access for all student applicants. Any student, regardless of location, academic standing, income, or learning ability has an equal opportunity to be accepted into IDEA Frontier College Preparatory, given an application. All of our students in grade 11 and grade 12 take at least two DP subject courses. Aside from our college preparatory course, Road To and Through College (RTTC); Research and Technical Writing (a course that focuses on EE/CAS success); and Academic Block (study hall), all students are considered at least Course Scholars. This is why we promote our campus as an IB-for-ALL campus.

Our staff embody the traits of international-mindedness. Our current staff have taught and experienced the diverse cultural backgrounds of the Americas, Europe, and Asia and consistently share their experiences with our scholars. At IDEA Frontier College Preparatory, we know that the number one factor to over come poverty in our city is through education. We want to ensure that our commitment to higher education is showcased so that all students and families can benefit from this vision.

Demographics Strengths

IDEA Frontier College Preparatory is the second established college preparatory school in the IDEA Public Schools district. Establishing a foundation of 100% graduation rate since 2011, we have also matriculated 100% of our graduating class to the college of their choice. Our Alpha IB class graduated in 2018, and we have successfully continued our mission of “College For All.”
Every student that steps foot in our campus is offered a free education, regardless of their academic, socio-economic background, and this extends directly to our Diploma Programme.
At IDEA Frontier College Preparatory, we offer our Diploma Programme free of charge to all of our grade 11 and grade 12 students because we know that when students are served a highly rigorous education under a world-class curriculum, our scholars are able to excel and achieve the ambitious

goals they and their families set for themselves. We are also the only Diploma Programme in our school district to offer DP Film.
This is why IDEA Frontier College Preparatory has gained recognition from the US News and World Report as one of the best high schools in the nation. We are ranked as the #1 school in IDEA Public Schools High Schools, #1 in the Brownsville, Texas Metro Area High Schools, #8 in Texas High Schools, #14 in Charter High Schools, and #68 in the National Rankings.
Our Diploma Programme staff embody the traits of international-mindedness. Our current staff have taught and experienced the diverse cultural backgrounds of the Americas, Europe, and Asia and consistently share their experiences with our scholars.
At IDEA Frontier College Preparatory, we know that the number one factor to over come poverty in our city is through education. We want to ensure that our commitment to higher education is showcased so that all students and families can benefit from this vision. This is the reason why IDEA Public Schools continues to grow, year after year. By the year 2023, IDEA Public Schools plans to grow into 13 regions across the United States serving a total of 194 schools. Since our authorization, we have expanded into 9 of those 13 new regions.
Three additional schools in our school district have gained authorization for their Diploma Programmes since our own authorization, and we all come together at least four times a school year, and monthly between Subject Groups, to collaborate to ensure equity within our programmes.
Recently, IDEA Public Schools in Brownsville, Texas have received a grant to upgrade the style and functionality of our science labs. We are fortunate enough to upgrade both of our Biology labs to match the style of teaching we promote

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to strengthen campus culture and increase student persistence. **Root Cause:** The focus on high rigor and expectations minimizes opportunities for students to join clubs, athletics and other extra activities that allows for a well rounded high school experience.

Problem Statement 2: There is a large number of English Language Learners who are not exiting the bilingual program. **Root Cause:** Lack of training to supplement instruction for English learners.

Problem Statement 3: There is a lack of parental involvement in campus-led workshops and conferences with teachers. **Root Cause:** We have not communicated effectively with parents to determine family needs.

Problem Statement 4 (Prioritized): There is a need to provide opportunities for all of our students to pass at minimum 1 AP or IB exam. **Root Cause:** The students who struggle academically are lacking additional supplemental support to be successful in AP/IB exams.

Student Learning

Student Learning Summary

See Plan Addendum

Student Learning Strengths

IDEA Frontier College Preparatory has gained recognition from the US News and World
Report as one of the best high schools in the nation. We are ranked as the #1 school in IDEA Public
Schools High Schools, #1 in the Brownsville, Texas Metro Area High Schools, #8 in Texas High
Schools, #14 in Charter High Schools, and #68 in the National Rankings.
Our Diploma Programme staff embody the traits of international-mindedness. IDEA Frontier has achieved A Campus rating based on TEA State Accountability and has earned all 7 distinctions. As part of Domain 3 in TEA Accountability metric Frontier College Prep received all required criteria for TELPAS.

IDEA Frontier has succesfully enrolled students in AP / IB coursework and has maintained 100% CCMR points for graduating classes.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a need to focus on improving employee's overall well-being as it relates to physical, emotional, and financial health. **Root Cause:** Our most recent data shows most staff members seeking counseling through our employer-paid mental/behavioral health benefits are related to stress, culture adjustment, grief/loss, and depression.

Problem Statement 2 (Prioritized): Staff retention continues to be a pressing concern and has decreased approximately 8% from the previous years, as well as drop in our employee engagement survey conducted by Great Place to Work. **Root Cause:** IDEA Frontier teachers lack skills to prioritize work life balance.

Problem Statement 3 (Prioritized): Our average ACT score stands at an 20.55, .45 points below the standard college readiness benchmark of 21. FCP has a large number of students below 21 individual scores. ACT scores limits access to top tier colleges with higher graduation rates, but it can impact the ability of our graduates to take on college level work and persist in college. **Root Cause:** We must acquire time to utilize software platform for students to prepare for the ACT test while we do the long-term work of embedding ACT into lesson plans for core classes.

Problem Statement 4 (Prioritized): There is a need to strengthen campus culture and increase student persistence. **Root Cause:** The focus on high rigor and expectations minimizes opportunities for students to join clubs, athletics and other extra activities that allows for a well rounded high school experience.

Problem Statement 5 (Prioritized): There is a need to provide opportunities for all of our students to pass at minimum 1 AP or IB exam. **Root Cause:** The students who struggle academically are lacking additional supplemental support to be successful in AP/IB exams.

School Processes & Programs

School Processes & Programs Summary

See Plan Addendum

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA Fontier provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 11 graduating classes IDEA Frontier has ensured 100% of seniors have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, IDEA Frontier was ranked in the top 10 Most Challenging Schools in the Nation and ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA Frontier met growth target for EL student performance on TELPAS in 2022 with 36% of ELs meeting that target.
- IDEA Frontier provided targeted research based instruction to students who have a 2.0 year gap in Reading with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI).

SEL/ Mental Health and Family Engagement

- IDEA Frontier has kept on staff a licensed Social Workers for the past 4 years

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 2 (Prioritized): Our average ACT score stands at an 20.55, .45 points below the standard college readiness benchmark of 21. FCP has a large number of students

below 21 individual scores. ACT scores limits access to top tier colleges with higher graduation rates, but it can impact the ability of our graduates to take on college level work and persist in college. **Root Cause:** We must acquire time to utilize software platform for students to prepare for the ACT test while we do the long-term work of embedding ACT into lesson plans for core classes.

Problem Statement 3 (Prioritized): There is a need to provide opportunities for all of our students to pass at minimum 1 AP or IB exam. **Root Cause:** The students who struggle academically are lacking additional supplemental support to be successful in AP/IB exams.

Perceptions

Perceptions Summary

See Plan Addendum

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Since the pandemic, chronic absenteeism has risen, reflecting a substantial loss of learning due to students not regularly receiving instruction and exacerbating long term risks to social and academic achievement. **Root Cause:** residual challenges with the COVID-19 pandemic including teacher absences, student quarantines, health concerns, and virtual fatigue has has suppressed intervention efforts to improve services and investment for regular attendance.

Problem Statement 2 (Prioritized): There is a need to focus on improving students' overall well-being as it relates to physical and emotional health. **Root Cause:** Our most recent data shows a high number of students seeking mental health counseling on campus to cope with related to stress, grief/loss, and depression.

Problem Statement 3: Our family engagement and participating has not been effective and lacking participation. **Root Cause:** The lack of parent input for appropriate support and prioritizing time and workshops based on family need is necessary.

Problem Statement 4 (Prioritized): There is a need to strengthen campus culture and increase student persistence. **Root Cause:** The focus on high rigor and expectations minimizes opportunities for students to join clubs, athletics and other extra activities that allows for a well rounded high school experience.

Priority Problem Statements

Problem Statement 1: There is a need to focus on improving employee's overall well-being as it relates to physical, emotional, and financial health.

Root Cause 1: Our most recent data shows most staff members seeking counseling through our employer-paid mental/behavioral health benefits are related to stress, culture adjustment, grief/loss, and depression.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Our average ACT score stands at an 20.55, .45 points below the standard college readiness benchmark of 21. FCP has a large number of students below 21 individual scores. ACT scores limits access to top tier colleges with higher graduation rates, but it can impact the ability of our graduates to take on college level work and persist in college.

Root Cause 2: We must acquire time to utilize software platform for students to prepare for the ACT test while we do the long-term work of embedding ACT into lesson plans for core classes.

Problem Statement 2 Areas: Student Learning - School Processes & Programs

Problem Statement 3: Staff retention continues to be a pressing concern and has decreased approximately 8% from the previous years, as well as drop in our employee engagement survey conducted by Great Place to Work.

Root Cause 3: IDEA Frontier teachers lack skills to prioritize work life balance.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Since the pandemic, chronic absenteeism has risen, reflecting a substantial loss of learning due to students not regularly receiving instruction and exacerbating long term risks to social and academic achievement.

Root Cause 4: residual challenges with the COVID-19 pandemic including teacher absences, student quarantines, health concerns, and virtual fatigue has has suppressed intervention efforts to improve services and investment for regular attendance.

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 4: There is a need to provide opportunities for all of our students to pass at minimum 1 AP or IB exam. **Root Cause**: The students who struggle academically are lacking additional supplemental support to be successful in AP/IB exams.
Student Learning
Problem Statement 2: Staff retention continues to be a pressing concern and has decreased approximately 8% from the previous years, as well as drop in our employee engagement survey conducted by Great Place to Work. **Root Cause**: IDEA Frontier teachers lack skills to prioritize work life balance.
Problem Statement 5: There is a need to provide opportunities for all of our students to pass at minimum 1 AP or IB exam. **Root Cause**: The students who struggle academically are lacking additional supplemental support to be successful in AP/IB exams.
School Processes & Programs
Problem Statement 3: There is a need to provide opportunities for all of our students to pass at minimum 1 AP or IB exam. **Root Cause**: The students who struggle academically are lacking additional supplemental support to be successful in AP/IB exams.

Goal 2: All IDEA students matriculate to college

Performance Objective 1: 100% of students will matriculate to a college or university. (Military, Religious or Medical Exemptions allowed) by the end of senior year as measured by college acceptances.

