- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Attendance data
- Discipline records
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data

- Teacher/Student Ratio
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data

Goals

Goal 1: Increase staff retention

Performance Objective 1: By June 2022, we will increase staff retention by 5% for instructional staff in grades six through ten.

Evaluation Data Sources: Great Places to Work Survey

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Recognizing teachers' success through shout out during weekly faculty meetings, teacher weekly newsletter, and/or social media. Recognizing teachers who exhibit IDEA core values every month. **Strategy's Expected Result/Impact:** Increase teacher retention **Staff Responsible for Monitoring:** This would be monitored by all campus managers **Title I:** 2.4, 2.6 - **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** Student Learning 1, 2 **Funding Sources:** - Federal Grant - $69,500				
No Progress Accomplished Continue/Modify Discontinue				

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: Scholars in Special education performed significantly lower than scholars in other accountable subgroups. **Root Cause**: Interventions were primarily fluency based and did not emphasize standard and skill based supports.
Problem Statement 2: RTI is not being implemented effectively. No clear communication between SEL department and instructional team. **Root Cause**: Ownership at the campus levels was associated with the counseling department.

Goal 2: All IDEA students matriculate to college

Performance Objective 1: By June 2022, 96% of scholars on grade levels six through ten are on track to graduate.

HB3 Goal

Summative Evaluation: Met Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Academic Support Program for scholars failing more than one subject area. **Strategy's Expected Result/Impact:** Decrease in failure rates. **Staff Responsible for Monitoring:** College Counselor **Title I:** 2.6 **Funding Sources:** - Federal Grant - $65,520	50%	70%		

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 2: All IDEA students matriculate to college

Performance Objective 2: By June 2022, 90% of Special Education scholars on grade levels six through ten are on track to graduate.

High Priority

Evaluation Data Sources: STAAR/EOC/TSI
On track to graduation metrics

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Academic Interventions for scholars needing additional support.	85%	85%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 1: By June 2022, the percent of students reading at or above grade level for grades six through ten will increase by at least three percentage points as measured by STAAR and monitored by district wide universal screener.

High Priority

HB3 Goal

Evaluation Data Sources: Benchmark and summative assessments

Summative Evaluation: Met Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Hold after-school intervention for scholars who failed the STAAR assessment in reading. **Staff Responsible for Monitoring:** Instructional Team **Title I:** 2.4, 2.6 - **TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **Problem Statements:** Demographics 1, 2 **Funding Sources:** - Federal Grant - $36,648.80, - Federal Grant - $31,204.80				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: Enrollment numbers are decreasing in transitional years such as 5th grade and 8th grade. We have seen the highest persistence leavers during summer months (June-August). **Root Cause**: Scholars in the Socorro community are attracted to early college and dual credit options. For the community, the idea of graduating with an associates degree has more value than attaining AP credit.
Problem Statement 2: EB scholars enrollment rates have increased significantly. As such, campus must adapt and incorporate more urgent interventions for our beginner and intermediate EB scholars. **Root Cause**: A significant increased of EB scholars has enrolled this year. Many of them, are first year in America students who need more urgent support with language acquisition.

Goal 3: IDEA achieves an A rating

Performance Objective 2: By June 2022, the percent of students math performance at or above grade level for grades six through ten will increase by at least three percentage points as measured by STAAR and monitored by district wide universal screener.

HB3 Goal

Evaluation Data Sources: Benchmark and summative assessments

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Hold tutoring after school for scholars who did not meet grade level on the previous year STAAR assessment. **Strategy's Expected Result/Impact:** Increase academic performance of scholars **Staff Responsible for Monitoring:** Instructional Lead Team **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 3: By June 2022, the percent of students meeting CCMR indicators in grade ten will increase by at least three percentage points as measured by TSI and ACT and monitored by district wide universal screener.

HB3 Goal

Evaluation Data Sources: Benchmark and summative assessments

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Hold tutoring after school for scholars who did not meet growth on the TSI assessment. **Strategy's Expected Result/Impact:** Increase academic outcomes for scholars **Staff Responsible for Monitoring:** Instructional Lead Team **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools				

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase student daily attendance

Performance Objective 1: By June 2022, we achieve our college preparatory attendance goal of 97%

High Priority

Evaluation Data Sources: Average Daily attendance

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June

TELPAS Composite Rating (Listening, Speaking, Reading, Writing)

	Listening	Speaking	Reading	Writing	% of ELL Students who grew one or more levels
% Beginning	8%	19%	9%	12%	41%
% Intermediate	29%	29%	33%	17%	
% Advanced	35%	50%	53%	53%	
% Advanced High	29%	1%	5%	5%	

Reflection

Areas of Strength	Areas of Need
1 Deliberate practice scohlars' listening and speaking before assessments.	1 We did not have a cross-curricular approach for literacy. Reading and writing were isolated to the ELAR classroom.
2 Targetted vocabulary through membeam during the intervention block.	2 Teachers did not receive tools to implement SIOP strategies and differentiate material for LEP scholars.
3 DISE intervention for Spanish speakers showed positive impact for the speaking component.	3 We did not monitor progress on TELPAS levels through out the school year. Once we received mock data, we did not utilize it to monitor progress or support scholars in their areas of need.

IDEA Public Schools

Rise Academy

2022-2023 Campus Improvement Plan

Accountability Rating: B

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Top 25 Percent: Comparative Closing the Gaps
Postsecondary Readiness

Board Approval Date: October 21, 2022
Public Presentation Date: September 13, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 13, 2022

Demographics

Demographics Summary

IDEA Rise Academy is a K-5 public charter school located in Fort Worth, Tx. We have open enrollment year around which includes a lottery for enrollment. We are a campus that supports ESL/Bilingual, Special Education, and clubs including fine arts, athletics and academics.

See PDF in Addendum for more information.

Demographics Strengths

Over Communication- lots of detailed information given

Staff attitude and teamwork-starts w/McCray and filters down

Collaboration within grade levels (K-K, 1st-1st etc)

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): More efficient communication- consistency of the message. Mixed messages and clarity needed between school and families. **Root Cause:** Breakdown in communication chain from region to school to parent.

Problem Statement 2: Black students receive harsher consequences compared to other demographics on campus. **Root Cause:** Teacher/staff discipline referral input-not identifying social and emotional student needs.

Problem Statement 3: 1. The pandemic has exacerbated students mental health needs by increasing students anxiety as well as straining family resources. 2. There hasn't been adequate resources provided to the school in order to keep up with the increasing demand for mental health supports. **Root Cause:** 2. The pandemic has made families less likely to attend in-person events, especially during surges in Covid-19. 2. Many families have had to pick up additional hours/shifts making it hard for them to attend events

Student Learning

Student Learning Summary

STAAR performance for student achievement increased from a 31 (20-21) to a 43 (21-22) for the school year. School progress includes: for relative performance, increased from 31 (20-21) to a 43 (21-22). There is no closing the gaps data.

Refer to chart below for significant gains for data from 20-21 to 21-22- There were significant gains from both contents- ELA and Math. The campus was only K-4 for 21-22 so there are no STAAR Scores for science or ss. Due to the gains in both contents we received designations in: Academic Achievement in ELA, Post secondary readiness and Top 25% comparative closing the gaps. The campus was predicted at a C rating in the state of Texas and we exceeded the prediction and ultimately performed at a 83 B rating.

See PDF/Addendum for more information.

20-21 STAAR Data- State Accountability Ratings- 57 F **App/Meets/Mstr**	**21-22 STAAR Data- State Accountability Ratings-** **App/Meets/Mstr- 83 B**	
3rd ELA- 59/23/7	**3rd ELA-** 67/45/25	**4th ELA-** 63/39/23
3rd Math- 54/28/10	**3rd Math**- 73/45/17	**4th Math-** 66/36/17
	Cohort Data: *Gains from 20-21* **ELA-** +4/+16/+16 **Math-** +12/+8/+7	**Grade level data:** *Gains from 20-21* **ELA-** +8/+22/+18 **Math-** +19/+17/+7

Student Learning Strengths

See PDF/Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): DI (Direct instruction) is prioritized over all contents in K-2. **Root Cause:** Literacy is prioritized in K-2 to build comprehension capacity and stamina that will impact other subjects.

Problem Statement 2 (Prioritized): No alignment for ELA curriculum (Wit and Wisdom) to STAAR. **Root Cause:** Lack of resources for campus and district to supplement.

Problem Statement 3 (Prioritized): Lack of resources for SPED/504 scholars. Lack of scaffolding to support learning for special populations. **Root Cause:** lack of support and resources for students and teachers.

Problem Statement 4 (Prioritized): Stakeholders were not invested in the purpose of TELPAS which impacted student investment. **Root Cause:** Stakeholders did not understand the connection between TELPAS and state accountability.

School Processes & Programs

School Processes & Programs Summary

See PDF in Addendum for more information.

Rise Academy has teacher leader positions such as Grade Team leaders, Peer Coaches and Content leaders. Each teacher leader has a roles/responsibilites and expectations in hard and soft copy, biweekly support meetings and lead team support. In the case any teachers identify as low performing, mandatory content meetings are on Monday's and professional development meetings on Tuesdays. Consistent lesson observations, tight loop coaching and feedback are present in all operating mechanisms.

Academic and extracurricular clubs are available- they are aligned to our mission, vision and core values to bring the joy, closing gaps and boost academic achievement. All programs focus on a safe environment by having teachers lead out on clubs versus outside vendors, and teachers are familiar with students and hold relationships. High expectations are top priority as students will be exited from clubs for failure to meet expectations.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

See PDF in Addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Teachers were unclear on lines of communications when requesting support. **Root Cause:** Lack of clearly scripted communication ladder for teachers.

Problem Statement 2 (Prioritized): Many systems changed through out the year, from beginning of the year to mid year. **Root Cause:** Systems needed to be adjusted to fit the needs of the campus.

Perceptions

Perceptions Summary

Confict is reduced by pushing restorative practices and restorative justice strategies. Restorative conferences and conversations include mediation, reconciliation and communication between all parties. Staff turn over rate for 21-22 was 50% of staff returned this year. This was due to principal successorship, lead team changes and overall campus culture clean up. Staff mentoring includes- peer helper meetings, great places to work survey- (key data that stood out- competency category- management has a clear view of where the organization is going and what to look for (61), I want to work here for a long time (50), community average was high (79), our facilites contribute to a good working environment (89).

One family engagement event per month, participation rates measured by sign in sheets and counters to count participants.

Covid and the closed campus prevented participation by parents/guardians and community.

See PDF in Addendum for more information.

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Rise Academy maintained 50% of its staff from the 21-22 school year. **Root Cause:** New principal to campus, new lead team to campus, new accountability.

Problem Statement 2 (Prioritized): Alignment with college prep/academy campuses on incentives, spirit weeks etc. **Root Cause:** Vision of the former academy principal did not align with college prep or IDEA core values.

Problem Statement 3 (Prioritized): Lack of communication with families regarding events. **Root Cause:** Some families do not have remind or social media to receive event information. The school relied heavily on Remind and social media.

Priority Problem Statements

Problem Statement 1: Rise Academy maintained 50% of its staff from the 21-22 school year.
Root Cause 1: New principal to campus, new lead team to campus, new accountability.
Problem Statement 1 Areas: Perceptions

Problem Statement 2: More efficient communication- consistency of the message. Mixed messages and clarity needed between school and families.
Root Cause 2: Breakdown in communication chain from region to school to parent.
Problem Statement 2 Areas: Demographics

Problem Statement 3: DI (Direct instruction) is prioritized over all contents in K-2.
Root Cause 3: Literacy is prioritized in K-2 to build comprehension capacity and stamina that will impact other subjects.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: No alignment for ELA curriculum (Wit and Wisdom) to STAAR.
Root Cause 4: Lack of resources for campus and district to supplement.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: Lack of resources for SPED/504 scholars. Lack of scaffolding to support learning for special populations.
Root Cause 5: lack of support and resources for students and teachers.
Problem Statement 5 Areas: Student Learning

Problem Statement 6: Stakeholders were not invested in the purpose of TELPAS which impacted student investment.
Root Cause 6: Stakeholders did not understand the connection between TELPAS and state accountability.
Problem Statement 6 Areas: Student Learning

Problem Statement 7: Teachers were unclear on lines of communications when requesting support.
Root Cause 7: Lack of clearly scripted communication ladder for teachers.
Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Many systems changed through out the year, from beginning of the year to mid year.
Root Cause 8: Systems needed to be adjusted to fit the needs of the campus.
Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: Alignment with college prep/academy campuses on incentives, spirit weeks etc.
Root Cause 9: Vision of the former academy principal did not align with college prep or IDEA core values.
Problem Statement 9 Areas: Perceptions

Problem Statement 10: Lack of communication with families regarding events.
Root Cause 10: Some families do not have remind or social media to receive event information. The school relied heavily on Remind and social media.
Problem Statement 10 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback

- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Action research results

Goals

Goal 1: Rise Academy will retain 85% of all staff for the 22-23 school year.

Performance Objective 1: Rise Academy will earn a satisfaction rating of 90% on the Great Places to Work Survey.

High Priority

Evaluation Data Sources: Great places to work survey, quarterly staff pulse checks, principal grade team pulse checks and quarterly manager reviews.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Monthly whole school staff engagements off campus, Monthly staff celebrations, Teacher/Co Teacher of the month celebrations and recognition. **Strategy's Expected Result/Impact:** Completing these above tasks will ensure staff feels appreciated and recognized for their hard work daily. **Staff Responsible for Monitoring:** Lead team- API's, AA, Dean of Culture, Principal **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Perceptions 1				

Strategy 2 Details	Reviews

Evaluation Data Sources: STAAR, Benchmark exams, mock exams and semester exams.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Identify Domain 3 scholars with targeted instruction for them to meet their growth goals -Leader pulls small group for priority students during instructional time. **Strategy's Expected Result/Impact:** increase scores on district assessments and STAAR **Staff Responsible for Monitoring:** Lead Team/SPED and Lead teachers **Title I:** 2.4 - **TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **Problem Statements:** Student Learning 2	30%			

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 2: No alignment for ELA curriculum (Wit and Wisdom) to STAAR. **Root Cause**: Lack of resources for campus and district to supplement.

Goal 3: IDEA achieves an A rating

Performance Objective 3: By the end of the 22-23 SY, students will perform at 60% or higher in mastery of reading mock semester exams. This will occur by increasing independent practice in all classes for 25 mins consistently daily.

High Priority

HB3 Goal

Evaluation Data Sources: Mock exams, locus dashboard exams.

Goal 4: Increase student daily attendance

Performance Objective 1: By the end of the 22-23 SY, Rise Academy will reach the goal of 97.5% average daily attendance school wide.

High Priority

Evaluation Data Sources: Locus data dashboards, powerschools

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Increasing CP/AC alignment with incentives to increase ADA. **Strategy's Expected Result/Impact:** Increase ADA campus wide- AC/CP. **Staff Responsible for Monitoring:** Lead team, operations **Title I:** 2.4 - **TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **Problem Statements:** Demographics 1 - Perceptions 2	30%			

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: More efficient communication- consistency of the message. Mixed messages and clarity needed between school and families. **Root Cause**: Breakdown in communication chain from region to school to parent.

Perceptions
Problem Statement 2: Alignment with college prep/academy campuses on incentives, spirit weeks etc. **Root Cause**: Vision of the former academy principal did not align with college prep or IDEA core values.

Goal 5: Increase student persistence

Performance Objective 1: By the end of the 22-23 SY, discipline referrals (violence prevention and intervention) will decrease in Deans list BY 10% and by increasing SEL practices (Move this world) and implementation of consistent restorative justice practices.

High Priority

Evaluation Data Sources: Dean's list, discipline data discipline spreadsheet

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Staff professional developments centered around violence prevention, restorative practices, classroom management strategies to increase student positivity. **Strategy's Expected Result/Impact:** decrease discipline referrals and consequences **Staff Responsible for Monitoring:** Lead Team **Title I:** 2.4 **- TEA Priorities:** Improve low-performing schools **Problem Statements:** School Processes & Programs 1				
No Progress Accomplished Continue/Modify Discontinue				

Performance Objective 1 Problem Statements:

School Processes & Programs
Problem Statement 1: Teachers were unclear on lines of communications when requesting support. **Root Cause**: Lack of clearly scripted communication ladder for teachers.

Goal 5: Increase student persistence

Performance Objective 2: By the end of the 22-23 SY, students will have a better understanding of their physical health and activity by meeting goals within the coordinated health program.

High Priority

Evaluation Data Sources: student fitness assessment data

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Improve the PE program by including timers, jump ropes, heart monitors to improve overall physical health by data tracking from IHT/MVPT data. **Strategy's Expected Result/Impact:** improve student health program data **Staff Responsible for Monitoring:** PE teachers, Lead team **Title I:** 2.4 - **TEA Priorities:** Improve low-performing schools **Problem Statements:** School Processes & Programs 2	30%			

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 2 Problem Statements:

School Processes & Programs
Problem Statement 2: Many systems changed through out the year, from beginning of the year to mid year. **Root Cause**: Systems needed to be adjusted to fit the needs of the campus.

Goal 6: Rise Academy will end 90% of K-2 on track in reading (DI)

Performance Objective 1: By the end of the 22-23 SY, students in K-2nd grade will grow 2% over the given goal of 90% in reading, by meeting weekly benchmarks on curriculum and ensuring 80% of above on mastery on all mastery test and independent work assignments.

High Priority

HB3 Goal

Evaluation Data Sources: Locus dashboards, dionline dashboard and daily DI exit ticket chat.

Annual Performance Objectives (APO)

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%

1B. % of graduates matriculate to a Tier I/II College or University: 15% | 25%

1C. % of Seniors accepted to a College or University: 100%

1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%

1E. Earned State Rating: A

1F. % Basic | % Mastery | % Advanced on LEAP: 82% | 44% | 11%

1G. % Approaches | % Meets | % Masters on STAAR/EOC: 90% | 60% | 30%

1H. % Level 3 | % Level 4 | % Level 5 on FSA/FSAA: 70% | 40% | 20%

1I. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading - Year 1 Campuses | Year 2 Campuses: 80% | 90%

1J. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%

1K. Average ACT score: 21

1L. % of students graduating college in 4 | 6 years: 25% | 55%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%

2B. 80% composit score on GPTW: 82%

2B. %Average Daily Attendance: 97.50%

2C. New Student Persistence: 90%

2D. Operating Income: $133M

2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%

3B. Enrollment in August 2020: 83,894

3C. Schools in operation in August 2020: 149

3D. Total Funds Raised (millions): $93M

% of SPED Passing STAAR	Pending

Reflections	
Areas of Strength	**Areas of Need**
1- Useful Lesson Plan Template (3rd and 4th)	1- Wit & Wisdom + DI + STAAR alignment for all ELA related items
2- Communication and collaboration with teams (ex. Wade supporting/modeling for Calvin-- writing and reading teachers collaborating for STAAR)	2- More resources to build background and to help scaffold for SPED/504/ELLs
3- Side by Side planning and collaboration to adjust instruction based on data	3-Lack of thorough training for all language/ELA/reading curriculum and programs

	4-Adding 1 STAAR day per week to incorporate practice that is aligned (include practice with STAAR redisigned materials)

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Title I Personnel 20

Campus Funding Summary 21

Addendums 22

Comprehensive Needs Assessment

Revised/Approved: September 13, 2022

Demographics

Demographics Summary

IDEA Rise College Prep was founded in 2019. Currently we serve aproximately 480 students in grades 6-9.

See PDF in Addendum for more information.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): We need to increase our student persistence as we have yet to meet the 90% goal since our founding. **Root Cause:** 1. There has been a lack of clear communication with families who enroll towards the end of the summer and beginning of the school year. 2. There has been a lack of survey data indicating what aspects of the school keep our families returning back year after year and which aspects are missing.

Problem Statement 2 (Prioritized): We need to increase our student attendance as we did not meet our 97.5% ADA goal last year. **Root Cause:** 1. There has been a lack of communication with families on the importance of regular school attendance. 2. There has been a lack of messaging and incentives to students on the importance of regular school attendance.

Student Learning

Student Learning Summary

Over the past year we have attained strong academic progress as a school. In our most recent accountability ratings, we received a 92 for student achievement, a 95 for school progress, and a 100 for closing the gaps.

See PDF in Addendum for more information.

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Our 6th grade ELA approaches, meets, and masters scores have have minimal increase year over year. **Root Cause:** 1. Instruction has lacked in rigor and we haven't provided strong training on what exemplary instruction in ELA looks, sounds, and feels like.

Problem Statement 2 (Prioritized): Our TELPAS speaking scores have significantly lagged the other TELPAS domains. **Root Cause:** 1. We have not provided teachers with training on how to incorporate speaking and listening into their content. 2. We haven't effectively benchmarked and tracked students progress throughout the year.

School Processes & Programs

School Processes & Programs Summary

Currently our campus provides initial leadership training over the summer and ongoing side by side training throughout the year. Additionally, each member of our leadership team is provided with clear roles/responsibilities. Similiarly, we provide initial teacher training during the summer and use the trends from instructional rounds and student data in order to provide ongoing and responsive training throughout the year.

See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

See PDF in Addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): We have had difficulty recruiting high-quality, mission aligned instructional staff members. **Root Cause:** 1. Last year, we did not begin the hiring process until January/February and by this point, many high quality candidates already had taken roles in other organizations. 2. Our recruitment materials and strategies were generalized for all of IDEA and were not specific to Rise College Prep.

Problem Statement 2 (Prioritized): We have had difficulty retaining instructional staff members in SpEd and electives. **Root Cause:** 1. We did not effectively onboard our SpEd teachers to both aspects of their role--case managers and effective teachers. 2. We did not effectively support our SpEd teachers, especially during the first 30 days where they have to execute multiple high priority tasks.

Perceptions

Perceptions Summary

Over this past year, we had a staff turnover rate of over 20%. This was significantly higher than previous years where we had between 10%-15% staff turnover. We had high climate and culture survey reports (over 85) as measured by great places to work.

See PDF in Addendum for more information.

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): The number of risk assessments and students requiring partial or full hospitalization programs for mental health has increased significantly. **Root Cause:** 1. The pandemic has exacerbated students mental health needs by increasing students anxiety as well as straining family resources. 2. There hasn't been adequate resources provided to the school in order to keep up with the increasing demand for mental health supports.

Problem Statement 2 (Prioritized): The number of families participating in school events has declined. **Root Cause:** 1. The pandemic has made families less likely to attend in-person events, especially during surges in Covid-19. 2. Many families have had to pick up additional hours/shifts making it hard for them to attend events.

Priority Problem Statements

Problem Statement 1: We need to increase our student persistence as we have yet to meet the 90% goal since our founding.

Root Cause 1: 1. There has been a lack of clear communication with families who enroll towards the end of the summer and beginning of the school year. 2. There has been a lack of survey data indicating what aspects of the school keep our families returning back year after year and which aspects are missing.

Problem Statement 1 Areas: Demographics

Problem Statement 2: We need to increase our student attendance as we did not meet our 97.5% ADA goal last year.

Root Cause 2: 1. There has been a lack of communication with families on the importance of regular school attendance. 2. There has been a lack of messaging and incentives to students on the importance of regular school attendance.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Our 6th grade ELA approaches, meets, and masters scores have have minimal increase year over year.

Root Cause 3: 1. Instruction has lacked in rigor and we haven't provided strong training on what exemplary instruction in ELA looks, sounds, and feels like.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Our TELPAS speaking scores have significantly lagged the other TELPAS domains.

Root Cause 4: 1. We have not provided teachers with training on how to incorporate speaking and listening into their content. 2. We haven't effectively benchmarked and tracked students progress throughout the year.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: We have had difficulty recruiting high-quality, mission aligned instructional staff members.

Root Cause 5: 1. Last year, we did not begin the hiring process until January/February and by this point, many high quality candidates already had taken roles in other organizations. 2. Our recruitment materials and strategies were generalized for all of IDEA and were not specific to Rise College Prep.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: We have had difficulty retaining instructional staff members in SpEd and electives.

Root Cause 6: 1. We did not effectively onboard our SpEd teachers to both aspects of their role--case managers and effective teachers. 2. We did not effectively support our SpEd teachers, especially during the first 30 days where they have to execute multiple high priority tasks.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: The number of risk assessments and students requiring partial or full hospitalization programs for mental health has increased significantly.

Root Cause 7: 1. The pandemic has exacerbated students mental health needs by increasing students anxiety as well as straining family resources. 2. There hasn't been adequate resources provided to the school in order to keep up with the increasing demand for mental health supports.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: The number of families participating in school events has declined.

Root Cause 8:
1. The pandemic has made families less likely to attend in-person events, especially during surges in Covid-19. 2. Many families have had to pick up additional hours/shifts making it hard for them to attend events.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Goals

Goal 1: Increase staff retention to 85%

Performance Objective 1: By the end of the 22-23 school year. Rise College Prep will receive an 85+ rating on the great places to work survey.

High Priority

Student Learning
Problem Statement 1: Our 6th grade ELA approaches, meets, and masters scores have have minimal increase year over year. **Root Cause**: 1. Instruction has lacked in rigor and we haven't provided strong training on what exemplary instruction in ELA looks, sounds, and feels like.

Goal 3: IDEA Rise College Prep achieves an A rating

Performance Objective 2: By the end of the 22-23 school year, Rise College Prep will meet all domain 3 metrics for our special education students.

High Priority

Evaluation Data Sources: STAAR

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Special education teachers will provide additional tutoring for our special education students who are off-track to meet their end of year goals. **Strategy's Expected Result/Impact:** Increased student achievement. **Staff Responsible for Monitoring:** Assistant Principal of Instruction **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math	40%	45%		

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA Rise College Prep achieves an A rating

Performance Objective 3: By the end of the 22-23 school year, Rise College Prep will have 90% of its students meeting their MVPA goals in PE.

High Priority

Evaluation Data Sources: IHT fitness data.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Support the PE teachers to engage 100% of students in physical activities for at least 30 minutes per day. **Strategy's Expected Result/Impact:** Increasing the % of students meeting their MVPA goals. **Staff Responsible for Monitoring:** Assistant Principals of Instruction **Title I:** 2.4, 2.6				

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase student daily attendance

Performance Objective 1: By the end of the 22-23 school year, Rise College Prep will attain an average daily attendance of 97%+.

High Priority

Evaluation Data Sources: Attendance data.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Utilize weekly incentives to increase the ADA at Rise College Prep. **Strategy's Expected Result/Impact:** An increase in ADA **Staff Responsible for Monitoring:** Assistant Principal of Operations and Student Success Advisor. **Title I:** 2.6 **Problem Statements:** Demographics 2	40%	50%		

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 2: We need to increase our student attendance as we did not meet our 97.5% ADA goal last year. **Root Cause**: 1. There has been a lack of communication with families on the importance of regular school attendance. 2. There has been a lack of messaging and incentives to students on the importance of regular school attendance.

Goal 5: Increase student persistence to 90%.

Performance Objective 1: By the end of the 22-23 school year, Rise College Prep will have 90%+ of its students persist.

High Priority

Evaluation Data Sources: School enrollment data.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Hold monthly family engagement events. **Strategy's Expected Result/Impact:** Increase the amount of families connected to our school and increase our student persistence. **Staff Responsible for Monitoring:** Student Success Advisor & Social Worker **Title I:** 2.6 **Problem Statements:** Demographics 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: We need to increase our student persistence as we have yet to meet the 90% goal since our founding. **Root Cause**: 1. There has been a lack of clear communication with families who enroll towards the end of the summer and beginning of the school year. 2. There has been a lack of survey data indicating what aspects of the school keep our families returning back year after year and which aspects are missing.

Goal 5: Increase student persistence to 90%.

Performance Objective 2: By the end of the 22-23 school year, Rise College Prep will reduce the number of violent code of conduct offenses by 10%.

High Priority

Evaluation Data Sources: Student discipline data.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Hold mediations when students are in conflict with each other. **Strategy's Expected Result/Impact:** A reduction in the number of violent code of conduct offenses. **Staff Responsible for Monitoring:** Student Success Advisor & Social Worker **Title I:** 2.6 **Problem Statements:** Demographics 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: We need to increase our student persistence as we have yet to meet the 90% goal since our founding. **Root Cause**: 1. There has been a lack of clear communication with families who enroll towards the end of the summer and beginning of the school year. 2. There has been a lack of survey data indicating what aspects of the school keep our families returning back year after year and which aspects are missing.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 30

Addendums 31

Comprehensive Needs Assessment

Demographics

Demographics Summary

We are an Elementary school with 855 student enrollment serving 97% hispanic population with a 96% economic disadvantaged serving 5% special education and 74% ELs. We are an A rated campus that met 5 out of 6 distinctions showing 100% growth with all student groups. We met 100% English Language Proficiency targets.

See PDF in Addendum for more information.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need of consistently implementing student celebrations across grade levels and as a campus. **Root Cause:** Lack of an accountability system and time to consistently implement campus celebrations.

Problem Statement 2: There is a need to increase accountability on the uniform policy with students and staff. **Root Cause:** In these past years, due to the pandemic, and the inconsistency of in person and virtual instruction, our priority was the safety of our students. As a consequence this area was greatly impacted.

Problem Statement 3 (Prioritized): There is a need to increase student daily attendance. **Root Cause:** Adult culture has been affected by our recent COVID years. Both parents and school staff have become complacent with a higher number of absences. Some parents are lacking a sense of urgency to move their children's education progress. School staff have also lowered the pressure to hold parents and students accountable to ensure students are in our classrooms.

Student Learning

Student Learning Summary

We are an A rated campus that met 5 out of 6 distinctions showing 100% growth with all student groups. We met 100% English Language Proficiency targets.

"See PDF in Addendum for more information."

Student Learning Strengths

"See PDF in Addendum for more information."

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Teachers have gaps in understanding the vertical alignment in content across grades and how this extends into college readiness. **Root Cause:** There is a disconnect between the district curriculum and state TEKS. There exists a lack of accountability in content leading preparation.

Problem Statement 2: 3rd- 5th grade students lack the typing skills needed to be successful in the state assessment. **Root Cause:** The tools and time needed to integrate typing skills in the curriculum were not available due to schedule and lack of resources.

Problem Statement 3: Student Tracker system was not consistently used for performance on a weekly basis. **Root Cause:** There exists a lack of consistency and use of student trackers. Students did not participate in tracking individual progress and therefore, did not use it to celebrate progress.

Problem Statement 4 (Prioritized): There is a need to increase the percentage of current PK-2nd grade students exiting on grade level in DI Reading. **Root Cause:** The excessive level of rigor, in addition to pre-existing COVID gaps, presented unforeseen conceptual gaps that teachers were not adequately trained to address.

Problem Statement 5 (Prioritized): There is a need to increase the percentage of approaches, meets, and masters for STAAR Math in 3rd-5th. **Root Cause:** Curriculum is often lacking TEKS alignment, which in turn, limits instruction and inability to provide sufficient at bat opportunities for student independent practice.

Problem Statement 6 (Prioritized): Student work is not reflecting accurate mastery across contents. **Root Cause:** Teachers are not effectively providing sufficient independent practice time.

Problem Statement 7 (Prioritized): There is a need to increase the percentage of Meets and Masters for STAAR Reading in 4th and 5th **Root Cause:** Teachers need to provide more at bats opportunities for students to show comprehension and vocabulary development,

School Processes & Programs

School Processes & Programs Summary

Our campus sets clear roles and responsibilities for our leaders and holds them accountable. We conduct weekly instructional rounds where we identify trends and plan a targeted Professional Development to address the gap. Leaders have coaching conversations where they work one on one with teachers on individual action steps.

"See PDF Addendum for more information."

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year

- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Lack of opportunities for staff members to build relationships amongst colleagues. **Root Cause:** Our campus has not prioritized team builders in order to promote participation within school activities.

Problem Statement 2 (Prioritized): Campus does not provide parents with informational tours in order for them to understand our culture and curriculum. **Root Cause:** Due to COVID restrictions and staff/students' safety these tours were cancelled.

Problem Statement 3 (Prioritized): There is a need to create a healthy work-life balance among our staff. **Root Cause:** Teachers feel overwhelmed and defeated due to high demands of the district and year to year changes across the organization.

Perceptions

Perceptions Summary

We are a campus that year after year has met staff retention with more than 85% of our staff staying with us. Our parents have an opportunity to communicate with teachers through established systems (Remind, Class Dojo, TEAMs). The only barrier that we have seen in the past two years to see parents participation in person is COVID.

See PDF in Addendum for more information.

Perceptions Strengths

See PDF Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: There is a need to focus on the social emotional wellness of all learners. **Root Cause:** There is a greater focus on the academic aspect rather than focusing on the child as a whole.

Problem Statement 2 (Prioritized): There is a break in communication amongst stakeholders about school wide events. **Root Cause:** There is not a consistent form of communication amongst stakeholders.

Priority Problem Statements

Problem Statement 1: Teachers have gaps in understanding the vertical alignment in content across grades and how this extends into college readiness.

Root Cause 1: There is a disconnect between the district curriculum and state TEKS. There exists a lack of accountability in content leading preparation.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Campus does not provide parents with informational tours in order for them to understand our culture and curriculum.

Root Cause 2: Due to COVID restrictions and staff/students' safety these tours were cancelled.

Problem Statement 2 Areas: School Processes & Programs

Problem Statement 3: There is a break in communication amongst stakeholders about school wide events.

Root Cause 3: There is not a consistent form of communication amongst stakeholders.

Problem Statement 3 Areas: Perceptions

Problem Statement 4: There is a need to increase student daily attendance.

Root Cause 4: Adult culture has been affected by our recent COVID years. Both parents and school staff have become complacent with a higher number of absences. Some parents are lacking a sense of urgency to move their children's education progress. School staff have also lowered the pressure to hold parents and students accountable to ensure students are in our classrooms.

Problem Statement 4 Areas: Demographics

Problem Statement 5: There is a need of consistently implementing student celebrations across grade levels and as a campus.

Root Cause 5: Lack of an accountability system and time to consistently implement campus celebrations.

Problem Statement 5 Areas: Demographics

Problem Statement 6: There is a need to increase the percentage of current PK-2nd grade students exiting on grade level in DI Reading.

Root Cause 6: The excessive level of rigor, in addition to pre-existing COVID gaps, presented unforeseen conceptual gaps that teachers were not adequately trained to address.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: There is a need to increase the percentage of approaches, meets, and masters for STAAR Math in 3rd-5th.

Root Cause 7: Curriculum is often lacking TEKS alignment, which in turn, limits instruction and inability to provide sufficient at bat opportunities for student independent practice.

Problem Statement 7 Areas: Student Learning

Problem Statement 8: Student work is not reflecting accurate mastery across contents.

Root Cause 8: Teachers are not effectively providing sufficient independent practice time.

Problem Statement 8 Areas: Student Learning

Problem Statement 9: There is a need to create a healthy work-life balance among our staff.
Root Cause 9: Teachers feel overwhelmed and defeated due to high demands of the district and year to year changes across the organization.
Problem Statement 9 Areas: School Processes & Programs

Problem Statement 10: Lack of opportunities for staff members to build relationships amongst colleagues.
Root Cause 10: Our campus has not prioritized team builders in order to promote participation within school activities.
Problem Statement 10 Areas: School Processes & Programs

Problem Statement 11: There is a need to increase the percentage of Meets and Masters for STAAR Reading in 4th and 5th
Root Cause 11: Teachers need to provide more at bats opportunities for students to show comprehension and vocabulary development,
Problem Statement 11 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Covid-19 Factors and/or waivers for Assessment, Accountability, ESSA, Missed School Days, Educator Appraisals, etc.
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain

- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Attendance data
- Student surveys and/or other feedback
- Class size averages by grade and subject
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices
- Other additional data

Goals

Goal 1: Increase staff retention

Performance Objective 1: By June 2023 IDEA Riverview will increase 2% in staff retention.

Evaluation Data Sources: Staff Development Cycle
Individual Pulse Checks

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Leaders will create systems in which changes will be prioritized and planning time will be consistently respected. **Strategy's Expected Result/Impact:** Teachers will be able to maximize their planning time. **Staff Responsible for Monitoring:** Principal and Direct managers **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** School Processes & Programs 3	25%	50%	0%	

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

School Processes & Programs
Problem Statement 3: There is a need to create a healthy work-life balance among our staff. **Root Cause**: Teachers feel overwhelmed and defeated due to high demands of the district and year to year changes across the organization.

Goal 1: Increase staff retention

Performance Objective 2: By June 2023, IDEA Riverview Academy will increase 10% in the GPTW survey.

Evaluation Data Sources: GPTW Survey

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Monthly team builders will be implemented. **Strategy's Expected Result/Impact:** Build teacher relationships and create camaraderie. **Staff Responsible for Monitoring:** Grade Level Leaders **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** School Processes & Programs 1	25%	50%	0%	

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 2 Problem Statements:

School Processes & Programs
Problem Statement 1: Lack of opportunities for staff members to build relationships amongst colleagues. **Root Cause**: Our campus has not prioritized team builders in order to promote participation within school activities.

Goal 2: All IDEA students matriculate to college

Performance Objective 1: By the end of the 2022-23 school year, IDEA Riverview Academy Sub Populations will increase their meets results by 10%.

High Priority

HB3 Goal

Evaluation Data Sources: Semester exams
Mock exams

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers will be able to identify students in each Sub Population group **Strategy's Expected Result/Impact:** Target/Priority students will be identified **Staff Responsible for Monitoring:** Teachers **Title I:** 2.6 **- TEA Priorities:** Improve low-performing schools	25%	50%	0%

Strategy 1: AR zone facilitator will work in collaboration with teachers to ensure they reinforce academic vocabulary and integrates consistently comprehension questions during their reading time. **Strategy's Expected Result/Impact:** Increase performance in meets and masters. **Staff Responsible for Monitoring:** AR facilitator and Instructional Leaders **Title I:** 2.4, 2.5 **- TEA Priorities:** Improve low-performing schools **Problem Statements:** Student Learning 7 **Funding Sources:** AR Zone Facilitator - Federal Grant	25%	50%		

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 5 Problem Statements:

Student Learning
Problem Statement 7: There is a need to increase the percentage of Meets and Masters for STAAR Reading in 4th and 5th **Root Cause**: Teachers need to provide more at bats opportunities for students to show comprehension and vocabulary development,

Goal 4: Increase student daily attendance

Performance Objective 1: By May 2023 IDEA Riverview Academy will increase 2.5% in ADA.

High Priority

Evaluation Data Sources: Daily Attendance Reports
ADA Escalation Matrix

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Increase the sense of urgency by having more routine meetings with parents regarding their child's attendance and academic progress. School leaders will hold instructional staff accountable for some of these meetings as well as be an active participant in some of the tougher conversations with high absentee students. **Strategy's Expected Result/Impact:** Increment in child's attendance **Staff Responsible for Monitoring:** Teachers, Assistant Principal, Assistant Principal of Operations, Principal **Title I:** 2.5 - **TEA Priorities:** Improve low-performing schools **Problem Statements:** Demographics 3	25%	50%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 3: There is a need to increase student daily attendance. **Root Cause**: Adult culture has been affected by our recent COVID years. Both parents and school staff have become complacent with a higher number of absences. Some parents are lacking a sense of urgency to move their children's education progress. School staff have also lowered the pressure to hold parents and students accountable to ensure students are in our classrooms.

Goal 5: Increase student persistence

Performance Objective 1: By the end of the second week of the 2023-24 school year, IDEA Riverview will increase 3% in overall student persistence.

Evaluation Data Sources: Enrollment Report
Persistence Dashboard

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers will implement Move this World Curriculum daily with fidelity. **Strategy's Expected Result/Impact:** Students will learn social emotional skills and strategies that will help them cope with their feelings. **Staff Responsible for Monitoring:** SSA **Title I:** 2.6	25%	25%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 5: Increase student persistence

Performance Objective 2: By the end of June 2023, IDEA Riverview Academy will increase 3% in their total IHT minute completion.

Evaluation Data Sources: IHT monitors

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teacher will use Academic Block to target students who are not completing their weekly IHT minutes. **Strategy's Expected Result/Impact:** Increse in the amount of IHT minutes. **Staff Responsible for Monitoring:** PE coach **TEA Priorities:** Improve low-performing schools				

 No Progress Accomplished Continue/Modify Discontinue

Goal 5: Increase student persistence

Performance Objective 3: By the end of May 2023, all IRA PK-5th grade students will receive social emotional support 5 days a week to promote growth mindset.

Evaluation Data Sources: Move this world participation, parent meetings documentation, MTW observations

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: At IRA all teachers will reinforce and consitently implement Move This World curriculum during homeroom time 5 days a week. **Strategy's Expected Result/Impact:** Move This World participation, persistence and attendance results. Also, students are able to make better behavioral decisions and understand how to manage their emotions. **Staff Responsible for Monitoring:** Academic Counselor **TEA Priorities:** Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture

Annual Performance Objectives (APO)

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%

1B. % of graduates matriculate to a Tier I/II College or University: 15% | 25%

1C. % of Seniors accepted to a College or University: 100%

1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%

1E. Earned State Rating: A

1F. % Basic | % Mastery | % Advanced on LEAP: 82% | 44% | 11%

1G. % Approaches | % Meets | % Masters on STAAR/EOC: 90% | 60% | 30%

1H. % Level 3 | % Level 4 | % Level 5 on FSA/FSAA: 70% | 40% | 20%

1I. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading - Year 1 Campuses | Year 2 Campuses: 80% | 90%

1J. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%

1K. Average ACT score: 21

1L. % of students graduating college in 4 | 6 years: 25% | 55%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%

2B. 80% composit score on GPTW: 82%

2B. %Average Daily Attendance: 97.50%

2C. New Student Persistence: 90%

2D. Operating Income: $133M

2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%

3B. Enrollment in August 2020: 83,894

3C. Schools in operation in August 2020: 149

3D. Total Funds Raised (millions): $93M

Reflections

Areas of Strength	Areas of Need
1. Consistent use of Word problem t-chart.	1. Vertical Alignment planning early in the year.
2. Team and family with math facts- Our electives team able to assist with its implementation	2. Vertical align strategies from beginning to show consistency.
3. Dreambox engaged and inform students of new math topic.	3. Students use Individual assessments tracker.
4. The use of manipulatives during instructional time.	4. Conversations with students how they did in each assessment.

5. Level of engagment and energy from all math teachers.	5. Implement calendar time.
6. Hotspot tracker motivated students to complete math lessons in Dreambox.	6. Combine all trackers in one spiral notebook.
7. Math projects to introduce new topics.	7. TEKS professional developments for all grade levels.
8. Instructional materials and resources are available for students and teachers to use.	8. Math interventionist needed for student support.

Reflections

Areas of Strength	Areas of Need
1 Starting Wit and Wisdom program at Kindergarten.	1 Classroom print to support literacy. (Alphabet, labeling)
2 Formative Assessments throughout all grade levels.	2 Enough Wit Wisdom classroom set of books to practice with all students.
3 Pre-K Transition Program helping students develop language skills.	3 Wit and Wisdom curriculum lacks alignment with TEKS
4 RMT curriculum supports student comprehension and writing skills. Also supports with letter identification and sounds.	4. TEKS vocabulary starting at 1st grade

5 Wit and Wisdom variety of genre of books support	5 Bring back AR books for students in classroom.
	6 Have student transitions due to loss of time for instruction.
	7. Practicing typing skills for STAAR.
	8. RISE Attainment program doesn't align with STAAR

Reflections	
Areas of Strength	**Areas of Need**
1 Content materials available for student and teacher use.	1 Maps throghout the classrooms. Ex: Texas Map, USA Map, World Map, Maps of the Major Rivers and Landmarks.
2 Very structured curriculum.	2 Classroom materials readily available in order to perform more projects.
3 Students are excited to learn about the content.	3 More storage space for all the classroom materials.
4 Course leaders are always available and helpful.	4 Bring in outside presenters such as museums (?)
5. Webinars were insightful.	5. Plan field trips to historical landmarks or places with historical themes
6. Freedom to adjust lessons as needed.	6. More outside projects that align with the holidays and cultures here in the Valley.
7. Unit Exams are available and we are able to backwards plan.	7. Lockdown browsers or a program on computers that do not allow students on the internet during lessons.
8. Students are able to connect to the content.	8. Academic vocabulary too advanced for students
	9. Implementation of multiple choice for exit tickets and exams.
	10. Need for ELL help.

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Riverview College Preparatory is an open enrollment public charter school that serves students in grades 6th through 12th. IDEA Riverview College Preparatory serves a total of 744 students, ranging in ages 11 to 19. Special programs offered at IDEA Riverview College Preparatory include: CTE, Special Education, and Athletics. IDEA Riverview College Preparatory is a designated T-STEM Academy, serving 100% of students in grades 9 through 12. Deomgraphic data from the 21-22 TEA school report card indicates that:

- 98.7% of students are Hispanic
- 1.3% of students are White
- 95.6% of students are Economically Disadvantaged
- 6.3% of students are served in the Special Education program
- 52.7% of students are Emergant Bilingual/English Learners

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1: 60% of students are Emerging Bilingual **Root Cause:** Students are moving to this country or are coming from another District where there were taught in Spanish

Problem Statement 2 (Prioritized): There is a need to increase Average Daily Attendance because it has declined over the past two years. **Root Cause:** -COVID positive cases have decreased the student daily attendance -Campus holding meetings to support and hold teachers, parents and students accountable for student daily attendance.

Student Learning

Student Learning Summary

IDEA Riverview College Preparatory earned an A Rating from TEA, specifically a 97 out of 100, and the following outcomes in each domain:

- Domain I: Student Achievement - 90 out of 100
- Domain II: School Progress - 96 out of 100
- Domain III: Closing the Gaps - 100 out of 100

Data from Domain III indicates that 100% of our demographic groups met academic achievement and academic growth targets.

Riverview College Preparatory performed in the top quartile in their comparative group, having earned the following distinctions:

- Academic Achievement in English/Language Arts/Reading
- Academic Achievement in Mathematics
- Academic Achievement in Science
- Academic Achievement in Social Studies
- Top 25%: Comparative Academic Growth
- Postsecondary Readiness
- Top 25%: Comparative Closing the Gaps

In the past, IDEA Riverview College Preparatory did not receive accountability ratings in 2019 - 2020 and 2020 - 2021, due to the COVID-19 pandemic. An A Rating was earned in 2018 - 2019.

In terms of CCMR, we had 93% of our Class of 2022 meeting a CCMR indicator, for either being TSI Exempt, passing an AP Exam, obtaining an Industry Based Certification, or completing an OnRamps Dual Enrollment Course.

See PDF in Addendum for more information.

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The percent of students passing the TSI exams has increased minimally over the past several years. **Root Cause:** Instruction is often lacking in rigor because we do not prioritize training teachers and leaders on what skills are needed to master the TSI assessments.

Problem Statement 2 (Prioritized): The average ACT composite score has not increased significantly. **Root Cause:** There is a lack of resources for student preparation.

School Processes & Programs

School Processes & Programs Summary

Actions that we take to support powerful teaching and learning on our campus include teacher development. We complete the OCS (outcomes, causes, and solutions) to help our teachers grow and develop. We follow the coaching cycle. At our campus, we observe our teachers diagnose the most pressing problems. After the observation, we plan a check-in meeting to give the action steps that will assist with understanding the feedback and improve their teaching skills. The last part of the cycle is the follow-up. In the follow-up, leaders observe the teachers see if they mastered the skills. If teachers did not master the skills, the leaders provided lesson rehearsals to assist with practice and feedback. Leaders plan for professional development to address the root cause of low performance when there is a downward performance trend in teacher practices. For example, if there is a trend of lack of classroom management, leaders plan classroom management professional development to focus on this gap.

School Processes & Programs Strengths

See PDF in Addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Purchasing Process is not clear. Teachers don't receive resources on time **Root Cause:** -Business office doesn't have a clear process to purchase what school needs to conduct teaching and learning

Problem Statement 2 (Prioritized): Our teacher retention was less than 85% **Root Cause:** -Leader to teacher ratio is too high, resulting in challenging work-life balance for both teachers and leaders

Perceptions

Perceptions Summary

-How are parent/guardian/community participation rates measured?

*Parent/guardian/community participation is measured through sign-in sheets at the entrance of every event

-Are there any barriers that prevent participation by parents/guardians/community?

*Afterschool hours: parents get out of work late and cannot make it to the meeting

*Not enough reminders to support with parents/guardians/community participation

*See PDF in Addendum for more information.

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Only 93% Families attended end of the year Award Ceremonies **Root Cause:** -Ensure communication with parents is through all platforms Facebook, Remind and school messenger. -Once communication has been made, also make sure to schedule reminders -Include joy factor for students and parents to be happy and to celebrate student achievement.

Problem Statement 2 (Prioritized): Only 90% Families Attended to the Welcome to IDEA event. **Root Cause:** -Ensure communication with parents is through all platforms Facebook, Remind and school messenger. -Once communication has been made, also make sure to schedule reminders -Include joy factor for students and parents to be happy and they look forward to the new chapter in their life. -End of school pep rallys done through both campuses AC and CP and MS transition to HS.

Priority Problem Statements

Problem Statement 1: The percent of students passing the TSI exams has increased minimally over the past several years.

Root Cause 1: Instruction is often lacking in rigor because we do not prioritize training teachers and leaders on what skills are needed to master the TSI assessments.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Only 90% Families Attended to the Welcome to IDEA event.

Root Cause 2: -Ensure communication with parents is through all platforms Facebook, Remind and school messenger. -Once communication has been made, also make sure to schedule reminders -Include joy factor for students and parents to be happy and they look forward to the new chapter in their life. -End of school pep rallys done through both campuses AC and CP and MS transition to HS.

Problem Statement 2 Areas: Perceptions

Problem Statement 3: Only 93% Families attended end of the year Award Ceremonies

Root Cause 3: -Ensure communication with parents is through all platforms Facebook, Remind and school messenger. -Once communication has been made, also make sure to schedule reminders -Include joy factor for students and parents to be happy and to celebrate student achievement.

Problem Statement 3 Areas: Perceptions

Problem Statement 4: The average ACT composite score has not increased significantly.

Root Cause 4: There is a lack of resources for student preparation.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Purchasing Process is not clear. Teachers don't receive resources on time

Root Cause 5: -Business office doesn't have a clear process to purchase what school needs to conduct teaching and learning

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: There is a need to increase Average Daily Attendance because it has declined over the past two years.

Root Cause 6: -COVID positive cases have decreased the student daily attendance -Campus holding meetings to support and hold teachers, parents and students accountable for student daily attendance.

Problem Statement 6 Areas: Demographics

Problem Statement 7: Our teacher retention was less than 85%

Root Cause 7: -Leader to teacher ratio is too high, resulting in challenging work-life balance for both teachers and leaders

Problem Statement 7 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant information
- SAT and/or ACT assessment data
- PSAT
- Student Success Initiative (SSI) data for Grades 5 and 8
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Observation Survey results
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups

- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity, gender, etc.
- Section 504 data
- Homeless data
- Response to Intervention (RtI) student achievement data
- Dual-credit and/or college prep course completion data
- STEM and/or STEAM data
- Pregnancy and related services data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Budgets/entitlements and expenditures data

- Study of best practices

Goals

Goal 1: Increase staff retention

Performance Objective 1: By the Spring of 2023, IDEA Riverview College Prep will earn a 90% or higher in favorable responses on the Great Places to Work Staff Survey.

High Priority

Comprehensive Needs Assessment

Revised/Approved: September 14, 2022

Demographics

Demographics Summary

IDEA Robindale Academy was founded in 2019 with grades K-2nd. We are an open enrollment K-5th charter school now in 2022. We are located at 3802 Ruben M Torres Blvd, Brownsville, TX 78521. Our current enrollment is 730 students as of August 2022. We strive to serve low socioeconmic areas to support our mission of going to and through college. Our demographics are the following: we have 11.99% SPED scholars, 46.91% EB scholars, 88.36% scholars that are eco dis, 92.24% hispanic, .53% asian, .35% african american and 6.8% white. 48% of our scholars are male and 52% are female.

See PDF in Addendum for more information

Demographics Strengths

See PDF in Addendum for more information

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Overall student persistence declined under the 90% **Root Cause:** 1) Lack of parent-teacher communication. 2) lack of consistency following communication flow chart

Problem Statement 2 (Prioritized): overall attendance declined under the 97% goal **Root Cause:** 1) No celebrations or incentives for scholars who were here. 2) Lack of accountability to those who were absent with phone calls or meetings.

Student Learning

Student Learning Summary

We received 4/5 distinctions which were academic achievement in ELA/ reading and math, top 25% comparative academci growth and top 25% comparative closing the gaps. For 4th grade reading 82% of scholars met their growth goal and for 4th grade math 86% of scholars met their growth goal. For K-2nd 72% on average ended the year on grade level for reading. For 3rd and 4th STAAR but ELA and Math had 50% of SPED scholars pass their STAAR test.

See PDF in Addendum for more information

Student Learning Strengths

See PDF in Addendum for more information

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Teachers were not equipped with the skill to pull student data and adjust teaching on a daily basis. **Root Cause:** Instruction was often going over time stamps and teachers were then left to play catch up the next day. Lesson pacing was non evident and student pacing was lagged.

Problem Statement 2 (Prioritized): Teachers minimally got to meet with teachers of same content on campus. **Root Cause:** Teachers were not able to stay beyond work hours to collaborate due to set PD schedule and planning time scheduled in the day did not allow for cross grade collabs.

Problem Statement 3: Campus lacked implementation of differentiation on teacher's lesson plans. **Root Cause:** Teachers were sticking to curriculum provided and were not knowledgeable with enough content to be able to adjust and make changes.

School Processes & Programs

School Processes & Programs Summary

We have a year long scope and sequence for our PD calendar that we adjust based on trends if needed. We prioritize culture and team building at beginnning of year and move into content and rigor. For PD, two days of the month are PD sessions and two are content meetings. The important piece of PD is ensuring there is practice time with feedback and ultimately ensuring managers observe, follow up and coach the skill in class. Actions leaders take on a daily basis are observing teachers are an assigned skill, meet with them to model and coach the skill then follow up to mastery. As a campus we provide teachers with weekly lesson plan feedback, lesson rehearsals and coplanning as many as needed depending on the level of the teacher.

See PDF in Addendum for more information

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

See PDF in Addemdum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Campus did not have a clear onboarding plan for staff that started during the year. **Root Cause:** 1)Campus did not have any kind of mentor mentee program 2)Managers did not sit and review expectations with staff

Problem Statement 2 (Prioritized): Campus did not have a system that consistently and publicly celebrates staff members **Root Cause:** 1) There was not criteria for success or a system 2)Celebrations that occurred were not public in front of peers or parents

Perceptions

Perceptions Summary

Parent engagement events have been very successful. As a campus we had 72% of families attend our festivals. Feedback we got was positive and families look forward to our summer events also. Staff turnover was at 85.71% last year. Our goal was 85% so we did meet it. Our leavers moved to somewhere there was no IDEA or switched career paths. As a campus we have many forms of communication for parents. We use facebook, remind and classdojo. We also have parent weekly that goes out where parents can see celebrations and important information aboout what is happening on campus. We send out monthly org health surveys for our campus to see what is going well and areas or trends we need to work on.

See PDF in Addendum for more information

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Campus did not show parents what learning looked like on a day to day in classrooms **Root Cause:** 1)As a campus, we did not share pictures of what was happening in the classroom. 2) We did not celebrate students consistently

Problem Statement 2 (Prioritized): Campus did not consistently build relationships with parents **Root Cause:** 1)Campus did not host any in person events 2) Campus lacked communication system that all parents used

Priority Problem Statements

Problem Statement 1: Overall student persistence declined under the 90%
Root Cause 1: 1) Lack of parent-teacher communication. 2) lack of consistency following communication flow chart
Problem Statement 1 Areas: Demographics

Problem Statement 2: Teachers were not equipped with the skill to pull student data and adjust teaching on a daily basis.
Root Cause 2: Instruction was often going over time stamps and teachers were then left to play catch up the next day. Lesson pacing was non evident and student pacing was lagged.
Problem Statement 2 Areas: Student Learning

Problem Statement 3: Teachers minimally got to meet with teachers of same content on campus.
Root Cause 3: Teachers were not able to stay beyond work hours to collaborate due to set PD schedule and planning time scheduled in the day did not allow for cross grade collabs.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Campus did not have a system that consistently and publicly celebrates staff members
Root Cause 4: 1) There was not criteria for success or a system 2)Celebrations that occurred were not public in front of peers or parents
Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Campus did not have a clear onboarding plan for staff that started during the year.
Root Cause 5: 1)Campus did not have any kind of mentor mentee program 2)Managers did not sit and review expectations with staff
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Campus did not show parents what learning looked like on a day to day in classrooms
Root Cause 6: 1)As a campus, we did not share pictures of what was happening in the classroom. 2) We did not celebrate students consistently
Problem Statement 6 Areas: Perceptions

Problem Statement 7: Campus did not consistently build relationships with parents
Root Cause 7: 1)Campus did not host any in person events 2) Campus lacked communication system that all parents used
Problem Statement 7 Areas: Perceptions

Problem Statement 8: overall attendance declined under the 97% goal
Root Cause 8: 1) No celebrations or incentives for scholars who were here. 2) Lack of accountability to those who were absent with phone calls or meetings.
Problem Statement 8 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local benchmark or common assessments data
- Texas approved PreK - 2nd grade assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group

Student Data: Behavior and Other Indicators

- Attendance data
- Student surveys and/or other feedback

Employee Data

- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data

Parent/Community Data

- Parent engagement rate

Support Systems and Other Data

- Communications data

Goals

Goal 1: Increase staff retention

Performance Objective 1: By June 2023, teachers will answer "agree" on 90% of statements on campus org health survey.

High Priority

Evaluation Data Sources: Will be monitored through health org surveys sent quarterly, success will be measured based of responses being 4 (agree) or higher.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Leaders will consistently and publicly recognize a teacher and coteacher of the month by the first of the following month. **Strategy's Expected Result/Impact:** To increase teacher retention **Staff Responsible for Monitoring:** APIs, SC, Principal and Admin Asst. **TEA Priorities:** Recruit, support, retain teachers and principals **Problem Statements:** School Processes & Programs 2	85%	90%		

Strategy 2 Details	Reviews

Reflections

Areas of Strength	Areas of Need
With new leader, there was better organization, clear expectations, and teachers feedback was taken into consideration.	Completing backwards plan at BOY and adjusting quarterly throughout the year as cohort. Getting feedback from manager/coach
Consistent intervention across all grade levels and teachers collaborating to support each other's goals by teaching each other's groups.	Start CSI groups at BOY
Starting interventions and tutorials at BOY.	Better parent communication consistently throughout the year.

% Meeting CSI Goal	Reading
% CSI	47%
% of CSI Mock STAAR	40%

Solutions
Leader/Coach will do a PD quarterly to support teachers on completing backwards. Teachers will turn in deliverable for feedback. Leader/coach will give teachers feedback.
Having rosters ready with placements for first week of school.
Teachers and students updating binder trackers, communicating teacher/program changes and test notices.

Reflections	
Areas of Strength	**Areas of Need**
Consistent daily communication and relationships between teachers and families	SpEd/Rise students did not consistently receive inclusion services due to absences, COVID and/or staffing.
Over 85% of IEP goals met in all RISE units.	Students in RISE had excessive absences and tardies.
Close teamwork and collaboration amongst all RISE units.	Schedule needs to be structured to give gen ed/SPED collab time.

Solutions
Create a schedule at BOY that includes T/S times for inclusion and who will support
Incentivizing ADA specifically for RISE and communication with parents on ADA escalation matrix
Create opportunity at BOY for teachers to collab on assigned collab time.

Reflections	
Areas of Strength	**Areas of Need**
Teacher and administration collaborated though daily exit ticket huddles, lesson rehearsals and LP feedback.	Campus did not prioritize who gets placed in CSI.
Teachers created and implemented test taking strategies, gave daily feedback to scholars on strategies and modified as needed.	Campus did not implement SWAMS this year
Teachers asked HOT questions to students so they could demonstrate their evidence through text.	Teachers need exemplar and coaching on how to support scholars with pacing during testing.

Solutions
Collaboration with SPED teacher and APIs on scheduling.
Add SWAM PD into scope and sequence for the year.
Using visual aids, verbal reminders & timers to remind students of time left during tests and assignments.

ACADEMY

TELPAS Composite Rating (Listening, Speaking, Reading, Writing)

	Listening	Speaking	Reading	Writing	% of ELL Students who grew one or more levels
% Beginning	21%	20%	21%	30%	58%
% Intermediate	39%	41%	44%	38%	
% Advanced	30%	28%	23%	23%	
% Advanced High	10%	11%	11%	10%	

Reflections	
Areas of Strength	**Areas of Need**
Consistently implementing EL accomodations resulted in student growth.	Teachers need to incorporate more writing and typing in class.
Students gained strategies from Dr. E.T that they can continue to use.	Students did not implement reading strategies starting at BOY
Students practiced how to take TELPAS through a tutorial.	Teacher need to add differentiation strategies for ELs on their lesson plans and exemplars.

Solutions
Students will get typing practice in hotspot and be provided activities where they get the opportunity to write daily.
Teachers can show and review strategies at the boy so students can use them on test consistently throughout the year.
Teachers will incorporate strategies on their lesson plans and exemplars based on criteria for success.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 23

Addendums 24

Comprehensive Needs Assessment

Demographics

Demographics Summary

We have 6th through 9th grades. The total enrollment is 375 for middle school 375 (6th-8th) and HS 124 (9th grade). Total of 499 students. Students' ages range from 11-16 years old. We are located in the Rio Grade Valley in Brownsville , Texas and we are a border city. We have open enrollment and students enter a lottery to get selected. There is no lottery for the section since we accept all subpopulations of students Providing equal opportunities. This is a scaling campus and we offer many programs gear to college readiness since our mission is 100% of student going to and through college. '

We offer many programs to close gaps and ensure we Ramon true to our Mission. Some programs include:

CSI:Critical student intervention that targets students 2 years below grade level and provided with small setting instruction on devoting programs to better support them and bring them to the level where they can be successful in class.

Accelerated Reader and Dream Box. These 2 programs provide support to students in individual needs identified by a pre assessment in reading and math. Students work on individual pathways to build foundational skills.

CTE: Career and Technical education: We offer two pathways on fields that are competitive in the work field. We are offering computer programming and biomedical.

AP for all: All students are challenged in advanced or AP classes. At IDEA we believe in AP for all.

Athletics: Our scholars get opportunities to join after school sports such as: golf, volleyball, flag football, soccer, baseball, softball, and track.

Afterschool programs: Students also have opportunities to join various clubs such as art, French, student council, Science, cheerleading, dance and yearbook.

Special programs support: Our scholars have the opportunity to get support in special education through inclusion services. Also scholars in 504 get support with services and small group testing as well as EL students.

"See PDF in Addendum for more information."

Demographics Strengths

"See PDF in Addendum for more information."

Problem Statements Identifying Demographics Needs

Problem Statement 1: Clear expectations are not set and this is causing a break in culture. **Root Cause:** Being a scaling campus, a large volume of New teachers, that are getting

familiarized with expectations, causes inconsistencies in culture reinforcement.

Problem Statement 2 (Prioritized): We are lacking a system to establish clear consequences when expectations are not met and understand the severity of the offense. **Root Cause:** Teachers are not following the Aviator Landing Base (behavior flow chart) and this causes a lack of discipline consistency.

Problem Statement 3 (Prioritized): We did not meet 90% of scholars new to IDEA persistence goal. **Root Cause:** This past year we have struggled with students straying at IDEA. Part of the reason might be poor onboarding due to COVID and restrictions that did not allowed us to set clear expectations to parents. This year this will be a focus. We will engage parents and set very clear expectation as well as to create a joy factor to where scholars are doing to want to come to school every day.

Student Learning

Student Learning Summary

The overall rating was an A rating with 95. On students' achievement, we scored 85/100. School progress 93/100 and closing gaps 100/100. For STAAR performance 87% of students or approached grade level or above in all subjects. In meeting grade level or above we have a 53% in all subjects. In students mastering grade level or above, we scored a 23% in all subjects. 100% of students took STAAR in 21-22. In school progress, we were at 93 academic growth and 92 relative performance. For closing the gaps in academic achievement, we received 30%, and growth status 50%. ELP 10% and student success 10%. We also met 5/6 distinctions: 1. Academic achievement in English Language Arts 2. Academic achievement in mathematics 3. Top 25% comparative academic growth 4. Postsecondary readiness 5. Top 25% comparative closing the gaps

See PDF addendum for more information

Student Learning Strengths

See PDF addendum for more information

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Lack of horizontal and vertical alignment caused a gap between scores in sped and regular populations. **Root Cause:** Conflicts in schedules did not allow for alignment meetings.

Problem Statement 2: Lack of tactile understanding/experimental learning in complex concepts. **Root Cause:** Materials and equipment for labs were limited - still missing complete classroom sets of equipment - Microscopes

Problem Statement 3 (Prioritized): Students did not track their progress early in the year. **Root Cause:** Trackers were used but towards November. Late start on tracking towards goals to hold students accountable and make their progress visible to verbalize.

School Processes & Programs

School Processes & Programs Summary

Our campus develops instructional leaders by building their capacities in each of the coaching cycle components. To enhance their skills, we practice perfect by maintaining norming practices in classroom observations, data gathering tools, using OCS to diagnose possible problems of practice, leading SND as a coaching technique, Next steps implementation, and utilizing data to guide the next steps for leaders, teachers, and students. Roles and responsibilities are clearly defined during onboarding and maintained through annual step-backs. 2. We plan Professional Development by creating a coaching cycle for each teacher at the beginning of the year based on experience and a scope and sequence for instructional development for the year. The scope and sequence are a live document that lends itself to be modified around non-negotiable training and training based on collected data that drives instructional decisions. Data collected based on observations and student assessments guides modification decisions. 3. As a means to support powerful teaching and learning, instructional coaches utilize the coaching cycle daily to gather data to enhance teacher skills to enhance student outcomes. Based on observations, instructional leaders can identify trends that can be addressed either immediately, on the spot during observations, during check-ins, during Monday's Teacher Development, and/or added as a next step. Instructional leaders conduct follow-up observations to support teachers attain mastery of any skills that need to be polished. 4. We offer numerous programs aligned with our vision, mission, goals, and values. These programs highlight high academic expectations. These include but are not limited to AP courses, CTE courses, Critical Student Intervention, Accelerated Reader, and Dream box. Our campus has implemented very strict systems and procedures that are held to very high accountability to maintain a safe and healthy learning environment for all.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There were gaps in cascading information that created confusion or missed opportunities on pertinent information and possible course of action to close identified gaps in a timely manner. **Root Cause:** The lack of one operating mechanism to let all team members know when events are approaching--maintaining consistent use and accessibility to all stakeholders for easy reference.

Problem Statement 2 (Prioritized): Events and celebrations were not consistent throughout the year. **Root Cause:** The lack of a yearly calendar that provides all events, assessments, and professional development that is updated consistently to reflect all events.

Perceptions

Perceptions Summary

1. Staff turnover rate at IDEA Robindale College Prep for the 2021-2022 school year was 81.82% having lost 6 teachers. The average turnover rate improved from the previous year when we ended at 76%. Staff at IDEA believe that teachers are motivated by following the "Teacher Career Pathway" cycle. This incentive motivates teachers who are high performing to stay in the classroom and continue doing what they enjoy doing, without having to leave the classroom for higher pay. When given the culture and climate survey IDEA Robindale scored on average below the district.

2. Parent/guardian/community participation rates are measured in the form of sign-in sheets at each event. Sign-in sheets are given back to our School Counselor who files data and identifies trends. We work together as a team to see what days and times had the highest participation trends to replicate for future events maximizing participation.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Parents/Guardians main form of communication with the school was electronically through remind. Not all parents could receive information making parent engagement a priority on our campus. Families informed teachers and staff that they were not always aware of events even though these were shared through social media platforms. **Root Cause:** Parents/Guardians main form of communication with the school was electronically .

Problem Statement 2: Not having an active PTA that could assist with the planning and execution of events. PTA provides the opportunity to increase involvement, enrollment, and increase of school culture. Lack of parent and family involvement was apparent in school-wide systems. **Root Cause:** Not having an active PTA to create a higher parent involvement in campus based decisions and involvement.

Problem Statement 3 (Prioritized): We were not able to achieve the teacher retention goal. **Root Cause:** Teachers struggled with distance learning and COVID daily changes that affected ADA and persistence.

Priority Problem Statements

Problem Statement 1: We are lacking a system to establish clear consequences when expectations are not met and understand the severity of the offense.

Root Cause 1: Teachers are not following the Aviator Landing Base (behavior flow chart) and this causes a lack of discipline consistency.

Problem Statement 1 Areas: Demographics

Problem Statement 2: We did not meet 90% of scholars new to IDEA persistence goal.

Root Cause 2: This past year we have struggled with students straying at IDEA. Part of the reason might be poor onboarding due to COVID and restrictions that did not allowed us to set clear expectations to parents. This year this will be a focus. We will engage parents and set very clear expectation as well as to create a joy factor to where scholars are doing to want to come to school every day.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Students did not track their progress early in the year.

Root Cause 3: Trackers were used but towards November. Late start on tracking towards goals to hold students accountable and make their progress visible to verbalize.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Lack of horizontal and vertical alignment caused a gap between scores in sped and regular populations.

Root Cause 4: Conflicts in schedules did not allow for alignment meetings.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Events and celebrations were not consistent throughout the year.

Root Cause 5: The lack of a yearly calendar that provides all events, assessments, and professional development that is updated consistently to reflect all events.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: There were gaps in cascading information that created confusion or missed opportunities on pertinent information and possible course of action to close identified gaps in a timely manner.

Root Cause 6: The lack of one operating mechanism to let all team members know when events are approaching--maintaining consistent use and accessibility to all stakeholders for easy reference.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Parents/Guardians main form of communication with the school was electronically through remind. Not all parents could receive information making parent engagement a priority on our campus. Families informed teachers and staff that they were not always aware of events even though these were shared through social media platforms.

Root Cause 7: Parents/Guardians main form of communication with the school was electronically .

Problem Statement 7 Areas: Perceptions

Problem Statement 8: We were not able to achieve the teacher retention goal.

Root Cause 8: Teachers struggled with distance learning and COVID daily changes that affected ADA and persistence.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 CCMR goals
- Campus/District improvement plans (current and prior years)

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Student Success Initiative (SSI) data for Grades 5 and 8
- SSI: Compass Learning accelerated reading assessment data for Grades 6-8 (TEA approved statewide license)
- Student failure and/or retention rates
- Local benchmark or common assessments data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices
- Action research results

Goals

Goal 1: Increase staff retention

Performance Objective 1: 85% of teachers will remain at IDEA Robindale for the year 2022-2023

High Priority

Evaluation Data Sources: Great places to work surveys above district percentages.
Temperature checks meetings with the principal (2 per quarter)
Focus groups, are organized by HQ to find trends and find solutions.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Temperature checks meetings with the principal (2 per quarter) to determine trends and teacher investment strategies. Focus groups, are organized by HQ to find trends and find solutions to possible gaps. Clear systems of communication in order to avoid frustration in teachers. Cascade all information through grade level team leader. **Strategy's Expected Result/Impact:** Increase opportunities for feedback and take proactive measures to increase retention **Staff Responsible for Monitoring:** Grade level managers and principal **Title I:** 2.4, 2.5, 2.6, 4.2 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Perceptions 3	30%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

School Processes & Programs

1. Our campus develops instructional leaders by building their capacities in each of the coaching cycle components. To enhance their skills, we practice perfect by maintaining norming practices in classroom observations, data gathering tools, using OCS to diagnose possible problems of practice, leading SND as a coaching technique, Next steps implementation, and utilizing data to guide the next steps for leaders, teachers, and students. Roles and responsibilities are clearly defined during onboarding and maintained through annual step-backs.
2. We plan Professional Development by creating a coaching cycle for each teacher at the beginning of the year based on experience and a scope and sequence for instructional development for the year. The scope and sequence are a live document that lends itself to be modified around non-negotiable training and training based on collected data that drives instructional decisions. Data collected based on observations and student assessments guides modification decisions.
3. In a means to support powerful teaching and learning, instructional coaches utilize the coaching cycle daily to gather data to enhance teacher skills to enhance student outcomes. Based on observations, instructional leaders can identify trends that can be addressed either immediately, on the spot during observations, during check-ins, during Monday's Teacher Development, and/or added as a next step. Instructional leaders conduct follow-up observations to support teachers attain mastery of any skills that need to be polished.
4. We offer numerous programs aligned with our vision, mission, goals, and values. These programs highlight high academic expectations. These include but are not limited to AP courses, CTE courses, Critical Student Intervention, Accelerated Reader, and Dream box. Our campus has implemented very strict systems and procedures that are held to very high accountability to maintain a safe and healthy learning environment for all.

Aviators

The overall rating was an A rating with 95. On students' achievement we scored an 85/100. School progress 93/100 and closing gaps 100/100. For STAAR performance 87% of students or approached grade level or above in all subjects. In meeting grade level or above we have a 53% in all subjects. In students mastering grade level or above we scored a 23% in all subjects. 100% of students took STAAR in 21-22. In school progress we were at 93 academic growth and 92 relative performance. For closing the gaps in academic achievement, we received 30%, growth status 50%. ELP 10% and student success 10%. We also met 5/6 distinctions:

1. Academic achievement in English Language Arts
2. Academic achievement in mathematics
3. Top 25% comparative academic growth
4. Postsecondary readiness
5. Top 25% comparative closing the gaps

ELA

Areas of Strength
1 Teachers tracked data and created data-driven instruction based on exit ticket data, bi-weekly assessments, end of module assessments, and aggressive monitoring.
2. Teachers create and follow a scope and sequence and tracking plan for the entire year in order to ensure that specific TEKS were covered and mastered for assessments.
3. Close the achievement gap by targeting students through after school tutorial, Saturday tutorial and Academic block to close gaps.

Math

Areas of Strength
1)There was support from the curriculum department on the HUB, the majority of the time which provided daily resources and materials necessary in order to plan for every unit.
2) Support from the SPED department, by having one specific SPED teacher assigned to only the math content. Collaborations between the SPED teacher and contact teacher to identity students areas of needs, pull-outs of small groups to focus on specific skills.
3) Exit tickets, TEKS mastery quizzes, and unit exams where all aligned to the content of the STAAR assessment which enabled the students to become familiar with the vocabulary and style of the STAAR test.
4) Professional collaboration among grade level teachers through exit ticket huddles, helped find common misconceptions in order for students to build a stronger understanding of content.

Science

Areas of Strength

1. Usage/Implementation of Mastery Machine and diagnostic exams to target areas of strength/weaknesses. Usage of TEKs tracker on wall allowed teacher/students to own their efforts and identify areas of need quickly and easily
2. Usage of online platforms allowed teachers to live audit understanding, participation, and identify gaps in lesson/understanding. Allowed for engaging lessons that increased student enthusiasm - Quizziz, Gimkit,
3. Group Work/Turn Pair and Share - Allowed students opportunities to express the concepts in different ways that made the material more understandable to peers.

Humanities

Areas of Strength
1 Implemented interactive journals/notebooks and instructional tech like Nearpod per subject, daily Do Now's, and consistent notetaking.
2 Incorporated a strong focus on vocabulary, key concepts, and historical figures instruction in order to ensure mastery of content objectives
3 Students regularly engaged with and interpreted primary sources such as government documents, speeches, images, political cartoons, paintings, etc.

TELPAS

Areas of Strength
1. A total of 97% of scholars tested during the testing window. One to one meeting with students of concern helped students be present on days of testing. Campus teachers also provided support with ensuring students were tested during the window.

2. During BOY many of our scholars were identified due to respecting the testing window.
3. TELPAS rater and calibration expectations were successfully executed and met timelines to better support testing.
4. Incorporating writing in ELA and Social Studies classes really enhanced student performance related to TELPAS writing samples.

Data Source: School Culture and Climate	
Reflections	
Areas of Strength	Areas of Need
1. Majority of students were in full uniform 100% of the time. Teachers emphasized importance of uniform among students.	1 By the end of the 22-23 school year, we must be 100% clear expectations, across the board, are required to ensure all teachers are on the same page when enforcing dress code because students feel there is favoritism. Expectations to be upheald by all employees, not just the teacher who is responsible for that class/grade level.
2. 100% of teachers are readily available to students needs. Students feel comfortable and happy with peers and teachers while at school.	2. By the end of the 22-23 school year, we must establish clear consequences when expectations are not met and understand the severity of the offense. Solution: There needs to be a designated ISS room with a fulltime monitor where students are seperate from their peers so that they can understand the severity of their actions.
3 Teachers collaboration for student success. Teachers plan events and celebrations for students who met goals. Students are rewarded for hard work and dedication.	3. By the end of the 22-23 , 100% teachers and staff must follow through with consequence in order to eliminate the issues of behavior. Teachers should ensure they are establishing consequences consistently to EVERY student.

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

IDEA Public Schools

Round Rock Tech Academy

2022-2023 Campus Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Mathematics
Academic Achievement in Science
Top 25 Percent: Comparative Academic Growth

Board Approval Date: October 21, 2022
Public Presentation Date: September 15, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 15, 2022

Demographics

Demographics Summary

IDEA Round Rock Tech Academy was founded in 2020. It currently serves as a Kinder through fourth grade elementary with a large culturally diverse student population. We are an open enrollment public charter school in Round Rock, Texas. IDEA Round Rock Tech Academy provides a stimulating learning experience promoting each Thunderbird's social/ emotional, physical, and cognitive development. Since we are a technology school, we prioritize and foster student success to prepare them to engage with and conquer real-world 21st-century problems. See PDF in Addendum for more information.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to foster strong partnerships amongst the campus and families so that students can persist with us throughout the years. **Root Cause:** 1. Strong communication amongst lead team so that onboarding plans can be stronger for new families. 2. Clear systems to receive feedback from families throughout the school year to know areas of improvement from parents perspective.

Problem Statement 2 (Prioritized): There is a need to follow through with ADA celebrations that have been communicated with staff, families, and students. **Root Cause:** 1. We must have plan celebrations in advance that include purchasing items as well as calendaring events.

Student Learning

Student Learning Summary

The state accountability reflects an "A" rating for the campus. The letter grades is broken down further, as Domain 1 is a C, Domain 2 is an A, and Domain 3 is a B. Students in Kinder through second grade are performing above 90% of students reading at or above their reading level.

See PDF in Addendum for more information.

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Student passing percentage in 3rd grade Math STAAR is low. **Root Cause:** Aside from shifts in teachers in 3rd grade, the class lacked differentiation per student needs.

Problem Statement 2 (Prioritized): Student passing percentage in 3rd grade ELA STAAR was low. **Root Cause:** Instruction lacked rigor for students in this classroom.

School Processes & Programs

School Processes & Programs Summary

The campus develops instructional leaders by giving them clear roles and responsibilities. Each leader gets specific training according to the content that they are managing. Additionally, staff obtains differentiated development based on their skills. This looks like additional observations and coaching with our new staff members.

See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year

- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful.

See PDF in Addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Our lead team retention was low which impacted teacher retention. **Root Cause:** Our campus did not work collaboratively with teachers and the region to support teacher development.

Problem Statement 2 (Prioritized): Lack of clear electives offered at IDEA Round Rock Tech Academy misinformed families which impacted student retention. **Root Cause:** Campus did not strategically staff school teachers in the most effective locations.

Perceptions

Perceptions Summary

At IDEA Round Rock Tech Academy, we collaborate when there is a challenge or difference in views. Teachers and leaders work together with empathy to see each other perspectives and come to a shared agreement. Ultimately, the staff is aware that we create the school's culture and climate; thus, we work together to keep it high.

See PDF in Addendum for mroe information.

Perceptions Strengths

See PDF in Addendum for mroe information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): During last year, parents shared with the campus that there was a gap in communication from the campus and our families. **Root Cause:** There were no clear mechanisms in place that provided guidance on staff and family communications.

Problem Statement 2 (Prioritized): During last year, parents shared with the campus that there was a gap in family engagement events provided by the campus. **Root Cause:** There were no clear mechanisms in place that provided guidance on staff and family communications.

Priority Problem Statements

Problem Statement 1: There is a need to foster strong partnerships amongst the campus and families so that students can persist with us throughout the years.

Root Cause 1: 1. Strong communication amongst lead team so that onboarding plans can be stronger for new families. 2. Clear systems to receive feedback from families throughout the school year to know areas of improvement from parents perspective.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Student passing percentage in 3rd grade Math STAAR is low.

Root Cause 2: Aside from shifts in teachers in 3rd grade, the class lacked differentiation per student needs.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Our lead team retention was low which impacted teacher retention.

Root Cause 3: Our campus did not work collaboratively with teachers and the region to support teacher development.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: During last year, parents shared with the campus that there was a gap in communication from the campus and our families.

Root Cause 4: There were no clear mechanisms in place that provided guidance on staff and family communications.

Problem Statement 4 Areas: Perceptions

Problem Statement 5: There is a need to follow through with ADA celebrations that have been communicated with staff, families, and students.

Root Cause 5: 1. We must have plan celebrations in advance that include purchasing items as well as calendaring events.

Problem Statement 5 Areas: Demographics

Problem Statement 6: Student passing percentage in 3rd grade ELA STAAR was low.

Root Cause 6: Instruction lacked rigor for students in this classroom.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: During last year, parents shared with the campus that there was a gap in family engagement events provided by the campus.

Root Cause 7: There were no clear mechanisms in place that provided guidance on staff and family communications.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Lack of clear electives offered at IDEA Round Rock Tech Academy misinformed families which impacted student retention.

Root Cause 8: Campus did not strategically staff school teachers in the most effective locations.

Problem Statement 8 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local benchmark or common assessments data
- Observation Survey results
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data

- Discipline records
- School safety data

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Study of best practices
- Action research results

Goals

Goal 1: Increase staff retention

Performance Objective 1: IDEA Round Rock Tech Academy will be able to increase staff retention by 25% by the end of the school year.

High Priority

HB3 Goal

Evaluation Data Sources: EOY retention percentage

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Create a meaningful interpersonal relationships with staff members. **Strategy's Expected Result/Impact:** Lead with transparency Build relationships of trust with teachers through strengths interviews and ongoing authentic conversations during coaching conversations. **Staff Responsible for Monitoring:** Principal **TEA Priorities:** Recruit, support, retain teachers and principals				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Development of Teachers **Strategy's Expected Result/Impact:** Provide each leader with weekly coaching conversation and observation with feedback (happens during our check in time). Include two-way feedback in check in document. Seek feedback from teachers quarterly through survey and implement minimum of one action step based on feedback provided starting on October 7th. Use Great Places to work data to make changes in the way I lead campus. Using the Scope and sequence as a guide for teacher development.				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: All IDEA students matriculate to college

Performance Objective 1: IDEA Round Rock Tech will be able to have 90% of academy students on grade level by end of year so they can be ready for the next grade level.

High Priority

HB3 Goal

Evaluation Data Sources: STAAR result and EOY tests.

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Data Driven Intervention **Strategy's Expected Result/Impact:** * Actively participate in conference calls * Ensure that Aya comes to check-ins with action plans for low performing DI groups * During weekly check-ins with Aya, identify gaps in progress to goals and probe to find root cause and action steps aligned to root cause. * Use student data to identify priority teachers during check-ins with Aya and observe priority teachers during joint observations. * Ensure that interventionists are being used quarterly to teach groups that are not on track to meet EOY goals **Staff Responsible for Monitoring:** Principal and Assistant Principals **Title I:** 2.4 **- ESF Levers:** Lever 5: Effective Instruction				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Develop Assistant principals **Strategy's Expected Result/Impact:** * Join weekly observations with APs, ensuring that we leave each classroom normed on critical next steps and GET ratings				

* Observe Aps in weekly coaching conversations and provide immediate feedback * Lead powerful check-ins with APs that are led by data * Observe leaders coaching practice to give on the spot feedback **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 1: IDEA Round Rock Tech will have be rated an "A" campus in 3rd grade ELA and Math.

Evaluation Data Sources: STAAR scores and Assessments

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Continuously monitor student progress **Strategy's Expected Result/Impact:** Block time in calendar for weekly data analysis Ensure that APs come to check-ins with action plans for low performing groups of scholars During weekly check-ins with APs, identify gaps in progress towards goals and probe to find root cause and action steps aligned to root cause. Focus on Monitoring Student Growth Ensure to follow RRTA diverse learner agreement, if a student receives a 70% or lower, we must meet as a grade level to discuss effective accommodations. **Staff Responsible for Monitoring:** Principal and Assistant Principals **Title I:** 2.4, 2.5, 2.6 - **TEA Priorities:** Build a foundation of reading and math -	25%	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Data Driven intervention **Strategy's Expected Result/Impact:** Use scholar data to identify priority teachers during check-ins with APs, observe priority teachers during joint observations. Ensure remediation is being utilized effectively to ensure 100% objective mastery Ensure leaders are doing accommodation rounds with all teachers. (SPED teacher and Edna) **Title I:** 2.5, 2.6 - **TEA Priorities:** Improve low-performing schools -	25%	50%		

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Use AR facilitator to support in 3-5th reading intervention. **Strategy's Expected Result/Impact:** increase STAAR Scores **Title I:** 2.6 **- TEA Priorities:** Improve low-performing schools **Funding Sources:** AR Facilitator - Federal Grant				

Strategy 4 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 4: Use interventionist to support in 3rd math intervention. **Title I:** 2.4, 2.6 **Funding Sources:** Interventionist - State Grant				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 2: IDEA Round Rock Tech will have 60% of SPED students obtain at least "approaches" on STAAR test.

High Priority

Evaluation Data Sources: Leader will use semester exams, TAPR reports, and daily class data to better support SPED students.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Leader will develop SPED teacher at a greater capacity. **Strategy's Expected Result/Impact:** 60% SPED students pass the STAAR **Staff Responsible for Monitoring:** Aya Badawy and Sylvia Flores **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **- Targeted Support Strategy**	5%	25%		

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 4: Increase student daily attendance

Performance Objective 1: IDEA Round Rock Tech Academy will be able to increase student daily attendance by having student and stakeholder investment.

High Priority

HB3 Goal

Evaluation Data Sources: Weekly daily percentages, Q percentages, and EOY ADA data.

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Weekly Reviews **Strategy's Expected Result/Impact:** Completing weekly review of students with high attendance counts to determine teacher and parent communication Participate in ADA matrix meetings with API to find root cause of absences **Staff Responsible for Monitoring:** SSA **Title I:** 2.6, 4.2 **- TEA Priorities:** Improve low-performing schools	15%	20%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Teacher Accountability **Strategy's Expected Result/Impact:** Working to create teacher investment by working with APO and SIS to share ADA data with teachers GLL bi-weekly meeting to discuss ADA data and brainstorm methods to improve attendance and establishing one action item from meeting	15%	35%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 4: Increase student daily attendance

Performance Objective 2: IDEA Round Rock Tech Academy will create a physically and emotionally safe environment.

High Priority

Evaluation Data Sources: District wide safety drill rubrics
Social emotional lessons to grade levels as needed

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Develop and manage assistant principal of operations to meet the district wide benchmarks on time **Strategy's Expected Result/Impact:** 100% compliance with district expectation. Students are safe and come to school. **Staff Responsible for Monitoring:** Aaron Freeman **Title I:** 2.5, 2.6 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture	25%	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Social Worker will collaborate with grade levels to provide social emotional lesson with common themes, as needed. **Strategy's Expected Result/Impact:** All students emotional needs are met. **Staff Responsible for Monitoring:** Hannah Pridgen **Title I:** 2.5, 2.6 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Funding Sources:** Social Worker - Federal Grant - $58,180	25%	40%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 5: Increase student persistence

Performance Objective 1: IDEA Round Rock Tech Academy will be able to increase student daily attendance by having student and stakeholder investment.

High Priority

HB3 Goal

Evaluation Data Sources: monthly metrics, quarter metrics, and EOY metrics

Summative Evaluation: Significant progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Campus Connection **Strategy's Expected Result/Impact:** Build relationship by visiting students to establish name recognition and awareness of my role Complete New Parent Calls to check in and see how they are adjusting to our campus, with at least 10 or more calls a week **Staff Responsible for Monitoring:** SSA, APO **Title I:** 2.6 **Funding Sources:** - Federal Grant - $58,180	25%	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Engaging Communication **Strategy's Expected Result/Impact:** Ensuring all parents are connected to Remind by performing weekly checks on Remind Post Parent Weekly to Facebook, Parent Groups and Remind to encourage connection with school information **Title I:** 4.2	25%	50%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 5: Increase student persistence

Performance Objective 2: IDEA Round Rock Tech Academy will have 100% of students reach 1,200 MVPA minutes implementing their IHT rate monitors.

Evaluation Data Sources: IHT rate monitors

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Develop PE teacher to ensure students are hitting their benchmark goals. **Strategy's Expected Result/Impact:** 100% of students hit the 1,200 MVPA minutes. **Staff Responsible for Monitoring:** Thorne Pettigrew **Title I:** 2.5, 2.6 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture	5%	15%		

No Progress | Accomplished | Continue/Modify | Discontinue

Annual Performance Objectives (APO)

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%

1B. % of graduates matriculate to a Tier I/II College or University: 15% | 25%

1C. % of Seniors accepted to a College or University: 100%

1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%

1E. Earned State Rating: A

1F. % Basic | % Mastery | % Advanced on LEAP: 82% | 44% | 11%

1G. % Approaches | % Meets | % Masters on STAAR/EOC: 90% | 60% | 30%

1H. % Level 3 | % Level 4 | % Level 5 on FSA/FSAA: 70% | 40% | 20%

1I. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading - Year 1 Campuses | Year 2 Campuses: 80% | 90%

1J. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%

1K. Average ACT score: 21

1L. % of students graduating college in 4 | 6 years: 25% | 55%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%

2B. 80% composit score on GPTW: 82%

2B. %Average Daily Attendance: 97.50%

2C. New Student Persistence: 90%

2D. Operating Income: $133M

2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%

3B. Enrollment in August 2020: 83,894

3C. Schools in operation in August 2020: 149

3D. Total Funds Raised (millions): $93M

Reflections

Areas of Strength	Areas of Need
1. passing percentage increased 32% from SE to STAAR	1. Student work analysis meetings were not conducted unti the second semester giving less oppertunity for immediate reteach or
2. Lesson plan proficiency incerased from January to May	2. Daily observations required to ensure strong first teach and instructional clarity in 3rd Math. Next year, every morning will start
3. Teacher was receptive and fast to feedback, especially with lesson planning.	3. New teacher in the content- thus, instructional Clarity-Teacher Talk was a gap. There was also insconsitent coaching with teacher

Rundberg Academy

2022-2023 Campus Improvement Plan

Accountability Rating: B

Board Approval Date: October 21, 2022
Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

Here at IDEA Rundberg, we are providing high quality education to ensure that we lay the foundation for our scholars to be successful in life. Our school was established in 2015 and is located in Austin, Texas. We are an open Charter School that focuses on college matriculation. We currently serve a cummulative of 711 scholars in grades K-5.

Our campus is very unique in that we have one of the largest percentages of economically disadvantaged scholars in addition to have one of the largest ELL populations.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Average Daily Attendance was 93.18% which is below the end of year goal of 97.5% **Root Cause:** Lack of ADA mechanisms to decrease the amount of scholar absences daily.

Problem Statement 2 (Prioritized): Student Persistence data was at 86% for Overall Student Persistence. This is below the end of the year of 90%. **Root Cause:** 1. Lack of consistent and clear communication around school culture and expectations to parents and students during the entire onboarding process (Welcome to IDEA). 2. Lack of consistent annual reflection and interest surveys on what keeps our families with us year after year.

Student Learning

Student Learning Summary

This past year, IDEA Rundberg Academy made history by achieving an accountabilty rating of an 88(B). The major areas that contributed to this score were our ELA results, 5th Grade Science results, and our TELPAS results. Our cumulative ELA results afforded us the opportunity to meet 5/6 target areas in Domain 3 in addition to achieving a score of a 94 (A) for academic growth. Additionally, our TELPAS results excited the state minimum by 20%. We had 46% of our ELL population score advanced high or higher or grew 1 composite level.

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): We met 0 targets in Domain 3 this past school year for mathematics which prevent our campus from being an A-Rated campus. **Root Cause:** Instruction lacked rigor and alignment to the STAAR exam.

Problem Statement 2 (Prioritized): The overall approaches number for Reading STAAR Exam was 68% showing that 32% of our 3-5 scholars are below grade level. **Root Cause:** With our high ELL population, we did not have a clear plan to close their foundational reading gaps.

School Processes & Programs

School Processes & Programs Summary

At IDEA Rundberg, teacher and leader development is at the center of our values. For teachers, they go through intensive amounts of professional development before they even step foot into a classroom. Additionally, once the school year has started, teachers are develope through an intense coaching cycle that is comprised of real time feedback, observation feedback meetings, and data conversations. Laslty, all 2nd grade - 5th grade teachers engage in daily lesson rehersals where they deliver pieces of their lesson to recieve feedback before their first teach.

Leaders are also developed very similarily to teachers. They go through the coaching cycle as well to ensure that they are comfortable and compitent in developing our teachers.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): IDEA Rundberg Academy retained 67% of our staff this past year. This is significantly below our retention goal of 85%. **Root Cause:** Leaders fail to follow the lesson cycle consistently throughout the school year. Teachers do not get the proper onboarding to make them successful throughout the year.

Problem Statement 2 (Prioritized): IDEA Rundberg Academy ended the year at 67% Leader Retention. This is significantly below our retention goal of 85%. **Root Cause:** Leaders were not provided equitable coaching to equip them with the skills to manage and develop teachers.

Perceptions

Perceptions Summary

At IDEA Rundberg, we have had a high rate in teacher turnover, leader turnover, and principal turnover. As a result, the school does not experience the benefit of having consistency. Additionally, based on staff surveys, staff feel undervalued, orverworked, and unsupported. This year, I strive to ensure that I retain my leaders and develop them in a way that their teachers find them supportive and appreciative.

With our large population of ELL scholars, teachers also find it difficult to connect with families if they do not speak Spanish themselves. This creates the disconnect ebtween the school and our community. I have made it mandatory that we are setting up frequent parent conferences and addressing our communication gap with our families.

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Gap and lack of communication between the school and families. **Root Cause:** There was not an operating mechanism around tracking parent phone calls. Additionally, there was a lack in accountability around the frequency in which we communicate with our families.

Problem Statement 2 (Prioritized): This past school year, IDEA Rundberg Academy only had an average of 20% parent engagement in school-wide events and initiatives. This is significantly lower than our goal of 80%. **Root Cause:** There has been a lack of investment in encouraging and connecting with our families to get them more involved in their scholar's education.

Priority Problem Statements

Problem Statement 1: Average Daily Attendance was 93.18% which is below the end of year goal of 97.5%

Root Cause 1: Lack of ADA mechanisms to decrease the amount of scholar absences daily.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Student Persistence data was at 86% for Overall Student Persistence. This is below the end of the year of 90%.

Root Cause 2: 1. Lack of consistent and clear communication around school culture and expectations to parents and students during the entire onboarding process (Welcome to IDEA). 2. Lack of consistent annual reflection and interest surveys on what keeps our families with us year after year.

Problem Statement 2 Areas: Demographics

Problem Statement 3: We met 0 targets in Domain 3 this past school year for mathematics which prevent our campus from being an A-Rated campus.

Root Cause 3: Instruction lacked rigor and alignment to the STAAR exam.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: The overall approaches number for Reading STAAR Exam was 68% showing that 32% of our 3-5 scholars are below grade level.

Root Cause 4: With our high ELL population, we did not have a clear plan to close their foundational reading gaps.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: IDEA Rundberg Academy retained 67% of our staff this past year. This is significantly below our retention goal of 85%.

Root Cause 5: Leaders fail to follow the lesson cycle consistently throughout the school year. Teachers do not get the proper onboarding to make them successful throughout the year.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: IDEA Rundberg Academy ended the year at 67% Leader Retention. This is significantly below our retention goal of 85%.

Root Cause 6: Leaders were not provided equitable coaching to equip them with the skills to manage and develop teachers.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Gap and lack of communication between the school and families.

Root Cause 7: There was not an operating mechanism around tracking parent phone calls. Additionally, there was a lack in accountability around the frequency in which we communicate with our families.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: This past school year, IDEA Rundberg Academy only had an average of 20% parent engagement in school-wide events and initiatives. This is significantly

lower than our goal of 80%.

Root Cause 8: There has been a lack of investment in encouraging and connecting with our families to get them more involved in their scholar's education.

Problem Statement 8 Areas: Perceptions

Annual Performance Objectives (APO)

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%

1B. % of graduates matriculate to a Tier I/II College or University: 15% | 25%

1C. % of Seniors accepted to a College or University: 100%

1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%

1E. Earned State Rating: A

1F. % Basic | % Mastery | % Advanced on LEAP: 82% | 44% | 11%

1G. % Approaches | % Meets | % Masters on STAAR/EOC: 90% | 60% | 30%

1H. % Level 3 | % Level 4 | % Level 5 on FSA/FSAA: 70% | 40% | 20%

1I. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading - Year 1 Campuses | Year 2 Campuses: 80% | 90%

1J. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%

1K. Average ACT score: 21

1L. % of students graduating college in 4 | 6 years: 25% | 55%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%

2B. 80% composit score on GPTW: 82%

2B. %Average Daily Attendance: 97.50%

2C. New Student Persistence: 90%

2D. Operating Income: $133M

2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%

3B. Enrollment in August 2020: 83,894

3C. Schools in operation in August 2020: 149

3D. Total Funds Raised (millions): $93M

Reflections

Areas of Strength	Areas of Need
1. Providing plentiful planning time (half day or longer) for teacher/AP semester and Mock analysis. Analysis lead to data driven decisions on what re-teach and remediate.	1. Regular department huddles was not moving data with fidelity nor provided additional insight to the team. Moving forward, each teacher will report out their previous days ET data with common misconception and reteach plan when needed.

2. Administering daily ET sorts for each block so teacher/manager have multiple pulse checks on student performance, common misconception and reteach plan.	2. Daily observations were required to ensure strong first teach and instructional clarity in 3rd Math. Next year, every morning will start with department-wide rehearsals for the day's lesson.
3. Introducing students to their growth goals and having regular conversations regarding their goals. Students were able to recite each goal and express why theu were important.	3. Student work analysis meetings were not conducted unti the second semester giving less oppertunity for immediate reteach or remediation.

Reflections	
Areas of Strength	**Areas of Need**
1.Daily exit ticket sorts were implemented to aid in determining the common misconception for each class period. Immediate feedback was provided and a reteach plan would be created based on the misconception.	1. daily exit ticket sorts should begin at the beginning of the year rather than later.
2. The goal for word masters was met this year	2 CSI instruction was inconsistent due to staffing shortage due to unforseen circumstances
3 We had more success in the number of kindergarteners on grade level than in previous years	3 Our 2nd graders continue to be significantly behind benchmark (33%) which impacts the number of students who pass STAAR in 3rd grade

Reflections	
Areas of Strength	**Areas of Need**
1. 5th Science team is abundent with curriculum resources and department planning.	1. English language learners take up over 70% of our 5th grade students. Next year an operational mechanisom in check-in document will be added to address obstacles.
2. This year, our seasoned Science teacher was accomanied by a bi-lingual relay resident greatly benefiting our EL students.	2. Based on performance scores for 2nd-4th, manager will be conducting weekly coaching cycles and PD with teachers to ensure strong teaching practices.
3. STAAR Masery curriculum included independent, purposeful drills designed to move our "Meets" students to "Masters".	3. Next year, our 5th Science teacher will be new to content and planning. Manager must side-by-side plan until teacher is confident and proficient in backwards planning.

% State Certified Leaders	28.50%
% State/Board certified Counselors	0%
Number of teacher applicants per 2020-21 school year	826

Reflection	
Areas of Strength	**Areas of Need**
1 A majority of new teachers stayed with us, so we were able to retain the teachers we put the most work into	1 Retention fell significantly below goal. This means there will be many new teachers who need to be onboarded and learn IDEA culture and academic systems.
2 Many of our lead teachers came from co-teachers on campus so we have a strong co to lead pipeline	2 Lead team has signficant overturn this year which led to teachers leaving
3 We have previously not been able to retain our support staff (testing coordiantor) which led to gaps in testing plans. This year we did and our testing coordinator was very strong so this will help us to continue strong testing practices.	3 We had two very strong SPED teachers this year, but one departed and the other one transfered. It's key we retain strong SPED teachers so that our SPED students receive the support they need.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IRCP Specific Vision:

IDEA Rundberg College Prep exists to be the best school for preparing and matriculating all students to college. Rattlers will be engaged in authentic, rigorous learning experiences, held to high expectations, and cared for through intentional and joyful partnerships between students, staff, and families. This allows IDEA Rundberg College Prep to cultivate gritty, resilient, and self-driven learners who believe they have the power and responsibility to create change in their communities and society at large. IDEA Rundberg College prep will ensure each scholar reaches their true, boundless potential of becoming bold critical thinkers, passionate lifelong learners, and overall good people.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

Total Enrollment: 769 students

Grades: 6-12

Admissions: Open Enrollment Charter School

Location: 9504 N Interstate 35 Frontage Rd, Austin, TX 78753

Special Programs:

- **CTE -** Computer Scince and Photography emphasis
- **Athletics -** Flag Football, Cross Country, Volleyball, Basketball, Soccer, Track, Baseball, Softball
- **AP for All** - Students take 9+ AP courses upon graduation

See PDF in Addendum for more information

Demographics Strengths

See PDF in Addendum for more information

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to fostering a sense of student accountability when it comes to grades and assignments. **Root Cause:** 1. Students are not checking grades regularly 2. Communication around grades between teachers, parents, and students has been inconsistent and unclear. 3. Lack of follow through on the OTG system.

Problem Statement 2 (Prioritized): There is a need to increase buy in to our mission of college for all before senior year. **Root Cause:** 1. Lack of RTTC lessons in middle school grades. 2. Not emphasizing the mission enough during student onboarding.

Student Learning

Student Learning Summary

Domain 1 - Student Achievement: A-Rated

Domain 2 - School Progress: A -Rated

Domain 3 - Closing the Gaps: A-Rated

All sub pops met their Domain 3 indicators. During the 2021 - 2022 school year we improved from the previous year by hitting our TELPAS goal, increasing the number of white students who scored meets and masters, and increasing our meets and masters in math.

We earned 100% of distinctions which means we are performing in the top 25% of the state for similar schools our size and demographic.

100% of our seniors graduated, 100% of our seniors were accepted into a 4 year university, 100% of our seniors are on track to matriculate to college in the fall.

We were at 98% of students meeting College, Career, and Military Readiness.

See PDF in Addendum for more information

Student Learning Strengths

See PDF in Addendum for more information

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a need for vertical alignment in English, math, history, and science from 6-12 grade in all contents. **Root Cause:** 1. Lack of common planning time 2. Inconsistent content expectation in each grade level due to various managers expecting different instructional look fors.

Problem Statement 2 (Prioritized): There is a need for more cross content writing to ensure students are prepared for the demands of AP rigor in high school. **Root Cause:** 1. Lack of writing training for teachers and leaders 2. Writing has been deprioritized since it is not STAAR tested.

School Processes & Programs

School Processes & Programs Summary

1. Instructional leaders receive weekly coaching from the principal. Additionally, they attend district trainings such as coaching academy. We have 4 assisstant principals who each oversee a specific department (Math, English, Social Studies, and Science). This allows leaders to become experts in their content areas.

2. Professional Development occurs weekly on Mondays from 4:15 - 5:15. Topics for PD are determined based off trends in instructional rounds and culture rounds.

3.

Special Programs:

- **CTE -** Computer Scince and Photography emphasis
- **Athletics -** Flag Football, Cross Country, Volleyball, Basketball, Soccer, Track, Baseball, Softball
- **AP for All** - Students take 9+ AP courses upon graduation
- Music Program through the school of music
- RISE - a partnership with UT School of Buisness to prepare students for the college admissions process

See PDF in Addendum for more information

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school

year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.

- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There is a need for a clear mid year onboarding system that is replicable because currently mid year hires are the most dissatisfied due to poor onboarding. **Root Cause:** 1. Not giving new teachers several days of onboarding before putting them in front of students 2. Principal not looking at onboarding plans and giving feedback

Problem Statement 2 (Prioritized): Teachers state that working at IRCP long term is not sustainable due to the amount of hours needed to complete job with high quality. **Root Cause:** 1. High school teachers only have 1 hour of plan a day. 2. Leaders are not coaching teachers around time management best practices 3. Lack of clarity around the # of hours being worked

Perceptions

Perceptions Summary

1. 100% of seniors graduated from IDEA Rundberg College Prep

2. Conflict is reduced through mediation with our school counselor and social worker

3. Teacher retention was 76.39%. This is a marginal increase from the prior year and below the 85% goal.

4. We track parent communication from teacher to parent weekly. The expectation is teachers make 3 positive contacts a week. At events we have a sign in sheet.

5. Language at times is a barrier. However, we do have a high number of bilingual staff members. Additionally, we have adopted two language translation services.

See PDF in Addendum for more information.

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There is a need to ensure that parents are being informed of all items in their primary language to increase connection. **Root Cause:** 1. Lack of translation supports 2. Documents are often times on released in English to parents

Problem Statement 2 (Prioritized): There is a need to increase positive communication with parents around their students performance **Root Cause:** 1. Lack of a clear systems 2. Not prioritized by administration

Priority Problem Statements

Problem Statement 1: There is a need to fostering a sense of student accountability when it comes to grades and assignments.

Root Cause 1: 1. Students are not checking grades regularly 2. Communication around grades between teachers, parents, and students has been inconsistent and unclear. 3. Lack of follow through on the OTG system.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to increase buy in to our mission of college for all before senior year.

Root Cause 2: 1. Lack of RTTC lessons in middle school grades. 2. Not emphasizing the mission enough during student onboarding.

Problem Statement 2 Areas: Demographics

Problem Statement 3: There is a need for vertical alignment in English, math, history, and science from 6-12 grade in all contents.

Root Cause 3: 1. Lack of common planning time 2. Inconsistent content expectation in each grade level due to various managers expecting different instructional look fors.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: There is a need for more cross content writing to ensure students are prepared for the demands of AP rigor in high school.

Root Cause 4: 1. Lack of writing training for teachers and leaders 2. Writing has been deprioritized since it is not STAAR tested.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: There is a need for a clear mid year onboarding system that is replicable because currently mid year hires are the most dissatisfied due to poor onboarding.

Root Cause 5: 1. Not giving new teachers several days of onboarding before putting them in front of students 2. Principal not looking at onboarding plans and giving feedback

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Teachers state that working at IRCP long term is not sustainable due to the amount of hours needed to complete job with high quality.

Root Cause 6: 1. High school teachers only have 1 hour of plan a day. 2. Leaders are not coaching teachers around time management best practices 3. Lack of clarity around the # of hours being worked

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: There is a need to increase positive communication with parents around their students performance

Root Cause 7: 1. Lack of a clear systems 2. Not prioritized by administration

Problem Statement 7 Areas: Perceptions

Problem Statement 8: There is a need to ensure that parents are being informed of all items in their primary language to increase connection.

Root Cause 8: 1. Lack of translation supports 2. Documents are often times on released in English to parents

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Reflections

Areas of Strength	Areas of Need
1) Teachers are using data to inform instruction and drive results. Data is informing who needs to be supported more, when and how re-teaches need to happen, and more interventions occurring.	1) Leaders want to see more independance and love of reading instilled. This could oocur by continuing the AR program into high school and giving a budget to teachers to build up their classroom library.

2) There is strong onboarding and hiring for the ELA department. The strong onboarding is especially noted for beginning of year hires, and teachers have what is needed for a strong start.	2) There is a need for project-based learning. Students should be required to create and present their work and analysis.
3) The choice of novels and literature within the department is strong. Teachers have autonomy over what they teach and much of it is very engaging and culturally relevant to the students.	3) Across the department, there should be an intiative to norm as much as possible. This includes norming on multiple-choice question strategies, writing skills, and the development of vocabulary.

Reflections	
Areas of Strength	**Areas of Need**
1. Our Algebra I teacher has been teaching his content for 4 years now and has prioritized integrating calculator skills to make up for gaps students have computationally while also holding incredibly high expectations for his students.	1. AP Stat and Calc had a brand new teacher teaching two new contents but we also knew the teacher wasn't going to return next year. Due to it being our first senior class with too many competing priorities from leaders, these subjects weren't coached or managed well at all. Students really struggled to grasp concepts especially when most of the students were virtual last year with a brand new pre-calc teacher. Coaching will be more consistent next year with a teacher that has more content knowledge of teaching both subjects.
2. There are 6 out of the 7 math teachers that will be returning to their same roles so coaching has been more about math specific content instead of classroom management and culture. When teachers and interventions are consistent, students are able to show higher mastery.	2. Teachers are struggling to close gaps of students that have passed through even though they don't have a grasp on basic algebra skills. This is due to COVID, but also the low passing rate of Algebra I as well as not being able to always use a calculator in classes beyond Algebra. Would like to have a high school remediation class, but unsure of staffing that position.

3. This year, we pushed for students to write and talk in complete sentences in math this year. We still have a lot of room to grow, but setting that base this year we are working towards ensuring that student will be more ready for AP math writing senior year.	3. Training for math teachers specifically are only on course collab days currently, which I am unsure of the quality of those trainings. I know that I am capable of running a highly productive math department meeting, but never did one this year. For next year I would like to take more ownership on Course Collab days for my team to give PDs on what our campus specifically can be working on.