High Priority

HB3 Goal

Evaluation Data Sources: Naviance, College Applications

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: College Application Workshops: Collaboration with core teachers to provide small group intervention in ACT Workshops. **Strategy's Expected Result/Impact:** 100% of students will matriculate to a college or university. **Staff Responsible for Monitoring:** Principal, Director of College Counseling, College Counselors, RTTC Teacher **Title I:** 2.4, 2.5 **- TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 3 - School Processes & Programs 2 **Funding Sources:** Director of College Counseling - Federal Grant, ACT Interventionist - State Grant

IDEA Public Schools

Hardy Academy

2022-2023 Campus Improvement Plan

Accountability Rating: C

Distinction Designations:
Academic Achievement in English Language Arts/Reading

Board Approval Date: October 21, 2022
Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

School Processes & Programs

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There is a gap in developing professional development that is tied to address the root causes of low performance **Root Cause:** There is not a clear scope and sequence on how to support teachers and leaders that is tied to low performance.

Problem Statement 2 (Prioritized): There is a gap in leaders developing their core calendars that is aligned to student performance and being strategic on how to respond to the data **Root Cause:** Core calendars have not been developed strategically that is aligned the student gaps: academic achievement and culture.

Priority Problem Statements

Problem Statement 1: Student persistence is low

Root Cause 1: There has been not been clear communication around school culture, including student persistence and a joyful culture. We have many students that have moved to different campus of choice as it is a convenience and closer to their place of residence. There is a breakdown in communication due to the follow up from the campus.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Average daily attendance was low.

Root Cause 2: There has been a lack in parent communication and creating a joyful atmosphere for all students. Parents have indicated that there is not enough options when it comes to electives for students.

Problem Statement 2 Areas: Demographics

Problem Statement 3: There is a high staff turnover rate and greater places to work data is low.

Root Cause 3: Use regular temperature checks and surveys for staff in order to analyze the data and respond to it.

Problem Statement 3 Areas: Perceptions

Problem Statement 4: There is low parent engagement with the campus.

Root Cause 4: Leverage the school counselor to develop events (calendar) that support the community (parents and students)

Problem Statement 4 Areas: Perceptions

Problem Statement 5: There is a gap in developing professional development that is tied to address the root causes of low performance

Root Cause 5: There is not a clear scope and sequence on how to support teachers and leaders that is tied to low performance.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: There is a gap in leaders developing their core calendars that is aligned to student performance and being strategic on how to respond to the data

Root Cause 6: Core calendars have not been developed strategically that is aligned the student gaps: academic achievement and culture.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: There is a gap when it comes to unpacking the key points of an objective.

Root Cause 7: There is a lack of clarity in the know and show charts and how to align lessons to the objective.

Problem Statement 7 Areas: Student Learning

Problem Statement 8: There is a gap of tracking student data and responding to student data immediately.

Root Cause 8: We will create trackers to track student data and respond to the data by forming a re-teaching plan to respond to the data.

Problem Statement 8 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local benchmark or common assessments data
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Section 504 data
- Homeless data
- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Violence and/or violence prevention records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices
- Action research results
- Other additional data

Goals

Goal 1: Increase staff retention

Performance Objective 1: Increase and maintain 85% of Staff Retention

High Priority

Evaluation Data Sources: Employment retention data, GPTW surveys, Exit surveys

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Celebrating teachers publicly for meeting instructional/CMC expectations. Monthly Bulletin Board contest Provide teachers with lesson plan feedback Monthly mixers Survey teachers feedback every month on their needs				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: All IDEA students matriculate to college

Performance Objective 1: 100% of scholars are on track to pass their current grade level.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Track progress of students Communicate to parents of PTG				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: All IDEA students matriculate to college

Performance Objective 2: By the end of the 2022-23 school year, IDEA Lake HArdy Academy will receive an A-rating from TEA in Domains I and III by scholars achieving the Approaches/Meets/Masters goals for our campus as well as 60% of SpEd scholars earn Approaches, including but not limited to scholars that qualify for HB4545 in math and reading.

Evaluation Data Sources: ALC meeting
Small group intervention
Track number of Masters scholars
Scripted higher-order thinking questions in lesson plans
Strategic grouping of students based on full-scale assessments

Goal 3: IDEA achieves an A rating

Performance Objective 1: Campus will earn an overall rating A by achieving 90% for Domain 3

High Priority

Evaluation Data Sources: TEA accountability reports

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Track progress towards goals Provide real time feedback and coaching to teachers. Have SWAMS				

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase student daily attendance

Performance Objective 1: Increase ADA of 97% by end of school year

High Priority

Evaluation Data Sources: Daily tracking of absences
ADA escalation matrix

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Have monthly incentives for students Positive Phone Call to parents				

 No Progress Accomplished Continue/Modify Discontinue

Goal 5: Increase student persistence

Performance Objective 1: 90 percent student persistence

High Priority

Evaluation Data Sources: Locus Student Persistence for Current and New IDEA Families

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Quarterly family engagement events Daily and weekly student incentives Check-ins with students of concern Weekly grade level celebrations Extra-curricular activities				

 No Progress Accomplished Continue/Modify Discontinue

Goal 5: Increase student persistence

Performance Objective 2: By the eleventh day of the 2023-24 school year, IDEA Hardy Academy will have 100% of its Staff complete BOY Crisis Management / Emergency Response Training.

Evaluation Data Sources: Roadmap training from district
Campus crisis team meeting

Goal 5: Increase student persistence

Performance Objective 3: By the end of 22-23 school year, IDEA Hardy Academy will be named America's Healthiest Schools.

Evaluation Data Sources: Fitness Gram
CNP Audits
Health Station Audits

Comprehensive Needs Assessment

Demographics

Demographics Strengths

“See PDF in Addendum for more information.”

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): We need to improve on our overall ADA to 97% or higher. **Root Cause:** We have not consistently communicated to parents the impact of lost instruction on student achievement.

Problem Statement 2 (Prioritized): We focus on ensuring that all of our 8th graders have an attendance plan to avoid any potential drop outs. **Root Cause:** We are not consistently communicating to families the consequences for excessive absences and the impact on student achievement.

Student Learning

Student Learning Strengths

“See PDF in Addendum for more information.”

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students are scoring less than 90% approaches on unit exams in reading and math. **Root Cause:** Daily tier 1 instruction is often lacking in rigor because CFUs and exit tickets are not aligned to the rigor of STAAR.

Problem Statement 2 (Prioritized): Special Education students aren't provided the ongoing supports and accommodations they need to be successful. **Root Cause:** Special Ed teachers are not providing ongoing services for students because they are being used in other capacities on campus.

School Processes & Programs

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): All Tier 2 leaders who are coaching teachers are not knowledgeable on how to develop teachers to improve learning outcomes for students. **Root Cause:** Our district has not required all leaders to become certified, which has produced a disjointed approach to leading schools without the proper knowledge and education for all students.

Problem Statement 2 (Prioritized): Less than 85% of teachers and leaders are returning each year to build instructional consistency for a high performing school to thrive. **Root Cause:** There is a lack of information during the interview process about the teacher expectations of what is required of staff to meet the goals of IDEA public schools.

Priority Problem Statements

Problem Statement 1: We focus on ensuring that all of our 8th graders have an attendance plan to avoid any potential drop outs.

Root Cause 1: We are not consistently communicating to families the consequences for excessive absences and the impact on student achievement.

Problem Statement 1 Areas: Demographics

Problem Statement 2: We need to improve on our overall ADA to 97% or higher.

Root Cause 2: We have not consistently communicated to parents the impact of lost instruction on student achievement.

Problem Statement 2 Areas: Demographics

Problem Statement 3: All Tier 2 leaders who are coaching teachers are not knowledgeable on how to develop teachers to improve learning outcomes for students.

Root Cause 3: Our district has not required all leaders to become certified, which has produced a disjointed approach to leading schools without the proper knowledge and education for all students.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Less than 85% of teachers and leaders are returning each year to build instructional consistency for a high performing school to thrive.

Root Cause 4: There is a lack of information during the interview process about the teacher expectations of what is required of staff to meet the goals of IDEA public schools.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Our family events are not engaging for families to learn how to support their children at home.

Root Cause 5: Our family events are not all -inclusive and organized with an instructional focus that provides resources

Problem Statement 5 Areas: Perceptions

Problem Statement 6: We do not host family involvement that addresses the whole child.

Root Cause 6: We have not developed a family engagement committee to plan out family events that will lead to positive student outcomes, including improved child and student achievement, decreased disciplinary issues, improved parent-teacher and teacher-student relationships, and improved school environment.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: Special Education students aren't provided the ongoing supports and accommodations they need to be successful.

Root Cause 7: Special Ed teachers are not providing ongoing services for students because they are being used in other capacities on campus.

Problem Statement 7 Areas: Student Learning

Problem Statement 8: Students are scoring less than 90% approaches on unit exams in reading and math.

Root Cause 8: Daily tier 1 instruction is often lacking in rigor because CFUs and exit tickets are not aligned to the rigor of STAAR.

Problem Statement 8 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Campus/District improvement plans (current and prior years)

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Local benchmark or common assessments data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Section 504 data
- Homeless data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Budgets/entitlements and expenditures data

Goals

Goal 1: Increase staff retention

Performance Objective 1: Increase and maintain 85% of Staff Retention.

High Priority

Evaluation Data Sources: GPTW September and GPTW January
Monthly touch points

IDEA Public Schools

Harlingen Academy

2022-2023 Campus Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Mathematics
Top 25 Percent: Comparative Closing the Gaps
Postsecondary Readiness

Board Approval Date: October 21, 2022
Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 31

Addendums 32

Comprehensive Needs Assessment

Revised/Approved: September 15, 2022

Demographics

Demographics Summary

IDEA Harlingen Academy was founed in Aug 2020 where it began to service the Harlingen community with Kinder, 1st, 2nd and 5th grade scholars. Last year 80% of our scholars were eco discadvantage. This year we are proud to say we met our enrollment goal and serve over 600 scholars in K-5th grade. We are proud to have a large community of lifeskill scholars in our RISE program.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Lack of onboarding new students (expectations, rigor in academics, etc.) **Root Cause:** 1. Enrolling students prior to the first day of school doesn't allow us to correctly onboard them to the expectations of the campus. 2. Parents are unware of the IDEA culture, expectations and form of communication so they withdraw new students within the first semester.