Reflections	
Areas of Strength	**Areas of Need**
1) Science curriculum is being aligned with the TEKs they being taught in Math – this allows students to access the curriculum. This has only happened in 6th and 7th grade so far but there is a long term roll out.	1) Stronger collaboration with the math department. Students are not able to transfer their math skills into their science class (rearrange equations, plug in formulas, graphing)
2) Project based learning is occurring in 6th (biology based) and 10th grade (Chemistry). This allows for conceptual understanding and knowledge	2) Larger budget for project-based learning. Only can do a teacher model due to space and/or budgetary constraints.
3) Vertical alignment is occurring in middle school and content is transferable from grade to grade in middle school.	3) Department Collaboration – there are no department meetings so vertical alignment is harder and we are reinventing the wheel.

Reflections

Areas of Strength	Areas of Need
1) Resources can be shared across the department	1) District assessments are not properly aligned
2) 6th grade history curriculum is strong	2) Test goals for history are needed. Using the goals from ELA is not beneficial for students.
3) AP history classes instill the need for higher education beyond high school	3) Students need to have more than one semester of history. Geography should be taken more than once in middle school. When they get to high school and have to take AP Human Geography students are behind the curve.

TELPAS Composite Rating (Listening, Speaking, Reading, Writing)

	Listening	Speaking	Reading	Writing	% of ELL Students who grew one or more levels
% Beginning	2%	11%	3%	2%	53%
% Intermediate	9%	39%	17%	27%	
% Advanced	36%	46%	33%	38%	
% Advanced High	53%	4%	47%	34%	

Reflection	
Areas of Strength	**Areas of Need**
1. TELPAS writing collection window was rolled out effectively. Writing samples were well organized	1. Teachers needed more time to rate samples
2. Testing plan was communicated effectively and in a timely manner	2. Students that failed to produce samples needed follow up from teachers in a timely manner
3. Our TELPAS point person was knowledgable and ready to help at all times. Additional resources (Sylvan) made an impact on student growth	3. Teacher buy in and urgency regarding rating process. It is looked as one more thing to do, rather than a necessary part of our role as educators.

Reflections

Areas of Strength	Areas of Need
1 College counseling work done with integrity. Evidence that lots of work was done to ensure students attended their best fit.	1 Road to and Through College class needs to be exposed to students at the midddle school level.
2 The results of the Class of 2022 created a college going spark on campus. Their results are driving results in other classes.	2 Students need more opportunities for character development and exposure to diverse career fields
3 School-wide rallying around College Signing Day. It was the first event that had school-wide alignment.	3 Each grade level needs some version of a transition program to renew their commitment to the mission each year.

Reflections	
Areas of Strength	**Areas of Need**
1 Teachers commend school leadership for being present in the halls rather than secluded in their offices. They know that leadership is willing and able to help at all times.	1 While onboarding is strong at the start of the year, mid-year hires struggle without hardly any training.
2 Teachers acknowledge we have a strong onboarding system for new hires which includes providing lesson plan for the beginning of the year and strong training at the start of the year.	2 Many teachers state that the work-life balance at IRCP is difficult due to the pressure we put on teachers and the length of the work day.
3 The deadlines that leadership set for lesson plan submission is more manageable than having to do all at once. Teachers appreciate turning in 2 on Thursday and the following 3 on Monday	3There is a strong push to hire dedicated individuals with a growth mindset, people who will not lose steam and quit mid year.

% Families Who Attended EOY Ceremonies	95%
% Families who attended Fall Festival	30%
% Families who attended Winter Festival (Thanksgiving Dinner)	40%
% Families who attended Spring Festival	92%

Reflections	
Areas of Strength	**Areas of Need**
1) Held several family nights throughout the year.	1) Parental expectation resets throughout the year, especially at the beginning of the year. It is important to set expectations of accoutability for parents not just at WTI and the transition meetings, but with every grade level student and family. During meet the teacher and other events at the beginning of the year, re-iterating the expectations of students and parents. Also, throughout the year refreshing the accountability piece (homework, testing, attendance,behavior, etc) for parents and students to keep them on the track to success.
2) Family engagement during sporting events	2) Having more documentation in Spanish will be more helpful. Communicating everything in writing to parents in Spanish (parent meeting documents, events, announcements, etc.). Many of our parents do not speak English so having 100% of communication to them in Spanish will help them feel more connected.
3) Using Cardstock is a plus because it is consistent.	3) Starting positive contacts earlier in the year, instead of starting with negative contacts
4) Parent meetings are strong and engaging	4) Having English speaking community partnerships to teach parents English.

IDEA Public Schools

San Benito Academy

2022-2023 Campus Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Mathematics
Academic Achievement in Science
Top 25 Percent: Comparative Closing the Gaps
Postsecondary Readiness

Board Approval Date: October 21, 2022
Public Presentation Date: October 14, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Title I Personnel 25

Campus Funding Summary 26

Addendums 27

Comprehensive Needs Assessment

Revised/Approved: September 13, 2022

Demographics

Demographics Summary

We are a PK-5th campus with 83.18% economically disadvantaged students. We had a 91.77% average daily attendance in 21-22. We had a 91.43% teacher retention rate on our campus.

See PDF in Addendum for more information.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase student persistence, specifically with our new to IDEA students in Pre-K because we have not met persistence in the last two years. **Root Cause:** There wasn't a strong plan with onboarding our new scholars, especially our students that registered late and missed WTI. There has also been a lack of communication with parents around clear expectations around school culture for our new and returning scholars.

Problem Statement 2 (Prioritized): There is a need to increase student achievement on STAAR for our Non-Continuously enrolled scholars from 40% to 50%. **Root Cause:** We need to increase the awareness of teachers to be able to identify who our new to IDEA scholars are and provide them the support they need through the year. We need to track these scholars and increase communication with parents to provide academic updates. If students are not performing where they should be, plans need to be created to provide additional support.

Problem Statement 3 (Prioritized): We need to increase our student achievement for our special education scholars on STAAR from 30% to 50%. **Root Cause:** Inconsistent support and tracking of our special education scholars by all teachers. Responsibility needs to be shared between the general ed teacher and the special ed teacher to provide the best support for these scholars. Lack of communication with parents to help support at home as well.

Student Learning

Student Learning Summary

IDEA San Benito Academy scored a 95 (A) on the STAAR Accountability for 2022. On Domain 1 we scored an 83, Domain 2 we scored a 94, and Domain 3 we scored a 96. We received 5 out 6 distinctions in ELA/Reading, Mathematics, Science, Postsecondary Readiness, and Comparative Closing the Gaps.

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): In Math, Reading, and science, there is a lack of vertical alignment across grade levels. **Root Cause:** Strategies and learning tools are not being shared among the grade levels or veteran teachers with new teachers. Students are learning different strategies each year instead of norming the way certain skills will be taught so that students already know it each year and just build on it rather than learning it all over again.

Problem Statement 2 (Prioritized): A need to incorporate more writing in PK-2 and 3-5 to increase rigor in the classrooms across all contents. **Root Cause:** Students are answering multiple choice questions and short answer responses in the classrooms but not being given the opportunity to write well thought out and complex answers to open-ended questions.

Problem Statement 3: The number of bilingual students being exited out of the bilingual program each year has not increased significantly each year. **Root Cause:** Students are growing slightly but not doing well enough to be exited. Bilingual students are not being given enough "at bats" or opportunities to practice in an academic setting with their speaking and writing skills in their reading, math, and science classrooms.

School Processes & Programs

School Processes & Programs Summary

Our teachers get weekly feedback through observations and coaching conversations to ensure our students are getting high quality instruction. Leaders provide weekly lesson plan feedback before teachers teach to make sure the lessons are aligned to the rigor needed to acheive academic success. The entire lead team conducts weekly instructional rounds to norm on best practices and provide feedback across all grade levels to identify the teachers that need more support in the classroom.

See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful.

See PDF in Addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Teachers are not feeling validated due to lack of celebrations in a timely manner. **Root Cause:** We celebrated Teacher of the Month a month late and TCP late compared to other schools due to supply delays. We didn't have a clear backwards plan with dates and activities to celebrate our teachers with clear roles for everyone.

Problem Statement 2 (Prioritized): We need to increase the number of bilingual teachers on our campus for next school year. **Root Cause:** Teachers had not been given the opportunity to take the bilingual test to get certified prior to this school year. As a lead team, we didn't invest our teachers in the importance of getting bilingually certified and the impact it can have on our scholars.

Perceptions

Perceptions Summary

With Covid restrictions the past several years, we haven't been able to fully hold parent events like we would like to. We have had to do drive by events in the past year, which didn't produce a big turnout for these events. The events that did have a big turnout for us were End of Year Awards and graduations. We didn't necessarily have a tracking mechanism to know which parents attended each event.

See PDF in Addendum for more information.

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There is a need to build parent partnerships through parent and community events. **Root Cause:** We didn't have a clear plan with what our parent events were going to be due to continued covid cases and not wanting to risk exposure for events. Lack of investment from all teachers to stay after hours to engage in events with parents. We also had a lack of clear plans and roles with enough time to make the event successful.

Problem Statement 2 (Prioritized): Lack of parent involvement or volunteers to help our teachers on campus. **Root Cause:** We stopped allowing parents on campus due to Covid restrictions. Lack of connections with those parents that are willing to help our teachers with making copies or doing bulletin boards.

Priority Problem Statements

Problem Statement 1: There is a need to increase student persistence, specifically with our new to IDEA students in Pre-K because we have not met persistence in the last two years.

Root Cause 1: There wasn't a strong plan with onboarding our new scholars, especially our students that registered late and missed WTI. There has also been a lack of communication with parents around clear expectations around school culture for our new and returning scholars.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to increase student achievement on STAAR for our Non-Continuously enrolled scholars from 40% to 50%.

Root Cause 2: We need to increase the awareness of teachers to be able to identify who our new to IDEA scholars are and provide them the support they need through the year. We need to track these scholars and increase communication with parents to provide academic updates. If students are not performing where they should be, plans need to be created to provide additional support.

Problem Statement 2 Areas: Demographics

Problem Statement 3: We need to increase our student achievement for our special education scholars on STAAR from 30% to 50%.

Root Cause 3: Inconsistent support and tracking of our special education scholars by all teachers. Responsibility needs to be shared between the general ed teacher and the special ed teacher to provide the best support for these scholars. Lack of communication with parents to help support at home as well.

Problem Statement 3 Areas: Demographics

Problem Statement 4: In Math, Reading, and science, there is a lack of vertical alignment across grade levels.

Root Cause 4: Strategies and learning tools are not being shared among the grade levels or veteran teachers with new teachers. Students are learning different strategies each year instead of norming the way certain skills will be taught so that students already know it each year and just build on it rather than learning it all over again.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: A need to incorporate more writing in PK-2 and 3-5 to increase rigor in the classrooms across all contents.

Root Cause 5: Students are answering multiple choice questions and short answer responses in the classrooms but not being given the opportunity to write well thought out and complex answers to open-ended questions.

Problem Statement 5 Areas: Student Learning

Problem Statement 6: Teachers are not feeling validated due to lack of celebrations in a timely manner.

Root Cause 6: We celebrated Teacher of the Month a month late and TCP late compared to other schools due to supply delays. We didn't have a clear backwards plan with dates and activities to celebrate our teachers with clear roles for everyone.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: There is a need to build parent partnerships through parent and community events.

Root Cause 7: We didn't have a clear plan with what our parent events were going to be due to continued covid cases and not wanting to risk exposure for events. Lack of investment

from all teachers to stay after hours to engage in events with parents. We also had a lack of clear plans and roles with enough time to make the event successful.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: We need to increase the number of bilingual teachers on our campus for next school year.

Root Cause 8: Teachers had not been given the opportunity to take the bilingual test to get certified prior to this school year. As a lead team, we didn't invest our teachers in the importance of getting bilingually certified and the impact it can have on our scholars.

Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: Lack of parent involvement or volunteers to help our teachers on campus.

Root Cause 9: We stopped allowing parents on campus due to Covid restrictions. Lack of connections with those parents that are willing to help our teachers with making copies or doing bulletin boards.

Problem Statement 9 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Local benchmark or common assessments data
- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data

Student Data: Behavior and Other Indicators

- Attendance data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback

- Parent engagement rate

Support Systems and Other Data

- Communications data

Goals

Goal 1: Increase staff retention

Performance Objective 1: Increase our GPTW statement, "Everyone has an opportunity to get special recognition" from 76 to 82.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

IDEA College Prep San Benito will cultivate a powerful culture of achievement where all scholars are engaged in collegiate, rigorous learning. We will equip our students with skills needed to excel, overcome and innovate! Through grit, resiliency and determination our scholars will forge their path to and through college and will transform their lives and communities. Our Mighty Dragons will set the world on FIRE!!

In order to make this vision a reality we will commit ourselves to the following pillars:

Foster a college identity within each scholar.

Ignite a strong culture of achievement.

Raise the roof and celebrate student success!

Enrich students' lives through profound learning experiences.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IDEA College Prep San Benito will cultivate a powerful culture of achievement where all scholars are engaged in collegiate, rigorous learning. We will equip our students with skills needed to excel, overcome and innovate! Through grit, resiliency and determination our scholars will forge their path to and through college and will transform their lives and communities. Our Mighty Dragons will set the world on FIRE!!

In order to make this vision a reality we will commit ourselves to the following pillars:

Foster a college identity within each scholar.

Ignite a strong culture of achievement.

Raise the roof and celebrate student success!

Enrich students' lives through profound learning experiences.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

% Black-African-American	0.26%
% Native-Hawaiian-Pacific-Islander	0
% White	4.06%

% Average Daily Attendance	**93.20%**
% Male	49.02%
% Female	50.98%

See PDF addendum for more information

Demographics Strengths

See PDF addendum for more information

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): New students and families leave our campus and hurt persistence **Root Cause:** Poor onboarding for our new families

Problem Statement 2 (Prioritized): Students leave our campus to attend traditional campus **Root Cause:** Students state that lack of clubs and activities are reasons they wish to attend traditional campuses with more offerings

Problem Statement 3 (Prioritized): Our campus did not meet attendance target **Root Cause:** Lack of a consistent response to poor attendance

Student Learning

Student Learning Summary

Our campus earned a 92 (an A rating from TEA this year. Student Achievement was 92, School Progress was 94 and Closing the Gaps was 88. We received distinctions in ELA, Math and Post Secondary Readiness. We also met our targets for TELPAS, Special Education and Economically Disadvantaged students. In addition, we earned the status of AR Honor Roll School and iLearning Honor Roll School. Areas for improvement are in math subpopulations for Domain 3 and AP Scholars.

Student Learning Strengths

See PDF addendum for more information

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students struggle on writing tasks **Root Cause:** Our campus does not have a common writing strategy to help students respond to writing tasks across disciplines

Problem Statement 2 (Prioritized): Our campus did not meet math targets for sub-populations **Root Cause:** Students in special populations need additional practice and tutoring in order to close gaps

School Processes & Programs

School Processes & Programs Summary

Our campus systems have become stronger and more efficient over the past three years. Our API's manage consistent coaching loads of 10 to 12 teachers. Adding a third API last year greatly improved the coaching load which impacts teacher development. Our professional development sessions have focused on TEKS instruction and intervention strategies for struggling learners. Culture was also an area of focus for our campus. Systems such as culture rounds, instructional rounds and team meetings have yielded positive results and have improved our systems and procedures. Two areas where we need to continue to grow is in our AP program and our EL support system.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year

- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): EL students did not meet the expected district growth target of 42% **Root Cause:** EL students need more practice with speaking skills

Problem Statement 2 (Prioritized): Our campus did not meet the AP scholar goal of 30% **Root Cause:** Students need additional practice and tutoring to prepare for the rigor of AP exams

Perceptions

Perceptions Summary

Our high school graduation rate is 100%, and for the past 10 years, IDEA College Prep San benito has matriculated 100% of our graduates to college. We met our student persistence goal of 90%, but our new student persistence rate is 80%. Families have shared that they leave our campus because students want a more traditional school experience such as sports, clubs and different career pathways.

Student and staff survey trends:

- Top responses: My teacher respects the students in class(4.6) & My teacher makes sure all students in class are successful (4.6)
- Lowest repsonses: I am excited to go to school (3.5), I have fun at school (3.7), & My classmates behave the way my teacher expects them too -.3 (4.2)

Great Places to Work

- Top response: Our culture respects individuals and values differences.
- Lowest response: I am given the resources and equipment to do my job

We also know that families have expereinced trouble contacting people at school becasue of only having one phone line or because they don't know who to email directly. We also need to improve family engagement activities so that parents feel connected.

Perceptions Strengths

See PDF addendum for more information

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): New student persistence was below 90% target: 80% **Root Cause:** Our campus did not have solid communication systems to engage with parents

Problem Statement 2 (Prioritized): Our campus did not meet Great Places to Work target of 80 average. **Root Cause:** Staff stated that they did not have the tools needed to do their job

Problem Statement 3 (Prioritized): 74% of teachers stated that IDEA is a great place to work **Root Cause:** Teachers did not have work life balance and did not feel appreciated

Priority Problem Statements

Problem Statement 1: New students and families leave our campus and hurt persistence
Root Cause 1: Poor onboarding for our new families
Problem Statement 1 Areas: Demographics

Problem Statement 2: Our campus did not meet attendance target
Root Cause 2: Lack of a consistent response to poor attendance
Problem Statement 2 Areas: Demographics

Problem Statement 3: Students struggle on writing tasks
Root Cause 3: Our campus does not have a common writing strategy to help students respond to writing tasks across disciplines
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Our campus did not meet math targets for sub-populations
Root Cause 4: Students in special populations need additional practice and tutoring in order to close gaps
Problem Statement 4 Areas: Student Learning

Problem Statement 5: EL students did not meet the expected district growth target of 42%
Root Cause 5: EL students need more practice with speaking skills
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Our campus did not meet the AP scholar goal of 30%
Root Cause 6: Students need additional practice and tutoring to prepare for the rigor of AP exams
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: New student persistence was below 90% target: 80%
Root Cause 7: Our campus did not have solid communication systems to engage with parents
Problem Statement 7 Areas: Perceptions

Problem Statement 8: Our campus did not meet Great Places to Work target of 80 average.
Root Cause 8: Staff stated that they did not have the tools needed to do their job
Problem Statement 8 Areas: Perceptions

Problem Statement 9: 74% of teachers stated that IDEA is a great place to work

Root Cause 9: Teachers did not have work life balance and did not feel appreciated

Problem Statement 9 Areas: Perceptions

Problem Statement 10: Students leave our campus to attend traditional campus

Root Cause 10: Students state that lack of clubs and activities are reasons they wish to attend traditional campuses with more offerings

Problem Statement 10 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- Campus goals
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant information
- SAT and/or ACT assessment data
- Student Success Initiative (SSI) data for Grades 5 and 8
- Student failure and/or retention rates
- Observation Survey results
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity, gender, etc.
- Section 504 data
- Homeless data
- Dyslexia data
- Response to Intervention (RtI) student achievement data
- Dual-credit and/or college prep course completion data
- STEM and/or STEAM data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Violence and/or violence prevention records
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Other additional data

Goals

Goal 1: Increase staff retention

Performance Objective 1: Retain 85% of our campus staff by the end of the 2022-23 school year

High Priority

Evaluation Data Sources: Evaluation sources: 2x2's, mid-year staff survey and GPTW survey

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Ensure teachers have supplies needed to do their job **Strategy's Expected Result/Impact:** Teachers are equipped and feel confident because they have proper instructional tools to impact learning **Staff Responsible for Monitoring:** API's and Administrative assistant **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture, Lever 5: Effective Instruction **Problem Statements:** Perceptions 2	20%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Provide consistent and clear communication regarding campus activities such as testing, events, changes to schedule, parent concerns and celebrations. **Strategy's Expected Result/Impact:** Teachers know ahead of time what is going on at campus and feel empowered, hence a positive school climate **Staff Responsible for Monitoring:** Campus Lead Team **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Perceptions 2	25%			

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Perceptions
Problem Statement 2: Our campus did not meet Great Places to Work target of 80 average. **Root Cause**: Staff stated that they did not have the tools needed to do their job

Goal 1: Increase staff retention

Performance Objective 2: Improve Great Places to Work survey results from a 74 average to an 80 average of all statements.

High Priority

Evaluation Data Sources: GPTW survey data, 2x2's, pulse checks, check-ins

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teacher retention committee includes teachers' input **Strategy's Expected Result/Impact:** Teachers will feel their opinion matters **Staff Responsible for Monitoring:** Principal, school counselors and committee members **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Problem Statements:** Perceptions 2, 3	20%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Managers celebrate teachers through praise, shout outs and support **Strategy's Expected Result/Impact:** Teachers and staff members feel supported and appreciated **Staff Responsible for Monitoring:** all managers **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Perceptions 2, 3	30%

College Prep	KEYS Tab (Tab 3)	Student Achievement Improvement Plan 2021-2022 School Year	This SAIP plan will require logging concrete initiatives put in place for student improvement, as well as their associated timelines, resources, and responsible staff. Each initiative will be tracked mid-year and at the end of the year. Mid-year assessments should be completed by each campus between December 1, 2022 and no later than January 31, 2023.	Complete		Action Required	
	Locus Dashboards: CIS STARR, AP Campus IB Reports EOY Assessments	Comprehensive Needs Assessment 2022 English Language Arts	These Pages should include the percentage of students who achieved each listed score for the 2021-2022 School Year. For each subject, list a minimum of 3 areas of strength and 3 areas of need in full sentences, rather than phrases, in the space provided.	Complete	Pending AP scores	Action Required	
		Comprehensive Needs Assessment 2022 Math		Complete	Pending AP scores	Action Required	
		Comprehensive Needs Assessment 2022 Science		Complete	Pending AP scores	Action Required	
		Comprehensive Needs Assessment 2022 Humanities		Complete	Pending AP scores	Action Required	
	State TELPAS Report	Comprehensive Needs Assessment 2022 TELPAS	This data set will outline the percentage of students that earned proficiency in the areas of Listening, Speaking, Reading, and Writing, as indicated in the State TELPAS report. Llist a minimum of 3 areas of strength and 3 areas of need in full sentences, rather than phrases, in the space provided.	Complete		Action Required	
	Locus Dashboards: ACT, AP, TSI Campus IB Reports Campus Matriculation Reports	100% College Matriculation 2021-2022 School Year	This page will only be applicable to campuses that had graduating classes in the Spring of 2022. List a minimum of 3 areas of strength and 3 areas of need in full sentences, rather than phrases, in the space provided.	Complete		Action Required	
	Locus Dashboard: Staff Rentention	Staff Quality, Retention, & Recruitment 2021-2022 School Year	Under the %SPED Data Point, this should relfect the percentage of SPED certified teachers, compared to the overall SPED staff. Under number of teacher applicants, note how many teachers were interviewed by campus leaders for positions during the 2021-2022 School Year. List a minimum of 3 areas of strength and 3 areas of need in full sentences, rather than phrases, in the space provided.	Complete		Action Required	
	Locus Dashboards: Student Persistence, Enrollment, ADA	School Culture & Climate 2021-2022 School Year	For the Withdrawals/Level 3 Offenses data point, list the number of withdrawals or offenses. All other data points should reflect percentages. List a minimum of 3 areas of strength and 3 areas of need in full sentences, rather than phrases, in the space provided.	Complete		Action Required	
	Campus Academic Counselor Tracking Systems	2022 Family & Community Involvement	In addition to listing data percentages, list a minimum of 3 areas of strength and 3 areas of need in full sentences, rather than phrases, in the space provided.	Complete		Action Required

Areas of Strength	**Areas of Need**
1. EOY evening awards and sports awards were very well attended	1. Need monthly family engagement events during the evening tailored to grade levels
2. 8th grade HS preview night was well attended (92%)	2. Improve parent communication through REMIND, Facebook and parent newsletter
3. Weekly positive parent calls improved communication between teachers and parents	3. Calendar events and invite staff members for planning purposes; set attendance expectations

IDEA Public Schools

San Juan Academy

2022-2023 Campus Improvement Plan

Accountability Rating: B

Distinction Designations:
Academic Achievement in Science

Board Approval Date: October 21, 2022
Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from under served communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

Idea San Juan Academy is a PK - 5th grade public charter entity servicing the city of San Juan and all surrounding areas with open enrollment. We serve a populuation of 93.8% Emergent bulingual students, with 95% socio-economically disadvantaged. At San Juan Academy, we serve 5% special education students through a myriad of services included but not limited to a RISE unit. Our teacher to student ratio averages 30:1 and student enrollment is 835. 45% of our teachers have 6-10 years of experience. We offer a robust curriculum during the school day and an after school program that benefits our student K-5th and our families in need of support for language acquisition and other community needs.

Demographics Strengths

“See PDF in Addendum for more information.”

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Incomplete student data tracking led to inconsistent adjustments in planning and delivery for students in need. Special Education, CSI, EB, and all sub-populations **Root Cause:** Lack of campus training and norming around tracking for academic and behavioral needs across all populations Special Education, CSI, EB, and all sub-populations in PK - 5 and elective teams

Problem Statement 2 (Prioritized): Incomplete student data tracking led to inconsistent interventions for students in need. Special Education, CSI, EB, and all sub-populations **Root Cause:** Lack of campus training and accountability in providing appropriate interventions in general education Special Education, CSI, EB, and all sub-populations and counseling setting.

Problem Statement 3 (Prioritized): Lack of staff, student and parent investment has added to Declines in persistence **Root Cause:** Lack of a system around on-boarding our new students and families including parent and student commitments, academic expectations/standing and culture.

Student Learning

Student Learning Summary

Hispanic students have had increases in student achievement over the course of 2018 - present from 42% to 47% in STAAR Reading. We have seen a decline with the same population in STAAR Math from 52% to 42% to 26% in 2022. Our students growth increased in both STAAR tested subjects with a growth measure in STAAR Reading from 77 to an 84 and Math 65 to 77 for our Hispanic population. Our economically disadvantaged and Emergent Bilingual student had decreases in math performance with drops near 20% points.

Student Learning Strengths

Hispanic students have had increases in student achievement over the course of 2018 - present from 42% to 47% in STAAR Reading. Our students growth increased in both STAAR tested subjects with a growth measure in STAAR Reading from 77 to an 84 and Math 65 to 77 for our Hispanic population.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Our special populations of Emergent Bilingual students dropped in overall Academic Achievement. **Root Cause:** Our general education teachers and leaders of those teachers failed to target the appropriate interventions and adjustments to meet the needs in Mat (Foundational skills) due to a lack of Q1 student identification through assessment tracking and RTI processes.

Problem Statement 2 (Prioritized): Our special populations of Economically Disadvantaged students dropped in overall Academic Achievement. **Root Cause:** Our campus leaders failed to target the appropriate training and interventions to meet the needs in Math due to a lack of Q1 student identification through assessment tracking and RTI processes.

School Processes & Programs

School Processes & Programs Summary

Idea Academy San Juan develops instructional leaders through District led PD offerings (CC) and time to unpack and co=plan alongside our teachers using district aligned resources (CCorner) We intergrate the best practices in the GET rubric with tight timelines to bring a teacher to proficient in all GET rows by January. Classrooms of priority are observed often and leaders co-plan and rehearse for a strong first teach.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA retains an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"

- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Leaders are not tracking all components of state accountability and teacher required targeted feedback based on Domain needs Special Education, CSI, EB, and all sub-populations **Root Cause:** Our leaders are not prioritizing accountability to increases in the student data because the analysis of the data does not have clear timelines and/or benchmarks for progress across the Domains Special Education, CSI, EB, and all sub-populations

Problem Statement 2 (Prioritized): Our persistence data has over 100 students leaving year after year with our new students being 90% +2 years or below grade level. **Root Cause:** There has been a lack of teacher training on student investment and a lack of systems on student recognition and parent communication trained and monitored by the leadership team.

Perceptions

Perceptions Summary

Idea Academy San Juan has a high rate of teacher retention. We have had above benchmark scores in out Great Place to Work Survey. Parents site that they would like more opportunity for extra curricular activities in Panorama, while all other questions have a high level of satisfaction / rate of response.

Perceptions Strengths

See PDF in Addendum for more information

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There has been a lack of student focused counseling services, group counseling services and family outreach opportunities. **Root Cause:** Leadership has deprioritized student culture and relationships because of time management. Time management is jeopardized daily because of a lack of clear systems on both proactive counseling measures and reactive discipline measures.

Problem Statement 2 (Prioritized): Persistence and enrollment data are below benchmark because while on-boarding, touring or the first weeks of school families decline our campus due to open style, urban setting with structural and cosmetic needs. **Root Cause:** Our campus is on a lease and does not get upgrades needed due to contractual constraints and lack of equitable funding. The leadership team has not revamped the on-boarding for new families to include the new construction plans and highlights on the many reasons why our campus is the campus of choice (neighboring comparisons etc.,)

Priority Problem Statements

Problem Statement 1: Lack of staff, student and parent investment has added to Declines in persistence

Root Cause 1: Lack of a system around on-boarding our new students and families including parent and student commitments, academic expectations/standing and culture.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Our special populations of Emergent Bilingual students dropped in overall Academic Achievement.

Root Cause 2: Our general education teachers and leaders of those teachers failed to target the appropriate interventions and adjustments to meet the needs in Mat (Foundational skills) due to a lack of Q1 student identification through assessment tracking and RTI processes.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Leaders are not tracking all components of state accountability and teacher required targeted feedback based on Domain needs Special Education, CSI, EB, and all sub-populations

Root Cause 3: Our leaders are not prioritizing accountability to increases in the student data because the analysis of the data does not have clear timelines and/or benchmarks for progress across the Domains Special Education, CSI, EB, and all sub-populations

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: There has been a lack of student focused counseling services, group counseling services and family outreach opportunities.

Root Cause 4: Leadership has deprioritized student culture and relationships because of time management. Time management is jeopardized daily because of a lack of clear systems on both proactive counseling measures and reactive discipline measures.

Problem Statement 4 Areas: Perceptions

Problem Statement 5: Incomplete student data tracking led to inconsistent adjustments in planning and delivery for students in need. Special Education, CSI, EB, and all sub-populations

Root Cause 5: Lack of campus training and norming around tracking for academic and behavioral needs across all populations Special Education, CSI, EB, and all sub-populations in PK - 5 and elective teams

Problem Statement 5 Areas: Demographics

Problem Statement 6: Incomplete student data tracking led to inconsistent interventions for students in need. Special Education, CSI, EB, and all sub-populations

Root Cause 6: Lack of campus training and accountability in providing appropriate interventions in general education Special Education, CSI, EB, and all sub-populations and counseling setting.

Problem Statement 6 Areas: Demographics

Problem Statement 7: Our persistence data has over 100 students leaving year after year with our new students being 90% +2 years or below grade level.

Root Cause 7: There has been a lack of teacher training on student investment and a lack of systems on student recognition and parent communication trained and monitored by the

leadership team.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Persistence and enrollment data are below benchmark because while on-boarding, touring or the first weeks of school families decline our campus due to open style, urban setting with structural and cosmetic needs.

Root Cause 8:
Our campus is on a lease and does not get upgrades needed due to contractual constraints and lack of equitable funding. The leadership team has not revamped the on-boarding for new families to include the new construction plans and highlights on the many reasons why our campus is the campus of choice (neighboring comparisons etc.,)

Problem Statement 8 Areas: Perceptions

Problem Statement 9: Our special populations of Economically Disadvantaged students dropped in overall Academic Achievement.

Root Cause 9: Our campus leaders failed to target the appropriate training and interventions to meet the needs in Math due to a lack of Q1 student identification through assessment tracking and RTI processes.

Problem Statement 9 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Running Records results
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Enrollment trends

Employee Data

- Teacher/Student Ratio

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Other additional data

Goals

Revised/Approved: September 16, 2022

Goal 1: Increase staff retention

Performance Objective 1: Regularly provide employees with meaningful feedback on a weekly basis.

High Priority

Evaluation Data Sources: Teachers will increase proficiency levels on GET ratings and student achievement.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Communicate goals and expectations clearly so employees will understand how their work helps the organization achieve its objectives. **Strategy's Expected Result/Impact:** Student data increases across benchmarks identified and coached. **Staff Responsible for Monitoring:** Direct manager **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Improve low-performing schools **Problem Statements:** School Processes & Programs 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

School Processes & Programs
Problem Statement 1: Leaders are not tracking all components of state accountability and teacher required targeted feedback based on Domain needs Special Education, CSI, EB, and all sub-populations **Root Cause**: Our leaders are not prioritizing accountability to increases in the student data because the analysis of the data does not have clear timelines and/or benchmarks for progress across the Domains Special Education, CSI, EB, and all sub-populations

Goal 2: All IDEA students matriculate to college

Performance Objective 1: Provide opportunities weekly and monthly for staff to inform students about behaviors aligned to a college going identity.

High Priority

Evaluation Data Sources: Insights on TEAMS "college bound" videos, classroom observations during "college bound talks" and monthly lesson plans to include teacher

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers will participate in weekly college lessons and monthly college assemblies informing students about opportunities they have to gain access to a college degree. **Strategy's Expected Result/Impact:** Students surveyed will know about college and name college going behaviors in their goal setting conversations, report card student led conferences. **Staff Responsible for Monitoring:** Assistant Principals of Instruction, School Counselor, and Principal **Title I:** 2.5, 2.6 **- TEA Priorities:** Connect high school to career and college **Problem Statements:** Demographics 3				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 3: Lack of staff, student and parent investment has added to Declines in persistence **Root Cause**: Lack of a system around on-boarding our new students and families including parent and student commitments, academic expectations/standing and culture.

Goal 2: All IDEA students matriculate to college

Performance Objective 2: Parent Nights highlighting the Mission of College for ALL students and that this includes EL, SPED and all populations

Evaluation Data Sources: 100% of parents agree the Parent Night met their needs by paper pencil survey at end of meeting

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: At onboarding inform parents of initial placement after testing and require acknowledgement of possible interventions and mandatory meetings **Strategy's Expected Result/Impact:** 100% of parents are aware of student placement and the dates for intervention and meetings **Staff Responsible for Monitoring:** APIs **Title I:** 4.2 **- TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 3: Positive School Culture	100%	100%	100%	

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 1: By MOY 3rd - 5th grade students will have exceeded their growth measure and know the benchmarks to move up at least one performance band /in to meets or masters category

High Priority

HB3 Goal

Evaluation Data Sources: STAAR data tracking of D1

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Campus normed tracking for daily exit tickets and special populations (EB, SPeD, ECODIS) to begin September 6th and tracked by leaders 3 times a week. **Strategy's Expected Result/Impact:** Teachers and leaders know students to target in planning and delivery **Staff Responsible for Monitoring:** Assistant Principal of Instruction and Principal **Title I:** 2.4, 2.6 **Problem Statements:** Student Learning 1 - School Processes & Programs 1 **Funding Sources:** - Federal Grant - $61,300	55%	55%		

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: Our special populations of Emergent Bilingual students dropped in overall Academic Achievement. **Root Cause**: Our general education teachers and leaders of those teachers failed to target the appropriate interventions and adjustments to meet the needs in Mat (Foundational skills) due to a lack of Q1 student identification through assessment tracking and RTI processes.
School Processes & Programs
Problem Statement 1: Leaders are not tracking all components of state accountability and teacher required targeted feedback based on Domain needs Special Education, CSI, EB, and all sub-populations **Root Cause**: Our leaders are not prioritizing accountability to increases in the student data because the analysis of the data does not have clear timelines and/or benchmarks for progress across the Domains Special Education, CSI, EB, and all sub-populations

Goal 3: IDEA achieves an A rating

Performance Objective 2: All students receiving CSI services will grow 1.2 years from BOY to MOY by attending all CSI offered classes and tutorials

High Priority

Evaluation Data Sources: REN STAAR

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: CSI teachers will hold Parent PTG meeting the first Quarter to discuss progress and school -home connections **Strategy's Expected Result/Impact:** CSI students will increase 1.2 between BOY and MOY **Staff Responsible for Monitoring:** CSI teachers, general education teachers and CSI lead **Problem Statements:** Student Learning 1 **Funding Sources:** Interventionist 2 /SPED teacher 1 - Federal Grant - $171,550	100%	100%	100%	

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 1: Our special populations of Emergent Bilingual students dropped in overall Academic Achievement. **Root Cause**: Our general education teachers and leaders of those teachers failed to target the appropriate interventions and adjustments to meet the needs in Mat (Foundational skills) due to a lack of Q1 student identification through assessment tracking and RTI processes.

Goal 3: IDEA achieves an A rating

Performance Objective 3: All SPeD students will meet growth measures by receiving all accommodations prior to and during the STAAR exam

High Priority

Evaluation Data Sources: Modules and STAAR

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers will receive BOY Binder and PD training on accommodations for all assessments. **Strategy's Expected Result/Impact:** 100% of teachers will acknowledge in writing that they received and understood the required adjustments, additions and planning for SPED students. **Staff Responsible for Monitoring:** Sped teacher, intervention, gen ed and testing coordinator **Title I:** 2.4, 2.6 **- ESF Levers:** Lever 5: Effective Instruction	100%	100%	100%	

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 4: Increase student daily attendance

Performance Objective 1: Students will attend school daily by creating an environment with daily challenges, pop up incentives, weekly teacher led celebrations and monthly campus led celebratione

High Priority

Evaluation Data Sources: SIS reports

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: APO will create a reoccurring ADA step back to identify the OCS for campus ADA **Strategy's Expected Result/Impact:** ADA will increase 2% by MOY to regain on benchmark status **Staff Responsible for Monitoring:** SIS, APO, teacher compliance **Title I:** 2.5 **Problem Statements:** Demographics 3	100%	100%	100%	

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 3: Lack of staff, student and parent investment has added to Declines in persistence **Root Cause**: Lack of a system around on-boarding our new students and families including parent and student commitments, academic expectations/standing and culture.

Goal 4: Increase student daily attendance

Performance Objective 2: Students will stay healthy and attend school daily by eating a healthy meal and staying active in PE classes

Evaluation Data Sources: CNP walk throughs, PE HIIT data

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Students will attend PE classes regularly and attend extracurricular events **Strategy's Expected Result/Impact:** BMI decreased and HIIT goals met by MOY **Staff Responsible for Monitoring:** Nurse, PE staff, 21st century program partners	80%	75%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 5: Increase student persistence

Performance Objective 1: We will retain 90% of our students PK - 5th by ensuring a strong on-boarding process throughout the school year, connecting families to one another and the school at large

High Priority

Evaluation Data Sources: SC reports, locus and OCS of withdraw codes/reasons

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: SC and APO will create a system that takes a family from being recruited to ending year 1 succesfully **Strategy's Expected Result/Impact:** Increases in student persistence and parent satisfaction **Staff Responsible for Monitoring:** EC, SIS, APO, SC, API, Principal, GTL, teacher **Title I:** 2.4, 4.2 **Problem Statements:** Demographics 3 - Perceptions 1 **Funding Sources:** PK Teachers - Federal Grant - $117,400				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 3: Lack of staff, student and parent investment has added to Declines in persistence **Root Cause**: Lack of a system around on-boarding our new students and families including parent and student commitments, academic expectations/standing and culture.
Perceptions
Problem Statement 1: There has been a lack of student focused counseling services, group counseling services and family outreach opportunities. **Root Cause**: Leadership has deprioritized student culture and relationships because of time management. Time management is jeopardized daily because of a lack of clear systems on both proactive counseling measures and reactive discipline measures.

Goal 5: Increase student persistence

Performance Objective 2: 100% of students will feel safe during the school day

Evaluation Data Sources: Student Surveys

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 100% of students will participate in all safety drills and receive a mini lesson that includes a poll/exit ticket to gauge true understanding of our safety measures **Strategy's Expected Result/Impact:** Increase in student persistence and student / parent survey data around safety **Staff Responsible for Monitoring:** Teachers, APO, FM and Direct managers **Problem Statements:** Demographics 3	70%	75%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 3: Lack of staff, student and parent investment has added to Declines in persistence **Root Cause**: Lack of a system around on-boarding our new students and families including parent and student commitments, academic expectations/standing and culture.

Goal 5: Increase student persistence

Performance Objective 3: Special Education students will receive proper on-boarding including RISE PM tour and a paperwork party before the first day of school (entry)

Evaluation Data Sources: Sped Persistence

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: SPED point person and EC work hand in hand to create an onboarding plan that adjusts for first day of entry. **Strategy's Expected Result/Impact:** All IEP requirements begin on day 1 **Staff Responsible for Monitoring:** RISE, EC and SPED PP	50%	80%		

 No Progress Accomplished Continue/Modify Discontinue

Annual Performance Objectives (APO)

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%

1B. % of graduates matriculate to a Tier I/II College or University: 15% | 25%

1C. % of Seniors accepted to a College or University: 100%

1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%

1E. Earned State Rating: A

1F. % Basic | % Mastery | % Advanced on LEAP: 82% | 44% | 11%

1G. % Approaches | % Meets | % Masters on STAAR/EOC: 90% | 60% | 30%

1H. % Level 3 | % Level 4 | % Level 5 on FSA/FSAA: 70% | 40% | 20%

1I. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading - Year 1 Campuses | Year 2 Campuses: 80% | 90%

1J. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%

1K. Average ACT score: 21

1L. % of students graduating college in 4 | 6 years: 25% | 55%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%

2B. 80% composit score on GPTW: 82%

2B. %Average Daily Attendance: 97.50%

2C. New Student Persistence: 90%

2D. Operating Income: $133M

2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%

3B. Enrollment in August 2020: 83,894

3C. Schools in operation in August 2020: 149

3D. Total Funds Raised (millions): $93M

Reflection	
Areas of Strength	**Areas of Need**
1. Curriculum Nights gave insight to students current progress toward their goals that parents appreciated.	1 We need to work to offer parent classes/sessions that involve teaching parents how to deal with students social emotional needs, how to help their child use technology safely and set boundaries.
2 EOY ceremonies were held at CP which allowed for more space and ability to celebrate students. Each grade level had a slide per students and we started a new tradition of graduation cap and gowns for kinder student	2 With covid decreasing provide families with more opportunities to interact with the campus by planning and executing monthly parent events.
3	3 Curriculum Nights should take place earlier in the year (September vs October) and again second semester to create buy in with new and returning families.

San Juan College Prep

2022-2023 Campus Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Science
Postsecondary Readiness

Board Approval Date: October 21, 2022
Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 15, 2022

Demographics

Demographics Summary

1. IDEA College Preparatory San Juan is a Title 1 open- enrollment charter public school serving the needs of a rural, mostly Hispanic, low- income student body through a STEM education and various programs and activities. We are located at 600 E. Sioux Rd. in San Juan, Texas. Our student body is made up of 722 students in grades six through twelfth.Our stakeholders include a staff of over 100 people including administration, instructional and operations personnel, parents/ guardians, district support staff, private donors, and former alumni who all believe in the mission of being the largest producing district in sending young people to college. Through various opportunities throughout the year, stakeholders are able to provide feedback and suggestions for campus improvements.
2. IDEA College Preparatory San Juan provides a competitive STEM/ CTE program to all students in middle and high school as many schools in the San Juan area offer similar course offerings. However, the biggest need in our community is assisting our students through the college-going process, therefore, our college counseling department is a strength at our school.
3. We have a large population of economically disadvantaged families and students in special programs, so our programs in English Language acquisition and special education services are a big part of our campus. In addition to the programs and curriculum we have for students in our daily instruction, we have a parent program that provides English Language acquisition in order to imact the whole household and not just the student.

See PDF in Addemndum for more information.

Demographics Strengths

See PDF Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1: IDEA College Preparatory did not meet projected enrollment during the first 2 weeks of school. **Root Cause:** We did not meet persistence and therefore had many seats available that needed to be filled. Not enough communication going out to surrounding community about what we offer that appeals to them. Recruitment was focused at areas about 10 miles out and not from close proximity of school.

Problem Statement 2 (Prioritized): IDEA College Preparatory did not meet the 97.5% daily attendance goal for the year 21-22 (89.14%). **Root Cause:** Lack of parent communication on importance of attendance and overall consequences on all communication platforms Safety protocols and guidelines school followed were not made clear to families Decrease in student celebrations and activities from 2 years prior largely due to COVID

Problem Statement 3 (Prioritized): IDEA College Preparatory did not meet 90% Persistence Goal for the first time for 21-22 school year. **Root Cause:** Lack of partnership with Academy campus to ensure transition from 5th to 6th grade Lack of student activities throughout the year to promote campus student programs and school spirit

Problem Statement 4 (Prioritized): Onboarding for new students and families focused on IDEA culture, but not stamping the expectations in the student code of conduct. **Root**

Cause: Set agenda does not include this as a key point to review and have behavioral contract signed by both parent and student.

Student Learning

Student Learning Summary

IDEA College Preaparatory San Juan was rated an A campus by the State of Texas. We scored an A rating on Student Achievement, School Progress, and a B on Closing the Gaps, specifically needing to meet targets in Mathematics. Under student achievement, our STAAR component was a 75, which is our focus for this year, but we are producing high marks under graduation rate which rated a 100 and in CCMR with a 99. Our campus earned the distinctions in the following areas: Academic Achievement in ELA/ Reading, Academic Achievement in Science, and Post- Secondary Distinction. Our school is keeping its committment to our community in supporting and sending 100% of students to college and ensuring they are prepared when they get to the university of their choice. We are also supporting our students in post- secondary education or job readiness, depending on thier educational plans.

See PDF in Addendum for more information.

Student Learning Strengths

See PDF for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): IDEA College Preparatory was rated the lowest on Academic Achievement under Closing the Achievement Gaps (57/100). **Root Cause:** Lack of professional development for leaders and teachers around domain 1 and 3 Lack of tracking with purpose for special populations

Problem Statement 2 (Prioritized): Student performance on STAAR/ EOC trended lower in the district based on unit assessments and benchmarks. **Root Cause:** Lack of teacher development in specific content, specifically to push for rigor Inconsistent tracking system Behavioral issues were top concern due to lack of training or coaching on classroom management

Problem Statement 3: Students demonstrating growth in one or more levels for TELPAS is under 50%. **Root Cause:** Lack of communication to parents and students on individual goals for exam Students did not consistently practice all 4 components of exam throughout the school year

School Processes & Programs

School Processes & Programs Summary

IDEA CP San Juan offers a STEM education partnered with a strong AP program to support ou students in getting them college ready. Our staff is trained in AP curriculum every year through AP summer institutes as well as throughout the year as they collaborate with course leaders from the district. Additionally, the Rio Grande Valley AP program added an AP Share Fair to showcase our best teachers in the AP program to bring to others best practices. The STEM program has recieved a grant which allows for professional development opprotunities outside of IDEA and the use of grant funds to provide supplies and technomogy needed to support instruction in the classroom. Each teacher is provided with training on how to use curriculum and resources.

See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

See PDF in Addendum for additional information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Family engagement activities were inconsistent throughout the 21-22 school year. **Root Cause:** Communication to families of events for the year was lacking Lack of communication on health and safety protocols and procedures was unclear and inconsistent

Problem Statement 2 (Prioritized): Professional Development between our middle school and high school staff and opportunities for team building for staff to impact teacher retention was mostly seen in beginning of year, but not throughout the school year. **Root Cause:** Most opportunities for collaboration are based on grade level teams and not content or cross-content teams.

Problem Statement 3 (Prioritized): The number of students exceeding the growth target for TELPAS is below 42%. **Root Cause:** Goal setting conversations did not happen with students to ensure knowledge of growth goal

Perceptions

Perceptions Summary

At IDEA CP San Juan, the drop out rate is 0% across all race/ ethnicity groups which is not common amongst other schools in our district and neighboring communities. Our campus efforts to retain and matriculate seniors is largly attributed to this result.

We understand mental well being and access to help/ assistance is necessary and of utmost importance, so we not only have an experienced Student Success Advisor who meets with students individually and in groups, we train and promote our peer mentor group so students have access to help from many people on campus. We believe in a restorative approach to misbehavior and practice this by following our student code of conduct and providing the consequence that most appropriately matches the action.

Every year, student and parent surveys to out to our families to measure and collect data on the satisfaction of our staff and practices at our campus. Most of our teachers have a satisfactory rating from both students and parents evident in our survey data as well as in our internal district teacher pathway as our campus has a high number of level 4 and 5 teachers.

Some barriers to our families participating in surveys and campus activities are long work hours or working multiple jobs, no access to internet, and no access to transportation.

See PDF in Addendum for more information.

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Communication to families and students about school programs, campus expectations, and campus support is lacking as over 40% of leavers stated academic programs or difficulty of academics. **Root Cause:** Most information about programs and support is through meetings which there is low attendance. There is not follow up plan for information to get to parents who did not attend meetings. Times of meetings are not differentiated; options provided.

Problem Statement 2 (Prioritized): Increased Level 1 and 2 infractions in the classrooms because of lack of student investment in student code of conduct. **Root Cause:** Teacher development was lacking in proactive/ restorative measures. Students are unaware of infractions and potential consequences for each. Student code of conduct is not discussed unless a students is already facing consequences for an action. Lack of system of preventative measures to avoid infractions.

Priority Problem Statements

Problem Statement 1: IDEA College Preparatory did not meet the 97.5% daily attendance goal for the year 21-22 (89.14%).

Root Cause 1: Lack of parent communication on importance of attendance and overall consequences on all communication platforms Safety protocols and guidelines school followed were not made clear to families Decrease in student celebrations and activities from 2 years prior largely due to COVID

Problem Statement 1 Areas: Demographics

Problem Statement 2: IDEA College Preparatory was rated the lowest on Academic Achievement under Closing the Achievement Gaps (57/100).

Root Cause 2: Lack of professional development for leaders and teachers around domain 1 and 3 Lack of tracking with purpose for special populations

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Student performance on STAAR/ EOC trended lower in the district based on unit assessments and benchmarks.

Root Cause 3: Lack of teacher development in specific content, specifically to push for rigor Inconsistent tracking system Behavioral issues were top concern due to lack of training or coaching on classroom management

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Family engagement activities were inconsistent throughout the 21-22 school year.

Root Cause 4: Communication to families of events for the year was lacking Lack of communication on health and safety protocols and procedures was unclear and inconsistent

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: IDEA College Preparatory did not meet 90% Persistence Goal for the first time for 21-22 school year.

Root Cause 5: Lack of partnership with Academy campus to ensure transition from 5th to 6th grade Lack of student activities throughout the year to promote campus student programs and school spirit

Problem Statement 5 Areas: Demographics

Problem Statement 6: Communication to families and students about school programs, campus expectations, and campus support is lacking as over 40% of leavers stated academic programs or difficulty of academics.

Root Cause 6: Most information about programs and support is through meetings which there is low attendance. There is not follow up plan for information to get to parents who did not attend meetings. Times of meetings are not differentiated; options provided.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: Increased Level 1 and 2 infractions in the classrooms because of lack of student investment in student code of conduct.

Root Cause 7: Teacher development was lacking in proactive/ restorative measures. Students are unaware of infractions and potential consequences for each. Student code of conduct is not discussed unless a students is already facing consequences for an action. Lack of system of preventative measures to avoid infractions.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: The number of students exceeding the growth target for TELPAS is below 42%.

Root Cause 8: Goal setting conversations did not happen with students to ensure knowledge of growth goal

Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: Onboarding for new students and families focused on IDEA culture, but not stamping the expectations in the student code of conduct.

Root Cause 9: Set agenda does not include this as a key point to review and have behavioral contract signed by both parent and student.

Problem Statement 9 Areas: Demographics

Problem Statement 10: Professional Development between our middle school and high school staff and opportunities for team building for staff to impact teacher retention was mostly seen in beginning of year, but not throughout the school year.

Root Cause 10: Most opportunities for collaboration are based on grade level teams and not content or cross-content teams.

Problem Statement 10 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- Student failure and/or retention rates

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Response to Intervention (RtI) student achievement data
- Dual-credit and/or college prep course completion data
- STEM and/or STEAM data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Discipline records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: Increase staff retention

Performance Objective 1: IDEA College Preparatory San Juan will retain 85% of staff from the year 22-23 to 23-24.

High Priority

Evaluation Data Sources: Data from instructional staff leavers and operations staff leavers

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Dissect data from Teacher panel, Empathy Survey, and Great Places To Work and hold a strategy meeting to impact lowest statements throughout the year. **Strategy's Expected Result/Impact:** Increase staff retention percentage from previous year **Staff Responsible for Monitoring:** Principal **TEA Priorities:** Recruit, support, retain teachers and principals	50%	70%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: ICPSJ will provide targeted professional development through our weekly meetings, district sessions, or outside professional development such as but not limited to Region One . **Strategy's Expected Result/Impact:** Teachers will stay as they receive training to help improve in areas of growth **Staff Responsible for Monitoring:** APIs **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction	35%	70%		

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Principal monthly meetings with Talent Partner to review non-negotiables for any new positions to hire effective teachers that will add to school culture. **Strategy's Expected Result/Impact:** Guidance will ensure we hire teachers suited for IDEA CP San Juan that will persist from year to year. **Staff Responsible for Monitoring:** Principal **TEA Priorities:** Recruit, support, retain teachers and principals -				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: All IDEA students matriculate to college

Performance Objective 1: Ensure 100% of students are CCMR ready by end of senior year.

High Priority

HB3 Goal

Evaluation Data Sources: TASI 2, Advanced Placment Exams, ACT Exams

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Utilize district ACT Prep curriculum weekly starting 8/20/22 during RTTC class provided by RTTC 3&4 teacher. **Strategy's Expected Result/Impact:** Increase ACT score by 1 Composite Point every benchmark. **Staff Responsible for Monitoring:** Cassandra Reyes **TEA Priorities:** Connect high school to career and college **Problem Statements:** Perceptions 1				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Coordinate TSI Prep and testing sessions for grades 9-12 with college preparatory teachers to begin by Oct. 2022. **Strategy's Expected Result/Impact:** 9th goal= 90% passing math 10th goal= 90% passing English 11th & 12th goal= 100% passing all components of TSI **Staff Responsible for Monitoring:** Alexandra Campos **TEA Priorities:** Connect high school to career and college **Problem Statements:** Perceptions 1				

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Provide a robust AP Program to allow for multiple means to reach CCMR goal. **Strategy's Expected Result/Impact:** 30% of senior class will become AP Scholars by end of 2023 **Staff Responsible for Monitoring:** Cassie Reyes **TEA Priorities:** Connect high school to career and college **Problem Statements:** Perceptions 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Perceptions
Problem Statement 1: Communication to families and students about school programs, campus expectations, and campus support is lacking as over 40% of leavers stated academic programs or difficulty of academics. **Root Cause**: Most information about programs and support is through meetings which there is low attendance. There is not follow up plan for information to get to parents who did not attend meetings. Times of meetings are not differentiated; options provided.

Goal 2: All IDEA students matriculate to college

Performance Objective 2: 100% of 2023 IDEA San Juan College Prep Campus high-school graduates matriculate to college, enroll in a post-secondary program for special education students, enlist in the armed forces, and/or are granted a faith-based or medical exemption.