Problem Statement 2 (Prioritized): Not meeting enrollment prior to the FWOS to ensure all students are onboarded in the summer. **Root Cause:** 1. We did not offer K-5th grade at our campus so when we found siblings they would rather enroll else where to keep all family together. 2. No clear plan for our enrollment coordinator to ensure we hit all communities surrounding Harlingen.

Student Learning

Student Learning Summary

We achieved a rating of A by TEA meeting the ELA, Math, Post-Secondary Readiness, and comparative closing the gaps distinctions. Traditionally a stand alone 3rd grade campus doesn't achieve these ratings. Our scholars exceeded the master and meets performance bands of the state and overall the IDEA district. We averaged 90% of our kindergarten scholars to be reading at or above their grade level.

Grade/Test	Entity	Approaches	Meets	Masters
3rd Reading	IDEA District	76%	50%	28%
	Texas	77%	52%	31%
	IDEA Harlingen	84%	62%	33%
3rd Math	IDEA District	68%	38%	17%
	Texas	70%	42%	21%
	IDEA Harlingen	85%	65%	33%

Student Learning Strengths

See PDF in addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Critical/SPED scholars are not achieving approaches in STAAR **Root Cause:** 1. Finding the right accommodations for our students that are EL or SPED. 2. Ensuring that teachers and students are using the accommodations throughout the days and during STAAR testing. 3. Curriculum is to advanced for our critical scholars.

Problem Statement 2 (Prioritized): Low % of growth on TELPAS to achieve Advanced High or growth of 1 composite score. **Root Cause:** 1. Teachers are not pushing all scholars to write/speak in complete sentences in all subjects. 2. Teachers are not aware of their scholars and accomodations.

School Processes & Programs

School Processes & Programs Summary

At our campus we develop leaders by coaching them through our School Leadership Levers. By following the school leadership lever 6A: Leading other Leaders we are able to follow up and prioritize our progress towards goals, provide 2-way feedback and accoutnability. We have operating mechanisms in place to ensure we follow up daily by having huddles, tacticals, strategy meetings, and stepbacks. We support the development of teachers by observing them each week, providing feedback and assigning an action step. We track student achievement data to make daily decisions.

See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

See PDF Addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Quality of applicants for roles were not as high quality and diverse as they could be. **Root Cause:** 1. We are only receiving 3 applications per role, majority of the time they do not get hired due to poor quality of interview or execution of sample teach. 2. We are only hiring those who are referred by teachers who are already working here or substitutes from Kokua.

Problem Statement 2 (Prioritized): SPED teachers are not being retained at IDEA **Root Cause:** 1. We do not provide behavior units so we have our SPED teachers support these students daily which can get exhausting. 2. There is a large amount of students on caseloads

Perceptions

Perceptions Summary

This year we have struggled with behavior incidents and being able to receive parent support. Mid year we created an excel sheet to help track scholars who had frequent behavior incidents to activate parent meetings and collobarte to effective solution. Our first year our teacher retention was at 72% and this past year we achieved 85% teacher retention. We conduct a listening tour to be able to receive feedback from our staff in the fall and implement feedback in the spring. One of the most effective strategies that came from listening tours was that of our school committees. These committees are lead by our grade team leaders and allow teachers to voice their opinions on student, staff and parent events. In our great places to work survey we averaged a 89% on people agree that this is a great place to work.

See PDF in addendum for more information

Perceptions Strengths

See PDF in addendum for more information

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): We are not able to retain over 90% of new to IDEA families. **Root Cause:** 1. We did not have a clear onboarding plan for those families who did not attend WTI/Meet The Teacher/ etc. 2. We do not provide door drop off by our school buses.

Problem Statement 2 (Prioritized): Low participation in family engagement events. **Root Cause:** 1. Due to COVID a lot of families do not want to participate in events that we are not able to require 100% of people to wear their masks. 2. Curbside events were not consistent.

Priority Problem Statements

Problem Statement 1: Lack of onboarding new students (expectations, rigor in academics, etc.)

Root Cause 1: 1. Enrolling students prior to the first day of school doesn't allow us to correctly onboard them to the expectations of the campus. 2. Parents are unware of the IDEA culture, expectations and form of communication so they withdraw new students within the first semester.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Not meeting enrollment prior to the FWOS to ensure all students are onboarded in the summer.

Root Cause 2: 1. We did not offer K-5th grade at our campus so when we found siblings they would rather enroll else where to keep all family together. 2. No clear plan for our enrollment coordinator to ensure we hit all communities surrounding Harlingen.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Low % of growth on TELPAS to achieve Advanced High or growth of 1 composite score.

Root Cause 3: 1. Teachers are not pushing all scholars to write/speak in complete sentences in all subjects. 2. Teachers are not aware of their scholars and accomodations.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Critical/SPED scholars are not achieving approaches in STAAR

Root Cause 4: 1. Finding the right accommodations for our students that are EL or SPED. 2. Ensuring that teachers and students are using the accommodations throughout the days and during STAAR testing. 3. Curriculum is to advanced for our critical scholars.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Quality of applicants for roles were not as high quality and diverse as they could be.

Root Cause 5: 1. We are only receiving 3 applications per role, majority of the time they do not get hired due to poor quality of interview or execution of sample teach. 2. We are only hiring those who are referred by teachers who are already working here or substitutes from Kokua.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: SPED teachers are not being retained at IDEA

Root Cause 6: 1. We do not provide behavior units so we have our SPED teachers support these students daily which can get exhausting. 2. There is a large amount of students on caseloads

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: We are not able to retain over 90% of new to IDEA families.

Root Cause 7: 1. We did not have a clear onboarding plan for those families who did not attend WTI/Meet The Teacher/ etc. 2. We do not provide door drop off by our school buses.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Low participation in family engagement events.

Root Cause 8: 1. Due to COVID a lot of families do not want to participate in events that we are not able to require 100% of people to wear their masks. 2. Curbside events were not consistent.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Texas approved PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Class size averages by grade and subject

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Annual Performance Objective

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%

1B. % of graduates matriculate to a Tier I/II College or University: 25%

1C. % of Seniors accepted to a College or University: 100%

1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%

1E. Earned State Rating: A

1F. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading | Language | (Year 1 Campuses): 80% | 80% | 80%

1G. % of 2nd Students End The Year On/Above Grade Level in Reading (Year 2+ Campuses): 90%

1H. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%

1I. Average ACT score (Class of 2020, September 2019): 21

1J. % of students graduating college in 4 | 6 years: 25% | 55%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%

2B. 80% composit score on GPTW

2B. %Average Daily Attendance | # Average Daily Attendance: 97.50% | 48,817

2C. Student Persistence: 90%

2D. Operating Income: $101M

2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%

3B. Enrollment in August 2020: 64,455

3C. Schools in operation in August 2020: 125

3D. Total Funds Raised (millions): $70M

% Families Attended Curriculum Night	15%
% Families Who Attended EOY Ceremonies	53%
% Families who attended Fall Festival	0%
% Families who attended Winter Festival	0%
% Families who attended Spring Festival	0%

Reflection	
Areas of Strength	**Areas of Need**
1. We had strong attendance to Virtual WTI. I believe we communicated strongly to onboard them through this event.	1. Recruitment and onboarding occured up to the second week of school. We did not have a clear onboarding plan for those families who did not attend WTI/Meet The Teacher/ etc.
2. We decided to have in-person ceremonies for students which was a great turn out event for parents to continue to invest them in our mission.	2. No afterschool or club activities were provided for students at IDEA Harlingen Academy.
3 We scored a 4.9/5 for the survey questioned asked "My child's school is preparing my child for college."- Via Panorama	3. Not consistent with curbside festivities

IDEA Public Schools

Harlingen College Prep

2022-2023 Campus Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in Mathematics
Top 25 Percent: Comparative Academic Growth
Top 25 Percent: Comparative Closing the Gaps
Postsecondary Readiness

Board Approval Date: October 21, 2022
Public Presentation Date: September 14, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

We are a 6th-7th grade campus, serving roughly 200 students. We have students enrolled in advanced math and reading all year and humanities/science are taught for one semester each. We have 18 Special education students and 49 EL students.

Our school currently offers Decoding and Reading Success for our critical student intervention, as well as AR/Hotspot and PE as electives. Next year, we will offer CTE to our 8th graders. We also have five sports through athletics, dance and cheer through after school programs, as well as clubs like art club and GSA.

See PDF addendum for more information

Demographics Strengths

See PDF in addendum for more information

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): No differentiated PD for teachers who struggled with culture. **Root Cause:** Lack of planning in advance to have PD calendared and ready.

Problem Statement 2 (Prioritized): No plan in place in our behavior management plan for multiple level 1 and level 2 behaviors **Root Cause:** Gap in leader preparation of the document because of the assumptions that those decisions could be made without guidance.

Problem Statement 3: No full time counselor/social worker. **Root Cause:** Hiring model does not prioritize this position, and at the campus level I had the student success advisor also managing EL, which took time away from counseling students.

Student Learning

Student Learning Summary

For the 21-22 school year, we were an A rated campus, earning 4/5 distinctions. Our Domain 3 rating was a 91, with 100% of sub-pops meeting growth goals on all exams and 65% of sub-pops meeting their academic achievement targets. Our campus earned the full 10 points for TELPAS within domain three. For Domain 2, the campus earned a 92 for growth and a 90 for relative performance.

The biggest gaps in student learning were academic achievement by the following sub-populations: 6th reading- non-continuously enrolled and EL and 7th math- Hispanic, EL, and non-continously enrolled. Our special education percent passing (while this did not count as a sub-pop last year) was: 50% passing 6th grade exams and 40% passing 7th grade exams.

Last year, 100% of our students ended the year on track to graduate, due to teacher support in making up work during tutorials/Saturday schools, and during "OTG work time."

See PDF in addendum for more information.

Student Learning Strengths

See PDF in addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): EL students did not meet academic achievement benchmarks in 2/4 exams. **Root Cause:** Classroom instructional strategies do not prioritize our language learners.

Problem Statement 2 (Prioritized): Academic Achievement benchmarks were met for only 65% of sub-pops. **Root Cause:** Classroom instruction often focuses on getting 100% of students to mastery, often not pushing rigor for students who should be working towards meets/masters.

Problem Statement 3: Students struggled to perform on expository passages across all sub-pops and performance bands. **Root Cause:** District curriculum does not teach/test expository, and we did not adjust as a campus to fill the gap until later in the year.

Problem Statement 4: Our campus interviewed over 12 candidates before hiring for one math position, ultimately hiring a math teacher with gaps in content knowledge. **Root Cause:** Talent pool for math is weak.