High Priority

Evaluation Data Sources: District tracker towards college ready tasks, National Clearing House data, Matriculation evidence

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: College Counselors (2) will provide individual support in college readiness tasks. **Strategy's Expected Result/Impact:** 100% of seniors will have filed FAFSA/ TASFA and have at least 2 personal statements on file. **Staff Responsible for Monitoring:** Christina Lynch **TEA Priorities:** Recruit, support, retain teachers and principals, Connect high school to career and college **- ESF Levers:** Lever 3: Positive School Culture **Funding Sources:** College Counselor - Federal Grant - $67,049.73, College Counselor - Federal Grant - $70,720	40%	90%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Conduct 100% of transition meetings with RISE staff with post-secondary partners (THRIVE and others) to set students up for success. **Strategy's Expected Result/Impact:** 100% of our RISE students will have a placement aligned with the state to meet CCMR **Staff Responsible for Monitoring:** Ambar Reyes **TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 3: Positive School Culture	25%	80%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 1: 90% of students taking a STAAR/ EOC exam will score Approaches, 60% will score Meets, and 30% will score Masters for the 22-23 school year.

High Priority

Evaluation Data Sources: District Benchmarks, EdCite, Locus Dashboard

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 100% of STAAR/ EOC teachers will track every student on each district assessment for Domain 1 and 3. **Strategy's Expected Result/Impact:** Meeting targets in both ELA and Math **Staff Responsible for Monitoring:** Principal **TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Implement plan for accelerated learning support such as tutorials and homework packets on low performing skills identified by benchmarks and classroom assessments **Strategy's Expected Result/Impact:** Close gaps on foundation skills needed for current objectives **Staff Responsible for Monitoring:** APIs **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 2				

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Use Interventionist (1) to assist with increasing math scores through small groups with identified critical students. **Strategy's Expected Result/Impact:** Growth in special populations (SPED, EL) **Staff Responsible for Monitoring:** Krystle Zambrano **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 2 **Funding Sources:** Interventionist - Federal Grant - $58,100				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 2: Student performance on STAAR/ EOC trended lower in the district based on unit assessments and benchmarks. **Root Cause**: Lack of teacher development in specific content, specifically to push for rigor Inconsistent tracking system Behavioral issues were top concern due to lack of training or coaching on classroom management

Goal 3: IDEA achieves an A rating

Performance Objective 2: 60% of students in each Special Population will score Meets on STAAR/ EOC (SPED, EL, Eco Dis).

High Priority

Evaluation Data Sources: District Benchmarks, Campus Domain 3 Tracker, Locus, EdCite

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Use interventionists (2) to increase 6th- 10th scores in Reading through small group instruction. **Strategy's Expected Result/Impact:** Student special population scores will increase through small group, targeted instruction **Staff Responsible for Monitoring:** Christian Ramirez **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 1 **Funding Sources:** Interventionist - Federal Grant - $58,100, Interventionist - Federal Grant - $54,000	25%	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Provide monthly parent sessions for families regarding support in increasing student achievement **Strategy's Expected Result/Impact:** Parents become knowledgeable and support at home with academics **Staff Responsible for Monitoring:** Student Success Advisor **ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Perceptions 1	20%	50%		

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Teachers create academic plan for each student failing with a 60 or below on the progress report and communicating with each parent no later than 1 week after reports go out. **Strategy's Expected Result/Impact:** Parent and teacher partnership in increasing student academic achievement **Staff Responsible for Monitoring:** Alexandra Campos- College Counselor	35%	80%		

Strategy 4 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 4: Utilize AR Zone Facilitator to provide intervention to identified critical students in reading to support goal. **Strategy's Expected Result/Impact:** Students will grow 1-2 reading levels **Staff Responsible for Monitoring:** Christian Ramirez **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 2 **Funding Sources:** AR Zone Facilitator - Federal Grant - $51,500				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 1: IDEA College Preparatory was rated the lowest on Academic Achievement under Closing the Achievement Gaps (57/100). **Root Cause**: Lack of professional development for leaders and teachers around domain 1 and 3 Lack of tracking with purpose for special populations
Problem Statement 2: Student performance on STAAR/ EOC trended lower in the district based on unit assessments and benchmarks. **Root Cause**: Lack of teacher development in specific content, specifically to push for rigor Inconsistent tracking system Behavioral issues were top concern due to lack of training or coaching on classroom management
Perceptions
Problem Statement 1: Communication to families and students about school programs, campus expectations, and campus support is lacking as over 40% of leavers stated academic programs or difficulty of academics. **Root Cause**: Most information about programs and support is through meetings which there is low attendance. There is not follow up plan for information to get to parents who did not attend meetings. Times of meetings are not differentiated; options provided.

Goal 4: Increase student daily attendance

Performance Objective 1: IDEA San Juan College Prep will achieve a 97% annual attendance rate for the 22-23 school year

High Priority

Evaluation Data Sources: PowerSchool

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Implement incentives system for students at a grade level and individual level to impact daily attendance **Strategy's Expected Result/Impact:** Students will have multiple opportunities to obtain an incentive and be invested in goal **Staff Responsible for Monitoring:** Gabriel Luna- APO **ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 2	55%	70%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 2: IDEA College Preparatory did not meet the 97.5% daily attendance goal for the year 21-22 (89.14%). **Root Cause**: Lack of parent communication on importance of attendance and overall consequences on all communication platforms Safety protocols and guidelines school followed were not made clear to families Decrease in student celebrations and activities from 2 years prior largely due to COVID

Goal 5: Increase student persistence

Performance Objective 1: 90% of IDEA San Juan College Prep students enrolled during the 22-23 school year will persist and return for the start of the 23-24 school year.

High Priority

Evaluation Data Sources: Campus Student Tracker, District-wide Tracker, PowerSchool

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Inform students through Advisory class period lessons on campus expectations and consequences to prevent unwanted behaviors **Strategy's Expected Result/Impact:** Lower Administrative expulsions/ suspensions impacting persistence **Staff Responsible for Monitoring:** APIs **ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 3	50%	100%	100%	

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 3: IDEA College Preparatory did not meet 90% Persistence Goal for the first time for 21-22 school year. **Root Cause**: Lack of partnership with Academy campus to ensure transition from 5th to 6th grade Lack of student activities throughout the year to promote campus student programs and school spirit

Goal 5: Increase student persistence

Performance Objective 2: IDEA San Juan College Prep will be a safe campus by focusing on violence prevention and intervention.

High Priority

Evaluation Data Sources: Student surveys, Move This World user data. Campus Crisis Team data review

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Partner with local PD and sheriff's department for staff and family training on prevention and interventions. **Strategy's Expected Result/Impact:** Increase awareness and decrease incidents pertaining to violence through appropriate interventions **Staff Responsible for Monitoring:** Gabriel Luna **ESF Levers:** Lever 1: Strong School Leadership and Planning

Reflections	
Areas of Strength	**Areas of Need**
Our AP Art & Design program has been one of the consistent contributors to our campus meeting our AP Scholar Goal for over 10 years.	Our high school art courses (drawing, painting, AP Art & Design) have not had school funding for course materials since 2019. Ms. Correa has either had to purchase from her own pocket or find outside donations. We previously had $2000, per year, to spend on art supplies.

Students love the engagment of sports. It's a big stress reliever expelling all that energy out. With the different games and activities they are learning, It exposes the students to learn different sport other than Basketball, Football and Soccer.	As students use thier heart rate monitors to play, some of the monitors take a beating and stop working making it difficult to track thier progress. Our monitors are now out of warranty and are in need of replacments.
Students love to be able to get away from traditional learning and experiment in the fine arts. The different projects, skills, and lessons being taught students get to enjoy a well rounded process of the arts. From drawing, painting, and sculpting, students get to practice with more than 1 discipline of art.	Having a high school level class in 8th grade really hinders students growth. As frist year art students, they are set up with major disadvantages. 8th grade students should only take middle school level art classes.

Team advocates and trouble shoots for correct placement of students when issues are identified with student performance and habilities.	1Establishing clear expectations of student and proctor expectations. For validity of assessments. Create Student Awareness of Placement Procedure and Rationale for testing expectations. Provide rationale and benefits in showing mastery for accurate placement in a pre testing lesson. Parent communication regarings student placement. Letter.
2 Norming scoring of writing expectations vertical alignment on Procedural writing/speaking tasks ex. Steps to write email replies, essays, presentations and dialogs.	2 Must improve on vertically matching AP Alingned (rationale) on conceptual writing objectives ex. Must ask questions on email reply that are related to the prompt email and not just basic questions to merely meet the requirement. Advocate for use of CTM time to collaborate on unit planning
3 Material and curriculum space for incorpoation of various reading genres across levels.	3 Be more intentional in incorportation of reading in Span 1-3 Levels. Ensure an optimal ratio of narrative and informational reading to ensure both skills are developed appropiately for AP courses. Review and refine reading constructor now that new Spanish 1-3 teacher is on board.

Next steps

1. Elna will write a letter for parents by monday 18.

Reflections	
Areas of Strength	**Areas of Need**
Students are able to identify and explain the function of metaphor.	Students struggle to explain how details, diction, and syntax reveal a narrator or speaker's perspective.
Students are able to write a thesis that presents a defensible interpretation of a literary work.	Students struggle to develop commentary that establishes and explains relationships among textual evidence, the line of reasoning, and the thesis
Students are able to develop a paragraph that includes a claim and evidence supporting the claim.	Students struggle to strategically use words, comparisons, and syntax to convey a specific tone or style in an argument.
Students are able to describe the line of reasoning and explain whether it supports an argument's overacrching thesis.	Students struggle to use established conventions of grammar and mechanics to communicate clearly and effectively.
Students were able to analyze the author's use of print and graphic features.	Students struggled with explaining the author's purpose and message withing a text
Students were able to use text evidence to support an appropriate response.	Students struggled with multiple organizational patterns within a text to develop the thesis.

Students were able to use context within or beyond a paragraph to clarify the meaning of unfamiliar or ambiguous words.	Students struggled with paraphrasing and summarizing texts in ways that maintain meaning and logical order.
Students were able to analyze how characters' motivations and behaviors influence events and resolution of conflict.	Students struggled with dictionary skills and vocabulary. Studnets need to build a sense of self-motivation to use the dictionary.
Students were able to make inferences and use evidence to support understanding.	We need bridge the gap between CSI and ELA teachers in regards to targeting the areas our critical student struggle in starting from the begining of the school year.
Students were able to determine author's purpose.	Due to changes to the writing portion of STAAR tests for various grade-levels, the department needs to prioritize vertical alignment for tested and non-tested writing skills.
The English Language Arts department collaborated by sharing best practices at least once a month.	Students struggled with vocabulary and dictionary skills
Students were able to make inferences and use evidence to support	Students struggled with analyzing key details in a text.

Students were able to make connections and analyze interactions in a text

Reflections	
Areas of Strength	**Areas of Need**
(AP Stats) Received great resources to use in class from trainings. Studnets were involoved in lessons especially when the problems were on topics that intrested them	Need to incorporate more practice time into class to help students improve their skills. Also closing the gaps that students have due to not being in a physical math class for some time.
(Geometry) Students have an interactive notebook that contains correctly written out examples and their daily exit tickets. They can use this as a tool to help with homework or to study. I assigned very strategic do nows and exit tickets. Students were strategically arranged by seating them in pairs with a high/medium student with a low student. Intro to new material was shorter so more time was given for independent practice. Tutoring once a week based on the lowest performing TEKS really helped struggling students.	(Geometry) Updated curriculum more ACT aligned questions. Lessons were challenging and rigorous for students. Student gaps were significantly greater than in previous years. Struggled with student participation in almost everything used to help advance their math skills. High students were not willing to tutor peers.
(Algebra 1) The reteach portion (including the agenda structure) improved the students base knowledge substantially from when they first learned the topics. Practice problems and exit ticket where all mulitple choice or griddables which was more STAAR aligned.	(Algebra 1) More practice time with problems similar to what they would see on the STAAR. Lessons don't feel balanced and lesson breakdown/order feels inefficient.

(6th Grade Math) My students have an interactive notebook, and they are able to refer back to their prior lessons so that they can make the connections needed to solve their problems. Also, when I was planning my lessons, I always planned and I had my struggling student in mind. I made sure that there was more than one way to solve each problem. I tutored three times a week and held two Saturday classes each month to help all my students close all achievement gaps.	(6th Grade Math) Many lessons didn't feel aligned to what was tested on the weekly, mid unit and unit exams. There were a lot of typos in the word problems and many even had the incorrect answers. I always solved strategically and I made sure to break down each problem thoroughly.
(Algebra II) Guided Notes and Anchor charts were effective in helping students understand the content quicker avoid getting roadblocked by question where they didn't know how do begin. In addition it required less handholding and saved time coaching students individually.	(Algebra II) Ideas of filling in gaps for students that are missing vital algebra skills to be able to make class easier. Maybe extra credit opportunities using imagine math.
(7th Grade Pre-Algebra) Course collab and resources shared during those meeting were very helpful. Students had a workbook for each unit. Also, the clusters for STAAR preparation were very helpful. Anchor charts were created for each lesson to help students keep track of steps or refer back to when solving problems independently. □	Need to make sure to collaborate with both 6th and 8th grade in order to make sure that students are successful for all subjects. Students had a lot of gaps this year that made it a little difficult to teach some lessons at a faster pace. Some of the lesson plans did not align with what was given in the student workbook. There were also some mistakes that I found in both the lesson plans and the student workbooks. (All problems were worked out before given to the students)
Pre-Cal Manager gave me all things algebra which really helped bridge the gaps with the students. Imagine math was used and students had lots of growth. Khan academy could be assigned through clever for additional help. The curiculum had links to daily videos based on content which I put in the class notebook for reference or if they were out sick. Kagan stradegies were a huge success in getting 100% engagement and using the personal white boards for instant feedback.	Pre-Cal Students lack the foundations of math. It would be great if there were workshops or mediation happening since the begining of the year to help bridge those gaps mostly caused by the pandemic.
AP Calculus AP Classroom was used and had a great video review for the exam. Khan academy could be assigned through clever for additional help. The curiculum had links to daily videos based on content which I put in the class notebook for reference or if they were out sick. Kagan stradegies were a huge success in getting 100% engagement and using the personal white boards for instant feedback.	AP Calculus Students need more at bats in the classroom. It was difficult for students to watch the videos assigned outside of classroom to then practice problems in the classroom with teacher. It would be beneficial if there was a workbook of some sorts where students had lots of practice problems aligned to the AP test. Mock exam was in a different format than the AP exam so students did not transfer the correct data to the answer document on the Mock. Recommendations were made to curiculum manager to have the format of the Mock align with the AP Test.

Reflections	
Areas of Strength	**Areas of Need**
AP courses increased the numbers and rigor of AP labs according to College Board standards. AP courses implemented labs and hands-on activities to emphasize and connect science concepts.	Lab resources required more time this year to fulfill the orders. Teachers planned in advance the labs but district HQ took more time for processing the orders. Also, the science companies frequently had delay in shipping.
District curriculum leaders provided the scope and sequence for each course. The teachers were able to calender each unit and backwards plan from the unit exam.	COVID and COVID exposure cases increased absences across grade levels and courses. The calender and planning were negatively impacted. Teachers struggled to keep on track with concepts and content and district exam dates were not flexible for every course.

Writing in science was performed in every science course. Students were prepared for the writing on district unit exam and state/national assessments such as STAAR and AP exams.

Reflections

Areas of Strength	Areas of Need
1. Students are provided daily opportunities to practice writing, critical-thinking, and collaborative skills throughout the various humanities courses. Courses use aligned writing strategies (CER/ACE) that encourage writing growth for future classes.	1. Access to data from previous course/year to quickly identify gaps in writing and reading early on. Persistent gaps in reading, writing, and critical thinking skills limit some students' ability to engage with all ocurse content.
2. Expanded course offering (Mexican-American Studies) to meet the needs of our campus.	2. Finding a consistent and maintainable procedure for providing students with clear and actionable feedback.

3. Instruction is aligned to the course and exam expectations for AP and STAAR including primary and secondary source analysis and interpretating social studies' developments and processes.	3. Courses lack opportunities for real-world application of skills, thus students fail to see the purpose in learning history related courses (Texas History, US History, World History). Applying global trends and issues to topics is also an area of need to help students internalize importance and purpose of humanities.
4. Courses incorporate different instructional practices, including Kagan strategies, Project Based Learning, Nearpod, and Peardeck.	4. Students are limited in problem-solving strategies/habits or are unable to manage the rigor of classes (especially since returning from distance learning). Many are stuck and struggle to find their way out of misunderstandings and fall behind creatiing larger gaps in reading and writing.

Areas of Strength	Areas of Need
TSI small groups were made for seniors not exempt going into 12th grade. Seniors were divided into small groups for intervention class based on TSI exemptions and data from past TSI exams. Seniors were tested at once every week. Multiple Saturdays were allocated for TSI provided tutoring sessions and testing. Testing occurred in 9th-10th grade, which allowed exemptions for one or both TSI exams in earlier grade levels.	The TSI assessment recently went through revisions on content and scoring. However, the review material has not met the changes to TSI. The school needs to increase the awareness on the importance of these exams 9-12th grades. 12th grade needs to comprehend the impact of these exams on admission status and remediation courses. The school can use a TSI informational PowerPoint that explains what the TSI is as well as the cost of remedial classes and effect on their college applications.
11th grade was invested in the college application by choosing the teachers for letter of recommendation (LOR) writing. Teachers were supported with student survey, district rubric, and accountability partner. Teachers had fewer letters of recommendation to write this year. The early LOR deadline led to more Early Decision and Early Action applications. In addition, the 12th graders were supported by individual counseling appointments.	The letter of recommendations teacher pool needs to be expanded to include other grade level teachers such as their advisory teachers. Students need to be exposed and familiarized with diverse Tier 1 and Tier 2 university/college at earlier grade levels. The pandemic prevented field lessons to Tier1 and Tier 2, so this continues to be an area of growth. Tier 1/ Tier 2 university/Cllege of the Week with statistics, location, and testimonies can be implemented during Road To and Through College (RTTC) class. College Fair needs to be reinstated for 11th and 12th grade; the college list needs to include colleges/universities from Texas and various parts of the United States.
The school exposed students to alumni testimonials through virtual meetings and Q/A sessions. Students were provided the opportunity to visualize their future paths.	The alumni sessions with 12th grade needs to be personalized with IDEA CP San Juan alumni. Since our school is part of a specific area and demographics, our alumni leading the discussion would make even more of an impact on our 12th grade students.
Parent meetings with counselors were consistent and individualized to the senior. The meetings were geared to closing information gaps, educating parents on the college application process, and working as a team to assist their child in getting to the college of their choice. Parents had direct relay of information from counselors and teachers through Remind messages. Also, the school provided a weekly school bulletin that informed parents of all grade levels important information and dates. This newsletter was sent out every Sunday. The school had whole grade level parent meetings 1st and 2nd semester. The 1st semester 12th grade meeting was on the college application and financial aid process. The 2nd semester 12th grade meeting was on AP testing schedule, College Signing Day and graduation.	Grade level parent meetings need to increase in frequency as before pandemic. In addition, seniors need regular benchmark meetings with stakeholders such their administrator mentor and teachers. The additional stakeholders can support counselors with the college application process.

% Advanced High					

Reflection	
Areas of Strength	**Areas of Need**
The fact that all teachers were given a hard copy on the expectations of filling out the TELPAS information was very useful to refer back too.	Administrators having all teachers take the calibration test when only a select few teachers can only sign off as Raters.
Providing a binder with copies and instructions to each grade team makes the organization and collection of samples run a lot smoother.	The TELPAS training this school year was rushed and not enough explaination was given to all new teachers.
Strong collaboration within grade teams to ensure all students have the requried writing samples.	Certified teachers to rate.
TELPAS Alt was provided sufficient time to complete ratings, and RISE provided flexibility to rate observable behaviors	Provide more thorough training for TELPAS Alt
	It would have been better to take the calibration test on a work day than at the end of a testing day.

Reflections

Areas of Strength	Areas of Growth
1. IDEA College Preparatory San Juan has a large number of master teachers and teachers who have been teaching for 4+ years, and most are returning next year.	1. The school and grade levels are inconsistent with giving consequences for uniform infractions, technology usage, etc. There is no behavior matrix and not all teachers enforce normed expectations.
2. The campus has highly qualified AP teachers resulting in the school being ranked #6 in the nation according to the Jay Matthews scale.	2. Some students are given more leniancy with infractions based on academic level and/or relationship with teacher.
3. Increase of tutors to help with coverage of classes instead of asking teachers to give up their conferences.	3. Last minute practices rolled out by administration without intention or purpose, such as new trackers.
4. Administration and grade teams are great about supporting teachers during times of need or when personal issues arise.	4. Lack of communication from administration to teachers about student expulsions, campus emergencys, and/or mitigations for COVID. Administration has not been present in hallways this year during transitions.
5. Opportunity for growth for co-teachers, professional development, and personal development.	5. Not enough celebrations of teachers or encouragement of their classroom practices. Teacher's work goes unheard, unseen, or validated. High School and Middle School teachers are unfamilliar with each other, so there is a lack of teacher-building across grade levels.
	6. Many teachers feel they are not given adequate time to produce their best instructional and planning work to due meetings, lack of communication, last minute tasks, and poor work-life balance. The broader the range of things we ask to teachers to take responsibility for the shallower the work we are able to do.
	7. Having meetings for the sake of meetings. Many are unintentional and planned last minute.
	8. Many teachers do not know they can self select trainings or personal developments. Growth is crucial in education. Stagnant growth equals stagnant results.

Reflections

Areas of Strength	Areas of Need
1. Reestablishing norms, post COVID.	1. More school spirit and community.
2. School activities and bringing the joy post COVID.	2. More school activites and bringing the joy.
3. Prioritizing student/teacher social emotional intelligence.	3. Teachers and administrators rely almost exclusively on external motivation (grades, incentives, praise). As a result, students have adapted to these structures and continue to lose intrinsic motivation and their natural curiosity and desire to learn.
4. LIBRARY! We have one. The kids love the fact that they were able to check out books this year and had a book fair.	4. More clubs and funding for extracirricular activities. (notebook/school newspaper/band/etc.)
5. Family oriented students who also strive in the classroom and extracurricular activities.	5. More student led festivities (such assemblies and pep rallies).
6. Student technology, giving all students a laptop.	6. Inconsistency across grade levels with response to minor infractions (such as uniforms, attendance, phones).
7. Expanding our cirriculum and including more classes like Mexican American Studies to meet the academic, social, and cultural needs of our students.	7. Teachers feel pressure to pass students instead of putting that responsibility back on the student and parents. We need to develop a plan at the begining of the school to ensure teachers and parents know the consequences when students are not producing any work.
8.Students doing the morning announcements.	8. Clear communication on extra teacher duty expectations, especially during State of Texas Assessments of Academic Readiness.
9. We have added more after-school activities for students to participate in.	9. Keeping electives priority throughout the year, even during State of Texas Assessments of Academic Readiness/Advanced Placement exams.
	10. Better planning with schedules after semester exams, mock exams, Advanced Placement exams, State of Texas Assessments of Academic Readiness testing.
	11. Strive to be more inclusive by ensuring all events and activities include our exceptional students.
	13. Collaborating with grade team leaders and teachers in planning special events for our teachers and staff such as; teacher appreciation week, holidays parties, or school events.
	14. Creating a school schedule that includes recess during lunch to increase their level of physical activity and exert energy in a healthy way.

Reflections

Areas of Strength	Areas of Need
At the beginning of year student's were given tote bags with school supplies and IDEA San Juan attire.	Due to COVID restrictions we did not do any festivals this year. We need to focus on some festivals to bring families and community together.
Keeping up with the Saints family weekly news kept our families more up to date and involved this year.	This year we did not offer after school English classes for parents and that was something that was popular and helpful before COVID.
Communication with Families through remind, parent phone calls, messages about upcoming exams.	Teachers used to be assigned a mentor group, which consisted of approximately 10-20 students. Parents were consistently informed regarding their child's grades and overall academic progress. Students and parents communicated with their mentor teacher regarding any questions or concerns throughout the year.
Continue with the celebrations every end of quarter to celebrate their succes in their classes obtaining A and B honor roll and having awards ceremonies at the end of the year for all grade level students.	During senior dinner, where our 12 graders bring their parents to recieve their awards and recognitions, the students were asked to choice ONE parent only to bring to the dinner and that created a sense of rejection and lack of unakowledge and its not fair not only for the parent, but also to the student by putting them in the position of having to choose bertween mom and dad.
IDEA San Juan College Prep has their own Facebook page where they communicate any important messages, announcements, celebrations, etc.	Whole School Teams for streamlined communication regarding uniform expectations, testing, bad weather school/no school communications, assembly cancellations etc. maybe include a transcript of announcements for kids who missed them in the morning.
Parent meetings with teachers in regards of upcoming events/class progress in order to answer questions or clarification	Set expectations that all grade levels have an assembly group from the start on Teams to ensure communication is sent to whole grade levels quickly when needed.
Communication with families through Remind, parent phone calls, messages	Did(Do) not have a clear idea of state of School tecnology as no inverntories were made thoughout the years. Many students are reporting they do not know where their computers are, some say they do not work, did not report it, many have lost their chargers. It is unclear how or when parents will be notified and it will be fustrating for them if they find out at the end of the year and have to come up with money on the spot.
We help relieve the financial burden of purchasing uniforms for students/families by sponsoring the student with a uniform.	Take into account of parents time that are not able to attend after school. Providing additional resources for parents.
	In previous years, 21st Century would participate in community events like parades and McAllen marathon. I think it's important to be seen like that at community events instead of just IDEA billboards

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 12, 2022

Demographics

Demographics Summary

IDEA South Flores Academy is a elementary school serving over 700 scholars on the south side of San Antonio, Texas. We teach scholars from Kindergarten through 5th grade. Our campus was established in 2013 opening our doors to Kindergarten through 2nd grade. From there each year we opened another grade in 2016 we were a full scale elementary school. We serve 77% of economically disadvantaged scholars and 94% of our scholars are Hispanic. Our daily attendance is approximately 92% and that was during COVID. Over 80% of our families continue to stay at our school year after year. We have been a "A" rated campus since we recieved our first rating. Our Special Education RISE classroom is one that is sought out by many local families, due to the rigor and success rate of our scholars.

Demographics Strengths

"See PDF inAddenudm for more information:

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to respond to persistence concerns immediately upon being made aware of them is key to addressing and keeping families. **Root Cause:** Lack of grade level administration addressing and responding to families concerns. Caused families to withdrawal their scholars.

Problem Statement 2 (Prioritized): There is a need to increase persistence specifically for new to IDEA scholars due to the decline last school year. (New Student Persistence 87%) **Root Cause:** Lack of consistent and clear communication around school culture and expectations to parents and scholars during the entire onboarding process (Welcome to IDEA).

Student Learning

Student Learning Summary

1. The progress we made this year was remarkable, Domain 1 - 90, Domain 2 - 93, Domain 3 - 100 and Overall - 95. We earned 5 out of 6 distinctions. Our growth in one year was Domain 2 plus 2, Domain 3 plus 15 and overall plus 6. we are ranked #3 out of the 12 elementary IDEA schools in San Antonio.

2. 4th Reading hit 94/76/44 in comparison to 20-21: 19% increase approaching, 30% increase meets, and 27% increase masters

3. 4th Math in comparison to 20-21: 20% increase approaching, 30% increase meets, and 29% increase masters

3. 5th Science in comparison to 20-21: 15% increase approaching, 31% increase meets, and 19% increase masters

4. All content SpEd 63/31/14 compared to 20-21: 15% increase approaching, 17% increase meets, and 1% increase masters

5. All content EL 77/52/31 compared to 20-21: 11% increase approaching, 22% increase meets, and 17% increase masters

"See PDF in Addendum for more information."

Student Learning Strengths

"See PDF in Addendum for more information."

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The reteach plan for scholars that were not mastery of skills during reading and math class. **Root Cause:** The lack of a clear and concise plan for intervention teacher for reteaching scholars and allowing more at bats to master skills.

Problem Statement 2 (Prioritized): The number of scholars in 3rd grade reading that were at approaches decreased by 8% from our prior year. **Root Cause:** Instruction by the reading teachers is lacking rigor to push scholars to do the lift and ability to have scholar facilitated conversations.

School Processes & Programs

School Processes & Programs Summary

On our campus we use multiple ways to develop our leaders. The leadership team does weekly joint observations in which are lead by the assistant principals. During these observations leaders identify their direct reports areas of growth and then develop a next step which is reviewed by the principal. There are weekly check ins with the principal and the assistant principals in which we review their personal coaching cycle and recieve ratings with observational feedback and next steps for their own leadership growth.

We complete quarterly coaching assesments and placements with weekly check ins with our teachers. This supports the teachers and leaders to align on what are areas of strength and areas of focus. We use a scope and sequence for our coaching cycle that aligns with the time of the year and what to prioritize. (Culture vs Instructional -- August vs March)

"See PDF in Addemdum for more information"

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

"See PDF in Addendum for more information"

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): The lack of use and follow up with the progressive discipline plan we have in place regarding employee expectations. **Root Cause:** Inconsistency in the utilization of the progressive discipline plan by administration with 100% of employees not following expectations.

Problem Statement 2 (Prioritized): The lack of a clear and concise coaching plan for employees that have shown in interest in leadership roles in the future. **Root Cause:** Contentious change in the organizational leadership roles and lack of clarity from HQ on requirements in upcoming leadership roles.

Perceptions

Perceptions Summary

This past school year our staff retention decreased from 99% previous years to 78%. As an organization, we are focusing creating a Great Place To Work. With that being said, we took a deep dive into our Great Places to Work survey results this last year. The data revealed that the principal had great results from her direct reports, where in the assistant principals results from our staff was a different story. The three areas in which we are focusing this year are: 1. Staff feeling that their voices are heard and taken into consideration. 2. Our campus is a fun place to work. 3. Staff is placed in the correct position based on their abilities. (Please refer to our problem statements below)

Our persistence also decreased this year, most of them deciding to go to online school or public school due to school/life balance. New to IDEA families struggled with the homework expectations and the hours that their scholars attend school daily. (7am-3:55pm) This year we have adjusted our day to by 7:15am-3:45pm, which always families more time together. They were also concerned about the amount of homework we expected scholars to complete daily 1hr - 1.5 hrs daily. We have reduced it this year by having scholars do 30 minutes of reading and 30 minutes of practice in math, science or social studies based on the day of the week. Which made it so scholars are onlly ask to spend 1 hour Monday - Thursday.

"See PDF in Addendum for more information."

Perceptions Strengths

"See PDF in Addendum for more information."

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): During this last year the staff felt their voices were not being heard and ideas/thoughts considered by their direct manager. **Root Cause:** There was a lack of time built in to weekly check ins between teachers and direct managers to voice their thoughts, ideas and feelings about decisions/situations that impacted their classes/ content.

Problem Statement 2 (Prioritized): With the last two years being a bit different due to COVID protocol staff felt that the joy and celebrations for accomplishments had diminished. **Root Cause:** The COVID protocols put into place had halted group assemblies, quarterly celebrations for growth and other in person celebrations.

Priority Problem Statements

Problem Statement 1: There is a need to respond to persistence concerns immediately upon being made aware of them is key to addressing and keeping families.
Root Cause 1: Lack of grade level administration addressing and responding to families concerns. Caused families to withdrawal their scholars.
Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to increase persistence specifically for new to IDEA scholars due to the decline last school year. (New Student Persistence 87%)
Root Cause 2: Lack of consistent and clear communication around school culture and expectations to parents and scholars during the entire onboarding process (Welcome to IDEA).
Problem Statement 2 Areas: Demographics

Problem Statement 3: The reteach plan for scholars that were not mastery of skills during reading and math class.
Root Cause 3: The lack of a clear and concise plan for intervention teacher for reteaching scholars and allowing more at bats to master skills.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: The number of scholars in 3rd grade reading that were at approaches decreased by 8% from our prior year.
Root Cause 4: Instruction by the reading teachers is lacking rigor to push scholars to do the lift and ability to have scholar facilitated conversations.
Problem Statement 4 Areas: Student Learning

Problem Statement 5: The lack of use and follow up with the progressive discipline plan we have in place regarding employee expectations.
Root Cause 5: Inconsistency in the utilization of the progressive discipline plan by administration with 100% of employees not following expectations.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: The lack of a clear and concise coaching plan for employees that have shown in interest in leadership roles in the future.
Root Cause 6: Contentious change in the organizational leadership roles and lack of clarity from HQ on requirements in upcoming leadership roles.
Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: During this last year the staff felt their voices were not being heard and ideas/thoughts considered by their direct manager.
Root Cause 7: There was a lack of time built in to weekly check ins between teachers and direct managers to voice their thoughts, ideas and feelings about decisions/situations that impacted their classes/content.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: With the last two years being a bit different due to COVID protocol staff felt that the joy and celebrations for accomplishments had diminished.
Root Cause 8: The COVID protocols put into place had halted group assemblies, quarterly celebrations for growth and other in person celebrations.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Texas approved PreK - 2nd grade assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Homeless data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Other additional data

Goals

Goal 1: Increase staff retention

Performance Objective 1: Increase IDEA South Flores staff retention rate from 78% to 85% staff members employed in 22-23 retained and return for 23-24.

High Priority

Evaluation Data Sources: Weekly Staff Retention PTG reported on LOCUS

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 1. Uphold and follow through in regards to expectations and guidelines to reduce the likelihood of a repeated offences. 2. Implement and facilitate complete coaching cycle to support the development of staff members. 3. Allocate specific time to staff weekly to voice ideas, thoughts and feelings. **Strategy's Expected Result/Impact:** 1. Using the progressive discipline plan we will hold all staff members accountable for expectations and guidelines outlined in the Staff Handbook daily, weekly and monthly. Which will cause staff to leading the way in supporting scholars and families in adhering to the expectations and guidelines. 2. Completion of the coaching cycle will progressively improve and develop staff members into master teachers. Using the "GET" to rate each staff member in Teach Boost. With each staff member growth to proficient in each rating by end of school year (APR). 3. During weekly check in with direct manager 5 - 10 minutes will be allocated for staff to share ideas, thoughts and feelings regarding personal or work related decisions/situations that may impact their class, grade, or content. **Staff Responsible for Monitoring:** Direct manager - API, APO, Principal **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction **Problem Statements:** School Processes & Programs 1, 2 - Perceptions 1				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

School Processes & Programs

Problem Statement 1: The lack of use and follow up with the progressive discipline plan we have in place regarding employee expectations. **Root Cause**: Inconsistency in the utilization of the progressive discipline plan by administration with 100% of employees not following expectations.

Problem Statement 2: The lack of a clear and concise coaching plan for employees that have shown in interest in leadership roles in the future. **Root Cause**: Contentious change in the organizational leadership roles and lack of clarity from HQ on requirements in upcoming leadership roles.

Perceptions

Problem Statement 1: During this last year the staff felt their voices were not being heard and ideas/thoughts considered by their direct manager. **Root Cause**: There was a lack of time built in to weekly check ins between teachers and direct managers to voice their thoughts, ideas and feelings about decisions/situations that impacted their classes/content.

Goal 2: All IDEA students matriculate to college

Performance Objective 1: Maintain 100% of 2023 IDEA South Flores College Prep Campus high-school graduates matriculate to college, enroll in a post-secondary program for special education scholars, enlist in the armed forces, and/or are granted a faith-based or medical exemption.

High Priority

HB3 Goal

Annual Performance Objectives (APO)

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%

1B. % of graduates matriculate to a Tier I/II College or University: 15% | 25%

1C. % of Seniors accepted to a College or University: 100%

1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%

1E. Earned State Rating: A

1F. % Basic | % Mastery | % Advanced on LEAP: 82% | 44% | 11%

1G. % Approaches | % Meets | % Masters on STAAR/EOC: 90% | 60% | 30%

1H. % Level 3 | % Level 4 | % Level 5 on FSA/FSAA: 70% | 40% | 20%

1I. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading - Year 1 Campuses | Year 2 Campuses: 80% | 90%

1J. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%

1K. Average ACT score: 21

1L. % of students graduating college in 4 | 6 years: 25% | 55%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%

2B. 80% composit score on GPTW: 82%

2B. %Average Daily Attendance: 97.50%

2C. New Student Persistence: 90%

2D. Operating Income: $133M

2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%

3B. Enrollment in August 2020: 83,894

3C. Schools in operation in August 2020: 149

3D. Total Funds Raised (millions): $93M

2. 100% of new families attended WTI and scholars were tested for placement.	2 Family weekly distrubuted in english and spanish
3. Family communication was stronger.	3. Change to online Family Weekly

IDEA Public Schools

South Flores College Prep

2022-2023 Campus Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Mathematics
Academic Achievement in Social Studies
Postsecondary Readiness

Board Approval Date: October 21, 2022
Public Presentation Date: September 15, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following **core values**:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

At South flores, we are committed to the development of students according to the **IB learner profiles**.

- Inquirers
- Knowledgeable
- Thinkers
- Communicators
- Principled
- Open-minded
- Caring
- Risk-takers
- Balanced

- Reflective

Campus Funding Summary 20

Addendums 21

Comprehensive Needs Assessment

Demographics

Demographics Summary

Being on the southside of San Antonio, we believe every scholar deserves an excellent education at no cost. Our campus has 743 scholars who attend in grades 6th - 12th. Through our rigorous Advance Placement and International Baccalaureate program for ALL SCHOLARS, along with the partnership of our SoFlo community, we have matriculated 100% of our seniors to college since our first graduating class in 2020. See PDF in Addendum for more information.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to ensure all scholars and families feel a sense of belonging to our campus. **Root Cause:** Events/clubs on the school calendar were not planned with consistency to tailor to all types of scholars and families. This led to relationships/partnerships with scholars, families, and staff not to our campus or our mission.

Problem Statement 2 (Prioritized): There is a need to increase scholar attendance. **Root Cause:** Systems and communication regarding attendance had gaps at times with people out or new to their role. A back-up plan was not created to allow the system to run without key players.

Student Learning

Student Learning Summary

Since 2019, South Flores College Prep has been rated an A-rated campus and is the only A-rated middle/high school in the area. 100% of our scholars matriculate to a college and over 90% meet the metrics for CCMR. 38% of our scholars are IB medallion scholars which means they passed 3 or more IB assessments at a 4 or higher (equivalent to an AP scholar). See PDF in Addendum formore information.

Student Learning Strengths

See PDF in Addendum formore information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The overall passing rates of scholars on Math STAAR exams has decreased 15 points in achievement average in 2018-2019 (pre-pandemic). **Root Cause:** Each year, there is a new teacher in those contents and the leader for that area is also new to the content. We need to prioritize coaching conversations with our math staff with someone a math background.

Problem Statement 2 (Prioritized): Vertical alignment to the rigor of AP and IB. The goal for AP scholars and IB medallion scholars is 30%. The two are comparable. We have had between 35% - 58% IB scholars each graduating class. We have only had 9% at the most for AP scholars. **Root Cause:** Alignment and training to the rigor of instruction needed for those courses was lacking. In the previous years, we did not prioritize training for leaders as well on what a strong vision for an AP classroom should look like.

School Processes & Programs

School Processes & Programs Summary

Our campus leaders attend district professional development focused on prioritized School Leadership Levers. Additionally, each campus leader has a 1:1 weekly check-in with the Principal to outline their leadership trajectory, role, and responsibilities. We have also selected a grade team leader for each grade and a subject group leader for each subject. These two groups of leaders are led by our assistant principals based on their strengths in culture and instruction. Each morning, we meet with grade team leaders to discuss items of the day, daily culture focus, and weekly culture focus. For subject group leaders, they meet each Tuesday during their shared planning period to design a writing aligned professional development for teachers that occurs each Tuesday. Both groups are aligned to our two campus priorities of a reset in strong school culture and vertical alignment in writing.

See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Retaining our teachers and leaders in core content areas. **Root Cause:** Our campus is one with high and demanding expectations to drive towards results. At the same time, we often hear the work is unsustainable without burning out or deprioritizing other priorities outside of work. To remedy this, we will systemize and minimize our operating mechanisms to allow for our teachers to focus on what they love and want to do - teach.

Problem Statement 2 (Prioritized): Attracting certified and highly qualified teachers with experience who are connected to our mission. **Root Cause:** Often our candidate pool is often uncertified or fresh out of college. We also do not have a pipeline to entice those who have various levels of experience with a national board pipeline, etc. On our social media and refer a friend to idea campaign, we will begin highlighting the opportunities we have for teachers to grow their professional learning and mentor teachers - leading in more ways.

Perceptions

Perceptions Summary

At South Flores, we believe in engaging in mutual respect and resolving conflict by identifying 1) what happened, 2) who was harmed, and 3) how do we make things right? With peer mediation and conflict resolution, we teach scholars to communicate what they are feeling and seek to understand. See PDF in addendum for more information.

Perceptions Strengths

See PDF in addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Consistency with family engagement events **Root Cause:** With new staff/leaders to their role and the pandemic, we had deprioritized campus events and programming. We also did not market or advertise events with enough timing or in abundance.

Problem Statement 2 (Prioritized): Attendance of college prep families **Root Cause:** We have always had events that worked for our entire campus. We need add events that "traditional high schools" have to bring in our audience (i.e. meet the player nights, dances, grade level traditions, etc)

Priority Problem Statements

Problem Statement 1: There is a need to ensure all scholars and families feel a sense of belonging to our campus.

Root Cause 1: Events/clubs on the school calendar were not planned with consistency to tailor to all types of scholars and families. This led to relationships/partnerships with scholars, families, and staff not to our campus or our mission.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to increase scholar attendance.

Root Cause 2: Systems and communication regarding attendance had gaps at times with people out or new to their role. A back-up plan was not created to allow the system to run without key players.

Problem Statement 2 Areas: Demographics

Problem Statement 3: The overall passing rates of scholars on Math STAAR exams has decreased 15 points in achievement average in 2018-2019 (pre-pandemic).

Root Cause 3: Each year, there is a new teacher in those contents and the leader for that area is also new to the content. We need to prioritize coaching conversations with our math staff with someone a math background.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Vertical alignment to the rigor of AP and IB. The goal for AP scholars and IB medallion scholars is 30%. The two are comparable. We have had between 35% - 58% IB scholars each graduating class. We have only had 9% at the most for AP scholars.

Root Cause 4: Alignment and training to the rigor of instruction needed for those courses was lacking. In the previous years, we did not prioritize training for leaders as well on what a strong vision for an AP classroom should look like.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Retaining our teachers and leaders in core content areas.

Root Cause 5: Our campus is one with high and demanding expectations to drive towards results. At the same time, we often hear the work is unsustainable without burning out or deprioritizing other priorities outside of work. To remedy this, we will systemize and minimize our operating mechanisms to allow for our teachers to focus on what they love and want to do - teach.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Attracting certified and highly qualified teachers with experience who are connected to our mission.

Root Cause 6: Often our candidate pool is often uncertified or fresh out of college. We also do not have a pipeline to entice those who have various levels of experience with a national board pipeline, etc. On our social media and refer a friend to idea campaign, we will begin highlighting the opportunities we have for teachers to grow their professional learning and mentor teachers - leading in more ways.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Consistency with family engagement events

Root Cause 7: With new staff/leaders to their role and the pandemic, we had deprioritized campus events and programming. We also did not market or advertise events with enough timing or in abundance.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Attendance of college prep families

Root Cause 8: We have always had events that worked for our entire campus. We need add events that "traditional high schools" have to bring in our audience (i.e. meet the player nights, dances, grade level traditions, etc)

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- PSAT
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Discipline records

- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

2022-2023 Campus Improvement Plan

Accountability Rating: Not Rated

Board Approval Date: October 21, 2022
Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Southeast is a place that all scholars can call home. We provide an inclusive learning environment where students of all backgrounds and ethnicities can excel academically, socially, and emotionally. The principals of IDEA Southeast believe that through love, perseverance, dedication, and hope, we will instill the spirit of “I can and I will” in each student, staff member, and family to ensure that our students go to and through college. We truly believe that when adults get it RIGHT, our Southeast Stingers will SOAR. IDEA Southeast Academy is located in Southeast Fort Worth, Texas. Our school opened its doors in August 2021 to approximately 360 K-2 scholars that will grow by one grade level 120 students each year until we are a K-5 campus. We serve 80% Economically disadvantaged, 46.7% English Language Learners, 13% Special education, and 3.44% migrants. Our population is further identified as 64.95% White-Hispanic, 30.93% Black, and 2.75% white. We have 56.7% Males and 43.3% females.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase overall student persistence because our persistence from year one to year two was below 80%. **Root Cause:** 1. Lack of opportunities for families to share their voices through surveys and family participation events. 2. Lack of clear, consistent, and multiple ways to communicate with families' school's academic, cultural, and emotional priorities.

Problem Statement 2 (Prioritized): There is a need to ensure the implementation of best practices for English Language Learners because of our large population of ELL students. **Root Cause:** 1. There has been a disconnect between parents and students who speak Spanish as a first language which leads to a disconnect from the campus. 2. Staff must be intentional about including reading, writing, speaking, and listening in all content.

Student Learning

Student Learning Summary

IDEA Southeast Academy had a k-2 population that started the year with 60% of kindergarten students reading below kindergarten level, 60% of first-grade students reading below the first-grade level, and 80% of second-grade students reading below the second-grade level. 50% of the students reading below the level in the second grade were reading on a kindergarten level. In math, students were performing at a relatively similar rate.

Success:

Southeast Academy ended the year with 59% of kindergarten students reading at or above grade level, 36% of first-grade students reading at or above grade level, and 62% of second-grade students reading at or above grade level. In mathematics, 91% of kindergarten performed at or above grade level, 87% of first-grade performed at or above grade level, and 81% of second-grade performed at or above grade level as measured through end-of-year district assessment. 75% of our English language learners reading advanced high or grew by one comp, 36% met the target, and 42% met the long-term target.

Areas of Improvement:

Reading, writing, and math continue to be an area for improvement. None of our grade levels met 90% or better in reading or writing. Only one grade level reached 90% in Math.

See PDF in the addendum for more information.

Student Learning Strengths

See PDF in the addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The percentage of our Academy scholars reading on or above grade level by the end of the year is below 90%. **Root Cause:** Instruction in reading should be intentional with clear benchmarks and targeted intervention for students who fall below the benchmark, consistent analysis of data, and clearly defined tier 2 supports for reading.

Problem Statement 2 (Prioritized): Two out of three grade levels performed at the end-of-year goal of 90% of students' proficiency in mathematics. **Root Cause:** Two years of remote learning lead to the learning loss of basic math skills that need targeting as tier 1 support for all students. Properly utilizing digital math intervention, DreamBox, to increase student's ability to reach proficiency in math, and clearly defined tier 2 supports for reading.

Problem Statement 3 (Prioritized): Over 50% of English Language learners perform below Advanced and advanced high on TELPAS. **Root Cause:** Lack of reading, speaking, listening, and writing incorporated in all contents across grade levels.

School Processes & Programs

School Processes & Programs Summary

IDEA Southeast provides students with rigorous core instruction that is aligned to Texas Essential Knowledge and Skills in math, ELA, science, and social studies. K-2 utilizes Direct Instruction curriculum that allows every student to receive reading instruction at their individual level. 1:1 technology devices are used to provide students access to digital libraries, typing practice, and math intervention.

All students are serviced in the least restrictive environment and provided with any necessary accommodations and/or modifications that allow them to achieve high academic levels.

Social and emotional curriculum of Move This World is utilized daily, and community circles, individual, and group counseling, and grade level guidance lessons are provided to students to increase social and emotional health.

Clubs for sports, athletics, arts, and fitness are utilized to provide students with extracurricular activities.

Music is an added elective for the 22-23 school year.

Staff Development is conducted weekly on Tuesdays to provide professional development or side-by-side support to all instructional staff. Co-teachers who express interest in teaching are provided information on teaching programs and allowed to train with an experienced teacher on lesson planning and internalization, lesson delivery, and reteaching and extending learning to mastery of aligned content. Teachers who express interest in leadership are given information on leadership development programs and provided opportunities to learn and engage in School Leadership Lever activities. All staff is provided weekly coaching with action steps that improve their educational practice.

See PDF in the addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.

- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

See PDF in the addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): 60% of instructional staff were retained from year one to year two. **Root Cause:** Lack of clear job responsibilities that include recruitment, family engagement activities, lesson planning, and internalization for all subjects being taught.

Problem Statement 2 (Prioritized): Approximately 70% of support staff were retained from year one to year two. **Root Cause:** Lack of inclusive activities at least monthly to prevent a separation between schools and departments (Operational/Instructional).

Problem Statement 3 (Prioritized): Approximately 70% of families attended special events. **Root Cause:** Lack of timely communication to events and combined events with College Prep with limited parking prevented parents from attending.

Perceptions

Perceptions Summary

IDEA Southeast seeks to create an inclusive environment for all stakeholders. 21-22 school year was the launching of our campus. We acquired twenty partnerships with the community. We opened our building to a limited amount of adults for special events to engage in with their scholars. We held virtual events as well to accommodate our parents and community partners. Participation from our parents and community is measured through the interactions on REMIND, campus Facebook page, weekly smore newsletters, and digital and physical sign-in sheets at events. Some barriers we encounter are consistent translations that allow are parents who are English language Learners an opportunity to engage with us.

The goal is for 100% of families to be onboarded before the first day of school to ensure alignment with culture, social and emotional learning, and academics.

See PDF in the addendum for more information.

Perceptions Strengths

see PDF in the addendum for more information

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): 15/27 (55%) leavers name communication as a campus culture issue. **Root Cause:** Lack of a clear communication system when an issue occurs.

Problem Statement 2 (Prioritized): 90% of families attended Welcome to Idea Onboarding which is below the 100% goal. **Root Cause:** Lack of tracking system and plan to capture parents who register late. This is an additional cause of family leavers.

Priority Problem Statements

Problem Statement 1: There is a need to increase overall student persistence because our persistence from year one to year two was below 80%.

Root Cause 1: 1. Lack of opportunities for families to share their voices through surveys and family participation events. 2. Lack of clear, consistent, and multiple ways to communicate with families' school's academic, cultural, and emotional priorities.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to ensure the implementation of best practices for English Language Learners because of our large population of ELL students.

Root Cause 2: 1. There has been a disconnect between parents and students who speak Spanish as a first language which leads to a disconnect from the campus. 2. Staff must be intentional about including reading, writing, speaking, and listening in all content.

Problem Statement 2 Areas: Demographics

Problem Statement 3: The percentage of our Academy scholars reading on or above grade level by the end of the year is below 90%.

Root Cause 3: Instruction in reading should be intentional with clear benchmarks and targeted intervention for students who fall below the benchmark, consistent analysis of data, and clearly defined tier 2 supports for reading.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Two out of three grade levels performed at the end-of-year goal of 90% of students' proficiency in mathematics.

Root Cause 4: Two years of remote learning lead to the learning loss of basic math skills that need targeting as tier 1 support for all students. Properly utilizing digital math intervention, DreamBox, to increase student's ability to reach proficiency in math, and clearly defined tier 2 supports for reading.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Over 50% of English Language learners perform below Advanced and advanced high on TELPAS.

Root Cause 5: Lack of reading, speaking, listening, and writing incorporated in all contents across grade levels.

Problem Statement 5 Areas: Student Learning

Problem Statement 6: Approximately 70% of families attended special events.

Root Cause 6: Lack of timely communication to events and combined events with College Prep with limited parking prevented parents from attending.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: 60% of instructional staff were retained from year one to year two.

Root Cause 7: Lack of clear job responsibilities that include recruitment, family engagement activities, lesson planning, and internalization for all subjects being taught.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Approximately 70% of support staff were retained from year one to year two.
Root Cause 8: Lack of inclusive activities at least monthly to prevent a separation between schools and departments (Operational/Instructional).
Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: 15/27 (55%) leavers name communication as a campus culture issue.
Root Cause 9: Lack of a clear communication system when an issue occurs.
Problem Statement 9 Areas: Perceptions

Problem Statement 10: 90% of families attended Welcome to Idea Onboarding which is below the 100% goal.
Root Cause 10: Lack of tracking system and plan to capture parents who register late. This is an additional cause of family leavers.
Problem Statement 10 Areas: Perceptions

Strategy 2: Provide all staff an opportunity to provide feedback on a consistent basis. **Strategy's Expected Result/Impact:** 90% of staff feel IDEA Southeast is a great place to work. **Staff Responsible for Monitoring:** Assistant Principals and Principals **ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** School Processes & Programs 2	35%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

School Processes & Programs

Problem Statement 1: 60% of instructional staff were retained from year one to year two. **Root Cause**: Lack of clear job responsibilities that include recruitment, family engagement activities, lesson planning, and internalization for all subjects being taught.

Problem Statement 2: Approximately 70% of support staff were retained from year one to year two. **Root Cause**: Lack of inclusive activities at least monthly to prevent a separation between schools and departments (Operational/Instructional).

Goal 1: Increase staff retention to 85%

Performance Objective 2: By the end of May 2023, 85% of staff will name IDEA Southeast as a great place to work.

High Priority

Evaluation Data Sources: GPTW survey, quarterly pulse checks, campus-based staff surveys

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

We achieve **Academic Excellence**
We deliver **Results**
We ensure **Equity**
We build **Team & Family**
We act with **Integrity**
We bring **Joy**
We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 7, 2022

Demographics

Demographics Summary

IDEA Southeast College Prep sets high expectations for every student and goes the extra mile to make sure every student realizes their own potential. Personalized learning, critical thinking skills, mastery of core subjects is our recipe for success. We serve the community of Fort Worth, TX and offer grades 6 and 7 during the 22-23 school year. **See PDF in Addendum for more information**

Demographics Strengths

See PDF in Addendum for more information

Problem Statements Identifying Demographics Needs

Problem Statement 1: We must have consistent documentation of behavior management system components in order streamline communication with scholars and families. **Root Cause:** Behavior management tracking system has not been reliable due to system errors and improper documentation.

Problem Statement 2 (Prioritized): We must prioritize student ownership and investment in learning through goal setting and monitoring protocol in order to increase student achievement. **Root Cause:** Students perform higher academically when they can articulate and track their own goals.

Problem Statement 3 (Prioritized): We must increase healthy relationships with implementation of restorative practices protocol. **Root Cause:** The lack of a restorative de-escalation protocol led to inconsistencies in giving feedback to scholars and responding appropriately to off vision behaviors.

Student Learning

Student Learning Summary

There has bee n tremendous growth made by IDEA Southeast CP scholars. On the Math STAAR assessment, scholars scored 83|45|19. On the ELA STAAR, scholars scored 81|54|27. Students experienced more than 40 points growth in appraoches since the beginning of the school year in ELA.

Student Learning Strengths

See PDF in Addendum for more information

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): 73% of ELL scholars performed at the beginning or intermediate proficiency level on TELPAS speaking domain **Root Cause:** Although explicit vocabulary instruction was a schoolwide instructional focus, scholars were not afforded intentional opportunities to speak using academic language or Habits of Discussion during instruction.

Problem Statement 2 (Prioritized): Only 32% of ELL scholars grew one or more levels on TELPAS **Root Cause:** Instruction across content areas lacked extensive opportunities for scholars to engage with content through reading and writing.

Problem Statement 3: Less than 50% of scholars in SPED achieved approaches or above on curriculum based assessments throughout the year. **Root Cause:** Although accommodations and modifications were implemented across classes, teachers lacked the knowledge to present content in ways that incorporate multiple learning modalities. Leaders implemented the schoolwide SPED vision later in the year, which delayed accountability for differentiation.