Problem Statement 5: Our campus did not earn the ELA distinction for academic achievement. **Root Cause:** ELA instruction often lacks specific and sufficient at bats that align to STAAR assessments AND push students to explain their thinking.

School Processes & Programs

School Processes & Programs Summary

Instructional leaders on campus are developed both in house and through a district-lead training program. Here on campus, I observe and coach calendar completion and fidelity, as well as the entire coaching cycle, tactical and huddle facilitation, and professional development on our School Leadership Levers rubric. I also model each of these components for them, and rate through Teachboost on the rubric. The district also provides them with Coaching Academy sessions for targetted instruction and practices on these things and a district coach follows up in the field for new APIs.

We plan two professional development sessions a month to increase student achievement through teacher development. These sessions are then followed up with classroom observations to ensure that our instruction is making an impact in the classroom.

See PDF addendum for more information.

School Processes & Programs Strengths

See PDF attachment for more information.

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Our campus has not met the district-wide critical student intervention goal in two years. **Root Cause:** Last year, prioritized the wrong students during BOY testing, and did not prioritize the correct students when rostering classes.

Problem Statement 2 (Prioritized): New instructional leader did not have a clear scope and sequence for development based on SLLs. **Root Cause:** Principal did not create scope and sequence until later in the year, and then did not follow with fidelity.

Perceptions

Perceptions Summary

Our behavior management system is clearly documented and has restorative elements and pro-active plans to develop SEL skills in students. This includes all components of Yale's Center for Emotional Intelligence system- RULER, as well as GET 2 guiding reflection questions for teachers. If students are suspended OR have conflict with a staff member/peer, our counselor meets with them within 24 hours for mediation. We met the district goal of 85% staff retention, and also had 92% of staff agree that overall, IDEA HCP is a great place to work.

See PDF addendum for more information.

Perceptions Strengths

See PDF in addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There was a lack of SEL support time for individual student needs. **Root Cause:** SSA was also leading EL work, which took up a lot of her calendar.

Problem Statement 2: Only 3 family engagement events were held on campus last year. **Root Cause:** COVID guidelines were confusing at times, and we also had multiple teachers/staff who struggled with anxiety around large groups of people on campus (due to COVID).

Problem Statement 3 (Prioritized): SSA was unclear how much money she had to spend on events for students and families. **Root Cause:** Principal did not set a clear budget.

Problem Statement 4 (Prioritized): Family engagement at events never exceeded 70%. **Root Cause:** Creating more compelling invitations/incentives/communication around when events are.

Priority Problem Statements

Problem Statement 1: No differentiated PD for teachers who struggled with culture.
Root Cause 1: Lack of planning in advance to have PD calendared and ready.
Problem Statement 1 Areas: Demographics

Problem Statement 2: No plan in place in our behavior management plan for multiple level 1 and level 2 behaviors
Root Cause 2: Gap in leader preparation of the document because of the assumptions that those decisions could be made without guidance.
Problem Statement 2 Areas: Demographics

Problem Statement 3: EL students did not meet academic achievement benchmarks in 2/4 exams.
Root Cause 3: Classroom instructional strategies do not prioritize our language learners.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Academic Achievement benchmarks were met for only 65% of sub-pops.
Root Cause 4: Classroom instruction often focuses on getting 100% of students to mastery, often not pushing rigor for students who should be working towards meets/masters.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Our campus has not met the district-wide critical student intervention goal in two years.
Root Cause 5: Last year, prioritized the wrong students during BOY testing, and did not prioritize the correct students when rostering classes.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: New instructional leader did not have a clear scope and sequence for development based on SLLs.
Root Cause 6: Principal did not create scope and sequence until later in the year, and then did not follow with fidelity.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: There was a lack of SEL support time for individual student needs.
Root Cause 7: SSA was also leading EL work, which took up a lot of her calendar.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: SSA was unclear how much money she had to spend on events for students and families.
Root Cause 8: Principal did not set a clear budget.
Problem Statement 8 Areas: Perceptions

Problem Statement 9: Family engagement at events never exceeded 70%.

Problem Statement 9 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates

Student Data: Student Groups

- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio

Parent/Community Data

- Parent surveys and/or other feedback
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data

Goals

Goal 1: Increase staff retention

Performance Objective 1: IDEA Harlingen will maintain or increase 92% agreement on GPTW statements by EOY.

High Priority

Evaluation Data Sources: Great Places to Work Survey

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Lead team will analyze statements from GPTW and choose focus areas to improve adult culture throughout the year in alignment to these statements. **Strategy's Expected Result/Impact:** Great places to work survey will show 92% agreement or higher, and staff will stay at IDEA Harlingen because they are happy at work. **Staff Responsible for Monitoring:** Principal, APIs, SSA, APO **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Problem Statements:** Demographics 1, 2 - Perceptions 1				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Lead team will implement both in-the-moment feedback and more formal feedback from teachers throughout the year. **Strategy's Expected Result/Impact:** Teachers will feel their voice matters and improve our campus systems/culture, which will benefit student learning. **Staff Responsible for Monitoring:** Principal **Title I:** 2.6 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Problem Statements:** Student Learning 2				

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: IDEA Harlingen lead team will reflect and act on GPTW fall pulse check survey. **Strategy's Expected Result/Impact:** Results on the lowest 3-5 GPTW pulse check questions increase by 10-15% on the GPTW final survey. **Staff Responsible for Monitoring:** Principal **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1, 2				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics

Problem Statement 2: No plan in place in our behavior management plan for multiple level 1 and level 2 behaviors **Root Cause**: Gap in leader preparation of the document because of the assumptions that those decisions could be made without guidance.
Perceptions
Problem Statement 1: There was a lack of SEL support time for individual student needs. **Root Cause**: SSA was also leading EL work, which took up a lot of her calendar.

Goal 5: Increase student persistence

Performance Objective 2: API will manage OTG goal so that 96% of students are on track to graduate.

HB3 Goal

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June

Reflections	
Areas of Strength	**Areas of Need**
planning events with clear roll out- GRPI, map, invites etc.	SSA needs more time to meet with students and plan family engagement events (next year, will not be EL point
High volume of parenrts read parent weekly (gets 150+ views a week)	Clearer budget from Day 1, so SSA knows what to spend for the year
teacher training around how to interact with parents at nights like report card night	More compelling invitations for nights like report card night

IDEA Public Schools

Health Professions Academy

2022-2023 Campus Improvement Plan

Accountability Rating: B

Board Approval Date: October 21, 2022
Public Presentation Date: September 6, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

We IGNITE. We EMPOWER. We LEAD.

We IGNITE: Centaurs will be excited to learn about the community around them and be motivated to learn that they can achieve any goal with hard work, discipline and joy of learning.

We EMPOWER: Centaurs will embrace and lift up all cultures in our campus community and the healthcare community.

We LEAD: Our Centaurs are our future leaders, Health Care providers, athletes, and decision makers. Health Professions staff and teachers will instill leadership skills with love, joy and a multicultural education.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**

Goal 5: 90% Persistence 13

Comprehensive Needs Assessment

School Processes & Programs

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Consequence Ladder **Root Cause:** Not utilizing the Behavior Consequence System to fidelity

Problem Statement 2 (Prioritized): Communication between Teachers and Parents Academics and Behavior **Root Cause:** Parent Tracker and frequent parent conference nights

Priority Problem Statements

Problem Statement 1: High needs Behavior Student support

Root Cause 1: The root cause is that we are openly enrolled and in the past we have not help families and students accountable for their actions. We have not had equal consequences because we have accomodated families too much and not pulled out our handbook and IDEA handbook!

Problem Statement 1 Areas: Demographics

Problem Statement 2: No ADA Matrix

Root Cause 2: Creating and utilizing ADA Matrix

Problem Statement 2 Areas: Student Learning

Problem Statement 3: ADA Expectations to Families

Root Cause 3: Set priority meeting with frequent flyers with counselor and principal

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Communication between Teachers and Parents Academics and Behavior

Root Cause 4: Parent Tracker and frequent parent conference nights

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Day Care School

Root Cause 5: Families were abusing the old afterschool program, so we created a paid for, outside program.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Principal and Counselor Communication Matrix

Root Cause 6: Parents think we are easily accessible but setting high parent expectation to be able to use the Communication Matrix

Problem Statement 6 Areas: Perceptions

Problem Statement 7: Consequence Ladder

Root Cause 7: Not utilizing the Behavior Consequence System to fidelity

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Diversity Recognition

Root Cause 8: We will celebrate and identify all ethnicities and beliefs to make everyone feel inclusive.

Problem Statement 8 Areas: Demographics

Demographics Strengths

See PDF in Addendum for more information

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Lack of strong culture with 21-22 School year families **Root Cause:** (1) Lack of consistent and clear communication around school culture and expectations to parents and students during the entire onboarding process (Welcome to IDEA)

Problem Statement 2 (Prioritized): Unclear expectations with families surrounding ADA **Root Cause:** (1) Lack of accountability and clear expectations for families around attendance and clear follow up/ownership within family partnership

Problem Statement 3: Minimal field trips and college visits **Root Cause:** Unclear planning expectations and preparation

Student Learning

Student Learning Summary

At Health Professions College prep students continuously show academic growth year by year in ELA, Science, Math, and Humanities. Our achievement score in ELA was one of the highest throughout the school due to intentional instruction, teacher development, and continuous coaching throughout the school year.

"See PDF in Addendum for more information."

Student Learning Strengths

"See PDF in Addendum for more information."

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): SPED students did not show enough growth based on STAAR testing. **Root Cause:** 1. SPED teacher retention 2. Intentional small group support 3. SPED teacher coaching

Problem Statement 2 (Prioritized): A significant percentage of teacher turnover this school year. **Root Cause:** 1. Clear school systems & accountability for teachers/leaders 2. Clear follow up with families

School Processes & Programs

School Processes & Programs Summary

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): The school had 50% staff retention in the 21-22 school year **Root Cause:** 1. Lack of creating strong accountability systems for students, families, and staff. 2. Lack of strong relationships within the school.

Problem Statement 2 (Prioritized): Low family engagement within our school community. **Root Cause:** 1. Unclear school-wide community vision 2. Lack of strategic community building systems

Perceptions

Perceptions Summary

This year at Health Professions College Prep we have put a lot of thought and energy into restorative practice when it comes to behavior intervention. By leveraging restorative practice we create a sense of belonging and ownership of relationships with students and staff. With staff turnover being mostly due to student behaviors we are pushing strong accountability and expectations this school year to prevent teacher burnout.

See PDF in Addendum for more information.