School Processes & Programs

School Processes & Programs Summary

SCP leverages instructional rounds, coaching cycles, and professional development to build capacity of our leaders and teachers. Each leader knows their driving goals and plans high-impact strategies and tactics to reach the goals by the end of the year. All leaders engage in instructional rounds to ensure the team is normed on our vision for excellent culture and instruction as well as participate in coaching cycles to close any leader gaps that may contribute to teacher and student level gaps. Further, we leverage a individual development plans and coaching scope and sequences to track leader development.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year

- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): 0% of our teachers are considered highly qualified because they do not have Texas state teaching certifications. **Root Cause:** Although teachers do not have to hold teaching certifications by law to be hired, our school does not set expectations that teachers gain their certification as a mechanisms for development once hired.

Problem Statement 2: 50% of leaders have a Texas principal certification **Root Cause:** Leaders are not required to have principal certifications to be hired nor is the expectation set to obtain a certification once hired. As a result many of our leaders lack knowledge regarding state laws.

Problem Statement 3 (Prioritized): High staff attrition among non-instructional staff **Root Cause:** Leaders did not effectively onboard non-instructional roles nor observe non-instructional spaces, which resulted in inconsistent and/or ineffective coaching and support of these roles.

Perceptions

Perceptions Summary

IDEA Southeast College Prep prides itself on the strong student cultures that makes learning happen. We set high expecations for student and adult behaviors in all spaces which has resulted in our school achieving A-rated status in our first year. Also, we have been fully enrolled by the 11th day of school for two consecutive years and have a healthy waiting list. Families consistently chose to send their children to SCP because we set high goals and work dilligently to achieve them.

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Lack consistent documentation of behavior management system components. **Root Cause:** Although we purchased Dean's List to track referrals, we did not have a process in place to ensure documentation was captured for all incidents and entered into the system for analysis purposes.

Problem Statement 2 (Prioritized): Adults set goals and conduct data analysis on behavior of scholars leaving scholars to take a passive role in their education. **Root Cause:** All schoolwide instructional mechanism are leader facing with little ownership for teachers and students.

Problem Statement 3: Between 40%-60% of families participated in events throughout the year. **Root Cause:** SCP does not have a PTA that gives parents the opportunity to engage outside of attending events. We also do not have an efficient process to track family engagement.

Priority Problem Statements

Problem Statement 1: We must prioritize student ownership and investment in learning through goal setting and monitoring protocol in order to increase student achievement.

Root Cause 1: Students perform higher academically when they can articulate and track their own goals.

Problem Statement 1 Areas: Demographics

Problem Statement 2: We must increase healthy relationships with implementation of restorative practices protocol.

Root Cause 2: The lack of a restorative de-escalation protocol led to inconsistencies in giving feedback to scholars and responding appropriately to off vision behaviors.

Problem Statement 2 Areas: Demographics

Problem Statement 3: 73% of ELL scholars performed at the beginning or intermediate proficiency level on TELPAS speaking domain

Root Cause 3: Although explicit vocabulary instruction was a schoolwide instructional focus, scholars were not afforded intentional opportunities to speak using academic language or Habits of Discussion during instruction.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Only 32% of ELL scholars grew one or more levels on TELPAS

Root Cause 4: Instruction across content areas lacked extensive opportunities for scholars to engage with content through reading and writing.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: 0% of our teachers are considered highly qualified because they do not have Texas state teaching certifications.

Root Cause 5: Although teachers do not have to hold teaching certifications by law to be hired, our school does not set expectations that teachers gain their certification as a mechanisms for development once hired.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: High staff attrition among non-instructional staff

Root Cause 6: Leaders did not effectively onboard non-instructional roles nor observe non-instructional spaces, which resulted in inconsistent and/or ineffective coaching and support of these roles.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Adults set goals and conduct data analysis on behavior of scholars leaving scholars to take a passive role in their education.

Root Cause 7: All schoolwide instructional mechanism are leader facing with little ownership for teachers and students.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Lack consistent documentation of behavior management system components.

Root Cause 8: Although we purchased Dean's List to track referrals, we did not have a process in place to ensure documentation was captured for all incidents and entered into the system for analysis purposes.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Observation Survey results
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Gifted and talented data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Budgets/entitlements and expenditures data

Goals

Goal 1: Increase staff retention by 5% from the 21-22 measure.

Performance Objective 1: By June 2022, the percentage of staff who agree that Southeast College Prep is a great place to work will increase by at least three percentage points as measured by the Great Place to Work EOY survey and monitored by district pulse checks.

High Priority

Evaluation Data Sources: Great Place to Work Survey

Performance Objective 1 Problem Statements:

School Processes & Programs

Problem Statement 3: High staff attrition among non-instructional staff **Root Cause**: Leaders did not effectively onboard non-instructional roles nor observe non-instructional spaces, which resulted in inconsistent and/or ineffective coaching and support of these roles.

Goal 1: Increase staff retention by 5% from the 21-22 measure.

Performance Objective 2: By June 2022, the percentage of staff who are Texas certified will increase by at least twenty percentage points as measured by staff demographic data and monitored by district staffing team.

High Priority

IDEA Public Schools

Spears Academy

2022-2023 Campus Improvement Plan

Accountability Rating: Not Rated

Board Approval Date: October 21, 2022
Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 16, 2022

Demographics

Demographics Summary

IDEA Spears Academy is an open enrollment charter school serving grades K, 1, 2, 3, and 4 in Northwest Houston serving a population of 79% economically disadvantaged, 31% English Language Learners, 49% White-Hispanic, 49% Black-Affrican American, and 8% Special education.

Demographics Strengths

See PDF in Addendum for more information

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Overall student persistence was low (71.23%) **Root Cause:** Campus culture not clearly communicated during family onboarding

Problem Statement 2 (Prioritized): Campus wide positive behavior system not implemented across all grade levels. **Root Cause:** STAAR grades culture was prioritized above all else.

Student Learning

Student Learning Summary

Domain 1 - 54 (51% Approaches, 25% Meets, 9% Masters)

Domain 2 - 70 (92.5 points earned out of 135)

Domain 3 - 67 (25% met for Academic Achievement, 44% met for Growth Status, 100% met for ELP, 17% met for Student Success)

58% of K-2 students reading on / above grade level

Student Learning Strengths

See PDF in Addendum for more information

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Student approaches for Math in 3rd/4th was low (42%) **Root Cause:** Interventionists were primarily focused on Reading

Problem Statement 2 (Prioritized): Student masters for Reading and Math combined was low (9%) **Root Cause:** Students were ability grouped at the beginning of semester 2

School Processes & Programs

School Processes & Programs Summary

See PDF in Addendum for more information

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Insufficient planning time for teachers. **Root Cause:** Daily planning periods not incorporated for all grade levels as part of the master schedule.

Problem Statement 2 (Prioritized): Feedback not provided daily to teachers after classroom observations with fidelity. **Root Cause:** TeachBoost not utilized by campus leaders to provide feedback after daily observations.

Perceptions

Perceptions Summary

See PDF in Addendum for more information

Perceptions Strengths

See PDF in Addendum for more information

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Little to no opportunity for parents to get involved **Root Cause:** Only 2 family engagement events for the year

Problem Statement 2: Parents not being aware of student progress throughout the year. **Root Cause:** Inconsistent parent communication and no parent nights

Priority Problem Statements

Problem Statement 1: Student approaches for Math in 3rd/4th was low (42%)
Root Cause 1: Interventionists were primarily focused on Reading
Problem Statement 1 Areas: Student Learning

Problem Statement 2: Student masters for Reading and Math combined was low (9%)
Root Cause 2: Students were ability grouped at the beginning of semester 2
Problem Statement 2 Areas: Student Learning

Problem Statement 3: Overall student persistence was low (71.23%)
Root Cause 3: Campus culture not clearly communicated during family onboarding
Problem Statement 3 Areas: Demographics

Problem Statement 4: Insufficient planning time for teachers.
Root Cause 4: Daily planning periods not incorporated for all grade levels as part of the master schedule.
Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: Feedback not provided daily to teachers after classroom observations with fidelity.
Root Cause 5: TeachBoost not utilized by campus leaders to provide feedback after daily observations.
Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Campus wide positive behavior system not implemented across all grade levels.
Root Cause 6: STAAR grades culture was prioritized above all else.
Problem Statement 6 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain

Student Data: Assessments

- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Attendance data
- Student surveys and/or other feedback
- Class size averages by grade and subject

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Budgets/entitlements and expenditures data

Goals

Goal 1: Increase staff retention

Performance Objective 1: By February 2023, 75% of IDEA Spears Academy staff will answer on the Great Places to Work Survey Question "Taking everything into account, I would say this is a great place to work."

High Priority

Areas of Strength	**Areas of Need**
Weekly campus newsletter to families	Consistent parent touch points on a weekly basis with tracking by grade level
Campus virtual Town Halls by grade levels	Consistent use of positive behavior rewards system to manage and support behavior (Kickboard)
Utilizing communication systems to cascade information (Remind, Facebook, etc...)	Iincrease family connection events to at least 1 per quarter.

IDEA Public Schools

Spears College Prep

2022-2023 Campus Improvement Plan

Accountability Rating: B

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Mathematics

Board Approval Date: October 21, 2022
Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 16, 2022

Demographics

Demographics Summary

IDEA Public Schools believes that each and every child can go to college. Since 2000, IDEA Public Schools has grown from a small school with 150 students to one of the fastest-growing networks of tuition-free, Pre-K-12 public charter schools in the United States. Currently, the network serves nearly 75,000 college-bound students in 137 schools across Texas, Louisiana and Florida. IDEA has been recognized as a "Great Place to Work" and received national rankings on U.S. News & World Report's Top High Schools lists. IDEA remains on-track to uphold its legacy of sending 100% of its graduates to college. See Addendum for more information.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase student attendance since we only reached 92.75% for ADA. **Root Cause:** Lack of consistent and clear communication around school culture and expectations to parents and students regarding the importance of attendance and the amount of learning lost for each missed day.

Problem Statement 2 (Prioritized): Record keeping of student behavior was often missing and inconsistent. **Root Cause:** There were some teachers who wildly did not use kickboard or remind with fidelity to communicate with parents.

Student Learning

Student Learning Summary

See PDF in Addendum for more information.

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a large gap in success between 6th and 7th grade STAAR ELA scores (7th performed better). **Root Cause:** Teacher absences to COVID and personal issues.

Problem Statement 2 (Prioritized): We did not have enough students reach Meets or Masters in STAAR Math for 6th grade. **Root Cause:** Teacher resigned in approximately February and there was an interruption to their learning for a few weeks until a replacement was found.

School Processes & Programs

School Processes & Programs Summary

Middle school students begin rigorous Pre-AP instruction, mastering strategies that prepare them for the next phase of our college prep program, high school.

Classes and Activities:
English & Language Arts • Mathematics • Social Studies • Science • Spanish • Physical Education • College Field Lessons • The Road To And Through College Class

Highlights:
Pre-Advanced Placement Coursework • Robust Extra-Curricular Activities

Results:
Gearing Up for Success in College Preparatory • Developing Passions and Interests • Our 6-8 grade scholars outperformed their state-wide peers on standardized tests by 11%.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Inconsistency of coaching, weekly touchpoints and feedback from leadership. **Root Cause:** There was a gap and then transition in leader presence/support.

Problem Statement 2 (Prioritized): Retention landed at approximately 40% which was incredibly low. **Root Cause:** There was a transition of leadership, elimination of positions and a qualification audit that effected some roles.

Perceptions

Perceptions Summary

We operate under seven founding core values: We Act with Integrity, We Achieve Academic Excellence, We Deliver Results, We Ensure Equity, We Build Team & Family, We Bring Joy, We Sweat the Small Stuff

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): We experienced a lack of parent investment/involvement. **Root Cause:** COVID and inconsistent communication limited family awareness and access (sometimes perceived) for campus involvement.

Problem Statement 2 (Prioritized): School counselor was occasionally unable to fully service student issues. **Root Cause:** Due to ineffective reporting, the counselor was sometimes limited or delayed in being able to address student concerns in the moment.

Priority Problem Statements

Problem Statement 1: We did not have enough students reach Meets or Masters in STAAR Math for 6th grade.

Root Cause 1: Teacher resigned in approximately February and there was an interruption to their learning for a few weeks until a replacement was found.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: There is a large gap in success between 6th and 7th grade STAAR ELA scores (7th performed better).

Root Cause 2: Teacher absences to COVID and personal issues.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: There is a need to increase student attendance since we only reached 92.75% for ADA.

Root Cause 3: Lack of consistent and clear communication around school culture and expectations to parents and students regarding the importance of attendance and the amount of learning lost for each missed day.

Problem Statement 3 Areas: Demographics

Problem Statement 4: Record keeping of student behavior was often missing and inconsistent.

Root Cause 4: There were some teachers who wildly did not use kickboard or remind with fidelity to communicate with parents.

Problem Statement 4 Areas: Demographics

Problem Statement 5: Inconsistency of coaching, weekly touchpoints and feedback from leadership.

Root Cause 5: There was a gap and then transition in leader presence/support.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Retention landed at approximately 40% which was incredibly low.

Root Cause 6: There was a transition of leadership, elimination of positions and a qualification audit that effected some roles.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: We experienced a lack of parent investment/involvement.

Root Cause 7: COVID and inconsistent communication limited family awareness and access (sometimes perceived) for campus involvement.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: School counselor was occasionally unable to fully service student issues.

Root Cause 8: Due to ineffective reporting, the counselor was sometimes limited or delayed in being able to address student concerns in the moment.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Campus leadership data
- Campus department and/or faculty meeting discussions and data

Parent/Community Data

- Parent surveys and/or other feedback
- Community surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation

Goals

Goal 1: Increase staff retention

Performance Objective 1: By the beginning of the 23-24 school year, IDEA Spears College Preparatory, will maintain at least 85% of staff by having performance managers complete check-ins with direct reports weekly.

High Priority

HB3 Goal

Evaluation Data Sources: One Note for Weekly Check-ins
Teams for shout outs

IDEA Public Schools

Sports Park Academy

2022-2023 Campus Improvement Plan

Accountability Rating: B

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Top 25 Percent: Comparative Closing the Gaps
Postsecondary Readiness

Board Approval Date: October 21, 2022
Public Presentation Date: September 15, 2022

Mission Statement

District: To ensure students reach their potential, IDEA Public Schools will become the region’s largest creator of college graduates.

Campus: IDEA Sports Park Academy believes that each and every child can go to college. Currently, IDEA Sports Park Academy serves 130 scholars and IDEA Public Schools serves nearly 53,000 college-bound students in 96 schools across Texas and Louisiana. IDEA Sports Park Academy and College Prep remain on-track to uphold our legacy of sending 100% of our graduates to college which will impact the Lower RGV as graduates are better prepared to serve their community as educated, well rounded citizens.

Vision

District: To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Campus: IDEA Sports Park Academy prepares our community’s next generation of aspiring adults that will strive to maintain good physical and mental health. In our school we focus on developing the whole scholar through challenging academics, purposeful Social-Emotional instruction, and daily athletic development. Staff at IDEA Sports Park Academy model how to be caring, respectful, and inclusive in order to prepare all of our scholars to be ready to contribute and give back to communities in which they were raised and across the globe as leaders and upright citizens that create positive, lasting change for others.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Pillars

- Growth
- Team
- Excellence

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Sports Park Academy is a public charter school that launched in Fall of 2020 with K-2 grades. Currently, IDEA Sports Park Academy has grades K-4 and has an enrollment of 475 students. We are located on the north side of Brownsville, TX near the town of Olmito.

The student population at IDEA Sports Park Academy is approximately 479 students. (Insert the demographics information)

The students of IDEA Sports Park Academy are recipients of a well-balanced curriculum. Students are offered courses in Reading, ELA, Math, Science, Humanities and more. Students are provided with daily social emotional programs and athletics as well. Students are offered opportunities to participate in after school programs like sports, homework help, art, and more. The instructional program includes subjects at various levels such as special education, accelerated reader, and more. Students are provided tutorial and remediation opportunities as well that are targeted towards their academic needs. All students are required to meet the passing standard of the State of Texas Assessment of Academic Readiness (STAAR).

The current staff at IDEA Sports Park Academy is comprised of 48 teachers/co-teachers and seven administrative staff.

IDEA Sports Park Academy has three initiative priorities for this school year:

1. Developing a love and culture for reading and writing

2. Ensuring that students are in their seats every day

3. Building systems of proactive instructional readiness

Three out of four distinctions earned-

Top 25% Closing Performance Gaps

Post Secondary Readiness

Academic Achievement in Reading

See more information in addendum

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase overall student persistence as the campus hit 84.9% in 21-22. **Root Cause:** Our campus does not have all grade levels the family is looking for and has siblings in other schools. We also do not offer door to door transportation.

Problem Statement 2 (Prioritized): There is a need to increase average daily attendance, especially in kinder and first grade. **Root Cause:** Student attendance and escalation policies have been lenient throughout CoVID.

Problem Statement 3: There is a need to increase parent communication and parent involvement in our school. **Root Cause:** Our events/meetings sometimes do not align with parent work schedules. We also do not always communicate through multiple modes of communication for all meetings and events.

Problem Statement 4 (Prioritized): There is a need to retain a higher percentage of staff after finishing at 79% retention in 21-22. Mid year staff losses impacted grade levels in academics and persistence. **Root Cause:** Staff left for multiple reasons, from familial to campus level support.

Student Learning

Student Learning Summary

In 21-22, our campus only had third grade and thus was not eligible for any growth measures. In student achievement, we scored an 80 as defined by STAAR performance in reading and math for our third graders. Our campus had an economically disadvantaged percentage of 91% last school year and when placing in the TEA scaling tool, school progress came out to an 89. In the Closing the Gaps domain, we missed the EL target for Math under the Academic Achievement and came out with an 89 metric for Closing the Gaps.

We had no differing scores from the previous year due to being in our first year of accountability. Reading out performed math, largely due to having 11% more masters students. SpED students performed stronger in Reading as well. Economically disadvantaged students approached and met more frequently in math but mastered more in Reading.

Kinder-2nd grade Reading and Math classrooms achieved their 60 student achievement score target except for 2nd grade Reading. 2nd grade reading did not meet their target, but did improve from the beginning of the year.

ISPKA achieved three out of four distinctions. Distinctions earned were for Reading, Post Secondary Readiness, and Closing the Gaps. We did not hit the distinction in mathematics.

Local benchmark assessments from the district had students performing much lower at the December and Match benchmarks. Internal exams on a weekly basis have students performing higher, likely due to the fact that they are taking skills based, smaller assessments.

For more information, see addendum.

Student Learning Strengths

See addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a need to dedicate more time to proactive lesson preparation. **Root Cause:** We did not invest in developing the root system and follow through on expectations for lesson plan feedback and lesson rehearsals.

Problem Statement 2 (Prioritized): There is a need to support EL/EB students in math (and other grades) because 38% of EL/EB students met grade level standard or above, missing the target of 40%. **Root Cause:** Teachers did not implement strategic enough EL/EB instructional strategies to support learners in meeting or mastering grade level skills

Problem Statement 3: There is a need to develop more writing opportunities with teacher feedback in all grade levels. **Root Cause:** In the lower elementary students do not have specific writing blocks, and therefore instruction is embedded within lessons.

Problem Statement 4 (Prioritized): There is a need to introduce students to STAAR based instruction earlier in the school year. **Root Cause:** Our programs have some TEKS alignment but are more aligned with common core. We need to supplement that instruction earlier.

Problem Statement 5 (Prioritized): There is a need to develop instructional teaching techniques that give students opportunities to practice digitally in alignment with STAAR. **Root Cause:** Students have not tested online on the STAAR before and we have not been required to test like this.

Problem Statement 6: There is a need to continue developing teacher skills for supporting SpED students through adequate accommodations in the classroom. **Root Cause:** We have approximately 32 students that qualify for special education on campus and more in RTI. With such a big cohort, teachers will need to carefully plan around how best to support

these students.

School Processes & Programs

School Processes & Programs Summary

Instructional leaders participate in numerous developmental opportunities. Leaders have weekly instructional rounds focused on their development of in field observations. Leaders are also observed in the field bi-weekly during check ins, observations, and content meetings. Leaders have bi-weekly check ins to dive into and problem solve around data.

During joint rounds and culture rounds we identify campus wide or specific trends. On Tuesday during PD or during content meetings, teams receive training and support from coaches and managers. We also discuss potential professional development during instructional tactical meetings.

We provide feedback on lesson plans weekly. We meet with content teams to practice lessons and grow the craft of their teaching. We also provide content meetings where team members discuss data and vertically align. We are building an expert class of teachers that can be observed by other staff members as well.

Our instructional programs are curated through our Headquarters offices and are implemented on campus. We supplement each of those programs in 3-4 grades with STAAR based materials as well. Our SEL program is Caring School Community and is recognized as one of the top programs available. We have athletics and after school programs available to enrich the learning of our students. This also includes supplemental tutorials for students at risk of not hitting growth goals.

For more information, see addendum.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.

- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA rating an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There is a need to support below grade level readers in Direct Instruction programs in K-2. **Root Cause:** Instructional programs were changed prior to last year and required teachers to learn new strategies for implementation that they struggled with at times.

Problem Statement 2 (Prioritized): There is a need to implement aligned STAAR resources and lessons earlier in the school year. **Root Cause:** We adhered tightly to the district curriculums and only began this instruction in March when the STAAR success unit began.

Problem Statement 3 (Prioritized): There is a need to increase opportunities that teachers have to receive feedback on their planning and delivery prior to the lesson. **Root Cause:** We spent a lot of time last year meeting around content vertical alignment and not lesson practice.

Perceptions

Perceptions Summary

IDEA Sports Park Academy is driven by staff and family feedback. We have multiple mechanisms in place to be able to collect that feedback. We encourage and look forward to continuous parent involvement in both the academic and school wide settings. We host numerous parent engagement events throughout the year to be able to engage with our families and students. Staff are provided opportunities to get to know each other through team building opportunities, school wide committees, and out of school social opportunities. Over the last two years, staff have agreed at a higher than 90% rate that we are a great place to work. Parent survey ratings are above district average as well.

Parents, staff, and students live by our three campus pillars of growth, team, and excellence.

Perceptions Strengths

See addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There is a need to maximize cross collaboration of peers in similar and different subjects to support teacher development. **Root Cause:** We focused our development on being leader directed versus peer supported.

Problem Statement 2: There is a need to provide more opportunities for staff to build working relationships outside of their grade levels. **Root Cause:** We focus planning and PD time primarily on instructional focuses versus bonding and relationship building time.

Problem Statement 3: There is a need to further increase supports for staff to reduce stress through physical structures and spaces on campus. **Root Cause:** Our spaces are fully designed to support student needs and we maximize all of those spaces for that purpose.

Problem Statement 4: There is a need to increase parent communication between teachers and grade levels. **Root Cause:** There was a limited system in place to ensure that parents were reaching out and communicating with parents.

Problem Statement 5: There is a need to increase communication about After School programs and extracurriculars. **Root Cause:** ASP personnel do not use multiple modes of communication for programs.

Problem Statement 6 (Prioritized): There is a need to increase tracking measures of parent communication and other student measures like uniform and behavior success. **Root Cause:** We did not have a consistent system in place to track this documentation.

Problem Statement 7 (Prioritized): There is a need to enhance our campus crisis and safety protocols to ensure that response to crisis plans are thorough, known, and practiced. **Root Cause:** Safety drills were in place, but formal CCT meetings were not set.

Priority Problem Statements

Problem Statement 1: There is a need to increase average daily attendance, especially in kinder and first grade.

Root Cause 1: Student attendance and escalation policies have been lenient throughout CoVID.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to increase overall student persistence as the campus hit 84.9% in 21-22.

Root Cause 2: Our campus does not have all grade levels the family is looking for and has siblings in other schools. We also do not offer door to door transportation.

Problem Statement 2 Areas: Demographics

Problem Statement 3: There is a need to retain a higher percentage of staff after finishing at 79% retention in 21-22. Mid year staff losses impacted grade levels in academics and persistence.

Root Cause 3: Staff left for multiple reasons, from familial to campus level support.

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations
- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Observation Survey results
- Other PreK - 2nd grade assessment data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data

- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Homeless data
- Gifted and talented data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Violence and/or violence prevention records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact
- Equity data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices
- Action research results
- Other additional data

Goals

Goal 1: IDEA Sports Park Academy achieves 85% Staff Retention

Performance Objective 1: By the end of the first semester of the 22-23 school year, 100% of new staff members will be retained

High Priority

Evaluation Data Sources: Teacher Retention Log, Monthly Survey Data, Pulse Check Survey Data

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Every other Tuesday, staff will receive professional development aligned to current instructional needs on campus. **Strategy's Expected Result/Impact:** Aligning PD to staff needs will ensure staff are equipped with the tools necessary to successfully navigate the classroom. **Staff Responsible for Monitoring:** APIs, Principal **TEA Priorities:** Recruit, support, retain teachers and principals	25%	35%		

Strategy 2 Details	Reviews

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IDEA Sports Park is a school focused on the scholar's development: body, mind, and character. IDEA Sports Park recognizes the commitment to serve our scholars by providing an opportunity to fully develop their academic and athletic potential in a joyful safe environment to ultimately matriculate and graduate from college. Our modelprovides opportunities of intellectual, creative, and personal development through rigorous coursework and athletic curriculum for all types of scholars,includingservice-learning projects to instill leadership qualities of living the standard of excellence every day.

To close gaps, we will focus on implementing various learning strategies for all learners and own our role in the mission of IDEA. We believe in no excuses but solutions in order to keep our promises to the families we serve.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**

- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

Sports Park College Prep is a four-year Title 1 comprehensive public high school serving the needs of an urban, multi-ethnic, multicultural student body through diverse programs and activities. The current enrollment at SPCP is approximately 290 students. The percentages listed below summarize the demographics of our school population.

Total	Hispanic	White
289	86%	24%

Eco Disc: 84%

SPED: 10%

EB: 51%

Teacher Retention: 73%

Sports Park College Prep part of the IDEA Public School System. We pride ourselves in offering a variety of sports to our students such as: volleyball, boy and girls soccer, track, cross country, and boys and girls basketball, Advanced classes are offered through College Board's AP program. SPCP also offers CPT classes to our students. All students attend Road to and Thru College classes to ensure that they are prepared for college and are knowledgable about financial aide and scholarships available to them.

During the 2022-2023 school year Sports Park College Prep will see it's first gradulating class. We look forward to having 48 seniors matriculate to college. With this inaguaral graduating class SPCP we will begin to be able to track CCMR for our campus.

See PDF in addendum for more information.

Demographics Strengths

A factor that contributes to Sport Park College Prep's success is the growth mind set that both our faculty and staff hold. We believe in not just equality in our classrooms, but equity. Our teachers ensure that 100% of our students reveives diverse instruction to that meets their learning needs, but also challenges them to become mindful learners. Meeting students at not only thier instructional levels, but ensuring that lessons are culturally and academically responsive to all students needs.

At the end of the 2021-2022 school year our end of the student/teacher Panorama survey stated that teacher/students relationips were at a 4.5 out of 5. Demonstrating our teachers

work to building strong realationships with our students. SPCP also surpassed TEA's TELPAS benchmark of 36% of EB students showing 1 year composite growth on TELPAS by 52% of our students meeting the state's growth measure.

Sport Park's committment to ensurng opprotunites for all studnets success, to receive an equitable education that leads them to continue their education at a college of their choice is evident in the work that the faculty, staff, and studnet do on a daily basis.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): We have not established a secondary ESL program to support emergent bilingual learning in the classroom. **Root Cause:** Due to being an off model campus and starting in 9th grade, our district does not have a curriculum in place for grades beyond 8th

Problem Statement 2 (Prioritized): As an off model campus, our biggest challenge faced was recruiting students 9th thru 12th grade **Root Cause:** Student applications collected during recruitment were minimal

Student Learning

Student Learning Summary

Utilizing both formative and summative data is foundational when making decisions around student learning. A narrative is created from the data and sets the path to move forward. The journey for Sports Park College Prep has been similar to many other schools over the last few years due to the pandemic. An academic gap was created and access to previous 2019-2020 recrods was not accessible. IDEA Sports Park College Prep launched a 9th and 10th grade campus servicing students outside the IDEA model. As other campuses we navgigated through virtual instruction and utilized the resources and curriculum provided through the district. While we did receive accountability data for the 2020-21 school year, it only included the performance of students who chose to come to campus to participate in the STAAR EOC test administration. Overall ISPKCP had over 99% participation for EOC exams and told us the story we needed to create in 2021-22.

Formative and Summative data was collected by each teacher through administering common assessments to assist with our on track to graduate policy ensuring teachers were on track each grading cycle. Assessments are developed through the use of the of our curriculum resource and the data collected is used to drive instruction moving forward. We used this data to help create interventions and provide supplemental instruction. In addition for summative data, in addition to exams we utilized Renaissance testing for reading and math to help us identify high students of concern as well as used to document student growth and to identify students in need of Tier 2 and Tier 3 instruction in math and reading.

As we move into the 2021-22 school year, we continue to be challenge with a rise in our emergent bilingual demographic. However we have demonstrated high amount of growth at the end of 2021-22 school year reciveing an overall 88 from TEA and meeting the state Telpas exam. Through utilizing previous yeat data and instructional reflection, we ensured assessments were aligned to instruction and provided supplemental instruction as needed. In the end, 100% of IPSKCP students are on track to graduate with offering dual enrollment to students in the summer.

Student Learning Strengths

IDEA Sports Park College prep continues to increase in all EOC subject areas with overall achievement score of a "52" for 21-22 versus "37" for the 20-21 academic year. Students performances displayed academic growth allowing our campus to recieve 6 out of 7 distinctions after two years of being in existence. Our advance placement program had students out perform the state and global numbers for the 2021-22 adminstration for both Spanish Language and Spanish Literature. Student perfromances in Spanish Literature scored a 78% 3 or higher versus state at 54% and global at 64%. Moreover, students in Spanish Language scored a 89% 3 or hgher versus state at 76% and global at 82%.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Our Emergent Bilingual data has been consistently low. **Root Cause:** 81% of our teachers are in their 1st or 2nd year of teaching experience so they lack a strong instructional background.

Problem Statement 2 (Prioritized): Teacher do not know classroom strategies to target diverse classroom learning. **Root Cause:** Because teachers lack the professional development training to implement classroom strategies to support these learners.

School Processes & Programs

School Processes & Programs Summary

Student Supports for Students:

2 Assistant Principals of Instruction

1 Social Emotional Councilor

1 Director of College Counseling

2 College Counselors

EB Program:

Sports Park CP's EB program has an EB coordinator and an LPAC committee that meets at least 3 times a year.

SPED Program:

Sports Park CP's SPED department has a dedicated SPED department coordinator, administrator, 3 teachers, and 1 co-teacher.

Content Areas:

RLA and Humanities have 1 API assigned to their contents.

Math and Sciences have 1 API assigned to their contents.

Each content has a content leader to provide leadership, support in teacher development, and provide expertise in the content area.

Advanced Placement:

AP Coordinator

Testing Coordinator

IDEA Sports Park allows students to begin taking AP classes in the 9th grade and continue thru the 12th grade. By graduation our student have the opportunity to gain a 11 AP credits. With each year that we have been open as a school we continually add AP classes to ensure that we are providing our students with as many academic and college opportunities as possible . It is our goal to have all students graduate as AP scholars allowing them to be ideal candidates for college acceptance.

Student Support Programs:

ICU: Student Intensive Care Unit allows for teachers to identify students that are falling behind in class to be pulled out of 7th period to make up work and improve their grade. ICU will be implemented after the first progress report.

After school Tutorials: After school tutorials begin in January for EOC classes and March for AP classes. Tutorials are intented to target student with the biggest learning gap when reaching for EOC mastery. Tutorials are from Tuesday thru Thursday from 3:45 to 5:30. Student tutorial lists are initially made based off December Mock exam data, but are updated based off exit tickt data, unit exam data, or Mock exam data.

Saturday School: Saturday school begin in January for EOC classes and March for AP classes. Saturday school is intended to target the higer achieving students to ensure that they stay at a higher achievement score or grow from there.

Intervention: Intervention is held during 7th period and is a class offered to those students that previously failed an EOC exam. This class is intended to support thier learning and provided them with an opportunity to master their EOC content before they take the test again in December or May.

Practical Writing: Practical writing is a class that is offered to every 9th and 10th grade student. The goal of practical writing is to teach 9th/10th grade student the foundational writing skills that they need in order to be successful writers. The instruction is TEKS aligned and based off Springboard curriculum. Classes are differentiated based off student language fluency and lessons are differentiated to meet their language proficiency needs.

Writing Across all Contents: WAC is a new initiative at IDEA Sports Park for the 2022-2023 school year. WAC is intended to ensure that 100% of our student practice content writing every day in all of their classes. At SPCP we realize that writing instruction needs to happened both inside and outside the English classroom especially with the changes to the EOC exams. Students need to be able to explain, describe, and synthesize their thinking process and the best way for them to learn how to do that is through daily implementation in their classes.

See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful.

See PDF in Addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There is a need to improve student writing skills to prepare for the EOC/AP tests to better support our campus goal in achieving an A **Root Cause:** Due to the pandemic, a gap was created in the foundational skills of reading and writing

Problem Statement 2 (Prioritized): There has been inconsistent data with student attendance since 2020-21, meaning unable to reach our ADA goal **Root Cause:** Lack of parents feeling safe to send their children to school due to COVID

Perceptions

Perceptions Summary

IDEA Sports Park College Prep understands that an engaged school community is an empowered school community. With that said, we have systems implemented to esnure we are connecting with our families utilizing different modes. We are committed to providing a strong academic program with clear channels of communication that allows our students to develop their individual interests.

Here at IDEA Sports Park College Prep we ensure the focus is on mainiting culutre for both students and adultsis constant. To permanently eliminate the gaps and ensure we host a strong acadamic environment, schools must uncover root causes, or contributing causes an eliminate them, not to surface issues. To measure this the district administers about 3 surveys throughout the year and for myself in addition, we administer miniature temperature check surveys per quarter. One of my goals is to retain 85% of my staff and last year I was unable to meet this metric. I landed at 75%. I am determined this year to continue building relationships with my staff. Through 1:1 in person strength interviews at different parts of the year, listening tours and temperature surveys per quarter we are able to recieve the feedback and implement the suggestive comments. The questionnaire created is focusing on teacher’s perception of their managers, school’s systems, development, school pride, and equity. students describe their high school days as the "All-American" high school experience. Specifically, they recognize our diversity as the most critical descriptor and, for many, it is a key reason they chose to attend.

Perceptions Strengths

To understand how the campus is peforming the results should answer what is working/ what is not working, and to learn more about what to do differently to get different results. Administering surveys to families, students, and staff allows the campus to get information to help us better understand how to improve our school. These surveys are a form of feedback that assist the campus to make improvements and offer solutions.

As a district we administer a survey called Great Places to Work Survey. When we had this survey conducted, staff rated over 85% satisfaction. To ensure we achieve these reuslts, a similar questionnaire is given with additional questions to help me understand more how my staff is feeling. If we can reach above 85% satisfaction and conduct a miniature survey afterward after implementing the feedback, the campus gains a stronger investment to campus initiatives and student learning.

In addtion, we distribute a student survey through Panaroma. Our student surveys were consistnet with 4.5 out of 5 rating. This is contributed to our feedback system we ask out students and pulse checks to ensure we are provinding the necessary resources for students to feel safe while learning. Receiving feedback is important and necessary to improve a campus overall.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): As a new school to the community we are still struggling to expose ourselves to the community around us. **Root Cause:** Lack of communication with families as well as lack of hosting more community events to give us exposure.

Problem Statement 2 (Prioritized): Families are unaware of their child's pathway for college. **Root Cause:** Being a launching campus we did not have a college counseling team or personnel to drive college readiness and programming.

Priority Problem Statements

Problem Statement 1: There is a need to improve student writing skills to prepare for the EOC/AP tests to better support our campus goal in achieving an A
Root Cause 1: Due to the pandemic, a gap was created in the foundational skills of reading and writing
Problem Statement 1 Areas: School Processes & Programs

Problem Statement 2: Teacher do not know classroom strategies to target diverse classroom learning.
Root Cause 2: Because teachers lack the professional development training to implement classroom strategies to support these learners.
Problem Statement 2 Areas: Student Learning

Problem Statement 3: Our Emergent Bilingual data has been consistently low.
Root Cause 3: 81% of our teachers are in their 1st or 2nd year of teaching experience so they lack a strong instructional background.
Problem Statement 3 Areas: Student Learning

Problem Statement 4: There has been inconsistent data with student attendance since 2020-21, meaning unable to reach our ADA goal
Root Cause 4: Lack of parents feeling safe to send their children to school due to COVID
Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: We have not established a secondary ESL program to support emergent bilingual learning in the classroom.
Root Cause 5: Due to being an off model campus and starting in 9th grade, our district does not have a curriculum in place for grades beyond 8th
Problem Statement 5 Areas: Demographics

Problem Statement 6: As an off model campus, our biggest challenge faced was recruiting students 9th thru 12th grade
Root Cause 6: Student applications collected during recruitment were minimal
Problem Statement 6 Areas: Demographics

Problem Statement 7: Families are unaware of their child's pathway for college.
Root Cause 7: Being a launching campus we did not have a college counseling team or personnel to drive college readiness and programming.
Problem Statement 7 Areas: Perceptions

Problem Statement 8: As a new school to the community we are still struggling to expose ourselves to the community around us.
Root Cause 8: Lack of communication with families as well as lack of hosting more community events to give us exposure.
Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Covid-19 Factors and/or waivers for Assessment, Accountability, ESSA, Missed School Days, Educator Appraisals, etc.
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- Student failure and/or retention rates
- Local benchmark or common assessments data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data

- Mobility rate, including longitudinal data
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Capacity and resources data
- Budgets/entitlements and expenditures data

Goals

Goal 1: IDEA Sports Park college prep will retain 85% of staff for the 2022-23 school year.

Performance Objective 1: SUPPORT TEACHERS WITH INTENTIONAL PROFESSIONAL DEVELOPMENT THROUGHOUT THE YEAR ALIGNED WITH SCHOOL PRIORITIES

High Priority

Evaluation Data Sources: MONTHLY CHECK INS WITH TALENT DEVELOPMENT TEAM

Strategy 1: Strategic grouping and seating in classrooms and tutorials ensuring key students are targeting increasing students performance in each part of domain 3 **Strategy's Expected Result/Impact:** End of 2023 school year results from EOC and Telpas **Staff Responsible for Monitoring:** Instructional Coaches , EL Coordinator, Testing Coordinator and Principal **Title I:** 2.4, 2.5, 2.6, 4.2 **- TEA Priorities:** Recruit, support, retain teachers and principals, Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction **- Targeted Support Strategy - Additional Targeted Support Strategy**	20%			

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 3: IDEA Sports Park College Prep achieves an A rating for the academic year 2022-23

Performance Objective 4: Complete CCMR 100% for the class of 2023

High Priority

Evaluation Data Sources: CCMR tracker-AP Data, TSI Data, ACT Data

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Create CCMR tracker identifying paths for students in the class of 2023 to meet AP, TSI or ACT metric **Strategy's Expected Result/Impact:** To end the class of 2023 with a 100% CCMR **Staff Responsible for Monitoring:** Director of College Counseling and Counselor **Title I:** 2.4, 2.5, 2.6, 4.2 **- TEA Priorities:** Connect high school to career and college, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction **Funding Sources:** Director of College Counseling and College Counselor - Federal Grant				

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: During the 2022-2023 school year SPCP average daily attendance will meet the district goal of 97.5%.

Performance Objective 1: IDEA Sports Park will invest and educate stakeholders in the importance of Average Daily Attendance and effects it has on student learning.

High Priority

Evaluation Data Sources: 1. Daily evaluation of 1st and 3rd period attendance to see if initially absent students show up to class. 2. Comparison to year-to-day attendance to see if we have an increase in ADA.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: SIS and lead team will make daily parent phone calls to students that are not present during 1st period attendance for a welfare check and attendance reminder. **Strategy's Expected Result/Impact:** Daily attendance rates will increase due to SIS and lead team phone calls to parents. **Staff Responsible for Monitoring:** SIS, social emotional counselor, college counselor, Director of college counselor, and lead team members. **Title I:** 2.4, 2.5, 2.6 **- ESF Levers:** Lever 3: Positive School Culture				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Strengthen communication between the front office, SPCP lead team, teachers, and families regarding attendance policies and the importance of being in school. **Strategy's Expected Result/Impact:** Stronger communication between all stakeholders ensures that we share a common vision of the importance of student attendance. **Staff Responsible for Monitoring:** SIS, social emotional counselor, college counselor, Director of college counselor, and lead team members. **Title I:** 2.6, 4.1				

 No Progress Accomplished Continue/Modify Discontinue

Goal 5: During the 2022-2023 school year Sports Park College Prep will reach 90% student persistence.

Performance Objective 1: Sports Park College Prep will increase student persistence by ensuring we create a school culture that supports our challenges our students physically and mentally while providing a safe and welcoming learning environment.

Evaluation Data Sources: 1. Evaluation of student leaver survey. 2. 2 week back to school survey results. 3. Student welfare checks.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Sports Park College Prep will continue to offer a variety of student sports to keep students challenged both academically and physically. **Strategy's Expected Result/Impact:** 1. By offering a variety of sports we draw athletically inclined students to our campus, increasing our opportunities for recruitment and persistence. 2. Students will be able to participate in moderate to vigorous physical activity on a daily basis. **Staff Responsible for Monitoring:** Coach Dela Garza and Coach Leija are the primary staff responsible. **Targeted Support Strategy**				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Sports Park College Prep will increase student persistence by implementing a behavior implementation plan that works towards violence prevention and intervention. **Strategy's Expected Result/Impact:** 1. By early implementation of a systemic behavior and discipline plan teachers will have a clear understanding of how to handle student behavior issues. 2. By setting clear behavior expectations with students, students will be aware of what behaviors will not be accepted on campus. **Staff Responsible for Monitoring:** Grade team leads and API. **Title I:** 2.5 **- ESF Levers:** Lever 3: Positive School Culture				

 No Progress Accomplished Continue/Modify Discontinue

Goal 5: During the 2022-2023 school year Sports Park College Prep will reach 90% student persistence.

Performance Objective 2: Sports Park College Prep will offer extracurricular activities after school to support social and emotional well being of students to help promote student achievement in a safe environment.

High Priority

Evaluation Data Sources: Participation tracker of after school activities

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Partner with after school program to expand activities and sporting events after to support high participation **Staff Responsible for Monitoring:** After school program coordinator and athletic coordinator **Title I:** 2.5, 2.6, 4.1 **- TEA Priorities:** Recruit, support, retain teachers and principals, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture **Funding Sources:** 1 - Federal Grant				

 No Progress Accomplished Continue/Modify Discontinue

Goal 5: During the 2022-2023 school year Sports Park College Prep will reach 90% student persistence.

Performance Objective 3: Sports Park College Prep will offer social emotional curriculum in all grade levels to promote and healthy and bully-free safe environment.

High Priority

Evaluation Data Sources: Tracking of exit tickets and participation from students in class

Strategy 1 Details	Reviews

Reflections

Areas of Strength	Areas of Need
1. Second semester instructional support and tight-loop coaching of ELA teachers to boost classroom instruction.	1. Practical writing class implementation to support EL students.
2. Teachers were able to review student semester data to plan for review and reteach within the instructional school day.	2. Additional and consistent use of SIOP strategies within the classroom to support EL students…all students.

3. Teachers were able to use assessment data to plan for targeted after school tutorial and Saturday school groupings.	3. Earlier identification of ELA TEKS gaps for 1st semester student support.
4. Teachers impl;emented writing skills and practice within the first semester of the school year.

Reflections	
Areas of Strength	**Areas of Need**
1. Tight loop coaching to increase data-ET tracking, modified schedule, strategic interventions, in class small group support had data increase consistently in every assessment.	1. Through aggressive monitoring, implement calculator skills effectively.
2. Targeted domain indicators to meet EOC goal-identified students that met all four criteria: ELs, Non-Continuous, Hispanic, Economically Disadvantage. Students were tracked daily in class support, Saturday Schools, and Interventions.	2. Use strategies to close foundational gaps through course collaborations to be implemented throughout the year
3. Systems in place - tracking system, ET huddles, teacher rehearsals, and through observations and feedback	3. Consistent tracking implemented
	4. Student consitently track their own progress to communicate their own areas of need and use it to celebrate progress.
	5. Effective review and reteach through interventions, tutorials, Saturday School, or in class whole group

Reflections	
Areas of Strength	**Areas of Need**
1 Through tight loop coaching, data was able to increase over time. Consistent feedback, rehearsals, and follow up was set in place between teacher and leader	1 Calendaring from August to May implementing systems for coaching and developing for new online EOC
2 Systems in place to conduct observations and feedback includung ET huddles and tracking systems	2 Segregating the data earlier on to identify meets and masters and track with fidelity to increase masters data
3 Implemented ability grouping and targeted students for instruction for interventions and tutorials	3 Increasing teacher pedagogy to increase student particpation through trainings

Reflections	
Areas of Strength	**Areas of Need**
1. Instruction was data driven and targeted student gaps after Mock exam.	1. Implementation of writing across curriculum and grade levels to support our students.
2. US History teacher shared student Mock data with them; along with their EOC goal thus driving student investment in their end-of-the-year progress.	2. Targeting lower scoring TEKS earlier in the school year while still teaching AP standards.
3. Teacher was able to make on-the-spot adjustments to US History instruction to support EOC support.	3. Provide students with EOC testing opportunities prior to the third quarter.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Toros College Preparatory is a tuition-free public charter school within IDEA Public Schools. IDEA Toros is a comprehensive 8-12 campus enrolling 300 students. The school opened in the fall of 2016 and graduated its first senior class in the spring of 2017 IDEA Toros College Preparatory is accredited by the Texas Educational Agency and holds membership in the College Board, the National Association for College Admission Counseling, and the Texas Association for College Admission Counseling. We provide all scholars with access to a rigorous college preparatory education and also with an elite athletic program that focuses on providing our student-athletes with the tools they need to be successful collegiate athletes. We provide services for our emerging bilingual, section 504, and special education students. We also house an 18+ transition program focused on assisting students in meeting their IEP goals by transitioning into employability and independent living.

Demographics Strengths

See PDF in Addendum for mor information

Problem Statements Identifying Demographics Needs

Problem Statement 1: Lack of consistency in the implementation of preventive measures vs. reactive consequences. **Root Cause:** Lack of clear systems and resources to support preventive interventions

Problem Statement 2 (Prioritized): Lack of student ownership of positive culture, including new student integration into Toros culture. **Root Cause:** Adult-driven culture

Problem Statement 3 (Prioritized): Lack of traditions and school school pride. **Root Cause:** Underdeveloped sense of belonging

Student Learning

Student Learning Summary

IDEA Toros scored a 90 in Domain 1, 93 in Domain 2, and 78 in Domain 3. In Domain 3, 50% of achievement targets were met. These targets were met in ELA, but not in mathematics. English Language Proficiency targets were met at 100%. School Quality targets were met at 100%. Graduation targets were not met due to the new transition program which integrated a large percentage of 5th year continuers. All non-continuers met 4-year graduation targets. All 7 Distinction Designations were met, and of the graduating class of 2021, 96% of students met CCMR criteria.

See PDF in Addendum for more information

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Staff consisted a large group of inexperienced teachers needing to learn content and pedagogy. **Root Cause:** Poor Staff Retention

Problem Statement 2: Lack of consistent data tracking to help identify areas of need for students and gaps in the curriculum. **Root Cause:** Lack of school-wide system

Problem Statement 3 (Prioritized): Large group of Emergent Bilinguals struggle with mastering content due to language barriers. **Root Cause:** Lack of training

Problem Statement 4 (Prioritized): Performance in Algebra I, particularly with achievement targets, has been low. **Root Cause:** All students in Algebra I are new to our campus

School Processes & Programs

School Processes & Programs Summary

At our campus, we develop instructional leaders through the use of the School Leadership Levers. Roles & responsibilities are outlined at the beginning of the year and the document is shared with staff. During weekly check-ins, we discuss outcomes, causes, solutions, as well as identify a School Leadership Lever to focus on. We conduct weekly instructional rounds that allow for norming across instructional coaches, as well as to provide feedback for improvement on coaching practices.

See PDF in Addendum for more information

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

See PDF in Addendum for more information

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Systems & processes were not consistent. **Root Cause:** Poor Staff Retention

Problem Statement 2: Curriculum shifts in the district impact curriculum alignment of Summit. **Root Cause:** Unique Curriculum Alignment & Resources

Problem Statement 3 (Prioritized): Teachers have only 1 planning period for 3 contents. **Root Cause:** Overextended time requirement

Perceptions

Perceptions Summary

100% of our seniors graduate high school. An exception can be counted for those students who are continuers according to their IEP. In 2021-2022, we had 12 students begin their 5th year with our transition program.

For our students in general education, they are assigned a mentor that checks in with them every 2 weeks. Check-ins will focus on building connections, as well as focusing on student goals.

Family participation in school events average at about 29%. The most significant barriers have been the distance for parents to travel to events. Because students come to us from across a 90-minute radius, not all parents are able to attend.

Perceptions Strengths

See PDF in Addendum for more information

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Lack of opportunities for families to participate and build community. **Root Cause:** Due to COVID protocols, we had shifted away from in-person events, and our families did not engage virtually.

Problem Statement 2: No tracking of school events to provide data points of involvement in order to make adjustments. **Root Cause:** No data tracking system in place

Problem Statement 3 (Prioritized): Lack of annual events/mechanisms that build tradition and pride in our campus. **Root Cause:** As a newer campus established during COVID, school traditions were minimal.

Priority Problem Statements

Problem Statement 1: Lack of traditions and school school pride.
Root Cause 1: Underdeveloped sense of belonging
Problem Statement 1 Areas: Demographics

Problem Statement 2: Staff consisted a large group of inexperienced teachers needing to learn content and pedagogy.
Root Cause 2: Poor Staff Retention
Problem Statement 2 Areas: Student Learning

Problem Statement 3: Large group of Emergent Bilinguals struggle with mastering content due to language barriers.
Root Cause 3: Lack of training
Problem Statement 3 Areas: Student Learning

Problem Statement 4: Lack of opportunities for families to participate and build community.
Root Cause 4: Due to COVID protocols, we had shifted away from in-person events, and our families did not engage virtually.
Problem Statement 4 Areas: Perceptions

Problem Statement 5: Lack of annual events/mechanisms that build tradition and pride in our campus.
Root Cause 5: As a newer campus established during COVID, school traditions were minimal.
Problem Statement 5 Areas: Perceptions

Problem Statement 6: Lack of student ownership of positive culture, including new student integration into Toros culture.
Root Cause 6: Adult-driven culture
Problem Statement 6 Areas: Demographics

Problem Statement 7: Systems & processes were not consistent.
Root Cause 7: Poor Staff Retention
Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Teachers have only 1 planning period for 3 contents.
Root Cause 8: Overextended time requirement
Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: Performance in Algebra I, particularly with achievement targets, has been low.

Root Cause 9: All students in Algebra I are new to our campus

Problem Statement 9 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data

Student Data: Student Groups

- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Attendance data
- Discipline records
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Goals

Goal 1: Increase staff retention

Performance Objective 1: 85% of staff return in the following school year.

Annual Performance Objective

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%

1B. % of graduates matriculate to a Tier I/II College or University: 25%

1C. % of Seniors accepted to a College or University: 100%

1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%

1E. Earned State Rating: A

1F. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading | Language | (Year 1 Campuses): 80% | 80% | 80%

1G. % of 2nd Students End The Year On/Above Grade Level in Reading (Year 2+ Campuses): 90%

1H. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%

1I. Average ACT score (Class of 2020, September 2019): 21

1J. % of students graduating college in 4 | 6 years: 25% | 55%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%

2B. 80% composit score on GPTW

2B. %Average Daily Attendance | # Average Daily Attendance: 97.50% | 48,817

2C. Student Persistence: 90%

2D. Operating Income: $101M

2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%

3B. Enrollment in August 2020: 64,455

3C. Schools in operation in August 2020: 125

3D. Total Funds Raised (millions): $70M

Reflections	
Areas of Strength	**Areas of Need**
1 Curriculum alignment and vertical alignment processes in all ELA classes.	1 Further vertical alignment in ELA terms, editing documents, and ELA systems.
2 ELA classes showed the most fidelity to the Summit Learning Platform.	2 Embedded vocabulary practice throughout all grade levels that are specific to tested contents.
3 All teachers had strong content knowledge.	3 Continual writting practice throughout ELA contents that are also reflected in all grade levels and contents.
4 While STAAR scores were still low (not 90/60/30), they were some of the hightest across campus.

Reflections	
Areas of Strength	**Areas of Need**
1 Teachers had an understing of the content knowledge and some were invested in learning it.	1 Each content is in need of Summit alignment for STAAR as well as the teacher knowing how to impliment SDL project time and still being able to address the skills/content. They need a model of how to implement and include IP for math at bat's.
2 Teachers took the time to build relationships that invensted students and their families.	2 Teacher inconsistency with implimentaion of feedback and planning. As a leader we need to be consistent with the coaching cycle and next steps.
3 Instructional push for data was a strength to help teachers know where their data was.	3 Data trasparency as a team/school by having housing it virtually and as an actual tracker to keep it in the forfront.

Reflections	
Areas of Strength	**Areas of Need**
1. Our interview & onboarding process allows teachers to understand the differences in the work we do, better preparing them to be successful.	1. Our teachers are new to the role, with 60% of our staff new to our campus.
2. We celebrate teachers regularly, and give opportunities for peer recognition, as well as work anniversaries, weekly peer and manager shout outs, birthdays, and teachers of the month.	2. We need to continue to align curriculum so teachers can trust the content is preparing students for district assessments.
3. We developed key responsibilities for teacher leaders, and created pathways of development for teachers aligned to their long-term goals.	3. Because we value planning so heavily, we need to schedule planning time to ensure that internalization of projects takes place.