Perceptions Strengths

See PDF in Addendum for more information

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Unclear parent communication process **Root Cause:** 1. System for updating parent contact information 2. Lack of consistent communication

Problem Statement 2 (Prioritized): Low turn out for community events **Root Cause:** 1. Lack of system for event planning expectations 2. Unclear system for ownership

Priority Problem Statements

Problem Statement 1: Lack of strong culture with 21-22 School year families

Root Cause 1: (1) Lack of consistent and clear communication around school culture and expectations to parents and students during the entire onboarding process (Welcome to IDEA)

Problem Statement 1 Areas: Demographics

Problem Statement 2: Unclear expectations with families surrounding ADA

Root Cause 2: (1) Lack of accountability and clear expectations for families around attendance and clear follow up/ownership within family partnership

Problem Statement 2 Areas: Demographics

Problem Statement 3: SPED students did not show enough growth based on STAAR testing.

Root Cause 3: 1. SPED teacher retention 2. Intentional small group support 3. SPED teacher coaching

Problem Statement 3 Areas: Student Learning

Problem Statement 4: A significant percentage of teacher turnover this school year.

Root Cause 4: 1. Clear school systems & accountability for teachers/leaders 2. Clear follow up with families

Problem Statement 4 Areas: Student Learning

Problem Statement 5: The school had 50% staff retention in the 21-22 school year

Root Cause 5: 1. Lack of creating strong accountability systems for students, families, and staff. 2. Lack of strong relationships within the school.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Low family engagement within our school community.

Root Cause 6: 1. Unclear school-wide community vision 2. Lack of strategic community building systems

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Unclear parent communication process

Root Cause 7: 1. System for updating parent contact information 2. Lack of consistent communication

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Low turn out for community events

Root Cause 8: 1. Lack of system for event planning expectations 2. Unclear system for ownership

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant information
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Observation Survey results
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity, gender, etc.
- Section 504 data

- Homeless data
- Dyslexia data
- Response to Intervention (RtI) student achievement data
- STEM and/or STEAM data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices

IDEA Public Schools

Hidden Meadow Academy

2022-2023 Campus Improvement Plan

Accountability Rating: Not Rated

Board Approval Date: October 21, 2022
Public Presentation Date: September 9, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 9, 2022

Demographics

Demographics Summary

We are an open enrollment charter school serving grades Kinder through 3rd grade on the North West side of San Antonio. We have 466 scholars enrolled. Our primary demographic is White-Hispanic, making up 72.98% of our population. 66.86% of our demographic is economically disadvantaged. 9.47% are English Learners and 6.31% are special education. We serve our demographics with 1 lead principal, 3 assistant principals, and 1 school counselor.

Demographics Strengths

See PDF in addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Average daily attendance was 6.51% below our district goal. **Root Cause:** We did not start a parent accountability track (ADA Escalation Matrix) until October.

Problem Statement 2 (Prioritized): We were 15.11% below our district goal for student persistence. **Root Cause:** We did not put operating mechanisms that would support persistence until March.

Student Learning

Student Learning Summary

This is the first year we have a third grade class. We do not have historical STAAR results. Based off of first 3 weeks observations our scholars are not at a place to complete work at the rigor of 3rd grade STAAR. Root cause could be teachers have not been trained in embedding rigor strategies into their lessons so the work they were doing was foundational level. See PDF in the Addendum for more information

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: EOM assessments scored higher than EOY exam. **Root Cause:** Scoring for EOM assessments were completed by the main math teacher. Scoring for EOY assessment was completed by a different teacher. This shows evidence of grading discrepancy. We should have teachers switch off of grading from the beginning and also led scoring norming huddles.

Problem Statement 2 (Prioritized): 94% of scholars reached grade level, but our DI program lacked rigor for writing and comprehension. **Root Cause:** DI program should go hand in hand with Wit and Wisdom. Primary grades taught it inconsistently or not at all.

Problem Statement 3 (Prioritized): School lacks vertical alignment across contents. **Root Cause:** Last year the school did not have operating mechanisms for the APIs to plan content together and align the material strategically.

School Processes & Programs

School Processes & Programs Summary

During the first week of back to school for adults, the leaders spend 1 week in professional development. The sessions cover: roles and responsibilities, building a core calendar, developing emotional intelligence, coaching cycle for adults, resetting culture, etc. Their coaching continues throughout the school year with 1 hour of PD each week for leaders. This leader PD covers topics such as: coaching cycle, mid year and end of year formative assessments, updating calendars based on data, creating operating mechanisms, holding parent conferences etc. Each week the lead team also takes part in culture rounds and instructional rounds. These rounds inform our Tuesday PD and our morning rehearsals for every teacher.

See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

See PDF in Addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): We were 3% below the goal for lead teacher retention and 6% below for co teacher retention. **Root Cause:** A principal change occurred mid year and implemented structural and organizational changes. The principal did not build background knowledge and gain investment around the changes.

Problem Statement 2 (Prioritized): We did not have clear data tracking systems for reading and math grades PK-2. **Root Cause:** The mid year principal change focused on systems and culture for the overall school.

Perceptions

Perceptions Summary

This past year we retained 82% of our lead teachers and 79% of our instructional support staff. To support teachers through conflicts we used the crucial conversations method and worked to address and resolve issues right away. We also issued Great Places to Work Survey data in December and analyzed the data in January. From there we made structural changes to improve our areas of growth. This year we will continue to use the crucial conversation model, embed more teacher celebrations, and host monthly events or treats for teachers.

This coming year we want to improve our family connections. Therefore, we have scheduled a monthly family project, persistence event, and academic touchpoint each month. We want to build traditions amongst scholars and their families so they are involved in the joy factor and the academic side.

See PDF in Addendum for more information

Perceptions Strengths

See PDF in Addendum for more information

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Families did not have opportunities to be involved in school events. **Root Cause:** The school had only 2 events in persons and did not add more due to lack of planning time, new principal and school counselor change who are the main drivers of family events.

Problem Statement 2 (Prioritized): New to IDEA families did not get to hear different perspectives and school wide expectations from different staff members at WTI. **Root Cause:** Staff members found it hard to participate in events that were after school due to late notice and extra time away from home.

Priority Problem Statements

Problem Statement 1: We were 15.11% below our district goal for student persistence.

Root Cause 1: We did not put operating mechanisms that would support persistence until March.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Average daily attendance was 6.51% below our district goal.

Root Cause 2: We did not start a parent accountability track (ADA Escalation Matrix) until October.

Problem Statement 2 Areas: Demographics

Problem Statement 3: We were 3% below the goal for lead teacher retention and 6% below for co teacher retention.

Root Cause 3: A principal change occurred mid year and implemented structural and organizational changes. The principal did not build background knowledge and gain investment around the changes.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: We did not have clear data tracking systems for reading and math grades PK-2.

Root Cause 4: The mid year principal change focused on systems and culture for the overall school.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Families did not have opportunities to be involved in school events.

Root Cause 5: The school had only 2 events in persons and did not add more due to lack of planning time, new principal and school counselor change who are the main drivers of family events.

Problem Statement 5 Areas: Perceptions

Problem Statement 6: New to IDEA families did not get to hear different perspectives and school wide expectations from different staff members at WTI.

Root Cause 6: Staff members found it hard to participate in events that were after school due to late notice and extra time away from home.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: 94% of scholars reached grade level, but our DI program lacked rigor for writing and comprehension.

Root Cause 7: DI program should go hand in hand with Wit and Wisdom. Primary grades taught it inconsistently or not at all.

Problem Statement 7 Areas: Student Learning

Problem Statement 8: School lacks vertical alignment across contents.

Root Cause 8: Last year the school did not have operating mechanisms for the APIs to plan content together and align the material strategically.

Problem Statement 8 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Federal Report Card and accountability data

Student Data: Assessments

- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local benchmark or common assessments data
- Observation Survey results
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Attendance data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Campus leadership data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation

Goals

Revised/Approved: September 9, 2022

Goal 1: Increase staff retention

Performance Objective 1: By May 2023, 85% of teachers will report that they are retuning the following year, increasing staff retention by 3% from the previous year.

High Priority

Evaluation Data Sources: Staff Retention Rate

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Tight loop coaching and clear action steps to drive immediate growth. **Strategy's Expected Result/Impact:** Teachers feel successful in their roles. **Staff Responsible for Monitoring:** Principal and assistant principals **Title I:** 2.5 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction **Problem Statements:** School Processes & Programs 1				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Utilizing reminders via Outlook Calendar to communicate deadlines and drive follow ups by leadership **Strategy's Expected Result/Impact:** Provide clear communication and expectations with teachers **Staff Responsible for Monitoring:** Principal, assistant principals, admin assistant				

Title I:
2.5
- TEA Priorities:
Recruit, support, retain teachers and principals
- ESF Levers:
Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture

	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Coach teachers on how to review DI data to conduct a cause-solution for the next day if data is below 90% mastery **Strategy's Expected Result/Impact:** Provide data driven instruction **Staff Responsible for Monitoring:** assistant principal, principal **Title I:** 2.6 **- TEA Priorities:** Recruit, support, retain teachers and principals, Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** School Processes & Programs 2				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

School Processes & Programs

Problem Statement 2: We did not have clear data tracking systems for reading and math grades PK-2. **Root Cause**: The mid year principal change focused on systems and culture for the overall school.

Goal 3: IDEA achieves an A rating

Performance Objective 3: By June 2023, 90% of our scholars in Kinder through 2nd grade will be reading on grade level.

High Priority

HB3 Goal

Evaluation Data Sources: Final DI data report

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Conduct weekly instructional rounds (principals, APIs, and DI program manager) with DI data in hand. **Strategy's Expected Result/Impact:** increase lesson progress and increase lesson mastery to hit benchmark goals **Staff Responsible for Monitoring:** principal, APIs, DI program manager **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 2				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 3 Problem Statements:

Student Learning
Problem Statement 2: 94% of scholars reached grade level, but our DI program lacked rigor for writing and comprehension. **Root Cause**: DI program should go hand in hand with Wit and Wisdom. Primary grades taught it inconsistently or not at all.

Goal 4: Increase student daily attendance

Performance Objective 1: By May 2023, our YTD ADA will be 97%, increasing our ADA from previous year by 7%.