Data Source: School Culture and Climate	
Reflections	
Areas of Strength	**Areas of Need**
1. We hold regular campus-wide celebrations to recognize student success.	1. While we have a Behavior Management Plan, we need consistency in the implementation of the plan that focuses on preventive measures vs. reactive consequences.
2. We have a comprehensive system for behavior tracking that encourages positive adult-student interactions.	2. While adults have begun owning positive student culture, we need student ownership of positive culture, as well as new student integration into Toros culture.
3. Teachers hold regular individual student mentoring sessions (2296 recorded sessions held last school year).	building, which has led to a lack of traditions and school school pride.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Demographics

Demographics Summary

Tres Lagos was founded in 2017 and served PK-1st grade students. Now, it's six year since inception Tres Lagos Academy serves students from PK-5th grade. Our PK program is a half day program with an am and pm section. Students enrolled are from 4-11 years old. We are located in the north McAllen/Edinburg area in the Tres Lagos land development. We are a charter school part of the IDEA Public Schools network in the Rio Grande Valley. We offer all federal and state programs. We have students enrolled in our school from seven local school districts: McAllen, Edinburg, Mission, La Joya, Sharyland, PSJA, & Elsa. Our school focus on the entire child need's from academic to social emotional. We have a Social Worker on campus that works with our students of greatest needs but also ensure that our Social Emotional Lessons are being viewed, implemented and that our students understand their role in the world and how they can be contributing members even at their school age. We offer physical education services for students in grades 1st throught 5th grade. We have three RISE classrooms to offer the best self-contained special education to our students with various cognitive & physical needs. Our entire staf works together to ensure we create lasting bonds with our students while intilling in them our core values and strong foundational course work that will prepare them for the next year and beyond.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Problem: Staff was not consistent in their safety drills in actions and implementations. **Root Cause:** Root Cause: 1. Staff were not updated or felt they had sufficient practice in their safety drills for the year. In our drills/practice session it was evident that confusions among the different drills took place. 2. Lack of consistent feedback and practice on areas of needs after drills. 3. Not giving all stakeholders an overview of safety procedures (in person or video) for effective trainings.

Problem Statement 2 (Prioritized): Problem: Consistency of overall communications to lead effective gains in ADA and other campus goals. **Root Cause:** Root Causes: 1. Lack of follow up & accountability on ADA procedures which led to increased absences due systems to manage this effectively. 2. There was not a "normed" area or place where we could find these gaps since some of the feedback was in emails or teams messages which delayed actions. 3. Lack of implementation of next steps was not consistent which didn't hold all accountable.

Problem Statement 3: Problem: Lack of inclusivity of all grade levels to celebrate successes. **Root Cause:** Root Causes: 1. We focused on celebrating the gains more in upper grades than lower grades in pep rallies. 2. We did not include lower grades due to concerns with seating and safety in the gym versus creating a plan that would allocate for celebrations of all student gains. 3. Needed clear logistical plans for each celebration to accommodate all students.

Student Learning

Student Learning Summary

Tres Lagos Academy earned an A rating for the 2021-2022 school year. 3rd-5th grade math/ELA and 5th grde science was assessed. 5 out of 6 distinctions where met by the campus (Academic Achievement in ELA, Academic Achievement in Maht, Academic Achievement in Science, Top 25% comparative Academic Growth, and Postsecondary Readiness) Top 25% Comparttive Closing the Gap was not met.

Data shows that we are still failing to fully meet the needs of our ELs. ELs make up 52% of our total student population, a significant number when it comes to accountability. We did not met English Language prociencey target fo this year. Mathematics will alos be a priority for this year as well. 3 of the 7 sub group componnets met the target in domian 3 which significatly effected our rating.

kinder-2nd grade ELA was at 75% goal met. 1st and 2nd grade did not meet the goal of students on or above reading level. Intervention with use of decoding will be crucial this year to ensure students are reading on level in the 3rd and 2nd grade.

Student Learning Strengths

See PDF in Addendum for more information

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Differentiation in lesson planning and tracking of sub group. (Math target for domain 3 was 46, outcome was a 41%) **Root Cause:** 1. Lacked consistent tracking of sub groups and reteach plans for these groups. 2. Tier 1 instruction was prioritized due to the overall gap in a the general student population. Intervention groups were large due to need.

Problem Statement 2 (Prioritized): Monitoring and growth of ELs and systematic teaching of the ELPS in every classroom. **Root Cause:** 1. Teachers have not had full ELPS training and campus expectations around Literacy routines and sheltered instruction have not been made clear. 2. Practice time for 2nd-5th grade students was started late in the year for TELPAS. Students lack familiarity with the online testing platform.

Problem Statement 3 (Prioritized): Over 65% of first grade students ended the 2021-2022 school year reading below level. **Root Cause:** 1. Decisions based on data (regrouping) happened late in the year. 2. Fidelity checks to data and follow up teacher execution and practice were not consistent.

School Processes & Programs

School Processes & Programs Summary

Our district offers course collaborations twice a month for our teachers specializing in their content areas and in SPED. As a campus we offer professional development twice a month on campus area of needs/practice. DI teachers receive practice sessions three times a week.

Campus Programs:

Eureka Math K-5th grade

Wit & Wisdom: K-5 grade

Distar Math: PK

DI RMT: PK, K, 1st, & 2nd grade

Decoding A & B: 2nd grade Intervention for 3-5 grades

Science:Applied Science K-2, 3-5 District Curriculum

Social Studies: Lavina 1-2, District Curriculum 3-5 grades

Electives: Physical Education 1-5 grade, HotSpot (Math Computer Online Program) 1-5 grade & AR Zone 1-5 grade.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Problem: Consistency in professional development provided at the campus level that is differentiated by staff need. **Root Cause:** Root Causes: 1. Focus is provided to new to IDEA teachers consistently throughout the year and not to our veteran staff that will help them grow in their role. 2. PD training is sometimes altered or moved due to campus data needs and trying to ensure a work life balance for teachers.

Problem Statement 2 (Prioritized): Problem: Meetings that allow for feedback from staff were limited. **Root Cause:** Root Causes: 1. Met with grade team leaders to cascade much of the information on changes and updates which lead to incomplete or missing information to all staff. 2. Limited staff meetings to address work life balances with staff led to missed opportunities to share and implement new learnings with follow up.

Perceptions

Perceptions Summary

As a campus it was important for us to gather data in all field of our work. We tend to score between a 4.3-4.6 on our parent surveys on a 0-5 scale. We communicate with our parents daily and weekly to address all their concerns.

Parent Survey 4.6/5

Student Survey: 4.3/5

GPTW Survey: 81%

Although we do well overall on parent/student surveys, we did have a high turnover rate compared to previous years. It was difficult year of transiioning back to teacher full time after a year (20-21) of only have of the population being in person and the rest virtual. The load was heavy which lead to high absence rates by teachers. Covid absences impacted learning for students and also teachers being absent for long periods of time affected student learning too.

We had great turnout to community events but not great turn out to academic events. Our numbers were measured by parents signing in and check in for each event.

See PDF in Addendum for more information.

Perceptions Strengths

Perceptions Strengths:

1. Leadership Team is highly visible to parents, teachers, and community members and respond to all concerns withing 24-48 hours.

2. Staff and teachers know we would adjust our meetings and schedules based on feedback provided.

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Problem: Not enough persistence events for the year for parents and students and effective attendance tracking to events. **Root Cause:** Rout Causes: 1. The focus on academics led to minimal events all year long. This affected the school pride aspect of coming together as a community. 2. Allowed the staff to dictate how many events to have per month which was limited to 1 and none on short months due to school holidays those months.

Problem Statement 2 (Prioritized): Problem: Staff feeling overwhelmed with their work life balance. **Root Cause:** Root Causes: 1. Teachers were not seeing the growth daily as in year's past due to large student gaps from the covid loss of academic years. 2. We took the teacher's planning to incorporate more instructional time during the day versus afterschool to assist with work/life balance. 3. Too many long hours working on lesson plans to align curriculums and adjusting LPs due to gaps in curriculums.

Problem Statement 3: Problem: Grade level specific communication and updates sent via Remind and not all parents on remind throughout the year or they just didn't check the communication that was sent. **Root Cause:** Root Causes: 1. We did not ensure that Remind was downloaded on each parent's phone. This impeded communications. 2. Parents were not aware of last minute changes due to not having remind app.

Priority Problem Statements

Problem Statement 1: Differentiation in lesson planning and tracking of sub group. (Math target for domain 3 was 46, outcome was a 41%)

Root Cause 1: 1. Lacked consistent tracking of sub groups and reteach plans for these groups. 2. Tier 1 instruction was prioritized due to the overall gap in a the general student population. Intervention groups were large due to need.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Monitoring and growth of ELs and systematic teaching of the ELPS in every classroom.

Root Cause 2: 1. Teachers have not had full ELPS training and campus expectations around Literacy routines and sheltered instruction have not been made clear. 2. Practice time for 2nd-5th grade students was started late in the year for TELPAS. Students lack familiarity with the online testing platform.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Over 65% of first grade students ended the 2021-2022 school year reading below level.

Root Cause 3: 1. Decisions based on data (regrouping) happened late in the year. 2. Fidelity checks to data and follow up teacher execution and practice were not consistent.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Problem: Consistency of overall communications to lead effective gains in ADA and other campus goals.

Root Cause 4: Root Causes: 1. Lack of follow up & accountability on ADA procedures which led to increased absences due systems to manage this effectively. 2. There was not a "normed" area or place where we could find these gaps since some of the feedback was in emails or teams messages which delayed actions. 3. Lack of implementation of next steps was not consistent which didn't hold all accountable.

Problem Statement 4 Areas: Demographics

Problem Statement 5: Problem: Staff was not consistent in their safety drills in actions and implementations.

Root Cause 5: Root Cause: 1. Staff were not updated or felt they had sufficient practice in their safety drills for the year. In our drills/practice session it was evident that confusions among the different drills took place. 2. Lack of consistent feedback and practice on areas of needs after drills. 3. Not giving all stakeholders an overview of safety procedures (in person or video) for effective trainings.

Problem Statement 5 Areas: Demographics

Problem Statement 6: Problem: Consistency in professional development provided at the campus level that is differentiated by staff need.

Root Cause 6: Root Causes: 1. Focus is provided to new to IDEA teachers consistently throughout the year and not to our veteran staff that will help them grow in their role. 2. PD training is sometimes altered or moved due to campus data needs and trying to ensure a work life balance for teachers.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Problem: Meetings that allow for feedback from staff were limited.

Root Cause 7: Root Causes: 1. Met with grade team leaders to cascade much of the information on changes and updates which lead to incomplete or missing information to all staff.

2. Limited staff meetings to address work life balances with staff led to missed opportunities to share and implement new learnings with follow up.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Problem: Not enough persistence events for the year for parents and students and effective attendance tracking to events.

Root Cause 8: Rout Causes: 1. The focus on academics led to minimal events all year long. This affected the school pride aspect of coming together as a community. 2. Allowed the staff to dictate how many events to have per month which was limited to 1 and none on short months due to school holidays those months.

Problem Statement 8 Areas: Perceptions

Problem Statement 9: Problem: Staff feeling overwhelmed with their work life balance.

Root Cause 9: Root Causes: 1. Teachers were not seeing the growth daily as in year's past due to large student gaps from the covid loss of academic years. 2. We took the teacher's planning to incorporate more instructional time during the day versus afterschool to assist with work/life balance. 3. Too many long hours working on lesson plans to align curriculums and adjusting LPs due to gaps in curriculums.

Problem Statement 9 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- Campus goals
- HB3 Reading and math goals for PreK-3
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Local benchmark or common assessments data
- Other PreK - 2nd grade assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.

Student Data: Behavior and Other Indicators

- Attendance data
- Student surveys and/or other feedback

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus department and/or faculty meeting discussions and data

Parent/Community Data

- Parent surveys and/or other feedback
- Community surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data

Goals

Revised/Approved: November 8, 2022

Goal 1: Increase staff retention

Performance Objective 1: To retain 85% of our staff by EOY and have them persist to 23-24 school year.

High Priority

HB3 Goal

Evaluation Data Sources: GPTWS
Teacher Retention Lists
Campus Surveys

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Assign mentors to NTI staff members. **Strategy's Expected Result/Impact:** Staff will return because they feel invested and connected to our campus and feel empowered & challenged. **Staff Responsible for Monitoring:** Campus Leadership team and GTLs **TEA Priorities:** Recruit, support, retain teachers and principals	70%	90%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Build capacity in our instructional staff so they attain success and growth in their roles. **Strategy's Expected Result/Impact:** Teachers will grow in Teacher Career Pathway levels and learn foundational teaching pedagogy they can implement daily. **Staff Responsible for Monitoring:** Campus Leadership Team **TEA Priorities:** Recruit, support, retain teachers and principals	30%	60%		

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Provide needed training on how to address and stop violence in schools. **Strategy's Expected Result/Impact:** Staff will be better equipped to deal with behavior and shared behaviors happening in the home through consistent training in this area. **Staff Responsible for Monitoring:** APO Campus Crisis Team Social Worker **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: Meet enrollment counts for 23-24 school year

Performance Objective 1: Work with OPS staff to ensure we are overenrolled in all grade levels.

High Priority

Evaluation Data Sources: STREAM

Number of Apps & Students in our waitlists

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Add Enrollment Counts by grade level to tactical data reports **Strategy's Expected Result/Impact:** Lead Team is aware weekly of our enrollment numbers and proactively plans to support OPS with recruitment needs. **Staff Responsible for Monitoring:** APO & Lead Team **Title I:** 2.5 **- ESF Levers:** Lever 1: Strong School Leadership and Planning	100%	100%	100%	

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 2: Meet enrollment counts for 23-24 school year

Performance Objective 2: Work closely with our CP Campus to ensure our families have all students in IDEA.

High Priority

Evaluation Data Sources: Siblings Report in PS
Parent Survey

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Add monthly meeting with CP Lead Team and have APO report the grade levels of needs to plan how to bring families back that left and affected both campuses. **Strategy's Expected Result/Impact:** Families will see a joint effort to retain them and address their family's needs. **Staff Responsible for Monitoring:** AC & CP Lead Teams	10%	70%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 1: TLA 3rd-5th graders will receive a 90% Approaching | 60% Meets | 30% Mastered on 2022-2023 Reading and Math STAAR assessment.

High Priority

HB3 Goal

Evaluation Data Sources: Unit/module assessments, semester exams, mock exams, 2022-2023 STAAR results

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Consistent content planning for 3rd-5th grade math and RLA. -Weekly lesson planning feedback -Exit ticket exemplars with key point look-fors submitted for every lesson. -Content meetings/Dressed rehearsals for an hour every Monday. -Aligning Dream box to content taught in classroom -Days will be allotted for 3rd-5th grade teachers to desegregate semester exam and mock data and formulate reteach plans. **Strategy's Expected Result/Impact:** Increase in mastery after 1st teach **Staff Responsible for Monitoring:** Assistant principals **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **Problem Statements:** Student Learning 1 **Funding Sources:** - Federal Grant - $28,765.44, - Federal Grant - $59,900, - Federal Grant - $30,444.48	60%	45%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Making decisions based on data analysis that will occur daily, weekly, and after all major summative assessments -Teachers will track exit tickets after every period -Exit ticket data tracked on whiteboards and live excel trackers -Grade level exit ticket huddles will happen daily. -Flex days will be used for students to track progress and set new goals -SWAM meeting every week on ETs, MMA, EOM, BWA -Days will be allotted for 3rd-5th grade teachers to desegregate semester exam and mock data and formulate reteach plans. -90/60/30 meetings held after semester exam and mock exams **Strategy's Expected Result/Impact:** increase student mastery data **Staff Responsible for Monitoring:** Principal and assistant principals of instruction **TEA Priorities:** Build a foundation of reading and math	10%	55%		

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: All Kindergarten through 3rd-grade teachers, including special education teachers and leaders participate in Teacher Literacy Achievement Academies. **Strategy's Expected Result/Impact:** This strategy will increase teacher knowledge which will increase student outcomes. **Staff Responsible for Monitoring:** Classroom teachers and administration **Title I:** 2.4, 2.6 - **TEA Priorities:** Build a foundation of reading and math **Funding Sources:** - Federal Grant - $59,900	40%	100%	100%	

Strategy 4 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 4: Implement appropriate, targeted skills-based learning pathways for intervention and acceleration. **Strategy's Expected Result/Impact:** This strategy will close gaps for all students, including special populations **Staff Responsible for Monitoring:** 3rd-5th grade Math and ELA teachers, principals of instruction **Title I:** 2.4 - **TEA Priorities:** Build a foundation of reading and math	35%	55%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: Differentiation in lesson planning and tracking of sub group. (Math target for domain 3 was 46, outcome was a 41%) **Root Cause**: 1. Lacked consistent tracking of sub groups and reteach plans for these groups. 2. Tier 1 instruction was prioritized due to the overall gap in a the general student population. Intervention groups were large due to need.

Goal 3: IDEA achieves an A rating

Performance Objective 2: 42% of TLA EB students will make 1 level composite growth or reach Advanced High in TELPAS for the 2022-2023 school year.

High Priority

Evaluation Data Sources: Classroom observations to ensure EB supports are in place, TELPAS mock in October

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Coach and develop teachers in implementing learning opportunities for all emergent bilingual students focused on listening, speaking, reading, and writing **Strategy's Expected Result/Impact:** increase emergent bilingual students' language attainment to either maintain or increase proficiency. **Staff Responsible for Monitoring:** classroom teachers, assistant principal of instruction **TEA Priorities:** Build a foundation of reading and math **Problem Statements:** Student Learning 2				
No Progress Accomplished Continue/Modify Discontinue				

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 2: Monitoring and growth of ELs and systematic teaching of the ELPS in every classroom. **Root Cause**: 1. Teachers have not had full ELPS training and campus expectations around Literacy routines and sheltered instruction have not been made clear. 2. Practice time for 2nd-5th grade students was started late in the year for TELPAS. Students lack familiarity with the online testing platform.

Goal 4: Increase student daily attendance

Performance Objective 1: Increase ADA each week through ADA challenges by grade level so by EOY we surpass the 97% ADA goal

High Priority

Evaluation Data Sources: ADA Dashboard for Region & District Rank
Daily ADA by grade level

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Build capacity in understanding and following our ADA escalation matrix so all stakeholders are aware of the metrics needed to keep ADA above 97%. **Strategy's Expected Result/Impact:** ADA will increase each week for each grade level. **Staff Responsible for Monitoring:** All campus staff. **Title I:** 2.5 - **TEA Priorities:** Build a foundation of reading and math	25%	60%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Use our Title 1 staff to support in ADA calls daily to make great parent connections and hold parents accountable. **Strategy's Expected Result/Impact:** Build parent/teacher relationships that support ADA increases through positive communication all year long. **Staff Responsible for Monitoring:** Entire staff **Title I:** 2.5, 2.6 - **TEA Priorities:** Build a foundation of reading and math **Funding Sources:** - Federal Grant - $28,765.44, - Federal Grant - $59,900, - Federal Grant - $54,500, - Federal Grant - $31,426.56	40%	70%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 5: Increase student persistence

Performance Objective 1: Retain 90% of all NTI students & that they persist in 23-24 school year.

High Priority

Evaluation Data Sources: 23-24 Persistence data from the first week of school.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Monthly Breakfast with the principal for all new to IDEA students in 22-23. **Strategy's Expected Result/Impact:** Students create a bond with their principal and PK team and address all their questions and listen to their "wants" for our school. **Staff Responsible for Monitoring:** Lead Team Interventionists **Title I:** 2.6 **- ESF Levers:** Lever 3: Positive School Culture **Funding Sources:** - Federal Grant - $31,426.56, - Federal Grant - $54,500	75%	85%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 5: Increase student persistence

Performance Objective 2: Increase and involve new parents by monthly meetings

High Priority

Annual Performance Objectives (APO)

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%

1B. % of graduates matriculate to a Tier I/II College or University: 15% | 25%

1C. % of Seniors accepted to a College or University: 100%

1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%

1E. Earned State Rating: A

1F. % Basic | % Mastery | % Advanced on LEAP: 82% | 44% | 11%

1G. % Approaches | % Meets | % Masters on STAAR/EOC: 90% | 60% | 30%

1H. % Level 3 | % Level 4 | % Level 5 on FSA/FSAA: 70% | 40% | 20%

1I. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading - Year 1 Campuses | Year 2 Campuses: 80% | 90%

1J. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%

1K. Average ACT score: 21

1L. % of students graduating college in 4 | 6 years: 25% | 55%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%

2B. 80% composit score on GPTW: 82%

2B. %Average Daily Attendance: 97.50%

2C. New Student Persistence: 90%

2D. Operating Income: $133M

2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%

3B. Enrollment in August 2020: 83,894

3C. Schools in operation in August 2020: 149

3D. Total Funds Raised (millions): $93M

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

IDEA Tres Lagos College Prep is committed to preparing our students to be future Leaders of tomorrow. We believe that every Lobo should receive meaningful and rigorous instruction, that will jumpstart their academic career and put them on a path to success in college. Our staff is devoted to providing students with the skills that will lead to self-awareness, self-management, social awareness and social skills that will help them bring innovative transformation to their community while maintaining a college identify.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Campus Funding Summary 29

Addendums 30

Comprehensive Needs Assessment

Revised/Approved: September 13, 2022

Demographics

Demographics Summary

IDEA Tres Lagos College Prep includes Grade Levels 6-11th for the 2022-2023 School Year. We currently have over 500 students and are over 90% Economically Disadvantage students. We are located in McAllen, Texas. We are an AP for all campus so all our students participate in AP courses with exception of our Special Education Rise students. We offer many different Electives and began offering two CTE programs that begin in 8th Grade. Those CTE Programs include Biomedical Science and Computer Science. We offer Althletics beginning in 6th Grade and participate in the Charter league. See Addendum for more information.

Demographics Strengths

See PDF in Addendum.

Problem Statements Identifying Demographics Needs

Problem Statement 1: Need more programs to challenge top students. **Root Cause:** Big campus focus on English Learners and students who are not on grade Level

Problem Statement 2 (Prioritized): Need more opportunities for Student Leadership. **Root Cause:** Limited amount of clubs and opportunities

Problem Statement 3 (Prioritized): Need more activities for students that excel in arts. **Root Cause:** We have only one art teacher and small amount of students that are eligible for After-School Programs.

Problem Statement 4 (Prioritized): We need to increase student persistence as we have not met goals every year. **Root Cause:** Students leaving to explore other educational opportunities such as pursing Medical, STEM programs that we are not offering. Student also interested in more dual enrollment programs.

Student Learning

Student Learning Summary

Tres Lagos College Prep has secured an A rating for the 2021-2022 School Year with a score of 90. Tres Lagos CP also only missed one distinction which was the science distinction. We did see over 40% of our English Learners show growth to meet our goal. Although our scores are not what they were during Pre-Covid years our campus is making progress and finished with a 52 SAS. We also Averaged a 24 SAS for our Special Education Students. We saw significant growth in performance of our Special Education students.

Student Learning Strengths

Please Refer to PDF in Addendum.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): 1 Lesson Plan Customization to align to updated STAAR content and field questions. Implementing more virtual lessons considering the STAAR will be 100% online (manager provide relevant LP **Root Cause:** Teachers not trained on new STAAR format and questions.

Problem Statement 2: Supporting Campus-Wide Literacy: Conduct a professional development for all teachers to be aware of student's Renstar results and best practices to support students in the classroom. **Root Cause:** Lack of communication about importance of placement testing for students. Lack of data analysis and next steps that will address math and reading gaps of our students.

Problem Statement 3: Conducting more SWAM and data analysis meetings to strengthen the understanding of our student's academic standing. **Root Cause:** Campus leaders have not been consistent with Data analysis of all assessments.

Problem Statement 4 (Prioritized): Lack of vertical alignment. **Root Cause:** Content Leaders have not been pushed to align teaching strategies and communicate grade level expectations.

Problem Statement 5: Students need more experience reading Scientific Literature. **Root Cause:** We don't practice enough AP and ACT style questions for students. Students have not built stamina to read long, complex passages and answer questions that are AP or college level.

Problem Statement 6 (Prioritized): Students don't practice enough writing aligned with AP courses. **Root Cause:** Campus did not work on providing additional writing opportunities for students beginning in lower grade levels.

School Processes & Programs

School Processes & Programs Summary

Tres Lagos College Prep works to develop instructional leaders by providing coaching opportunities that leaders will excell in due to experience with content and providing a few stretch assigments to help develop skills they may need to focus on for overall development. Professional development is prioritized using data gained from individual and campus observation and tracking of teacher skills needed to rate proficient or advanced on our district alinged teacher rubric. Instructional coaches, as well as Content Leaders work together to provide any Professional development our studnets may need. We require our instructional coaches to initiate the See it Name it Do it structure to ensure that teachers have access to exemplar when given an action step. We incorporate feedback also based on our Campus specific culture rubric which focuses on Rigourous instruction, buidling a college going identify and with focus on student teacher interactions.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years

- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): We been struggling keeping science teachers in the classroom. **Root Cause:** Our science teachers have been moving on to medical school.

Problem Statement 2 (Prioritized): We have been struggling with teachers leaving or being unhappy due to work life balance. **Root Cause:** Our teachers struggle to take on extra duties as assigned and struggle to meet our campus high expectations of lesson planning, grade level and content team procedures.

Problem Statement 3: Consistency of Teachers teaching same grade level and content from year to year. **Root Cause:** Since we are a growing campus we have teachers wanting to move up and teach our added grade levels and not wanting to stay in the same grade level from year to year.

Problem Statement 4: We have some staff members that are struggling fitting into our culture of high expectations. **Root Cause:** Teachers that were hired did come from other districts that did not have high expectations for all staff and students.

Perceptions

Perceptions Summary

Tres Lagos College Prep works hard to build school culture where students support and encourage eachother. Our staff turnover is consistent from year to year and hovers around 85-90% of staff returning from year to year. This past year we struggled with staff attendance due to Covid and strict protocols. Overall our parent and staff survey results are above average. We are seeing less parent and community involvement from year to year but have worked this year on a few different parent committees to support our staff and students.

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Communication gaps include getting all important information to all parents. **Root Cause:** Limited number of parents checking remind messages or checking social media messages. Lack of hard copy printing of parent weekly.

Problem Statement 2 (Prioritized): We have limited tracking of parent involvement and parent participation in community events. **Root Cause:** Due to gaps in communication and adjustment to this data we have not addressed parental support as much as we should have.

Problem Statement 3: Due limited availability of meeting space, we have struggled to add additional events for parents and families due to interference with after-school programs and athletics. **Root Cause:** We currently don't have pavilion that all other IDEA campuses have so we can't push athletics to that area as often as others can.

Priority Problem Statements

Problem Statement 1: Need more opportunities for Student Leadership.

Root Cause 1: Limited amount of clubs and opportunities

Problem Statement 1 Areas: Demographics

Problem Statement 2: Need more activities for students that excel in arts.

Root Cause 2: We have only one art teacher and small amount of students that are eligible for After-School Programs.

Problem Statement 2 Areas: Demographics

Problem Statement 3: We need to increase student persistence as we have not met goals every year.

Root Cause 3: Students leaving to explore other educational opportunities such as pursing Medical, STEM programs that we are not offering. Student also interested in more dual enrollment programs.

Problem Statement 3 Areas: Demographics

Problem Statement 4: Students don't practice enough writing aligned with AP courses.

Root Cause 4: Campus did not work on providing additional writing opportunities for students beginning in lower grade levels.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: 1 Lesson Plan Customization to align to updated STAAR content and field questions. Implementing more virtual lessons considering the STAAR will be 100% online (manager provide relevant LP

Root Cause 5: Teachers not trained on new STAAR format and questions.

Problem Statement 5 Areas: Student Learning

Problem Statement 6: Lack of vertical alignment.

Root Cause 6: Content Leaders have not been pushed to align teaching strategies and communicate grade level expectations.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: We have been struggling with teachers leaving or being unhappy due to work life balance.

Root Cause 7: Our teachers struggle to take on extra duties as assigned and struggle to meet our campus high expectations of lesson planning, grade level and content team procedures.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: We been struggling keeping science teachers in the classroom.

Root Cause 8: Our science teachers have been moving on to medical school.
Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: Communication gaps include getting all important information to all parents.
Root Cause 9: Limited number of parents checking remind messages or checking social media messages. Lack of hard copy printing of parent weekly.
Problem Statement 9 Areas: Perceptions

Problem Statement 10: We have limited tracking of parent involvement and parent participation in community events.
Root Cause 10: Due to gaps in communication and adjustment to this data we have not addressed parental support as much as we should have.
Problem Statement 10 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Local benchmark or common assessments data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Special education/non-special education population including discipline, progress and participation data
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

- Community surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Study of best practices

Goals

Goal 1: Increase staff retention

Performance Objective 1: 100% of teachers will receive instructional Coaching and support no less than Bi-Weekly.

Evaluation Data Sources: We will be using Teachboost Action Step reports and our Action Step tracker to ensure that we are collecting the data to show that each teacher is receiving action steps on Bi-Weekly basis.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Track teacher check in frequency to ensure that 100% of teachers are given support on weekly basis **Strategy's Expected Result/Impact:** Teachers are able to get feedback and provide upward feedback to their manager. **Staff Responsible for Monitoring:** Assistant Principals of Instruction and Principal **TEA Priorities:** Recruit, support, retain teachers and principals				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: Increase staff retention

Performance Objective 2: Conduct 15 minutes of Fame meetings with 100% of Teachers to look for trends in responses and take action based feedback.

High Priority

Evaluation Data Sources: Will use campus based tracker/microsoft forms to identify trends in responses and plan action items.

Strategy 1: Effective Teacher Communication **Strategy's Expected Result/Impact:** All staff are able to provide campus feedback and engage in campus improvement plans **Staff Responsible for Monitoring:** Principal **TEA Priorities:** Recruit, support, retain teachers and principals				

 No Progress Accomplished Continue/Modify Discontinue

Goal 1: Increase staff retention

Performance Objective 3: Track teacher praise to ensure that 100% of teachers receive public praise at least Bi-Weekly.

High Priority

Evaluation Data Sources: We will use Teacher Weekly and Teams chat to deliver praise and use praise tracker located in Principal office to track praise each week.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Celebrate staff and student achievement through consistent use of teacher weekly shout out section and teams chats. **Strategy's Expected Result/Impact:** Teachers know how much they are valued and highlight gains whether big or small. **Staff Responsible for Monitoring:** Assistant principal of instruction and School Counselor				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA Tres Lagos will meet Enrollment

Performance Objective 1: Complete super recruitment to ensure that we meet required number of Applications to meet enrollment

High Priority

Evaluation Data Sources: Use Application benchmark data provided by district.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Schedule out Super Recruitment days and provide plan for individual talking points for each staff member. **Strategy's Expected Result/Impact:** Increase the number of applications and acceptances. **Staff Responsible for Monitoring:** Student Enrollment Coordinator and APO				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: IDEA Tres Lagos will meet Enrollment

Performance Objective 2: Ensure 100% of new families attend Welcome to IDEA sessions to get campus expectations

High Priority

Evaluation Data Sources: Track 100% of families to ensure they have attended welcome session.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Provide Uniform and Supplies incentive for all families that attend Welcome to IDEA on First session **Strategy's Expected Result/Impact:** Provide all necessary information and increase amount of families that show up after being accepted. **Staff Responsible for Monitoring:** Student Enrollment Coordinator and APO **Title I:** 4.1, 4.2 - **TEA Priorities:** Connect high school to career and college **Funding Sources:** Director of College Counseling - Federal Grant				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 1: Provide teacher Bi-Weekly Data Analysis meetings

High Priority

HB3 Goal

Evaluation Data Sources: Track SWAM with each staff member and update remediation plans based on meeting.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers prepare data analysis no less than 3 times per Month on Assessments, quizzes or exit tickets. **Strategy's Expected Result/Impact:** Teachers will be able to remediate the misconception based on data points brought up in SWAM meetings. **Staff Responsible for Monitoring:** Principal and Assistant Principals of Instruction. **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math	30%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 2: Coach and Develop Teachers to Advanced ratings in GET 2-4.

High Priority

Evaluation Data Sources: Teachboost Ratings for teachers on Bi-Weekly basis and Bi Weekly check ins with teachers to discuss progress.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Implement and Track long term GET ratings and development plan for all staff. **Strategy's Expected Result/Impact:** Higher ratings for staff due to targeted implementation of action steps that align with Advanced proficiency in GET 2-4. **Staff Responsible for Monitoring:** Principal and Assistant principals of instruction. **Title I:** 2.4 **- TEA Priorities:** Recruit, support, retain teachers and principals, Build a foundation of reading and math, Connect high school to career and college				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 3: Provide content specific intervention to students that did not pass STAAR in Previous Years

High Priority

HB3 Goal

Evaluation Data Sources: Track progress of students on master HB4545 Tracker.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Require all students to complete no less than 30 hours of remediation to prepare them for Current STAAR exam **Strategy's Expected Result/Impact:** Expect for all that have not passed the previous year to be set up to pass for this school year. **Staff Responsible for Monitoring:** Assistant Principals of instruction and Principal **Title I:** 2.4, 2.5, 2.6, 4.2 **- TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **Funding Sources:** Interventionist - Federal Grant				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 4: Provide Content Specific interventions for Special Education Students.

High Priority

HB3 Goal

Evaluation Data Sources: Will be utilizing IXL objective mastery Tracking

Reflections	
Areas of Strength	**Areas of Need**
1 STAAR preparation and celebration went smoothly and there was plenty of support within the content team.	1 Lesson Plan Customization to align to updated STAAR content and field questions. Implementing more virtual lessons considering the STAAR will be 100% online (manager provide relevant LP
2 Genre Study BOY helped students review necessary background information in order to understand the content.	2 Supporting Campus-Wide Literacy: Conduct a professional development for all teachers to be aware of student's Renstar results and best practices to support students in the classroom.

3 Teachers did an excellent job at backwards planning and unpacking unit assessments.	3 Conducting more SWAM and data analysis meetings to strengthen the understanding of our student's academic standing.
4 Grades 6-8 have implemented a strong culture of reading during downtime and to improve student's literacy.	4 Campus-wide celebration for students -- administration and teachers across contents becoming involved and more present in motivating student's literacy in the classroom.

Reading 49/76 passed = 64.47% Math 12/13 passed = 92.30%

Reflections	
Areas of Strength	**Areas of Need**
1 STAAR preparation and celebration went smoothly and there was plenty of support within the content team.	1 Lesson Plan Customization to align to updated STAAR content and field questions. Implementing more virtual lessons considering the STAAR will be 100% online (manager provide relevant LP
2 Genre Study BOY helped students review necessary background information in order to understand the content.	2 Supporting Campus-Wide Literacy: Conduct a professional development for all teachers to be aware of student's Renstar results and best practices to support students in the classroom.

3 Teachers did an excellent job at backwards planning and unpacking unit assessments.	3 Conducting more SWAM and data analysis meetings to strengthen the understanding of our student's academic standing.
4 Grades 6-8 have implemented a strong culture of reading during downtime and to improve student's literacy.	4 Campus-wide celebration for students -- administration and teachers across contents becoming involved and more present in motivating student's literacy in the classroom.

Reading 49/76 passed = 64.47% Math 12/13 passed = 92.30%

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Demographics

Demographics Summary

IDEA Walzem Academy was established in **2014.** Our mission is to create a safe, vigorous learning environment that prepares diverse students for successful navigation ***to and through college***. We believe in fostering self-disciplined, socially responsible, lifelong critical thinkers as we rapidly close achievement gaps through a rigorous college prep curriculum to become San Antonio's largest producer of college graduates.

The current school enrollment is 753 students in grades Kindergarten through Fifth, with an avergae daily attendance **(ADA)** rate of 95.05%.

Student Demographics: Hispanic students comprise sixty-five percent (64.6%) of the student population, twenty-four percent (24%) is African-America/Black, six percent (6%) is White, two percent (2%) is Asian and scholars who identify as Two or More Races (1.6%), one percent is Pacific Islander, and 3/10 of a percent (0.3%) is American Indian. Seventy-eight (77.6%) percent of the students are economically disadvantaged; Fifteen (15%) percent are Emergent Bilingual (EB)/English Language Learners (ELL); Sixteen (15.6%) percent are Bilingual/English as a Second Language Learners (ESL), and six-percent (5.8%) make up the Special Education population. The campus mobility rate is sixteen (15.6%) percent.

IDEA Walzem Academy is committed to educating the whole child, therefore, we place the same value on building our scholar's social, emotional, and behavioral skills as we do on our scholars' academic skills. **School Enivronment Data:** Walzem Academy has a full-time, licensed social worker on staff, a full-time health-aide on staff, and a full time Regional Registered Nurse (RN). **Staff Race Ethnicity Data:** Seventy-four (74.1%) percent Hispanic; Twenty-two (21.8%) percent African American; Four (4%) White. **Instructional Staff Data:** IDEA Walzem Academy has an eighty-five (84.6%) perent Teacher Retention rate, and a ninety-one (91%) percent Instructional support rate (includes co-teachers aka instructional aides). Teachers are invaluable to the field of education, and at IDEA Walzem Academy, we understand the importance of our staff returning year-after-year. Teacher sustainability builds a strong school culture and an even stronger community.

Demographics Strengths

IDEA Walzem Academy's student demographic data mirrors the staff race ethicity data, with **student demographics** for **Hispanic** students at (65.6%) and **staff race ethnicity data** at (74.1%). The African-American/Black **student demographics** is (24%) and the **staff race ethnicity** is (21.8%). Though this is the primary make-up of the campus, all ethnic groups are vital contributors to the diversity and uniqueness of IDEA Walzem Academy. The school community and staff are invested in the mission - ***college for all.***

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase our new-to-IDEA student persistence (ended the 21/22 SY at sixty-three (62.71%) percent) as new families are choosing to not continue with us year-after-year. **Root Cause:** 1. Lack of clear communication around IDEA's rigorous Academic model and the partnership expectations of parents and students during the onboarding process (Welcome to IDEA - WTI) and beyond. 2. Lack of consistent, annual reflection and interests surveys on what keeps students/families at IDEA and what program offerings we need to consider and incorporate (electives, clubs, academic , etc.)

Problem Statement 2 (Prioritized): There is a need to train teachers in social-emotional intelligence to support a decrease in 'crisis' behaviors. **Root Cause:** 1. Lack of teacher training in social-emotional skills/best practices that align with the RULER method, a systemic approach to social-emotional learning focusing on: Recognizing, Understanding, Labeling, Expressing and Regulating emotions.

Student Learning

Student Learning Summary

IDE Walzem Academy students in the 2020-2021 school year demonnstrated strengths and areas of improvement in the following areas:

Grade/ Subject	2019 STAAR Results	2021 STAAR Restuls	2022 STAAR Results
3rd Reading	63/28/16 (36)	76/43/21 (47)	77/50/30 (52)
4th Reading	64/31/12 (36)	62/25/12 (33)	89/66/33 (63)
5th Reading	88/44/21 (51)	84/51/24 (53)	83/58/34 (58)
3rd Math	61/24/8 (31)	46/13/6 (22)	70/36/13 (40)
4th Math	71/30/18 (40)	54/28/18 (33)	78/37/13 (43)
5th Math	91/48/22 (54)	84/45/14 (48)	81/48/16 (48)
5th Science	87/66/36 (63)	76/33/6 (38)	69/31/13 (38)
State Rating	**B (81)**	**No TEA Rating**	**A (94)**

IMPORTANT: Each # is given in an Approaches/Meets/Masters outcomes for ALL students. The # in parenthesis is the Academic Achievment score, whcih is all sume of all three outcomes divided by 3.

Approaches indicates your student has some knowledge of course content but may be missing critical elements - student needs additional support in the coming year; however, the student was able to meet the minimum benchmark required to pass their grade level, content specific exam. The passing score ranges between 48-71%.

Meets indicates your student has a strong knowledge of course content - student is prepared to progress to the next grade and was able to reach a benchark score that ranges between 72-90%.

Masters indicates your student demonstarted mastery of the course knowledge and skills and was able to reach a benchmark score that ranges between 82 - 100%- student is on track for college and career readiness.

NOTE: ***2020 the state of Texas did not recieve STAAR results; a national disaster was declared (COVID-19). In 2021students took the STAAR exam but no state rating was given.***

While COVID-19 impacted our average daily attendance (ended the 21/22 school year at 92.03% for ADA) and overall persistence (ended the 21/22 SY at 74.79%), IDEA Walzem Academy was able to see tremendous growth in **6/7** of the state academic assessments given compared to the 2018 school year and 2021 school year STAAR outcomes. We were able to surpass the state academic achievement outcomes in **2 out of the 7** exams given: **4th grade Reading by eleven points (+11) and 5th grade Reading by one point (+1).** We also took a deep dive into our data and identified outcomes that indicate **deficits in Math** and **Science** amongst the English Language Learners and Special Education sub-populations. Our Science scores took a decline since 2018 when the academic achievement outcome was sixty-three (63), which is a twenty-five (25) point drop.

IDEA Walzem Academy is committed to cloaing gaps for our sub-populations who show academic concerns: Hispanic, EL, SPED, African American and Economically Disadvantaged, Special Educaiton (SPED) and English Learners (ELs). We have adjusted our Response to Intervention (RTI) program and process to ensure students are getting appropriate supports at all tiers: Tier I, Tier II and Tier III interventions, which will ideally support students not only passing but also achieving Meets and MAster status. The most critical area is SPED Reading and Math, plus EL Math.

Grade /Subject	2022 SPED Outcomes	2022 EL Outcomes
3rd Reading	50/30/20 (33)	70/42/19 (44)
4th Reading	75/44/13 (42)	83/48/26 (52)
5th Reading	52/27/12 (30)	90/50/40 (60)
3rd Math	33/0/0 (11)	67/24/14 (35)
4th Math	56/19/0 (24)	61/26/17 (35)
5th Math	42/25/0 (22)	90/50/10 (50)
5th Science	33/0/0 (13)	80/20/10 (37)

The **overall Domain STAAR performance score for 2022 is 94.** This score has shifted the school from it's 2018 rating of a 'B" to an "A." This increase by one letter grade reminds staff that we **MUST** ensure we faciliate rigorous, high-quality lesson everyday, that students **MUST** know their individual goals and create small benchmarks to reach them, and that an intentional data-analysis continuim benefits all students' and pushes staff to address needs urgently. We have acknowledged that we have students who will return this school year with academic gaps in their learning, some are returning IDEA Walzem scholars and some are New Team & Family members. To quickly identify gaps, in addition to using their 2022 STAAR outcomes, they will challenge the District's universal screener, RenStar (a comprehensive reading/math assessment that provides data to educator's that supports students reaching high levels of literacy and mathematical reasoning and problem solving.) If scholars so not place on or above grade level aka 'critical' then they will be placed in our Critical Student Intervnetion (CSI) program that provides at-their level reading and math support.

TELPAS data indicates students are moving up one composite score (for example from Beginner to Intermediate, from Intermediate to High, and from High to Advanced High)l however, not enough students are scoring in the Advanced High range as quickly as they should. Most students should be in the Advanced High range by 4th and 5th grade but scores show many students are still in only the Advanced level by 4th and 5th grade. It's always been a school-wide expectation to include ELPS (English Language Proficiency Standards) in classrooms, but we will ensure lesson plans include opportunities for students to speak, listen, read and write daily. This will help students develop the language proficiencies necessary to acquire English.

In our primary elementary grades (K - 2), our scholars were able to achieve the following outcomes in our Reading Mastery program,a reading program that uses the Direct Instruction (DI) method to help students master essential decoding and comprehension skills. Kinder ended the year at eighty-five (85%) on track; 1st grade ended the year at eighty-five (85%) on track, and 2nd grade ended the year at eighty-three (83%) on track. Our K-2 content data indicates the urgency to increase Meets and Master outcomes in 1st and 2nd grade Math and Reading. Teachers are averaging between 30-40% of scholars acheiving Master and 20-30% averaging Masters. This number needs to be 50-60% for Maeets and 30-40% for Masters. This indicates that scholars transitioning to STAAR tested grade levels have a strong foundation of the core TEKs in that grade level and are ready to challenge the next grade.

Student Learning Strengths

50-66% of students are scoring at the Meets level on the 3-5 STAAR Reading with 30-34% scoring at the Masters level. The 4th grade Reading outcomes were the highest at IDEA Walzem Academy at 89/66/30 (AA 63), and 80% of these scholars persisted to 5th grade. The growth that IDEA Walzem Academy acheived is also a strength of the campus, which speaks scholars meeting their individual goals. 92% were able to meet their growth goal in Reading and 90% were able to meet their growth goal in Math. These outcomes impact Domain 2:School Progress/Academic Growth.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The percent of SPED scholar's successfully passing the STAAR Math exam has declined over the past three years. **Root Cause:** 1. Lack of a "true" math intervention block where scholars are engaging in grade level content to close academic gaps. 2. Lack of leader follow through to ensure responsiveness from teachers in

grades K - 2 in effectively implementing RTI services to scholars not academically progressing in math before they reach STAAR grade levels.

Problem Statement 2 (Prioritized): The percent of all sub-populations (SPED, EL, Black, Hispanic and Eco Dis) passing the STAAR Science exam has taken a decline since 2018. (Decrease of 25 points compared to the 2018 academic achievement score.) **Root Cause:** 1. Lack of content team meetings/PLCs (professional learning communities) with K - 5 Science teachers 2. Lack of leader follow through to ensure teacher responsiveness to daily exit ticket (ET) outcomes for sub-population students

School Processes & Programs

School Processes & Programs Summary

IDEA Walzem Academy is **a college prep precursor** before our students transition to the college prep, sixth 0 twelth grade and eventually graduate to fulfill IDEA's mission - ***all scholars going to and through college.*** Our campus is committed to immersing every scholar in rigorous, enaging curriculum from Kinder through Fifth grade. We offer an exceptional TEKs-based curriculm that is created with your scholar in mind. The goal is to build conceptual understanding through a student-centered, inquiry-based approach.

Developing teachers and leaders is a top priority at IDEA Walzem Academy; we do this throgh a research-based coaching appraoch.

For Leaders, we use School Leadership Levers supported with quarterly Coaching Academies led by the Region's Directors of Leader Development. Leaders are coached 100% by their Princpal, but some leaders have additional coaches based off the work they lead and/or their years as a leader.

For Teachers, we use Get Better Faster (GBF) coaching model that builds leader capacity to **coach to mastery.** This means - we go through a clear, consistent coaching cycle with teachers: Observe Classroom Insctruction, enagge in a Coaching Conversation and follow-up and Coach to Mastery. This cycle is supported with the Guidepost to Excellent Teaching (GET) rubric. The rubric is a tool for evaluation, coaching, and personal development. It is used to describe and assess teacher performance across five Guideposts: **1. Content:** Are students engaged in content aligned to the appropriate standards for their subject and grade? **2. Culture:** Are students joyfully engaged in a positive learning environment? **3. Ownership:** Are students doing the thinking? **4. Using Data:** Are students demonstrating that they are learning? **5. Beyond the Lesson:** Do your overall actions support student learning?

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who

met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): SPED lead teachers lacked content knowledge and pedagogy in math and reading **Root Cause:** 1. Failed to hire candidates with a strong background in math and/or reading 2. Failed to train staff in SPED content specific "best practices"

Problem Statement 2 (Prioritized): Failed to differentiate professional development for new-to-IDEA staff **Root Cause:** 1. PD sessions were not aligned to the needs and interests of the new-to-IDEA staff

Perceptions

Perceptions Summary

IDEA Walzem Academy's attendance data reflects a **5.47% decline** from the 2019-2020 school year to the 2020-2021 school year. Though the pandemic contributed to these figures, implementing our average daily attendace matrix and providing a virtual option, for students who qualified, helped capture students who would have been missing/not accounted for if not for these two systems in place.

Conflict on campus is reduced through restorative practices centered around our social-emotional research-based program, ***Move this World***.

Move This World helps families, students, and teachers learn and implement essential social emotional skills that can be utilized in the classroom and beyond by focusing on: Self-Awareness - Identifying Emotions; Self-Management - Managing Emotions; Social Awareness - Being Empathetic; Relationship Skills and Responsible Decision Making. IDEA Walzem Academy also has a licensed Social Worker who provides group therapy and 1:1 student support; howeer, consent MUSt be given from the parent/guardian. The Social Worker also works closely with teachers to develop plans to help address root causes of behavior issues/concerns.

In the 2021 school year, there were (9) new teachers with (5) new teachers leading the Science/Social Studies hybrid in grades Kinder - 4th grade with the 5th grade teacher teaching Social Studies (Humanities) all year long. Second grade was impacted the most with 3/4 teachers being new-to-IDEA and 1/4 being new to the field of teaching. 4th and 5th grade had veteran teachers ranging from 3-10+ years in education. All new teachers are assigned a first year teacher mentor; the mentor teacher is one who has demonstrated IDEA's core values, achieved Level 3 and beyond on the Teacher Career Pathway and has a strong record of results. There was a high percentage of staff absences during the 21/22 school year; uit ranged from 15-30% of teachers being out a week.

Parent/guardian participation rates are measured by involvement in Family Engagement events hosted by Academy and joint events hosted by Academy and College Prep. Due to the pandemic, virtual meetings were added which helped maintain parental/guardian involvement but not at the level there was when parents could come in -person. Attendance records cfor all family engagement events can be located in our STREAM system.

We serve (77.6%) at-risk/economically disadvantaged population, that demands literature and notifications in English and Spanish. During the 21/22 school year we provided information about campus events in English and Spanish to ensure our **Spanish only** households were kept abreast of the happenings on campus, and how they could support.

IDEA Walzem Academy has worked hard to create safe dismissal procedures for 100% of our scholars by utilizing the Driveline app for pick-up locations (Academy pick-up and College Prep/Academy sibling pick-up).

Teachers feel IDEA Walzem Academy is not only a rigorous environment for scholars but for teachers as well; the expectations for teachers is HIGH! Teachers are expected to bring their very best; they in turn work in a supportive enviroment where admin and their managers, are responsive to their individual growth and development daily through weekly check-ins, implementation of the coaching cycle (Get Better Faster), and collaborative support from grade/content teams. Teachers, administrators and staff work in tandem to create a safe environment that pushes forth the mission values and goals of IDEA Public Schools - ***100% of scholars go to and through college.***

Perceptions Strengths

During COVID-19, IDEA Walzem Academy increased campus awareness, resources and support for the social-emotional well being of all students. This still remains a priority for the campus. We place the same on building our student's social, emotional, and behavioral skills as we do on our students' academic skills. We believe we must create a community and an environment that allows students to feel safe, valued, seen, and heard, as well as a climate that leaves our students excited to come see what new things are happening at school each day. When there is a break down in culture, it is our responsibility to help identify the gaps in skills in our students and to help support them in problem solving the challenging behavior.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Limited parent/family engagement events (curriculum nights) that focused on the academic program **Root Cause:** Failed to partner with Student Success Advisor (SSA) to create a year-long-calendar of academic and fun engagement events.

Problem Statement 2 (Prioritized): Inconsistent in sharing upcoming campus event information in the predominant languages of the school community - English and Spanish **Root Cause:** Failed to identify campus personnel who were fluent in speaking and writing in Spanish and English

Priority Problem Statements

Problem Statement 1: There is a need to increase our new-to-IDEA student persistence (ended the 21/22 SY at sixty-three (62.71%) percent) as new families are choosing to not continue with us year-after-year.

Root Cause 1: 1. Lack of clear communication around IDEA's rigorous Academic model and the partnership expectations of parents and students during the onboarding process (Welcome to IDEA - WTI) and beyond. 2. Lack of consistent, annual reflection and interests surveys on what keeps students/families at IDEA and what program offerings we need to consider and incorporate (electives, clubs, academic , etc.)

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to train teachers in social-emotional intelligence to support a decrease in 'crisis' behaviors.

Root Cause 2: 1. Lack of teacher training in social-emotional skills/best practices that align with the RULER method, a systemic approach to social-emotional learning focusing on: Recognizing, Understanding, Labeling, Expressing and Regulating emotions.

Problem Statement 2 Areas: Demographics

Problem Statement 3: The percent of SPED scholar's successfully passing the STAAR Math exam has declined over the past three years.

Root Cause 3: 1. Lack of a "true" math intervention block where scholars are engaging in grade level content to close academic gaps. 2. Lack of leader follow through to ensure responsiveness from teachers in grades K - 2 in effectively implementing RTI services to scholars not academically progressing in math before they reach STAAR grade levels.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: The percent of all sub-populations (SPED, EL, Black, Hispanic and Eco Dis) passing the STAAR Science exam has taken a decline since 2018. (Decrease of 25 points compared to the 2018 academic achievement score.)

Root Cause 4: 1. Lack of content team meetings/PLCs (professional learning communities) with K - 5 Science teachers 2. Lack of leader follow through to ensure teacher responsiveness to daily exit ticket (ET) outcomes for sub-population students

Problem Statement 4 Areas: Student Learning

Problem Statement 5: SPED lead teachers lacked content knowledge and pedagogy in math and reading

Root Cause 5: 1. Failed to hire candidates with a strong background in math and/or reading 2. Failed to train staff in SPED content specific "best practices"

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Failed to differentiate professional development for new-to-IDEA staff

Root Cause 6: 1. PD sessions were not aligned to the needs and interests of the new-to-IDEA staff

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Limited parent/family engagement events (curriculum nights) that focused on the academic program

Root Cause 7: Failed to partner with Student Success Advisor (SSA) to create a year-long-calendar of academic and fun engagement events.

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Inconsistent in sharing upcoming campus event information in the predominant languages of the school community - English and Spanish
Root Cause 8: Failed to identify campus personnel who were fluent in speaking and writing in Spanish and English
Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student Success Initiative (SSI) data for Grades 5 and 8
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Observation Survey results
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

- Homeless data
- Dyslexia data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact
- Equity data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices
- Action research results
- Other additional data

Goals

Goal 1: Increase staff retention

Performance Objective 1: By the end of the 22/23 SY, Walzem Academy will achieve an organizational health outcome of 85% or higher on the Great Places to Work (GPTW) survey.

High Priority

Reflections	
Areas of Strength	**Areas of Need**
1. The K-2nd grade Math teachers collaborated weekly to identify gaps in learning and how to prevent the gaps in upcoming grades.	**1.** Ensure content team meetings combines grades K - 5 math teachers to identify gaps in student learning and develop best practices to close them through a vertical-alignment lens.
2. The 3rd-5th grade teachers collaborated weekly and utilized a similar lesson structure.	**2.** Implement a "true" math intervention block where scholars are closing gaps, but also getting an additional math touch point throughout the day.
3. Teachers made data-driven decisions and adjusted lesson plans to ensure scholars achieved their personal growth goals and provided extended learning opportunities (after school tutorials, Friday Night lights, etc.) for those who needed additional support.	**3**. Teachers in grades K - 2 must be responsiive in effectively implementing RTI services to scholars not academically progressing in math before they reach STAAR grade levels.
4. Teachers implemented Dreambox, an individualized on-line program, to support TEKS-based instruction.

Reflections

Areas of Strength	Areas of Need
1. Implementing the Reading (Wit and Wisdom) curriculum this year has been a great addition to the K-1 ELA program. By doing this we are ensuring scholars are getting not just phonemic awareness, phonemes, fluency, accuracy (fundamentals of reading), we are also ensuring they are engaging in grade appropriate comprehension skills daily.	**1**. Since the reading curriculum (Wit and Wisdom) is new for K-1, additional professional developnment is required to ensure teachers are incorporating high-quality, research-based best practices in their preparation/planning and lesson delivery. (I.e. Science of Teaching and Reading (STR) as well as colloborating with other Reading teachers in grades K - 5. **This process will continue in grades 3 -5.**
2 Exit ticket huddles enabled teachers to identify academic gaps and collabortate on-the-spot with other Reading teachers in grades K - 2 or 3-5 on how to effectively close the academic gap(s) using high-leverage strategies.	**2.** Teachers need guidanc and concistent trainings to effectively implement the "How" of the RTI process for scholars.