High Priority

Evaluation Data Sources: EOY ADA report

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Post homeroom ADA in their classrooms and reference **Strategy's Expected Result/Impact:** Build peer to peer accountability for ADA **Staff Responsible for Monitoring:** Assistant principals and teachers **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 3: Positive School Culture, Lever 5: Effective Instruction **Problem Statements:** Demographics 1				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Reduced thresholds for ADA Escalation Matrix to reach priority status earlier in process **Strategy's Expected Result/Impact:** Intervene with families sooner rather than later when absences have accumulated **Staff Responsible for Monitoring:** Assistant principal of operations, homeroom teachers, grade team leaders, principal, assistant principals, SIS **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction **Problem Statements:** Demographics 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics

Problem Statement 1: Average daily attendance was 6.51% below our district goal. **Root Cause**: We did not start a parent accountability track (ADA Escalation Matrix) until October.

Goal 5: Increase student persistence

Performance Objective 1: By August 2023, 90% of our scholars will return for the following year, increasing our persistence by 15%.

High Priority

Evaluation Data Sources: Persistence data

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide culture one pager, communication flowchart, scholar information sheet, meet the teacher flyer, and ensure they're set up on REMIND for every NTI family member during onboarding **Strategy's Expected Result/Impact:** Family has school culture awareness **Staff Responsible for Monitoring:** school counselor, teachers, principal **Title I:** 4.2 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction **Problem Statements:** Demographics 2				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 2: We were 15.11% below our district goal for student persistence. **Root Cause**: We did not put operating mechanisms that would support persistence until March.

Goal 5: Increase student persistence

Performance Objective 2: By April 2023, we will have 2 representatives from each grade level present to NTI families at WTI about the IDEA experience and campus wide expectations.

Evaluation Data Sources: WTI attendance roster, WTI staff roster

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Have every teacher sign up for at least 1 WTI event by December and provide dates for timely family planning **Strategy's Expected Result/Impact:** More staff to speak to our families **Staff Responsible for Monitoring:** assistant principal of operations, principal, grade team leaders **Title I:** 4.1 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Problem Statements:** Demographics 1, 2 - Perceptions 1, 2				

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: Average daily attendance was 6.51% below our district goal. **Root Cause**: We did not start a parent accountability track (ADA Escalation Matrix) until October.
Problem Statement 2: We were 15.11% below our district goal for student persistence. **Root Cause**: We did not put operating mechanisms that would support persistence until March.

Perceptions
Problem Statement 1: Families did not have opportunities to be involved in school events. **Root Cause**: The school had only 2 events in persons and did not add more due to lack of planning time, new principal and school counselor change who are the main drivers of family events.
Problem Statement 2: New to IDEA families did not get to hear different perspectives and school wide expectations from different staff members at WTI. **Root Cause**: Staff members found it hard to participate in events that were after school due to late notice and extra time away from home.

Goal 5: Increase student persistence

Performance Objective 3: By December 2022, 100% of classroom from K-3 will have received 1-2 lessons from the school counselor that address ways to prevent, respond, and report bullying.

Evaluation Data Sources: Calendar Dates of Completion

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: School counselor will schedule out bullying lessons for each grade level by October and personally deliver the lessons. **Strategy's Expected Result/Impact:** Build awareness around harmful effects of bullying and how to handle these situations **Staff Responsible for Monitoring:** classroom teachers, school counselor, principal **Title I:** 2.5 **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction **Problem Statements:** Demographics 2				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 3 Problem Statements:

Demographics
Problem Statement 2: We were 15.11% below our district goal for student persistence. **Root Cause**: We did not put operating mechanisms that would support persistence until March.

Goal 5: Increase student persistence

Performance Objective 4: By May 2023, 80% (180) of scholars in grades 2 and 3 will reach their fitness ambassador goal of 1200 minutes.

Evaluation Data Sources: IHT monitor data

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Grades 2 and 3 will place IHT monitors at the start of the day (vs their elective period) in order to accumulate minutes on their watch throughout the entire day. **Strategy's Expected Result/Impact:** Accumulate minutes for whole day vs only one period **Staff Responsible for Monitoring:** principal, PE coach **Title I:** 2.5 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction

Annual Performance Objectives (APO)

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%

1B. % of graduates matriculate to a Tier I/II College or University: 15% | 25%

1C. % of Seniors accepted to a College or University: 100%

1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%

1E. Earned State Rating: A

1F. % Basic | % Mastery | % Advanced on LEAP: 82% | 44% | 11%

1G. % Approaches | % Meets | % Masters on STAAR/EOC: 90% | 60% | 30%

1H. % Level 3 | % Level 4 | % Level 5 on FSA/FSAA: 70% | 40% | 20%

1I. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading - Year 1 Campuses | Year 2 Campuses: 80% | 90%

1J. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%

1K. Average ACT score: 21

1G. % Approaches | % Meets | % Masters on STAAR/EOC: 90% | 60% | 30%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%

2B. 80% composit score on GPTW: 82%

2B. %Average Daily Attendance: 97.50%

2C. New Student Persistence: 90%

2D. Operating Income: $133M

2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%

3B. Enrollment in August 2020: 83,894

3C. Schools in operation in August 2020: 149

3D. Total Funds Raised (millions): $93M

% of SPED Passing STAAR	N/A

Reflections	
Areas of Strength	**Areas of Need**
1 Hit our math masters goal for Hot Spot	1 EOM assessments scored higher than EOY exam. We need to integrate scoring norming huddles before grading that is more realistic of the blind exam setting and grading procedure.
2 Hit the DI Benchmark for PK, K, and 1	2 Reading instruction took priority over math instruction due to the data.
3 PK-K classrooms were normed on structures, systems, and approach to teaching	3 Vertical alignment was not happening across the grade levels.

IDEA Hidden Meadow Academy

Reflections	
Areas of Strength	**Areas of Need**
1 Hit benchmark for PK, K, 2	1. In the last stretch of June, classroom observations were inconsistent due to EOY meetings and 22-23 school year planning.
2 In depth coaching was happening across all reading classrooms until May	2 Extend the summer school roster. We need to add more scholars to summer school that are closer to hitting their end of year "on track" goals.
3 Teachers provided intervention and tutoring to help get scholars on track	3 There were different layouts and approaches to teaching DI in every classroom and it made it harder to coach the classroom to mastery.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Demographics

Demographics Summary

IDEA Hidden Meadow College Prep was founded in 2020, putting us into our third year. We currently service grades 6-8, although we will eventually scale to serve 6-12 in subsequent years. We are an open enrollment public charter school primarily servicing families on the far west side of San Antonio, Tx. We utilize special programs for Special Education, Section 504, and EL and have supllemented this with additional programming for athletics and afterschool programming for fine arts. See PDF in Addendum for more information.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase student persistence for our campus because we have fallen short of both our persistence goal in both of our first two years. **Root Cause:** 1) Lack of communication around school expectations in our recruitment process and in our onboarding process 2) Lack of input from students and families for what program offerings are desired and most important to them.

Problem Statement 2 (Prioritized): There is a need to increase average daily attendance for our campus because we dropped significantly from our 20-21 school year and landed below our 21-22 goal. **Root Cause:** 1) Lack of communication regarding attendance expectations for students and families during onboarding process and throughout school year 2) Intervention strategies for attendance came into effect after too many absences

Student Learning

Student Learning Summary

IDEA Hidden Meadow achieved an A-Rating for school accountability. Our Domain 1 score for Student Achievement was 83. Our Domain 2 score for School Progress was 93. Our Domain 3 score for Closing the Gaps was 85. IDEA Hidden Meadow also earned Distinction Designations for all five eligible distinctions. SeePDF in Addendum for more information.

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The percent of scholars earning "Meets" and "Masters" in 6th grade Reading did not increase enough to hit our goal. **Root Cause:** 1) In prioritizing catching scholars up who were behind grade level, the rigor needed for pushing scholars to meets and masters was not present often enough. 2) Scholars were not always required to demonstrate understanding of materials by responding in complete sentences, both orally and in writing.

Problem Statement 2 (Prioritized): The percent of scholars hitting growth goals in 7th mathematics was below goal and underperformed from our district benchmarks. **Root Cause:** 1) Scholar growth goals were primarily adult driven and scholars did not regularly track their own progress. 2) Growth goals not utilized for tutorial groupings regularly

School Processes & Programs

School Processes & Programs Summary

IDEA Hidden Meadow College Prep develops instructional leaders through coaching and development. Instructional leaders attend a week-long summer training that is rooted in our district's professional development guide for school leaders, the School Leadership Leavers (SLLs). Through this training, instructional leaders take part in a See it, Name it, Do it format that ensures they are proficient in diagnosing classrooms, providing teachers with feedback and real-time coaching, and setup follow up meetings to coach teachers to mastery. Our Professional development is rooted in the SLLs and takes into account an instructional leaders proficiency level to determine which training they get and how they are coached during check-ins. The principal joins instructional leader coaching with teachers to provide feedback to instructional leaders, be a thought partner for both teachers and leaders, and provide coaching to the instrucitonal leader as well. See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years

- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

See PDF in Addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Teacher retention is a priority and has declined for the previous school year. **Root Cause:** Our campus hired staff who were a strong fit for culture but did not have the full level of expertise in their content to be able to plan effectively without it taking more time than teachers had available.

Problem Statement 2 (Prioritized): Large Instructional Leader coaching portfolio as staff numbers grows each year. **Root Cause:** I did not have a clear plan to ensure coaching was effective and consistent for all teachers .

Perceptions

Perceptions Summary

We survey families and scholars each year to gather feedback on our campus. When scholars are in need of it, IDEA Hidden Meadow utilizes peer mediation to reach agreements on how scholars are expected to interact with each other if a friendly resolution is not reached. Staff turnover increased after year two when compared to year one. The perception of staff's academic expectations is that we have high academic expectations for scholars and there are intial struggles during the year because many of our scholars join our school already significatly behind grade level. See PDF in Addundum for more information.

Perceptions Strengths

See PDF in Addundum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Staff retention declined in year two compared to year one. **Root Cause:** There was no clear plan to address work-life balance during the first year of teaching, knowing that the learning curve is really high.

Problem Statement 2 (Prioritized): Family engagement opportunities did not meet the demand of families. **Root Cause:** A hesitation to create large scale events for fear of COVID outbreaks limited options. The campus did not utilize enough virtual or in-person but spaced appropriately events.

Problem Statement 3 (Prioritized): Not all new families participated in our Welcome to IDEA events. **Root Cause:** Expectations for families that this is required for all families and not optional was not effectively communicated. We also did not effectively follow up with families who did not respond to the Welcome to IDEA invites.

Priority Problem Statements

Problem Statement 1: There is a need to increase average daily attendance for our campus because we dropped significantly from our 20-21 school year and landed below our 21-22 goal.

Root Cause 1: 1) Lack of communication regarding attendance expectations for students and families during onboarding process and throughout school year 2) Intervention strategies for attendance came into effect after too many absences

Problem Statement 1 Areas: Demographics

Problem Statement 2: The percent of scholars hitting growth goals in 7th mathematics was below goal and underperformed from our district benchmarks.

Root Cause 2: 1) Scholar growth goals were primarily adult driven and scholars did not regularly track their own progress. 2) Growth goals not utilized for tutorial groupings regularly

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Teacher retention is a priority and has declined for the previous school year.

Root Cause 3: Our campus hired staff who were a strong fit for culture but did not have the full level of expertise in their content to be able to plan effectively without it taking more time than teachers had available.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Family engagement opportunities did not meet the demand of families.

Root Cause 4: A hesitation to create large scale events for fear of COVID outbreaks limited options. The campus did not utilize enough virtual or in-person but spaced appropriately events.

Problem Statement 4 Areas: Perceptions

Problem Statement 5: There is a need to increase student persistence for our campus because we have fallen short of both our persistence goal in both of our first two years.

Root Cause 5: 1) Lack of communication around school expectations in our recruitment process and in our onboarding process 2) Lack of input from students and families for what program offerings are desired and most important to them.

Problem Statement 5 Areas: Demographics

Problem Statement 6: The percent of scholars earning "Meets" and "Masters" in 6th grade Reading did not increase enough to hit our goal.

Root Cause 6: 1) In prioritizing catching scholars up who were behind grade level, the rigor needed for pushing scholars to meets and masters was not present often enough. 2) Scholars were not always required to demonstrate understanding of materials by responding in complete sentences, both orally and in writing.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: Large Instructional Leader coaching portfolio as staff numbers grows each year.

Root Cause 7: I did not have a clear plan to ensure coaching was effective and consistent for all teachers .

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Staff retention declined in year two compared to year one.

Root Cause 8: There was no clear plan to address work-life balance during the first year of teaching, knowing that the learning curve is really high.

Problem Statement 8 Areas: Perceptions

Problem Statement 9: Not all new families participated in our Welcome to IDEA events.

Root Cause 9: Expectations for families that this is required for all families and not optional was not effectively communicated. We also did not effectively follow up with families who did not respond to the Welcome to IDEA invites.

Problem Statement 9 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Strategy 3: Use Title 1 staff member, Teacher, to provide Reading whole group and small group instruction to scholars focusing on scholars hitting individual growth goals. **Strategy's Expected Result/Impact:** Increase of scholar growth goal performance **Staff Responsible for Monitoring:** Interventionist, teachers, instructional coaches, principal **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction **Problem Statements:** Student Learning 1 **Funding Sources:** Tarah Zuber - Teacher - Federal Grant - $59,500	0%			

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: The percent of scholars earning "Meets" and "Masters" in 6th grade Reading did not increase enough to hit our goal. **Root Cause**: 1) In prioritizing catching scholars up who were behind grade level, the rigor needed for pushing scholars to meets and masters was not present often enough. 2) Scholars were not always required to demonstrate understanding of materials by responding in complete sentences, both orally and in writing.
Problem Statement 2: The percent of scholars hitting growth goals in 7th mathematics was below goal and underperformed from our district benchmarks. **Root Cause**: 1) Scholar growth goals were primarily adult driven and scholars did not regularly track their own progress. 2) Growth goals not utilized for tutorial groupings regularly

School Processes & Programs

Problem Statement 2: Large Instructional Leader coaching portfolio as staff numbers grows each year. **Root Cause**: I did not have a clear plan to ensure coaching was effective and consistent for all teachers .

Goal 3: IDEA achieves an A rating

Performance Objective 2: 60% of scholars in special populations, including Special Education, will meet or exceed their Meets Growth goals for STAAR exams in 22-23.

High Priority

Strategy 1: ADA mission list in PTG doc w/ scholar name and absences total starting 10/3 ADA PTG sent out to families per grade level in Nest News starting 8/29. Post homeroom ADA in their classrooms and reference starting 9/2. **Strategy's Expected Result/Impact:** increase of 3% ADA for the 22-23 school year **Staff Responsible for Monitoring:** assistant principal of operations, registrar, sis, principal **Title I:** 4.2 **- TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Problem Statements:** Demographics 1, 2 - Perceptions 2, 3				
0% No Progress 100% Accomplished → Continue/Modify ✕ Discontinue				

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: There is a need to increase student persistence for our campus because we have fallen short of both our persistence goal in both of our first two years. **Root Cause**: 1) Lack of communication around school expectations in our recruitment process and in our onboarding process 2) Lack of input from students and families for what program offerings are desired and most important to them.
Problem Statement 2: There is a need to increase average daily attendance for our campus because we dropped significantly from our 20-21 school year and landed below our 21-22 goal. **Root Cause**: 1) Lack of communication regarding attendance expectations for students and families during onboarding process and throughout school year 2) Intervention strategies for attendance came into effect after too many absences
Perceptions
Problem Statement 2: Family engagement opportunities did not meet the demand of families. **Root Cause**: A hesitation to create large scale events for fear of COVID outbreaks limited options. The campus did not utilize enough virtual or in-person but spaced appropriately events.
Problem Statement 3: Not all new families participated in our Welcome to IDEA events. **Root Cause**: Expectations for families that this is required for all families and not optional was not effectively communicated. We also did not effectively follow up with families who did not respond to the Welcome to IDEA invites.

Goal 5: Increase student persistence

Performance Objective 1: IDEA Hidden Meadow College Prep will have a 90% or better Persistence rate of scholars for the 22-23 school year.

High Priority

IDEA Public Schools

Horizon Vista Academy

2022-2023 Campus Improvement Plan

Accountability Rating: C

Board Approval Date: October 21, 2022
Public Presentation Date: September 15, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IDEA Horizon Vista Campus Vision:

Our family puts scholars first by building relationships, creating a culture of achievement, instilling academic risk-taking, and developing a srong work ethic that prepares them for success in college and citizenship.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Goals 11
- Goal 1: 85% Staff Retention IDEA Horizon Vista will continue to build team and family by retaining 85% that will continuously improve how we serve our scholars in the Horizon community. 12
- Goal 2: School Meets Enrollment Goal IDEA Horizon Vista will continue to close the achievement gap and ensure equity by providing effective, equitable, and active learning by meeting our enrollment goal in the Horizon community. 16
- Goal 3: School Achieves an "A" Rating from TEA IDEA Horizon Vista is focused on delivering results and achieving academic excellence through our purposeful first instruction and academic intervention. 18
- Goal 4: 97.5% Average Daily Attendance IDEA Horizon Vista sweats the small stuff by knowing that if a scholar misses a day, they miss a lot! We are focused on making sure students are in our school learning everyday. 22
- Goal 5: 90% Student Persistence Goal The best way to keep our promise of College for All is if we are able to bring the joy into our classrooms, hallways, and hearts of every scholar! We are focused that all scholars are empowered and supported in a way that motivates them to stay at our school. 29

Addendums 31

Comprehensive Needs Assessment

Demographics

Demographics Summary

DEA Horizon Vista Academy, grades PK-5th, sets high expectations for every student and goes the extra mile to make sure every student realizes their own potential. Our goal is to ensrue our scholars end each year on our above grade level in reading and math. This will ensure our scholars are well-prepared for grades 6th- 12th and going to and through college. Personalized learning, critical thinking skills, mastery of core subjects is our recipe for success.

Demographics Strengths

"See PDF in Addendum for more information"

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Lack of parent communication (surface level) **Root Cause:** Inconsistency of grade level celebrations (throughout the school year)

Problem Statement 2 (Prioritized): Lack of school-wide calendar of events **Root Cause:** miscommunication of campus events and activities school-wide

Student Learning

Student Learning Summary

Horizon Vista Academy was rated a "C" campus for the 21-22 school year. We received 0 out of 4 distinctions (ELA/Reading, Mathematics, Postsecondary Readiness, Comparative Closing the Gap.)

Accountability Rating Summary Overall 78 (C)

Student Achievement 72 (C)

STAAR Performance 72 (C)

School Progress 79 (C)

Relative Performance (Eco Dis: 77.6%) 79 (C)

Closing the Gaps 74 (C)

Student Learning Strengths

"See PDF in Addendum for more information"

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Prioritize targeted groups (special pops) Targeted goal A=50 or B=40. Not met **Root Cause:** Lack of training and late start of SIOP strategies for special pops and teachers.

Problem Statement 2 (Prioritized): We did not close the gap for all (tiered) tested scholars for Math and Reading assessment. **Root Cause:** late start in intervention, tutorials, and re-teach

School Processes & Programs

School Processes & Programs Summary

Horizon Vista Academy teachers begin leadership preparation by attending course collaboration on a quarterly basis. Our campus school leaders New Leader Institute and District Leadership trainings. Our instructional leaders attend Coaching Academy to develop their coaching and instructional skills. Campus continuously plans for professional development throughout the school year (BOY, MOY and EOY) making necessary adjustments as needed to develop both teachers and campus lead team. Instuctional Rounds help support teacher development in and outside the classroom. We hold daily lesson rehearsals to support teachers First Teach followed up with coaching debriefs during weekly check-ins. Instructional programs: DI instruction, W&W, Eureka, Amplify, IDEA curriculum.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average

- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Lack of teacher training with academic curriculum **Root Cause:** Consistent teacher coaching within academic curriculum

Problem Statement 2 (Prioritized): High teacher absenteeism **Root Cause:** Campus staff commitment with clear expectations

Perceptions

Perceptions Summary

OUR FAMILIES at Horizon Vista Academy will be active participants in their child's learning. In order for our scholars to be successful, our parents will have multiple opportunities to learn, provide insight, engage in the progress of their child's academics and share responsibilities for our scholars' growth and success. Because they are going to feel welcomed, they will be willing to embrace and commit to their child's success.