3 Materials and Addendums provided to teachers were TEKS alligned.	**3.** Though the materials and addendums were TEKS aligned, teachers must make adjustments to lessons to ensure alignment is clear and concise, rigorus and grade-level appropriate before delivering to scholars.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Demographics

Demographics Summary

IDEA Walzem College Preparatory is an entity with the charter IDEA Public Schools. Walzem CP was established in 2014 serving grades K-12 with about 1397 students. This is an open enrollment charter school. Special programs include Special Education services including RISE. It primarily serves 70% Latino and 25% African American and 5% Caucasion. The teacher to student ratio is 28 to 1. "See PDF in Addendum for more information."

Demographics Strengths

“See PDF in Addendum for more information.”

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): IDEA Walzem CP student persistence is an area of growth in new to IDEA members and returning members. **Root Cause:** 1. Lack on consistent onboarding of new families as we rush to meet enrollment numbers. 2. Lack of teacher communication to welcome new families like a Meet The Teacher event.

Problem Statement 2 (Prioritized): There is a need to increase teacher/parent communication . **Root Cause:** 1. Teachers feel overwhelmed when completing weekly deliverables. 2. Leader accountability has shifted as changes in leadership have occurred

Student Learning

Student Learning Summary

Overall 21-22 Outcomes were Domain 1-81, Domain 2-91, Domain 3-84 with an overall Rating of an 89.

Student Achievement	81
STAAR Performance	79
College Career & Military Readiness	92
Graduation Rate	65
School Progress	91
Academic Growth	91
Relative Performance	88
Closing Gaps	84

6/7 Distinctions:
ELA/Reading
Mathematics
Science
Social Studies
Comparative Academic Growth
Postsecondary Readiness

"See PDF in Addendum for more information."

Student Learning Strengths

"See PDF in Addendum for more information."

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): English I and II scores have increased minimally over the past two years. **Root Cause:** Creating a standard writing criteria for mastery that vertically aligns and builds on rigor beginning from 8th grade was not implemented.

Problem Statement 2 (Prioritized): Percent of EL students who grew one or more grade levels in listening, speaking, reading and writing were 13% and below. **Root Cause:** Instructional practices such as think-pair-share were lacking in helping students verbalize academic vocabulary to internalize learning.

School Processes & Programs

School Processes & Programs Summary

Our campus develops instructional leaders by creating opportunities to be teacher leaders on campus. Roles and responsibilities and compensation are outlined though district programs with any "campus level" addendums. Teacher leaders can be defined as grade team leaders, or content leaders or mentor for new staff. The use of historical and recent data supports in planning professional development to address root causes. Strategies used are from resources such as Get Better Faster, Teach Like a Champion and our district Guideposts to Excellent Teaching. To support powerful teaching and learning we use them as exemplars to lead others and to identify the standards for rigor and management. IDEA core values is one program that focuses on a safe environment and high expectations. They not only align with our mission, vision, values and goals but define them with set standards. In addition, our Social Emotional Learning is a program to support overall student mental health. "See PDF in Addendum for more information."

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years

- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful.

"See PDF in Addendum for more information."

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Insufficient and inconsistent onboarding for mid year hire content teachers. **Root Cause:** Due to the urgency in high impact areas, new staff did not get the ample two week experiences and opportunities to learn IDEA culture and processes and develop strong relationships with their peers.

Problem Statement 2 (Prioritized): Lack of teacher attendance and accountability due to excessive COVID cases reported. **Root Cause:** I did not have a clear plan to cover all the teacher absences.

Perceptions

Perceptions Summary

- Conflict is addessed by our Student Success Advisor lessons and Social Worker Move This World program which supports students mental health and social skills.
- Small group counseling is held with students whose parents agree to have their students counseled and supported.
- Staff turn over rate at IDEA Walzem CP is one of the highest. Staff perceptions of academic expectations is that the rigor is one component that negatively impacts our persistence rates. The average number of staff absences is over 10 days per year. According to our Great Places to Work Survey, percentages were in the 50s and 60s overall.
- “See PDF in Addendum for more information.”

Perceptions Strengths

“See PDF in Addendum for more information.”

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Last year, parental and community involvement was low for Walzem CP. **Root Cause:** I failed to have a clear plan for family engagement that allowed for more virtual events.

Problem Statement 2 (Prioritized): Lack of parental knowledge of our academic framework and the benefits of Advanced Placement. **Root Cause:** I overlooked creating a flyer to act as a resource in an effort to educate parents about our academic model and the benefits of Advanced Placement versus dual credit..

Priority Problem Statements

Problem Statement 1: IDEA Walzem CP student persistence is an area of growth in new to IDEA members and returning members.

Root Cause 1: 1. Lack on consistent onboarding of new families as we rush to meet enrollment numbers. 2. Lack of teacher communication to welcome new families like a Meet The Teacher event.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to increase teacher/parent communication .

Root Cause 2: 1. Teachers feel overwhelmed when completing weekly deliverables. 2. Leader accountability has shifted as changes in leadership have occurred

Problem Statement 2 Areas: Demographics

Problem Statement 3: English I and II scores have increased minimally over the past two years.

Root Cause 3: Creating a standard writing criteria for mastery that vertically aligns and builds on rigor beginning from 8th grade was not implemented.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Percent of EL students who grew one or more grade levels in listening, speaking, reading and writing were 13% and below.

Root Cause 4: Instructional practices such as think-pair-share were lacking in helping students verbalize academic vocabulary to internalize learning.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Insufficient and inconsistent onboarding for mid year hire content teachers.

Root Cause 5: Due to the urgency in high impact areas, new staff did not get the ample two week experiences and opportunities to learn IDEA culture and processes and develop strong relationships with their peers.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Lack of teacher attendance and accountability due to excessive COVID cases reported.

Root Cause 6: I did not have a clear plan to cover all the teacher absences.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Lack of parental knowledge of our academic framework and the benefits of Advanced Placement.

Root Cause 7: I overlooked creating a flyer to act as a resource in an effort to educate parents about our academic model and the benefits of Advanced Placement versus dual credit..

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Last year, parental and community involvement was low for Walzem CP.

Root Cause 8: I failed to have a clear plan for family engagement that allowed for more virtual events.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations
- Federal Report Card and accountability data
- Local Accountability Systems (LAS) data

Student Data: Assessments

- State and federally required assessment information
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant information
- SAT and/or ACT assessment data
- PSAT
- Student Success Initiative (SSI) data for Grades 5 and 8
- SSI: Apex Learning accelerated reading assessment data for English I and II (TEA approved statewide license)
- SSI: Think Through Math assessment data for Grades 3-8 and Algebra I (TEA approved statewide license)
- Student failure and/or retention rates
- Local benchmark or common assessments data
- Observation Survey results
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data

- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity, gender, etc.
- Section 504 data
- Homeless data
- Dyslexia data
- Response to Intervention (RtI) student achievement data
- STEM and/or STEAM data
- Pregnancy and related services data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact
- Equity data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Communications data

- Capacity and resources data
- Budgets/entitlements and expenditures data
- Study of best practices
- Action research results

Goals

Goal 1: Increase staff retention

Performance Objective 1: Cultivate positive teachers' morale with opportunities of recognition.

High Priority

HB3 Goal

Evaluation Data Sources: Great Places to Work Surveys

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Begin teacher listening tours, with FAQ on how to turn around teacher feedback Teacher of the Week celebrations, Weekly Walzem Walk the talk Celebrations **Strategy's Expected Result/Impact:** Increase outcomes by 20% **Staff Responsible for Monitoring:** Lead Team Managers **TEA Priorities:** Recruit, support, retain teachers and principals, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction				

 No Progress Accomplished Continue/Modify Discontinue

Goal 2: All IDEA students matriculate to college

Performance Objective 1: 100% College Acceptance by Dec 1st

High Priority

HB3 Goal

Evaluation Data Sources: Internal Locus Dashboard

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 100% of students apply to TAMUSA by Nov. 1st 100% of students apply to Community College by Dec. 1st 100% of students apply to 6+ Colleges by Winter Break **Strategy's Expected Result/Impact:** 100% students matriculate to college **Staff Responsible for Monitoring:** Lead Team **TEA Priorities:** Connect high school to career and college, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction **Funding Sources:** Claudia Coppin-RTTC II & III - Federal Grant - $59,000				

0% No Progress 100% Accomplished → Continue/Modify ✕ Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 1: Make Data Driven Decisions focused on D2 & D3(AC) &

D1 & D3 (CP)
(Differentiated PD)

High Priority

HB3 Goal

Evaluation Data Sources: Edcite

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 2a. Set weekly instructional and cultural goals derived from campus data trends with an emphasis on REVISED GET Power Rows: GET 1B and 2 + Campus Culture Rubric weekly targets. 2b. Support leaders in training and facilitating daily ET huddles and ET sorts (by end of the 1st quarter) **Strategy's Expected Result/Impact:** Achieve 90/60/30 Outcomes **Staff Responsible for Monitoring:** All campus teachers and leaders **Title I:** 2.4, 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction				

No Progress | Accomplished | Continue/Modify | Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 2: For the 2022-2023 school year, 50% of 9-12 grade scholars will meet 1 CCMR criteria (ACT/AP/TSI)

High Priority

HB3 Goal

Evaluation Data Sources: ACT/AP/TSI -Reading or math

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Identify scholars closest to reading or math goal to achieve CCMR criteria sooner. **Strategy's Expected Result/Impact:** Meet the ACT/AP/TSI goal as closest to deadline as possible. **Funding Sources:** Cameron Ervin-Director Of College Counseling - Federal Grant - $84,000	0%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: IDEA achieves an A rating

Performance Objective 3: For the 2022-2023 school year, 40% of special education students will achieve Meets in STAAR Reading or Math.

High Priority

HB3 Goal

Evaluation Data Sources: STAAR ALT

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Align with CSI to address students of concern from BOY list. **Funding Sources:** Brett Kirby-ILearning Hotspot - Federal Grant - $29,383.20	0%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase student daily attendance

Performance Objective 1: Execute and maintain fidelity to escalation matrix weekly

High Priority

HB3 Goal

Evaluation Data Sources: PowerSchool

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Hold accountability on PS escalation matrix for consecutive and separate absences weekly at tacticals SIS Team review for all escalation matrix next steps to track to 100% completion Report out at tacticals students of concerns for attendance **Strategy's Expected Result/Impact:** 97.5% ADA **Staff Responsible for Monitoring:** Teachers, Leaders ans OPS **Title I:** 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction				

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase student daily attendance

Performance Objective 2: Achieve Fitness Honor Roll in grades 6-9 through physical education class.

Evaluation Data Sources: Fitness Trackers/Daily activities

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Students will track their own progress and teacher will set daily goals to meet overall big goal. **Strategy's Expected Result/Impact:** The impact is for scholars to meet healthy kids guidelines with the amount of daily activity they perform. **Staff Responsible for Monitoring:** Coach Patino and Miss Mendoza	0%			

 No Progress Accomplished Continue/Modify Discontinue

Goal 5: Increase student persistence

Performance Objective 1: Meet with NTI Scholars & Families to build connection.

High Priority

HB3 Goal

Evaluation Data Sources: Enrollment and persistence numbers

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Meet with NTI scholars once a month during lunch Send out survey specifically to NTI parents to get their feedback In person meetings with NTI parents and scholars with all of admin **Strategy's Expected Result/Impact:** 100% of new families persist with IDEA Walzem CP **Staff Responsible for Monitoring:** Teachers and Leaders **Title I:** 4.1, 4.2 **- TEA Priorities:** Connect high school to career and college, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction				

 No Progress Accomplished Continue/Modify Discontinue

Goal 5: Increase student persistence

Performance Objective 2: Achieve "proficient" rating or higher by the end of the year on the campus safety score.

High Priority

Evaluation Data Sources: Intruder Assessment/Physical Building Safety/Compliance Training completion

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Meet with Campus Crisis Team on a monthly basis and ensure makeup sessions have been rescheduled if meeting time was not met. **Strategy's Expected Result/Impact:** Ensure campus safety remains a top priority and met will fidelity. **Staff Responsible for Monitoring:** Bonnie T, Triana O, Chasity Russell, Cameron E, Latoya L, Trish O, Gabby C, Jason G, Kassandra G, Bria B, Sarah F,	0%			

 No Progress Accomplished Continue/Modify Discontinue

Reflections

Areas of Strength	Areas of Need
100% of ELA Teachers were proficient or above in writing exemplar responses and pre- identifying the misconception.	ELA Team will identify and create vertical aligned anchor charts for STAAR and AP ELA at BOY during 1st content team meeting (example: Thinking Jobs, How to summarize a paragrah, Annotations)
Identifyng annotation criteria for mastery for passage and question.	ELA will start Monitoring Quality of Student work with tracker week 3 of school by planning during first two weeks of school.
100% of ELA teachers have build strong relationships with scholars and invested scholars in their reading and writing goals.	ELA create standard writing criteria for mastery by grade level that vertically aligns and builds the rigor from 6th -12th grade during BOY content team time.
	ELA will intentionally build grade level vocabulary over time at Walzem through weekly vocabulary focus and homework.
	ELA will ensure 40+ minutes of at bats starting quarter 1 by planning sufficient at bats in weekly lesson plans and CTL/Coach observing and providing pacing feedback.

Reflections	
Areas of Strength	**Areas of Need**
As a campus we were able to schedule one big family event every quarter for all of CP 6-12	SSA/SW will build community by connecting with local Windcrest community partners to continuing building community inside and outside of Walzem starting July 2022.
Collaborating with academy to reach all Walzem K-12 families in combined events vs seperate Ac and CP family events.	2SSA/ SW will build Walzem community by scheduling monthly virtual townhall meetings with various topics to continue invesr families in and out of school.
Parents mirrored our Teacher investment in school events, extra currciular activies, and academics.	SSA will build community among grade team leads, teachers and clubs sponsors by delegating event duties to specific grade levels and clubs to build scholar investment and capacity.

IDEA Public Schools

Weslaco Academy

2022-2023 Campus Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in Mathematics
Academic Achievement in Science

Board Approval Date: October 21, 2022
Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

IDEA Weslaco sets high expectations for every student and goes the extra mile to make sure every student realizes their own potential. Personalized learning, critical thinking skills, mastery of core subjects is our recipe for success.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Weslaco is an open enrollment charter school founded in 2011. Currently, we proudly serve over 1,400 students in grades K-12. IDEA Weslaco sets high expectations for every student and goes the extra mile to make sure every student realizes their own potential. This school serves 90.69% Economically Disadvantaged students and our ethnic breakdown consists of 94.77% White-Hispanic, 3.85% White, .77% Black African, and 0.62% Asian. Our population is made of 51.38% Male and 48.62% Female.

IDEA Weslaco implements RULER, a systemic approach to SEL developed at the Center for Emotional Intelligence. RULER aims to infuse the principles of emotional intelligence into the immune system of schools (preK-12), informing how leaders lead, teachers teach, and students learn. Students in Pre-K through 2nd grade are at a crucial developmental milestone to begin social emotional skill development for early elementary students with Move This World. With their big imaginations, young students take naturally to our unique interactive videos. By inviting them to play, Move This World seamlessly introduces SEL Concepts into their daily routine. Students in late elementary grades are hitting their social stride and how they develop those skills can influence their academic success. They are still naturally inclined to play, but they're also beginning to think about how other people perceive them. As students develop more meaningful relationships, they are curious to know what others think. Our social emotional skill development for late elementary school program helps students explore their place in the world with interactive videos made just for them.

IDEA Weslaco Academy has been recognized as a "Great Place to Work" and received national rankings on The Washington Post and U.S. News & World Report's Top Elementary, Middle, High Schools lists. We remain on-track to uphold our legacy of sending 100% of its graduates to college.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase overall persistence. **Root Cause:** 1. Students don't feel like they understand each other. 2. There is a lack of opportunities to build a sense of community.

Problem Statement 2 (Prioritized): There is a need to increase new student persistence. **Root Cause:** 1. Lack of continuous engagement, consistent communication on expectations and clarity on campus academic support. 2. Poor connections between new to IDEA students and teachers as well as their assigned buddy.

Student Learning

Student Learning Summary

IDEA Academy Weslaco earned an A for exemplary performance. We provided our students with a high quality education and set the bar high for academic achievement with an emphasis on academic growth in Math and Reading. We also earned distinction designations in Mathematics and Science for exceptional achievement. In our TELPAS assessment we exceeded the target by 17 points and showed amazing results in Academic Growth by meeting 100% of all indicators including our Economically Disadvantaged, Hispanic and EB student populations. With our Special Education population we surpassed the target by 3 points in Student Achievement Domain. See PDF in Addendum for more information.

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Students in 4th ELA did not get enough at bats or reteach opportunities to show mastery is specific TEKS under Reporting Category 3, Understanding/Analysis of Informational Texts. **Root Cause:** Teacher gap in planning and executing data driven reteach plans after each assessment and spiral priority TEKS under Reporting Category 3, Understanding/Analysis of Informational Texts.

Problem Statement 2 (Prioritized): Students in 3rd-5th for Math lacked fluency in basic addition, subtraction, multiplication and division. **Root Cause:** Teachers did not add more time into their day to build fluency and lacked adequate supplemental resources to use in class, for homework or extra practice.

Problem Statement 3: Students in ELA lacked opportunities to master the content due to lack of differentiated instruction. **Root Cause:** Teachers did not have the resources or training aligned to curriculum and/or STAAR.

Problem Statement 4: Lack of planning and execution around lowest performing Math TEKS to move students from Approaches to Meets. **Root Cause:** Big focus was on closing gaps for critical group to hit the approaches band and/or hit their growth goal.

School Processes & Programs

School Processes & Programs Summary

At IDEA Weslaco we have strong operating mechanisms to ensure we are developing our leaders and staff to deliver high quality first instruction and be responsive to student data. Leaders are our in the field first thing Monday morning following up on teacher's coaching action step. On Monday afternoons we are also in the field collecting data on our culture components and providing teachers with feedback. Professional Development Sessions are held every Monday. Tuesdays we dig into data during our Reading Mastery Data call for K-2, Lead Team Tactical meeting and then once more during our STAAR Domain 3 Data Meeting. Wednesday we have two hours for instructional rounds where leaders sharpen their skills in our coaching cycle, norning on our teacher evaluation GET rubric and/or a problem of practice with our special population groups. On Wednesdays all teachers submit lesson plans for the following week and leaders to provide feedback. Teachers re-submit lesson plans after implementing feedback by Friday. Thursdays we meet to discuss academic and lead team coaching topics/trends to target during our professional development or instructional rounds. Monday-Friday Assistant Principals lead lesson rehearsals to ensure teachers get feedback before delivering their lessons in front of students. See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

See PDF in Addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Participation in campus events hovers around 50%. **Root Cause:** Lack of parent input in planning and low parental volunteers due to not having a PTO

Problem Statement 2 (Prioritized): Lack of opportunities and low attendance for academic related events. **Root Cause:** Events were limited and advertised mostly via Remind and Facebook.

Perceptions

Perceptions Summary

Parent Surveys and feedback occur at the beginning of the school year, fall and spring. The Beginning of the year survey is based on parent experience the first week of school around communication, organization and overall experience. Through out the year teachers track their communication with parents on our campus log to ensure we are connecting with parents and answering questions related to academics, behavior or attendance. IDEA Weslaco hosts two campus wide events per semester. Students are celebrated weekly, monthly and quarterly for their academic achievement, behavior and meeting goals in Blended Learning spaces.

Students are taught how to resolve conflict and self reflect though our behavior plan which consists of think sheets, escalation matrix, restorative practices and SEL lessons.

Teacher retention is at 93% and we received a Gold status on our Great Places to Work Survey.

See PDF in Addendum for more information.

Perceptions Strengths

See PDF in addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Last year we experienced a high volume of students in K-2 lacking social skills and engaging in physical aggression and horseplay, in 3rd-5th we noticed patterns of verbal aggression and inappropriate language. **Root Cause:** Cooling off techniques, rewards and restorative practices were not decreasing cases due to students needing several opportunities for 1:1 technique instruction and/or small group SEL by more than one adult. (SSA)

Problem Statement 2 (Prioritized): Our current SEL program did not provide teachers with training needed to target the behavior gaps. **Root Cause:** Teachers lacked training to build social emotional skills beyond what was part of Move this World.

Priority Problem Statements

Problem Statement 1: There is a need to increase overall persistence.

Root Cause 1: 1. Students don't feel like they understand each other. 2. There is a lack of opportunities to build a sense of community.

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to increase new student persistence.

Root Cause 2: 1. Lack of continuous engagement, consistent communication on expectations and clarity on campus academic support. 2. Poor connections between new to IDEA students and teachers as well as their assigned buddy.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Students in 4th ELA did not get enough at bats or reteach opportunities to show mastery is specific TEKS under Reporting Category 3, Understanding/ Analysis of Informational Texts.

Root Cause 3: Teacher gap in planning and executing data driven reteach plans after each assessment and spiral priority TEKS under Reporting Category 3, Understanding/Analysis of Informational Texts.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Students in 3rd-5th for Math lacked fluency in basic addition, subtraction, multiplication and division.

Root Cause 4: Teachers did not add more time into their day to build fluency and lacked adequate supplemental resources to use in class, for homework or extra practice.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Participation in campus events hovers around 50%.

Root Cause 5: Lack of parent input in planning and low parental volunteers due to not having a PTO

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Lack of opportunities and low attendance for academic related events.

Root Cause 6: Events were limited and advertised mostly via Remind and Facebook.

Problem Statement 6 Areas: School Processes & Programs

Problem Statement 7: Last year we experienced a high volume of students in K-2 lacking social skills and engaging in physical aggression and horseplay, in 3rd-5th we noticed patterns of verbal aggression and inappropriate language.

Root Cause 7: Cooling off techniques, rewards and restorative practices were not decreasing cases due to students needing several opportunities for 1:1 technique instruction and/or small group SEL by more than one adult. (SSA)

Problem Statement 7 Areas: Perceptions

Problem Statement 8: Our current SEL program did not provide teachers with training needed to target the behavior gaps.

Root Cause 8: Teachers lacked training to build social emotional skills beyond what was part of Move this World.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

	Oct	Jan	Mar	June
Strategy 2: Hold afterschool tutorials to target learning gaps in Reading, Math and Science. **Strategy's Expected Result/Impact:** Attain a 30 in student achievement for Sped indicator in Domain 3. **Staff Responsible for Monitoring:** Special Education Teachers, Math/Reading/Science content teachers, and Assistant Principal of Instruction **Title I:** 2.4, 2.6 **Problem Statements:** Demographics 2 - Student Learning 1, 2	25%			

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 3 Problem Statements:

Demographics
Problem Statement 2: There is a need to increase new student persistence. **Root Cause**: 1. Lack of continuous engagement, consistent communication on expectations and clarity on campus academic support. 2. Poor connections between new to IDEA students and teachers as well as their assigned buddy.

Student Learning

Problem Statement 1: Students in 4th ELA did not get enough at bats or reteach opportunities to show mastery is specific TEKS under Reporting Category 3, Understanding/ Analysis of Informational Texts. **Root Cause**: Teacher gap in planning and executing data driven reteach plans after each assessment and spiral priority TEKS under Reporting Category 3, Understanding/Analysis of Informational Texts.

Problem Statement 2: Students in 3rd-5th for Math lacked fluency in basic addition, subtraction, multiplication and division. **Root Cause**: Teachers did not add more time into their day to build fluency and lacked adequate supplemental resources to use in class, for homework or extra practice.

Goal 4: Increase student daily attendance

Performance Objective 1: Increase student celebrations for attendance, behavior and academics

Evaluation Data Sources: Grade team leaders will report out number of celebrations and focus biweekly during GTL meeting

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Use colt cash as incentive for behavior and replenish Colt Cart Store Quarterly **Strategy's Expected Result/Impact:** Higher student daily attendance will give students more opportunities to earn colt cash. **Staff Responsible for Monitoring:** Teachers, Grade team leaders and lead team **Problem Statements:** Perceptions 1	25%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Increase student meaningful relationships by highlighting student achievements on our Facebook page, remind and parent weekly. **Strategy's Expected Result/Impact:** Increase student motivation to come to school every day. **Staff Responsible for Monitoring:** SSA, Teachers **Problem Statements:** Demographics 2	20%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 2: There is a need to increase new student persistence. **Root Cause**: 1. Lack of continuous engagement, consistent communication on expectations and clarity on campus academic support. 2. Poor connections between new to IDEA students and teachers as well as their assigned buddy.

Perceptions
Problem Statement 1: Last year we experienced a high volume of students in K-2 lacking social skills and engaging in physical aggression and horseplay, in 3rd-5th we noticed patterns of verbal aggression and inappropriate language. **Root Cause**: Cooling off techniques, rewards and restorative practices were not decreasing cases due to students needing several opportunities for 1:1 technique instruction and/or small group SEL by more than one adult. (SSA)

Goal 4: Increase student daily attendance

Performance Objective 2: Meet 97% ADA

Evaluation Data Sources: Data visibility in hallways, daily emails, and weekly end of week

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Conduct bimonthly competitions and celebrations for grade levels who earn top ADA % **Strategy's Expected Result/Impact:** increase ADA % **Staff Responsible for Monitoring:** teachers, grade team leaders and lead team **Problem Statements:** Demographics 1	25%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Utilize the escalation matrix to target student chronic absenteeism. **Strategy's Expected Result/Impact:** Build strong partnerships with parents and help problems solve at the 3, 6, 9, 12, 15 absences to prevent them from getting to the 18th absence. 2nd impact higher academic achievement **Staff Responsible for Monitoring:** APO, APIs, GTL, Teachers and Principal	25%			

0% No Progress 100% Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 1: There is a need to increase overall persistence. **Root Cause**: 1. Students don't feel like they understand each other. 2. There is a lack of opportunities to build a sense of community.

Goal 5: Increase student persistence

Performance Objective 1: 100% of students participate in a Move this world SEL lessons three times per week.

High Priority

Evaluation Data Sources: Weekly Move this world lesson observations, feedback and evaluation of implementation.

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Teachers will deliver lessons from 7:35-7:45 and create extended opportunities for discussion from 7:45-7:55 as needed. **Strategy's Expected Result/Impact:** Students build trust and a sense of community by engaging in daily topics. **Staff Responsible for Monitoring:** Student Success Advisor and Grade Team Leaders **Title I:** 2.5 **Problem Statements:** Demographics 1 - Perceptions 1, 2				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: There is a need to increase overall persistence. **Root Cause**: 1. Students don't feel like they understand each other. 2. There is a lack of opportunities to build a sense of community.

Perceptions
Problem Statement 1: Last year we experienced a high volume of students in K-2 lacking social skills and engaging in physical aggression and horseplay, in 3rd-5th we noticed patterns of verbal aggression and inappropriate language. **Root Cause**: Cooling off techniques, rewards and restorative practices were not decreasing cases due to students needing several opportunities for 1:1 technique instruction and/or small group SEL by more than one adult. (SSA)
Problem Statement 2: Our current SEL program did not provide teachers with training needed to target the behavior gaps. **Root Cause**: Teachers lacked training to build social emotional skills beyond what was part of Move this World.

Goal 5: Increase student persistence

Performance Objective 2: 80% of Students will earn Academy Fitness Ambassador by completing 1,200 MVPA Minutes.

High Priority

Evaluation Data Sources: IHT PE Dashboard Data

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Progress Monitor Daily MVPA Minutes to hold one to one coaching conversations with students who are off track. **Strategy's Expected Result/Impact:** increase % of on track to meet MVPA end of year goals week to week and improve Social Emotional well being **Staff Responsible for Monitoring:** PE coach, PE co-teacher, and Principal **Title I:** 2.5 **Problem Statements:** Demographics 1 - Perceptions 1	20%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Lesson Plans include activities where students have opportunities where players need to work together to find solutions to group/individual challenges. Cooperation games that put an emphasis on team building, communication and trust. **Strategy's Expected Result/Impact:** Students build skills in tactical problems relating to cooperation games including communication, cooperation, teamwork, trust, and problem solving. **Staff Responsible for Monitoring:** PE coach, PE co-teacher, and Principal **Title I:** 2.5 **Problem Statements:** Demographics 1 - Perceptions 1	20%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Annual Performance Objectives (APO)

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%

1B. % of graduates matriculate to a Tier I/II College or University: 15% | 25%

1C. % of Seniors accepted to a College or University: 100%

1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%

1E. Earned State Rating: A

1F. % Basic | % Mastery | % Advanced on LEAP: 82% | 44% | 11%

1G. % Approaches | % Meets | % Masters on STAAR/EOC: 90% | 60% | 30%

1H. % Level 3 | % Level 4 | % Level 5 on FSA/FSAA: 70% | 40% | 20%

1I. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading - Year 1 Campuses | Year 2 Campuses: 80% | 90%

1J. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%

1K. Average ACT score: 21

1L. % of students graduating college in 4 | 6 years: 25% | 55%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%

2B. 80% composit score on GPTW: 82%

2B. %Average Daily Attendance: 97.50%

2C. New Student Persistence: 90%

2D. Operating Income: $133M

2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%

3B. Enrollment in August 2020: 83,894

3C. Schools in operation in August 2020: 149

3D. Total Funds Raised (millions): $93M

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

IDEA Weslaco College Preparatory

The school community at IDEA Weslaco College Preparatory prioritizes our College for All mission by ensuring that *all* Team & Family members receive the requisite support to pursue the pinnacles of their successes. We value the uniqueness in talent and perspective that our parents, students, and staff bring to our school, be it through their socioeconomic status, citizenship, ethnicity, race, gender, gender identity and sexual orientation.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 13, 2022

Demographics

Demographics Summary

IDEA Weslaco College Preparatory is a public charter school in Weslaco, TX that services students in grades 6 through 12. IDEA WCP enrolls over 754 students annually according to an open enrollment system in which families apply for admission. Students of all populations - general, SPED, 504, EB - are educated on the belief and mission of college for all students.

See PDF in Addendum for more information.

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Students do not have an outlet and proper processing for their mental health and challenges. There is no outlet for students to address their needs. **Root Cause:** Recovering from being at home for an academic year and not having interactions with peers and staff caused students to remain disconnected from relationships and resolution for any concerns.

Problem Statement 2 (Prioritized): Teachers are not highly skilled in social emotional learning and how to lead students through conflict or challenges. **Root Cause:** We have not trained staff well enough for meeting this need.

Student Learning

Student Learning Summary

Students at WCP have shown increased overall student achievement according to STAAR and AP goals, yet in our TEA rating, we fell short of achieving an A campus. Student Achievement Domain 1 was a 93 and Domain 2 at a 93 (Relative Performance) but in Domain 3 Closing Performance Gaps, we have scored an 81 due to lower performance from our EL students and non-continuously enrolled students as well as only 24% of our EL/EB students showing increased language performance according to TELPAS.

Compared to IDEA campuses in Rio Grande Valley, we are high in overall performance but at middle due to our decrease in these populations mentioned. In this most recent academic year, IDEA WCP has achieved all four core area Distinction Designations for achievement. Students remain on track to graduation with over 99% of them meeting expected coursework and each graduate meeting CCMR performance.

See PDF in Addendum for more information.

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Achievement in EL and non-continuously enrolled students at Meets level will be focused on. Tracking of these students and use of targeted EB strategies will be utilized. **Root Cause:** Student progress was monitored more closely in Quarters 3 and 4 and not from Fall semester in detail. Investment from new to IDEA families was not gained from an instructional perspective.

Problem Statement 2 (Prioritized): As a campus, training for our EL population and how to adapt instruction for them was not a priority. **Root Cause:** Instruction was prioritized for all groups to focus on overall performance.

Problem Statement 3 (Prioritized): We had a lack of consistent content meeting times aside from the required pre-planned meetings from BOY with intended agendas. The focus was initially in lesson plans but did not focus on in class interventions to meet student needs. **Root Cause:** We did not pre-plan agendas and prioritize early communication.

Problem Statement 4 (Prioritized): Visual aids for students were limited and not used in a print rich format through the year. Students were unable to reference important instructional aids through their courses. **Root Cause:** We had a lack of training on this importance and the impact it has on student understanding.

School Processes & Programs

School Processes & Programs Summary

Instructional leaders consist of the Principal, Assistant Principals of Instruction and one Director of College Counseling who work weekly to develop their skills of classroom instruction observations, diagnosis and coaching of teachers. We utilize the See It, Name It, Do It coaching model and further develop skills in leading student work analysis meetings (SWAMs) to ensure that mastery of instruction is reflected on. Teacher managers give weekly lesson plan feedback to their direct reports to ensure that lesson are aligned to end of course level of rigor. Teachers receive feedback on their culture, lesson plans and classroom instruction through use of our Guideposts of Excellent Teaching (GET) through our program called TeachBoost. Managers provide electronic feedback to support teachers in their continued growth.

Professional development needs are determined by previous year results and current classroom observations and is offered through campus whole group Professional Development and trainings through content teams. Teacher leaders are led in monthly meetings to assess their feedback and push on leadership skills.

See PDF in Addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

See PDF in Addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): There is a need for more systems to ensure that First Year teachers are checked on consistently through the year. Weekly check ins vary by leader and are not led from August through May with fidelity. **Root Cause:** Lack of tracking of interactions through the year and check ins beyond the first month of onboarding. We did not have a clear account for who should be met with weekly or bi-weekly.

Problem Statement 2 (Prioritized): Teachers do not have enough support with setting expectations and following up with guidelines for discipline, specifically Level III violations. Professional development topics on this type of work were not embedded in annual training. **Root Cause:** In return from our COVID shut down, this was a blind spot that was not prioritized.

Problem Statement 3 (Prioritized): Daily attendance at school is not a priority for families and students. **Root Cause:** We did not hold enough accountability for this goal and stress the expectation of daily attendance.

Perceptions

Perceptions Summary

Students at IDEA WCP graduate high school within 4 years and are at 100% graduated. Through student interactions, we promote a restorative mindset among our students and follow through with discipline incidences. We encourage and expect for students to resolve conflict and respect differences.

Teacher retention is over 85%, goal met for 2021-2022, but was a decline from over 90% the previous three years. Parent feedback is valued at our school and is sought through any calls to the office and surveys during parent events.

See PDF in Addendum for more information.

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): We did not have enough parent events through the year to welcome our families. We have one in the Fall, and do not have a Spring Event. **Root Cause:** After the COVID changes, we did not bring parents back for in person events.

Problem Statement 2 (Prioritized): Regular events to celebrate students, such as Honor Roll breakfast, have not been in their original form. **Root Cause:** We have paused due to the unease in the community and did not include this due to hesitation.

Problem Statement 3 (Prioritized): Students know about matriculation, but early students and those who are lower in performance level do not see this as their identify. **Root Cause:** Senior level counseling has been evident, but not highlighted for lower levels or communicated firmly to all graduating class.

Problem Statement 4 (Prioritized): Grade point averages are not consistently highlighted for students to include investment and continued work to improve. **Root Cause:** RTTC curriculum is oftentimes taught in isolation.

Priority Problem Statements

Problem Statement 1: Students do not have an outlet and proper processing for their mental health and challenges. There is no outlet for students to address their needs.

Root Cause 1: Recovering from being at home for an academic year and not having interactions with peers and staff caused students to remain disconnected from relationships and resolution for any concerns.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Teachers are not highly skilled in social emotional learning and how to lead students through conflict or challenges.

Root Cause 2: We have not trained staff well enough for meeting this need.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Achievement in EL and non-continuously enrolled students at Meets level will be focused on. Tracking of these students and use of targeted EB strategies will be utilized.

Root Cause 3: Student progress was monitored more closely in Quarters 3 and 4 and not from Fall semester in detail. Investment from new to IDEA families was not gained from an instructional perspective.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: As a campus, training for our EL population and how to adapt instruction for them was not a priority.

Root Cause 4: Instruction was prioritized for all groups to focus on overall performance.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: We had a lack of consistent content meeting times aside from the required pre-planned meetings from BOY with intended agendas. The focus was initially in lesson plans but did not focus on in class interventions to meet student needs.

Root Cause 5: We did not pre-plan agendas and prioritize early communication.

Problem Statement 5 Areas: Student Learning

Problem Statement 6: Visual aids for students were limited and not used in a print rich format through the year. Students were unable to reference important instructional aids through their courses.

Root Cause 6: We had a lack of training on this importance and the impact it has on student understanding.

Problem Statement 6 Areas: Student Learning

Problem Statement 7: There is a need for more systems to ensure that First Year teachers are checked on consistently through the year. Weekly check ins vary by leader and are not led from August through May with fidelity.

Root Cause 7: Lack of tracking of interactions through the year and check ins beyond the first month of onboarding. We did not have a clear account for who should be met with weekly or bi-weekly.

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Teachers do not have enough support with setting expectations and following up with guidelines for discipline, specifically Level III violations. Professional development topics on this type of work were not embedded in annual training.

Root Cause 8: In return from our COVID shut down, this was a blind spot that was not prioritized.

Problem Statement 8 Areas: School Processes & Programs

Problem Statement 9: We did not have enough parent events through the year to welcome our families. We have one in the Fall, and do not have a Spring Event.

Root Cause 9: After the COVID changes, we did not bring parents back for in person events.

Problem Statement 9 Areas: Perceptions

Problem Statement 10: Regular events to celebrate students, such as Honor Roll breakfast, have not been in their original form.

Root Cause 10: We have paused due to the unease in the community and did not include this due to hesitation.

Problem Statement 10 Areas: Perceptions

Problem Statement 11: Grade point averages are not consistently highlighted for students to include investment and continued work to improve.

Root Cause 11: RTTC curriculum is oftentimes taught in isolation.

Problem Statement 11 Areas: Perceptions

Problem Statement 12: Students know about matriculation, but early students and those who are lower in performance level do not see this as their identify.

Root Cause 12: Senior level counseling has been evident, but not highlighted for lower levels or communicated firmly to all graduating class.

Problem Statement 12 Areas: Perceptions

Problem Statement 13: Daily attendance at school is not a priority for families and students.

Root Cause 13: We did not hold enough accountability for this goal and stress the expectation of daily attendance.

Problem Statement 13 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant information
- Student Success Initiative (SSI) data for Grades 5 and 8
- Student failure and/or retention rates
- Local benchmark or common assessments data
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Attendance data
- Discipline records
- Student surveys and/or other feedback

Employee Data

- Staff surveys and/or other feedback
- State certified and high quality staff data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation
- Study of best practices

Reflections

Areas of Strength	Areas of Need
1 Teachers helped with offering cross grade level support for critical STAAR groups.	1 We did not spend enough time training for our EL population and how to adapt instruction for them.
2 ELA used collaboration of best practices between contents, specifically English I and II.	2 We did not utilize campus tutors to support throughout the year, especially before major exams.

3 Use of aligned curriculum provided by the district, including STAAR mastery during the last month.	3 Teachers need more support with differentiated instruction practices in their classrooms.

Reflections	
Areas of Strength	**Areas of Need**
1. Teachers modified instruction based on assessment data and provided re-teaches on weak areas that needed improvement.	1. More structure and curriculum support are needed for ACT and TSI classes. This could be adding the course (ACT) or providing more support and resources to teachers in these areas.
2. Visual aids are present in every math content classroom which gives students access to content materials.	2 Key points, answer keys, and exemplars are needed for AP, ACT style questions for vertical alignment support as an add on to materials provided on our curriculum corner.
3. Engaged in monthly meetings to analyze student work, plan reteaches, and observe vertical alignment opportunities.	3. Accountability on trackers both classroom and personal student trackers is needed for consistency and follow through year-round. This practice should be implemented early in Quarter 1.
	4. Achievement in EL and non-continuously enrolled students at Meets level will be focused on. Tracking of these students and use of targeted EB strategies will be utilized.

Reflections	
Areas of Strength	**Areas of Need**
1 Science team supported each other with sharing of materials and resources across various subjects.	1 There was no consistent content meeting times aside from the required pre-planned meetings from admin. We will collaborate more frequently next year.
2 Deadlines were clearly communicated and timed reminders were sent to complete required tasks.	2 More communication is needed within the science team in form of a group chat, or group text. Teachers can notify each other of labs completed and allowing others to go observe and learn from each other. Professional communication was completed via TEAMS and Email.
3 When given the time and opportunity to collaborate, the science team supported and shared ideas that could be used for various classes. Veteran teachers provided opportunities for teachers to go and observe practices in action.	3 Materials and or budget for labs done in science class need to be ordered timely. Teachers often use their own out of pocket money for several experiments due to unclear process to request materials and long wait times to receive material.

Reflections	
Areas of Strength	**Areas of Need**
1 We had team collaboration that included veteran teachers who were able to provide support, suggestions and materials to new teachers.	1. We want better training options for AP Summer institutes. Local universities do not provide the best quality in training for our AP teachers.
2 The team had aligned annotations for all content, including across specific grade levels. This helps build the skill in students so that there is less focus on the skill of annotating.	2 We need to provide more STAAR aligned practice for 11th grade from the beginning of the year. Potentially resources for all STAAR tested area's.
3 Teachers were provided the space to observe other teachers to learn best practices.	3 Purchasing more visual aids for students is needed to ensure that they see geography and important concepts in all they study.

IDEA Weslaco College Preparatory

% Advanced High	38.70%	6.70%	26%	53.90%	

Reflection	
Areas of Strength	**Areas of Need**
1We highlght listening are the areas because teachers use all English instructions. and give clear directions.	1 Speaking in class is an area of development where we find that teachers also do not encourage enough Turn and Talks. Our campus process for providing tutorials and practice with technology for TELPAS testing will be clear (in addition to consistent location).
2We are completing the writing rating samples early within window and have a grade level plan for collaboration.	2 We will sharing student results to grade levels at BOY in an internalized manner (processing time) to inform instruction for ELLs. Individual results to understand student's skills that are strengths and weakness.
3 Teachers are provided access to ratings of students and can reference them through the year.	3 We want to better invest students about what TELPAS means and the importance of this exam and how we use data to help them grow (investment).
	4 Campus year-long PD will include one skill to master each quarter for the first 3 quarters of the school year. Instructional team and content leaders will perfect these practices and support teachers through observations and coaching

Reflections

Areas of Strength	Areas of Need
1. The alignment of the bulk of the work for students(essays, resumes, TLORs, Testing) early on to ensure senior year is focused on applications.	1. An area of need would be a tighter support system after matricaltion day; having the alumni team working on an earlier relationship with students.
2. Students are knowledgable about the overall goals we are pushing that align with matriculation; GPA, AP Scholars, TSI, testing.	2. We want to restructing teacher goals with managers that align with pieces of the matriculation to support our students in being college ready. This information will be shared at weekly tactical meetings.
3. An area of strength would be the campus visits, CSAP, TFL and students being able come back and know that was their college.	3. We will embed Financial literacy as students enter into the 9th grade(not just RTTC), adding more than just ACT word of the day. This will include a "college knowledge" word of the day and possibly a Do Now activitiy.

Reflections	
Areas of Strength	**Areas of Need**
1) Manager was available from most lead team members that were understanding and took the time to hear teacher concerns and ensure teachers felt supported.	1) There is a need for more systems to ensure that first year teachers are checked on and consistently coached/developed in their roles. They will benefit from weekly checks, observations, coaching and TeachBoost assigned next steps. This needs to come from administrative manager in structured format.
2) Team and Family mindset is present and enhanced by the strong professional relatioships that are built within teacher teams. There was consistent communication through Teams to support campus initiatives.	2) We need clarity with expectations and guidelines for discipline, specifically Level 3 violations. Professional Development sessions on this topic will allow for staff to be behaviorally aligned. Teachers need to be better trained on management techniques in the classroom and how their managers can best support.
3) Positive notes and praise were available through the year with celebrations such as runners of the month, quarterly Core Value awards, and grade teams of the month.	3) We will add a return of various attendance incentives such as gift of time, parking spots, duty reliefs, incentives.

Reflections	
Areas of Strength	
1 Teacher's duty areas are used to reinforce culture as soon as students walk in. Examples of this include greeting student by name fostering culture of joy, reinforce breakfast/CNP procedures, and reminding of dress code expectations.	1. Although our staff is reinforcing c coninuous reinforcement throughout consequences for students not abidin code, phone use, air pods).
2. The inclusion of appreciation/awarenesss dates has helped our school culture by celebrating others. Students feel valued knowing that their culture & diversity are celebrated. All celebrations such as (birthdays, AP scholars, university acceptances, shout-outs) foster a culture of joy and make students feel valued.	2. Having an outlet for students and mental health needs will be included. address mental health and do activiti health week or mental health day nee

3 We have supportive admin when it comes to coaching and providing feedback to teachers through our culture rounds. Sharing data publically and reporting by grade level helps us to problem solve on needed areas.	3. We will establish swifter transition Transitions have been swifter and ad assisting with student flow, however, restrooms during transitions.

% Families who attended Spring Festival	no spring festival this year

Reflections	
Areas of Strength	**Areas of Need**
1. The communication done in Parent Weekly, Facebook, and Instagram have provided good information to our families.	1. We will add a Spring Meet the Teacher or Open House so that we are able to keep close communication with our families. This will provide another touch point with parents just before our testing season.
2. The advertisement and decorations at special events bring celebration to our community. Families are welcomed and able to see our school in a positive light.	2. We will benefit from improving our quarterly award ceremonies to celebrate students and invite parents to campus. This could be through our Honor Roll Breakfast events but will be beginning with Quarter 1.
3. Student Council members were able to lead events and express their interest in events that included their families. These students served as volunteers during events.	3. Through our parent events and infosessions, we want to add Colt swag as give-aways and also include small food items for them.

IDEA Public Schools

Weslaco Pike Academy

2022-2023 Campus Improvement Plan

Accountability Rating: A

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Mathematics
Academic Achievement in Science
Top 25 Percent: Comparative Academic Growth
Top 25 Percent: Comparative Closing the Gaps
Postsecondary Readiness

Board Approval Date: October 21, 2022
Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

Weslaco Pike Academy was established in 2014 and is located in Weslaco at 1000 East Pike Boulevard, 78596. Our campus serves PK-5th grade students. The current enrollment for the 22-23 school year is 830. The school serves a diverse ethnic community with our ethnic breakdown consisting of .001% Asian, .09% White, and .06% Hispanic. Approximately 59% of our students are on free and reduced lunch, as a result, we qualify as a Title 1, Part A School.

The instructional program at Weslaco Pike consists of the Bilingual Program, Special Education Program, and the General Education Program. An afterschool program is also utilized to assist At-Risk students. All academic programs work together to ensure an excellent instructional experience for all students from pre-kindergarten through 5th grade.

According to the Texas Education Agency Accountability System, Weslaco Pike Academy has received a rating of A for the 2021-2022 school year and meeting 6 out of 6 possible campus distinctions including: English Language Arts, Mathematics, Science, Academic Growth, Post Secondary Readiness, and Closing the Gaps.

(See Addendum)

Demographics Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Campus 90% Persistence goal was not met. **Root Cause:** Lack of escalation matrix was not consistent, therefore lead members met with parents at a late stage

Problem Statement 2 (Prioritized): ADA incentives and celebrations for students and teachers were not executed with consistency. **Root Cause:** Gap in communication among operation and instructional staff members.

Problem Statement 3 (Prioritized): 4th grade students behavior increased dramatically from the beginning of the year. **Root Cause:** Lack of strong design within Kickboard to highlight indivdiual students, teachers on a consistent basis and implementation of attainable goals for stakeholders.

Student Learning

Student Learning Summary

Weslaco Pike Academy received a rating of A in 2021-2022 school year. Based on 2022 accountability, all Reading and Math targets were met. In reviewing student achievement score data, Reading and Science performed higher than Math.

Data shows that our Hispanic students are performing about the same as our overall population. Our SPED population performed the lowest at 76% approaching standard across all contents.

Weslaco Pike Academy 2022 STAAR Achievement Scores by Performance Level

STAAR Performance	Reading	Mathematics	Science	Social Studies	Totals	Percentages
Total Tests	341	341	109	-	791	
Approaches GL or Above	297	268	105	-	670	85%
Meets GL or Above	219	177	81	-	477	60%
Masters GL	140	101	46	-	287	36%
Total Percentage Points

Student Learning Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1: Teachers lacked skill to implement a strong first time teach. **Root Cause:** Lack of implementing lesson rehearsals consistently as a content.

Problem Statement 2 (Prioritized): Early identification and tracking of cohort specific students lagged. **Root Cause:** Lack of identifying the right students of focus by consistently completing a data analysis.

Problem Statement 3 (Prioritized): Instructional support for special populations was not consistent or structured to close student gaps. **Root Cause:** Lack of implementing PLC's between Special Education team and General Ed. Team.

School Processes & Programs

School Processes & Programs Summary

Programs:

- Bilingual Program
- Special Education
- General Education
- Direct Instruction Program

Processes:

- Response to Intervention is provided to students based on academic and behavioral performance.
- 3rd-5th grade students are identified for Critical Student Intervention based on Renstar performance.
- Weekly staff meetings are held for professional development sessions.
- Monthly Grade Team Leader Meetings are held for input on campus decisions, campus updates, and strategic collaboration for areas of need.

(See attached adendum)

School Processes & Programs Strengths

See PDF in Addendum for more information.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Educators did not identify RTI interventions accurately. **Root Cause:** Clarity on what interventions need to be provided to certain students was not provided consistently.

Problem Statement 2 (Prioritized): 17% Critical Student Intervention (CSI) students did not make their 2 year or more year growth as a cohort for the academic school year. **Root Cause:** Teachers who provide the intervention were not proficient with the curriculum and time conflicts to service students were faced through-out the year due to substitute shortage.

Perceptions

Perceptions Summary

Weslaco Pike Academy strongly believes in our foundational core values that include: We act with integrity, We build team and family, We deliver results, We achieve academic excellence, We bring joy, We ensure equity, and We sweat the small stuff. Some reasons why our families come and stay at our campus include 1) College Prep Academic Model which foucses on college preparation for all children. We are on track to send 100% of our seniors to college for the 14th straight year. 2) A Technology Device for Every Student- We provide 1:1 technology devices to all IDEA scholars. 3) We are open to all students- We are tuition free public school option. We accept applications and serve all students, regardless of where they live, their academic standing, their income, and their ability level. 4) Highly Trained & Experienced Teachers- We focus on coaching and developing our teachers to deliver high quality first instruction. Through partnering with all stakeholders and community members, we are able to make shared decisions that help our students get to and through college. There are various opportunities throughout the school year that engage our families and community members to be part of our student's education.

(Please see attached adendum)

Perceptions Strengths

See PDF in Addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Lack of opportunities for parents and our community to be involved in campus wide events. **Root Cause:** Due to COVID and restrictions we are limited as to who is allowed to be on campus.

Problem Statement 2 (Prioritized): Teacher retention goal of retaining 85% of Weslaco Pike Academy was not attained. **Root Cause:** Lack of instructional preparation provided to new teachers prior to start date and lack of work life balance.

Priority Problem Statements

Problem Statement 1: ADA incentives and celebrations for students and teachers were not executed with consistency.

Root Cause 1: Gap in communication among operation and instructional staff members.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Instructional support for special populations was not consistent or structured to close student gaps.

Root Cause 2: Lack of implementing PLC's between Special Education team and General Ed. Team.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Early identification and tracking of cohort specific students lagged.

Root Cause 3: Lack of identifying the right students of focus by consistently completing a data analysis.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Educators did not identify RTI interventions accurately.

Root Cause 4: Clarity on what interventions need to be provided to certain students was not provided consistently.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: 17% Critical Student Intervention (CSI) students did not make their 2 year or more year growth as a cohort for the academic school year.

Root Cause 5: Teachers who provide the intervention were not proficient with the curriculum and time conflicts to service students were faced through-out the year due to substitute shortage.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Teacher retention goal of retaining 85% of Weslaco Pike Academy was not attained.

Root Cause 6: Lack of instructional preparation provided to new teachers prior to start date and lack of work life balance.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: Campus 90% Persistence goal was not met.

Root Cause 7: Lack of escalation matrix was not consistent, therefore lead members met with parents at a late stage

Problem Statement 7 Areas: Demographics

Problem Statement 8: 4th grade students behavior increased dramatically from the beginning of the year.

Root Cause 8: Lack of strong design within Kickboard to highlight indivdiual students, teachers on a consistent basis and implementation of attainable goals for stakeholders.

Problem Statement 8 Areas: Demographics

Problem Statement 9: Lack of opportunities for parents and our community to be involved in campus wide events.

Root Cause 9: Due to COVID and restrictions we are limited as to who is allowed to be on campus.

Problem Statement 9 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Campus/District improvement plans (current and prior years)
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Observation Survey results
- Texas approved PreK - 2nd grade assessment data
- Texas approved Prekindergarten and Kindergarten assessment data
- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback

Employee Data

- Staff surveys and/or other feedback

- State certified and high quality staff data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Budgets/entitlements and expenditures data

Goals

Goal 1: Increase staff retention

Performance Objective 1: 85% of Weslaco Pike Academy instructional staff will be retained throughout the 21-22 school year.

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Weslaco Pike College Prep

At Weslaco Pike College Prep , learning thrives because our school is positive, inclusive and joyful. Our students will persist through college and be confident that they will be able to navigate and accept the challenges of post-secondary education and upon return, WPCP alumni will transform the Weslaco Community by building citizenship and advocacy as it pertains culture and world-wide views.

Families, staff and students will be empathic and continue to be resilient by tapping into our strengths to overcome challenges and work through problems by modeling strong work ethic and be determined to get things done by focusing on our goals. The steadfast belief that we WILL forge a path forward using these attributes, ensures that our students have the power to create their reality and their futures.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 14, 2022

Demographics

Demographics Summary

Weslaco Pike College Prep is an open enrollment charter school founded in 2014 and has seen 2 graduating classes and continues to set high expectations for every student on our campus. As an Advanced Placement (AP) campus for all, we ensure every student realizes their potential. This school year, we currently have 753 students in grades 6^{th} -12^{th}. This allows for smaller class sizes and building relationships with families as it is a very small campus with no more than 130 students per grade level. Our enrollment by race or ethnicity is not as diverse as our average student population is around 98.1% Hispanic. If you walk in our halls, you'll hear most of our students speaking Spanish and similarly our staff as well. About 83% of our students are economically disadvantaged , 8.8% are identified as Special Education students and 24.3% are English Learners.

See PDF in Addendum for more information.

Demographics Strengths

Our students receive free breakfast, lunch and supper hence are ready to learn everyday in class. Our diversity allows for student teacher relationships to build strong culture as well. This past year we were able to reintroduce the joy factor with several school spirit activities/events.

See PDF in Addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase both average daily attendance and persistence as both were low in comparison to other years. **Root Cause:** As a campus we need to have more student incentives for ADA, while allowing for more options outside of core curriculum while building parent and students investments

Problem Statement 2 (Prioritized): There is a need to ensure equitable disciplinary consequences as there were a high level of withdraws/expulsion and Level III Offenses **Root Cause:** As a campus there is a lack of security presence throughout the school day and setting strong classroom expectations which led to repetitive behavior violations and higher focus on emotional intelligence.