OUR COMMUNITIES in Horizon Vista Academy will promote and provide community service to our scholars and families. Our surrounding communities will be positive role models to help build a well-rounded scholars, self-directed, life-long learners and strong family relationships.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Teachers internalization of Curriculum (training) to scaffold for students academic needs . **Root Cause:** Lack of clear expectations to parents regarding curriculum

Problem Statement 2: High Staff turnover more investment and systems and procedures needed. **Root Cause:** Staff not treated fairly; lack of communication

Priority Problem Statements

Problem Statement 1: Lack of parent communication (surface level)
Root Cause 1: Inconsistency of grade level celebrations (throughout the school year)
Problem Statement 1 Areas: Demographics

Problem Statement 2: Lack of school-wide calendar of events
Root Cause 2: miscommunication of campus events and activities school-wide
Problem Statement 2 Areas: Demographics

Problem Statement 3: Prioritize targeted groups (special pops) Targeted goal A=50 or B=40. Not met
Root Cause 3: Lack of training and late start of SIOP strategies for special pops and teachers.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: We did not close the gap for all (tiered) tested scholars for Math and Reading assessment.
Root Cause 4: late start in intervention, tutorials, and re-teach
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Lack of teacher training with academic curriculum
Root Cause 5: Consistent teacher coaching within academic curriculum
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: High teacher absenteeism
Root Cause 6: Campus staff commitment with clear expectations
Problem Statement 6 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 9, 2022

Demographics

Demographics Summary

Our school is a public charter dedicated to guide and prepare scholars for a 4 year college or university. It was founded in 2020 in the small town of of Horizon City, TX. Currently, we serve grades 6-8 and plan to expand one grade level every year until we graduate our first senior class in 2027. In the short time that we've been open we have hit internal instructional goals and for the 2021-2022 school year we have been designated an A rated campus.

Our enrollment has seen incrimental increases. In 2020 we launched with 74 sixth graders and saw an increase the following year to 90 and this year to 94. Our 7th grade class grew significantly from 84 to 111 and we have 107 eighth graders, which is a significant increase from the 74 that launched in this cohort.

The community is primarily Hispanic and economically disadvantaged (see table below) and more than half are Emergent Bilingual, 63%.

Last year, we hit an average of 93% attendance, 88% overall persistence and 81% new student persistence.

% Female	48%

Demographics Strengths

See PDF Addendum for more information

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Lack of after school clubs to promote investment in school. **Root Cause:** Monies were not prioritized for this initiative.

Problem Statement 2 (Prioritized): Ongoing collaboration with students and parents to share campus vision and programs being offered. **Root Cause:** Staff was not prioritized or effective GRPI/ plan layed out

Student Learning

Student Learning Summary

Horizon Vista is an "A" rated campus for the 21-22 school year. We got 5 out of the 5 distinctions that we were eligible to receive. Distinction designations are awarded for achievement in several areas and are based on performance relative to a group of campuses of similar type, size, grade span, and student demographics. We earned them in ELA/ Reading, Mathematics, Comparative Academic Growth, Post-Secondary Readiness and Comparative closing the gaps.

Student Learning Strengths

See PDF in Addendum for more information

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): A set process tackling key skills to improve vertical alignment across grade levels in ELA **Root Cause:** Current ELA curriculum uses very little scaffolding to address gaps in key skills for our struggling readers

Problem Statement 2 (Prioritized): Greater emphasis on writing and explaining thought process of mathematical concepts. **Root Cause:** Prioritizing and defining specific times when the above can be done without sacrificing pace

School Processes & Programs

School Processes & Programs Summary

Campus instructional leaders are developed through one to one coaching, rounds and coaching academy. There are also PD opportunities throughout the year to hone their skills and an opportunity to attend Relay.

During Instructional Rounds we identify trends in teaching that cause instructional gaps and use that data to build the professional development for the end of the week.

We use the GET document to norm on best practices and coach and develop teachers using it as a guide. We are data responsive and are constantly analyzing data to find gaps and misconceptions.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Ongoing celebrations and recognition of teachers and staff for achieving goals and milestones. **Root Cause:** Adult culture was not prioritized

Problem Statement 2 (Prioritized): Greater emphasis on work-life balance--clear guidelines on work expectations. **Root Cause:** Adult culture was not prioritized.

Perceptions

Perceptions Summary

At IDEA Horizon Vista we use Restorative Circles to reduce conflict between all stakeholders. In the past year more than half of the faculty resigned because of poor adult culture. Staff perception was that administration was not in tune with any of their personal needs and saw no movement toward making the situation better. However, community involvement is high and you can plainly see because of the attendance to family engagement events.

Perceptions Strengths

See PDF Addendum for more information

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Capturing parent data for campus initiatives. **Root Cause:** No plan in place to survey parents

Problem Statement 2 (Prioritized): System breakdown when collecting data on attendance for family engagement events **Root Cause:** No plan in place to capture attendance data

Priority Problem Statements

Problem Statement 1: Lack of after school clubs to promote investment in school.
Root Cause 1: Monies were not prioritized for this initiative.
Problem Statement 1 Areas: Demographics

Problem Statement 2: Ongoing collaboration with students and parents to share campus vision and programs being offered.
Root Cause 2: Staff was not prioritized or effective GRPI/ plan layed out
Problem Statement 2 Areas: Demographics

Problem Statement 3: A set process tackling key skills to improve vertical alignment across grade levels in ELA
Root Cause 3: Current ELA curriculum uses very little scaffolding to address gaps in key skills for our struggling readers
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Greater emphasis on writing and explaining thought process of mathematical concepts.
Root Cause 4: Prioritizing and defining specific times when the above can be done without sacrificing pace
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Ongoing celebrations and recognition of teachers and staff for achieving goals and milestones.
Root Cause 5: Adult culture was not prioritized
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Greater emphasis on work-life balance--clear guidelines on work expectations.
Root Cause 6: Adult culture was not prioritized.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Capturing parent data for campus initiatives.
Root Cause 7: No plan in place to survey parents
Problem Statement 7 Areas: Perceptions

Problem Statement 8: System breakdown when collecting data on attendance for family engagement events
Root Cause 8: No plan in place to capture attendance data
Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback

Employee Data

- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Study of best practices

Goals

Goal 1: Increase staff retention

Performance Objective 1: Horizon Vista College Prep will retain 85% of employees for the 22-23 school year.

High Priority

Evaluation Data Sources: IDEA Dashboard- Retention

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Setting up a clear process in which teachers can give feedback and input e.i specified office hours for feedback, feedback meetings for specific and relevant subjects, quarterly surveys **Strategy's Expected Result/Impact:** Employees who know they are heard are more engaged and productive. When staff members have a voice, they're willing to use it. One study found that, while companies are looking for new ways to improve, 82% of their staffers have ideas that could help achieve their goals. **Staff Responsible for Monitoring:** Lead Team **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** School Processes & Programs 1, 2	50%	90%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Incentives and differentiation for varying TCP levels i.e differentiated PD opportunities, extra check-ins and support for lower TCP levels, influence and public recognition **Strategy's Expected Result/Impact:** Offering incentives and differentiated support can encourage employees to work to their full potential, and more importantly, feel appreciated. **Staff Responsible for Monitoring:** Lead Team **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** School Processes & Programs 1, 2	30%	80%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

School Processes & Programs
Problem Statement 1: Ongoing celebrations and recognition of teachers and staff for achieving goals and milestones. **Root Cause**: Adult culture was not prioritized
Problem Statement 2: Greater emphasis on work-life balance--clear guidelines on work expectations. **Root Cause**: Adult culture was not prioritized.

Goal 2: All IDEA students matriculate to college

Performance Objective 1: 100% of IDEA scholars will be accepted to a 4 year college or university of their choice.

High Priority

Evaluation Data Sources: Horizon Vista graduation and acceptance rate in 2027

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Build a college identity. **Strategy's Expected Result/Impact:** During the middle school years, it offers students the opportunity to improve academically by creating a focused learning environment and generating a sense of pride, loyalty, and ownership. **Staff Responsible for Monitoring:** Counselor **Title I:** 2.4 **Problem Statements:** Demographics 2	15%	50%		

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 2: Ongoing collaboration with students and parents to share campus vision and programs being offered. **Root Cause**: Staff was not prioritized or effective GRPI/ plan layed out

Goal 2: All IDEA students matriculate to college

Performance Objective 2: 27% of the class of 2027 will pass TSI.

Evaluation Data Sources: TSI passing rates

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Identify all high performing 8th graders based on STAAR mastery and offer accelerated courses during the summer. **Strategy's Expected Result/Impact:** High performers can focus on TSI there 8th grade year **Staff Responsible for Monitoring:** Lead team and Math teachers **TEA Priorities:** Connect high school to career and college, Improve low-performing schools **Problem Statements:** Demographics 2 - Student Learning 1, 2	15%	40%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 2: Ongoing collaboration with students and parents to share campus vision and programs being offered. **Root Cause**: Staff was not prioritized or effective GRPI/ plan layed out

Student Learning
Problem Statement 1: A set process tackling key skills to improve vertical alignment across grade levels in ELA **Root Cause**: Current ELA curriculum uses very little scaffolding to address gaps in key skills for our struggling readers
Problem Statement 2: Greater emphasis on writing and explaining thought process of mathematical concepts. **Root Cause**: Prioritizing and defining specific times when the above can be done without sacrificing pace

Goal 3: IDEA achieves an A rating

Performance Objective 1: Horizon Vista CP achieves an overall passing rate of 90/60/30 and all available distinctions for the 22-23 school year.

High Priority

Evaluation Data Sources: State assessment data

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Focus on Domain III subgroups i.e early identification and intervention, robust tracking systems, evolving goal conversations and incentive systems for growth **Strategy's Expected Result/Impact:** Domain III holds schools accountable for the growth of each individual student and broadens the focus instead of targeting one specific group of students, i.e bubble kids **Staff Responsible for Monitoring:** Asst. Principal of Instruction Principal Faculty **Title I:** 2.4 **Problem Statements:** Demographics 2 - Student Learning 1, 2	35%	75%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Data Responsive i.e exit ticket analysis per period to determine gaps in learning and tweak lessons for the following period, SWAMS, morning data huddles, data conversations 24-48 hours after exam etc... **Strategy's Expected Result/Impact:** Use a continuous flow of data to adjust instruction and provide tailored lessons for the whole group, small groups, or individual students. **Staff Responsible for Monitoring:** Asst. Principal of Instruction Principal Faculty **Title I:** 2.4 **Problem Statements:** Student Learning 1, 2	20%	75%		

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Teacher Coaching and Development i.e use the GET and Get Better Faster to determine a clear monthly and weekly coaching focus **Strategy's Expected Result/Impact:** Effective coaching keeps the focus on teaching and learning and is the most effective way to improve student outcomes. It supports teachers who need the support and encourages others to further their skill. **Staff Responsible for Monitoring:** Asst. Principal of Instruction Principal **Title I:** 2.4 - **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** School Processes & Programs 2	15%	80%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 2: Ongoing collaboration with students and parents to share campus vision and programs being offered. **Root Cause**: Staff was not prioritized or effective GRPI/ plan layed out
Student Learning
Problem Statement 1: A set process tackling key skills to improve vertical alignment across grade levels in ELA **Root Cause**: Current ELA curriculum uses very little scaffolding to address gaps in key skills for our struggling readers