Student Learning

Student Learning Summary

Weslacp Pike CP earned an overal rating of A 92/100 as per TEA. Our overall STAAR score was 83/55/28 (about 2-3 points higher than the district). Below are the overall performance details for Domain 1:

Reading: 87/66/32

Math: 80/40/18

Science: 89/64/37

Social Studies: 74/45/28

CCMR: 99/100

Graduation Rate 85/100

Below are the overall performance details for Domain 2 School Progress:

Academic Growth 91/100 & Relative Performance: 94/100

Below are the overall performance details for Domain 3 Closing Gaps: 86/100

Academic Achievement % Target Met 71/100 & Growth Status 100/100 & ELL 100/100 & School Quality 100/100

See PDF in Addendum for more information

Student Learning Strengths

Some aread of learning strenghts are content collaboration,unpacking data, closing gaps based on data. Students can support their understanfing to the text using text evidence in various contents. Implementation of AP Supplemental Aligned Materials. Aggressive Monitoring across grade levels based on student data and focused on target students.

See PDF in Addendum for more information

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Percent of AP Scholar rates have not increased over the past several years. **Root Cause:** While students justify understanding using textual evidence, Developing strong lines of reasoning with commentary that prove and justify their claims/thesis statements - lines of reasonings are faulty and weak.

Problem Statement 2 (Prioritized): Percent of Meets & Masters students have increased minimally over the year. **Root Cause:** Instruction is lacking rigor because we have not differentiated support (STAAR/AP) and deprioritized PD

Problem Statement 3 (Prioritized): Percent of Domain 3 target indicators for Math have not been met **Root Cause:** Targeted tracking is often lacking in class due to lack of training leaders and staff

School Processes & Programs

School Processes & Programs Summary

At Weslaco Pike, leaders and teachers both receive professional development as a whole group and individualized. We have established collaborative structures that support professional learning communities in reviewing data, processes, and policies in order to improve teaching and learning by analyzing school schedules and converting them into PLC schedules. These are either grade team meetings or content team meetings and all staff too. We provide evidence-based feedback to teachers to improve instruction by observing and preparing feedback (See it, Name it, Do It). We have set systems and procedures in place to identidy time to collaborate throughout the day (All staff PD, Content team meetings (PLCs), Coaching Clinics),review funding and align our budget to your campus instructional needs. Review % allotted for PD, % allotted for extra duty pay for tutorials and Saturday School (ESSER Funds), observe teachers, lead data meetings or leading walkthroughs to collect the data on whether the PD is being implemented or working, Operating mechanism for reviewing lesson plans to provide feedback on first instruction incorporating action step, operating mechanism for accountability within the campus leaders. We also ensure to provide teacher & leaders with resources.

See PDF in addendum for more information

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

See PDF Addendum for more information

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Our teacher accountability is not cohesive across the campus **Root Cause:** Our district has allowed for "differentiated" coaching for Level 4/5 in TCP which has caused lack of prioritization to these staff members

Problem Statement 2 (Prioritized): Our coaching cycle process has not advanced "quickly" for our teachers across the campus. **Root Cause:** Accountability and follow up was often lacking because we did not prioritize training leaders of what this looks like and sounds like

Perceptions

Perceptions Summary

In Semester 2 of the 2021-2022 school year, we were able to see a higher rate of parent participation on campus. One of the most notable barriers that prevented participation early in the year was the lingering effects of the COVID 19 Pandemic. Most of our events where either canceeled or done virtually with limited participated due to technology being involved. After completing Quarter 3, we were able to host our Report Card Pick Up Night where we were able to imteract with parents and continue to build relationships. During Quarter 4, we hosted several events on campus that allowed for more parent participation. Such events included Award Ceremonies, Athletic Banquets, including Special Olympics, Top 10% Dinner, Senior Night and of course graduation with all but one scholar attending (COVID related). Unfortunately, there was not a system in place to measure participation such as a sign in sheet, but moving foward we will develop operating mechanisms for this.

See PDF in Addendum for more information

Perceptions Strengths

See PDF in Addendum for more information

Problem Statements Identifying Perceptions Needs

Problem Statement 1: During the last two COVID years, our parent involvement has decreased **Root Cause:** Lack of community events such as: festivals, parents night due to restrictions and onsite parent volunteers

Problem Statement 2 (Prioritized): During the last year, the number of family and community events decreased **Root Cause:** There has been a lack of investment from teachers, staff , students and parents due to lack of prioritization and resources

Priority Problem Statements

Problem Statement 1: There is a need to increase both average daily attendance and persistence as both were low in comparison to other years.

Root Cause 1: As a campus we need to have more student incentives for ADA, while allowing for more options outside of core curriculum while building parent and students investments

Problem Statement 1 Areas: Demographics

Problem Statement 2: There is a need to ensure equitable disciplinary consequences as there were a high level of withdraws/expulsion and Level III Offenses

Root Cause 2: As a campus there is a lack of security presence throughout the school day and setting strong classroom expectations which led to repetitive behavior violations and higher focus on emotional intelligence.

Problem Statement 2 Areas: Demographics

Problem Statement 3: Percent of AP Scholar rates have not increased over the past several years.

Root Cause 3: While students justify understanding using textual evidence, Developing strong lines of reasoning with commentary that prove and justify their claims/thesis statements - lines of reasonings are faulty and weak.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Percent of Meets & Masters students have increased minimally over the year.

Root Cause 4: Instruction is lacking rigor because we have not differentiated support (STAAR/AP) and deprioritized PD

Problem Statement 4 Areas: Student Learning

Problem Statement 5: During the last year, the number of family and community events decreased

Root Cause 5: There has been a lack of investment from teachers, staff , students and parents due to lack of prioritization and resources

Problem Statement 5 Areas: Perceptions

Problem Statement 6: Percent of Domain 3 target indicators for Math have not been met

Root Cause 6: Targeted tracking is often lacking in class due to lack of training leaders and staff

Problem Statement 6 Areas: Student Learning

Problem Statement 7: Our teacher accountability is not cohesive across the campus

Root Cause 7: Our district has allowed for "differentiated" coaching for Level 4/5 in TCP which has caused lack of prioritization to these staff members

Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Our coaching cycle process has not advanced "quickly" for our teachers across the campus.

Root Cause 8: Accountability and follow up was often lacking because we did not prioritize training leaders of what this looks like and sounds like

Problem Statement 8 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data

Student Data: Assessments

- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR released test questions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Postsecondary college, career or military-ready graduates including enlisting in U. S. armed services, earning an industry based certification, earning an associate degree, graduating with completed IEP and workforce readiness
- Advanced Placement (AP) and/or International Baccalaureate (IB) assessment data
- SAT and/or ACT assessment data
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data
- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Attendance data
- Discipline records
- Student surveys and/or other feedback
- Class size averages by grade and subject

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- State certified and high quality staff data
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate
- Community surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Budgets/entitlements and expenditures data

Goals

Revised/Approved: September 14, 2022

Goal 1: Increase staff retention

Performance Objective 1: By the end of the school year, 85% of IDEA Weslaco Pike CP staff will be retained for the 23-24 school year.

High Priority

Evaluation Data Sources: GPTW. Listening Tours, Pulse Check Surveys

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Conduct Pulse Survey checks for New Teachers in October and share feedback with managers **Strategy's Expected Result/Impact:** Building Trust with new teachers and tackling "October Blues" as we begin coaching cycle in September **Staff Responsible for Monitoring:** Direct Managers **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** School Processes & Programs 2	45%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Hold Listening Tours in the Fall and Spring Semester for all staff including teachers, co-teachers, and operations. **Strategy's Expected Result/Impact:** Provide opportunity for staff to share feedback regarding campus processes, strategies and overall culture **Staff Responsible for Monitoring:** Principal and Lead Team **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** School Processes & Programs 1	45%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

School Processes & Programs
Problem Statement 1: Our teacher accountability is not cohesive across the campus **Root Cause**: Our district has allowed for "differentiated" coaching for Level 4/5 in TCP which has caused lack of prioritization to these staff members
Problem Statement 2: Our coaching cycle process has not advanced "quickly" for our teachers across the campus. **Root Cause**: Accountability and follow up was often lacking because we did not prioritize training leaders of what this looks like and sounds like

Goal 1: Increase staff retention

Performance Objective 2: By May 2023, 100% of WPCP staff will have been rewarded, recognized and celebrated

High Priority

Evaluation Data Sources: Teacher of Month, Teacher of the Year

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Hold Teacher and Co-Teacher of the Month celebrations during All Staff PD **Strategy's Expected Result/Impact:** Celebrate and motivate our teachers **Staff Responsible for Monitoring:** Student Success Advisor **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** School Processes & Programs 2				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Hold Bi-Weekly Core Value award announcements during All Staff PD **Strategy's Expected Result/Impact:** Reward and recognize teachers who embody our Core Values everyday **Staff Responsible for Monitoring:** Student Success Advisor **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** School Processes & Programs 1				

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: In service of driving campus priorities and developing teacher teams, teacher leaders (GTLs/CTLs) will lead professional development sessions throughout the year for their teams. These sessions will be both backwards planned and data-responsive, focusing on building teacher skills to support all of our students mastering the content and skills they need to be successful in college. **Strategy's Expected Result/Impact:** Create a series of deliverables for a vertically aligned scope and sequence across grade levels within the content team by the end of the year and produce anchor charts for consistent use across all grade levels within the content team **Staff Responsible for Monitoring:** Principal & Teacher Leaders **Title I:** 2.5 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Student Learning 3 - School Processes & Programs 2				
No Progress Accomplished Continue/Modify Discontinue				

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 3: Percent of Domain 3 target indicators for Math have not been met **Root Cause**: Targeted tracking is often lacking in class due to lack of training leaders and staff
School Processes & Programs
Problem Statement 1: Our teacher accountability is not cohesive across the campus **Root Cause**: Our district has allowed for "differentiated" coaching for Level 4/5 in TCP which has caused lack of prioritization to these staff members
Problem Statement 2: Our coaching cycle process has not advanced "quickly" for our teachers across the campus. **Root Cause**: Accountability and follow up was often lacking because we did not prioritize training leaders of what this looks like and sounds like

Goal 2: All IDEA students matriculate to college

Performance Objective 1: By May 2023, the percent of seniors meeting CCMR requirements will increase by 5%.

High Priority

HB3 Goal

Evaluation Data Sources: ACT, TSI , AP

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Host ACT & TSI Bootcamps spanning for one month prior to ACT/TSI testing **Strategy's Expected Result/Impact:** Targeted Student Instruction based on skill **Staff Responsible for Monitoring:** College Counseling Team and Content Administrators **Title I:** 2.5, 2.6 **- TEA Priorities:** Build a foundation of reading and math, Connect high school to career and college **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 1 **Funding Sources:** Director of College Counseling, ACT Prep Skills, RTTC I Teacher, Interventionist - Federal Grant	45%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Coach and Develop College Counseling Team, Content Team and Leaders (instructional lens) **Strategy's Expected Result/Impact:** Unpacking assessments to see content alignment and identify alignment across exams **Staff Responsible for Monitoring:** Principal. CC Team **TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 5: Effective Instruction **- Targeted Support Strategy** **Problem Statements:** Student Learning 1 **Funding Sources:** Director of College Counseling, ACT Prep Skills, RTTC I Teacher, Interventionist - Federal Grant	45%			

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Use ACT Prep Skills Teacher to improve ACT scores in grades 10th -12th. **Strategy's Expected Result/Impact:** Students will receive in class support every other day and opportunity to practice ACT test taking skills throughout the entire school year. **Staff Responsible for Monitoring:** Director of College Counseling & College Counseling Team **Title I:** 2.4 **Problem Statements:** Student Learning 1 **Funding Sources:** ACT Prep Skills Teacher - Federal Grant				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 1: Percent of AP Scholar rates have not increased over the past several years. **Root Cause**: While students justify understanding using textual evidence, Developing strong lines of reasoning with commentary that prove and justify their claims/thesis statements - lines of reasonings are faulty and weak.

Goal 2: All IDEA students matriculate to college

Performance Objective 2: 100% of the class of 2023 enrolls in college, post secondary SPED program, enlist in the military or receives faith based medical exemption

High Priority

HB3 Goal

Evaluation Data Sources: Matriculation data (all, Tier 1/2)

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Hold 100% Match & Fits Conversations Junior Year and follow up with the Quality Application Campaign data for the Class of 2023 in the fall. **Strategy's Expected Result/Impact:** Ensure Letter of Recommendations are set, application types and college lists/ next steps identified **Staff Responsible for Monitoring:** College Counseling Team **Title I:** 2.5 **- TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Student Learning 1 - Perceptions 2 **Funding Sources:** Director of College Counseling, ACT Prep Skills, RTTC I Teacher, Interventionist - Federal Grant				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Use DCC to coach counseling team, backwards plan and improve the matriculation process **Strategy's Expected Result/Impact:** Create follow up plan and tracking systems for our graduating classes **Staff Responsible for Monitoring:** College Counseling Team and Principal				

Title I: 2.6 **- TEA Priorities:** Connect high school to career and college **- Targeted Support Strategy** **Problem Statements:** School Processes & Programs 2 **Funding Sources:** Director of College Counseling - Federal Grant				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 1: Percent of AP Scholar rates have not increased over the past several years. **Root Cause**: While students justify understanding using textual evidence, Developing strong lines of reasoning with commentary that prove and justify their claims/thesis statements - lines of reasonings are faulty and weak.
School Processes & Programs
Problem Statement 2: Our coaching cycle process has not advanced "quickly" for our teachers across the campus. **Root Cause**: Accountability and follow up was often lacking because we did not prioritize training leaders of what this looks like and sounds like
Perceptions
Problem Statement 2: During the last year, the number of family and community events decreased **Root Cause**: There has been a lack of investment from teachers, staff , students and parents due to lack of prioritization and resources

Goal 3: IDEA achieves an A rating

Performance Objective 1: WPCP will obtain an "A" on Domain 3

High Priority

HB3 Goal

Evaluation Data Sources: STAAR/EOC

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Having Data Driven Tracking and Intervention **Strategy's Expected Result/Impact:** Focused and prioritized tutorials **Staff Responsible for Monitoring:** Content Teachers, Instructional Coaches **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction **Problem Statements:** Student Learning 3 **Funding Sources:** Director of College Counseling, ACT Prep Skills, RTTC I Teacher, Interventionist - Federal Grant	45%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Coach and Develop Instructional Leaders **Strategy's Expected Result/Impact:** Coach School Leadership Levers to ensure leaders know how to analyze classroom level data, action plan for reteaching and reassessment, and track mastery **Staff Responsible for Monitoring:** Principal **TEA Priorities:** Recruit, support, retain teachers and principals, Build a foundation of reading and math **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction **Problem Statements:** Student Learning 2	45%			

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Use Interventionist to improve 6th - 8th reading performance **Strategy's Expected Result/Impact:** Interventionist will support all three grade levels with writing skill mastery. **Staff Responsible for Monitoring:** ELA Content Administrator and Manager **Title I:** 2.4 **- TEA Priorities:** Build a foundation of reading and math **Problem Statements:** Student Learning 2 **Funding Sources:** Interventionists - Federal Grant	0%			

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 1 Problem Statements:

Student Learning
Problem Statement 2: Percent of Meets & Masters students have increased minimally over the year. **Root Cause**: Instruction is lacking rigor because we have not differentiated support (STAAR/AP) and deprioritized PD
Problem Statement 3: Percent of Domain 3 target indicators for Math have not been met **Root Cause**: Targeted tracking is often lacking in class due to lack of training leaders and staff

Goal 3: IDEA achieves an A rating

Performance Objective 2: By June 2023, our WPCP Sped students will achieve a 19% Meets in ELA and 23% meets in Math

High Priority

HB3 Goal

Evaluation Data Sources: STAAR/EOC

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Knowing our students and what they need. **Strategy's Expected Result/Impact:** - Conduct SPED accommodations walkthrough with SPED folder teacher. - Quarterly Collaborative Meetings to review student work samples - SPED focus in all GTM and Morning Huddles - Discuss High Priority SPED student weekly at check-ins (OCS for both Gen Ed/SPED) **Staff Responsible for Monitoring:** SPED Folder Teachers **Title I:** 2.4, 2.6 - **TEA Priorities:** Build a foundation of reading and math - **ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction **Problem Statements:** Student Learning 2 **Funding Sources:** Director of College Counseling, ACT Prep Skills, RTTC I Teacher, Interventionist - Federal Grant				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Begin Exit Ticket Tracking based on daily objective/skill with focus on Special Pops in Q2 **Strategy's Expected Result/Impact:** - Provide in the field coaching cycle in response to SpEd data for gen ed/SPED teachers. - Weekly collaboration meetings amongst General Ed and SPED teachers to identify students of concerns, review upcoming LPs. - Conduct daily pre-teach in (AM) **Staff Responsible for Monitoring:** SPED & Gen ed Teacher, Instructional Coaches **Title I:** 2.4, 2.6 **- TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction **Problem Statements:** Student Learning 2, 3 **Funding Sources:** Director of College Counseling, ACT Prep Skills, RTTC I Teacher, Interventionist - Federal Grant				

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Student Learning
Problem Statement 2: Percent of Meets & Masters students have increased minimally over the year. **Root Cause**: Instruction is lacking rigor because we have not differentiated support (STAAR/AP) and deprioritized PD
Problem Statement 3: Percent of Domain 3 target indicators for Math have not been met **Root Cause**: Targeted tracking is often lacking in class due to lack of training leaders and staff

Goal 4: Increase student daily attendance

Performance Objective 1: WPCP will obtain a 97% ADA

High Priority

Evaluation Data Sources: ADA, Perisistence and Enrollment Data

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Ensuring Minute by Minute process/Matrix is consistent with communication of preparation and collaboration among all stakeholders **Strategy's Expected Result/Impact:** Track and identify high repeat offenders **Staff Responsible for Monitoring:** Assistant Principal of Operations **Title I:** 4.1, 4.2 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1	45%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Celebrate students and staff with highest ADA **Strategy's Expected Result/Impact:** Incentivize students with perfect attendance **Staff Responsible for Monitoring:** APO **Title I:** 2.4, 4.1 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1	45%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics

Problem Statement 1: There is a need to increase both average daily attendance and persistence as both were low in comparison to other years. **Root Cause**: As a campus we need to have more student incentives for ADA, while allowing for more options outside of core curriculum while building parent and students investments

Goal 4: Increase student daily attendance

Performance Objective 2: Decrease out of school suspensions by 10%

High Priority

Evaluation Data Sources: Power school & Behavioral Trackers

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Implement in school behavioral consequences/interventions such as Consequence Ladders and Detention **Strategy's Expected Result/Impact:** Focus on Responding to Misbehavior **Staff Responsible for Monitoring:** API/Grade Team Leaders **Title I:** 2.6 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 2	45%			

 No Progress Accomplished Continue/Modify Discontinue

Performance Objective 2 Problem Statements:

Demographics
Problem Statement 2: There is a need to ensure equitable disciplinary consequences as there were a high level of withdraws/expulsion and Level III Offenses **Root Cause**: As a campus there is a lack of security presence throughout the school day and setting strong classroom expectations which led to repetitive behavior violations and higher focus on emotional intelligence.

Goal 5: Increase student persistence

Performance Objective 1: 90 % student persistence for WPCP (increase by 5%)

High Priority

Evaluation Data Sources: Persistence, Enrollment Data

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: 50% of students/parents at WPCP will attend school wide events. **Strategy's Expected Result/Impact:** Continuous engagement of our students and parents. **Staff Responsible for Monitoring:** Student success advisor **Title I:** 4.1, 4.2 **- TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1 - Perceptions 2	45%			

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Create a Family Engagement Year at a Glance to ensure over 5 campus events **Strategy's Expected Result/Impact:** Create and bring back Joy Factor for student engagement **Staff Responsible for Monitoring:** Student Success Advisor and Grade Team Leaders **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1 - Perceptions 2	45%			

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Reflections	
Areas of Strength	**Areas of Need**
1. Content collaboration. Unpacking data, closing gaps based on data.	1. Differentiated PDs- STAAR from AP. In need of an ENG interventionist.
2.AP- Students can create strong positions and claims. They are defensible and arguable.	2.) AP - Developing strong lines of reasoning with commentary that prove and justify their claims/thesis statements - lines of reasonings are faulty and weak.
3. Collaboration with other teachers to share resources and ideas.	3. lack of access to resources to obtain extra practice (i.e. workbooks, web program) (STAAR) also lack of access to books outside of curriculum
4. (Team)Content collaboration and support. Shared resources and weekly feedback amongst the team.	4. (Students) Making inferences and making personal connections to the text. (Team) Lack of supplies to teach students how to use their strategies from day one.
5. ELA team is supportive and help problem solve.	5. Students need to develope reading stamina STAAR.
6. Access to technology (Quill, laptops)	6. Lack of resources: dictionaries, books, workbooks (STAAR)
7. Class discussions, socratic seminar (High school)	7. Skill gap between STAAR and AP
8. High quality, passionate teachers	8. Literacy - low reading proficiency (STAAR and AP)
9. Team has many years of exprience across contents	9. Basic writing format / sentence structure -AP
10. STAAR students can support their understanfing to the text using text evidence.	10. Vocabulary -AP

Reflections	
Areas of Strength	**Areas of Need**
1. High rate of Tier I and Tier II acceptances	1 Norming all curriculum through 9th-12th of RTTC.
2. Fostering student relationships	2. Following centeralized MasteryPrep for ACT.
3. Building a culture focused on results.	3. Identify a TSI intervention students earlier in the year.
4. Advocating for students and ensuring equity.	4. Develop TSI/ACT plan for 9th/10th graders at EOY
5. Promoting the mission of "College for ALL"	5. Celebrate Success on student goals.
6. Building socio-emotional skills.	6. Identifying students that do not want to attend college.
7 Strong teacher rapport, continuing to mentor students as they have matriculated	7. Coordinating field lessons/ matriculation trips.
8	8. Credit recovery intervention plans as soon as possible.
9	9. Matriculation date should be at the end of the 2nd semester to ensure student commitment to collage/university
10	10. Ensure all students feel involved in matriculation and successes and not only focus on the top students.

Reflections	
Areas of Strength	**Areas of Need**
1. Varied choices for electives.	More options outside of core curriculum (sports, arts, music, etc)
2 Lead team is very helpful	Provide more incentives every quarter
3 We have all coaches Cpi and few certified teachers	Lack of physical security presence
4. Maintance with code	Have more incentives for students every quarter or every 4 weeks.
5 Student-teacher relationships build strong culture.	More administration interaction with students.
6 Positive communication with Content Leader.	More materials for students to complete projects.
7 Students have a diverse assortment of AP courses to choose from	Students must not be under the impression AP tests are optional
8 Every student has technology / laptop or chromebook	Teacher and admin communication
9 Communication through remind and social media	More parent involvement. Ex: events.
10 Students receive free breakfast, lunch, and supper (if requested)	Provide CPR and first aid training for the staff
11 We had bullying lessons	Focus on emotional intelligence
12 MAV of the Week	More sub support in the morning, addressing classroom expectations with the first period
13 Sexual Assault Prevention training	Differential PDs, more individual trainings (content/AP/pedagogy trainings)
14 Joy factor in reintroducing school spirit activites/events.	More teacher support when lunch is taken away from them.
15 FAM Meeting	Pick up and drop off should be moved to CP area and Academy on east side of campus
16 Persistence day at beginning of year per grade level	
17. 10th grade culture implementation, student had shirts tucked in and non idea jackets were removed

Reflections	
Areas of Strength	**Areas of Need**
1. Social Media involvment	1 Grade team sign in sheet for parent attendance
2 Remind communication	2 Planning ahead of the time
3 Parent Weekly	3 Point Person needed per event
4 Art Exhibitions / Art Events	4 Staff Involvement
5 Facebook Live feed for family and community	More community events such as: festivals, parents night, etc
6. Back to school picnic event	Open House Events each semester or Quarter
7 After school and Saturday School tutorials	Teacher investment at 100%
8	8 Parental involvement for fundraising and school events. Onsite parent volu

IDEA Public Schools

Yukon Academy

2022-2023 Campus Improvement Plan

Accountability Rating: Not Rated

Board Approval Date: October 21, 2022
Public Presentation Date: September 16, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Demographics

Demographics Summary

IDEA Yukon Academy is a lottery based, open enrollment, public charter school located in Odessa, Texas. The student population is 54% male and 46% female, almost 60% is economically disadvantaged, around 10% participates in special education, and the largest population of hispanic at 68%.

Demographics Strengths

See PDF in addendum for more information.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): There is a need to increase student persistence overall due to the large percentage of students that left during our launching year. **Root Cause:** The root cause for this problem was a lack of consistent and clear communication between parents and the school.

Problem Statement 2 (Prioritized): There is a need to decrease the number of students who are chronically absent. **Root Cause:** The root cause for this problem is that there were no accountability measures taken for students who had an excessive number of absences.

Student Learning

Student Learning Summary

IDEA Yukon Academy served grade levels K-2 with no STAAR tested grades. At the beginning of the year, students were below grade level in reading with an average of 23% entering the year on grade level. By the end of the year, 57% of students were on grade level in reading. 90% of K-2 scholars met/appraoches on all district end of year math assessments.

See PDF in addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): The overall percentage of students on grade level in reading is low. **Root Cause:** Data was not analyzed in an urgent and effective manner in order to adjust instructional strategies.

Problem Statement 2 (Prioritized): There was a limited amount of growth in math for students who were close or on grade level. **Root Cause:** Data was not analyzed in an urgent and effective manner in order to adjust instructional strategies.

School Processes & Programs

School Processes & Programs Summary

Teachers and co-teachers are developed through weekly check-ins, coaching cycle, real time coaching, and deliberate practice. Leaders receive weekly check-ins and in field observations and coaching.

See PDF in addendum for more information.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year

- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"
- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA's individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Teacher retention was less than 85% **Root Cause:** There is weak adult culture around school spirit and team building.

Problem Statement 2 (Prioritized): Overall staff retention was less than 85%. **Root Cause:** Lack of clear systems and routines for all staff.

Perceptions

Perceptions Summary

Besides offical surveys sent out by the district, there was not much additional feedback gathered from the community and families. Staff has quarterly pulse checks to raise concerns. Students have limited chances to offer feedback.

See PDF in addendum for more information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There was little feedback gathered from parents and families throughout the year. **Root Cause:** Family engagement events were not utilized as additional opportunities to gather feedback.

Problem Statement 2 (Prioritized): Student lack social emotional skills and emotion regulation. **Root Cause:** Lack of fidelity to social emotional curriculum.

Priority Problem Statements

Problem Statement 1: There is a need to decrease the number of students who are chronically absent.
Root Cause 1: The root cause for this problem is that there were no accountability measures taken for students who had an excessive number of absences.
Problem Statement 1 Areas: Demographics

Problem Statement 2: The overall percentage of students on grade level in reading is low.
Root Cause 2: Data was not analyzed in an urgent and effective manner in order to adjust instructional strategies.
Problem Statement 2 Areas: Student Learning

Problem Statement 3: There is a need to increase student persistence overall due to the large percentage of students that left during our launching year.
Root Cause 3: The root cause for this problem was a lack of consistent and clear communication between parents and the school.
Problem Statement 3 Areas: Demographics

Problem Statement 4: Teacher retention was less than 85%
Root Cause 4: There is weak adult culture around school spirit and team building.
Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: There was little feedback gathered from parents and families throughout the year.
Root Cause 5: Family engagement events were not utilized as additional opportunities to gather feedback.
Problem Statement 5 Areas: Perceptions

Problem Statement 6: There was a limited amount of growth in math for students who were close or on grade level.
Root Cause 6: Data was not analyzed in an urgent and effective manner in order to adjust instructional strategies.
Problem Statement 6 Areas: Student Learning

Problem Statement 7: Overall staff retention was less than 85%.
Root Cause 7: Lack of clear systems and routines for all staff.
Problem Statement 7 Areas: School Processes & Programs

Problem Statement 8: Student lack social emotional skills and emotion regulation.
Root Cause 8: Lack of fidelity to social emotional curriculum.
Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- Campus goals
- HB3 Reading and math goals for PreK-3
- HB3 CCMR goals
- Planning and decision making committee(s) meeting data
- State and federal planning requirements

Accountability Data

- Effective Schools Framework data

Student Data: Assessments

- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Texas approved PreK - 2nd grade assessment data
- Other PreK - 2nd grade assessment data

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data

Student Data: Behavior and Other Indicators

- Attendance data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation

Goals

Goal 1: Increase Staff retention

Performance Objective 1: Retain 85% of Yukon staff for the 22-23 school year

High Priority

Evaluation Data Sources: Staffing data

Strategy 1: School leaders will use tactical meetings, parent survey results, and grade-team huddles to be data responsive to student persistence concerns **Strategy's Expected Result/Impact:** Staff will be able to address student and parent concerns before a student withdraws **Staff Responsible for Monitoring:** Principal/APO/APIs **ESF Levers:** Lever 3: Positive School Culture **Problem Statements:** Demographics 1	10%	25%		

No Progress | Accomplished | Continue/Modify | Discontinue

Performance Objective 1 Problem Statements:

Demographics
Problem Statement 1: There is a need to increase student persistence overall due to the large percentage of students that left during our launching year. **Root Cause**: The root cause for this problem was a lack of consistent and clear communication between parents and the school.

Annual Performance Objectives (APO)

PRIORITY #1: Students Graduate College-Ready

1A. % of graduates who matriculate to a College or University: 100%

1B. % of graduates matriculate to a Tier I/II College or University: 15% | 25%

1C. % of Seniors accepted to a College or University: 100%

1D. % of Seniors named AP scholars | Earn IB diploma: 30% | 25%

1E. Earned State Rating: A

1F. % Basic | % Mastery | % Advanced on LEAP: 82% | 44% | 11%

1G. % Approaches | % Meets | % Masters on STAAR/EOC: 90% | 60% | 30%

1H. % Level 3 | % Level 4 | % Level 5 on FSA/FSAA: 70% | 40% | 20%

1I. % of Pre-K-2nd Students End The Year On/Above Grade Level in Reading - Year 1 Campuses | Year 2 Campuses: 80% | 90%

1J. % of students in CSI achieve 2 years growth in Reading | Math (measured by Ren STAR) 50% | 60%

1K. Average ACT score: 21

1L. % of students graduating college in 4 | 6 years: 25% | 55%

PRIORITY #2: Build a Strong & Sustainable Organization

2A. % Teacher Retention | Employee Retention: 85% | 85%

2B. 80% composit score on GPTW: 82%

2B. %Average Daily Attendance: 97.50%

2C. New Student Persistence: 90%

2D. Operating Income: $133M

2E. FIRST Rating: A

PRIORITY #3: Achieve Mission at Scale

3A. % of students with low socio-economic status: 80%

3B. Enrollment in August 2020: 83,894

3C. Schools in operation in August 2020: 149

3D. Total Funds Raised (millions): $93M

% Families Who Attended EOY Ceremonies	n/a
% Families who attended Fall Festival	n/a
% Families who attended Winter Festival	n/a
% Families who attended Spring Festival	n/a

Reflection	
Areas of Strength	**Areas of Need**
1 We hHeld an event every month	1 There was poor backward planning of events
2 There was high WTI attendance	Did not take data on how many families attended family engagement events
3 Families rated uys very high on the BOY survey	3 We did not have any events related to curriculum

IDEA Public Schools

Yukon College Prep

2022-2023 Campus Improvement Plan

Accountability Rating: B

Distinction Designations:
Academic Achievement in English Language Arts/Reading
Academic Achievement in Mathematics
Top 25 Percent: Comparative Academic Growth

Board Approval Date: October 21, 2022
Public Presentation Date: September 15, 2022

Mission Statement

IDEA Public Schools prepare students from underserved communities for success in college and citizenship.

Vision

To ensure students reach their potential, IDEA Public Schools will become the region's largest creator of college graduates.

Core Values

Our drive to translate our mission and vision into reality are based upon the following core values:

- We achieve **Academic Excellence**
- We deliver **Results**
- We ensure **Equity**
- We build **Team & Family**
- We act with **Integrity**
- We bring **Joy**
- We **Sweat the Small Stuff**

Comprehensive Needs Assessment

Revised/Approved: September 15, 2022

Demographics

Demographics Summary

IDEA Yukon sets high expectations for every student and goes the extra mile to make sure every student realizes their own potential. Personalized learning, critical thinking skills, mastery of core subjects is our recipe for success. IDEA Yukon College Prep launched in 2021 and while served only 6th grade scholars the first year, we now serve both 6th and 7th grade and will expand by one grade level each year until we are a 6th-12th grade campus. See plan addendum for detailed demographic data.

Demographics Strengths

Enrollment hit the benchmark on the first day of school in August 2022. There is also an extensive waitlist of scholars and families who are looking to enroll at IDEA Yukon College Prep. See plan addendum for detailed demographic strengths.

Problem Statements Identifying Demographics Needs

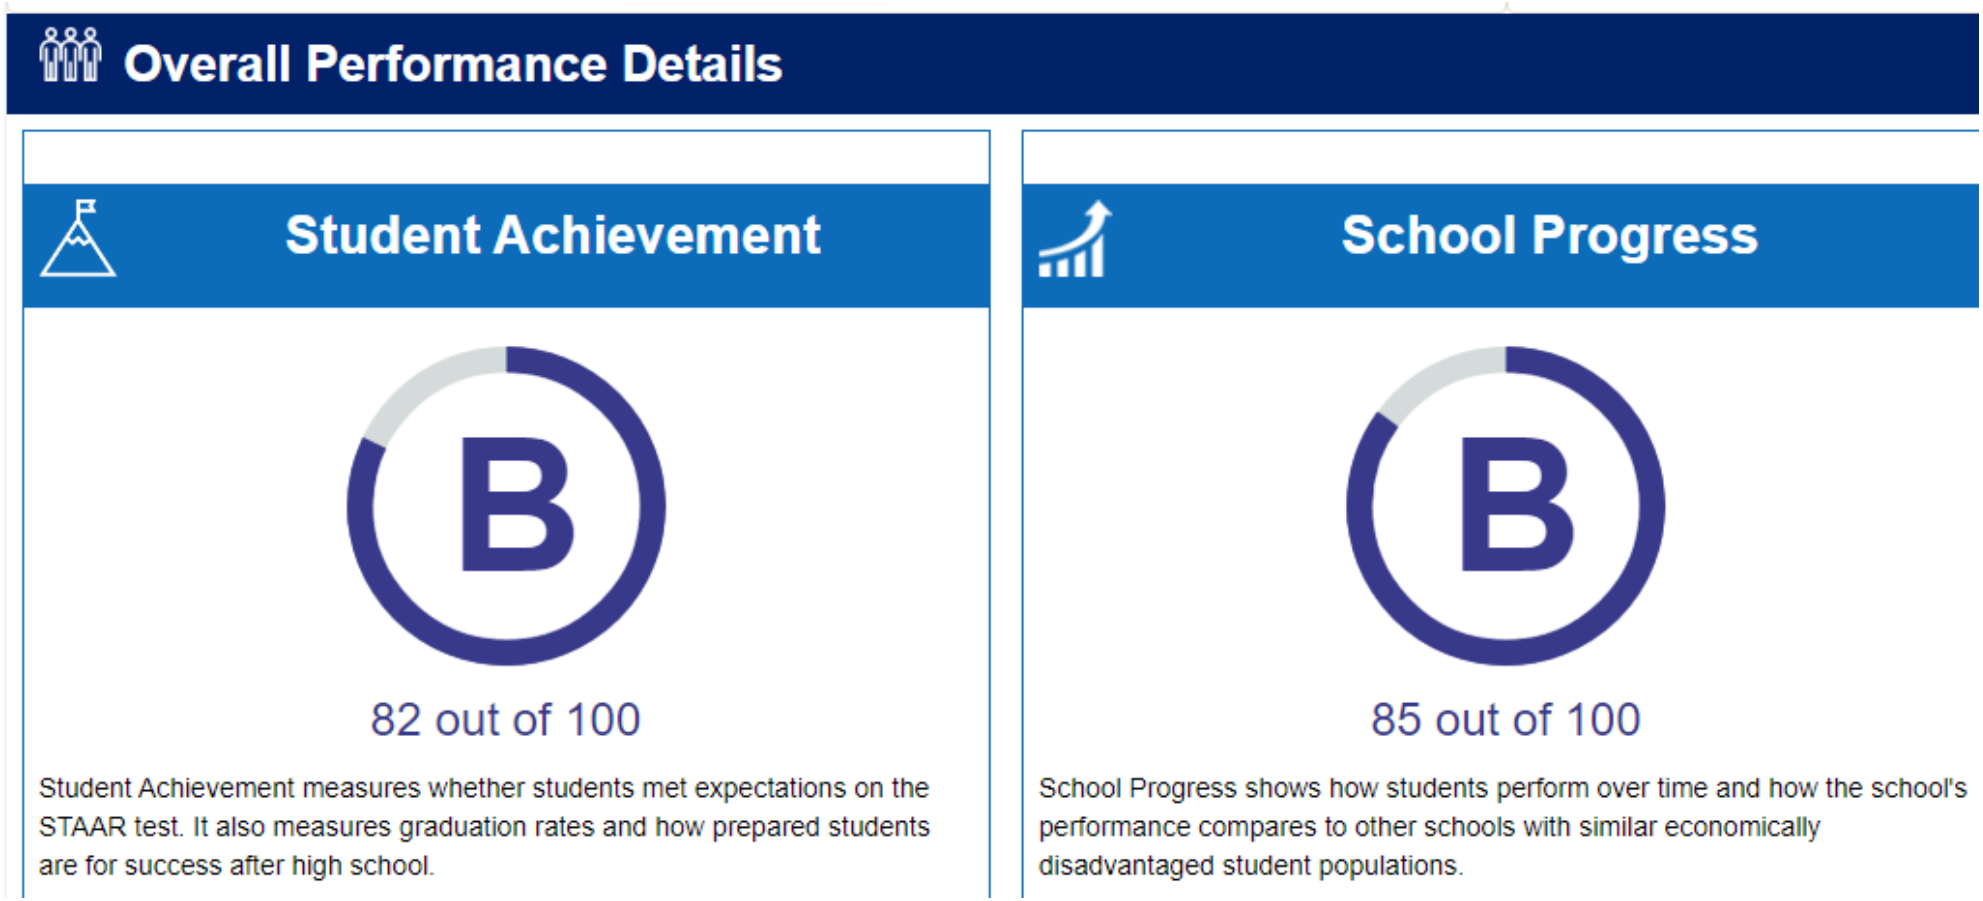
Problem Statement 1 (Prioritized): Campus daily attendance was below benchmark for the majority of the 2021-2022 school year and averaged 92.8% ADA. **Root Cause:** A lack of consistent and clear communication around attendance expectations to parents and students and follow-up and accountability for attendance high flyers resulted in 53% of Yukon College Prep scholars having 10+ absences during the year.

Problem Statement 2 (Prioritized): Loss of instructional time for scholars with frequent behavioral infractions. **Root Cause:** A lack of structure resulting from the lack of a clear behavior matrix and follow up of high expectations

Student Learning

Student Learning Summary

IDEA Yukon College Prep earned a B rating in the 2022 State Accountability Ratings and earned distinction designations in the areas of Academic Achievement in English Language Arts/Reading, Academic Achievement in Mathematics, and Top 25% Comparative Academic Growth.



Student Learning Strengths

See plan addendum for more information.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Only 32% of Emergent Bilingual students grew one proficiency level or maintained Advanced High on TELPAS speaking. **Root Cause:** A lack of knowledge of the TELPAS test blueprint and the criteria for success caused scholars to not be prepared adequately for the assessment.

Problem Statement 2 (Prioritized): 53% of our students receiving special education services met their progress measure on the 2022 reading or math STAAR tests. **Root Cause:** Lack of a vision for what an exemplar inclusion model for special education services looks like.

School Processes & Programs

School Processes & Programs Summary

IDEA Yukon College Prep has clearly defined roles and responsibilities for its campus leaders. Daily professional development is provided to teachers and the topics are decided on based on trends and the needs of the campus.

School Processes & Programs Strengths

Curriculum & Instruction:

- At least one-third of IDEA students graduate with the "AP Scholar" designation, evidence of earning a qualifying score on at least three AP exams, demonstrating successful completion of college-level coursework prior to graduation.
- IDEA provides students access to accelerated instruction through the 1:1 technology device, including adaptive software for mathematics and literacy and access to hundreds of thousands of books in the district's digital library.
- IDEA curricular resources include high-quality instructional materials that earn the highest ratings on national evaluation measures.
- IDEA curriculum is regularly evaluated using a quality evaluation tool, ensuring alignment to the Texas Essential Knowledge and Skills and AP course standards, as well as the STAAR/EOC and AP exams.
- IDEA implements a variety of training opportunities for teachers and leadership staff with the goal of developing teachers' pedagogical content knowledge and leaders' coaching skills.
- For 15 years in a row, 100% of IDEA students have been accepted into college, demonstrating that IDEA academic programming is adequately preparing students for post-secondary education.
- In 2022, four IDEA schools were ranked in the top 10 Most Challenging Schools in the Nation and 13 were ranked in the top 1% of schools nationwide, by the Jay Mathews Challenge Index High School Rankings.

Special Programs

- IDEA exceeded the expected growth target for EL student performance on TELPAS in 2021 with 48% of ELs meeting that target.
- IDEA provide targeted research based instruction to students who have a 2.0 year gap in Reading and/or Math with the goal of closing that gap by 2.0 years during the school year with our initiative called Critical Student Intervention (CSI). During the 21-22 school year, 2,562 out of 6,632 students meet that goal for Reading and 703 out of 1,268 students met the goal for Math.
- IDEA is in Year 3 of our TEA awarded Autism Grant. Through this grant we were able to increase support for 195 students with autism in Rio Grande Valley and Austin who met the criteria outlined by TEA for this grant.
- IDEA submitted and was awarded a Dyslexia Grant by the TEA so that we will be able to provide increased professional development to teachers and leaders on working with students with dyslexia and increase the support resources for our students with dyslexia.

SEL/ Mental Health and Family Engagement

- IDEA has increased the number of licensed counselors and Social Workers by 50% over the past 2 years
- IDEA pre-pandemic ADA averaged 97.4%, district is committed to get back to that average
- IDEA reatins an average of 84% of students year over year
- IDEA parents rate IDEA as 4.8/5 on the statement "My school is preparing my child for college"
- IDEA parents rate IDEA as 4.8/5 on the statement "My school hold my child to high academic standards"

- IDEA students rate IDEA as 4.6/5 on the statement "My teachers challenge me to do my best"

IDEA’s individualized coaching and development of its employees is a contributing factor in getting new employees to proficiency quickly and providing an internal pool for promotions.

Ongoing feedback, effective accountability mechanisms, and consistent follow through also provide a supportive environment where employees have clear expectations for performance.

IDEA is currently undertaking an initiative to redefine its employee value proposition (EVP) to better identify, promote, and implement recruitment and retention strategies that can provide the talent needed to be successful

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): During the school 2021-2022 school year, there was not adequate time set aside to meet the enrichment or intervention needs of students. **Root Cause:** The school's master schedule did not allow for intervention or enrichment for students to occur.

Problem Statement 2 (Prioritized): During the 2021-2022 school year there was not adequate time set aside to develop and enrich teachers skills around management and instruction. **Root Cause:** The schools master schedule did not allow for collaboration amongst teachers during the school day or for ongoing professional development mechanisms.

Perceptions

Perceptions Strengths

See plan addendum for more detailed information.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): While families do attend afterschool events, there is a perception of a lack of partnership with families during the school day. **Root Cause:** While parents are interested in volunteering, no clear guidelines or systems have been put into place to have this happen with consistency.

Problem Statement 2 (Prioritized): Students felt disconnected to the school since their were not extra-curricular activities offered in the 2021-2022 school year. **Root Cause:** No clear vision for extracurricular offerings.

Priority Problem Statements

Problem Statement 1: Campus daily attendance was below benchmark for the majority of the 2021-2022 school year and averaged 92.8% ADA.

Root Cause 1: A lack of consistent and clear communication around attendance expectations to parents and students and follow-up and accountability for attendance high flyers resulted in 53% of Yukon College Prep scholars having 10+ absences during the year.

Problem Statement 1 Areas: Demographics

Problem Statement 2: Only 32% of Emergent Bilingual students grew one proficiency level or maintained Advanced High on TELPAS speaking.

Root Cause 2: A lack of knowledge of the TELPAS test blueprint and the criteria for success caused scholars to not be prepared adequately for the assessment.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: 53% of our students receiving special education services met their progress measure on the 2022 reading or math STAAR tests.

Root Cause 3: Lack of a vision for what an exemplar inclusion model for special education services looks like.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: During the school 2021-2022 school year, there was not adequate time set aside to meet the enrichment or intervention needs of students.

Root Cause 4: The school's master schedule did not allow for intervention or enrichment for students to occur.

Problem Statement 4 Areas: School Processes & Programs

Problem Statement 5: During the 2021-2022 school year there was not adequate time set aside to develop and enrich teachers skills around management and instruction.

Root Cause 5: The schools master schedule did not allow for collaboration amongst teachers during the school day or for ongoing professional development mechanisms.

Problem Statement 5 Areas: School Processes & Programs

Problem Statement 6: Students felt disconnected to the school since their were not extra-curricular activities offered in the 2021-2022 school year.

Root Cause 6: No clear vision for extracurricular offerings.

Problem Statement 6 Areas: Perceptions

Problem Statement 7: Loss of instructional time for scholars with frequent behavioral infractions.

Root Cause 7: A lack of structure resulting from the lack of a clear behavior matrix and follow up of high expectations

Problem Statement 7 Areas: Demographics

Problem Statement 8: While families do attend afterschool events, there is a perception of a lack of partnership with families during the school day.

Root Cause 8: While parents are interested in volunteering, no clear guidelines or systems have been put into place to have this happen with consistency.

Problem Statement 8 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals

Accountability Data

- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Accountability Distinction Designations

Student Data: Assessments

- STAAR current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Student failure and/or retention rates
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- State-developed online interim assessments
- Grades that measure student performance based on the TEKS

Student Data: Student Groups

- Race and ethnicity data, including number of students, academic achievement, discipline, attendance, and rates of progress between groups
- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Section 504 data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Student surveys and/or other feedback
- School safety data
- Enrollment trends

Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- State certified and high quality staff data
- Campus leadership data
- Professional development needs assessment data
- Evaluation(s) of professional development implementation and impact

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Communications data
- Budgets/entitlements and expenditures data

Goals

Goal 1: Increase staff retention

Performance Objective 1: 85% of all full-time IDEA Yukon Campus staff members employed in 22-23 will be retained and return for 23-24.

High Priority

Evaluation Data Sources: Retention Data through Locus; Staff Survey Data

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Development and follow through of clear roles/ responsibilities created with a backwards plan for project management and on-going coaching/feedback of other leaders. **Strategy's Expected Result/Impact:** Ensure the operations team is supported and feedback is turned around. **Staff Responsible for Monitoring:** Principal and other Managers **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning	10%	50%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Provide planning half days before each unit to ensure strong lesson planning **Strategy's Expected Result/Impact:** Ensure teachers have time to collaborate and plan aligned lessons that will ensure a strong first teach. **Staff Responsible for Monitoring:** Instructional Lead Team Members **TEA Priorities:** Build a foundation of reading and math **- ESF Levers:** Lever 5: Effective Instruction	50%	50%		

0% No Progress | 100% Accomplished | Continue/Modify | Discontinue

Goal 2: IDEA achieves an A rating

Performance Objective 1: 50% or more of IDEA Yukon College Prep CSI scholars grow 2+ years in RenStar reading.

High Priority

Evaluation Data Sources: Quarterly Renstar Scores; Weekly Lesson Progress and Mastery

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Weekly rounds with CSI content leader and managers to identify highest leverage action step during Tuesday's skill practice. **Strategy's Expected Result/Impact:** Action steps developed to increase teacher efficacy. **Staff Responsible for Monitoring:** CSI Point Person **TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction	30%	30%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Bell to bell pacing observations by managers to identify areas in which pacing could be increased. **Strategy's Expected Result/Impact:** Instruction is maximized. **Staff Responsible for Monitoring:** CSI Campus Point Person **TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 5: Effective Instruction	50%	35%		

0% No Progress 100% Accomplished Continue/Modify Discontinue

Goal 2: IDEA achieves an A rating

Performance Objective 2: IDEA Yukon College Prep will achieve 30/60/90 achievement rates across both math/reading.

High Priority

Evaluation Data Sources: Module exams and Interim Assessments

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Leaders will support teachers in providing data informed instruction through operating mechanisms and the coaching cycle. Exit ticket training will be provided within the first month of school to ensure that teachers know how to create effective exit tickets, analyze the data and respond through targeted reteach. Exit ticket trackers will be used daily to celebrate successes, identify gaps, and plan to address misconceptions. Following all small-scale assessments, teachers and leaders will conduct SWAMs to identify gaps and plan for next steps to adjust instruction. Following large scale assessments, teachers and leaders will conduct data conversations to identify gaps and plan for next steps to adjust instruction both short term and long term. **Strategy's Expected Result/Impact:** Teachers know where their students are mastering or not mastering the standards. **Staff Responsible for Monitoring:** Instructional Leaders **TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools **- ESF Levers:** Lever 5: Effective Instruction				

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Follow the coaching cycle with fidelity to ensure that teachers are competent in planning and execute for both culture and rigor. Leading up the start of a new unit, teachers will have a substitute cover their class to allow for assessment unpacking, calendaring, and planning for alignment. Leaders will provide at least 2 coaching touchpoints for all direct reports every week. This includes lesson plan feedback, observation feedback, and coaching conversations. Leaders will track their touchpoints on the weekly PTG and through Teachboost to support the identification of trends and teacher progress. Lesson plans will be submitted 1 week ahead of time, using the CP Shared LP Template and annotation expectations. Leaders will provide feedback within 48 hours of submission. The long term DP plan includes both rigor and culture components, as well as time for planning, rehearsal and peer-to-peer and leader feedback in real time and through video coaching. **Strategy's Expected Result/Impact:** Teachers are supported and coached to grow in their instructional practices. **Staff Responsible for Monitoring:** Principal and Instructional Leaders **TEA Priorities:** Recruit, support, retain teachers and principals, Build a foundation of reading and math, Connect high school to career and college, Improve low-performing schools **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture, Lever 5: Effective Instruction				

 No Progress Accomplished Continue/Modify Discontinue

Goal 3: Increase student daily attendance

Performance Objective 1: IDEA Yukon College Prep Campus will achieve a 97% annual attendance rate for the 22-23 school year.

High Priority

Evaluation Data Sources: Attendance Data from Locus Dashboard

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: The instructional lead team and Ops call parents by 8:30 a.m. each morning to inform them of the impact that day's absence will have. Complete all attendance accountability follow-up contacts within 24 hours of being placed into the ADA Matrix tracker. Each lead team member owns communication with 2 high flyer attendance concerns and makes 2 positive contacts with parents throughout the week **Strategy's Expected Result/Impact:** Parents will understand the impact of daily absences on their child's learning. The Lead team will know who is absent for the day prior to 8:30 am each morning. **Staff Responsible for Monitoring:** APO **TEA Priorities:** Improve low-performing schools **- ESF Levers:** Lever 3: Positive School Culture, Lever 5: Effective Instruction	25%	40%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Weekly Incentive plans for scholars Scholars- Create an attendance tracker board that displays the weekly attendance to provoke competition between 6th and 7th grade. Scholars who have perfect attendance will be able eat lunch outside on Friday with music Monthly and Quarterly Incentive for scholars: Each month the grade level with the highest ADA will earn the reward based on the monthly incentive plan **Strategy's Expected Result/Impact:** Scholars will hold each other accountable for attending school each day. **Staff Responsible for Monitoring:** APO **ESF Levers:** Lever 3: Positive School Culture	60%	50%		

 No Progress Accomplished Continue/Modify Discontinue

Goal 4: Increase student persistence

Performance Objective 1: 90% of IDEA Yukon College Prep students enrolled during the 22-23 school year will persist and return for the start of the 23-24 school year.

High Priority

Evaluation Data Sources: Persistence Data from Locus Dashboard; Student and Parent Surveys

Strategy 1 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 1: Creation/Rollout of proficient onboarding folders for new students touching all common concerns **Strategy's Expected Result/Impact:** Families will have a clear understanding of the expectations of Yukon College Prep. **Staff Responsible for Monitoring:** Principal and APO **TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture	0%	80%		

Strategy 2 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 2: Building a sense of community and school spirit through sports activities and clubs. **Strategy's Expected Result/Impact:** Students will feel connected to the school through school pride of extracurricular activities. **Staff Responsible for Monitoring:** Athletic Coordinator **TEA Priorities:** Recruit, support, retain teachers and principals **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture	80%	75%		

Strategy 3 Details	Reviews			
	Formative			Summative
	Oct	Jan	Mar	June
Strategy 3: Monitoring and administering communication efforts and updates across available platforms including Remind, Facebook, and Positive Call Tracker. Celebrating scholars and staff each week/month for their efforts in exemplifying core values and content accomplishments. **Strategy's Expected Result/Impact:** Families will feel connected to the school in what is happening on campus and what is to come in the near future. **Staff Responsible for Monitoring:** Counselor **TEA Priorities:** Connect high school to career and college **- ESF Levers:** Lever 1: Strong School Leadership and Planning, Lever 3: Positive School Culture

Reflections

Areas of Strength	Areas of Need
1 Achievement growth from mock STAAR to STAAR was significant.	1 CSI results of scholars meeting goal at midyear were better than EOY
2 There was strong implementation of WW curriculum	2 Approaches and Meets level did not meet goal
3 'Masters' hit the goal of 30%	3 The ELA teacher was not retained

Reflections	
Areas of Strength	**Areas of Need**
1 Renstar scores averaged 1.5 years of growth from the beginning of the school year until the end.	1 SPED scholars made up a large majority of scholars that did not pass.
2 There was significant growth from Mock exams to STAAR	2 Behavior management of math classrooms impacted instructional time on task.
3 There was a strong re-teach plan in the Spring	3 First teach was not strong enough

Reflection

Areas of Strength	Areas of Need
1 There are only 12 EL scholars in 6th grade, which should allow for more strategic intervention.	1 The campus did not meet the accountability target of 36% and the l 42%
2 The area with the most scholars at AH is listening.	2 Speaking has the lowest percentage of scholars at AH, which tells m have enough practice with the test format.
3 There is high reading volume	3 Most of the decreases in proficiency occurred in writing.

Data Source: School Culture and Climate	
Reflections	
Areas of Strength	**Areas of Need**
1 Teachers shared student growth goals with scholars and growth was celebrated	1 Consistency in follow up and documentation of ADA matrix, especially those with chronic absenteism
2 Parents of SPED scholars feel like their needs are being met and progress is being made.	2 High expectations and follow up of those expectations - ex. Uniforms, transitions, bell-to-bell instruction
3 Attendance challenges increased teacher interest in assisting with attendance.	3 Instructional time is being lost due to behaviors and lack of structure and follow up of high expectations.
